MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, JUNE 1, 1906.

Southern Boulevard and Westchester Avenue, Amended Route.

The Secretary presented the following communication from the Board of Rapid Transit Railroad Commissioners, transmitting resolutions as to routes and general plan of a rapid transit railway along East One Hundred and Thirty-eighth street, the Southern Boulevard and Westchester avenue, in the Borough of The Bronx, extending to Pelham Bay Park, and known as the "Southern Boulevard and Westchester Avenue, Amended Route," and requesting the approval and consent of the Board of Estimate and Apportionment thereto:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS, }
No. 320 BROADWAY, NEW YORK, }

To the Board of Estimate and Apportionment of The City of New York:

The Board of Rapid Transit Railroad Commissioners for The City of New York was heretofore duly organized pursuant to chapter 4 of the Laws of 1891, as amended, and since such organization it has conducted the inquests and investigations necessary to determine whether it is for the interest of the public and of the City that a rapid transit railway or railways for the conveyance of persons and property should be established therein; and after such inquests and investigations it did duly determine, by resolutions adopted on the 1st day of June, 1905, by the concurrent vote of seven of its members, that a certain rapid transit railway in said resolutions described, was necessary for the interest of the public and the City, and it duly determined and established the route thereof and the general plan of construction; and it transmitted to your Board certified copies of the route and general plan so determined and established.

The said route was situated wholly within the Borough of The Bronx, and comprised Route 19 as contemplated and described in the general scheme of this Board, a copy of which was also transmitted to your Board. The said route began near Third avenue and One Hundred and Thirty-eighth street, at which point connections could be made either with subways coming from Manhattan or with the proposed Gerard avenue subway. From this point a subway was to run east under One Hundred and Thirty-eighth street to the Southern Boulevard, and there emerge from the ground and continue as a three-track elevated structure on the Southern Boulevard and Westchester avenue to the former village of Westchester.

The said route and general plan were duly approved and consented to by your Board on the 14th day of July, 1905, and by the Mayor of the City on the 28th day of July, 1905.

At the times above mentioned, Westchester avenue did not extend beyond Main street in Westchester Village. The President of the Borough of The Bronx during the summer of 1905 caused plans to be prepared for an avenue to connect Westchester and Main street with Pelham Bay Park, for the express purpose of extending the rapid transit system. These plans were submitted to the Chief Engineer of this Board for investigation. As the result of considerable study, a map or plan was prepared by the Borough President for the proposed extension of Westchester avenue, which was dated November 15, 1905, and was duly adopted by your Board on April 20, 1906.

The President of the Borough of The Bronx, on December 27, 1905, transmitted to this Board a map showing the location and grades of this extension, and urged this Board to extend to Pelham Bay Park the Westchester avenue route heretofore adopted.

This Board concurs with the Borough President in thinking that the proposed railway ought not to stop at Westchester Village now that a feasible line has been laid out by which Pelham Bay Park can be reached; and the Board has therefore rescinded the route heretofore adopted in order to substitute the more complete route now proposed. The consents of a majority of property owners along the greater part of the former line have been secured, and it is believed that there will be no difficulty in getting the same persons to consent to the extended route. Apart from efforts to secure consents, nothing has been done, so that there is nothing to cause embarrassment in substituting a new route for the one heretofore approved.

By resolutions adopted on the 17th day of May, 1906, by the concurrent vote of six of its members, this Board formally determined that the railway therein described, was necessary for the interest of the public and the City, and it duly determined and established the route thereof and the general plan of construction.

Certified copies of the resolution rescinding the former route and adopting the new or amended route and general plan so determined and established, are herewith transmitted.

The route so established is identical with the route approved, as above stated, by your Honorable Board on July 14, 1905, except that it does not stop at Westchester Village, but continues through it as far as the Eastern Boulevard—the boundary of Pelham Bay Park.

The plan of construction contemplates an elevated structure for that part of the line which lies north and east of the intersection of One Hundred and Thirty-eighth street and Cypress avenue. It was stated in the communication addressed to your Board on June 5, 1905, that this Board hesitated in recommending elevated structures; but it added that it was "satisfied that its action in this regard is approved by a large majority of the residents of the Borough of The Bronx. The construction of subways in The Bronx, owing to the irregular and rocky character of the soil, would be extremely expensive—much more so, for example, than in the Borough of Brooklyn, where subway construction is comparatively cheap. It is thought, therefore, that while bids for elevated structures might be obtained, it would probably prove very difficult at the present time, and probably for several years to come, to obtain bids for rapid transit subways. * * * So far as the Westchester avenue road is concerned, it may be said that this road will be in appearance and effect simply an extension of the rapid transit viaduct already existing in other adjacent parts of both the Southern Boulevard and Westchester avenue."

