No. 1864.
Commissioner of Public Charities—Request for Authority to Make Repairs to Steamer "Bronx" Without Public Letting.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, September 25, 1917.

Re Contract with James Tregarthen & Sons Co.

To the Honorable the Board of Aldermen, New York City:

Gentlemen—We request permission of your Honorable Board to enter into contract with James Tregarthen & Sons Company for \$3,487.50 for repairs to the steamer "Bronx," without public letting. The United States Steamboat Inspection Service of the Department of Commerce filed a violation and ordered the vessel tied up until certain work was done to the hull, hose, engine and machinery. I invited bids for this work and the amount above mentioned was the lowest bid received.

It is very urgent that these repairs be completed at the earliest possible moment, as it is now necessary for us to charter a boat at \$90 per day in order to care for the services of the department. Very truly yours,

JOHN A. KINGSBURY, Commissioner.

The President laid before the Board the following communications from the Trustees of Bellevue and Allied Hospitals:

No. 1865.
Board of Trustees, Bellevue and Allied Hospitals—Request for Special Revenue Bonds to Meet Anticipated Deficiencies.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, September 27, 1917.

Hon. FRANK A. DOWLING, President, Board of Aldermen, City Hall, New York:

Sir—Under date of May 26, 1917, the Trustees of Bellevue and Allied Hospitals requested the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$360,750, to meet the anticipated deficits in the appropriations for 1917. No action was taken on some of the items as the needs were not considered urgent at the time. A review of the accounts indicates that there is now an urgent need for additional funds in the following accounts:

Code No. 2071—Forage and Veterinary Supplies..... \$550 00
Code No. 2076—Refrigerating Supplies..... 1,000 00
Code No. 2086—Materials..... 5,000 00

The Trustees therefore request your Board to authorize an issue of special revenue bonds to meet the anticipated deficits in these appropriations. The deficit is due to inadequate appropriations granted in these codes and also the increased cost of supplies. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

No. 1866.
Board of Trustees, Bellevue and Allied Hospitals—Request for Authority to Purchase Certain Supplies Without Public Letting.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, September 27, 1917.

Hon. FRANK DOWLING, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request

the Board of Aldermen for permission to buy the following classes of supplies in the open market without public letting:

Meats.....	\$10,000 00
Poultry.....	4,000 00
Potatoes.....	2,500 00
Groceries.....	7,500 00
Fish.....	2,500 00
Milk.....	7,500 00
Stock vegetables.....	2,000 00
Bread and rolls.....	4,000 00
Butter.....	4,000 00
Medical and surgical supplies.....	10,000 00

This request is made to enable the department to keep within the requirements of section 419 of the Charter as funds for food supplies and medical and surgical supplies have not at all times been available throughout the year and at times contracts were not advertised and awarded in time to meet the needs of the hospitals.

Respectfully, J. K. PAULDING, Secretary, Board of Trustees.

The boat service in the Department of Public Charities has been provided for until October 31, 1917, with the understanding that the completion of the new storehouse on Blackwells Island would permit the discontinuance of the service between Manhattan and Blackwells Island. However, owing to the delay in delivering material for the completion of the storehouse, it will be impossible to discontinue the boat service before December 31.

In view of these facts, I would urge your Honorable Body to take favorable action on this request. Very sincerely yours,

JOHN A. KINGSBURY, Commissioner.

Report of the Committee on Salaries and Offices in Favor of Filing a Communication from the State Civil Service Commission Certifying Names of Those Eligible for Appointment as Physicians to Ludlow Street Jail.

The Committee on Salaries and Offices to which was referred on September 18, 1917, (Minutes, page 72), the annexed communication from the State Civil Service Commission certifying a list of names of those eligible for appointment as Physician to Ludlow Street Jail, respectfully

REPORTS:

That the matter referred to was disposed of at the meeting of September 25, 1917. (Int. No. 1856.) It, therefore, recommends the communication be placed on file.

CHARLES DELANEY, STEPHEN F. ROBERTS, JOHN J. O'ROURKE, W. W. COLNE, EDWARD V. GILMORE, JOHN McCANN, Committee on Salaries and Offices.

State of New York, the Civil Service Commission, Albany, July 21, 1917.

P. J. SCULLY, Esq., City Clerk, New York City:

Dear Sir—The eligible list for the position of physician, New York County Jail, salary \$1,000 per annum, was established under date of July 18. Inadvertently we certified the first three names to the sheriff but did not advise you.

As we understand that appointments to this position are made by the Board of Aldermen, the Commission certifies to said board, through you, the following names for consideration in appointing to the position of Jail Physician, \$1,000 per annum:

Abraham Jablons, M. D., 94.98 per cent., 219 E. 12th st., New York; Milton Schaie, M. D., 93.42 per cent., 242 W. 104th st., New York; Maxwell J. Seigelstein, 92.60 per cent., 220 E. 12th st., New York.

The list contains sixteen names. The provisional term of Dr. Abramowitz as Jail Physician expired July 20, as our records show that he has been employed in said position four months on this date. The Civil Service Law provides that provisional appointment cannot exceed a period of four months. Dr. Abramowitz received a rating of 75.34 per cent., which places his name number sixteen upon the eligible list. Very respectfully yours, JOHN C. BIRDSEYE, Secretary.

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish the Position of Stenographer in the Office of the District Attorney, Kings County.

The Committee on Salaries and Offices, to which was referred on September 25, 1917 (Minutes, page 217), the annexed request of the District Attorney of Kings County for the establishment of the position of Stenographer, respectfully

REPORTS:

That District Attorney Lewis of Kings County appeared before the Committee and explained the need of these positions, and according to the provisions of the County Law, Section 12, Sub-division 5, and Section 1586 of the Greater New York Charter the positions must be established by the Board of Aldermen. The Committee believing that the proper performance of work of the office of the District Attorney requires the additional stenographer, recommends the adoption of the said resolution.

Resolved, That, pursuant to the provisions of section 12, subdivision 5, of the County Law and of section 1586 of the Greater New York Charter, the Board of Aldermen hereby establishes the position of Stenographer, who shall also act as Private Secretary to the District Attorney and his Assistants, for three incumbents, at a salary to be fixed by the District Attorney, but not to exceed two thousand (\$2,000) dollars each per annum, in the office of the District Attorney of Kings County.

