## COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting held in Room 16, City Hall, at 2 o'clock P. M., on Wednesday, March 26, 1902.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; Elgin R. L. Gould, Chamberlain; Charles V. Fornes, President Board of Aldermen, and Herbert Parsons, Chairman Finance Committee, Board of Aldermen.

The reading of the minutes of the meetings held March 5, 12 and 19 was dispensed with.

The Comptroller brought up the matter of the proposed lease of the pier at the foot of West Thirty-fourth street, laid over at meeting held March 19, 1902. (See Minutes, page .)

Mr. Freeman, counsel for the Italian Steamship Company, and Mr. Hartfield, the agent of the company, again addressed the Board, and the statement was made that they would have to have the whole of the pier, and unless the Board saw fit to grant the same they would be compelled to seek a pier in some other city. Mr. Jackson Wallace, Deputy Commissioner of Docks, was questioned in regard

to the matter and generally as to what arrangement could be made to provide accommodations to the Brauer Company. Mr. Brauer also again addressed the Board. Discussion followed.

The President of the Board of Aldermen offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to "La Veloce, Navigazione Italiana A Vapore" and the "Navigazione Generale Italiana" of the pier at the foot of West Thirty-fourth street, Borough of Manhattan, for a period of five years from April 1, 1902, at a rental of thirty thousand dollars (\$30,000) for the first year, increasing one thousand dollars (\$1,000) for each year of said term, the rental for the last year being thirty-four thousand dollars (\$34,000)

Which was unanimously adopted.

In regard to the application of the Brauer Steamship Company for the lease of a pier, the Mayor suggested that the Commissioner of Docks submit a proposition to the Commissioners of the Sinking Fund for their consideration, relative to the leasing of Pier 33, East river, to the Brauer Line, as a closed pier, either for a term of years or for a period long enough to enable the Commission to give that line a permanent pier in some other locality. The proposition will then be the subject of a hearing at which the merchants in the vicinity of Pier 33 and any others who may be interested can be heard. It was also suggested that as an alternative the use of Pier 30, North river, be considered.

The Comptroller moved that when the Board adjourns it adjourn to meet at 2 o'clock p. m. on Thursday, April 10, 1902.

Carried.

The following communication was received from Levi W. Naylor, attorney for Charles Guden, relative to rooms in the Kings County Courthouse:

NEW YORK, March 26, 1902.

To the Honorable Commissioners of the Sinking Fund of New York City:

GENTLEMEN—In behalf of Charles Guden, duly elected Sheriff of Kings County, and whose title to that office has just recently been declared by the Supreme Court, I have the honor to make application for office rooms in the Kings County Courthouse, wherein to transact the business of Sheriff of Kings County. There are several rooms in the said Courthouse which are not actively in use, including in particular room No. 17 or 20, on the first floor of said Courthouse, convenient to the courts and lawyers.

This application is for the temporary use of office rooms pending the final adjudication regarding the Shrievalty of Kings County.

I would also hereby petition you for suitable and safe rooms, building or place for the confinement of prisoners, as the common jail of Kings County.

It is of the greatest urgency that this petition be granted without delay, as Sheriff Guden is, as Sheriff, required to execute all kinds of process that may be presented to him, and it is absolutely necessary for him to have a jail in which he can commit prisoners arrested on process.

Thanking you for prompt consideration hereof, I am, with great respect,

Your truly,

LEVI W. NAYLOR, Attorney for Sheriff Charles Guden.

Which was laid on the table.

Which was unanimously adopted.

The following communication was received from the Department of Docks and Ferries relative to the issue of Corporate Stock for the uses and purposes of the Department:

NEW YORK, March 20, 1902.

N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund:

SIR—I inclose herewith for your information copy of letter forwarded to the Hon. Edward M. Grout, Comptroller, in regard to the issue of Corporate Stock for the uses and purposes of this Department.

Yours respectfully,

RUSSELL BLEECKER, Secretary.

NEW YORK, March 18, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In accordance with the request contained in your favor of the 5th instant, I beg to submit herewith an estimate of the requirements of this Department, to be met by the issue of Corporate Stock, during the year 1902, and will thank you to have it acted upon by the Board of Estimate and Apportionment and Sinking Fund Commission as speedily as possible.

It is well to direct attention to the fact that the Department of Docks and Ferries does not, and has not since it was organized in 1870, received any portion of the moneys raised by general taxation, its expenses being paid from the issue of Corporate Stock, and differs in this respect from other departments, a portion at least of the expenses of which are met from such source. The Department of Docks, therefore, is not to be considered, so far as the issue of Corporate Stock is concerned, on a par with other departments which receive help from the tax levy. The revenues of the Department from dock and slip and ferry rentals paid into the Sinking Fund exceed by about \$2,000,000 the amount of stock and bonds issued for dock purposes since the formation of the Department, including the premium obtained from the sale of such stock and bonds. Every dollar expended by the city in the acquisition and improvement of wharf property may be said to have produced two, as shown by the increased income and the present value of the city's water front through the operations of the Department, and which is set forth in the message of his Honor the Mayor to the Board of Aldermen, under date of March 4.

Viewed solely as a business proposition, the issue of stock for the purchase and improvement of the water front is therefore the best possible investment the city could make, but there are weightier reasons why the necessary funds for carrying on the work of the Department should be forthcoming—namely, the great and growing need of additional wharfage facilities, and the duty of the city to encourage commerce by providing ample accommodations for the shipping interests of the port.

It is important that the improvement between Bloomfield and Twenty-third streets, North river, be pushed forward as rapidly as possible, as there is great demand for dockage accommodations in this section. The only difficulty I anticipate will be in determining to whom the piers should be allotted to best serve the interests of the city.

The estimated value of the wharf property being condemned is obtained by increasing the assessed value two and one-half times, which is the method employed in the Corporation Counsel's office, as shown by the following extract from letter of former Corporation Counsel Whalen to ex-Mayor Van Wyck, under date of February 11, 1901, in relation to property being condemned for dock purposes:

"It has been found by experience that the assessed valuations correspond to about forty per cent. of the awards made by Commissioners. I do not mean to say, of course, that in each case the assessed valuation on a particular piece of property is forty per cent. of the award therefor, but taking the property as a class, this proportion is near enough for all practical purposes."

I am informed that the Assistant Corporation Counsel in charge of condemnation proceedings for this Department expects that awards for four of the parcels named below, viz.: Bloomfield and Little West Twelfth streets, and Little West Twelfth and Thirteenth streets, North river, and Piers, old 12 and 15, East river, will probably be confirmed before the summer vacations. The estimated value of these four parcels is \$2,450,000.

