No. 2).

(The hearing in this matter was fixed for December 14, 1917, by resolution adopted November 16, 1917 (Cal. No. 138). On December 14, 1917 (Cal. No. 4); January 25, 1918 (Cal. No. 2); March 1, 1918 (Cal. No. 3), and April 12, 1918 (Cal. No. 2), the hearing was continued; on the latter date to this meeting.)

The Secretary presented affidavits of publication showing that the matter had been duly advertised.

Charles Fuller appeared in favor. No one else appeared in opposition to or in favor of the proposed change.

The hearing was continued until May 3, 1918.

Borough of The Bronx.

Hearing in the Matter of Changing the Map or Plan of the City of New York by Changing the Street System Bounded by Laconia Avenue, East 231st Street, Grenada Place, Baychester Avenue, Boston Road and East 222d Street, Borough of The Bronx (Cal. No. 3).

(On February 15, 1918 (Cal. No. 28), the matter was referred to the Committee on City Plan and Public Improvements.)

(On March 28, 1918 (Cal. No. 3), report of the Committee was presented, and April 26, 1918, was fixed as the date for a public hearing.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised, in accordance with a resolution adopted March 28, 1918 (Cal. No. 3).

A. Stern and Hon. Peter Schweickert appeared in favor.

No one else appeared in opposition to or in favor of the proposed change. The hearing was closed.

The following was offered:

Whereas, At a meeting of this Board held on the 28th day of March, 1918, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the lines and grades of the street system within the territory bounded by Laconia avenue, East 231st street, Grenada place, Baychester avenue, Boston road and East 222nd street, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 26th day of April, 1918, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 26th day of April, 1918; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the CITY RECORD for ten days prior to the 26th day of April, 1918; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the lines and grades of the street system within the territory bounded by Laconia avenue, East 231st street, Grenada place, Baychester avenue, Boston road and East 222nd street, in the Borough of The Bronx, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the President of the Borough and dated January 31, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Mayor was requested to withhold his approval of the resolution until an agreement has been executed by the Trustees of the Hebrew Orphan Asylum stipulating that they will make adjustments with other property owners in order that their holdings may have suitable street frontage; to pay all bills for damages against the City by reason of the closing of East 230th street east of Laconia avenue and to convey to the City for street purposes, upon the request of the Corporation Counsel, the fee to such portions of the streets as lie within the boundaries of the property acquired by them, said agreement to be approved by the Corporation Counsel as to substance and form.

Hearing in the Matter of Changing the Map or Plan of the City of New York by Changing the Lines and Grades of East 161st Street, from Jerome Avenue to Sherman Avenue, and by Changing the Grades of Jerome Avenue, Doughty Street, Walton Avenue, Mott Avenue and Sheridan Avenue, Borough of The Bronx (Cal. No. 4).

(On March 8, 1918 (Cal. No. 80), the matter was referred to the Committee on City Plan and Public Improvements.)

(On March 28, 1918 (Cal. No. 4), the report of the Committee was presented, and April 26, 1918, was fixed as the date for a public hearing.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised, in accordance with a resolution adopted March 28, 1918 (Cal. No. 4).

No one appeared in opposition to or in favor of the proposed change. The hearing was closed.

The following was offered:

Whereas, At a meeting of this Board held on the 28th day of March, 1918, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the lines and grades of East 161st street, from Jerome avenue to Sherman avenue, and change the grades of Jerome avenue, Doughty street, Walton avenue, Mott avenue and Sheridan avenue, adjoining East 161st street, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 26th day of April, 1918, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 26th day of April, 1918; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the CITY RECORD for ten days prior to the 26th day of April, 1918; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this

Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the lines and grades of East 161st street, from Jerome avenue to Sherman avenue, and by changing the grades of Jerome avenue, Doughty street, Walton avenue, Mott avenue and Sheridan avenue, adjoining East 161st street, in the Borough of The Bronx, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the President of the Borough and dated March 5, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby fixes the roadway and sidewalk widths of East 161st street, between Sheridan avenue and Jerome avenue, as the same are shown on a map or plan changing the lines and grades of East 161st street, from Jerome avenue to Sherman avenue, and changing the grades of Jerome avenue, Doughty street, Walton avenue, Mott avenue and Sheridan avenue, adjoining East 161st street, in the Borough of The Bronx, which map or plan bears the signature of the President of the Borough, is dated March 5, 1918, and was adopted by the Board of Estimate and Apportionment on April 26, 1918.

Which was adopted by the following vote:

This communication was presented to the Board at the meeting of February 21, 1918 (Cal. No. 81), when, by resolution duly adopted, March 1, 1918, was fixed as the date for consideration, and the communication was referred to the Committee on Transit. On March 1 (Cal. No. 15) the consideration was continued until March 15, 1918 (Cal. No. 14), when it was continued until March 22, 1918.

At the meeting of March 15, 1918 (Cal. No. 14), the Public Service Commission was requested to furnish the members of the Board with complete information as to the value of the real estate required and all additional data for an intelligent understanding of the proposed changes, and such information was furnished by the Commission at the meeting of March 22, 1918. At the meeting of March 22, 1918 (Cal. No. 2), the consideration was continued until April 5, 1918 (Cal. No. 19), and then continued until April 12, 1918, and the Secretary was directed to request the Public Service Commission to extend the time for a further period of sixty days for the consideration of this matter.

At the meeting of April 12, 1918 (Cal. No. 5), a communication was received from the Public Service Commission transmitting certified copy of resolution adopted by said Commission extending the time of consideration for a further period of sixty days, and by resolution adopted by this Board the time of consideration was extended for a further period of sixty days. The consideration was then continued until April 19, 1918 (Cal. No. 4), when it was continued until this day.

An affidavit of publication of the notice of continued consideration was received from the CITY RECORD.

No one appeared in opposition to or in favor of the proposed route.

The consideration was continued until May 3, 1918.

REPORTS.

From Standing Committees.

Committee on City Plan and Public Improvements.

Godwin Terrace, from West 230th Street to West 231st Street; Kimberly Place, from Godwin Terrace to Putnam Avenue West; Verveelen Place, from Broadway to Putnam Avenue West; Putnam Avenue West, from Kimberly Place to Verveelen Place, Borough of The Bronx—Laying Out Lines and Establishing Grades (Cal. No. 7).

(On February 15, 1918 (Cal. No. 29) this matter was referred to the Committee on City Plan and Public Improvements.)

The Secretary presented a communication, dated February 8, 1918, from the President, Borough of The Bronx, transmitting map for approval; and the following report of the Committee on City Plan and Public Improvements:

April 12, 1918.

Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment, held on February 15, 1918, there was referred to the Committee on City Plan and Public Improvements a plan submitted by the President of the Borough of The Bronx showing the laying out and fixing the grades of Godwin Terrace, from West 230th Street to West 231st Street; Kimberly Place, from Godwin Terrace to Putnam Avenue West; Verveelen Place, from Broadway to Putnam Avenue West, and Putnam Avenue West, from Kimberly Place to Verveelen Place, Borough of The Bronx (Calendar No. 29).

Your Committee finds that on June 30, 1916, a plan for a subdivision showing the lines proposed for these streets was approved by the Board in accordance with the provisions of chapter 513 of the Laws of 1916. In the following year a plan showing the subdivision of this same area into lots was approved by the Board and the map now under consideration simply incorporates into the final map or plan of the City these streets shown upon subdivisions already approved by the Board. The only thing that appears on the present plan that did not appear on that of the subdivision being street grades. These appear to fit the topography.

Putnam Avenue West immediately adjoins the right-of-way of the New York and Putnam Railroad. It is given a width of only 40 feet, 26 feet of which is for a roadway, the sidewalks being 4 feet wide along the railroad and 10 feet on the other side of the street. While this width is less than that usually accepted by the Board, the Committee believes it to be sufficient in this case and recommends the approval of the plan after the necessary public hearing. Respectfully submitted,

FRANK L. DOWLING, President, Borough of Manhattan, Chairman; Comptroller; EDWARD RIEGELMANN, President, Borough of Brooklyn; HENRY BRUCKNER, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on City Plan and Public Improvements.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by establishing the lines and grades of Godwin Terrace, from West 230th street to West 231st street; Kimberly place, from Godwin

Terrace to Putnam avenue West; Verveelen place, from Broadway to Putnam avenue West, and Putnam avenue West, from Kimberly place to Verveelen place, in the Borough of The Bronx, in accordance with a map or plan bearing the signature of the President of the Borough, and dated February 8, 1918.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, May 31, 1918, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 31st day of May, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Street System Bounded by Jamaica Avenue, Cross Island Boulevard, 99th Avenue and Hollis Avenue, Borough of Queens—Changing Lines and Grades (Cal. No. 8).

(On February 8, 1918 (Cal. No. 95), this matter was referred to the Committee on City Plan and Public Improvements.)

The Secretary presented a communication, dated January 30, 1918, from the Secretary to the President, Borough of Queens, transmitting map, in this matter, for approval; and the following report of the Committee on City Plan and Public Improvements:

April 12, 1918.

Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment, held on February 8, 1918, there was referred to the Committee on City Plan and Public Improvements a communication from the Secretary to the President of the Borough of Queens presenting for approval a map showing a street system for the territory bounded by Farmers Boulevard, Hollis Avenue, Jamaica Avenue, Cross Island Boulevard and 99th Avenue, Borough of Queens (Calendar No. 95).

Your Committee finds that a tentative plan for this territory was adopted by the Board of Estimate and Apportionment on May 29, 1913. Several modifications in the plan have been made since that time definitely fixing the lines and grades for Hollis Avenue, Farmers Boulevard and 99th Avenue, and for portions of Sagamore Road, 190th Street and 195th Street.

The plan now under consideration provides for slight adjustments in the lines of Farmers Boulevard at its junction with Hollis Avenue in order to exclude from the street area the space occupied by the wing wall of the bridge recently built by the Long Island Railroad Company in connection with the elimination of the Farmers Boulevard grade crossing and for the substitution of a curve instead of an angle at Hollis Avenue and Jamaica Avenue. Certain slight modifications, generally by substituting straight lines for curves, are made in the lines of Jamaica Avenue, while certain other street junctions are improved by cutting off corners. There are a number of grade changes, these reaching a maximum of 3 feet at 201st Street and Ballard Lane, but most of the changes are very slight.

The plan provides for the laying out of a block 300 feet long by about 99 feet wide, opposite the Hollis station, as a public park. This block appears to have an assessed value of \$8,100, including a small building valued at \$200, which building has very lately been removed. The area of the proposed park is about 7 of an acre.

All of the streets shown upon the plan appear to have been in use or to have been shown on maps of property subdivisions. Jamaica Avenue, the main artery leading to central Long Island and connecting with the Jericho Turnpike, is given a width of 100 feet instead of from 60 to 66 feet, which it now appears to have. This will probably involve damage to half a dozen buildings.

The plan shows an existing street 75 feet in width immediately adjoining the right of way of the Long Island Railroad on the north between 191st Street and 195th Street. It is not made a part of the street system. This area, however, which appears to be owned by the Long Island Railroad Company, is used as an approach to the Hollis station and a considerable part of it is available for public use as a street. The station building itself is on this land and it is probable that the City could not acquire the land occupied by this building under condemnation proceedings. There does not seem to be any need for the acquisition of title to this property.

The Committee is informed that it was at first proposed to lay out as a public park the three blocks between 190th Street and 195th Street but that the property owners in the locality opposed it fearing too heavy a local assessment. It is assumed that by reducing the park to a single block it will be possible to acquire it at the expense of the locality.

