

THE CITY RECORD.

OFFICIAL JOURNAL.

(ENTERED AS SECOND-CLASS MATTER, POST OFFICE AT NEW YORK CITY.)

VOL. XXX.

NEW YORK, MONDAY, SEPTEMBER 29, 1902.

NUMBER 8,938.

BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York was held in the old Council Chamber (Room 16), City Hall, on Friday, July 25, 1902.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond.

The Mayor, Hon. Seth Low, presided.

CHANGE OF GRADE OF TWENTIETH STREET, BROOKLYN.

In the matter of the proposed change of grade of Twentieth street, between Tenth avenue and Vanderbilt avenue, Borough of Brooklyn, the report of the Secretary was read, showing that the matter had been duly advertised for a hearing as required by law.

Nobody appearing in opposition to the proposed change of grade, the following resolutions were adopted:

Whereas, At a meeting of this Board held on the 27th day of June, 1902, resolutions were adopted proposing to alter the map or plan of The City of New York by changing the grade of Twentieth street, between Vanderbilt street and Tenth avenue, in the Borough of Brooklyn, City of New York, and for a meeting of this Board to be held in the Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 25th day of July, 1902, at 11 o'clock a. m., at which meeting such proposed change of grade would be considered by this Board, and for a notice to all persons affected thereby of the aforesaid time and place at which such proposed change of grade would be considered, to be published in the "City Record" and in the corporation newspapers for at least ten days continuously, exclusive of Sundays and legal holidays, prior to the 25th day of July, 1902; and

Whereas, It appears from the affidavit of the Supervisor of the City Record and of the publishers of the corporation newspapers that the aforesaid resolutions and notice have been published in the "City Record" and corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 25th day of July, 1902; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons affected by such proposed change of grade who have appeared, and such proposed change of grade was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the grade of Twentieth street, between Vanderbilt street and Tenth avenue, in the Borough of Brooklyn, City of New York, does hereby favor and approve of the same so as to change the grade of the aforesaid street, as follows:

Beginning at the intersection of Twentieth street and Vanderbilt street, the elevation to be 82.0 feet above mean high-water datum.

First—Thence northerly to the intersection of Seeley street, the elevation to be 95.0 feet above mean high-water datum.

Second—Thence northerly to the intersection of Terrace place, the elevation to be 113.0 feet above mean high-water datum.

Third—Thence northwesterly to the intersection of the southwestern curb line of Twentieth street and the eastern curb line of Gravesend avenue, the elevation to be 148.0 feet above mean high-water datum.

Fourth—Thence northwesterly to the intersection of Tenth avenue, the elevation to be 149.0 feet above mean high-water datum as heretofore.

All elevations refer to mean high-water datum as established by the Department of Highways, Borough of Brooklyn.

Resolved, That the foregoing resolution, approving of the above-named proposed change in the map or plan of The City of New York, by changing the grade of Twentieth street, between Vanderbilt street and Tenth avenue, adopted by this Board, together with a statement of its reasons therefor, be transmitted to the Board of Aldermen for its action thereon.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—15.

CHANGE OF GRADE OF RUTLAND ROAD, BROOKLYN.

In the matter of the proposed change of grade of Rutland road, between Bedford avenue and New York avenue, in the Borough of Brooklyn, the report of the Secretary was read, showing that the matter had been duly advertised for a hearing as required by law.

The following protests were presented:

BROOKLYN, N. Y., July 23, 1902.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—You will please take notice that I most earnestly protest and object to changing the grade of Rutland road, between Bedford avenue and Rogers avenue, in the Borough of Brooklyn.

If such change of grade should be made, it would work great loss and injury to the owners of property on Rutland road between Bedford avenue and Rogers avenue, as there are now twenty-five or thirty first-class brownstone dwelling houses erected on that part of Rutland road, all occupied by the owners of the same.

Rutland road between Bedford and Rogers avenues is graded, curbed and guttered, and good sidewalks are laid, and is also sewered between said Bedford and Rogers avenues.

Respectfully, etc.,

HENRY M. MCKEAN,

Owner and occupant of No. 133 Rutland road, east of Bedford avenue.

LONG ISLAND TITLE GUARANTEE COMPANY,
REMSEN, NEAR COURT STREET,
BROOKLYN, NEW YORK, July 23, 1902.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Long Island Title Guarantee Company, owner of four stone houses on Rutland road, most earnestly protest to changing the grade of Rutland road between Bedford avenue and Rogers avenue, in the Borough of Brooklyn.

If such change of grade should be made, it would work great loss and injury to the owners of property on Rutland road, between Bedford avenue and Rogers avenue, as there are now twenty-five or thirty first-class brownstone private dwelling houses erected on that part of Rutland road occupied by the owners of the same.

Rutland road, between Bedford and Rogers avenues, is graded, curbed and guttered and good sidewalks are laid, and is also sewered between said Bedford and Rogers avenues.

Respectfully,

DAN'L M. TREADWELL, Vice-President L. I. T. G. Co.

No. 164 MONTAGUE STREET,
BROOKLYN, NEW YORK CITY, July 24, 1902.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—As one of the executors of the estate of John Lefferts, deceased, owners of land on Rutland road, between Bedford avenue and Rogers avenue, in the Borough of Brooklyn, I desire to protest against the proposed change of grade of said road, as set forth in the resolutions presented by your Board on July 11, and upon which a hearing is to be had on July 25, at 11 a. m. Rutland road, between said avenues, is graded, curbed, guttered, sewered and the sidewalks flagged. There are some twenty-five brownstone houses on this block, all occupied, and I submit that a great injustice would be done the property owners along the line of this street should this proposed change of grade be adopted by your Board. I trust the same will be withdrawn.

Respectfully yours,

JOHN LEFFERTS, Jr.

BROOKLYN, NEW YORK, July 23, 1902.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—You will please take notice that we most earnestly protest and object to changing the grade of Rutland road, between Bedford avenue and Rogers avenue, in the Borough of Brooklyn.

If such change of grade should be made it would work great loss and injury to the owners of property on Rutland road, between Bedford avenue and Rogers avenue, as there are now twenty-five or thirty first-class brownstone private dwelling houses erected on that part of Rutland road, all occupied by the owners of the same.

Rutland road, between Bedford and Rogers avenues, is graded, curbed and guttered, and good sidewalks are laid, and is also sewered between said Bedford and Rogers avenues.

Respectfully, etc.,

DELIA VAN WALKENBURGH (and others).

After hearing Mr. Henry M. McKean in opposition to the proposed change of grade, on motion of the Comptroller, the following resolution was adopted:

Resolved, That the protest be referred to the Chief Engineer to see if he can propose a plan to overcome the objections.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—15.

CHANGE OF GRADE OF PERRY, HULL AND NORWOOD AVENUES, ETC.

In the matter of the proposed change of grades of Perry, Hull and Norwood avenues, from Mosholu parkway north to Woodlawn road, and of Mosholu parkway north, from Webster avenue to Perry avenue, Borough of The Bronx, the report of the Secretary was read, showing that the matter had been duly advertised for a hearing as required by law.

Nobody appearing in opposition to the proposed change of grades, the following resolutions were adopted:

Whereas, At a meeting of this Board, held on the 27th day of June, 1902, resolutions were adopted proposing to alter the map or plan of The City of New York by changing the grades of Perry avenue, Hull avenue and Norwood avenue, from Mosholu parkway to Woodlawn road, and of Mosholu parkway, from Webster avenue to Perry avenue, in the Borough of The Bronx, City of New York, and for a meeting of this Board to be held in the Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 25th day of July, 1902, at 11 o'clock a. m., at which meeting such proposed change of grade would be considered by this Board, and for a notice to all persons affected thereby of the aforesaid time and place at which such proposed change of grades would be considered, to be published in the "City Record" for at least ten days continuously, exclusive of Sundays and legal holidays, prior to the 25th day of July, 1902; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 25th day of July, 1902; and

Whereas, At the aforesaid time and place a public hearing was given to all persons affected by such proposed change of grades who have appeared, and such proposed change of grade was duly considered by this Board, now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the grades of Perry avenue, Hull avenue and Norwood avenue, from Mosholu parkway to Woodlawn road, and of Mosholu parkway, from Webster avenue to Perry avenue, in the Borough of The Bronx, City of New York, does hereby favor and approve of the same, so as to change the grades of the aforesaid streets as follows:

"A"—Perry Avenue.

Beginning at the intersection of Perry avenue and Mosholu parkway, North, the elevation to be 93.0 feet above mean high-water datum, as heretofore;

First—Thence northerly to a point distant 300 feet southerly from the southern curb-line of Woodlawn road, the elevation to be 94.5 feet above mean high-water datum.

Second—Thence northerly to the intersection of Woodlawn road, the elevation to be 105.0 feet above mean high-water datum, as heretofore.

"B"—Hull Avenue.

Beginning at the intersection of Hull avenue and Mosholu parkway, North, the elevation to be 86.0 feet above mean high-water datum;

First—Thence northerly to a point distant 300 feet southerly from the southern curb-line of Woodlawn road, the elevation to be 88.0 feet above mean high-water datum.

