On motion of Alderman Peters, further reading was dispensed with, and the minutes approved as printed.

MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 1805.

City of New York, Office of the Mayor,
April 15, 1907.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, a resolution adopted by your Honorable Board on April 2, 1907, entitled:

“Resolution setting apart certain rooms in the Brooklyn Borough Hall for use of local Aldermen.”

On March 13 the Commissioners of the Sinking Fund passed the following resolution:

“Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby set apart and assign rooms in the Brooklyn Borough Hall and Municipal Buildings, in the Borough of Brooklyn, as follows:

“To the President of the Borough of Brooklyn, Rooms 11 and 11A, on the main floor, or first floor above the basement of the Borough Hall, in the Borough of Brooklyn, containing fourteen hundred (1,400) superficial feet, which are now used by the Board of Coroners, Borough of Brooklyn.”

In view of this action vesting the Borough President with exclusive jurisdiction over this matter, the adoption of an ordinance by the Board of Aldermen setting aside these identical rooms for their own use is manifestly improper.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Resolved, That, pursuant to the provisions of the amended Greater New York Charter, the Board of Aldermen hereby set apart and assign rooms in the Brooklyn Borough Hall, in the Borough of Brooklyn, as follows:

To the members of the Board of Aldermen representing the Borough of Brooklyn:

Rooms 11 and 11A, on the main floor, or first floor above the basement of the Borough Hall, in the Borough of Brooklyn, and which are now used by the Board of Coroners, Borough of Brooklyn.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

PETITIONS AND COMMUNICATIONS.

No. 1851.

Richmond Hill Fire Department,
Richmond Hill, L. I.
April 4, 1907.

The Honorable Board of Aldermen, New York City, N. Y.:

Gentlemen—At a convention held at this place on the above date, according to the State Law, to elect a Chief Engineer and Assistant Chief Engineers of the Richmond Hill Fire Department, the following men were elected as the choice of this convention:

Chief Engineer, George Orr, Jr., Chestnut street, near Orchard avenue.

First Assistant Chief Engineer, George Henry Koster, Jefferson avenue, near Broadway.

Second Assistant Chief Engineer, John Rudolph, No. 316 Chestnut street.

Respectfully,

ANDREW F. SHALVEY, Secretary.

Thomas P. Lally, Chairman.

Which was ordered on file.

The American Society for the Prevention of Cruelty to Animals,
Headquarters, Madison Avenue and Twenty-sixth Street,
New York, April 15, 1907.

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Dear Sir—Will you please have the following resolution introduced at the next meeting of the Board of Aldermen:

Resolved, That permission be and the same is hereby given to the American Society for the Prevention of Cruelty to Animals to erect and place public drinking fountains for man and beast at the following-named points, the said fountains to be paid for by the said American Society for the Prevention of Cruelty to Animals and to be of a pattern and design approved by the Art Commission of The City of New York. The said drinking fountains to be erected under the supervision of the Commissioner of Water Supply, Gas and Electricity and the water therefor shall be supplied by the Department of Water Supply, Gas and Electricity without expense to the said society.

The Woman's Municipal League of The City of New York,
No. 19 East Twenty-sixth Street,
April 15, 1907.

Board of Aldermen, Hon. P. F. McGOWAN, President, City Hall:

Dear Sirs—The Woman's Municipal League urges that you pass the Grifenhagen milk ordinance without delay, as the season is close at hand when from five hundred to six hundred children under five years die every week in Greater New York from intestinal diseases, largely the result of a diet of impure milk. The

Grifenhagen ordinance is the only practical and comprehensive solution of the pure milk problem thus far presented. The time for action has arrived. There has been fruitless talk enough.

Very truly yours,
(MRS.) JOSEPHINE REDDING, Secretary.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment transmitting resolution:

No. 1854.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
April 13, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 12, 1907, recommending the establishment of the grade of position of Bookkeeper in the Law Department, with salary at the rate of \$2,000 per annum, for one incumbent, together with copy of communication from the Comptroller and report of the Corporation Counsel, to whom, on March 22, 1907, this matter was referred.

I also transmit form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

City of New York—Department of Finance,
Comptroller's Office,
March 13, 1907.

Hon. GEORGE B. McCLELLAN, Mayor:

Dear Sir—I beg leave to acknowledge receipt of your communication transmitting a report of the Commissioners of Accounts in reference to the system of accounting in use in the Bureau for the Collection of Arrears of Personal Taxes.

This office is now and has been ready for some time to install the proper system of accounting, but the force in the above Bureau as at present constituted is inadequate.

It was suggested to the Corporation Counsel to appoint a Bookkeeper, and I believe he has requested the Board of Estimate and Apportionment several times in his annual estimate for funds for that purpose.

I would recommend therefore that he renew his application, as it is absolutely necessary that a Bookkeeper be immediately employed, so that the system I have in mind may be inaugurated.

Respectfully,
(Signed) H. A. METZ, Comptroller.

Law Department—Office of the Corporation Counsel,
New York, April 4, 1907.

To the Board of Estimate and Apportionment of The City of New York:

Dear Sirs—I am in receipt of your letter of March 23, 1907, enclosing a communication from the Comptroller recommending that the Corporation Counsel renew his application for funds in order to enable him to appoint a Bookkeeper in the Bureau for the Collection of Arrears of Personal Taxes.

Under the system which has been in force for some time one person has acted as Chief Clerk of that Bureau, has received all cash, issued all receipts and made all the entries in the day books or journals.

You are perhaps aware that there has been trouble with the accounts of the three persons who have handled the funds of the Bureau in the past ten years. The Commissioners of Accounts have strongly recommended that immediate steps be taken to separate the duties of receiving the money, issuing the receipts and keeping the books and records of the Bureau so that in the future money cannot be taken without collusion between two or more employees.

After a careful examination of the situation, I have come to the conclusion that the interests of the City will be best protected by separating the duties of Chief Clerk, Cashier and Bookkeeper. It is my purpose to designate or promote some Clerk in the Department to perform the duties of Chief Clerk, formerly performed by the person now under suspension charged with taking money belonging to the City. These duties would include the general supervision of the clerical work on the registers, blotters, diaries, etc., supervision of the stenographic and process serving work and the other miscellaneous duties usually performed by a Chief Clerk.

I recommend the appointment of a Cashier at an annual salary of \$2,000, and will ask the Municipal and State Civil Service Commissions to put the position in the exempt class. The duties of the Cashier would be to receive all cash and make deposits and to draw all checks for the signature of the Assistant in charge; to issue all receipts (which, however, would be countersigned by the Bookkeeper) and to take charge of all moneys in the Bureau. The amount collected by the Bureau each year has been from \$200,000 to \$300,000, and if certain settlements now under consideration are approved, the collections this year may exceed \$500,000. Many small payments of costs are made amounting to \$2.50 each. It therefore seems necessary to me that there should be a Cashier in the Bureau, who should be entirely responsible for all moneys collected.

In accordance with the recommendation of the Commissioners of Accounts, I also suggest that a Bookkeeper be appointed from the Civil Service eligible list at an annual salary of \$1,500. His duty would be to keep a daily record of all payments of taxes, interest and costs. He would keep a journal of entries for the Bureau registers showing all payments made and would prepare the daily reports of collections for the Assistant in charge of the Bureau and the monthly, quarterly and annual reports for the Corporation Counsel. He would countersign all receipts for money paid to the Cashier and would keep the original summons and complaint in each action on which the Assistant in charge makes an entry of the sum to be collected.

I believe that if such a system were put in operation it would prevent defalcations in the Bureau. In order that I may carry my plans into effect, however, it is necessary for me to ask your Board to authorize the two additional positions of Cashier and Bookkeeper, and I attach hereto a resolution in the necessary form for that purpose.

It is also necessary that your Board provide funds to pay the salaries of these two persons. The yearly salary of the two positions would be \$3,500, and if your Board will transfer to the salary fund of this Department \$2,500, it will be sufficient to pay the salaries for the balance of the year.

I am sure that your Board will agree with the Comptroller, the Commissioners of Accounts and myself that it is of the utmost importance that this matter receive prompt attention, and if any further explanation is necessary I will be glad to appear before you at any time for that purpose.

Yours respectfully,
WILLIAM B. ELLISON, Corporation Counsel.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 12, 1907, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Bookkeeper in the Law Department, in addition to those already existing therein, with salary at the rate of two thousand dollars (\$2,000) per annum, for one (1) incumbent."

Resolved, That the Board of Aldermen hereby concurs in the above resolution and fixes the salary of said position as set forth therein.

Which was referred to the Committee on Salaries and Offices.

The Vice-Chairman laid before the Board the following communications from the Board of Education:

No. 1855.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, March 28, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of report and resolutions adopted by the Board of Education at a meeting held on the 27th inst., relative to the request for an issue of Special Revenue Bonds to the amount of \$25,000 for the installation of fire alarm boxes and apparatus in sundry school buildings in the Borough of Brooklyn.

Respectfully yours,
A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Buildings respectfully reports that, in response to a duly authorized advertisement, the following bids were received by the Superintendent of School Buildings:

For installing fire alarm telegraph system in the Eastern District High School and Public Schools 11, 17, 18, 19, 23, 24, 34, 36, 38, 49, 51, 52, 53, 54, 86, 88, 106, 113, 116, 117 and 123, Borough of Brooklyn:

Commercial Construction Company.....	\$10,867 00
Griffin & Co.....	11,597 00
Frederick Pearce Company.....	12,688 00
Gore-Duggan Engineering Company.....	12,325 00

Your committee believes that the performance of this work is a matter of imperative necessity, but finds that there are no available funds from which the expenditure can be paid. In order to provide money for this purpose your committee submitted a resolution to the Board of Education on March 13, 1907 (see Journal, pages 478 to 480), requesting the Board of Aldermen to authorize the issue of Special Revenue Bonds in the sum of \$25,000, but so far as is known no action has been taken by the latter Board.

Your committee considers the bid of the lowest bidders to be reasonable and accepted the same, subject to financial ability.

The following resolutions are therefore submitted for adoption:

Resolved, That the contract for the above-mentioned work be and it is hereby awarded to the lowest bidders, subject to financial ability, as follows:

BOROUGH OF BROOKLYN.

For installing fire alarm telegraph system in the Eastern District High School and Public Schools 11, 17, 18, 19, 23, 24, 34, 36, 38, 49, 51, 52, 53, 54, 86, 88, 106, 113, 116, 117 and 123:

Commercial Construction Company.....	\$10,867 00
--------------------------------------	-------------

Resolved, That the attention of the Board of Aldermen be again called to the fact that the installation of fire alarm telegraph system in school buildings in the Borough of Brooklyn is a matter of the greatest urgency, and that said Board be respectfully requested to take action at as early a date as possible upon the resolution adopted by the Board of Education on March 13, 1907 (see Journal, pages 478 to 480), requesting the Board of Aldermen to authorize the issue of Special Revenue Bonds to the amount of \$25,000 for the installation of fire alarm boxes and apparatus in sundry school buildings in said borough.

New York, April 12, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I have the honor to hand you herewith certified copy of a report and resolution adopted by the Board of Education on April 10, 1907, requesting the Board of Aldermen to amend the Code of Ordinances of The City of New York so as to provide that no obstructions shall be allowed in the vicinity of school buildings.

Respectfully yours,
A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on By-Laws and Legislation respectfully reports that it has given careful consideration to the matter of amending the Code of Ordinances of The City of New York so as to prevent the obstruction of streets in the vicinity of school buildings, and is of the opinion that article 1, chapter 1, part 2 ("Ordinances affecting that part of The City of New York included within the Borough of Manhattan"), should be amended by inserting therein a new section preceding section 9 (page 236).

The following resolution is submitted for adoption:
Resolved, That the Board of Aldermen be and it is hereby respectfully requested to amend the Code of Ordinances of The City of New York by inserting a new section, immediately preceding section 9 of article 1, chapter 1, part 2 (page 236), said new section to read as follows:

It shall be unlawful, during school sessions between the hours of 8 a. m. and 4 p. m., and between the hours of 7 p. m. and 10 p. m., for persons to congregate, gather in groups or in any way obstruct any sidewalk or highway within one hundred feet of any entrance to any school building under the supervision of the Board of Education, or to obstruct or cause the same to be obstructed by any truck, cart or other vehicle used for business purposes.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Freeman asked and obtained unanimous consent to offer the following resignations:

No. 1857.

City of New York, Board of Aldermen,
City Hall,
April 9, 1907.

To the Hon. PATRICK F. McGOWAN, President of the Board of Aldermen:

I hereby tender to the Board of Aldermen, through you, my resignation as a member of the Committee on Docks and Ferries of this Board.

Yours very truly,
HERMAN S. FRIED.

Which resignation was accepted.

To the Hon. PATRICK F. McGOWAN, President of the Board of Aldermen:

I hereby tender to the Board of Aldermen, through you, my resignation as a member of the Committee on Codification of Ordinances of this Board.

Yours very truly,
JOSEPH FALK.

Which resignation was accepted.

Alderman Meyers, on behalf of the Committee on Rules, asked and obtained unanimous consent for the appointment of Alderman Fried as a member of the Committee on Codification, and Alderman Falk, as a member of the Committee on Docks and Ferries.

Alderman Brown asked and obtained unanimous consent to introduce the following:

No. 1859.

Whereas, It has been proven beyond doubt that a large number of cases of typhoid fever and other intestinal diseases originate from impure water; that impure water contaminates in dangerous fashion milk and other articles of food usually consumed raw; and

Whereas, The danger of contamination of the water supply of this City is due to the fact that it is derived from an area so extensive that protection from such contamination is difficult; and inasmuch as the purity of water depends chiefly upon the natural conditions of rain and drought, which are beyond human control; and

Whereas, It has been demonstrated conclusively that the best protection against water-borne diseases is proper filtration of the water, which is amply illustrated by the enormous reduction of typhoid mortality in foreign cities, as in Berlin, Hamburg and others; and

Whereas, This method has been introduced generally in Europe, and with most satisfactory results, especially in Germany; and

Whereas, The consumption of bottled, artificial and spring water is a method of supplying pure water which cannot be afforded by the poor and those of moderate means; therefore be it

Resolved, That it is recommended to his Honor the Mayor that he appoint a committee of experts for the purpose of advising as to the desirability and expediency of at once establishing a filtration plant and the scope and design of the same.

Which was adopted.

Alderman Sullivan asked and obtained unanimous consent to introduce the following:

No. 1860.

Whereas, It has been brought out in the hearings held by the Commissioners of Accounts sitting to investigate the office of the Borough President of Manhattan that there are numerous reports now on file made by said Commissioners of Accounts, upon investigations, made by them and their subordinate examiners, into the methods and accounts of said office of the President of the Borough of Manhattan; and

Whereas, It appears that the Examiners duly appointed by law from the Civil Service list made various and sundry investigations, and the Commissioners of Accounts, upon the facts presented by these investigations, made numerous reports, and that thereafter these official Examiners were set aside and a firm of accountants outside of the City service were employed, which said firm of accountants made various and sundry reports, which are now on file; and

Whereas, By provision of the Charter, section 119, said Commissioners are required to file said reports with the Board of Aldermen as required by law; and

Whereas, An examination of the files of the Clerk of this Board show that said Commissioners have failed to comply with said provision of the Charter, and have failed to file said reports; now therefore be it

Resolved, That said Commissioners of Accounts be required to file said reports, whether made by the regularly appointed official Examiners or whether made by a firm of outside accountants, and that a copy of this resolution be forthwith presented to the said Commissioners of Accounts, and that they be called upon to file said reports immediately, as required by law.

Which was adopted.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 1541—(S. O. No. 173).

The Committee on Finance, to whom was referred on February 5, 1907 (Minutes, page 192), the annexed request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for \$200,000 for park maintenance, respectfully

REPORTS:

Park Commissioner Herrman appeared before your committee, and stated that on account of the reduced Budget allowance for maintenance, many Laborers have been laid off or placed upon part time, and the park maintenance has greatly suffered in consequence. The committee has received from the Bureau of Investigation the annexed report, which was prepared after careful consideration of the park finances, and after personal investigation of park conditions. This is another case where the Budget should have made more adequate provision for the ordinary maintenance of these departments, and not cause them to apply for revenue bonds so early in the year. From the committee's own investigation, and from the annexed report, however, the committee feels that, while adhering to its expressed principles against issuances of special revenue bonds for ordinary maintenance, the people demand that the parks shall be properly maintained, and as long as the Board of Estimate and Apportionment did not allow sufficient funds in the Budget, it must be done by revenue bonds, although it is hoped that this condition will not be repeated next year.

The committee believes that the Comptroller's suggestion that an addition of sufficient funds to make an increase of 10 per cent. over the total maintenance for 1906 is reasonable, and, therefore, recommends the issuance for maintenance the amount suggested in the report, viz.:

Manhattan and Richmond, \$94,550.

They, therefore, recommend that annexed resolution be adopted:

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ninety-four thousand five hundred and fifty dollars (\$94,550) the proceeds whereof shall be applied to the maintenance of Parks, Boroughs of Manhattan and Richmond.

JOHN R. DAVIES, B. W. B. BROWN, THOMAS J. MULLIGAN, JOHN DIEMER, A. L. KLINE, JOSEPH FALK, Committee on Finance.

The City of New York—Department of Parks,
Arsenal, Central Park,
February 4, 1907.

To the Honorable the Board of Aldermen, The City of New York:

Gentlemen—I beg to request that your Honorable Board will, pursuant to section 188 of the City Charter, request the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$200,000 to provide for the deficiency between the sum actually required for the maintenance of parks, parkways, playgrounds, etc., in the Boroughs of Manhattan and Richmond, and the amount allowed for that purpose in the Budget for the current year.

The Departmental estimate for 1907, as presented to the Board of Estimate and Apportionment, containing a detailed account of expenditures necessary to be made for these items, was based upon the actual payroll expense and the cost, carefully estimated, of necessary supplies, and the work cannot be accomplished for the amount of the appropriations without a material reduction of the force, resulting in a degree of maintenance which would be neither creditable to the City nor satisfactory to the public.

