Contract Summary
This project will reconstruct the comfort station in Cooper Park.
This project will reconstruct path pavements and seating areas in Lincoln Terrace Park.
This project will reconstruct the Salt Marsh Nature Center to provide additional office and exhibition space and ADA access outside the building, around the bluff perimeter.
This project will reconstruct the pavement, curbs, and drainage at the main entrance and areas adjacent to the clubhouse within Marine Park Golf Course.
This project will reconstruct two sections of pathways in the Vale of Cashmere section of Prospect Park.
This project will construct adult fitness equipment in Asser Levy Park.
This project will reconstruct the handball court in Sunset Park.
This project will reconstruct Lion's Pride Playground.
This project will reconstruct the dog run in Washington Park.
This project will reconstruct the asphalt paths, benches and damaged sidewalks at McGolrick Park.
This project will reconstruct the track & field and convert three soccer fields and four ballfields from natural turf to synthetic turf at Red Hook Recreation Area.
This project will reconstruct the children's play area (northern parcel) at La Guardia Playground.
This project will reconstruct basketball and tennis courts in Fort Hamilton Park.
This project will reconstruct the children's play area in Mellett Playground with new steel play equipment, spray shower, pavements, site furniture, security lighting, landscaping, and utilities.
This project will reconstruct Sunners Playground.
This project will construct a BMX bike, skate park and multipurpose play area at Harold Ickes Playground.
This project will reconstruct the basketball courts at Washington Hall Playground.
This project will reconstruct the play equipment, swings, and spray shower and construct a new adult fitness area, a multi-purpose synthetic turf field with a performance stage, benches, fences, drainage, water supply and planting at Bridge Park 2.
This project will reconstruct P.S. 125 Playground.
This project will construct an outdoor adult fitness area at St. John's Recreation Center.
This project will reconstruct the center portion of Manhattan Beach Promenade, around the bathhouse and entryways to the beach with new concrete pavement, drainage, seating, landscaping, steps, and ADA-compliant ramps.

This project will reconstruct the synthetic turf field, basketball court, and drainage systems in Albemarle Playground.

This project will reconstruct the multi-purpose play and passive recreation areas in Success Garden.

This project will construct a portion of Bushwick Inlet Park at 50 Kent Avenue.

This project will reconstruct Brooklyn War Memorial Restroom and Eleanor Roosevelt Playground Comfort Station.

This project will reconstruct the comfort stations at Banneker Playground and Tilden Playground.

This project will reconstruct the playground and seating area at Babi Yar Triangle.

This project will reconstruct pavements at multipurpose play areas and sports courts at various parks citywide.

This project will reconstruct the deteriorated pool decks at various Parks and Recreation pool facilities citywide.

This project will reconstruct and expand the playground at The Battery.

This project will reconstruct the staircases in DeWitt Clinton Park.

This project will reconstruct the spray shower plaza, children's climber play equipment, and safety surfacing at Anne Loftus Playground in Fort Tryon Park.

This project will reconstruct the comfort station in Quisqueya Playground in Highbridge Park.

This project will reconstruct the Inwood Hill Nature Center at Inwood Hill Park due to damage caused by Hurricane Sandy.

This project will reconstruct the sitting area at John Jay Park.

This project will reconstruct Thomas Jefferson Playground.

This project will reconstruct the East River Esplanade from East 68th Street to East 70th Street.

This project will construct a new comfort station at Frederick Johnson Playground.

This project will reconstruct the play area at Frederick Johnson Playground.

This project will reconstruct Peck Slip.

This project will reconstruct Honey Locust Park.

This project will reconstruct Dag Hammarskjold Plaza including the pavilions, trellises, fences, benches, light poles, pavements, trees, and planting beds.

This project will reconstruct the play area at Poor Richard's Playground.

This project will construct an ADA-accessible dog run and reconstruct the basketball court, playground, and sitting areas at Bellevue South Park.

