COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in the Mayor's Office, City Hall, at 11 o'clock a. m. on Wednesday, May 3, 1911.

Present: William J. Gaynor, Mayor; Douglas Mathewson, Deputy and Acting Comptroller; Henry J. Walsh, Deputy and Acting Chamberlain; Francis P. Bent, Acting President, Board of Aldermen, and Frank L. Dowling, Chairman Finance Committee, Board of Aldermen.

On motion of the Deputy and Acting Chamberlain, John Korb, Jr., was elected Secretary pro tem.

The following communication was received from the Commissioner of Docks relative to the establishment of a ferry from and to Clason Point, Borough of The Bronx, to and from College Point, Borough of Queens, and a lease of the franchise to operate said ferry to the Twin City Ferry Company:

Department of Docks and Ferries, Pier "A," North River, April 3, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor and Chairman of the Commissioners of the Sinking Fund:*

Sir—On May 18, 1910, the Commissioners of the Sinking Fund approved of the establishment by the Commissioner of Docks of a ferry from and to a point at or near the foot of Clason Point road, Borough of The Bronx, to and from a point at or near the foot of North 10th street, College Point, Borough of Queens. A lease to the Clason and College Point Ferry Company was also approved, of a franchise to operate a ferry between said points, and, among other things, it was provided that, in case a ferry was not in operation on or before the first day of September, 1910, the lease should be of no force or effect.

A lease was prepared in accordance with the resolution of the Commissioners of the Sinking Fund, was approved as to form by the Corporation Counsel, and the ferry company was notified to execute same, which they failed to do; the ferry was not in operation on the first day of September, 1910, and consequently the lease became null and void.

An application has now been submitted by Francis H. Weeks for the granting of a lease of a ferry franchise, together with the wharf property, to the Twin City Ferry Company, a corporation to be organized for this purpose; and

1. Pursuant to the provisions of section 818 of the Greater New York Charter, I beg to recommend that the Commissioners of the Sinking Fund approve of the establishment by the Commissioner of Docks of a ferry from and to a point at or near the foot of Clason Point road, Borough of The Bronx, to and from a point between the westerly side of North 10th street and the easterly side of North 13th street, College Point, Borough of Queens.

2. That, pursuant to section 826 of the Greater New York Charter, the Commissioners of the Sinking Fund by unanimous vote approve of and authorize a lease by private agreement to the Twin City Ferry Company of the franchise to operate a ferry from and to a point at or near the foot of Clason Point road, Borough of The Bronx, to and from a point between the westerly side of North 10th street and the easterly side of North 13th street, College Point, Borough of Queens, together with the following described property:

3. All the land and land under water which is now owned by The City of New York as will be covered by and is in the opinion of the Commissioner of Docks necessary for the construction and maintenance of ferry structures, racks, platforms and other structures to be used for the purposes of said ferry, which ferry structures, racks, platforms and other structures are substantially as shown on plans for such structures on file in the office of the Commissioner of Docks and as shown in the minutes of the Commissioners of the Sinking Fund, May 18, 1910.

4. The term of the lease to be ten years from the first day of the month next succeeding the day upon which said lease shall be approved by the Commissioners of the Sinking Fund.

5. The lessee to pay as rent for the franchise to operate the ferry and for the use and occupation of the land and land under water aforesaid, yearly and every year during the said term of said lease, a sum equal to two per cent. (2%) of the gross receipts received from the operation of said ferry, said yearly rent or sum of money to be paid in quarter-yearly payments, such payments to be made within ten days succeeding the last day of each quarter year.

6. The lessee to make and deliver to the Commissioner of Docks of The City of New York, whenever thereunto required by him, a statement in writing, verified by the oath or affirmation of such proper officer of the lessee as may be designated by the Commissioner of Docks, of the actual gross receipts for ferriage in the ferry provided for herein, wherever collected and received by the lessee, and also on account of all ferriage received from commuters or return tickets and from railroad tickets which shall entitle the holder thereof to be carried over said ferry, either from the Borough of The Bronx to the Borough of Queens or from the Borough of Queens to the Borough of The Bronx, purchased on either side of said ferry, and said lessee shall and will keep regular and separate books of accounts showing the daily gross receipts of said ferry, whether by money paid or by commutation tickets, or return railroad tickets purchased on either side of said ferry and will allow the Commissioner of Docks or any person designated by him to examine such books at all reasonable times.