The actual deficit is shown as follows:

	Asked.	Allowed.
Labor, Maintenance, Supplies and Preservation of Stone Work	\$874,332 00	\$663,822 50
Playgrounds, Kindergartens, Baths and Comfort Stations.	125,960 00	64,894 00
Harlem River Driveway	32,175 00	15,000 00
	<u>\$1,032,467 00</u>	<u>\$743,716 50</u>

While the deficit thus shown exceeds the amount now asked for, I have in mind the fact that the demands upon this source of revenue make necessary an economic distribution of the funds at your disposal under this section of the Charter, but with

this additional sum I am of opinion that with careful management and a small reduction of the force, where it can be done to the least disadvantage, fairly creditable results may be obtained.

For your better information, I beg to inclose a copy of the estimate showing in detail the expenditures necessary to accomplish the work required to be done under the appropriations above mentioned during the current year.

Respectfully,

MOSES HERRMAN,

Commissioner of Parks, Boroughs of Manhattan and Richmond.

Labor, Maintenance and Supplies.

Following in detail is the force employed on the parks and the supplies which will be required for the coming year, all of which are properly chargeable to this appropriation, and upon which this estimate is based:

Labor.

1 Foreman of Carpenters and Mechanics, \$150 per month.....	\$1,800 00

Playgrounds, Kindergartens, Bathhouses and Comfort Stations in the Parks.

The following estimate shows the exact cost of maintaining these park features, and much of it has to be paid for the maintenance appropriation, an account which is itself entirely inadequate for its own needs:

Playgrounds—		
1 Gymnasium Attendant in charge (Supervisor).....	\$2,000 00	
25 Gymnasium Attendants (male), at \$900 each.....	22,500 00	
25 Playground Attendants (female), at \$720 each.....	18,000 00

An analysis has also been made, for the purposes of this report, of the disbursements for department labor during 1905 and 1906, made from the proceeds of Corporate Stock issues authorized for specific construction work, improvements and betterments. The expenditures thus made from Corporate Stock issues exclusively in payrolls for department labor employed on the work in the several branches of the department were:

	1905.	1906.
Manhattan and Richmond.....	\$130,181 02	\$81,701 64

Totals.....	<u>\$498,162 98</u>	<u>\$344,044 63</u>

A recapitulation is herewith presented showing the aggregate amounts paid for department labor from all funds, viz.: Budget appropriation accounts, Special Revenue Bonds and Corporate Stock issues:

It will be seen from an examination of the foregoing statement that the average weekly cost by boroughs for Department labor engaged in all classes of work during 1905 and 1906 was as follows:

	1905.	1906.
Manhattan and Richmond.....	\$12,500 00	\$13,183 00
Brooklyn and Queens.....	11,964 00	12,145 00
The Bronx.....	8,831 00	9,920 00
Average for all boroughs.....	<u>\$33,295 00</u>	<u>\$35,248 00</u>

The amount asked for is not desired to permit of an increase in the rate of expenditure on this item, but simply to meet the actual cost of this work as established on the present economical basis. The only increase is asked to provide for an additional playground in the newly completed St. Gabriel's Park.

March 30, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—Pursuant to your instructions, and in compliance with the request of Hon. John R. Davies, Chairman of the Committee on Finance of the Board of Aldermen, addressed to the Comptroller under date of February 21, 1907, an examination has been made in the Bureau of Municipal Investigation and Statistics as to certain disbursements by the Department of Parks during 1905 and 1906.

The object of the examination has been to obtain information pertinent to requests from the three Commissioners of Parks for the issue of Special Revenue Bonds to supplement the appropriations made in the annual Budget for 1907 for the maintenance of the parks, parkways, boulevards, playgrounds, driveways, etc., under their several jurisdictions as follows:

No. 1541. Manhattan and Richmond.....	\$200,000 00
No. 1542. Brooklyn and Queens.....	254,611 25
No. 1540. Borough of The Bronx.....	170,000 00

Total amount requested to be provided by issue of Special Revenue Bonds, all boroughs..... \$624,611 25

In order to show succinctly the effect of the increased appropriations for the purposes specified, in the event of the requests for the issues of Special Revenue Bonds being approved, the following statement has been prepared:

Boroughs.	Budget Allowances, 1907.	Issue of Revenue Bonds Requested.	Total for Maintenance, if Granted.
Manhattan and Richmond.....	\$773,716 50	\$200,000 00	\$973,716 50
Brooklyn and Queens.....	665,000 00	254,611 25	919,611 25
The Bronx.....	309,774 68	170,000 00	479,774 68
Total.....	<u>\$1,748,491 18</u>	<u>\$624,611 25</u>	<u>\$2,373,102 43</u>

The above amounts refer exclusively to general maintenance accounts and do not include general administration, museums and other special accounts, such as aquarium, care of Grant's Tomb, etc.

Analysis has been made of the disbursements on account of labor, maintenance and supplies charged to and paid out of Budget appropriation accounts and the proceeds of Special Revenue Bond issues during 1905 and 1906.

During 1906 issues of Corporate Stock were authorized by the Board of Estimate and Apportionment for the construction of new parks, new shelter houses, comfort stations, athletic club houses and for other specific improvements such as road-making, grading, sloping, etc. The resolution authorizing these issues of Corporate Stock were upon the motion of the Comptroller, made for specific purposes, as it had been found the practice in the past to use Corporate Stock moneys appropriated for betterments on ordinary maintenance. The effect of the adoption of the new method of making appropriations for specific purposes would seem to have operated satisfactorily in the boroughs of Brooklyn and Queens, where the great bulk of the improvements made from the Corporate Stock funds of 1906 were made under the contract system. Here it will be seen that the amount expended for payrolls from Corporate Stock

Fund in 1906 was \$39,999.63, as against \$197,930.57 in 1905. In Manhattan and Richmond boroughs there was also a decrease in the amount expended for Department labor out of Corporate Stock funds, it being \$81,701.64 in 1906, as compared with \$130,181.02 in 1905. In the Borough of The Bronx, however, there would appear to have been an extension in the practice of using Department labor in the making of park improvements and betterments. In explanation of this fact the statement has been made by officials of the Department to your Examiners that the local conditions in The Bronx are such that road-making, which appears to have comprised the larger portion of the betterments, can be done cheaper by Department labor than by contract. In 1906 there was \$222,343.36 expended in payrolls from the Corporate Stock Park Improvement Funds, and in 1905 the sum so expended was \$170,051.39. The determination as to whether the services rendered by any gang of workmen during a weekly period should be charged to Budget Appropriation Accounts, which are intended for maintenance only, or to Corporate Stock appropriations provided for betterments, it would appear, depends upon the reports of Timekeepers and Foremen, who must distinguish as to the character of the work done.

The facts and figures hereinbefore given in relation to the sums expended for Department labor from Corporate Stock funds are here set forth so as to permit of an intelligent understanding of the cost of the labor element employed in the City's parks. They, however, would appear to have no particular bearing upon the reasonableness or otherwise of the requests of the several Commissioners of Parks for the issue of Special Revenue Bonds now before the Board of Aldermen, the proceeds of which, if authorized, are intended for maintenance purposes only.

So that this question may be fairly considered the following summary has been prepared showing expenditures during 1905 and 1906 for all maintenance purposes from annual Budget appropriations and from the issue of Special Revenue Bonds combined, as compared with the Budget allowances for 1907:

	1905.	1906.	Budget Allowances, 1907.	Apparent Deficit Compared With 1906.
Manhattan and Richmond.....	\$628,557 01	\$789,334 39	\$773,716 50	\$15,617 89
Brooklyn and Queens.....	563,306 01	765,986 43	665,000 00	100,986 43
The Bronx.....	315,999 25	324,375 97	309,774 68	14,601 29
Total.....	\$1,507,772 27	\$1,879,696 79	\$1,748,491 18	\$131,205 61

The Budget allowances for 1907 were made by the Board of Estimate and Apportionment after a careful examination of the estimates of the Commissioners for the several boroughs.

Examination of the accounts of the three branches of the Department of Parks for the months of January and February, 1907, shows that the disbursements made for maintenance purposes out of the Budget appropriations were as follows:

	Disbursements, 1907 to March 1.
Manhattan and Richmond—	
Labor	\$113,273 35
Supplies	31,706 29
	\$144,979 64
Brooklyn and Queens—	
Labor	\$69,682 19
Supplies	1,050 48
	70,732 67
The Bronx—	
Labor	\$67,120 49
Supplies	857 99
	67,978 48
Total.....	\$283,690 79

The average weekly payroll cost, on account of maintenance and charged to appropriation accounts and Revenue Bond issues during 1905 and 1906, as well as for the first two months of this year, in the three boroughs of the Department, was as follows:

Average Weekly Payroll Charged to Maintenance Accounts.

	1905.	1906.	January and February, 1907.
Manhattan and Richmond.....	\$10,014 00	\$11,600 00	\$13,326 00
Brooklyn and Queens.....	8,158 00	11,300 00	8,200 00
The Bronx	5,360 00	5,660 00	7,880 00

Thus it appears, notwithstanding the fact that the amount made available by the 1907 Budget for maintenance purposes in Manhattan and Richmond was \$15,617.89 less than that provided in appropriation account and Revenue Bonds last year, the average weekly payroll for the first two months of this year increased from \$11,600, the average for 1906, to \$13,326. In the Borough of The Bronx there would also appear to have been an increase in the average weekly payroll in the same period from \$5,660 to \$7,880, in face of the fact that the Budget allowance for the year 1907 is \$15,601.29 less than the amount available in 1906. In Brooklyn and Queens there would seem to have been an effort made to live within the appropriation. This, it is shown, was \$100,986.43 less than the amount available in 1906. The average weekly payroll in January and February was about \$8,200, or \$3,100 less than the average for 1906. In explanation of this fact the Commissioner for Brooklyn and Queens prepared schedules of help showing that for the week ending February 22, 1907, there were 598 persons on the weekly payroll, as compared with 943 for the week ending August 3, 1906. It has been learned during the course of this examination that the Commissioners of Parks for Manhattan and Richmond and the Borough of The Bronx have, during the present month, ordered that a large number of the labor force be placed on part time. In addition to those placed on part time, 138 men were laid off in The Bronx. In Manhattan 478 Laborers were put on half time, the number on half time being about 500.

The Commissioners on their several accounts make various statements regarding the necessity of providing more money yearly for park maintenance than has been appropriated during the past ten years. Several causes are specified, the most important being that there are in each case increased park areas, new playgrounds and parkways to be maintained. The increase in the automobile traffic with its ravages on macadam roads is also given as one cause of greatly increased disbursements for road repairs.

In reaching conclusions as to the reasonableness of the requests for additional funds for the maintenance of parks, in view of the facts herein presented it must of course be presumed that the services rendered for the amounts so expended in 1905 and 1906 were fairly commensurate with the cost. That the character of work usually performed by Laborers, Gardeners, Mechanics and Teamsters employed in the City's parks is hardly comparable with that in private employment would probably not be denied. However, under existing Civil Service regulations, it is probably not practicable to secure any more efficient help than is now employed. Assuming this to be the fact, it would seem proper that some increased allowance be made each year to provide for the increased area and responsibilities of the Department of Parks, as is usually the case with all other City departments. If, on this theory, the three branches of the Department were to be allowed, say 10 per cent. more for maintenance than the total expenditures for this purpose in 1906, the following specified amounts would appear to be needed to meet the requirements of 1907, and it is hereby suggested that the Comptroller recommend to the Board of Aldermen the adoption of resolutions providing for the issue of Special Revenue Bonds in the amounts named:

Manhattan and Richmond.....	\$94,550 00
Brooklyn and Queens.....	177,585 00
The Bronx	47,039 00

Respectfully,
(Signed) CHAS. S. HERVEY,
Supervising Statistician and Examiner.

No. 1542—(S. O. No. 174).

The Committee on Finance, to whom was referred on February 5, 1907 (Minutes, page 197), the annexed request of the Commissioner of Parks, Boroughs of Brooklyn and Queens, for \$254,611.25 for park maintenance, respectfully

REPORTS:

Park Commissioner Kennedy appeared before your committee, and made a similar statement to the one made by Commissioner Herrman on the same subject in relation to the park system in Manhattan and Richmond. For the reasons set forth in the report of the Committee on Introductory No. 1541, the committee believes that an addition of sufficient funds to make an increase of 10 per cent. over the total for 1906 is reasonable, and, therefore, recommends the issuance of Special Revenue Bonds to the amount of \$177,585 for maintenance, as suggested in the Comptroller's report.

They, therefore, recommend that the annexed resolution be adopted:

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred and seventy-seven thousand five hundred and eighty-five dollars (\$177,585), the proceeds whereof shall be applied to the maintenance of parks, Boroughs of Brooklyn and Queens.

JOHN R. DAVIES, B. W. B. BROWN, A. L. KLINE, THOMAS J. MULLIGAN, JOHN DIEMER, JOSEPH FALK, Committee on Finance.

Department of Parks, Boroughs of Brooklyn and Queens,
Litchfield Mansion, Prospect Park,
February 1, 1907.

To the Honorable Board of Aldermen of The City of New York:

Gentlemen—I herewith make application for the issuing of Special Revenue Bonds to the amount of two hundred and fifty-four thousand six hundred and eleven dollars and twenty-five cents (\$254,611.25), to make up the deficiency between the sum granted by your Honorable Body for the maintenance of the Department of Parks for the Boroughs of Brooklyn and Queens and the amount asked for in the Budget for 1907.

This department was allowed by your Honorable Body for the year 1906 the sum of seven hundred and seventy thousand dollars (\$770,000), of which seven hundred and sixty-eight thousand and eighty-six dollars and fifty-one cents (\$768,086.51) was expended for park maintenance, leaving a balance on hand of one thousand nine hundred and thirteen dollars and forty-nine cents (\$1,913.49).

For the year 1907 the amount allowed is but six hundred and sixty-five thousand dollars (\$665,000), or one hundred and five thousand dollars (\$105,000) less than granted for 1906, or one hundred and three thousand and eighty-six dollars and fifty-one cents (\$103,086.51) less than was actually expended during the year.

The various amounts allowed for 1906 were expended as follows:

Supplies	\$176,522 87
Care of Street Trees	20,000 00
Labor	571,563 64
	\$768,086 51

	Asked for 1907.	Increase.
Supplies	\$202,350 00	\$25,827 13
Care of street trees	57,600 00	37,600 00
Labor	659,661 25	88,097 61

The increase of twenty-five thousand eight hundred and twenty-seven dollars and thirteen cents (\$25,827.13) in supplies is mainly for new rolling stock, sprinklers, etc., and road material.

The increase in the care of street trees, thirty-seven thousand six hundred dollars (\$37,600), should be allowed, as the present force, based on the allowance of twenty thousand dollars (\$20,000), is utterly insufficient to cope with the numerous demands made upon it.

The increase of eighty-eight thousand and ninety-seven dollars and sixty-one cents (\$88,097.61) for labor is needed to maintain the parks and parkways in their present satisfactory condition.

Shortage 1907 compared with 1906, \$103,086.51.

I have been compelled during the month of August, 1906, to lay off about one hundred and thirty (130) men for lack of funds. I have made a further lay-off in January, 1907, of some one hundred and fifty (150) Laborers, Mechanics, etc., and about thirty-five (35) teams and carts, and a further reduction in the working force must be made unless additional funds are granted.

Very truly yours,

M. J. KENNEDY, Commissioner.

No. 1682—(S. O. No. 175).

The Committee on Finance, to whom was referred on March 12, 1907 (Minutes, page 662), the annexed resolution in favor of an issue of Special Revenue Bonds, \$177,000, for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan, respectfully

REPORTS:

Borough President Ahearn, Chief Engineer of Highways Olney and Auditor Davis appeared before your committee and urged the adoption of this resolution. The committee has received the annexed report from the Bureau of Investigations of the Comptroller's office, which recommends that some relief be given. The condition of the street pavements of the Borough of Manhattan is notorious, and they demand immediate attention and repair. As the annexed report states some funds were allowed to the President in the Budget, but the committee believes not in sufficient amount to meet the present great need. The report further shows that so large a number of streets become out of maintenance by the paving companies during 1907 that some provision must be made for same. The Budget allowance for 1907 for this purpose was \$133,000 less than was actually used during 1906. The committee believes, from its general knowledge and investigations on the subject that the present paving system does not meet the requirements of this borough, and they hope that the Borough President will have a careful investigation made to devise some means whereby this state of affairs may be speedily remedied.

The committee recommends that \$150,000 be allowed for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan.

(SUBSTITUTE.)

Resolved, That in pursuance of the provisions of subdivision 8, section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred and fifty thousand dollars (\$150,000) for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan.

(ORIGINAL.)

Resolved, That in pursuance of the provisions of subdivision 8, section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred and seventy-seven thousand dollars (\$177,000) for the purpose of repairing and maintaining asphalt pavements in the Borough of Manhattan.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, THOS. J. MULLIGAN, A. L. KLINE, JOSEPH FALK, Committee on Finance.

To the Honorable Committee on Finance, Board of Aldermen, City Hall:

Gentlemen—In regard to the resolution for the issue of Special Revenue Bonds to the amount of \$177,000 for the purpose of repairing and maintaining asphalt pave-

ments in the Borough of Manhattan during the year 1907, referred by you to the Bureau of Municipal Investigation and Statistics for information, I beg to report as follows:

The Budget appropriation, Repairs and Renewal of Pavements and Regrading, Borough of Manhattan, for the year 1906, was \$602,558. On March 30, 1906, Special Revenue Bonds for the same purpose were authorized to the amount of \$238,000, making a total allowance for said purpose of \$840,558. Later in the year, in September, October, November and December, transfers were made from this to other appropriations of the borough to the amount of \$43,200, leaving for purposes of the appropriation the sum of \$797,358 00

—which was expended as follows:

Payroll	\$504,808 00
Materials, etc.....	53,877 00
Repairs and renewals	237,819 00
	<hr/> 796,504 00
	<hr/> \$854 00

The employees on this payroll repaired during the year 272,531 square yards of stone, block and macadamized pavement.