The Committee believes the plan to be a suitable one and recommends its adoption after the necessary public hearing shall have been given.

Respectfully submitted, FRANK L. DOWLING, President, Borough of Manhattan, Chairman; Comptroller; EDWARD RIEGELMANN, President, Borough of Brooklyn; HENRY BRUCKNER, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on City Plan and Public Improvements.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by establishing or changing the lines and grades of the street system within the territory bounded approximately by Jamaica avenue (Hempstead and Jamaica Plank road), Cross Island Boulevard (Squier street), 99th (Atlantic) avenue, and Hollis avenue (Old Country road), in the Borough of Queens, in accordance with a map or plan bearing the signature of the President of the Borough and dated December 17, 1917.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on Friday, May 31, 1918, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 31st day of May, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Kingsland Avenue, Between Van Dine Street and Junction Avenue, Borough of Queens—Changing Lines and Grades (Cal. No. 9).

The Secretary presented a report of the Committee on City Plan and Public Improvements stating that at a meeting of the Committee, held on April 9, 1918, a plan for changing the lines and grades of Kingsland Avenue from Van Dine Street to Peartree Avenue, Borough of Queens, referred to said Committee on February 8, 1918 (Calendar No. 8), and a communication from the Acting President of the Borough of Queens, dated March 14, 1918, relative to the same matter, which was referred to the Committee on March 22, 1918 (Cal. No. 94), were both withdrawn by the Borough President, and requesting therefore that it be discharged from further consideration of this matter.

The matter was laid over one week (May 3, 1918).

Baisley Boulevard, from Rockaway Boulevard to Byron Street, and Byron Street, from Baisley Boulevard to Cornell Basin, Borough of Queens—Fixing Lines and Grades (Cal. No. 10).

The Secretary presented a report of the Committee on City Plan and Public Improvements relative to the plan submitted by the President of the Borough of Queens, fixing the lines and grades for Baisley Boulevard, from Rockaway Boulevard to Byron Street, and for Byron Street, from Baisley Boulevard to Cornell Basin, Borough of Queens, which matter was referred to said Committee on March 1, 1918 (Cal. No. 8), stating that Baisley Boulevard and Byron Street are shown upon a map heretofore adopted, but the latter is in a somewhat different position and its location is changed so as to meet the centre of the head of Cornell Basin, and is extended northwardly to connect with Baisley Boulevard. The report further states neither street is in use and

that the plan has been prepared to permit the construction of a sewer for draining a portion of the Jamaica section, and recommends the approval of the plan, the statutory hearing having been held, and that the President of the Borough be requested to prepare and submit to the Board plans showing what changes should be made in order to bring the basins bordering on Jamaica Bay in harmony with street plan already approved.

The matter was laid over one week (May 3, 1918).

Sewerage Districts Nos. 10-11 and 3-H and 28, Borough of Queens—Approval of Drainage Plan and Amended Drainage Plan (Cal. No. 11).

(On February 21, 1918 (Cal. No. 55), this matter was referred to the Committee on City Plan and Public Improvements.)

The Secretary presented a communication, dated February 11, 1918, from the Secretary to the President, Borough of Queens, transmitting drainage plan for approval; and the following report of the Committee on City Plan and Public Improvements:

April 12, 1918.

Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment, held on February 21, 1918, there was referred to the Committee on City Plan and Public Improvements a proposed modification in the drainage plan for Sewerage Districts Nos. 10-11 and 3-H, and a drainage plan affecting the territory in Sewerage District No. 28, Borough of Queens (Calendar No. 55).

The modifications of these three districts are shown on a single plan and their purpose is to make it possible to build sewers in Mathews Place, Skillman Avenue and Lincoln Avenue, which were heretofore designed to outlet into a system reaching the foot of Theodore Street, Long Island City, but the construction of which has not been undertaken. There is a sewer in Greenpoint Avenue which by the construction of a temporary connection about 60 feet in length, can serve the three streets above named for the present. The same is true with respect to one block of Hancock Street where a still shorter temporary connection will provide sewer connections which might otherwise be deferred a long time. The plan also shows a readjustment in the boundary lines of districts Nos. 3-H and 28, the necessity for this being the result of the recent laying out of Mathews Place upon the City Map.

The Committee sees no reason why the plan should not be approved and so recommends. Respectfully submitted,

FRANK L. DOWLING, President, Borough of Manhattan, Chairman; Comptroller; EDWARD RIEGELMANN, President, Borough of Brooklyn; HENRY BRUCKNER, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on City Plan and Public Improvements.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves modified Drainage Plan for Sewerage Districts Nos. 10-11 and 3-H, and Drainage Plan for Sewerage District No. 28, Borough of Queens, showing the location, sizes and grades of sewers within the district bounded approximately by Lincoln avenue, Mathews place, First street and Greenpoint avenue, and in Greenpoint avenue, between Queens Boulevard and Lincoln avenue, bearing the signature of the President of the Borough and dated March 26, 1917.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Sewerage Districts Nos. 40-E-8 and 40-A-15, Borough of Queens—Modification in Drainage Plan (Cal. No. 12).

(On March 15, 1918 (Cal. No. 18), this matter was referred to the Committee on City Plan and Public Improvements.)

The Secretary presented a communication, dated September 27, 1917, from the Secretary to the President, Borough of Queens, transmitting plan showing proposed modification; and the following report of the Committee on City Plan and Public Improvements:

April 12, 1918.

Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 15, 1918, an amendment in the drainage plan for Sewerage Districts 40-E-8 and 40-A-15, Borough of Queens, was referred to the Committee on City Plan and Public Improvements (Cal. No. 18).

The Committee finds that this plan simply provides for the omission of a summit in the sewer in 120th Street (Birch Street), between 91st Avenue (Fulton Avenue) and 89th Avenue (Ridgewood Avenue), Borough of Queens. The sewer will be carried for a short distance against the street grade and will result in the omission of 60 feet or more of sewer which will be rendered unnecessary.

The Committee recommends that the plan be approved.

Respectfully submitted, FRANK L. DOWLING, President, Borough of Manhattan, Chairman; Comptroller; EDWARD RIEGELMANN, President, Borough of Brooklyn; HENRY BRUCKNER, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on City Plan and Public Improvements.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves modified drainage plan for Sewerage Districts Nos. 40-E-8 and No. 40-A-15, Borough of Queens, showing the location, size and grades of the sewer in 120th street (Birch street), from 89th avenue (Ridgewood avenue) to the summit about 130 feet southerly therefrom, bearing the signature of the President of the Borough and dated September 21st, 1917.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Baring Place, Terrace Avenue, Centre Avenue and Woodside Avenue, Borough of Richmond—Temporary Drainage Plan Showing Sanitary Sewers (Cal. No. 13).

(On March 28, 1918 (Cal. No. 2), this matter was referred to the Committee on City Plan and Public Improvements.)

The Secretary presented a communication, dated December 27, 1917, from the Commissioner of Public Works, Borough of Richmond, transmitting drainage plan; and the following report of the Committee on City Plan and Public Improvements:

April 12, 1918.

Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 28, 1918, a temporary drainage plan, providing for sanitary sewers in Baring Place, Terrace Avenue, Centre Avenue and Woodside Avenue, Borough of Richmond, was referred to the Committee on City Plan and Public Improvements (Calendar No. 2).

The Committee finds that these sewers are designed to serve certain streets shown on a tentative map adopted by the Board of Estimate and Apportionment on March 15, 1918. This map included a number of side hill streets, which, while having excessive grades, have already been built upon and the houses need drainage facilities. At the time the street plan was adopted it was shown that it would probably be necessary to introduce steps instead of some of the steep grades now in use, the vehicular access to the streets being gained from another direction.

As the street plan is tentative only, the sewer plan must be designated as temporary. The sewers are only 8 inches in diameter and with an outlet through an existing sewer in Van Duzer Street and other streets into the Upper Bay at the foot of Canal Street. The sewers have been designed to meet the needs of a total drainage area of about 15 acres, of which only 5 acres are included in the plan under consideration.

The Committee believes the plan to be a reasonable one under the existing conditions and recommends its approval. Respectfully submitted,

FRANK L. DOWLING, President, Borough of Manhattan, Chairman; Comptroller; EDWARD RIEGELMANN, President, Borough of Brooklyn; HENRY BRUCKNER, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on City Plan and Public Improvements.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves modified drainage plan showing the location, size and grades of temporary sanitary sewers in Baring place, Terrace avenue, Centre avenue and Woodside avenue, Borough of Richmond, bearing the signature of the President of the Borough and dated December 14, 1917.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Sewerage District No. 33-Q-5, Borough of The Bronx—Modification in Drainage Plan (Cal. No. 14).

(On March 15, 1918 (Cal. No. 17), this matter was referred to the Committee on City Plan and Public Improvements.)

The Secretary presented a communication, dated January 21, 1918, from the Commissioner of Public Works, Borough of The Bronx, transmitting map showing proposed modification; and the following report of the Committee on City Plan and Public Improvements:

April 12, 1918.

Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 15, 1918, a proposed modification in the drainage plan for Sewerage District No. 33-Q-5, Borough of The Bronx, was referred to the Committee on City Plan and Public Improvements (Calendar No. 17).

This plan is the result of recent changes in the lines and grades of East 189th Street and other streets adjoining the New York and Harlem Railroad. These changes permit the discontinuance of receiving basins heretofore proposed at the northeasterly, southeasterly and southwesterly corners of Park Avenue West and East 189th Street, at the southwesterly corner of Park Avenue East and 189th Street, and at the southerly corner of Park Avenue and Third Avenue. As a substitute for these five basins, three are provided on the northerly side of East 188th Street, at Park Avenue East and Third Avenue, and on the easterly side of Third Avenue, opposite East 188th Street. The modification in plan is necessitated by the recent change of grades, and, as above noted, results in a net saving of two sewer basins.

The Committee recommends that the plan be approved.

Respectfully submitted, FRANK L. DOWLING, President, Borough of Manhattan, Chairman; Comptroller; EDWARD RIEGEL-MANN, President, Borough of Brooklyn; HENRY BRUCKNER, President, Borough of The Bronx; MAURICE E. CONNOLLY, President, Borough of Queens; CALVIN D. VAN NAME, President, Borough of Richmond; Committee on City Plan and Public Improvements.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves modified drainage plan for Sewerage District No. 33-Q-5, Borough of The Bronx, showing a change in the location of receiving basins in the vicinity of East 188th street, East 189th street and Park avenue, bearing the signature of the President of the Borough and dated January 21, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Pelham Parkway North, Bronx Park East, Reiss Place and Barker Avenue, Borough of The Bronx—Map Showing Proposed Subdivision of Private Property (Cal. No. 15).

(On April 12, 1918 (Cal. No. 51), this matter was referred to the Committee on City Plan and Public Improvements.)

The Secretary presented a communication dated March 29, 1918, from the President, Borough of The Bronx, transmitting for approval map of the McDonald property, situated on Pelham Parkway North and Bronx Boulevard, Borough of The Bronx; and the following report of the Committee on City Plan and Public Improvements, which was ordered printed in the minutes and filed:

April 23, 1918.

Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on April 12, 1918, a communication from the President of the Borough of The Bronx, presenting a map showing a proposed subdivision of property designated as the "McDonald property," located within the block bounded by Pelham Parkway North, Bronx Park East, Reiss Place and Barker Avenue, Borough of The Bronx, was referred to the Committee on City Plan and Public Improvements (Calendar No. 51).

The Committee reports that this plan has been presented in accordance with the provisions of section 1540 of the Charter, as amended by chapter 513 of the Laws of 1916, and, under the Charter provisions, it must be acted upon by the Board of Estimate and Apportionment on or before April 24, 1918, or the plan will have to be certified for filing.