CHARLES DELANEY, STEPHEN F. ROBERTS, JOHN J. O'ROURKE, W. W. COLNE, EDWARD V. GILMORE, JOHN McCANN, Committee on Salaries and Offices.

District Attorney's Office, County of Kings, Brooklyn, New York, September 20th, 1917.

Board of Aldermen of the City of New York, Manhattan, New York City:

Sirs—I respectfully request that, in pursuance of the County Law, section 12, subdivision 5, and of section 1586 of the Greater New York Charter, you adopt the following resolution:

"Resolved, That, pursuant to the provisions of section 12, subdivision 5 of the County Law, and of section 1586 of the Greater New York Charter, the Board of Aldermen hereby establishes the position of Stenographer, who shall also act as Private Secretary to the District Attorney and his Assistants, for three incumbents, at a salary to be fixed by the District Attorney but not to exceed two thousand dollars (\$2,000) each per annum, in the office of the District Attorney of Kings County."

Under date of June 19, 1917, an application was duly made to the Board of Estimate and Apportionment, in pursuance of the provisions of section 56 of the Greater New York Charter, that it adopt and recommend to the Board of Aldermen such a resolution. On July 9, 1917, the Committee on Salaries and Grades, consisting of Albert E. Hadlock, Deputy and Acting Comptroller; John Purroy Mitchel, Mayor, and Lewis H. Pounds, President of the Borough of Brooklyn, made its report to the Board of Estimate and Apportionment, upon such application. That report is to the following effect:

"Finding—Chapter 187 of the Laws of 1916 authorizes the District Attorney to appoint six Stenographers and fix their salaries at a sum not exceeding \$2,000 per annum each. The present request is for three Stenographers in addition to those allowed by the statute. On June 22, 1917, the Board of Estimate and Apportionment denied the request of the District Attorney for establishment of additional positions of Assistant District Attorney in excess of those allowed by chapter 309 of the Laws of 1911, on the ground that the Board of Estimate and Apportionment was without jurisdiction and that the positions should be established by the Board of Aldermen, under section 12, subdivision 5 of the County Law and section 1586 of the Greater New York Charter.

"Recommendation—The Committee recommends the denial of the request of the District Attorney of Kings County for the establishment of three additional positions of Stenographer, on the ground that the request should properly be made to the Board of Aldermen, as the Board of Estimate and Apportionment is without jurisdiction."

Under date of July 19, 1917, the Board of Estimate and Apportionment adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby denies the request of the District Attorney of Kings County, dated June 19, 1917, for the establishment of the position of Stenographer for three incumbents, at a salary to be fixed by the District Attorney, but not to exceed two thousand dollars (\$2,000) per annum each, for the reason that the Board of Estimate and Apportionment is without jurisdiction in the matter."

The foregoing shows that the Board of Estimate and Apportionment denied the request for additional Stenographers because of its own precedent, had under date of June 22, 1917, denying the request of the District Attorney for the establishment of additional positions of Deputy Assistant District Attorney. Following the denial of the latter request the District Attorney, under date of June 22, 1917, communicated to your Honorable Body a full statement of the abdication of power by the Board of Estimate and Apportionment, and requested that your Board accordingly establish those positions of Deputy Assistant District Attorney. After hearing the District Attorney, such a resolution establishing those positions was adopted by your Honorable Board on July 17, 1917.

The present application for the establishment of additional places of Stenographer should follow the same course in this Board. The reasons for the adoption of the resolution requested are briefly as follows:

There are at present employed in the office of the District Attorney of Kings County but eight (8) Stenographers, including two (2) whose time is devoted exclusively to Grand Jury work, and known as Grand Jury Stenographers. At least one of the remaining male Stenographers is necessary for exclusive service in connection with the Homicide Bureau. The assignment of a Stenographer to that bureau requires his services at any hour of the day or night. It is the practice of this office, in response to the telephonic communications of the Police Department, to send an Assistant and a Stenographer, at any hour of the day or night, necessary to aid in the preparation of homicide cases. Experience has shown that such constant service and attention to homicide cases forthwith is necessary to the proper prosecution of this class of offenders. That work often keeps the Stenographer out late at night or all through the night and the morning. With those special exclusive assignments to the Grand Jury and the Homicide Bureau there are left but five (5) Stenographers available to the District Attorney, his thirteen (13) Assistants, the Chief Clerk and the clerical staff. In addition, there have been created three places of Deputy Assistant District Attorney. Those five Stenographers cannot properly care for all the work that is needed to be done by the office force, and unless this request is granted it will become necessary to constantly employ temporary Stenographers. For some months past the employment of an extra temporary Stenographer has been found indispensable and continues to this time. The need for additional stenographic services has been sharply emphasized by reason of the withdrawal of one of the Stenographers for military service. Because of this we are left with but four (4) available for the entire office force.

Kindly give this resolution your immediate consideration.

Very respectfully yours,

Which was laid over.

HARRY E. LEWIS, District Attorney.

Report of the Committee on Public Letting—
No. 1818.

Report of the Committee on Public Letting in Favor of Rejecting Request of the President of the Borough of Manhattan to Contract for Reconstruction Work on City Hall Building Without Public Letting.

The Committee on Public Letting, to which was referred on September 18, 1917 (Minutes, page 191), the annexed request of the President of the Borough of Manhattan for authority to contract for reconstruction work on the City Hall Building, without public letting, respectfully

REPORTS:

That Assistant Commissioner Boschen appeared before the Committee and stated that, owing to the nature of the work to be performed, better results could be obtained by awarding separate contracts without public letting, as many times it happens that the lowest bidder is not responsible. Mr. Tilden Adamson of the Bureau of Contract Supervision appeared and spoke in opposition to this procedure, stating that, if proper reasons are submitted to the Board of Estimate and Apportionment, an award could be made to other than the lowest bidder. He further stated he saw no reason why there should not be competition, as the most important city work has been let by competition, and, further, that the protective feature of the proposed work warrants it being let by contract, thus holding one party responsible for any damage that may occur.

In view of the foregoing, the Committee believes the proper course to pursue is to let said contract by competitive bidding, and recommends the accompanying request be rejected.

