BOARD OF EXAMINERS.

April 12, 1904.

Present—Messrs. William J. Fryer, Warren A. Conover, Charles Buck, William C. Smith, Charles G. Smith, Edward F. Croker and Walter Cook (Chairman).

Meeting called to order at 3 P. M.

On motion, minutes approved as read.

Letter from Messrs. Clinton & Russell requesting reconsideration of Appeal No. 38 F. S. C. 19 of 1904, premises Nos. 74 and 76 William street, Manhattan.

Mr. A. A. McDonald appeared before the Board and filed diagram of the property.

On motion, reconsideration denied.

Appeal 43—Alteration 593 of 1904, premises northeast corner Adams and Plymouth streets, Brooklyn, R. L. Daus, architect and appellant. Laid over at last meeting.

Mr. Daus appeared before the Board and submitted the following amendment:

The walls of the building, when raised, will not exceed eighty-two feet to highest level of roof beams. Each of the two upper floors shall be so reduced in height as to make the total height of the building to the highest point of the roof beams not to exceed eighty-two feet.

On motion, approved as amended; the Chairman and Mr. C. G. Smith recorded as voting no.

Appeal 46—Alteration 373 of 1904, Nos. 519 and 521 East Eighty-sixth street, Manhattan, W. S. Miller, architect and appellant.

As the building exceeds thirty-five feet (35) in height, same cannot be converted into a school or nursery without making same fireproof. (Section 105 of the Building Code.)

The provisions of section 105, or other sections of the Building Code, do not apply to the alteration in question.

That this building, not being intended as a school or place for the care of persons, but practically as a dwelling, need not be fireproof.

As the building above the first story is not altered as far as occupancy is concerned, and only the first floor is to be arranged as a shelter for children in case of bad weather, the building cannot be said to be for the care of persons in the meaning of section 105. The building cannot be classed as a school, as no arrangements for classrooms are being made, and no instruction is to be imparted.

The premises are to be used, as the plans show, for a play-ground, and the first floor of the building on the premises merely forms a shelter for the children in case of bad weather.

Mr. William S. Miller appeared before the Board.

On motion, approved.

Adjourned.

THOMAS F. DONOHUE, Clerk.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 430 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