7. The lessee at its own proper cost, charges and expense, to build, make and furnish and at all times during the term of the lease well and sufficiently uphold, maintain and keep in good order and substantial repair, the necessary ferry structures, floats, racks, fenders, bridges and other fixtures at the landing places of said ferry, and will during the whole of said term and any renewal thereof maintain and operate the said ferry.

8. The lessee at the commencement of the lease shall dredge as required by the Commissioner of Docks, the slips adjacent to the wharf property and under the platforms which may be used for the purposes of said ferry, so as to make a depth of ten (10) feet at mean low water, and to keep dredged such slips so that there shall be at all times during the said term in the said slips and under the platforms erected and in every part thereof and thereunder, outwardly to the exterior line of the ferry racks used for the ferry purposes at least ten (10) feet depth at mean low water, and so that the entire water space occupied by said ferry racks and platforms shall at all times be kept clear and free to that depth from sewage and all other material injuries or dangerous to or destructive of life, health or comfort.

9. The lessee at all times during the said term shall put, keep and maintain the said ferry structures and every part thereof in good and sufficient repair and condition.

10. All such repairs, rebuilding and dredging during the said term shall be done at the sole cost, charge and expense of the lessee and in case the lessee shall neglect or refuse to make such repairs or do such dredging for ten (10) days after notice to make or do the same shall have been given by the Commissioner of Docks, or any proper officer, agent or employee of The City of New York, then the Commissioner of Docks may make such repairs or do such dredging or cause such repairs to be made or dredging done, and the full cost and expense thereof shall be paid on demand by the said lessee to the Commissioner of Docks.

11. If at any time during the term hereby created, the Commissioner of Docks shall determine to proceed with the work of building or rebuilding wharves, piers, bulkheads, basins, docks or slips within a section or district of the waterfront which shall include the premises hereby leased, according to any plan or plans now adopted and approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law, and if the Commissioner of Docks shall determine that, for the purpose of such building or rebuilding, it will be necessary to terminate the interest of the lessee in the said property or any part thereof, then, upon service, as herein provided, upon the lessee of written notice from the said Commissioner of Docks to that effect, describing the premises or part thereof affected thereby, the interest of said lessee in said property or part thereof under this lease shall be thereby terminated and the rent hereby reserved shall cease from the date of the receipt of such notice, and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest in said property, shall at any time be made by the said lessee or any person or persons whomsoever, except that an allowance shall be made by The City of New York to the lessee for the actual value of any ferry structures or improvements which may remain upon the said premises at the time of the cancellation of said lease. In case the said lessee and the said Commissioner of Docks are unable to agree as to the actual value of said structures, the said value shall be fixed in the manner provided in paragraph 17.

12. And in case the City should at any time acquire, either by purchase or the exercise of the right of eminent domain, for the improvement of the waterfront, the whole or any part of the property not owned by the City, upon which structures are erected or improvements made under or by virtue of the provisions of this lease, then and in that event, no additional item of value other than the actual cost of such structures or improvements so erected on said property, less depreciation shall be claimed by or allowed to the owner thereof for or on account of such structures and improvements.

13. Upon the receipt of the notice of the intention of The City of New York to use the property leased or any portion thereof for the improvement of the waterfront in the vicinity of the ferry landings, the lessee may elect to terminate at the expiration of said six months, the lease of said property and ferry privileges or franchise, but to render such election effectual, the lessee shall covenant to and with The City of New York to serve upon the Commissioner of Docks within three months after the receipt of the notice hereinbefore provided for from the Commissioner of Docks, a notice in writing to terminate the said lease of the property and ferry privileges or franchises at the expiration of six months after the receipt of said notice from the Commissioner of Docks.

14. The lessee at all times to find, furnish and provide, maintain, keep and navigate such and so many good and substantial steam ferryboat or boats as shall be requisite and necessary for the operation of said ferry and the number of daily trips to be made between such points shall be such as the Commissioner of Docks may prescribe at the expiration of one year from the commencement of operation of the said ferry.

15. The lessee shall have the right within such limits as are now prescribed by law, to fix the rates of ferriage to be charged on said ferry, and in case the proper legal authorities shall decrease the rates so fixed by the lessee, the lessee shall have the option of cancelling the lease.

16. The lessee shall not during the said term, transfer, assign or set over, let or underlet, or in any manner convey the lease or any part thereof or any estate or interest therein or any part thereof without the leave or consent of the Commissioner of Docks.

