No. 1514.

Resolved, That, upon the annexed petition, it is recommended to the Commissioner of Public Buildings, Lighting and Supplies, that twelve gasoline (or park) lamps be placed in the Borough of The Bronx, as indicated upon the diagram hereto attached.

NEW YORK, October 18, 1901.

To the Hon. HENRY GEIGER:

DEAR SIR—The undersigned, property-owners and residents of the section known as Claremont Heights, hereby petition The City of New York to place twelve (12) gasoline (or park) lamps in this locality, a diagram of which is given.

We pay our just share of tax, etc., yet we have no improvements whatever. It is not safe for our wives and daughters to go abroad in this locality at night; women have been insulted on their way home; houses have been burglarized and bad characters infest the hill at night, and it does not seem fair that we cannot enjoy equal rights with other localities, so your petitioners earnestly request a needful necessity—street lights. Eighteen families dwell in this section. We have kept company with Moses in the bullrushes long enough. The territory to be covered with these street lamps is two blocks in extent with about fifty feet of roadway leading up to the first street corner from steps which lead up from Webster avenue. It would not require more than one dozen lamps. A mere bagatelle. We therefore pray you to give this your immediate attention, for it is a case of "must have light" with yours respectfully,

(Signed)

John H. Hayes.	Edward A. Thornton, 1363 Clay avenue.
Walter A. Pender.	John L. Kee, 1371 Clay avenue.
John C. McDonald.	J. R. Kee, 1371 Clay avenue.
Mrs. E. Schroder.	Henry L. Beck, 1367 Clay avenue.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—The Village of Jamaica, a municipal corporation in Queens County, entered into contracts with James P. Graham, as follows:

December 10, 1897, Contract No. 17556—For regulating, grading, improving and paving with vitrified brick, the gutters of such streets in the Village of Jamaica as may be designated by the Board of Trustees of said village (Archer place, Fleet street, South street, Park avenue and Yale avenue).

December 15, 1897, Contract No. 17557—For paving with vitrified brick Beaver and Wall streets (Twombly place): and

May 6, 1897, Contract No. 17559—For regulating, grading, improving and macadamizing highways of the Village of Jamaica (Archer place, Fleet street, Park avenue, Twombly place and Yale avenue).

On September 2, 1899—James P. Graham assigned and transferred to Thomas F. Byrnes & Co., of the Borough of Brooklyn, the aforesaid contracts and all his right and title thereto and interest therein.

On May 16, 1900—James P. Graham, Thomas F. Byrnes and James Gillen, assigned and transferred to Eugene M. Hendrickson, of the Borough of Brooklyn, the aforesaid contracts, and all their right and title thereto and interest therein.

The funds available for the purposes of these contracts are insufficient to permit the entire work therein provided for to be performed.

Acting according to advice from the Corporation Counsel, this Department has obtained the written consent of the assignee, Eugene M. Hendrickson, to the following modification of said contracts:

Contract No. 17556—To provide only for the laying of 800 square yards of brick gutter in Archer place; 300 square yards of brick gutters in Fleet street and 933 square yards of brick gutter in South street; all other work remaining to be done under the original contract to be eliminated therefrom.

pavement on Fleet street, and 750 square yards of macadam pavement on Twombly place; all other work remaining to be done under the original contract to be eliminated therefrom.

One of the conditions of the modification of these contracts is, that the work provided for shall be done in accordance with the prices and specifications of the original contracts.

I herewith transmit a copy of the agreement modifying the contracts as herein specified, and I respectfully request that a resolution be adopted authorizing such modification and transmitted to the Municipal Assembly for ratification.

The work remaining to be done under the original contracts is estimated to cost \$14,428.15, while the amount available is only \$8,307.24, showing a deficiency of \$6,120.91.

The modification of the contracts brings the cost of the work to be done within the available balance of \$8,307.24.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

MILO R. MALTBEIE, }

To the Municipal Assembly of The City of New York:

The Municipal Art Society is informed that you have under consideration a proposed ordinance for the proper designation of street names by signs upon the street corners. In that connection it respectfully asks your earnest attention to the great opportunity which exists for adding very substantially to the beauty of the streets by the character of the signs proposed, and it also respectfully offers its services to the City in the effort to procure an adequate and artistic name designation.