The item of \$53,877 for materials, etc., was expended as follows:

Miscellaneous supplies, tools, etc.....	\$4,879 00
Rents	2,505 00
Repairing asphalt pavements	2,302 00
Repairing tools	2,478 00
Ten-year maintenance contracts	10,519 00
Carfares	6,249 00
Cement contract	4,861 00
Miscellaneous work, flagging, etc.....	4,335 00
Horses and wagons	15,760 00
	<hr/> \$53,877 00

The repairs and renewals were made as follows:

160,000 square yards asphalt, at 75 cents.....	\$120,000 00
500 cubic yards concrete, at \$5.....	2,500 00
2,500 square yards wearing surface, at \$2.50.....	6,250 00
15,000 square yards block asphalt, at \$1.50.....	24,000 00
100 cubic yards concrete, at \$6.....	600 00
Repairing fire burns	84,469 00
	<hr/> \$237,819 00

In his Departmental estimate for 1907 the President of the Borough asked for an appropriation of \$971,611 for repairs and renewals of pavement, and was allowed in the Budget the sum of \$654,507.50, or \$141,008.50 less than the amount expended in 1906. He estimates that expenditures from this appropriation will be as follows: For payroll, \$495,082, and for materials, etc., \$55,000, a total of \$550,082, which, if taken from \$654,507.50, would leave \$104,425.50 available for repairs and renewals, or 133,393.50 less than the amount expended in 1906 for that purpose.

It is estimated, however, that there will have to be a greater amount of repairing done in 1907 than was necessary in 1906, for the reason that a number of contracts guaranteeing maintenance of pavement are to expire during 1907. The street surface on which the original guarantys of maintenance expired prior to or during the year 1906, and upon which the 1906 contracts for repairs were estimated and made, amounted to 556,108 square yards of pavement, extending along some twenty-eight miles of streets. By reason of the expiration of maintenance contracts during 1907 the area to be kept in repair by appropriation, therefore, will be greater by 378,581 square yards than in 1906, an addition of nineteen miles to the street extension. It is therefore estimated by the President of the Borough that the contracts for 1907 should call for the repair of at least 175,000 square yards of pavement, an increase of 15,000 yards over 1906.

He also apprehends that in view of the tendency to an advance in the price of labor and material that he can not safely rely on receiving bids as low as were made on the 1906 contracts, and has thought it but prudent to be prepared to pay as high as \$1 per square yard, as against 75 cents paid in 1906, or \$175,000 for this particular work. He also contemplates contracting for 400 cubic yards of concrete work, for which he thinks he should be prepared to pay \$6 a yard, or a total of \$2,400. He estimates that the remainder of the sum which he asks to be made available for purposes of repairs will be needed to pay for the repair of fire burns, according to existing contracts with paving companies.

If to \$104,425.50, the amount estimated to be at present available for repairs, there should be added \$177,000 through the issue of the bonds contemplated in the resolution, there would then be available for the purpose the sum of \$281,425.50, to be expended as follows:

175,000 square yards, at \$1.....	\$175,000 00
400 cubic yards concrete, at \$6.....	2,400 00
Repairing fire burns	104,025 50
	<hr/> \$281,425 50
Expended in 1906	237,819 00
Proposed increase for 1907.....	<hr/> \$43,606 50

This would be an increase of about 18 per cent. in cost, with an increase of pavement surface during the year of about 60 per cent.

It is evident that some provision should be made at once to enable the President to enter into contracts necessary to the proper care of the asphalt paved streets, as the funds at his command are clearly insufficient for the purpose. In view, however, of the probability that estimates have been made with that abundant caution which is not unlikely to carry them above what will prove to be actually necessary, and of the consideration that as there are to be no general elections this year, there are not likely to be as many fire burns as usual, it would seem that the emergency of the situation might perhaps be adequately met by the issue of Special Revenue Bonds to an amount somewhat less than called for by the resolution.

The Committee on Finance, to whom was referred on March 19, 1907 (Minutes, page 681), the annexed ordinance in favor of an issue of Corporate Stock, \$1,100,000, for purchase of property and franchises of the Staten Island Water Supply Company, respectfully

REPORTS:

The Committee has had several hearings on this proposition and the sub-committee has visited Staten Island and gone over the premises. The Committee, however, has recently received some information which they believe should be inquired into, and for the purpose of getting sufficient additional time to attend to same, they recommend that this resolution be rejected at this time, so that it may be repassed by the Board of Estimate and Apportionment, and thus give them the additional time required.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one million one hundred thousand dollars (\$1,100,000) for the purpose of providing means for the payment of the property and franchises of the Staten Island Water Supply Company.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 15, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That the Board of Estimate and Apportionment hereby assents to and approves of the acquisition, by purchase, by the Commissioner of Water Supply, Gas and Electricity, with the assent of the Mayor and Comptroller, for and in behalf of and in the name of The City of New York, of the property, franchises and business of the Staten Island Water Supply Company lying, located or conducted within the boundaries of The City of New York, as at present constituted, and all rights, title and interests in and to the same of every nature whatsoever, and hereby authorizes the said Commissioner in behalf of and in the name of The City of New York to enter into a contract for such purchase with the Staten Island Water Supply Company in form approved by the Corporation Counsel; and

"Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to the amount of one million one hundred thousand dollars (\$1,100,000) to provide means for the purchase of the property and franchises of the Staten Island Water Supply Company, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of one million one hundred thousand dollars (\$1,100,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, THOMAS J. MULLIGAN, A. L. KLINE, JOSEPH FALK, Committee on Finance.

Under rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and reject said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Callahan, Clifford, Cronin, Davies, Diemer, Doull, Downing, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Herold, Jacobson, Keely, Kline, Krulish, Kuck, Lawlor, Leverett, Markert, Meyers, Mulligan, Olvany, O'Neill, Peters, Potter, Richter, Stapleton, Sturges, Wafer, Wentz; President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Ahern and the Vice-Chairman—40.

And the Vice-Chairman, in accordance with the provisions of section 48 of the Charter, announced that the above ordinance had been rejected.

The Committee on Finance, to whom was referred on March 19, 1907 (Minutes, page 687), the annexed resolution in favor of an issue of Special Revenue Bonds, \$20,000, for use of the Register of Kings County for arranging and handling papers and books in his office, respectfully

REPORTS:

The Register appeared before your Committee and stated that he had introduced a system whereby the papers recorded in his office were now brought practically down to date, although they had been over a year behind time when he took office, and also had introduced a system of having messengers personally deliver all of these papers back to the person who recorded them. The Committee recognizes the great increase of work in this office during the past two or three years, owing to the large amount of real estate transfers, and they believe that some relief should be given. They therefore recommend the adoption of the accompanying substitute resolution providing for ten thousand dollars for the purposes specified.

(SUBSTITUTE.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000) for the use of the Register of Kings County, for the purpose of delivering papers and arranging and handling papers and books in his office.

(ORIGINAL.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty thousand dollars (\$20,000), for the use of the Register of Kings County, for the purpose of delivering papers and arranging and handling papers and books in his office.

The Committee on Finance, to whom was referred on March 26, 1907 (Minutes, page 779), the annexed resolution in favor of an issue of Special Revenue Bonds, \$4,000, for purchase of an automobile for use of the District Attorney, Queens County, respectfully

REPORTS:

The Committee has carefully considered this matter, but they cannot see why the District Attorney of Queens County, or any other County, should require the permanent use of an automobile for official business. They believe that in the future automobile applications should be granted only when great necessity is shown for same. They therefore recommend that this resolution be placed on file.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of four thousand dollars (\$4,000), the proceeds thereof to be applied to the purchase of an automobile for the use of the District Attorney of Queens County.

The Committee on Finance, to whom was referred on April 2, 1907 (Minutes, page 54), the annexed resolution in favor of paying bills for telephone services rendered the Board of Aldermen and City Clerk's offices, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw warrants as follows:

One in favor of the New York Telephone Company for two hundred and seven dollars and eighty-six cents (\$207.86), being for telephone service furnished to the office of the City Clerk for the three months ending December 31, 1906.

One in favor of the New York and New Jersey Telephone Company for two hundred and twenty dollars and ninety-seven cents (\$220.97), being for telephone service furnished to the rooms of the Board of Aldermen in the Borough of Brooklyn, for the three months ending December 31, 1906.

One in favor of the New York and New Jersey Telephone Company for thirty-three dollars and thirty-two cents (\$33.32), being for telephone service furnished to the office of the City Clerk in the Borough of Brooklyn, for the three months ending December 31, 1906.

The said several sums to be payment in full for all services rendered during the periods stated, and to be charged to and paid out of the appropriation entitled City Contingencies, 1906.

Reports of Committee on Salaries and Offices—

No. 1738—(G. O. No. 223).

The Committee on Salaries and Offices, to whom was referred on March 26, 1907 (Minutes, page 733), the annexed resolution in favor of fixing salaries of positions, office of Commissioners of Accounts, respectfully

REPORTS:

Commissioner Von Skal appeared before the committee and explained that the new grade of Clerk at \$1,650 is intended as an intermediate one, the present grades being \$1,500 and \$1,800; similarly that the new grade of accountants at \$1,750 is an intermediate one, the present grades being \$1,500, \$1,600 and \$2,000. Your committee approves the plan of grades with comparatively small differences in salary, as affording opportunity for proper and not extravagant promotions. The resolution fixes the salary of the Law Examiner at \$2,500; the present salary is \$2,000, which the incumbent, who is a lawyer, has received for six years. His services are said to be of great value to the Department. For the present the committee wishes to retain for further consideration the salaries of the Chief Engineer and Examining Engineer. The committee recommends the adoption of the following substitute resolution:

Resolved, That the Board of Aldermen hereby concurs in so much of said resolution as refers to Law Examiner, Clerk and Accountant, and fixes the salaries of the said positions as set forth in said resolution to take effect, however, when this resolution is approved by the Mayor.

Whereas, The Board of Estimate and Apportionment at a meeting held March 22, 1907, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the Office of the Commissioners of Accounts, in addition to those already existing therein, to take effect April 1, 1907:

	Incumbents.	Per Annum.
Chief Engineer	1	\$4,500 00
Examining Engineer	1	2,700 00
Law Examiner	1	2,500 00
Clerk	1	1,650 00
Accountant	3	1,750 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions as set forth therein, to take effect April 1, 1907.

The Committee on Salaries and Offices, to whom was referred on March 26, 1907 (Minutes, page 735), the annexed resolution in favor of fixing salaries of positions, Court of Special Sessions, First Division, respectfully

REPORTS:

Justice Olmstead appeared before the committee and gave the reasons of the Justices for asking the increases provided by this resolution. The Clerk of the Court now receives \$4,000, and an increase to \$5,000 is asked. In earlier years the salary of this position was \$6,000. The Clerk at \$720 now receives \$480; the Justices had asked that the salary be fixed at \$900. The Assistant Clerk in the Children's Division for whom a salary of \$2,250 is provided has received \$2,000 for five years. He acts as an interpreter also, with a variety of languages at his command, and is a generally valuable man. The Interpreter in the Children's Division for whom a salary of \$1,950 is fixed receives \$1,700 now. He does clerical work also. A salary of \$1,650 is provided for the position of Clerk in the office of the Clerk of the Children's Division. The work is now done by an Attendant who receives \$1,500. He would be appointed to the new position. The work of the Court of Special Sessions is important and growing, and the committee believes that the work will be facilitated by the approval of this resolution. The committee has not yet been advised by the Corporation Counsel as to antedating salary increases, and, therefore, in this case, and in all others reported to-day, provides that the resolution shall take effect when approved by the Mayor. The committee recommends the adoption of the following substitute resolution.

Resolved, That the Board of Aldermen hereby concurs in said resolution, and fixes the salaries of the above positions as set forth therein, to take effect, however, when this resolution is approved by the Mayor.

Whereas, The Board of Estimate and Apportionment at a meeting held March 22, 1907, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the Court of Special Sessions, First Division, in addition to those already existing therein, to take effect April 1, 1907:

The Committee on Salaries and Offices, to whom was referred on March 26, 1907 (Minutes, page 736), the annexed resolution in favor of fixing salaries of positions in the Fire Department, respectfully

REPORTS:

Fire Commissioner Lantry appeared before the committee and gave the reasons for asking for the two new places, Supervising Engineer and Interpreter, provided for by this resolution, and for the increase in salary of the Chief Inspector of Fire Alarm Telegraph Bureau. The present incumbent of the last mentioned place is an expert electrician, appointed from the Civil Service list, and receives \$1,200, although he has men receiving \$1,500 working under him. The increase to \$1,800 seems reasonable. The Interpreter is desired as an assistant to the Fire Marshal, and the committee believes that the Board will readily understand why such an assistant is needed. The committee desires for the present to hold under consideration the provision for a Supervising Engineer. The committee recommends the adoption of the following substitute resolution:

Resolved, That the Board of Aldermen hereby concurs in so much of said resolution as refers to Interpreter and Chief Inspector in Fire Alarm Telegraph Bureau, and fixes the salaries of the said positions as set forth in said resolution, to take effect, however, when this resolution is approved by the Mayor.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 22, 1907, adopted the following resolution:

The Committee on Salaries and Offices, to whom was referred on March 26, 1907 (Minutes, page 738), the annexed resolution in favor of fixing salaries of positions under President, Borough of Brooklyn, respectfully

REPORTS:

The committee is much impressed with the arguments in favor of increasing the salary of Mr. Heffernan, the Private Secretary to the President of the Borough of Brooklyn, but believes that the precedent for the salary of Private Secretary, as a grade, at \$4,000 should be avoided. The committee feels that where the salary is increased because of the special merit of the present incumbent of the office, the resolution should provide that in the event of a vacancy occurring in the office the previous salary should be re-established. The committee recommends the return of the accompanying resolution to the Board of Estimate and Apportionment, with the request that it be modified in the respect suggested.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 22, 1907, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions under the jurisdiction of the President of the Borough of Brooklyn, in addition to those already existing therein, to take effect April 1, 1907:

	Incumbents.	Per Annum.
Private Secretary to President	1	\$4,000 00

The Committee on Salaries and Offices, to whom was referred on March 26, 1907 (Minutes, page 739), the annexed resolution in favor of fixing the salaries of two positions in the Department of Parks, Borough of The Bronx, at \$1,950 and \$1,350, respectively, respectfully

REPORTS:

The committee is advised by the Commissioner of Parks, Borough of The Bronx, that he has no funds with which to pay the salary of the new position and the increase in an old position provided for by the accompanying resolution. The committee is opposed to reporting favorably resolutions which will make necessary the issue of Special Revenue Bonds, and therefore recommends that this resolution be placed on file.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 22, 1907, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following position in the Department of Parks, Borough of The Bronx, to take effect April 1, 1907:

	Incumbent.	Per Annum.

The Committee on Salaries and Offices, to whom was referred, on March 26, 1907 (Minutes, page 739), the annexed resolution in favor of fixing salaries of two positions in the Department of Parks, Boroughs of Manhattan and Richmond, at \$2,250 and \$750 respectively, respectfully

REPORTS:

Colonel Smith, the Assistant Secretary to the Department, appeared before the committee and explained that the Telephone Operator has received a salary of \$600 for nearly five years. The Clerk has received a salary of \$2,000 for four years, has been twenty-two years in the Department, acts as Chief Clerk in the Superintendent's office, and is said to be a very valuable man. The resolution provides an increase of \$250. The Committee recommends the adoption of the accompanying resolution.

Whereas, The Board of Estimate and Apportionment at a meeting held March 22, 1907, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, in addition to those already existing therein, to take effect April 1, 1907:

	Incumbents.	Per Annum.

No. 1769.

The Committee on Salaries and Offices, to whom was referred on March 26, 1907 (Minutes, page 746), the annexed resolution in favor of fixing the salaries of certain positions in the office of the Surrogate of New York County, respectfully

REPORTS:

The committee has under consideration a resolution covering seven places in the office of the Surrogate of New York County, and desires to limit to the present incumbent the proposed salary of \$10,000 for the Chief Clerk, for the reasons set forth in our report hitherto made on resolution Introductory No. 1750. The committee, therefore, recommends the adoption of the following resolution:

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to adopt and forward to the Board of Aldermen a resolution fixing the salary of the Chief Clerk in the office of the Surrogate, New York County, at \$10,000, but providing that such salary shall apply to the present incumbent only, and that in the event of a vacancy occurring in said office, the previous salary of \$8,500 shall be re-established.

Whereas, The Board of Estimate and Apportionment at a meeting held March 22, 1907, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the office of the Surrogate, New York County, in addition to those already existing therein, to take effect April 1, 1907:

	Incumbents.	Per Annum.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

Which report was accepted.

No. 1774—(G. O. No. 230).

The Committee on Salaries and Offices, to whom was referred on March 26, 1907 (Minutes, page 748), the annexed resolution in favor of fixing the salaries of two Probation Officers in the office of the Board of Parole at \$1,400 each per annum, respectfully

REPORTS:

That in acting favorably upon this resolution, your committee does not wish to be understood as intending to establish the salary therein provided as a precedent in all cases of similar nature.

Your committee recognizes that with respect to these particular incumbents they are obliged to incur expenses, for which no allowance is made them, and which materially reduce their actual compensation.

The number of persons in their custody on parole, and the territory required to be covered by them in the discharge of their duties, justify the salary provided by the resolution.

Your committee recommends that the resolution be amended by striking therefrom the words "to take effect April 1, 1907," and that as so amended the same be adopted.

Whereas, The Board of Estimate and Apportionment at a meeting held March 22, 1907, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Probation Officer in the office of the Board of Parole, in addition to those already existing therein, with salary at the rate of \$1,400 per annum, for two incumbents, to take effect April 1, 1907.

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions as set forth therein, to take effect April 1, 1907.

Reports of Committee on Docks and Ferries—

No. 419—(S. O. No. 178).

The Committee on Docks and Ferries, to whom was referred on March 13, 1906 (Minutes, page 1031), the annexed resolution in favor of the erection of a recreation pier at the foot of Hudson avenue, Gold street or Main street, in the Borough of Brooklyn, respectfully

REPORTS:

Your committee held a public hearing on this matter, which was largely attended by residents of the section affected by the proposed improvement; and the individual members of your committee have personally investigated this matter. The consensus of opinion, with practical unanimity, appears to be in favor of a recreation pier in the vicinity of Gold street. We therefore submit the following substitute resolution:

(SUBSTITUTE.)

