POLICE DEPARTMENT.

REPORT FOR THE QUARTER ENDING MARCH 31, 1908.

Police Department of The City of New York,
No. 300 Mulberry Street,
April 3, 1908.

His Honor the Mayor, City Hall, New York:

Sir—As required by section 1544 of the Greater New York Charter, I have the honor to submit the following report for the quarter ending March 31, 1908:

On March 31 the total force was 9,505. In addition there were on probation 117 Patrolmen and 3 Doormen, or a total of 9,625. The effective force on March 31 was 8,734; absent with leave, 187; sick, 244; suspended, 11; absent without leave, 1; detailed, 328; or a total of 9,625.

During the last quarter the losses in the several ranks were as follows:

Retired—Lieutenants, 4; Sergeants, 4; Patrolmen, 36; Doorman, 1; total, 45.

Died—Lieutenants, 3; Sergeants, 2; Patrolmen, 17; total, 22.

Dropped from the Rolls—Patrolman, 1.

Dismissed—Patrolmen, 14; Doorman, 1; total, 15.

Resigned—Patrolmen, 6; Doorman, 1; Patrolmen on probation, 2; total, 9.

Reinstated—Lieutenant, 1; Patrolmen, 2; total, 3.

The use of dogs in police work, which has been tried to a limited extent by this Department, has so far worked out successfully. Four of the police dogs are located in the One Hundred and Seventy-second Precinct, which takes in the Flatbush section of Brooklyn. For years this precinct reported more than its share of burglaries and for this reason it was selected as a good place to test the usefulness of dogs on patrol. On January 27, four dogs were sent to this station to do patrol with Policemen. During the month preceding their arrival there were ten burglaries and ten larcenies committed in this precinct. During the first month of the arrival of the dogs there were two burglaries and two larcenies reported. During the second month, which ended on March 27, there were four burglaries reported. In two of these cases four arrests were made and the property recovered. One of the arrests was due to one of the police dogs. If the dogs continue to do as good work in the future, increasing their number will be justified.

In view of the unusually heavy demands on the Force during the summer, it has been considered best to arrange that no Patrolmen shall take their vacations during June, July or August.

Occasions having arisen upon which it was very desirable to have the photograph of a member of the Force and none could be secured, arrangements have been made to collect the photographs of all members of the Force for reference purposes.

On January 9, First Deputy Commissioner Arthur J. O'Keefe resigned and former Civil Service Commissioner William F. Baker took his place.

The Park Department having demanded that under section 313 of the Charter the control of the Police in Central Park be given to them, such control, to the extent contemplated by the law, was accordingly surrendered.

The usual aid was given to the Board of Elections in the conduct of the primary election of March 31, and the duties of the Police toward the general public were satisfactorily performed.

The following schedules give for the quarter ending March 31 the statistics customarily reported:

Whereas, On June 13, 1906 (see Journal, page 928), a resolution was adopted assigning Maurice Bause, Draughtsman in the Bureau of School Buildings, to the duty of preparing measurements, data, etc., for the computation of Janitors' salaries, his compensation, \$42.50 per week, to be paid from the account entitled Salaries of Janitors in All Schools; and

Whereas, The services of Mr. Bause are very much needed in the Bureau of School Buildings at the present time; and

Whereas, The Committee on Care of Buildings has consented to his retransfer to said Bureau; therefore be it

Resolved, That the action of the Committee on Buildings in retransferring Maurice Bause, Draughtsman, to the Bureau of School Buildings, from March 1, 1908, his salary to be paid from Corporate Stock, be and the same is hereby approved and ratified.

Whereas, The Board of Education, on February 26, 1908, appointed Harvey A. Lawton as Cataloguer in the Bureau of Audit and Accounts, at a salary of \$600 per annum, the appointment taking effect February 15, 1908; therefore be it

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of Harvey A. Lawton as Cataloguer in the Department of Education be fixed at \$600 per annum.

Whereas, Smith B. Pettit was transferred from the janitorship of Public School 39, Borough of Queens, to that of Public School 19, Borough of Brooklyn, to take effect February 15, 1908 (see Journal, page 284), as the services of a Janitor-Engineer were required in Public School 39, Borough of Queens, on account of the machinery installed in said building; and

Whereas, Said Smith B. Pettit has declined to accept the janitorship of Public School 19, Borough of Brooklyn, the same being located too far away from his home at Far Rockaway, and there being no other school at the present time to which he can be transferred; therefore be it

Resolved, That the action of the Committee on Care of Buildings in dispensing with the services of Smith B. Pettit, from and after February 15, 1908, until such time as a vacancy can be found near his home at Far Rockaway, be and it is hereby approved and ratified, and that the Municipal Civil Service Commission be requested to place his name on the preferred list for the position of Janitor.