Second—Thence northerly to the intersection of Woodlawn road, the elevation to be 101.0 feet above mean high-water datum, as heretofore.

"C"—Norwood Avenue.

Beginning at the intersection of Norwood avenue and Mosholu parkway, North, the elevation to be 79.0 feet above mean high-water datum.

First—Thence northerly to a point distant 500 feet southerly from the southern curb-line of Woodlawn road, the elevation to be 83.0 feet above mean high-water datum.

Second—Thence northerly to the intersection of Woodlawn road, the elevation to be 98.5 feet above mean high-water datum, as heretofore.

"D"—Mosholu Parkway, North.

Beginning at the intersection of Mosholu parkway, North, and Webster avenue, the elevation to be 70.0 feet above mean high-water datum, as heretofore;

First—Thence westerly to the intersection of Norwood avenue, the elevation to be 79.0 feet above mean high-water datum.

Second—Thence westerly to the intersection of Hull avenue, the elevation to be 86.0 feet above mean high-water datum.

Third—Thence westerly to the intersection of Perry avenue, the elevation to be 93.0 feet above mean high-water datum, as heretofore.

All elevations refer to mean high-water datum as established in the Borough of The Bronx.

Resolved, That the foregoing resolution, approving of the above-named proposed change in the map or plan of The City of New York, by changing the grades of Perry avenue, Hull avenue and Norwood avenue, from Mosholu parkway to Woodlawn road, and of Mosholu parkway, from Webster avenue to Perry avenue, adopted by this Board, together with a statement of its reasons therefor, be transmitted to the Board of Aldermen for its action thereon.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—15.

LAYING OUT PUBLIC PARK AT FULTON AND CHAUNCEY STREETS, BROOKLYN.

In the matter of the proposed laying out of a public park bounded by Fulton street, Chauncey street, Lewis avenue and Stuyvesant avenue, Borough of Brooklyn, the report of the Secretary was presented, showing that the matter had been duly advertised for a hearing as required by law.

After hearing Aldermen Wentz and Wirth, Mr. Hemstreet and Park Commissioner Youngs in favor of the proposed park, nobody appearing in opposition, the following resolutions were adopted:

Whereas, At a meeting of this Board, held on the 8th day of July, 1902, resolutions were adopted proposing to alter the map or plan of The City of New York by laying out as a public park the territory bounded by Fulton street, Chauncey street, Lewis avenue and Stuyvesant avenue, in the Borough of Brooklyn, City of New York, and for a meeting of this Board to be held in the Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 25th day of July, 1902, at 11 o'clock a. m., at which meeting such proposed laying out would be considered by this Board, and for a notice to all persons affected thereby of the aforesaid time and place at which such proposed laying out would be considered, to be published in the "City Record" and the corporation newspapers for at least ten days, continuously, exclusive of Sundays and legal holidays, prior to the 25th day of July, 1902; and

Whereas, It appears from the affidavit of the Supervisor of the City Record and of the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 25th day of July, 1902; and

Whereas, At the aforesaid time and place a public hearing was given to all persons affected by such proposed laying out who have appeared, and such proposed laying out was duly considered by this Board, now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out as a public park the territory bounded by Fulton street, Chauncey street, Lewis avenue and Stuyvesant avenue, in the Borough of Brooklyn, City of New York, does hereby favor and approve of the same, so as to lay out the public park in the aforesaid territory as follows:

Beginning at the northeasterly corner of Lewis avenue and Fulton street, running easterly on Fulton street 768 feet 10 inches, thence northerly on Stuyvesant avenue 199 feet 2 inches, thence westerly on Chauncey street 750 feet, thence southerly on Lewis avenue 30 feet 4 inches, and beginning at northwesterly corner of Lewis avenue and Fulton street, running northerly on Lewis avenue 14 feet 7 inches, westerly on Chauncey street 64 feet 9 inches, easterly on Fulton street 66 feet 4 inches.

Resolved, That the foregoing resolution, approving of the above-named proposed change in the map or plan of The City of New York by laying out as a public park the territory bounded by Fulton street, Chauncey street, Lewis avenue and Stuyvesant avenue, adopted by this Board, together with a statement of its reason therefor, be transmitted to the Board of Aldermen for its action thereon.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—15.

CHANGE OF GRADE OF FLATBUSH AVENUE, BROOKLYN.

In the matter of the proposed change of grade of Flatbush avenue, between East Twenty-sixth street and Nostrand avenue, in the Borough of Brooklyn, the report of the Secretary was presented, showing that the matter had been duly advertised for a hearing as required by law.

Nobody appearing in opposition to the proposed change of grade, the following resolutions were adopted:

Whereas, At a meeting of this Board, held on the 11th day of July, 1902, resolutions were adopted proposing to alter the map or plan of The City of New York by changing the grade of Flatbush avenue between East Twenty-sixth street and Nostrand avenue, in the Borough of Brooklyn, City of New York, and for a meeting of this Board to be held in the Council Chamber (Room 16), City Hall, Borough of Manhattan, City

of New York, on the 25th day of July, 1902, at 11 o'clock a. m., at which meeting such proposed change of grade would be considered by this Board, and for a notice to all persons affected thereby of the aforesaid time and place at which such proposed change of grade would be considered, to be published in the "City Record" and in the corporation newspapers for at least ten days continuously, exclusive of Sundays and legal holidays, prior to the 25th day of July, 1902; and

Whereas, It appears from the affidavit of the Supervisor of the City Record and of the publishers of the corporation newspapers that the aforesaid resolutions and notice have been published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 25th day of July, 1902; and

Whereas, At the aforesaid time and place a public hearing was given to all persons affected by such proposed change of grade who have appeared, and such proposed change of grade was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the grades of Flatbush avenue between East Twenty-sixth street and Nostrand avenue, in the Borough of Brooklyn, City of New York, does hereby favor and approve of the same, so as to change the grade of the aforesaid street as follows:

Beginning at the intersection of East Twenty-sixth street (east), the elevation to be 23.88 feet, as heretofore.

1. Thence southerly to the intersection of Avenue F (west), the elevation to be 21.5 feet.

2. Thence southerly to the intersection of Avenue G (west), the elevation to be 18.2 feet.

3. Thence southerly to the intersection of Avenue G (east), the elevation to be 19.2 feet.

4. Thence southerly to the intersection of Nostrand avenue, the elevation to be 22.81 feet, as heretofore.

All elevations refer to mean high-water datum as established by the Department of Highways, Borough of Brooklyn.

Resolved, That the foregoing resolution, approving of the above-named change in the map or plan of The City of New York, by changing the grade of Flatbush avenue between East Twenty-sixth street and Nostrand avenue, adopted by this Board, together with a statement of its reasons therefor, be transmitted to the Board of Aldermen for its action thereon.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—15.

REDUCTION OF ASSESSMENT FOR OPENING BROADWAY, BRONX.

The following petitions and report of the Chief Engineer were presented:

NEW YORK SUPREME COURT, CITY AND COUNTY OF NEW YORK.

In the Matter

of

The application of the Mayor, Aldermen and Commonalty of The City of New York (now The City of New York), relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening Broadway (although not yet passed by proper authority), from its present southerly terminus in the Twenty-fourth Ward to the southern line of Van Cortlandt Park, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

Petition and Application for Hearing.

To Hon. Seth Low, Hon. Edward M. Grout, Hon. Charles V. Fornes, Hon. Jacob A. Cantor, Hon. Louis F. Haffen and others, comprising the Board of Estimate and Apportionment—

Benjamin F. Manierre, your petitioner, respectfully shows:

First—That he is the owner of certain premises at Kingsbridge, in The City of New York, being a block on the westerly side of Broadway, bounded on the southerly side by Port Morris Railroad cut, on the east by Broadway, on the north by Two Hundred and Thirty-second street and on the west by Kingsbridge avenue.

Second—That said property is assessed for benefit in the above-mentioned proceedings in the sum of upwards of fourteen thousand dollars, as follows:

Block No. 3404—

| | | Amount of Assessment. |
|-----------------|-----------------------|-----------------------|
| Lot No. 1..... | Benefit No. 367..... | \$10,403 71 |
| Lot No. 1..... | Benefit No. 367A..... | 112 61 |
| Lot No. 32..... | Benefit No. 368..... | 3,037 48 |
| Lot No. 70..... | Benefit No. 307..... | 742 80 |
| | | <u>\$14,296 60</u> |

Third—That said improvement is not in any just sense a local improvement, nor is it made for the benefit of property fronting upon or in the vicinity thereof, but was made to accommodate through traffic from points far beyond the termini of said improvement.

That said improvement was not asked for by the property holders, but is made at the instance of the City authorities.

That there is no present business necessity for the improvement so far as it affects the neighborhood. That its chief utility for the present will be to afford a wide street for the use of troops when marching to and from Van Cortlandt Park, which is the City's parade ground.

Fourth—That the width of Broadway prior to this improvement, to wit, seventy-five feet, is and would continue to be ample except for the presence of trolley tracks. That the future need of the additional space provided by this improvement will arise from the presence and operation of cars on said Broadway.