Following is a statement showing the expenditures the Department will probably be called upon to meet during the year 1902:

Wharf property being acquired through condemnation proceedings for which the

Department will be required to pay during the present year—

	Assessed Value.	Estimated Value.
Block between Bloomfield and Little West Twelfth streets, North river.....	\$548,000 00	\$1,370,000 00
Block between Little West Twelfth and Thirteenth streets, North river.....	305,000 00	962,500 00
Block between Thirteenth and Fourteenth streets, North river.....	570,000 00	1,425,000 00
One-half of Pier, old 12, East river.....	20,500 00	51,250 00
One-half of Pier, old 15, East river.....	27,500 00	68,750 00
Bulkhead between Eighteenth and Twentieth streets, including Pier at East Nineteenth street, East river. ....	95,000 00	237,500 00
Total estimated value.....		\$4,115,000 00
Contracts prepared for work and supplies, but not yet issued (estimated).....	\$265,000 00	
Monthly payrolls to December 31, 1902 (estimated).....	220,000 00	
Weekly payrolls to December 31, 1902 (estimated).....	800,000 00	
		1,285,000 00

The Department will probably come into possession before summer of the two blocks between Bloomfield and Thirteenth streets, North river, and later of the block between Thirteenth and Fourteenth streets. Within this area work has already been commenced, and the excavation of the block between Little West Twelfth and Thirteenth streets is now under way. Further work at that locality to conform to the plans adopted for the improvement of this section will necessitate an expenditure during the present year, for dredging, building bulkhead wall and construction of three and one-half piers, estimated at..... 720,000 00

In addition to the above estimated expenditures, the Department contemplates securing the necessary authority to enable the City to take possession of and improve, in accordance with the new plan approved by the Commissioners of the Sinking Fund, the section of water front between Fourteenth and Twenty-third streets, North river, and, in order to progress with this improvement on the lines laid down, the Department will probably require for use, during the balance of the year, the further sum of..... 2,000,000 00

—making the estimated amount required for the year 1902.....\$8,120,000 00

I beg, therefore, to ask for the issue of \$8,120,000 of corporate stock for the purposes of this Department for the year 1902.

In a communication previously sent to the Sinking Fund I explained the necessity for obtaining the consent of the Board of Aldermen to authorize the issue of corporate stock in excess of \$5,000,000, in accordance with the provisions of section 180 of the amended Charter.

Yours respectfully,

(Signed) McDOUGALL HAWKES, Commissioner.

Which was referred to the Board of Estimate and Apportionment.

On motion, the matter was again laid over.

The Comptroller presented the following statement and resolution relative to the refunding of Croton water rents paid in error:

#### COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting held in Room 16, City Hall, at 2 o'clock p. m. on Monday, April 7, 1902.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; Elgin R. L. Gould, Chamberlain, and Charles V. Fornes, President of the Board of Aldermen.

The following communication was received from the Armory Board relative to a lease of premises known as the Lenox Lyceum, at Fifty-ninth street and Madison avenue, Borough of Manhattan, for the use of the Seventy-first Regiment, N. G., N. Y.:

NEW YORK, April 2, 1902.

To the Honorable the Commissioners of The Sinking Fund:

GENTLEMEN—At a meeting of the Armory Board, held March 18, 1902, the following was adopted:

"Resolved, That the Comptroller be requested to execute a lease for the premises known as the Lenox Lyceum, with the carpets, tables, chairs and kitchen furniture, except a storeroom in the southwesterly corner of the basement, together with the building known as No. 52 East Fifty-ninth street, and the three-story building known as No. 50 East Fifty-ninth street, and easterly half of the second floor of Nos. 46 and 48 East Fifty-ninth street, connecting with the second-floor office in No. 50 that the lease be made for one year, with the privilege of one year renewal; that the city shall pay the Croton water tax, and that the annual rental shall be sixteen thousand dollars (\$16,000); to be used as quarters for the Seventy-first Regiment, N. G., N. Y., and the First Brigade, N. G., N. Y., and that the Commissioners of the Sinking Fund be respectfully requested to concur in the same."

Yours truly,

JAMES L. WELLS, Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

April 4, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The attached resolution adopted by the Armory Board on March 18, 1902, requests the Commissioners of the Sinking Fund to authorize the Comptroller to execute a lease of certain premises to be used temporarily by the Seventy-first Regiment as an armory.

I have examined the premises and find that the Lyceum building proper is a circular auditorium with a diameter of about 130 feet and an available floor space of about 7,850 square feet, which can be used as a drill floor. Below is a basement of the same size, with various storerooms, etc.

No. 52 East Fifty-ninth street is a three story and basement brick building, 25 feet by 100 feet, which can be subdivided into company rooms.

No. 50 East Fifty-ninth street is a three story and basement brick building, 30 feet 2 inches front, with an average depth of 40 feet.

The easterly half of the second floor of Nos. 46-48 East Fifty-ninth street has a floor space of about 525 square feet.

The terms of the lease are to be one year from the date of occupation, which can be given on April 7, with the privilege of renewal, at \$16,000 per annum, the city to pay the water tax, have the privilege of making any alterations which it sees fit, keep the interior of the building in repair, and restore the premises to the condition as found, at the end of the lease.

The Lyceum building proper has an entrance on Madison avenue 25 feet in width, and is three stories in height. This building, in connection with No. 52 East Fifty-ninth street, is used exclusively for entertainment purposes. The other building and rooms were used as offices. The owner is John D. Crimmins, No. 40 East Sixty-eighth street.

It is a difficult matter to secure temporary quarters for a regiment, and I am informed that this is the only building which has been offered. The entire premises are wired for electricity, piped for gas, and heated by steam, which is supplied by the New York Steam Company. Water is furnished to the premises to be leased through three meters, separate from the other tenants in the building.

I know of no other suitable place which could be obtained for less money than that offered, and from statements made to me by the representative of the owner regarding the receipts of this building for entertainment purposes, I am inclined to think that the terms proposed are just and fair, and I would therefore recommend that the Commissioners of the Sinking Fund authorize a lease as requested by the Armory Board.

Respectfully,

EUG. E. McLEAN, Engineer.

P. S.—This lease is necessitated by reason of the destruction by fire of the Seventy-first Regiment Armory.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from John D. Crimmins, of premises known as the Lenox Lyceum, at Madison avenue and Fifty-ninth street, Borough of Manhattan, with the carpets, tables, chairs and kitchen furniture, except a storeroom in the southwesterly corner of the basement, together with the building known as No. 52 East Fifty-ninth street, and the three-story building known as No. 50 East Fifty-ninth street, and the easterly half of the second floor of Nos. 46 and 48 East Fifty-ninth street, connecting with the second floor office in No. 50, to be used as quarters for the Seventy-first Regiment, N. G., N. Y., and the First Brigade, N. G., N. Y., for a term of one year from the date of occupation, with the privilege of a renewal, at an annual rental of sixteen thousand dollars (\$16,000), payable quarterly, the city to pay the water tax and have the privilege of making any alterations which it sees fit, to keep the interior of the building in repair, and restore the premises to the condition as found, at the end of the lease; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interests of the city that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Armory Board relative to a lease of premises at Nos. 926-934 Seventh avenue, Borough of Manhattan, known as the Central Park Riding Academy, for the use of the First Signal Corps:

NEW YORK, March 20, 1902.

