COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the County Clerk, County of The Bronx:

No. 578.

County Clerk's Office, County of Bronx, New County Court House, New York, April 28, 1914.

Honorable Board of Aldermen, City of New York, New York City:

Gentlemen—I have been requested by Honorable John J. Brady, Justice of the Supreme Court of the State of New York, in and for the County of Bronx, to forward herewith a certified copy of a presentment found by the Grand Jury of the County of Bronx for the April term, for such action as you deem proper, to the end that steps may be taken for the eradication of the evil mentioned in such presentment.

Respectfully yours,

JAMES V. GANLY, County Clerk.

To Honorable JOHN J. BRADY, Justice of the Supreme Court of the State of New York, in and for the County of Bronx:

We, the members of the Grand Jury of the County of The Bronx for the April term, 1914, respectfully present as follows:

We have heard the complaints made as to the prevalence of the infectious disease of glanders, so dangerous to the animal life of the county, and more particularly to the horses thereof and so ravaging in its effects.

Our investigation briefly has disclosed the fact that six of our commercial houses in our county have within three months lost sixty-eight horses through the disease and in each case the inception of the disease in the stables of the persons complaining was traceable to the existence of the public horse-watering troughs in the county. These troughs, as is well known, exist on street corners and are used by horses which are then, without the knowledge of the owners and drivers, suffering from this dread disease. The water becomes infected, is covered with slime, filth, and spreads contagion broadcast amongst the animals.

These street fountains are in addition a source of great waste of water, and in that way of great expense to the City. They cause blockades of our street traffic.

The Commissioner of Agriculture of the State of New York has advised us that glanders is not alone costly to the owners of the horses, but also to the State, which is compelled annually to spend thousands of dollars in butchering horses apparently well but glanders stricken.

We are also informed by competent witnesses that it is the practice and habit of push-cart peddlers and truck cart vendors to dip pails of water out of these troughs and with the water thus obtained to sprinkle their merchandise.

Thus it will be seen that the disease is even a menace to the public, irrespective of the horse owners.

For all of these reasons, we are of the impression that all further maintenance of these germ-breeding and disease-carrying troughs is a menace to the community second to none, and more particularly by reason of the approach of the heated season.

We respectfully recommend that a copy of this presentment shall be forwarded to the Board of Aldermen of the City, the Commissioner of Health of the City, and the State Commissioner of Agriculture, to the end that proper steps may be taken for the eradication of the evil.

We recommend that these troughs shall be abolished and in their place and stead erected hydrants or pumps with automatic shut-offs, and that each wagon driver

desirous of watering his stock shall be compelled to carry with him a pail for that purpose and that purpose alone.

Dated April 23, 1914.

LEVI A. WARD, Secretary; F. A. WURZBACH, Foreman.

A copy. JAMES V. GANLY, Clerk.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 579.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, Municipal Building, April 22, 1914.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held April 17, 1914, resolution of the Board of Aldermen requesting the Board to give careful consideration to the practicability and advisability of equipping public school buildings of the City with proper auditoriums, etc., was presented and referred to Committee on Corporate Stock Budget for examination and report.

Very respectfully,

JAMES MATTHEWS, Assistant Secretary.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Comptroller:

No. 580.

City of New York, Department of Finance, April 28, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Sir—Please find herewith a form of resolution to be adopted by the Board of Aldermen permitting the Comptroller to expend without contract at public letting the sum of \$2,500 for the purpose of purchasing furniture for the equipment of the Department of Finance.

I would be very glad to have action taken thereon at as early a date as possible.

Yours very truly,

C. S. HERVEY, Deputy Comptroller.

Resolved, That the Board of Aldermen, pursuant to section 419 of the Greater New York Charter, hereby authorizes the Comptroller of The City of New York to expend without contract at public letting the sum of twenty-five hundred dollars (\$2,500) for the purpose of purchasing furniture for the needs of the offices of the Department of Finance in the new Municipal Building.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Docks:

No. 581.

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, May 4, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Sir—I would respectfully request your favorable consideration to a matter which you will realize is of the utmost importance to the City, and relief from which can only come through your honorable body, in conjunction with the Board of Estimate and Apportionment. The request is for an extension of the contract of the Holbrook, Cabot & Rollins Corporation, to enable the completion of that portion of the new 1,000-foot slips adjoining the pier at the foot of 44th st., North River. The permission requested is to award the contract to said Holbrook, Cabot & Rollins Corporation, without public letting, upon the original unit prices, thus saving the City \$150,000.