The streets shown upon the plan are identical with those laid out on the City map and the subdivision into lots appears to be a suitable one, and the Committee is presenting this statement for the information of the Board.

Respectfully submitted, COMMITTEE ON CITY PLAN AND PUBLIC IMPROVEMENTS, by FRANK L. DOWLING, President, Borough of Manhattan, Chairman.

Committee on Finance and Budget.

8th Avenue, Between 147th and 148th Streets, Borough of Manhattan—Final Authorization for Construction of Sewer and Receiving Basin (Cal. No. 16).

(On April 5, 1918 (Cal. No. 68), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated March 28, 1918, from the President of the Borough of Manhattan, requesting preliminary authorization; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On April 5, 1918 (Cal. No. 68), your Board referred to its Committee on Finance and Budget a communication from the President of the Borough of Manhattan, dated March 28, 1918, requesting preliminary authorization for the construction of a sewer on the west side of Eighth avenue, between 147th and 148th streets, and for a receiving basin at the northwest corner of Eighth avenue and 147th street.

Under date of April 10, 1918, the Chief Engineer reported to your Committee upon this matter.

At a meeting of such Committee on April 22, 1918, your Committee determined to recommend favorable action on the request in accordance with the report of the Chief Engineer, dated April 10, 1918, submitted herewith. Respectfully submitted,

CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

Report No. 17469.

April 10, 1918.

Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on April 5, 1918, a communication from the President of the Borough of Manhattan, bearing date of March 28, requesting that preliminary authorization be given in the matter of constructing a sewer on the westerly side of 8th Avenue, from West 147th Street to West 148th Street, together with a receiving basin at the northwesterly corner of West 147th Street, proceedings for which were initiated by the Local Board of the Washington Heights District under a resolution adopted on October 23, 1917, was referred to the Committee on Finance and Budget (Calendar No. 68), and the Chief Engineer was instructed to submit a report in the matter to that committee.

This resolution affects one block, or about 200 feet of 8th Avenue. The street is paved with asphalt, which, however, is in a poor condition of repair, and the abutting property is fully improved. The sewer is intended to replace a small private drain, the inadequate capacity of which is said to have caused considerable damage through the flooding of cellars due to the backing up of the flow. The basin provided for is needed to remove surface drainage from the west on West 147th

Street. The sewer has not as yet been incorporated upon the City Drainage Map, but a plan under which this is intended to be effected was referred to the Committee on City Plan and Public Improvements at the meeting held on April 5th (Calendar No. 67) and pursuant to directions then given a report has been prepared by this office for the consideration of that committee. The outlet sewer is built.

The work is estimated to cost \$3,100, and the assessed valuation of the property to be benefited is reported to be \$375,000.

This improvement is clearly of an urgent character, and should be carried out at the earliest date practicable, but information is now before the Board to the effect that final authorization is desired during the present year for improvements already given preliminary authorization and estimated to cost more than the amount allotted to this Borough. In case a revised schedule of the work to be done during the current year is submitted by the Borough President, as suggested by the Committee on Finance and Budget, showing a margin which will permit of converting additional preliminary authorizations into final authorizations, and thus clearing the way for carrying out the work described in the Local Board resolution now under consideration before the close of the year, I would then recommend that preliminary authorization be given, providing that in the meantime the related drainage plan is approved by the Board.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 23d day of October, 1917, and approved by the President of the Borough of Manhattan on the 24th day of October, 1917, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"Construction of sewer on the west side of Eighth avenue, between W. 147th and W. 148th streets, and the construction of receiving basin at the northwest corner of Eighth avenue and W. 147th street, together with all work incidental thereto."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to prepare plans, specifications and an estimate of cost, based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Manhattan has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

West 168th Street, from Amsterdam Avenue to Jumel Place, Borough of Manhattan—Request for Final Authorization for Grading, Curbing, Recurbing, Flagging and Reflagging (Cal. No. 17).

(On November 5, 1917, this matter was referred direct by the Secretary to the Chief Engineer of the Board.)

The Secretary presented a communication dated November 5, 1917, from the President, Borough of Manhattan, requesting final authorization; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—Under date of November 5, 1917, the President of the Borough of Manhattan made a request for final authorization of the grading, curbing, recurbing, flagging and reflagging of West 168th Street, from Amsterdam Avenue to Jumel Place, which request was referred to the Chief Engineer for investigation. Under date of March 29, 1918, the Chief Engineer reported directly to your Committee on Finance and Budget on this matter, which had not been regularly referred to the Committee; although it was properly a matter that in the ordinary course would have been so referred had it been received this year.

At a meeting of such Committee on April 22, 1918, your Committee determined to recommend favorable action on the request in accordance with the report of the Chief Engineer, dated March 29, 1918, submitted herewith.

Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

Report 17429.

March 29, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—Herewith is transmitted a communication from the President of the Borough of Manhattan, bearing date of November 5, 1917, advising that all of the conditions imposed by the Board prior to the authorization of the grading, curbing, recurbing, flagging and reflagging of West 168th Street, from Amsterdam Avenue to Jumel Place, have been complied with, which communication has been referred to the Chief Engineer for investigation.

Under the assumption that your Committee desires to have a report upon this matter submitted to it, I beg to state that the preliminary work for the improvement was authorized on March 7, 1912, at which time information was presented to show that its probable cost would be about \$3,800. The Borough President states that the time to be allowed for the completion of the improvement is twenty days, and that the expense incurred for the preliminary work amounts to \$25.

The work comprises the following: 1,210 cu. yds. excavation, 510 lin. ft. new and old stone curbing, 2,000 sq. ft. new and old bluestone flagging. The cost of the improvement is now estimated to be \$2,900.

This improvement relates to one block or about 200 feet of West 168th Street. The street is not in use and, with the exception of an ice plant located at the southwesterly corner of Jumel Place, the abutting property is entirely unimproved. Final authorization for the improvement was given on April 18, 1912, at which time provision was made for vesting title to the land under an opening proceeding then in progress, on June 1st following. The Corporation Counsel, however, subsequently suggested that the resolution for vesting title be rescinded because it appeared doubtful whether it would be practicable to consummate the opening proceeding and this was accordingly done. On September 19, 1912, at the request of the Acting Borough President, similar action was also taken with respect to the resolution granting final authorization for the grading improvement, it being then understood that the matter would be held in abeyance until the way had been cleared for advancing the opening proceeding, the confirmation of which on June 29, 1914, seems to have removed all objection to the authorization of the physical improvement.

The work is petitioned for by the owners of 50 per cent. of the frontage which, on the basis of the final estimate, will be assessed at the rate of about \$7.25 per front foot.

In my judgment, final authorization might properly be given at this time and such action is recommended. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The matter was referred back to the President, Borough of Manhattan.

Riverside Drive Service Street, Between West 139th Street and West 142nd Street, Borough of Manhattan—Preliminary Authorization for Regulating, Curbing, Paving, Etc. (Cal. No. 18).

(On March 8, 1918 (Cal. No. 76), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated February 21, 1918, from the President of the Borough of Manhattan, requesting final authorization; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On March 8, 1918 (Cal. No. 76), your Board referred to its Committee on Finance and Budget a communication from the President of the Borough of Manhattan, dated February 21, 1918, requesting final authorization of the permanent pavement of Riverside Drive Service Street, between West 139th and West 142d Streets, and curbing and recurbing.

Under date of March 29, 1918, the Chief Engineer reported to your Committee upon this subject.

At its meeting on April 22, 1918, your Committee determined to recommend favorable action on the request in accordance with the report of the Chief Engineer, dated March 29, 1918, submitted herewith. Respectfully submitted,

CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

Report No. 17422.

March 29, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 8, a communication from the President of the Borough of Manhattan, bearing date of February 21, 1918, advising that all of the conditions imposed by the Board prior to the authorization of the paving with asphalt (permanent pavement) of Riverside Drive Service Street from a point about 50 feet north of West 139th Street to a point about 18 feet south of West 142d Street, and curbing and recurbing, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 76), and the Chief Engineer was instructed to submit a report in this matter to that Committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 16, 1917, at which time information was presented to show that its probable cost would be about \$5,200. The Borough President states that the time to be allowed for the completion of the improvement is 15 days, and that the expense incurred for the preliminary work amounts to \$25.

The work to be done comprises the following: 30 linear feet new and old curbing; 1,850 square yards asphalt pavement. The cost of the improvement is now estimated to be \$7,600.

The urgency of this improvement was recognized when the preliminary work was authorized, at which time it was also understood that provision would be made for laying the water main before the pavement was placed under contract. The Borough President now states that the latter condition will be complied with, but I am informally advised that the funds have not yet been provided for undertaking the work.

In case the Board is prepared to appropriate the money necessary for laying the main, I believe that final authorization of the improvement might properly be granted. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 3d day of July, 1917, and approved by the President of the Borough of Manhattan, on the 5th day of July, 1917, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, curb, recurb and pave with a permanent sheet asphalt pavement on a concrete foundation, Riverside Drive Service street, from its intersection with Riverside Drive at about 50 feet north of the northerly house line of West 139th street to its intersection with Riverside Drive at about 18 feet south of the southerly house line of West 142d street, and do all necessary work incidental thereto."

—and thereupon, on the 16th day of November, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Manhattan, to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Manhattan had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Manhattan, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$7,600, and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$3,300,000, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Committee on Finance and Budget relative to Cal. Nos. 19 to 26, inclusive:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On the dates hereinafter set forth, your Board referred to its Committee on Finance and Budget the following requests from the President of the Borough of The Bronx:

35 of January 18, 1918:

Communication, dated January 9, 1918, from the President of the Borough of The Bronx, submitting statement of the preliminary work performed in the matter of paving Whitlock Avenue, from Hunts Point Avenue to Longfellow Avenue, for which preliminary authorization was granted by the Board on December 28, 1917.

10 of March 1, 1918:

Hearing on proposed area of assessment in the matter of acquiring title to Goble Place, from Inwood avenue to Jerome avenue, Borough of The Bronx.

104 of March 1, 1918:

Communications (3) from the President of the Borough of The Bronx, dated February 19, 23 and 25, requesting the Board to grant preliminary authorization for the following local improvements:

A—Construction of sewer and appurtenances in Sagamore street, between White Plains road and Unionport road, and in Birchall avenue, between Sagamore street and a point about 300 feet southerly therefrom, together with a temporary connection from the west side of White Plains road at Sagamore street to the intersection of Sagamore street and Cruger avenue, as initiated by the Local Board of Chester, 23rd District, on February 5, 1918.

B—Regulating and grading East 207th street, from Bainbridge avenue to a distance about 231 feet easterly therefrom, as initiated by the Local Board of Van Courtlandt, 25th District, on February 19, 1918.

71 of April 5, 1918:

Communications (3), dated March 28, 1918, from the President of the Borough of The Bronx, requesting the Board to grant preliminary authorization for the following local improvements:

A—Regulating, grading and paving West 190th street, from University avenue to Webb avenue.

B—Construction of sewer in Schofield street, between the proposed bulkhead line of Long Island Sound and City Island avenue.

C—Construction of sewers in Riverdale avenue, from the existing sewer north of West 236th street to West 238th street, and in West 238th street, between Riverdale avenue and Johnson avenue, with a temporary connection at Johnson avenue and across Spuyten Duyvil Parkway from Johnson avenue to Netherland avenue, and in Netherland avenue, between Spuyten Duyvil Park-

way and West 239th street, between Netherland avenue and Independence avenue.