Between Cypress avenue and the Southern Boulevard, where the railway emerges from the ground, it will be necessary to construct it partly in open cut and partly on an embankment, thus closing passage across One Hundred and Thirty-eighth street between the two avenues last mentioned. This mode of construction, which is similar to that on Broadway near One Hundred and Twenty-second street and One Hundred and Thirty-fifth street, in Manhattan, will involve an occupation of about forty-five feet in width of the street, leaving a very inadequate width on each side for sidewalks and roadways. It may, therefore, be thought expedient, if the route herewith submitted is approved to provide for the widening of One Hundred and Thirty-eighth street between Cypress avenue and the Southern Boulevard. At the present time the necessary widening could be made without serious expense. As suggested by this Board in its communication relative to the Bensonhurst route, in a similar case, it would doubtless be proper to charge the cost of such widening to the City at large, and not assess it upon the neighboring property; and it might prove possible to recover the amount from the company operating the new railway, by adding to its rental an annual sum equal to the interest on the bonds issued to pay for the street widening plus a suitable sinking-fund payment.

The extended Westchester avenue route, as described in the resolutions now submitted, taken together with the other routes now existing or heretofore approved by your Board, will form a rapid transit system which is believed will be adequate to the needs of the Borough of The Bronx for many years to come, and which can readily be extended in that borough by means of spurs or connecting links.

The approval and consent of your Board to the routes and general plan now transmitted is therefore requested.

In witness whereof, this Board has caused its seal to be hereto affixed and these presents to be signed by its President and Secretary this 21st day of May, 1906.

A. E. ORR, President.

AMENDED ROUTE No. 19.

Southern Boulevard and Westchester Avenue.

Whereas, This Board of Rapid Transit Railroad Commissioners for The City of New York did, on the 1st day of June, 1905, adopt certain resolutions determining and establishing the route or routes of a certain proposed rapid transit railway or railways in East One Hundred and Thirty-eighth street, the Southern boulevard and Westchester avenue, in the Borough of The Bronx, and establishing the general plan of construction thereof; and

Whereas, This Board has considered the said route and general plan of construction, and after having duly made thereon the inquest and investigation necessary in the premises, has duly considered and determined that it is for the interest of the public and of The City of New York to rescind the said route and general plan of construction so adopted, and to adopt another and different route or routes and plan of construction for such railway or railways, so that the routes and general plan of construction shall be as hereinafter provided; and

Whereas, This Board has determined that a rapid transit railway for the convenience and transportation of persons and property in addition to those already existing, authorized or proposed, is necessary for the interest of the public and The City of New York, and should be established as hereinafter provided.

Now therefore, this Board does hereby rescind and revoke the said resolutions adopted on the 1st day of June, 1905, for the said railway along East One Hundred and Thirty-eighth street, the Southern Boulevard and Westchester avenue, and does hereby adopt the following route for a rapid transit railway in The City of New York, and does hereby determine and establish the said route thereof as follows, and does hereby adopt a general plan of construction of the said railway the route of which is herein provided, and does in such general plan hereby adopted show the general mode of operation and such details as to manner of construction as may be necessary to show the extent to which any street, avenue or other public place is to be encroached upon and the property abutting thereon affected.

This Board, in adopting the said route and general plans, expressly reserves all the powers in relation to the construction of the said road which are conferred upon it by section 34 of the Rapid Transit Act. In particular it reserves the right to contract for the construction of the whole road provided for in the following plans in a single contract; or by separate contracts, executed from time to time, to provide for the construction of parts of said road or for the construction at first of two or more tracks over a part or parts of such road, and afterwards of one or more additional tracks over a part or parts of such road, as the necessities of The City of New York and the increase of its population may in the judgment of this Board require; or to provide in a contract for any part of such railroad that, at a future time, upon the requirement of this Board, the contractor shall construct the remainder or any part of the remainder of said road as the growth of the population or the interests of the City may, in the judgment of this Board, require.

Route.

A route lying wholly within the Borough of The Bronx and beginning at a point in East One Hundred and Thirty-eighth street about three hundred feet easterly from the easterly side of Lincoln avenue, at which point a connection can conveniently be made with a spur from the subway to be hereafter constructed under Lincoln avenue and Morris avenue; and running thence easterly under and along East One Hundred and Thirty-eighth street to a point near the intersection of the easterly side of Cypress avenue with the centre line of East One Hundred and Thirty-eighth street, at which point the route herein described shall begin to emerge from the ground and shall thence continue in an open cut and upon an embankment and viaduct; and then curvy-

ing into the Southern Boulevard shall continue upon a viaduct or elevated structure over and along the Southern Boulevard northeasterly to the intersection of the Southern Boulevard with the southerly side of Westchester avenue; there curving easterly, and running thence over and along Westchester avenue or Westchester turnpike upon a viaduct or elevated structure through the former village of Westchester, and over and along the extension of Westchester avenue as the same has been laid out by law, to a point where the said extension of Westchester avenue intersects the westerly side of the Eastern Boulevard.

Plan of Construction.

The general plan of construction adopted for the route hereinabove described is as follows:

For the whole of the said route there shall be three tracks.

All of the tracks shall be substantially parallel to each other and on substantially the same level, except that wherever required by special necessities of surface or subsurface structures or other special or local necessities, and for the purpose of avoiding grade crossings, any one or more of the tracks may be elevated above or depressed below the level of the other track or tracks to the extent of not more than 20 feet.

