The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

PETITION.

(G. O. 170.)

By Alderman Murphy—

To the Honorable the Common Council of the City of New York :

The petition of the Third Avenue Railroad Company respectfully shows : That your petitioner is a corporation duly organized and incorporated under the Laws of the State of New York, and has constructed and now operates a line of railroad extending, among other streets, upon the Bowery, Third avenue, One Hundred and Twenty-fifth street, Manhattan street and Tenth avenue, in the City of New York.

That your petitioner proposes to construct, maintain and operate a street surface railroad for public use in the City of New York, with double tracks connecting with the tracks of said company already constructed, and as branches or extensions thereof, upon and along the surface of streets, avenues and highways in the City of New York, as follows :

Upon, along and over St. Nicholas avenue, from the junction of said avenue with the line of said company at West One Hundred and Twenty-fifth street southerly to a junction of said avenue with Manhattan avenue ; thence over and along Manhattan avenue southerly to West One Hundred and Fourteenth street ; thence eastwardly along and over West One Hundred and Fourteenth street to Eighth avenue ; thence southerly along and over Eighth avenue to West One Hundred and Tenth street ; thence westwardly, along and over West One Hundred and Tenth street to the Riverside Park, or, in case it may at any time hereafter be lawful so to do, from the junction of Manhattan avenue and One Hundred and Fourteenth street, southerly along said avenue to West One Hundred and Tenth street, and thence westwardly along West One Hundred and Tenth street to the Riverside Park ; also from said junction at West One Hundred and Twenty-fifth street and St. Nicholas avenue, northerly through and along St. Nicholas avenue to Kingsbridge road or Broadway ; thence northerly and northeasterly through and along Kingsbridge road or Broadway to and across the proposed new bridge over the Ship canal ; thence northerly through and along Kingsbridge road or Broadway from the proposed new bridge over the Ship canal to and across the bridge over Spuyten Duyvil creek at Broadway ; thence northerly from the bridge over Spuyten Duyvil creek at Broadway, through and along Broadway to the City line, with all the necessary connections, switches, turn-outs, cross-overs, sidings, turn-tables and suitable stands for the convenient working of said road, and for the accommodation of the company's cars which may run over the same.

That your petitioner now owns and is operating in the City of New York, as part of one system, fourteen miles of railroad, or thereabouts.

That said proposed extension and branches will be about nine miles or thereabouts, in length, and will become and be a part of said system and connected therewith.

That the construction of said railroad will greatly accommodate the public and promote the convenience thereof, and will afford additional and much needed facilities for travel to the territory through which said railroad will extend, and will enable your petitioner to transport persons from all points on its system over this extension as a part of a continuous line to their destination for one fare.

That the railroad proposed to be constructed, extended and maintained, and operated by your petitioner, as hereinbefore set forth, is intended to be operated by any motive power other than steam locomotive power, which now or hereafter may be lawfully used or employed on its route.

Your petitioner further shows that pursuant to the laws of this State, it is necessary for it to obtain the consent of the Common Council of the City of New York, to enable it to construct, maintain and operate the railroad aforesaid, and accordingly your petitioner now applies to your Honorable Body for such consent.

Wherefore, your petitioner prays and makes application to the Common Council of the City of New York, for its consent and permission to be granted to your petitioner, its successors, lessees and assigns, to construct, maintain and operate a street surface railroad for public use, through, upon and along the avenues, streets and highways above set forth and described, together with all necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs, and suitable stands for the convenient working of said railroad, and for the accommodation of the company's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns.

Dated New York, March 14, 1893.

[SEAL.]

THIRD AVENUE RAILROAD COMPANY,
By ALBERT J. ELIAS, President.

Attest :

ALFRED LAZARUS, Secretary.

Which was laid over.

In connection therewith, Alderman Murphy offered the following :

Resolved, That Tuesday, the 4th day of April, 1893, at 11 o'clock A. M., and the Chamber of the Board of Aldermen, be and hereby are designated as the time and place when and where the petition of the Third Avenue Railroad Company to the Common Council of the City of New York for its consent and permission that the petitioner may extend the existing railroad tracks of said company and may build, construct, maintain and operate extensions or branches of said petitioner's

railroad in the City of New York, as set forth in the petition of said company for such consent, will be first considered, and that public notice be given by the Clerk of this Board by publishing the same daily for fourteen days in two daily newspapers published in this city, to be designated by his Honor the Mayor, according to the provisions of section 92, as amended, of the Railroad Law, such advertising to be at the expense of the petitioner.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
March 8, 1893. }

To the Honorable the Board of Aldermen :

I return, without approval, the resolution of your Honorable Body, adopted February 28, 1893, permitting the placing and keeping of a platform-scale on the carriageway of Fifty-fourth street, three hundred feet from Tenth avenue, in front of the building of the Central Park, North and East River Railroad Company. The Commissioner of Public Works reports that such a scale would cause obstruction to public travel when in use.