That the City receives or will or should receive a handsome income from the franchise for the operation of said cars. That no principle of equity or justice should require your petitioner to furnish to the City at his own expense the land required for the use of said tracks and cars, and from which the City will or should derive perpetual and substantial revenue.

Fifth—That the lands of your petitioner and other lands similarly situated are not now marketable and will not be for years to come. That the widening of said Broadway will not add anything to the rental value of your petitioner's property and that any benefit that may accrue to said property will not be manifest in the rental or market price of said property for many years to come, while any assessment now levied will immediately bear interest and the burden will be thereby greatly increased.

Sixth—That said Broadway has been a natural thoroughfare and a main artery of travel in use for upwards of one hundred years. That it is the old Highland turnpike, which was substantially a straightening of the old Post road to Albany. That

the name "Highland" as applied to this road still survives in such places as Ossining (Sing Sing), where Broadway within the village limits goes by the name of "Highland avenue."

That the completion of the electric surface road up Broadway to Kingsbridge (excepted within a few months) and the completion of the underground rapid transit line with terminal station at Broadway and Two Hundred and Thirtieth street, together with the increasing and general use of motor vehicles, will make this section of Broadway the inevitable channel of travel to and from Van Cortlandt Park for thousands of visitors and residents of every section of the city and will make it more than ever the great roadway between New York City and all suburban places in the Hudson Valley. That the benefit of this improvement is general and in no sense local.

Seventh—That your petitioner's land has already paid its fair and just proportion for widening and straightening this same section of Broadway in proceedings instituted under an act of the Legislature in 1866. That in said proceedings the land taken was on the easterly side of said Broadway as in the present proceedings and included the destruction of many buildings. That now it is proposed to lay upon your petitioner's property the burden of paying for many other buildings that have been erected in place of those formerly destroyed, removed and paid for as aforesaid, the destruction of which does not and cannot add one iota to the value of your petitioner's property.

Wherefore your petitioner prays that the Honorable Board of Estimate and Apportionment under its statutory powers will hear and determine whether the whole or a large proportion of the cost and expenses of said improvement shall be borne and paid by The City of New York, and that your petitioner and others similarly situated may have an opportunity to be heard in the matter, and for such other and further relief as to your Honorable Board may seem just.

Dated New York, April 23, 1902.

Benjamin F. Manierre, of said City, being duly sworn, says that he is the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof, and that the same is true to his own knowledge, except as to those matters therein stated to be alleged upon information and belief and as to those matters he believes it is true.

In the Matter

of

Opening Broadway, from its present southerly terminus in the Twenty-fourth Ward to the southern line of Van Cortlandt Park in the Twenty-fourth Ward of The City of New York.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of Joseph H. Godwin respectfully shows to this honorable Board:

That Broadway, as laid out in the above-entitled proceeding, is the only direct means of access to Van Cortlandt Park for all of the Borough of Manhattan, and is the only means of direct access to the Borough of Manhattan for all of that section of the Borough of The Bronx bounded by the Harlem river and Kingsbridge road, the northerly boundary line of The City of New York, the Hudson river and Jerome avenue; that it is a means of direct access to Van Cortlandt Park for all of that territory in the Borough of The Bronx lying south of the southerly line of said park, west of Jerome Park Reservoir, north of the Harlem river and east of Spuyten Duyvil road.

That Broadway was laid out by the City authorities 100 feet in width in order to meet the requirements of the public, and is therefore a general and not a local benefit.

That all the thoroughfares in the locality of Broadway lying easterly and westerly thereof and running parallel thereto are laid out 60 feet in width, and streets of this width meet all the requirements of property in this vicinity.

That Broadway, as heretofore laid out, was 75 feet in width, and was as advantageous to the property of your petitioner as is the present 100-foot thoroughfare, and that proceedings to acquire title to the additional 25 feet were instituted solely in the interests of the general public.

That Broadway was laid out 100 feet in width to provide space for a double traction line, and that a trolley line is now operated thereon between the Harlem river and the City of Yonkers.

That it was necessary to lay out Broadway 100 feet in width in order to afford space for the trunk sewer draining what is known as the Tibbets brook watershed (as well as the necessary gas and water mains), which trunk sewer is one of the largest in The City of New York, being 15 feet in diameter, and draining a territory of 2,292 acres.

That a large tract of land owned by your petitioner and assessed for benefit in this proceeding is of a salt meadow or marsh foundation, and the established grade of Broadway is many feet above the surface of same, for which reason it will be necessary for your petitioner to incur an enormous expense in bulkheading and filling in order to make such property available in connection with this thoroughfare.

That it is proposed to burden the property of your petitioner with an assessment for alleged benefit by reason of this proceeding amounting to about thirty thousand dollars.

That on the 7th day of May, 1897, the Board of Street Opening and Improvement adopted a resolution to open Broadway from its present southerly terminus in the Twenty-fourth Ward to Van Cortlandt Park, which resolution provided "That the entire cost and expense of said proceeding shall be assessed upon the property deemed to be benefited thereby." (See minutes of Board of Street Opening and Improvement, page 138.)

That no request for the institution of this proceeding was ever made by your petitioner, and no notice of such proceeding or opportunity to be heard in opposition thereto was ever given him.

Wherefore, Your petitioner prays this Honorable Board to rescind the action of the former Board of Street Opening and Improvement placing the entire cost of said proceeding on the property deemed to be benefited, and to pass a resolution placing the entire cost and expense of such proceeding upon The City of New York, and your petitioner will ever pray.

Dated, New York, June 2, 1902.

JOSEPH H. GODWIN, Petitioner.

THOMAS S. BASSFORD, Attorney for Petitioner, 280 Broadway, New York.

Joseph H. Godwin, being duly sworn, says he is the petitioner above named, that he has read the foregoing petition, knows the contents thereof, and the same is true of his own knowledge.

BEFORE THE BOARD OF ESTIMATE AND APPORTIONMENT.

In the Matter

of

Opening Broadway, from its present southerly terminus in the Twenty-fourth Ward to the southern line of Van Cortlandt Park.

To the Honorable the Board of Estimate and Apportionment:

The undersigned petitioners respectfully submit for the approval of this Board

certain facts in connection with the opening of Broadway with a view to obtaining relief from the burdensome assessment levied by the Commissioners therein.

A resolution was passed by the Board of Street Opening on the 7th day of May, 1897, for opening Broadway, from its present terminus in the Twenty-fourth Ward to Van Cortlandt Park, from its present width of seventy-five feet to one hundred feet, which resolution provided that all of the cost and expense was to be borne by the property deemed to be benefited thereby.

Commissioners were subsequently appointed by the Supreme Court, and in their preliminary report have made awards for lands and buildings in the sum of \$156,297, which, together with the cost of the proceedings, have, pursuant to the resolution of the Board of Street Opening, been assessed locally on the property in the vicinity in the total amount of \$181,364.28, not one cent of which having been made a public charge.

There are many streets in The City of New York which are solely of local benefit and are in no sense general thoroughfares. There are others that are of a quasi general public benefit, and there is a third class almost entirely for the general public convenience only, of which Broadway is one.

A seventy-five-foot street is sufficient for all the needs that any property along its line requires.

The southerly portion of Broadway was built upon generally along the easterly side, all of which buildings have been destroyed and to be paid for by the parties assessed, although any benefit derived by the widening of this street is not enhanced by the fact that many thousands of dollars worth of buildings were destroyed.

Broadway has been widened not to the Yonkers line, but to Van Cortlandt Park, the parade ground of The City of New York. It is also the principal avenue of access to that parade ground. The widening was had for two purposes and for those purposes only, namely: Firstly, to accommodate the trolley line to Yonkers, in connection with all of the private traffic to Van Cortlandt Park, its golf links and general pleasure grounds. Secondly, and perhaps principally, for the purpose of the National Guard, who annually have their field days at Van Cortlandt Park, at which time entire brigades are marched over this avenue to the park, and thousands of sightseers also travel over it to view the evolutions.

Your petitioners therefore pray that the entire cost and expense of this proceeding be borne by The City of New York at large, as the additional use to which this avenue will be put by reason of the widening will not enhance the value of the property fronting thereon, but is the improvement forming the connecting link between The City of New York and the City of Yonkers and the North.

BOARD OF ESTIMATE AND APPORTIONMENT OF THE CITY OF NEW YORK.

In the Matter

of

Acquiring title to Broadway, from its present terminus in the Twenty-fourth Ward to the Southerly line of Van Cortlandt Park.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Your petitioners, individually and by attorneys, subscribers hereto, respectfully represent:

First—That they are severally owners of real property at Kingsbridge, in the Twenty-fourth Ward of The City of New York, which lies within the area of assessment as determined in this proceeding by the preliminary report of the Commissioners of Estimate and Assessment therein, which said report is about to be presented to the Supreme Court for confirmation, and if confirmed the land damage occasioned by said improvements, amounting to about \$181,364.28, and the costs and expenses of these proceedings in addition will be assessed upon the property aforesaid. That such assessment is based upon the assumption that the increase in the width of Broadway from 75 to 100 feet from its southerly terminus in the Twenty-fourth Ward to Van Cortlandt Park is solely for the benefit of the immediate locality, whereas it is in fact an improvement demanded by and for the benefit of the City at large and the public generally, and in no proper sense of a local character.

