Dock Department—New Plan for the Improvement of the Waterfront in the Vicinity of Pier 17, North River.

The Chair called for a public hearing in the matter of the amendment of the new plan for the improvement of the waterfront in the vicinity of Pier 17, North River, adopted by the Commissioner of Docks April 4, 1916.

(Affidavit as to publication of notice of hearing in the CITY RECORD on file with the papers.)

The following was received from the Commissioner of Docks:

Pier A, North River, April 4, 1916.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—I transmit herewith tracing and print, together with technical description, of amendment to the New Plan for the improvement of the waterfront of the City of New York, in the vicinity of Pier 17, North River.

The amendment consists of widening the existing Pier No. 17 on its southerly side 15 feet, extending from the established bulkhead line to the established pierhead line of March 1, 1913, and is necessary in order to legalize the improvement contemplated by the present occupants.

I have today adopted this amendment to the New Plan and respectfully submit it with the request that it be approved by the Commissioners of the Sinking Fund. Very truly yours, R. A. C. SMITH, Commissioner.

No one appearing against the proposition the Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 24, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 4th, 1916, the Commissioner of Docks, adopted an amendment to the New Plan for the improvement of the waterfront of the City of New York, in the vicinity of Pier 17, North River.

The amendment consists in widening the existing Pier No. 17 on its southerly side 15 feet, extending from the established bulkhead line to the established pierhead line of March 1st, 1913, and is necessary in order to legalize the improvement contemplated by the present occupants.

The New York Central and Hudson River Railroad Company who occupy the pier, have prepared plans for its widening. The land to be occupied by the proposed southerly lateral extension is owned by the City of New York and will be leased to the occupant of the existing pier No. 17 in the event of the approval of the proposed New Plan.

There appears no objection to the proposed amendment of the plan submitted for the improvement of the waterfront, and providing the Commissioners of the Sinking Fund approve the amended plan at the public hearing to be held pursuant to Chapter 372 of the laws of 1907, I recommend the adoption of the attached resolution approving the request. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the amended plan for the improvement of the water-front of the East River, providing for the widening of the existing Pier No. 17, North River, on its southerly side fifteen (15) feet, extending from the established bulkhead line to the established pierhead line of March 1, 1913, made and adopted by the Commissioner of Docks in accordance with law, April 4, 1916.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

The Chair then declared the hearing closed.

Dock Department—New Plan for Improvement of the Waterfront Between West 42nd Street and West 51st Street, North River, Borough of Manhattan.

(Affidavit as to publication of notice of hearing in the CITY RECORD on file with the papers.)

The following was received from the Commissioner of Docks:

Pier A, North River, April 4, 1916.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Dear Sir—I transmit herewith map in duplicate, together with technical description, amending the new plan for the improvement of the waterfront between West 42nd and West 51st Streets, North River, Borough of Manhattan.

This amendment consists of the discontinuance of that portion of the new plan heretofore adopted by the Commissioner of Docks and substituting therefore proposed bulkhead line between West 51st and West 44th Streets, and a marginal street, wharf or place between the proposed bulkhead line and the westerly line of a proposed new 12th Avenue; thence continuing the same marginal street to West 42nd Street between the westerly line of the proposed new 12th Avenue and the bulkhead line established by the Secretary of War.

It also calls for replacing the three 60-foot piers at the foot of West 48th, West 49th and West 50th Streets by two piers, each 150 feet in width, at the foot of West 48th and West 50th Streets. I have today adopted this amendment to the new plan, and it is respectfully submitted for approval by the Commissioners of the Sinking Fund. Very respectfully, R. A. C. SMITH, Commissioner of Docks.

Mr. Franklin Petit appeared before the Board and asked for information as to just what the proceedings meant, which information was given to him by the Commissioner of Docks.

There being no opposition, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 27th, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 4th, 1916, the Commissioner of Docks adopted an amendment to the New Plan for the improvement of the waterfront of the City of New York between West 42nd and West 51st Streets, North River, Borough of Manhattan.

The amendment consists of the discontinuance of that portion of the new plan heretofore adopted by the Commissioner of Docks and substituting therefore proposed bulkhead line between West 51st and West 44th Streets, and a marginal street, wharf or place between the proposed bulkhead line and the westerly line of a proposed new 12th Avenue; thence continuing the same marginal street to West 42nd Street, between the westerly line of the proposed new 12th Avenue and the bulkhead line established by the Secretary of War.

The amendment also provides for the replacing of three 60 foot piers, 700 feet in length at the foot of West 48th, West 49th, and West 50th Streets by two 150 foot piers 1,000 feet in length at the foot of West 48th and West 50th Streets, and further provides for the shortening of the 1,200 foot piers as shown on the existing plan for the waterfront improvement as adopted on April 10th, 1913, to piers 1,000 feet in length with a possibility of being made 1,050 feet in length if necessary.

The Port and Terminal Committee of the Board of Estimate and Apportionment in its report dated April 22nd, 1916, upon the Rail Terminal facilities of the New York Central Railroad Company on the west side of the Boroughs of Manhattan and the Bronx, under sub-division "Trackage between 59th and 30th Streets" states:

"The plan was recommended by the former Committee to fit in with the plan for reserving the section between 57th Street and 43rd Street for new long steamship piers. It was considered at that time wise to carry the railroad tracks sufficiently far inshore to allow for the building of eight of these piers. A careful re-study of the situation by the Commissioner of Docks subsequent to the making of that report has convinced the Committee that it will not be necessary to provide for any 1,200-foot piers in this section as originally proposed. This decision of the Committee's has been approved by the unanimous opinion of leading representatives of each of the steamship lines engaged in first-class passenger transatlantic business at meetings duly held for the purpose of discussing the subject. These gentlemen all agreed that the prospect of passenger steamers requiring berths of more than 1,050 feet in length was so remote as not to require serious consideration in the building of these new piers. The pier and a half now building at 44th Street and 46th Street provide for 1,000-foot berths with provision left for a possible extension fifty feet further inshore. The Dock Commissioner is also of the opinion, and the Committee concurs in it, that it is unnecessary to provide for the large number of piers originally suggested. Owing to the fact that one of the Barge Canal terminals is to be located in this section and in view of recent waterfront readjustments which have placed a number of ships operating to the Mediterranean in the section north of 50th Street, it will not be desirable to carry out the plan as originally proposed. The Commissioner of Docks recommends that opportunity be reserved for the building of two more piers in addition to those now under way, and that 1,050 feet be taken as the limit of length necessary to be provided."

In order that the waterfront layout shall agree with and conform to the proposed track location of the New York Central Railroad between West 42nd and West 51st Streets, it will be necessary to amend the plan of the waterfront improvement as adopted on April 10th, 1913. If the Commissioners of the Sinking Fund approve the amended plan at the public hearing to be held pursuant to Chapter 372 of the laws of 1907, I recommend the adoption of the attached resolution approving the request. Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the amended plan for the improvement of the waterfront between West 42nd and West 51st Streets, North River, Borough of Manhattan, made and adopted by the Commissioner of Docks, in accordance with law April 4th, 1916.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

The Chair then declared the hearing closed.

(Brought up by unanimous consent.)

The following resolution was offered for adoption:

Which resolution was adopted, all the members present voting in the affirmative.

Dock Department—Lease of Property at the Foot of Joralemon Street and at the Foot of Montague Street, Borough of Brooklyn, to the New York Dock Company.

The following was received from the Commissioner of Docks:

Pier A, North River, April 4th, 1916.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—I beg to recommend that the Commissioners of the Sinking Fund adopt resolutions approving of and consenting to the execution by the Commissioner of Docks of leases to the New York Dock Company of property at the foot of Montague and Joralemon Streets, Brooklyn, as more particularly described in and upon the terms and conditions set forth in the annexed draft of resolutions. Yours respectfully,

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolutions:

Structures and Improvements—All improvements to be erected at the expense of the lessee in accordance with plans to be submitted to and approved by the Department of Docks and Ferries and the Public Service Commission for the First District. The lessee indemnifying the Commission and the City from any and all injury to the said Rapid Transit Railroad caused by the building or occupancy of said pier or any structure or building on said leased premises.

Rebuilding Structures—The lessee must rebuild pier or any structure that is destroyed immediately at its own expense.

Cancellation of Lease—The City shall have the right to acquire the wharf property owned by the lessee between Fulton Street and Atlantic Avenue at any time after the commencement of the lease, and upon vesting title this lease shall be cancelled and the lessee will have no claim for damages except that the City will reimburse the lessee for the original cost of the improvements, less depreciation. The City shall also have the right to acquire the wharf property owned by the lessee between Montague Street and Atlantic Avenue at any time after 25 years from the date of the commencement of the lease, and upon vesting title this lease shall be cancelled and

the lessee will have no claim for damages except that the City will reimburse the lessee for the original cost of the improvements, less depreciation.

Termination of Lease—Upon the termination of the lease the City shall acquire the land under water of the lessee upon or over which any part of the pier is constructed, together with the land under water contiguous to the pier on both sides thereof to a line which shall be equi-distant from the respective outer lines of the said pier and the piers next adjoining, including the bulkhead. The City shall also purchase all structures to be erected on the leased premises, pursuant to the terms of the lease at a valuation equal to the original cost of such structure or structures, less depreciation.

Arbitration—The lessee to appoint a person, the Commissioner of Docks to appoint a person; in case they do not agree within thirty days from the date of their appointment, they shall appoint a third person to act as umpire.

Remaining Terms and Conditions—Except in so far as they are inconsistent therewith, shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.

Condition of Lease—To be of no force or effect until the property described shall be legally transferred to the custody, control and jurisdiction of the Commissioner of Docks.

I agree with the recommendations of the Commissioner of Docks as to the terms and conditions of the proposed leases.

The aggregate annual amount to be paid for both premises, including \$12,766.50 fixed as rental for the two leases and an annual amount to be paid as determined by multiplying the assessed valuations of the improvements to be erected by the lessee by the tax rate for the Borough of Brooklyn, in my opinion is just and reasonable, and is estimated as an equivalent to an average rental for the fifty (50) years at seven and one-quarter per centum (7¼%) on the cost of the land (one hundred and twelve thousand five hundred dollars), plus an estimated cost for improvements at Montague and Joralemon Streets of five hundred thousand dollars (\$500,000).