Resolved, That the Board of Aldermen recommends to the favorable consideration of the Commissioner of Docks and Ferries and the Board of Estimate and Apportionment the proposition of the erection of a recreation pier at the foot of Gold street, Borough of Brooklyn, or as near thereto as is practicable.

(ORIGINAL.)

Resolved, That a recreation pier be erected at either the foot of Hudson avenue, Gold street or Main street, in the Borough of Brooklyn.

HENRY CLAY PETERS, HERMAN S. FRIED, CHARLES L. KUCK, WILLIAM ROWCROFT, MICHAEL J. CARTER, FRED'K LINDE, Committee on Docks and Ferries.

No. 1337—(S. O. No. 179).

The Committee on Docks and Ferries, to whom was referred on December 4, 1907 (Minutes, page 1540), the annexed resolution in favor of directing Committee on Docks and Ferries to investigate bridge crushes, respectfully

REPORTS:

Your committee held a public hearing on this proposition on the 15th day of February. The consensus of opinion as there evidence favored free ferries on the East river as the only immediate remedy for the present deplorable conditions prevailing on the bridges during the rush hours. The following gentlemen spoke in favor of free ferries, owned and operated by the City: A. Carlin, representing the Municipal Ownership League of the Fourth Assembly District of Kings County; Alderman Smith, representing East Side of Manhattan district; Deputy County Clerk Bela Tokaji, General Robert Avery, J. P. Berg, William Matthews and William H. Boyes, representing the Non-Partisan Municipal Ownership League; Edward Thimme, President of the League for the promotion of Free Ferries; William H. Haggerty, Paul Osterman and Arthur D. Moss, prominent citizens of Brooklyn. The only opposition was voiced by L. C. Phillips, who objected on the ground of the additional expenses that the City would incur.

Since this public hearing, members of your committee have attended various public meetings, at which Comptroller Metz, Borough President Coler, ex-Mayor Wurster and other prominent officials and citizens spoke favoring municipally owned and operated ferries on the East river.

Your committee respectfully recommends the adoption of the following resolution:

(SUBSTITUTE.)

Resolved, That this Board is in favor of the early acquirement of the East river ferry properties by the City and their operation by the municipality; and it respectfully recommends this proposition to the favorable consideration of the Commissioner of Docks and Ferries, the Board of Estimate and Apportionment and the Sinking Fund Commissioners, to all or to such of these honorable bodies as have jurisdiction in the premises.

(ORIGINAL.)

Whereas, The present transit conditions upon the Brooklyn and Williamsburg bridges during the so-called rush hours are most deplorable and call for immediate relief; therefore be it

Resolved, That the Committee on Docks and Ferries be directed to investigate the ferry conditions upon the East river and report to this Board, at as early a date as possible, the result of their investigations, and suggest some plan for relieving the "Bridge crush."

HENRY CLAY PETERS, MICHAEL J. CARTER, JOSEPH FALK, HERMAN S. FRIED, CHARLES L. KUCK, FRED'K LINDE, Committee on Docks and Ferries. Which were severally laid over and made a Special Order for the next meeting at 2 o'clock p. m.

At this point Alderman Downing moved that the courtesies of the floor be extended to Ex-Assemblyman Thomas J. O'Neill, of the Borough of Brooklyn.

Which motion was adopted.

AN ORDINANCE regulating the placing of electric signs in The City of New York, and providing that the same shall be licensed.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Any electric letter, word, model, sign, device or representation in the nature of an advertisement, announcement or direction erected at right angles to any building shall be deemed to be an electric sign.

Sec. 2. Electric signs may be hung or attached at right angles to buildings and extend not to exceed six feet therefrom in said space, and to be ten feet in the clear above the level of the sidewalk in front of such building, upon the payment of an annual license fee of 10 cents for each square foot of sign space or part of square foot of such sign space, to be collected by the City Clerk of The City of New York. The square feet of sign space on one side of an electric sign, however, shall be deemed to be the entire number of square feet of sign space for the purpose of computing the license fee herein referred to and required to be paid.

All electric signs shall be constructed entirely of metal, including the uprights, supports and braces for the same, properly and firmly attached to the building, and shall be so constructed as not to be or become dangerous.

Before any permit is issued by the City Clerk plans and statements of the proposed sign and method of attachment to the building must be filed with the Superintendent of Buildings, having jurisdiction, as provided in part 2, section 4, of the Building Code, and his certificate of approval be obtained as to the sufficiency of the construction and method of attachment to the building. A certificate must also be obtained from the Department of Water Supply, Gas and Electricity certifying that the proposed electric wiring and electric appliances are in conformity with the rules and regulations of that Department.

Sec. 3. No certificate shall be given by the Superintendent of Buildings, and no permit shall be issued by the City Clerk for the erection of electric sign or signs on any building when such building adjoins a building occupied exclusively as a private residence, unless the written consent of the owner or owners of said private residence for the erection of such electric sign be first obtained.

Sec. 4. No electric sign shall be placed, hung or maintained except as in this ordinance provided under a penalty of ten dollars for each offence, and a further penalty of ten dollars for each day or part of a day the same shall continue.

Sec. 5. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 6. This ordinance shall take effect immediately.

Section 1. Section 260 of subdivision 6 of article 10 of chapter 5 of part 1 of the Code of Ordinances of The City of New York, as approved November 8, 1906, is hereby amended so that the same shall read as follows:

6. Signs and Showbills.

Sec. 260. On payment of an annual license fee of five dollars (\$5) to be collected by the Bureau of Licenses, signs, showbills and showboards may be placed on the fronts of buildings, with the consent of the owner thereof, and shall be securely fastened, and shall not project more than one foot from the house wall, except that signs may be hung or attached at right angles to any building and extend not to exceed six (3) feet therefrom in the space between the second floor (the ground floor being considered the first floor) and a point 8 feet in the clear above the level of the sidewalk in front of such building. Signs may be attached to the sides of stoops, but not to extend above the railing or beyond the stoop-line of any stoop. No sign, showbill or showboard shall be placed, hung or maintained except as in this section prescribed, under penalty of \$10 for each offence, and a further penalty of \$10 for each day or part of a day the same shall continue.

Sec. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Smith moved the adoption of this report.

Alderman Schloss moved as an amendment that this report be laid over and made a special order for the next meeting at 2.30 o'clock p. m.

Which motion was adopted.

No. 1818—(S. O. No. 182).

The Committee on Streets, Highways and Sewers, to whom was referred on April 9, 1907 (Minutes, page 57), the annexed resolution in favor of permitting the American Society for the Prevention of Cruelty to Animals to erect a drinking fountain at the junction of Broadway and West End avenue and One Hundred and Seventh street, respectfully

REPORTS:

That having examined the subject, they recommend that the said resolution be adopted.

Resolved, That permission be and the same is hereby given to the American Society for the Prevention of Cruelty to Animals to erect and place a public drinking fountain for man and beast at point of triangle formed by the intersection of Broadway and West End avenue at One Hundred and Seventh street, the said fountain to be paid for by the said American Society for the Prevention of Cruelty to Animals, and to be of a pattern and design approved by the Art Commission of The City of New York. The said drinking fountain to be erected under the supervision of the Commissioner of Water Supply, Gas and Electricity, and the water therefor shall be supplied by the Department of Water Supply, Gas and Electricity without expense to the said society.

ROBERT F. DOWNING, HARRY L. LEVERETT, FRANK L. DOWLING, MAX S. GRIFENHAGEN, JOHN HANN, THOS. D. DINWOODIE, Committee on Streets, Highways and Sewers.

Which was made a special order for the next meeting at 2 o'clock p. m.

The Committee on Streets, Highways and Sewers, to whom was referred on April 9, 1907 (Minutes, page 126), the annexed ordinance in favor of fixing the roadway of Coney Island avenue, between Kings highway and Neptune avenue, Borough of Brooklyn, respectfully

REPORTS:

That having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to fix the width of the roadway and sidewalks of Coney Island avenue, between Kings highway and Neptune avenue, in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That the width of the roadway of Coney Island avenue, between Kings highway and Neptune avenue, in the Borough of Brooklyn, is hereby fixed at fifty (50) feet, the curb lines to be parallel with and twenty-five (25) feet distant from the centre line of said street as laid down on the map of The City of New York, the sidewalks each to be twenty-five (25) feet in width from building line to curb.

ROBERT F. DOWNING, HARRY L. LEVERETT, FRANK L. DOWLING, MAX S. GRIFENHAGEN, JOHN HANN, THOS. D. DINWOODIE, Committee on Streets, Highways and Sewers.

Which was laid over.

SPECIAL ORDERS.

Alderman Grifenhagen called up Special Order No. 172, being a report and substitute resolution, as follows:

Nos. 1559-1720.

The Committee on Public Health, to whom were referred, on February 5 and March 19, 1907 (Minutes, pages 411 and 714), the annexed ordinances in relation to regulating the sale of milk in The City of New York, respectfully

REPORTS:

That they have carefully considered all the matters referred to in said proposed ordinances, and have held four public hearings, which were very largely attended by medical men, milk dealers, dairymen and the general public. At said public hearings several new proposed ordinances were submitted to your committee as substitutes for the ordinances referred to your committee. Your committee has also made a personal investigation of the conditions under which milk is supplied to and sold in this City, and have consulted with various authorities. Your committee has reached the conclusion that no milk or cream should be sold in this City unless such milk or cream comes from certified herds and has been duly inspected, and your committee further believes that all milk or cream not coming from such herds complying with the bacteriological standard proposed in the accompanying ordinance should be pasteurized under the supervision of the Department of Health.

Your committee therefore recommends the adoption of the following substitute ordinance:

(SUBSTITUTE.)

AN ORDINANCE regulating the sale of milk in The City of New York.

Be it ordained by the Board of Aldermen of The City of New York as follows:

Section 1. On and after the first day of June, 1907, no milk or cream shall be sold at retail, or offered for sale at retail, in The City of New York, except as hereinafter provided, unless it comes from herds certified as free from tuberculosis, and unless the milk or cream has been certified by the Department of Health as containing not more than 500,000 bacteria to the cubic centimeter.

Sec. 2. All milk and cream not from certified herds, or not conforming to the said bacterial standard, shall be pasteurized by exposure for at least twenty minutes to a temperature of 167 degrees Fahrenheit, or by exposure for at least thirty minutes to a temperature of 158 degrees Fahrenheit, under the supervision of the Department of Health, and sealed with a label showing said process, as hereinafter provided.

(a) Identification of Dairy—For the purpose of enforcing this ordinance, it shall be unlawful to ship milk or cream into this city, except in closed cans or bottles on which the name and location of the dairy are distinctly marked, and it shall be unlawful to offer raw milk or cream for sale unless it is certified as hereinafter provided, and unless it is sold in bottles or from cans on which the name of the dairy is distinctly marked.

All milk pasteurized as aforesaid shall be placed in clean cans or bottles, each of which cans or bottles shall be stamped or sealed under the supervision of the Department of Health, in such a manner that said cans or bottles cannot be opened when once so sealed, without breaking said seal.

(b) Certification of Herds—By certified herds shall be meant herds of which each and every cow and ox has been tested within six months with tuberculin and proved free from tuberculosis, and to which no cows or oxen have been added, except such

as have been certified as free from tuberculosis after the application of the tuberculin test.

(c) Certification to be Filed—Certificates of such tuberculin tests, with the charts showing the reaction on each animal, shall be filed with the Department of Health by the Inspectors who have made the tests, and upon the Board of Health approving the reports of the tests of any particular herd, the Department shall issue to the owner of said herd a certificate showing the freedom of his herd from tuberculosis. In lieu of the examination of any herd by the Inspectors of the New York City Department of Health, the said Board, in its discretion, may accept similar certification from the authorities of the State in which the dairy is located, provided that such certification is accompanied by the charts showing the application of the tuberculin test and the reaction in the case of each animal of the herd.

(d) Bacterial Standard—In order to enforce the bacterial standard of 500,000 bacteria to the cubic centimeter, it shall be the duty of the Department of Health to take samples in the city, at least once a month, of the milk and cream of each dairy shipping its product to the city for the retail trade, and said Department shall have bacterial examinations of said samples made at its laboratories.

(e) Order to Pasteurize—In case any sample of milk or cream from any dairy shows more than 500,000 bacteria to the cubic centimeter, or in case the herd of any dairy is not certified as free from tuberculosis, the Board of Health shall at once forbid the sale of milk or cream from that dairy, unless it is pasteurized as required by this ordinance.

(f) Certification of Milk—When the herd of any particular dairy has been certified as free from tuberculosis, and when the milk and cream of said herd, as offered for sale in this city, has been found to contain less than 500,000 bacteria to the cubic centimeter, on examination of at least three samples taken from three different cans or bottles the Department of Health may certify said milk and cream and allow it to be sold raw for the space of one month under a label showing the certification of the Department. Such certification may be renewed from month to month, provided at least three bacterial examinations of the milk and cream of said dairy show the maintenance of the degree of purity set by the bacterial standard hereby established, and provided, further, that the herd has been certified as free from tuberculosis within six months of the issuance of the certification.

(g) Purity Not to be Presumed—No milk or cream shall be presumed to come within the required bacterial standard unless three samples, taken from different cans or bottles within the city, within the month, shall show counts of less than 500,000 bacteria to the cubic centimeter.

(h) Milk Commission Certification—It is provided, further, that this ordinance shall not be construed to forbid the Department of Health to authorize the sale of raw milk or cream that has been certified by the milk commission of the County Medical Society as coming from herds free from tuberculosis, and as having not more than 30,000 bacteria to the cubic centimeter.

(i) No Restriction of Health Board's Power—Nothing in this ordinance shall be construed to limit or abridge the power of the Board of Health to revoke permits for the sale of milk and cream because of unsanitary conditions in dairies or creameries, or milk shops, or for any other cause that may make the sale of any particular milk or cream a menace to the public health.

Sec. 3. Penalties—For any violation of this ordinance the permit of the offender may be temporarily revoked, and for a second offense such offender's permit shall be revoked, and he shall also be liable to punishment as for a misdemeanor.

Sec. 4. Repealer—All ordinances or parts of ordinances inconsistent or conflicting with the foregoing provisions are hereby repealed.

(ORIGINAL, INT. No. 1720.)

Resolved, By the Board of Aldermen, as follows:

1. On and after June 1, 1907, no raw milk or cream shall be sold at retail, or offered for sale at retail, in The City of New York, unless it comes from herds certified as free from tuberculosis, and unless the milk or cream has been certified by the Department of Health as containing not more than 500,000 bacteria to the cubic centimeter.

2. All milk and cream not from certified herds, or not conforming to the said bacterial standard, shall be pasteurized by exposure for at least twenty minutes to a temperature of 167 degrees Fahrenheit, or by exposure for at least thirty minutes to a temperature of 158 degrees Fahrenheit.

(a) Identification of Dairy—For the purpose of enforcing this ordinance, it shall be unlawful to ship milk or cream into this city except in closed cans or bottles on which the name and location of the dairy is distinctly marked, and it shall be unlawful to offer raw milk or cream for sale unless it is certified as hereinafter provided, and unless it is sold in bottles or from cans on which the name of the dairy is distinctly marked.

(b) Certification of Herds—By certified herds shall be meant herds of which each and every cow and ox has been tested within six months with tuberculin and proved free from tuberculosis, and to which no cows or oxen have been added except such as have been certified as free from tuberculosis after the application of the tuberculin test.

(c) Certification to be Filed—Certificates of such tuberculin tests, with the charts showing the reaction on each animal, shall be filed with the Department of Health by the Inspectors who have made the tests, and upon the Board of Health approving the reports of the tests of any particular herd, the Department shall issue to the owner of said herd a certificate showing the freedom of his herd from tuberculosis. In lieu of the examination of any herd by the Inspectors of the New York City Department of Health, the said Board, in its discretion, may accept similar certification from the authorities of the State in which the dairy is located, provided that such certification is accompanied by the charts showing the application of the tuberculin test and the reaction in the case of each animal of the herd.

(d) Bacterial Standard—In order to enforce the bacterial standard of 500,000 bacteria to the cubic centimeter, it shall be the duty of the Department of Health to take samples, in the City, at least once a month, of the milk and cream of each dairy shipping its product to the City for the retail trade, and said Department shall have bacterial examinations of said samples made at its laboratories.

(e) Order to Pasteurize—In case any sample of milk or cream from any dairy shows more than 500,000 bacteria to the cubic centimeter, or in case the herd of any dairy is not certified as free from tuberculosis, the Board of Health shall at once forbid the sale of milk or cream from that dairy unless it is pasteurized as required by this ordinance.

(f) Certification of Milk—When the herd of any particular dairy has been certified as free from tuberculosis, and when the milk and cream of said herd as offered for sale in this City, has been found to contain not more than 500,000 bacteria to the cubic centimeter, on examination of at least three samples taken from three different cans or bottles, the Department of Health may certify said milk and cream and allow it to be sold raw for the space of one month, under a label showing the certification of the Department. Such certification may be renewed from month to month, provided at least three bacterial examinations of the milk and cream of said dairy show the maintenance of the degree of purity set by the bacterial standard hereby established, and provided, further, that the herd has been certified as free from tuberculosis within six months of the issuance of the certification.

(g) Purity Not to be Presumed—No milk or cream shall be presumed to come within the required bacterial standard unless three samples, taken from different cans or bottles, within the City, within the month, shall show counts of not more than 500,000 bacteria to the cubic centimeter.

(h) Milk Commission's Certification—It is provided further that this ordinance shall not be construed to forbid the Department of Health to authorize the sale of raw milk or cream that has been certified by the Milk Commission of the County Medical Society as coming from herds free from tuberculosis.

(i) No Restriction of Health Board's Power—Nothing in this ordinance shall be construed to limit or abridge the power of the Board of Health to revoke permits for the sale of milk and cream because of unsanitary conditions in dairies, or creameries, or milk shops, or for any other cause that may make the sale of any particular milk or cream a menace to the public health.