The tracks from the point of beginning along East One Hundred and Thirty-eighth street to the point between Cypress avenue and the Southern Boulevard where the route emerges from the ground, shall be in subway or tunnel; and easterly and northerly from the said point they shall be carried upon a viaduct or elevated structure over and along the above-described route on the Southern Boulevard and Westchester avenue and the extension thereof. Near the said point of emergence, the railroad will be constructed partly in open cut and partly on an embankment. If and when all three tracks are constructed, the said open cut and embankment will occupy a space in East One Hundred and Thirty-eighth street about 45 feet in width, extending from Cypress avenue to the Southern Boulevard. The open cut portion will extend easterly from the easterly side of Cypress avenue about 300 feet, and the embankment will extend easterly from the end of the open cut to the north-westerly side of the Southern Boulevard. The said open cut and embankment will therefore occupy all but about 55 feet in width of East One Hundred and Thirty-eighth street between Cypress avenue and the Southern Boulevard, cutting off passage across the said street in that neighborhood.

The tracks shall be placed in general under or over the central part of the longitudinal streets forming a portion of the route above described, so far as may be practicable and convenient; but wherever required by special or local necessities or for curves, the tracks or any one or more of them may be diverted as far as necessary to one side or the other of such streets or any of them. But no wall of the tunnel, nor the viaduct, nor any part thereof (except at stations, station approaches, curves and places of access to subsurface structures as hereinafter provided) shall be within a distance of 5 feet of the exterior line or side of the longitudinal streets of the route.

Where the tracks change from tunnel to viaduct, the change shall be so made as to involve the use of the surface to the least possible extent consistent with the proper gradient for the tracks.

Wherever necessary for the proper support of the surface of a street, the roof of the tunnels shall be of iron or steel, with brick or concrete arches, supported when necessary by iron or steel or masonry columns and resting upon masonry walls; or the roof shall be a masonry structure; or the whole of the lining may be of metal.

The roof of the tunnel when under a street shall be as near the surface as street conditions and grades will conveniently permit.

The tunnel shall in no case be less than 13 feet in height in the clear.

There shall be a width in the tunnel not exceeding 15 feet for each track, in addition to the thickness of the supporting walls, except that at stations, switches, turnout, curves and crossovers the width may be increased.

Viaducts shall be built with a width of 12½ feet for each track, except on curves or where greater width is required for special construction, and with an additional width of 3 feet on each side for outside footways. Viaducts may be built of metal or of masonry or of both.

The tracks shall be of standard gauge; that is to say, of the width of 4 feet and 8½ inches between the rails.

Adjacent tracks shall be connected by necessary and suitable switches and connections and an additional track for siding accommodations may be constructed not to exceed in length ¼ of a mile for each mile of roadway.

The tracks, wherever constructed below the surface, may, at any point of the route, be placed in the same tunnel; or there may be separate tunnels for one or more tracks, as shall be most convenient.

Stations and station approaches shall, in general, be at the intersection of streets and shall be built under or, if the position of the tracks so require, over the streets and immediately adjoining private abutting property, or through private property to be acquired for the purpose, or both under or over streets and through private property as aforesaid. The streets under which stations or station approaches shall be built may include cross streets, but no part of any cross street shall be used for a station approach at a distance greater than 75 feet from the exterior line or side of the longitudinal street of the route.

Wherever along any part of the routes above described it shall be necessary for the proper maintenance or accommodation of pipes, wires, sewers or other subsurface structures, the removal, construction or reconstruction of which shall be rendered necessary by the construction of the railway, the width of any tunnel or subway may be enlarged on either or both sides by an additional width on each side of the route, not to exceed 15 feet on either side, provided always that the limits hereinbefore provided as to the longitudinal streets of the route shall be observed. All or any pipes, wires, sewers or other subsurface structures may be placed in suitable galleries to be constructed within the additional widths hereinbefore permitted. At each cross street where accommodation for pipes, wires, sewers and other subsurface structures shall be those provided within the tunnels or subways, such tunnels or subways, in order to provide convenient access to the same, may have, within the limits of the sides or exterior lines of such cross streets or such lines produced, an additional width on each side of the routes not to exceed 15 feet.

Pipes, wires, sewers, street railway tracks, poles for electric wires and other surface and subsurface structures at any part of the said routes shall be removed or disturbed only when necessary for the construction and operation of the railway above referred to, and if removed or disturbed, shall be placed over, upon or under the several streets in such manner and in such location that the use and service thereof shall not be impaired. All pipes, wires, sewers and other subsurface structures shall be left or shall be so arranged as to give free access for their repair or alteration, or for the placing with them, so far as there may be space, of new pipes, wires, sewers and other like structures, and for making connections between the same and abutting buildings at any time.

The manner of construction of subways shall be by tunnelling or open excavation. In parks, parkways and public places under the jurisdiction of the Department of Parks, all trees injured or destroyed in the course of construction shall be replaced under the direction and to the satisfaction of said Department.

Mode of Operation.

The general mode of operation of the route or routes above described shall be by electricity or some other power not requiring combustion within the tunnels, and the motors shall be capable of moving trains at a speed of not less than 40 miles per hour for long distances, exclusive of stops.

Definitions.

The word "street" wherever used herein, shall include an avenue, boulevard or public place.

The words "Rapid Transit Act" wherever used herein, shall be taken and held to mean chapter 4 of the Laws of 1891, as amended by chapter 752 of the Laws of 1894, and other acts of the Legislature.

Maps and Drawings.