Whereas, The Committee on Care of Buildings finds, upon investigation and inspection of the building, that the allowance heretofore made is entirely inadequate to properly run and maintain the expensive machinery installed in this building, and that \$3,500 per annum in addition to the sum heretofore allowed for this building is the least possible amount on which this plant can be properly run and maintained; therefore be it

Resolved, That the action of the Committee on Care of Buildings in fixing the compensation attached to the position of Janitor-Engineer of the Eastern District High School, Borough of Brooklyn, at \$3,500 per annum in addition to the salary of \$6,252 per annum previously fixed for said building, taking effect March 1, 1908, be and it is hereby approved and ratified.

1. Amending the classification of exempt positions under the heading "Finance Department" by striking therefrom the line "14 Auditors of Accounts" and inserting in lieu thereof the following:

"24 Auditors of Accounts."

2. Amending the classification of exempt positions under the heading "The Municipal Court" by striking therefrom the line "Assistant Clerk for each district in the Boroughs of Manhattan, Brooklyn, The Bronx and Queens," and inserting in lieu thereof the following:

"Deputy Clerk to each District."

"30 Assistant Clerks."

3. Excepting from examination, pursuant to the provisions of Rule XII, paragraph 6, Mr. Axel S. Hedman, architect, to be employed by the Fire Department to prepare plans and specifications, etc., for an engine and hook and ladder company in Long Island City, his compensation not to exceed 5 per cent. of the estimated cost of the work, or \$2,500.

The communication was ordered filed.

On motion, it was

Resolved, That Patrick Campbell, of No. 131 Butler street, Brooklyn, be directed to appear before the Commission on Wednesday morning, March 25, at 11 o'clock, to show cause why his appointment as Patrolman in the Police Department should not be revoked, in accordance with the provisions of clause 6 of Rule XI, he having been over thirty years of age at the time of placing his name upon the eligible list.

A communication was presented from the President of the Borough of Brooklyn, dated March 9, nominating Mr. William McGowan for promotion from Clerk, fourth grade, to Chief Clerk, fifth grade, and requesting that a non-competitive examination be accorded Mr. McGowan, in accordance with the provisions of Rule XV, clause 9.

The matter was laid over.

A communication was presented from the Secretary of the Fire Department, dated March 12, with further reference to the proposed employment of Mr. Howard Constable, architect, of No. 14 East Twenty-third street, Manhattan, to prepare the plans and specifications for a building to be located on Hancock place, west of Manhattan avenue, Borough of Manhattan, for the use of the Fire Department, and submitting a statement of Mr. Constable's qualifications.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, Mr. Howard Constable, architect, of No. 14 East Twenty-third street, Manhattan, be and he hereby is excepted from examination, pursuant to the provisions of Rule XII, paragraph 6, to be employed in the Fire Department to prepare plans and specifications for a building to be located on Hancock place, west of Man-

hattan avenue, Borough of Manhattan; provided, however, that his compensation for the services rendered shall not exceed 5 per cent. of the estimated cost, or \$2,000.

A communication was presented from Deputy Comptroller McCooey, dated March 13, with further reference to the proposed appointment of Mr. Joseph L. Nowlan, pursuant to the provisions of Rule XII., clause 6, as a temporary Expert Clerk in place of Mr. L. H. Viemeister, resigned, and submitting a statement of Mr. Nowlan's qualifications for such work.

On motion, it was

Resolved, That Mr. Joseph L. Nowlan, of No. 353 Twelfth street, Brooklyn, be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., clause 6, to be employed for a temporary period in the Bureau for the Collection of Assessments and Arrears of the Department of Finance as an Expert Clerk; provided, however, that his total compensation for the services rendered shall not exceed \$750.

A communication was presented from the Comptroller, dated March 17, requesting an amendment of the classification of exempt positions under the heading "Finance Department" by striking therefrom the line "12 Expert Accountants," and substituting therefor the line "22 Expert Accountants;" and by including in the said classification "1 Auditor of Receipts" and "1 Auditor of Disbursements." The Secretary was directed to advertise a public hearing on the proposed amendment for Wednesday, March 25, 1908, at 10 o'clock a. m.

