ARTICLE VIII, Chapter 1 Special Midtown District

**81-066
Special permit modifications of Section 81-254,
Section 81-40, and certain Sections of Article
VII, Chapter 7**

(a) The City Planning Commission, by special permit, for #zoning lots# where the #lot area# is at least 60,000 square feet or that occupy an entire #block#, may permit modification of the mandatory district plan elements of Section 81-40 or the provisions of Article VII, Chapter 7, that determine the distribution of permitted #floor area# on such #zoning lots# and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements. However, no exception to the #street wall# or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the #Special Midtown District#.

The modifications shall be subject to the following findings:

- (a) that the modifications of mandatory plan elements, #floor area# allocation, or #rear yard# and #court# regulations result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#.
 - (b) that a substantial majority of the #zoning lot# is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains #buildings# that will be an integral part of the #development#, both physically and programmatically;
 - (c) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;
 - (d) that such modifications will not unduly obstruct the access of light and air to surrounding properties;
 - (e) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;
 - (f) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements.
- (b) For #developments# or #enlargements# on a #zoning lot# with a #lot area# of at least 60,000 square feet located wholly or partially in the Penn Center Subdistrict which have been granted a #floor area# bonus for subway station and/or rail mass transit facility improvements pursuant to Section 8 1-541 in accordance with Section 74-634, the Commission may permit modifications of the

mandatory district plan elements of Section 81-40, the height and setback regulations of 81-26 and 81-27, or the provisions of Article VII, Chapter 7 that determine the distribution of permitted #floor area# on such #zoning lots# and, in conjunction with such modifications, may also modify the applicable #yard# and #court# requirements subject to the following findings:

- (1) that the modifications of mandatory plan elements, #floor area# allocation or #rear yard# and #court# regulations result in a better arrangement of required facilities or in better site planning on a uniquely large #zoning lot#;
- (2) that the design, scale and location of the new #buildings# or #enlarged buildings# are compatible with the character of the surrounding area and existing #buildings# to remain on the #zoning lot#;
- (3) that such modifications will not unduly obstruct the access of light and air to surrounding properties;
- (4) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented #uses# along the boundaries of any open or enclosed public areas within the #development#;
- (5) that such modifications of mandatory plan elements or #floor area# allocation are consistent with the basic strategy of the #Special Midtown District# and the purposes of the Mandatory District Plan Elements;
- (6) that the improvements to the below-grade pedestrian circulation network provided by the #development# or #enlargement# significantly increase public accessibility to and from subway stations and/or rail mass transit facilities in and around Pennsylvania Station; and
- (7) that the modifications of height and setback regulations:
 - (i) are necessary due to the constraints or conditions of the #development# or #enlargement# and conditions imposed by the configuration of the site; and
 - (ii) will provide an appropriate distribution of #bulk# on the #zoning lot# with due consideration of the basic strategy of the #Special Midtown District# and the purpose of the District's height and setback regulations. In considering whether such distribution of #bulk# is appropriate, the Commission shall consider a complete daylight evaluation for the proposed design.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

**81-254
Special permit for height and setback modifications**
In the #Special Midtown District#, the City Planning Commission may modify the special height and setback regulations set forth in this Chapter only in accordance with the following provisions:

- Section 74-711 (Landmark preservation in all districts) as modified by the provisions of Sections 8 1-266 or 8 1-277 (Special permit for height and setback modifications);
- Section 74-79 (Transfer of Development Rights from

Landmark Sites) where development rights are transferred from a landmark site to an adjacent lot in a C5-3, C6-6 or C6-7 District, as modified by Section 81-212, and the total #floor area# on the adjacent lot resulting from such transfer exceeds the basic maximum #floor area ratio# by more than 20 percent. In such cases, the granting of a special permit by the Commission for height and setback modifications shall be in accordance with the provisions of Sections 81-266 or 81-277;

Section 81-066 (Special permit modifications of Section 81-40, Section 81-254 and certain Sections of Article VII, Chapter 7.)

Section 81-635 (Transfer of development rights by special permit).