Your petitioners further show that said Broadway was formerly known as "New York and Albany Post Road," and is a continuation of Broadway on Manhattan Island northward through the Twenty-fourth Ward to the City line and beyond, and for a part of the distance forms the westerly boundary of Van Cortlandt Park, and is the approach to several entrances to said park, and is the principal route by which said park is reached.

Second—That said Broadway was laid out by the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards in the general plan of streets and avenues in the annexed district pursuant to chapter 545 of the Laws of 1890 to the width of 100 feet, and the map or plan thereof was adopted December 8, 1902.

Third—That at the time Broadway was so laid out by the Commissioner of Street Improvements there was an existing thoroughfare at this point 75 feet in width, which had been laid out by the Village of Yonkers under authority of various acts of the Legislature.

Fourth—That your petitioners did not object to the laying out of said Broadway to the width of 100 feet, as the same was to be one of the most important thoroughfares in the Twenty-fourth Ward, owing to the fact that it was to be the main artery of traffic upon the west side between The City of New York, and accommodate trade between The City of New York and the City of Yonkers and the towns to the northward; and your petitioners were of the opinion that as the increased width was for the benefit of the traveling public, and not for the benefit of the adjoining property owners, for whose purposes a thoroughfare 75 feet in width was ample, that the expense of acquiring title to the land necessary to widen said avenue from 75 feet to 100 feet would be borne by the City.

Fifth—That as your petitioners are informed and believe, the proceedings for acquiring title to cover the widening of Broadway were instituted by the then Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, in or about February, 1896, and that subsequently thereto and on or about May 7, 1897, a resolution was adopted by the Board of Street Opening and Improvements directing the Counsel of the Corporation to take the necessary proceedings to acquire title in the name of the Mayor, the Aldermen and Commonalty of The City of New York to the lands necessary for the opening of Broadway from the southerly terminus of the Twenty-fourth Ward to the southerly line of Van Cortlandt Park. That said resolution also provided that the entire cost and expense of such proceedings should be assessed upon the property benefited thereby.

Sixth—That as your petitioners are informed and believe said proceedings for the widening of Broadway were taken without notice to your petitioners, and that in any event your petitioners had no actual notice of said proceedings; that the matter was disposed of before the Board of Street Opening and said resolutions adopted, without your petitioners having been given a hearing or having had an opportunity to be heard.

Seventh—That said Broadway from its present southerly terminus in the Twenty-fourth Ward to the southerly line of Van Cortlandt Park follows the line of Broadway as heretofore laid out by the Village of Yonkers under chapter 400 of the Laws of 1863 and under chapter 831 of the Laws of 1866, and said Broadway as so laid out was 75 feet in width for the entire distance covered by these proceedings, and had been paid for by your petitioners or their grantors or by the issue of bonds of which they paid

their proportionate part, for which portion of Broadway so previously acquired only a nominal award was made by the Commissioners of Estimate and Apportionment in this proceeding, so that title to said 75 feet has been acquired by the City practically without expense.

Eighth—That the entire area of the land taken for Broadway, as appears from the Commissioner's damage map, is 106,615.57 square feet, and the area of said Broadway as heretofore acquired and paid for is 305,104.25 square feet.

Ninth—That said Broadway is laid out and is now being opened in this proceeding to the width of 100 feet for the benefit of the City at large and for the accommodation of the large amount of traffic between Manhattan Island on the south and the City of Yonkers and outlying towns and villages upon the north, and that the additional width of 25 feet to be acquired in this proceeding is acquired for the benefit of the City at large and not for the benefit of the adjoining property owners, but that on the contrary thereof Broadway as at present existing, 75 feet in width, is of ample width for the needs and requirements of the adjoining property owners.

Tenth—That as your petitioners and their grantors have already given to the City free of charge 75 per cent. of Broadway as widened by this proceeding, and as the street is a thoroughfare and said widening for the benefit of the citizens at large and not of the adjoining property owners, your petitioners should not be charged for the cost of acquiring title to the lands to be taken in this proceeding for the purpose of widening Broadway from 75 feet to 100 feet.

Eleventh—That the preliminary awards for the lands taken amount to \$156,297; the cost of the proceeding to \$4,876.67; the preliminary assessments to \$181,364.28.

Wherefore your petitioners pray that the cost of acquiring title to the lands to be taken in this proceeding for the widening of Broadway may be made a public charge upon The City of New York, and that this matter be remitted to the Commissioners of Estimate and Assessment to make up a new report in conformity with such decision, and that your petitioners be accorded an oral hearing in support thereof, and that they may have such other and further relief as may be just.

Dated New York, June 1, 1902.

LOUISA DASH.

NILES & JOHNSON,

Attorneys for Louisa Dash, No. 11 Wall street, N. Y. City, and others.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Your petitioners respectfully represent that whereas the report of the Commissioners of Estimate and Assessment in the matter of acquiring title to lands, etc., required for the opening of Broadway (Twenty-fourth Ward), Two Hundred and Thirtieth street to Van Cortlandt Park, is completed, notice of which was first published March 19th ultimo, wherein notice was given that all objections thereto must be filed on or before the 8th day of April (instant), and that hearing on such objections would be held on the 10th day of April, and further that they propose to apply to the Supreme Court for confirmation of their said report on the 20th day of May next.

Now therefore, we, the undersigned, owners of real estate situate, lying and being within the area of assessment as shown by said report, and others adjacent thereto, do most emphatically protest against the said report as being a most improper and unfair assessment of our property. We present you herewith a brief resume of the reasons which prompt us, together with a map or plan showing the proposed widening of Broadway, and the area of assessment, and we most earnestly request your Honorable Body to intervene and prevent what we believe to be an improper, unjust and unlawful taxation of our property. To this end we ask you, the Honorable Board of Estimate and Apportionment, to grant us a public hearing, that we may more fully lay our cause before you. And with a firm belief in the justice of our cause and an implicit faith that you, our duly elected representatives, will render us justice, we await your action thereon.

And your petitioners will ever pray.

H. H. BROWNE,

President of the Kingsbridge Improvement Association, and others.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
July 24, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I return herewith five separate petitions presented to the Board in connection with the assessment for widening Broadway from its southerly terminus in the Twenty-fourth Ward to the southerly line of Van Cortlandt Park. These petitions are submitted respectively by Benjamin F. Manierre, Joseph H. Godwin, Dometille Denison and four others, Louisa Dash and seventeen others, and H. H. Brown and thirty-two others, representing the Kingsbridge Improvement Association.

These petitions recite the following facts, viz.:

That the improvement was not asked for by the property owners, but is made at the instance of the City authorities, though there is no present business necessity for it, and that its principal object will be to furnish a wide street as an approach to Van Cortlandt Park, which is the City's parade ground.

That the width of Broadway is 75 feet, which would be ample except for the presence of surface railroad tracks, and that it is unfair to assess the property owners in order to make provision for the railroad company, inasmuch as the City will or should receive a handsome income for the franchise for the operation of cars.

That the lands of the petitioners are not now marketable, and that the widening of Broadway will add nothing to their rental and will not increase the actual value for some years, while the assessment would have to be paid at once.

That this street is the old highway turnpike, which was substantially a straightening of the Albany post road.

That the petitioners have already paid for the widening and straightening of this road under proceedings instituted by the Legislature in 1866, and that in the said proceedings land and buildings were taken on the east side, and that the present widening is on the same side.

Of all the petitions for the reduction of assessments which have yet come to my notice none have seemed to have so much to commend them as those herewith submitted.

This widening was authorized by the Board of Street Openings and Improvements on May 7, 1897, and the Commissioners of Estimate and Assessment are about ready to file their final report. The area of assessment has been made a large one, this fact indicating that the improvement is considered by the Commissioners somewhat general in its benefit. The district extends about two and one-half blocks to the east of Broadway and about four blocks to the west, and also includes one hundred feet on each side of Broadway between the southerly line of Van Cortlandt Park and Two Hundred and Fifty-third street, a distance of over three-quarters of a mile. This will include, therefore, a portion of Van Cortlandt Park, and the City's proportion of the assessment as the owner of this park is \$9,987 out of a total of \$181,000.

It is unquestionably true that Broadway, as a street seventy-five feet in width, does accommodate amply all the local business, and that the principal object in making it one hundred feet in width is that it may be a proper extension of Broadway in the Borough of Manhattan and will make a proper and adequate approach for the general public to Van Cortlandt Park.

In view of these circumstances, I feel justified in recommending that the action of the Board of Street Opening and Improvements placing the entire expense upon the property deemed to be benefited be amended so that The City of New York will bear 25 per cent. of the expense, and that the remaining 75 per cent. be assessed upon the property owners benefited.

The petitioners ask that the whole, or a large proportion of the expense, be borne by The City of New York. There is no question, however, but that the property will ultimately be made more valuable by the widening of the street, and that it should, therefore, bear a considerable proportion of the cost.