This project will reconstruct Harlem Lane Playground, and it will demolish the existing comfort station and construct a new basketball court and synthetic turf field at Frederick Johnson Playground.

This project will reconstruct pavement at various locations in Riverside Park.

This project will reconstruct pavement at various parks in northern Manhattan.

The project will construct a new open space at the DEP site on East 4th Street between Bowery and Lafayette Street.

The project will construct a new open space at the DEP site at Grand Street and Lafayette Street.

This project will construct the steps along the waterfront at MacNeil Park.

This project will reconstruct the Palm House at the Forest Park Greenhouse.

This project will construct a new multi-use bicycle and pedestrian pathway into Forest Park from Myrtle Avenue, including streetscape and park pathway improvements.

This project will reconstruct the eastern half of the lower playground area, and performance area at Highland Park.

This project will reconstruct the comfort station at the lower east playground in Highland Park.

This project will reconstruct the overlook area around the stone bridge with new pathways, reconstructing steps and stone walls in Highland Park.

This project will reconstruct the adult fitness area at Park of the Americas.

This project will construct a comfort station in Police Officer Edward Byrne Park.

This project will install adult fitness equipment in Flushing Meadows Corona Park.

This project will reconstruct Beach 59th Street Playground with new play equipment, safety surface, pavements, fencing, spray shower, benches and game tables.

This project will construct a dog run along Shore Front Parkway.

This project will construct an adventure course at Shore Front Parkway.

This project will construct a playground at Shore Front Parkway.

This project will construct a labyrinth at Shore Front Parkway.
This project will construct a multi-purpose sports field at Shore Front Parkway.
This project will reconstruct the playground at Little Bush Park.
This project will reconstruct the natural turf baseball field at Whitey Ford Field.
This project will reconstruct the multi-purpose play area at Halletts Cove Playground.
This project will reconstruct the multi-purpose play area and handball courts in Starr Playground.
This project will reconstruct Ravenswood Playground.
This project will reconstruct the play equipment, fencing, and spray shower area at Challenge Playground.
This project will reconstruct the existing multi-use synthetic turf field at Northern Playground.
This project will reconstruct the comfort station in Bayside Playground.
This project will reconstruct the lower entrance, handball court, basketball court, and multipurpose play area at Bay Terrace Playground.
This project will reconstruct the entry plaza, including new benches, pavement and fencing, at Broad Channel Park.
This project will construct a new administration building at Socrates Sculpture Park.
This project will construct a new seating area within the NYCHA Woodside Houses.
This project will construct a new open space within the NYCHA Pomonok Houses.
This project will reconstruct the playground in White Park.
This project will partially reconstruct Lyons Pool Recreation Center in Staten Island.
This project will reconstruct Naples Playground, including the play area, the basketball courts, and the ball field fencing.
This project will reconstruct the comfort station in Prall Playground.
This project will reconstruct Lopez Playground.
This project will reconstruct Morton Playground, including the basketball courts, play equipment, safety surface, water and drainage systems, park lighting, and landscaping.
This project will construct a dog run at Devoe Park.
This project will construct a comfort station in Fort Four Playground at Washington's Walk.
This project will construct a barrier-free participatory garden that engages all the senses in enjoying the outdoors in Pelham Bay Park.

This project will reconstruct Orchard Beach Nature Center in Pelham Bay Park.

This project will reconstruct the sport courts and construct a tot lot in Pulaski Park.

This project will construct a dog run in St. James Park.

This project will reconstruct the greenhouse and head house at the Van Cortlandt Park Nursery.

This project will reconstruct the spray shower at Woodlawn Playground in Van Cortlandt Park.

This project will reconstruct Bridge Playground.

This project will reconstruct the comfort station in Havemeyer Playground.

This project will construct an expanded asphalt multi-purpose play area in Loreto Playground.

This project will reconstruct Wakefield Playground.

This project will reconstruct the play area at Willis Playground.

This project will reconstruct the comfort station in Grove Hill Playground.