It is further Resolved, That the maps and drawings entitled "Board of Rapid Transit Railroad Commissioners of The City of New York—Routes and General Plan," one of the said drawings being marked "Key Map No. 1, Borough of Bronx," three of the said drawings being marked "Bronx, No. 1," sheets Nos. 16, 17 and 18, and one of the said drawings being marked "Bronx, No. 2, sheet No. 1," be and they are hereby adopted as showing the foregoing routes and general plans for convenience merely, and that said maps and drawings are not to be deemed a part of the description of the routes or a part of the general plans, for any purpose whatever.

I certify that the above are true copies of resolutions adopted by the Board of Rapid Transit Railroad Commissioners at its meeting held on the 17th day of May, 1906, six Commissioners being present and all voting in favor thereof.

In witness whereof, I have hereunto set my hand and the seal of the Board this 21st day of May, 1906.

[SEAL OF THE BOARD.]

BION L. BURROWS, Secretary.

The following was offered:

Resolved, That the communication be received, and in pursuance of law this Board hereby appoints Friday, the 8th day of June, at 10.30 o'clock in the forenoon as the time, and Room 16 in the City Hall, Borough of Manhattan, as the place, when and where such plans and conclusions will be considered; and be it further

Resolved, That the Secretary be directed to cause notice of such consideration to be published in the CITY RECORD.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx—14.

The communication was then referred to the Bureau of Franchises for suggestions.

The Secretary presented the following:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
Nos. 13 TO 21 PARK ROW, MANHATTAN,
May 25, 1906.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Rapid Transit Act in section 4 provides:

"The said board (Rapid Transit) upon its own motion may proceed, from time to time, to consider and determine whether it is for the interest of the public and of the city in which it is appointed, that a rapid transit railway or railways for the conveyance and transportation of persons and property should be established therein, and upon the request in writing of the local authorities of any such city at any time, the said board shall proceed forthwith to consider and determine the same questions * * *"

In accordance with this provision I ask that the Board of Estimate and Apportionment request the Board of Rapid Transit Commissioners to lay out an elevated railroad route in Delancey street, from the terminus of the Williamsburg Bridge to the elevated railroad in the Bowery, and to empower the Interborough Company to double deck its elevated structure from Delancey street to the Brooklyn Bridge, neither proposition to be undertaken until a satisfactory agreement is made with the Interborough Company and the Brooklyn Rapid Transit, under which adequate operation of trains over and between the Brooklyn and Williamsburg Bridges, and the Manhattan Bridge when completed, shall be guaranteed.

On the foregoing I ask that the Board of Estimate and Apportionment fix a date for a public hearing. In the meantime I will transmit to each member of the Board my reasons for making this recommendation, which will show that the Delancey street elevated structure should be built and owned by the City and be temporary. Your Board will of course appreciate the urgency of prompt action on account of the intolerable condition on the bridges and the necessity of initiating proceedings for whatever relief it is possible to obtain before the Board of Estimate and Apportionment and the Rapid Transit Board adjourn for the vacation period.

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

The following was offered:

Resolved, That in accordance with the suggestion contained in the communication from the Commissioner of Bridges, dated May 25, 1906, this Board fixes Friday, June 15, at 10.30 o'clock a. m., as the date upon which a public hearing will be held on the question of requesting the Board of Rapid Transit Railroad Commissioners "to lay out an elevated railroad route in Delancey street, from the terminus of the Williamsburg Bridge to the elevated railroad in the Bowery, and to empower the Interborough Company to double deck its elevated structure from Delancey street to the Brooklyn Bridge, neither proposition to be undertaken until a satisfactory agreement is made with the Interborough Company and the Brooklyn Rapid Transit, under which adequate operation of trains over and between the Brooklyn and Williamsburg Bridges, and the Manhattan Bridge when completed, shall be guaranteed"; and be it further

Resolved, That the Secretary be directed to cause notice of such hearing to be published in the CITY RECORD.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The full minutes of the meeting of June 1, 1906, will appear in the CITY RECORD at a later date.

JOSEPH HAAG, Secretary.

DEPARTMENT OF HEALTH.

New York, April 25, 1906.

The Board met pursuant to adjournment.

BOROUGH OF RICHMOND.

Wiederer, Carrie.....	3207
-----------------------	------

Sanitary Bureau.

The following communications were received from the Sanitary Superintendent:

First—Weekly reports of the Sanitary Superintendent. Ordered on file.

Second—Weekly reports from the Willard Parker, Reception, Riverside and Kingston Avenue Hospitals. Ordered on file.

Third—Certificates in respect to the vacation of premises at north side of Bay Ridge avenue, second house west of Ninth avenue, Borough of Brooklyn; No. 4 Sherman street, Third Ward, Borough of Richmond.

On motion, the following preambles and resolutions were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot on north side of Bay Ridge avenue, second house west of Ninth avenue, in the Borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of defects in the draining thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot on north side of Bay Ridge avenue, second house west of Ninth avenue, in the Borough of Brooklyn, be required to vacate said building on or before May 1, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, That this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 4 Sherman street, Third Ward, in the Borough of Richmond, has become dangerous to life and is unfit for human habitation because of defects in the draining thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot No. 4 Sherman street, Third Ward, in the Borough of Richmond, be required to vacate said building on or before May 1, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, That this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Fourth—Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

Vacations.