Respectfully,

N. P. LEWIS, Chief Engineer.

After hearing the Hon. Eugene A. Philbin, Mr. Charles B. Meyer, Mr. Truman H. Baldwin, Mr. W. W. Niles, Mr. Alfred L. Manierre and the Hon. Charles L. Guy in support of the petitions, the matter was laid over.

LAYING OUT PARK AT VAN ALST, HARRIS AVENUES, ETC., QUEENS.

In the matter of the proposed laying out of a public park bounded by Van Alst,

Harris, Paynter and Vernon avenues, in the First Ward, Borough of Queens, the report of the Secretary was presented, showing that the matter had been duly advertised for a hearing as required by law.

The following communication was read:

CITIZENS' PUBLIC IMPROVEMENT ASSOCIATION
OF THE FIRST WARD OF THE BOROUGH OF QUEENS,
CITY OF NEW YORK,
LONG ISLAND CITY, July 24, 1902.

Hon. EDWARD M. GROUT, Comptroller of The City of New York:

DEAR SIR—I am directed by the First Ward Citizens' Association to request that you will oppose in the Board of Estimate and Apportionment the proposed "Burden's Woods Park."

The Citizens' Association oppose this park because it is not wanted by the citizens and taxpayers of the First Ward, Borough of Queens. It is located in a district where the population is very sparse. Less than fifty persons petitioned for this park.

The value of the site alone would give the First Ward of the Borough of Queens one opposite School No. 1, in the Hunter's Point section, one in Astoria and one in Steinway, and leave \$500,000 in the City Treasury.

We believe that small parks are in accordance with the policy of the present administration.

The Burden's Woods site is approachable only on the Vernon avenue side, the other three sides comprise swamps, etc.

It is a waste of public money, having the solid opposition of citizens and taxpayers, and supported by a few local politicians, for what reason the people cannot conceive.

We hope you will vigorously oppose this park project, enabling the people to have three small parks in populated sections, leaving hundreds of thousands of dollars still in the City Treasury which can be better used in forwarding the speedy completion of the much-needed Blackwell's Island Bridge, 120 feet wide, as originally proposed.

Let us have small parks near our public schools to improve healthful conditions for the school children.

We are opposed to the large Burden's Woods park site. It is in opposition to the expressed will of the people.

Very respectfully yours,

JOHN ANDREWS, Corresponding Secretary,
134 Eighth street, First Ward, Borough of Queens, New York.

After hearing Mr. Manley, representing the Citizens' Association, in opposition to the proposed park, on motion of the Mayor the following resolution was adopted:

Resolved, That all papers in the question of small parks in the Borough of Queens involved in this petition be referred to the Park Commissioner for the boroughs of Brooklyn and Queens, with a request that he look into the matter and report to this Board.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

On motion of the Mayor the following resolution was adopted:

Resolved, That all propositions calling for a change in the map in order to create new parks, after being placed on the calendar, be referred to the Park Commissioner for the borough affected for a written report.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

OPENING WHITE PLAINS ROAD, BRONX.

The following communication from the Corporation Counsel was read:

NEW YORK, July 24, 1902.

Hon. SETH LOW, Mayor and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—A number of property owners affected by the opening of White Plains road, from Morris Park avenue to the City line at Mount Vernon avenue, have requested me to assent to the filing by the Commissioners of Estimate and Assessment of a special report as to awards for damages for that portion of the avenue from Sixth street north to the City line, completing their report as to awards for the whole improvement, in order that the objections thereto may be made and heard during the summer, and that the motion to confirm said proposed special report may be brought on for hearing upon the same day upon which their first special report as to awards is noticed for confirmation, namely, October 31, 1902. They complain of the hardship of having to await payment of their awards for damage until after the assessments for benefit are levied, while their improvements have been sold and they have been compelled to remove their buildings at their own expense.

The proposed improvement is 100 feet in width from Morris Park avenue northwardly to the Bronx and Pelham parkway. On the northerly side of this parkway a circular plaza is formed on a radius of about 150 feet. North of this circle the width of the proposed improvement continues to be 100 feet until it reaches a point about 575 feet south of Briggs avenue. From that point northwardly to Third avenue the proposed improvement varies in width from 100 to 250 feet. From Third avenue north to the northerly boundary of the City, the old White Plains road is widened to 100 feet on both sides to a uniform width of 100 feet for the entire distance.

The Commissioners have already made and signed their final report on the first five sections into which they subdivided this proceeding, extending from Morris Park avenue north to Sixth avenue, and the awards for damage amount to \$916,846.11.

The motion to confirm this report has been adjourned to October 31, 1902.

The Commissioners have also made up a preliminary report of damages as to the remaining three sections of this improvement, extending from Sixth avenue north to the northerly boundary of the City, and the preliminary awards on these last three sections amount to \$773,744.95. This report has not as yet been filed. The area of assessment has been determined upon, and the benefit maps have been requested from the President of the Borough of The Bronx, but have not as yet been completed.

Title became vested to all the property taken in this proceeding, pursuant to the resolution of the Board of Public Improvements on the 15th day of November, 1900, and the City has recently taken possession of the property and practically evicted the former owners from that portion of it which is acquired in this proceeding.

While this method of acquiring title to the lands required for public streets is always attended with great hardship to the property owners whose land is taken, the practice of making special reports as to awards without an accompanying report as to the assessments for benefit seriously inconveniences the City. If title vests in the City before the awards are paid property owners are deprived of their land and houses without present compensation, and must often wait for years before they receive their money. It is true that they then get six per cent. interest since the date of vesting title. This is very satisfactory to rich land owners who can afford to wait, but it is the cause sometimes of the grossest injustice to those who are poor and whose land affords their means of livelihood. Pathetic instances of the truth of this statement might be furnished. The remedy is, obviously, to avoid taking title until the City is ready to pay for the land taken.

On the other hand, the interest of the City at large, that is to say, the interest of the great mass of taxpayers, must not be overlooked.

The Comptroller, in paying awards, usually in effect collects the assessment for benefit at the same time. But where special reports are made the gross awards must be paid without collecting the assessment for benefit; and in case the balance in the Fund for Street and Park Openings is not sufficient to pay these amounts, provision must be made to replenish it either by the issue of special revenue bonds or by resort to the tax levy. The evil effects of this method have been made abundantly manifest in the case of the Elm street widening.

For these reasons the Greater New York Charter, as revised (section 985), provides that the discretion which the Commissioners of Estimate and Assessment formerly had under section 985 of the Greater New York Charter, to make special reports as to awards, shall be lodged in the Board of Estimate and Apportionment, and shall be exercised only with its permission.

It is urged in the present case on the part of the property owners—and there is force in the contention—that as the Commissioners of Estimate and Assessment for the opening of White Plains road have already exercised the discretion they possessed under the former law and have filed one partial preliminary report of awards for damage as to a part of the improvement, their discretion continues. It is further argued that as the report of the Commission relative to the damages for the property not already reported on must necessarily be special, the amended Charter provisions cannot apply.

This is the only case where the Commissioners have already filed a first partial and separate report where there can be any doubt as to whether they have not still the power to complete their report as to damages by filing another partial and separate report. This doubt may be removed by your Board in authorizing them to proceed with the improvement in the manner in which it was begun, and cannot serve as a precedent for any other case.

In view of these considerations it seems to me advisable that all the circumstances of this case should be brought to the attention of the Board of Estimate and Apportionment, and that some action be taken immediately in the matter consistent both with the City's interests and the interests of the property owners affected.

Yours respectfully,
G. L. RIVES.

After hearing the Hon. Mr. Wainwright and Mr. William H. Keating in support of the application, on motion of the President of the Borough of The Bronx, the following resolution was adopted:

Resolved, That the Commissioners of Estimate and Assessment in the proceeding to acquire title to White Plains road, from Morris Park avenue to the northerly boundary of New York City, be authorized to file their second partial and separate report as to awards for damage, and to notice the same for confirmation.

Affirmative—The Mayor, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—13.

WIDENING DELANCEY STREET, MANHATTAN.

The hearing was opened in the matter of the proposed widening of Delancey street so as to form an approach to the Williamsburg Bridge on the Manhattan side.

The Hon. Gustav Lindenthal, Commissioner of Bridges, Mr. Maguire and Mr. Cohen appeared in the matter.

The following communication from the Commissioner of Bridges and report from the Chief Engineer were presented:

NEW YORK, June 26, 1902.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—On the question of widening Delancey street, on the southerly side, between the Bowery and Clinton street, I respectfully represent:

First—That the plaza at the Manhattan end of the Williamsburg Bridge, intended and provided for in the plan adopted by the Commissioners of the New East River Bridge, as well as their two amended plans (all filed with the Department of Public Works of The City of New York on July 30, 1896, May 27, 1897, and March 5, 1900, respectively), is, in my judgment, unnecessary.

