Hon. BIRD S. COLER, Comptroller :

DEAR SIR—I inclose herewith a communication directed to you by Deputy Commissioner Quinn of the Borough of Brooklyn, and which I have approved. It would seem from this that this additional work was done at your suggestion by Mr. Quinn, and the assurance from you that the expense incurred would be met by the Board of Estimate and Apportionment.

The appropriation available for this borough is not, at the present time, and will not be during the current year, in a condition to meet this added expense, and therefore I ask that you take such steps as may be necessary to have the additional amount of \$4,810.02 appropriated, in order that the expense incurred at your suggestion may be liquidated.

Respectfully,

P. E. NAGLE, Commissioner.

CHAMBERS OF THE SURROGATES' COURT,
 COUNTY OF NEW YORK,
 NEW YORK, October 25, 1901.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Herewith is submitted the claim of Mr. Deyo for services rendered by him in the proceedings more particularly set forth in the annexed communication of Mr. Deyo and the accompanying bills. The claim has been approved by both Surrogates, is reasonable in amount, and your Honorable Board is respectfully requested to make provision for the payment of the same.

Yours respectfully,

FRANK T. FITZGERALD, Surrogate.

DEYO, DUER & BAUERDORF, COUNSELLORS-AT-LAW,
 No. 115 BROADWAY,
 NEW YORK, October 9, 1901.

Hon. FRANK T. FITZGERALD, Hon. ABNER C. THOMAS, Surrogates of the County of New York:

GENTLEMEN—I inclose herewith bills for my services rendered to you in the matter of the applications of Major F. Butler and John B. Cartwright, to be restored to positions in your office from which they had been removed by you.

You could not call upon the Corporation Counsel to defend your action in these matters and were compelled to resort to outside counsel. I have made these bills for presentation to the Board of Estimate and Apportionment. I am informed that there is a balance of about \$2,700 allowed you for clerk hire for the current year which has not been and probably will not be drawn upon, and that the amount of my bills can be paid out of that fund.

I consider the charges named by me as exceedingly reasonable. The questions raised were novel, requiring an extensive examination of the law and the decisions, and the writing of very elaborate briefs.

Very respectfully yours,

ROBERT E. DEYO.

LAW DEPARTMENT,
 OFFICE OF THE CORPORATION COUNSEL,
 NEW YORK, November 18, 1901.

To the Board of Estimate and Apportionment:

SIRS—I am in receipt of a communication from Hon. Thomas L. Feitner, Secretary, transmitting a letter from Mr. Robert E. Deyo, dated October 9, 1901, requesting an appropriation for services rendered to the Surrogates, which letter was presented and referred to me at a meeting of your Board held on October 30.

The facts relating to the matter are as follows:

Certain applications were made to the Supreme Court by two employees to be restored to positions in the office of the Surrogates from which they had been removed.

As the Surrogates could not legally call upon the Corporation Counsel to defend their action in these matters they were compelled to employ private counsel, and did employ Mr. Robert E. Deyo, a well-known member of the bar.

It appears from the communication of Hon. Frank T. Fitzgerald, Surrogate, that the services of Mr. Deyo were satisfactory and that the amounts proposed by him as his compensation are reasonable.

It further appears that there is a balance of about \$2,700 allowed to the Surrogates for clerk hire for the current year which will not be drawn upon, and it is more than sufficient to pay the amount of Mr. Deyo's two bills.

In my opinion if your Board should feel so disposed you would be justified in making a transfer of a sufficient amount and paying these claims in conformity with the request of the Surrogates.

Yours,

JOHN WHALEN, Corporation Counsel.

And offered the following:

Resolved, That the sum of five hundred and eighteen dollars and ninety cents (\$518.90) be and hereby is transferred from the appropriation made to the Surrogates' Court, New York County, for the year 1901, entitled "Salaries of Chief Clerk, Deputy Chief Clerk, Clerks, Assistants, Stenographers and Employees," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said court for 1901, entitled "Contingencies," the amount of said appropriation being insufficient.

The Committee on Finance respectfully reports that a claim has been presented by Charles Singer for professional services as Architect in connection with the completion of the building for Public School 64, in the Borough of Queens, said claim amounting to \$269.65. COMPTROLLER'S OFFICE,

November 27, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Estimate, at meeting of November 13, 1901, passed the following resolution:

"Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of two hundred and sixty-nine dollars and sixty-five cents be and the same is hereby appropriated from premiums derived from the sale of Corporate Stock, heretofore issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, said sum to be applied in payment of the claim of Charles Singer, for professional services as Architect in connection with the completion of Public School 64, Borough of Queens; requisition for said sum being hereby made upon the Comptroller."

In reply would report that this claim is based upon the following bill as presented to the Board of Education.

To Charles Singer, professional services rendered in the completion of Public School 64, Woodhaven, Borough of Queens, Alexander Brower, Contractor.....	\$4,893 00
5 per cent. on contract price.....	\$244 65
5 extra sets of specifications and 5 sets of blue prints.....	25 00
Total.....	\$5,162 65

At meeting of the Trustees of Union Free School District No. 7, Jamaica, on October 7, 1897, Singer and Chambers were employed as Architects for school buildings Nos. 7, 8 and 9, and at meeting of the said Trustees on December 10, 1897, \$4,046.85 was paid to Singer and Chambers, being 5 per cent. on the total amount of the contract prices, including heating for the above-mentioned schools Nos. 7, 8 and 9.

The original contract for the erection of School No. 7 was awarded to Raines & Mosher for \$24,200, and \$20,200 of this amount was paid to them when they abandoned the work, which was subsequently completed by contract of Alexander Brower for \$4,893.

In order to let the uncompleted work Mr. Charles Singer, the successor of Singer & Chambers, was verbally requested by the Superintendent of School Buildings of the Board of Education to prepare new plans and specifications for the uncompleted work. This Mr. Singer did, and in my opinion a fee of 5 per cent. on this work is just and reasonable; but the allowance of 5 per cent. made by the School Trustees of the Union Free School District No. 7, Jamaica, was more than the usual fee allowed by the schedule of prices fixed by the American Institute of Architects and which has been the custom of the City to pay, i. e., 3½ per cent. of the cost of the work when the contract is awarded and 1½ per cent. upon the certificates issued by the Architect.

