NEW YORK SUPREME COURT, SCHOHARIE, DELAWARE AND GREENE COUNTIES.

Application for Appointment of Commissioners.

SCHOHARIE RESERVOIR, SCHOHARIE SECTION 3 AND SUPPLEMENTARY SHEET SECTION 3.

In the Matter of the Application and Petition of the Board of Water Supply of the City of New York for the appointment of a commission under Chapter 724 of the Laws of 1905, as amended.

PUBLIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Counsel of the City of New York to make application to the Supreme Court for the appointment of Commissioners under Chapter 724 of the Laws of 1905 as amended.

Such application is to be made at a Special Term of the said Court to be held at the Court House in the City of Troy, Rensselaer County, New York, on the 20th day of October, 1917, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard.

The object of this application is to obtain an order of the Court for the appointment of three disinterested and competent freeholders, at least one of whom shall reside in the County of New York, and at least one of whom shall reside in one of the Counties of Schoharie, Delaware or Greene, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the real estate laid down on a certain map entitled:

"Board of Water Supply of the City of New York. Map of real estate situated in

the Towns of Gilboa & Conesville, County of Schoharie, Roxbury, County of Delaware, and Prattsville, County of Greene and State of New York, to be acquired by the City of New York under the provision of chapter 724 of the laws of 1905 as amended for the construction of Schoharie Reservoir and appurtenances in the vicinity of Gilboa and Prattsville."

—and which map was filed as follows:

In the County Clerk's office, County of Schoharie, at Schoharie, N. Y., on the 29th day of May, 1917.

In the County Clerk's office, County of Delaware, at Delhi, N. Y., on the 28th day of May, 1917.

In the County Clerk's office, County of Greene, at Catskill, N. Y., on the 26th day of May, 1917; and also in the real estate laid down on a certain supplementary map entitled:

"Board of Water Supply of the City of New York. Map of real estate situated in the Town of Gilboa, County of Schoharie and State of New York, to be acquired by the City of New York under the provisions of chapter 724 of the laws of 1905 as amended for the construction of Schoharie Reservoir and appurtenances in the vicinity of Gilboa,"

—and which map was filed in the County Clerk's office, County of Schoharie, at Schoharie, N. Y., on the 30th day of July, 1917; and that said Commissioners of Appraisal shall also ascertain and determine and state separately the items of damage, if any, to which the owner or any person interested in the said real estate laid down on said maps filed at Schoharie, May 29 and July 30, 1917, Delhi, May 28, and Catskill, May 26, 1917, may be entitled by reason of Section 42, Chapter 724 of the Laws of 1905, as amended by Section 9, Chapter 314 of the Laws of 1906, and Section 2, Chapter 527, of the Laws of 1916, provided that an agreement cannot be had with the Board of Water Supply, and further that said damages arise by reason of acts of the City of New York, or its Board of Water Supply after May 12th, 1916.

Except that the Corporation Counsel of the City of New York will make application to the Supreme Court that all parcels of real estate laid down on said above recited maps wholly or in part in the fire district of Gilboa, and all parcels of real estate laid down on said maps above recited where the claimants allege an enhancement by reason of water power thereon, including any claim the Gilboa Water Co. may have, shall be assigned by the Court to the present Schoharie Reservoir and Shandaken Tunnel Commission which is now appraising real estate in said fire district and has jurisdiction over certain claims for water powers in connection therewith.

Further, to prevent any conflict of jurisdiction between the Commission herein applied for and the Schoharie Reservoir and Shandaken Tunnel Commission already appointed, and to obviate, so far as possible, disproportionate awards and inharmonious decisions, the Court will be asked to assign to the Commission herein applied for, all the telephone and telegraph companies' claims, whether for loss of business or for rights of way or easements, leaving to the Commission heretofore appointed the determination of nothing in connection with the telephone and telegraph claims except the value of the Pierce and Peaslee telephone building in Gilboa.

Also at the same time and place the Corporation Counsel of the City of New York will make application to the Supreme Court to approve the substitution for all rights of way and highways existing within the lines of the maps filed in the County Clerk's Office at Schoharie, on the 31st day of January, 1917, the 19th day of March, 1917, the 29th day of May, 1917, and the 30th day of July, 1917, in the County Clerk's Office, County of Greene, on the 26th day of January, 1917, the 26th day of May, 1917, in the County Clerk's office of Delaware, the 31st day of January, 1917, and the 28th day of May, 1917, and the County Clerk's office in the County of Ulster on the 26th day of January, 1917, of the highways as prepared and laid down on the map prepared by the Board of Water Supply of the City of New York pursuant to chapter 724 of the Laws of 1905 as amended. All of which substituted highways are on real estate embraced in the above recited maps. For said substituted highways no real estate is required in addition to the use of certain real estate laid down on said aforesaid maps for highway purposes.

And for such other and further relief as may be just and proper.

The real estate laid down on said maps is situated in the Towns of Gilboa & Conesville, County of Schoharie, Roxbury, County of Delaware, and Prattsville, County of Greene, State of New York.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste remaining from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice, to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings or parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