BOROUGH OF RICHMOND.

36. South side of Washington avenue, Third Ward.

5th—Certificates declaring premises at east side of Astoria road, about 500 feet north of Maurice avenue, Maspeth; east side of Old Town Landing, about 250 feet north of Betts avenue, Maspeth; east side of Old Town Landing, about 200 feet north of Betts avenue, Maspeth; east side of Old Town Landing, about 350 feet north of Betts avenue, Maspeth, Borough of Queens; west side of Richmond turnpike, Third Ward; Sharrots road, Fifth Ward, Borough of Richmond, and No. 17 McKibben street, Borough of Brooklyn, public nuisances.

On motion, the following orders were entered:

Whereas, The premises east side of Astoria road, about 500 feet north of Maurice avenue, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stalls and stable and milk house be removed, the space beneath said flooring cleaned, disinfected and filled with fresh earth; that the entire stable and milk house floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, sewer connected valley drain; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else the air space in the stable allowed each cow be not less than 800 cubic feet; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water tight manure box with a tight fitting cover be constructed (at least 3 feet from the stable) sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milk men be thoroughly clean before milking; that the milk men be clothed in white overalls and jumper while milking; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times; that application for approval of site of cow stable be made to this Department.

Whereas, The premises, No. 17 McKibben street, Borough of Brooklyn, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the nuisance caused by the discharge of smoke be abated.

Whereas, The premises east side of Old Town Landing, about 250 feet north of Betts avenue, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stalls and stable and milk house be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable and milk house floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, sewer-connected valley drain; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else the air space in the stable allowed each cow be not less than 800 cubic feet; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water tight manure box with a tight fitting cover be constructed (at least 3 feet from the stable) sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling.

Whereas, The premises east side of Old Town Landing, about 200 feet north of Betts avenue, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board, in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises, in its present condition as a stable, be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stalls and stable and milk house be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable floor be so graded and drained as to discharge all water and liquid matter into a properly trapped sewer connected valley drain; that each stall be provided with a movable rack; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water-tight manure box with a tight fitting cover be constructed (at least 3 feet from the stable), sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milkmen be thoroughly clean before milking; that the milkmen be clothed in white overalls and jumper while milking; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times.

Whereas, The premises east side of Old Town Landing, about 350 feet north of Betts avenue, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board, in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises, in its present condition as a stable, be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stalls and stable and milk house be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable and milk house floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, sewer-connected valley drain; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else the air space in the stable, or else the air space in the stable allowed each cow be not less than 800 cubic feet; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water-tight manure box with a tight-fitting cover be constructed (at least 3 feet from the stable), sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that an adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milkmen be thoroughly clean before milking; that the milkmen be clothed in white overalls and jumper while milking; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times.

Whereas, The premises west side of Richmond turnpike, Third Ward, Borough of Richmond, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stalls and stable and milk house be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable and milk house floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, cesspool connected valley drain; that a proper cesspool be constructed thereat, the sides and bottom to be impermeable and secure against any saturation of the walls or the ground above the same; that each stall shall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to exercise every day; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water-tight manure box with a tight-fitting cover be constructed (at least three feet from the stable) sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that an adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milk men be thoroughly clean before milking; that the milk men be clothed in white overalls and jumper while milking; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times.

That a milk house be provided, walls and ceilings of same to be lined with matched boards and painted; provided with two or more windows; floor to be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped cesspool connected valley drain.

Whereas, The premises Sharrots road, Fifth Ward, Borough of Richmond, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the keeping of cows thereat and the selling of milk without a permit from this Department be discontinued forthwith; that the saturated flooring of the cow stalls and stable be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable floor be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, cesspool connected valley drain; that a proper cesspool be constructed thereat, the sides and bottom to be impermeable and secure against any saturation of the walls or the ground above the same; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to exercise every day; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water-tight manure box with a tight-fitting cover be constructed (at least three feet from the stable) sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that an adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milk men be thoroughly clean before milking; that the milk men be clothed in white overalls and jumper while milking; that the grounds about the stable be cleaned of all manure and rubbish, disinfected and kept clean at all times.

That a milk house be provided, walls and ceilings of same to be lined with matched boards and painted; provided with two or more windows; floor to be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped cesspool connected valley drain.

4th. Certificates in respect to the vacation of premises at No. 5 Cedar place, Long Island City, Borough of Queens, and No. 342 Bay street, Second Ward, Borough of Richmond.

On motion, the following preamble and resolutions were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 5 Cedar place, Long Island City, in the Borough of Queens, has become dangerous to life, and is unfit for human habitation because of defects in the draining thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 5 Cedar place, Long Island City, in the Borough of Queens, be required to vacate said building on or before May 8, 1906, for the reason that said building is dangerous to life, and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 342 Bay street, Second Ward, in the Borough of Richmond, has become dangerous to life, and is unfit for human habitation because of defects in the draining thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 342 Bay street, Second Ward, in the Borough of Richmond, be required to vacate said building on or before May 8, 1906, for the reason that said building is dangerous to life, and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

5th. Certificates declaring premises at Barretto Point, Longwood avenue and Mohawk street, Tiffany street and Spofford avenue, Springhurst; Van Courtlandt street, ¼ mile east of Eastchester road; east side Ninth street, first stable north of Avenue D, Unionport, Borough of The Bronx; south side Metropolitan avenue, between Newtown Creek Bridge and Woodward avenue, about 400 feet west of the bridge, Borough of Queens, and Clark avenue, near Amboy road, Oakwood, Fourth Ward, Borough of Richmond, public nuisances.

