At a meeting of the Board of Docks of the City of New York, held at the office of the Board, Pier "A," Battery place, Thursday, March 17, 1892.

Present—President Cram.

Commissioner Post.

Phelan.

The minutes of the meetings held the 8th and 10th instant were read and approved.

A committee of stevedores appeared and protested against the order restricting the unloading of coal boats below Grand street, East river, and south of West Tenth street, North river, to steam-power. They were informed that the said order will not be enforced without due notice thereof being given to those interested.

Joseph J. O'Donohue and W. W. Everett, representing the New Jersey Steamboat Company, appeared and declined on behalf of said company the offer of March 3, 1892, to purchase the bulkhead between Watts and Canal streets, including Pier, old 41, North river.

On motion, the further consideration of the subject was tabled until March 31, 1892.

M. Goodwin appeared respecting the order to dredge in front of the bulkhead between Twenty-eighth and Twenty-ninth streets, East river, requested by "various business men in the vicinity," February 18, 1892. He stated that in his opinion there was no immediate necessity for doing said work.

On motion, the order dated March 3, 1892, requiring the owners of the bulkheads adjoining the foot of East Twenty-ninth street to dredge, was revoked.

The following communications were received, read and,

On motion, ordered to be placed on file, viz.:

From the Mayor's Office—Requesting certain data relative to the water-front at Riker's Island. The Engineer-in-Chief directed to furnish the information.

From the Finance Department—Returning the proposal of Matthew Baird for furnishing granite stones for bulkhead or river-wall under Contract No. 412 with the approval of the adequacy and sufficiency of the sureties.

From the Department of Street Cleaning:

1st. Requesting the privilege of dumping at One Hundred and Forty-first street on the east side of Fifth avenue. Notify said Department that the property in question does not belong to the city.

2d. Suggesting that some place other than Seventy-ninth street, North river, be designated for the dump located thereat. Referred to the Engineer-in-Chief.

From the Department of Public Charities and Correction—Thanking the Board for its prompt attention to the matter of repairs to the docks on Randall's and Blackwell's Island.

From the Knickerbocker Ice Company:

1st. Requesting permission to place a platform scale for the weighing of ice on the north side of the Pier foot of Twenty-eighth street, East river. Permit granted.

From the National Ice Company—Requesting permission to use and occupy during the pleasure of the Board a berth on the south side of the Pier foot of One Hundred and Thirty-third street, North river. Notify the said company that the pier in question will be offered for sale at public auction April 5, 1892, and for that reason their application is denied.

From Hunt & Donaldson—Requesting the Board to set apart a berth for their use at the bulkhead between Piers, new 14 and 15, North river.

On motion, permit granted to use and occupy a berth at Pier, new 14, North river, during the month of April, 1892; compensation to be fixed by the Treasurer.

From the Providence and Stonington Steamship Company, lessee—Accepting the conditions of the resolution adopted on the 10th instant for the subletting of a portion of Pier, new 36, North river.

From the Northern Gas-light Company—Requesting permission to build a concrete dock extension along the Bronx river at West Farms, as shown on plan submitted. Permit granted.

From the Mutual Company—Reporting that they have three tug-boats fitted up with steam fire-pumps, which have been frequently of great service at fires, and requesting that their boats be allowed to lie for a few hours each day at the Castle Garden landing without paying wharfage. Referred to the Treasurer to fix the rate of compensation.

From the New York, Lake Erie and Western Railroad Company, lessee—Requesting an extension until May 1, 1892, of the order dated December 10, 1891, requiring the sheds on Piers, new 20 and 21, North river, to be painted. Time extended as requested.

From F. C. Dininny, Jr.—Requesting permission to make certain repairs to the dock between Eightieth and Eighty-first streets, North river. Application denied. Notify said party to submit plans and a proper application.

From Robert L. Wensley, Clerk—Requesting a return of the abstract filed February 11, 1892, of the estimate made by the Commissioners of Assessment for the acquisition of seventy-five feet of the bulkhead on the west side of West street next north of Harrison street, North river. The Secretary directed to comply therewith.

From John D. Crimmins, on behalf of the Pennsylvania Railroad Company:

1st. Requesting the Board to consider the advisability of selling at auction for a term of ten years the south half of Pier 18, North river, together with the twenty-three feet of bulkhead southerly therefrom. Notify the applicant that the Board will lease the property referred to as soon as the contemplated improvements thereat are completed.

2d. Requesting a lease, with privilege of renewal, of the bulkhead between Piers, new 28 and 29, North river, together with permission to build a shed thereon. Application denied, for the reason of its being the only open bulkhead in the neighborhood.