If this southerly extension above referred to is built as a separate and new contract, it can only be commenced after the present contract is entirely completed, say, in eighteen months, and will cost, based upon the original unit prices as used in Engineer's estimate, \$290,000.

If, on the other hand, this extension is now made a part of contract No. 1401, with Holbrook, Cabot & Rollins Corporation, based upon the same unit prices used in their contract, the work will cost \$140,000.

The Engineering Bureau under my directions prepared plans only for the construction of the full pier at the foot of 46th st. Because of the complications surrounding the pier at the foot of W. 44th st., it was not deemed wise to touch this portion of the work until it was ascertained that the City would not be called upon to pay damages for the removal of the present sub-lessees who have still four years of occupancy, and until I had completed my negotiations for the transfer of the original lessees, whose lease runs to 1928. I deemed it of far more importance to proceed with the work on the one pier than to hazard the risk of complicating the entire improvement and possibly get into legal difficulties which in the end would be far more costly and result in interminable delays.

I am able to say that every obstacle has been removed, and I can see no reason why the entire work should not be completed as outlined by our Engineering Department when this matter was first undertaken in the month of May, 1913.

The entire question can be summed up practically as follows. By securing the permission of your honorable body, the City will save \$150,000 and advance the work two years and enable the Department to complete the one full pier at the foot of 46th st., and make rapid progress towards the completion of the second full pier at the foot of W. 44th st.

The following is a brief resume of the official actions taken on this improvement: April 10, 1913—Plans were submitted to the Commissioners of the Sinking Fund for the improvement of the water-front between W. 44th and W. 48th sts., providing for a pier 1,000 feet long at the foot of W. 46th st. and for an extension inshore of the pier at the foot of W. 44th st., so as to make two berths at the foot of W. 46th st. and one at the foot of W. 44th st.

April 30, 1913—There was a subject hearing on the proposed new plan, after which it was approved by the Commissioners of the Sinking Fund.

April 30, 1913—The Commissioners of the Sinking Fund and the Board of Estimate and Apportionment were requested to authorize condemnation proceedings for the acquisition of the necessary property to be acquired for the improvement of the water-front under the new plan.

May 21, 1913—Condemnation proceedings were authorized by the Commissioners of the Sinking Fund.

May 22, 1913—Condemnation proceedings were authorized by the Board of Estimate and Apportionment.

July 23, 1913—The Commissioners of the Sinking Fund recommended to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock to the extent of \$164,000 to meet the cost of dredging in connection with the construction of the 1,000-foot pier at the foot of W. 46th st.

July 31, 1913—The Board of Estimate and Apportionment authorized the issue of corporate stock to the extent of \$164,000 for dredging.

September 4, 1913—Contract for dredging was awarded in the sum of \$80,193.75. The amount actually expended, however, was \$63,822.27.

October 23, 1913—The Commissioners of the Sinking Fund recommended to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock to an amount not exceeding \$850,000 to be used for the construction of the pier at the foot of W. 46th st.

December 11, 1913—The Board of Estimate and Apportionment authorized the Comptroller to issue corporate stock to an amount not exceeding \$850,000 for the W. 46th st. pier.

January 21, 1914—Bids were opened for constructing filled in portion of the new pier at the foot of W. 46th st., together with concrete column foundations, pier and slip walls, cofferdam, etc. The following proposals were received:

Holbrook, Cabot & Rollins Corp.	\$487,812 90
Godwin Construction Co.	508,618 00
Snare & Triest Company	543,793 00
Oscar Daniels Company	554,468 00
U. S. Realty & Improvement Co.	564,417 45
Phoenix Construction Co.	607,916 00
MacArthur Bros. Company	646,519 50
L. A. Burke & Sons	654,468 00
W. P. Seaver	682,349 25
John Monks & Sons	690,349 50
G. B. Spearin	708,128 52

February 6, 1914—Contract 1401, Class 2, was awarded to the lowest bidder, Holbrook, Cabot & Rollins Corporation for \$487,812.90.

The estimate of this Department's Engineers for doing this work, based on unit prices, was \$497,500.