To the Honorable Commissioners of the Sinking Fund:

DEAR SIRS—At a meeting of the Armory Board, held March 18, 1902, the following was adopted:

"Resolved, That the Comptroller be authorized to execute a lease with Messrs. Heinemann Brothers for rooms at Nos. 926 to 934 Seventh avenue, known as Central Park Riding Academy, for quarters and accommodation for the First Signal Corps, as follows: A saddle room, about 14 by 19 feet; a squad drill room, about 27 by 29; a locker room, about 24 by 30, including 12 chairs and 1 table therein, with small lecture and storerooms adjoining, aggregating about 3,250 square feet, on the second floor; also two storerooms on the third floor, aggregating 100 square feet, together with the use of the riding ring, on the first floor, properly lighted, on two nights in each week, for the sum of two thousand one hundred dollars (\$2,100) annual rental; the lease to commence April 1, 1902, and to be for the term of thirteen months, with privilege of renewal for one year; the conditions of the lease to include light, heat and water; the lessors to make and complete such alterations as have been agreed upon, and to keep the premises in repair during the term of the lease; and that the Commissioners of the Sinking Fund be respectfully requested to concur in the same."

Yours very truly,

JAMES L. WELLS, Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 25, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The attached resolution adopted by the Armory Board, March 18, 1902, requests the Commissioners of the Sinking Fund to authorize the Comptroller to execute a lease of certain premises Nos. 926 to 934 Seventh avenue, known as the Central Park Riding Academy, for quarters for the First Signal Corps. Terms, thirteen months from April 1, 1902, with the privilege of renewal for one year, at \$2,100 per annum; the lessor to furnish light, heat, water, and keep the premises in repair, the city to have

ary 10, 1902, for his opinion and certificate, and which was subsequently granted by resolution of the Commissioners of the Sinking Fund February 19, 1902. (See Minutes of the Sinking Fund.)

I would therefore recommend that this application be sent to the Corporation Counsel for his opinion as to whether the city's interest is material in the premises or a mere cloud upon the title of a private owner. If he shall certify that the city's interest is not material the Commissioners of the Sinking Fund, pursuant to section 205 of the amended Greater New York Charter (chapter 466, Laws of 1901), may properly authorize a release or quit claim for a nominal consideration to said John McGroarty, as guardian of the infants Elizabeth E., Margaret and William B. McGroarty, of all the right, title and interest of The City of New York in and to all that portion of the old Brooklyn and Jamaica turnpike included within the lines of Lot No. 17, in Block 164, on the assessment map of the Eleventh Ward of the Borough of Brooklyn, which said lot is more particularly described in said petition and shown on a diagram attached thereto.

I would also recommend that the interest of the city be appraised at the nominal sum of one dollar (\$1), and that the expenses of such release, examination, etc., be fixed at one hundred dollars (\$100), to be paid by said petitioner before the delivery of such release.

As the books of the Bureau for the Collection of Assessments and Arrears show unpaid taxes and water rents to the amount of \$584.94, exclusive of interest, on said Lot No. 17, the petitioner should produce evidence that the same have been paid before receiving such release from the city.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, March 22, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received your communication of March 17, 1902, submitting for my consideration an application made to the Commissioners of the Sinking Fund, by John McGroarty, as guardian of the infants Elizabeth McGroarty, Margaret McGroarty and William B. McGroarty, for a release of the city's interest in certain premises in the Borough of Brooklyn.

You request that I advise you whether the interest of The City of New York in and to that portion of the old Brooklyn and Jamaica turnpike, which is covered by the application of Mr. McGroarty, is material, or simply nominal, and a mere cloud upon the title of private owners; and, if the latter, you ask me to so certify, pursuant to section 205 of the amended Greater New York Charter, so that you may present the matter to the Commissioners of the Sinking Fund for action.

This application is precisely similar in its nature to that of Thomas P. Everett and others, concerning which I rendered an opinion to you on the 31st of January, 1902. The status of the Jamaica Turnpike road was there considered and it was decided that the interest of The City of New York therein was merely nominal and a cloud upon the title of the owners of the property within which a portion of the road was included. I respectfully refer you to that opinion for the reasons set forth in reaching that conclusion, and I hereby certify that whatever interest the city may have in the property formerly forming a part of the Brooklyn and Jamaica turnpike which is included in the premises covered by the petition of John McGroarty is a mere cloud upon the title of such owner. The said property is known and designated as Lot No. 17, Block 164, on the assessment map of the Eleventh Ward of the Borough of Brooklyn, and is bounded and described as follows:

"All that certain piece or parcel of land, situate, lying and being in the Eleventh Ward of the Borough of Brooklyn, being so much of an old road as falls within the lines of the lot, designated and described as follows: Beginning at a point on the easterly side of Flatbush avenue distant 329 feet and 10 inches, northerly from the northeasterly corner of said Flatbush avenue and Hanson place, and running thence easterly at right angles to Flatbush avenue and part of distance through a party wall 70 feet and 9 inches; thence northwesterly in a straight line, 20 feet 1 1/4 inches; thence westerly on a line at right angles to Flatbush avenue, 72 feet and 10 inches to Flatbush avenue aforesaid, and thence southerly along Flatbush avenue 20 feet to point or place of beginning; said premises being known as and by street No. 89 Flatbush avenue."

Respectfully,

G. L. RIVES, Corporation Counsel.

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit claim to John McGroarty, as tenant for life, and Elizabeth McGroarty, Margaret McGroarty and William M. McGroarty, of all the right, title and interest of The City of New York in and to all that portion of the Old Brooklyn and Jamaica turnpike included within the lines of Lot No. 17 in Block 164 on the assessment map of the Eleventh Ward of the Borough of Brooklyn, which said lot is more particularly described as follows:

"All that certain piece or parcel of land, situate, lying and being in the Eleventh Ward of the Borough of Brooklyn, being so much of an old road, as falls within the lines of the lot designated and described as follows: Beginning at a point on the easterly side of Flatbush avenue distant 329 feet and 10 inches northerly from the northeasterly corner of said Flatbush avenue and Hanson place, and running thence easterly at right angles to Flatbush avenue and part of distance through a party wall 70 feet and 9 inches; thence northwesterly in a straight line 20 feet and 1 1/4 inches; thence westerly on a line at right angles to Flatbush avenue 72 feet and 10 inches to Flatbush avenue aforesaid, and thence southerly along Flatbush avenue 20 feet to point or place of beginning. Said premises being known as and by street No. 89 Flatbush avenue."

—the Corporation Counsel having certified under date of March 22, 1902, that whatever interest The City of New York may have in the above-described property is a mere cloud upon the title of the owners.

Resolved, That the interest of The City of New York in and to the same be and is hereby placed at the sum of one dollar (\$1), and the expenses of such release, examination, etc., be and is hereby appraised and fixed at one hundred dollars (\$100), to be paid by said petitioner before the delivery of such release.

Which resolution was unanimously adopted.

The following petition was received from Patrick Murphy for a release of the city's interest in certain premises in the Borough of Brooklyn:

In the Matter  
of  
The application of Patrick Murphy for a quit claim  
deed from The City of New York.

To the Commissioners of the Sinking Fund of The City of New York:

The petition of Patrick Murphy respectfully shows:

I. That your petitioner is the owner of the property known and designated as No. 97 Flatbush avenue in the Borough of Brooklyn.

II. That he has been informed and believes that an old road runs through the aforesaid mentioned property, and that the same is in the nature of an incumbrance on the said property.