Therefore, taking the entire work, I consider that Mr. Singer's claim should be \$209.65, calculated as follows:

3½ per cent. on \$24,200, contract price of Raines & Mosher.....	\$584 00
1½ per cent. on \$20,200, total amount of certificates issued to Raines & Mosher.....	303 00
5 per cent. on \$4,893, amount of Alexander Brower's contract for completion of building.....	244 65
For extra specifications and prints.....	25 00
	\$1,156 65

Paid, account, December 11, 1897, by Trustees, 5 per cent. on \$24,200..... 1,210 00

Balance due..... \$209 65

Therefore, I would suggest that the Board of Estimate and Apportionment only give their approval to \$209.65 of the amount (\$269.65) appropriated by the Board of Education by resolution of November 13, 1901.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the appropriation of two hundred and nine dollars and sixty-five cents (\$209.65) of the requisition of the said Board of Education by resolution adopted November 13, 1901, from premiums derived from the sale of Corporate Stock of The City of New York, pursuant to section 48 of the Greater New York Charter; said sum to be applied in payment of the claim of Charles Singer, for professional services as Architect in connection with the completion of Public School 64, Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Acting Corporation Counsel and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

To the Board of Education:

The Committee on Finance, to which was referred the report of the Committee on Buildings, recommending award of contract for furniture, Item 3, for new Public School 79, Borough of Queens, respectfully reports that, in response to the usual duly authorized advertisement, the following bids were received:

A. G. Spalding & Bros.....	\$425 00
Narragansett Machine Co.....	390 00

The Committee on Buildings recommends that the award be made to the lowest bidders, in which recommendation the Committee on Finance concurs, and submits for adoption the following resolution:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of three hundred and ninety dollars (\$390) be and the same is hereby appropriated from the proceeds of the sale of Corporate Stock, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with the Narragansett Machine Company, contractors, for furniture, Item 3, for new Public School 79, Borough of Queens; requisition for said sum being hereby made upon the Comptroller.

But no part of said appropriation authorized by this resolution to be paid until the Committee on Buildings shall have filed the contract to be entered into by it, for and on behalf of the Board of Education, with the contractors named, to whom the award is hereby made; said contract to be in such form and with such security for the faithful performance of the same as shall be satisfactory to the Committee on Finance; the rules of this Board in regard thereto, and as to the payments to be made on account thereof, to be complied with.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education at meeting held November 13, 1901, adopted a resolution appropriating, subject to the approval of the Board of Estimate and Apportionment, the sum of three hundred and ninety dollars (\$390) from the proceeds of Corporate Stock to be issued by the Comptroller pursuant to section 48 of the Greater New York Charter, application for the issue of which is made. Said sum to be applied in payment of the contract to be entered into by the Committee on Buildings for and on behalf of the Board of Education with the Narragansett Machine Company, contractors, for furniture (Item 3) for new Public School 79 in the Borough of Queens.

Proposals were invited in the usual manner on carefully-prepared specifications and by advertisement in the CITY RECORD; two bids were received for \$390 and \$425 respectively; award was made to the lowest bidder—the Narragansett Machine Company—at its bid of \$390.

Other items for the furniture in this school have previously been given out on two separate contracts, and this contract covers the furnishing of wands, dumb-bells, Indian clubs and lockers for the gymnasium.

I see no reason why the Board of Estimate and Apportionment may not properly approve the appropriation as made.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education by resolution adopted November 13, 1901, for the appropriation of three hundred and ninety dollars (\$390) from the proceeds of Corporate Stock of The City of New York to be sold pursuant to the provisions of section 48 of the Greater New York Charter, and the ordinance of the Municipal Assembly approved by the Mayor April 16, 1901, for the purpose of providing means for the payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with the Narragansett Machine Company, contractors, for furniture, Item 3, for new Public School 79, Borough of Queens.

DEPARTMENT OF CORRECTION OF THE CITY OF NEW YORK,
COMMISSIONER'S OFFICE, NO. 148 EAST TWENTIETH STREET,
NEW YORK, November 23, 1901.

Hon. ROBERT A. VAN WYCK, Mayor and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I beg to inclose herewith proposal for moving the old kitchen and rearranging fence and gate at extension of boiler-house, New City Prison, for the sum of one hundred dollars (\$100), such proposal being made by Mr. Charles F. Wood, representing the sureties of the Armstrong & Bolton Company.

Will your Honorable Board allow me the above-named sum of \$100 in order that I may accept the proposal, the amount to be taken from the appropriation made to the Department of Correction for "Building Fund," chapter 626, Laws of 1896, as amended by chapter 642, Laws of 1897, and section 170 of the Charter of the Greater New York.

Very respectfully,

FRANCIS J. LANTRY, Commissioner.

HORGAN & SLATTERY, ARCHITECTS, NO. 1 MADISON AVENUE,
NEW YORK, November 20, 1901.

Honorable FRANCIS J. LANTRY, Department of Correction, New York City:

DEAR SIR—We inclose proposal received from Mr. Charles Francis Wood, representative of the sureties of the Armstrong-Bolton Company, for moving the old kitchen and rearranging the fence and gate at the site of the extension of the boiler-room at the New City Prison, for the sum of \$100, and would recommend that such proposal be accepted.

Very truly yours,

HORGAN & SLATTERY.

CHARLES FRANCIS WOOD, CONSULTING CIVIL AND MECHANICAL ENGINEER,
NO. 1 MADISON AVENUE, NEW YORK, September 12, 1900.

Messrs. HORGAN & SLATTERY, No. 1 Madison avenue, New York, N. Y.:

GENTLEMEN—In compliance with your verbal request I am pleased to tender you a proposal to move the old kitchen and rearrange the fence and gateway at the site of the boiler-room of the New City Prison, as agreed upon with the Warden of the Tombs, for the sum of one hundred dollars (\$100).

