No. 528.

Whereas, The grim reaper death has again invaded the public life of The City of New York and taken from it the Honorable Patrick F. McGowan, for four years President of the Board of Aldermen, and for many years and at the time of his demise a member of the Board of Education, to whose activities he devoted much time and zeal; and

Whereas, During his period of service as a public official the sterling qualities of manhood and unswerving devotion to duty so strongly marked in the Honorable Patrick F. McGowan endeared him alike to his colleagues and all others whose good fortune it was to know him; and

Whereas, This Board feels real sorrow at the too untimely taking away of a painstaking, conscientious public official, one who was ever ready to render such duties as were required of him; therefore be it

Resolved, That the Board of Aldermen of The City of New York extends to the members of the bereaved family their kindly sympathy in this the hour of their dire affliction.

Resolved, That a copy of these resolutions, sutiably engrossed and duly authenticated by the City Clerk, be presented to the family of the deceased.

Resolved, Further, That as an additional mark of respect the Board do now adjourn.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

REPORT FOR THE THREE MONTHS ENDING MARCH 31, 1912.

(Received at CITY RECORD office April 2, 1913.)

REPORT OF THE CHIEF ENGINEER.

April 29, 1912.

Hon. HENRY S. THOMPSON, Commissioner:

Dear Sir—I beg to submit report showing the condition of the water supply in the various boroughs, and work done in connection therewith, for the quarter ending March 31, 1912.

Organization.

On February 1 the Division of Water Measurement and Water Waste, which had previously reported directly to the Deputy Chief Engineer, was discontinued, and that portion of the force which had been employed on the work in Manhattan and The Bronx was assigned to the Borough Engineer of those boroughs, while that portion engaged on the Brooklyn work was assigned to the Borough President of Brooklyn. For the water measurement and water waste work in the Boroughs of Richmond and Queens, temporary assignments will be made from time to time, as may be required.

On March 7 the design work of the Mechanical Division was placed under Mechanical Engineer Steed, formerly in charge of the Brooklyn pumping stations, making this a separate division, and leaving Mechanical Engineer Gannon in charge of the Division of Mechanical Construction and Inspection. Supervising Engineman Hancock was placed in charge of the maintenance and operation of the Brooklyn pumping stations.

Boroughs of Manhattan and The Bronx.

Condition of Supply.

There was a very low rainfall recorded for January and the greater part of February, but since March 11 there have been frequent rains, making the total rainfall for the quarter only 0.28 inches below the average. The concentration of the rainfall in the latter part of the quarter resulted in heavy run-off, with consequent rapid increase in the stored waters. On March 14 the new Croton Falls reservoir was filled and the water wasted over the spillway, and on March 27 the Cross River reservoir, which was the last of the auxiliary reservoirs to fill, began to waste. On March 24 the previous maximum storage, 88,690 million gallons, was equaled, the storage at the end of the quarter being 8,178 million gallons in excess of this amount. On March 27-30 the flashboards were placed on the reservoirs, but even with the increased storage capacity thus created, the run-off will probably be sufficient to completely fill all the reservoirs by the middle of April.

The severe cold weather in January and February resulted in an abnormally heavy consumption for these months. However, owing to the reduction in consumption, due to house to house inspection carried on last year, the total consumption during the quarter was 27 million gallons daily less than for the corresponding months of 1911. The effect of the house to house inspection work is rapidly diminishing, and the present reduction in consumption, due to this and other water waste prevention work, is probably not more than 50 per cent. of that in the late summer and early fall of last year. As no need for further special house to house inspection is now apparent, the consumption will probably increase until it again reaches the normal.

Owing to the unusually severe cold weather, with the resultant frost penetration, the rainfall in the latter part of February could not percolate into the ground, and rapidly passed over the surface into the streams. The surface of the ground was also very dry, due to the low rainfall of January and February, and there was, therefore, an unusually large amount of fine silt carried in suspension to the streams and thence to the reservoirs. This condition was further aggravated by the water carrying into the reservoirs the silt from the exposed sides of the same. The resultant turbid condition of the supply was the worst experienced in many years, and continued for the greater part of March, due to the unusually heavy run-off, which for the three weeks ending March 30 was 33,500 million gallons, or 41 per cent. of the entire run-off of the Croton River in the 65 weeks from July 1, 1910, to October 1, 1911.

The treatment of the water with hypochlorite of lime was carried on continuously, and while the supply was unsatisfactory on account of the sediment, it was safer from a sanitary viewpoint than in previous years when there was no chemical treatment. While it is improbable that there will be a repetition of the conditions causing high turbidity, a satisfactory supply cannot be insured before the completion of the filter plant.

Collection System.

The treatment of the entire Croton supply with hypochlorite of lime was continued throughout the quarter, the same treatment being given to The Bronx and Byram supply.

The Mount Kisco and Brewster plants have been used to treat the waters of Mount Kisco River and Tonetta Brook, respectively, and have shown good results.

With the new automobile truck available, a more thorough supervision of sources of pollution on the watershed has been practicable, and hypochlorite of lime has been extensively used in the vicinity of probable sources of pollution.

The old Croton Aqueduct was not used during the quarter, although it was necessary to run the New Croton Aqueduct full capacity to supply the demands during the cold spell.

The preparation of plans and specifications for the filtration of the Croton supply has been actively prosecuted during the quarter, and it is anticipated that this portion of the work can be completed during the coming quarter. Messrs. Hiss and Weeks have been retained as architects to design the buildings for the filtration plant, and preliminary studies for these buildings are well advanced.

In connection with the filtration work, measurements have been made of the flow through the mains leaving 135th street gate house, to determine the amount of water delivered into Manhattan, the present coefficient of flow in the aqueduct between Jerome Park Reservoir and 135th street gate house, and the coefficient to be applied to the cast-iron mains leading from the gate house to the Central Park Reservoir. Results obtained indicate that it would be practicable to deliver the available supply from Croton River, after it has been filtered at Jerome Park Reservoir, without any material change in present delivery system.

Pumping System.

During the past quarter the Highbridge pumping station has been out of service all the time, the supply for the tower being received entirely from the 179th street station.

The turbine pumps at Jerome avenue have been run intermittently in order to maintain the level of the water in the Williamsbridge reservoir, on which there was an unusually heavy draft due to the continued cold weather.

The contractors for repairing and putting in order the Blake pump, No. 4, at the 179th street station should have completed their work on January 18, but owing to unforeseen difficulties and delays on their part the work is not yet completed.

At the 98th street pumping station during the first week in March test was made of the various mixtures of coal, in order to determine which is the most economical for use at this station. The calculations for these tests are not yet completed.

In February, 1911, the question of making provision for coal in case of a strike at the mines was brought up, but owing to lack of funds, and uncertainty as to the probable action of the miners on April 1, 1912, the date of termination of labor agreements, no action was taken. A contract for coal for the Manhattan and Bronx stations was advertised and bids received on January 3 and favorable prices were obtained, the cost per ton being about 22 cents above the price during 1911. The bunkers at all the stations are practically filled, and additional coal is being stored in the courtyard at 179th street station. There is not, however, sufficient storage at the stations to provide coal for more than about one and one-half to three months, and it will therefore be necessary to depend upon the coal contractors being able to furnish sufficient coal to keep the stations running in the event of a strike.

Two new motors and pumps for the high pressure fire service have been installed, one pump being placed in each of the stations. The pumps are now practically ready to run, although the official test has not been made.

Disrtibution System.

The unusual length and severity of the cold weather resulted in freezing of mains in a number of streets in The Bronx, where regrading had reduced the cover on the mains to less than the standard of four feet. The most serious interruption of supply, due to the freezing of mains, was caused by stoppage of flow through the eight-inch main running from The Bronx to North Brother Island, and through the 12-inch main running from Rikers Island to North Brother Island. The water supply to North Brother Island stopped on February 11, and as the temperature of the river water at the bottom was about 29 degrees, all attempts to thaw out the line were unsuccessful until March 11, when the New York Edison Company succeeded in thawing the same by means of electric current. This result was not accomplished until the currant had flowed through the main for about six days, the quantity running as high as 1,800 amperes. It is proposed to lay an additional main to North Brother Island, with special provision to prevent the recurrence of the experience this year.

On February 11, two 36-inch and two 6-inch mains on West End ave. broke at the corner of 97th st. The rockfill in this vicinity allowed the water to flow for some time without showing at the surface, and resulted in the undermining of a large portion of the street and the flooding of a stable located about 500 feet from the break, drowning a number of horses and causing other damage. As this break was on the intermediate service, it necessitated shutting down, temporarily, the 98th street station, leaving a large section without water. The mains were shut off within three hours and the service resumed, the broken mains being replaced in service two days later.

There was little extension work done during the quarter, owing to severe weather, tables Nos. 16, 18a, 19a and 20a showing that done under contract and by department force.

Repairs to the building at 128 Worth st., which is used as headquarters for the downtown repair company, were completed. Work was continued on the new buildings at 24th street yard, and with favorable weather this work should be rapidly carried to completion.

Motor operated valves at Chambers st. and New Bowery and Houston st. and the Bowery, which are controlled by switches in the Oliver street station, were completed and placed in service on March 13. By the use of these valves, the existing high pressure distribution system lying east of the Bowery can be divided into two systems, the mains on alternate blocks being supplied from separate feeders by closing these valves. In case of a break on any main in this district, the Engineman at the station can, in about one minute's time, determine on which system the break has occurred, and furnish full pressure on the other system. By this means the efficiency of the high pressure fire system is materially increased.