III. That he has been informed and believes that The City of New York has an interest in the said old road.

Wherefore, he prays that your Honorable Body adopt a resolution to the effect that the Comptroller be authorized and directed to sell at public auction, after due advertisement, for cash to the highest bidder, all the right, title and interest of The City of New York in and to all that certain piece or parcel of land, situate, lying and being in the Eleventh Ward of the Borough of Brooklyn, being so much of an old road, as falls within the lines of the lot, designated and described as follows:

All that certain lot, piece or parcel of land with buildings and improvements thereon, situate, lying and being in the City of Brooklyn, County of Kings and State of New York, bounded and described as follows, to wit: Beginning at a point on easterly side of Flatbush avenue distant 249 feet and 10 inches northerly from northeast corner of said Flatbush avenue and Hanson place, and running thence easterly and at right angles to Flatbush avenue 62 feet and 6 inches, thence northerly in a straight line 20 feet 1 1/4 inches, thence westerly at right angles to Flatbush avenue and part of distance through a party wall 64 feet 7 inches to Flatbush avenue aforesaid, and thence southerly along Flatbush avenue 20 feet to the point or place of beginning, said premises being known as and by the street No. 97 Flatbush avenue.

Respectfully,

PATRICK MURPHY, Petitioner.

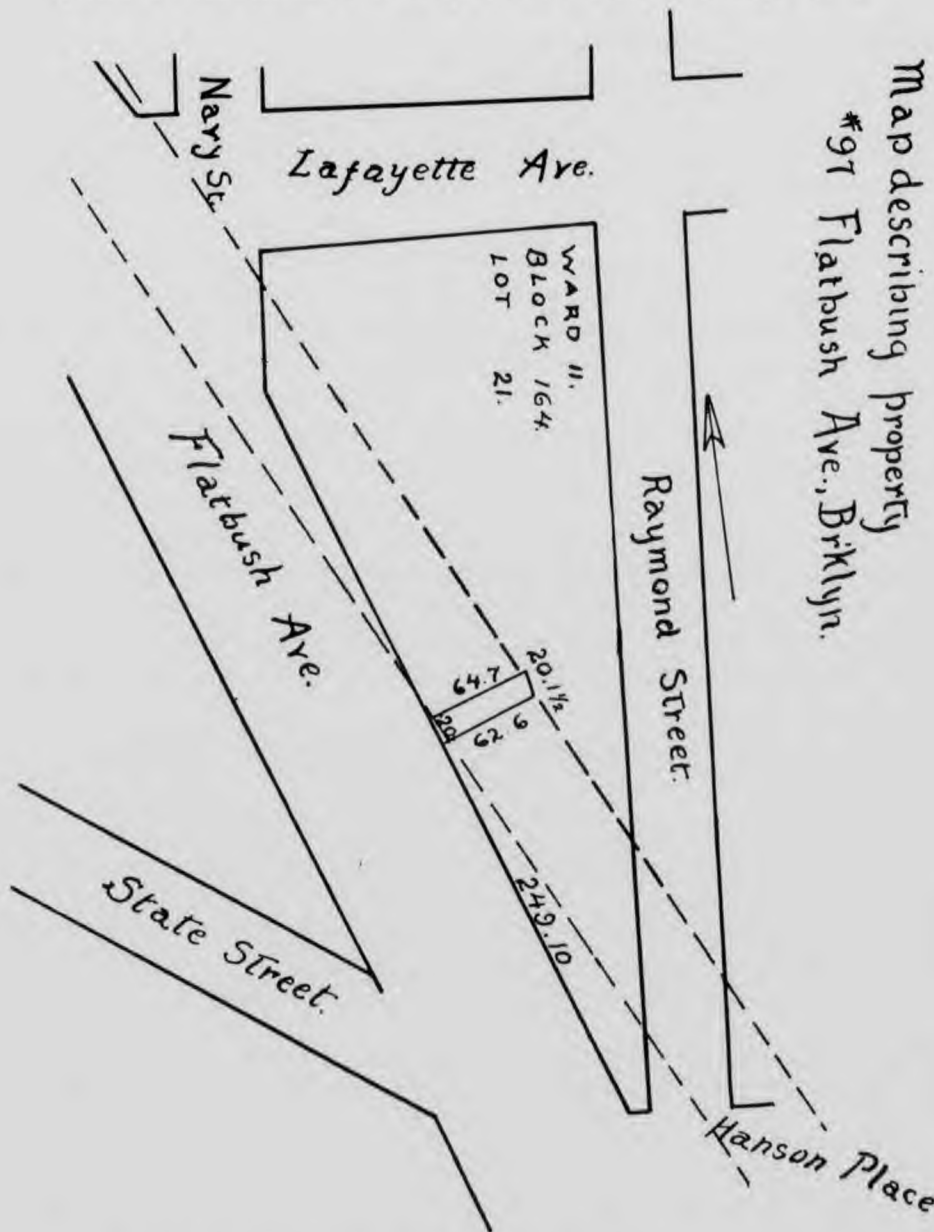

State and City of New York, Borough of Brooklyn, County of Kings, ss.:

Patrick Murphy, being by me duly sworn, deposes and says: That he is a citizen of the United States, that he is more than twenty-one years of age, and is the owner in fee simple of the buildings, lot and premises now known as and by the street No. 97 Flatbush avenue, in the Borough of Brooklyn, County of Kings.

PATRICK MURPHY.

Sworn to before me this 11th day of March, 1902.

JOHN C. MCGROARTY, Notary Public, Kings County, N. Y.

Ward 11. Block 164. Lot 21. No. 97 Flatbush Avenue.

In connection therewith the Comptroller presented the following report of the Principal Assistant Engineer of the Department of Finance and opinion of the Corporation Counsel and offered the following resolution:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
March 17, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Patrick Murphy, of the Borough of Brooklyn, in a petition to the Commissioners of the Sinking Fund, makes application for a release from The City of New York of all the right, title and interest of said city in and to all that portion of an old road known as the Brooklyn and Jamaica turnpike, included within the lines of Lot No. 21 in Block 164 on the assessment map of the Eleventh Ward of the Borough of Brooklyn, which said lot is more particularly described in said petition, and shown on a diagram attached thereto.

This application is in all respects similar to the one made by Thomas P. Everett et al. January 2, 1902, which was submitted to the Corporation Counsel January 10, 1902, for his opinion and certificate, and which was subsequently granted by resolution of the Commissioners of the Sinking Fund February 19, 1902. (See Minutes of the Sinking Fund.)

I would therefore recommend that this application be sent to the Corporation Counsel for his opinion as to whether the city's interest is material in the premises or a mere cloud upon the title of a private owner. If he shall certify that such interest is not material the Commissioners of the Sinking Fund, pursuant to section 205 of the amended Greater New York Charter (chapter 466, Laws of 1901), may properly authorize a release or quit claim, for a nominal consideration, to said Patrick Murphy, of all the right, title and interest of The City of New York in and to all that portion of the old Brooklyn and Jamaica turnpike included within the lines of Lot No. 21, in Block 164, on the assessment map of the Eleventh Ward of the Borough of Brooklyn, which said lot is more particularly described in said petition and shown on a diagram attached thereto.

I would also recommend that the interest of the city be appraised at the nominal sum of one dollar (\$1), and that the expenses of such release, examination, etc., be fixed at one hundred dollars (\$100), to be paid by said petitioner before the delivery of such release.