This proposal being made by the sureties of the Armstrong & Bolton Company necessarily carries with it the consent of said sureties to this addition to the contract as required by law, and the amount of said proposal does not exceed the 5 per cent. limit of additions to contract as fixed by section 3, chapter 626, Laws of 1896.

Respectfully,

CHARLES F. WOOD,

For the United States F. and G. Co. and the American Bonding and Trust Co.,
Sureties on the Bond of the Armstrong & Bolton Co.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 26, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. Francis J. Lantry, Commissioner Department of Correction, by letter dated November 21, 1901, requests the Board of Estimate and Apportionment to allow the sum of \$100 in order to accept the proposals of Charles F. Wood (representing the sureties of the Armstrong & Bolton Company) to furnish the necessary labor and material to move the old kitchen and rearrange the fence and gateway at the site of the boiler-room of the new City Prison.

In reply I would report that, although not definitely stated, it is the intention of the Commissioner to consider this an addition to the contract of the Armstrong & Bolton Company (being executed by the sureties) for the steam power, heating plant, etc., for the new City Prison.

The proposed alterations can be done in accordance with the requirements of section 3, chapter 626, Laws of 1896, as follows:

"The Commissioner of Correction, with the approval of the Board of Estimate and Apportionment first had and obtained, is hereby authorized and empowered, with the consent in writing of the contractor and his sureties, to alter any plans and the terms and specifications of any contract entered into by authority of this act, provided that such alterations shall in no case involve or require an increased expense greater than 5 per cent. of the whole expenditure provided for in said contract."

The proposal being made by Charles F. Wood, representing the sureties of the Armstrong & Bolton Company, necessarily carries with it the consent of the contractor, since the contract is being executed by the sureties. The offer to perform the work for the sum of \$100 may be considered approved of by Hon. Francis J. Lantry, Commissioner of Correction, as the Commissioner requests the Board of Estimate and Apportionment to allow \$100 for the purpose.

From an examination of all the contracts for work on the new City Prison, I cannot find that the proposed work is included in any contract.

The contract of the Armstrong & Bolton Company, being completed by the sureties, the United States Fidelity and Guaranty Company and the American Bonding and Trust Company of Baltimore, amounts to \$93,325, and 5 per cent. of this is \$4,666.25.

On October 30, 1901, the Board of Estimate and Apportionment authorized \$1,500 of this amount for the erection of six elevator fronts, etc. If to this sum the amount of the present modification is added, the total will be \$1,600, which is within the limit of the 5 per cent. of the total amount of the contract.

All the requirements of the law have been fulfilled, and, the work being considered necessary, I think the Board of Estimate and Apportionment may properly give its approval to the changes proposed.

Respectfully,

EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment authorizes and empowers, pursuant to section 3 of chapter 626 of the Laws of 1896, the Commissioner of Correction to accept the plans and terms and specifications of the contract with the United States Fidelity and Guaranty Company and the American Bonding and Trust Company, sureties of the Armstrong & Bolton Company, contractors for the steam power, heating, ventilating, elevator, electric plant, etc., for the City Prison, so as to provide for the necessary labor and material to move the old kitchen and rearrange the fence and gateway at the site of the boiler-room of the New City Prison, at a cost of one hundred dollars (\$100), as requested by the said Commissioner of Correction in his communication to this Board dated November 21, 1901.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Acting Corporation Counsel and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

To the Board of Education:

The Committee on Finance, to which was referred the report of the Committee on Buildings recommending award of contract for sanitary work, Contract No. 1, at new High School of Commerce, Borough of Manhattan, respectfully reports that, in response to the usual duly authorized advertisement, the following bids were received:

Jeremiah J. Deady.....	\$2,139 00
James Fay.....	1,759 00
John J. McGrath.....	1,995 00
Edward J. Renehan.....	2,033 00
John Spence.....	1,593 00
William Brodie.....	2,334 00

The Committee on Buildings recommends that the award be made to the lowest bidder, in which recommendation the Committee on Finance concurs and submits for adoption the following resolution:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of fifteen hundred and ninety-three dollars (\$1,593) be and the same is hereby appropriated from the proceeds of High School Bonds, to be issued by the Comptroller, pursuant to chapter 412, Laws of 1897, application for the issue of which is hereby made; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with John Spence, contractor, for sanitary work, Contract No. 1, at new High School of Commerce, Borough of Manhattan, requisition for said sum being hereby made upon the Comptroller.

But no part of said appropriation authorized by this resolution to be paid until the Committee on Buildings shall have filed the contract to be entered into by it, for and on behalf of the Board of Education, with the contractor named, to whom the award is hereby made; said contract to be in such form and with such security for the faithful performance of the same as shall be satisfactory to the Committee on Finance; the rules of this Board in regard thereto, and as to the payments to be made on account thereof to be complied with.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, at meeting held November 13, 1901, adopted a resolution appropriating, subject to the approval of the Board of Estimate and Apportionment, the sum of fifteen hundred and ninety-three dollars (\$1,593) from the proceeds of High School Bonds to be issued by the Comptroller, pursuant to chapter 412, Laws of 1897, application for the issue of which is made; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with John Spence, contractor for sanitary work (Contract No. 1) at High School of Commerce in the Borough of Manhattan.

Proposals were invited in the usual manner on carefully prepared plans and specifications, and by advertisement in the CITY RECORD; six bids were received, ranging from \$1,593 to \$2,334; award was made to the lowest bidder, John Spence, at his bid of \$1,593.

The sanitary work in this High School Building cannot all be given out at one contract, for the reason that the location of the respective laboratories has not as yet been definitely decided upon, owing to the fact that no Principal has been appointed for this school. It is necessary, however, in order to comply with the rules of the Board of Health, that certain connections be made with the sewer and water-mains when the building has reached a certain point in its construction. In order to observe these regulations, so much of the plumbing contract as is absolutely necessary has been given out in this contract.