Contract for the extension of the high pressure system to cover the territory bounded by Chambers st., Nassau st., Maiden lane, East River and North River, was advertised and bids received on March 6. The contract was awarded to the Beaver Engineering Company, who were the low bidders, and it is expected that this work will be well advanced by the end of the year.

An appropriation of $950,000 has been granted by the Board of Estimate and Apportionment for the extension of the high pressure system in the territory lying north of 23d st., and work is now under way on the contract and plans.

The force usually employed on water waste work has been assigned to special water measurements and comparatively little has been done on water waste surveys, the results obtained during the quarter being shown in tables 21a and 21b. The present condition of the watersheds does not require that any special efforts be made on water waste surveys, but it is the intention to continue the investigation in the Boroughs of Manhattan, The Bronx and Brooklyn, along the water-front, and in those districts where the mains had to be laid over a rock fill. In the Boroughs of Queens and Richmond, the work of detecting leaks in the distribution system, and the elimination of the same, will be carried on with the extension of the system.

Borough of Brooklyn.

Condition of Supply.

The rainfall on the Brooklyn watershed was practically the same as on the Croton, the total for the quarter being 11.98 inches, or 6 per cent. above the average for the corresponding period during the past 34 years. The concentration of 7.67 inches of this rainfall in the month of March, together with the heavy storm in the latter part of February, resulted in high turbidity in the surface supply, but by cutting off the supply from the surface streams and using subsurface sources, together with the storage reservoir, a satisfactory supply was obtained, with the exception of about one week when the turbidity was high. The waste from the ponds was unusually large, due to the turbid condition of the water, the total from supply ponds during the quarter being 579 million gallons.

The consumption was materially higher than for the corresponding quarter of last year, the increase being 5.3 m.g.d., due to the very cold weather. There was, however, sufficient supply to meet the demands, and with the return of normal weather conditions in March, the consumption reduced to practically the same as that during March, 1911.

As has already been stated, the water supplied was unsatisfactory for about a week, due to high turbidity, but for the remainder of the quarter the supply was in satisfactory condition.

Collection System.

Suction main from the new walls driven at the southerly end of Baisleys Pond was completed, and seven of these wells put into use on February 12. The yield obtained has been slightly less than 4 m.g.d., but owing to the high iron content it will be necessary to pass this water through the filter plant, and experiments are now being made to determine the rate of filtration, amount of wash water required, etc.

While the air-lift system installed by Contractor Titus at Jameco plant has been continued, it is expected that this system will be replaced by direct suction, as the air-lift system is uneconomical. In addition to work at Jameco station, the driven well force has been engaged at the following stations: New Lots, Spring Creek, Agawam.

The estimated increase in yield, due to the work done, is as follows: Jameco, 300,00 gallons daily; Agawam, 300,000 gallons daily.

Good progress has been made on contract for driving test wells in Kings, Queens, and Nassau counties.

New concrete weir has been built by department force at the Matowa station.

Pumping System.

Negotiations have been carried on with Davis & Farnum Manufacturing Co. with a view of resuming work on the four pumping engines at the Ridgewood North Side station, this work having been suspended in the beginning of December, 1911. An agreement has now been reached under which it is expected that the work of completing the engines will be started, and the engines finished during the coming quarter.

Work of remodeling the Ridgewood North Side pumping station, by the Fuller & O'Connor Construction Company, has been practically completed.

To date, no difficulty has been experienced in obtaining sufficient coal for the Brooklyn stations, although the price bid for coal at Ridgewood and several of the smaller stations showed an increase of about $1 a ton from the prices obtained last year. For the line stations there is ample space for the storage of coal to cover probable labor disturbances, but for Ridgewood, where about 1,200 tons per week are used, it is necessary to depend mainly upon regular deliveries from the coal contractors.

Coal scales have been completed for all pumping stations and are now in use.

Some progress has been made in overhauling, repairing and improving pumping stations under various contracts entered into last year, but unfavorable weather conditions have prevented the accomplishment of much work.

Distribution System.

Some of the mains froze during the quarter, but they were thawed out by the use of steam jet without any special difficulty. Owing to the 48-inch main on East New York ave. still being out of service, there was considerable complaint of lack of pressure in the Bay Ridge, New Utrecht and Dyker Heights sections, but this condition will be remedied by a relaying of the broken sections of main on East New York ave., bids for this work having been received on March 19.

Work done in extending the distribution system under contract and by department force is shown in tables Nos. 16, 18b, 19b and 20b.

The Gowanus and South Brooklyn extensions to the high pressure fire service system have been in use during the quarter and have given no trouble.

The department force has just completed connection at 7th st. and 4th ave., where the subway tunnel prevented the contractors from doing this work.

Borough of Queens.

Condition of Supply.

While the consumption in this borough has materially increased, due to the severity of the winter, there has been no difficulty in providing the necessary supply. There was some complaint in the 3d Ward on account of the turbid condition of the water from the Bayside filters, but this difficulty was quickly remedied.

As the contract with the Citizens' Water Supply Company will terminate on July 9, 1912, provision will have to be made for an additional supply. On January 24 and March 15 recommendations were made to connect the Brooklyn system with the Queens system; to make connection from the Manhattan system to the Queens system by way of the gas tunnel under the East River, as soon as possible; and to

negotiate a new contract with the Citizens' Company. Should these recommendations be carried out without delay, the necessary supply for the 1st Ward can easily be provided.

Collection System.

By overhauling and cleaning the wells at Flushing station, the supply from this station has been materially increased. The filter plant at Bayside was kept in service throughout the quarter and, in general, has given satisfactory service.

Pumping System.

Work of installing a new pumping plant at the Whitestone station has been carried on during the quarter, together with general repairs to the other stations. Station No. 2 has been definitely abandoned, and it is proposed to dispose of the building, equipment and land, as soon as practicable.

Distribution System.

Work done in extending the distribution system by department force and under contract is shown in tables Nos. 16, 18c, 19c and 20c.

Borough of Richmond.

Condition of Supply.

The supply available for the Borough of Richmond was inadequate to meet the heavy demands caused by the severe winter, and early in January the 3d ave. and Clove reservoirs were empty. The temporary pumping plant, erected on Southfield Boulevard near Evergreen ave., was connected as soon as possible to wells which had been driven under contract with the Phoenix Construction Company, and on January 15 pumping at this station was commenced. The additional supply amounted to slightly less than 1 million gallons daily, and immediately relieved the situation, no further difficulty being experienced in maintaining the desired level in the reservoirs.

Consent was obtained from the Borough President to place the chambers for the permanent auxiliary pumps for Grant City station within the streets limits of the boulevard, thus making it practicable to actively prosecute the development along the Southfield Boulevard. Application has been made to the State Conservation Commission for authority to purchase land for these auxiliary stations, and a hearing has been set for April 18. By utilizing the boulevard for the pump vaults, it will be possible to let contracts without awaiting action of the Station Conservation Commission, although eventually the pumps should be placed on the land which it is proposed to acquire for the small pumping stations.

The quality of the water has been satisfactory from a sanitary viewpoint, although still very high in chlorine. The introduction of the additional supply from the temporary plant has improved the general quality of the water, however, as this water is low in chlorine.

Pumping System.

The temporary plant on the Southfield Boulevard has been completed, although it is expected before the summer to install an additional pump and boiler, as the driven wells connected with this station are capable of furnishing over 2 million gallons daily.

Slow progress has been made on the completion of the new pumping station building at Grant City, but with more favorable weather conditions this work can be quickly finished.

Contracts have been let for coal to carry the stations through the summer months, the prices generally being about fifty cents per ton higher than those paid during 1911. As there is ample storage for coal on the ground at the pumping stations, it is not expected that there will be any trouble in having sufficient supply of coal to cover any ordinary periods of suspension of work at the mines.

Distribution System.

The high service system has been extended to cover the St. George section, but as this has resulted in a material increase in consumption, it will be necessary to replace this territory on the low service.

Very little work was done in extending the distribution system during the quarter, as shown in tables Nos. 16, 18d, 19d and 20d. Respectfully submitted,

I. M. DE VARONA, Chief Engineer.

BUREAU OF WATER REGISTER, MANHATTAN.

Hon. HENRY S. THOMPSON, Commissioner:

Dear Sir—Herein I beg to make report of transactions of this Bureau, in condensed form, for the first quarter of 1912.

Collections—I attach statement of collections for the quarter, compiled from the Cashier's monthly reports. The decrease in frontage rate and meter charges collected is undoubtedly due to the fact that the returns were made on March 1 of this year, making the period for collection of meter charges one month less than last year.

Inspection Division—The average number of Inspectors during the quarter was 99, and their work may be summarized as follows:

Meter readings	63,679
Examinations, inspections and special reports	17,186
Uncompleted assignments	7,245
Total reports to Water Register	88,110

Meter Setting Division—During the quarter 9,767 permits were issued to set and repair meters, of which 8,303 were permits to repair meters and 1,464 permits to set new meters.

Complaint Division—During this quarter 712 complaints were received for consideration. Of these and others outstanding 825 were settled during the period with a gross allowance of $15,700.24, or about 20 per cent. of amount claimed. No allowances were made on 571 of the complaints, and increases were awarded on 10.

Shipping Division—The total number of violations reported during the quarter amounted to 60, of which 30 were picked up by the patrol boat "Croton," and the balance, 30, were turned in by the shore Inspectors.

Pipe Yard—At the Meter Testing Station during the quarter 6,781 meters were received and tested, 6,263 meters were distributed on permits and 144 meters were rejected on test.