From Cornelius McMonagle—Requesting a renewal of the permit issued April 24, 1891, for derricks and tally-houses on Pier, old 42, North river. Application denied.

On motion, permit granted to use and occupy, during the pleasure of the Board, the bulkhead between Piers, new 28 and 29, North river, and to locate coal-hoisting derrick, engine, coal-hopper, tally-house and scales thereat; rate of compensation to be fixed by the Treasurer.

Notify the said contractors to appear before the Board Thursday, March 24, 1892, at 11 o'clock A. M., and show cause why a penalty should not be imposed of \$25 for each day that they violated the Rules and Regulations of this Department by dumping at the above premises.

From Dock Master Kenney—Recommending that the bulkheads between Gansevoort and Bogaert streets, and between Bloomfield and Little West Twelfth streets, be graded and paved, and that the Piers at Little West Twelfth and Thirteenth streets be cleaned. The Engineer-in-Chief directed to examine and report.

Each estimate must contain the name and place of
residence of the person making the same, the names of
all persons interested with him therein, and if no other
person be so interested, it shall distinctly state that fact.
That it is made without any connection with any other
person making an estimate for the same work, and is in
all respects fair and without collusion or fraud. That
no member of the Common Council, head of a depart-
ment, chief of a bureau, deputy thereof, or clerk
therein, or other officer of the Corporation, is directly
or indirectly interested in the estimate or in the work to
which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing,
of the party making the same, that the several matters
therein stated are true, and must be accompanied by the
consent, in writing, of two householders or freeholders in
the City of New York, to the effect that if the contract is
awarded to the person making the estimate, they will,
upon its being so awarded, become bound as his sureties
for its faithful performance; and that if he shall refuse
or neglect to execute the same, they will pay to the Cor-
poration any difference between the sum to which he
would be entitled upon its completion and that which
the Corporation may be obliged to pay to the person to
whom the contract shall be awarded at any subsequent
letting; the amount to be calculated upon the estimated
amount of the work by which the bids are tested.

The consent last above mentioned must be accom-
panied by the oath or affirmation, in writing, of each of
the persons signing the same, that he is a householder
or freeholder in the City of New York, and is worth the
amount of the security required for the completion of
the contract, over and above all his debts of every
nature, and over and above his liabilities as bail, surety,
or otherwise, and that he has offered himself as surety
in good faith, with the intention to execute the bond
required by law.

No estimate will be considered unless accompanied by
either a certified check upon one of the State or National
banks of the City of New York, drawn to the order
of the Comptroller, or money, to the amount of five
per centum of the amount of the security required for
the faithful performance of the contract. Such check
or money must NOT be inclosed in the sealed envelope
containing the estimate, but must be handed to the
officer or clerk of the Department who has charge of
the estimate-box, and no estimate can be deposited in
said box until such check or money has been examined
by said officer or clerk and found to be correct. All
such deposits, except that of the successful bidder, will
be returned to the persons making the same within
three days after the contract is awarded. If the suc-
cessful bidder shall refuse or neglect, within five days
after notice that the contract has been awarded to him, to
execute the same, the amount of the deposit made by
him shall be forfeited to and retained by the City of
New York as liquidated damages for such neglect or
refusal; but if he shall execute the contract within the
time aforesaid, the amount of the deposit will be
returned to him.

THE COMMISSIONER OF PUBLIC WORKS
RESERVES THE RIGHT TO REJECT ALL BIDS
RECEIVED FOR ANY PARTICULAR WORK IF
HE DEEMS IT FOR THE BEST INTERESTS OF
THE CITY.

Blank forms of bid or estimate, the proper envelopes
in which to inclose the same, the specifications and
agreements, and any further information desired, can be
obtained at Rooms 1, 5, 9 and 15, No. 31 Chambers
street.

THOS. F. GILROY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT
act of the Legislature (chapter 449, Laws of 1889),
which provides that whenever any streets or avenues in
the city, described in any grant of land under water,
from the Mayor, Aldermen and Commonalty containing
covenants requiring the grantees and their successors to
pave, repave, keep in repair or maintain such streets,
shall be in need of repairs, pavement or repavement,
the Common Council may, by ordinance, require
the same to be paved, repaved or repaired, and
the expense thereof to be assessed on the property
benefited; and whenever the owner of a lot so assessed
shall have paid the assessment levied for such paving,
repaving or repairing, such payment shall release and
discharge such owner from any and every covenant and
obligation as to paving, repaving and repairing, con-
tained in the water grant under which the premises are
held, and no further assessment shall be imposed on
such lot for paving, repaving or repairing such street or
avenue, unless it shall be petitioned for by a majority
of the owners of the property who shall also be the owners
of a majority of the property in frontage on the line of
the proposed improvement.