This appropriation may properly be approved by the Board of Estimate and Apportionment.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That, pursuant to the provisions of chapter 412 of the Laws of 1897, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York (High School Bonds), to the amount of one thousand five hundred and ninety-three dollars (\$1,593), to provide means for the payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with John Spence, contractor, for sanitary work, Contract No. 1, at new High School of Commerce, Borough of Manhattan; and that the Comptroller be authorized, when authority therefor shall have been obtained from the Municipal Assembly, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one thousand five hundred and ninety-three dollars (\$1,593), the proceeds whereof shall be applied to the purposes aforesaid.

HEADQUARTERS FIRE DEPARTMENT—CITY OF NEW YORK,
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, November 11, 1901.

Hon. ROBERT A. VAN WYCK, Mayor and Chairman of the Board of Estimate and Apportionment:

SIR—Pursuant to the provisions of section 1554 of the Greater New York Charter, I have the honor, upon recommendation of the Chief of Department, to respectfully request your Honor-

able Board will please prescribe the conditions upon which this Department may acquire one set, two pair, 10 by 11-inch stroke Clapp & Jones pumps, needed in connection with the proposed work of repairing the fireboat "Zophar Mills" (Engine 51), boroughs of Manhattan and The Bronx. The Clapp & Jones pump, which is patented, is the only reliable pump for fire-boat service, and as such is generally recognized.

I have also the honor to request that your Honorable Board prescribe the conditions upon which the Department may procure two new "Dederick" hook and ladder trucks (one 75-foot, the other 85-foot), for use in the boroughs of Manhattan and The Bronx, which are required to take the place of an equal number rendered useless as the result of collisions with trolley cars. Experience has demonstrated that the "Dederick" truck, which is patented, is best suited to the needs of the Department, and, furthermore, they can be delivered within thirty days from the date of contract.

Early and favorable action upon this application will be appreciated.

Yours respectfully,
J. J. SCANNELL, Fire Commissioner

CITY OF NEW YORK—DEPARTMENT OF FINANCE
COMPTROLLER'S OFFICE,
November 15, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. John J. Scannell, Commissioner, Fire Department, by letter dated November 11, 1901, requests the Board of Estimate and Apportionment, pursuant to section 1554 of the Greater New York Charter, to prescribe the conditions upon which the Fire Department may acquire "one set, two pairs, 10 by 11 inch stroke Clapp & Jones pumps," needed in connection with the proposed work of repairing the fire-boat "Zophar Mills" (Engine 51), boroughs of Manhattan and The Bronx.

Also to prescribe the conditions upon which the Fire Department may procure two new "Dederick" hook and ladder trucks (one 75-foot, the other 85-foot), for use in the boroughs of Manhattan and The Bronx.

The Commissioner states that the "Clapp & Jones pump" is patented, but is the only reliable pump for fire-boat service, and as such is generally recognized.

In relation to the "Dederick hook and ladder truck" the Commissioner says it is the best suited to the needs of the Department; and, furthermore, they can be delivered within thirty days from the date of contract.

The efficiency of the Fire Department depends upon its having the very best equipments that can be obtained. The Commissioner has exercised his judgment in choosing these pumps and trucks, and they are patented.

I see no way to arrange this matter other than that I have recommended in other similar cases, of inserting in the advertisement, after each description, the words, "or equal thereto."

This would not, probably, lead to any other choice than that now made by the Commissioner, but it leaves the matter open, as far as can be, and the method being prescribed by the Board of Estimate and Apportionment, the law will not be violated.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That, pursuant to the provisions of section 1554 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the advertising for bids by the Fire Department for proposals for "Clapp & Jones" pumps, and "Dederick" hook and ladder trucks, with the addition of the words in the specifications "or equal thereto."

Affirmative—The Mayor, Comptroller, Acting Corporation Counsel and President of the Department of Taxes and Assessments—4.

DEPARTMENT OF HIGHWAYS—COMMISSIONER'S OFFICE,
Nos. 17 TO 21 PARK ROW,
NEW YORK, November 14, 1901.

Hon. BIRD S. COLER, Comptroller:

DEAR SIR—Chapter 640 of the Laws of 1897 provides for the establishment of Boscobel place, near the easterly end of the Washington Bridge, in the Borough of The Bronx.

The construction and improvement of Boscobel place is under the jurisdiction of this Department, and I inclose form of contract and specifications for the work, which is estimated to cost \$57,000.

I respectfully request that you issue Revenue Bonds for this amount, and advise me of your action in order that I may take steps to make a contract for the improvement.

Very respectfully,
JAMES P. KEATING, Commissioner of Highways.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 21, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. James P. Keating, Commissioner of Highways, by letter dated November 14, 1901, requests the Comptroller to issue Revenue Bonds to the amount of \$57,000, pursuant to chapter 640 of the Laws of 1897, for the construction and improvement of Boscobel place. The Commissioner also forwards a form of contract and specifications and plans of the work.

In reply would report that chapter 640, Laws of 1897, is an act to provide for the establishment of Boscobel place, near the easterly end of the Washington Bridge, in the Twenty-fourth Ward of The City of New York. Section 1 describes the property as follows:

"All those pieces or parcels of land situate in the Twenty-fourth Ward of The City of New York, and extending from Undercliff avenue to Boscobel avenue south of the Washington Bridge, and shown and designated as a public place on the map or plan of section 15 of the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, under authority of chapter 545 of the Laws of 1890, and the acts amendatory thereof, are hereby set apart and appropriated for a public place to be known as Boscobel place."

Section 2 of the law specifies the manner in which the money shall be raised for the cost and expense of the acquisition of the property and for the cost and expense of the construction and improvement of said public place.

The contract, specifications and plans submitted call "for the construction and improvement of Boscobel place, in the Borough of The Bronx, together with adjoining and connecting areas, under authority of chapter 640, Laws of 1897."