JOHN McCANN, PETER SCHWEICKERT, EDWARD W. COX, ALEXANDER S. DRESCHER, JAMES J. BROWNE, MICHAEL J. HOGAN, Committee on Public Letting.

City of New York, Borough of Manhattan, Municipal Building, Sept. 12, 1917.
Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall:

Dear Sir—Under date of September 6th, 1917, the Board of Estimate and Apportionment appropriated the sum of \$50,000.00 for the reconstruction, renovation and preservation of the City Hall Building.

The work to be undertaken is of a nature requiring great care in the protection of the building and the contractor to do the work should be selected for responsibility and experience.

I therefore respectfully request permission to contract for the work without public letting at a cost not to exceed the amount of the appropriation above mentioned. Yours very truly,

MARCUS M. MARKS, President, Borough of Manhattan.

Which report was accepted.

The Vice-Chairman at this point announced that Commissioner of Public Works John G. Borgstede was excused from further attendance at this meeting.

ORDINANCES AND RESOLUTIONS RESUMED.

Alderman Squiers moved that the Board proceed to reconsider and vote upon Veto No. 15, Int. No. 1661, as required under section 40 of the Greater New York Charter, said paper being as follows:

Veto No. 15 (Int. No. 1661).

His Honor the Mayor—Disapproval of an Ordinance to Repeal Section 155, Article 11, Chapter 10 of the Code, Relating to Oil Separators.

City of New York, Office of the Mayor, September 17, 1917.

The Honorable, the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed ordinance, Int. No. 1661, entitled:

"Ordinance to repeal section 155, article 11, chapter 10, of the Code relating to oil separators."

This proposed amendment to the Code of Ordinances would repeal subdivisions 1, 2, 3 and 4 of section 155 of chapter 10.

The sections to be eliminated require an oil separator or some similar device to be installed in all garages where more than four motor vehicles are stored. It also provides that such oil receptacle shall not exceed 50 gallons capacity, and to be emptied and cleaned when required. Each separator is also to be connected with the house drain. The Fire Commissioner, under subdivision 1, may exempt from the present requirements a garage that drains into a short sewer line.

This appeal is similar to the one presented to me in 1914, and which I returned disapproved in a message to your honorable Board on September 21 of that year. I sent your Board a further message in relation to another sewer accident on September 22, 1914, in which an explosion occurred at First avenue and 42d street.

My action at this time was taken on the reports received from the Sewer Bureau in Manhattan and from the Fire Department.

I have asked the Chief Engineer in charge of sewers in Manhattan to give me a further report on present conditions, which brings this matter down to date. After referring to the explosions caused by gasoline in 1914, the Chief Engineer states:

"Since that time, either due to the agitation of the subject or to the installation of oil separators, there has been much less difficulty and practically no explosions until the present summer. This does not mean that the sewers have been free from gasoline, but our workmen have been provided with means to protect themselves from serious injury in cases where there has been no explosion. We have provided a gas mask and also a blower which is able to force fresh air into the sewers in sufficient quantities to expel steam or gas."

"On June 14, 1917, another explosion occurred in the East 42d Street sewer. Less damage was done by this explosion than by the one in 1914, but this is probably due to the fact that the greater part of the lining of this rock tunnel was destroyed at that time and only a small part of it remained to be destroyed by this explosion. Another reason for less damage was that the easterly end of this sewer was open into the excavation of the Lexington Avenue subway and served as a vent for the expanding gases. In this case, as in previous cases, the explosion started near the East River and was probably caused by the sparking from the third rail of the crosstown trolley. The manhole covers were blown up into the air but the tops of the manholes were not destroyed as in the previous explosion."

"On July 23, 1917, at about 2 p. m., an explosion occurred in the sewer in West 23d Street. This explosion also appeared to start near the outlet. Twelve of the manhole covers were blown up into the air and broken and, while we have no exact facts, our men upon arriving on the ground were told that a number of people were injured by the flying covers and had been taken away in ambulances. The wooden barrel sewer under the dock was found to be on fire and had to be partially destroyed before the Fire Department could get control of the flames. The garage of the Adams Express Company in Tenth Avenue is suspected of being one of the chief sources of the gasoline causing this last explosion. The sewer structure itself, aside from the manhole covers and the wooden barrel sewer, was not injured by the explosion."

"On June 14, 1917, the day of the explosion in the 42d Street sewer, Assistant Engineer McGrane, of the Sewer Bureau, entered the sewer to make measurements and investigations. The gas fumes were so strong, however, that he and

his assistants were compelled to abandon their work and leave the sewer. Previous to this, Assistant Engineer N. B. Gardiner, while examining a sewer in 15th Street near Avenue C, was made seriously ill by the gas fumes. At this place the odor of the gas did not seem to be very perceptible and Mr. Gardiner did not realize that he was being affected until he came out of the sewer."

The Fire Commissioner has also made a report in reference to the present conditions, the same reading in part:

"I am of the opinion that the danger of sewer explosion from gasoline is confined to a limited section of the city, where many garages may drain into a single sewer and that it is entirely unnecessary to require garages in the less congested districts to install separators. A very careful investigation made by this department shows that no explosions have been recorded in the Borough of Queens, none have occurred in Richmond, and there is a record of only one explosion of any importance occurring in Brooklyn. This explosion occurred at Crescent Street near Fulton Street about three years ago and tore up the paving. Two or three minor explosions occurred of which no record was kept. One explosion occurred in The Bronx on February 10, 1911, and three men who were at work cleaning the sewer were slightly burned and had to be taken to the hospital. This explosion occurred opposite a large meat packing house, belonging to Conron Brothers, who make their own ice, and in the opinion of Josia H. Fitch, Engineer of Sewers in that Borough, the explosion was caused by the discharge of something from the artificial ice plant."

"Practically all of the sewer explosions of any moment which have occurred in the City within recent years have occurred in Manhattan. There have been about fourteen of these in the last eight years. It is a striking fact that most of these have occurred in a concentrated area bounded roughly by 42d and 54th Streets. The dates and locations of these explosions are as follows:

"522 W. 46th St., Oct. 16, 1910; 51st St. between 8th and 9th Aves., March 7, 1910; 43d St., between 2d and 3d Aves., Oct. 12, 1912; 333 W. 49th St., June 10, 1913; 354 W. 49th St., June 27, 1913; 54th St. and Broadway, Nov. 8, 1913; 43d St., between 2d and 3d Aves., Jan. 5, 1911; 42d St. and 1st Ave., July 1, 1914."