A communication was presented from the Comptroller, dated March 16, with further reference to the proposed employment of Mr. P. J. McEnroe as an Expert Plumber, pursuant to the provisions of clause 6 of Rule XII., and describing Mr. McEnroe's qualifications. The Secretary was directed to communicate with the Comptroller and request him to inform the Commission of the necessity for the services of a plumbing expert in his Department.

A communication was presented from the President of the Borough of Richmond, dated March 13, in relation to the complaint that one Philip Hundeman, a Foreman of Laborers in the Tottenville Division of his Department, was performing the duties of Axeman. It appeared from the report that Mr. Hundeman's duties consisted of doing the rough work of the surveying party with which he was connected, working in rough country, carrying tapes, getting firewood and tending fires in the field office, clearing brush, etc.; or, in other words, performing the class of work that any assigned Laborer might be called upon to do in connection with a surveying party. The Secretary was directed to communicate with the President of the Borough of Richmond and state that the Commission did not consider his report satisfactory; that while it understood that it might be necessary at times to assign a Laborer to do the rough work of a surveying party, as indicated in the communication, it could not see the necessity of assigning a Foreman of Laborers to do such work, and that unless the Commission were furnished with the assurance that Mr. Hundeman had been assigned to duties strictly appropriate to the title of Foreman of Laborers, it would be unable to continue certifying his payroll.

A communication was presented from the President of the Borough of Richmond, dated March 13, in relation to the complaint received by the Mayor, and by him transmitted to the Commission for investigation, against an alleged violation of the Civil Service Law in the assignment of Henry D. Foster, Foreman, to perform the duties of Clerk. The report stated that the allegation that Mr. Foster was performing the duties of a Clerk was untrue, and that he had been recently promoted from Foreman of Laborers to Inspector of Regulating, Grading and Paving, as the result of a promotion examination in which he qualified for such advancement. The communication was ordered filed.

A communication was presented from the President of the Borough of Richmond, dated March 12, stating that for his protection against possible suits arising out of the operation of a refuse destructor in that Borough he deemed it advisable to have made a series of complete gas analyses of the products of combustion resulting from the destruction of the refuse; and requesting authority to engage the services of Mr. Arthur E. Hill, Professor of Analytical Chemistry, New York University, for that purpose.

On motion, it was

Resolved, That Mr. Arthur E. Hill, Professor of Analytical Chemistry, New York University, be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., clause 6, to be employed for a temporary period in the office of the President of the Borough of Richmond to make a series of chemical analyses; it appearing that such service is scientific, technical and expert; provided, however, that his total compensation shall not exceed the sum of \$750.

The President stated that he had received from the Comptroller a list of the addresses of the temporary Expert Clerks employed in the Bureau for the Collection of Assessments and Arrears, as requested by the Commission under date of March 7.

On motion, the Secretary was directed to forward the addresses of the Clerks employed in the Brooklyn office to the President of the Borough of Brooklyn, in accordance with his request, and to communicate with the Comptroller and state that, after giving the matter careful consideration, the Commission had decided to pass the payrolls of the said Clerks in order not to tie up the work of his office, but that on and after April 1 it would be necessary for him to show that each man employed on that special work possessed the requisite qualifications, to comply with the agreement arrived at with the Municipal Commission, the Reform Association and the State Board; as after that date, in the absence of satisfactory proof as to the qualifications of the said employees the Commission would refuse to certify their payrolls.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to summon Mr. Arthur Wistell, of No. 18 Harlem Market, Manhattan, for a non-competitive examination to qualify him for provisional appointment as Inspector of Foods (Fruit) in the Department of Health, in accordance with the provisions of Rule XII., paragraph 3.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with an open competitive examination for Inspector of Foods (Fruit), the eligible list for that position having terminated on March 1, 1908.

A letter was presented from the Secretary of the Department of Health, dated March 14, transmitting a copy of a resolution adopted by that Board on March 11, designating William E. Studdiford, M. D.; John S. Billings, Jr., M. D.; Bertram H. Waters, M. D.; Charles R. Slade, M. D., and S. Adolphus Knopf, M. D., Physicians connected with the Department of Health in various capacities, as a Medical Examining Board for the examination of candidates for appointment to the positions of Attending and Assistant Attending Physician to the clinics for the treatment of communicable pulmonary diseases. The appointments were approved.

On motion, it was

Resolved, That the emergency appointment of Byron M. Weller, of No. 31 West Sixteenth street, Manhattan, as Veterinarian in the Department of Health, for a period of fifteen days, with salary at the rate of \$100 a month, be and the same hereby is approved, pursuant to the provisions of Rule XII., paragraph 4.