I therefore advise the adoption of the attached resolutions approving the request of the Dock Commissioner in his communication to this body of April 4, 1916.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

In case such pier or any future pier constructed in the place thereof shall be damaged, destroyed or removed, the lessee shall rebuild or extend the same or cause to be rebuilt or extended, or shall build or cause to be built, a new pier without expense to the City of New York or the Commission within eighteen months after such destruction or removal. Such new pier or piers shall be constructed, and such rebuilding or extension shall be done, subject to all the terms and conditions governing the construction of the original pier as above provided.

Pending the construction of such pier and pending the construction of any pier thereafter constructed in the place thereof, the land under water and the waters above said land hereinbefore described shall be used for no purpose other than the construction of such pier, and in so constructing such pier, or future pier, the lessee shall do all things which may be reasonably required by the Commission for the protection of said rapid transit railroad and the maintenance of traffic therein, without expense to the City of New York or the Commission.

The tenant shall indemnify and hold harmless the Commission and the City of New York, its successors, assigns, lessees and contractors, from any and all injury to said rapid transit railroad, including the equipment, in any manner caused by or on account of the construction or erection of any buildings, structures or improvements or by such pier or by any future buildings, structures or improvements, or by any future pier, or by the maintenance and operation of any thereof, and from any and all damages resulting from or growing out of such injury, including damages for injuries to passengers or employees of said rapid transit railroad.

Any building, structure or improvement or any pier so constructed or caused to be constructed by the lessee as aforesaid shall be so maintained and operated as not to menace the safety of said rapid transit railroad or the use and operation thereof.

In the event of the failure of the lessee to construct or reconstruct, or cause to be constructed or reconstructed, piers and maintain the same as above provided, or in the event of the failure of the lessee to do or cause to be done any and all things necessary and proper for the protection of the rapid transit railroad, subject to the direction and approval of the Commission, the Commission and The City of New York shall have the right to enter upon the above described premises or any part thereof and construct or reconstruct the pier or make such repairs, at the expense of the lessee, and if the lessee shall fail to reimburse the Commission and The City of New York for the cost of such pier or for the cost of such reconstruction or repairs, the Commission and The City of New York shall have the right to hold the pier and if necessary let others use the said pier, by lease or otherwise, until the Commission and The City of New York shall have been repaid for any expense that it may have been put to by reason of such default, and after the Commission and The City of New York shall have been fully reimbursed for such expenditures, the possession of said pier shall revert to the lessee, subject to the terms and conditions herein expressed. The Commission and The City of New York shall also have the right to do all things necessary and proper for the protection of the said rapid transit railroad at the expense of the lessee. In the event of the failure of the lessee to do or cause to be done any and all things necessary and proper for the protection of said rapid transit railroad, the Commission or the Department shall have the right to enter upon the above described premises, or any part thereof, and do all things necessary and proper for the protection of said rapid transit railroad at the expense of the lessee.

In the event of the re-entry of the Commission or The City of New York for any of the purposes above expressed, the Commission or The City of New York shall do all work of construction, reconstruction and repair with reasonable and proper care and economy and as expeditiously as possible, and in such event the Commission or The City of New York shall be entitled to use and occupy the premises above described, but shall not be liable to the lessee for any compensation or damages for such use and occupation.

Possession of said premises shall be given to the lessee as herein provided, together with the appurtenances and all of the estate and rights of The City of New York in and to said premises, except said permanent and perpetual rights and easements herein reserved and retained, or intended to be reserved and retained, and the said premises are subject to the covenants and restrictions herein expressed, or intended to be expressed, which shall run with the land, and saving and reserving and retaining the said permanent and perpetual easements herein reserved and retained, or intended to be reserved and retained.

Taxes—In addition to the amount herein reserved as rent, the lessee shall pay to the Commissioner of Docks each year of the lease or any renewal term thereof an amount determined and fixed by multiplying the assessed valuation of all structures erected on the demised premises during the term of the lease or any renewal thereof by the tax rate for the Borough of Brooklyn for the respective year.

Cancellation—The City of New York shall have the right to acquire the wharf property owned by the New York Dock Company, its successors or assigns, between Fulton Street and Atlantic Avenue on the East River, Borough of Brooklyn, City of New York, at any time after the date of the commencement of the lease and upon the date of the vesting of title to said property in the City of New York said lease shall be cancelled and annulled and the lessee will surrender possession of the demised premises to the City and no claim for damages or compensation in favor of the lessee by reason of the termination of the lease, or such interest or to or on account of any structures or improvements that may have been erected or made by the lessee on the demised premises shall at any time be made by the lessee or any person claiming through the lessee, except that in such event the City shall reimburse the lessee for the original cost of the improvements made in pursuance of the lease, less depreciation, which depreciation shall be determined by arbitration, but the City of New York shall also have the right to acquire the wharf property owned by the New York Dock Company, its successors or assigns, between Montague Street and Atlantic Avenue on the East River, Borough of Brooklyn, City of New York, at any time after twenty-five years from the date of the commencement of the lease hereby authorized, together with the land under water contiguous thereto and on both sides thereof which shall be necessary for the proper operation of the said wharf property including the bulkheads and proper access thereto, and upon the date of the vesting of title to said property in the City of New York said lease shall be cancelled and annulled and the lessee will surrender possession of the demised premises to the City and no claim for damages or compensation in favor of the lessee by reason of the termination of the lease or such interest or to or on account of any structure or improvements that may have been erected or made by the lessee on the demised premises shall at any time be made by the lessee or any person claiming through the lessee, except that in such event the City shall reimburse the lessee for the original cost of the improvements made in pursuance of this lease, less depreciation, which depreciation shall be determined by arbitration. And, for the purpose of determining the original cost of improvements, the lessee shall within 30 days after the completion thereof file with the Commissioner a statement, duly verified by the proper officer of the Company, of the money actually expended for the construction of the pier and shed, together with appurtenances, and, if the amount shall be approved by the Commissioner, said amount shall be determined upon as the actual cost of improvements.

And provided, further, that in the event of any such cancellation the City shall recognize any lease of said piers and sheds then on the property to a tenant of said New York Dock Company, provided that the terms of said lease shall not exceed twenty (20) years beyond the time of such cancellation and that the rent therein reserved is not less than what is fair and reasonable under the conditions then obtaining, and provided further that the term of said lease shall not extend beyond the term of any renewal or renewals thereof provided for in the lease hereby authorized.

Termination of the Lease—Upon the termination of the relation of landlord and tenant under the said lease the City shall acquire the pier and shed erected under the terms of the lease together with the land under water owned by the tenant over which any part of the pier is constructed, together with the land under water contiguous to the pier and on both sides thereof to a line which shall be equidistant from the respective outer lines of said pier and the piers next adjoining, including the bulkheads and proper access thereto.

In case the parties do not agree upon the purchase price to be paid by the City therefor this purchase price shall be determined by arbitration in the usual manner, the amount to be paid for said pier and shed shall be the original cost thereof as herein determined, less depreciation. In the event that arbitration shall fail for any reason, then the City shall acquire said property by the exercise of its right of eminent domain.

Arbitration—The arbitrations herein provided for shall be conducted as follows:

The lessee shall appoint a person to act on its behalf as arbitrator and the Commissioner shall also appoint a person to act as arbitrator for him, and the arbitrators so appointed shall determine upon a fair and reasonable amount to be paid. In case the arbitrators are unable within thirty days from the date of their appointment to agree as to the amount so to be paid they shall appoint a third person to act as umpire, and if they are unable to agree within five days upon such umpire, then at the request of either of the parties hereto, he shall be appointed by the Justices of the Appellate Division of the Supreme Court of the State of New York, First Department, and the decision of two of said persons so selected shall be conclusive and binding upon both parties to this lease.

Remaining Terms—The remaining terms and conditions, except in so far as they are inconsistent herewith, shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, form of which lease shall be approved by the Corporation Counsel.

It is understood and agreed that the lease shall be of no force or effect until the property described in the lease shall be legally transferred to the custody, control and jurisdiction of the Commissioner of Docks.

"The top of the roof of said subway or structure at the westerly building line of Furman Street shall be not less than twenty-four and three-tenths (24.3) feet below mean high water level of the East River at the foot of East Twenty-sixth Street, in the Borough of Manhattan, City of New York, as established by the Commission. The top of the roof of said subway or structure at the present bulkhead line shall be not less than thirty-four and nine-tenths (34.9) feet below said mean high water level. The top of the roof of said subway or structure at the pierhead line approved by the Secretary of War in 1897 and above referred to shall be not less than forty-eight and seven-tenths (48.7) feet below said mean high water level."

The lessee shall not erect, or cause or permit to be erected, upon the premises above described, or any part thereof, any buildings, structures or improvements, without first receiving the consent thereto of the Department and Commission, together with the approval of the Department and Commission to the plans for such buildings, structures or improvements, and such buildings, structures or improvements shall be erected under the supervision and inspection of the Department and Commission and in such manner as may from time to time be approved by the Department and Commission, and so as not to interfere with, injure, impair or endanger said rapid transit railroad or the use and operation thereof.

To the end of affording protection for the said rapid transit railroad, the lessee shall, as promptly as may be, construct, or cause to be constructed, a new substantial modern pier over the said rapid transit railroad. Such pier shall be constructed at the foot of Montague Street, produced, beginning at the bulkhead line or thereabouts as may be designated by the Department and Commission, upon plans to be first approved by the Department and Commission, and shall be constructed under the supervision and inspection of the Department and Commission and in such manner as may from time to time be approved by the Department and Commission, and so as not to interfere with, impair or endanger the use and operation of said rapid transit railroad. Said new modern pier shall also be constructed in accordance with the provisions of law and according to the provisions of any Federal, State or Municipal laws, rules or regulations so far as applicable.

The construction of such pier shall be commenced not later than six months after the approval of said plans by the Department and Commission, and the said pier shall be completed within a period of twelve months after its commencement. If the lessee, prior to the completion of said rapid transit railroad, requests permission to construct said pier, and the Department and Commission grant such permission, the construction of said pier shall be commenced within six months after the approval of the said plans by the Department and Commission, and the said pier shall be completed within twelve months thereafter.