As the books of the Bureau for the Collection of Assessments and Arrears show unpaid taxes and water rents to the amount of \$557.94, exclusive of interest on said Lot No. 21, the petitioner should produce evidence that the same have been paid before receiving such release from the city.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

—the Corporation Counsel having certified, under date of March 22, 1902, that whatever interest The City of New York may have in the above described property is a mere cloud upon the title of the owners.

Resolved, That the interest of The City of New York in and to the same be and is hereby placed at the sum of one dollar (\$1), and the expenses of such release, examination, etc., be and is hereby appraised and fixed at one hundred dollars (\$100), to be paid by said petitioner before the delivery of such release.

The Secretary presented the following opinion of the Corporation Counsel in relation to the powers of this Board in connection with the matter of opening of Woodlawn road from Jerome avenue to the Bronx Park:

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, March 15, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received a letter from your Deputy, dated January 11, 1902, to the effect that a petition has been filed with the Board of Estimate and Apportionment in which it is requested that one-half of the cost of opening Woodlawn road, from Jerome avenue to Bronx Park, be made a public charge.

It is stated that the matter was referred to you for report to the Board of Estimate and Apportionment, and I am requested to advise you whether that Board has power, in view of the provisions of section 436 of the Charter, to determine whether any proportion of the cost and expense of a local improvement shall be borne by The City of New York when it has been once determined by the proper authorities that such cost and expense be assessed on property deemed to be benefited.

It is also stated in the said communication that this question will probably arise frequently in the Board of Estimate and Apportionment, and you therefore request that my opinion cover all the points involved, in addition to the determination of the powers of the Board of Estimate and Apportionment in the Woodlawn road matter.

The material facts are as follows:

This road, as at present located, was laid out by the former Commissioner of Street Improvements on the final maps adopted in 1895.

At a meeting of the Board of Street Opening and Improvement, held on November 6, 1896, a resolution was adopted in the usual form by the said Board for the opening of Woodlawn road, from Jerome avenue to Bronx Park. It was directed therein that upon a date to be afterward more fully specified, not less than six months after the filing of the oaths of the Commissioners of Estimate and Apportionment, title to the lands should vest in the city. By the said resolution the Corporation Counsel was requested to take the necessary proceedings to acquire title to the land, and it was also

"Resolved, That the entire cost and expense of said proceeding shall be assessed upon the property deemed to be benefited thereby."

The usual street opening proceeding was instituted, Commissioners of Estimate and Assessment were appointed on March 18, 1897, and their oaths of office filed on April 13, 1897.

In March, 1900, a contract was made for the regulating, grading, curbing, flagging and laying of crosswalks on this road, and on March 11, 1901, a contract was made for the construction of a pipe sewer in a part of the road.

The Commissioners have made up their final awards and assessments and their report is now ready for confirmation.

The awards for the lands taken amount to..... \$70,420 03  
The costs of the proceeding are..... 4,036 04

Making the amount of the proposed assessment..... \$74,456 07

Under the law and practice, this amount would in regular course be assessed upon property in the vicinity deemed benefited by the improvement.

As already stated above, it was resolved by the Board of Street Opening and Improvement, in its resolution to open the street, that the entire cost and expense of the proceeding should be assessed upon the property deemed to be benefited.

The petitioners now propose that only one-half of this amount be assessed upon the property deemed benefited. If their request were to be granted it would result in an expense to The City of New York, as a corporation, of \$37,228.03.

The question is thus presented for me to answer whether the Board of Estimate and Apportionment has now the power to impose this expense upon The City of New York. To hold that it has such power involves holding that the Board of Estimate and Apportionment can now repeal or modify action by the Board of Street Opening and Improvement determining what proportion of the cost of street opening proceedings shall be assessed upon property deemed to be benefited.

If it has such power in the present case, it has also the same power in numerous other street opening proceedings that are pending. The question is thus of much importance.

Previous to the going into effect of the Greater New York Charter the power to determine what streets should be opened in the old City of New York was vested in the Board of Street Opening and Improvement, and the said Board also had the power to determine whether any, and if any, what proportion of the cost of the proceeding should be assessed upon the property deemed benefited. The remainder was required by the statute to be borne and paid by the city (section 970 of the Consolidation Act).

Under the Greater New York Charter the powers of the Board of Street Opening and Improvement were vested in the Board of Public Improvements (section 426). Under the present Amended Charter, the Board of Public Improvements having been abolished, the powers of the former Board of Street Opening and Improvements, so far as they have survived, have vested apparently in the Board of Estimate and Apportionment.

It is provided in section 243 of the present Charter, as follows:

"The said Board of Estimate and Apportionment shall exercise such powers and perform such duties, with respect to the whole territory embraced within The City of New York, as constituted by this act, as were heretofore vested in the Board of Street Opening and Improvements of the corporation known as the Mayor, Aldermen and Commonalty of The City of New York, with respect to the territory included within that municipality, except so far as the same have been otherwise specifically and expressly conferred by this act."

It thus follows that the Board of Estimate and Apportionment have the same powers, in the respects under consideration, that the former Board of Street Opening and Improvement had.

The question thus resolves itself into this: Had the Board of Street Opening and Improvement power, after it had once determined that the whole cost of opening a street should be assessed upon the property deemed benefited, to reconsider its action subsequently and determine that a part only should be thus assessed and the balance be borne and paid by The City of New York, and furthermore, could it do this after the street opening proceeding had been practically finished and after the street had been constructed upon the land acquired through the street opening proceeding? To put the question in another way: Is it competent for the body having power to determine this question, after it has once determined the same,

and large expense has been incurred, and the object consummated on the strength of its determination that no part of the expense should be borne by the city, to reconsider such determination, reverse practically its previous action, and determine after all that the whole or a part of the expense should be imposed upon the city?

When we examine the present Charter as to this subject we find section 243, from which I have quoted above; section 436, to which you call my attention, and section 980, which are, I think, the only sections necessary to be considered.

Section 436 does not, in my opinion, apply to street opening proceedings, the assessments in which are confirmed by a court of record.

An important provision, however, is contained in section 980, to wit:

"The Board of Estimate and Apportionment may in any case determine whether, and if any, what proportion of the cost and expense thereof shall be borne and paid by The City of New York, and the remainder of such costs and expense shall be assessed upon the property deemed to be benefited thereby. The determination, or decision of said Board as to the proportion of cost and expense to be borne and paid by The City of New York, and as to the proportion to be borne by the property benefited, after it shall have been made and announced, shall be final, and such determination or decision shall not be reopened or reconsidered by said Board."

This provision, you will observe, applies to "any case" and implies perhaps that, independent of this provision, a resolution might be reopened or reconsidered.

The general law, applicable to deliberative bodies, is that they may rescind, reconsider or modify their action at any time before the rights of third parties, or what may be called contract rights, have intervened.

It has been the practice in the past for the Board of Street Opening and Improvement to reconsider and modify its resolutions in a situation like the present for the reason that the facts could not be known until the maps had been made and the Commissioners of Estimate and Assessment had reported.

The present power of the Board of Estimate and Apportionment in the premises may be looked on in two ways:

First, as having come to the Board of Estimate and Apportionment as the successor of the Board of Street Opening and Improvement, through section 243 of the Charter, and, hence, the former Board has all the powers as to rescinding, repealing and modifying resolutions that the latter Board had.