The Secretary called the attention of the Commission to a letter from the Superintendent of Buildings, Borough of The Bronx, dated March 14, stating that William H. Field, of No. 3198 Third avenue, The Bronx, had resigned from the position of Clerk, third grade, and that his resignation had been accepted, to take effect at the close of business on March 14. The communication was ordered filed.

On motion, it was

Resolved, That the appointment of David T. Du Mont, of Shokan, N. Y., as Clerk, first grade, in the Board of Water Supply, with salary at the rate of \$300 per annum be and the same hereby is approved, pursuant to the provisions of Rule XII., paragraph 7.

A communication was presented from the Board of Water Supply, dated March 17, in reply to the inquiry of the Commission as to the necessity of holding a further non-competitive examination for the purpose of qualifying additional candidates for provisional appointment as Patrolmen on Aqueduct, stating that it had been found that more men would be needed for police duty pending the establishment of the list than was at first expected; that since the appointment of the Chief and the Deputy Chief of Board of Water Supply Police the needs of the work had been carefully investigated, and that when the necessity for sanitary inspection as well as for regular

police duty was considered it was found that the original estimate of the number of men needed was too small.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with a non-competitive examination of the following named persons to qualify them for provisional appointment as Patrolmen on Aqueduct, Board of Water Supply, pursuant to the provisions of Rule XII., paragraph 3:

Frank E. Lewis, No. 305 St. Anns avenue.

A communication was presented from the Secretary of the Aqueduct Commission, dated February 26, stating that at a meeting of that Board held on February 25 Frederick B. Fautoute, of Brewsters, N. Y., had been reinstated as an Inspector of Masonry Construction, with salary at the rate of \$5 a day, to take effect February 25, 1908, and that at the same meeting Mr. Fautoute had been granted a leave of absence without pay for a period of thirty days. The Secretary stated that Mr. Fautoute had been dismissed on February 20, 1908, for lack of work, but that his reinstatement was regular for the reason that his name was No. 1 on the preferred list. The reinstatement and the leave of absence were approved.

A communication was presented from the Commissioner of Correction, dated March 13, requesting authority to change the title of Philip Fitzpatrick from Driver and Keeper to Keeper, and stating that Mr. Fitzpatrick had been appointed under the former title at the Kings County Penitentiary on November 5, 1897, and that the change was asked for for the purpose of securing uniformity in designation, he being the only person on the payroll so named. The Secretary was directed to communicate with the Commissioner of Correction and state that the records of the Commission showed that the said employee had been appointed in 1896 as a Driver from a list in the labor service, and that he had never been officially on the records as a Keeper, and to suggest that uniformity might be had by fixing his title as Driver, as to continue him in the service as a Keeper would seem to be a violation of the Civil Service Law.

A communication was presented from the Deputy and Acting Commissioner of Bridges, dated February 29, calling attention to a letter of January 30, 1908, in which he requested the Commission to authorize the reinstatement of William Smith, Cable Engineer; John J. Lennon, Fireman; John O'Brien, Machinist; John Kennon, Machinist's Helper, and William Grant, Oiler, and stating that since that date an investigation had shown that the electric lighting for the Brooklyn Bridge could be more economically provided by arrangement with the electric lighting companies of Manhattan and Brooklyn than by the operation of the Brooklyn Bridge power plant, and that the former course had been decided upon; that it would be necessary, however, in order to properly care for the valuable machinery in the power plant, to obtain the services of two men experienced in the care and maintenance of such machinery; that it was desirable to retain William Smith and J. J. Lennon because of their special fitness for that work, and requesting that the names of the others be placed upon a preferred list. The Secretary stated that all of the men above mentioned, who were employed in the power plant, had been originally in the employ of the City, and that they had been requested by the officials in charge of the Brooklyn Bridge in 1898 to enter the service of the railroad company to continue the operation of the power plant belonging to the City and leased to the said company.

On motion, the reinstatement of William Smith, Cable Engineer, and John J. Lennon, Fireman, was approved, in accordance with the request of the Bridge Commissioner, it having been shown that they were in the employ of The City of New York up to the year 1898, when they entered the service of the railroad company, from which time they had served continuously therein. With reference to the request of the Bridge Commissioner that Messrs. O'Brien, Kennon and Grant be placed upon a preferred list, the Secretary was directed to inform the Bridge Commissioner that the Commission could not see its way clear to take such action, but that it would, however, approve their reinstatement in any Department of the City service within one year from the date of the cessation of their services under the Brooklyn Rapid Transit Company, provided there were no preferred lists for such positions at the time.