In case such pier, or any future pier constructed in the place thereof, shall be damaged, destroyed or removed, the lessee shall rebuild or extend the same, or cause to be rebuilt or extended, or shall build or cause to be built, a new pier without expense to the City of New York or the Commission within eighteen months after such destruction or removal. Such new pier or piers shall be constructed and such rebuilding or extension shall be done subject to all the terms and conditions governing the construction of the original pier as above provided.

Pending the construction of such pier and pending the construction of any pier thereafter constructed in the place thereof, the land under water and the waters above said land hereinbefore described shall be used for no purpose other than the construction of such pier, and in so constructing such pier, or future pier, the lessee shall do all things which may be reasonably required by the Commission for the protection of said rapid transit railroad and the maintenance of traffic therein, without expense to the City of New York or the Commission.

The tenant shall indemnify and hold harmless the Commission and the City of New York, its successors, assigns, lessees and contractors, from any and all injury to said rapid transit railroad, including the equipment, in any manner caused by or on account of the construction or erection of any buildings, structures or improvements or by such pier or by any future buildings, structures or improvements, or by any future pier, or by the maintenance and operation of any thereof, and from any and all damages resulting from or growing out of such injury, including damages for injuries to passengers or employees of said rapid transit railroad.

Any building, structure or improvement, or any pier so constructed or caused to be constructed by the lessee as aforesaid shall be so maintained and operated as not to menace the safety of said rapid transit railroad or the use and operation thereof.

In the event of the failure of the lessee to construct or reconstruct, or to cause to be constructed or reconstructed, piers and maintain the same as above provided, or in the event of the failure of the lessee to do or cause to be done any and all things necessary and proper for the protection of the rapid transit railroad, subject to the direction and approval of the Commission, the Commission and The City of New York shall have the right to enter upon the above described premises or any part thereof and construct or reconstruct the pier or make such repairs, at the expense of the lessee, and if the lessee shall fail to reimburse the Commission and The City of New York for the cost of such pier, or for the cost of such reconstruction or repairs, the Commission and The City of New York shall have the right to hold the pier, and if necessary let others use the said pier, by lease or otherwise, until the Commission and The City of New York shall have been repaid for any expense that it may have been put to by reason of such default, and after the Commission and The City of New York shall have been fully reimbursed for such expenditures, the possession of said pier shall revert to the lessee, subject to the terms and conditions herein expressed. The Commission and The City of New York shall also have the right to do all things necessary and proper for the protection of said rapid transit railroad at the expense of the lessee. In the event of the failure of the lessee to do or cause to be done any and all things necessary and proper for the protection of said rapid transit railroad, the Commission or the Department shall have the right to enter upon the above described premises, or any part thereof, and do all things necessary and proper for the protection of said rapid transit railroad, at the expense of the lessee.

In the event of the re-entry of the Commission or The City of New York for any of the purposes above expressed the Commission or The City of New York shall do all work of construction, reconstruction and repair with reasonable and proper care and economy and as expeditiously as possible, and in such event the Commission or The City of New York shall be entitled to use and occupy the premises above described, but shall not be liable to the lessee for any compensation or damages for such use and occupation.

The possession of the premises above described will not be given to the lessee until the construction and equipment of said rapid transit railroad shall have been completed, unless in the opinion of the Commission possession of the above described premises may be safely given to the lessee prior to such time without interfering with the work of constructing or equipping said rapid transit railroad. Up to the time of the delivery of possession to the lessee the Commission or its contractor or contractors shall be entitled to exclusive possession of said property and each and every part thereof and may remove therefrom any and all structures or improvements upon said premises at the date of the delivery of possession to the lessee or thereafter erected by the Commission, its contractor or contractors.

The Commission, however, agrees to use its best endeavors to secure the completion of said work on or before the 16th day of January, 1919, or as soon thereafter as possible.

Possession of said premises shall be given the lessee as herein provided, together with the appurtenances and all of the estate and rights of The City of New York in and to said premises, except said permanent and perpetual rights and easements herein reserved and retained, or intended to be reserved and retained; and the said premises are subject to the terms and conditions herein expressed, or intended to be expressed, which shall run with the land, and saving and reserving and retaining the said permanent and perpetual easements herein reserved and retained, or intended to be reserved and retained.

Taxes—In addition to the amount herein reserved as rent the lessee shall pay

to the Commissioner of Docks each year of the lease, or any renewal term thereof, an amount determined and fixed by multiplying the assessed valuation of all structures erected on the demised premises during the term of the lease, or any renewal thereof, by the tax rate for the Borough of Brooklyn for the respective year.

Cancellation—The City of New York shall have the right to acquire the wharf property owned by the New York Dock Company, its successors or assigns, between Fulton Street and Atlantic Avenue, on the East River, Borough of Brooklyn, City of New York, at any time after the date of the commencement of the lease and upon the date of the vesting of title to said property in the City of New York said lease shall be cancelled and annulled and the lessee will surrender possession of the demised premises to the City and no claim for damages or compensation in favor of the lessee by reason of the termination of the lease, or such interest or to or on account of any structures or improvements that may have been erected or made by the lessee on the demised premises shall at any time be made by the lessee or any person claiming through the lessee, except that in such event the City shall reimburse the lessee for the original cost of the improvements made in pursuance of the lease, less depreciation, which depreciation shall be determined by arbitration; but The City of New York shall also have the right to acquire the wharf property owned by the New York Dock Company, its successors or assigns between Montague Street and Atlantic Avenue on the East River, Borough of Brooklyn, City of New York, at any time after twenty-five years from the date of the commencement of the lease hereby authorized, together with the land under water contiguous thereto and on both sides thereof, which shall be necessary for the proper operation of the said wharf property, including the bulkheads and proper access thereto, and upon the date of the vesting of title to said property in the City of New York said lease shall be cancelled and annulled and the lessee will surrender possession of the demised premises to the City and no claim for damages or compensation in favor of the lessee by reason of the termination of the lease or such interest, or to or on account of any structure or improvements that may have been erected or made by the lessee on the demised premises shall at any time be made by the lessee or any person claiming, through the lessee, except that in such event the City shall reimburse the lessee for the original cost of the improvements made in pursuance of this lease, less depreciation, which depreciation shall be determined by arbitration. And for the purpose of determining the original cost of improvements the lessee shall within 30 days after the completion thereof file with the Commissioner a statement, duly verified by the proper officer of the Company, of the money actually expended for the construction of the pier and shed, together with appurtenances, and if the amount shall be approved by the Commissioner, said amount shall be determined upon as the actual cost of improvements. On the expiration of any term of said lease and of any renewal or renewals thereof, or other earlier termination thereof, the lessee shall have the right to remove from the upland, which upland lies about 160 feet easterly of the bulkhead line established by Chapter 156, Laws of 1848, embraced within the demised premises, any and all buildings, tracks or other structures erected or placed upon such upland, unless the same shall be purchased by the City; provided, however, that in case the lessee shall remove such buildings, tracks or structures, it shall restore said upland substantially to the same condition as that in which it existed at the time of the execution of said lease.

Provided, further, that in the event of any such cancellation the City shall recognize any lease of said piers and sheds then on the property to a tenant of said New York Dock Company, provided that the term of said lease shall not exceed twenty (20) years beyond the time of such cancellation and that the rent therein reserved is not less than what is fair and reasonable under the conditions then obtaining and provided, further, that the term of said lease shall not extend beyond the term of any renewal or renewals thereof provided for in the lease hereby authorized.

Termination of the Lease—Upon the termination of the relation of landlord and tenant under the said lease, the City shall acquire the pier and shed erected under the terms of the lease, together with the land under water owned by the tenant over which any part of the pier is constructed, together with the land under water contiguous to the pier and on both sides thereof to a line which shall be equi-distant from the respective outer lines of said pier and the piers next adjoining, including the bulkheads and proper access thereto.

In case the parties do not agree upon the purchase price to be paid by the City therefor, this purchase price shall be determined by arbitration in the usual manner, the amount to be paid for said pier and shed shall be the original cost thereof as herein determined, less depreciation. In the event that arbitration shall fail for any reason then the City shall acquire said property by the exercise of its right of eminent domain.

Arbitration—The arbitrations herein provided for shall be conducted as follows:

The lessee shall appoint a person to act on its behalf as arbitrator and the Commissioner shall also appoint a person to act as arbitrator for him, and the arbitrators so appointed shall determine upon a fair and reasonable amount to be paid. In case the arbitrators are unable within thirty days from the date of their appointment to agree as to the amount so to be paid, they shall appoint a third person to act as umpire, and, if they are unable to agree within five days upon such umpire, then at the request of either of the parties hereto, he shall be appointed by the Justices of the Appellate Division of the Supreme Court of the State of New York, First Department, and the decision of two of said persons so selected shall be conclusive and binding upon both parties to this lease.

Remaining Terms and Conditions—The remaining terms and conditions, except in so far as they are inconsistent herewith, shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, form of which leases shall be approved by the Corporation Counsel.

It is understood and agreed that the lease shall be of no force or effect until the property described in the lease shall be legally transferred to the custody, control and jurisdiction of the Commissioner of Docks.

The report was accepted and the resolutions severally adopted, all the members present voting in the affirmative.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to your Board under date of February 25, 1916, states that a resolution was adopted by the Board of Education February 23, 1916, requesting the Commissioners of the Sinking Fund to approve of and consent to the execution by the Board of Education of a lease of the old Washington Heights Library Building, located at 922 St. Nicholas Avenue, Manhattan, as an annex to Public School 46, for a period of five years from July 1, 1916, at an annual rental of \$1.

It is proposed to use the upper part of this building for four regular class rooms and have shops in the lower part, thereby relieving Public School 46, for which additional accommodations are urgently needed.

