Draft Scope of Work for a Generic Environmental Impact Statement (GEIS) Lower Concourse North Project

Project Identification CEQR No. 16DME012X SEQRA Classification: Type I

Lead Agency

Office of the Deputy Mayor for Housing and Economic Development 253 Broadway - 14th Floor, New York, NY 10007

NOTICE IS HEREBY GIVEN that a public scoping meeting will be held on Wednesday, December 7, 2016, at 6:30 P.M., at Hostos Community College, Savoy Conference Room, 2nd Floor, 120 East 149th Street, Bronx, NY 10451. Written comments on the Draft Scope of Work will be accepted by the lead agency until 5:00 P.M. on Monday, December 19, 2016 to the contact addresses below. Interpretation services can be accommodated upon request by calling or emailing the contact information below at least one week prior to the hearing.

Directing that an Environmental Impact Statement be prepared, the Environmental Assessment Statement, Positive Declaration, and Draft Scope of Work were issued by the Office of the Deputy Mayor for Housing and Economic Development on November 3, 2016, and are available for review from the contact person listed below and on the websites of the Mayor's Office of Environmental Coordination and the New York City Economic Development Corporation (EDC): www.nyc. gov/oec and www.nycedc.com, respectively.

EDC, on behalf of the City of New York, is proposing a series of land use actions to activate a City-Owned site along the Harlem River waterfront, referred to as the Lower Concourse North site or the "project site," with new affordable and market-rate housing, commercial and community facility uses, and public open space (the "proposed project"). The project site consists of Block 2356, Lots 2 and 72; Block 2539, Lot 1 and portions of Lots 2 and 3; and the demapped portion of the former East 150th Street between Exterior Street and the Harlem River. The project site is bounded by Mill Pond Park to the north, Exterior Street and the elevated Major Deegan Expressway to the east, East 149th Street to the south, and the Harlem River to the west. The project site is entirely vacant and currently under the jurisdiction of the New York City Department of Parks and Recreation, but is not mapped as or considered to be parkland.

EDC issued a Request for Expression of Interest (RFEI) on July 13, 2016 for a developer (or developers) to redevelop the project site with a new mixed-use, mixed-income development with new housing, ground-floor retail space, office space, and community facility space, as well as publicly-accessible open space. In parallel, EDC has prepared a land use application with a series of land use actions that would facilitate this development. Thus, while the proposed actions have been defined, the development program and some design specifics under those actions are dependent on the RFEI responses. In order to address the potential range of responses, the EIS analyzes a generic Reasonable

Worst-Case Development Scenario (RWCDS) that considers the worst-case development potential for environmental effects in each technical area. Thus, pursuant to City Environmental Quality Review (CEQR), a generic environmental impact statement (GEIS) will be prepared.

For the purposes of presenting a conservative analysis, the RWCDS anticipates that the project site would be redeveloped with up to 1,045 residential dwelling units, comprising a total residential floor area of 835,937 gross square feet (gsf); 50,000 gross square feet gsf of retail space; 25,000 gsf of food store space; 25,000 gsf of medical office space; and 50,000 gsf of office space. The Lower Concourse North project will be assumed to have a range of affordability from a minimum of MIH requirements, up to 100 percent affordable. Retail would be located at the ground floor along Exterior Street, approximately 25,000 gsf would be local retail space and approximately 25,000 gsf would be destination retail space. Roughly three acres of open space comprising waterfront open space, an extension of Mill Pond Park, and a new plaza fronting along Exterior Street would be created as part of the proposed project. The build year for the proposed project is 2023.

The proposed project would require multiple City approvals. Some of these approvals are discretionary actions requiring review under the New York State Environmental Quality Review Act (SEQRA) and CEQR. It is anticipated that the following approvals are required:

- Zoning map amendment to change existing M2-1 manufacturing and C4-4 commercial districts to an R7-2 residential district with a C2-5 commercial overlay;
- 2) Zoning text amendments to the New York City Zoning Resolution (ZR) would:
 - Extend the Special Harlem River Waterfront District to include the project site and to establish a new subdistrict that would be coterminous with the rezoning area;
 - Extend the Harlem River Waterfront Access Plan to include the project site; and
 - c. Establish the project site as a Mandatory Inclusionary Housing Area (MIHA);
- 3) Disposition of Real Property: the disposition of the project site through sale or long-term ground lease for future development, in accordance with ULURP under New York City Charter Section 197(c) and 384(b)(4); and
- 4) City Planning Commission Special Permit pursuant to ZR Section 73-533 (reduction of parking spaces to facilitate affordable housing) would waive the required off-street parking spaces for dwelling units.

It is assumed that the City of New York would design and construct the required waterfront open space at a future date per a design that would be completed in coordination with a specific development plan for the site. As such, the Chairperson of the CPC would certify at a later date that the proposed project complies with requirements for public access and visual corridors, in this case, as modified by Harlem River Waterfront Access Plan. The City would retain ownership of the waterfront open space. Finally, the proposed project would also require waterfront approvals from the New York State Department of Environmental Conservation and the United States Army Corps of Engineers for removal and replacement of the existing riprap shoreline and relieving platform that runs the length of the western side of the project site.

Copies of the Positive Declaration and Draft Scope of Work for the project may be obtained by any member of the public from:

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department for the Aging (DFTA)

Department of Consumer Affairs (DCA)

Department of Corrections (DOC)

Department of Health and Mental Hygiene (DOHMH)