A communication was presented from the Deputy and Acting Commissioner of Water Supply, Gas and Electricity, dated March 13, stating that on that date Edward H. Pearce, who impersonated one Lee Curtis in an examination for the position of Axeman, had been dismissed from the Department. The communication was ordered filed.

On motion, it was

Resolved, That Messrs. James R. Ryan, of No. 302 East Eighty-second street, Manhattan, and Maurice A. O'Connell, of No. 130 East Ninety-third street, Manhattan, be and they hereby are excepted from examination, pursuant to the provisions of Rule XII., clause 6, to render expert service as Special Investigators in the office of the Commissioner of Licenses for a period of one month, with compensation at the rate of \$4 a day.

On motion, it was

Resolved, That Mr. Louis Borer be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., clause 6, to render expert service for a temporary period in the office of the Coroners, Borough of Manhattan, as an Assorter of Inquisition Papers; provided, however, that his total compensation for such services shall not exceed the sum of \$75.

On motion, it was

Resolved, That Mr. Sigmar Saft be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., clause 6, to render expert service for a temporary period in the Department of Taxes and Assessments as a Book Typewriter and Instructor; provided, however, that his total compensation for the services rendered shall not exceed the sum of \$750.

A communication was presented from the Secretary of the Department of Education transmitting a voucher in the amount of \$15 in favor of Mr. Gould W. Hart for

stereopticon work at the High School of Commerce in connection with the C. Sprague Smith lectures on January 19, 26, March 9, April 6 and 27, 1907. The Secretary was directed to certify the voucher in accordance with the provisions of Rule XII., paragraph 6.

The following emergency appointments were approved, in accordance with the provisions of Rule XII., paragraph 4:

February 13, 1908. Suzanne Heber, typewriting schedule of moneys transferred to State Treasurer, office of City Chamberlain.

September 1 to 4, 1907. William A. Atfield, Veterinarian, Department of Water Supply, Gas and Electricity.

February 29, March 2, 3, 5, 7, 9, 1908. Mary L. Rusk, reporting testimony, office of Commissioners of Accounts.

February 17, 18, 19, 20, 26 and 28, 1908. Miss R. Feuerlicht, typewriting, etc., office of the Commissioners of Accounts.

February 1 and 3, 1908. Elizabeth Hamilton, Nurse, Bellevue and Allied Hospitals.

February 2 and 3, 1908. Margaret Woolhopter, Nurse, Bellevue and Allied Hospitals.

March 7, 9, 10, 11 and 12, 1908. Clara C. Carroll, Typewriter, College of The City of New York.

February 28, 1908. Edward A. Barnett, Stenographer and Typewriter, Court of Special Sessions, First Division.

August 12, 18 and October 18, 1907. E. B. Ackerman, Veterinarian, Department of Education.

October 4, 1907. New York and New Jersey Telephone Company, services of Operator, Department of Education.

The following reports of departmental Examining Boards for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

President of Borough of Brooklyn, March 5, 6.

Board of Education, March 10, 10.

Department of Correction, March 11, 16, 16.

Department of Public Charities, March 16.

Department of Parks, Brooklyn and Queens, March 16, 17.

The requests of William B. Chidwick, of No. 1618 Tenth avenue, Brooklyn, and Thomas F. O'Connell, of No. 119½ Second place, Brooklyn, that their names be removed from the "blacklist," were referred to Examiner Rafferty for investigation and a report.

On motion, it was

Resolved, That the requirement of citizenship be and the same hereby is waived so far as it applies to the case of Miss Nellie I. Hartnett, of No. 209 East Seventy-sixth street, Manhattan, and her application for the position of Telephone Operator is hereby accepted.

The application of Miss Emily B. Ives, of No. 383 First street, Newburgh, N. Y., for the position of Telephone Operator, bearing the certificate of two non-residents of The City of New York, was accepted.

The request of William L. Seyfarth, of No. 952 Trinity avenue, The Bronx, that his application for Junior Assistant Corporation Counsel be accepted was considered. In view of the fact that the candidate had not been admitted to the bar the request was denied, but the Secretary was directed to suggest to him that he amend his application and apply for the position of Law Clerk.

The application of George W. Holman, third, of No. 147 Pacific street, Brooklyn, for Process Server, was rejected for the reason that he had not attained the minimum age fixed for that position.

The application of Benjamin Schaffer, of No. 176 Ludlow street, Manhattan, for Law Clerk, was rejected for the reason that he had not attained the minimum age fixed for that position.