THOS. F. GILROY, Mayor.

Resolved, That permission be and the same is hereby given to the Central Park, North and East River Railroad Company to place and keep a platform-scale, not to exceed eight by fourteen feet, on Fifty-fourth side of their building, in the carriageway close to the curb, about three hundred feet from Tenth avenue, the same to be constructed flush with the surface of the street, so as to be no obstruction to the free use thereof, the work to be done and material supplied at their own expense, under the direction of the Commissioner of Public Works ; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
March 8, 1893. }

To the Honorable the Board of Aldermen :

I return, without approval, the resolution of your Honorable Body, adopted February 28, 1893, which permits the placing and keeping of a storm-door in front of No. 554 Madison avenue, on the ground of the following report of the Commissioner of Public Works :

"This storm-door is already erected and the occupants of the adjoining premises have entered complaints against it, in consequence of which the owner of the storm-door has been notified to remove it. Such privileges have never been granted when objected to by the owners or occupants of adjoining premises."

THOS. F. GILROY, Mayor.

Resolved, That permission be and the same is hereby given to Frederick J. Nott to place and keep a storm-door in front of his premises, No. 554 Madison avenue, the same not to exceed the dimensions prescribed by law, the work to be done at his own expense, under the direction of the Commissioner of Public Works ; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
March 8, 1893. }

To the Honorable the Board of Aldermen :

I return, without approval, the resolution of your Honorable Body, adopted February 28, 1893, which provides for the laying of a crosswalk across Sixth avenue, on the north side of Fifty-fourth street, and assessing the cost on the adjacent property.

The Commissioner of Public Works reports :

"A resolution and ordinance for a crosswalk to be paid for by local assessment is invalid unless preceded by a certificate from the Commissioner of Public Works in accordance with section 321 of the Consolidation Act, as amended by chapter 569, Laws of 1887. As the pavement of the avenue is now deeply covered with snow, no examination can be made whereby the Commissioner could determine whether or not to make such certificate."

THOS. F. GILROY, Mayor.

Resolved, That a crosswalk of two courses of North river blue stone, with a row of paving-blocks between, be laid across Sixth avenue, on the north side of Fifty-fourth street, under the direction of the Commissioner of Public Works ; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
March 14, 1893. }

To the Honorable the Board of Aldermen :

I return, without approval, the resolution of your Honorable Body, adopted February 28, 1893, which provides for the regulating, grading, etc., of Ogden avenue, from Jerome avenue to Orchard street.

There is now in course of construction, at a point a few hundred feet distant from the intersection of Jerome and Ogden avenues, a bridge across the Harlem river, to take the place of the present McComb's Dam Bridge. The completion of this bridge upon the easterly bank of the Harlem river will render necessary the continuation of Ogden, Sedgwick and Jerome avenues, as approaches to the bridge, and a bill is now before the Legislature providing for such approaches. The construction of these approaches will, unquestionably, change the grade of the termination of Ogden avenue, and as no grades have been established for the new approaches, the resolution is premature.

The avenue should not be regulated and graded until the grade of the approaches has been established.

THOS. F. GILROY, Mayor.

Resolved, That Ogden avenue, from Jerome avenue to Orchard street, be regulated and graded, the curb-stones set, the sidewalks flagged a space of four feet in width, and crosswalks be laid at each intersecting and terminating street or avenue, where not already laid, under the direction of the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards ; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

Whereas, The East River Bridge Company is a corporation duly organized and incorporated under and in pursuance of an act of the Legislature of the State of New York, designated as chapter 101 of the Laws of 1892, and entitled "An act to incorporate the East River Bridge Company," passed March 9, 1892; and

Whereas, By said act said company is authorized to construct, maintain and operate "a bridge, commencing at a point at or near Broadway, in the City of Brooklyn, and between the present pier-line and Marcy avenue, in the City of Brooklyn, which said bridge shall be constructed so as to cross the East river as directly as possible to a point between Delancey and Rivington streets, in the City of New York, continuing thence westwardly over, through and across private property between Delancey and Rivington streets, and across intervening streets, so that the entrance and exits of said bridge for vehicles other than cars and for pedestrians and equestrians shall be at a point at or near Sheriff street, in the City of New York"; and