Second, as a new and express power granted by section 980 of the Charter.

In either aspect of the case, I am of the opinion that the present Board of Estimate and Apportionment may now determine whether any, and, if any, what proportion of the cost and expense of opening Woodlawn road, from Jerome avenue to Bronx Park, shall be borne and paid by The City of New York. The said Board may legally take this action, although it involves in effect a rescinding or modifying of a resolution adopted by the former Board of Street Opening and Improvement.

I am informed that the Board of Public Improvements did not act as to this road, so that a possible question thus suggested does not arise in this case.

The power of the Board of Estimate and Apportionment must doubtless be exercised previous to confirmation of the assessment, and when it has once been exercised under section 980 it is final and cannot be reconsidered, as will appear from the quotation from the said section made above.

In order to avoid any misconception as to the scope of this opinion, I beg to state that it relates entirely to street opening cases where the question at issue has not been passed on by the Board of Public Improvements, and does not affect assessments for local improvements other than those confirmed by a court of record.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

BEFORE THE BOARD OF ESTIMATE AND APPORTIONMENT.

In the Matter  
of  
Opening Woodlawn road, from Jerome avenue to the  
Bronx Park.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

We, the undersigned, owners of the property assessed for opening Woodlawn road in the above-entitled proceeding, respectfully show:

1. That said Woodlawn road was laid out by the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, in the general plan of streets and avenues in the Annexed District, pursuant to chapter 545 of the Laws of 1900, of the width of 80 feet, and the map or plan thereof was adopted December 8, 1892.

2. That petitioners did not object to the laying out of said Woodlawn road of the width of 80 feet because Woodlawn road was 6,266 feet, more than a mile, in length, and at the time said map or plan was so laid out and adopted that part of section 958 of the New York City Consolidation Act was in force, which provided that as to streets, avenues and roads more than one mile in length, not more than one-half of the amounts awarded for damages and the expenses should be assessed.

3. That said Woodlawn road, from Jerome avenue to the Gunhill road, follows the line of and includes an old street about 35 feet in width which had been dedicated to the public by the abutting owners, and from Bainbridge avenue to the Bronx Park it had been dedicated by the adjoining owners to the full width of 80 feet, and in the proceeding for opening Woodlawn road only nominal awards of one dollar have been made for these streets.

The entire area of the land taken for Woodlawn road, as appears from the Commissioner's Damage Map, is 498,914 square feet, and the area of said old dedicated streets for which said awards of one dollar have been made (see Damage Nos. 1, 16, 17, 18, 19, 20) is 187,762 square feet or 37½ per cent. of the entire area taken.

4. That said Woodlawn road was laid out and is now being opened in this proceeding of the width of 80 feet in order to connect Van Cortlandt Park at Jerome avenue with the Bronx Park at the Botanical Gardens, and was for that reason opened up to said width of 80 feet as part of the system of streets connecting the great parks and pleasure grounds of the Borough of The Bronx.

5. That said Woodlawn road at Jerome avenue is opened out to a width of 233 feet, nearly three times the width of the street itself, and the expense of taking the Jerome avenue fronts for this extraordinary width was not incurred for the sake of Woodlawn road, but for the convenience of the driving public.

6. That as your objectors and their grantors have already given to the city, free of charge, 37½ per cent., more than one-third of Woodlawn road, and, as the street is now made a parkway, the adjoining owners should not be charged for more than one-half of the cost of opening the 62½ per cent. remaining.

7. That the final awards for the lands taken amount to..... \$70,420 03  
Costs of the proceeding..... 4,036 04

Final assessment..... \$74,456 07

A copy of the Commissioner's Damage Map is herewith filed.

Wherefore, your petitioners pray that one-half of the cost of the said opening may be made a public charge upon The City of New York as a general benefit to the community.

Dated January 4, 1902.

The Secretary presented the following report of the Engineer of this Board in relation to the change of grade of streets at approaches to the New East River Bridge:

BOARD OF ESTIMATE AND APPORTIONMENT,  
NEW YORK, March 20, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I submit herewith the papers in the matter of the change of grade of several streets in the boroughs of Manhattan and Brooklyn, made necessary by the construction of approaches to the New East River Bridge, as follows:

1. Copy of a letter dated October 17, 1901, from the Corporation Counsel to the President of the Board of Public Improvements, requesting that proceedings be initiated to make the changes required.

2. Copy of a report of the Chief Topographical Engineer to the Board of Public Improvements, dated November 27, 1901.

3. Technical description of the changes in both boroughs, accompanying the report of the Chief Topographical Engineer.

4. Copy of a letter from the President of the Board of Public Improvements to the President of the Borough of Manhattan, dated December 2, 1901, transmitting plan showing the changes of grade and copy of report of the Chief Topographical Engineer for action by the Local Board.

5. Copy of a letter from the President of the Borough of Manhattan to the President of the Board of Public Improvements, dated December 10, 1901, transmitting a resolution of the Local Boards of the Eleventh and Twelfth Districts of the Borough of Manhattan, recommending the changes asked for by the Bridge Commission and recommended by the Chief Topographical Engineer.

6. Original letter addressed by the Corporation Counsel on February 7 to the Mayor, as Chairman of the Board of Estimate and Apportionment, referring to the request of the present Commissioner of Bridges that proceedings be advanced or begun anew if necessary. This letter outlines what has already been done and advises your Board that it is necessary to initiate new proceedings.

I have the three original plans submitted by the New East River Bridge Commission, but have been unable to find the two plans prepared by the Topographical Bureau showing respectively the proposed changes in the boroughs of Manhattan and Brooklyn.

If it is to be the policy of your Board to have all changes of the map or plan of the city and all changes of grade commenced in the Local Boards of the districts within which they are located, I would recommend that the proposed changes in the boroughs of Manhattan and Brooklyn be referred to the Presidents of the respective boroughs for submission to the proper Local Board.

I also hand you the technical descriptions from which the Borough Presidents can have the necessary plans made.

Prompt action is very desirable, as the contractors who are building the bridge approaches will be likely to claim that they were delayed by the city in case they do not complete their work within the contract time.

Respectfully,

NELSON P. LEWIS,  
Engineer, Board of Estimate and Apportionment.

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, February 7, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I have received a communication from Hon. Gustav Lindenthal, Commissioner of Bridges, requesting me to cause to be initiated proceedings changing the grade of the streets made necessary by the construction of the approaches to the New East River Bridge, in the boroughs of Manhattan and Brooklyn.

In October, 1901, the Corporation Counsel, at the request of the New East River Bridge Commissioners, addressed a communication to the President of the Board of Public Improvements requesting that the said Board of Public Improvements take proceedings to initiate a change in the grade of the streets necessitated by the approaches to the New East River Bridge. He transmitted with said communication three prints, No. 473 for the Manhattan side, and Nos. 456 and 477 for the Brooklyn side, which three prints showed the required changes in grade, and also the widening and diversion of South Fifth street, made necessary by the construction of said approaches. These prints and other matters connected therewith are on file in the office of the President of the Borough of Manhattan, having been transferred from the Board of Public Improvements.