17. The lessee to have the privilege of a renewal of this lease upon six months prior notice to the expiration of the first term, for a further term of ten (10) years, the said renewal lease to be in all respects similar to the lease for the first term except that the rental shall be fixed by arbitration. The said Company and the said Commissioner of Docks shall each appoint an arbitrator who shall decide what rent shall be paid by the lessee for the ensuing renewal term, and in the event that the said two persons are unable to agree, they shall select an umpire, and the rental decided by the majority shall be then fixed and determined as to the amount of rent to be paid for the ensuing renewal term, but in no case shall the rental for the renewal term be less than the rental provided for the first term.

18. In case the ferry is not in operation in accordance with the terms of the lease six months after giving notice to the lessee that said lease is ready for execution, the lease shall be void and of no force or effect.

19. Nothing in the lease contained shall be construed to prevent the City from erecting a pier at the foot of North 10th street, College Point.

20. The lessee shall within thirty days after notice that the lease is ready for execution at the office of the Commissioner of Docks, furnish a bond in the sum of five thousand dollars ($5,000) with surety or sureties to be approved by the Commissioner of Docks for the faithful performance of all the terms and conditions of the lease, which said bond, however, shall be of no force or effect from the time that the Commissioner of Docks shall certify that the ferry structures, floats, racks, fenders, bridges and other fixtures at the landing places of said ferry are completed in accordance with plans and specifications to be submitted to and approved by him and the ferry shall be in operation in accordance with the terms of the lease.

21. The said lessee covenants and agrees that it will not erect or maintain or permit to be erected or maintained upon the premises hereby demised, structures of any kind, without the consent in writing of the Commissioner of Docks. Any and all structures erected upon the said premises without permit of the Commissioner of Docks shall be removed therefrom by the said lessee within twenty-four hours after service of notice so to do; and in case of failure to remove within the time designated for such removal, the Commissioner of Docks is authorized to remove such structures and the said lessee shall pay the cost of such removal and the storage thereof, upon demand by the Commissioner of Docks, provided, however, that this covenant shall not apply to any structures erected under and by virtue of any specific consent granted or authority conferred by this indenture. All structures erected under the provisions of the lease shall revert to and become the property of the City at the expiration or other sooner termination of the said lease or any renewal thereof.

22. The words "Commissioner of Docks" whenever used herein shall be understood to mean the Commissioner of Docks of The City of New York or the Board, authority, officer or officers which may at any time be vested with the jurisdiction of or perform the duties or exercise the authority now vested in or performed or exercised by the Commissioner of Docks of The City of New York.

23. The remaining terms and conditions of the lease where not inconsistent with the above terms and conditions shall be similar to those contained in leases of ferry franchises and wharf property now used by this Department.

The proposed lease is dissimilar in some respects to the lease proposed last year to the Clason and College Point Ferry Company, in the following particulars:

a. The termination of the ferry in the Borough of Queens is changed from a point near the foot of North 10th street, College Point, to a point between the westerly side of North 10th and the easterly side of North 13th street, for the reason that the lessee is of the opinion that he may be able to lease private property which will better serve for the operation of the ferry than to be confined to the City property which was included in the 1910 lease, which would only admit of the construction of one ferry slip.

b. The description of the property has been amended by striking therefrom the words "and which may hereafter be acquired by the City" and confining the description of the property in the lease to that which is actually now owned by the City.

c. The provision requiring the lessee to furnish a statement of its expenses as well as its receipts has been amended, as the interest of the City is confined solely to the amount of its gross receipts, as the rental is based thereon.

d. In case the lease is cancelled before the expiration of the term, the new lease provides that the lessee shall be reimbursed for the actual value of any ferry structures or improvements which may remain on the City property at the time of the cancellation. This seems a fair arrangement, as in the event of the cancellation of the lease before the expiration of the term, the lessee would be deprived of its franchise and its business and have such ferryboats as might be in operation on the ferry left on its hands.

e. It is also provided that in case the City should at any time acquire the private property for the improvement of the waterfront, no additional item of value other than the actual cost of the structures or improvements so erected on said property less depreciation shall be claimed by or allowed to the owners thereof for or on account of such structures and improvements, the purpose of this clause being that there shall be no enhancement of the value of private property by virtue of the erection of structures authorized by the City other than the actual cost of such structures less depreciation.

