Whereas, The passage of the Raines and Ambler Laws have imposed additional duties upon the Bureau of Buildings in connection with the inspection of buildings that are used and maintained for hotel purposes under the provisions of the said laws; and

Whereas, The present force of inspectors of the Bureau of Buildings of the Borough of Manhattan is not sufficient to enable the Superintendent of Buildings to properly discharge the additional duties imposed upon him by the enactment of these laws; therefore

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of \$61,000 for the purpose of providing for the employment of additional inspectors and for increasing the compensation of the present force of Inspectors, Chief Inspector, Chief Engineer and Assistant Engineers of the Bureau of Buildings of the Borough of Manhattan.

Adopted by the Board of Aldermen, December 26, 1905.

Approved by the Mayor, December 30, 1905.

No. 904.

AN ORDINANCE to amend title III., section 44 of an ordinance entitled "A General Ordinance in relation to business requiring a license and the regulation thereof in The City of New York."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Title III., section 44 of "A General Ordinance in relation to business requiring a license and the regulation thereof in The City of New York" be and the same is hereby amended so that it shall read as follows:

Dirt Carts and Cartmen.

Sec. 44. Every vehicle of whatever description, excepting such as shall have painted thereon, on each side, the name and address of the owner thereof in plain letters and figures of at least three inches in length, used in carting or transporting dirt, sand, gravel, clay, paving stones, ashes, garbage or building rubbish within The City of New York shall be deemed a dirt cart. Every such vehicle of whatever description, whether or not described as a dirt cart, shall be furnished with a good and tight box, whereof the sides, forepart and tailboard shall be at least eighteen inches high, and of sufficient capacity to contain not less than twelve cubic feet, and shall be securely covered when loaded, so as to prevent the contents from being scattered upon the streets.

Sec. 2. All ordinances or parts of ordinances of the former municipal or public corporations consolidated into The City of New York inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

Resolved, That the classification of positions in the exempt class, in the Department of Finance, be and the same is hereby amended by substituting for the line
Fourteen Auditors of Accounts

— the following:

Thirteen Auditors of Accounts.

One Chief Auditor of Accounts.

The Committee on Transfers recommended that the following transfers be approved:

Julian P. W. Richmond, from the position of Assistant Engineer in the Rapid Transit Railroad Commission to a similar position in the Board of Water Supply.

Joseph E. Roach, from the position of Roundsman in the Department of Docks and Ferries to that of Foreman Laborer, the former position being no longer classified.

Miss Elizabeth R. Logan, from the position of second grade Stenographer and Typewriter in the Department of Finance to the position of fourth grade Stenographer and Typewriter, her name appearing second upon the eligible list for the latter position.

The recommendation of the Committee on Transfers was adopted.

The Committee on Reinstatements recommended that the following reinstatement be approved:

John A. Hogan, Dump Inspector in the Department of Street Cleaning, he having resigned from a similar position on April 19, 1905.

The recommendation of the Committee on Reinstatements was adopted.

A communication was presented from the Chief Examiner, dated November 17, forwarding a report of Miss Mildred G. Smith, Examiner, with reference to the rerating of the seniority of certain candidates for promotion in the clerical service in the Department of Finance, which rendered necessary the sending of corrected notices to the candidates. The Chief Examiner stated in his report that the rerating was not made necessary by any clerical error on the part of his office, but by a misunderstanding as to the method to be used in rating the candidate's seniority, the question being complicated by the changes which had been made in the grading in the clerical service owing to the adoption of the new rules and classification, and also by the practice which had been followed to a considerable extent in the Department of Finance, of changing the titles of employees from time to time. The Chief Examiner further stated that the ratings of the candidates as now set forth are correct. The papers were ordered filed.

A report was presented from the Chief Examiner, dated November 18, with reference to the affidavit of Mr. Henry L. Hawkins, candidate for promotion to Sergeant of Police, and submitting a report which was drawn up by Miss Upshaw, Examiner, the morning after the examination. It appeared that when the examination papers were taken up, the fourth sheet (the report) of candidate No. 110 (Mr. Hawkins) could not be found, and the Monitor in charge of his section reported that the desk occupied by the candidate was vacant; that although a search was made in the examination room at the time and another search through the papers was made on the following morning, the missing sheet could not be located, notwithstanding the fact that the candidate subsequently presented an affidavit to the effect that he completed and handed in all of his papers before leaving the examination room. After consideration of the matter, it appearing from Mr. Ireland's report that the candidates were clearly informed at the outset of the examination what the subject of the examination would be, and that they were also instructed to observe that each question sheet was received in proper order and that none of said sheets were omitted, the Secretary was instructed to communicate with Mr. Hawkins and inform him that the candidates in said examination would be held responsible for all errors and omissions, and that he presented no case on which the Commission could take action.

The Secretary called the attention of the Commission to the request of the Department of Public Charities that the pay roll of Marguerite D. Clawson, Hospital Helper, be passed at the rate of \$720 per annum without maintenance, instead of \$600 per annum with maintenance, as heretofore, which request the Commission denied at its meeting of November 29, on the ground that the position was classified in the non-competitive class and that the salary was restricted to \$600 with maintenance. The Secretary stated that upon inquiry he had ascertained that the State Civil Service Commission allowed the sum of \$10 a month on the salary of an employee in lieu of maintenance, and that the Department of Public Charities wished to do the same in Mrs. Clawson's case, as she desired for several reasons, which were satisfactory to the Commissioner, to be permitted to reside outside of the institution in which she was employed. After consideration of the matter, it was

Resolved, That the action of the Civil Service Commission taken November 29, 1905, in denying the request of the Department of Public Charities that the pay roll of Marguerite D. Clawson be passed at the rate of \$720 per annum, be and the same is hereby rescinded, and the Secretary is hereby instructed to pass the said pay roll at that rate, when presented.

A communication was presented from the Chief Examiner, dated November 27, calling the attention of the Commission to what seemed to him to be an unsatisfactory state of affairs with reference to the examination for positions in the non-competitive class held under the provisions of Rule XVIII., and suggesting that the various Departments be requested to furnish attested stenographic reports of all examinations held for non-competitive positions. The matter was laid over.

A communication was presented from the Secretary of the Board of Health, dated November 20, stating that by resolution of that Board, adopted on November 15, 1905, Mr. James McC. Miller, Clerk, had been designated as Chief Clerk of that Department and that his salary had been fixed at the sum of \$3,500 per annum. The Secretary was instructed to communicate with the Department of Health and state that while under the Civil Service rules Mr. Miller is eligible for an increase in salary, he could not be advanced to the position of Chief Clerk without a promotion examination, for the reason that that title appeared in the classification as a higher grade than the title of Clerk, and could only be reached through promotion.

A communication was presented from the Secretary of the Department of Health, dated November 20, stating that, pursuant to the resolution adopted by that Board on November 15, Mr. George A. Roberts, Clerk, had been designated as Assistant Chief Clerk of the Department of Health, Borough of Manhattan, and that his salary had been fixed at the rate of \$2,550 per annum. The Secretary was instructed to communicate with the Department of Health and state that the title "Assistant Chief Clerk" might be conferred on Mr. Roberts as an office title under the provisions of Rule VI., paragraph 5; but that under the Civil Service rules he was not eligible for an increase in salary to \$2,550 per annum without an examination, the maximum salary for which he had qualified being \$1,500 per annum.

A communication was presented from the Secretary to the President of the Borough of Brooklyn, dated November 14, requesting that a promotion examination be held to qualify Mr. Edward F. Cadley, Clerk in his office, for promotion from the sixth to the eighth grade. The matter was laid over.