The matter was referred to the Chief Topographical Engineer for report, which report was transmitted to the said Board, with two maps, for adoption by the Board and for the purpose of giving a public hearing, with technical descriptions attached to the said report. The matter was referred to the local boards.

The President of the Borough of Manhattan, under date of December 10, 1901, transmitted to the Board of Public Improvements a resolution of the Board of Local Improvements of the Eleventh and Twelfth Districts of the Borough of Manhattan, recommending to the Board of Public Improvements that the grades of the approaches of the New East River Bridge, on the Manhattan side, be changed in accordance with plan sent with said communication. The said report was received by the Board December 18, 1901, and laid over and no further action was taken in the matter. It therefore becomes necessary to initiate proceedings anew.

Under date of September 26, 1901, the New East River Bridge Commission adopted a resolution, of which the following is a copy:

"Resolved, That the Corporation Counsel be and he is hereby requested to take such action as in his opinion may be necessary to procure the approval of the Board of Public Improvements and of the Municipal Assembly of the changes in grade of the streets at the ends of the bridge in Manhattan and Brooklyn, respectively, and that the Secretary be directed to transmit along with this resolution a copy of the Chief Engineer's communication of September 26, 1901, together with the prints numbered 473, 456 and 477 therein mentioned, and, in so doing, that the Corporation Counsel be requested to obtain the necessary authority for these changes at the earliest convenient date, as the building of the approaches require that they be made."

The communication of Chief Engineer of the New East River Bridge Commission, Leffert L. Buck, dated September 26, 1901, referred to in said communication reads as follows:

"Referring again to the change of grade of the streets at the ends of the bridge: "It appears to be necessary that such changes in grade shall be approved by the Board of Public Improvements and the Municipal Assembly. Herewith I submit three prints, No. 473 for the Manhattan side, and Nos. 456 and 477 for the Brooklyn side. These show the required changes in grade and also the widening and diversion of South Fifth street, made necessary by the construction of the Brooklyn approach. "I respectfully suggest that these prints be submitted to the proper authorities for formal approval.

"I respectfully request that the Board of Public Improvements take necessary proceedings to initiate a change in the grade of the streets at the ends of the New East River Bridge in the boroughs of Manhattan and Brooklyn respectively."

I transmit herewith, for convenience of reference, a copy of the proceedings in the Board of Public Improvements, which has been forwarded to me by the Commissioner of Bridges in his communication requesting me to take up the matter and initiate such proceedings as may be necessary in order to accomplish the desired change of grades.

I therefore respectfully submit the matter to the Board of Estimate and Apportionment to the end that suitable proceedings may be taken to initiate a change in the grade of the streets necessitated by the construction of the approaches to the New East River Bridge, if in the opinion of the Board such proceedings are proper.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

DEPARTMENT OF HEALTH—CITY OF NEW YORK,  
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,  
BOROUGH OF MANHATTAN,  
NEW YORK, March 19, 1902.

DR. ERNST J. LEDERLE, President:

SIR—I desire to call to your attention the importance of continued efforts on the part of the Department of Health to prevent by vaccination the extension of smallpox in this city.

The records of the Department show that 152 cases of smallpox occurred in January, 233 in February, and 172 in March, to the 20th inst.

In my communication to the Board in January, recommending that active steps be taken to arrest the progress of this disease, it was pointed out that in all probability there would be a continued increase in the number of cases appearing during the winter and early spring months. Such increase has taken place, but it is much less than might have been expected. The efforts adopted by the Board for extensive vaccination are undoubtedly responsible for the comparatively favorable results obtained. It seems to me most important that these efforts should be continued, at least during the months of April and May, and a determined attempt be made, if possible, to stamp out the disease in this city, by the only method which offers any promise of success, namely, the thorough vaccination of its inhabitants.

Respectfully submitted,

HERMANN M. BIGGS, Acting Medical Officer.

It is an emergency resolution, and although the hour which the resolution of the Board of Estimate and Apportionment named has passed, I am requested by the President to say it was impossible to have the same prepared before this time. Will you kindly see that this resolution is presented to the Board at its meeting to be held to-morrow.

SIRS—I transmit herewith for your approval, contract for the purchase of the property therein described, and known as No. 238 South Fifth street, Brooklyn, from William P. Quinn, as trustee, etc., for the sum of \$6,250. This property is required for the plaza of the New East River Bridge.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
March 18, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. G. Lindenthal, Commissioner, Department of Bridges, in communication under date of March 7, 1902, transmits to the Board of Estimate and Apportionment for its approval a contract for the purchase of the property therein described, and known as No. 238 South Fifth street, Borough of Brooklyn, from William P. Quinn, as trustee, etc., for the sum of \$6,250.

In reply, I would report that the property in question is within the lines of the plaza of the New East River Bridge.

Section 2, chapter 652 of the Laws of 1899, states that

"Said Commission (The New East River) may, with the approval of the Board of Estimate and Apportionment of The City of New York, purchase from the owner or owners thereof, at a price or prices to be mutually agreed upon, all or any part of the lands shown on any plan or plans, etc. \* \* \*

The agreement as submitted is drawn up on this section of the law.

"And it is understood and agreed, that this contract is made subject to the approval of the Board of Estimate and Apportionment of The City of New York to the purchase of the aforesaid premises."

In my opinion this agreement should receive the approval of the Comptroller, pursuant to section 149 of the amended Greater New York Charter.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer

THE TRUSTEES OF THE NEW YORK PUBLIC LIBRARY,  
ASTOR, LENOX AND TILDEN FOUNDATIONS,  
NEW YORK, March 24, 1902.

To the Hon. SETH LOW, Mayor, etc.:

SIR—By direction of the Board of Trustees of this Corporation, I have the honor to inclose herewith, for the approval of the Board of Estimate and Apportionment, a draft of a proposed agreement, in order to amend an agreement between The City of New York and the New York Public Library, bearing date of July 17, 1901.

It was provided in this agreement that The City of New York shall acquire not to exceed forty-two sites in the boroughs of Manhattan, The Bronx and Richmond for free branch libraries to be constructed by Mr. Andrew Carnegie; and it was understood that forty of these sites should be located in the boroughs of Manhattan and The Bronx and two in Richmond.

It has since been found, however, after consultation with prominent citizens of Staten Island, that, owing to the sparsely settled condition of certain parts of that borough, a number of small library buildings would serve the public to better advantage than a few large buildings. The same condition has been found to exist in The Bronx.

The trustees have, therefore prepared a draft of an agreement, by which the existing agreement is amended so as to permit the selection in these boroughs of not to exceed fifty sites, instead of not to exceed forty-two; but providing that the aggregate cost for the erection and equipment of the library buildings on these fifty sites shall not exceed the sum now contemplated to be expended on forty-two sites.

The Board of Trustees, by formal resolution, with the consent of Mr. Carnegie, has approved the proposed agreement, as will appear by the papers which are inclosed herewith.

I am, very respectfully yours,  
JOHN S. KENNEDY, Chairman of the Executive Committee.

THE TRUSTEES OF THE NEW YORK PUBLIC LIBRARY,  
ASTOR, LENOX AND TILDEN FOUNDATIONS,  
NEW YORK, March 24, 1902.