This is a neighborhood where the school population is increasing very rapidly, and the rent being merely nominal. I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of the old Washington Heights Library Building, located at 922 St. Nicholas Avenue, Borough of Manhattan, as an annex to Public School 46, for a period of five years from July 1, 1916, at an annual rental of \$1, the Board of Education to assume all taxes, assessments and water rates levied against the property during the term of the lease; to furnish light, heat and janitor service and supplies therefor; to make such alterations as may be necessary to fit the premises for school purposes; to make such repairs to the building, both exterior and interior, as may become necessary during the term of the lease; to comply with all orders filed against the premises by a Municipal Bureau, Department or any other lawful authority; to save harmless the lessors, their successors, or assigns, from all loss or damage for injuries to person or property in the said premises, or on the sidewalk in front of the same, and against all claims for such injury, including any liability under the provisions of the Workmen's Compensation Law; it being understood that the Board of Education will not sublet any part of said premises or assign the lease, but will use the same for educational purposes only. Lessors, New York Public Library, Astor, Lenox and Tilden Foundations.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of, and consent to the execution by the Board of Education of a lease to the city, of the old Washington Heights Library Building, located at 922 St. Nicholas Avenue, Borough of Manhattan, for use as an annex to Public School 46, for a period of five years from July 1, 1916, at an annual rental of One Dollar (\$1), the Board of Education to assume all taxes, assessments and water rates levied against the property during the term of the lease; to furnish light, heat and janitor service and supplies therefor; to make such alterations as may be necessary to fit the premises for school purposes; to make such repairs to the building, both exterior and interior, as may become necessary during the term of the lease; to comply with all orders filed against the premises by a Municipal Bureau, Department, or any other lawful authority; to save harmless the lessors, their successors or assigns, from all loss or damage for injuries to person or property in the said premises, or on the sidewalk in front of the same, and against all claims for such injury, including any liability under the provisions of the Workmen's Compensation Law; it being understood that the Board of Education will not sublet any part of said premises or assign the lease, but will use the same for educational purposes only. Lessors, New York Public Library, Astor, Lenox and Tilden Foundations; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Board of Education—Lease for, of the Premises at the Corner of 67th Street and 18th Avenue, Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolutions:

April 28, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the Board of Education, transmitting a copy of resolutions adopted on March 8, 1916, requesting the renewal of the lease of premises on the northwesterly corner of 67th Street and 18th Avenue, Borough of Brooklyn, occupied as Public School 180, for a period of one year from September 1, 1915, at an annual rental of \$2,100, and for two years from September 1, 1916, at annual rental of \$1,900.

After negotiations with the owner of the premises and with the Board of Education, I deem it advisable instead of leasing the premises for two years from September 1, 1916, to lease until September 1, 1916, with the privilege of two renewals of one year each. Inasmuch as the owner has not received any rent for these premises since September 1, 1915, I think a resolution should be passed

authorizing the payment of rent without the necessity of entering into a lease until the 1st of May, 1916, and a lease from that date on.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund authorize the Comptroller to pay to the Title Guarantee & Trust Company of Brooklyn, as executor under the last will and testament of Margaret V. McNulty, deceased, rent of premises located on the northwesterly corner of 67th Street and 18th Avenue, Borough of Brooklyn, occupied by the Board of Education, for the period from September 1, 1915, to May 1, 1916, at the rate of \$2,100 per annum, without the necessity of entering into a lease therefor; and

That a further resolution be adopted, the rent being reasonable and just, authorizing a lease by the Board of Education of premises situated on the northwesterly corner of 67th Street and 18th Avenue, Borough of Brooklyn, for a period from May 1, 1916, to September 1, 1916, at an annual rental of \$2,100, payable monthly; the lessor to pay taxes and make outside repairs; the lessee to pay water rates, furnish heat, light and janitor service, and make such inside repairs as it may deem necessary; the lease to contain a clause giving the City the privilege of two renewals of one year each after September 1, 1916, at an annual rental of \$1,900, payable quarterly, and otherwise under the same terms and conditions with the exception that during the renewal periods the lessee is to make such inside and outside repairs as it may deem necessary. Lessor, Title Guarantee & Trust Company of Brooklyn, as executor under the last will and testament of Margaret V. McNulty, deceased. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to the Title Guarantee and Trust Company of Brooklyn, as executor under the Last Will and Testament of Margaret V. McNulty, deceased, the rent of premises located on the northwesterly corner of 67th Street and 18th Avenue, Borough of Brooklyn, occupied by the Board of Education, for a period from September 1, 1915 to May 1, 1916, at the rate of Twenty-one hundred dollars (\$2,100) per annum, without the necessity of entering into a lease.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City from the Title Guarantee and Trust Company of Brooklyn as executor under the Last Will and Testament of Margaret V. McNulty, deceased, of the premises on the northwesterly corner of 67th Street and 18th Avenue, Borough of Brooklyn, for use of the Board of Education, for a period from May 1, 1916, to September 1, 1916, at an annual rental of Twenty-one hundred dollars (\$2,100), payable monthly; the lessor to pay taxes and make outside repairs; the lessee to pay water rates, furnish heat, light and janitor service, and make such inside repairs as it may deem necessary; the lease to contain a clause giving the City the privilege of two renewals of one year each after September 1, 1916, at an annual rental of Nineteen hundred dollars (\$1,900), payable quarterly, and otherwise under the same terms and conditions, with the exception that during the renewal periods, the lessee is to make such inside and outside repairs as it may deem necessary; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally adopted, all the members present voting in the affirmative.

Board of Education—Renewal of Lease for, of Premises at No. 28 Macdougall Street, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 27, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to your Board under date of February 25, 1916, states that at a meeting of the Board of Education held February 23, 1916, the following resolution was adopted:

"Resolved, That the Commissioners of the Sinking Fund be, and they are hereby respectfully requested, subject to financial ability, to approve of and consent to the renewal of the lease of the double parlors on the first floor of the premises No. 28 Macdougall Street, Manhattan, occupied as an annex to Public School 8, for a period of two years from July 1, 1916, with the privilege of renewal for one or two years thereafter, at an annual rental of \$420, otherwise on terms and conditions the same as those contained in the existing lease."

Regarding the renewal of this lease, the Secretary of the Committee on Education of the Board of Estimate and Apportionment reports as follows:

"The annex at the Richmond Hill Settlement House, 28 Macdougall Street, is used by the kindergarten classes of Public School 8. These classes cannot be housed in the main building of No. 8 without forcing the first year classes of that school on double session, which is not desirable, or without a transfer of two advanced classes from Public School 8 to the school building near by, either Public School 3 or 38, which would release two rooms in Public School 8 for the use of the kindergarten classes. Public School 8 is an old building, in which rooms on the second and third floors must be artificially lighted.

"The only method by which classes could be transferred from Public School 8 to 3 or 36, without adding to double sessions, would be by the adoption of the work-study-and-play programme in either or both of the latter buildings. Public School 3 is being completed at the present time by the erection of an auditorium, but it will not be ready for use before next November, or probably January 1, 1917. In the meantime, it appears necessary to continue the lease of the premises at 28 Macdougall Street.

"In view of the above, I recommend that a lease therefor be executed for one year from July 1, 1916."

I therefore respectfully recommend, the rent being reasonable and just and the same as previously paid, that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a renewal of the lease of the double parlors on the first floor of the premises No. 28 Macdougall Street, Borough of Manhattan, for a period of one year from July 1, 1916, at an annual rental of \$420, payable quarterly; the lessor to pay taxes and water rates, supply heat, light and janitor service and make outside repairs; also to give the use of the piano during school hours and the use of the rear yard as a playground and children's garden, the lessee to make such inside repairs as it may deem necessary, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Richmond Hill House, Incorporated. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a renewal of the lease to the City, of the double parlors on the first floor, of the premises No. 28 Macdougall Street, Borough of Manhattan, for a period of one year from July 1, 1916, at an annual rental of Four hundred and twenty dollars (\$420), payable quarterly; the lessor to pay taxes and water rates, supply heat, light and janitor service and make outside repairs, also to give the use of the piano during school hours and the use of the rear yard as a playground and children's gardens; the lessee to make such inside repairs as it may deem necessary, otherwise, upon the same terms and conditions as contained in the existing lease; lessor, Richmond Hill House, Incorporated; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 20, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 14, 1916, the Secretary of the Armory Board requested permission to issue an open market order to William Messer Co. to repair three 4-inch leaders, one located in the bath room of the janitor's apartment, 4th floor; one in the veterans' room, and the third in the westerly tower of the two twin towers, at the armory of the 8th Coast Defense Command, Jerome Avenue and Kingsbridge Road, The Bronx, at a cost of \$46.10.

The boilers are not yet installed, and there is no heat in the building. The roof leaders are inside of the walls, and during the recent cold weather a few of the leaders were frozen, and as a result, one burst. Verbal instructions were given to the William Messer Co., the Contractors for the plumbing at the building, to thaw out the frozen leaders and replace the damaged pipe. This work has been satisfactorily performed and the price charged is reasonable. It is proposed to pay the cost of this work from the Corporate Stock Fund entitled "C.A.B.—2B, Armory Fund, Eighth Coast Artillery District. Erection of Completed Armory including architects' fees," authorized by the Commissioners of the Sinking Fund, as follows: December 18, 1911, \$1,150.00; December 17, 1913, \$29,000; total, \$1,179,000.

Several contracts and open market orders aggregating \$1,148,120.88 have been registered against this fund (C.A.B.—2B), leaving an unencumbered balance of \$30,879.12.

The proposed charge being reasonable, I advise the adoption of the attached resolution approving the request.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the expenditure and grant permission to the Armory Board to issue an open market order in the sum of forty-six dollars and ten cents (\$46.10), to repair three (3) four (4) inch leaders, one located in the bath room of the janitor's apartment, fourth floor, one in the veterans' room, and the third in the westerly tower of the two twin towers, at the Armory of the 8th Coast Defense Command, Jerome Avenue and Kingsbridge Road, The Bronx; the cost to be charged to Corporate Stock Fund entitled "C. The Deputy and Acting Comptroller presented the following report and offered the following resolution:

Commissioners of the Sinking Fund, New York City:

Gentlemen—On July 15, 1913, there was deposited in Code S109L, Sales of City Property, the sum of \$4,340, representing the amount of an award for certain real property belonging to the City of New York, situated at the junction of McLean Avenue and Central Avenue, in the City of Yonkers, N. Y.

In the course of the proceedings the City of New York was represented by I. J. Beaudrias and his bill for services has now been taxed by a Justice of the Supreme Court for the Ninth Judicial District at the sum of \$400, the Corporation Counsel having duly consented thereto.

Resolved, That the Commissioners of the Sinking Fund hereby authorize payment for said legal services in the amount of \$400, to be paid by the Comptroller from the Special and Trust Fund S109L, Sales of City Property.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 2, 1916.