52 of April 12, 1918:

Communication, dated April 4, 1918, from the President, Borough of The Bronx, requesting final authorization for the construction of sewers and appurtenances in Balcom avenue, between Latting street and Appleton avenue, and in Appleton avenue, between Balcom avenue and Morris Park avenue; and in Morris Park avenue, between Appleton avenue and Mayflower avenue; and in Mayflower avenue, between Morris Park avenue and Wilkinson avenue, together with a storm water overflow in Latting street, between Westchester Creek and Balcom avenue, preliminary authorization for which was granted on September 28, 1917, and submitting statement of preliminary work performed. Reports from the Chief Engineer of the Board to your Committee on the above matters were received, respectively, dated March 30, 1918; January 25, 1918 (to the Board of Estimate and Apportionment); April 10 and April 9, 1918; April 5, 6, 5 and 6, 1918, and April 7, 1918.

At a meeting of the Finance and Budget Committee on April 22, 1918, your Committee determined to recommend favorable action on the foregoing requests in accordance with the reports of the Chief Engineer submitted herewith.

Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

Goble Place, from Inwood Avenue to Jerome Avenue, Borough of The Bronx—Acquiring Title (Cal. No. 19).

(On March 1, 1918 (Cal. No. 10), at the close of the public hearing, this matter was referred to the Committee on Finance and Budget.)

The Secretary presented the following report:

Report No. 17320.

January 19, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Van Courtlandt District, Borough of The Bronx, adopted on October 16, 1917, initiating proceedings for acquiring title to Goble Place, from Inwood Avenue to Jerome Avenue.

This resolution affects one block or a little less than 300 feet at the easterly end of Goble Place, which has been laid out upon the City Map to have a width of 50 feet. The street is not in use and the abutting property is entirely unimproved with respect to its lines. Near Inwood Avenue a one-story stone stable encroaches.

In a communication bearing date of January 8, 1918, the Borough President has requested that this matter be placed upon an early calendar for the consideration of the Board. The Borough President advises that title to the land is needed in order to clear the way for the construction of a sewer that has been petitioned for, and also states that he is informed that substantial building development is contemplated by the owner of a considerable portion of the frontage. From information at hand it appears that the project is favored by two individuals and that their holdings comprise about 52 per cent. of the property abutting upon the street where it adjoins Jerome Avenue. I am informally advised at the Bureau of Street Openings that deeds have been tendered ceding the land needed for the remaining block of the street between Inwood Avenue and Macombs Road, and, although the acceptance of the deeds will have the effect of exempting the frontage from assessment for land damage, it is included in the district of benefit suggested in order that it may be charged with its proportional share of the cost of the building that will be destroyed.

I would recommend the approval of the resolution; that title to the land be acquired in fee; that all of the cost and expense of the proceeding be assessed against the property benefited; and that a district of assessment be laid out to include the area a description for which is herewith presented. Respectfully,

NELSON P. LEWIS, Chief Engineer.

J. DeHart appeared in favor.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the real property required for the opening and extending of Goble place, from Inwood avenue to Jerome avenue, in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises.

Resolved, That the compensation to be made to the owners of the real property to be acquired shall be ascertained and determined by the Supreme Court without a jury;

Resolved, That the Board of Estimate and Apportionment hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court to have the compensation, which should justly be made to the respective owners of the real property proposed to be taken, ascertained and determined by the Supreme Court, without a jury, and to have the said Court assess the cost and expense of the proceedings upon the real property within the area of assessment hereinafter determined, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the real property that shall or may be required for the purpose of opening and extending Goble place, from Inwood avenue to Jerome avenue, in the Borough of The Bronx, City of New York, upon the receipt by him of a rule map and damage map, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reasons of the provisions of title 4, chapter 17 of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of The Bronx in the preparation of rule, damage and benefit maps for the use thereof; and all other expenses and disbursements authorized by section 977 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the real property required for this improvement, that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described, and would give a public hearing upon the 1st day of March, 1918; and

Whereas, At the aforesaid time a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Bounded on the northeast by a line midway between Goble place and West Belmont street, as these streets are laid out between Inwood avenue and Jerome avenue, and by the prolongation of the said line; on the southeast by the northwesterly line of Jerome avenue; on the southwest by a line distant 175 feet southwesterly from and parallel with the southwesterly line of Goble place, as this street is laid out between Inwood avenue and Jerome avenue, the said distance being measured at right angles to Goble place, and by the prolongation of the said line; and on the northwest by a line always distant 100 feet northwesterly from and parallel with the northwesterly line of Macomb's road, the said distance being measured at right angles to Macomb's road.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Whitlock Avenue, from Hunts Point Avenue to Longfellow Avenue, Borough of The Bronx—Final Authorization for Paving (Cal. No. 20).

(On January 18, 1918 (Cal. No. 35), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented the following report:

Report No. 17423.

March 30, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on January 18, 1918, a communication from the President of the Borough of The

Bronx, bearing date of January 9, 1918, advising that all of the conditions imposed by the Board prior to the authorization of the paving with asphalt (permanent pavement), and curbing where necessary, of Whitlock Avenue, from Hunts Point Avenue to Longfellow Avenue, have been complied with, was referred to the Chief Engineer (Calendar No. 35) for investigation.

Under the assumption that your Committee desires to have a report on this matter submitted to it, I beg to state that the preliminary work for the improvement was authorized on December 28, 1917, at which time information was presented to show that its probable cost would be about \$35,500. The Borough President states that the time to be allowed for the completion of the improvement is 75 days, and that the expense incurred for the preliminary work amounts to \$53.69.

The work to be done comprises the following: 10,200 square yards asphalt pavement, 2,580 linear feet new and old curbing. The cost of the improvement is now estimated to be \$36,900.

The urgency of this improvement was recognized when the preliminary work was authorized, at which time it was also understood that provision would be made for laying the water main before the pavement was placed under contract. The Borough President now states that the latter condition will be complied with, but I am informally advised that the funds have not yet been provided for undertaking the work.

In case the Board is prepared to appropriate the money necessary for laying the main, I believe that final authorization of the improvement might properly be granted. Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of Morrisania, 22nd District, duly adopted by said Board on the 20th day of November, 1917, and approved by the President of the Borough of The Bronx on the 24th day of November, 1917, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For paving with sheet asphalt on a concrete foundation (permanent pavement) the roadway of Whitlock Avenue, from Hunts Point Avenue to Longfellow Avenue, setting curb where necessary, together with all work incidental thereto, in the Borough of The Bronx, City of New York."

—and thereupon, on the 28th day of December, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of The Bronx to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of The Bronx had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of The Bronx, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$36,900, and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$202,800, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Sagamore Street, Between White Plains Road and Unionport Road, and Birchall Avenue, Between Sagamore Street and a Point About 300 Feet Southerly Therefrom; White Plains Road, West Side, at Sagamore Street to the Intersection of Sagamore Street and Cruger Avenue, The Bronx—Preliminary Authorization for Construction of Sewer (Cal. No. 21).

(On March 1, 1918 (Cal. No. 104), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented the following report:

Report No. 17452.

April 10, 1918.

Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 1, 1918, a communication from the President of the Borough of The Bronx, bearing date of February 19, 1918, requesting that preliminary authorization be given in the matter of constructing sewers in Sagamore Street, from White Plains Road to Unionport Road, and in Birchall Avenue, from Sagamore Street to a point about 300 feet southerly therefrom, together with a temporary connection along the line of Sagamore Street, from White Plains Road to Cruger Avenue, proceedings for which were initiated by the Local Board of the Chester District, under a resolution adopted on February 5, 1918, was referred to the Committee on Finance and Budget (Calendar No. 104), and the Chief Engineer was instructed to submit a report in the matter to that Committee.

This resolution affects lengths varying from one block of Birchall Avenue to two blocks of Sagamore Street, with an aggregate length of about 800 feet, while the temporary connection will affect an additional length of about 150 feet. Title to each of the streets has been legally acquired.

The improvement is petitioned for by two property owners representing 14 per cent. of the frontage, but the Board is advised that a canvass made by the office of the Borough President, indicates that the owners of more than 50 per cent. of the abutting property which is in private ownership are in favor of the project being carried out. The two petitioners also own about 10 per cent. of the private property in the secondary area of benefit.

The work is estimated to cost \$11,700, on which basis the assessment will amount to upwards of \$335 per lot in the direct area, and about \$1.50 per front foot in the indirect area. The cost for direct benefit will be much larger than ordinarily results from an improvement of this character, but this is due to the long temporary connection that will be required; to the excessive proportion of street area to developable property, and to the large amount of rock to be excavated for the sewer trench. The taxed land value per lot of approximately 25 feet by 100 feet ranges from \$2,100 to \$3,300 in the direct area, and from \$1,300 to \$2,000 in the indirect area. The assessed valuation of all of the property benefited is reported to be \$190,000.

An inspection of the ground shows that the streets are roughly in use, and that three buildings have been erected upon the Birchall Avenue frontage. The White Plains Road Branch of the Rapid Transit Extensions has recently been completed and there is a station at the intersection of Sagamore Street and Birchall Avenue, the drainage from which will be outletted into these sewers. A number of buildings have been erected in the area of secondary benefit, this comprising Unionport Road north of Birchall Avenue, and Birchall Avenue north of Sagamore Street. Bronx Park occupies the entire frontage on the westerly side of Unionport Road, but it does not appear that the park property will be subject to any assessment. The area to be sewerd is in part a natural drainage pocket, and unsanitary conditions are said to obtain which have been complained of by the Board of Health. In the absence of the permanent outlet sewer in White Plains Road, provision is made under an amendatory drainage plan, a report concerning which was referred to the Committee on City Plan and Public Improvements at the meeting of April 5th (Calendar No. 23), for temporarily discharging the flow into the sewer designed to follow the line of Sagamore Street in the section to the east of Cruger Avenue. This temporary outlet is under contract, and although the project as a whole, involves a large amount of work, it is believed that that portion which is needed for the sewers now under consideration, will be available at about the time that their construction can be completed. There is an existing sewer in White Plains Road that would be adequate for the present needs, but this has too high an elevation to permit of connecting these sewers into it and its reconstruction at this time would be impracticable.

This improvement is clearly of an urgent character and I would recommend that

preliminary authorization be given as soon as the related drainage map to which reference has been made is approved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Chester, 23rd District, duly adopted by said Board on the 5th day of February, 1918, and approved by the President of the Borough of The Bronx on the 19th day of February, 1918, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For construction of sewer and appurtenances in Sagamore street, between White Plains road and Unionport road; and in Birchall avenue, between Sagamore street and a point about 300 feet southerly therefrom, together with a temporary connection from the west side of White Plains road at Sagamore street to the intersection of Sagamore street and Cruger avenue, together with all work incidental thereto,"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of The Bronx to prepare plans, specifications and an estimate of cost, based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of The Bronx has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

East 207th Street, from Bainbridge Avenue to a Distance About 231 Feet Easterly Therefrom, The Bronx—Preliminary Authorization for Regulating and Grading (Cal. No. 22).

(On March 1, 1918 (Cal. No. 104), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented the following report:

Report No. 17455.

April 9, 1918.

Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 1, 1918, a communication from the President of the Borough of The Bronx, bearing date of February 25th, requesting that preliminary authorization be given in the matter of grading, curbing and flagging East 207th Street, from Bainbridge Avenue to a point about 231 feet easterly therefrom, proceedings for which were initiated under a resolution adopted by the Local Board of the Van Courtlandt District on February 19, 1918, was referred to the Committee on Finance and Budget (Calendar No. 104), and the Chief Engineer was instructed to submit a report in the matter to that committee.