f. The present lease also provides that the number of daily trips to be made shall be such as the Commissioner of Docks may prescribe at the expiration of one year from the commencement of operation of the said ferry. In the 1910 lease the number of trips was fixed, but as the ferry is a new one and somewhat of an experiment, it is deemed advisable to continue its operation for one year before fixing definitely the number of trips which shall be made.

g. The lessee is obligated to furnish a bond in the sum of five thousand dollars ($5,000), which bond, however, shall cease from the time that the ferry structures are erected, and the ferry in operation. It is considered a hardship to insist upon the furnishing of a bond after the lessee has expended a large sum of money for the construction of buildings, etc., which are, in my opinion, a sufficient guarantee and in case the ferry ceases, the structures will revert to the City and can either be removed or be utilized for the operation of another ferry.

In other respects, the two leases are substantially identical.

Yours respectfully, CALVIN TOMKINS, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report:

April 14, 1911.

To the Commissioners of the Sinking Fund:

Gentlemen—On May 18, 1910, the Commissioners of the Sinking Fund adopted a resolution approving the establishment by the Commissioner of Docks of a ferry from and to a point at or near the foot of Clason Point road, Borough of The Bronx, and from a point at or near the foot of North 10th street, College Point, Borough of Queens. In another resolution adopted on the same date, the Commissioner of Docks was authorized to lease, by private agreement, to the Clason and College Point Ferry Company, the franchise to operate this ferry, the lease to include certain described wharf property.

The resolution authorizing the lease contained this provision:

"In case the ferry is not in operation in accordancce with the terms of the lease on or before the first day of September, 1910, the lease shall be void and of no force and effect."

In a communication dated April 3, 1911, the Commissioner of Docks notified the Commissioners of the Sinking Fund that a lease was prepared in accordance with the resolution of May 18, 1910, that it was approved as to form by the Corporation Counsel, and that the Clason and College Point Ferry Company was notified to execute the lease, but the Company failed to comply, so the ferry was not in operation by the first day of September, 1910, and consequently the lease became null and void.

In his communication of April 3, 1911, the Dock Commissioner requested authority to establish a ferry between Clason Point and College Point, with the College Point terminal located in a place slightly removed from the terminal established last year under authority of the resolution of May 8, 1910.

The Commissioner requested, also, that he be authorized to make a private agreement leasing the franchise for the operation of this ferry to the Twin City Ferry Company, a corporation to be organized for this purpose by Francis H. Weeks. The terms of the proposed lease, as submitted by the Commissioner of Docks, are practically the same as were approved last May for the lease to the Clason and College Point Ferry Company, though more favorable to the new company in that the requirement concerning the number of daily trips is not so severe, and the provision by which improvement revert to the City at the expiration or termination of the lease provides that the City shall pay to the Ferry Company the value of such improvements.

The Twin City Ferry Company was incorporated on April 20, 1911. It was organized by Francis H. Weeks, a marine broker and contractor, of 17 State street, New York City. Mr. Weeks had no official connection with the Clason and College Point Ferry Company, but had a business relation through the sale to the Company of the old ferryboat "South Brooklyn," which formerly operated on the Thirty-ninth street ferry.

When the Clason and College Point Ferry Company failed to execute a lease and operate the ferry established for its use, Mr. Weeks proposed to organize a new company, but he agreed to wait until the old Company could make further efforts to open the ferry.

On March 9, 1911, the Clason and College Point Ferry Company made an application to the Dock Commissioner for a new lease of the franchise for the operation of the ferry it had failed to operate last year. This application has been withdrawn in a letter addressed to the Commissioner of the Sinking Fund, and signed by the Clason and College Point Ferry Company, by M. L. Freeman, Treasurer, and three others of the Company. The letter of withdrawal reads as follows:

"We hereby withdraw the application made on behalf of the Clason and College Point Ferry Company for a franchise for a ferry between Clason Point and College Point, and desire that such a franchise be issued to the Twin City Ferry Company."

As the lease prepared last year is null and void, and as the old Company has withdrawn its application for another lease, there is no obstacle to the consideration of the proposed lease to the Twin City Ferry Company. The terms of the lease, as submitted by the Commissioner of Docks, appear to be satisfactory. Also it appears from the recommendation of the Commissioner of Docks that it would not be to the best interests of the City to lease the franchise of the proposed ferry at public auction.