3. Penalties—For any violation of this ordinance the Department of Health shall forthwith warn the offending dealer or revoke his permit; for a third violation the said Board of Health shall revoke the dealer's permit.

4. Repealer—All ordinances or parts of ordinances inconsistent or conflicting with the foregoing provisions are hereby repealed.

(ORIGINAL, INT. NO. 1559.)

Resolved, By the Board of Aldermen, as follows:

Except as hereinafter provided, no raw milk shall be sold at retail in The City of New York. All milk sold at retail in said City shall hereafter be pasteurized or sterilized; provided, however, that the foregoing provisions shall not apply to the sale of milk at retail in sealed bottles, provided said milk is bottled in a sanitary dairy in The City of New York under the personal supervision of an Inspector or Inspectors of the Department of Health of said City, and provided further that all such milk so bottled shall be first tested and passed as wholesome milk by said Inspector, and that said Inspector shall place upon each bottle of said milk so inspected a stamp or seal so constructed that said bottle cannot be opened when so sealed without breaking said seal, and which said seal shall have printed or otherwise displayed thereon the words "Department of Health of The City of New York," together with the name of the Inspector who seals said bottles, and the word "inspected," followed by the date of inspection, and be it further provided that in all cases where such inspected milk is sold in bottles, the person or seller causing said milk to be so bottled shall pay to the City Chamberlain for the use of the Department of Health of said City the sum of two cents for each bottle so inspected and sealed for the purpose of defraying the cost of stamps and other expenses of said Department connected with the making of said inspection and stamping or sealing, and it is further provided that in case any Inspector of said Department of Health shall fraudulently or negligently fail to perform his full duty in the making of said inspection so that he shall allow impure milk to be sold in such bottles by reason of such negligence or such fraud, such Inspector shall be deemed guilty of a misdemeanor, and the offender shall also be liable to pay a penalty of fifty dollars; and be it further

Resolved, That all ordinances or parts or ordinances inconsistent or conflicting with the provisions of the foregoing sections are hereby repealed.

LEONARD J. JACOBSON, M. D., JAMES LAWLOR, JOSEPH F. ELLERY, JOHN J. FARRELL, F. J. O'NEILL, HARRY L. LEVERETT, Committee on Public Health.

Alderman Dowling moved that the whole matter be recommitted to the Committee on Public Health.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Callahan, Clifford, Cole, Collins, Doull, Dowling, Downing, Doyle, Everson, Falk, Fried, Haggerty, C. Hahn, Hann, Harnischfeger, Keely, Kenneally, Levine, Monahan, Morris, Mulligan, Murphy, Olvany, Reardon, Rendt, Richter, Schloss, Smith, Sullivan, Torpey, Wafer, President Bermel, by Lawrence Gresser, Commissioner of Public Works, and President Ahearn—33.

Negative—Aldermen Brown, Cronin, Davies, Dinwoodie, Dotzler, Ellery, Farrell, Freeman, Grifenhagen, J. J. Hahn, Hatton, Jacobson, Krulish, Kuck, Kuntze, Lawlor, Leverett, Linde, Markert, Meyers, Moffitt, Peters, Potter, Rowcroft, Sturges, Wentz, President Cromwell, by L. L. Tribus, Commissioner of Public Works, and the Vice-Chairman—28.

Alderman Wafer called up Special Order No. 165, being a resolution, as follows:

No. 1830.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds, not to exceed the sum of ten thousand dollars (\$10,000), the proceeds whereof to be applied to pay the salaries of two additional Assistant District Attorneys for the County of Kings, as provided by chapter 77 of the Laws of 1907.

Alderman Wafer moved to strike out the words and figures "ten thousand (\$10,000)" wherever they occur, and insert in lieu thereof the words and figures "nine thousand (\$9,000)."

Which motion was adopted.

The Vice-Chairman then put the question whether the Board would agree with said resolution, as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Doull, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Gunther, Haggerty, C. L. Tribus, Commissioner of Public Works; President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Ahearn, the Vice-Chairman—62.

President Cromwell, by L. L. Tribus, Commissioner of Public Works, called up Special Order No. 148, being a report and resolution, as follows:

No. 1463a—(S. O. No. 148).

The Committee on Public Letting, to whom was referred, on January 22, 1907 (Minutes, page 85), the annexed communication from the President of the Borough of Richmond requesting authority to purchase coal without public letting, respectfully

REPORTS:

That, having examined the subject, they recommend that the annexed resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and hereby is authorized to purchase in open market coal for the year 1907, to an amount not to exceed the sum of five thousand dollars (\$5,000).

A. L. KLINE, DAVID S. RENDT, JOSEPH SCHLOSS, JACOB BARTSCHERER, W. CLIFFORD, F. J. O'NEILL, Committee on Public Letting.

The City of New York,
Office of the President of the Borough of Richmond,
New Brighton, N. Y., December 17, 1906.

Board of Aldermen, City Hall, New York:

Gentlemen—For each of the years 1905 and 1906 your honorable board authorized us to purchase, without public letting, scientific instruments and supplies for use of the engineer corps to the extent of \$8,000 and for use of my different bureaus, coal to the extent of \$5,000.

I ask for the same permission for the year 1907, except that the coal allowance should be increased to \$7,000, as the Borough Hall is now in full use, whereby far the greatest quantity of fuel is consumed. Both of these requests are based under provision of section 419 of the Charter.

Our reason for asking exemption for the purchase of scientific instruments and supplies is, that there can be no proper competition in the ordinary sense by letting, as materials which might technically meet the description of the specifications could be readily furnished for less money than other goods of similar description and yet be practically worthless in later use.

For all items of importance we have been accustomed in the past and should expect so to do in the future, to ask prices from several of the most reliable firms dealing in such goods, so that we practically have open competition without the unfortunate conditions which would obtain if a number of unreliable firms were allowed to compete.

It did not seem practicable in designing the Borough Hall to provide for the storage of a great quantity of coal; consequently, it is necessary to deliver it in from fifty to seventy-five ton lots, and we could scarcely secure prices from dealers that would cover a period of over two months' delivery upon public letting. Therefore, we would have to go to the expense and inconvenience of frequent lettings, with practically no more competition than is now secured in purchasing by order, as our purchases are made from different dealers according as they quote better prices or terms of delivery than others from time to time. We therefore secure coal at the market price instead of being obliged to pay, in all probability, a higher rate than the market price on proposals for future delivery, which would be necessary by public letting. We also have, for work of the Bureau of Highways, to purchase the coal for use of the steam rollers where points of delivery will vary greatly at different times of the season; consequently, we cannot well secure reasonable prices for delivery at uncertain points, but being permitted on order we can buy from the nearest dealer

to the point where the rollers are in use, and therefore secure the most favorable terms.

I would therefore ask that the proper resolution be prepared in accordance with this request, namely, for the purchase, without letting, of engineering instruments and supplies to an amount not exceeding \$8,000, and for the purchase of coal not exceeding \$7,000, for the year 1907.

Yours respectfully,
(Signed) GEORGE CROMWELL,
President of the Borough of Richmond.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Bartscherer, Brown, Carter, Clifford, Cole, Collins, Davies, Diemer, Dinwoodie, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Jacobson, Keely, Kline, Kuck, Leverett, Levine, Linde, Markert, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Olvany, O'Neill, Potter, Redmond, Rendt, Rowcroft, Schloss, Sturges, Sullivan, Wafer, Wentz; President Cromwell, by L. L. Tribus, Commissioner of Public Works; President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, the Vice-Chairman—53.

On motion of Alderman Hann the above vote was reconsidered, and the paper was again laid over, and returned to the list of Special Orders.

Alderman Harnischfeger called up Special Order No. 167, being a report and resolution, as follows:

No. 1731.

The Committee on Finance, to whom was referred on March 26, 1907 (Minutes, page 728), the annexed resolution in favor of an issue of Special Revenue Bonds, \$32,760, for increasing pay of Laborers in different bureaus under the direction of the President of the Borough of The Bronx, respectfully

REPORTS:

Commissioner of Public Works Murray appeared before the committee and stated that the purpose was to use this money to raise all Laborers in the Borough of The Bronx twenty-five cents per work-day each. There are 623 Laborers involved, 522 in the Department of Highways, to be raised from \$2 to \$2.25 per day, and 101 in the Department of Sewers from \$2.25 to \$2.50 per day. This committee has repeatedly gone on record in favor of giving a reasonable advance to the \$2 per day Laborers, if the City's financial condition warrants it, and it therefore reports favorably upon this application.

"Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of subdivision 8, section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$32,760, the proceeds whereof to be applied to the President of the Borough of The Bronx in increasing the pay of the Laborers in the different bureaus under his jurisdiction from May 1, 1907, to December 31, 1907, an increase of twenty-five cents per day."

JOHN R. DAVIES, JOSEPH FALK, THOS. J. MULLIGAN, B. W. B. BROWN, A. L. KLINE, PH. HARNISCHFEGGER, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Brown, Callahan, Carter, Cole, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Downing, Doyle, Ellery, Everson, Falk, Farrell, Fried, Grifenhagen, Haggerty, C. L. Tribus, Commissioner of Public Works; President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—60.

Alderman Kline called up Special Order No. 170, being a report and resolution, as follows:

No. 1791—(S. O. No. 170).

The Committee on Public Letting, to which was referred, on March 26, 1907 (Minutes, page 783), the annexed communication from the County Clerk of Kings County, requesting authority to contract for binding certain public records without public letting, respectfully

REPORTS:

That at a hearing on the above matter Chief Clerk Schultz, of the County Clerk's office, appeared before the committee and explained that under order from the Commissioner of Records the County Clerk was engaged in the work of binding into book form all of the bundled records in his office. He has already bound 250,000 papers, and estimates that with the appropriation of \$10,000 allowed him by the Board of Aldermen on March 26, 1907, he will be able to bind 1,000,000 more. To bring this system up to date will take from two to three years and will cost about \$25,000. Your committee believes that this is a greatly improved system, well worth the proposed cost, and should be completed as quickly as possible and therefore recommends the adoption of the annexed resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the County Clerk of Kings County be and he is hereby authorized to contract, without public letting, for the binding of certain public records in his office into book form at a cost not to exceed the sum of ten thousand dollars (\$10,000).

A. L. KLINE, F. J. O'NEILL, WILLIAM CLIFFORD, JOSEPH SCHLOSS, JACOB BARTSCHERER, Committee on Public Letting.

County Clerk's Office, County of Kings,
Hall of Records, Brooklyn,
New York, March 26, 1907.

The Honorable, the Board of Aldermen, City of New York:

Gentlemen—On July 18, 1906, I was authorized and directed by the Commissioner of Records to have 250,000 papers in suits in Equity Bond in volumes, subject to the approval of the Commissioner. This work was completed in December, 1906.

Upon further examination, the Commissioner finds that there are about 1,000,000 papers in Suits in Equity on file in this office which have been arranged in chronological order. It is in my judgment necessary for the preservation of these records and for their convenient examination and use by the public, that they also be bound in volumes. As the records and papers to be bound differ materially in size and character, it will, I think, be best to enter into a contract without public letting, to do said work.

I therefore, respectfully ask your Honorable Board to authorize and empower me to enter into a contract without public letting, to an amount not to exceed ten thousand dollars (\$10,000), for the purpose of binding into appropriate book form the said public records.

Respectfully yours,
CHAS. T. HARTZHEIM, Clerk of Kings County.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof.

Affirmative—Aldermen Bartscherer, Brown, Callahan, Carter, Cole, Collins, Davies, Diemer, Doull, Downing, Downing, Doyle, Ellery, Everson, Falk, Farrell, Gunther, Haggerty, C. Hahn, Hann, Harnischfeger, Hatton, Herold, Keely, Kenneally, Kline, Kuck, Leverett, Levine, Linde, Markert, Meyers, Monahan, Morris, Olvany, O'Neill, Rendt, Richter, Schloss, Smith, Sturges, Sullivan; President Cromwell, by L. L. Tribus, Commissioner of Public Works; President Haffen and the Vice-Chairman—45.

On motion of Alderman Kline the above vote was reconsidered, and the paper was again laid over and returned to the list of Special Orders.

GENERAL ORDERS.

Alderman Markert called up General Order No. 221, being a report and resolution, as follows:

No. 1810.

The Committee on Streets, Highways and Sewers, to which was referred, on April 2, 1907 (Minutes, page 52), the annexed resolution in favor of permitting the Schwarzschild & Sulzberger Company to erect a temporary overhead slide in front of No. 176 Boerum street, Borough of Brooklyn, respectfully

REPORTS:

That having examined the subject, they recommend that the said resolution be adopted.

Resolved, That permission be and the same is hereby given to the Schwarzschild & Sulzberger Company to erect and maintain a temporary overhead slide, or chute, in front of their premises, No. 176 Boerum street, in the Borough of Brooklyn; the said slide, or chute, to be securely fastened and removed when not in use, and to be used for conveying merchandise from trucks at the curb to the premises of the aforesaid company at the above location; the work to be done at the expense of the aforesaid company, under the direction of the President of the Borough, such permission to continue only during the pleasure of the Board of Aldermen.

ROBERT F. DOWNING, FRANK L. DOWLING, THOS. D. DINWOODIE, C. D. NOONAN, HARRY L. LEVERETT, Committee on Streets, Highways and Sewers.

Which was adopted, Aldermen Freeman, Meyers and Sturges voting in the negative.

REPORTS OF STANDING COMMITTEES RESUMED.

Minority report of Committee on Laws and Legislation—

No. 1473—(S. O. No. 169).

As members of the Committee on Laws and Legislation, the undersigned dissent from the majority report made by said Committee on April 9, 1907 (S. O. No. 169) in reference to an ordinance in relation to public places of amusement, and respectfully report that we have carefully examined the subject matter and are of opinion that the interests of the public will be best subserved by the adoption of an ordinance which, in our judgment, will to the greatest extent remedy the evil, and, with that end in view, we submit the following proposed ordinance and recommend its adoption: AN ORDINANCE amending the Code of Ordinances of The City of New York so far as the same relates to "ticket speculators."

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. Sections 349 and 350 of subdivision 9 of article 4a of chapter 7, title 2 of part 1 of the Code of Ordinances of The City of New York, as approved November 8, 1906, is hereby amended so that the same shall read as follows:

9. Ticket Speculators.

Sec. 349. Any person, firm, partnership or corporation selling or offering to sell in any street, store, hotel, or other place of business in The City of New York any ticket of admission to any public place of amusement for any price shall be deemed a ticket speculator, and no ticket speculator shall sell or offer for sale, nor shall any tickets of admission be sold, on the sidewalk in front of or within fifty feet from the entrance to any place of amusement.

Sec. 350. No ticket speculator shall deceive any purchaser by misstating or misrepresenting what is secured to the purchaser by the ticket sold. (under a penalty of not less than \$2 nor more than \$25 for each offense.)

Nor shall any one license granted hereunder apply to more than one person doing business on a public street, nor to more than one firm, partnership or corporation doing business in a store, hotel or other place of business in which the trade herein defined is pried.

Sec. 350a. Any person, firm, partnership or corporation engaging in or carrying on the business of ticket speculator without having been licensed therefor or violating any of the provisions of the two foregoing sections shall be deemed guilty of a violation of this Ordinance and, upon conviction thereof before any magistrate, either upon confession of the party or competent testimony, may be fined in a sum not less than fifty dollars (\$50) for each offense, and in default of payment of such fine may be committed to prison by such magistrate until the same be paid, but such imprisonment shall not exceed fifteen days.

Sec. 350b. No license shall hereafter be granted to any person, firm, partnership or corporation to engage in the business of ticket speculating within The City of New York unless such person be a citizen of the United States and a resident of the State of New York for a period of more than one year, and who shall have been registered as a duly qualified elector at the last general election, nor to any firm, partnership or corporation unless a majority of the members of such firm, or partnership or a majority of the directors of such corporation be duly qualified electors as aforesaid.

Sec. 2. Section 308 of article 2, title 2, chapter 7, part 1, of said Code of Ordinances hereby is amended by striking therefrom the words "for each ticket speculator, \$50," and inserting in lieu thereof the words "\$300 for the first year, and \$100 for each renewal."

Sec. 3. All ordinances inconsistent with the foregoing ordinance are hereby repealed.

Sec. 4. This ordinance shall take effect immediately.

WM. E. MORRIS, WILLIAM CLIFFORD, WILLIAM ROWCROFT, JAMES W. REDMOND, Committee on Laws and Legislation.

Which was laid over and made a part of Special Order No. 169.

No. 1878.

By Alderman Freeman—

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and requested to renumber the buildings on the south side of East Eighty-first street, between Madison and Park avenues, in accordance with the request of residents of said locality and in such manner and to such extent as may be necessary. To the President of the Borough of Manhattan:

We, the undersigned residents of East Eighty-first street, between Madison and Park avenues, respectfully request that the house numbers on the south side of that street be changed. The north side of this street is not numbered, there being but two buildings on it, an asylum and an apartment house, corner of avenue. This request is based on the fact that the last house on the block between Fifth and Madison avenues is No. 24, and the first one east of Madison avenue is No. 50, this last being an unnecessarily high number. We consider it would improve the value of our property to have the numbers run as they do in so many of the other streets, such as East Seventy-fourth, Seventy-fifth and Seventy-sixth streets. We would, therefore, respectfully suggest that the numbers east of Madison avenue begin with No. 30 instead of No. 50.

No. 1880.

By Alderman Peters—

Whereas, There are to-day in existence throughout The City of New York various show places commonly known as "penny vaudevilles," "five-cent theatres," "moving picture shows," etc., all apparently being conducted without complying with the provisions of part 21 of the Building Code, relating to "public buildings, theatres and places of assemblage," and particularly section 109 of said part of the Building Code, defining entrances and exits, seating capacity, width of aisles, fire precautions and matters of detail of building construction conducing to safety of life; and

Whereas, These places of public entertainment have caused much annoyance and vexation to residents in their immediate vicinity, prompting the general opinion that they are a common nuisance because of the gathering of motley crowds, the making of loud noises and breeding fear of disturbances and the danger of fires, of which latter one of a serious nature occurred in one of these places recently; therefore be it

Resolved, That the Police Commissioners and the Chief of the Bureau of Licenses be and they are hereby requested to furnish the Board of Aldermen, at the earliest practicable moment, with a list of all the licensed show places and other so-called places of public amusement holding licenses, together with the dates when such licenses were issued, and if complying with the provisions of the Building Code relating to places of public entertainment.