The plans show that the connecting areas referred to are mostly north of the southerly line of Washington Bridge, which, in my opinion, is not authorized by chapter 640 of the Laws of 1897; as stated above, the limits of Boscobel place is "from Undercliff avenue to Boscobel avenue, south of the Washington Bridge."

Therefore, in my judgment, no other improvement can be done, pursuant to chapter 640 of the Laws of 1897, except that which lies within the limits prescribed in section 1 of said act.

Respectfully,
EUG. E. McLEAN, Engineer.

And moved that the application be denied.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 25, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, at meeting held November 13, 1901, adopted a resolution appropriating, subject to the approval of the Board of Estimate and Apportionment, the sum of fifty-four hundred and forty-five dollars (\$5,445) from the proceeds of Corporate Stock to be issued by the Comptroller pursuant to section 48 of the Greater New York Charter, application for the issue of which is made. Said sum to be applied in payment of the contract to be entered into by the Committee on Buildings for and on behalf of the Board of Education with Frank Dobson, contractor, for installing heating and ventilating apparatus, gas and electric fixtures in new Public School 32, Borough of Richmond.

Proposals were invited in the usual manner on carefully prepared plans and specifications and by advertisement in the CITY RECORD and seven bids were received, ranging from \$5,445 to \$7,347; award was made to the lowest bidder, Frank Dobson, at his bid of \$5,445.

The system of heating and ventilating will be by the use of Italian flue box base radiators (direct and indirect radiators) installed in each of the classrooms, to be furnished with steam by two horizontal tubular boilers, each 10 feet long by 3 feet in diameter, and containing 30 tubes of 3-inch diameter. The building is to be furnished with fixtures for gas and electric light.

There appears to be no reason why the appropriation as made should not receive the approval of the Board of Estimate and Apportionment.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education, by resolution adopted November 13, 1901, for the appropriation of five thousand four hundred and forty-five dollars (\$5,445) from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter, and the ordinance of the Municipal Assembly, approved by the Mayor July 9, 1900, for the purpose of providing means for the payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with Frank Dobson, contractor, for installing heating and ventilating apparatus and gas and electric fixtures in new Public School 32, Borough of Richmond.

The consent of the Commissioner of Bridges has been obtained for the above transfers.

Respectfully,

The Comptroller presented the following:

DISTRICT ATTORNEY'S OFFICE,
COUNTY OF NEW YORK,
December 2, 1901.

To the Honorable Board of Estimate and Apportionment, New York City:

GENTLEMEN—I hereby request that the sum of \$12,000 be transferred from the appropriation for "Salaries for the year 1901, District Attorney's Office, New York County, Assistants, Deputy Assistants, Clerks, Stenographers, County Detectives, Messengers and other Employees, including Stenographer to the Grand Jury, \$250,310" (the amount requested to be transferred being in excess of the amount required for the purposes of the aforesaid "Salaries Account"), to the appropriation for "Contingencies for 1901, including Arrearages," for the reason that the latter appropriation is insufficient to cover the estimated expenditures for the balance of this year.

I desire to leave the finances of this office in such a condition that my successor will not be compelled to use the Contingent Fund appropriated for 1902 to pay for bills contracted during the current year.

The demands on the Contingent Account have been exceptionally heavy during the current year, owing to the fact that extraordinary expenses were incurred in conducting the investigations in relation to the Police and other departments, the New York Central Railroad tunnel, the Brooklyn Bridge matter, and in the preparation of a certain homicide case. Particularly heavy was the outlay in the police investigations and trials, in the conduct of which it was found necessary to engage private detectives and to provide for the maintenance of important witnesses, who were kept under constant surveillance; and as in the recent trial of Captain Thomas J. Diamond held in the Supreme Court of Albany County, where it was necessary to send counsel for the People, private detectives and a large number of witnesses to Albany, all of whom had to be provided with transportation and hotel accommodation.

The total expenses incurred in all of the aforesaid cases at present amount to \$18,835 and about \$9,000 of this sum was expended in the police cases.

This additional transfer of \$12,000 will make a total of \$52,000 appropriated to the credit of the Contingent Account for the current year. In view of the fact that the sum of \$18,835 has been expended in these cases and \$5,000 additional disbursed as arrearages for contingent expenses incurred by my predecessor in office, making a total of \$23,835, our actual disbursements would still be kept within the ordinary expenditure of about \$28,000, which sum includes expenditures incurred in the extradition of defendants from other states and countries (the number of extraditions this year being twice that of any former year), and, also, the payment of such claims as were formerly paid from the "Revenue Bond Fund for Claims" and "Judgment Fund," the payment of which claims is now made from our Contingent Fund, pursuant to a recent opinion of the Corporation Counsel. These additional expenditures amount to at least \$2,000, which would leave our expenditure about \$26,000, and while this office has disposed of a larger number of cases during the present year than was ever disposed of by any other administration during a similar period, the work has been accomplished with a considerably smaller outlay for salaries, etc., as will be seen from the following estimated unexpended balances of appropriations for the year 1901, viz.:

Salaries..... \$32,777 64 Fees of Clerk of Court of General Sessions for Certifications, etc..... 7,134 16

Estimated total unexpended balance..... \$39,911 80

Deducting from this unexpended balance of \$39,911.80 the sum of \$10,000 recently transferred, and the sum of \$12,000 requested herein (a total of \$22,000), will leave an estimated unexpended balance of \$17,911.80, which amount will at the end of this year be returned to the City Treasury.

Yours respectfully,

EUGENE A. PHILBIN, District Attorney.