Application will be made to the Commissioners of the Sinking Fund and to the Board of Estimate and Apportionment at the meetings this week for an appropriation of the necessary corporate stock.

I respectfully request that this matter receive your immediate attention for the following reasons:

The contractors are willing to enter into a contract to build the extension on the unit prices under the original prices. They are now sufficiently advanced in the work so that any delay in reaching a decision would seriously inconvenience them; and, in fact, might defeat the entire proposal, as we cannot direct them to suspend any portion of their work without impairing the present contract. In addition, it is necessary that the Dock Department shall advertise for bids for the dredging, for which specifications and forms of contract have been prepared for some time past.

I beg to recommend that a resolution be adopted by the Board of Aldermen authorizing and empowering the Commissioner of Docks to eliminate from Contract No. 1401, Class 2, the items amounting to \$62,109.72, shown in detail on the accompanying memorandum, entitled:

"Estimated quantities under present Contract No. 1401, Class 2, to be deducted, in order that work may be extended to the northerly side of W. 44th st., North River."

I also beg to recommend that a resolution be adopted by the Board of Aldermen authorizing and empowering the Commissioner of Docks to contract with Holbrook, Cabot & Rollins Corporation, without public letting, for extending the W. 46th st. improvement, southerly, to include the wall along the northerly line of W. 44th st., at an estimated cost of \$202,109.72. This estimate is based on Engineers' estimated quantities and on the unit prices bid by the contractor for Contract No. 1401, Class 2, the items of which are set forth in detail on the accompanying memorandum, entitled:

"Estimated quantities to be added under present contract to complete extension to W. 44th st., North River, all as shown on the accompanying plan entitled 'Modification to Provide for Extending the W. 46th St. Improvement, Southerly, to Include the Wall Along the North Line of W. 44th St., North River, Borough of Manhattan.'"

Respectfully,

R. A. C. SMITH, Commissioner of Docks.

No. 582.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, May 2, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, April 17, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On March 30, 1914, the President of the Borough of Manhattan requested the establishment in his office of certain grades of position. On April 3, 1914, the request was verbally amended to read as follows:

Title.	Rate.	Incumbents.
Elevator Constructor's Helper	\$3.40 per day	Unlimited.

The Bureau of Standards reports thereon as follows:

"The Budget for 1914 for the office of the President of the Borough of Manhattan contains an allowance of two Elevator Constructor's Helpers at \$3 per day. Investigation shows that \$3.40 per day is the prevailing rate for Elevator Constructor's Helper."

In view of the above fact, we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, April 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On April 1, 1914, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested modification of the schedule Salaries, Regular Employees, Administration, No. 1110, General, in his Department for the year 1914. The request has been orally amended to provide for the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Chief Clerk at \$3,500 per annum, for one incumbent. The Bureau of Standards reports thereon as follows:

"The 1914 Budget provides for the salary of an Examiner at \$4,000 per annum. The position is now vacant. It is proposed to abolish it and create instead a position which would be more appropriate for the work to be performed. A person with a general knowledge of the problems that confront such a department and who has sufficient experience and ability to properly exercise executive and administrative supervision is essential in order that the best results may be obtained; he should also be familiar with the details of such work as is done in the Payroll, Bookkeeping, Purchasing Agents, Cost Accounting, Storekeeper's and Superintendent's Divisions, and have a working knowledge of office accounting and auditing methods in order that

the work of these various divisions may be properly co-ordinated and brought into complete harmony. Under existing conditions these divisions are working more or less in conflict with each other through lack of proper co-ordination. The title of Chief Clerk and Auditor describes the duties to be performed more accurately than Chief Clerk. The Commissioner of Parks is agreeable to this change. A tentative appraisal of the value of the work to be performed is from \$2,700 to \$3,600 a year."

In view of the foregoing facts and the statement that the Park Commissioner expects to request a transfer from among men of experience in this class of service we recommend the adoption of the attached resolution providing for the establishment of the position of Chief Clerk and Auditor, at \$3,500 per annum, for one incumbent, and the abolishing of the position of Examiner, at \$4,000 per annum, for one incumbent. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

No. 586.

Resolved, That the Board of Estimate and Apportionment, in accordance with section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Mayor of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Assistant Secretary	\$5,000 00	1
Secretary	4,000 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment May 1, 1914.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, April 29, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—Under date of April 27, 1914, his Honor the Mayor requested the establishment of the following grades of positions:

Assistant Secretary, at \$5,000, one incumbent.