81-50 SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-51 General Provisions

In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of #signs#, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section 81-50 are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter, except as set forth for rail mass transit improvements pursuant to Section 81-541. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

81-541 Rail mass transit facility improvement

In addition to the provisions of Section 81-29 (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant #floor area# bonuses for subway station and/or rail mass transit facility improvements for non-#residential# or #mixed buildings#, in accordance with Section 74-634 (Subway station improvements in commercial zones of 10 FAR and above in Manhattan), and may modify or waive the provisions of Section 81-43 (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section 74-634, provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility. Prior to granting a special permit, the City Planning Commission shall be provided with:

- (a) a letter from each entity that operates the rail mass transit facility confirming that the drawings of the subway and/or rail mass transit improvement are of sufficient scope and detail to describe the layout and character of the improvements and that the proposed implementation of the improvements is physically and operationally feasible, and
- (b) a legally enforceable instrument containing:
- (1) drawings of the improvements, as approved by the transit operator;
 - (2) provisions that all easements required for the on-site improvements will be conveyed and recorded against the property;
 - (3) the obligations of the applicant to construct, maintain and provide capital maintenance for the improvements and
 - (4) a schedule for completion of the improvements and a requirement that a performance bond or other appropriate security be provided to insure the completion of the improvements.

For the purposes of this Section, improvements to any rail mass transit facility on a #zoning lot# located wholly or partially within the Subdistrict qualifies for bonus #floor area# in accordance with the provisions of Section 74-634, as modified herein. For #zoning lots# located partially within the Subdistrict, such bonus #floor area# may be located anywhere on such #zoning lot#. In addition, if a subway and/or rail mass transit improvement has been constructed in accordance with an approved special permit and has received a Notice of Substantial Completion in accordance with the provisions of Section 74-634, the bonus #floor area# may be retained at the full amount granted by the special permit and may be utilized elsewhere on the #zoning lot# subject to any applicable review and approval process for such #development# or #enlargement#.

TWO-STAGE CONGREGATE SERVICES

PROCUREMENT PROCESS – Innovative Procurement – PIN# 12511SCINNOV – DUE 09-13-10 AT 5:00 P.M. – DFTA would like to test the feasibility of procuring senior congregate services contracts thru a “two-stage” procurement process that - in the long term - is projected to decrease

processing time, reduce the volume and complexity of paperwork required by the vendor community, and promote innovation in the development of programs and services, by providing a vehicle for the evaluation of proposals with varying types of program designs. If this new method is successful, DFTA also hopes that it may promote cross-program and cross-agency award solicitations.

The proposed method involves a two-stage process beginning with a prequalification process, which will comport in all respects with PPB Rule Section 3-10, except as modified in the manner described herein.

Stage I - Prequalification

For the first stage, non-profit organizations would apply for prequalification (PQL), demonstrating their experience and ability to provide congregate services.

Once received, DFTA would review it and have 90 calendar days from receipt of a properly completed questionnaire to notify the vendor of its prequalification status. Any applicant denied prequalification, in whole or in part, may appeal such decision, in accordance with PPB Rule §3-10 (m), however, solicitations may proceed during the pendency of such appeal (without the inclusion of the denied applicant).

Prequalification status will be good for a period of three (3) years. However, the qualified vendor will be required to maintain and update its status on a continual basis and will be subject to periodic review by the Agency for compliance.

DFTA would have the ability to “filter” the list based on various categories of information collected as part of the PQL application process. Thus, DFTA would have the ability to match the experience of qualified vendors to the need of the procurement.

Stage II - Subsequent Negotiated Acquisition

For the second stage of the process, the agency will follow a negotiated acquisition solicitation process, which will comport with PPB Rule Sections 3-04 (b)(4-6) and (d).

In solicitations where there is more than one eligible prequalified vendor, DFTA would conduct a “mini-competition” and request all eligible vendors to submit a short proposal narrative addressing the type of program requested. In the case of a single eligible prequalified vendor, DFTA would directly enter into contract negotiations.

This method serves the best interests of the City by allowing the Agency to have highly competent and experience vendors invited to participate in the enhancement of DFTA's congregate services program. Additionally, the proposed method is expected to greatly reduce the volume of paperwork submitted and the processing time normally required under an RFP process.

It differs most significantly from the methods currently available in the Rules by allowing the review of the vendor's experience, qualifications and organizational capability to take place prior to soliciting respective proposals.

DFTA anticipates releasing the PQL application to interested vendors on or about the end of September, 2010 with the individual solicitations released on a staggered basis shortly thereafter. Further information will be posted on DFTA's website at <http://www.nyc.gov/aging> when the PQL application is released.