Whereas, By said act said company is also authorized to construct, maintain and operate an approach to said bridge, so as to provide facilities for its use by the public, from a point on said bridge at or about Cannon street, in the City of New York; thence extending westwardly over, through and along private property and across intervening streets to the Bowery, and thence across the Bowery to Spring street, and the said approach is also authorized to be extended if, in the judgment of a majority of the stockholders of said company, it should be deemed for the public convenience so to do, from its termination at the Bowery and Spring street westerly, above, through and along Spring street to or near the Hudson river, in the City of New York; and

Whereas, All of the stockholders of said company have duly determined that they deem it for the public convenience that such extension be made, and have certified that fact in writing to the said company, which has thereupon duly determined that such approach shall be so extended; and

Whereas, Said company is also authorized to build, maintain and operate "a second bridge, which shall commence at a point between the pier-line of the East river and Fulton street, in the City of Brooklyn; the limits of said locality shall be Bridge street, on the west, and Little street, on the east, in said city. From the point of beginning, said bridge shall extend as nearly northwardly as possible across private property and across and along intervening and intersecting streets and avenues to the East river; thence across the East river as directly as possible to a point or place between Jackson and Scammel streets, in the City of New York; thence northwardly through private property between Jackson and Scammel streets and across the intervening streets to Grand street; thence across Grand street and over private property between Sheriff and Ridge streets, and across the intervening streets to a point or place on private property between Delancey and Rivington streets, in junction with the line or route of said bridge hereinbefore first described"; and

Whereas, Said company is also authorized by said act "to construct all necessary approaches other than those hereinbefore specified and all necessary connections between the said bridge or bridges and approaches, and any railroad or railroads in the cities of New York and Brooklyn, so as to enable passengers to be transferred to and from the same"; and

Whereas, Said company also possesses the other powers and privileges granted by said act and the other laws affecting it; and

Whereas, In pursuance of the power and authority vested in it by chapter 101 of the Laws of 1892, said company has duly located the following as the necessary approaches to the two bridges which it is by said act authorized to construct, and has duly declared (what is the fact) that the same and each thereof are necessary approaches to said bridges respectively, and that the connection between said bridge or bridges and such approach or approaches and the railroad or railroads in the cities of New York and Brooklyn therein specified are necessary so as to enable passengers to be transferred to and from the same.

(For convenience of reference, the bridges which this company is authorized to construct will be designated as bridges No. 1 and No. 2.)

Location of Bridge No. 1 and Approaches.

Bridge No. 1 shall extend from a point between South Fifth and South Sixth streets, in the City of Brooklyn, located between the present pier-line and Marcy avenue, thence across the East river to a point at or about Cannon street, between Delancey and Rivington streets, in the City of New York, upon private property, having piers and anchorages as hereinafter set forth.

Approaches will be built to Bridge No. 1 as follows:

(1) From a point in the line of the bridge at or about Cannon street, in the City of New York, situated in the block bounded between Delancey and Rivington, and Columbia and Cannon streets, thence westwardly over, through and along private property, and across intervening streets to the Bowery, connecting with the Second Avenue Elevated Railroad at Allen street, and across the Bowery to Spring street, connecting with the Third Avenue Elevated Railroad on each side of the Bowery. Said approach will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

(2) From the Bowery at Spring street, thence westwardly over, through and along Spring street to West street, connecting with the Sixth Avenue Elevated Railroad at South Fifth avenue, and with the Ninth Avenue Elevated Railroad at Greenwich street. Said approach will also connect with all surface cars whose routes it may cross at the point at or near which its station shall be located.

As a connection with the Dry Dock, East Broadway and Battery Railroad, and other railroads, and with the ferry at Desbrosses street, and also to provide a proper terminal for the operation of said approach, there shall be constructed therefrom a curve from its terminus at West and Spring streets extending southerly into West street, and thence along the same to or near Vestry street.

(3) From a point in the line of the bridge between Delancey and Rivington streets, on the block between Columbia and Cannon streets, being the point of commencement of Approach No. 1, and thence over, along and through private property and across intervening streets to and across Delancey street to connect with Bridge No. 2 at a point on its line situated in the block bounded by Sheriff, Willett, Broome and Grand streets.

(4) An approach for vehicles, pedestrians and equestrians from the anchorage on the New York side, upon a suitable descending grade through private property to be acquired by the company between Delancey and Rivington streets and across intervening streets, following the general line of Approach No. 1 to Sheriff street; thence southerly by a curve through private property between Sheriff and Willett streets and across intervening streets in the line of Bridge No. 2, and under the same to the surface of the ground at Grand street, at which point it will connect with the surface cars running through that street.

