Mr. John Carroll, of No. 1354 Prospect avenue, wrote a letter in which he stated he desired his name withdrawn from the petition in favor of sheet asphalt.

A petition signed by Samuel S. Cohen and thirteen others asked that the avenue be macadamized.

Alderman Geiger stated that there were two resolutions in the Municipal Assembly now for macadamizing Prospect avenue, and he thought it advisable that before the Local Board passed upon the petition now before it that Special Order No. 54 and Special Order No. 55 should be returned from the Municipal Assembly. A large delegation of property-owners appeared in favor of sheet asphalt paving.

The matter was finally laid over until the 21st instant.

East One Hundred and Fifty-sixth Street, from Westchester Avenue to Forest Avenue.

Petition of Martin Geisler was read and, on motion of Alderman Geiger, it was Resolved, That the Local Board, Twenty-first District, hereby recommends to the Board of Public Improvements that a sewer and appurtenances be constructed in East One Hundred and Fifty-sixth street, from Westchester avenue to Forest avenue, Borough of The Bronx, and that a copy of this resolution be transmitted forthwith to the said Board of Public Improvements.

DEAR SIR—I inclose herewith a communication from the Chief Topographical Engineer relative to the laying out of Andrews avenue and Wiegand place, in which he states that the filed map does not show any grades for the above streets, and submits a map establishing the grades, which map is also transmitted herewith.

Will you kindly bring the matter up for the consideration of the proper Local Board, returning the map with the report of the Board.

Respectfully,
JOHN H. MOONEY, Secretary.

A map showing grades was presented at the meeting.

There being no one present in reference to the matter, it was laid over for two weeks.

The following Matters were also Laid Over for Two Weeks, viz.:

East One Hundred and Eighty-eighth street, regulating, grading and macadamizing, from Park avenue to Beaumont avenue.

East One Hundred and Eighty-ninth street, regulating, grading and macadamizing, from Third avenue to Southern Boulevard.

Anthony avenue, paving roadway with telford macadam and the gutters with granite blocks, from East One Hundred and Seventy-third street to East One Hundred and Seventy-eighth street.

"Anthony avenue (entire length) be paved with telford macadam and the gutters with granite blocks, from One Hundred and Seventy-third street to the Concourse, just north of East One Hundred and Eighty-first street."

—but that he was now informed that this street was not entirely sewered.

The Board then adopted the following :

Resolved, That the Local Board, Twenty-first District, hereby recommends to the Board of Public Improvements that the roadway of Anthony avenue be paved with telford macadam from One Hundred and Seventy-third street to One Hundred and Seventy-eighth street, and that the gutters be paved with granite blocks, and that a copy of this resolution be transmitted forthwith to the said Board of Public Improvements.

Harrison Avenue, Acquiring Title, from Tremont Avenue north to the First Intersecting Drainage Street (unnamed), a distance of 750 Feet, more or less.

The matter was ordered readvertised in accordance with the petition of Mr. Fernald and as per title first above given.

Bensonia Cemetery, Laying out as a Public Park.

Councilman Hottenroth presented the following resolution as an amendment to the one adopted by the Local Board on December 27 last :

Resolved, That the Local Board, Twenty-first District, hereby recommends to the Board of Public Improvements that the plot of land in the Borough of The Bronx, City of New York, bounded and described as follows : Beginning at the intersection of the northerly line of Rae street with the easterly line of German place ; thence running northerly along the easterly line of German place for 401.15 feet to the southerly line of Carr street ; thence easterly along the southerly line of Carr street 234.57 feet to the westerly line of St. Ann's avenue ; thence southerly along the westerly line of St. Ann's avenue 403 feet to the northerly line of Rae street ; thence westerly along the northerly line of Rae street 195.98 feet to the point of beginning, be laid out on the map or plan of The City of New York as a public park ; and be it further

Inasmuch as the paving will be paid for by assessment, and the repaving out of an appropriation, it is desirable that separate resolutions should be adopted covering these matters, and the matter was referred to you for the consideration of the Local Board.