To the Honorable, The Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the Commissioner of Bridges, requesting authority to advertise for bids for the leasing of an irregular parcel of ground bounded by Adams Street, Front Street, Pearl Street and the Anchorage of the Manhattan Bridge in Brooklyn, for a period of ten years from June 1, 1916, at an annual rental of \$1,750 per annum,

with the privilege of renewal for an additional period of ten years at an increased rental of ten per cent. (10%) per annum. Attached to this communication is a resolution which the Commissioner requests to have adopted.

The terms in this resolution meet with my approval, with the exception of clause 5 contained therein, which provides for payments to the lessee for the cost of any building or improvement erected upon the said premises in excess of 15c. per cubic foot measurement. I think this clause should be excluded and an addition made to clause 4, whereby in the event of recapture by the City of the improvements erected upon the demised premises, the payment to be made by the City shall be based upon the theory that the cost of the improvements erected thereon did not exceed the sum of \$25,000.

I therefore respectfully recommend the adoption of the attached resolution. Respectfully,
ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction, or by sealed bids, for the highest rental, after public advertisement, a lease of the following described properties belonging to the City of New York, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point formed by the intersection of the northerly side of Front Street with the westerly side of Pearl Street; thence westerly along the northerly side of Front Street 171.5 feet; thence northwesterly and parallel to the centre line of the Manhattan Bridge 48.7 feet; thence northeasterly at right angles to the centre line of the Manhattan Bridge 171.8 feet; thence southeasterly and parallel to the centre line of the Manhattan Bridge 87.1 feet to the westerly side of Pearl Street; thence southerly along the westerly side of Pearl Street 39.7 feet to the point of beginning.

The lease to be for a term of ten years from June 1, 1916, with the privilege of a renewal for a further period of ten years, the rental for the renewal period or the second ten years to be at an increase of ten per cent. per annum over that paid for the first ten-year period.

The minimum or upset rental at which said lease shall be sold be and is hereby appraised and fixed at the sum of seventeen hundred and fifty dollars (\$1,750) per annum for the first ten years, and for the renewal period of ten years an increased rental of 10 per cent. over that paid for the first ten-year period. The rental to be paid quarterly in advance.

The lessee shall pay all taxes on the improvements erected upon this plot, the land itself to remain tax exempt.

Terms and Conditions.

Each bidder will be required to deposit with his bid the sum of one thousand dollars (\$1,000) in cash or a certified check drawn on a State or National bank of The City of New York.

All such deposits, with the exception of the deposit of the successful bidder, will be returned upon the award of the lease. The amount deposited by the successful bidder will be retained by the City as surety for the performance of the terms and conditions of the lease. The deposit of the successful bidder shall be credited on account of rent.

No lease will be executed for any bidder who is delinquent on any former lease with the City, who is in arrears to the City for any contract, or who is a defaulter as surety or otherwise upon any obligation to the City as provided by law.

The lease shall be drawn by the Corporation Counsel of The City of New York in the usual form of leases of City property and shall, in addition, contain the following specific terms, covenants and conditions:

1. The lessee will be permitted to erect a fireproof structure not to exceed thirty (30) feet in height upon the plot in question, 15,075 square feet, it being understood that the plans for the erection of the building prepared by the lessee shall be subject to the approval of the Commissioner of Bridges, and that the erection of the building shall be subject to the approval of the Commissioner of Bridges.

2. The rental of the premises to be demised will not commence until September 1, 1916.

3. The lessee shall be liable for any damages on or to the premises on and after June 1, 1916.

4. In the event that the premises in question should be required for City purposes the decision with regard to which shall be by the Commissioner of Bridges, subject to the approval of the Commissioners of the Sinking Fund, at any time after five (5) years from the date of the lease, the lease will be cancelled and the City take full and complete possession of the premises upon payment to the lessee of such cost of the buildings or improvements erected upon the property as do not exceed the sum of \$25,000, less depreciation at the rate of five per cent. annually, as provided in the following scale:

At the end of 17 years.....	15 per cent.
At the end of 18 years.....	10 per cent.
At the end of 19 years.....	5 per cent.

6. Nothing herein contained, however, shall be deemed to restrict the right of the Commissioner of Bridges under the authority vested in him by the Charter of The City of New York to enter temporarily upon any land acquired by The City of New York for bridge purposes for the purpose of repairing, safeguarding, improving or strengthening the bridge structure.

7. In the event of the failure of the lessee to conform to all the requirements of the lease the building and any alterations or improvements on the premises will become the property of The City of New York.

8. Any building erected upon the demised premises, together with the alterations and improvements thereon, shall become the property of The City of New York at the expiration of the lease or any renewal thereof.

9. The lessee shall pay the usual rate for water per meter measurements and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity governing the use of water.

10. The building may be heated by gas, electricity or steam, but if steam is used it must be obtained from a plant located on premises that are not under the jurisdiction of the Department of Bridges.

11. No alterations or improvements shall be made to the premises without the written consent and approval of the Commissioner of Bridges.

12. The lessee shall comply with all the laws and ordinances of the State and City of New York and the rules and regulations of State and City Departments having jurisdiction over the premises and shall make all inside and outside repairs to the building.

13. The lessee shall pay all taxes on the buildings or improvements during the term of the lease or any renewal or renewals thereof.

14. The Commissioner of Bridges reserves the right to reject any and all bids if he deems it to be to the interest of the City so to do.

15. In case the successful bidder does not execute the lease when so directed by the Commissioner of Bridges the deposit made by him shall be forfeited.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Petition of the Trustees of the Reformed Protestant Dutch Church of the Town of Flatbush, for a Release of the City's Interest in a Parcel of Land at the Corner of Bedford and Church Avenues, Borough of Brooklyn.

The following petition was received:

To the Honorable Commissioners of the Sinking Fund of The City of New York:

The petition of the Trustees of the Reformed Protestant Dutch Church of the Town of Flatbush, Kings County, respectfully shows:

1. That the Reformed Protestant Dutch Church of the Town of Flatbush, Kings County, is a religious corporation having its principal office for the transaction of

its business at No. 900 Flatbush Avenue, in the Borough of Brooklyn, in the City of New York.

2. That for over sixty years last past it has been the owner in fee and in possession of the premises described as follows:

All that certain plot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the northerly side of East Broadway with the westerly side of Bedford Avenue; running thence northwesterly along the northerly side of East Broadway sixty-four (64) feet seven (7) inches to the land now or late of Elizabeth Leahy; thence northerly along said land one hundred and ninety-nine (199) feet ten and three quarter (10¾) inches to the southerly side of Martense Street; thence along the southerly side of Martense Street sixty-two (62) feet six and one-half (6½) inches to the corner formed by the intersection of the southerly side of Martense Street with the westerly side of Bedford Avenue; thence southerly along the westerly side of Bedford Avenue one hundred and eighty-five (185) feet six (6) inches to the corner, the point or place of beginning.

3. That the premises now owned by your petitioners are known on the assessor's map of the Borough of Brooklyn as section 16, block 5089, lot 41 and part of lot 50.

4. That the City of New York, through its various boards and officers, heretofore instituted proceedings to acquire title, wherever the same had not been heretofore acquired, to lands, tenements and hereditaments for the purpose of straightening Church Avenue, from Flatbush Avenue to Brooklyn Avenue, according to the line of Church Avenue as laid out on the Town Survey Commissioners' Map of Kings County, which is the official map of the City of New York for that section.

5. That pursuant thereto the title to Church Avenue vested in the City of New York on the 29th day of October, 1903, and Church Avenue has been fully improved, including change of car tracks to the centre of the new avenue, and is now graded, curbed, asphalt roadway and cement sidewalks laid.

6. That as will more fully appear by reference to the diagram or survey annexed hereto, the lines of Church Avenue did not correspond with those of the old road.

7. That in front of the premises of your petitioners the old road curved so that there was a strip of the old road left lying north of the northerly line of the new avenue and between that and the front of the premises of your petitioners.

8. That by reason of the City having acquired title to the aforesaid strip or piece of land between your petitioners' property and the present line of the street, your petitioners have no access from Church Avenue to their property.

9. That strip of land as shown by the diagram or survey hereto annexed is bounded and described as follows:

Beginning at the corner formed by the intersection of the northerly side of Church Avenue, as now legally opened, with the westerly side of Bedford Avenue, running thence westerly along the northerly side of Church Avenue sixty-three (63) feet eleven and one-quarter (11¼) inches; running thence northerly thirty-one (31) feet seven and one-quarter (7¼) inches to a point on the northerly line of East Broadway, where the same is intersected by the easterly line of the land conveyed to Elizabeth Leahy by Peter L. Williamson, by deed recorded in the office of the Register of the County of Kings on the 10th day of June, 1880, in liber 1393 of conveyances at page 395; running thence southeasterly along the northerly line of East Broadway to Bedford Avenue, as laid out; running thence southerly along the westerly side of Bedford Avenue twenty (20) feet five and one-half (5½) inches, more or less, to the corner, the point or place of beginning.

Wherefore, for the purpose of removing any cloud upon their title, your petitioners pray that a deed of said strip of land lying between old East Broadway and Church Avenue be executed by the City of New York to your petitioners upon such terms as may be just and agreed upon.

THE TRUSTEES OF THE REFORMED PROTESTANT DUTCH CHURCH OF THE TOWN OF FLATBUSH, IN KINGS COUNTY, by JOHN E. LLOYD, President, Petitioners.

First—That the petitioners reside at Number 804 Second Avenue, Long Island City, New York City, and are the owners in fee of the following described premises:

All that certain lot, piece or parcel of land, with the buildings and improvements thereon, situate, lying and being in the First Ward of the Borough of Queens (late Long Island City), City of New York, County of Queens and State of New York, known and designated on a certain map entitled "Map of property belonging to Ernest David, Otto Koster, John O. Wagner and Margaretha Kahl, situated in the Fifth Ward of Long Island City, surveyed by Julius Von Hunerbein, City Surveyor, dated Long Island City, April 24, 1896," and filed in the office of the Clerk of the County of Queens as Lot No. 8, in Block 88 on said map, which said lot is bounded and described as follows:

Beginning at a point on the easterly side of DeBevoise Avenue distant twenty-five feet from the corner formed by the intersection of the southerly side of Woolsey Avenue with the easterly side of Debevoise Avenue, running thence easterly at right angles to Debevoise Avenue and parallel with Woolsey Avenue, eighty (80) feet, thence southerly and parallel with Debevoise Avenue twenty-five (25) feet; thence westerly again parallel with Woolsey Avenue, eighty (80) feet to the easterly side of DeBevoise Avenue, thence northerly along the said easterly side of DeBevoise Avenue twenty-five (25) feet to the point or place of beginning.