(5) In Brooklyn a similar approach for vehicles, pedestrians and equestrians will be constructed in the line of the bridge as already set forth, from the anchorage, upon a suitable descending grade through private property and across intervening streets, between South Fifth and South Sixth streets, connecting with the surface of the ground at Bedford avenue.

Resolved, That this consent of the Common Council is hereby given upon the following condition, the non-compliance on the part of the said company with which shall render this consent void: that the said company, before it or its contractors, employees or agents, shall enter upon any of the streets or avenues of the city for the purpose of constructing said railroad or railroads, shall enter into a good and sufficient bond, with sureties to be approved by the Corporation Counsel, in the sum of two hundred thousand dollars that it will save and keep harmless the City of New York from all damage or injury caused by the erection, construction or maintenance of said railroad or railroads or caused by any interference of the said company, its contractors, agents or employees, with the streets, water-pipes or sewers of said city.

Resolved, further, That this consent is given only upon the condition that the rate of fare upon said elevated railway shall not exceed five cents for each passenger and that the payment of such fare shall entitle each passenger to or from said elevated railroad to free transit across the bridge or bridges with which it is intended to connect the same.

HEALTH DEPARTMENT,
No. 301 MOTT STREET.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISH-
ing Two Hundred and Fifty Tons of White Ash Coal, egg size, for the Willard Parker Hospital, under the charge of the Board of Health, will be received at the office of the Health Department, in the City of New York, until 1:30 o'clock P. M. of March 15, 1893. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for furnishing Coal for Willard Parker Hospital," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.

The Board of Health reserves the right to reject all bids or estimates, as provided in section 64, chapter 410, Laws of 1882, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract

awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The Coal to be of good quality, and the quantity that will be required will be about Two Hundred and Fifty (250) Tons of White Ash Coal, to be well screened and in good order, each ton to be 2,240 pounds, in accordance with the specification attached to and which forms a part of the contract aforesaid.

Delivery to be made at the Willard Parker Hospital, near the foot of East Sixteenth street, at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate or price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of SEVEN HUNDRED (700) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters therein stated are in all respects true.

Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of SEVEN HUNDRED (700) DOLLARS, and agreeing that if he shall omit or refuse to execute the said contract they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which he would be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or estimate, or if he or they accept, but do not execute, the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by requisition on the Comptroller, and as more specifically and particularly is set forth in the contract form.

Bidders are informed that no deviation from the contract and specifications will be allowed, unless under the written instruction of the Board of Health.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department, No. 301 Mott street.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of **TEN THOUSAND (\$10,000) DOLLARS.**

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Com-

mon Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of these proposals.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

The engines are to be completed and delivered within ninety (90) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at twenty (20) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of four thousand (4,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of two hundred (200) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give

the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,
STAATS-ZEITUNG BUILDING, TRYON ROW,
NEW YORK, March 1, 1893.

PROPOSALS FOR ESTIMATES FOR FURNISHING MATERIALS AND WORK FOR ALTERATIONS AND REPAIRS TO THE ARMORY BUILDING FOR THE TWENTY-SECOND REGIMENT, N. G. S. N. Y., NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR FURNISHING the materials and work for the Alterations and Repairs to the Armory Building for the Twenty-second Regiment, N. G. S. N. Y., New York City, will be received by the Armory Board, at the MAYOR'S OFFICE, CITY HALL, UNTIL 10.30 O'CLOCK A. M. OF THE 15TH DAY OF MARCH, 1893, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for supplying the Materials and Work for Alterations and Repairs to the Armory Building for the Twenty-second Regiment, N. G. S. N. Y., New York City," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of FIVE THOUSAND (\$5,000) DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of TWO HUNDRED AND FIFTY DOLLARS (\$250). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit shall be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the Armory of the Twenty-second Regiment, southeast corner of the Boulevard and Sixty-eighth street.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
ROOM 6, NO. 31 CHAMBERS STREET,
NEW YORK, March 3, 1893.

TO CONTRACTORS.
BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office, on Tuesday, March 28, 1893, until 12 o'clock m., at which place and hour they will be publicly opened by the head of the Department.

No. 1. FOR THE CONSTRUCTION OF A BRIDGE OVER THE HARLEM SHIP CANAL, ON THE LINE OF KINGSBRIDGE ROAD OR BROADWAY, BETWEEN TWO HUNDRED AND EIGHTEENTH AND ASHLEY STREETS.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for his faithful performance; and that if he shall refuse or neglect to execute the same, they will

pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 10, No. 31 Chambers street.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.
ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