A communication was presented from the Secretary to the President of the Borough of Brooklyn, dated November 10, requesting that an examination be held for promotion from the position of Laborer in the Bureau of Highways of his Department, to the position of Axeman in that Bureau, in order that a number of men on the laboring force who had worked faithfully for a number of years might be rewarded by promotion to the position of Axeman. The request was denied, and the Secretary was instructed to communicate with the President of the Borough of Brooklyn and state that the Commission was about to hold an open competitive examination for the position of Axeman, and that any of the employees of his office who desired to qualify for appointment to that position might enter the same.

A communication was presented from the Secretary of the Rapid Transit Railroad Commission, dated October 31, requesting that an open competitive examination be held for Assistant Engineer in that Department, appointment to be restricted to a compensation of \$1,200 per annum. The matter was laid over.

The Secretary called the attention of the Commission to the application of Joseph J. Maher, No. 65 Hausman street, Brooklyn, candidate for Patrolman, which had been under investigation since October 10, 1905, owing to the fact that the Commission had been informed that Mr. Maher was not yet twenty-one years of age; although he had stated that fact in his application and succeeded in passing the examination. The Secretary stated that in accordance with the direction of the Commission, he had notified Mr. Maher to appear before the Commission on Monday morning, November 13, at 10 o'clock, to show cause why his name should not be removed from the eligible list for Patrolman, under the provision of Civil Service Rule VII., paragraph 14, but that the candidate had failed to appear.

On motion, it was

Resolved, That the Secretary be and he is hereby directed to remove the name of Joseph J. Maher, of No. 65 Hausman street, Brooklyn, from the eligible list for Patrolman, under the provisions of Civil Service Rule VII., paragraph 14.

The Commission then considered the application of William M. Mack, No. 164 East One Hundred and Eleventh street, candidate for Fireman, which had been under investigation for some time, owing to the fact that a question had arisen as to the candidate's correct age. It appeared that the candidate had failed to comply with the instructions of the Commission and have the seal of the Church of St. Cecilia affixed to the baptismal certificate furnished by him; and that on November 16 the Secretary had communicated with him and informed him that he would be given an opportunity to show cause why his name should not be stricken from the eligible list for Fireman on Wednesday morning, November 2, at 10 o'clock, but that he had failed to appear on that date.

On motion, it was

Resolved, That the Secretary be and he hereby is instructed to remove the name of William M. Mack, of No. 154 East One Hundred and Eleventh street, from the eligible list for Fireman, under the provisions of Civil Service Rule VII., paragraph 14.

A communication was presented from the Chief Examiner, dated November 21, with reference to the request of the Rapid Transit Railroad Commission that the candidates who recently passed the examination for promotion to Junior Clerk, grade D, be certified as eligible for promotion to the first grade of Clerkship. After consideration of the matter the request was denied.

A communication was presented from the Chief Examiner, dated November 21, stating that the application of John A. Simpson, No. 322 Lafayette avenue, Brooklyn, had been rejected under Rule VII., paragraph 14, it being less than two years since the candidate was dismissed from a position in the City service. The action of the Chief Examiner was sustained.

A communication was presented from the Chief Examiner, dated November 23, with reference to the request of the Department of Public Charities that an open competitive examination for Deputy Medical Superintendent of Hospitals be held, from which an appointment would be made in that Department on January 1, at a compensation of \$1,800 per annum. The Chief Examiner forwarded a communication from Dr. Warner, Medical Examiner, stating that, in his opinion, certification might properly be made from the eligible list for Deputy Medical Superintendent, which was promulgated May 16, 1902. The Secretary was instructed to communicate with the Department of Public Charities and state that it would not be necessary to hold the examination requested by them as the Commission could certify from the aforesaid list upon their request.

A communication was presented from the Chief Examiner, dated November 25, recommending that the appeal of E. Brown, No. 749 East One Hundred and Forty-third street, candidate for Patrolman, be denied, the candidate having pointed out no error or mistake of marking. The appeal was denied.

A communication was presented from the Assistant Chief Examiner, dated November 27, stating that after an examination of the papers of William G. Domidion, candidate for Inspector of Incumbrances, he found that no error or mistake of marking had been made by the Examiners and that therefore the appeal was without merit. The same was denied.

A communication was presented from Clerk Knoepfle, asking for instructions regarding the case of John Ashmead, of No. 456 West Twenty-fourth street, candidate for the position of Draughtsman's Helper. It appeared from the report that Mr. Ashmead was certified to the Borough of Queens on September 28, and that although he was appointed in that office and served for a period of twelve days, the Commission was not notified of the fact and his name was therefore certified to the Department of Water Supply, Gas and Electricity; that he was notified by that Department to appear for appointment; that as he resided in the Borough of Manhattan he preferred an appointment in that borough; and for that reason he resigned from his position in the Borough of Queens, receiving no compensation for services rendered in same, and accepted the appointment offered him in the Department of Water Supply, Gas and Electricity, in which Department he is at present employed. After consideration of the matter, it appearing that it was an error on the part of the Commission to certify the candidate's name to the Department of Water Supply, Gas and Electricity, and that the notice received by him from that Department led him to believe that he might accept an appointment there without jeopardizing his rights, the appointment of the candidate in the Borough of Queens was canceled and rescinded, and the Secretary was instructed to pass his payroll from the date upon which he was appointed in the Department of Water Supply, Gas and Electricity.

A report was presented from Mr. Timothy J. O'Leary, Clerk in the office of the Commission, stating that an error was made in computing the percentage of James F. Brown, of No. 50 Elm street, Dolgeville, N. Y., candidate for Patrolman, for the reason that the candidate received but 58 per cent. in his mental examination—the maximum mark required being 70—and that the candidate's name therefore should not have been placed upon the eligible list.

On motion, it was

Resolved, That an error having been made in placing the name of James F. Brown, No. 50 Elm street, Dolgeville, N. Y., upon the eligible list for Patrolman, he having been ineligible for a place upon said list for the reason that he received less than the required percentage in his mental examination, the Secretary is hereby directed to remove the name of James F. Brown from the list for Patrolman, and to inform the candidate of the action taken.

The Assistant Secretary called the attention of the Commission to the following-named candidates for Fireman, who were rejected in their medical examination, and asked to be accorded a medical re-examination:

16420. Callahan, Walter, No. 104 Richmond turnpike, Tompkinsville.

16340. McNichols, John C., No. 40 Richmond terrace, Port Richmond.

16168. Gilshenan, Eugene, Barker street, Castleton, S. I.

16352. James A. Geldea, No. 104 Richmond turnpike, Tompkinsville.

16335. Smith, James M., No. 23 Fourth avenue, New Brighton.

After consideration of the matter, their requests were granted, it appearing from the doctors' certificates furnished by the candidates that mistakes were made by the examining physician in rejecting them.

The request of the following-named candidates for Fireman for a medical re-examination were denied, there being no indication that an error was made by the medical examiner in rejecting them:

Harper, Charles, No. 44 Waverly avenue, Rockaway Beach.

Manning, Joseph F., No. 8 Catharine slip.

Hannan, John D., Prospect street, Port Richmond.

Eller, Joseph F., No. 108 Bay street, Tompkinsville.

Schafer, Marcus A., No. 5 Elizabeth street, Tompkinsville.

White, Robert K., No. 8 Metcalf street, Stapleton.

Donegan, Christopher C., Port Richmond, N. Y.