At a meeting of the Board of Trustees of the New York Public Library, Astor, Lenox and Tilden Foundations, held on March 12, 1902, the following action was taken:

(Extract from the Minutes.)

"Resolved, That the proposed agreement, now submitted, between The City of New York and the New York Public Library, in order to amend the agreement of July 17, 1901, so as to permit of the selection of not exceeding fifty sites instead of not exceeding forty-two sites for Carnegie free branch libraries in the boroughs of Manhattan, The Bronx and Richmond, be and the same hereby is approved."

Approved.  
(Signed) ANDREW CARNEGIE.

S. BRIGGS, Clerk of the Trustees.

NEW YORK, March 12, 1902.

This agreement, made and concluded the — day of —, in the year 1902, by and between The City of New York, by the Board of Estimate and Apportionment of said city, party of the first part, and the New York Public Library, Astor, Lenox and Tilden Foundations, party of the second part, witnesseth:

Whereas, An agreement was heretofore made and concluded between the parties hereto, bearing date of July 17, in the year 1901, in relation to the offer of Andrew Carnegie to furnish the funds necessary for the erection of buildings for sixty-five free branch libraries for circulation in The City of New York, estimated in all to cost the sum of five million two hundred thousand dollars (\$5,200,000), being an average cost of \$80,000 each, provided The City of New York would furnish the necessary sites for such buildings and agree to provide for the maintenance of such branches when completed, and which said agreement was made by and between the said parties hereto in pursuance of the provisions of an act of the Legislature of the State of New York, approved April 26, 1901, entitled "An Act to authorize and empower The City of New York to establish and maintain a free public library system," being chapter 580 of the Laws of 1901, and by which said agreement it was agreed between the said parties hereto, among other things, by the First Article of the said agreement that the party of the first part hereto shall proceed to acquire title by gift, purchase, or by condemnation, as provided in said Act, to such sites as shall be necessary in the Boroughs of Manhattan, The Bronx and Richmond, for the purpose of the erection and maintenance thereon of free branch public libraries, on the approval in each case of the said the New York Public Library, Astor, Lenox and Tilden Foundations, which sites so to be selected and approved shall not, unless by mutual consent, exceed in number forty-two in the said boroughs of Manhattan, The Bronx and Richmond the proportion of said sixty-five libraries allotted to said boroughs; and

Whereas, the parties hereto believe that, in view of the sparsely settled condition of certain parts of the said boroughs of Manhattan, The Bronx and Richmond, it would be of great benefit to the public that some of the free branch libraries to be erected in those boroughs should be small buildings costing considerably less than \$80,000 each for their erection and equipment, and that the number of sites which may be selected and approved as aforesaid for free branch libraries in the said boroughs should therefore be increased from forty-two to fifty, it being understood, however, that in such event the aggregate sum to be furnished by the said Andrew Carnegie for the erection and equipment of the said fifty free branch libraries in the said boroughs shall not exceed the sum contemplated in and by the said agreement of July 17, 1901, to be expended for the erection and equipment of free branch libraries upon forty-two sites; and

Whereas, the parties hereto, for the purposes aforesaid, have agreed by mutual consent that the number of sites which may be selected and approved for free branch libraries in the said boroughs of Manhattan, The Bronx and Richmond may be increased in number from forty-two to not exceeding fifty as aforesaid, and the said increase has been approved by the said Andrew Carnegie;

Now, therefore, it is mutually consented and agreed by and between the said parties hereto as follows, namely:

That the said contract of July 17, 1901, is hereby amended so as to permit the selection of not to exceed fifty sites in the boroughs of Manhattan, The Bronx and Richmond, instead of forty-two as therein recited, provided that the aggregate cost of the erection and equipment of free branch libraries upon all of the said fifty sites in the said boroughs of Manhattan, The Bronx and Richmond shall not exceed the sum contemplated in and by the said agreement of July 17, 1901, to be expended for the erection and equipment of free branch libraries upon forty-two sites.

In witness whereof, the party of the first part has caused this agreement to be executed by the Board of Estimate and Apportionment pursuant to a resolution adopted at a meeting held on the 28th day of March, 1902, and the party of the second part has caused this agreement to be executed by its President and its official seal to be hereto affixed pursuant to a resolution of the trustees of the New York Public Library, Astor, Lenox and Tilden Foundations, adopted at a meeting held on the 12th day of March, 1902.

The President of the Board offered the following:

Resolved, That the proposed agreement, now submitted, between The City of New York and the New York Public Library, in order to amend the agreement of July 17, 1901, so as to permit of the selection of not exceeding fifty sites instead of not exceeding forty-two sites for Carnegie free branch libraries in the boroughs of Manhattan, The Bronx and Richmond, be and the same hereby is approved.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

The President of the Borough of The Bronx appeared and took his seat in the Board.

Of the balance remaining unpaid, the sum of \$34,564.81 has been taxed and allowed and the remainder, \$21,150.01, has yet to be taxed by the courts.

Such expenses in the acquisition of property seem to me to be needlessly exorbitant. The special counsel work ought to have been done by the Law Department, in which case probably there would have been less delay in prosecuting the work, and all the other expenses would have been proportionately decreased. I recommend that these facts be called to the attention of the Law Department.

Respectfully,

EDWARD M. GROUT, Comptroller.

LAW DEPARTMENT, OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, March 22, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received a letter from your Deputy, dated March 11, 1902, to the effect that the Board of Estimate and Apportionment has directed him to forward your report relative to the costs and expenses of the proceedings for acquiring Fort George Park.

It is stated in the letter from the Deputy Comptroller that the Board of Estimate and Apportionment regards the cost and expense as grossly excessive, and requests my opinion as to whether it would be possible to have the matter reviewed by the Court for the purpose of having a reduction.

Your report to the Board of Estimate and Apportionment is dated February 28, 1902, and there is among the papers a certified copy of a resolution of the Board of Estimate and Apportionment, adopted March 7, 1902, to the effect that the Board, under protest, authorizes the Comptroller to issue Corporate Stock of The City of New York in order to pay the awards, costs and expenses of the Fort George Park proceeding.

I have already written to you as to this subject, under date of February 28, 1902, with special reference to the vouchers of Edward H. Hawke, Jr. Reference may also be made to my letter to you dated February 7, 1902, relating to the vesting of title to Fort George Park, and to my letter to you dated March 7, 1902, concerning the bills of Robert L. Waters and others, in the Little Italy Park proceeding.

The expenses now in question have been regularly adjudicated at the amounts for which payment is demanded, and after such action as the legal representatives of the city at the time saw fit to take.

It might be possible to obtain a reopening of the matter and a resettlement of the amounts if a strong enough case could be made out to induce a Justice of the Supreme Court to take this action. If it could be shown that there had been fraud or collusion or a plain mistake of fact, or if the bills are so grossly excessive as to raise a legal presumption of fraud, the matter might be reopened. It would, in my judgment, be worse than useless to make the attempt unless an exceedingly strong case could be made out.

In order to determine whether this is possible or not it would be necessary to have the whole proceeding thoroughly analyzed and investigated as a foundation for affidavits to be used on a motion to reopen the case. This would be a laborious and difficult task.

I can only say that if you deem it wise to make the attempt I will render you every assistance in my power.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

Which were ordered on file.