Respectfully,
JOHN H. MOONEY, Secretary.

The Local Board did not concur with the above communication and they still believed that the cost and expense of this improvement should be paid for by the City, for the reason that the owners had already paid for a sewer in this street, as well as for the regulating, grading and paving, and for the further reason that the street was being widened for the benefit of the City, and at the request of the City authorities.

Another reason why the Board believed the City should defray the cost of this improvement was that this street is to be used as an approach to the One Hundred and Forty-ninth Street Bridge over the Harlem river.

The Secretary was directed to reply to Secretary Mooney accordingly.

On motion of Councilman Hottenroth, the following was adopted :

Black and others, duly advertised and submitted the 7th day of March, 1901, the Local Board, Twenty-first District, hereby recommends to the Board of Public Improvements that immediate steps be taken towards the construction of the work known as the "Approach to the Grand Boulevard and Concourse," in the Twenty-third Ward, Borough of The Bronx, and that a copy of this resolution be transmitted forthwith to the said Board of Public Improvements.

High Bridge Water Supply.

A copy of preamble and resolutions adopted in mass meeting by the residents of High Bridge was read at this meeting in regard to the water supply in that section.

It appeared that copies of these preamble and resolutions were sent to the Mayor of the City of New York, the President of the Borough of The Bronx, the Commissioner of Water Supply, the Chief Engineer of the Department of Water Supply and to the Senator and Assemblyman of the Thirty-fifth Assembly District by Mr. C. H. Dannewitz, Secretary.

On motion of Councilman Hottenroth, it was

Resolved, That the Local Board communicate with Commissioner Dalton and request him to do all that was possible to obtain a better water supply for the High Bridge section at an early date.

Bronx Borough Legislation at Albany.

The Secretary was directed to communicate with the Senator and Assemblyman of this district and request copies of the bills now pending in the State Legislature in anywise affecting this borough for the information of this Board.

General Water Supply, Bronx Borough.

The question of the Ramapo charter was brought up and the Board voted unanimously to inform the representatives of this borough in the Legislature that this Board was in favor of the repeal of the Ramapo charter ; that it was in favor of the purchase of an additional watershed and the construction of additional storage lakes and storage reservoirs to catch and hold the waters that now go to waste in the Croton shed ; that they were in favor of a better and additional water supply.

Additional Water Supply for Greater New York.

President Haffen was also in favor of having the City acquire the Ten Mile river watershed for the use of the Borough of The Bronx. This, in addition to the waste waters of the Croton shed (which he believed could be stored and piped to this borough), would remedy the evil now existing and give relief and a sufficient supply for several years at least.

He also believed that the City should acquire the right to, and to tap the waters of the Adirondack mountains or the upper Hudson river water shed, of Lake George and Lake Champlain immediately to supply the entire Greater New York with pure and wholesome water. This he believed would settle the question of a water famine in New York for many years to come. The Board concurred with President Haffen and the Secretary was directed to communicate with our representatives accordingly.

Municipal Assembly Committee to Investigate Greater New York's Water Supply.

Councilman Hottenroth believed that a committee should be appointed by the Municipal Assembly to investigate the water supply of the entire City. Alderman Geiger thought an appropriation should be made also for this purpose to be used by the Committee referred to by Councilman Hottenroth. The Local Board then gave its consent that they favor the appointment of such a committee by the Municipal Assembly. The following resolution to this effect was thereupon adopted, viz.:

Resolved, That the Local Board, Twenty-first District, hereby consents to Councilman Hottenroth's suggestion that he apply to the Municipal Assembly for the appointment of a committee to investigate the water supply of Greater New York, and it also consents to Alderman Geiger's suggestion, in connection therewith, that the Municipal Assembly furnish said committee with a suitable appropriation to defray the cost and expense of such an investigation.

TWENTY-SECOND DISTRICT, BOROUGH OF THE BRONX.

MINUTES.