"Another report states that there is an explosion practically once a year in the East 42nd St. sewer; Broadway, between 119th and 120th St., Jan. 23, 1912; Central Park West, between 92nd and 93rd Sts., March 13, 1912; 110th St. and Lexington Ave., June 22, 1914; Rector St., between Washington and West Sts., June, 1913; Hubert and Washington Sts., October 21, 1911."

"The record of these explosions indicates that they have been confined to certain congested localities, but, whether the explosions in these localities have been due to the fact that a considerable number of garages drain into the sewers of these localities or whether they are due to the peculiar structure of the sewers themselves, is a matter about which there is considerable dispute."

From the report of the Fire Commissioner, I am informed that there have been no records of explosions in either Queens or Richmond, and but one or two have been recorded in Brooklyn and The Bronx. The main difficulty seems to have been in the so-called automobile district in Manhattan.

I might draw to your attention the case of *Stubbe vs. Adamson*, 220 N. Y., 459, decided by the Court of Appeals at the April Term, 1917. This opinion sustained the constitutionality of the present ordinance requiring oil separators, Chief Justice Hiscock, in the course of the opinion, stating that the present ordinances, which were brought over from the regulations of the old Municipal Explosive Commission, had the force and effect of statutes and were to be considered as such. At page 469 the Court said:

"The legislature is justified in guarding against evils, both real and fairly to be anticipated by any legislation which reasonably tends to prevent them, and it has a wide discretion in formulating the means which shall be adopted to this end. It is a sufficient basis for legislative action if only there are reasonable grounds for belief that the evil may occur, and even though there be 'an earnest conflict of serious opinion on the subject.'"

Further at page 470, after referring to the affidavits presented in behalf of the garage people, the opinion continues:

"These affidavits on the whole make it perfectly clear that the questions whether such danger did exist and whether such separator would eliminate it if it did exist, were largely questions of opinion and judgment in the decision of which reasonable men might differ, and they make it apparent that we should not say that there was such an entire absence of possibility of danger and that the proposed remedy was so utterly ineffective that the legislature was without power to adopt the legislation if it saw fit. We must always remember that the limitation upon its right to adopt police measures to avoid dangers is that the latter may fairly be anticipated, although vigorously denied, and that a wide range of discretion is allowed in determining when a possible evil ought to be guarded against and in fixing upon the means by which this shall be done."

In view of the report I have received from the Bureau of Sewers for Manhattan, I feel very strongly that some legislation, providing for oil separators, is necessary, at least in the Borough of Manhattan. It may be that in the outlying neighborhoods these machines could be dispensed with, without damage to the sewers or endangering the lives of the sewer workmen. That is a matter for your honorable Board to determine. If you should deem it expedient to take the matter up along this line, I would most strongly urge that you consider the advice of the sewer officials and employees in any neighborhood in which you consider eliminating the oil separator. I feel that the safety of these men, who are required to work daily in the sewers, should be considered before oil separators are eliminated. The inconvenience of installing oil separators and their maintenance by garage owners should not be controlling when the lives or health of the City employees may be endangered.

For the reasons above set forth, I have disapproved the total repeal of the provisions on oil separators throughout the entire City and return the matter for reconsideration. Respectfully,

JOHN PURROY MITCHEL, Mayor.

The Committee on General Welfare, to which was referred on May 29, 1917 (Minutes, page 425), the annexed ordinance to repeal section 155 of article 11 of chapter 10 of the Code of Ordinances, relating to "oil separators," respectfully

REPORTS:

That, having examined the subject, it believes the repeal of this particular section to be advisable, in that it will be of inestimable benefit to owners of private garages, particularly in the outlying sections of the city.

It, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE to repeal section 155 of article 11 of chapter 10 of the Code of Ordinances, relating to oil separators.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. Section 155 of article 11 of chapter 10 of the Code of Ordinances, relating to oil separators, is hereby repealed in its entirety, said section reading as follows:

[§155. Oil separators.

1. *When required.* No garage permit authorizing the storage of volatile inflammable oil shall be issued for any premises, storing more than 4 motor vehicles, which are not provided with an oil separator, trap or other similar apparatus attached to the house drain, for the purpose of preventing volatile inflammable oils from flowing into the sewer; provided, however, that the fire commissioner may exempt from the requirements of this section a garage draining into a short sewer line. (O. R., §376.)

2. *Oil receptacle.* The oil-receptacle of an oil separator shall not exceed 50 gallons capacity, and shall be emptied as often as may be necessary to prevent the oil from overflowing; and such oils as are recovered from the separator shall be removed from the garage within 24 hours after being taken from the separator. (O. R., §397.)

3. *Sewer connection.* Each oil separator shall be connected to the house drain, and shall be so arranged as to separate all oils from the drainage of the garage. (O. R., §396.)

4. *Waste oil.* All oils spilled on the floor of a garage shall be removed by sponging or swabbing, and poured into the drain leading to the oil separator. (O. R., §398.)

Sec. 2. This ordinance shall take effect immediately.

Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$8,846.50, to Provide for Increases in Wages of Mechanics, Department of Street Cleaning.

The Committee on Finance, to which was referred on July 17, 1917 (Minutes, page 110), the annexed request of the Commissioner of Street Cleaning for Special Revenue Bonds, \$8,377.50, to provide for increases in wages of Mechanics, respectfully

REPORTS:

That this request is due to recent increases in wages allowed to these Mechanics. The Commissioner of Street Cleaning stated that the amount required would be \$8,846.50, and he has been unable to find any funds for transfer.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight thousand eight hundred and forty-six dollars and fifty cents (\$8,846.50), the proceeds whereof to be used by the Commissioner of Street Cleaning for the purpose of providing for increases in wages of Mechanics. All obligations contracted for hereunder to be incurred on or before December 31, 1917.

FRANCIS P. KENNEY, JOHN T. EAGAN, JOHN DIEMER, F. H. STEVENSON, MICHAEL STAPLETON, ROBERT L. MORAN, SAMUEL J. BURDEN, CHARLES DELANEY, Committee on Finance.