April 29, 1916.

To the Honorable, The Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a petition from Bohuslav Muller and Karolina Muller in which they state that they are the owners of a certain parcel of land situated in the Borough of Queens, on the easterly line of Debevoise Avenue, distant 25 feet southerly from the southeasterly corner of Woolsey Avenue and Debevoise Avenue. Between the parcel owned by them and Debevoise Avenue, as now laid out, is a strip of land 25 feet in width which was formerly contained within the lines of Debevoise Avenue, as originally laid out.

Debevoise Avenue was originally laid out in 1873 with a width of 150 feet, which was subsequently reduced by a commission appointed pursuant to Chapter 644 of the Laws of 1893 to 100 feet, taking 25 feet from each side of the avenue. It is this 25-foot strip between the easterly line of Debevoise Avenue as now laid out, and the petitioners' property, which they request to have released to them.

The Board of Estimate and Apportionment on March 12, 1915, adopted a resolution suggesting to the Commissioners of the Sinking Fund that releases be made to the abutting owners of Debevoise Avenue upon the payment by them of all unpaid taxes and assessments and the cost of making the transfers.

Beginning at a point on the easterly side of Second Avenue as the same is laid down on the assessment map of the First Ward of the Borough of Queens as reduced to one hundred feet in width, distant 25 feet southerly from the corner formed by the intersection of the said easterly side of Second Avenue and the southerly side of Woolsey Avenue; running thence easterly at right angles to Second Avenue and parallel with Woolsey Avenue, 25 feet; thence southerly and parallel with Second Avenue, 25 feet; thence westerly and parallel with Woolsey Avenue 25 feet to the easterly side of Second Avenue; thence northerly and along the easterly side of Second Avenue 25 feet to the point or place of beginning, —in consideration of the sum of \$1.00, plus an additional charge of \$12.50 for the preparation of the necessary papers. The release to contain the following terms and conditions:

That the grantees waive any and all claims for damages arising out of the closing of the street or avenue.

That the grantees are the owners of the land fronting on the section of the street or avenue to be conveyed.

The deed not to be delivered until the grantees have paid whatever taxes and assessments are liens against the premises to be conveyed. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, Bohuslav Muller and Karolina Muller in a petition addressed to the Commissioners of the Sinking Fund requests a release of the City's interest in a strip of land formerly contained within the lines of Debevoise Avenue, as originally laid out in the Borough of Queens, and more particularly hereinafter described.

Resolved, That the Commissioners of the Sinking Fund hereby determine that the land described as follows is not needed for any public use:

All that certain piece or parcel of land, situate, lying and being in the First ward of the Borough of Queens, City of New York, bounded and described as follows:

Beginning at a point on the easterly side of Second Avenue as the same is laid down on the assessment map of the First Ward of the Borough of Queens as reduced to one hundred feet in width, distant 25 feet southerly from the corner formed by the intersection of the said easterly side of Second Avenue and the southerly side of Woolsey Avenue; running thence easterly at right angles to Second Avenue and parallel with Woolsey Avenue, 25 feet; thence southerly and parallel with Second Avenue, 25 feet; thence westerly and parallel with Woolsey Avenue 25 feet to the easterly side of Second Avenue; thence northerly and along the easterly side of Second Avenue 25 feet to the point or place of beginning.

The release to contain the following terms and conditions.

That the grantees waive any and all claim for damages arising out of the closing of the street or avenue.

premises and claims to be such owner of the gore lot for which a release is asked, under and by virtue of the Last Will and Testament of Agnes C. Townsend, deceased, which said Last Will and Testament was duly admitted to probate by the Surrogate's Court of the County of Kings on or about April 29, 1912, and by which said will said Agnes C. Townsend devised all her estate to her husband, your petitioner.

Fourth: That the premises adjoining owned by your petitioner as aforesaid are more particularly bounded and described as follows:

All that certain plot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at the point of intersection of the southwesterly side of Eighty-fourth Street as now laid out with the southeasterly side of De Bruyn's Lane (now closed); running thence southwesterly along the southeasterly side of said De Bruyn's Lane, one hundred and thirteen (113) feet, eight and one-quarter ($8\frac{1}{4}$) inches more or less, to the point of intersection of the southeasterly side of said De Bruyn's Lane with the southeasterly side of Twentieth Avenue as now laid out; running thence southwesterly along the southeasterly side of said Twentieth Avenue eighty-eight (88) feet, six and three-quarters ($6\frac{3}{4}$) inches more or less, to the point of intersection of the southeasterly side of said Twentieth Avenue with the northeasterly side of Eighty-fifth Street as now laid out; running thence southeasterly along the northeasterly side of said Eighty-fifth Street, two hundred (200) feet; running thence northeasterly parallel with said Twentieth Avenue two hundred (200) feet to the southwesterly side of said Eighty-fourth Street; and thence northwesterly along the southwesterly side of said Eighty-fourth Street, one hundred and seventy-seven (177) feet six inches more or less, to the point or place of beginning.

Fifth: That the premises for which a release is sought and the premises adjoining owned by your petitioner as aforesaid, are part of a large tract of land which was conveyed to said Agnes C. Townsend by Joanna F. Carlin by deed dated April 29, 1909, and recorded in the office of the Register of the County of Kings in Section 19, Liber 3139 of Conveyances, page 336, on April 30, 1909. Annexed hereto and made a part hereof are a certified copy of said Last Will and Testament of Agnes C. Townsend, a certified copy of said deed and a survey made by Stephen P. Belcher, dated March 11, 1916, showing both the property owned by your petitioner and that for which a release is asked, and particularly the angles, distances and the road by name, naming the same as De Bruyn's Lane. The property for which a release is sought contains 1,254.03 square feet of land and is colored red on said survey.

Sixth: That the property for which a release is sought is a part of the land formerly in the bed of De Bruyn's Lane which was duly closed from Eighty-sixth Street to the Kings Highway by an order of the Commissioners of Highways of the Town of New Utrecht, dated the 21st day of July, 1891, and filed in the office of the Clerk of the County of Kings on July 30, 1891.

Seventh: That the premises for which a release is sought and those adjoining, owned by your petitioner, are vacant and unimproved.

Eighth: That said premises are in Section 19, Block 6334, on the Land Map of the County of Kings, and the premises for which a release is sought are known on the Tax Maps of the City of New York as part of Lots 1 and 6 of said Block 6334.

Ninth: Upon information and belief that said De Bruyn's Lane was not in existence prior to the year 1664. That as your petitioner is advised, most of the other roads of the colonies were laid out in 1704, but there is no direct evidence to show at what time prior to 1704 this road was first used. That said road is not mentioned in any of the early deeds of the two properties which are located on the east and west sides of where said Lane was later established. That as your petitioner is informed and believes, the experts in the office of the Commissioner of Records for Kings County have recently made an exhaustive inquiry as to the origin of De Bruyn's Lane and have failed to find any records which establish its existence prior to the evacuation of New York by the Dutch. That said experts are now of the opinion the assumption heretofore made that De Bruyn's Lane was a Dutch road is based on the fallacy that because said road has now been located at the line of division between the tract which was patented in 1643 to Anthony Jansen and the patent granted in 1657 upon "the Plantations," that therefore said road was then in existence. That the descriptions in said grants make no mention of such Lane but rather they speak of the Woodlands as the dividing line. As a street is a much more certain monument than a woods, if this street had then been in existence it would have been the most natural thing to refer to it as the boundary line. That no mention is made of said Lane in the later patents given by the English in confirmation of the earlier grants. That while certain investigations have shown a condition which would infer that at those early and dangerous times it would have been convenient for the inhabitants to have such a roadway at this point, no proof of its existence can be found. That the presumption usually is and should be in favor of the English origin. That therefore your petitioner believes the interest of the City of New York in the premises for which a release is sought is merely nominal.

Tenth: That the portion of De Bruyn's Lane for which a release is sought and the premises adjoining owned by your petitioner are within the city block bounded by Twentieth Avenue on the West, Eighty-fourth Street on the North, Twenty-first Avenue on the East and Eighty-fifth Street on the South. That said Twentieth Avenue was duly legally opened in or about the year 1890 and the fee thereof is now vested in the City of New York; that said Twentieth Avenue is now physically opened and in use as a street; that there is no further need of De Bruyn's Lane as a street at the location in question, and said Lane is in fact obliterated by the present layout of the streets; that the gore lot for which a release is asked is not of sufficient size to be of any use for any other public purpose.

Eleventh: That your petitioner, as owner of the adjoining property, claims the exclusive right to a grant by the City of all its right, title and interest in and to the premises hereinabove first described, for which he hereby offers to pay such sum as may be fixed as the value of the interest of the City of New York in said De Bruyn's Lane, together with any taxes and assessments which may be a lien thereon.

Wherefore your petitioner prays that your Honorable Body determine the value of the interest of the City of New York in and to said gore lot and that the same is not needed for any other public use, and direct that a deed of the premises hereinabove first described from the City of New York to your petitioner be executed in accordance with the Statute in such case made and provided.

Dated, New York, March 18th, 1916. RUDOLPH TOWNSEND, Petitioner.

State of New York, City of New York, County of _____, ss.:

Rudolph Townsend being duly sworn, says, that he is the petitioner in the above entitled proceeding; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to those matters therein stated to be alleged on information and belief, and that, as to those matters, he believes it to be true. RUDOLPH TOWNSEND.

Sworn to before me this 21st day of March, 1916. MAY M. BERTGES, Commissioner of Deeds of the City of New York, residing in Kings County; certificates filed in Kings County Clerk's Office No. 9-A, and Register's Office No. 8001, and in Queens County No. 1530. My commission expires Jan. 25, 1918.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 28, 1916.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—I am in receipt of a petition from Rudolph Townsend, stating that he is the owner of certain property known on the Tax Maps of the Borough of Brooklyn, as Lots Nos. 1 and 6, in Block 6334, Section 19, and requesting a release from the City of its interest in and to that portion of DeBruyn's Lane abutting the premises in question.