On motion, the following orders were entered:

Whereas, The premises, Barretto Point, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stable be removed, and that the space beneath the same be disinfected and filled in with fresh earth; that the entire stable floor be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped cesspool-connected valley drain; that either a movable rack be provided in the present stalls or that a water-tight wooden platform be provided for the cows to lie upon; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to exercise during the entire day, or else that the air space in the stable allowed each cow be not less than 800 cubic feet; that the milk house be properly cleaned and disinfected, and that the floor of same be cemented and properly graded and drained to a properly trapped cesspool-connected drain; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that additional windows to promote light, and a suitable ventilator from the roof of the stable be provided; that the walls and ceiling of the stable be scraped and disinfected and sheathed with matched boards, and that said boards be painted; and that a manure box with a properly fitting cover be built, sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point not less than 300 feet from the stable or any inhabited dwelling.

Whereas, The premises, Longwood avenue and Mohawk street, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stable be removed, and that the space beneath the same be disinfected and filled with fresh earth; that the entire stable floor be cemented, and so graded and drained as to discharge all water and liquid matter into a properly trapped cesspool connected valley drain; that either a movable rack be provided in the present stalls or that a water-tight wooden platform be provided for the cows to lie upon; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day or else that the air space in the stable allowed each cow be not less than 800 cubic feet; that a milk house be provided 25 feet from the stable, and that the floor of same be cemented and properly graded and drained to a properly trapped, cesspool connected drain; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that additional windows to promote light, and a suitable ventilator from the roof of the stable be provided; that the walls and ceilings of the stable be scraped and disinfected and sheathed with matched boards and that said boards be painted; that a manure box with a properly fitting cover be built, sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily and deposited at a point not less than 300 feet from the premises or any inhabited dwelling.

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stable be removed, and that the space beneath the same be disinfected and filled in with fresh earth; that the entire stable floor be cemented, and so graded and drained as to discharge all water and liquid matter into a properly trapped cesspool connected valley drain; that either a movable rack be provided in the present stalls or that a water-tight wooden platform be provided for the cows to lie upon; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day or else that the air space in the stable allowed each cow be not less than 800 cubic feet; that the milk house be properly cleaned and disinfected, and that the floor of same be cemented and properly graded and drained to a properly trapped, cesspool connected drain; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that additional windows to promote light, and a suitable ventilator from the roof of the stable be provided; that the walls and ceilings of the stable be scraped and disinfected and sheathed with matched boards and that said boards be painted; that a manure box with a properly fitting cover be built, sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily and deposited at a point not less than 300 feet from the stable or any inhabited dwelling.

Whereas, The premises, Van Cortlandt street, ¼ mile east of Eastchester road, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the valley drains in stable be properly graded and drained so as to discharge all liquid matter into a properly constructed water tight cesspool; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else that the air space in the stable allowed each cow be not less than 800 cubic feet; that the milk house be properly cleaned and disinfected and that the floor of same be cemented and properly graded and drained to a properly trapped cesspool connected drain; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the walls and ceilings of the stable be scraped and disinfected and sheathed with matched boards and painted; that additional windows to promote light and a suitable ventilator from the roof of the stable be provided; that a manure box with a properly fitting cover be built, sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily and deposited at a point not less than 300 feet from the stable or any inhabited dwelling.

Whereas, The premises, east side of Ninth street, first stable north of Avenue D, Unionport, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stable be removed and that the space beneath the same be disinfected and filled in with fresh earth; that the entire stable floor be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, cesspool connected valley drain; that either a movable rack be provided in the present stalls or that a water-tight wooden platform be provided for the cows to lie upon; that no more than one cow for each 500 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else that the air space in the stable allowed each cow be not less than 800 cubic feet; that the milk house be properly cleaned and disinfected, and that the floor of same be cemented and properly graded and drained to a properly trapped, cesspool connected drain; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that additional windows to promote light, and a suitable ventilator from the roof of the stable be provided; that the walls and ceilings of the stable be scraped and disinfected and sheathed with matched boards, and that said boards be painted; that a manure box with a properly fitting cover be built, sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily and deposited at a point not less than 300 feet from the stable or any inhabited dwelling.