And offered the following:

Resolved, That the sum of twelve thousand dollars (\$12,000) be and hereby is transferred from the appropriation made to the District Attorney, New York County, for the year 1901 entitled "Salaries of Assistants, Deputy Assistants, Clerks, Stenographers, Typewriters, Subpoena Servers, Messengers and Employees, including Stenographer for the Grand Jury," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said office for 1901, entitled "Contingencies, including Arrearages," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Acting Corporation Counsel and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
COMMISSIONER'S OFFICE, PARK ROW BUILDING,
MANHATTAN, NEW YORK CITY, N. Y., December 5, 1901.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—I hereby respectfully request the transfer of \$1,000 from "Maintenance of and Repairs to Bridges over the Harlem River and in the Borough of Manhattan, 1901," to "Contingencies, 1901," for soundings and borings on Harlem river, about Two Hundred and Tenth street.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Acting Corporation Counsel and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following:

Resolved, That the sum of five hundred dollars (\$500) be and hereby is transferred from the appropriation made to the Department of Bridges, for the year 1901, entitled "For Maintenance

DEAR SIR—I beg to inclose herewith a proposal of Williams & Gerstle, for changes in connection with placing the switchboard in dynamo-room, Administration Building, Penitentiary, Blackwell's Island, for the sum of two thousand and sixty-seven dollars (\$2,067).

The necessity for this extra work arose from a new rule, formulated by the Department of Public Buildings, Lighting and Supplies, in relation to location of dynamos.

Will your Honorable Board allow me the above-named sum (\$2,067), in order that I may accept the proposal of Williams & Gerstle, the amount to be taken from the appropriation made to the Department of Correction for "Building Fund," chapter 626, Laws of 1896, as amended by chapter 642, Laws of 1897, and section 170 of the Charter of Greater New York?

Respectfully,

FRANCIS J. LANTRY, Commissioner.

NEW YORK, November 26, 1901.

Hon. FRANCIS J. LANTRY, Commissioner of Correction:

DEAR SIR—We are in receipt of your communication of November 23 relative to the changes in switch-board at the Penitentiary Block, Blackwell's Island. We desire to say that we propose to furnish all the necessary labor and materials to move the switchboard and the necessary connections for same as shown on the old plans to the new location as shown on plans approved by the architects, Messrs. Horgan & Slattery, for the sum of two thousand and sixty-seven dollars (\$2,067). This work to be done in a first-class, satisfactory and workmanlike manner, and to meet with the approval of the Department of Public Buildings, Lighting and Supplies, and to the satisfaction of yourself.

We also give you the consent of sureties for the performance of this work, and would ask you to kindly return your approval of our proposition as promptly as possible, as it is urgent to have your consent before starting this work. Awaiting your immediate reply, we remain,

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 5, 1901.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. Francis J. Lantry, Commissioner of Correction, in communication under date of November 26, 1901, requests the Board of Estimate and Apportionment to allow the sum of \$2,067, in order to accept the bid of Williams & Gerstle, to furnish all the necessary labor and materials to move the switchboard and the necessary connections for same, being extra work in connection with the contract of Williams & Gerstle for steam heating, electric lighting, etc., in the Penitentiary, Blackwell's Island.

In reply, would report that the original plans of (Contract No. 3000) Williams & Gerstle show the dynamos located in the room where the bake-ovens have since been placed. Fearing that the heat of the ovens would interfere with the proper working of the dynamos, the architects changed the location of the dynamos to the old boiler-room, but left the switchboard in its original position. On October 11, 1901, the Department of Public Buildings, Lighting and Supplies placed a violation on this arrangement and required that the switchboard be placed near the dynamos; the change has made necessary the construction of additional conduits, wiring and labor. The proposed alterations can be done in accordance with the requirements of section 3, chapter 626, Laws of 1896, as follows:

"The Commissioner of Correction, with the approval of the Board of Estimate and Apportionment first had and obtained, is hereby authorized and empowered, with the consent in writing of the contractor and his sureties, to alter any plans, terms and specifications of any contract entered into by authority of this act, provided that such alterations shall in no case involve or require an increased expense greater than 5 per cent. of the whole expenditures provided for in said contract."

The contract of Williams & Gerstle amounts to \$43,864, and 5 per cent. of this is \$2,193.20.

All the requirements of the contract have been fulfilled and the work being necessary to comply with the requirements of the Department of Public Buildings, Lighting and Supplies, I think the Board of Estimate and Apportionment may properly give its approval to the changes proposed.

Respectfully,

EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 3, chapter 626 of the Laws of 1896, hereby approves of the modification of the contract of Williams & Gerstle, contractors, for steam heating, electric lighting, etc., in the Penitentiary, Blackwell's Island, by the acceptance of the bid of said Williams & Gerstle of two thousand and sixty-seven dollars (\$2,067) for furnishing all the necessary labor, materials, etc., to move the switchboard, and the necessary work connected with same, as required by said Commissioner of Correction in his communication to the Board dated November 26, 1901.

Affirmative—The Mayor, Comptroller, Acting Corporation Counsel and President of the Department of Taxes and Assessments—4.

A. E. PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 4, 1901.

Hon. BIRD S. COLER, Comptroller :

SIR—At a meeting of the Board of Education, held November 27, 1901, the sum of \$420 was appropriated, subject to the approval of the Board of Estimate and Apportionment, from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, application for the issue of which is made ; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings for and on behalf of the Board of Education with the American School Furniture Company, contractors, for furniture, Item 5, new Public School 79, Borough of Queens.

Proposals were invited for the above work on carefully prepared specifications and by advertisement in the CITY RECORD, and two bids were received, each in the sum of \$420.

The award was made to the American School Furniture Company at its bid of four hundred and twenty dollars (\$420).

Bids for this work were formally opened by the Board of Education and a contract for the same was awarded to Joseph N. Early in the sum of two hundred and ninety-seven dollars (\$297).

An appropriation of the said sum was made by the Board of Education, and approved by the Board of Estimate and Apportionment on October 15, 1901 (Minutes, page 923).

I am informed that Mr. Early declined to sign the contract, and in consequence the work was readvertised and is now to be let as above. The sum of \$297 having already been appropriated for this work, I see no reason why the sum of \$420 should be appropriated in addition, and I would therefore recommend that the Board of Estimate and Apportionment approve the resolution of the Board of Education for the sum of \$123 only, being the difference between the amount already appropriated and the sum now required to carry out this contract.

Respectfully,

EUG. E. McLEAN, Engineer.