The outside work may be summarized as follows: Meters tested on premises, 668, at an average cost of $2.61; test-tees installed, 242, at an average cost of $4.14 for each set. Respectfully submitted, BENJ. A. KEILEY, Water Registrar.

REPORT OF THE WATER REGISTRAR, BOROUGH OF BROOKLYN.

Brooklyn, May 29, 1912.

Hon. HENRY S. THOMPSON, Commissioner of Water Supply, Gas and Electricity:

Dear Sir—I transmit herewith a report of the Water Registrar for the quarter ending March 31, 1912.

The report is made up of individual reports from the heads of the divisions in the Bureau and covers very fully the work done by the Bureau during the quarter.

There are one or two recommendations in the Water Registrar's letter that I desire to bring to your attention, and the first is the desirability of making some change in the present procedure necessary to get a report of an inspection on a request from a taxpayer. The average under the present system is about ten days, whereas under the old system it took about two days.

I enclose herewith schedules showing the procedure under the old and the new system, and apparently the only thing gained under the new system is a copy of the original report. Inasmuch as this copy is not a counterfoil and errors are liable in transcribing the report, it has been suggested that it would be better, if it could be done without seriously increasing the quantity of material the Inspectors are now required to carry with them, that a carbon copy be made of the original report. This would save considerable time in going through the various Clerks' hands in the office, and would also release a number of Inspectors who are now detailed for clerical work.

Another suggestion is that the meter rate ledger, instead of being balanced monthly, should be balanced quarterly, as is the case with the frontage rate ledgers. This would result in the saving of eight days' time in each quarter.

I respectfully request that these suggestions be given consideration. Yours truly,

F. T. PARSONS, Deputy Commissioner, Borough of Brooklyn.

May 22, 1912.

Mr. F. T. PARSONS, Deputy Commissioner:

Dear Sir—I respectfully forward herewith report for the quarter ending March 31, 1912, covering each of the divisions of this Bureau.

The delay in forwarding this report is attributable to the amendment of chapter 476 of the Charter, changing the date for the return of arrears to the Department of Finance for unpaid charges for 1911 from August 1 to March 1 and changing the water year from May 1 to April 30 to May 1 to December 31, this making necessary the preparation of the returns at an unexpected time and the changing of the charge for 1912 to cover a period of eight months only.

Your attention is respectfully directed to the report of the Clerk in charge of the Control Division, which shows a very satisfactory condition.

The work of the Meter Billing Division is in good condition, and a recommendation is made by the head thereof relative to balancing the ledgers of said Division quarterly instead of monthly. I am not prepared at this time to approve of the recommendation; still I feel that it deserves careful deliberation and therefore request its consideration.

The report of the head of the Inspection Division gives details of all examinations and inspections for the quarter, the Inspection Division performing its work in a very satisfactory manner.

The report of the Permit and Meter Setting Division shows a very healthy condition. Your attention is called to the large number of meters set during the quarter. The large number of notices to set meters was obtained through a system inaugurated in this Bureau; that is, by the examination of the regular rate ledgers showing business portion of many buildings not metered. Clerk in charge of the Rates Division prepared a complete list of all the premises of this character. Notices to set meters were forwarded as rapidly as they could be delivered. This, in conjunction with the re-survey work now going on, has caused a large increase in the meter settings, and I expect the same to continue throughout the year. The large number of applications for permits for water for building purposes, taps and connections shows considerable activity in the building operations of the Borough.

Report of the Meter Testing Division gives details of all tests and installations.

The report for the quarter, as submitted by the Clerk in charge of the Rates Division, very elaborately sets forth the work accomplished. The efficiency of this Division reflects great credit upon the entire force.

The quota of Clerks assigned for each division for this year is being filled as rapidly as possible. Respectfully, WM. R. McGUIRE, Water Registrar.

May 16, 1912.

Mr. WILLIAM R. McGUIRE, Water Registrar:

Dear Sir—The following is a record of the transactions affecting the Meter Billing Division of this Bureau for the quarter ending March 31, 1912:

Approximately 19,500 meters were read and bills rendered.

Returns of meter rates up to and including December 31, 1911, were made and completed by March 10, 1912.

Fifty-four (54) ledgers were balanced monthly and trial balances of the same transmitted to the Control Division for comparison.

Tickets for 376 new accounts were received and accounts for the same were opened.

It has been the custom to take off monthly trial balances of ledgers in the Meter Billing Division. As the work of this Division is on a quarterly basis, all meters being read and billed within the quarter, and as the penalties provided by the amendment of chapter 476 of the Charter are to be entered quarterly as they accrue, I feel that the same results could be obtained by a quarterly balance. This would result in a saving of eight days' time in each quarter. The benefit of a monthly trial balance would be the detection of errors, if any existed, within the month. The ledgers of the Rate Division are balanced quarterly with excellent results. I would therefore recommend that permission be given to discontinue the preparation of monthly trial balances. Respectfully,

E. D. CATHERWOOD, Clerk in Charge, Meter Billing Division.

Brooklyn, May 16, 1912.

Mr. WM. R. McGUIRE, Water Registrar:

Dear Sir—The following is a record of the transactions affecting the Control Division of this Bureau for the quarter ending March 31, 1912:

Approximately 16,500 meter reading sheets were sent out for readings (quarterly); also 1,200 monthlies (3,600), making a total for the cycle ended March 31, 1912, of 20,100, ninety (90) per cent. of which were good readings and scheduled and transmitted to the Meter Billing Division for billing. The same were duly summarized and duplicates transmitted to the Finance Department.

The entry and preparation of some 3,200 adjustment authorities affecting meter and frontage accounts were scheduled during the quarter and duplicates sent to the Finance Department.

The allocation of all meter readings billed out during the quarter.

The preparation of a Recapitulation and Summary of Frontage and Meter and Meter Setting Arrears (Unpaid water rates), up to December 31, 1911, transmitted to the Receiver of Taxes.

Monthly Trial Balances of all Meter Ledgers checked and summaries of same prepared and duplicates transmitted to the Finance Department and main office.

Some 375 new meter accounts opened during the quarter and included in Control.

Monthly Trial Balances of all accounts in this Bureau as per General Ledger and copy of same transmitted to Mr. L. A. James, Auditor of Receipts, and Department of Finance monthly.

In conclusion I would recommend the appointment of an additional clerk in this Division, due to the resignation of Mr. Loesch, a Stenographer and Typewriter, as the work done by Mr. Loesch could be done by a clerk with a knowledge of typewriting. Respectfully, H. J. MARTIN, Clerk in Charge of Control Division.

April 1, 1912.

Mr. WILLIAM R. McGUIRE, Water Registrar:

Sir—I respectfully submit report of work issued and completed in the Inspection Division for the first quarter of the year 1912.

I would further state that the general efficiency of the Division shows improvement both in attendance and work performed. The resurvey of Sections 3, 6 and 17 has been completed, and portions of Sections 1, 5, 11 and 12 are now being completed. As you are aware, there are at present seven (7) Inspectors detailed to the various divisions of the Bureau, and the loss of their services on the resurvey work is considerable. I would earnestly urge that clerks be assigned to the work as soon as possible, in order that the resurvey work may be hurried to completion. There were 1,500 meters sealed during the quarter, and the work of sealing all meters in the Borough will be accomplished as rapidly as possible. A strict supervision of the meters and water consumption of Coney Island and vicinity is being observed; also the testing of meters, as the records of Testing Division will show.

In order to facilitate matters in regard to testing of meters, I would recommend that the Testing Division be placed under the supervision of the Chief Inspector.

Respectfully, CHAS. W. RENNIE, Chief Inspector.

If the maintenance of the present standard of efficiency of the division is to be continued, it is absolutely essential that the additional five clerks requested in previous communication be immediately provided and prompt assignment made; also, that proper filing facilities and consolidation of present scattered units of the division be secured.

Special mention is hereby made of the earnest, faithful and efficient work of all of the employees, and I would respectfully recommend an increase in the compensation of each of the same as a fitting reward for their activity and continued devotion in the performance of their work, regardless of the fact that all of the time the work assigned to the division has been far in excess of the concerted abilities of the clerical force as assigned to the performance of same. Respectfully,

WM. J. S. DINEEN, Division Chief.

May 20, 1912.

WILLIAM R. McGUIRE, Esq., Water Register, Borough of Brooklyn:

Dear Sir—The following is a report of the work performed by this division, for the quarter ending March 31, 1912:

Field Work—Meters tested, 148; test tees installed, 14; investigations, 37; meters removed for test, 10; meters reset, 10; drinking hydrants repaired, 19; horse troughs repaired, 1; miscellaneous jobs, 7. Total, 246.

Testing Room Work—Meters tested, 2,153; meters condemned (after test), 34; notices sent to plumbers to remove meters, 191. Total, 2,344.

I call your attention to the number of meters tested during the first quarter of the current year—2,153, in comparison to the total number of meters tested during the year 1911—6,235. At this ratio the amount of work handled in the testing room for the current year will be exceeded by probably 2,500 meters.

This condition, coupled with the new work of keeping a record of each meter handled, which is a new feature recently adopted by the department, has increased the work of this division considerably. I would also call your attention to the fact that the testing gang recently transferred to this division from the Borough of Queens has added more work to this division. In view of the conditions mentioned, I would respectfully recommend the appointment of one clerk, with a knowledge of typewriting, to this division. Respectfully submitted,

J. H. FLANAGAN, Clerk in Charge, Meter Testing Division.

May 22, 1912.