This resolution affects about one-third of a long block of East 207th Street, title to which has been legally acquired.

The petition for the work bears the signature of one property owner, but his holdings do not appear to include any of the property fronting on the section of the street to which the resolution relates. In the interior lots the frontage is assessed as having a value, excluding buildings, of \$64 per linear foot.

The work is estimated to cost \$3,100, on which basis the assessment will amount to about \$6.75 per front foot. The assessed valuation of the property to be benefited is reported to be \$22,900.

An inspection of the ground shows that an ungraded roadway is in use without curbing or flagging, and that the abutting property is entirely unimproved. In the adjoining section on the east, however, the street is regulated and graded, and the improvement is desired in order to provide a connecting traffic link with Bainbridge Avenue. Each of the intersecting streets is paved.

This improvement is clearly of an urgent character and I would recommend that preliminary authorization be now given. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Van Courtlandt, 25th District, duly adopted by said Board on the 19th day of February, 1918, and approved by the President of the Borough of The Bronx on the 25th day of February, 1918, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating, grading, setting curb, laying sidewalks and crosswalks, building inlets, receiving basins, drains, culverts, approaches and guard rails where necessary in East 207th street, from Bainbridge avenue to a distance about 231 feet easterly therefrom, together with all work incidental thereto."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of The Bronx to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of The Bronx has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

West 190th Street, from University Avenue to Webb Avenue, The Bronx—Preliminary Authorization for Regulating, Grading and Paving (Cal. No. 23).

(On April 5, 1918 (Cal. No. 71), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented the following report:

Report No. 17446.

April 5, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on April 5, 1918, a communication from the President of the Borough of The Bronx, bearing date of March 28, requesting that preliminary authorization be given for grading, curbing and flagging West 190th Street, from Webb Avenue to University Avenue, proceedings for which were initiated by the Local Board of the Van Courtlandt District under a resolution adopted on September 18, 1917, was referred to

the Committee on Finance and Budget (Calendar No. 71), and the Chief Engineer was instructed to submit a report in the matter to that Committee.

This resolution affects two blocks, or about 300 feet of West 190th Street, title to which has been legally acquired.

In a recent communication the former Borough President has advised that the improvement is petitioned for by the owners of 349 linear feet of the abutting property, and that the result of a canvass made by his office shows that the owners of an additional 48 linear feet are in favor of its being carried out, the properties thus represented comprising 75 per cent. of the entire frontage. In the interior lots this property is assessed as having a value, excluding buildings, of \$112 per linear foot.

The work is estimated to cost \$2,100, on which basis the assessment will amount to about \$4 per front foot. The assessed valuation of the property to be benefited is reported to be \$140,000.

An inspection of the ground shows that the street is approximately at the established elevation, that the flagging is largely provided, and that a small amount of substantial curbing has been installed. The abutting property is almost fully improved, generally with large apartment buildings.

This improvement is clearly of an urgent character, and I would recommend that preliminary authorization be now given.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

Report No. 17447.

April 6, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on April 5, 1918, a communication from the President of the Borough of The Bronx, bearing date of March 28, requesting that preliminary authorization be given for paving with bituminous concrete (preliminary pavement), West 190th Street, from University Avenue to Webb Avenue, and adjusting curbing where necessary, proceedings for which were initiated by the Local Board of the Van Courtlandt District under a resolution adopted on September 18, 1917, was referred to the Committee on Finance and Budget (Calendar No. 71), and the Chief Engineer was instructed to submit a report in the matter to that Committee.

This resolution affects two blocks, or about 300 feet of West 190th Street, title to which has been legally acquired.

In a recent communication, the former Borough President has advised that the improvement is petitioned for by the owners of 349 linear feet of the abutting property, and that the result of a canvass made by his office shows that the owners of an additional 48 linear feet are in favor of its being carried out, the properties thus represented comprising 75 per cent. of the entire frontage. In the interior lots, this property is assessed as having a value, excluding buildings, of \$112 per linear foot.

The work is estimated to cost \$2,800, on which basis the assessment will amount to about \$5.25 per front foot. The assessed valuation of the property to be benefited is reported to be \$140,000.

An inspection of the ground shows that the street is approximately at the established elevation, that the flagging is largely provided, and that a small amount of substantial curbing has been installed. The abutting property is almost fully improved, generally with large apartment buildings, and, with the exception of the sewer, all of the subsurface structures have been completed. The attention of the Borough President has been informally directed to the probable necessity of extending existing private sewers that have heretofore been constructed in this street for a distance of 130 feet adjoining University Avenue on the northerly side, and of 170 feet on the southerly side, with the result that the Board has been advised that if any additional drainage facilities are required, they can be installed within the northerly sidewalk space. A report recommending the authorization of the grading improvement has been prepared for the consideration of the Committee, and as only a small amount of grading work is involved, the two surface improvements can be advantageously carried out simultaneously.

This improvement is clearly of an urgent character, and I would recommend that preliminary authorization be now given, but with the understanding that the authorization of the construction will be deferred until the grading improvement has been provided for.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Schofield Street, Between the Proposed Bulkhead Line of Long Island Sound and City Island Avenue, The Bronx—Preliminary Authorization for Construction of Sewer (Cal. No. 24).

(On April 5, 1918 (Cal. No. 71), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented the following report:

Report No. 17445.

April 5, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on April 5, 1918, a communication from the President of the Borough of The Bronx, bearing date of March 28, requesting that preliminary authorization be given for the construction of a sewer in Schofield Street, from City Island Avenue to the proposed bulkhead line of Long Island Sound, proceedings for which were initiated by the Local Board of the Chester District under a resolution adopted on February 1, 1916, was referred to the Committee on Finance and Budget (Calendar No. 71), and the Chief Engineer was instructed to submit a report in the matter to that Committee.

This resolution affects a length of about 700 feet of Schofield Street west of mean high water line of the Long Island Sound, and of about 400 feet along its prolongation between the mean high water line and the proposed bulkhead. The Corporation Counsel has advised that the upland is dedicated to public use. A proceeding for acquiring a sewer easement in the prolongation of the street from the mean high water line of Long Island Sound to a point about 378 feet easterly therefrom was instituted under the provisions of a resolution adopted by the Board of Estimate and Apportionment on July 27, 1916, for the specific purpose of clearing the way for carrying out this improvement. The court order granting the City's application to condemn the necessary rights was entered on May 9, 1917, and title can be vested in the City at any time.

The resolution bears the signatures of two property owners, one of whom represents 30 per cent. of the frontage, and the other a small proportion of the property in the area of secondary benefit. The Board is also advised that a recent canvass made by the office of the Borough President indicates that the project is favored by nearly 70 per cent. of the owners of the property directly affected. In the interior lots this property is assessed as having a value, excluding buildings, of \$44 per linear foot, and in the area of secondary benefit a taxed land value ranging from \$20 to \$60 per linear foot obtains.

The work was originally estimated to cost \$10,200, but since this was prepared there has been a substantial increase in prices, in recognition of which I believe that it would be proper to now estimate the cost at about \$14,000. On the revised basis the assessment will amount to about \$6 and to about \$0.30 per front foot in the areas respectively directly and indirectly affected. The assessed valuation of the property to be benefited is reported to be \$834,300.

An inspection of the upland shows that an old macadamized roadway is in use without curbing or flagging and that ten buildings have been erected upon the abutting property, these including an engine house on the northerly side, by reason of its ownership of which the City will be subject to an assessment of about \$300. The storm water will be outletted at the mean high water line while the sanitary flow will be discharged at the proposed bulkhead line. The improvement is needed in order to eliminate an insanitary condition caused by the discharge of sewage through an open drain which has its point of outfall at the high water line. From information at hand it appears that this drain serves approximately 135 houses and that it is located on private property, the owners of which have permitted its continued use only on the ground that a suitable sewer would be constructed.

This improvement is clearly of an urgent character and I would recommend that preliminary authorization be now given.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

(Cal. No. 25).

(On April 5, 1918 (Cal. No. 71), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented the following report:

Report No. 17448.

April 6, 1918.

Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on April 5, 1918, a communication from the President of the Borough of The Bronx, bearing date of March 28, 1918, requesting that preliminary authorization be given for the construction of sewers in the following streets, proceedings for which were initiated by the Local Board of the Van Courtlandt District under a resolution adopted on September 18, 1917, was referred to the Committee on Finance and Budget (Calendar No. 71), and the Chief Engineer was instructed to submit a report in the matter to that Committee:

Riverdale Avenue, West 238th Street to the existing sewer north of West 236th Street; West 238th Street, Riverdale Avenue to Johnson Avenue, with a temporary connection at Johnson Avenue; and across Spuyten Duyvil Parkway, Johnson Avenue to Netherland Avenue; Netherland Avenue, Spuyten Duyvil Parkway to West 239th Street; West 239th Street, Netherland Avenue to Independence Avenue.

This resolution affects lengths varying from one block or about 100 feet of Netherland Avenue to three blocks or about 800 feet of West 239th Street, with an aggregate of about 2,100 feet. Title to Spuyten Duyvil Parkway has been legally acquired. The Board is advised that opinions have been received from the Corporation Counsel stating that West 238th Street and West 239th Street are dedicated to public use for a portion of their mapped widths, and from information at hand it appears that the area in which the City's title has thus been established comprises the portions of the streets that will be occupied by the sewer. An opening proceeding is now in progress relating to Riverdale Avenue and although its advancement has been interrupted, the City already owns an easement within the street lines adequate for the purpose of the desired construction. A deed purporting to cede a sewer easement in Netherland Avenue was accepted on December 14, 1917, subject to the concurrence of the Commissioners of the Sinking Fund, and I am informally advised at the office of the Bureau of Street Openings that the examination has been completed and that the deed will be accepted within a few days.

The improvement is petitioned for by three property owners representing about 20 per cent. of the frontage and a considerable portion of the property in the area of secondary benefit, but the Board is advised that as the result of a canvass made recently by the Borough President's office it is shown that the owners of more than 50 per cent. of the frontage are in favor of the project being carried out. In the interior lots the abutting property is assessed as having a value, excluding buildings, ranging from \$28 to \$68, and in the area of secondary benefit a taxed land value ranging from \$18 to \$60 per linear foot obtains.

The work was originally estimated to cost \$33,000, but since this was prepared there has been a substantial increase in prices, in recognition of which I believe that it would be proper to now estimate the cost at about \$40,000. On the revised basis the assessment will amount to about \$6, and to about \$1.50 per front foot in the areas respectively directly and indirectly affected.

An inspection of the ground shows that with the exception of the small part of Netherland Avenue described, all of the streets are in use and, in the case of West 239th Street, fifteen buildings have been erected upon the abutting property. In the absence of the legal continuing outlet sewer it is proposed, in accordance with the provisions of an amendatory drainage plan recently adopted, to temporarily discharge the flow through the West 238th Street lateral into the existing sewer in Riverdale Avenue.

This improvement is clearly of an urgent character and I would recommend that preliminary authorization be now given, but with the understanding that final authorization will be deferred until the deed relating to the easement rights in Netherland Avenue has been formally accepted and recorded by the Corporation Counsel. Respectfully,

NELSON P. LEWIS, Chief Engineer.

No. 26).