Nugent, Frank X., No. 53 Barker street, West New Brighton.

Durkin, James J., No. 4 Boyd Hill, Richmond Borough.

Fink, Louis B., No. 66 Castleton avenue, West New Brighton.

Koenig, Harry G., No. 80½ Columbia street, West New Brighton.

Donovan, Dennis J., Broadway, West New Brighton.

Lynch, Frank J., No. 31 Fourth street, New Brighton.

Barden, Charles, Rosebank place, Rosebank.

Callahan, John D.

Foley, Thomas J., No. 60 Richmond turnpike, Tompkinsville.

The requests of the following-named candidates for Fireman for a postponement of their medical and physical examination were granted, the reasons given by them for making such request being satisfactory to the Commission:

16283. Daly, John T., No. 3 Water street, West New Brighton.

16363. Harvey, Daniel, No. 104 Richmond turnpike, Tompkinsville.

16364. McGrath, James, No. 104 Richmond turnpike, Tompkinsville.

16422. O'Brien, Michael J., No. 104 Richmond turnpike, Tompkinsville.

16429. Brett, James M., Cherry lane and Manor road, West New Brighton.

16134. Thompson, James J., No. 69 McKeon street, Stapleton.

16362. Cleary, Michael J., No. 104 Richmond turnpike.

16391. Jahn, Harry, No. 104 Richmond turnpike.

The appeals of the following-named candidates for Fireman, for a postponement of their medical and physical examination, were denied, their reasons for making such request being unsatisfactory.

16449. Collins, Lawrence J., No. 11 North Henry street, Rockaway Beach.

Doherty, Edward A., No. 130 Bridge street, Brooklyn.

The following-named candidates for Fireman, having submitted affidavits that they were residents of the Borough of Richmond, and that the addresses given by them on their applications in other boroughs were their business addresses, the applications were accepted, and the Secretary was instructed to communicate with the candidates and request them to call at the office of the Commission and make the necessary corrections in their applications, and to notify them to appear for examination:

16202. McCabe, James, No. 16 Bush avenue, Mariner's Harbor.
 16278. Kirwin, John J., No. 32 Bond street, Port Richmond.
 16355. McFadden, Henry J., No. 13 Cliff street, Clifton.
 16358. Strapp, John T., Burger avenue, West New Brighton.
 Gilloly, James, No. 1 Ennis street, Elm Park, S. I.

The Secretary was instructed to communicate with the Chief Examiner and request him to fix a date for the mental examination of candidates for the position of Fireman as soon as possible after the physical examination had been concluded.

A communication was presented from the Labor Clerk, dated November 24, suggesting the adoption of several amendments to Civil Service Rule XIX., in order to make provision for the certification and appointment of persons in Part I. of the labor class in the Aqueduct Commission, Department of Water Supply, Gas and Electricity and Board of Additional Water Supply, to render services outside of the limits of The City of New York. The Secretary was instructed to advertise a public hearing on the amendment proposed by the Labor Clerk, to be held Wednesday morning, December 6, 1905, at 10 o'clock.

A communication was presented from the Rapid Transit Railroad Commission, dated November 23, requesting an examination for promotion from Junior Clerk, Grade B, in that Department, to Grade D. The request was granted, and the Secretary was instructed to request the Chief Examiner to fix a date for the examination.

A communication was presented from the Department of Correction, dated November 23, requesting approval of the provisional appointment of William J. Cooney, No. 322 East One Hundred and Forty-second street, Manhattan, to the position of Keeper, pending the establishment of the new eligible list for that position. The request was granted, and the Secretary was instructed to request the Chief Examiner to conduct a non-competitive examination of the candidate, under the provisions of Rule XII., paragraph 3, to qualify him for employment until such time as a permanent selection could be made from the eligible list.

The report of the Board of Examiners for positions in the non-competitive class of the Nautical School, Board of Education, was approved upon the recommendation of the Chief Examiner.

The report of the Board of Examiners for positions in the non-competitive class in the Department of Docks and Ferries, dated November 15, was approved on the recommendation of the Chief Examiner.

The report of the Board of Examiners for positions in the non-competitive class, Board of Education, dated November 22, was approved upon the recommendation of the Chief Examiner.

A communication was presented from the Secretary of the State Civil Service Commission, dated November 21, stating that the resolution of the Municipal Commission amending the classification of positions in the exempt class in the Department of Finance by including therein the title Medical Examiner, had been ordered continued upon the calendar for the next meeting of the State Board, which was scheduled for December 15, and requesting the Civil Service Commission to furnish each of the State Commissioners, in future, with the minutes of all public hearings held in advance of amendments of the classification. The Secretary was instructed to comply with the request of the State Board.

A communication was presented from the Commissioner of Water Supply, Gas and Electricity, dated November 24, requesting that the classification of positions in the exempt class of his Department be amended by substituting for the title "Chief Engineer of Surface Construction" the title "Chief Engineer of Light and Power," and that the appointment of Mr. Charles F. Lacombe, of No. 253 West Ninety-seventh street, to the latter position, be approved from November 21. The Secretary was instructed to arrange a public hearing on the proposed amendment, in accordance with Civil Service Rule III., to be held on Wednesday morning, December 6, 1905, and to inform Commissioner Oakley that Mr. Lacombe's appointment as Chief Engineer of Light and Power could not be recognized by the Commission until the position had been classified.

A communication was presented from the Superintendent of Public Buildings and Offices, Brooklyn, with reference to the anonymous communication received by the Commission alleging that one William Mollitor, Attendant in that Bureau, was performing the work of a Plumber. It appearing from Mr. Wise's communication that there was no merit in the complaint, the same was ordered filed.

A communication was presented from the Chief Clerk of the Police Department, dated November 22, referring to the Commission a corrected record of Roundsman John J. Curley, of the Sixty-fifth Police Precinct, candidate for promotion to the rank of Sergeant. It appearing that a commendation was awarded the candidate for rescuing persons at a fire on June 26, 1905, which was not noted on the original record forwarded to the Commission for rating in the examination for Sergeant held September 12, 1905, the amended record was accepted and the Chief Examiner was instructed to rate the same and amend the candidate's percentage in accordance therewith.

A communication was presented from the Secretary of the Park Board, dated November 15, 1905, stating, in behalf of the Commissioner of Parks, Boroughs of Manhattan and Richmond, that the position of Head Gardener was no longer necessary in his office, and requesting to be informed whether he might abolish the said position without dispensing with the services of the incumbent of same, provided that he might be retained in his former capacity of Gardener. The Secretary was instructed to communicate with Secretary Holly and state that, under the provisions of section 1543 of the Charter, if the position of Head Gardener was no longer necessary, it was the duty of the Commissioner to lay off the person holding same and to place his name on a preferred list for reappointment in the first vacancy in that position; that, under the law, he could not be transferred to the position of Gardener, as there were two names on a preferred list for that position.

A communication was presented from the Secretary of the Department of Public Charities, dated November 23, transmitting a communication from the Corporation Counsel under date of November 22, to the effect that the provisions of Civil Service Rule XIII. were not an objection to the reinstatement of Miss Florentine J. McAnana in the position of Teacher in said Department. It appeared that Miss McAnana had applied to the Supreme Court for an order directing her reinstatement in her position in the Department of Public Charities, on the ground that she was not given an opportunity to be heard in answer to the charges which were preferred against her at the time of her dismissal; that an order had been issued directing the Commissioner of Public Charities to reopen her case and hear her explanation of the said charges, and that after the same was done the Commissioner of Public Charities requested the Civil Service Commission to approve her reinstatement as Teacher in his Department, which was denied by the Commission on the ground that the reinstatement was not made within one year, as provided by Civil Service Rule XIII. After a consideration of the statements contained in the opinion of the Corporation Counsel, the Secretary was instructed to communicate with Commissioner Tully and state that Miss McAnana's reinstatement would be recognized by the Civil Service Commission, and that her payroll would be certified when presented.