Department of Street Cleaning, Municipal Building, New York City, July 11th, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City of New York:

Sir—I respectfully request that your Honorable Board, pursuant to the provisions of section 188, subdivision 8, of the Greater New York Charter, authorize an issue of special revenue bonds to the amount of eight thousand three hundred seventy-seven dollars and 50 cents (\$8,377.50), to provide for the following increases in wages of mechanics

1. Machinists, from \$4.50 to \$5 per day, as recommended by the Board of Estimate and Apportionment on February 16th, 1917, and approved by the Board of Aldermen on February 27th, 1917.

2. Housemiths, from \$5 to \$5.50 per day, as recommended by the Board of Estimate and Apportionment on January 19th, 1917, and approved by the Board of Aldermen on February 20th, 1917.

The reason for requesting an issue of special revenue bonds is that I find it impossible to transfer funds or reorganize the force so as to save sufficient money to meet the increases authorized.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Plant and Structures to Rent Cable Wrapping Machines Without Public Letting.

The Committee on Public Letting, to which was referred on September 18, 1917 (Minutes, page 188), the annexed request of the Commissioner of Plant and Structures for authority to rent cable wrapping machines without public letting, respectfully

REPORTS:

That this is a patented device and controlled by one concern; there would be no advantage in advertising for bids.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Plant and Structures be and he is hereby authorized and empowered to enter into a contract with Holton D. Robinson, without public letting, for the rental of certain machines and accessories for use in the work of wrapping the main cables of the Williamsburg Bridge, at a price of 80 cents per linear foot of cable wrapped, the total cost not to exceed three thousand dollars (\$3,000).

Department of Plant and Structures, City of New York, Municipal Building, Manhattan, N. Y., August 3, 1917.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—On July 7, 1916, your Honorable Board adopted a resolution authorizing this department to enter into a contract with Mr. Holton D. Robinson, without public letting, for the rental of certain machines and accessories, for use in the work of wrapping the main cables of the Williamsburg Bridge, at a price of 80 cents per linear foot of cable wrapped, said cost not to exceed \$3,000.

This work has been in progress some time, and on July 3, 1917, the Board of Estimate and Apportionment appropriated additional funds to the amount of \$44,650 for carrying on said work.

In the schedule approved by the said Board on July 3, 1917, is included the sum of \$6,600 for General Plant Service, Rent of Wrapping Machines and Accessories.

I believe that the price being paid to Mr. Robinson for the use of his machines is reasonable, and I beg to request your Honorable Board to grant me permission, pursuant to the provisions of section 419 of the Greater New York Charter, to rent the said machines without public letting at the price of 80 cents per linear foot of cable wrapped, the total expenditure for the use of the machines at this time not to exceed \$6,600, in addition to that already provided for. Respectfully,

F. J. H. KRACKE, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Docks to Contract for Certain Work on Pier at Foot of West 46th Street, North River, Without Public Letting.

The Committee on Public Letting, to which was referred on September 18, 1917 (Minutes, page 195), the annexed request of the Commissioner of Docks for authority to contract for certain work on pier at foot of West 46th street, N. R., respectfully

REPORTS:

That the Committee has been advised by the Commissioner of Docks, that subsequent to the award of the contract for this work it was found necessary to increase the area of improvement, the contractor being willing to perform said extra work on the basis of the contract. The Committee being of the opinion it is to the City's advantage, recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter the Commissioner of Docks be and he is hereby authorized and empowered to enter into a contract with Post & McCord, Inc., without public letting, for completion of the offices and mechanical equipment on the pier foot of West 46th street, North River (except the heating and plumbing work), at a cost not to exceed one hundred and fifty-four thousand eight hundred and fifty dollars (\$154,850.00).

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, August 11, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York:

Dear Sir—On July 16, 1917, bids were opened for completing the offices and mechanical equipment on the pier foot of West 46th street, North River, under Contract No. 1573. The work is divided into three classes: Class 1 includes all the work except the heating and plumbing; Class 2 covers the heating work and Class 3 covers the plumbing work.

Five bids were received on Class 1, as follows:

Lustig & Weil..... \$142,115 00
Post & McCord, Inc..... 154,850 00
J. M. Knopp..... 157,993 00
Snare & Triest Co..... 161,600 00
North Eastern Construction Co..... 171,580 00

Two bids were received on Class 2, as follows:

Teran, Mahaney & Munro, Inc..... \$8,934 00
William J. Olvany..... 12,988 00

Three bids were received on Class 3, as follows:

Wm. Young Plumbing Co..... \$5,495 00
John J. Kenney Co..... 5,743 00
V. S. Rittenhouse, Inc..... 5,800 00

I have investigated the financial responsibility and experience of Messrs. Lustig & Weil, and am convinced that on work of this importance it would be unwise to award the contract to them. They have been unable to show that they have ever

performed work of this character, and in view of the urgent necessity of completing this important pier at the earliest practicable date I do not feel that I can recommend award to them. The next lowest bidder, Post & McCord, Inc., is thoroughly competent and experienced.

In Classes 2 and 3 I am willing to award to the lowest bidders.

In order to make the awards suggested it will be necessary to obtain additional money in the sum of \$49,279. At a meeting of the Commissioners of the Sinking Fund held on the 26th ultimo, a resolution was adopted recommending to the Board of Estimate and Apportionment that the additional corporate stock be provided, and the matter is now before the Board of Estimate and Apportionment.

Under a recent decision of the Supreme Court it is not permissible to award contracts on advertised bids under the provisions of section 419 of the Charter except where the necessary money is appropriated and available at the time the bids are opened.

I request that a resolution be adopted by the Board of Aldermen authorizing the Commissioner of Docks to enter into a contract, without public letting, with Post & McCord, Inc., for the work called for in Class 1.

The necessary money being available, awards can be made in Classes 2 and 3 to the low bidders. Yours very truly,

RICHARD C. HARRISON, Acting Commissioner of Docks.