Second—That Delancey street (now fifty feet wide) should be widened on its southerly side from Clinton street to the Bowery one hundred and fifty (150) feet—instead of seventy-five feet, as proposed by the Board of Local Improvements—so that the street may have a uniform width of two hundred (200) feet as far west as the Bowery. This widening will greatly improve the property on each side of Delancey street, and would give more advantageous space for the necessary facilities for trackage leading to and from the approach of the Williamsburg Bridge.

Third—I have prepared estimates showing the cost to the City for each of the three suggestions which have been presented to your honorable body. The figures are based on the assumption that the market price of property is about double its assessed valuation, and are as follows:

| | |
|--|----------------|
| To acquire the property for the plaza..... | \$1,962,000 00 |
| To acquire the property necessary for the present plaza, and widening Delancey street seventy-five feet on its southerly side from Norfolk street to the Bowery..... | 3,942,250 00 |
| To total cost of widening Delancey street one hundred and fifty feet, on its southerly side, from Clinton street to the Bowery (excluding the southerly portion of the present plaza)..... | 4,522,000 00 |

From these figures it will be seen that the additional cost over the present plan would be but \$579,750.

Inasmuch as a certain proportion of the cost of widening Delancey street, between the Bowery and Clinton street, would be paid through assessment on property benefited by the improvement, the changed plan as proposed by me would very likely cost much less than the present plan for a bridge plaza plus the widening of Delancey street by only seventy-five feet.

The improvement to that neighborhood and the increase in taxable value of the property benefited by the widening to a uniform width of two hundred feet would go far toward justifying the expenditure for a bridge approach in keeping with the structure over the East river. It would create, in a congested quarter of the East Side, a very much needed broad avenue, to which there could be given the character of a boulevard, with rows of trees planted along the same. The sanitary and civilizing value of such an improvement must be obvious to everyone.

The bridge plaza, as per present plans, I consider to be a waste of space and money.

I also desire to indorse the proposed opening of a new street in continuation of Delancey street west from the Bowery to the intersection of Centre street and Broome street, and having a uniform width of one hundred feet. Such street would complete a direct avenue from Queens Borough and Brooklyn—by way of the Williamsburg Bridge, Delancey street and Centre street or Elm street—to the City Hall section of Manhattan, which region is the centre of a large volume of passenger traffic mornings and evenings.

Respectfully submitted,
G. LINDENTHAL, Commissioner of Bridges.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
NEW YORK, July 16, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I return herewith a communication addressed to the Board of Estimate and Apportionment by the Commissioner of Bridges under date of June 26, 1902, recommending a change in the plan heretofore proposed for the widening of Delancey street in order to furnish a proper approach to the Manhattan end of the Williamsburg Bridge.

This matter first came before the Board in the form of a resolution of the Local Board of the Bowery District of the Borough of Manhattan, recommending the widening of Delancey street seventy-five feet on the southerly side between Suffolk street and the Bowery, giving it a total width of one hundred and twenty-five feet. A report upon this proposition was submitted by me at the meeting of June 6, 1902, and a public hearing was fixed for June 27. On that date, however, the hearing was deferred, as it was understood that the Bridge Commissioner wished to submit a somewhat different proposition.

The plans of the bridge already filed provided for a plaza at the Manhattan end, comprising the two blocks bounded by Stanton street, Clinton street, Broome street and

Norfolk street, from the northwesterly corner of which plaza Delancey street, as widened, was designed to furnish an outlet or approach extending to or from the Bowery.

The Commissioner of Bridges proposes the abandonment of the plaza as "a waste of space and money" and the widening of Delancey street to a width of two hundred feet by taking one hundred and fifty feet from its southerly side.

The assessed value of the property required to be taken for these different plans is as follows:

| | |
|--|----------------|
| For the two blocks comprising the proposed plaza..... | \$981,000 00 |
| For the widening of Delancey street 75 feet from Norfolk street to the Bowery..... | 1,117,000 00 |
| —making a total for plaza and a 125-foot street..... | \$2,098,000 00 |

| | |
|---|----------------|
| For widening Delancey street 200 feet from Clinton street to the Bowery | \$2,283,000 00 |
|---|----------------|

—so that the value of the property to be taken under the latest proposition is assessed more than that required for the plaza and a 125-foot street by..... 185,000 00

The Bridge Commissioner's estimates agree very closely with these figures, while his statement that the cost of purchasing the property will probably be about double its assessed valuation is justified by past experience.

When the plaza was first proposed it was undoubtedly presumed that the cars crossing the bridge would turn upon loops at the Manhattan end, in which case the plaza would not have been "a waste of space and money." If elevated trains or surface cars, or both, are to go to the Bowery or west of that street before returning, or are to reach the present bridge by a subway, the plaza would not be required.

The necessity for a street two hundred feet in width is, in my judgment, very doubtful. The principal argument in its favor is that its centre will be nearly in line with the axis of the bridge, the dignity and attractiveness of which will thereby be greatly enhanced, but if elevated structures are to be placed upon the street this effect will be entirely lost.

A street 150 feet wide, or even 125 feet in width, as at first proposed, will probably accommodate all the traffic which will be attracted to the bridge. If, however, the four surface and two elevated railroad tracks are to be carried to the westerly end of the bridge at the level of the roadway and are to continue to descend to a subway the proposed width of 200 feet would not be excessive where the tracks are in open cut.

Where the tracks are in tunnel, or if but two tracks remain at the surface, a width of 200 feet would be so great as to be unpleasant unless "parking" were introduced.

Until the location of the railroad tracks crossing the bridge are definitely determined it is impossible to intelligently consider the dimensions and position of the street which will form the avenue of approach to the bridge. The transportation problem is the one most vitally important, and it would, in my judgment, be wiser to defer any action fixing the lines of the street until that shall have been permanently and satisfactorily settled.

In any event the laying out of an extension of Delancey street through the blocks from the Bowery to Elm street, as suggested by the Bridge Commissioner and recommended in my previous report, is essentially part of the proposed change.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

On motion of the Mayor the following resolution was adopted:

Resolved, That in the judgment of this Board the plan for continuing the bridge approach as far as the Bowery 200 feet wide, and abandoning the part of the plaza which would be south of the line of widening, should be adopted.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—14.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by widening Delancey street, from Clinton street to the Bowery, and laying out a new street from the Bowery to Elm street, in the Borough of Manhattan, City of New York, more particularly described as follows:

Widening.

Delancey street to be widened 150 feet on the southerly side, between Clinton street and the Bowery.

Laying Out.

New street to be laid out 100 feet wide from the westerly side of the Bowery, the southerly side of said street to intersect Broome street at Marion street, and the northerly side to stop at Elm street.

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed widening and laying out and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed widening and laying out at a meeting of this Board, to be held in the old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 5th day of September, 1902, at 2 o'clock p. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed widening and laying out will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of September, 1902.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—14.

REMOVAL OF OVERHEAD ELECTRICAL WIRES, BROOKLYN.

The following communication was presented:

OFFICE OF THE BROOKLYN LEAGUE,
No. 189 MONTAGUE STREET,
BROOKLYN, N. Y., July 23, 1902.

To the Board of Estimate and Apportionment:

GENTLEMEN—

Preamble:

Resolved, That the Executive Committee of the Brooklyn League expresses its approval of any policy of the municipal authorities having for its end the relief at as early a date as practicable of the Borough of Brooklyn from existing dangerous overhead wire conditions; that it approves of a policy of the municipal authorities which shall, within a period of a year, insure the removal from an area of the borough within two miles of the Brooklyn Bridge of—

The overhead trolley feeder wires of the Brooklyn Rapid Transit Railway Company and of the Coney Island and Brooklyn Railroad Company;

The overhead wires of the Edison Electric Illuminating Company, and

The overhead wires of the New York and New Jersey Telephone Company, the Postal Telegraph Cable Company, and the Western Union Telegraph Company.

—and that, believing that life and property are unsafe under present conditions and the burial of wires can be accomplished within said time without financial injury to said companies, the Executive Committee approves of the recent notice given by the late Commissioner of Water Supply, Gas and Electricity to the above-named companies, and urges upon the Board of Estimate and Apportionment of The City of New York, with whom under section 526 of the Greater New York Charter, the power has been vested of directing or requiring the removal of overhead electric wires, that it direct the removal of the above-named classes of wires from said area within said time.

We, the undersigned members of the Executive Committee of the Brooklyn League hereby express our approval of the within resolution and our desire that the same shall be carried into effect by the official action of the Board of Estimate and Apportionment at as early a date as possible, and herewith respectfully submit the same for consideration.

Dated July 22, 1902.

ABEL E. BLACKMAR (and 14 others).

After hearing the Hon. Robert Grier Monroe, Commissioner of Water Supply, Gas and Electricity; Mr. Wells, representing the Brooklyn Heights Company; Mr. Stephen Hoey, representing the Board of Trade, and the Hon. J. Hampden Dougherty, on motion of the Mayor the following resolution was adopted:

Resolved, That the matter be laid over until September 12, and that a public hearing be given on that day at 2.30 o'clock in the afternoon.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

PURCHASE OF NEW YORK STEAM HEATING COMPANY'S PROPERTY.

The following communication from the New York Steam Heating Company was presented:

THE NEW YORK STEAM COMPANY,
No. 143 LIBERTY STREET,
NEW YORK, July 24, 1902.