The Secretary called the attention of the Commission to a petition from eight Assistant Foremen in the Fire Department who were promoted to that grade subsequent to the holding of the physical examination for promotion to Foreman, that they be given a special physical examination for promotion to Foreman and be permitted to compete in the mental examination, on the ground that the Commission recently permitted a number of Assistant Foremen who had served less than six months in that capacity to enter the said examination, conditionally, and subject to the decision of the Supreme Court as to the validity of the requirement of the Civil Service Rules, that a candidate shall serve six months in a grade in order to be eligible for promotion. The request was denied.

In connection with the aforesaid examination for promotion to the rank of Foreman in the Fire Department, the Secretary presented the following list of Assistant Foremen who were originally notified that they would be permitted to enter the said examination "conditionally" and subject to the decision of the Court, for the reason that they had not been six months in the grade of Assistant Foreman at the time of the physical examination, stating that, as the said persons would have served the required six months in their present grade at the time of the holding of the mental examination, they had not been six months in the grade of Assistant Foreman at the time of the

The action of the Secretary was approved.

A communication was presented from the People's Security Company, dated November 11, asking on behalf of the Marine Engineers' Association that the titles of the persons now serving in the City Service under the title "Marine Engineman" be changed to "Marine Engineer" to conform to the present classification. The Secretary stated to the Commission that on July 15, 1904, the classification of positions in the competitive class was amended by eliminating the title Marine Engineman and inserting in its place the title Marine Engineer. That the examinations held for the position subsequently were held under the title "Marine Engineer" and all appointments were made under that title, but that no action had ever been taken by the Commission to change the title of persons already serving in the City Service under the title Marine Engineman, notwithstanding several requests from the Marine Engineers' Association that such action be taken. After consideration of the matter it was

Resolved, That, under the authority of Rule VI., paragraph 5, the Secretary is hereby directed to change the titles of all persons at present appearing upon the Commission's roster as Marine Engineman to Marine Engineer, to conform to the present classification, and he is further instructed to request the heads of the various departments in which such persons are employed to carry them on their pay-rolls in future under the latter title.

A communication was presented from Mr. George H. Johnson, No. 25 Metcalf street, Borough of Richmond, claiming all the rights and privileges conferred by law on veteran volunteer firemen, and demanding his reinstatement in the position of "City Foreman in the Department of Engineering of The City of New York." The Secretary was instructed to communicate with Mr. Johnson and return his certificate to him, informing him that the Commission is without power to act in the matter, and that his remedy lies with the head of the department from which he was dismissed.

The request of Alexander Rothenberg, No. 129 Rivington street, under date of November 17, that his name be restored to the eligible list for Temporary Clerk, was granted, on the statement of the candidate that the notice of appointment sent him by the Department of Taxes and Assessments was misdirected and therefore failed to reach him; and it appearing that the error was caused by the fact that the department in which he was provisionally employed returned the wrong address to the Commission with the notice of the discontinuance of his services.

A further communication was presented from Mr. Rothenberg, requesting that his name be restored to the list for Senior Clerk on the ground that he answered the notice of appointment sent him by the Department of Docks and Ferries within the four days prescribed by the rules. It appearing from the records of the office that the Secretary of the Department of Docks and Ferries notified the Commission that Mr. Rothenberg had failed to report in answer to the notice sent him, the Secretary was instructed to communicate with the candidate and ask him to furnish an affidavit in regard to the matter.

A communication was presented from James J. Ryan, No. 133 Liberty street, under date of November 25, requesting that his title be changed from Telephone Switchboard Operator to Clerk, on the ground that he had been performing clerical duties for the past six years in the Department of Health, although he had been appointed a Telephone Switchboard Operator. The Secretary was instructed to communicate with Mr. Ryan and inform him that his request could not be granted, and to address a letter to the Secretary of the Health Department calling his attention to the statements contained in Mr. Ryan's communication, and informing him that if it is true that Mr. Ryan is performing the duties of a Clerk it is a direct violation of the Civil Service Law, and requesting that he report to the Commission on the matter.

A communication was presented from Mr. Frank McMorrow, No. 326 West Thirty-sixth street, requesting that his name be restored to the list for Janitor-Engineer, on the ground that he declined the appointment offered him in the Board of Education on November 16, 1905, on the score of insufficient compensation, and that he did "fail to report," as stated by that department. The Secretary was instructed to communicate with the candidate and request him to produce an affidavit setting forth the facts in his case.

The request of Philip J. O'Connor, No. 250 East Eighty-second street, under date of November 26, that he be restored to eligibility for temporary employment from the list for Senior Clerk, was granted.

A communication was presented from Miss Loretto G. Lyman, No. 51 East One Hundred and Twenty-second street, dated November 9, requesting that her name be restored to the eligible list for Typewriting Copyist, and stating that her reason for declining appointment in the Department of Health on April 22, 1905, was the insufficiency of the compensation offered her. It appearing from the records of the office that the Secretary of the Health Department notified the Commission that Miss Lyman had declined the appointment offered her without giving any reason for same, the Secretary was instructed to communicate with her and request her to produce an affidavit setting forth the facts in the case.

The request of Michael O'Brien, No. 604 Lenox avenue, under date of November 27, that he be restored to eligibility for temporary employment from the list for Senior Clerk, was granted, it appearing that when he was dropped from the service of the Finance Department for absence without leave such absence was caused by illness, as stated in the doctor's certificate furnished.

The request of Thomas J. White, No. 171 Baltic street, Brooklyn, under date of November 24, that he be restored to eligibility for temporary employment from the list for Senior Clerk was granted.

A communication was presented from Charles W. Clowe, Esq., attorney, No. 26 Court street, Brooklyn, dated November 24, protesting against the dismissal of James Dillon from the position of Attendant in the Department of Docks and Ferries, on the ground that his client was a veteran, and that the services of other Attendants had been retained in said department in preference to his. The Secretary was instructed to communicate with the Commissioner of Docks and Ferries and call his attention to the provisions of the Civil Service Law giving veterans preference in the matter of employment.

The request of James McMichael, No. 537 Union avenue, Borough of The Bronx, under date of November 26, that his name be restored to the eligible list for Senior Clerk, was granted, on his statement that he did not think it was necessary to reply to the notice sent him by the Department of Docks and Ferries to appear in reference to the appointment as "Gateman," for the reason that he had qualified for, and his name appeared upon the list for Senior Clerk. (The latter list was certified to the Department of Docks and Ferries for the selection of persons for appointment to the position of "Gateman.")

The request of John H. Mullin, No. 498 Herkimer street, Brooklyn, that he be permitted to compete in the examination for promotion from Axeman to Rodman in the Rapid Transit Railroad Commission, was denied, for the reason that the candidate had not served in the said Department for a period of six months, as required by the rules.