Secretary, at \$4,000, one incumbent.

The Bureau of Standards reports thereon as follows:

"The purpose in requesting the establishment of the grade of position of Assistant Secretary at \$5,000 a year for one incumbent is to permit the use by the Mayor of a position exempted by the Municipal and State Civil Service Commissions for the employment of a person who has for some time, without compensation by the City, done work for the Mayor of a highly difficult and important character, principally in relation to the Mayor's duties as Chairman and member of important boards, commissions and committees. The Mayor regards it of very great value to the effectiveness of his office that the services of this person be retained and properly compensated by the City."

In view of the above facts the Committee recommends the adoption of the attached resolution granting the request. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

No. 587.

Whereas, By opinions of the Corporation Counsel, as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Charter, hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified in accordance with the following list:

Janitor, Public School No. 49, Manhattan, per month.....	\$150 00
Janitor, Public School No. 50, The Bronx, per annum.....	4,236 00

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 20, 1914.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—On April 8, 1914, the Board of Education requested the establishment of rates of compensation for Janitors of two public schools, pursuant to the provisions of section 56 of the Charter. In connection therewith we report as follows:

In December, 1913, a Caretaker at \$50 per month was appointed for Public School 49, Manhattan, 37th and 38th sts., between 2d and 3d aves., which had been abandoned for regular elementary school purposes. The new Murray Hill Trade School occupied the building on April 1, 1914, and John E. Dargin has been assigned temporarily as Janitor at \$150 per month.

New Public School 50, The Bronx, Bryant and Vyse aves., between 172d and 173d sts., was occupied for school purposes on April 13, 1914. The Board of Education requests that the compensation of the position of Janitor be increased from the temporary rate of \$150 per month to \$4,236 per annum, to take effect April 13, 1914. This is the regular rate on the basis of the existing schedule.

We recommend the adoption of the attached resolution granting the requests.

Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

MESSAGES FROM THE MAYOR, RESUMED.

No. 588.

City of New York, Office of the Mayor, May 5, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—The bodies of the ten United States marines and sailors who lost their lives in the service of their country at Vera Cruz will arrive on the U. S. S. "Montana" on Monday next.

Feeling that it is both the right and the duty of the City to pay formal tribute to the memory of these men, some of whom were citizens of New York, as well as members of our Navy, I have, as Mayor, on behalf of the City, offered to the Commandant of the Brooklyn Navy Yard a formal reception of these bodies, and have suggested that they be conducted by the City authorities, by appropriate escort, from the Battery to the Navy Yard via the City Hall. I have no doubt that this offer will be accepted by the Government, and expect to receive advices to that effect this afternoon.

It is suggested that it will be appropriate to receive the bodies formally at the City Hall with brief ceremonial. To this end, the City Hall should be draped, and other arrangements in and about the plaza should be made. The cost of these arrangements, it is estimated, will approximate \$2,500.

I am about to appoint a citizens' committee of arrangements, and I urge that your honorable Board appoint a committee to represent it and to co-operate with the citizens' committee in the direction of the ceremonies. I also respectfully suggest that your honorable Board take the necessary action toward the appropriation of the required funds in accordance with section 39 of the Charter.

I have the honor to be, respectfully yours,

JOHN PURROY MITCHEL, Mayor.

In connection herewith Alderman Curran introduced the following:

Resolved, That all the members of the Board of Aldermen are hereby appointed as a committee of the whole to act in co-operation with other representatives of the City government for a fitting public reception of the bodies of the United States sailors and marines who so bravely and devotedly have laid down their lives for their country at Vera Cruz; and, further,

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue special revenue bonds to the amount of \$2,500.00, the proceeds whereof shall be used by the Board of Aldermen for all expenses incidental to said public reception. All bills incurred hereunder to be audited for payment by the Finance Department by the Committee on Finance.

Alderman Dowling moved that the above resolution be amended by inserting

at the end of the first paragraph a provision that all business of The City of New York be suspended for one hour subsequent to the reception of the bodies at the Battery, as a further mark of deference to the memories of the deceased.