Whereas, The premises, south side of Metropolitan avenue, between Newtown Creek Bridge and Woodward avenue, about 400 feet west of the bridge, borough of Queens, in The City of New York, and the business pursuit specified in this case,

being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the keeping of cows thereat and the selling of milk without a permit from this Department be discontinued forthwith; that the saturated wooden flooring of the cow and horse stalls and stable and the saturated earth beneath same be removed, the site cleaned and disinfected, and that the entire stable and milk house floor be cemented or asphalted and so graded as to discharge all liquid matter into a properly trapped, cesspool connected valley drain; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else the air space in the stable allowed each cow be not less than 800 cubic feet; that the interior walls and ceiling of the milk house and stable be scraped, disinfected and sheathed with matched boards, and that said boards be painted or whitewashed; that a water-tight, tight-covered manure box be constructed thereat (at least three feet from the stable) sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the highway, stable or any inhabited dwelling; that adequate means for providing hot water for washing and sterilizing the milk cans, milk pails, milk bottles and other utensils be provided thereat; that the cows be cleaned daily; that the udders of the cows and the hands of the milk men be thoroughly cleaned before milking; that the men be clothed in white overalls and jumper while milking; that the ground about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times.

That plans and specifications of proposed stable be submitted to this Department for approval.

Whereas, The premises, Clark avenue, near Amboy road, Oakwood, Fourth Ward, Borough of Richmond, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance, dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stalls and stable and milk house be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable and milk house floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, cesspool connected valley drain; that a proper cesspool be constructed thereat, the sides and bottom to be impermeable and secure against any saturation of the walls or the grounds above the same; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to exercise every day; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water-tight manure box with a tight-fitting cover be constructed (at least three feet from the stable) sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that an adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milk men be thoroughly clean before milking; that the milk men be clothed in white overalls and jumper while milking; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times.

Sheehan & Co., Incorporated, to whom was awarded the contract for the erection of the Scarlet Fever Pavilion on the grounds of the Willard Parker and Reception Hospitals, foot of East Sixteenth street, Borough of Manhattan, appeared and made a tender of said building and requested that the same be accepted as completed, and, on motion of Commissioner Doty, the following preambles and resolution were adopted:

Whereas, A certain contract was duly made and entered into on or about July 23, 1903, by and between The City of New York, by the Department of Health of The City of New York, acting by and through the President of the Board of Health, party of the first part, and John R. Sheehan & Co., Incorporated, party of the second part, pursuant to the provisions of the Greater New York Charter, "for furnishing all the labor and furnishing and erecting all the materials necessary or required to complete a scarlet fever pavilion at the Willard Parker Hospital, foot of East Sixteenth street, Borough of Manhattan, New York City"; and

Whereas, It was stipulated in the said contract that the work required to be performed should be completed before the expiration of a time therein specified and that the contractor should execute the work in every respect in a thorough and workmanlike manner; and

Whereas, The said contractor did not complete the work within the time specified, and various differences arose between the parties to the said contract in respect to the work required to be done, and claims for extra compensation and otherwise were made by the party of the second part, and the said differences and claims have been mutually and satisfactorily settled and adjusted; therefore be it

Resolved, That The City of New York, by and through the Department of Health of The City of New York, party of the first part in said contract, hereby grants an extension of time and does hereby extend the time for the completion of the said contract to the date of the completion of the said work, the same being now complete, and does hereby release and discharge the said contractor and his surety from any and all claim or claims by reason of the non-performance of the said contract, and does hereby accept the building and work called for by the said contract; and does also hereby release and discharge the sureties thereon, and does also hereby release and consent to the payment of the percentages withheld as a guaranty for the full performance of the work specified to be done in and by the said contract; on condition and provided, however, that the said contractor, John R. Sheehan & Co., Incorporated, party of the second part to the said contract, waive any and all claim or claims against The City of New York and the Department of Health by reason of any extra work arising out of the performance of the contract hereinbefore referred to.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for park purposes, in the

Borough of Brooklyn.

Being all the remaining buildings situated within the lines of property known as Greenpoint Park, bounded by Berry street, Nassau avenue, Lorimer street, Driggs avenue, Manhattan avenue, Leonard street, Bayard street, Union avenue and North Twelfth street, in the Fourteenth, Fifteenth and Seventeenth Wards.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

TUESDAY, JUNE 12, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description, within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lathe and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them, be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the face of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts

of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, JUNE 11, 1906,

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to the following-described property, which it has by virtue of a lease from William V. B. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 28, 1895, and recorded in the Register's Office of the County of Kings in Liber 1 of Conveyances, at page 496, on December 31, 1895, in Section 21.

All that certain lot, piece or parcel of land situate, lying and being in the Thirty-first Ward of the Borough of Brooklyn, City of New York, known as and by the number 35 upon the assessment roll, for the opening of Surf avenue, from Prospect Park and Coney Island Railroad Company to Coney Island Point, in the former Town of Gravesend, later City of Brooklyn, now the Thirty-first Ward of The City of New York, which lease thereof for one hundred years was sold to the Town of Gravesend at a sale for unpaid assessments held on the 11th day of January, 1893, for the sum of \$22.42, and which lease was for the unexpired term conveyed to the City of Brooklyn by the Supervisor of the Town of Gravesend on December 29, 1895.

The minimum or upset price at which the interest of the City in and to the premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at forty dollars and thirty-nine cents (\$40.39).

The purchaser, in addition thereto, to pay the auctioneer's fee on such sale, and also to pay the further sum of one hundred dollars (\$100) for the expense of examination, advertising, etc. The sale of the said premises is to be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money, and the \$100 on such parcel, together with the auctioneer's fee, as above provided for. The quitclaim deed for the above-described premises to be delivered within thirty days from the date of sale.