Communications were presented from C. J. Kohler, Esq., St. George, Staten Island, dated November 23, in relation to the applications of William Henry and Theodore

Martineau for appointment as Deckhands on the new municipal ferry, and certifying that said persons had been employed upon the Staten Island Ferry as deckhands for many years, until about three years ago, when they ceased to perform the duties of deckhand, and were assigned to duty as patrolmen upon the boats of the ferry above alluded to; that their names were omitted, however, from the list forwarded by the Commissioner of Docks and Ferries to the Civil Service Commission for non-competitive examination, under the provisions of chapter 533 of the Laws of 1905. The papers were ordered filed.

On motion, it was

Resolved, That the certification to the Department of Water Supply, Gas and Electricity of the name of Augustus F. Pierce for appointment to the position of Assistant Foreman at Ossining, N. Y., under date of November 24, 1905, be and the same is hereby canceled.

A communication was presented from Raphael R. Nugent, No. 813 Fifty-eighth street, Brooklyn, dated November 22, presenting an amended record of his services in the Police Department, and making application that his record in the recent examination for promotion to Sergeant be rerated by giving him credit for a "commendation" awarded him on June 26, 1905, which was not noted in the original record forwarded to the Commission by the Police Department. The amended record was accepted, and the Secretary was instructed to forward the same to the Chief Examiner with the request that he rate it and amend the candidate's percentage accordingly.

The Secretary called the attention of the Commission to an amended form for requests for approval of transfer in the City service, containing the statement that the person to be transferred had consented to the same, in accordance with the previous ruling of the Commission. The form was adopted, and the Secretary was instructed to put the same into operation.

The Commission then adjourned, to meet Friday, December 1, 1905, at 10 a. m.

Attest:

HENRY BERLINGER, Secretary.

CITY OF NEW YORK.

BOARD OF ESTIMATE AND APPORTIONMENT.

AT A MEETING OF THE BOARD OF ESTIMATE and Apportionment, held December 15, 1905, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, New York and Port Chester Railroad Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate its railroad across certain streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, The Mayor has, in pursuance of such laws, designated "New York Times" and "New York Daily News" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to New York and Port Chester Railroad Company and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record and at least twice in "The New York Times" and "The New York Daily News," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board;

Now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to New York and Port Chester Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1906, by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and New York and Port Chester Railroad Company, a domestic railroad corporation of the State of New York, hereinafter called the Railroad Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Railroad Company, subject to the conditions and provisions hereinafter set forth, the right to cross certain streets and highways hereinafter described, and the right and privilege to construct, maintain and operate a railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railroad, by means of electricity, or by any other mechanical motive power which may be lawfully employed upon the same, except steam locomotive power, in, upon and across the following-named streets, avenues, parkways, highways and public places, and upon the following route, all situate in the Borough of The Bronx, City, County and State of New York, namely:

Main Line—Beginning at a point at or near the intersection of Southern Boulevard and Willis avenue, in the Borough of The Bronx, and running thence easterly between One Hundred and Thirty-fourth street and Southern Boulevard, crossing Brown place to Brook avenue; thence crossing Brook avenue and thence crossing the

Southern Boulevard, between St. Ann's avenue and Brown place; thence crossing St. Ann's avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence easterly and northeasterly, between Southern Boulevard and One Hundred and Thirty-second street to Cypress avenue; thence crossing Cypress avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence between Cypress avenue and Willow avenue to One Hundred and Thirty-fourth street; thence crossing One Hundred and Thirty-fourth street to One Hundred and Thirty-fifth street; thence between Willow avenue and Southern Boulevard, crossing One Hundred and Thirty-fifth street, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street to Willow avenue; thence crossing Willow avenue and crossing One Hundred and Thirty-eighth street, at or near its intersection with Willow avenue, to One Hundred and Thirty-ninth street; thence crossing One Hundred and Thirty-ninth street and One Hundred and Forty-first street, between Southern Boulevard and the tracks of the New York, New Haven and Hartford Railroad to One Hundred and Forty-first street; thence crossing One Hundred and Forty-first street, and thence crossing and along Southern Boulevard and Whitlock avenue, at or near their junction between One Hundred and Forty-first street and One Hundred and Forty-second street; thence crossing St. Joseph's street, between Whitlock avenue and Austin place; thence crossing One Hundred and Forty-ninth street, between Austin place and Whitlock avenue, between Whitlock avenue and Timpson place; thence between Whitlock avenue and Southern Boulevard, and crossing Timpson place, Leggett avenue, East One Hundred and Fifty-sixth street, Craven street, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoy street, Faile street, Bryant street, Longfellow street, Aldus street, Whittier street, to Guttenberg street; thence between Whitlock avenue and Longfellow street, crossing Guttenberg street and Westchester avenue to and crossing Home street; thence crossing Freeman street, Boone street, Edgewater road, West Farms road and Jennings street; thence crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, between West Farms road and Boone street; thence along and across Boone street to One Hundred and Seventy-sixth street; thence between West Farms road and Longfellow street, crossing One Hundred and Seventy-sixth street and Rodman place to West Farms road; thence along and across West Farms road to and across East One Hundred and Seventy-seventh street to Tremont avenue; thence to and across Bronx street to the Bronx river; thence crossing East One Hundred and Seventy-ninth street and Lebanon street, between Bronx Park avenue and Bronx river; thence along and across East One Hundred and Eightieth street and Bronx Park avenue at or near their intersection; thence to and across the northerly branch of West Farms road or Adams street, between Morris Park avenue and the easterly line of Bronx Park; thence to and across Unionport road, an unnamed street, or another branch of Unionport road, Victor street, Washington street, or White Plains road, Louise street, Lincoln street, Jefferson street, Madison street and Bear Swamp road or Bronxdale avenue to Williamsbridge road; thence crossing Williamsbridge road approximately 2,400 feet southeast of Bronx and Pelham parkway to Bronx and Pelham parkway, thence crossing Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Corsa lane, between Boston Post road and Saw Mill lane to Boston Post road; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line, being the route shown on maps entitled "Survey Maps and Profiles of the line or route of the railroad of the New York and Port Chester Railroad Company, in the County of New York, State of New York," adopted by the Board of Directors of said Company on the 8th day of February, 1904; and signed by W. C. Gotshall, President; W. C. Gotshall, Chief Engineer, and Francis Blanchard, Secretary, under seal and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 6th day of May, 1904, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Branch Line—Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike, or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road, near its intersection with the Southern turnpike, or Westchester avenue, being the route shown on a map entitled "Map and profile of branch line extending from main line (Bronx Park) to Clason's Point, New York City," forming part of the maps filed with the County Clerk of the City and County of New York, referred to in the preceding paragraph, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or their successors in authority.

"Survey Map and Profiles" are hereinbefore referred to solely for the purpose of indicating the route of the railroad and not the profile thereof.

General—And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered, in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railroad to cross, in order to make connections with any other railway within two thousand (2,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections; and provided, further, that such connections shall be limited to two (2) in number.

Section 2. The grant of this privilege is subject to the following conditions:

1. The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the Railroad Company to file with the Comptroller of The City of New York a map or maps showing the number of tracks and length of same, including crossovers, switches, turnouts, sidings and stands within the present limits of The City of New York, such lengths to be accurately determined by measurements to be taken after the commencement of the operation of any portion of the railroad within the present limits of The City of New York.

2. The said right to cross the streets and the privilege to construct and operate said railroad shall be held and enjoyed by said Railroad Company, its lessee or successors, for the term of twenty-five years from the date when this con-

tract is signed by the parties hereto, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. In the determination of the said revaluation may be considered and included the extension of the provisions of this agreement contained in the paragraphs numbered 7 and 8 herein, and the payment of the costs and expenses therein provided for by the Railroad Company, or otherwise.

