No. 1007.

Whereas, On December 31, at midnight, a century of superb accomplishments in science and the arts of civilization will come to an end, thus marking the completion of a cycle of time in which the human race has lifted itself to heights of strength and glory undreamed of in preceding ages; and

Whereas, At the moment when the nineteenth century will have terminated, a new century will be born whose possibilities will be greater than its magnificent inheritance; and

Whereas, The nations of the earth will then survey with retrospective pride the miracles of science which have beautified the cities of the world, which have drawn the nations of the earth into a closer union, which have leashed the elemental forces of nature, which have weighed the sun and analyzed the constituents of the most distant star, and which have decreased the sum of human suffering; and

Whereas, The nations of the earth, not forgetful of the fact that the century which will then have passed has seen the advent of the steamship, the railroad, the telegraph, the telephone, the Roentgen ray and wireless telegraphy, nevertheless turn their faces toward the dawn of the twentieth century with undiminished faith in the continued progress of mankind and with an unflinching belief that the wonders of the future will transcend in value all the treasures of past knowledge and attainment; and

Whereas, The people of The City of New York are confident that the twentieth century will bring to our beloved country pre-eminence in the generous arts of peace and triumph in any struggle which may be thrust upon us in defense of our national rights and honor; and

Whereas, The inventiveness of the human mind, displayed in the construction of death-dealing agencies, will, in the not distant future, make war impossible and hasten the coming of the day when international disputes will be adjusted by arbitration; and

Whereas, The history of the past, both in our city, state and nation, from the War of the Revolution up to the last month of the nineteenth century, fills us with faith for the future and reliance upon that Divine Providence which has blessed us thus far and will still bless us; now therefore be it

Resolved, That a joint committee of the Municipal Assembly, consisting of five members of the Council, to be nominated by the President of the Council, and seven members of the Board of Aldermen, to be nominated by the President of the Board of Aldermen, be and it is hereby appointed to make all necessary arrangements for the proper celebration of the commencement of the twentieth century.

Such references are cause for rejection.

The estimate must be verified.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, or of a guaranty or surety company duly authorized by law to act as a surety, and shall contain the matters set forth in the blank form of bid mentioned below.

No estimate will be received or considered unless accompanied by a certified check, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies or of the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and the plans.

The Park Board reserves the right to reject all the bids received in response to this advertisement if it should deem it for the interest of the City so to do.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the same, together with the form of agreement, including specifications approved as to form by the Corporation Council, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the

ing bids wherein they are written, and will in no case govern the action of the Committee on Supplies in passing upon tenders.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in an amount satisfactory to the Committee, which amount shall be fifty per cent. of the estimated cost of the supplies to be bid for by each bidder, which estimated cost will be determined as nearly as may be from the quantity of like supplies purchased in former years.

All goods are to be delivered in installments as may be required during the year 1901.

Bidders must state the price of each article per pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total footing and awards made to the lowest bidder on each item or class.

Each bid or estimate shall contain and state the name and place of residence or place of business of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders or of a fidelity guaranty or surety company duly authorized by law to act as surety, in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he fail to execute or to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householders or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has obligated himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per cent. of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and an estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and retold as provided by law.

All estimates not conforming to these requirements may be considered as informal.

Supplies may be inspected, estimates of quantities of the different supplies required in former years may be obtained, and further information may be had from the Superintendent of School Supplies, Department of Education.

Bidders are requested to make their bids or estimates upon the blank proposal and lists of articles prepared by the Committee on Supplies, a copy of which, with the proper envelope in which to include the bid, together with a copy of the contract, including the lists of articles or schedules, and the specifications, in the form approved by the Corporation Council, may be obtained upon application to the office of the Superintendent of Supplies, first floor, Hall of the Board of Education, corner of Park avenue and Fifty-ninth street, Borough of Manhattan.