I recommend that the Commissioner of Docks be authorized to establish a ferry between Clason Point and College Point, as requested in his communication of April

3, 1911, and also that he be authorized to lease, by private agreement, to the Twin City Ferry Company, the franchise for the operation of the ferry, in accordance with a resolution hereto attached.

As the ferry established last year is to be superseded by a ferry with a different route, I recommend that the resolution adopted May 18, 1911, authorizing the establishment of a ferry, be rescinded. Also I recommend the rescindment of the resolution adopted May 18, 1911, authorizing the Commissioner of Docks to lease, by private agreement, to the Clason and College Point Ferry Company the franchise to operate a ferry.

Attached hereto are four resolutions, which, if adopted, will carry the above recommendations into effect. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Whereas, Section 826 of the Greater New York Charter provides that the Commissioner of Docks shall have power and is authorized to lease in the name of and for the benefit of The City of New York, in the manner provided by law, the franchise of any ferry or ferries belonging to said City, for the highest marketable price or rental, at public auction or by sealed bids, and always after public advertisement and appraisal under the direction of said Commissioner, but not for a term longer than ten years; and

Resolved, That, pursuant to the provisions of section 826 of the Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, determine that the interests of The City of New York will not be best promoted by leasing the franchise of the hereinbefore mentioned ferry at public auction; and be it further

Resolved, That, pursuant to the provisions of section 826 of the Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby approve of and authorize a lease by private agreement to the Twin City Ferry Company of a franchise to operate a ferry from and to a point at or near the foot of Clason Point road, Borough of The Bronx, to and from a point between the westerly side of North 10th street and the easterly side of North 13th street, College Point, Borough of Queens, together with the following described property:

All the land and land under water which is now owned by The City of New York as will be covered by and is in the opinion of the Commissioner of Docks necessary for the construction and maintenance of ferry structures, racks, platforms and other structures to be used for the purposes of said ferry, which ferry structures, racks, platforms and other structures are substantially as shown on plans for such structures on file in the office of the Commissioner of Docks and as shown in the minutes of the Commissioners of the Sinking Fund, May 18, 1910.

The term of the lease to be ten years from the first day of the month next succeeding the day upon which said lease shall be approved by the Commissioners of the Sinking Fund.

The lessee to pay as rent for the franchise to operate the ferry and for the use and occupation of the land and land under water aforesaid, yearly and every year during the said term of said lease, a sum equal to two (2) per cent. of the gross receipts received from the operation of said ferry, said yearly rent or sum of money to be paid in quarter yearly payments, such payments to be made within ten days succeeding the last day of each quarter year.

The lessee to make and deliver to the Commissioner of Docks of The City of New York, whenever thereunto required by him a statement in writing, verified by the oath or affirmation of such proper officer of the lessee as may be designated by the Commissioner of Docks, of the actual gross receipts for ferriage in the ferry provided for herein, wherever collected and received by the lessee, and also on account of all ferriage received from commuters or return tickets and from railroad tickets which shall entitle the holder thereof to be carried over said ferry, either from the Borough of The Bronx to the Borough of Queens or from the Borough of Queens to the Borough of The Bronx, purchased on either side of said ferry and said lessee shall and will keep regular and separate books of accounts showing the daily gross receipts of said ferry, whether by money paid or by commutation tickets, or return railroad tickets purchased on either side of said ferry and will allow the Commissioner of Docks or any person designated by him to examine such books at all reasonable times.

The lessee at its own proper cost, charges and expense, to build, make and furnish and at all times during the term of the lease well and sufficiently uphold, maintain and keep in good order and substantial repair, the necessary ferry structures, floats, racks, fenders, bridges and other fixtures at the landing places of said ferry, and will during the whole of said term and any renewal thereof maintain and operate the said ferry.

The lessee at the commencement of the lease shall dredge as required by the Commissioner of Docks, the slips adjacent to the wharf property and under the platform which may be used for the purposes of said ferry so as to make a depth of ten (10) feet at mean low water and to keep dredged such slips so that there shall be, at all times during the said term, in the said slips and under the platforms erected and in every part thereof and thereunder, outwardly to the exterior line of the ferry racks used for the ferry purposes at least ten (10) feet depth at mean low water, and so that the entire water space occupied by said ferry racks and platforms shall at all times be kept clear and free to that depth from sewage and all other material injurious or dangerous to or destructive of life, health or comfort.

The lessee at all times during the said term shall put, keep and maintain the said ferry structures and every part thereof in good and sufficient repair and condition.

