The action of the Secretary in certifying ten names in response to a requisition from the Secretary of the Board of Education for additional names from which to appoint one Stenographer and Typewriter (female) at \$600 per annum in the office of the District Superintendent of the Borough of Brooklyn was approved, it appearing that the additional names had been certified to anticipate declinations on account of salary.

A communication was presented from Gustave W. Volz, of 825 Classon ave., Brooklyn, requesting that the records of the Commission be amended to show that his declination of appointment as Topographical Draughtsman in the Department of Water Supply, Gas and Electricity had been on account of salary and not on account of temporary inability. The request was denied.

The Secretary stated that the following matters had been acted upon subsequent to the last meeting of the Commission:

Report of the Assistant Chief Examiner in Charge of Promotions, dated February 19, relative to the request of Miss Myrtis M. Fish, of 255 Macon st., Brooklyn, a Probation Officer in the City Magistrates' Court, First District, that she be admitted to the examination for promotion to Assistant Court Clerk, which had been limited to men because the open competitive examination had been so limited, on the ground that she had been admitted to the last examination for Assistant Court Clerk. The Examiner stated that owing to the unusualness of the name "Myrtis" the application had been accepted for the open competitive examination in the belief that the applicant was a man, and recommended that the promotion examination proceed as originally ordered and that Miss Fish be informed that the same was limited to male Probation Officers. Recommendation adopted.

Report of the Assistant Chief Examiner in Charge of Promotions, dated February 15, relative to the increase in salary of George Sandhusen, a Clerk in the Board of Elections, from \$1,700 to \$1,900 per annum, effective February 15, 1912, recommending that the same be approved under the provisions of Rule 15, Clause 25, he having formerly held a position in the fourth grade. Mullaney, Stenographer and Typewriter in the Bureau of the Chief Engineer, Borough of Brooklyn, from \$1,050 to \$1,200 per annum, recommending that the request be denied for the reason that the proposed increase involved a promotion and it did not appear that Mr. Mullaney had received his appointment as the result of an examination covering in its scope a higher grade or compensation (Rule 15, Clause 24). Recommendation adopted.

Report of the Assistant Chief Examiner in Charge of Promotions, dated February 24, relative to the proposed increase in salary of Eugene J. Shields, Stenographer and Typewriter in the Fire Department (Bureau of Fire Prevention), from \$1,050 to \$1,200 per annum, stating that the same could not be approved for the reason that Mr. Shields was not eligible for the latter salary under the provisions of Rule 15, Clauses 8a and 24. The Secretary was instructed to so inform the Fire Commissioner.

Report of the Assistant Chief Examiner in charge of Promotions, dated February 23, recommending that the request of the Supervisor of the City Record for approval of the change of title of Edgar A. Bethel from Booktypewriting Copyist at \$1,200 per annum to Clerk at that salary be denied, there being a preferred list for the latter position. Recommendation adopted.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unimpaired at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