WM. R. McGUIRE, Esq., Water Registrar:

Dear Sir—In accordance with your request, I herewith submit, for your consideration, a report on the work of the Frontage Rate Division for the quarter ending March 31, 1912. This work is taken up under the following headings: January 31, 1912—Balance; March 1, 1912—Arrears; 1912-13 Ledgers; General.

January 31, 1912, Balance—By writing up the trial balance sheets a few days before the close of the quarter and reconciling such figures as could be reconciled with the control figures of the previous quarter, considerable time was saved in the completion of the trial balance, despite the fact that owing to the large amount of resurvey work that had been done the number of adjustments involved was far in excess of the average for an ordinary quarter.

March 1, 1912, Arrears—The change in the law requiring arrears to be returned on March 1, instead of August 1, as in former years, caused this work to come into the last quarter of the year. No delay, however, was experienced in the preparation of these returns, and with the ledgers all under control and in balance at January 1, 1912, the returns were verified in total with the control sheets and turned over to the Control Division for scheduling and final transmission to the Receiver of Taxes, which was made within a few days of March 1, 1912.

1912-13 Ledgers—Practically all the writing up of the ledgers in this division was completed during the quarter. The only feature in which the ledgers were incomplete was in the matter of the amount to be extended into the rate column. This was due to the legislation, pending at the close of the quarter, relative to the change of the water year to conform to the calendar year.

General—In addition to the work already dealt with, all ledgers were carefully scrutinized and lists prepared of all properties which the books showed as being either fully or partly metered. These lists were then carefully compared with the meter rate ledgers, thus preventing the possibility of any property escaping the entry of the proper water charge against it. While the number of adjustments that were made (in connection with the resurvey work) were not numerically as many as in the previous quarter, no more time than was absolutely necessary was allowed to elapse before making the changes on the books to cover the conditions found by such reinspection. This matter is dealt with more fully in a subsequent paragraph.

The work of the division has been carried on with a smoothness which would not be possible except for the hearty co-operation of the clerical force, and although it has involved a great deal of night work, the results of such work will undoubtedly be of benefit to the deparment.

I wish to take this opportunity of referring to the work to be accomplished by the division before December 31, 1912. Owing to the change in the water year, the ledgers for the year 1913 will have to be written up at least by December 15, 1912. This means to the division a loss of four months' time and it is absolutely essential, in order that the interests of this department shall not suffer, that the vacancies in this division be filled. The work at the present moment is being done by a staff less in number by three men than a year ago, disregarding the number of temporary men who were then employed. The matter of increased salaries is one that has to be referred to. Two of the vacancies in the division are due to the transfers of men to other departments of the City at increased remuneration.

The Inspection Division is continuing its resurvey work, but it is impossible under present conditions to make the changes on the records at the same speed that the Inspection Division work, and the department might subject itself to a legitimate criticism if it were known that the records of the department were not changed immediately to correspond with the conditions as shown by such resurvey. There cannot be any question as to the value of such resurvey, apart from the moral effect upon the consumer, and it is therefore necessary, in order to avoid such criticism, that the vacancies be filled. The work at the present time is being accomplished by continuous night work, despite the fact that the number of accounts actually opened on the books (approximately 185,000 at December 31, 1912) shows a considerable increase, owing to extensive building operations. The average number of accounts, approximately 9,000, kept by each Clerk, I believe, will compare very favorably with the number of accounts kept per man in the Frontage Rate Division of any other borough. Yours respectfully,

JOHN J. HARTMANN, Chief of the Frontage Rate Division.

Borough of Queens, Long Island City, April 6, 1913.

Hon. HENRY S. THOMPSON, Commissioner:

Dear Sir—I herewith respectfully submit a report of the Water Register's Bureau for the quarter ended March 30, 1912.

Anderson, Clerk, January 29, 1912. From Manhattan Office—D. J. Campbell, Inspector, February 20, 1912. To Borough of The Bronx—A. A. Cluxon, Inspector, February 1, 1912. Yours very truly,

M. A. WALSH, Deputy Commissioner, Borough of Queens.

Borough of The Bronx, New York, April 18, 1912.

JOHN L. JORDAN, Esq., Deputy Commissioner, Department of Water Supply, Gas and Electricity, Borough of The Bronx:

Dear Sir—I beg to submit herewith a brief summary of all transactions in the Bureau of Water Register, Borough of The Bronx, for the quarter ending March 31, 1912. In addition to the statement of moneys received for water rents, penalties, permits, etc., for this quarter, the following report of the work accomplished and that now in progress in this Bureau is also submitted.

The frontage rates were balanced during this quarter as of February 29, 1912, and all unpaid 1911 items were returned to the Bureau of Arrears on March 12, 1912. The amount returned for frontage rates was $115,578.50; for meter measurement and meter setting, $24,207.78; building purposes, $234.05; making a total of $140,020.33.

The receipts for frontage rates (current) for this quarter were $21,096.05 as against $25,561.55 same quarter for 1911, a decrease of $4,465.50. The receipts for frontage rates (prior) were $140.70 as against $113.95 for the corresponding period last year, an increase of $26.75.

Twenty volumes of frontage rate ledgers were written during this quarter, and these, with the 18 written the preceding quarter, make the 38 volumes in use. These ledgers have been compared with the 1911 ledgers and the tax maps, have been footed, and the eight months' charge extended, pursuant to the new law recently enacted affecting Croton water charges. The frontage rates as at May 1, 1912, have been taken off on schedules of Accounts Receivable.

Three trial balances were taken from the meter ledgers during this quarter, one as of January 31, 1912; the second as of February 29, 1912, and the third as of March 31, 1912. On March 12, 1912, all unpaid items to December 31, 1911, were returned to the Bureau of Arrears.

The receipts for Meter Rates during this quarter were $69,263.52 as against $91,066.81 for the same period last year, a decrease of $21,803.29. The reason for this decrease, as pointed out in my last quarterly report, is owing to the prompt quarterly billing. Also, many thousands of dollars were collected through the sale of water to cities and towns in Westchester County last year, which is now discontinued.

The receipts for Building Purposes (regular) have increased $1,274.12; Building Purposes (extra) show an increase of $303.58; and there has been an increase in Taps of $231.

The receipts for Labor and Material for this quarter amounted to $285.26. In 1911 no collections were made in this Bureau for this purpose.

The re-examination of the Annexed Territory, 24th Ward, is going much slower than we anticipated. Owing to buildings being so widely scattered, the Inspectors are unable to examine as many during a given time as they did in the lower sections. However, the greater portion has been gone over and we expect to have the re-examination entirely completed during the next quarter.

Meter Testing.

During this quarter the testing of meters was suspended, owing to the dismissal of our Plumber and awaiting the appointment of another.

All watering troughs in the Borough were repaired during this quarter and are now in good order. Water will be turned on to supply same on April 1. All employees in the meter testing shop were employed during the quarter on this work and that of repairing the roof of the White Plains ave. shop, which was leaking badly and required new tar paper and paint.

Sealing of Meters.

On all new meters and those requiring repairs, a new style seal has been attached, making a total of 750 of these seals in use to date. This work cannot be pushed as rapidly as expected, owing to the detail of six of our Inspectors to the Borough of Queens and to the absence of two others, who are detained at home through illness, which necessarily retards the progress of this particular work.

The following is a statement of money received from all sources for the quarter ending March 31, 1912:

Frontage Rates (Current), Includes Penalty—January, $12,302.55; February, $8,692.80; March, $100.70—$21,096.05.

Frontage Rates (Prior Years)—January, $——; February $39.90; March, $100.80—$140.70.

Meter Rates—January, $18,358.75; February, $22,885.67; March $28,019.10—$69,263.52.

Meter Setting and Repairs—January, $311.18; February, $43.24; March, $83.91—$438.33.

Building Purposes (regular)—January, $768.37; February, $2,960.26; March, $4,570.98—$8,299.61. Number of Permits, 173.

Building Purposes (extra)—January, $747.54; February, $1,171.99; March, $804.89—$2,724.42. Number of Permits, 214.

Taps—January, $249.50; February, $552.50; March, $809—$1,611. Number of Permits, $285.

Labor and Material—January, $——; February, $126.42; March, $158.84—$285.26. Grand total, $103.858.89. Respectfully submitted,

J. A. NUGENT, Water Register, Borough of The Bronx.

BOROUGH OF RICHMOND.

Hon. HENRY S. THOMPSON, Commissioner.

Dear Sir—I beg to submit the following report for the quarter ending March 31, 1912.

Billing and Accounting—Due to the recently enacted law advancing the date for turning over old-year water charges, remaining unpaid, to the Receiver of Taxes for collection, to the last day of February, instead of the last day of July, as heretofore, the writing up of frontage ledgers for the ensuing year, which is usually the principal business of this quarter, was hurried in order to make way for the prompt scheduling of arrears in March. The scheduling was done promptly, and the ledgers are well advanced toward completion.

The new loose-leaf meter ledgers for the Fifth Ward were put in use at the beginning of the quarter.

Eighty-five new meter accounts have been opened, and eight accounts have been changed from meter to frontage.

Thirty-seven cancellations and five refunds have been approved during the quarter. 429 adjustments have been put through, the credits amounting to $1,021.60, and the debits to $265.98.

Estimates of quantities of building materials submitted us with applications for building purposes permits are now checked by the Bureau of Buildings before permit is issued.

Income—Total collections during the quarter amounted to $21,493.10, as compared with $19,715.46 for the corresponding quarter of 1911. This is the largest first quarter's receipts on record for this borough, and I learn that Richmond Borough is the only one that recorded an increase for this quarter over the corresponding quarter of 1911.

The following comparison of frontage charge collections is submitted:

May 1, 1911, to February 29, 1912, current year collections (i. e., from date of opening of books to date of return to Receiver of Taxes), 10 months	$79,819 17
May 1, 1910, to February 28, 1911 (previous high record for 10 months).	69,898 69
May 1, 1910, to July 31, 1911 (date of that year's returns), 15 months' collections high record	78,309 41

Returns—The amount of unpaid charges sent to the Receiver of Taxes after the close of February's business for collection is as follows (comparison also being shown with the previous year's arrears forwarded at close of July business):

	1912.	1911.
Frontage	$20,757 92	$25,019 84
Meter	9,197 13	12,386 65
Meter setting	568 73	689 29
	$30,523 78	$38,095 78

The above is the lowest amount returned since operating the present system, shows a decrease in both frontage and meter arrears from last year, and Richmond is, I learn, the only one of the five boroughs showing decreased returns for either item.

Accounts Receivable—Due to returns of arrears a month ago frontage rates receivable at end of quarter amount to but $93.25, representing fractional charges placed on books during the past month ,still unpaid. Meter accounts receivable at end of quarter amount to $18,591.91, which amount is but $444.51 in excess of meter bills issued during the past month.

Inspection Division—To reduce an unprecedented overdraft on our system early in the quarter, several Inspectors were detailed to serve leak and waste notices. It cannot be said that a noticeable diminution of consumption resulted from our efforts in this direction, and serious shortage was only avoided by an opportune increase in the supply of the Engineering Bureau. Recent leak and waste campaigns show, in each case, a decreasing number of offenders, the last one before the present quarter closing with but one-fifth of one per cent. of the houses visited being reported as permitting leak or waste. Such excessive and unnecessary drain as is made on our mains has doubtless been the result of the practive of letting faucets run to prevent freezing—a practice difficult to detect and punish. Statements were issued to the local papers calling the attention of householders to their own interest in seeing that this abuse is stopped.

The following summarizes the work of the Inspection Division: 3,224 regular meter readings, 471 special readings, 1,261 examinations, 4,349 inspections, 200 special reports.

Meter Setting Division—Summary of the work of this Division is here given: Permits for taps, 71; plugs, 18; connections to private services, 12; building purposes (regular), 66; building purposes (boilers), 1; repairs to service, 147; new meters, 86; set in place of meters removed, 9; reset meters, 266; remove meters, 6.

Notices—Building purposes, 19; repair meters, 85; install meters, 24; three day, 30; return permits, 95; leak and waste, 176.

Examinations to Bill Room—New meter accounts, 85; set in place of meters removed, 20; meters removed, 8; changes, 7; violations, 30; city plumber set permits, 9; city plumber reset permits, 5. Respectfully submitted,

J. E. BOWE, Deputy Commissioner.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE MONDAY, APRIL 21, 1913.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date in which is shown the Department of Finance voucher number, the date or dates of the invoices or bills, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher, the dates of the earliest and latest are given.

If the vouchers are found to be correct, and properly payable to the respective claimants, it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto, then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WM. A. PRENDERGAST, Comptroller.

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN REAL ESTATE AND APPURTENANCES THERETO.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund and pursuant to a resolution adopted by them at a meeting held April 2, 1913, the Comptroller of The City of New York will sell by sealed bids on

TUESDAY, APRIL 22, 1913.

at 11 a. m., in Room K, No. 280 Broadway, Borough of Manhattan, the lease for a period of one year, commencing May 1, 1913, of the premises belonging to the Corporation of The City of New York, situated on the southeasterly corner of 10th avenue and Little West 12th st., having a frontage of about 50 feet on Little West 12th st., and about 70 feet frontage on 10th ave., with the improvements thereon (exclusive of fixtures), known as No. 18 10th ave., Borough of Manhattan.

The Comptroller will receive sealed bids for the lease of the said parcel of land and the improvements thereon (exclusive of fixtures) for the said period, at the minimum or upset price of $2,400 per annum, payable quarterly in advance, and the said sale will be made upon the following

TERMS AND CONDITIONS.

Each bid must be accompanied by cash or a certified check for twenty-five per cent. of the amount of the yearly rental offered; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance, and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid shall be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety, or otherwise, upon any obligation to the Corporation, as provided by law.

The lease will be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions as follows:

1. A clause providing that the lessee shall pay the usual rates for water, per meter measurement, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

2. A clause providing that the lessee shall not make any alterations or improvements to the property except with the consent and approval of the Comptroller.

3. A clause providing that during the term of the lease the lessee shall keep the buildings in proper repair, both inside and outside, at his own cost and expense, and shall comply with all the laws and ordinances of The City of New York.

4. A clause providing that all repairs, alterations and improvements made on or to the property by the lessee, during the period of the lease, shall become the property of The City of New York at the expiration of said lease.

The Comptroller shall have the right to reject any or all bids if deemed to be to the interest of The City of New York.

Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT OF the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings, etc., standing upon property owned by The City of New York, acquired by it for street purposes in the

Borough of Manhattan,

Being the buildings, parts of buildings, etc., standing within the lines of the unnamed street adjoining the property acquired for the New York and Brooklyn Bridge, and extending from William st. to N. William st., in the Borough of Manhattan, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 16, 1913, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, MAY 8, 1913.

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Part of four-story brick building, No. 14 N. William st. Cut 3.29 feet from north side on rear by northwest corner of building. One-story tin shack adjoining on south side. Two-story brick building, No. 215 William st. Also part of four-story brick building, No. 217 William st. Cut 13.8 feet on front by 20.22 feet on rear.

DEPARTMENT OF DOCKS AND FERRIES.

Auction Sale of Privileges.

DEPARTMENT OF DOCKS AND FERRIES, PIER A, FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

JOSEPH P. DAY, Auctioneer.

Will sell, on behalf of the Department of Docks and Ferries, at public auction, to the highest bidder, on

FRIDAY, APRIL 25, 1913.

commencing at 12 o'clock, noon, at Pier A, foot of Battery place, North River, the herein detailed privileges, to be exercised under and according to the terms, conditions and limitations of agreement with the Commissioner of Docks, to be entered into as hereinafter required, for a term of two years, beginning at noon on May 1, 1913.

Each lot will be sold separately.

Lot No. 1. Upset Price, $23,000 *Per Annum.*

Lot No. 1 includes privileges at the Manhattan terminal of the Staten Island Ferry, as follows:

A—The privilege of vending, selling and furnishing newspapers, books, periodicals, confectionery, soda water, bottled mineral waters, cigars, tobacco and fruits, and any other article which may at any time be included, at the discretion of the Commissioner of Docks. This privilege will include the use of the stand on the lower floor of the Terminal Building and the use of the stand on the upper floor of the Terminal Building. All articles offered for sale must be confined within the stand area, except that a small stand for the sale of newspapers will be allowed at the entrance to the Terminal Building at such point as may be designated by the Commissioner of Docks. The stands referred to within the Terminal Building are the property of The City of New York. Incandescent lamp border lighting around the top of the stand on the second floor will not be allowed as general illumination and cannot be permitted except at the expense of the concessionaire. The border lights around the top of the stand on the lower floor will be changed to what the Department of Water Supply, Gas and Electricity may consider to be a proper number of bracket lights, and, as so bracketed, will be considered part of the general illumination of the Terminal Building, which will be paid for by the City.

B—The privilege of maintaining a stand on the lower floor of the Terminal Building, at the foot of the stairs leading to the upper floor, for the vending, selling and furnishing of flowers. The flowers must be confined within the stand area. This stand may be placed in the Terminal Building at some other location than the one indicated, such other location to be subject absolutely to approval by the Commissioner of Docks. The flower stand or icebox must be furnished by and at the expense of the successful bidder, the design and dimensions of the stand to be subject to approval by the Commissioner of Docks; the stand so furnished by the successful bidder will remain the property of the successful bidder and must be removed by him at or before the expiration of the term for which the privilege is granted. The stand now used is the property of the present permittee. No lighting in or on this flower stand will be allowed except at the expense of the concessionaire, as such lighting cannot be considered as any part of general illumination of the Terminal.

C—The privilege of maintaining a stand on the easterly side of the ground floor passenger entrance at the site now occupied, immediately outside the Terminal Building, for vending, selling and furnishing fruit. The fruit stand now installed is the property of the present permittee. The successful bidder must furnish his own stand at his own expense, the design of the same to be subject to approval by the Commissioner of Docks, and the dimensions of the stand not to exceed those of the existing stand. The stand so furnished by the successful bidder will remain the property of the successful bidder, and must be removed by him at or before the expiration of the term for which the privilege is granted. All articles offered for sale must be kept within the stand area, except that a small additional space adjacent to the stand may be occupied by a peanut roaster. No lighting in or around this stand will be allowed except at the expense of the concessionaire. The two arc lamps now located outside the Terminal Building and above this stand are maintained by and at the expense of the City and are all that will be allowed as general illumination.

Lot No. 2.

Lot No. 2 will cover the privilege of placing, maintaining and operating automatic vending and weighing machines in the ferry building at the Manhattan Terminal of the Staten Island Ferry, excepting "Cent-a-Drink" water machines. This privilege will be limited to the maintenance of four machines on the ground floor and four machines on the second floor of the Terminal Building, the character and exact location of such machines on each floor to be designated by the Superintendent of Ferries.

Lot No. 3.