Pursuant to call by President Haffen, the members of the Local Board, Twenty-second District, met at 1.30 P. M., Thursday, March 7, 1901, at the office of the President of the Borough of The Bronx, Municipal Building, Crotona Park (One Hundred and Seventy-seventh street and Third avenue).

Present—President Haffen in the chair and Councilman Hyland.
Minutes of previous meeting read and adopted.

HEARINGS.

The following petition was read :

FEBRUARY 1, 1901.

Hon. LOUIS F. HAFFEN, President of the Borough of The Bronx :

The undersigned property-owners and taxpayers respectfully petition that the necessary steps may be taken to open and continue One Hundred and Seventy-seventh street East, to, and as far as the Fort Schuyler road, as laid out by the map adopted by the Board of Public Improvements and dated July 13, 1898.

JESSIE HARDING MORRIS.

The following communication was also read:

DAVE H. MORRIS, No. 68 BROAD STREET,
February 2, 1901.

Hon. LOUIS F. HAFEN, President, Borough of The Bronx:

DEAR SIR—I inclose you herewith a petition signed by the principal property-owners and taxpayers of the district affected, asking that the necessary steps may be taken to open up the continuation of One Hundred and Seventy-seventh street East, to and as far as the Fort Schuyler road.

The property through which this road would run is controlled largely by the signers of the petition, and it is hoped that favorable action will soon be taken thereon. There are no houses to cut through and no places or estates to be spoilt. On the contrary, the road would run through a very easy country, both as regards to the lay of the land and the improvements that have been put on it. This street will enable us to reach the termination of the rapid transit system very quickly and will open up a large tract of land which now lies idle and does not pay the taxes which the owners would willingly pay, if they could put it into use, and thus make it more valuable. There is no necessity for continuing the road east of the Fort Schuyler road, as the present accommodations in that direction are ample.

An acknowledgment of this letter and a favorable report on the petition will greatly oblige,

Yours very truly,
(Signed) DAVE H. MORRIS.

President Haffen announced that nearly all of the property along the line of the thoroughfare in question was represented at this meeting.

Mr. Simon H. Stern at first opposed the petition, but finally stated that if no application was made by the parties represented here to-day for the extension of this street eastwardly for the next five years, he would favor the petition. President Haffen stated that it was impracticable for the Local Board to accept such a proposition.

The petitioners present finally agreed among themselves not to make any application for the extension of this street eastwardly for the next five years.

The following resolution was then adopted:

Resolved, That the Local Board, Twenty-second District, hereby recommends to the Board of Public Improvements that East One Hundred and Seventy-seventh street be opened and continued from Eastern Boulevard to Fort Schuyler road, Borough of The Bronx, and that a copy of this resolution be transmitted forthwith to the said Board of Public Improvements.

For Altering and Improving about One Hundred Feet of Sewer North of the Siphon Across the Bronx River, in Bronx Park, in Order to Prevent the Filling Up of this Siphon.

On motion of Councilman Hyland, it was unanimously

Resolved, That the Local Board, Twenty-second District, hereby recommends to the Board of Public Improvements, on report of Mr. J. H. Fitch, Engineer in Charge of Sewers, dated January 17 last, the altering and improving of about 100 feet of sewer north of the siphon across the Bronx river in Bronx Park, in order to prevent the filling up of the said siphon; the cost and expense of said work to be borne by The City of New York, and that a copy of this resolution be transmitted forthwith to the said Board of Public Improvements.

City Debt (No. 1), under the provisions of section 213 of chapter 378 of the Laws of 1897.

Under an amendment to the Constitution of the State of New York adopted at the general election held in the year 1899, the said stock is exempted, for the debt-restrictive purposes of section 10 of article VIII, of the Constitution, from classification as a City debt.

In view of the present heavy demands upon the City's debt-incurring capacity, especially for rapid transit and bridge construction, it is desirable to retain the advantage gained by such exemption. This advantage would be practically lost as to the amount of said stock if it were to be redeemed out of the Sinking Fund, or if it were refunded by the issue of Corporate Stock of the City of New York.