(On April 12, 1918 (Cal. No. 52), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated April 3, 1918, from the President, Borough of The Bronx, in this matter; and the following report:

Report No. 17485. April 17, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on April 12, 1918, a communication from the President of the Borough of The Bronx, bearing date of April 1, 1918, advising that all of the conditions imposed by the Board prior to the authorization of sewers in Balcom Avenue, from Latting Street to Appleton Avenue; in Appleton Avenue, from Balcom Avenue to Morris Park Avenue; in Morris Park Avenue, from Appleton Avenue to Mayflower Avenue, and in Mayflower Avenue, from Morris Park Avenue to Wilkinson Avenue, and a storm water overflow in Latting Street, from Westchester Creek to Balcom Avenue, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 52), and the Chief Engineer was instructed to submit a report in this matter to that committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on September 28, 1917, at which time information was presented to show that its probable cost would be about \$178,100. The Borough President states that the time to be allowed for the completion of the improvement is 250 days, and that the expense incurred for the preliminary work amounts to \$628.

The work to be done comprises the following: 730 lin. ft. 7-foot 9-inch by 7-foot 3-inch concrete sewer; 377 lin. ft. 7-foot 3-inch by 7-foot 3-inch concrete sewer; 1,033 lin. ft. 6-foot 6-inch by 7-foot 3-inch concrete sewer; 902 lin. ft. 6-foot by 7-foot concrete sewer; 947 lin. ft. 5-foot 9-inch by 6-foot 9-inch concrete sewer; 420 lin. ft. 5-foot 6-inch by 6-foot 3-inch concrete sewer; 526 lin. ft. 6-foot 3-inch by 5-foot concrete sewer; 824 lin. ft. 5-foot 3-inch by 5-foot concrete sewer; 366 lin. ft. 4-foot by 4-foot 9-inch concrete sewer; 31 lin. ft. 3-foot 6-inch concrete sewer; 9 lin. ft. 30-inch pipe sewer; 9 lin. ft. 24-inch pipe sewer; 3 lin. ft. 20-inch pipe sewer; 6 lin. ft. 18-inch pipe sewer; 18 lin. ft. 15-inch pipe sewer; 33 lin. ft. 12-inch pipe sewer; 32 manholes; 1 receiving basin; 1 overflow chamber. The cost of the improvement is now estimated to be \$265,700.

The urgency of this improvement was established at the time when the preliminary authorization was given and it is recommended that the final authorization be now granted.

It is also recommended that title be vested in the City at a date approximately four weeks subsequent to that on which the final authorization is given to Latting Street, from Westchester Creek to the easterly line of Balcom Avenue, and to Damage Parcels Nos. 5 and 20 within the lines of Appleton Avenue, to Damage Parcels Nos. 103, 111 and 116 within the lines of Morris Park Avenue, and to Damage Parcels Nos. 166 and 194 within the lines of Mayflower Avenue, all of which damage parcels are included in the proceeding for acquiring title to Appleton Avenue, from Westchester Avenue to Wilkinson Avenue; Morris Park Avenue, from Appleton Avenue to Westchester Avenue, and Mayflower Avenue, from Westchester Avenue to Wilkinson Avenue. Under date of April 13 the Corporation Counsel was requested to advise as to the awards which would be made for the parcels to which title is to be vested; up to the present time no reply has been received to this communication, and in advance of its receipt this report has been prepared at the special request of the Borough President. I understand, however, that neither proceeding has progressed to such a stage as to make this information available. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Communication, dated April 3, 1918, from the Acting President of the Borough of Queens, submitting statement of the preliminary work performed in the matter of the construction of a sewer and appurtenances in North Railroad Avenue, from 51st street to Louona Avenue; South Railroad Avenue, from 51st street to Louona Avenue; Alburts Avenue, from Kingsland Avenue to Lurting street, and in Way Avenue, from Kingsland Avenue to Lurting street, Second Ward, for which preliminary authorization was granted by the Board on November 16, 1917 (Cal. No. 94).

Reports from the Chief Engineer of the Board to your Committee on the above matters were received, dated, respectively, March 29, 1918; April 1, 1918; March 30, 1918; April 1, 1918; March 28, 1918; March 28, 1918; March 29, 1918; March 28, 1918; April 1, 1918; April 1, 1918; April 11, 1918; March 29, 1918; March 30, 1918, and April 17, 1918.

At a meeting of the Finance and Budget Committee on April 22, 1918, your Committee determined to recommend favorable action on the foregoing requests in accordance with the reports of the Chief Engineer submitted herewith.

Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

Troy Street, from Jamaica Avenue to Metropolitan Avenue, and Cottage Street, from Jamaica Avenue to Metropolitan Avenue, Borough of Queens—Final Authorization for Construction of Sewer (Cal. No. 27).

(On January 11, 1918 (Cal. No. 75), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated January 5, 1918, from the Acting President, Borough of Queens, in this matter; and the following report:

Report No. 17425. March 29, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on January 11, 1918, a communication from the President of the Borough of Queens, bearing date of January 5, 1918, advising that all of the conditions imposed by the Board prior to the authorization of sewers in Troy (132nd) Street, from Jamaica Avenue to Metropolitan Avenue, and in Cottage (131st) Street, from Jamaica Avenue to Metropolitan Avenue, have been complied with, was referred to the Chief Engineer (Calendar No. 75) for investigation.

Under the assumption that your Committee desires to have a report on this matter submitted to it, I beg to state that the preliminary work for the improvement was authorized on October 19, 1917, at which time information was presented to show that its probable cost would be about \$2,800. The Borough President states that the time to be allowed for the completion of the improvement is 25 days, and that the expense incurred for the preliminary work amounts to \$57.96.

The work to be done comprises the following: 757 lin. ft. 12-inch pipe sewer, 6 manholes, 2 basin manholes, 2 inlets. The cost of the improvement is now estimated to be \$4,700.

The urgency of this improvement was recognized at the time when the preliminary work was authorized, and it is recommended that final authorization be now granted. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 21st day of June, 1917, and approved by the President of the

Borough of Queens on the 13th day of July, 1917, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sewer and appurtenances in Troy street, from Jamaica avenue to Metropolitan avenue, and in Cottage street, from Jamaica avenue to Metropolitan avenue, Fourth Ward."

—and thereupon, on the 19th day of October, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement, based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements, as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$4,700; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$69,300, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Forest Avenue, from Woodbine Street to Putnam Avenue, Queens—Final Authorization for Regulating, Curbing and Paving (Cal. No. 28).

(On February 15, 1918 (Cal. No. 33), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated February 7, 1918, from the President, Borough of Queens, in this matter; and the following report:

Report No. 17432.

April 1, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on February 15, 1918, a communication from the President of the Borough of Queens, bearing date of February 7, advising that all of the conditions imposed by the Board prior to the authorization of the curbing of Forest Avenue, from the northerly line of Woodbine Street to the southerly line of Putnam Avenue, as these streets are laid out east of Forest Avenue, and of the paving of the street with asphalt (permanent pavement), from the northerly line of Woodbine Street to the angle point southerly therefrom, and with asphalt block (permanent pavement), from the latter point to the southerly line of Putnam Avenue, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 33).

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on April 27, 1917, at which time information was presented to show that its probable cost would be about \$6,000. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to \$361.19.

The work to be done comprises the following: 500 linear feet new and old bluestone curbing, 650 square yards asphalt block pavement, 1,500 square yards sheet asphalt pavement. The cost of the improvement is now estimated to be \$7,900.

While the urgency of this improvement was recognized at the time when the preliminary work was authorized, it would appear that the funds allotted for the year 1918 are insufficient to warrant the advancement of the improvement at this time without making it necessary to defer other work, the need for which appears to be more pressing. It is, therefore, recommended that final authorization be postponed for at least a year, unless additional funds are provided, or unless further substantial evidences are presented to show the need of carrying out the work at this time. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 22d day of March, 1917, and approved by the President of the Borough of Queens on the 28th day of March, 1917, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating, curbing and paving with a permanent pavement upon a concrete foundation six inches in thickness, together with all work incidental thereto, in Forest Avenue, from the northerly line of Woodbine Street to the southerly line of Putnam Avenue, measuring along easterly side, Second Ward, of the Borough of Queens.

"The pavement shall be of sheet asphalt northerly from the angle point, and of asphalt block southerly therefrom."

—and thereupon, on the 27th day of April, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$7,900, and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$42,000, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

101st (Jerome) Avenue, from 83rd (Culloden) Street to Brooklyn Borough Line, Queens—Final Authorization for Regulating, Grading, Curbing and Laying Sidewalks (Cal. No. 29).

(On February 15, 1918 (Cal. No. 33), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated February 7, 1918, from the President, Borough of Queens, in this matter; and the following report:

Report No. 17428.

March 30, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on February 15, 1918, a communication from the President of the Borough of Queens, bearing date of February 7, 1918, advising that all of the conditions imposed by the Board prior to the authorization of the grading, curbing and flagging of 101st (Jerome) Avenue, from 83rd (Culloden) Street to the Brooklyn Borough line, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 33).

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 26, 1917, at which time information was presented to show that its probable cost would be about \$10,600. The Borough President states that the time to be allowed for the completion of the improvement is 90 days and that the expense incurred for the preliminary work amounts to \$424.58.

The work to be done comprises the following: 200 cubic yards earth excavation, 10 cubic yards rock excavation, 15,700 cubic yards filling (excess), 3,950 linear feet cement curbing, 14,200 square feet cement sidewalk. The cost of the improvement is now estimated to be \$21,800, or approximately twice the cost as originally estimated.

A comparison of the schedule of the work to be performed with that originally submitted shows that a precise survey has established the need of more filling than was believed necessary under the preliminary study, as well as the replacement of more of the existing sidewalk. The increase in these quantities and in the unit prices explains the difference between the two estimates.

The urgency of this improvement was recognized at the time when the preliminary work was authorized, and it is recommended that final authorization be now granted. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 2nd day of September, 1915, and approved by the President of the Borough of Queens on the 15th day of September, 1915, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, that this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating, grading, curbing and laying sidewalks (where not already laid to grade and in good condition), together with all work incidental thereto, in 101st (Jerome) Avenue, from 83rd (Culloden) Street to Brooklyn Borough line, Fourth Ward of the Borough of Queens";

—and thereupon, on the 26th day of October, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement, based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$21,800, and a statement of the assessed value, according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$165,000, having also been presented, it is

Resolved, that the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Broad Street, from Hull Avenue to Clinton Avenue; Clinton Avenue, from Broad Street to Mueller Street; Remsen Place, from Clinton Avenue to Perry Avenue; Perry Avenue, from Maurice Avenue to Mueller Street; Maspeth Avenue, from Clermont Avenue to Willow Avenue, and Clermont Avenue, from Maspeth Avenue to Hull Avenue, Queens—Final Authorization for Construction of Sewer.

Broad Street, from Hull Avenue to Clinton Avenue, Queens—Vesting Title (Cal. No. 30).

(On February 21, 1918 (Cal. No. 57), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated February 8, 1918, from the President, Borough of Queens, in this matter; and the following report:

Report No. 17424.

April 1st, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on February 21, 1918, a communication from the President of the Borough of Queens, bearing date of February 8, 1918, advising that all of the conditions imposed by the Board prior to the authorization of sewers in Broad Street, from Hull Avenue to Clinton Avenue; in Clinton Avenue, from Broad Street to Mueller Street; in Remsen Place, from Clinton Avenue to Perry Avenue; in Perry Avenue, from Maurice Avenue to Mueller Street; in Maspeth Avenue, from Clermont Avenue to Willow Avenue, and in Clermont Avenue, from Maspeth Avenue to Hull Avenue, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 57), and the Chief Engineer was instructed to submit a report in this matter to that Committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 22, 1917, at which time information was presented to show that its probable cost would be about \$35,300. The Borough President states that the time to be allowed for the completion of the improvement is 200 days, and that the expense incurred for the preliminary work amounts to \$1,039.53.