Lot No. 3 will cover the privilege of placing, maintaining and operating automatic vending and weighing machines in the ferry building at the Manhattan Terminal of the 39th Street Ferry. This privilege will be limited to a total of nine machines, the character and exact location of the machines to be designated by the Superintendent of Ferries.

Lot No. 4.

Lot No. 4 will cover the privilege of placing, maintaining and operating automatic vending and weighing machines in the ferry building at the St. George Terminal of the Staten Island Ferry. This privilege will be limited to the maintenance of ten machines, all of the machines to be located and maintained in the inside concourse at the Terminal, the character and exact location of the machines to be designated by the Superintendent of Ferries.

Lot No. 5.

Lot No. 5 will cover the privilege of placing, maintaining and operating automatic vending and weighing machines in the ferry building at the Stapleton Terminal of the Stapleton Ferry. This privilege will be limited to the maintenance of three machines, the character and exact location of the machines to be designated by the Superintendent of Ferries.

Lot No. 6.

Lot No. 6 includes stand privilege at the Stapleton Terminal of the Stapleton Ferry for the vending, selling and furnishing of newspapers, books, periodicals, confectionery, soda water, bottled mineral waters, cigars, tobacco, fruits and flowers, and any other article which may at any time be included, at the discretion of the Commissioner of Docks. This privilege will include the use of the stand now installed at the Terminal Building. This stand is the property of The City of New York. All articles offered for sale must be confined within the stand area, except that a small stand for the sale of newspapers will be allowed at the entrance of the Terminal Building at such point as may be designated by the Commissioner of Docks.

Lot No. 7—Upset Price, $100.

Lot No. 7 will include the privilege of occupying the five cab stands on the outside of the Terminal Building at the St. George terminal of the Staten Island Ferry. The successful bidder will be allowed the privilege of subletting not more than four of the stands to other hackmen, such subletting to be subject to approval by the Commissioner of Docks.

Lot No. 8—Upset Price, $415.

Lot No. 8 will cover the privilege of operating a boot blacking business on the Municipal ferryboats of the 39th Street Ferry, and in the terminals of said ferry at the foot of 39th st. in the Borough of Brooklyn, and at the foot of South street in the Borough of Manhattan. This privilege will allow the bootblacks on all parts of the boats and in the terminals of the said ferry, under such restrictions as the Commissioner of Docks shall make, but in no case will the bootblacks be permitted to solicit trade.

GENERAL TERMS AND CONDITIONS.

1. All bidding shall be upon the basis of an aggregate per annum fee or compensation to The City of New York for all the privileges included in the lot, which shall be payable quarterly, in advance, and in equal sums, on the 1st day of May, August, November and February, respectively, to the Cashier of the Department of Docks and Ferries.

2. The successful bidder on each lot will be allowed the privilege of subletting any portion or portions of the privileges included within the lot, subject, however, to consent thereto in writing being first obtained from the Commissioner of Docks. The subletting of any portion of the privileges without having first obtained the consent, in writing, of the Commissioner of Docks thereto, shall at once subject the successful bidder to forfeiture of the privileges held by him, at the election of the Commissioner of Docks, who, in the event of any such forfeiture, shall then have the power at any time during the term of the privileges, to revoke and cancel the permit for the exercise thereof and to resell such privileges; and the successful bidder so forfeiting privileges shall be liable to The City of New York for any deficiency resulting from such resale.

3. The successful bidder on each lot will be required to:

(a) At the time of sale pay the auctioneer's fee as follows:

Lot No. 1, $50; lot No. 2, $25; lot No. 3, $25; lot No. 4, $25; lot No. 5, $10; lot No. 6, $10; lot No. 7, $10; lot No. 8, $25.

(b) Enter into a written agreement, at the time of the sale, with the Commissioner of Docks to comply with the terms, conditions and limitations of the permit issued to him by the Commissioner of Docks, blank forms of which are on file for examination at the office of the Secretary of the Department of Docks and Ferries.

(c) Pay to the Department of Docks and Ferries, at the time of sale, 25 per cent. of the amount of the annual fee or compensation to be paid The City of New York for said lot, as security for carrying into effect the terms of the sale, which 25 per cent. will be applied to the payment of the quarterly installment of such fee or compensation first accruing under said agreement when executed, or will be forfeited to The City of New York as liquidated damages if the successful bidder neglects or refuses to execute the agreement, with good and sufficient bond or obligation of a surety company authorized by law to act as surety in the sum of the upset annual fee or compensation herein specified for the lot to be approved by the Commissioner of Docks for the faithful performance of the terms and conditions thereof, within five days after being notified that the agreement is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier A, foot of Battery place, North River.

(d) Arrange with the Department of Water Supply, Gas and Electricity for the water required in connection with the privileges, and must pay to said Department the regular water charges for the water used. All gas installation will be by and at the expense of the successful bidder, subject to the rules and regulations of the Department of Water Supply, Gas and Electricity, and the gas must be paid for by the successful bidder. Any electricity required by the successful bidders other than the regular lighting of the terminals, must be paid for by the successful bidders. No installation of water, gas or electricity shall be attempted without consent being first obtained from the Department of Water Supply, Gas and Electricity and from the Commissioner of Docks.

4. The Commissioner of Docks expressly reserves the right to

(a) Revoke, cancel and annul any permit issued to or agreement made with any successful bidder at this sale who shall fail or neglect to observe, keep and perform any of the terms, conditions or limitations of such permit or agreement.

(b) Resell any privileges where the successful bidder fails, refuses or neglects to comply with the terms and conditions herein contained, the parties so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

(c) Grant to other than the successful bidder at any terminal the privilege to maintain and operate "Cent-a-drink" or other or similar water machines.

(d) Reject any or all bids if, in his judgment, he deems it for the best interests of The City of New York so to do. No person will be accepted as a successful bidder who is delinquent on any form of contract with the Department of Docks and Ferries or with The City of New York. No bid will be received from any person who is in arrears to the Department of Docks and Ferries, or to The City of New York upon debt or contract, or who is a defaulter of surety or otherwise upon any obligation to the Department of Docks and Ferries or to The City of New York.

R. A. C. SMITH, Commissioner of Docks.

Proposals.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at the above office until 12 o'clock noon on

WEDNESDAY, APRIL 30, 1913.

CONTRACT NO. 1339.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR FURNISHING ABOUT 1,000 HOURS' SERVICES OF TUGS IN TOWING ON THE NORTH AND EAST RIVERS, AND WATERS WITHIN THE LIMITS OF THE CITY OF NEW YORK.

The time for the completion of the work and the full performance of the contract is on or before December 31, 1913.

The amount of security required is Two Thousand Dollars ($2,000).

The bidder shall state, both in writing and in figures, a price per hour for towing and a flat price per call for running time in each of the five zones specified and described in the specifications. Any bid not specifying a per hour figure for towing and a flat call price for each of the five zones will be informal and cannot be considered. The contract, if awarded, will be awarded to the bidder whose price is the lowest based upon an estimate of 1,000 hours of towing and an estimate of 200 calls for zone one; 75 calls for zone two; 20 calls for zone three; 1 call for zone four and 1 call for zone five. The five zones are described in detail in the specifications and the zone map referred to in the specifications may be seen and examined at Pier "A," foot of Battery place, North River, Manhattan. In case of discrepancy between the written price and that given in figures, the price in writing will be considered as the bid.

Tugs will be required at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained upon personal application at the office of the said Department or by mail only when request is accompanied by ten (10) cents in stamps to cover postage.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held March 27, 1913, the following petition was received:

APPLICATION FOR LEAVE TO SURRENDER FRANCHISE.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Sirs—Electric Protection Company of New York (hereinafter called the Protection Company) respectfully petitions as follows:

(1) The Protection Company is a corporation duly organized under the Transportation Corporations Law of the State of New York.

(2) By a contract dated March 1, 1911, the City of New York granted to the Protection Company a certain franchise and entered into a certain contract with the Protection Company, whereof copies are hereto annexed and are hereby referred to as if fully incorporated in this petition.

(3) By section 2, paragraph second, of said franchise and contract, it was provided that the Protection Company should pay annually upon each first day of November, a stated percentage of its gross earnings for the year ended on the September 30th preceding each such first day of November, and that if such percentage of such gross earnings should not equal the sum of $1,200, then the Protection Company should pay the minimum sum of $1,200 per year.

(4) As a security deposit to protect the City of New York in such annual payments the Protection Company deposited with the Comptroller $5,000 in accepted securities, which deposit still remains in the hands of said Comptroller.

(5) The Protection Company has not yet commenced to avail itself in any respect whatsoever of the privileges to it granted under said franchise and contract, and has so reported to the Comptroller of the City of New York for the years ended respectively September 30, 1911, and September 30, 1912.

(6) The said minimum annual payment due November 1, 1912, not having been paid, the Comptroller, as provided by said franchise and contract, served upon the Protection Company a notice that at the expiration of ten (10) days thereafter he would cause the said payment to be made out of said security deposit. Said notice terminates and becomes effective at the opening of business on March 17, 1913.

(7) The Protection Company finds itself unable to use the privileges and benefits of its said franchise and contract and desires to surrender the same. The Protection Company has made diligent efforts to assure itself of business sufficient to justify it in using the franchise and contract and the privileges thereunder, but has not been able to secure sufficient business to warrant it in embarking upon the development of the enterprise in furtherance of which said franchise and contract were granted.

(8) The Protection Company has no subscribers for the use of its proposed service, so that the termination of its franchise will not result in embarrassment or inconvenience to third parties; and no competing companies have been deprived of the right to furnish a similar service by reason of the franchise granted to the Protection Company.