And offered the following :

Resolved, That the Board of Estimate and Apportionment hereby approves of the appropriation of one hundred and twenty-three dollars (\$123) of the requisition of the Board of Education, by resolution adopted November 27, 1901, for four hundred and twenty dollars, from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter and the ordinance of the Municipal Assembly approved by the Mayor April 16, 1901, for the purpose of providing means for the payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with the American School Furniture Company, contractors for furniture, Item 5, new Public School 79, Borough of Queens.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Acting Corporation Counsel and President of the Department of Taxes and Assessments—4.

Hon. BIRD S. COLER, Comptroller :

SIR—At a meeting of the Board of Education, held November 27, 1901, a resolution was adopted appropriating, subject to the approval of the Board of Estimate and Apportionment, the sum of \$173,835 from the proceeds of Corporate Stock of The City of New York to be issued by the Comptroller, pursuant to the provisions of section 48 of the Greater New York Charter, application for the issue of which is made ; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings for and on behalf of the Board of Education with the under-named contractors for the purposes mentioned in the sums specified :

Proposals were invited for the above work on carefully-prepared plans and specifications and by advertisement in the CITY RECORD ; and, for erecting new Public School 141, thirteen bids were received, ranging from \$172,360 to \$207,000.

For alterations to water-closets at Public School 70 eight bids were received, ranging from \$1,475 to \$2,100. Award was made to the lowest bidder in each case as above.

Superintendent of School Buildings Snyder has furnished me with a full description of the new building to be erected on the plot bounded by Leonard, McKibbin and Boerum streets, which is inclosed.

In regard to the alterations at Public School 70, I am informed that the closets which were made of ordinary brick and were constructed outside of the line upon which the adjoining buildings were built ; and, in consequence, objection has been made by the residents of the adjoining houses. It is now proposed to remove a portion of the existing structure and bring the front of the same back to the house line, and to improve the appearance by making the front of Connecticut brownstone in place of the ordinary brick.

I am of the opinion that the appropriation as made may properly be approved by the Board of Estimate and Apportionment.

Respectfully,

EUG. E. McLEAN, Engineer.

PUBLIC SCHOOL 141.

Borough of Brooklyn.

This new school building is to be erected on a plot bounded by Leonard, McKibbin and Boerum streets and will be 200 feet long and 60 feet wide, with wings on each street extending 15 feet further back from the rear of the main building, covering a superficial area of 1,272 square feet.

The building will be four stories high above the basement. A sub-basement will be constructed beneath the central portion, in which the boilers and coal storage rooms will be placed.

It will contain a total of 48 class-rooms, including an assembly-room equal in capacity to 6 class-rooms, which is not to be subdivided at present.

The exterior will be of red brick with gray terra cotta and limestone trimmings, and the roof, which is flat, will be covered with slag or gravel roofing.

The building is to be of bearing-wall construction and fireproof throughout, floors to be of steel beams and fireproof arches supported by fireproofed iron columns.

The basement will be used exclusively for an indoor playground and will be divided centrally by sliding doors. The first, second, third and fourth stories will contain 12 class-rooms each, 6 rooms in the fourth story forming the assembly-room.

The stairs are to be constructed with iron supports and bluestone treads. The main entrance hall and all the stairways where a wall surface occurs on the stair proper will have tile wainscoting.

The sanitary arrangements for teachers will be placed at each end of the building, while those for the pupils will be placed in a separate one-story brick building in the rear of the school yard.

The heating and ventilating system will be what is known as the "Plenum System," with steam as an auxiliary.

Contract price for the building, exclusive of a portion of the plumbing, heating and furnishing, \$172,360.

MUNICIPAL ASSEMBLY.

PUBLIC NOTICE.

AN ORDINANCE granting to the Union Railway Company of New York City the right or franchise to construct and operate a street surface railway as an extension of its existing railway in, upon and along the surface of certain streets, avenues and highways and to, upon and across a bridge and viaduct constructed in and owned and maintained by The City of New York.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

WHEREAS, THE UNION RAILWAY COMPANY of New York City has duly presented to the Municipal Assembly of The City of New York, by presenting and filing with each house thereof, its application, in writing, for a grant of the franchise or right to use the streets, avenues and highways, bridge and viaduct in and owned and maintained by The City of New York hereinafter mentioned, and for the construction, maintenance and operation of a double-track street surface railway, as an extension of its existing railway in, upon and along the surface of the same; and

Whereas, The said Municipal Assembly, by resolution adopted on the 25th day of June, 1901, approved by the Mayor on the 5th day of July, 1901, gave public notice of such application, and that at the Councilmanic Chambers in the City Hall of The City of New York, on the 25th day of July, 1901, at 2:30 o'clock in the afternoon, such application of said railway company would be first considered and a public hearing had thereon, which notice was published daily, for at least fourteen (14) days prior to the hearing, in two daily newspapers published in the City of New York, viz.: The "New York Herald," and the "New York Journal and Advertiser," which papers were first designated in writing by the Mayor of said city, on the said 5th day of July, 1901; and

Whereas, After public notice given as aforesaid, and at a public hearing duly held in pursuance of such notice, whereat all persons so desiring were given an opportunity to be heard and were heard, such application was first considered by the Railroad Committee of both houses of said Municipal Assembly; and

Whereas, It is apparent from the proofs submitted and from satisfactory evidence presented that there is a public demand and desire that said railway company extend its railway and construct and operate the same upon and along the streets, avenues and highways and across the bridge and viaduct hereinafter named, which said bridge and viaduct is adjacent to or within one-half mile of its existing railway, for the purpose of reaching the depot, station and terminus of other railroads, not more than one-half mile distant from said bridge and viaduct, and to establish by the construction of said extension a new route for public travel, and the said applicant having consented to operate such extension as a continuous route for one fare; and it further appearing that such extension cannot be operated as an independent railroad without inconvenience to the public, but that it is to the public advantage that the same should be operated as a continuous line or route of the existing railway of the applicant;

Section 1. The Municipal Assembly of The City of New York hereby grants to the Union Railway Company of New York City, subject to the conditions and provisions hereinafter set forth, the franchise or right to extend its railway and to use the streets, avenues, highways, bridge and viaduct of the city, and to construct, maintain, and operate a double-track street surface railway, as an extension of its existing railway, in, upon and along the following-named streets, avenues, highways, bridge and viaduct, viz.:

Commencing at the intersection of Jerome and Sedgwick avenues at the terminus of the tracks of this company's Jerome avenue line; thence upon and along the westerly approach, known as the Sedgwick avenue approach, formerly called Ogden avenue approach, to

Central or Macomb's Dam Bridge; thence southerly upon and along said bridge and the One Hundred and Fifty-fifth Street Viaduct and Macomb's Dam road to the terminus of the railway of the Eighth Avenue Railroad Company, between West One Hundred and Fifty-fourth and West One Hundred and Fifty-fifth streets; also from the intersection of said Central or Macomb's Dam Bridge and the One Hundred and Fifty-fifth Street Viaduct; thence westerly upon and along said viaduct to the station, depot or terminus of the Manhattan Elevated Railway Company, situated between said bridge and Bradhurst avenue, together with the necessary connections, switches, sidings, turnouts, turn-tables, cross-overs and suitable stands necessary for the accommodation and operation of said railroad by the overhead system of electricity or any other motive power which may be lawfully employed upon the same; all in the Borough of Manhattan and The Bronx, City, County and State of New York.

Sec. 2. The grant of said franchise or right to use said streets, avenues, highways, bridge and viaduct is made subject to the following conditions:

First—That the said right, privilege and franchise to construct and operate said extension shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years, with the privilege of a renewal of said grant for the further period of twenty-five years upon a fair valuation of the right, such valuation to be of the right, privilege and franchise to maintain and operate said extension by itself, and not to include any value derived from the ownership, control or operation of any other railroad, line or tracks of the grantee, its successors or assigns; provided, however, that the consent of the owners of one-half in value of the property bounded on such streets, avenues, highways, bridge and viaduct shall be first obtained, or in lieu thereof the favorable determination of three commissioners, approved by the Appellate Division of the Supreme Court, that such extension should be constructed and operated.

Second—Upon the termination of the said franchise or right, whether original or renewed, there shall be a fair valuation of the plant and property of the applicant in the streets, avenues, highways, and upon the bridge and viaduct aforesaid, with its appurtenances, and the said plant and property shall be and become the property of the City on the termination of the grant, on paying the grantee of either party; they shall have the right to examine the books of the railway company, as property, excluding any value derived from the franchise.

Third—The mode of determining the valuations and revaluations herein provided for shall be as follows: One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder; the three so chosen shall act as appraisers, and shall make the valuations and revaluations aforesaid. Such appraisers shall be chosen at least sixty days prior to the expiration of the grant, or of the renewal thereof, and their report shall be filed with the Comptroller of the City not more than thirty days thereafter. They shall act as appraisers and not as arbitrators; they may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party; they shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties.

Fourth—The said Union Railway Company of New York City shall pay into the treasury of the city the percentages required to be paid by section four of chapter three hundred and forty of the Laws of eighteen hundred and ninety-two, said percentages not to be less in any one year, however, than one thousand dollars (\$1,000).

Fifth—The said railway may be operated by overhead electrical power substantially similar to the system of overhead electrical traction now in use on other portions of the existing road of said company and by any other motive power, except locomotive steam-power, which may be approved by the Board of Railroad Commissioners and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Sixth—The said extension shall be constructed and maintained subject to the supervision and control of the Commissioner of Highways, Commissioner of Bridges and the Commissioner of Public Buildings, Lighting and Supplies of the City of New York, in all matters with respect to which said Commissioners are respectively invested with the power of regulation and control by the Charter of said city.

Sec. 3. The said grant is also upon the further conditions, namely:

First—The said extension shall be constructed and operated in the latest improved manner of street railway construction, and the railway and property on said extension shall be maintained in good condition throughout the full term of this grant.

Second—The rate of fare for any passenger upon said extension shall be five cents; and said company shall not charge any passenger more than said sum for one continuous ride from any point on said extension or on any road, line or branch operated by it or under its control to any other point thereof or any connecting branch thereof within the limits of The City of New York. The cars on said extension shall be run as often as the public convenience may require.

Third—The said railway company shall apply to each car run over said extension a proper fender and wheel guard in conformity to such laws and ordinances as may hereafter be enacted or adopted by the State or city authorities.

Fourth—All cars on said extension shall be heated during cold weather in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or city authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fifth—In case of any violation or breach of, or failure to comply with, any of the provisions of this section, this grant may be forfeited by suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Sec. 4. This grant is also upon the further and expressed condition that the provisions of Article IV, of the Railroad Law applicable thereto be complied with.

Sec. 5. The said company shall at all times keep the street between its tracks and for a distance of two feet beyond the rails upon either side of said extension free and clear from ice and snow.

Sec. 6. The said railway company, so long as it shall continue to use any of the tracks upon said streets, avenues, highways, bridge and viaduct, shall have and keep in permanent repair that portion of such streets, avenues, highways, bridge and viaduct between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe.

Sec. 7. This grant shall not become operative unless, within ten days after the approval thereof by the Mayor of said city or the final passage thereof succeeding the return with the disapproval thereof, or subsequent to the taking effect of said grant by reason of the failure of said officer to return the same with his disapproval, the said railway company shall duly execute under its corporate seal an instrument in writing wherein said company shall promise, covenant, and agree on its part and behalf to pay the compensation, and to conform to, abide by and perform all the conditions and requirements in this ordinance fixed and contained, and within the said period file the said instrument in the office of the Comptroller of The City of New York.

Sec. 8. This ordinance shall take effect immediately. Published in accordance with a resolution adopted by the Municipal Assembly of The City of New York on the 26th day of November, 1901, and approved by his Honor the Mayor on the same date.