The property for which a release is sought is a part of the land formerly in the bed of DeBruyn's Lane, which was duly closed from 86th Street to the Kings Highway by an order of the Commissioners of Highways of the Town of New Utrecht, dated the 21st day of July, 1891, and filed in the office of the Clerk of the County of Kings on July 30, 1891.

The premises requested to be released have been appraised by the Division of Real Estate of this Department at \$1,000. Under the rule adopted by the Commissioners of the Sinking Fund, this may be conveyed for 50 per cent. of such appraisal, or \$500, plus an additional charge of \$12.50 for the preparation of the necessary papers.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a release to Rudolph Townsend, of the City's interest in and to all that certain gore lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York,

which was formerly a part of the road known as DeBruyn's Lane, bounded and described as follows:

Beginning at the point of intersection of the southwesterly side of Eighty-fourth Street as now laid out with the southeasterly side of DeBruyn's Lane (now closed); and running thence southwesterly along the southeasterly side of said DeBruyn's Lane 113 feet $8\frac{1}{4}$ inches more or less, to the point of intersection of the southeasterly side of said DeBruyn's Lane with the southeasterly side of Twentieth Avenue as now laid out; thence northeasterly along the southeasterly side of said Twentieth Avenue 111 feet $5\frac{1}{4}$ inches more or less, to the point of intersection of the southeasterly side of said Twentieth Avenue and the southwesterly side of said Eighty-fourth Street; and thence southeasterly along the southwesterly side of said Eighty-fourth Street, 22 feet 6 inches more or less, to the point or place of beginning.

—in consideration of the sum of \$500, plus an additional charge of \$12.50 for the preparation of the necessary papers. The release to contain the following terms and conditions:

That the grantee is the owner of the premises abutting those to be conveyed. That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, Rudolph Townsend in a petition addressed to the Commissioners of the Sinking Fund requests a release of the City's interest in a portion of DeBruyn's Lane, in the Borough of Brooklyn, abutting premises owned by him, and more particularly hereinafter described.

Resolved, That the Commissioners of the Sinking Fund hereby determine that the land described as follows is not needed for any public use:

All that certain gore lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, which was formerly a part of the road known as DeBruyn's Lane, bounded and described as follows:

Beginning at the point of intersection of the southwesterly side of Eighty-fourth Street as now laid out, with the southeasterly side of DeBruyn's Lane (now closed); and running thence southwesterly along the southeasterly side of said DeBruyn's Lane 113 feet $8\frac{1}{4}$ inches more or less, to the point of intersection of the southeasterly side of said DeBruyn's Lane with the southeasterly side of Twentieth Avenue as now laid out; thence northeasterly along the southeasterly side of said Twentieth Avenue 111 feet $5\frac{1}{4}$ inches more or less, to the point of intersection of the southeasterly side of said Twentieth Avenue and the southwesterly side of said Eighty-fourth Street; and thence southeasterly along the southwesterly side of said Eighty-fourth Street, 22 feet 6 inches more or less, to the point or place of beginning—

—and be it further

Resolved, That pursuant to the provisions of Section 205 of the Greater New York Charter as amended, the Commissioners of the Sinking Fund hereby authorize a release to Rudolph Townsend, of the interest of the City of New York in and to the property hereinabove in this resolution bounded and described, in consideration of the sum of Five hundred dollars (\$500), plus and additional charge of Twelve dollars and fifty cents (\$12.50), for the preparation of the necessary papers. The release to contain the following terms and conditions:

That the grantee is the owner of the premises abutting those to be conveyed. That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed.

The Following Matters Not on the Calendar Were Brought up by Unanimous Consent:
National Guard—Applications of, for Permission to Occupy Space for Recruiting Purposes.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 3, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I have been in receipt of different communications to the Commissioners of the Sinking Fund from officers of the National Guard, requesting assignment of space to their respective commands for recruiting purposes. In all of these instances the premises requested to be designated have been under the jurisdiction of the various City departments.

In view of the fact that the requests invariably had been made for periods not exceeding a day or two in succession and simply called for the location of a tent I think the different departments should be requested to give their aid to the National Guard in this respect.

I therefore respectfully recommend that a resolution be adopted requesting the City departments to allow the use of such premises under their jurisdiction as may be available for and requested by the National Guard of the State of New York for recruiting purposes.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Board of Commissioners of the Sinking Fund is in receipt of requests from Officers of the National Guard for permission to use space owned by the City for recruiting purposes, and which space is under the jurisdiction of various City Departments; and

Whereas, in view of the fact that these requests are for short periods of time and are required merely for the location of a tent, it is

Resolved, That it is the sense of the Commissioners of the Sinking Fund that the Heads of the various City Departments in control of such space should give their aid to the National Guard in this respect and to allow the use of such premises under their jurisdiction as may be available for and requested by the National Guard of the State of New York for recruiting purposes.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

At the meeting of your Board on April 13, 1916, a resolution was adopted approving the transfer of the above mentioned properties and agreeing upon the sum of \$31,250 as the valuation of the property described in paragraph "a," at the foot of Joralemon Street, and upon the sum of \$81,250 as the valuation of the properties above described in paragraphs "b" and "c," at the foot of Montague Street.

In order that funds might be provided to permit of the payment of the purchase price of these properties, it is recommended that your Board, pursuant to the provisions of section 180 of the Greater New York Charter, recommend to the Board of Estimate and Apportionment the issue of corporate stock to the amount of \$112,500.

Which resolution was adopted, all the members present voting in the affirmative.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE MONDAY, MAY 15, 1916.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some

reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

PROPOSED FORM OF CONTRACT.

This Contract, made and executed in duplicate this day of May, 1916, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the LONG ISLAND RAILROAD COMPANY (hereinafter called the Company), party of the second part, WITNESSETH:

WHEREAS, By contract dated May 4, 1914, the Board granted to the Company the franchise, right and privilege to construct, maintain and operate certain railroad tracks at or in the vicinity of Hollis, in the Fourth Ward of the Borough of Queens, as follows:

(a) Sixteen (16) tracks across Hamilton Street (Winsted Avenue), between Fulton Street (Jamaica Avenue) and South Street (Liberty Avenue), adjoining the two existing main line tracks of the Company.

(b) Three (3) tracks across South Street (Liberty Avenue), immediately east of the point where South Street is intersected by Hamilton Street.

(c) Three (3) tracks across Farmers Avenue or Old Country Road, at the junction of said avenue with said road, hereafter referred to as Farmers Avenue.

—all as shown on a map and profile which accompanied the said contract and was made a part thereof; and

WHEREAS, Section 2, Sixth, of said contract provided as follows:

"Sixth—Tracks across Hamilton Street. The sixteen (16) tracks hereby authorized across Hamilton Street shall be constructed and maintained over and above the surface of said street in a manner and subject to the terms and conditions hereinafter named."

"(a) The Company shall construct a bridge or archway of sufficient width and capacity to accommodate the sixteen (16) tracks hereby authorized and also the two (2) main line tracks of the Company, now laid and existing on the surface of Hamilton Street, between Fulton and South Streets. Said bridge or archway shall have a span of at least thirty-two (32) feet and a clearance of at least fourteen (14) feet over the surface of Hamilton Street at the center line thereof. For the purpose of constructing said bridge or archway with the prescribed clearance the Company shall depress the surface of Hamilton Street as now existing between Fulton and South Streets. The method of constructing said bridge or archway and of depressing the street grades shall be subject to the approval of the Board and the Company shall submit to the Board for its approval plans showing the method of such work. The grades of said bridge or archway and of Hamilton Street shall be as shown on the map and profile attached to and made part of this contract or as may be hereafter fixed by the Board.

"(b) That portion of Hamilton Street under the bridge or archway and for a distance of fifty (50) feet outside the same at either end thereof shall be well and sufficiently lighted at the expense of the Company during such hours of the day and night and by such lighting system as may be prescribed by the President of the Borough of Queens and to his entire satisfaction.

"(c) Hamilton Street for its entire length from Fulton Street to South Street, the depression of which is made necessary by the construction of the said bridge or archway, shall be provided by the Company with such suitable and adequate drainage system, with proper outlets therefor, as may be prescribed by the President of the Borough of Queens, and to his entire satisfaction. And the Company shall pave the surface of Hamilton Street for its entire length from Fulton to South Streets, including its intersection with such streets, with such material as may be prescribed by the President of the Borough of Queens.

"(d) The work of constructing the said bridge or archway, changing the street grades and the drainage system, providing drainage outlets and paving the street, as above provided, shall be done at the sole cost and expense of the Company. The Company shall also, at its own entire cost and expense, and for the entire term of this contract, whether

original or renewal, maintain the said bridge or archway and the piers and abutments thereof in good order and repair.

"(e) The construction of said bridge or archway shall be completed in no event later than the day two (2) years after the date of the execution of this contract by the Mayor. During the period of such two (2) years and pending the construction of said bridge or archway the Company may construct, maintain and operate the tracks hereby authorized across Hamilton Street, at the same grade as the surface of said street; provided, however, that the Board may by resolution direct the removal of such tracks from the surface of Hamilton Street and the construction of the bridge or archway across said street before the expiration of such two-year period.

"The Company shall complete the construction of the bridge or archway herebefore provided for on or before the expiration of the two-year period or within the time fixed by the Board, should the Board direct the prior removal of the surface tracks, and the Company shall, before such expiration, or within such time, as the case may be, remove from the surface of Hamilton Street the sixteen (16) tracks hereby authorized, and the said two (2) main line tracks and thereafter maintain and operate the same upon said bridge or archway, subject to the terms and conditions of this contract.

"Should the Company fail or neglect to complete the construction of the said bridge or archway within the two-year period herebefore specified, or within the period fixed by the Board, should it direct the prior removal of the surface tracks, as the case may be, or should the Company, within the same time, fail to remove from the surface of Hamilton Street the sixteen (16) tracks hereby authorized and also the said two (2) main line tracks, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton Street shall cease and determine upon the termination of such two-year period, or on the date fixed for the prior removal of the surface tracks.

"Should the Company not take advantage of the privilege to construct, maintain and operate the tracks hereby authorized upon the surface of Hamilton Street, as herebefore provided, and fail to complete the construction of the said bridge or archway within two (2) years from the date of the execution of this contract by the Mayor, as hereinafore provided, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton Street shall cease and determine upon the termination of such two-year period."

—and

WHEREAS, Section 2, Tenth, of said contract provided as follows:

"Tenth—Tracks across Farmers Avenue.