No. 1885.

By Alderman Doull—

AN ORDINANCE to regulate the construction of fences, signs, billboards and sky signs within the building line, being an amendment to Part XXVIII, section 144, of the Building Code.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Part 28 of section 144 of the Building Code is hereby amended by striking out the paragraphs relating to fences, signs and billboards beginning with the words "Fences of wood shall not be erected over 10 feet high," and ending with the words, "and the same shall be properly supported and braced," and substituting in lieu thereof the following words: Fences, signs or billboards shall not be at any point over 10 feet above the adjoining ground, except that when any fence, sign or billboard shall be constructed entirely of metal or of wood covered on all sides with sheet metal, including the uprights, supports and braces for same, it shall not be at any point over 15 feet above the adjoining ground. Any letter, word, model, sign, device or representation in the nature of an advertisement or direction, supported or attached, wholly or in part, over or above any wall, building or structure, shall be deemed to be a "sky sign."

Sky signs shall be constructed entirely of metal, including the uprights, supports and braces for same, and shall be properly secured, supported and braced, and shall be so constructed as not to be or become dangerous.

Sky signs shall be erected entirely within the building line, and shall not be at any point over 5 feet above the front wall or cornice of the building or structure to which they are attached, or by which they are supported, and shall not be over 10 feet in length.

Before the erection of any fence, sign, billboard or sky sign, and before the painting of any fence, sign or billboard with any letter, word, model, sign, device or representation in the nature of an advertisement, announcement or direction, shall have been commenced, a certificate for the erection or painting of the same shall be obtained from the Superintendent of Buildings, having jurisdiction, as provided in part 2, section 4, of the Building Code. Each application for the erection, or painting as above described, of any fence, sign, billboard or sky sign, shall be accompanied by the written consent of the owner or owners, or the lessee or lessees, of the property upon which it is to be erected, and no more than one sky sign shall be erected over any building or structure. When the certificate is issued by the Superintendent of Buildings, having jurisdiction, for the erection and painting as above described, of any fence, sign, billboard or sky sign, such certificate shall be filed in the office of the City Clerk of The City of New York, who shall issue a permit for the erection and painting as above described, of such fence, sign, billboard or sky sign, upon the payment of the following annual license fee:

For fences, none.

For painting fences with any letter, word, model, sign, device or representation in the nature of an advertisement, announcement or direction, 2 cents per square foot.

For billboards, 2 cents per square foot.

For sky signs, 25 cents per square foot.

Sec. 2. No fence, sign, billboard or sky sign shall be erected, painted or maintained, except as in this ordinance provided, under penalty of \$10 for each offense, and a further penalty of \$10 for each day or part of a day the same shall continue.

Sec. 3. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 4. This ordinance shall take effect on June 1, 1907.

Alderman Sullivan moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, April 23, 1907, at 1.30 o'clock p. m.

P. J. SCULLY,
City Clerk and Clerk of the Board of Aldermen.

"The submitted plan shows by red lines the proposed changes of the tentative plan of May 29, 1903, by black full lines the streets retained, and by dotted black lines those parts of avenues and streets which appear on the plan of May 29, 1903, and are to be discontinued.

"In connection with this matter, I wish to say that the petitioners have on their map of subdivision shown interior lots on Bradford avenue, which avenue is proposed to be discontinued on Amendment G, and that in order to avoid claim for damages the subdivision plan should be modified so as to eliminate these interior lots.

"Block dimensions and grades have not been established on this plan because it is an amendment to the original tentative plan which was prepared in the same manner."

A representative of Mr. J. H. Wallace appeared in favor of the petition and informed the Local Board that the land was to be ceded to the City and that a deed was being prepared, and that it would be passed upon by the Corporation Counsel's office to-morrow, as far as he understood.

Laid over until April 11, 1907.

No. 280. Regulating and grading, setting curbstones and flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Newell avenue, between Morris street and the Bronx river.

Petition of J. & M. Haffen, Charles Gosen, Alois Bauer, T. Koehler and eighteen others was read.

Total estimated cost, \$32,000; assessed value of the real estate included within the probable area of assessment is \$97,480.

Grades legally established by Board of Estimate and Apportionment June 14, 1905, and January 30, 1906.

Mr. F. Greiffenberg reported that it was the intention of the Bronx Park Commissioner to embrace these lands required for Newell avenue in the Bronx Park system.

On motion, the Local Board adopted the following:

Resolved, That proceedings be and the same hereby are initiated for regulating and grading, setting curbstones and flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Newell avenue, between Morris street and the Bronx river. Unanimously adopted.

No. 65. Acquiring title to Cruger avenue, from Neill avenue to Bronx and Pelham parkway.

Petition and report of Chief Engineer of the Borough were read. Michael Rauch appeared in favor.

President Haffen stated that the Local Board would act on this petition two weeks from to-day, without waiting for the Board of Estimate and Apportionment to act, on grades affecting this section.

Laid over until April 11, 1907, for final action.

No. 68. Acquiring title to land necessary for Brady avenue, from Bronx Park East to Barnes avenue.

Petition of Catherine C. Hunt, No. 47 Central Park West, and report of Chief Engineer were read.

Laid over for final disposition on April 11, 1907.

On motion, the Board adjourned until April 11, 1907, at 2.30 p. m.

BOROUGH OF RICHMOND.

LOCAL BOARD OF THE STATEN ISLAND DISTRICT.

Meeting March 26, 1907, 10.30 a. m.

Present—Aldermen Collins, Rendt, Cole and President Cromwell.

The minutes of the meeting of March 12 were approved.
Petition 720, Resolutions 67 and 68.

To construct sewers in certain streets, Third Ward.

The following two resolutions were moved by Alderman Cole and were adopted:
Resolved, That a certain resolution, No. 45, adopted by the Local Board of the Staten Island District at a meeting held January 22, 1907, to wit:To construct sewer in Hatfield place, from Richmond avenue to Lafayette avenue; in Lafayette avenue, from Charles avenue to Hatfield place, and in Charles avenue, from Sharp avenue to Brook avenue, in the Third Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described.
—be and the same hereby is rescinded.

Affirmative—Aldermen Collins, Rendt, Cole and President Cromwell.

Negative—None.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct temporary sanitary sewers and appurtenances in Blackford avenue from a point about one hundred (100) feet west of Richmond avenue to a point about one hundred (100) feet east of Grant street; in Lafayette avenue, from Blackford avenue to a point about one hundred (100) feet south of Charles avenue; in Hatfield place, from a point about one hundred (100) feet west of Richmond avenue to a point about one hundred and ten (110) feet west of the westerly line of Brook avenue; in Brook avenue, from Hatfield place to Charles avenue; in Charles avenue, from a point about four hundred and forty (440) feet west of Richmond avenue to and connecting with the existing sewer in Nicholas avenue, in the Third Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins, Rendt, Cole and President Cromwell.

Negative—None.

Petition 721, Resolution 69.

To construct sewer in Simonson avenue, Third Ward.

The following resolution was moved by Alderman Cole and was adopted.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a temporary sanitary sewer and appurtenances in Simonson avenue, from the terminus of the proposed sewer in Simonson avenue as laid out on the plan of Sewer District No. 17A, to about four hundred and seventy-five feet southward therefrom, in the Third Ward of the Borough of Richmond; and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins, Rendt, Cole and President Cromwell.

Negative—None.

Petition 722, Resolution 70.

To construct sidewalks in Manor road, First Ward.

The following resolution was moved by Alderman Collins and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a cement sidewalk on the west side of Manor road, from Delafield avenue to Cherry lane, in the First Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described.

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins, Rendt, Cole; President Cromwell.

Negative—None.

Petition 723.

To open Fourth street, Fifth Ward.

Referred to the President of the Borough to have the street laid out on the map or plan of The City of New York.

Petition 724.

To widen Bay street, Second and Fourth Wards, as laid out on the map or plan of The City of New York. First hearing.

Proposal by the President of the Borough, on the advice of the Commissioner of Public Works, to widen Bay street for virtually its entire length, from the southerly terminus of Griffin street to the Staten Island Rapid Transit Railway crossing at Clifton, as laid out on the map or plan of The City of New York. President Cromwell asked those who were opposed to the improvement to address the Board, and Mr. James Feeny, Mr. Isaac Van Buskirk, Mr. Harreuer, Mr. James E. Caffrey, Mrs. James McKee, Mr. F. A. Lambert, Mr. E. C. Meurer and Mr. L. W. Schantz, all owners of property on Bay street, spoke in opposition.

The arguments presented were that the street was wide enough for the business done on it, and was as wide as Nassau, William, Wall and Fulton streets, and a part of Broadway, in Manhattan Borough; and Chestnut street, in Philadelphia; that the widening would cut some lots to small proportions; that the trolley trunks occupied most of the space now, and were so close to the curb as to be a nuisance, while the company would not be assessed for the widening; that the assessment would be very heavy.

It was confessed by the speakers that the condition of Bay street from Griffin street to Cross street and Union place was very bad indeed, and that the only objection to widening that part was the cost to the owners of abutting property.

President Cromwell reminded the speakers that the City not only assessed for benefit, but made full compensation for damages and all property taken; that the trolley was a benefit, to which they agreed, and that the inconveniences caused by it would be removed by widening the street; that, while the official assessors would decide on the area of assessment, he and Commissioner Tribus thought that the assessment would extend to the water's edge on one side and probably at least a quarter of a mile back on the other; that the need of immediate improvement was not so pressing in the comparatively wide and well paved portion of Bay street southward of Stapleton park; and that, regarding Bay street as a thoroughfare of use to the whole Borough, he would be glad to see whether he could do anything about spreading the assessment, or getting the City at large to bear a part of the expense.

Messrs. Schantz and Caffrey and Mrs. M. McKee agreed, as Mr. Meurer had, that something ought to be done between Stapleton park and Tompkinsville, but Mr. Meurer again protested against a limited area of assessment.

Mr. James Burke, Jr., addressed the board on behalf of clients, and believed that if the City were to pay 50 per cent. of the cost, and the rest were spread over a wide area, much if not most of the opposition would disappear; and he recalled the fact that assessors usually allowed more for property taken than its actual market value at the time.

Several of the speakers expressed perfect confidence in President Cromwell's handling of the situation, but objected to any action being taken without some definite knowledge of area of assessment.

Alderman Collins wished to hear from people within the probable area of assessment beyond the lines of Bay street; and

Alderman Rendt said that he did not care to move a resolution at present for the widening of any part of Bay street, and moved that the petition be laid over.

Which was carried.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

THE UNDERSIGNED WILL SELL AT public auction at office, foot of East Twenty-sixth street, on

MONDAY, APRIL 29, 1907,

at 11 a. m., the following, viz.:
Bones (estimated), 100,000 pounds.
To be collected and removed from Blackwell's Island three times a week.
Grease (estimated), 30,000 pounds.
To be collected monthly from Blackwell's Island.
Old iron (estimated), 100,000 pounds.
To be collected twice a year at pier on Metropolitan Hospital grounds, east side, near north

end of Blackwell's Island, in a lighter to be provided by the buyer upon being notified.
Rags (estimated), 30,000 pounds.
Iron-bound barrels (estimated), 300.
Kerosene barrels (estimated), 100.
Pork barrels (estimated), 100.
Tea lead (estimated), 5,000 pounds.
Two (2) rowboats.
One (1) coach.
Two (2) horses, viz.:
1 bay, No. 43, "Slopper."
1 bay, No. 54, "Beach."

Bids will be received by the single pound, barrel or article, and awards will be made to the highest bidder per pound, barrel or article.

All the above, except as otherwise mentioned, to be received by the purchaser at the pier foot of East Twenty-sixth street, and removed upon being notified that the same are ready for delivery.

Quantities marked "estimated" are for the accumulation of year 1907, and contracts based on such quantities are for such period of time.

All quantities to be more or less and estimated only.

All quantities to be "as are."

ASSIGNMENTS OF CONTRACTS WILL NOT BE RECOGNIZED UNLESS APPROVED BY THE COMMISSIONER.

Each successful bidder will be required to pay Twenty-five Per Cent. of the estimated amount of his purchase to me at the time and place of sale, and the balance to the General Storekeeper, at Blackwell's Island, in cash or a certified check on a New York City bank, upon delivery of the goods.

The Commissioner reserves the right to order resale of any goods that shall NOT have been removed by the purchaser within TEN days after he shall have been notified that they are ready, and in case of such resale to forfeit to the use of the Department of Public Charities the TWENTY-FIVE PER CENT. paid in at the time and place of sale. Goods can be examined at Blackwell's Island by intending bidders on any week day before the day of sale.

DEPARTMENT OF PUBLIC CHARITIES, THE CITY OF NEW YORK, BOROUGHS OF BROOKLYN AND QUEENS, No. 327 SCHERMERHORN STREET, BROOKLYN, N. Y.

SALE OF GREASE, BARRELS, BONES, RAGS, METAL AND MISCELLANEOUS ARTICLES.

THE UNDERSIGNED WILL SELL AT public auction to the highest bidder, on the grounds of the Kings County Hospital, Clarkson street, Brooklyn, N. Y., on

TUESDAY, APRIL 30, 1907,
at 11 a. m.:

About 105,000 pounds bones.
About 18,700 pounds grease.
About 21,000 pounds rags.
About 6,000 pounds iron.
About 150 pounds lead.
About 300 pounds brass.
About 1,000 pounds tea lead.
About 150 pounds copper.
30 oil barrels.
8 vinegar barrels.
15 turpentine barrels.
25 pork barrels.
5 miscellaneous barrels.
Ashes (hard coal), per cubic yard.

Bids on metals, bones and fat must be per pound—on barrels per piece.

All quantities to be "more or less." All quantities to be "as are."

All aforesaid articles must be received by the purchaser at the aforesaid hospitals, and removed therefrom immediately upon being notified that same are ready for delivery, except in the case of bones and grease, which must be removed every other day by the purchaser without previous notice.

Each successful bidder will be required to pay 25 per cent. of the estimated amount of his purchase. Such amount shall be fixed by the Commissioner, and said purchasers shall pay said sum to him on the day of the sale, and shall pay the balance in cash or certified check on a New York City bank to the General Medical Superintendent upon delivery of the goods.

The Commissioner reserves the right to reject all bids, also the right to order a resale of any articles that shall not have been removed by the purchaser within ten days after a written notice has been mailed to him to do so. This, however, does not apply to the bones and grease, which, if not removed every other day, the Commissioner reserves the right to sell without notice.

In all cases of resale, the purchaser is to forfeit to the use of The City of New York the 25 per cent. paid at the time of sale.

DEPARTMENT OF DOCKS AND FERRIES.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, City of New York, until twelve o'clock noon, on

WEDNESDAY, APRIL 24, 1907,

for a lease of the following described property, for a term of five years, from the first day of the month following the date of resolution of the Commissioners of the Sinking Fund authorizing execution of the lease, provided said lease shall be approved by the Commissioners of the Sinking Fund:

Two hundred and thirty-five feet of the southerly side of the pier foot of East Twenty-first street, East river, in the Borough of Manhattan, The City of New York, extending offshore a distance of 235 feet from the inner end of the pier, together with the privilege of erecting and maintaining during the term of said lease a dumping board, extending from a line parallel to and about eighteen feet north of the southerly side of said pier to a line parallel to and about eighteen feet south of the southerly side of said pier; with the privilege of erecting and maintaining during the term of said lease the necessary runways, ramps and approaches to said dumping board.

The lessee, if so electing and so notifying the Commissioner of Docks in writing of such election at any time within the first year of the lease of the said 235 feet of space above described, shall also have the privilege of using and occupying an additional 100 feet of the southerly side of said pier, extending offshore a distance of 100 feet from the 235 feet above described, together with the privilege of erecting and maintaining upon said additional 100 feet, during the term of said lease, an extension of the dumping board above mentioned, from a line parallel to and about 18 feet north of the southerly side of said pier to a line parallel to and about 18 feet south of the southerly side of said pier. The lease of this additional 100 feet of space will begin on a date one year after the commencement of the lease of the 235 feet of space above described, and the lessee shall pay in addition for such additional 100 feet the same rent as is paid for the 235 feet first above described.

Plans and specifications for the above dumping boards, runways, ramps and approaches, and any and all structures erected under the provisions of said lease, to be submitted to and approved by the Engineer-in-Chief of the Department of Docks and Ferries.

TERMS AND CONDITIONS OF SALE.

The lessee to maintain any and all dumping boards, runways, ramps and approaches or other structures erected under the provisions of said lease, during the term of the lease, in good condition, and to make repairs thereto whenever so ordered by the Commissioner of Docks.

The Commissioner of Docks expressly reserves the right to reject any and all bids. Should a bid, however, be accepted, the said Commissioner will prepare a form of lease and transmit the same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners.

The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by the Department of Docks and Ferries, including a covenant that the lessee shall at all times do such dredging from time to time during the term of said lease, as may be considered necessary or proper by the Commissioner of Docks in the basins or slips or water adjacent to the said premises.

The successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease, the form of which may be seen and examined upon application to the Secretary at the office of the Department, Pier "A," Battery place, and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of said lease, the sureties on the bond to be approved by the Commissioner of Docks.

CORPORATION SALE OF BUILDINGS, MACHINERY AND APPURTENANCES THERETO ERECTED UPON PROPERTY OWNED BY THE CITY OF NEW YORK.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, machinery and appurtenances thereto, standing upon property owned by The City of New York, acquired for the use of the terminal for the Manhattan side of the Brooklyn Bridge, the said buildings being situated in the

Borough of Manhattan.

and being more particularly within the area of the following known property:

All of the buildings situated upon land within the area of the block bounded by the northerly side of Tryon row, the westerly side of Centre street, the southerly side of Chambers street and the northwesterly side of Park row, in the Borough

of Manhattan, all of which property is situated in Block 121 on the land map of the County of New York.