The necessity for such a designation is manifest. The signs will be constantly present to the eye, and they should be of such form, design and material as will contribute to the artistic value of the City's streets. It is manifest that every effort should be directed towards keeping the streets as free and open as possible. It is impracticable to keep them wholly so. Lamp-posts or electric

lighting poles, fire-alarm boxes and hydrants are a necessity, and in connection with some one of these should be considered a device for indicating the street names. It is practicable, however, to minimize the number of objects. We think that the City should seize the opportunity to inaugurate a system which will combine all these things in one construction. Such a construction would not only be a relief to the streets, but if artistically done would add appreciably to their beauty. It may not be possible, for various reasons, to put such a scheme into complete operation at once, but it is quite possible to begin it in the more congested portion of the city, and extend it as occasion demands.

But, irrespective of any general treatment of the streets, the City manifestly owes to itself a proper system of street marking, useful to all classes of citizens or strangers by day and night. It is to be borne in mind that the street names are to be indicated for two different classes of persons—one, the person ignorant of the locality, usually a pedestrian, and often a stranger, and the other the traveler in the street cars, who knows the avenue he is on but who wishes to know the street which he is approaching or passing. For the pedestrian the signs must be placed parallel with the street designated, otherwise confusion is inevitable. For the street car traveler the name of the cross street should be at an angle of forty-five degrees to the avenue; it can then be read from the approaching and passing car. We respectfully submit that all streets should be marked by signs affixed to the corner buildings, or where there is no corner buildings by a temporary sign-post erected on the corner lot. The letters should be so large as to be read by night as well as by day. On avenues or streets which are largely used for transportation (which will be in the Borough of Manhattan, substantially only the longitudinal avenues), there should be an additional sign, showing the cross street, placed at about an angle of forty-five degrees to the avenue on diagonally opposite corners affixed to the electric-light pole or other standard. It seems unnecessary for us at this time to elaborate this plan or specify more in details our reasons for urging it.

But whatever manner of designation be adopted, it is of the highest importance that the signs should be pleasing and educating to the eye. The city streets are at present too much incumbered with disfiguring private signs. Those which the City provides should be such as to be not only beautiful but an object lesson. We respectfully submit that the design or designs should be considered a work of art, and, as such, subject to the approval of the Municipal Art Commission, and we respectfully request and urge that the ordinance to be passed shall so provide.

We believe that the designs should either be uniform, or limited to one of a few designs which may be warranted by the different character of different sections of the city. A designation for streets on unimproved property in the outlying portions of the city may properly differ from that prescribed for the better business or residence portions of the city. It should, however, be equally pleasant to consult. For that reason we respectfully suggest that the ordinance to be passed should prescribe generally the plan of designation, leaving further details to the Commissioner of Highways. If this society can be thus advised of the requirements of the city, and also of a limit of cost, it offers to prepare and submit, at its own expense, designs for adoption and use by the City. It contemplates that these designs will be the result of a competition, and it feels confident that in this or a similar way your Honorable Body may accomplish a greatly needed reform and add materially to the beauty of the streets.

DEAR SIR—With a letter dated June 7, I received from the Secretary of the Board, for investigation and report, a resolution of the Municipal Assembly recommending that One Hundred and Eighth street, from Second avenue to the East river, be repaved with asphalt.

In reply, I beg to report that inasmuch as One Hundred and Eighth street, between the points named, has never been paved, it would have to be paved and not repaved as recommended in the resolution of the Municipal Assembly, and the expense of the work would be payable by assessment.

FRANK H. REUMAN, COUNSELOR-AT-LAW,
No. 346 BROADWAY,
NEW YORK, March 21, 1900.

Hon. ROBERT A. VAN WYCK :

DEAR SIR—In February, 1900, I sent a communication to the Board of Estimate and Apportionment, offering to sell the bath "Knickerbocker" to the City, and on February 19, on your motion, the matter was referred to the Department of Supplies for a report on the bath.

Deputy Commissioner Donovan, and also the Superintendent of Baths, examined the bath within a few days after the communication was received by them, and I have been expecting ever since that they would send their report to the committee.

I called on Commissioner Kearny on March 15 and found that he had left the city and would not return for six weeks. I was informed that nothing could be done until the Commissioner returns.

Now, your Honor, we do not want to wait six weeks if we can help it, for the following reason: We have to sign a lease for a dock for the summer the first part of April, and the amount of rent under the lease will be about \$700 to \$750. If there is any prospect of the City buying the bath we do not want to sign the lease, but if there is no prospect we will have to sign the lease the first part of April or be without a dock for the summer.

With the exception of the Committee of Estimate and Apportionment, no one but your Honor can instruct the Department of Supplies to forward their report to the Board of Estimate, etc., and I did not care to address my communication to the Board, asking for information, as the same might be taken as a criticism of the Department of Supplies when none is intended. If I could see Commissioner Kearny there is no doubt in my mind that he would forward the report immediately.