Which amendment was accepted.
The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:
Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Brush, Burden, Carberry, Carroll, Cole, Cunningham, Curran, Delaney, Diemer, Dixon, Donnelly, Dostal, Dowling, Duggan, Eichhorn, Ferguson, Eagan, Fink, Gaynor, Hamilton, Hannon, Igstaedter, Jacobson, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Chas. The Committee on Finance, to which was referred on April 14, 1914 (Minutes, page 107), the annexed resolution in favor of an issue of \$750 special revenue bonds for the purchase of an automobile for use of the Coroner of the Borough of Richmond, respectfully

REPORTS:
That, having carefully examined the subject, it believes the proposed allowance to be necessary. The difficulty in reaching the various localities in this Borough through lack of transportation facilities is well known. The Coroner proposes to operate the machine himself, and the cost will, therefore, be nominal.
The Committee believes this facility to be an absolute necessity, and recommends that the said resolution be adopted.
Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven hundred and fifty dollars (\$750), the proceeds whereof to be used by the Coroner of the Borough of Richmond for the purpose of purchasing an automobile. The Committee on Salaries and Offices, to which was referred on April 21, 1914 (Minutes, page 165), the annexed ordinance providing for semi-monthly pay for officers and employees of The City of New York, respectfully

REPORTS:

That there has been a great demand for the enactment of this measure on the part of all classes of employees who feel that their condition will be much improved by receiving their salaries twice a month instead of once a month, thus enabling them to purchase more often for cash, and in many cases to do away with the hardship of borrowing at exorbitant rates. It is estimated that the additional cost will be but a small item.

The Committee recommends that the said ordinance be adopted.

AN ORDINANCE providing for semi-monthly payment of compensation for services of officers and employees of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section I. The salaries of all officers and employees of the City of New York and Counties therein, regulated at an annual rate of compensation, shall be due and payable by the City of New York twice each month, on the fifteenth and last days thereof, except where such days fall upon Sunday or a legal holiday, when such payment shall be made on the preceding business day; provided, however, that no such payment shall be required contrary to any existing laws of the State of New York.

Section II. It shall be the duty of all officers of the City of New York and Counties therein responsible for the payment of City employees to carry out the provision of this ordinance.

REPORTS:

That, having examined the subject, it believes the proposed leaves of absence to be without prejudice to the City's interest, and it therefore recommends that the said resolution be adopted.

Resolved, That all employees of The City of New York who are regularly elected delegates or members of the Southern New York Volunteer Firemen's Association be allowed three days, with pay, from June 9 to 11, 1914, inclusive, provided that in each case satisfactory proof shall be given to the head of the Department that such employee has attended the nineteenth annual convention of the association, at Babylon, Suffolk County, N. Y., during the said three days; and be it further

Resolved, That all employees of The City of New York who are regularly elected delegates or members of the Firemen's Association of the State of New York be allowed five days, with pay, from August 17 to August 21, 1914, inclusive, provided that in each case satisfactory proof shall be given to the head of the Department that such employee has attended the forty-second annual convention of the association which is to be held at Geneva, N. The Committee on Salaries and Offices, to which was referred on April 28, 1914 (Minutes, page 216) the annexed ordinance relative to vacations for City employees who work on a per diem basis, respectfully

REPORTS:

That a public hearing has been held on this subject at which the only opposition developed was from two of the borough presidents, who stated that they were not

opposed to the principle but were in doubt as to the efficacy of the ordinance then under consideration. This ordinance has since been amended in a way which, in the opinion of the Committee, meets all objections and enables these deserving and hard working men and women some opportunity to recoup from their exertions with the satisfying thought that they will receive compensation for the period of rest. The Committee recommends the adoption of the ordinance.

AN ORDINANCE amending Vacation Ordinance.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Report of Committee on Public Letting—

No. 555—(S. O. No. 41.)

The Committee on Public Letting, to which was referred on April 28, 1914 (Minutes, page 177), the annexed request from the Borough President of Manhattan for authority to contract without public letting for repairs to sewer in 33d st., west of 5th ave., at a cost not to exceed \$2,000, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. This is distinctly an emergency, and there is no time to do the work under the public letting system.

The committee recommends that the accompanying resolution be adopted.

JOHN DIEMER, JACOB WEIL, JOHN McCANN, ROBERT H. BOSSE, LOUIS JACOBSON, JOHN KOCHENDORFER, WILLIAM F. QUINN, WILLIAM DUGGAN, Committee on Public Letting.

City of New York, President of the Borough of Manhattan, Municipal Building, April 23, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—Several days ago the carriageway of 33d st., west of 5th ave., caved in through settlement, causing a break in a 12-inch and a 6-inch water main, thereby washing away a large portion of the street between the curbs.

Upon examination of the street soon after, it was found that a part of the sewer running through the street had been seriously damaged, and orders were immediately issued for repairs.

It has now developed during the progress of the work that much greater damage has been done, which will necessitate the reconstruction of about 120 linear feet

of 3 by 2 foot brick sewer, and the restoration of the street pavement when the repairs are completed.

In view of the extreme emergency of the case, which requires the issuance of open market orders for the work that is to be done, I respectfully request permission from your honorable Board to contract for the work without public letting, the cost of which is estimated at \$2,000.

Your early consideration will oblige, yours very truly,

MARCUS M. MARKS, President, Borough of Manhattan.

Which was laid over.

SPECIAL ORDERS.

No. 35—Int. No. 499.

The Committee on Public Letting, to which was referred on April 14, 1914 (Minutes, page 21), the annexed resolution in favor of authorizing the Department of Taxes and Assessments to contract for moving into the Municipal Building and purchase certain furniture without public letting, at a cost not to exceed \$10,000, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary in order to facilitate the transfer of this department into its new quarters, and to provide the requisite furniture to replace permanent desks, etc., which must be left in the old building, there being insufficient time to prepare specifications and advertise.

The committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Department of Taxes and Assessments be and hereby is authorized and empowered to enter into a contract or contracts, without public letting, for the following items necessary and the expense incident to the moving of said Department to the new Municipal Building, the total cost thereof not to exceed the sum indicated:

Department of Taxes and Assessments of The City of New York, Borough of Manhattan, Hall of Records, April 4th, 1914.

The Honorable the Board of Aldermen, City of New York:

Gentlemen—The office of this Department is to be moved to the Municipal Building. The Board of Aldermen has authorized an issue of \$10,000 of special revenue bonds to pay the expense. It costs the City \$1,466 rent for every month removal is delayed; \$1,041.66 for the Sheriff and \$425 for the Surveyor of this Department. Both time worth money and actual outlay can be reduced by contracting upon the basis of informal bids without advertising.

We respectfully request, therefore, that permission be given to dispense with public letting. Respectfully,

LAWSON PURDY, President.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, two-thirds of all the members failing to vote in favor thereof:

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE WEDNESDAY, MAY 6, 1914.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date, in which is shown the Department of Finance voucher number, the date of the invoices or the registered number of the contract, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher the date of the earliest is given, excepting that when such vouchers are submitted under a contract the registered number of the contract is shown instead.

If the vouchers are found to be correct and properly payable to the respective claimants it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WILLIAM A. PRENDERGAST, Comptroller.

Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

At the time of the delivery of the contract the contractor shall furnish security to the City by depositing a bond in the form annexed to the form of contract, or cash or approved securities in the sum of four hundred thousand dollars (\$400,000). Before removing any part of the Manhattan-Bronx Rapid Transit Railroad the contractor will also be required to give a bond, cash or securities in the sum of five hundred thousand dollars (\$500,000) to Interborough Rapid Transit Company in connection with the permit to be obtained from said Company, as aforesaid.

As further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be generally by tunneling and partly by excavation from the surface.

Sites for permanent shafts to be used as working shafts, sites for the contractor's air-compressing plant, and water-front facilities, as indicated on the contract drawings, will be furnished to the contractor for his use.

Bidders must examine the form of contract and the specifications and the contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

The attention of bidders is especially directed to the contract requirements as to an adequate plant, the use of compressed air, the methods of tunneling in soft ground, the contractor's responsibility for damage to property, the order of progress of work, and the damages for non-completion within the time prescribed.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and of the contract drawings are to be deemed a part of this invitation.

The City of New York (hereinafter called the City) and Interborough Rapid Transit Company will be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction, as provided in the contract dated March 19, 1913, between the

City and said Company, for additional rapid transit railroads. The contractor shall look to Interborough Rapid Transit Company for the payment of the sums earned under the contract to an amount equal to ninety-five (95) per centum of the total estimated amount to be paid to the contractor under the contract as calculated from the estimated approximate quantities of items and the prices contained in the Schedule in the Contractor's Proposal, and to the City for all sums over and above such amount. The Interborough Rapid Transit Company shall not be liable under the contract beyond said amount. Such amount is to be inserted in the contract before the contract is executed.