Also all of the buildings situated within the area of the block bounded by the southeasterly side of Park row, the westerly side of North William street and the northerly side of the Brooklyn Bridge, Borough of Manhattan, all of which property is situated in Block 121 on the land map of the County of New York.

Also all of the buildings situated upon land within the area of the block bounded by the north side of Chambers street, the southwesterly side of City Hall place and the southerly and southwesterly sides of Duane street, in the Borough of Manhattan, all of which property is situated within Block 159 of the land map of the County of New York.

Also all of the buildings situated upon land within the area of the block bounded by the northerly side of Reade street, the easterly side of Centre street and the southerly and southwesterly sides of Duane street, in the Borough of Manhattan, all of which property is situated in Block 158 on the land map of the County of New York.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held February 20, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, MAY 2, 1907,

at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description, within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH, CITY OF NEW YORK,
BOROUGH OF MANHATTAN, OFFICE OF THE SECRETARY, New York, April 11, 1907.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held April 10, 1907, the following resolution was adopted:

Resolved, That section 21 of the Sanitary Code of the Department of Health be and is hereby amended so as to read as follows:

Sec. 21. For all lodging-houses in The City of New York containing rooms in which there are more than three beds for the use of lodgers, or in which more than six persons are allowed to sleep, a permit from the Board of Health shall be required, and no person shall have, lease, let or keep any such lodging-house or the lodgings therein, or assist in the keeping, hire, or assist in hiring, or conduct the business of any such lodging-house, or the lodgings therein, except pursuant to the terms and conditions of such permit. The beds in all lodging-houses and in every room in which beds are let for lodgers shall be separated by a passageway of not less than two feet, horizontally, and all the beds shall be so arranged that under each of them the air shall freely circulate, and there shall be adequate ventilation.

Four hundred cubic feet of air space shall be provided and allowed for each bed or lodger. Lodging-houses shall be conducted in accordance with rules and regulations adopted from time to time by the Board of Health, and which are hereby made a part hereof.

ASHOKAN RESERVOIR.

SECTION No. 4.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York, for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Third Judicial District, at the Court House, in the City of Kingston, Ulster County, N. Y., on May 18, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said law and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Olive, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to:

All those certain pieces or parcels of real estate situated in the Town of Olive, County of Ulster, and State of New York, shown on a map entitled "Reservoir Department, Section No. 4, Board of Water Supply of The City of New York, Map of real estate, situated in the Town of Olive, County of Ulster, and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir, and appurtenances, in the vicinity of Olive City and Brookhead," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, New York, on the 4th day of March, 1907, and is bounded and described as follows:

Beginning at the junction of the centre lines of the Tongore and Samsonville roads, said point being the southeast corner of Parcel No. 145; and running thence along the centre line of the said Samsonville road and the southerly line of said Parcel No. 145 south 67 degrees 18 minutes west 195.4 feet to the southeast corner of Parcel No. 143; thence along the southerly line of said parcel, and still continuing along the centre line of Samsonville road, the following courses and distances: South 40 degrees 47 minutes west 55.7 feet, south 28 degrees 27 minutes west 409.8 feet, south 34 degrees 29 minutes west 55.3 feet, south 53 degrees 16 minutes west 32 feet, south 63 degrees 36 minutes west 200.1 feet and south 58 degrees 28 minutes west 97.7 feet; thence, still continuing along the southerly line of Parcel No. 143, north 3 degrees 44 minutes west 44.6 feet, north 80 degrees 26 minutes west 111.2 feet, south 50 degrees 2 minutes west 203.3 feet and south 28 degrees 26 minutes east 158.4 feet to the centre of the before-mentioned Samsonville road; thence along the same, and still continuing along the southerly line of said Parcel No. 143, south 53 degrees 5 minutes west 116.6 feet and south 71 degrees 30 minutes west 74.7 feet, to the northeast corner of Parcel No. 144; thence along the easterly line of said parcel south 21 degrees 12 minutes east 72.3 feet to the southeast corner of said parcel; thence along the southerly line of same, south 71 degrees 13 minutes west 160.8 feet, south 48 degrees 56 minutes west 100.9 feet, south 64 degrees 51 minutes west 80 feet, south 55 degrees 2 minutes west 102.3 feet, and north 77 degrees 47 minutes west 104.9 feet to a point in the southerly line of the before mentioned Parcel No.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE.

CITY OF NEW YORK—BOARD OF ESTIMATE AND APPORTIONMENT.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held April 5, 1907, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, The New York Central and Hudson River Railroad Company has, under date of May 25, 1906, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate ducts or subways through, under and along East One Hundred and Ninety-fourth street, Kingsbridge road and other streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws this Board adopted a resolution September 14, 1906, fixing the date for public hearing thereon as September 28, 1906, at which citizens were entitled to appear and be heard, and publication was had for at least two days in "The Sun" and "The New York Times," newspapers designated by the Mayor, and in the City Record for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the New York Central and Hudson River Railroad Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York Central and Hudson River Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York Central and Hudson River Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

New York Central and Hudson River Railroad Company.

PROPOSED FORM OF CONTRACT.
This Contract, made this _____ day of _____, 190____, by and between THE CITY OF NEW YORK, party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY, for itself, and as lessee of the NEW YORK AND HARLEM RAILROAD COMPANY, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct, maintain and operate a subway not to exceed two feet and eleven inches in width, with the necessary splicing chambers, for the sole purpose of transmitting power for the operation of its trains by electricity, as required by chapter 425 of the Laws of 1903, said subway to be beneath the surface of the following named streets, avenues and highways between the points described as follows, all situate in the Borough of The Bronx, City of New York, to wit:

Beginning at a point in Webster avenue where East One Hundred and Ninety-fourth street, if prolonged southeasterly, would intersect the right of way of the New York and Harlem Railroad Company; thence northwesterly across Webster avenue to East One Hundred and Ninety-fourth street and thence northwesterly through East One Hundred and Ninety-fourth street to a point between Valentine avenue and the Grand Boulevard and Concourse, at the intersection of East One Hundred and Ninety-fourth street and Kingsbridge road; thence in a general northwesterly direction through Kingsbridge road to a point where said Kingsbridge road intersects the right of way of the New York Central and Hudson River Railroad Company.

Also beginning at a point on the westerly side of the right of way of the New York Central and Hudson River Railroad Company on the easterly side of Exterior street, about 300 feet south from West One Hundred and Ninety-fourth street; thence westerly across said Exterior street to and along private property of the New York Central and Hudson River Railroad Company;

—the said right of way and the location of the said splicing chambers being shown on a map entitled:

"N. Y. C. & H. R. R. R. Leased and Operated Lines. Electrification of Lines. Location Plan—Cable Ducts, Kingsbridge Road and 194th Street, New York City."

—dated October 30, 1905, signed by W. J. Wilgus, Vice-President, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—The said franchise, right and privilege to lay one subway in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the franchise, right and privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessees or successors, for a term of twenty-five years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of twenty-five years, upon a fair revaluation of said franchise, right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or to any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company, and by the Board of Estimate and Apportionment, or by such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable, and either the City (by the Board or by such other authority in its place) or the Company shall be bound upon request of the other to enter into a written agreement with such other, fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment, or its successors in authority, within three months after they are chosen. They shall act as appraisers, and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, all subways and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by The City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said subway and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay to The City of New York for this privilege an annual sum of four thousand five hundred dollars (\$4,500). Such sum shall be paid into the treasury of The City of New York on November 1 of each year, and shall be for the annual amount due to September 30 next preceding; provided, however, that the first payment shall be only for that proportion of four thousand five hundred dollars (\$4,500) as the time of signing of this contract by the Mayor before September 30 next preceding shall bear to the whole of one year.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatever kind or description now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments of subway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original

or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payment, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—The Company shall commence construction of the subway herein authorized within two months after the signing of this contract, and shall complete the construction of the same within five months from the same date, otherwise this grant shall cease and determine, and all sums paid or which may be deposited with the Comptroller of the City as hereinafter provided, shall thereupon be forfeited to the City; provided, however, that the Board of Estimate and Apportionment may in its discretion extend such time for a period not exceeding one year, but such extension shall not be made unless the reasons given by the grantee for non-fulfillment are in the opinion of the Board, for causes over which the grantee had no control and was in no wise responsible.

Eighth—The operation of electrical conduits, conductors and devices, is subject to such rules and regulations as the Commissioner of Water Supply, Gas and Electricity shall from time to time have adopted or may hereafter adopt, for the installation and operation of apparatus of this character in and through the streets of this City, and no work shall be done under its franchise until and unless the Commissioner of Water Supply, Gas and Electricity shall have issued a permit for its construction.

Ninth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of The Bronx and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said subway, connections, splicing chambers or manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the routes.

Tenth—The Company shall give notice to the President of the Borough of The Bronx and to the Commissioner of Water Supply, Gas and Electricity, in writing, of its intention to begin construction of the work hereby authorized, at least forty-eight hours before such construction commences. The Company shall also give notice to the Board of Estimate and Apportionment, in writing, of the date on which work is commenced and also the date on which the same is completed.

Eleventh—Any pavement disturbed during the construction or repair of said subway at any time during the term of the grant shall be restored to its original condition by the Company. The Company shall pave and keep in permanent repair that portion of the surface of the street in which said subway is constructed immediately adjacent to and for a distance of five feet in all directions around the cover or covers of each and every splicing chamber, under the supervision of the local authorities whenever the same become in a state of disrepair or whenever required by them to do so, and in such manner as they may prescribe. And it shall not be necessary in the event that the portion of the surface of the street, avenue or highway which the said Company obligates itself to keep in repair shall not be repaired by the Company as hereinbefore provided, for the City to give any notice to the Company of such state of disrepair, but the City may make such repairs and charge the same to the Company which the said Company agrees to pay.

Twelfth—The Company shall, in the course of construction of the subway, maintain and care for all underground and overground structures in its route or directly interfered with by its construction, and any necessary interference shall be subject to reasonable regulation by the department of the government of the City under control or charge thereof.

Thirteenth—Any alteration which may be required in the sewerage or drainage system of the City, or to any subsurface structures laid in the streets, avenues and highways along the route of the subway, on account of the construction or operation of the same, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Fourteenth—Any alteration in the subway and its appurtenances which shall be made necessary shall, after due notice of the said alteration has been served upon the Company by the Board of Estimate and Apportionment, be made at the sole cost of the Company, and in such manner as the City officials having authority and jurisdiction may prescribe.

Fifteenth—Should the City require for any public improvement the space occupied by the subway in the streets, avenues or highways for which permission is herein granted, the Company shall, at its own expense, alter the position of and rebuild said subway as directed by the proper City officials.

Sixteenth—All plans for the drainage of the subway and splicing chambers shall be submitted to and approved by the President of the Borough of The Bronx.

Seventeenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of The Bronx and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said subway, which shall be done under this grant.

Eighteenth—Correct maps shall be furnished to the Board of Estimate and Apportionment, the Comptroller, President of the Borough of The Bronx and the Commissioner of Water Supply, Gas and Electricity, by the Company, showing the exact location of the subway, the splicing chambers or other appurtenances constructed, with reference to the curb lines of the streets and the street surface, and the same shall be furnished to the said several departments or officials within sixty days after the completion of the work authorized by this grant.

Nineteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Twentieth—The Company shall assume all liability by reason of the construction and operation of the subway, and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant the Company, its successor or assigns, hereby agree to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns. Due notice of any such demand shall be given to the Company.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Twenty-second—The subway hereby authorized shall be used only by the Company, and for no purpose other than transmission of electrical current in the operation, management and maintenance of its railroads owned or leased.

Twenty-third—If the said Company, its successors or assigns, shall fail to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of The City of New York may give written notice to the said Company specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to The City of New York a sum of fifty dollars (\$50) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-fourth—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of ten thousand dollars (\$10,000), either in money or in securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charges for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund, the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of ten thousand dollars (\$10,000), and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Twenty-fifth—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right;

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York Central and Hudson River Railroad Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to May 10, 1907, in the City Record and at least twice during the ten days immediately prior to May 10, 1907, in "The Sun" and "The New York Times," two daily newspapers designated by the Mayor therefor and published in The City of New York, at the expense of the New York Central and Hudson River Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York Central and Hudson River Railroad Company and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolutions authorizing

any such contract, will at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 10, 1907, at 10.30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

INVITATION TO CONTRACTORS.

LEXINGTON AVENUE ROUTE.

THE CITY OF NEW YORK (HEREIN-after called The City), acting by its Board of Rapid Transit Railroad Commissioners (hereinafter called the Board), contemplates building a rapid transit railroad along the routes described below. By this advertisement The City invites proposals to construct such railroad upon the routes and in accordance with the detailed plans and specifications adopted therefor. Such proposals may be submitted for any one or more of the eleven separate parts of which such railroad consists, as hereinafter stated.

The points within the City between which the said several parts of the said road are to run and the routes or routes to be followed, are briefly as follows:

Section 5-O-1: This part of Section 5-O, as described in the routes and general plan, begins at Lexington avenue and One Hundred and Twenty-ninth street and runs southerly under Lexington avenue to a point about 50 feet north of One Hundred and Third street.

Section 5-O-2: Begins at the southerly end of Section 5-O-1, and runs southerly under Lexington avenue to a point about 50 feet north of Seventy-first street.

Section 5-O-3: Begins at the southerly end of Section 5-O-2, and runs southerly under Lexington avenue to a point between Forty-second and Forty-third streets, the southerly end of Section 5-O, as described in the routes and general plan.

Section 5-A: Begins at the southerly end of Section 5-O, as described in the routes and general plan, and runs thence under private property, Forty-second street and private property again to a point in Park avenue, between Thirty-eighth and Forty-first streets, at which a junction can conveniently be made with the existing subway.

Section 5-B: Begins at the northerly end of Section 5-A, above described, and runs thence northerly under the Harlem river to the Borough of The Bronx, where it continues under Third avenue and Morris avenue and then curves under private property to a point in One Hundred and Forty-ninth street, between Morris avenue and Cortlandt avenue, at which a junction can conveniently be made with the present subway.

Section 5-C-1: This part of Section 5-C, as described in the routes and general plan, begins at the northerly end of Section 5-O above described, and runs thence northerly under Lexington avenue and the Harlem river to the Borough of The Bronx, and then continues under Park avenue to One Hundred and Fifty-sixth street.

Section 5-C-2: This part of Section 5-C consists of a spur beginning at a point on the main line of the route of Section 5-C at Park avenue and One Hundred and Forty-ninth street, and runs under private property, One Hundred and Fifty-third street, Exterior street and Sedgwick avenue to the intersection of Sedgwick avenue and One Hundred and Sixty-fourth street.

Section 5-C-3: This part of Section 5-C consists of a loop beginning in the Borough of The Bronx at a point in Park avenue between One Hundred and Fifty-second streets, and runs thence northwesterly and westerly under private property and connects with the spur Section 5-C-2 above described near the point where the centre line of said spur would intersect One Hundred and Fifty-first street if produced.

Section 5-D-3: This part of Section 5-D, as described in the routes and general plan, begins at the southerly end of Section 5-O, above described, in Lexington avenue, between Forty-second and Forty-third streets, and runs thence southerly under Lexington avenue to a point about half way between Thirty-sixth and Thirty-seventh streets, at which point the tracks will diverge into two branches. One of these branches will curve southwesterly under private property to Thirty-sixth street, and then run westerly under Thirty-sixth street, curving southerly into Fifth avenue, and then under Fifth avenue to a point where it will be rejoined by the second branch diverging as above stated. The second branch will run from the said point of divergence southerly and westerly under Lexington avenue and Thirty-fifth street to Fifth avenue, where it will rejoin the branch first above described at a point between Thirty-fourth and Thirty-fifth streets. From the last mentioned point the route of this section will run southerly under Fifth avenue along Madison square and into Broadway; thence southerly under Broadway to a point about half way between Seventeenth and Eighteenth streets.

Section 5-D-2: Begins at the southerly end of Section 5-D-3, and runs southerly under Broadway (passing under Union square) to a point about 50 feet north of Reade street.

Section 5-D-1: Begins at the southerly end of Section 5-D-2, and runs thence southerly under Broadway, Vesey street, Church street, Trinity place and Greenwich street to a suitable terminus under Battery Park.

The general plan of construction calls for a railroad placed in subways or tunnels. The road is intended to be operated by electricity or some other power not requiring combustion within the tunnels, and the motors are intended to be capable of moving trains at a speed of not less than forty miles per hour for long distances, exclusive of stops.

For all of Sections 5-O-1, 5-O-2, 5-O-3 and 5-A there will be four tracks. For Section 5-B there will be two tracks. For Section 5-C-1 and Section 5-C-2, there will be two tracks. In the loop above described as Section 5-C-3, there will be four tracks as far south as the point between Thirty-sixth and Thirty-seventh streets, where the line diverges as above described; there will be two tracks from the point of divergence through Thirty-sixth street and Fifth avenue to the point where the lines reunite and two tracks from the point of divergence through Lexington avenue and Thirty-fifth street to the point in Fifth avenue where the lines reunite, and for the remainder of the distance southerly under Fifth avenue and Broadway there will be four tracks. For Section 5-D-2 there will be four tracks. For Section 5-D-1 there will be four tracks to the Chambers street station. South of the Chambers street station southerly under Broadway, Vesey street, Trinity place and Greenwich street there will be two tracks. Additional tracks for terminal purposes are to be constructed under Battery place and Battery Park. Suitable stations, as shown on the plans, together with cross-overs, turnouts and sidings, as may be necessary, are to be provided.

The tracks are to be of standard gauge. The tunnels are to have a height of not less than 13 feet in the clear, and a maximum width of 15 feet for each track, except at stations, curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of streets as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings as well as where approaching the Harlem river. The roof and sides of the tunnels will be of iron or steel and masonry.

Entrances to stations will in general be placed within private property, rights in which will be acquired for the purpose.