All such repairs, rebuilding and dredging during the said term shall be done at the sole cost, charge and expense of the lessee and in case the lessee shall neglect or refuse to make such repairs or do such dredging for ten (10) days after notice to make or do the same shall have been given by the Commissioner of Docks, or any proper officer, agent or employee of The City of New York, then the Commissioner of Docks may make such repairs or do such dredging or cause such repairs to be made or dredging done, and the full cost and expense thereof shall be paid on demand by the said lessee to the Commissioner of Docks.

If at any time during the term hereby created, the Commissioner of Docks shall determine to proceed with the work of building or rebuilding wharves, piers, bulkheads, basins, docks or slips within a section or district of the waterfront which shall include the premises hereby leased, according to any plan or plans now adopted and approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law, and if the Commissioner of Docks shall determine that for the purpose of such building or rebuilding, it will be necessary to terminate the interest of the lessee in the said property or any part thereof, then, upon service, as herein provided, upon the lessee of written notice from the said Commissioner of Docks to that effect, describing the premises or part thereof affected thereby, the interest of said lessee in said property or part thereof under this lease shall be thereby terminated and the rent hereby reserved shall cease from the date of the receipt of such notice, and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest in said property, shall at any time be made by the said lessee or any person or persons whomsoever, except that an allowance shall be made by The City of New York to the lessee for the actual value of any ferry structures or improvements which may remain upon the said premises hereby leased at the time of the cancellation of said lease. In case the said lessee and the said Commissioner of Docks are unable to agree as to the actual value of said structures, the said value shall be fixed in the manner provided in paragraph 17.

And in case the City should at any time acquire, either by purchase or the exercise of the right of eminent domain, for the improvement of the waterfront, the whole or any part of the property not owned by the City, upon which structures are erected or improvements made under or by virtue of the provisions of this lease, then and in that event, no additional item of value other than the actual cost of such structures or improvements so erected on said property, less depreciation, shall be claimed by or allowed to the owner thereof for or on account of such structures and improvements.

Upon receipt of the notice of the intention of The City of New York to use the property leased or any portion thereof for the improvement of the waterfront in the vicinity of the ferry landings, the lessee may elect to terminate at the expiration of said six months, the lease of said property and ferry privileges or franchise, but to render such election effectual, the lessee shall covenant to and with The City of New York to serve upon the Commissioner of Docks within three months after the receipt of the notice hereinbefore provided for from the Commissioner of Docks, a notice in writing to terminate the said lease of the property and ferry privileges or franchises at the expiration of six months after the receipt of said notice from the Commissioner of Docks.

The lessee at all times to find, furnish and provide, maintain, keep and navigate such and so many good and substantial steam ferryboat or boats as shall be requisite and necessary for the operation of said ferry and the number of daily trips to be made between such points shall be such as the Commissioner of Docks may prescribe at the expiration of one year from the commencement of operation of the said ferry. Provided, however, that from the date of the commencement of the operation of said ferry until November 1, 1911, at least twelve (12) round-trips daily shall be made.

The lessee shall have the right within such limits as are now prescribed by law, to fix the rate of ferriage to be charged on said ferry and in case the proper legal authorities shall decrease the rate so fixed by the lessee, the lessee shall have the option of cancelling the lease.

The lessee shall not during the said term transfer, assign or set over, let or underlet, or in any manner convey the lease or any part thereof or any estate or interest therein or any part thereof without the leave or consent of the Commissioner of Docks.

The lessee to have the privilege of a renewal of this lease upon six months' notice prior to the expiration of the first term for a further term of ten (10) years, the said renewal lease to be in all respects similar to the lease for the first term, except that the rental shall be fixed by arbitration. The said Company and the said Commissioner of Docks shall each appoint an arbitrator who shall decide what rent shall be paid by the lessee for the ensuing renewal term, and in the event that the said two persons are unable to agree they shall select an umpire and the rental decided by the majority shall be then fixed and determined as to the amount of rent to be paid for the ensuing renewal term, but in no case shall the rental for the renewal term be less than the rental provided for the first term.

In case the ferry is not in operation in accordance with the terms of the lease six months after giving notice to the lessee that said lease is ready for execution, the lease shall be void and of no force or effect.

Nothing in the lease contained shall be construed to prevent the City from erecting a pier at the foot of North 10th street, College Point.