The work to be done comprises the following: 253 lin. ft. 24-inch pipe sewer, 154 lin. ft. 22-inch pipe sewer, 1,827 lin. ft. 18-inch pipe sewer, 2,024 lin. ft. 15-inch pipe sewer, 5,020 lin. ft. 12-inch pipe sewer, 74 manholes, 28 basin manholes, 37 inlets. The cost of the improvement is now estimated to be \$64,600, or about 80 per cent. more than originally estimated.

While this increase is largely due to advanced prices, it might be noted that the cost of installing house connection drains as well as other minor accessories has been included in the more precise estimate now presented.

The urgency of this improvement was recognized at the time when the preliminary authorization was given, and it is recommended that final authorization be now granted.

It is also recommended that title be vested in the City at a date approximately four weeks subsequent to the granting of final authorization to Broad Street, from Hull Avenue to Clinton Avenue, unless previously confirmed.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sewer and appurtenances in Rockdale (Hill) street, from Queens Boulevard to Nelson (Nott) avenue, First Ward of the Borough of Queens."

—and thereupon, on the 14th day of December, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$2,600, and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$62,800, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Crescent Street, from 13th Street to Nott Avenue; Hunter Avenue, from Harris Avenue to Nott Avenue, and Nott Avenue, from Hunter Avenue to Jackson Avenue, Queens—Final Authorization for Regulating, Grading, Etc. (Cal. No. 34).

(On March 8, 1918 (Cal. No. 83), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated February 26, 1918, from the President, Borough of Queens, in this matter; and the following report:

Report No. 17413. March 28, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 8, a communication from the President of the Borough of Queens, bearing date of February 26, 1918, advising that all of the conditions imposed by the Board prior to the authorization of the grading, curbing and flagging of Crescent Street, from 13th Street to Nott Avenue, of Hunter Avenue, from Harris Avenue to Nott Avenue, and of Nott Avenue from Hunter Avenue to Jackson Avenue, excluding, in each case, any portion of the street under the jurisdiction of the Commissioner of Parks, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 83), and the Chief Engineer was instructed to submit a report in this matter to that committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on July 3, 1917, at which time information was presented to show that its probable cost would be about \$3,800. The Borough President states that the time to be allowed for the completion of the improvement is 60 days, and that the expense incurred for the preliminary work amounts to \$365.01.

The work to be done comprises the following: 750 cubic yards excavation; 1,000

cubic yards filling (excess); 585 linear feet new and old bluestone curbing, 1,150 linear feet concrete curbing; 1,800 square feet new and old flagging; 5,500 square feet cement sidewalk. The cost of the improvement is now estimated to be \$5,800.

The urgency of this improvement was established at the time when the preliminary authorization was given and it is recommended that the construction work be now authorized. Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 2d day of July, 1917, and approved by the President of the Borough of Queens on the 2d day of July, 1917, having been transmitted to the Board of Estimate and Apportionment, initiating proceedings for regulating, grading curbing and flagging, and reregulating, regrading, recubing and reflagging the following streets: Crescent street, from 13th street to Nott avenue; Hunter avenue, from Harris avenue to Nott avenue; and Nott avenue, from Hunter avenue to Jackson avenue, First Ward of the Borough of Queens, together with all work incidental thereto, other than any portion of the said streets which may fall under the jurisdiction of the Commissioner of Parks for the Borough of Queens; and thereupon, on the 3d day of July, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$5,800; and a statement of the assessed value, according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$100,000, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Sanford Avenue, from Forbes (18th) Street to Gerold (19th) Street, and Gerold (19th) Street, from Sanford Avenue to Lucerne Place, Queens—Request for Final Authorization for Construction of Sewer (Cal. No. 35).

(On March 22, 1918 (Cal. No. 97), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated March 22, 1918, from the Acting President, Borough of Queens, in this matter; and the following report:
Report No. 17433. April 1, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 22, 1918, a communication from the Acting President of the Borough of Queens, bearing date of March 12, 1918, advising that all of the conditions imposed by the Board prior to the authorization of the construction of a sewer in Sanford Avenue, from Forbes (18th-158th) Street to Gerold (19th-159th) Street, and in Gerold (19th-159th) Street, from Sanford Avenue to Lucerne Place (Station Road), have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 97), and the Chief Engineer was instructed to submit a report in this matter to that Committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on December 14, 1917, at which time information was presented to show that its probable cost would be about \$2,900. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to \$42.75.

The work to be done comprises the following: 263 lin. ft. 18-inch vitrified pipe sewer, 379 lin. ft. 12-inch vitrified pipe sewer; 5 manholes, 3 basin manholes, 4 inlets. The cost of the improvement is now estimated to be \$5,500.

While the urgency of this improvement was recognized at the time when the preliminary work was authorized, it would appear that the funds allotted for the year 1918 are insufficient to warrant the advancement of the improvement at this time without making it necessary to defer other work, the need for which appears to be more pressing. It is therefore recommended that final authorization be postponed for at least a year unless additional funds are provided or unless further substantial evidences are presented to show the need of carrying out the work at this time.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

Trowbridge Street, from a Point About 25 Feet West of Van Alst Avenue to a Point About 125 Feet West of Van Alst Avenue, Queens—Request for Final Authorization for Construction of Sewer (Cal. No. 36).

(On March 22, 1918 (Cal. No. 97), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated March 12, 1918, from the Acting President, Borough of Queens, in this matter; and the following report:
Report No. 17434. April 1, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 22, 1918, a communication from the Acting President of the Borough of Queens, bearing date of March 12, 1918, advising that all of the conditions imposed by the Board prior to the authorization of the construction of a sewer in Trowbridge Street, from a point about 25 feet west of Van Alst Avenue to a point about 125 feet west of Van Alst Avenue, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 97), and the Chief Engineer was instructed to submit a report in this matter to that Committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on September 21, 1917, at which time information was presented to show that its probable cost would be about \$300. The Borough President states that the time to be allowed for the completion of the improvement is six days, and that the expense incurred for the preliminary work amounts to \$4.80.

The work to be done comprises the following: 102 lin. ft. 12-inch vitrified pipe sewer, 1 manhole. The cost of the improvement is now estimated to be \$600.

This improvement is required in order to clear the way for carrying out a paving improvement, the urgency of which was recognized at the time when the preliminary work was authorized. It would appear, however, that the funds allotted for the year 1918 are insufficient to warrant the laying of the pavement at this time without making it necessary to defer other work, the need for which appears to be more pressing. It is therefore recommended that final authorization, both for the sewer and for the pavement, be deferred for at least a year unless additional funds are provided or unless further substantial evidences are presented to show the need for carrying out the work at this time. Respectfully,
NELSON P. LEWIS, Chief Engineer.

Van Alst Avenue, from Nott Avenue to 14th Street, Queens—Final Authorization for Construction of Sewer (Cal. No. 37).

(On March 22, 1918 (Cal. No. 97), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated March 12, 1918, from the Acting President, Borough of Queens, in this matter; and the following report:
Report No. 17473. April 11, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 22, 1918, a communication from the Acting President of the Borough of

Queens, bearing date of March 12, 1918, advising that all of the conditions imposed by the Board prior to the authorization of a sewer in Van Alst Avenue, from Nott Avenue to 14th Street, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 97), and the Chief Engineer was instructed to submit a report in this matter to that committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 30, 1917, at which time information was presented to show that its probable cost would be about \$2,700. The Borough President states that the time to be allowed for the completion of the improvement is 20 days, and that the expense incurred for the preliminary work amounts to \$80.93.

The work to be done comprises the following: 512 linear feet 12-inch pipe sewer, 5 manholes, 3 basin manholes, 5 inlets. The cost of the improvement is now estimated to be \$4,300.

The urgency of this improvement was established at the time when the preliminary work was authorized, and it is recommended that the final authorization be now granted. Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 20th days of September, 1917, and approved by the President of the Borough of Queens on the 26th day of September, 1917, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, that this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sewer and appurtenances in Van Alst avenue, from Nott avenue to Fourteenth street, First Ward of the Borough of Queens"; —and thereupon, on the 30th day of November, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement, based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$4,300, and a statement of the assessed value, according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$105,800, having also been presented, it is

Resolved, that the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Fulton Street, from Birch Street to Lefferts Avenue, and Lefferts Avenue, from Fulton Street to the Crown About 200 Feet South of Fulton Street, Queens—Final Authorization for Construction of Sewer (Cal. No. 38).

(On March 22, 1918 (Cal. No. 97), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated March 12, 1918, from the President, Borough of Queens, in this matter; and the following report:
Report No. 17426. March 29, 1918.

The Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 22, 1918, a communication from the President of the Borough of Queens, bearing date of March 12, 1918, advising that all of the conditions imposed by the Board prior to the authorization of a sewer in Fulton Street (91st Avenue), from Birch (120th) Street to Lefferts Avenue, and in Lefferts Avenue, from Fulton Street (91st Avenue) to a point about 200 feet southerly therefrom, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 97), and the Chief Engineer was instructed to submit a report in this matter to that Committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on December 28, 1917, at which time information was presented to show that its probable cost would be about \$2,400. The Borough President states that the time to be allowed for the completion of the improvement is 36 days, and that the expense incurred for the preliminary work amounts to \$52.26.

The work to be done comprises the following: 538 lin. ft. 12-inch pipe sewer, 3 manholes, 3 basin manholes, 4 inlets. The cost of the improvement is now estimated to be \$4,400.

The urgency of this improvement was recognized at the time when the preliminary work was authorized, and it is recommended that final authorization be now granted. Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 8th day of November, 1917, and approved by the President of the Borough of Queens on the 19th day of November, 1917, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sewer and appurtenances in Fulton street, from Birch street to Lefferts avenue, and in Lefferts avenue, from Fulton street to the crown about 200 feet south of Fulton street, Fourth Ward."

—and thereupon, on the 28th day of December, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$4,400; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$48,000, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Idaho (21st) Street, Westerly Side, from Queens Avenue to Franconia Avenue; Joslin (22d) Street, from Queens Avenue to Franconia Avenue, and Kendall Place (23d) Street, from Queens Avenue to Franconia Avenue, Queens—Combined Sewers (Cal. No. 39).

(On March 22, 1918 (Cal. No. 97), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated March 13, 1918, from the Acting

President, Borough of Queens, in this matter; and the following report:

Report No. 17431. March 30, 1918.

To the Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 22nd, 1918, a communication from the President of the Borough of Queens, bearing date of March 13th, 1918, advising that all of the conditions imposed by the Board prior to the authorization of combined sewers in Idaho (21st, 161st) Street westerly side, from Queens (46th) Avenue to Franconia (45th) Avenue, in Joslin (22nd, 162nd) Street, from Queens (46th) Avenue to Franconia (45th) Avenue, and in Kendall Place (23rd, 163rd Street), from Queens (46th) Avenue to Franconia (45th) Avenue, have been complied with, was referred to the Committee on Finance and Budget (Cal. No. 97), and the Chief Engineer was instructed to submit a report in this matter to that committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 16th, 1917, at which time information was presented to show that its probable cost would be about \$11,100. The Borough President states that the time to be allowed for the completion of the improvement is 70 days, and that the expense incurred for the preliminary work amounts to \$167.43.

The work to be done comprises the following: 497 linear feet 22-inch pipe sewer, 457 linear feet 15-inch pipe sewer, 1,680 linear feet 12-inch pipe sewer, 22 manholes, 4 basin manholes, 4 inlets. The cost of the improvement is now estimated to be \$17,200, or about 50 per cent. more than originally estimated.

