USE RESTRICTIONS

- Dey Street Right of Way shall be maintained as an open pedestrian way, although it shall be incorporated into and designed as part of the adjacent World Trade Center ("WTC") Hub Plaza.
- Except with respect to the roof of the adjacent WTC Hub Terminal in both its closed and open positions, Dey Street Right of Way shall be fully open to the sky for its entire length and width. There shall be no bridges, sky bridges, elevated platforms or other physical obstructions above Dey Street Right of Way.
- No escalators, stairs, elevators or other means of vertical circulation shall be located within Dey Street Right of Way.
- Street vendors shall be prohibited within Dey Street Right of Way.
- The grade of Dey Street Right of Way shall slope from el. 324.5' at Church Street to el. 315.4' at Greenwich Street and shall be generally continuous and gently sloping; changes of grade, steps, or terracing are permitted provided they are consistent with the adjacent WTC Hub plaza design and do not impede emergency vehicle access. The City's Department of Transportation and the City's Fire Department shall review plans to ensure emergency vehicle usability and access.
- Security elements within Dey Street Right of Way will be designed in accordance with a WTC site wide agreed-upon security plan acceptable to the City and the Port Authority of New York and New Jersey (the "Port Authority") (the "Security Plan").
- Dey Street Right of Way shall remain open and accessible to the public at all times, with the following exceptions: i) Partial or full closure as necessary to make repairs; ii) As provided in accordance with the site wide Security Plan or other security agreements reached between the Port Authority and the City and iii) During "Special Events", which shall be limited to no more than 12 times per year. Such "Special Events" shall consist of arts, cultural or similar events held on weekends only and open to the general public, but may also include weekday or weekend commemorations or other events of public significance with respect to the World Trade Center site. A "Special Event" may continue for no more than a twenty-four (24) hour period which will include pre-set-up and post-cleanup activity. The Port Authority or its net lessee will inform the City's Department of City Planning ("City Planning") at least two (2) weeks prior to such an event and shall provide City Planning with a list and description of all such events held during each calendar year by January 31st of the succeeding calendar year.

- Signage, whether of a temporary or permanent nature, shall be of a high quality consistent with these use restrictions, and shall be presented for review by City Planning and subject to its approval; such approval shall not be unreasonably withheld.
- The design of any and all street furniture (including but not limited to lighting, benches, bollards, trash receptacles, tables, chairs and security elements), paving, or any other urban element shall be of a high quality consistent with these use restrictions and shall be presented for review by City Planning and subject to its approval; such approval shall not be unreasonably withheld.
- Dey Street Right of Way shall be closed to vehicular traffic. Notwithstanding the foregoing emergency vehicular traffic may be permitted if required by law enforcement or emergency services.