(9) Inasmuch as under the terms of said contract a large sum of money, to wit, $5,000, was paid by the Protection Company to said City of New York as a consideration for the granting of said franchise, and at the date of the granting thereof; and inasmuch as the further sum of $1,200 was paid to said City on or about November 1, 1911, being the minimum annual payment for the first year of said franchise; and inasmuch as the Protection Company has made no use whatever of said franchise and contract, nor of any of the privileges and benefits granted thereunder, nor has the Protection Company in any manner whatever imposed any burden or enjoyed any easement upon, in or under the streets of said City by virtue of said franchise and contract or otherwise howsoever, the Protection Company respectfully submits that it is justly entitled to surrender said franchise and contract, absolving the City of New York from all liability whatsoever to the Protection Company thereunder, and in return therefor should be repaid in the sum of $5,000, being the amount of said security deposit.

The Protection Company therefore respectfully prays:

(a) That it be permitted to surrender irrevocably the said franchise and contract dated March 1, 1911.

(b) That, upon the consummation of such surrender of said franchise and contract, the City of New York repay to the Protection Company the sum of $5,000 now on deposit with the Comptroller of the City of New York or such part thereof as may seem just and equitable.

Dated New York, March 17, 1913.

ELECTRIC PROTECTION COMPANY OF NEW YORK.

By ALFRED J. JOHNSON, President.

Attest: R. L. FORBES, Secretary.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Merchants' Refrigerating Company has, under date of February 24, 1913, made application to this Board, for a modification of the terms and conditions of the contract dated October 21, 1910, granting said company a franchise for the construction, maintenance and operation of conduits for the distribution of refrigeration in limited districts in the Borough of Manhattan; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on February 27, 1913, fixing the date for a public hearing thereon as March 13, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Sun" and "Evening Mail," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modifications and amendments of said contract of October 21, 1910; now therefore it is

Resolved, That the following form of the resolution for the consent or right applied for by the Merchants' Refrigerating Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said contract of October 21, 1910, such modified terms and conditions being fully set forth and described in the following form of proposed contract, for the grant thereof, embodying such terms and conditions as modify or alter said contract of October 21, 1910, which said contract otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of , 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of authority of the Board of Estimate and Apportionment of said City, and the Merchants' Refrigerating Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City, by contract dated October 21, 1910, did grant to the Company the right and privilege to construct, maintain and operate conduits in and under the surface of the streets in certain districts in the Borough of Manhattan, City of New York, for the purpose of supplying refrigeration to consumers, upon certain conditions therein fully set forth; and

Whereas, The said Company has applied to the Board by a petition verified the 24th day of February, 1913, for a modification of the said contract, in accordance with said petition;

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City consents to such modification in and to the said contract, subject to the following conditions:

Section 2, Subdivision Second, paragraph (b) is hereby amended to read:

(b) From October 21, 1910, to the date of the execution of this contract by the Mayor, an annual sum which shall in no case be less than eight hundred dollars ($800), and which shall be equal to two (2) per cent. of its gross annual receipts if such percentage shall exceed the sum of eight hundred dollars ($800).

From the date of the execution of this contract by the Mayor to October 21, 1915, an annual sum which shall in no case be less than sixteen hundred dollars ($1,600), and which shall be equal to two (2) per cent. of its gross annual receipts if such percentage shall exceed the sum of sixteen hundred dollars ($1,600).

During the second term of five (5) years an annual sum, which shall in no case be less than twenty-four hundred dollars ($2,400), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twenty-four hundred dollars ($2,400).

During the third term of five (5) years an annual sum, which shall in no case be less than three thousand dollars ($3,000), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three thousand dollars ($3,000).

The gross receipts mentioned above shall be the total receipts from all business for furnishing refrigeration to consumers.

Section 2, Subdivision Twenty-third, Paragraph 1 is hereby amended by providing that the sum of five thousand five hundred dollars ($5,500) shall be deposited with the Comptroller of the City in lieu and in place of the sum of three thousand dollars ($3,000) named therein.

Sec. 2. This contract shall take effect on the date of the execution thereof by the Mayor.

Sec. 3. All the terms and conditions contained in the said contract dated October 21, 1910, shall remain unchanged, except as hereinabove modified.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, hereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City, to be hereunto affixed, and the party of the second part, by its officers hereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

Proposals.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, CENTRAL DEPARTMENT, BOROUGH OF MANHATTAN.

SEALED BIDS OR ESTIMATES WILL BE received by the Police Commissioner of the Police Department of The City of New York, at the Bookkeeper's Office, Headquarters of the Police Department, 240 Centre st., Borough of Manhattan, in The City of New York, until 10 o'clock a. m., on

FRIDAY, APRIL 25, 1913.

FOR FURNISHING AND DELIVERING GASOLENE.

The time allowed for the performance of the contract is during the year 1913.

The amount of security will be thirty (30) per cent. of the total amount for which the contract is awarded.

No bid will be considered unless it is accompanied by a deposit, which shall be in the form of money or a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or corporate stock or certificates of indebtedness of any nature issued by The City of New York and approved by the Comptroller, as of equal value to the security required.

Such deposit shall be in amount not less than one and one-half (1½) per cent. of the total amount of the bid.

The bidder will state the price of each item or article contained in the specifications or schedules per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The bids will be read from the total of each item, and the Police Commissioner will award the contract to the lowest bidder on each item for all the articles, materials or supplies specified and contained in the specifications and schedule.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner, and any further information can be obtained at the office of the Bureau of Repairs and Supplies, Headquarters of the Police Department, 240 Centre st., Borough of Manhattan.

R. WALDO, Police Commissioner.

Filing Preliminary Abstracts.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of LIEBIG AVENUE, from Mosholu avenue to the City line; and TYNDALL AVENUE, from Mosholu avenue to a line extending between a point on the westerly line of Tyndall avenue, distant 81.01 feet north of the northerly line of West Two Hundred and Sixtieth street and a point on the easterly line of Tyndall avenue, distant 65.23 feet north of the northerly line of West Two Hundred and Sixtieth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First. That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of May, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 14th day of May, 1913, at 10 o'clock a. m.

Second. That the undersigned, Commissioner of Assessment, has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of May, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 15th day of May, 1913, at 10 o'clock a. m.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 11th day of January, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Von Humboldt avenue and Liebig avenue, as these streets are laid out immediately southerly from and adjoining West Two Hundred and Fifty-ninth street, distant 100 feet northerly from the northerly line of West Two Hundred and Fifty-sixth street, the said distance being measured at right angles to the line of West Two Hundred and Fifty-sixth street and running thence northwardly along the said line midway between Von Humboldt avenue and Liebig avenue, and the prolongation thereof, to the southerly line of West Two Hundred and Fifty-ninth street; thence northwardly to a point on the northerly line of West Two Hundred and Fifty-ninth street midway between Von Humboldt avenue and Liebig avenue as these streets are laid out north of West Two Hundred and Fifty-ninth street; thence northwardly along a line always midway between Von Humboldt avenue and Liebig avenue to the northerly boundary line of The City of New York; thence eastwardly along the said boundary line to a point midway between Liebig avenue and Tyndall avenue; thence southwardly along a line midway between Liebig avenue and Tyndall avenue to a point distant 100 feet northerly from the northerly line of West Two Hundred and Sixty-first street; thence eastwardly and parallel with West Two Hundred and Sixty-first street to a point midway between Tyndall avenue and Fieldston road; thence southwardly along a line always midway between Tyndall avenue and Fieldston road to the northerly line of Mosholu avenue; thence southeastwardly and parallel with the line of Fieldston road as this street is laid out between Mosholu avenue and Faraday avenue to the intersection with a line midway between Mosholu avenue and Faraday avenue; thence southwestwardly along the said line midway between Mosholu avenue and Faraday avenue to the intersection with a line parallel with West Two Hundred and Fifty-sixth street and passing through the point of beginning; thence westwardly along the said line parallel with West Two Hundred and Fifty-sixth street to the point or place of beginning.

Fourth. That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 14th day of May, 1913.

Fifth. That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 27th day of June, 1913, at the opening of the Court on that day.

Sixth. In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 10, 1913.

JAMES W. O'BRIEN, Chairman; JAMES P. ARCHIBALD, CHRISTIAN BROSCHART, Commissioners of Estimate; CHRISTIAN BROSCHART, Commissioner of Assessment.

Deposit of Report.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises not now owned by The City of New York in the block bounded by Jackson avenue, East One Hundred and Fifty-eighth street, Trinity avenue and East One Hundred and Sixtieth street, in the Twenty-third Ward, in the Borough of The Bronx, in The City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED, COMMISSIONers of Estimate and Appraisal in the above entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First. That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, situated at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second. That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Monday, April 14, 1913, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 28th day of April, 1913, at 11 o'clock in the forenoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, April 14, 1913.

Application for Appointment of Commissioners.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND SIXTY-SIXTH STREET, from Brook avenue to the westerly right of way line of the New York and Harlem Railroad, in the Twenty-third Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part III thereof, in and for the County of New York, in the County Court House, in the Borough of Manhattan, City of New York, on the 24th day of April, 1913, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of East One Hundred and Sixty-sixth street, from Brook avenue to the westerly right of way line of the New York and Harlem Railroad, in the Twenty-third Ward, Borough of The Bronx, City of New York, being the following described pieces or parcels of land:

Beginning at a point in the eastern line of Brook avenue distant 581.75 feet southwesterly from the intersection of said line with the southern line of East One Hundred and Sixty-seventh street; thence southwesterly along the eastern line of Brook avenue for 20.549 feet; thence southerly deflecting 76 degrees 43 minutes 40 seconds to the left for 97.978 feet to the westerly line of the right of way of the New York and Harlem Railroad; thence easterly along the westerly right of way line of the New York and Harlem Railroad for 20.114 feet; thence northerly for 100.546 feet to the point of beginning.