The lessee shall within thirty days after notice that the lease is ready for execution at the office of the Commissioner of Docks, furnish a bond in the sum of five thousand dollars ($5,000), with surety or sureties to be approved by the Commissioner of Docks for the faithful performance of all the terms and conditions of the lease, which said bond, however, shall be of no force or effect from the time that the Commissioner of Docks shall certify that the ferry structures, floats, racks, fenders, bridges and other fixtures at the landing places of said ferry are completed in accordance with plans and specifications to be submitted to and approved by him and the ferry shall be in operation in accordance with the terms of the lease.

The said lessee covenants and agrees that it will not erect or maintain or permit to be erected or maintained upon the premises hereby demised, structures of any kind, without the consent in writing of the Commissioner of Docks. Any and all structures erected upon the said premises without permit of the Commissioner of Docks shall be removed therefrom by the said lessee within twenty-four hours after service of notice so to do; and in case of failure to remove within the time designated for such removal, the Commissioner of Docks is authorized to remove such structures and the said lessee shall pay the cost of such removal and the storage thereof, upon demand by the Commissioner of Docks; provided, however, that this covenant shall not apply to any structures erected under and by virtue of any specific consent granted or authority conferred by this indenture. All structures erected under the provisions of the lease shall revert to and become the property of the City at the expiration or other sooner termination of the said lease or any renewal thereof.

The words "Commissioner of Docks" whenever used herein shall be understood to mean the Commissioner of Docks of The City of New York or the Board, authority, officer or officers which may at any time be vested with the jurisdiction of or perform the duties or exercise the authority now vested in or performed or exercised by the Commissioner of Docks of The City of New York.

The remaining terms and conditions of the lease where not inconsistent with the above terms and conditions shall be similar to those contained in leases of ferry franchises and wharf property now used by the Department of Docks and Ferries.

Resolved, That the Commissioner of Docks is hereby authorized and directed to execute such lease when approved by the Corporation Counsel.

The report was accepted and the resolutions severally unanimously adopted.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

FILLING PRIVILEGE.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

MONDAY, MAY 15, 1911,

for the right to dump and fill behind the bulkhead wall recently built or to be built on part of the Yorkville section on the East River, Borough of Manhattan.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material as hereinafter described, the area behind the new bulkhead wall extending from the intersection of the southerly side of E. 67th st., prolonged outshore and the bulkhead wall, and extending northerly along the bulkhead wall a distance of about 262 feet to the southerly side of E. 68th st., prolonged outshore, and extending also from the rear of the bulkhead wall when it is completed, inshore a distance of about 50 feet to the present top of bank.

The filling shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a sloping grade to the level of the street adjacent. Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling the whole of the area above described.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under the agreement. These cubical contents in the net void space are equal to 4,000 cubic yards.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by the estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above described area by examination of the premises or such other means as they may prefer; the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore.

All material must be dumped and filled in only in such manner, at such points, and in such order of procedure, and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 100 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above described basin up to grade shall be completed within forty days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed, unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order ths suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling, and at all times until the completion thereof, take all necessary precaution and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from the negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

The contractor agrees that he will comply with the provisions of the Labor Law. He further agrees that no Laborer, Workman or Mechanic in the employ of the contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract, shall be permitted or required to work more than eight hours in any one calendar day, except as in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such Laborers, Workmen or Mechanics upon public work or upon any material to be used thereon, shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such Laborer, Workman or Mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of Sections 3 and 14 of the Labor Law.

That your petitioner is a railroad corporation of the State of New York and is engaged in constructing its railroad in The City of New York in accordance with a certain ordinance adopted by the Board of Aldermen on the 26th day of July, 1904, and approved by the Mayor on August 2, 1904, granting to your petitioner the right to cross streets, avenues and public places as therein specified, which ordinance was subsequently amended by a contract between the New York, Westchester and Boston Railway Company and The City of New York, dated January 29, 1909.

That in and by the said contract dated January 29, 1909, the entire route of your petitioner, as therein amended, was set forth in full.