Partial payments to the contractor will be made as the work proceeds.

The contractor must complete the work within forty-two (42) months from the delivery of the contract.

At the time of the delivery of the contract the contractor must furnish security to the City by depositing a bond, cash or securities in the sum of five hundred thousand dollars (\$500,000). Proposals must be in the form or forms prescribed by the Commission. Proposals are invited in either or both of two forms. In Form "A" the bidder is to state his prices for the work proposed without dependence upon the award of any other contract. In Form "B" the bidder is to state his prices for the work proposed in case he should be awarded the contract, advertised concurrently herewith for the construction of Section No. 2 of Route No. 33, being that portion of the Whitehall Street-East River-Montague Street Rapid Transit Railroad extending from a point under Whitehall street at South street in the Borough of Manhattan to a point under Montague street near Clinton street in the Borough of Brooklyn. Proposals in Form "B" must be accompanied by a proposal or proposals for the construction of said Section No. 2 of Route No. 33.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form or forms of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City for damages or anticipated profit or loss of profit on account of any excess or deficiency, absolute or relative, in the same.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 48, Section No. 3," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

By EDWARD E. McCALL, Chairman.
TRAVIS H. WHITNEY, Secretary. a24,m22

INVITATION TO CONTRACTORS.

Part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The Public Service Commission for the First District (hereinafter called the "Commission"), acting for and in behalf of The City of New York (hereinafter called the "City"), invites proposals to construct Section No. 2 of Route No. 20, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2. Beginning at a point under Canal street, in the Borough of Manhattan, about thirty (30) feet east of the easterly building line of Broadway and extending thence easterly under Canal street to a point about thirty-five (35) feet east of the easterly building line of the Bowery.

The general plan of construction calls for a subsurface railroad having two tracks.

The contractor will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

Two alternative designs for the Railroad have been prepared, which are known as Alternative S and Alternative T, respectively. The design for Alternative S calls for a steel beam and concrete structure, and the design for Alternative T calls for a structure partly of steel beam and concrete construction and partly of cast iron tunnel construction. The method of construction for Alternative S is by trench excavation under cover, unless otherwise permitted by the Com-

mission, and the method of construction for Alternative T is partly by trench excavation under cover and partly by tunneling, unless otherwise permitted by the Commission, as set forth in the terms of contract. Proposals may be submitted for either or both of such Alternatives.

Partial payments to the Contractor will be made as the work proceeds, as provided in the forms of contract.

The Contractor must complete the work within thirty-two (32) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of three hundred thousand dollars (\$300,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor.

A fuller description of the work to be done in the case of each Alternative and other requirements, provisions, details and specifications are given in the form of contract for each Alternative and in the contract drawings therein referred to. A separate form of contract has been prepared for each Alternative. Copies of the forms of contract, contract drawings, and forms of bond and contractor's proposal may be inspected and purchased at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City. The forms of contract and the contract drawings and the forms of bond and contractor's proposal are to be deemed a part of this invitation.

Bidders must examine the forms of contract and the specifications and contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 12th day of May, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Separate forms of proposal have been prepared for Alternatives S and T. Proposals for each Alternative must be in the form prescribed for such Alternative by the Commission. The Commission may award the contract for either Alternative.

A statement based upon the estimate of the Chief Engineer of the Commission of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required in the case of each Alternative is to be found in the Schedule in the form of contractor's proposal for such Alternative. The quantities given in such Schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and forms of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 20, Section No. 2, Alternative S," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. If any bidder shall submit proposals for both Alternatives, the proposal for each Alternative shall be in a separate sealed envelope properly endorsed as aforesaid. No proposal will be received unless accompanied by a separate certified check for thirty thousand dollars (\$30,000) payable to the order of the Comptroller of the City and drawn upon a National or State bank or trust company satisfactory to the Commission and having its principal office in New York City. One such certified check for thirty thousand dollars (\$30,000) will be sufficient to enable a bidder to bid upon both Alternatives. Such check must not be enclosed in the envelope or envelopes containing the proposal or proposals.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York serves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