The request of (Mrs.) M. Halton, M. D., of No. 616 Madison avenue, Manhattan, under date of March 16, that her application for Pathologist be accepted was denied for lack of power, the receipt of applications for that position having closed.

A letter was presented from Charles A. Fleming, of No. 706 Hancock street, Brooklyn, requesting permission to amend his application for Inspector of Meters and Water Consumption filed in July, 1903, in which he stated that he had been arrested when fifteen years of age and discharged, by stating that a fine of \$10 had been imposed upon him at that time. The request was granted.

A communication was presented from John J. Sullivan, of No. 431 West Forty-eighth street, Manhattan, making application for appointment as an expert to conduct the forthcoming examination for Inspector of Plumbing, and transmitting certificates from Mr. J. M. Heatherton, of the Plumbers' Trade Journal Publishing Company, and Mr. Thomas J. Byrne, plumber and gasfitter, of No. 306 West Thirty-eighth street, Manhattan, as to his qualifications. The Secretary stated that Mr. Sullivan was employed as a Sanitary Inspector in the Department of Health. The application was denied.

A letter was presented from William J. Bierach, of No. 40 Woodland avenue, Woodhaven, N. Y., candidate in the recent examination for Court Stenographer, requesting that he be given a special speed test for the reasons set forth in this letter. The matter was referred to the President for consideration.

A letter was presented from Mr. S. William Briscoe, of No. 209 Broadway, Manhattan, dated March 12, requesting that the name of Joseph J. Hart be retransferred to the list of Deputy Tax Commissioner for the Borough of Manhattan, on the ground that the transfer of his name from that list to the list for the Borough of The Bronx on October 30, 1907, was not a valid one. The request was denied.

The following requests for restoration to the eligible lists indicated were granted: Annie L. Quinn, No. 115 Henry street, Brooklyn, Stenographer and Typewriter, at \$600 per annum. Stated that when she declined appointment at \$600 she was receiving a higher salary.

Bartley M. Gillen, No. 102 Wyona street, Brooklyn, Janitor, Steam Heating. Was appointed in the Department of Education on September 23, 1907, and resigned on October 5 for the reason that the salary was insufficient.

Jennie Coyle, No. 1012 Simpson street, New York, Typewriting Copyist. Statement of the Department of Health that she failed to reply to notice sent her on March 3, 1907, incorrect.

Helen Van Nostrand, No. 125 Thirty-fourth street, Woodcliff-on-Hudson, N. Y., Stenographer and Typewriter, at \$750 per annum. Stated that she would be glad to accept that salary if given an opportunity to do so.

The Commission then considered the request of Mr. Churchill Hayden, of No. 1601 Forty-fifth street, Brooklyn, for permission to compete in the forthcoming examination for Law Clerk, notwithstanding the fact that he had not yet attained the age of twenty-one. It appeared that the candidate was already in the employ of the Law Department, and accompanying his application was a communication from Mr. John P. Dunn, Assistant Corporation Counsel, in charge of the Bureau of Street Openings, stating that Mr. Hayden had filed the application with his full knowledge, consent and approval. The application was accepted.

The Commission then adjourned, to meet Wednesday, March 25, 1908, at 10 o'clock a. m.

F. A. SPENCER, Secretary.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. PUBLIC SERVICE COMMISSION—FIRST DISTRICT.

PROPOSALS FOR CONSTRUCTION OF RAPID TRANSIT LINES IN BROOKLYN.

INVITATION TO CONTRACTORS.

(FLATBUSH AVENUE EXTENSION, NASSAU STREET TO WILLOUGHBY STREET, MANHATTAN BRIDGE, No. 1.)

THE City of New York, acting by the Public Service Commission for the First District, by this advertisement invites proposals to construct that part of the proposed Fourth Avenue Subway in the Borough of Brooklyn which begins at the northerly side of Nassau Street and runs thence under said Flatbush Avenue Extension to a point about 20 feet north of the centre line of Willoughby Street.

The general plan of construction calls for a four-track subsurface Railroad, but the Contractor will not be required under the contract proposed to provide for lay tracks, ties or ballast. A station between Tillary Street and Johnson Street will be constructed; and suitable cross-overs, turn-outs and sidings are also to be provided, all as indicated on the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the station are intended to be placed within private property, rights in which will be acquired for the purpose, or on the streets, or on the sidewalks adjacent to private property, as indicated on the plans.

The manner of construction shall be by open excavation unless otherwise provided in the contract or directed by the Commission; such portions of the street, however, where the work may not be completed and the backfill is not placed at the expiration of fifteen months from the time of executing the contract, must be substantially boarded over to permit freedom of traffic, if so ordered by the Commission.