If the Railroad Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Railroad Company and the Board of Estimate and Apportionment or such other authority in its place. If the Railroad Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the Railroad Company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Railroad Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Comptroller or his successor in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Railroad Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Railroad Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

3. Upon the termination of this grant, if it be not renewed, or, in case of a renewal thereof, upon the termination of such renewal, all rights and privileges hereby granted to cross the said streets shall cease and

denced by an instrument under seal, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage nor to a sale under foreclosure, provided that no sale under foreclosure shall be made to any person or corporation owning, operating or controlling any other railroad in The City of New York.

7. The grade of the railroad has not yet been established. Profile maps definitely showing such grade within the present limits of The City of New York shall be filed with the Board of Estimate and Apportionment by the Railroad Company before beginning the construction of its railroad within the present limits of The City of New York. A duplicate thereof shall at the same time be filed with the Board of Rapid Transit Railroad Commissioners of The City of New York. The Board of Estimate and Apportionment, after a public hearing, of which ten days' notice shall be given by publication, shall then approve or disapprove the said profile map and grades, and upon the Board approving the same the Railroad Company may thereupon proceed with the construction of its railroad within the present limits of The City of New York.

If said Board disapproves the same it shall within 30 days after said hearing prescribe such changes in said map as it may deem necessary.

Within the present limits of The City of New York no street or railroad shall be crossed by the railroad at grade, and no existing park or parkway shall be crossed by the railroad at or above the grade of said park or parkway. All streets now open or in use and streets hereafter opened within the present limits of The City of New York, crossing the line of the railroad, shall be carried over or under the said railroad by the Railroad Company, at the sole cost and expense of the Railroad Company. The cost of all changes in grades of all approaches to such crossings within the present limits of The City of New York shall likewise be borne and paid by the Railroad Company, and The City of New York assumes no liability for any damages to property injured thereby, or by said railroad crossings, or any damages to property along the line of said railroad or contiguous thereto, caused by reason of the construction or operation of the said railroad, and the Railroad Company hereby agrees to indemnify and save harmless The City of New York of and from all such liability.

The City shall have the right at any time it so desires to open across the route of the Railroad Company within the present limits of The City of New York any new streets other than those now open or in use, and the Railroad Company hereby gives its consent to said opening.

8. Within the present limits of The City of New York all viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed and maintained at the expense of the Railroad Company. All viaducts over streets within the present limits of The City of New York shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street, and in the case of tunnel construction under a street there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

9. Within the present limits of The City of New York any superstructure of the railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved by the Board of Estimate and Apportionment. The width of such superstructure of the railroad shall not exceed sixty (60) feet when measured over all.

10. The plans for all structures over or under any street within the present limits of The City of New York must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of steel, concrete or masonry, or a combination of these materials. Such structures over streets shall be floored and shall be water-tight.

11. The railroad shall be constructed in the most modern and approved manner of railroad construction. Unless otherwise authorized by the Board of Estimate and Apportionment, the railroad shall be ballasted throughout its entire length within the present limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast. The Board of Estimate and Apportionment may, however, at any time require a portion of the road not theretofore ballasted to be ballasted.

12. The roadbed within the limits of The City of New York as now fixed or hereafter extended shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. Should, however, watering the roadbed in any way injure electric line equipment which has been approved by the Board of Estimate and Apportionment, or its successors in authority, then other means of preventing dust shall be used, which shall be first approved by the Board of Estimate and Apportionment. For any failures to comply with the foregoing, the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day.

13. The entire right of way of the company within the present limits of The City of New York, except at stations, shall be fenced throughout.

14. Within the present limits of The City of New York, all abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company.

15. There shall be constructed along the line of the route of the main line of the railroad as proposed, for the accommodation of local passenger traffic, at least six stations between the Harlem river and the Bronx river, at least six stations between the Bronx river and the northerly line of The City of New York, as now fixed. On the branch line there shall be constructed at least three stations east of Morris Park avenue, unless otherwise authorized by the Board of Estimate and Apportionment.

16. Said railroad may be operated by electric power or by any other mechanical motive power, which may be lawfully employed upon the same, except locomotive steam power. If electrical power is used, the Railroad Company shall, before the commencement of any of the construction of the electrical line equipment, within the present limits of The City of New York, file with the Board of Estimate and Apportionment plans showing such proposed construction, within the present limits of The City of New York, including all methods of insulation, position of contact conductor and all feed wires, conductors or cables, with method of carrying the same, and said plans must be approved by the said Board before construction thereof shall begin. The Board of Estimate and Apportionment hereby retains the right to make such conditions relative to construction of such line equipment within the present limits of The City of New York as it may see fit at the time of the approval of such plan.

17. No wires for the transmission of power shall be permitted within the present limits of The City of New York unless they be placed in

conduits or carried in a manner which shall have been approved by the Board of Estimate and Apportionment. The City may use the structure of the Railroad Company for carrying wires or cables for the use of the City within the present limits of The City of New York not exceeding such a quantity as might be carried in two conduits each of not more than three inches in diameter, without charge to the City. If the Railroad Company shall place its wires for the transmission of power in conduits, then the Railroad Company shall construct and permit the City to use without charge two conduits each of not more than three inches in diameter for carrying wires or cables for the use of the City.

18. The Railroad Company shall not carry wires or conduct power on its structures or along its right of way within the present limits of The City of New York for any purpose except for the operation of its railroad and except, as provided above, for the use of the City.

19. The Railroad Company shall not maintain throughout the term of this grant or any renewal thereof a train schedule on the main line within the limits of The City of New York of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time, either day or night, shall there be greater headway within the City limits between such trains than thirty (30) minutes; provided, however, that said Railroad Company shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 5 o'clock a.m., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

The Board of Estimate and Apportionment may require, from time to time, as it may see fit, such number of trains to be run on the branch line—not exceeding 60 trains a day.

20. All cars on said railroad shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty dollars (\$50) per day for each offense.

21. All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment. For any failure to comply herewith the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day for each violation.

22. The Railroad Company shall light the space beneath any superstructure which it shall erect across streets and the approaches to stations, within the limits of The City of New York, in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

23. During the term of this grant the rate of fare upon said railroad within the limits of The City of New York, as now fixed, shall not exceed five cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railroad, or a line or branch operated in connection therewith, and controlled by it, to any point thereof or of any such connecting line, or branch thereof, within the present limits of The City of New York during such term. The New York and Port Chester Railroad Company shall operate cars over the route hereby authorized, and shall not operate cars over the route of any other railroad company within the present limits of The City of New York until it shall have received authority for such operation from the Board of Estimate and Apportionment, and it shall not, without like authority, permit any other Company within the present limits of The City of New York to run cars over the railroad hereby authorized. The Board of Estimate and Apportionment reserves the right to fix the compensation to be paid for such privilege to The City of New York by such other company as shall be authorized to run cars over the route hereby authorized, and said Board further reserves the right to fix the compensation to be paid to The City of New York by the New York and Port Chester Railroad Company for the privilege of operating cars over the route of any other railroad company within the present limits of The City of New York.

24. The Railroad Company shall have entered into a contract with another railroad company within the limits of The City of New York permitting the cars of such other company to run over the route hereby authorized, in pursuance of authority from the Board of Estimate and Apportionment, or its successors in authority, the Board of Estimate and Apportionment may prescribe the maximum fare which may be charged by either company within the limits of The City of New York during the continuance of such contract to a passenger desiring to make a continuous trip in either direction between any point on the railroad of the New York and Port Chester Railroad Company and any point on the railroad of such other railroad company within the present limits of The City of New York. For their refusal to comply with the requirements of this section, the corporation so refusing shall forfeit fifty dollars (\$50) to the aggrieved party. Two or more penalties may be recovered in one action.

25. The rates for carrying of property upon the routes of the Railroad Company within the present limits of The City of New York shall, in all cases, be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the Railroad Company, and when so fixed such rate shall be binding upon the Railroad Company, its successors or assigns, and no greater sum shall be charged for such service than provided for by said Board of Estimate and Apportionment.

26. The said Railroad Company shall carry free within the present limits of The City of New York during the existence of this grant members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

27. The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters, under the Charter of the City.

28. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof, then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said Railroad Company, granted hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure, and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of

forfeiture shall accrue. The right of action as herein provided shall not affect or limit any other rights of the City.

29. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

30. The Railroad Company shall commence actual construction within one year from the date of the signing of this contract, and shall complete and have in operation a four-track railroad upon the main line, from the northerly line of the City to a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river, and a railroad of at least two tracks from point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river to the southerly terminus as aforesaid at or near the intersection of Southern Boulevard with Willis avenue, and a railroad on the branch line of at least two tracks, all within five years from the date of the signing of this contract, otherwise this grant shall cease and determine.

The Board of Estimate and Apportionment may require the construction of two additional tracks on that portion of the route between One Hundred and Seventy-seventh street and the southerly terminus, as aforesaid, at or near the intersection of Southern Boulevard and Willis avenue so as to make a railroad of four tracks on such portion of the route, whenever public convenience and necessity shall require the construction thereof; and in case the construction of such two additional tracks is so required by the Board of Estimate and Apportionment, the Railroad Company shall complete the construction thereof within five (5) years after such requirement, otherwise this grant may be forfeited; and the Railroad Company is hereby authorized to construct a railroad of four tracks on the entire route authorized by this contract, if, in its judgment, public convenience and necessity shall require the construction thereof.

The Railroad Company shall actually expend or cause to be so expended the sum of at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of this contract, upon the actual construction of said railroad between the northerly line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street, and shall also actually expend or cause to be so expended an additional sum of two hundred thousand dollars (\$200,000) within three years after the date of the signing of this contract, upon the actual construction of the railroad between Westchester avenue as above and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why The City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue, and will have to resort to condemnation proceedings for its right of way south thereof.

31. Verified statements of moneys so expended for construction shall be submitted, on demand, to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board an expenditure of the said sum within the time given for construction of the railroad between Westchester avenue and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why The City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue, and will have to resort to condemnation proceedings for its right of way south thereof.

32. The company's property and structures within the present limits of The City of New York shall not be used for advertising purposes in any way, under a penalty of fifty dollars (\$50) per day for each offense. Such restriction shall not apply to stations or cars nor to the interior of fences or walls.

33. The City, the Board and all duly authorized

representatives of the City shall have the right at all reasonable times, as well during construction as afterwards, to inspect the railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this contract shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

34. The Railroad Company shall deposit with the Comptroller, within six months after the date of signing this contract, the sum of \$100,000, either in money or in securities to be approved by him, which fund shall be security for the construction of the road authorized hereby, and which the Railroad Company is under obligation to construct, and said fund shall be repaid to the Railroad Company only as hereby specified. If the City exercises its option to require the construction of the additional two tracks south of One Hundred and Seventy-seventh street, the Railroad Company shall, within three months after notification thereof, make a like deposit of \$25,000 as security for such construction. Whenever and as often as the Railroad Company shall have actually constructed one mile of single track, a certificate showing the construction of such track shall be prepared by the engineer of the Railroad Company, and such certificate shall be delivered to the Board of Estimate and Apportionment. The said Board shall, as soon as practicable thereafter, verify the correctness of such certificate and either accept such certificate as correct, or if it finds it to be incorrect, return said certificate to the Railroad Company, specifying in writing the respects in which it finds such certificate to be incorrect. Upon the verification of the correctness of such certificate, or if any such certificate shall be found to be incorrect, upon its being corrected, and subsequently verified, the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for payment to said company of the sum of \$2,500, and the amount so certified by said Board shall be forthwith paid by said Comptroller from said fund to the Railroad Company, upon the construction of the said mile of single track. This procedure shall be followed by the Railroad Company and by said Comptroller as often as the Railroad Company shall construct an additional mile of single track.

35. Upon the completion of the construction of the entire track authorized hereby, which the Railroad Company shall remain under obligation to construct, a final certificate shall be prepared by the engineer of said company and approved by the president thereof, showing the fact of such completion and the fact that the road is ready for operation. Such final certificate shall be delivered to the said Board of Estimate and Apportionment of The City of New York, and shall be subject to a like verification as the certificate hereinbefore mentioned. Upon the verification of the correctness of such final certificate, or if such final certificate shall be found to be incorrect, upon being corrected the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for the payment by the Comptroller to the said company of the balance of said funds remaining in his hands.

If such final certificate, certifying to the completion of the entire construction of the road, which the Railroad Company shall be under obligation to construct, shall not be delivered to the Board of Estimate and Apportionment on or before the expiration of the time at which the Railroad Company shall be under obligation to complete the road, under and in pursuance of the terms and conditions of this contract, and if the construction of the entire road authorized hereby, which the Railroad Company shall be under obligation to construct, shall not have been completed by said time, the balance of said fund shall be forthwith delivered by the Comptroller of The City of New York and thereafter said company shall have no claim or cause of action therefor.

The word construction as used herein shall include the grading of the bed of the railroad,

laying of tracks thereon, ballasting of the same and the construction of all bridges or viaducts necessary for the support of the railroad.

The word completion, as used herein, shall include the laying of tracks, electrical conductors and all structures necessary to the operation of trains over the route authorized hereby, and which the Railroad Company shall be under obligation to construct and shall include also such street bridges or other structures as the company is required hereby to make, and such final certificate shall include proof that all of the antecedent acts required by this contract have been performed by said company, in so far as their completion is required hereby.

40. This grant is upon the express condition that within thirty days after the date of the signing of this contract and before anything is done in exercise of the rights conferred thereby, the Railroad Company shall deposit with the Comptroller of The City of New York the sum of twenty-five thousand dollars (\$25,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Railroad Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the president of said company. In case of failure of the said company to comply with any of the terms of this contract, or its neglect or refusal to comply with any demand or direction of the Board of Estimate and Apportionment, or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, if no other money penalty is provided therefor, the said company shall pay to the Comptroller of The City of New York a penalty of \$50 for each violation; and in case of any violation of the provisions of this contract for which money penalties are provided, the said company shall pay to the Comptroller of said City the penalties so provided.

The procedure for the imposition and collection of penalties provided in this contract shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify said company through its president to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If said company fail to make an appearance or, after a hearing, appear in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the said company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$25,000 and in default thereof the said company shall pay to the Comptroller of The City of New York the sum of one hundred dollars for each day of such default in addition to the amount necessary to restore said fund to the original amount of \$25,000. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

The right of the City to collect any penalties imposed for non-compliance with the terms of this contract, or with any law or ordinance now in force or hereafter adopted, shall not be limited to the said sum of \$25,000, and the enumeration or reservation of any rights by the City herein shall not operate to the exclusion of any other rights belonging to the City, either in law or at equity. Nor shall the imposition of any penalty by the terms of this contract interfere with or diminish the right of the City specifically to enforce any of the terms or conditions of this contract.