To the Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—In the matter of the Manhattan terminal of the Blackwell's Island Bridge, the New York Steam Company submits the following proposition:

The company will grant an easement for the bridge span over its buildings, plant and property between Fifty-ninth and Sixtieth streets and the East river, without charge, provided the City will furnish ground south of the pier for a new and ornate chimney 300 feet high and will pay the company \$30,000 for the cost of such a new chimney and the necessary alterations of flues and connections. Upon careful estimates \$30,000 of this sum must be expended in the erection of such a chimney and \$10,000 in the necessary alterations.

Respectfully,

THE NEW YORK STEAM COMPANY,
G. C. ST. JOHN, President.

On motion of the Comptroller, the following resolutions were adopted:

Resolved, That the Board approve the resolution of the Board of Public Improvements by which the City is to take an easement, instead of the fee, of the Steam Heating Company's property, and we accept the offer of the company, as contained in their letter of July 24, upon the condition that the ground which the City furnishes for the chimney shall be in the possession of the Steam Heating Company only as long as the exterior street is not constructed by the City; and be it further

Resolved, That the Bridge Commissioner be requested to confer with the Corporation Counsel for the preparation of a proper agreement with proper provisions to carry this into effect.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The Mayor moved that the Board take a recess until 2.30 p. m., which motion was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The meeting was resumed at 2.30 o'clock in the afternoon.

Present—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond.

APPORTIONMENT OF COST FOR OPENING STREETS.

On motion of the Comptroller the following resolution was adopted:

IN BOARD OF ESTIMATE AND APPORTIONMENT.

Resolved, That the proportion of assessment to be borne by the City in opening new streets exceeding sixty feet in width shall be one-third of the cost of the excess over sixty feet; and in widening of existing or dedicated streets, one-half of the cost over sixty feet, except in such cases as the Board, after consideration, shall deem to be entirely exceptional.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

REDUCTION OF ASSESSMENT ON ELM STREET, MANHATTAN.

The Board took up the consideration of the application for a reduction of the assessment for widening and extending Elm street from City Hall place to Great Jones street, in the Borough of Manhattan.

The Comptroller moved that the City bear 75 per cent. of the cost.

The President of the Borough of Brooklyn moved to amend by having the City bear 66 2-3 per cent. and the property 33 1-3 per cent.

The amendment was carried and the following resolution was adopted.

Whereas, The situation in regard to Elm street is entirely exceptional, and therefore not within the terms of the rule this day adopted in regard to the proportion of the assessment to be borne by the City for widening streets; therefore be it

Resolved, That the resolution adopted by the Board of Street Opening and Improvements on the 15th day of September, 1893, requesting the Corporation Counsel to take the necessary steps to acquire the land for the purpose of opening, widening and extending Elm street from City Hall place, near Chambers street, to Great Jones street, opposite Lafayette place, be amended so as to read:

"Resolved, That 33 1-3 per cent. of the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited, and that the remainder of such cost and expense shall be borne and paid by The City of New York."

Affirmative—The Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—13.

The Mayor declined to vote, stating that he was interested in the assessment.

APPROACH TO WILLIS AVENUE BRIDGE, BRONX.

The following communication from the President of the Borough of The Bronx and accompanying papers were presented:

NEW YORK, July 24, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—The matter of acquiring title to the land to be used for the purpose of an approach to the Willis Avenue Bridge from the Southern Boulevard, which was referred to me by the Board of Estimate and Apportionment at its meeting held July 18, 1902, to have the Local Board of Morrisania, Twenty-fourth District, "consider the question of changing the map so as to lay out only the land actually required as suggested in the report of the Engineer," was presented to said Local Board of Morrisania, together with copies of the two reports made by the Engineer of the Board of Estimate and Apportionment, and the matter was fully discussed at the meeting of the said Local Board held this day. It adopted a resolution of which I transmit herewith a copy, together with a map entitled "Map or plan showing the location of the Southern Boulevard approach to the bridge over the Harlem river at Willis avenue, prepared by the President of the Borough of The Bronx under authority of chapter 466, Laws of 1901, New York, July 24, 1902; Josiah A. Briggs, Chief Engineer of the Borough of The Bronx; F. Greiffenberg, Principal Assistant Topographical Engineer," and a report of the Principal Assistant Topographical Engineer, approved by the Chief Engineer of the Borough of The Bronx, showing due consideration of the matter so referred and the determination and judgment of the said Local Board on this important subject.

Yours truly,

LOUIS F. HAFFEN, President of the Borough of The Bronx.

IN LOCAL BOARD OF MORRISANIA, TWENTY-FOURTH DISTRICT, BOROUGH OF THE BRONX.

Whereas, By resolution of the Board of Public Improvements, adopted February 14, 1900, and subsequently approved by the Board of Aldermen, the Council and the Mayor, the block bounded by Willis avenue, Southern Boulevard, Brown place and East One Hundred and Thirty-second street was designated on the map of The City of New York as land to be used for the purpose of an approach to the Willis Avenue Bridge from the Southern Boulevard; and

Whereas, A proposition is now pending before the Board of Estimate and Apportionment to eliminate from the said approach as thus laid out all land except the thirty-three (33) lots recommended by the Chief Engineer of the Board of Estimate and Apportionment to be actually required for the said approach; be it

Resolved, By the Local Board of Morrisania, that while this Board is of the opinion that the entire plot originally laid out as the Southern Boulevard approach to the Willis Avenue Bridge over the Harlem river should be taken, it now hereby recommends to the Board of Estimate and Apportionment that the westerly portion of the block bounded by Willis avenue, Southern Boulevard, Brown place and East One Hundred and Thirty-second street, commencing 245 feet west of Brown place and running 575 feet to Willis avenue, as shown on the accompanying map, entitled "Map or plan showing the location of the Southern Boulevard approach to the bridge over the Harlem river at Willis avenue, prepared by the President of the Borough of The Bronx under authority of chapter 466, Laws of 1901, New York, July 24, 1902; Josiah A. Briggs, Chief Engineer of the Borough of The Bronx; F. Greiffenberg, Principal Assistant Topographical Engineer," should be acquired for immediate use for the purpose of this bridge approach.

Attest:

HENRY A. GUMBLETON, Secretary to Local Board of Morrisania, Twenty-fourth District.

THE CITY OF NEW YORK,
PRESIDENT OF THE BOROUGH OF THE BRONX,
NEW YORK, July 24, 1902.

In relation to the matter of acquiring land for the Bronx approach to the Willis Avenue Bridge, Borough of The Bronx.

The Board of Estimate and Apportionment on July 18, 1902, referred the matter of acquiring the land for the Southern Boulevard approach to the Willis Avenue Bridge back to the Local Board, Borough of The Bronx, to consider whether it was absolutely necessary to acquire the whole block bounded by Willis avenue, Southern Boulevard, Brown place and East One Hundred and Thirty-second street for bridge purposes.

A report from the Engineer of the Board of Estimate and Apportionment was before the meeting, in which he recommended to limit the condemnation proceedings to thirty-three lots and to amend the map by eliminating from it the remaining lots which are not necessarily required for bridge purposes.

These lots comprise a parcel of land one hundred feet in width on the southerly side of the Southern Boulevard extending from Willis avenue to a line 350 feet easterly therefrom, and also all of that portion of the block lying between Brown place and a line 245 feet westerly and parallel to the same.

After due consideration I have come to the conclusion that only the latter described plot on Brown place and running 245 feet westerly should be eliminated from the land originally intended for the approach to the Willis Avenue Bridge.

The land to be taken, therefore, would cover 200 feet by 575 feet, in place of 200 feet by 820 feet.

The suggestion not to acquire the lots along the southerly side of Southern Boulevard extending from Willis avenue to 350 feet easterly therefrom should certainly not be entertained, because there is every probability that factories or high tenement houses will be erected thereon, which will certainly not be an embellishment of the approach or the bridge.

I submit herewith a map entitled "Map or plan showing the location of the Southern Boulevard approach to the bridge over the Harlem river at Willis avenue, in the Twenty-third Ward, Borough of The Bronx."

Respectfully,

F. GREIFFENBERG, Principal Assistant Topographical Engineer.

Approved July 24, 1902.

JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of the westerly portion of the block bounded by Willis avenue, Southern Boulevard, Brown place and East One Hundred and Thirty-second

street, commencing 245 feet west of Brown place and running 575 feet to Willis avenue, in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a special term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings in the name of The City of New York to acquire title wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the westerly portion of the block bounded by Willis avenue, Southern Boulevard, Brown place and East One Hundred and Thirty-second street, commencing 245 feet west of Brown place, and running 575 feet to Willis avenue, in the Borough of The Bronx, City of New York.

Resolved, That the entire cost and expense of said proceedings shall be borne and paid by The City of New York.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The President of the Borough of Queens presented a resolution of the Local Board providing for alterations to the Hammel's avenue sewer, Rockaway.

On motion of the Mayor the following resolution was adopted:

Resolved, That the matter be referred back to the President of the Borough of Queens, with a request that he call his Local Board together and have a resolution passed in the form called for by the papers.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn and the President of the Borough of Richmond—16.