The act further provides that the owner of any such
lot may notify the Commissioner of Public Works, in
writing, specifying the ward number and street number
of the lot that he desires, for himself, his heirs and
assigns, to be released from the obligation of such
covenants, and elects and agrees that said lot shall be
thereafter liable to be assessed as above provided, and
thereupon the owner of such lot, his heirs and assigns
shall thenceforth be relieved from any obligation to
pave, repair, uphold or maintain said street, and the lot
in respect of which such notice was given shall be liable
to assessment accordingly.

The Commissioner of Public Works desires to give
the following explanation of the operation of this act:

When notice, as above described, is given to the
Commissioner of Public Works, the owner of the lot or
lots therein described, and his heirs and assigns, are
forever released from all obligation under the grant in
respect to paving, repaving or repairing the street in
front of or adjacent to said lot or lots, except one assess-
ment for such paving, repaving or repairs, as the Com-
mon Council may, by ordinance, direct to be made
thereafter.

No street or avenue within the limits of such grants
can be paved, repaved or repaired until said work is
authorized by ordinance of the Common Council, and
when the owners of such lots desire their streets to be
paved, repaved or repaired, they should state their
desire and make their application to the Board of Alder-
men and not to the Commissioner of Public Works, who
has no authority in the matter until directed by
ordinance of the Common Council to proceed with the
pavement, repavement or repairs.

THOS. F. GILROY,
Commissioner of Public Works

No extra compensation beyond the amount payable for each class of the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced on or about the 2d day of May, 1892, and all the work contracted for is to be fully completed on or before the 31st day of July, 1892, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the crib-bulkhead to be removed under this contract will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work comprised in both classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their

names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent in writing of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

TERMS AND CONDITIONS OF SALE.

The premises must be taken in the condition in which they may be at the commencement of the term of the lease, and no claim or demand that the premises or property are not in suitable and tenantable condition at the commencement of the term will be allowed by this Department.

All repairs, maintaining or rebuilding required or necessary to be done to or upon the premises, or any part thereof, during the continuance of the term of the lease, shall be done by and at the cost and expense of the lessee or purchaser.

No claim or demand will be considered or allowed by the Department for any loss or deprivation of wharfage or otherwise, resulting from or occasioned by any delay on account or by reason of the premises or any part thereof being occupied for or on account of any repairs, rebuilding or dredging.

The upset price of the parcels or premises exposed or offered for sale will be announced by the auctioneer at the time of sale.

The Department will do all dredging whenever it shall deem it necessary or advisable so to do.

The term for which leases are sold will commence at the date mentioned in the advertisement, and the rents accruing therefor will be payable from that date in each case.

Each purchaser of a lease will be required, at the time of the sale, to pay, in addition to the auctioneer's fees, to the Department of Docks, twenty-five per cent. (25%) of the amount of annual rent bid, as security for the execution of the lease, which twenty-five per cent. (25%) will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, with good and sufficient surety or sureties, to be approved by the Department, within ten days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks, Pier "A," North river, Battery place.

The Department expressly reserves the right to resell the lease or premises bid off, by those failing, refusing or neglecting to comply with these terms and conditions, the party so failing, refusing or neglecting, to be liable to the Corporation of the City of New York for any deficiency resulting from or occasioned by such resale.

Lessees will be required to pay their rent quarterly in advance, in compliance with the terms and conditions of the lease prepared and adopted by the Department.

In all cases where it is mentioned in the advertisement of sale, the purchaser shall be entitled to the privilege of occupying any shed upon the pier or bulkhead at the commencement of the term or that may thereafter be permitted or licensed by the Department, and to the rights attached to such permission or license, but subject to the conditions thereof, such purchaser being engaged in the business of steam transportation and using and employing the same for the purpose of regularly receiving and discharging cargo thereat.

Not less than two sureties, each to be a householder or freeholder in the State of New York, to be approved by the Board of Docks, will be required under each lease to enter into a bond or obligation, jointly and severally with the lessee, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease, the names and addresses of the sureties to be submitted at the time of sale.

No. 66 THIRD AVENUE,

TO CONTRACTORS.

MATERIALS AND WORK REQUIRED FOR FIRE-ESCAPE AT HARLEM HOSPITAL.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until Thursday, April 14, 1892, until 10 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Fire-escape, Harlem Hospital," and with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of **THREE HUNDRED (\$300) DOLLARS.**

A bidder for a contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom a contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract, or such specific sum as may be mentioned in the proposal.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 72 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The forms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department; and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.