41. If the Railroad Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings within the present limits of The City of New York in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of The City may give written notice to said Company specifying any default on the part of said Company, and requiring the said Company to remedy the same within a reasonable time, and upon the failure of the said Company to remedy its said fault within a reasonable time said Company shall for each day thereafter during which said fault or defect remains pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

42. The Railroad Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

[SEAL]

By.....

Mayor.

NEW YORK AND PORT CHESTER RAILROAD COMPANY,

By.....

President.

Attest:

[SEAL]

Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor are that the money value of such franchise or right proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of Proposed Contract for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company and the said form of Proposed Contract for the grant of such franchise or right and said results of such inquiry, after the same shall be entered

in the minutes of this Board, shall be published at the expense of New York and Port Chester Railroad Company, for at least twenty days immediately prior to January 26, 1906, in THE CITY RECORD, and at least twice, during the ten days immediately prior to January 26, 1906, in "The New York Times" and "The New York Daily News," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, and fully set forth and described in the foregoing form of Proposed Contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10:30 o'clock a.m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

J. W. STEVENSON,

Secretary.

NEW YORK, December 15, 1905.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 23, 1906,

at 11 a.m. on the premises, the buildings and appurtenances thereto belonging erected upon real estate acquired for the purpose of constructing thereon a pumping station for the high pressure fire system, under the supervision of the Department of Water Supply, Gas and Electricity, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereto belonging acquired for the high pressure fire system, situated in the Borough of Manhattan and described as follows:

Beginning at the point of intersection of the westerly side of Oliver street with the southerly side of Water street, and running thence westerly along the southerly side of Water street 90.83 feet; thence southerly 39.3 feet; thence again westerly 0.8 feet; thence again southerly 121.81 feet to the northerly side of South street; thence easterly along the northerly side of South street 92.04 feet to the northwesterly corner of Oliver and South streets; thence northerly along the westerly side of Oliver street 160.61 feet to the southwesterly corner of Water and Oliver streets, the point or place of beginning.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Tuesday, January 23, 1906, at 11 a.m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

H. A. METZ,
Comptroller.

THURSDAY, JANUARY 11, 1906,

at 11 a. m., on the premises, the buildings and appurtenances thereunto belonging, erected upon real estate acquired for school purposes belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging, erected upon the following-described parcel of land under the jurisdiction of the Board of Education of The City of New York, being on the westerly side of Webster avenue, adjoining the north line of lands of Public School 67, Glendale, Borough of Queens, more particularly described as follows:

Beginning at a point formed by the intersection of the northerly line of the lands of Public School 67 with the westerly line of Webster avenue, which point is distant 125 feet northerly from the northerly line of Central avenue and running thence northerly along the westerly line of Webster avenue 18 feet; thence westerly and parallel with Central avenue 100 feet; thence southerly and parallel with Webster avenue 18 feet to the northerly line of the lands of Public School 67; thence easterly along the northerly line of said lands of Public School 67 100 feet to the westerly line of Webster avenue, the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Thursday, January 11, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description, brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent to the above conditions are understood to be implied by the act of bidding.

Party walls and fences when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

EDWARD M. GROUT,
Comptroller.

FOR FURNISHING AND DELIVERING WHITE ASH ANTHRACITE COAL, AS REQUIRED, TO THE DEPARTMENT STEAM-BOATS, IN THEIR BUNKERS, AS DIRECTED, THE PLACE FOR COALING TO BE LOCATED ALONG THEIR ROUTES BETWEEN THE FOOT OF EAST SIXTEENTH STREET, BOROUGH OF MANHATTAN, AND NORTH BROTHER ISLAND, BOROUGH OF THE BRONX, THE CITY OF NEW YORK, OR AT DOCKS WITHIN A RADIUS OF TWO MILES OF THE TERMINAL POINTS, DURING THE YEAR 1906.

The Department steamboats ply daily between North Brother Island, Borough of The Bronx, and the foot of East Sixteenth street, Borough of Manhattan. They will call at the dock of the Contractor daily, or as often as necessary, to receive such coal as is required to keep their bunkers well supplied. The dock of the Contractor must be located along the routes of the steam-boats, or within a radius of two miles from either terminal. The dock of the Contractor must be a regularly equipped coal dock, fitted with machinery for handling coal and for loading the same into boats quickly and to the satisfaction of the Department. Such apparatus should be in the nature of a chute to be lowered into the steam-boats' bunkers, through which the coal can be rapidly passed, or must be of some other modern type satisfactory to the Department. Provision must be made at the dock to coal the boats upon demand without any unnecessary or unreasonable delay. Notice will be given the Contractor by telephone, at least one hour before a boat arrives at the Contractor's dock, that it will require coal at some given hour; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The time for the completion of the work and the full performance of the contract is during the year 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of KOS-SUTH PLACE (although not yet named by proper authority), from Mosholu parkway to DeKalb avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 24th day of November, 1905, and duly entered in the office of the Clerk of the County of New York, at his office, in the Borough of Manhattan, in The City of New York, on the 4th day of December, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Blocks 3326 and 3327, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 4th day of December, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed thereto, and of performing the trusts and duties required of us by chapter 4, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 30th day of January, 1906, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY, January 3, 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BELMONT STREET (although not yet named by proper authority), from Clay avenue to Morris avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 22d day of January, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of January, 1906, at 11 o'clock a.m.

Second—That the abstract of our said estimate of damage, together with our damage map, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 29th day of January, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and

hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point at the intersection of the easterly line of the Grand Boulevard and Concourse with the middle line of the block between East One Hundred and Seventy-third street and East One Hundred and Seventy-fourth street, and running easterly along the middle line of the blocks between East One Hundred and Seventy-third street and East One Hundred and Seventy-fourth street to the northerly prolongation of the middle line of the blocks between Clay avenue and Webster avenue, lying between East One Hundred and Seventy-second street and East One Hundred and Seventy-third street; thence southerly along said prolongation and middle line to its intersection with a line 500 feet southerly from the northerly line of Belmont street; thence westerly along said line parallel to Belmont street to its intersection with the easterly line of the Grand Boulevard and Concourse; thence northerly along the easterly line of the Grand Boulevard and Concourse to the point of beginning; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired to the lands and premises required for the opening and extending of PEARSALL STREET (although not yet named by proper authority), from the Long Island Railroad to Hunter's Point avenue, in the First Ward, Borough of Queens, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, Second Department, bearing date the 1st day of July, 1905, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, City of New York, on the 12th day of October, 1905, a copy of which order was duly filed in the office of the Clerk of the County of Queens, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the opening and extending of PEARSALL STREET (although not yet named by proper authority), from the Long Island Railroad to Hunter's Point avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 20th day of January, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of January, 1906, at 11 o'clock a.m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said city, there to remain until the 1st day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the United States bulkhead or pierhead line of the East river and the middle line of the blocks between Potter avenue and Wooley avenue; running thence easterly along said middle line to its intersection with the northerly line of Flushing avenue; thence running again easterly along the northerly line of Flushing avenue to its intersection with the westerly line of Baldwin street; thence running northerly along the westerly line of Baldwin street to its intersection with the middle line of the blocks between Potter avenue and Ditmars avenue; thence running westerly along the middle line of the blocks between Potter avenue and Ditmars avenue to its intersection with the United States bulkhead or pierhead line of the East river; thence running southerly along the United States bulkhead or pierhead line of the East river to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 27th day of March, 1906, at the opening of the Court on that day.