Will your Honor kindly have the Department of Supplies forward the report to the Board of Estimate and Apportionment so that we can have an answer one way or the other within a short time?

Thanking you in advance for your courtesy, I remain,

Yours respectfully,

F. H. REUMAN.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
April 24, 1900.

JOCELYN JOHNSTONE, Esq., Secretary to the President of the Council:

DEAR SIR—I have received your favor of the 24th instant, transmitting papers in regard to the proposed purchase of a bath by the City from E. C. Krack, which were referred to the President of the Council at the last meeting of the Board of Estimate and Apportionment.

There seems to be some misunderstanding in regard to this matter. The papers were referred to the President of the Council in view of the fact that the only method by which favorable action could be taken on this report would be by proceeding under section 188 of the Charter, under the provisions of which the initiative must be taken by the Municipal Assembly in the form of a resolution requesting the Board of Estimate and Apportionment to authorize the issue of the Revenue Bonds.

I therefore return the papers herewith.

Very truly yours,

EDGAR J. LEVEY, Deputy Comptroller.

CITY OF NEW YORK,
DEPARTMENT OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES,
Nos. 13 TO 21 PARK ROW,
NEW YORK, March 28, 1900.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—The writer is in receipt of a communication from your office of the 26th instant, inclosing a communication from Mr. Frank H. Reuman, attorney, relative to the purchase by the City of the bath "Knickerbocker," etc.

The writer has investigated the matter, and the following report was made to Commissioner Kearny by the Superintendent of Repairs and Supplies of this Department.

"The dimensions of the bath are as follows: Length 106 feet 3 inches; width 72 feet; front of bath two stories high, upper story containing six rooms, all of which are adapted for living apartments, and two of which are so constructed that they can be used for bathing purposes. The bath is divided into two swimming compartments, one for males and one for females, so that both sexes can be accommodated at the same time. The dimensions of the males' swimming well are 47 by 63 feet, and contains 88 bathing houses; that of the females' compartment, 39 by 47 feet, and contains 73 bathing-houses. There are six water-tight compartments or pontoons. The bath has the necessary pipes and fixtures so that it may be lighted by gas, and has about 300 feet of chains and manila cables, power winch, blocks and necessary tackle, etc. The entire structure is in good condition, but there are, however, some alterations and repairs which I would recommend to be made in case the City should purchase the bath, which would cost about \$350. To construct a bath of similar dimensions and construction, in my opinion, would cost at the present time \$22,000. I consider that the bath in its present condition, with all the appurtenances belonging thereto and at present located on the bath, to be worth the sum of \$12,000, less the amount of \$350, which would be required to make the alterations and repairs which I would recommend."

The writer is advised that Commissioner Kearny looked favorably upon this matter, and I would respectfully recommend that the Board of Estimate and Apportionment make the necessary provision for the City to purchase this bath.

Herewith I return the letter addressed to you by Mr. Reuman in reference to this matter, presuming that you would prefer that the same be replied to from your office, under the circumstances.

Very respectfully,

PETER J. DOOLING, Acting Commissioner.

BOARD OF ESTIMATE AND APPORTIONMENT,
NEW YORK, April 23, 1900.

Hon. RANDOLPH GUGGENHEIMER, President of the Council:

DEAR SIR—Herewith I transmit a communication from the Department of Public Buildings, Lighting and Supplies, recommending the purchase of the bath "Knickerbocker," together with the report of the Comptroller upon the same, which was presented and referred to you at a meeting held April 20, 1900.

Very respectfully,

THOS. L. FEITNER, Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 16, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—Peter J. Dooling, Acting Commissioner, Department of Public Buildings, Lighting and Supplies, by letter dated March 28, 1900, requests the Board of Estimate and Apportionment to make the necessary provision for the City to purchase the bath "Knickerbocker" for \$12,000, would report:

On examination of the bath I found the general structure in good condition, but some repairs and alterations are necessary to make it serviceable to the City. Mr. E. C. Krack, the owner of the bath, says he will allow \$500 for these repairs or sell the bath in its present condition for \$11,500.

By this offer I consider the City is getting a fair bargain. Therefore if it is decided to purchase this bath, I would recommend that it be bought for \$11,500, the City to make the repairs and alterations necessary.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

The President put the question whether the Board would agree with said report and adopt said resolution.

Which was decided in the affirmative by the following vote:
