—or any part thereof, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9:30 o'clock A. M., of Friday,

March 30, 1883. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Lumber, etc.," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department, and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the Contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of Chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimates, but must be handed to the officer clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated New York, March 17, 1883.

## NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
New York, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

GEORGE CAULFIELD,  
Commissioner of Jurors,

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received.

1. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work contracted for to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work to be done under the contract is to be fully completed on or before the twelfth day of June, 1883, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the fulfillment thereof, has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the site of the said bulkhead, to be removed under the contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case, to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

ESTIMATES FOR REPAIRING PIER 52, NEAR  
the foot of Gouverneur Slip, East river, will  
be received by the Board of Commissioners at the head  
of the Department of Docks, at the office of said Depart-  
ment, Nos. 117 and 119 Duane street, in the City of  
New York, until 12 o'clock M., of

WEDNESDAY, MARCH 28, 1883,

cable after the opening of the bids. One-half of said  
Pier 52 is owned by the Corporation of the City of New  
York, and the other half by the New York, New Haven  
and Hartford Railroad Company, and the contract for the  
work will not be awarded unless the price named by the  
lowest bidder shall be satisfactory to said owners. Such  
contract, if awarded, will be entered into by the Depart-  
ment of Docks, on behalf of the Mayor, Aldermen and  
Commonalty of the City of New York, and by said  
owners on their own account, the City becoming liable  
for one-half only of the expense, the other one-half to be  
borne and paid for to the Contractor by said owners.

Any person making an estimate for the work shall fur-  
nish the same in a sealed envelope to said Board, at said  
office, on or before the day and hour above named, which  
envelope shall be indorsed with the name or names of the

may not be suitable, in the opinion of the En-  
gineer, to be used again.

2. Yellow pine, white pine, spruce or cypress piles,  
about..... 64  
(It is expected that the piles will be about 45 feet

screw-bolts, and cast-iron pile shoes,  
about..... 2,425 pounds.
10. Crib-stone, about..... 390 cubic yds.  
(This is the approximate total amount required.  
It is estimated that a large portion of this may be  
found in the old work.)
11. Labor of framing and carpentry, including all moving  
of timber, jointing, planing, bolting, spiking,  
painting, oiling or tarring, and labor of  
every description, for an area of about 2,600  
square feet of pier, and setting, securing and  
fastening all mooring posts, fenders and backing  
pieces.
12. Labor of removing about 60 feet in length of the pier  
near the foot of Gouverneur Slip, East river, and  
of removing all the old material from the premises.

N. B.—As the above-mentioned quantities, though  
stated with as much accuracy as is possible, in advance,  
are approximate only, bidders are required to submit their  
estimates upon the following express conditions, which  
shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal ex-  
amination of the location of the proposed work, and by  
such other means as they may prefer, as to the accuracy  
of the foregoing Engineer's estimate, and shall not, at  
any time after the submission of an estimate, dispute or  
complain of the above statement of quantities, nor assert  
that there was any misunderstanding in regard to the  
nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work  
to the satisfaction of the Department of Docks, and in  
substantial accordance with the specifications of the con-  
tract. No extra compensation beyond the amount pay-  
able for the work before mentioned, which shall be actually  
performed, at the price therefor to be specified by the  
lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be com-  
menced within five days after the date of the contract,  
and the entire work is to be fully completed on or before  
the 15th day of June, 1883, and the damages to be paid  
by the contractor for each day the contract may be  
unfulfilled after the time fixed for the fulfillment thereof  
has expired, are, by a clause in the contract, fixed and  
liquidated at Fifty Dollars per day.

All the old material taken from the pier, to be removed  
under the contract, will be relinquished to the contractor,  
and bidders must estimate the value of such material  
when considering the price for which they will do the  
work under the contract.

Bidders will state in their estimates a price for the  
whole of the work to be done, in conformity with  
the approved form of contract and the specifications  
therein set forth, by which price the bids will be  
tested. This price is to cover all expenses of  
every kind involved in the performance of the work,  
including any claim that may arise through delay, from any cause, in the performing of the  
work thereunder.

Bidders will distinctly write out, both in words and  
in figures, the amount of their estimates for doing the work.  
The person or persons to whom the contract may be  
awarded will be required to attend at this office with the  
sureties offered by him or them, and execute the contract  
within five days from the date of the service of a notice to  
that effect; and in case of failure or neglect so to do, he  
or they will be considered as having abandoned it, and as  
in default to the Corporation, and the contract will be  
re-advertised and relet, and so on until it be accepted and  
executed.

Bidders are required to state in their estimates their  
names and places of residence, the names of all persons  
interested with them therein; and if no other person be so  
interested, the estimate shall distinctly state the fact; also  
that the estimate is made without any connection with any  
other person making an estimate for the same work, and  
that it is in all respects fair, and without collusion or  
fraud; and also that no member of the Common Council,  
head of a department, chief of a bureau, deputy thereof,

or clerk therein, or other officer of the Corporation, is  
directly or indirectly interested therein, or in the supplies  
or work to which it relates, or in any portion of the profits  
thereof; which estimate must be verified by the oath, in  
writing, of the party making the estimate, that the several  
matters stated therein are in all respects true. Where  
more than one person is interested, it is requisite that  
the verification be made and subscribed by all the parties  
interested.

Each estimate shall be accompanied by the consent, in  
writing, of two householders or freeholders of the City of  
New York, with their respective places of business or  
residence, to the effect that if the contract be awarded to  
the person or persons making the estimate, they will, on  
its being so awarded, become bound as his or their sureties  
for its faithful performance; and that if said person or  
persons shall omit or refuse to execute the contract, they  
will pay to the Corporation of the City of New York, and  
to the New York, New Haven and Hartford Railroad  
Company, owners of the easterly half of said pier, one-half  
to each, any difference between the sum to which said  
person would be entitled on its completion, and that which  
said Corporation and said owners may be obliged to pay  
to the person to whom the contract may be awarded,  
at any subsequent letting; the amount in  
each case to be calculated upon the estimated amount  
of the work to be done in each class by which the  
bids are tested. The consent above mentioned shall  
be accompanied by the oath or affirmation, in writing,  
of each of the persons signing the same, that he is a  
householder or freeholder in the City of New York, and  
is worth the amount of the security required for the  
completion of the contract, over and above all his  
debts of every nature, and over and above his liabilities as  
bail, surety, and otherwise; and that he has offered himself  
as surety in good faith, and with the intention to execute  
the bond required by law. The adequacy and sufficiency  
of the security offered will be subject to approval by the  
Comptroller of the City of New York and the New York,  
New Haven and Hartford Railroad Company, owners  
of the easterly half of said pier, after the award is made  
and prior to the signing of the contract.

No estimate will be received or considered unless  
accompanied by either a certified check upon one of the  
National Banks of the City of New York, drawn to the  
order of the Comptroller, or money to the amount of five  
per centum of the amount of security required for the  
faithful performance of the contract. Such check or  
money must not be enclosed in the sealed envelope con-  
taining the estimate, but must be handed to the officer or  
clerk of the Department who has charge of the estimate-  
box, and no estimate can be deposited in said box until such  
check or money has been examined by said officer or  
clerk, and found to be correct. All such deposits, except  
that of the successful bidder, will be returned to the  
persons making the same, within three days after the con-  
tract is awarded. If the successful bidder shall refuse or  
neglect, within five days after notice that the contract  
has been awarded to him, to execute the same, the amount  
of the deposit made by him shall be forfeited and retained  
by the City of New York, as liquidated damages for such  
neglect or refusal; but if he shall execute the contract  
within the time aforesaid, the amount of his deposit will  
be returned to him.

Bidders are informed that no deviation from the speci-  
fications will be allowed, unless under the written in-  
structions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded  
to, any person who is in arrears to the Corporation, upon  
debt or contract, or who is a defaulter, as surety or  
otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if  
deemed for the interest of the Corporation of the City of  
New York, or of the New York, New Haven and Hart-  
ford Railroad Company, owners of the easterly half of  
said pier.

Bidders are requested, in making their bids or estimates,  
to use the blank prepared for that purpose by the De-  
partment, a copy of which, together with the form of the  
agreement, including specifications, and showing the man-  
ner of payment for the work, can be obtained upon ap-  
plication therefor at the office of the Department.

are approximate only, bidders are required to submit their  
estimates upon the following express conditions, which  
shall apply to and become part of every estimate  
received:

1. Bidders must satisfy themselves, by personal ex-  
amination of the location of the proposed work, and  
by such other means as they may prefer, as to the  
accuracy of the foregoing Engineer's estimate, and shall  
not at any time after the submission of an estimate, dis-  
pute or complain of the above statement of quantities,  
nor assert that there was any misunderstanding in regard  
to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire  
work contracted for to the satisfaction of the Department  
of Docks, and in substantial accordance with the speci-  
fications of the contract. No extra compensation beyond  
the amount payable for the work before mentioned, which  
shall be actually performed at the price therefor, to be  
specified by the lowest bidder, shall be due or payable  
for the entire work.

The bidder to whom an award is made shall give  
security for the faithful performance of the contract, in  
the manner prescribed and required by ordinance, in the  
sum of five hundred dollars.

The work to be done under the contract is to be com-  
menced within five days after the date of the contract,  
and all the work to be done under the contract is to be  
fully completed on or before the 15th day of May, 1883,  
and the damages to be paid by the contractor for each day  
after the time fixed for fulfillment thereof has expired,  
are, by a clause in the contract, fixed and liquidated  
at Fifty Dollars per day.

All the old material taken from the said pier and bulk-  
head, to be removed under the contract, will be relin-  
quished to the contractor, and bidders must estimate the  
value of such material when considering the price for  
which they will do the work under the contract.

Bidders will state in their estimates a price for the  
whole of the work to be done in conformity with the ap-  
proved form of agreement and the specifications therein  
set forth, by which price the bids will be tested. This  
price is to cover all expenses of every kind involved in  
or incidental to the fulfillment of the contract, including  
any claim that may arise through delay, from any cause,  
in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in  
figures, the amount of their estimates for doing this work.  
The person or persons to whom the contract may be  
awarded will be required to attend at this office with the  
sureties offered by him or them, and execute the contract  
within five days from the date of the service of a notice  
to that effect; and in case of failure or neglect so to do,  
he or they will be considered as having abandoned it, and  
as in default to the Corporation; and the contract will be  
re-advertised and relet, and so on until it be accepted and  
executed.

Bidders are required to state in their estimates their  
names and places of residence; the names of all persons  
interested with them therein; and if no other person be so  
interested, the estimate shall distinctly state the fact; also  
that the estimate is made without any connection with any  
other person making an estimate for the same work, and  
that it is in all respects fair and without collusion or  
fraud; and also that no member of the Common Council,  
Head of a Department, Chief of a Bureau, Deputy thereof,  
or Clerk therein, or other officer of the Corporation, is  
directly or indirectly interested therein, or in the supplies  
or work to which it relates, or in any portion of the profits  
thereof; which estimate must be verified by the oath, in  
writing, of the party making the estimate, that the several  
matters stated therein are in all respects true. Where  
more than one person is interested, it is requisite that the  
verification be made and subscribed by all the parties inter-  
ested.

Each estimate shall be accompanied by the consent, in  
writing, of two householders or freeholders in the City  
of New York, with their respective places of business or  
residence, to the effect that if the contract be awarded to  
the person or persons making the estimate, they will, on  
its being so awarded, become bound as his or their sureties  
for its faithful performance; and that if said person or  
persons shall omit or refuse to execute the contract, they  
will pay to the Corporation of the City of New York any  
difference between the sum to which said person or  
persons would be entitled on its completion, and that which  
said Corporation may be obliged to pay to the person to  
whom the contract may be awarded, at any subsequent let-  
ting; the amount, in each case, to be calculated upon  
the estimated amount of the work to be done, by which  
the bids are tested. The consent above mentioned shall  
be accompanied by the oath or affirmation, in writing,  
of each of the persons signing the same, that he is a  
householder or freeholder in the City of New York, and  
is worth the amount of security required for the com-  
pletion of the contract, over and above all his debts  
of every nature, and over and above his liabilities as  
bail, surety and otherwise; and that he has offered  
himself as surety in good faith and with the intention to  
execute the bond required by law. The adequacy and sufficiency  
of the security offered will be subject to the approval of  
the Comptroller of the City of New York, after the  
award is made and prior to the signing of the contract.

No estimate will be received or considered unless  
accompanied by either a certified check upon one of the  
National Banks of the City of New York, drawn to the  
order of the Comptroller, or money, to the amount of  
five per centum of the amount of security required for the  
faithful performance of the contract. Such check or  
money must not be enclosed in the sealed envelope con-  
taining the estimate, but must be handed to the officer or  
clerk of the Department who has charge of the estimate-  
box, and no estimate can be deposited in said box until such  
check or money has been examined by said officer or  
clerk, and found to be correct. All such deposits, except  
that of the successful bidder, will be returned to the  
persons making the same, within three days after the con-  
tract is awarded. If the successful bidder shall refuse or  
neglect, within five days after notice that the contract  
has been awarded to him, to execute the same, the amount  
of the deposit made by him shall be forfeited and retained  
by the City of New York, as liquidated damages for such  
neglect or refusal; but if he shall execute the contract  
within the time aforesaid, the amount of his deposit will  
be returned to him.

Bidders will write out the amount of their estimate in  
addition to inserting the same in figures.

The form of the agreement and specifications, and  
showing the manner of payment for the articles, may be  
seen and forms of proposals may be obtained at the  
office of the Department.