The deed for said premises is to contain a clause reserving to the City all of the property lying within the bed of Surf avenue and West Twenty-fifth street as now laid out, together with any and all awards which have been or may be made on said property covered by the Assessment No. 35 for the opening of West Twenty-fifth street or of Surf avenue.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board held May 16, 1906.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS IN THE BOROUGH OF BROOKLYN.

TWENTY-SIXTH WARD, SECTION 13.
CRESCENT STREET—PAVING, between Liberty and Pitkin avenues. Area of assessment: Both sides of Crescent street, between Pitkin and Liberty avenues, and to the extent of half the block at the intersecting and terminating avenues.

—that the same was confirmed by the Board of Revision of Assessments on May 24, 1906, and entered May 24, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided for in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum to be calculated to the date of payment from the date when such assessments became liens as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays till 12 m., and all payments made thereon on or before July 23, 1906, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became a lien to the date of payment.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS IN THE BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.
CARTER AVENUE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from East One Hundred and Seventy-third street to Tremont avenue. Area of assessment: Both sides of Carter avenue, from East One Hundred and Seventy-third street to Tremont avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

BUCHANAN PLACE—SEWER, between Jerome avenue and Aqueduct avenue East. Area of assessment: Both sides of Buchanan place, from Jerome avenue to Aqueduct avenue East; west side of Grand avenue, from One Hundred and Eighty-second street to Buchanan place; east side of Aqueduct avenue East, from One Hundred and Eighty-second street to about 88 feet north of Buchanan place.

HAWKSTONE STREET—SEWER, between Walton avenue and the Grand Boulevard and Concourse. Area of assessment: Both sides of Hawkstone street, from Walton avenue to the Concourse, and extending northerly and southerly about 100 feet; also east side of Walton avenue and west side of the Concourse, from Rockwood to Hawkstone street.

—that the same were confirmed by the Board of Revision of Assessments May 24, 1906, and entered on May 24, 1906, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 23, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected

by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 6.
EAST ONE HUNDRED AND TWENTY-FOURTH STREET—FENCING VACANT LOTS. North side, from First avenue to the East river. Area of assessment: North side of One Hundred and Twenty-fourth street, west of Pleasant avenue, Block 1812, Lot No. 12. —that the same was confirmed by the Board of Revision of Assessments on May 24, 1906, and entered on May 24, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 23, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for school purposes, in the

Borough of Manhattan.

All the buildings, parts of buildings, etc., standing upon land acquired for the Board of Education, and described as follows:

Beginning at a point in the southerly line of East Fifty-seventh street distant 100 feet westerly from the westerly line of Second avenue; running thence southerly and parallel with Second avenue 100 feet 5 inches; thence westerly and parallel with East Fifty-seventh street 75 feet; thence northerly and again parallel with Second avenue 100 feet 5 inches to the southerly line of East Fifty-seventh street; thence easterly along the southerly line of East Fifty-seventh street 75 feet to the point of place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

FRIDAY, JUNE 8, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings, or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting

without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for school purposes, in the

Borough of Brooklyn.

All the buildings, parts of buildings, etc., standing upon land acquired for the Board of Education, and described as follows:

Beginning at a point formed by the intersection of the northerly line of Fifty-first street with the westerly line of Sixth avenue, and running thence northerly along the westerly line of Sixth avenue 200 feet 4 inches to the southerly line of Fifth street; thence westerly along the southerly line of Fifth street 200 feet; thence southerly and parallel with Sixth avenue 200 feet to the northerly line of Fifty-first street; thence easterly along the northerly line of Fifty-first street 200 feet to the westerly line of Sixth avenue, the point of place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

TUESDAY, JUNE 5, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description, within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials

or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

SUPREME COURT—FIRST DEPARTMENT.

NEW YORK COUNTY.

In the matter of the application of the Counsel to the Corporation of The City of New York, upon the written request of the Department of Public Parks of the said City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of The City of New York, to acquire title to certain lands, property rights, easements and privileges necessary to be acquired, pursuant to chapter 102 of the Laws of 1893, entitled "An act to lay out, establish and regulate a public driveway in The City of New York"—"THE SPEEDWAY."

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved land affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our second amended supplemental and partial estimate, and that all persons interested therein, or in any of the lands affected thereby, and having objections thereto, shall file the same in writing, duly verified, with us, at our office, No. 141 Broadway, Rooms 1415 and 1416, Borough of Manhattan, New York City, on or before the 21st day of June, 1906, and that we, the said Commissioners, will hear parties so objecting after the said 21st day of June, 1906, and for that purpose will be in attendance at our said office on the 22nd day of June, 1906, at 3 p. m., and upon such subsequent days as may be found necessary.

Second—That the abstract of our said second amended supplemental and partial estimate, together with our damage map, and all the affidavits, estimates and other documents used by us in making our said second amended supplemental and partial estimate, were, on the 29th day of May, 1906, duly deposited in the Bureau of Street Openings in the Law Department of The City of New York, at the office of said Bureau, No. 90 West Broadway (Gerken Building), in said City, there to remain until the 28th day of June, 1906.

Third—That it is our intention to present our report for confirmation to the Supreme Court of the State of New York, at a Special Term thereof, Part I, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 5th day of July, 1906, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 430 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