That on the 10th day of December, 1910, the Board of Directors of your petitioner, for the purpose of improving the line of the railroad, by affirmative vote of two-thirds, at a meeting duly called and held in the manner provided by law, adopted a change of route of a portion of its main line and of its branch line in The City of New York so that the same should be in accordance with a certain map thereupon adopted by the said Board of Directors, entitled "Map and Profile of New York, Westchester and Boston Railway for New York County, New York, Part of Sections 1, 2 and 3, December 10, 1910, being Map and Profile of that part of the route of the main line of said Railway Company within said county; extending from a point between Ludlow avenue and Westchester avenue, east of Whitlock avenue, in the Borough of The Bronx, City of New York, to a point in White Plains road near its intersection with Sagamore street, in said Borough and City; and Map and Profile of that part of the route of the branch line of said Railway Company within said county, extending from a point in 177th street, between Van Nest avenue and Berrian street in said Borough and City, to a point in Bronx Park avenue between Chanute avenue and Craighill avenue in said Borough and City. All as altered, changed, amended and adopted by affirmative vote of two-thirds of all the directors of the said Company on the 10th day of December, 1910. E. J. Langford, Chief Engineer, New York, Westchester and Boston Railway Company."

That subsequently thereto your petitioner applied to the Public Service Commission for the First District for leave to exercise its right to change its route within the said County in accordance with the map so adopted and that the said Public Service Commission for the First District, by an order dated April 25, 1911, approved and authorized the exercise of the right by your petitioner to make such alteration and change and to adopt such amended route.

That on May 1, 1911, your petitioner duly filed in the office of the County Clerk of New York County the said map and profile, together with a certified copy of the order of the Public Service Commission for the First District approving the said alteration and change. A copy of the said map is submitted herewith marked Exhibit A.

That your petitioner, by the contract dated January 29, 1909, was permitted to make a connection with the Interborough Rapid Transit route at or near West Farms road. That your petitioner, in order to improve such route, desires to change the same as hereinafter set forth.

That it is the purpose and intention of your petitioner to construct north of Lebanon street and across Lebanon street and 180th street, Adams street and Berrian street, a central station for the accommodation of its trains and the trains running over the connection with the Interborough, and also allowing room enough for the introduction of the Broadway-Lexington avenue road in case it should be extended up to this point, together with the trains of your petitioner's Throgg's Neck Branch.

That the proposed plan will require the crossing of the streets named at a width in excess of 60 feet, which is the limitation imposed by the franchise in regard to the crossing of streets.

That submitted herewith is a map marked Exhibit B, showing that portion of the amended route shown in Plan A between 177th street and Unionport road, and showing the proposed width of your petitioner's road across the streets between the said two points, and also showing a proposed amendment to the connection between your petitioner's railroad and the terminus of the Interborough Rapid Transit Company near 180th street.

Wherefore, your petitioner prays that your Honorable Board will amend the said ordinance granting a franchise to your petitioner adopted by the Board of Aldermen on July 26, 1904, approved by the Mayor August 2, 1904, as amended by the contract between your petitioner and The City of New York, dated January 29, 1909, in the following respects:

(1) The description of the route of your petitioner's railroad with reference to that part thereof extending from 174th street to Adams street, shall be as follows:

—and the description of the beginning of the branch line shall be as follows:

Beginning at a point on the main line near its intersection with Tremont avenue (East 177th street); thence running southerly, crossing an unnamed street between Devoe avenue and Van Nest avenue;

—all be as shown on the map, entitled "Map and Profile of New York, Westchester and Boston Railway for New York County, New York, Part of Sections 1, 2 and 3," dated December 10, 1910, adopted by the Board of Directors of said Company on the 10th day of December, 1910, which map and profile were filed in the office of the County Clerk of the County of New York on the 1st day of May, 1911.

(2) That the connection with the present subway elevated route permitted by your Board in the said contract dated January 29, 1909, be amended so that the same shall read as follows:

In Connection with the Present Subway Elevated Route (Interborough Rapid Transit Company).

Beginning at a point on the main line of the New York, Westchester and Boston Railway Company at or near Adams street; thence running southwesterly crossing 180th street, between Morris Park avenue and Berrian street (or Bronx Park avenue); thence crossing Berrian street and Lebanon street at or near their intersection; thence crossing 179th street and Devoe avenue at or near their intersection; thence crossing Bronx street between Clover street and Walker avenue; and thence to a connection with the Interborough Rapid Transit Railroad on Boston road, between Clover street and Walker avenue.

(3) That subdivision Ninth of Section 2 of the ordinance adopted July 26, 1904, be amended so that the same shall read as follows:

"Ninth—Any superstructure of the railway crossing a street and having a length of 75 feet or less, shall be constructed in a single span. If more than 75 feet in length, any intermediate columns to support the superstructure may be placed in the street in such a manner as may be approved. NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.