Written comments on the proposed innovative procurement method may be emailed to: dfta_commentsbox@aging.nyc.gov. Comments are due no later than September 13, 2010 by 5:00 P.M.

To test and evaluate the feasibility and application of the innovative procurement method not currently used by the City or provided for in the Procurement Policy Board Rules.

(c) All the required information shall be included on one sign that shall be posted at the location at a place where it is conspicuously visible to a consumer who is seated while the transaction is conducted at such location.

Statement of Basis and Purpose

Section 20-809 of the Administrative Code of the City of New York, enacted by Local Law Number 2 for the Year 2010, requires that the Commissioner specify by rule the form and manner of the sign, to be posted in any location at which the principal purpose is conducting business transactions pertaining to the rental of residential real estate property, which identifies the names and addresses of credit reporting agencies used by such business to obtain tenant screening reports, and informs consumers of their right to obtain a copy of such report annually and to correct erroneous information in such reports.

To implement this requirement, the Department has adopted as section 5-265 of new subchapter O of Chapter 5 of Title 6 of the Rules of the City of New York the form and manner of the sign to be posted. Upon publication of the rule and holding a public hearing, the Department received several comments that were the basis for certain changes that are reflected in the final version as set forth herein. This rule specifies the wording of the notice to be included to alert consumers about the significance of the information that is contained in such sign. It details the information required to be listed on the sign, the order in which such information is presented, and the type size of the text. The rule specifies that clearly contrasting colors shall be used for the background and text to ensure that the notice alerting consumers to the purpose of the sign and the information disclosed will clearly differentiate the printing from the background information. This would ensure that the sign and its content would be conspicuously visible when consumers are conducting transactions relating to the rental of residential real estate property.

■ NOTICE

PUBLIC NOTICE OF A CONCESSION OPPORTUNITY FOR THE OPERATION, MANAGEMENT AND MAINTENANCE OF A PEDESTRIAN PLAZA LOCATED AT THIRD AVENUE, EAST 149TH STREET, WILLIS AVENUE AND EAST 148TH STREET, BOROUGH OF THE BRONX

Pursuant to the Concession Rules of the City of New York, the Department of Transportation (“DOT”) intends to enter into a concession for the operation, management, and maintenance of a pedestrian plaza located at Third Avenue, East 149th Street, Willis Avenue and East 148th Street in the Bronx (“Licensed Plaza”), including through DOT-approved events, sponsorships, and subconcessions including but not limited to providing for the sale of any of the following: prepared food, flowers, locally grown produce or locally manufactured products, merchandise (such as souvenirs or T-shirts) that helps brand or promote the neighborhood or the concessionaire, and other similar merchandise.

Subconcessions would be awarded based on solicitations issued by the concessionaire in the basic form of Request for Proposals or Request for Bids, subject to DOT’s prior written approval of both solicitation and award.

The concession agreement will provide for one (1) five-year term, with four (4) one-year renewal options. The renewal options shall be exercisable at DOT’s sole discretion.

DOT has identified the South Bronx Overall Economic Corporation as a potential concessionaire, but DOT will consider additional expressions of interest from other potential not-for-profit concessionaires for the operation, management, and maintenance of the Licensed Plaza. In order to qualify, interested organizations should be active in the neighborhood of the Licensed Plaza and have demonstrated experience in the management, operation and maintenance of publicly accessible facilities, including but not limited to programming/events management and concession or retail operation/management.

Not for profit organizations may express interest in the proposed concession by contacting Andrew Wiley-Schwartz, Assistant Commissioner for Public Spaces, by email at awileyschwartz@dot.nyc.gov or in writing at 55 Water Street, 9th Floor, New York, NY 10041 by September 7, 2010. Mr. Wiley-Schwartz may also be contacted with any questions relating to the proposed concession by email or by telephone at (212) 839-6678.

Please note that the New York City Comptroller is charged with the audit of concession agreements in New York City. Any person or entity that believes that there has been unfairness, favoritism or impropriety in the concession process should inform the Comptroller, Office of Contract Administration, 1 Centre Street, New York, New York 10007, telephone number (212) 669-2323.

READER'S GUIDE

Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists-free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at <http://nyc.gov/selltonyc>

- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