In the detailed plans for construction, provisions for pipe galleries along the line of the tunnel are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Commission reserves the right to accept a bid for construction of the railroad and at the same time to reject the accompanying bid for pipe galleries.

Bidders must visit the location of the railroad and station to be built under this contract and note the present conditions along the line of the proposed railroad. The buildings standing within the lines of the said Flatbush Avenue Extension are being, or are to be, demolished and the materials removed by other contractors.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Commission, No. 154 Nassau Street, in the Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty-four months from the date of delivery of the contract.

Sealed bids or proposals will be received at the said office of the Commission, at No. 154 Nassau Street, in the Borough of Manhattan, The City of New York, until

FRIDAY, THE 8TH DAY OF MAY, 1908,

at 12 o'clock noon, at which time or at a later date to be fixed by the Commission the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

The proposal must contain a statement, in the form prescribed, of the quantities and unit values upon which the bid is based. Such statement shall be merely for the information of the Commission to enable it to determine upon what basis the proposal is made and for no other purpose whatsoever, and the Commission shall not be bound in any way to make payments or value work done, upon the basis of such quantities and unit values contained in such statement.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Commission.

The award of the contract or contracts (if awarded) will be made by the Commission within twenty days after the opening of the proposals. The bidder whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of one hundred and fifty thousand dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission. The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security to the City, ten per cent. of each amount certified from time to time to be due to the contractor will be retained until the work is fully completed.

Bidders whose proposals are otherwise satisfactory to the Commission may, in case the sureties or securities named by them are not approved by the Commission, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Commission; but such substitution must be made within five days after notice of disapproval by the Commission, unless this period is extended by the Commission.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Commission will give notice thereof to the defaulting bidder. And the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

Every proposal must, when submitted, be inclosed in a sealed envelope endorsed "PROPOSAL FOR CONSTRUCTING RAPID TRANSIT RAILROAD—FLATBUSH AVENUE EXTENSION, NASSAU STREET TO WILLOUGHBY STREET," and must be delivered to the Commission or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a certified check drawn upon a National or State Bank or Trust Company within The City of New York and satisfactory to the Commission, payable to the order of the Comptroller of The City of New York, for the sum of twelve thousand five hundred dollars.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to make a deposit in cash or securities, then this invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions as to security are complied with.

PROPOSALS FOR CONSTRUCTION OF RAPID TRANSIT LINES IN BROOKLYN.

INVITATION TO CONTRACTORS.

WILLOUGHBY STREET TO ASHLAND PLACE.

THE City of New York, acting by the Public Service Commission for the First District, by this advertisement invites proposals to construct that part of the proposed Fourth Avenue Subway in the Borough of Brooklyn which begins at a point about 20 feet north of the centre line of Willoughby Street and runs through Flatbush Avenue Extension, private property and Fulton Street to and under Ashland Place to a point about 40 feet south of the south line of Fulton Street.

The general plan of construction calls for a subsurface Railroad having four or more tracks, but the Contractor will not be required under the proposed contract to provide for lay tracks, ties or ballast. A station at DeKalb Avenue will be constructed; and suitable cross-overs, turn-outs and sidings are also to be provided, all as indicated

on the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit, but several of the tracks will branch and be depressed both north and south of the station in order to avoid grade crossings and to provide convenient connections with other subways now building or to be hereafter built. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the station are intended to be placed within private property, rights in which will be acquired for the purpose, or on the streets, or on the sidewalks adjacent to private property as indicated on the plans.

The manner of construction shall be by open excavation in Flatbush Avenue Extension and by excavation under cover under Fulton Street and Ashland Place, unless otherwise provided in the Contract or directed by the Commission; such portions of the Flatbush Avenue Extension, however, where the work may not be completed and the backfill is not placed, at the expiration of fifteen (15) months from the time of executing the contract, must be substantially boarded over to permit freedom of traffic, if so ordered by the Commission.

In the detailed plans for construction, provisions for pipe galleries along the line of the railroad are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Commission reserves the right to accept a bid for construction of the railroad and at the same time to reject the accompanying bid for pipe galleries.

Bidders must visit the location of the railroad and station to be built under this contract and note the present conditions along the line of the proposed railroad. The buildings standing within the lines of the said Flatbush Avenue Extension are being, or are to be, demolished and the materials removed by other contractors.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Commission, No. 154 Nassau Street, in the Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Commission.

The award of the contract or contracts (if awarded) will be made by the Commission within twenty days after the opening of the proposals. The bidder whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Commission.