The three (3) tracks hereby authorized across Farmers Avenue shall be constructed and maintained over and above the surface of such avenue in the manner and subject to the terms and conditions hereinafter named;

"(a) The Company shall construct a bridge of sufficient width and capacity to accommodate the three (3) tracks hereby authorized, and also the two (2) main line tracks of the Company now laid and existing across Farmers Avenue on the surface thereof, carrying said Farmers Avenue under said bridge at the width shown on the tentative plan for this territory, and upon the completion of said bridge, shall remove from the surface of said Farmers Avenue, the three (3) unauthorized tracks and the said two (2) main line tracks now constructed thereon, and shall thereafter maintain the said tracks on said bridge.

"(b) Said bridge shall be constructed with a clearance of at least fourteen (14) feet over the surface of Farmers Avenue. For the purpose of constructing said bridge with the prescribed clearance, the Company shall perform all the work of changing the street grades and the drainage system and of providing the drainage outlets made necessary by the construction of said bridge, and shall also replace or restore the street pavement which may be disturbed during such work; all to be done under the supervision and subject to the approval of the President of the Borough of Queens. The method of constructing said bridge and changing the street grades shall be subject to the approval of the Board. Before commencing work, the Company shall submit to the Board for its approval a plan showing the methods of such work. The grade of said bridge and of Farmers Avenue shall be as shown on the map and profile attached to and made a part of this contract or as may be hereafter fixed by the Board.

"(c) The Company shall commence and complete the work of constructing said bridge and of changing the street grades and drainage system, as above provided, within one (1) year after the date of the execution of this contract by the Mayor, and shall within the same period remove from the surface of Farmers Avenue the three (3) unauthorized tracks and the two (2) main tracks now constructed thereon; otherwise the right and privilege hereby granted to construct, maintain and operate three (3) tracks across Farmers Avenue shall cease and determine, unless said period shall be extended, as hereinafter provided.

"(d) The Company shall bear the entire cost and expense of constructing said bridge, changing the street grades and the drainage system, providing drainage outlets and replacing or restoring the street pavement, as above provided, and shall also pay all damages to property owners, resulting from change of street grades, except as to such portion of such cost and such damages as would relate to or result from the elimination of the crossing at grade of the two (2) existing main line tracks. Said last named portion shall be apportioned in the manner provided by the Railroad Law for the elimination of existing grade crossings, except that in no event shall the City's share of such portion exceed the sum of forty-eight thousand five hundred dollars (\$48,500), and the Company agrees to assume and repay to the City any sum in excess of the said forty-eight thousand five hundred dollars (\$48,500), which the City may be required to pay as its share of such portion. The Company shall at its own entire cost and expense, for the entire term of this contract, whether original or renewal, maintain the said bridge and the piers and abutments thereof in good order and repair."

—and

WHEREAS, Section 2, Seventeenth, in the second paragraph thereof, provided as follows:

tended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided further that in no case shall such delay be deemed to begin until the Company shall have given notice to the Board of any such court proceedings or other occasion of delay and delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings."

WHEREAS, Pursuant to section 2, Sixth, as above, the period for the completion of construction of the bridge across Hamilton Street and the work in connection therewith is about to expire—i. e., on May 4, 1916; and WHEREAS, Pursuant to section 2, Tenth, as above, the time for the completion of construction of the bridge across Farmers Avenue and the work in connection therewith expired on May 4, 1915; and pursuant to Section 2, Seventeenth, as above, the Board, on the application of the Company and by resolution adopted April 30, 1915, and approved by the Mayor May 4, 1915, granted an extension of time up to and including May 4, 1916, within which to complete the construction of the bridge across Farmers Avenue and the work in connection therewith, which period is about to expire; and WHEREAS, The Company, by a verified petition dated March 27, 1916, has applied to the Board for a further extension of time of three (3) months within which to complete the construction of the bridge across Hamilton Street and the bridge across Farmers Avenue, and to complete the work in connection therewith, as required by said contract, as amended:

Now, THEREFORE, in consideration of the sum of Fifty Dollars (\$50) to be paid by the Company to the City on or before June 30, 1916, and of the mutual covenants herein contained, the parties hereto do hereby covenant and agree as follows:

Should the Company fail or neglect to complete the construction of the said bridge or archway on or before August 1, 1916, or within the period fixed by the Board, should it direct the prior removal of the surface tracks, as the case may be, or should the Company within the same time fail to remove from the surface of Hamilton Street the sixteen (16) tracks hereby authorized and also the said two (2) main line tracks, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton Street shall cease and determine on and after August 1, 1916, or on and after the date fixed for the prior removal of the surface tracks.

Should the Company not take advantage of the privilege to construct, maintain and operate the tracks hereby authorized upon the surface of Hamilton Street as hereinbefore provided, and fail to complete construction of the said bridge or archway on or before August 1, 1916, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton Street shall cease and determine on and after August 1, 1916.

Third: The second paragraph of Section 2, Seventeenth, of said contract of May 4, 1914, is hereby amended to read as follows:

"It is provided that the period herein fixed for completing the reconstruction of the bridge across South Street and performing the work in connection therewith may be extended by the Board, but the total extension of time shall not exceed in the aggregate one (1) year; and provided further that when the commencement or completion of such reconstruction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such reconstruction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company. And provided further that in no case shall such delay be deemed to begin until the Company shall have given notice to the Board of any such court proceedings or other occasion of delay and delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings."

SECTION 2. It is mutually understood and agreed that, except as herein expressly provided, nothing in this contract contained shall be deemed to affect in any manner the provisions of the contract entered into between the City and the Company, dated May 4, 1914, as amended by said resolution adopted by the Board April 30, 1915, and approved by the Mayor May 4, 1915, and the Company hereby promises, covenants and agrees, on its part and behalf, to conform to and abide by and perform all the terms, conditions and requirements in said contract of May 4, 1914, as modified by said resolution, and as further modified or altered by the provisions of this instrument.

—signed by T. A. Adams, President, a copy of which is hereto annexed and made a part of this contract.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from August 1, 1916, with the privilege of renewal of said contract for the further period of ten (10) years upon a fair revaluation of such right and privilege.

If the company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within one (1) month after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years, an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than two hundred and fifty dollars (\$250).

During the second term of five years, an annual sum which shall be equal to four (4) per cent. of its gross annual receipts, but which sum shall not be less than four hundred dollars (\$400).

During the third term of five years, an annual sum which shall be equal to four (4) per cent. of its gross annual receipts, but which sum shall not be less than six hundred dollars (\$600).

The gross receipts mentioned above shall be the total receipts of the Company or any subsidiary of the Company or of any purchaser of refrigeration from the Company for purpose of resale to consumers except those located in West Washington Market.

(c) An annual payment for each linear foot of conduit constructed within the limits of the streets under the franchise hereby granted (excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business) as follows:

For conduits of outside dimensions, including insulation and other covering, not exceeding 30 inches by 18 inches—twenty-five cents (25c).

For conduits of outside dimensions, including insulation and other covering, exceeding 30 inches by 18 inches—but not exceeding 35 inches by 20 inches—thirty cents (30c).

An annual payment of two dollars (\$2) for each manhole constructed within the limits of the streets under the franchise hereby granted. The annual charges shall commence on August 1, 1916.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due on December 31, next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between August 1, 1916, and December 31, 1916, shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal) notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof or of any of the streets, avenues or highways included within the district herein described or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions in the same streets, avenues, highways and other property of the City included within the district hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of the original term of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits, pipes and appurtenances of the company constructed pursuant to this contract within the streets, avenues, highways and other property of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said streets, avenues, highways and other property of the City shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues, highways and other property of the City in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit lines, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the street in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, avenues, highways and other property of the City, required on account of the construction or operation of the conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction or maintenance of public works in the streets, avenues, highways and other property of the City, wherever the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for repairing of the conduit line and its appurtenances.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall, at its own expense, remove from beneath the surface of Tenth Avenue the unused conduits, pipes and appurtenances now existing therein from a point at or near the southerly line of Bloomingfield Street to a point at or near the southerly line of 14th Street, as shown by the hatched broken black line on the map hereto attached. The work of removal shall be done whenever the street is being repaved and within such reasonable time as may be fixed by the President of the Borough of Manhattan and under his supervision. In case of the Com-

pany's failure to comply with the above provision, the Borough President shall remove the conduits, pipes and appurtenances at the Company's expense.

Fourteenth—The Company shall cause a test to be made of the pipes to be contained within the conduits hereby authorized whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fifteenth—The Company shall not charge consumers more than the following rates for refrigeration to be furnished to boxes properly insulated at a temperature of not lower than 32 degrees Fahrenheit.

One (1) cent per month per cubic foot for boxes of 1,500 cubic feet and over.

These rates to apply to boxes located not above the first floor of any building.

During the term of this contract the Board shall have absolute power to regulate the maximum and minimum rates for all refrigeration, and the Company agrees to abide by such rates provided that such rates shall be reasonable and fair.

The Company shall not be required, however, to furnish refrigeration to applicants before October 1, 1916, nor to applicants whose premises are located above the first floor of any building.

On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all conduits laid during the preceding year.

If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith require the payment of said sums herein provided for, or where the damages are not liquidated by the terms of this contract such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw such amount from the security fund deposited with him. The finding of the Board as to the amount to be paid by the Company shall be final and can only be attacked on the ground of fraud or mistake. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, to the City a sum sufficient to reimburse said security fund to the original amount of two thousand five hundred dollars (\$2,500), and in default thereof, this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

These provisions for the recovery of such damages are in addition to the right to forfeit the franchise, conferred by section 3, subdivision Twenty-first, of this contract.

Twenty-fifth—The grant of this franchise, so far as it shall include or affect the so-called Gansevoort Market Lands in the block bounded by Little West 12th Street, Washington Street, Gansevoort Street, West Street and Tenth Avenue, is and shall be subject to such other or further conditions, restrictions, agreements or consent as the Comptroller of the City may see fit to impose or require, pursuant to the authority and control over such lands vested in him by the Charter of the City.

Twenty-sixth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-seventh—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement included in the district hereinabove described, and under the surface of or in which authority is hereby given to the Company to construct or maintain its conduits.

Twenty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such buildings by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting bricks, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