On motion the Board adjourned until Monday, July 28, at 10.30 a. m.

J. W. STEVENSON, Secretary.

Attest:

JOHN H. MOONEY, Assistant Secretary.

DEPARTMENT OF WATER SUPPLY GAS AND ELECTRICITY.

LESSENER WATER SUPPLY.

NOTICE IS HEREBY GIVEN TO THE homeowners and residents in all those parts of the Borough of The Bronx which are supplied with water from the City's water mains, that on and after October 1, 1902, and during that month, the Old Croton Aqueduct will have to be closed at a point north of the Jerome Park Reservoir, and the operation of the temporary pumping plant which has hitherto pumped from the aqueduct into The Bronx water mains a daily supply of ten million gallons of water, will have to be discontinued during said month, in order to make the connections between the old and the new aqueducts and the new 48-inch water main which will supply the central and lower portions of the Borough, and will, as soon as the connections are completed, increase the water supply at least 50 per cent.

During October the supply will be diminished about one-third, and the pressure in delivery of the water will be correspondingly reduced. The inconveniences which may result from this temporary decrease of supply will be much mitigated if the people will abstain from lavish and wasteful use of water, which this Department earnestly requests them to do.

AT A MEETING OF THE MUNICIPAL Civil Service Commission, held July 30, 1902, it was

Resolved, That the present subdivision 3 of Rule 7 be stricken out, and that the following be substituted therefor:

3. Where there is a vacancy in any position in the competitive class demanding peculiar and exceptional qualifications of a scientific, professional or educational character, and for satisfactory evidence that, for specified reasons, competition in such case is not practicable, and that the position can best be filled by the selection of some designated person of high and recognized attainments in such qualities, the Commission may suspend the provisions of the rule requiring competition in such case; but no such suspension shall be general in its application to such position, and all such cases of suspension shall be set forth by the Commission, with the reasons therefor, in its annual report.

And that the following paragraph, to be known as Subdivision 4, be added:

4. The Commission may, by special resolution, except from competitive examination any person engaged in private business who shall render any professional, scientific, technical or expert service of an occasional and exceptional character to any city officer, and whose compensation in any one year shall not exceed \$250; provided that such limitation of compensation shall not apply to any person employed by the Mayor or Corporation Counsel, and provided, further, that the Commission may suspend such limitation, by special resolution, in other cases, with the approval of the Mayor and the State Civil Service Commission. All exceptions from competitive examination, under this provision, shall be set forth by the Commission, with the reasons therefor, in its annual report.

WILLIS L. OGDEN,
President.

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

THIRTIETH WARD.

EIGHTY-SIXTH STREET—SEWERS, both sides, between Fourth avenue and New York Bay; also, FIRST AVENUE—SEWER, between Seventy-ninth and Eighty-sixth streets; also, SECOND AVENUE—SEWER, between Seventy-ninth and Eighty-sixth streets (or in so much of said street as lies within sewer district "V"); also, BAY RIDGE PARKWAY (SHORE ROAD)—SEWER, from Eighty-sixth street to a temporary outlet at foot of Eighty-third street. Area of assessment: Both sides of Bay Ridge Parkway from Eighty-first to Eighty-ninth street; both sides of Narrows avenue from Eighty-first to Eighty-ninth street; east side of Narrows avenue from Eighty-first to Eighty-ninth street; both sides of First avenue from Seventy-ninth to Ninety-second street; both sides of Second avenue from Seventy-ninth to Eighty-ninth street; both sides of Third avenue from Eighty-first to Ninetieth street; both sides of Fourth avenue from Eighty-first to Ninety-second street; both sides of Fifth avenue from Eighty-sixth to Ninetieth street;

both sides of Gelston avenue from Eighty-sixth street to a point extending about 220 feet south of Eighty-sixth street; both sides of Eighty-eighth street from Fourth avenue to Narrows avenue; both sides of Eighty-first street commencing at a point about 330 feet west of Fourth avenue and extending westerly to Narrows avenue; both sides of Eighty-second street from Fourth avenue to Bay Ridge Parkway; both sides of Eighty-third street from Fourth avenue to Bay Ridge Parkway; both sides of Eighty-fourth street commencing at a point about 236 feet east of Fourth avenue and extending westerly to First avenue; both sides of Eighty-fifth street from First avenue to Narrows avenue; both sides of Eighty-sixth street from Hamilton avenue to Bay Ridge Parkway; both sides of Eighty-seventh street from First avenue to Narrows avenue; both sides of Eighty-eighth street from Gelston avenue to Bay Ridge Parkway; both sides of Eighty-ninth street from Fifth avenue to a point distant about 145 feet west of Third avenue; both sides of Eighty-ninth street from Second avenue to First avenue; both sides of Ninetieth street from Fifth avenue to a point distant about 265 feet west of Fourth avenue; both sides of Ninety-first street from Fifth avenue to a point distant about 258 feet west of Fourth avenue; both sides of Ninety-first street from Second avenue to First avenue. —that the same was confirmed by the Board of Assessors on September 25, 1902, and entered on September 26, 1902, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019, of said Greater New York Charter. Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon, on or before November 25, 1902, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

EDWARD M. GROUT,
Comptroller.
CITY OF NEW YORK, DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, September 26, 1902.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

EIGHTH WARD.

—That the same were confirmed by the Board of Assessors on August 7, 1902, and entered on August 8, 1902, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter. Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 7, 1902, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

EDWARD M. GROUT,
Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, September 15, 1902.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE "Greater New York Charter," the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the

following-named streets in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.
EAST ONE HUNDRED AND EIGHTY-SEVENTH STREET—OPENING, from Grand Boulevard and Concourse to Marion avenue; also STEVENS PLACE—OPENING, from East One Hundred and Eighty-seventh street to East One Hundred and Eighty-ninth street. Confirmed August 4, 1902; entered September 17, 1902. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of the Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to the southerly side of East One Hundred and Eighty-fourth street and distant 100 feet southerly therefrom with the easterly side of Jerome avenue; running thence northerly along said easterly side of Jerome avenue to its intersection with a line drawn parallel to the southerly side of Fordham road and distant 100 feet southerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the westerly side of Creston avenue and distant 100 feet westerly therefrom; thence northerly along said parallel line to the southerly side of Fordham road; thence easterly along the southerly side of Fordham road to its intersection with a line drawn parallel to the northerly side of East One Hundred and Eighty-ninth street and distant 100 feet northerly therefrom; thence easterly along said parallel line and its prolongation easterly to the westerly side of Park avenue (formerly Vanderbilt avenue, West); thence southerly along said westerly side of Park avenue (formerly Vanderbilt avenue, West) to its intersection with a line drawn parallel to that part of East One Hundred and Eighty-seventh street lying easterly from Webster avenue, from the middle point of a line parallel to Marion avenue and distant 100 feet easterly therefrom, said point being equally distant from East One Hundred and Eighty-seventh street and from the intersection of said line parallel to Marion avenue prolonged southerly with the easterly prolongation of a line drawn parallel to the southerly side of East One Hundred and Eighty-fourth street and distant 100 feet southerly therefrom; thence westerly along said line parallel to East One Hundred and Eighty-seventh street to its intersection with the aforesaid line drawn parallel to Marion avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line and its prolongation southerly to its intersection with the easterly prolongation of a line drawn parallel to the southerly side of East One Hundred and Eighty-fourth street and distant 100 feet southerly therefrom; thence westerly along said easterly prolongation and parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of the Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon, on or before November 17, 1902, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

TO CONTRACTORS.

CONTRACT FOR THE FINAL DISPOSITION OF ASHES, STREET SWEEPINGS AND RUBBISH AND LIGHT REFUSE IN THE BOROUGH OF BROOKLYN.

SEALED BIDS OR ESTIMATES FOR THE above work, indorsed with the title, also the name of the person or persons making the estimate and the date of presentation, will be received at the Main Office of the Department of Street Cleaning, Nos. 13-21 Park row, Borough of Manhattan, until 1 o'clock p. m. of

MONDAY, OCTOBER 13, 1902,

at which time and place the bids will be publicly opened by the head of the Department and read. The amount of the security will be sixty thousand (\$60,000) dollars.

The period of the contract will be for five years from the date of the execution of the contract and the completion of the work.

Each bid or estimate must be accompanied by a certified check on a solvent banking corporation in the City of New York, payable to the order of the Comptroller, for five per centum of the amount for which the work bid for is proposed in any one year to be performed.

The check should be enclosed in the envelope. From the bids so received the Commissioner may select the bid or estimate, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of the said bids, as provided by section 544 of the Greater New York Charter as amended.

The plant must be complete, and the work must begin within nine (9) months from the execution of the contract, and bidders must specify in their bids the time within which they will be ready to begin the work.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commission, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications in the form approved by the Corporation Counsel and containing the terms approved by the Board of Estimate and Apportionment, can be obtained upon application therefor at the office of the said Commissioner.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICES TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or her name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the board of aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or head of the department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to The City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by The City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there.