I therefore propose to extend the maturity of a considerable proportion, if not the whole of such stock, for periods not exceeding twenty years, under the authority conferred upon me by chapter 630 of the Laws of 1900, upon the best obtainable terms for the City.

It is not unlikely, however, that it may prove impossible to extend certain portions of said stock upon advantageous terms, and I therefore recommend that a resolution be adopted authorizing the Comptroller to redeem from the Sinking Fund such portions of said stock.

Respectfully,
(Signed) BIRD S. COLER,
Comptroller.

Whereas, Six per cent. Gold Consolidated Stock issued by the County of New York prior to its consolidation with the former City of New York, amounting to eight million eight hundred and eighty-five thousand five hundred dollars (\$8,885,500), matures July 1, 1901, and is payable from the Sinking Fund for the Redemption of the City Debt (No. 1), under the provisions of section 213 of chapter 378 of the Laws of 1897;

Whereas, the Comptroller proposes, under the authority of chapter 630 of the Laws of 1900, to extend for periods not exceeding twenty years the maturity of as much of said stock as he may be able to so extend upon terms advantageous to the City; therefore

Resolved, That the Comptroller be and is hereby authorized to pay out of the Sinking Fund for the Redemption of the City Debt (No. 1), such portion of the six per cent. Gold Consolidated Stock of the County of New York, payable July 1, 1901, as he may be unable to extend upon terms deemed by him to be advantageous to the City.

The report was accepted and the resolution unanimously adopted.

For the reasons set forth in the foregoing report to the Commissioners of the Sinking Fund, the Comptroller of the City of New York will avail himself of the provisions of chapter 630 of the Laws of 1900, which reads as follows:

CHAPTER 630.

AN ACT to authorize the extension of the funded indebtedness of the counties of New York, Kings, Queens and Richmond.

ACCEPTED BY THE CITY.

Became a law April 23, 1900, with the approval of the Governor. Passed, a majority being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. It shall be lawful for the comptroller of the city of New York, in his discretion, to provide for the extension of all or any part of the funded indebtedness of the counties of New York, Kings, Queens and Richmond, as the same may from time to time mature. Certificates of stock or bonds so extended shall bear interest at a rate not exceeding three and one-half per centum per annum, and shall be stamped across their face with the terms of such extension, which shall be for a period not exceeding twenty years.

Sec. 2. This act shall take effect immediately.

Proposals will be received by the Comptroller at his office, No. 28 Broadway, New York City, from the holders of six per cent Gold Consolidated Stock of the County of New York, payable July 1, 1901, for extending the maturity of all or any part of the respective amounts of such stock held by them to the following dates:

JULY 1, 1907,
JULY 1, 1918,
JULY 1, 1919,
JULY 1, 1920, and
JULY 1, 1921.

Stock so extended will be payable in gold and will bear interest from July 1, 1900, at the rate of three and one-tenth (3 1/10) per cent. per annum, payable, also in gold, semi-annually, on the first day of January and of July in each year. The Comptroller proposes to apportion the amount of stock thus extended so that, as nearly as practicable, one-fifth of the whole amount extended shall be redeemable at each of the five maturity dates above mentioned. Preference will, as far as possible, be given to the proposals received according to priority in the date of their receipt, the proposals first received being entitled to the privilege of the longest extension period, unless such proposal shall indicate a preference for the shorter terms. The stock which is to be extended in accordance with the terms of this circular must be delivered to the Comptroller upon demand, when the certificates will be stamped across their face with the terms of the extension, in accordance with the provisions of chapter 630 of the Laws of 1900, provided, however, that such stock now outstanding in coupon form when presented for extension will be extended in the form of registered stock. Thereafter transfers may be made of such stock on the books of the Corporation in accordance with the general provisions of law and the rules of the Department of Finance in regard thereto. The right to discontinue the offer contained in this circular at any time without further notice is expressly reserved.

Dated New York, March 1, 1901.

BIRD S. COLER, Comptroller.