The award of the contract or contracts (if awarded) will be made by the Commission within twenty days after the opening of the proposals. The bidder whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of one hundred and fifty thousand dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission. The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security to the City, ten per cent. of each amount certified from time to time to be due to the contractor will be retained until the work is fully completed.

Bidders whose proposals are otherwise satisfactory to the Commission may, in case the sureties or securities named by them are not approved by the Commission, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Commission; but such substitution must be made within five days after notice of disapproval by the Commission, unless this period is extended by the Commission.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Commission will give notice thereof to the defaulting bidder. And the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "PROPOSAL FOR CONSTRUCTING RAPID TRANSIT RAILROAD—(FOURTH AVENUE, TENTH STREET TO TWENTY-SEVENTH STREET)" and must be delivered to the Commission or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a certified check drawn upon a National or State Bank or Trust Company within The City of New York and satisfactory to the Commission, payable to the order of the Comptroller of The City of New York, for the sum of twelve thousand five hundred dollars.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make a deposit in cash or securities, then this Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the owner-

ship of the check accompanying his or its proposal as a payment on account of such damages. All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions as to security are complied with.

PROPOSALS FOR CONSTRUCTION OF RAPID TRANSIT LINES IN BROOKLYN.

INVITATION TO CONTRACTORS.

(FOURTH AVENUE FROM TWENTY-SEVENTH STREET TO FORTY-THIRD STREET.)

THE City of New York, acting by the Public Service Commission for the First District by this advertisement invites proposals to construct that part of the proposed Fourth Avenue Subway in the Borough of Brooklyn between points on Fourth Avenue 15 feet south of the south line of Twenty-seventh Street and 150 feet south of the south line of Forty-second Street.

The general plan of construction calls for a four-track subsurface Railroad, but the Contractor will not be required under the contract proposed to provide or lay tracks, ties or ballast. A station at Thirty-sixth Street will be constructed; and suitable cross-overs, turnouts and sidings are also to be provided, all as indicated on the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the station are intended to be placed within private property, rights in which will be acquired for the purpose, or on the streets or on the sidewalks adjacent to private property, as indicated on the plans.

The manner of construction shall be by excavation in open trench, unless otherwise provided in the contract or directed by the Commission.

In the detailed plans for construction, provisions for pipe galleries along the line of the railroad are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Commission reserves the right to accept a bid for construction of the railroad, and at the same time to reject the accompanying bid for pipe galleries.

Bidders must visit the location of the railroad and stations to be built under this contract and note the present conditions along the line of the proposed railroad.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Commission, No. 154 Nassau Street, in the Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this Invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty-four months from the date of delivery of the contract.

Sealed bids or proposals will be received at the said office of the Commission, at No. 154 Nassau Street, in the Borough of Manhattan, The City of New York, until

FRIDAY, THE 8TH DAY OF MAY, 1908,

at 12 o'clock noon, at which time or at a later date to be fixed by the Commission the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

The proposal must contain a statement, in the form prescribed, of the quantities and unit values upon which the bid is based. Such statement shall be merely for the information of the Commission to enable it to determine upon what basis the proposal is made, and for no other purpose whatsoever, and the Commission shall not be bound in any way to make payments or value work done, upon the basis of such quantities and unit values contained in such statement.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Commission.

The award of the contract or contracts (if awarded) will be made by the Commission within twenty days after the opening of the proposals. The bidder whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of one hundred and fifty thousand dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission. The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security to the City, ten per cent. of each amount certified from time to time to be due to the contractor will be retained until the work is fully completed.

Bidders whose proposals are otherwise satisfactory to the Commission may, in case the sureties or securities named by them are not approved by the Commission, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Commission; but such substitution must be made within five days after notice of disapproval by

the Commission, unless this period is extended by the Commission.

In case of failure or neglect to execute and deliver the contract or to make the required deposit, or to execute and deliver the required bond, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Commission will give notice thereof to the defaulting bidder. And the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interest of the City to contract with, or may, by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "PROPOSAL FOR CONSTRUCTING RAPID TRANSIT RAILROAD—(FOURTH AVENUE, TWENTY-SEVENTH STREET TO FORTY-THIRD STREET)" and must be delivered to the Commission or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a certified check drawn upon a National or State Bank or Trust Company within The City of New York, and satisfactory to the Commission, payable to the order of the Comptroller of The City of New York, for the sum of twelve thousand five hundred dollars.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the bond with sureties, or make a deposit in cash or securities, then this invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission, will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed, and its provisions as to security are complied with.