East One Hundred and Sixty-sixth street, from Brook avenue to the westerly right of way line of the New York and Harlem Railroad, is shown on a map or plan entitled "Map or Plan showing the Locating, laying out and the grades of East One Hundred and Sixty-sixth street, from Park avenue east to Brook avenue, for the purpose of constructing a foot bridge across the tracks of the N. Y. & H. R. R., in the Twenty-third Ward, Borough of The Bronx, City of New York. Prepared by the President of the Borough of The Bronx, under authority of chapter 466, Laws of 1901," which map was filed in the office of the President of the Borough of The Bronx on December 28, 1911; in the office of the Register of the County of New York on December 27, 1911, as Map No. 1579, and in the office of the Counsel to the Corporation of The City of New York on December 27, 1911, in pigeon hole 176.

Land required for East One Hundred and Sixty-sixth street is located in Block 2392 of Section 9 of the Land Map of The City of New York.

The Board of Estimate and Apportionment on the 3d day of October, 1912, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the westerly line of Clay avenue, where it is intersected by the prolongation of a line midway between East One Hundred and Sixty-sixth street and East One Hundred and Sixty-seventh street, as these streets are laid out between Clay avenue and Webster avenue, and running thence eastwardly along the said line midway between East One Hundred and Sixty-sixth street and East One Hundred and Sixty-seventh street, and along the prolongations of the said line to the intersection with the westerly line of Third avenue; thence southwardly along the westerly line of Third avenue to the intersection with the prolongation of a line midway between East One Hundred and Sixty-fifth street and East One Hundred and Sixty-sixth street as these streets are laid out between Findlay avenue and Teller avenue; thence westwardly along the said line midway between East One Hundred and Sixty-fifth street and East One Hundred and Sixty-sixth street and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of East One Hundred and Sixty-fifth street and East One Hundred and Sixty-sixth street, as these streets are laid out between Grant avenue and Morris avenue; thence westwardly along the said bisecting line to the intersection with the easterly line of Grand Boulevard and Concourse; thence northwardly along the easterly line of Grand Boulevard and Concourse to the intersection with a line midway between East One Hundred and Sixty-sixth street and McClellan street as these streets are laid out adjoining Carroll place; thence eastwardly along the said line midway between East One Hundred and Sixty-sixth street and McClellan street and along the prolongation of the said line to the intersection with the easterly line of Teller avenue; thence eastwardly in a straight line to the point or place of beginning.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of VIRGINIA AVENUE, from the Public place at Westchester avenue to Ludlow avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part III thereof, in and for the County of New York, in the County Court House, in the Borough of Manhattan, City of New York, on the 24th day of April, 1913, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of Virginia avenue, from the Public place at Westchester avenue to Ludlow avenue, in the Twenty-fourth Ward, in the Borough of The Bronx, City of New York, being the following described pieces or parcels of land:

Beginning at a point in the northern line of Ludlow avenue distant 1,502.138 feet westerly from the intersection of said line with the western line of Olmstead avenue; thence westerly along the northern line of Ludlow avenue for 60.74 feet; thence northerly deflecting 81 degrees 02 minutes 35 seconds to the right for 2,307.19 feet to the southerly line of the Public place at Westchester avenue; thence easterly along the southerly line of the Public place for 60.74 feet; thence southerly for 2,307.19 feet to the point of beginning.

Virginia avenue, from the Public place at Westchester avenue to Ludlow avenue, is shown on Section 47 of the Final Maps of the Borough of The Bronx, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901 and amendatory acts, which map was filed in the office of the President of the Borough of The Bronx April 29, 1909; in the office of the Register of the County of New York on April 27, 1909, as Map No. 1326, and in the office of the Counsel to the Corporation of The City of New York on April 27, 1909, in pigeon hole 116.

Land required for Virginia avenue is located east of the Bronx River.

The Board of Estimate and Apportionment on the 7th day of March, 1912, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on a line midway between Ludlow avenue and Houghton avenue where it is intersected by the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Virginia avenue, the said distance being measured at right angles to Virginia avenue and running thence northerly along the said line parallel with Virginia avenue and along the prolongations of the said line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Westchester avenue, as this street is laid out between White Plains road and East One Hundred and Seventy-seventh street, the said distance being measured at right angles to Westchester avenue; thence eastwardly along the said line parallel with Westchester avenue and along the prolongation of the said line to the intersection with a line midway between Gray street and Storrow street, as these streets are laid out adjoining the Public place at Westchester avenue; thence southwardly along the said line midway between Gray street and Storrow street and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Virginia avenue and the southwesterly line of East One Hundred and Seventy-seventh street, as these streets are laid out where they adjoin the Public place at Westchester avenue; thence southeastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Virginia avenue and the westerly line of Pugsley avenue, as these streets are laid out between Watson avenue and Haviland avenue; thence southwardly along the said bisecting line to the intersection with a line midway between Ludlow avenue and Houghton avenue; thence westwardly along the said line midway between Ludlow avenue and Houghton avenue to the point or place of beginning.

Filing Supplemental and Amended Abstracts.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TWENTY-SECOND STREET, formerly Eighth street or avenue (although not yet named by proper authority), from Bronx River to Seventh street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 25th day of April, 1913, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of April, 1913, at 3.30 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with out damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of April, 1913.

Third—That the limits of our supplemental and amended assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of the easterly line of the Bronx River with a line parallel to and distant 2,000 feet northerly from the northerly line of East Two Hundred and Twenty-second street; running thence easterly and parallel to East Two Hundred and Twenty-second street and always distant 2,000 feet northerly therefrom to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Boston road; thence southerly along said line parallel to Boston road to its intersection with a line parallel to and distant 2,000 feet southerly from the southerly line of East Two Hundred and Twenty-second street; thence westerly and parallel to East Two Hundred and Twenty-second street and always distant 2,000 feet southerly therefrom to its intersection with the easterly line of the Bronx River; thence northerly along the easterly line of the Bronx River to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said supplemental and amended abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 6th day of June, 1913, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said supplemental and amended abstracts of estimate and assessment, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 9, 1913.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of SEAMAN AVENUE, from Academy street to Dyckman street, and of an UNNAMED STREET northeasterly from Dyckman street, from Seaman avenue to Broadway, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First. That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 30th day of April, 1913, at 3 o'clock p. m.

Second. That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 1st day of May, 1913, at 3 o'clock p. m.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 18th day of June, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line distant 100 feet southwesterly from and parallel with the southwesterly line of Dyckman street, the said distance being measured at right angles to the line of Dyckman street, where it is intersected by a line distant 100 feet northwesterly from and parallel with the northwesterly line of F street, the said distance being measured at right angles to F street, and running thence northeastwardly and parallel with F street and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Academy street, the said distance being measured at right angles to Academy street; thence southwardly along the said line parallel with Academy street and along the prolongation of the said line to a line bisecting the angle formed by the intersection of the prolongation of the southeasterly line of Seaman avenue and the northwesterly line of Broadway, as these streets are laid out between Academy street and Dyckman street; thence southwest-

wardly along the said bisecting line to a point distant 100 feet northeasterly from the northeasterly line of the unnamed street, the said distance being measured at right angles to the unnamed street; thence southeastwardly and parallel with the unnamed street and the prolongation thereof to a point distant 100 feet southeasterly from the southeasterly line of Broadway, the said distance being measured at right angles to Broadway; thence southwestwardly and parallel with Broadway to the intersection with the prolongation of a line distant 100 feet southwesterly from and parallel with the southwesterly line of the unnamed street, the said distance being measured at right angles to the unnamed street; thence northwestwardly along the said line parallel with the unnamed street and the prolongation thereof to the intersection with the bisecting line hereinbefore described; thence southwestwardly along the said bisecting line to a line parallel with Dyckman street and passing through the point of beginning; thence northwestwardly along the said line parallel with Dyckman street to the point or place of beginning.

Fourth. That the abstracts of said supplemental and amended estimate of damage and of said supplemental and amended assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of April, 1913.

Fifth. That, provided there be no objections filed to either of said supplemental and amended abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 19th day of June, 1913, at the opening of Court on that day.

Sixth. In case, however, objections are filed to the foregoing supplemental and amended abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of MONTAUK AVENUE, from Atlantic avenue to Pitkin avenue, excepting the land occupied by the tracks of the Long Island Railroad, in the Twenty-sixth Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First. That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 29th day of April, 1913, at 10.30 o'clock a. m.

Second. That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 30th day of April, 1913, at 10.30 o'clock a. m.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 21st day of September, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Atlantic avenue, the said distance being measured at right angles to Atlantic avenue; on the east by a line midway between Montauk avenue and Milford street and by the prolongation of the said line; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Pitkin avenue, the said distance being measured at right angles to Pitkin avenue; and on the west by a line midway between Atkins avenue and Montauk avenue, and by the prolongation of the said line.

Fourth. That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 9th day of May, 1913.

Fifth. That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 12th day of June, 1913, at the opening of the Court on that day.

Sixth. In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, April 9, 1913.

WALTER MOFFAT, THOS. P. PETERS, EDWARD T. WALSH, Commissioners of Estimate; WALTER MOFFAT, Commissioner of Assessment.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all person interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