In connection with the foregoing Special Order, the following communication from the Commissioner of Docks was presented and Alderman McCann offered the following substitute resolution:

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, September 25, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City: Dear Sir—On July 16, 1917, bids were opened for completing the offices and mechanical equipment on the pier foot of West 46th Street, North River, under Contract No. 1573. Five bids were received on Class 1, as follows:

Lustig & Weil	\$142,115 00
Post & McCord, Inc.	154,850 00
J. M. Knopp	157,993 00
Snare & Triest Co.	161,600 00
North Eastern Construction Co.	171,580 00

Two bids were received on Class 2, as follows:

Teran, Mahaney & Munro, Inc.	\$8,934 00
William J. Olvany	12,988 00

Three bids were received on Class 3, as follows:

Wm. Young Plumbing Co.	\$5,495 00
John J. Kenney Co.	5,743 00
V. S. Rittenhouse, Inc.	5,800 00

In order to make award to the lowest bidders in the three classes it was necessary to obtain additional money in the sum of \$36,544. This additional money has been provided by resolution adopted by the Commissioners of the Sinking Fund on July 26, 1917, and by resolution adopted by the Board of Estimate and Apportionment on September 21, 1917.

Under a recent decision of the Supreme Court it is not permissible to award contracts on advertised bids under the provisions of section 419 of the Charter except where the necessary money is appropriated and available at the time the bids are opened.

I request that a resolution be adopted by the Board of Aldermen authorizing the Commissioner of Docks to enter into contracts, without public letting, with the lowest bidders as follows:

Class 1. Lustig & Weil	\$142,115 00
Class 2. Teran, Mahaney & Munro, Inc.	8,934 00
Class 3. Wm. Young Plumbing Co.	5,495 00

Very truly yours, R. A. C. SMITH, Commissioner of Docks.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Docks be and he is hereby authorized and empowered to enter into contracts, without public letting, for the completion of the offices and mechanical equipment on the pier, foot of West 46th street, North River, as follows: With Lustig & Weil for all of the work, except the heating and plumbing, at a cost not to exceed one hundred and forty-two thousand one hundred and fifteen dollars (\$142,115); with Teran, Mahaney & Munro, Inc., for the heating work, at a cost not to exceed eight thousand nine hundred and thirty-four dollars (\$8,934), and with the Wm. Young Plumbing Co. for the plumbing work, at a cost not to exceed five thousand four hundred and ninety-five dollars (\$5,495).

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Bent, Burden, Browne, Cassidy, Collins, Colne, Cox, Crane, Cunningham, Curley, Daly, Delaney, Diemer, Dixon, Donnelly, Dostal, Dunn, Drescher, Eagan, Falconer, Farley, Ferguson, Florea, Friedlander, Gavnor, Gilmore, Goetz, Hatch, Haubert, Heyman, Hilkemeier, Hogan, Kenney, McCann, McManus, Martin, Molen, Moore, O'Rourke, Palitz, Quinn, Roberts, Ryan, Schmitz, Schweickert, Silberstein, Smith, Souiers, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; the Vice-Chairman—58.

Resolved, That the Board of Estimate and Apportionment hereby grants to The Staten Island Rapid Transit Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be, and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and executed in duplicate this day of , 1917, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board) and THE STATEN ISLAND RAPID TRANSIT RAILWAY COMPANY (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate five (5) standard gauge railroad tracks over and across Western Avenue, in the Third Ward, Borough of Richmond, the center line of the northerly four of said five tracks to be approximately one hundred and thirty (130) feet northerly from the center line of Washington Avenue; said five tracks to connect the terminal yard of the Company, located on either side of Western Avenue.

All as shown on a map entitled:

"Map showing proposed tracks across Western Ave., Third Ward, Borough of Richmond, City of New York, to accompany the petition of April 25th, 1917—The Staten Island Rapid Transit Ry. Co. to the Board of Estimate and Apportionment."

—signed by W. H. Averell, General Manager, and Wm. B. Redgrave, District Engineer; which map is attached to and made a part of this contract.

SECTION 2. The grant of this right and privilege is subject to the following conditions, which shall be complied with by the Company.

First—The said right and privilege to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until October 28, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The time within which such application for renewal must be made in of the essence of this contract, and a failure of the Company to present its application within the time fixed shall be considered as an election on the part of the Company not to take advantage of the renewal privilege and as a relinquishment of its right to such renewal, in which event the franchise shall terminate on the last day of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day nine (9) months before the expiration of the original term of this contract, then the parties hereby agree that the annual rate for the renewal term shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained and agreed to by any two of such appraisers shall be conclusive upon both parties, but no annual sum shall, in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The entire expense of such appraisal shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for this right and privilege during the original term of this contract expiring October 28, 1934, the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within three (3) months after the date on which this contract is signed by the Mayor

and before anything is done in exercise of the privilege hereby granted.

(b) From the date when the annual charges commence as hereinafter provided until October 28, 1924, the annual sum of five hundred dollars (\$500).

During the succeeding term of five (5) years, the annual sum of seven hundred and fifty dollars (\$750).

During the last term of five (5) years the annual sum of one thousand dollars (\$1,000). The annual charges shall commence on the date upon which the Company obtains the permission and approval of the Public Service Commission, as required by Section 53 of the Public Service Commission Law. The Company hereby agrees to file its application with the Public Service Commission for such permission and approval within ten (10) days from the date upon which this contract is signed by the Mayor.

The annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding; provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date when the annual charges commence as hereinafter provided and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner as the nature of a tax, but such payments shall be made in addition to and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments herein provided for shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate.

Fourth—The rights and privileges hereby granted shall not be assigned or transferred, either in whole or in part, whether by consolidation, merger, reorganization or otherwise, or leased or sublet in any manner, either in whole or in part, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not constitute unnecessary or superfluous, or in any way unnecessary, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation, merger or reorganization of corporations or otherwise, unless, in addition to the above consent of the Board, the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by each and all of the terms and conditions of this contract and agreeing to waive any more favorable conditions created by its charter or any statute, relating to the consolidation, merger, or reorganization of corporations or otherwise.

The filing of such agreement shall constitute a condition precedent to the passing to or vesting in such proposed successor in title to the rights of the Company of the rights and privileges hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of the failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which such succession in title is to take effect, the right and privilege hereby granted may be forfeited, or the consent of the City provided for herein may be revoked by resolution of the Board.

Fifth—Upon the termination of the original term of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the right and privilege hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and other property of the Company constructed or existing pursuant to this contract within the streets shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at any time preceding the date upon which this contract shall terminate, the Board shall so order by resolution and give notice to the Company, the Company shall, upon the termination of this contract, remove any and all of its tracks and other property constructed or existing pursuant to this contract and the said streets shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence and complete the construction of the tracks and appurtenances herein authorized within three (3) years from the date upon which this contract is signed by the Mayor, otherwise this right and privilege shall cease and determine.

Seventh—The tracks hereby authorized shall be constructed and maintained across Western avenue upon a bridge or viaduct. The Company shall pay the entire cost of the construction and maintenance of such tracks and bridge or viaduct and in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction, reconstruction, repair or removal of such tracks, and the bridge or viaduct.

(b) All changes in sewer or other subsurface structures made necessary by the construction, reconstruction, repair or removal of the said tracks and the bridge or viaduct including the laying or relaying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said street which may be disturbed during the construction, reconstruction, repair or removal of the tracks, and the bridge or viaduct.

(d) The inspection of all work during the construction, reconstruction, repair or removal of the tracks, and the bridge or viaduct, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the work of construction, reconstruction, repair or removal shall be begun the Company shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. The Company shall perform all the duties which may be imposed upon it by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this contract.

Ninth—The bridge or viaduct to be constructed under this contract shall, subject to the approval of the President of the Borough of Richmond, be constructed in a single span from house-line to house-line, and there shall not be any supporting columns erected in the street. Such bridge or viaduct shall have a vertical clearance of not less than sixteen (16) feet above the sur-

face of said street at the center line thereof and shall have drip pans placed under the same for the entire width of the street. The said tracks and bridge or viaduct shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of the City who have jurisdiction over such matters under the Charter of the City or under this contract.

Tenth—Should the grade or lines of Western avenue be changed at any time during the term of this contract, whether original or renewal, the Company shall, at its own cost and expense, change or reconstruct the said bridge or viaduct under the supervision of the proper authorities of the city so that there shall be at all times a vertical clearance of not less than sixteen (16) feet above the surface of the street at the center line thereof, and that no portion of the piers or abutments of said bridge or viaduct shall encroach within the lines of said street as changed.

Should Western avenue be widened, the Company shall make no claim for, nor shall it be entitled, as against the City, to any compensation or damages by reason of the taking of any portion of the piers or abutments of the bridge or viaduct in condemnation proceedings.

Eleventh—Free and uninterrupted access to and passage over Western avenue shall be maintained at all times, both during construction and thereafter, unless otherwise directed by the President of the Borough of Richmond, and no cars shall be allowed to pass over said railroad tracks within the limits of said street.

Twelfth—This right and privilege is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights and privileges hereby granted, shall deposit with the Comptroller of the City the sum of two thousand dollars (\$2,000), either in money or securities to be approved by the Comptroller, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and for its compliance with all the orders of the Board and of the officials of the City acting under the powers herein reserved. From the said fund deductions may be made as hereinafter provided.

(a) Should the Company, within such time after notice as may be herein prescribed, or where no time is prescribed, within such time as the Board or the proper official of the City may hereafter prescribe, fail to comply with the provisions of this contract, or the orders of the Board or of the officials of the City herein named or referred to, relating to

Paving and repairing of the streets, Protecting the City's structures during the construction, reconstruction, repair or removal of the tracks and bridge or viaduct hereby authorized.

Protecting the Company's tracks, appurtenances or other structures during the performance of any public work or as may be required on account of the changing of the lines or grades of the streets.

Or with any other provision of this contract which may affect the repair, protection and maintenance of the streets or of the City's structures within the streets,

the City shall have the right to cause the work to be done or the defect remedied and to reimburse itself for the cost of such work by deducting such cost, with interest, from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(b) Should the Company, within ten (10) days after the demand has been made upon it, fail to pay to the City the cost of any alterations to the sewerage or drainage systems occasioned by the construction, maintenance or operation of the tracks and bridge or viaduct hereby authorized, or fail to repay to the City any damages caused to persons or property which the City shall be compelled to pay by reason of the construction, maintenance or operation of the said tracks and bridge or viaduct, or by reason of any acts or defaults of the Company in connection therewith, the City shall have the right to collect such costs or damages, with interest, by deducting the amount of the same, with interest, from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(c) Should the Company fail to pay to the City the annual charges required to be paid by this contract, within the time fixed for the payment thereof, the City shall have the right to collect the amount of such charges, with interest, by deducting the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller without further or other direction.

(d) Should the Company fail to comply with the provisions of this contract, or with the orders of the Board or of the officials of the City herein named or referred to, then the Company may be required to pay to the City liquidated damages for each breach or violation, the following sums:

For failure to maintain the tracks and bridge or viaduct in good condition throughout the whole term of this contract, the sum of two hundred and fifty dollars (\$250) for each day during which the default or defect remains.

For failure to comply with any other provision of this contract as to which liquidated damages are not fixed herein, the sum of fifty dollars (\$50) per day for each day during which such failure or default shall continue.

All of such sums may be collected by deducting the same from the security fund hereinabove provided for.

The procedure for the collection of such liquidated damages shall be as follows:

Whenever the Board shall have knowledge of any such breach or violation on the part of the Company, the Board shall give notice to the Company, specifying the nature of such breach or violation and the amount of liquidated damages which it is proposed to collect therefor, and directing its President or other officer to appear before the Board on a certain day, not less than ten (10) days after the service of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing, appears in the judgment of the Board to be in fault, the Board shall forthwith direct the Comptroller to collect such liquidated damages by deducting the amount of the same from the security fund hereinabove provided for.

(e) In case of any deductions from the security fund pursuant to this contract, either for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by the City of the annual charges herein provided, or of liquidated damages, the Company shall, upon ten (10) days' notice by the Comptroller, deposit with the Comptroller a sum, either in money or securities, sufficient to restore such security fund to its original amount of two thousand dollars (\$2,000), and in default thereof, the right and privilege hereby granted may be forfeited by the City.

(f) Should the right and privilege hereby granted be forfeited pursuant to the provisions

of this contract, or should such right and privilege be terminated upon the dissolution of the Company as herein provided, the security fund hereinabove provided for shall be forfeited to the City as liquidated damages for failure of the Company to perform this contract pursuant to the terms hereof.

(g) No action or proceeding or right under the provisions of this subdivision shall affect any other legal rights, remedies or causes of action belonging to the City.

The provisions for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company or for the collection by it of the annual charges, or of liquidated damages, are and shall be in addition to the City's right as herein reserved to forfeit the right and privilege hereby granted.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board or any official of the City acting under the powers herein reserved, the right and privilege hereby granted may be forfeited by resolution of the Board, which said resolution may contain a provision to the effect that the tracks and bridge or viaduct constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring this right and privilege forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board at any time.

Nothing herein contained shall apply in any way to the right of the Company to apply to a court of competent jurisdiction for a review of any action of the Board forfeiting the right and privilege hereby granted.

Fifteenth—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction, maintenance and operation of the tracks and bridge or viaduct hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company shall repay to the City any damage which the City shall be compelled to pay by reason of any act or default of the Company.

Sixteenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Seventeenth—Nothing in this contract contained shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

SECTION 4. Nothing in this contract contained shall be deemed to limit in any way the police power now vested in or hereafter to be delegated or granted to the City by the State of New York.

SECTION 5. The Company promises, covenants and agrees to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

IN WITNESS WHEREOF, the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, hereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

**NEW YORK SUPREME COURT.
SCHOHARIE, DELAWARE AND
GREENE COUNTIES.**

Application for Appointment of Commissioners.

SCHOHARIE RESERVOIR, SCHOHARIE SECTION 3 AND SUPPLEMENTARY SHEET SECTION 3.

In the Matter of the Application and Petition of the Board of Water Supply of the City of New York for the appointment of a commission under Chapter 724 of the Laws of 1905, as amended. PUBLIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Counsel of the City of New York to make application to the Supreme Court for the appointment of Commissioners under Chapter 724 of the Laws of 1905 as amended.

Such application is to be made at a Special Term of the said Court to be held at the Court House in the City of Troy, Rensselaer County, New York, on the 20th day of October, 1917, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard.

The object of this application is to obtain an order of the Court for the appointment of three disinterested and competent freeholders, at least

one of whom shall reside in the County of New York, and at least one of whom shall reside in one of the Counties of Schoharie, Delaware or Greene, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the real estate laid down on a certain map entitled:

"Board of Water Supply of the City of New York. Map of real estate situated in the Towns of Gilboa & Conesville, County of Schoharie, Roxbury, County of Delaware, and Prattsville, County of Greene, State of New York, to be acquired by the City of New York under the provisions of chapter 724 of the laws of 1905 as amended for the construction of Schoharie Reservoir and appurtenances in the vicinity of Gilboa and Prattsville."

—and which map was filed as follows:

In the County Clerk's office, County of Schoharie, at Schoharie, N. Y., on the 29th day of May, 1917.

In the County Clerk's office, County of Delaware, at Delhi, N. Y., on the 28th day of May, 1917.

In the County Clerk's office, County of Greene, at Catskill, N. Y., on the 26th day of May, 1917;

and also in the real estate laid down on a certain supplementary map entitled:

"Board of Water Supply of the City of New York. Map of real estate situated in the Town of Gilboa, County of Schoharie and State of New York, to be acquired by the City of New York under the provisions of chapter 724 of the laws of 1905 as amended for the construction of Schoharie Reservoir and appurtenances in the vicinity of Gilboa."

—and which map was filed in the County Clerk's office, County of Schoharie, at Schoharie, N. Y., on the 30th day of July, 1917; and that said Commissioners of Appraisal shall also ascertain and determine and state separately the items of damage, if any, to which the owner or any person interested in the said real estate laid down on said maps filed at Schoharie, May 29 and July 30, 1917, Delhi, May 28, and Catskill, May 26, 1917, may be entitled by reason of Section 42, Chapter 724 of the Laws of 1905, as amended by Section 9, Chapter 314 of the Laws of 1906, and Section 2, Chapter 527, of the Laws of 1916, provided that an agreement cannot be had with the Board of Water Supply, and further that said damages arise by reason of acts of the City of New York, or its Board of Water Supply after May 12th, 1916.

Except that the Corporation Counsel of the City of New York will make application to the Supreme Court that all parcels of real estate laid down on said above recited maps wholly or in part in the fire district of Gilboa, and all parcels of real estate laid down on said maps above recited where the claimants allege an enhancement by reason of water power thereon, including any claim the Gilboa Water Co. may have, shall be assigned by the Court to the present Schoharie Reservoir and Shandaken Tunnel Commission which is now appraising real estate in said fire district and has jurisdiction over certain claims for water powers in connection therewith.

Further, to prevent any conflict of jurisdiction between the Commission herein applied for and the Schoharie Reservoir and Shandaken Tunnel Commission already appointed, and to obviate, as far as possible, disproportionate awards and unharmonious decisions, the Court will be asked to assign to the Commission herein applied for, all the telephone and telegraph companies' claims, whether for loss of business or for rights of way or easements, leaving to the Commission heretofore appointed the determination of nothing in connection with the telephone and telegraph claims except the value of the Pierce and Peaslee telephone building in Gilboa.

Also at the same time and place the Corporation Counsel of the City of New York will make application to the Supreme Court to approve the substitution for all rights of way and highways existing within the lines of the maps filed in the County Clerk's Office at Schoharie, on the 31st day of January, 1917, the 19th day of March, 1917, the 29th day of May, 1917, and the 30th day of July, 1917, in the County Clerk's Office, County of Greene, on the 26th day of May, 1917, in the County Clerk's office of Delaware, the 31st day of January, 1917, and the 28th day of May, 1917, and the County Clerk's office in the County of Ulster on the 26th day of January, 1917, of the highways as prepared and laid down on the map prepared by the Board of Water Supply of the City of New York pursuant to chapter 724 of the Laws of 1905 as amended. All of which substituted highways are on real estate embraced in the above recited maps. For said substituted highways no real estate is required in addition to the use of certain real estate laid down on said aforesaid maps for highway purposes.

And for such other and further relief as may be just and proper.

The real estate laid down on said maps is situated in the Towns of Gilboa & Conesville, County of Schoharie, Roxbury, County of Delaware, and Prattsville, County of Greene, State of New York.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a release at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and he it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in Plans.