Construction is to be generally carried on by means of tunnelling or excavation under cover, except as may be otherwise specially provided in the contract, or in places where the Board shall give express permission to construct by open excavation. In the City Hall Park, Battery Park or other places under the jurisdiction of the Department of Parks, all trees injured or destroyed in the course of construction are to be replaced by the contractor under the direction and to the satisfaction of said Department.

The Board has included in the detailed plans for construction, provisions for pipe galleries through and along the principal longitudinal streets of all portions of the route except Sections 5-A and 5-C-3. Bids for the construction of the railroad on any one or more of these sections must be accompanied by bids for the construction of the pipe galleries appurtenant to such section or sections; and if not so accompanied will not be considered by the Board. The Board reserves the right to accept a bid for the construction of any section of the railroad and at the same time to reject the accompanying bid for pipe galleries.

The Board has also included in the detailed plans for construction, provisions for third tracks in Thirty-fifth and Thirty-sixth streets, and for two additional tracks under Greenwich street, Battery place and Battery Park south of Morris street, and additional station and terminal facilities in Battery Park. Such additional tracks and facilities are intended ultimately to form part of other railroads heretofore duly authorized and approved. Bids for the construction of Sections 5-D-3 and 5-D-1 must be accompanied by separate bids for the construction of such additional tracks and station and terminal facilities; and if not so accompanied will not be considered by the Board.

If proposals satisfactory to the Board are received for the construction of one or more of the several parts of the road as above described, the Board may contract (subject to the approval of the Board of Estimate and Apportionment as provided by law) for those parts for which satisfactory proposals are received, reserving the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

A fuller description of the said routes is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

The words "the railroad" wherever used hereafter in this invitation are to be construed to mean the part or parts included in any contract entered into in pursuance hereof.

Payments to the contractor for construction will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries and the additional tracks and terminal facilities above mentioned) is to be completed as soon as practicable, and within the periods mentioned in the form of contract.

Proposals may be submitted for construction alone; or, at the option of the bidder, for construction, equipment, maintenance and operation. In case a satisfactory proposal is received from any person, firm or corporation to construct, equip, maintain and operate the railroad, the contractor will provide for maintenance and operation for a term of twenty years, and for a renewal thereof for a further term of twenty years from the expiration of the original term, all as stated in the form of contract; the contractor to pay an annual rental for the use of the railroad which shall be ascertained as stated in the form of contract and which shall begin as soon as any portion of the railroad shall be declared by the Board to be ready for operation.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, AT NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, APRIL 25, 1907.

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals shall be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

Bidders shall specify separately in their proposals the amounts for which they will construct each separate part as described above; the amounts for which they will construct pipe galleries; and the amounts for which they will construct the additional tracks and station and terminal facilities above mentioned if they bid on Section 5-D-1 or 5-D-3. They may, however, make their bid for any one section of this proposed railroad conditional upon either the ac-

ceptance or rejection of their bid for any one or more of the other sections which they shall specify, or upon the acceptance or rejection of their bids for any other rapid transit railroad construction submitted by them at the same time.

The price stated for the construction of each separate part shall include the furnishing of all materials and the performance of all labor requisite to the complete construction of such part, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

Bidders who submit proposals to construct and also equip, maintain and operate the railroad must specify in their proposals, in addition to the matters hereinbefore contained, the following:

(A) An estimate of the cost of the equipment of the railroad upon which the proposal is based. The word "equipment" includes motors, cars, machinery, power houses, all real estate upon which any such power houses shall stand, rails, ties, ballast, telephone and telegraph appliances, and other real and personal property as specified in the form of contract. Such equipment is to remain the property of the contractor, but will be subject to a lien of the City to secure performance by the contractor of all the obligations of the contract, including the payment of rental under the lease during its entire term and during any extension thereof.

(B) The maximum fare (not to exceed 5 cents) which will be charged a single passenger for a continuous ride over the whole or any part of the railroad.

(C) What transportation facilities over railways connecting or to connect with the rapid transit railroad the contractor will assure to the City, specifying separately in Schedule "A," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding 5 cents without change of cars; in Schedule "B," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding 5 cents, but with or without change of cars at the option of the contractor, and in Schedule "C," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers with or without change of cars at the option of the contractor, for fares exceeding 5 cents per trip but within limitations to be specified.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will in the judgment of the Board best promote the public interest and award a contract or contracts accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law. If any part or parts of the road are not contracted for, the Board reserves the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

The award of the contract or contracts (if awarded) will be made by the Board within fifteen days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract the contractor will be required to furnish security to the City as follows:

(1) By depositing in cash or approved securities for each part of the road for which the contract is made the following amounts, viz:

For Section 5-O-1.....	\$125,000 00
For Section 5-O-2.....	125,000 00
For Section 5-O-3.....	125,000 00
For Section 5-A.....	25,000 00
For Section 5-B.....	150,000 00
For Section 5-C-1.....	100,000 00
For Section 5-C-2.....	50,000 00
For Section 5-C-3.....	50,000 00
For Section 5-D-1.....	150,000 00
For Section 5-D-2.....	150,000 00
For Section 5-D-3.....	150,000 00

If the contract covers two or more parts of the road, the deposit shall be the aggregate of the deposits required in respect of each of the several parts contracted for.

(2) By giving a bond in a penalty equal to the amount of the deposit as above required. At the option of the contractor, cash or approved securities may be deposited instead of giving a bond.

If securities are deposited for any purpose under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. Bonds must be in one of the forms annexed to the form of contract.

In addition, and as further security to the City, 10 per cent. of each amount certified from time to time to be due to the contractor, will be retained until the railroad is completed.

Each bidder must state in his proposal the names and places of business of the proposed sureties on the bond proposed to be given, and describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by them are not approved by the Board, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Board shall give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders, and without abatement by reason of any increase of rental which such excess may produce to the City.

Every proposal must, when submitted, be enclosed in a sealed envelope indorsed "Proposal for Constructing Rapid Transit Railroad (Lexington Avenue Route) Sections—" and must be delivered to the Board or to its secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposals will be received or deposited unless accompanied by a certified check drawn upon a National or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for an amount equal to ten per cent. of the deposit above required to

be made upon the delivery of a contract for construction of the section or sections of the proposed Rapid Transit Railroad to which such proposal relates.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and make the deposit in cash or securities, and to execute and deliver the bond with sureties, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure, and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be inclosed in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to security are complied with.

INVITATION TO CONTRACTORS.

SEVENTH AND EIGHTH AVENUE AND JEROME AVENUE SUBWAY ROUTES.

THE CITY OF NEW YORK (HEREINAFTER CALLED THE CITY), acting by its Board of Rapid Transit Railroad Commissioners (hereinafter called the Board), contemplates building a rapid transit railroad along the routes described below.

By this advertisement The City invites proposals to construct such railroad upon the routes and in accordance with the detailed plans and specifications adopted therefor. Such proposals may be submitted for any one or more of the fifteen separate parts of which such railroad consists as hereinafter stated. The points within the City between which the said several parts of the said road are to run, and the routes to be followed, are briefly as follows, beginning at the southerly end of the said routes and continuing to the northerly end thereof:

Section 4-D-1: Begins at a terminal under the Battery Park and then runs northerly under Greenwich street to a point thirty feet north of the northerly side of Morris street.

Section 4-D-2: Begins at the northerly end of Section 4-D-1 and runs northerly under Greenwich street and West Broadway to the centre line of Chambers street. This section will also include what is designated as the Barclay street loop.

Section 4-C: Begins at the northerly end of Section 4-D-2 and runs northerly under West Broadway to West Fourth street.

Section 4-B: Begins at the northerly end of Section 4-C and runs under Washington square to the intersection of Waverley place and Macdougall street and then under private property to Sixth avenue near the corner of Clinton place and then under Greenwich avenue to West Eleventh street. It then passes under private property to a point near the corner of Seventh avenue and West Twelfth street and continues northerly under Seventh avenue to a point about half way between Twenty-fifth and Twenty-sixth streets.

Section 4-O-1: Begins at the northerly end of Section 4-B and runs northerly under Seventh avenue to the southerly line of Fortieth street.

Section 4-O-2: Begins at the northerly end of Section 4-O-1 and runs northerly to the northerly side of Forty-third street, passing under the existing subway.

Section 4-O-3: Is an alternative for Section 4-O-2. It begins at the northerly end of Section 4-O-1 and runs northerly so as to afford a suitable connection extending under Seventh avenue at Broadway or Times square to a point near Forty-third street, where a junction can be made with the existing subway.

Section 4-A: Begins near the intersection of the centre line of Seventh avenue with the northerly line of Forty-third street at the northerly end of Section 4-O-2, above described, and runs thence northerly under Seventh avenue to the Central Park, and thence under the Central Park to Central Park West, near the intersection of Sixty-second street.

Section 4-AA-1: Begins at the northerly end of Section 4-A and runs thence under Central Park West to about the centre of the Plaza at the intersection of Central Park West with One Hundred and Tenth street.

Section 4-AA-2: Begins at the northerly end of Section 4-AA-1 and runs northerly under Eighth avenue to a point between One Hundred and Forty-ninth and One Hundred and Fiftieth streets. It then runs under Macomb's lane to One Hundred and Fifty-third street and forms a loop under One Hundred and Fifty-fourth street and private property, coming back to Eighth avenue. It also includes a spur running northerly along Eighth avenue to a point about half way between One Hundred and Fifty-fourth and One Hundred and Fifty-fifth streets.

Section 15-A: Begins at the northerly end of Section 4-AA-2 and runs thence northeasterly under Eighth avenue and private property to and under the Harlem river, and under private property in the Borough of The Bronx to a point under One Hundred and Sixty-second street west of Ogden avenue. It then continues easterly under One Hundred and Sixty-second street and private property to a point in the westerly side of Jerome avenue about opposite its intersection with the centre line of One Hundred and Sixty-fourth street produced, and thence continues under Jerome avenue to a point about half way between One Hundred and Sixty-fourth and One Hundred and Sixty-fifth streets.

Section 15-AA-1: Begins at the northerly end of Section 15-A and runs northerly under and along Jerome avenue to a point about half way between One Hundred and Eighty-fourth street and Fordham road.

Section 15-AB-1: Begins at the northerly end of Section 15-AA-1, and runs northerly under Jerome avenue to the point of junction of Jerome avenue with Woodlawn road, opposite the Woodlawn Cemetery.

Sections 4-H-1 and 4-H-2 hereinafter described are alternatives for Sections 4-C, 4-B, 4-O-1, 4-O-2, 4-O-3 and 4-A above mentioned. If the said six last mentioned sections, or any of them, are contracted for, Sections 4-H-1 and 4-H-2

will not be included in the contract for which proposals are now invited.

Section 4-H-1: Begins at the northerly end of Section 4-B-2 above described and runs northerly under Hudson street to a point between Eleventh street and Bank street, and then under Eighth avenue to the northerly line of Twenty-third street.

Section 4-H-2: Begins at the northerly end of Section 4-H-1 and runs northerly under Eighth avenue and Central Park West to the point near the intersection of Sixty-second street at which the northerly end of Section 4-A above described is located.

The general plan of construction calls for a railroad placed in subway or tunnels. The road is intended to be operated by electricity or some other power not requiring combustion within the tunnels, and the motors are intended to be capable of moving trains at a speed not less than forty miles per hour for long distances, exclusive of stops. There will be four tracks from the terminal in Battery Park to about One Hundred and Fiftieth street. There will be two tracks in the Macomb's lane loop and two tracks from One Hundred and Fiftieth street and Eighth avenue northerly under the Harlem river and Jerome avenue.

There will be a single-track loop constituting a part of Section 4-D-2 which will begin under West Broadway at a point near Murray and Warren streets and then pass under private property, Greenwich street and Barclay street to a point near the northwest corner of West Broadway and Barclay street.

Suitable stations as shown on the detailed plans, together with crossovers, turnouts and sidings as may be necessary, are also to be provided.

The tracks are to be of standard gauge. The tunnels are to have a height of not less than 13 feet in the clear, and a maximum width of 15 feet for each track, except at stations, curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of streets as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings as well as where approaching the Harlem river. The roof and sides of the tunnels will be of iron or steel and masonry.

Entrances to stations will in general be placed within private property, rights in which will be acquired for the purpose.

Construction is to be generally carried on by means of tunnelling or excavation under cover, except as may be otherwise specially provided in the contract, or in places where the Board shall give express permission to construct by open excavation. In Battery Park, Washington square and Central Park, or other places under the jurisdiction of the Department of Parks, all trees injured or destroyed in the course of construction are to be replaced by the contractor under the direction and to the satisfaction of said Department.

The Board has included in the detailed plans for construction, provisions for pipe galleries through and along the principal longitudinal streets except in those portions described above as Section 15-A and a part of Section 4-O-2.

Bids for the construction of the railroad on any one or more of these sections must be accompanied by bids for the construction of the pipe galleries appurtenant to such section or sections; and if not so accompanied will not be considered by the Board. The Board reserves the right to accept a bid for the construction of any section of the railroad and at the same time to reject the accompanying bid for pipe galleries.

If proposals satisfactory to the Board are received for the construction of one or more of the several parts of the road as above described, the Board may contract (subject to the approval of the Board of Estimate and Apportionment as provided by law) for those parts for which satisfactory proposals are received, reserving the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

A fuller description of the said routes is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

The words "the railroad" wherever used hereafter in this invitation are to be construed to mean the part or parts included in any contract entered into in pursuance hereof.

Payments to the contractor for construction will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries and the additional tracks and terminal facilities above mentioned) is to be completed as soon as practicable, and within the periods mentioned in the form of contract.

Proposals may be submitted for construction alone; or, at the option of the bidder, for construction, equipment, maintenance and operation. In case a satisfactory proposal is received from any person, firm or corporation to construct, equip, maintain and operate the railroad, the contract will provide for maintenance and operation for a term of twenty years, and for a renewal thereof for a further term of twenty years from the expiration of the original term, all as stated in the form of contract; the contractor to pay an annual rental for the use of the railroad which shall be ascertained as stated in the form of contract and which shall begin as soon as any portion of the railroad shall be declared by the Board to be ready for operation.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, APRIL 25, 1907,

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals shall be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

Bidders shall specify separately in their proposals the amounts for which they will construct each separate part as described above; and the amounts for which they will construct pipe galleries. They may, however, make their bid for any one section of this proposed railroad conditional upon either the acceptance or rejection of their bid for any one or more of the other sections which they shall specify, or upon the acceptance or rejection of their bids for any other Rapid Transit Railroad construction submitted by them at the same time.

The price stated for the construction of each separate part shall include the furnishing of all materials and the performance of all labor requisite to the complete construction of such part, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

Bidders who submit proposals to construct and also to equip, maintain and operate the railroad, must specify in their proposals in addition to the matters hereinbefore contained, the following:

(A) An estimate of the cost of the equipment of the railroad upon which the proposal is based. The word "equipment" includes motors, cars, machinery, power houses, all real estate upon which any such power houses shall stand, rails, ties, ballast, telephone and telegraph appliances, and other real and personal property as specified in the form of contract. Such equipment is to remain the property of the contractor, but will be subject to a lien of the City to secure performance by the contractor of all the obligations of the contract, including the payment of rental under the lease during its entire term and during any extension thereof.

(B) The maximum fare (not to exceed five cents) which will be charged a single passenger for a continuous ride over the whole or any part of the railroad.

(C) What transportation facilities over railways connecting the City to the Rapid Transit Railroad the contractor will assure to the City, specifying separately in Schedule A forming part of the proposal the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding five cents without change of cars; in Schedule B, forming part of the proposal the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding five cents, but with or without change of cars at the option of the contractor; and in Schedule C, forming part of the proposal the connecting lines over which a continuous trip shall be assured to passengers with or without change of cars at the option of the contractor, for fares exceeding five cents per trip but with limitations to be specified.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will in the judgment of the Board best promote the public interest and award a contract or contracts accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law. If any part or parts of the road are not contracted for, the Board reserves the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

The award of the contract or contracts (if awarded) will be made by the Board within fifteen days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract, the contractor will be required to furnish security to the City as follows:

(1) By depositing in cash or approved securities for each part of the road for which the contract is made the following amounts, viz:

For Section 4-D-1.....	\$25,000 00
For Section 4-D-2.....	50,000 00
For Section 4-C.....	100,000 00
For Section 4-B.....	100,000 00
For Section 4-O-1.....	60,000 00
For Section 4-O-2.....	20,000 00
For Section 4-O-3.....	20,000 00
For Section 4-A.....	100,000 00
For Section 4-AA-1.....	200,000 00
For Section 4-AA-2.....	200,000 00
For Section 15-A.....	60,000 00
For Section 15-AA-1.....	100,000 00
For Section 15-AB-1.....	100,000 00
For Section 4-H-1.....	200,000 00
For Section 4-H-2.....	175,000 00

If the contract covers two or more parts of the road, the deposit shall be the aggregate of the deposits required in respect of each of the several parts contracted for.

(2) By giving a bond in a penalty equal to the amount of the deposit as above required. At the option of the contractor, cash or approved securities may be deposited instead of giving a bond.

If securities are deposited for any purpose under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. Bonds must be in one of the forms annexed to the form of contract.

In addition, and as further security to the City, 10 per cent. of each amount certified from time to time to be due to the contractor will be retained until the railroad is completed.

Each bidder must state in his proposals the names and places of business of the proposed sureties on the bond proposed to be given, and describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by them are not approved by the Board, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the

latter case the Board shall give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders, and without abatement by reason of any increase of rental which such excess may produce to the City.

Every proposal must, when submitted, be inclosed in a sealed envelope indorsed "Proposal for Constructing Rapid Transit Railroad (Seventh Avenue Route, etc.), Sections ——" and must be delivered to the Board or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposals will be received or deposited unless accompanied by a certified check drawn upon a national or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for an amount equal to 10 per cent. of the deposit above required to be made upon the delivery of a contract for construction of the section or sections of the proposed rapid transit railroad to which such proposal relates.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and make the deposit in cash or securities, and to execute and deliver the bond with sureties, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure, and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be inclosed in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its Secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to security are complied with.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