While this increase is largely due to advanced prices, it might be noted that the cost of installing house connection drains, as well as other minor accessories have been included in the more precise estimate now presented.

The urgency of this improvement was recognized at the time when the preliminary work was authorized, and it is recommended that final authorization be now granted. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 27th day of September, 1917, and approved by the President of the Borough of Queens on the 8th day of October, 1917, having been transmitted to the Board of Estimate and Apportionment, initiating proceedings for the construction of combined sewers and appurtenances in: Idaho (21st) street, westerly side, from Queens avenue to Franconia avenue; Joslin (22nd) street, from Queens avenue to Franconia avenue; and in Kendall place (23rd street), from Queens avenue to Franconia avenue, Third Ward of the Borough of Queens; and thereupon, on the 16th day of November, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey, and further, resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$17,200, and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$155,275, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

(On April 12, 1918 (Cal. No. 56), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated April 3, 1918, from the Acting President, Borough of Queens, in this matter; and the following report:

Report No. 17487.

April 17, 1918.

To the Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on April 12, 1918, a communication from the President of the Borough of Queens, bearing date of April 3, 1918, advising that all of the conditions imposed by the Board prior to the authorization of sewers in North Railroad Avenue, from 51st Street to Louona Avenue, in South Railroad Avenue, from 51st Street to Louona Avenue, in Alburtis Avenue from Kingsland Avenue to Lurting Street, and in Way Avenue from Kingsland Avenue to Lurting Street, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 56), and the Chief Engineer was instructed to submit a report in this matter to that committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on November 16, 1917, at which time information was presented to show that its probable cost would be about \$26,800. The Borough President states that the time to be allowed for the completion of the improvement is 120 days, and that the expense incurred for the preliminary work amounts to \$241.31.

The work to be done comprises the following: 1,518 linear feet 24-inch pipe sewer; 425 linear feet 22-inch pipe sewer; 858 linear feet 18-inch pipe sewer; 660 linear feet 15-inch pipe sewer; 1,016 linear feet 12-inch pipe sewer; 33 manholes; 4 basin manholes; 4 inlets. The cost of the improvement is now estimated to be \$35,400.

The urgency of this improvement was established at the time when the preliminary authorization was given and it is recommended that the final authorization be now granted. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 28th day of June, 1917, and approved by the President of the Borough of Queens on the 8th day of October, 1917, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sewer and appurtenances in North Railroad Avenue, from 51st street to Louona Avenue; South Railroad Avenue, from 51st street to Louona Avenue; Alburtis Avenue, from Kingsland Avenue to Lurting Street, and in Way Avenue, from Kingsland Avenue to Lurting Street, Second Ward of the Borough of Queens."

—and thereupon, on the 16th day of November, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$35,400; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$172,525, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expense, shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Committee on Finance and Budget relative to Cal. Nos. 41 and 42:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On the dates hereinafter set forth, your Board referred to its Committee on Finance and Budget the following requests from the President of the Borough of Richmond:

86 of March 8, 1918—

Communication, dated February 25, 1918, from the President, Borough of Richmond, requesting the Board to grant preliminary authorization for construction of sewers in Baring Place and Terrace Avenue, 2d Ward, initiated by the Local Board of the Staten Island District, November 27, 1917.

116 of March 15, 1918—

Communication, dated March 7, 1918, from the President, Borough of Richmond, submitting statement of preliminary work performed in the matter of building concrete curb with steel guard; resetting bluestone curb, etc., on Elliott Avenue, from Amboy road to Johnson Avenue, together with all work incidental thereto, for which preliminary authorization was given on December 14, 1917.

Reports from the Chief Engineer of the Board to your Committee on the above matters were received, dated, respectively, April 9th and March 29th, 1918.

At a meeting of the Committee on April 22, 1918, it was determined to recommend favorable action on the foregoing requests in accordance with the reports of the Chief Engineer submitted herewith. Respectfully submitted,

CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

Baring Place and Terrace Avenue, Borough of Richmond—Preliminary Authorization for Construction of Sewers (Cal. No. 41).

(On March 8, 1918 (Cal. No. 86), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated February 25, 1918, from the President of the Borough of Richmond in this matter; and the following report:

Report No. 17453.

April 9, 1918.

Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held on March 8, 1918, a communication from the President of the Borough of Richmond, bearing date of February 25th, requesting that preliminary authorization be given in the matter of constructing temporary sanitary sewers in Baring Place, from Richmond Road (Van Duzer Street) to Terrace Avenue, and in Terrace Avenue, from Baring Place to Centre Avenue, proceedings for which were initiated by the Local Board of the Staten Island District under a resolution adopted on November 27, 1917, was referred to the Committee on Finance and Budget (Calendar No. 86), and the Chief Engineer was instructed to submit a report in the matter to that committee.

This resolution affects one short block of each of the streets named, having an aggregate length of about 400 feet. With the papers is submitted a communication from the Acting Corporation Counsel, bearing date of February 18, 1918, in which the Borough President is advised that these streets are dedicated as now in use, providing they are retained as a part of the permanent City Plan. On March 15th a tentative map was adopted under which the old streets are recognized, and the City unquestionably possesses sufficient rights to permit of constructing sewers.

The improvement is petitioned for by five property owners representing a little less than 40 per cent. of the frontage which, in the interior lots, is assessed as having a value, excluding buildings, of \$8 per linear foot.

The work is estimated to cost \$1,500, on which basis the assessment will amount to about \$3 per front foot. The sewers proposed throughout the entire tributary area under the drainage plan referred to have a uniform diameter of 8 inches, and it would accordingly appear that no assessment will be levied in the area of secondary benefit. The assessed valuation of the property to be benefited is reported to be \$59,650, but this includes an adjoining area for which the sewers constitute the continuing outlet.

An inspection of the ground shows that the streets are in use for a portion of the width assigned to them under the map referred to, and six buildings have been erected on the property abutting upon them. A report recommending the adoption of a plan providing for incorporating the sewers upon the City drainage map was referred to the Committee on City Plan and Public Improvements at the meeting of March 28, 1918 (Calendar No. 2). The outlet sewer in Richmond Road is built.

This improvement is clearly of an urgent character, and I would recommend that preliminary authorization be given as soon as the related drainage plan to which reference has been made is approved. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Richmond has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Staten Island District, duly adopted by said Board on the 27th day of November, 1917, and approved by the President of the Borough of Richmond on the 10th day of December, 1917, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct temporary sanitary sewers in Baring place, from Richmond road to Terrace Avenue, and through Terrace Avenue to Center Avenue, in the Second Ward, Borough of Richmond."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Richmond to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Richmond has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Elliott Avenue, from Amboy Road to Johnson Avenue, Borough of Richmond—Final Authorization for Constructing Brick Gutters, Relaying Stone Gutters and Curbing and Recurbing (Cal. No. 42).

(On March 15, 1918 (Cal. No. 116), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated March 7, 1918, from the President, Borough of Richmond, in this matter; and the following report:

Report No. 17421.

March 29, 1918.

To the Committee on Finance and Budget, Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment held

on March 15, 1918, a communication from the President of the Borough of Richmond, bearing date of March 7, 1918, advising that all of the conditions imposed by the Board prior to the authorization of the construction of brick gutters (permanent pavement), the relaying of stone gutters (permanent pavement), and the curbing and recurring, where necessary, of Elliott Avenue, from Amboy Road to Johnson Avenue, have been complied with, was referred to the Committee on Finance and Budget (Calendar No. 116), and the Chief Engineer was instructed to submit a report in this matter to that committee.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on December 14, 1917, at which time information was presented to show that its probable cost would be about \$5,000. The Borough President states that the time to be allowed for the completion of the improvement is 60 days, and that the expense incurred for the preliminary work amounts to \$60.63.

The work to be done comprises the following: 1,650 lin. ft. cement curbing, 180 lin. ft. cement curbing reset, 900 lin. ft. bluestone curbing reset, 720 sq. yds. brick guttering, 220 sq. yds. Belgian block guttering relaid. The cost of the improvement is now estimated to be \$5,000.

The urgency of this improvement was established at the time when the preliminary authorization was given and it is recommended that the construction work be now authorized. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Staten Island District, duly adopted by said Board on the 9th day of October, 1917, and approved by the President of the Borough of Richmond on the 10th day of October, 1917, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To build concrete curb with steel guard, reset bluestone curb and concrete curb, lay vitrified brick gutter (permanent pavement) on concrete foundation, relay stone block gutter (permanent pavement) on concrete foundation, on Elliott avenue, from Amboy road to Johnson avenue, in the Fifth Ward, Borough of Richmond, and to do all work incidental thereto."

—and thereupon, on the 14th day of December, 1917, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Richmond to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement, based on actual survey, and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Richmond had submitted certain statements, as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Richmond, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$6,000; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$39,125, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Board of Elections—Issue of Special Revenue Bonds (Cal. No. 43).

(On April 5, 1918 (Cal. No. 66), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated April 1, 1918, from the Chief Clerk, Board of Elections, in this matter; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On April 5, 1918 (Cal. No. 66), you referred to your Committee on Finance and Budget a communication dated April 1, 1918, from the Chief Clerk of the Board of Elections, requesting, in accordance with the directions of said Board, an appropriation of \$25,600 for the payment of the services for the year 1918 of 16 additional Clerks, at the rate of \$1,500 each, and 12 additional Clerks, at the rate of \$1,200 each per annum, from May 1 to December 31, 1918.

The Board of Elections now employs 57 Clerks and proposes to increase this number about 50 per cent. The occasion for this is the granting of the right of suffrage to women. Last year about 696,000 voters were registered. The Board of Elections estimates that at least 500,000 women will register this year. On May 25 a large percentage of this number will enroll for the purpose of voting in direct primaries. In Chicago 94 per cent. of the women eligible to vote registered. There are 2,080 election districts in the City of New York. It is estimated that it will be necessary to increase this number to at least 3,000 and possibly 3,200 when the total number of women registered is known.

The Board of Elections claims that its work will be greatly increased because it will have four canvassing Inspectors to select, examine and appoint for each election district in the City. This may mean that from 20,000 to 22,000 additional men and women will have to be examined and appointed in accordance with an amendment to the Election Laws passed during the 1918 session.

The provision in the 1918 Budget does not include anything for the organization of the Board of Elections for the machinery necessary to permit the women voters to exercise the right of suffrage; neither have any funds been appropriated for the canvassing Inspectors. In times past requests for funds presented by the Board of Elections have been deemed to be mandatory. The Board advises that the necessity for the services of persons of superior ability, character, experience and more intimate familiarity with the duties to be discharged requires an annual salary of about \$1,500 for 16 of the additional Clerks, while as to 12 additional Clerks a salary of \$1,200 will suffice for the work that they are expected to do.

Your Committee at its meeting on April 22 determined to recommend the granting of the request.

The adoption of the annexed resolution will give effect to such recommendation.

Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Finance and Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the issue, by the Comptroller, of special revenue bonds in the sum of twenty-five thousand six hundred dollars (\$25,600), pursuant to the provisions of subdivision 7, section 188 of the City Charter, the proceeds whereof to be used by the Board of Elections for the payment of the services for the year 1918 of 16 additional Clerks at the rate of \$1,500 each per annum, and 12 additional Clerks at the rate of \$1,200 each per annum from May 1 to December 31, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Expenditure of Corporate Stock Funds (Cal. No. 44).

(On April 19, 1918 (Cal. No. 51), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated April 9, 1918, from the President, Borough of Manhattan in this matter; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On April 19, 1918 (Cal. No. 51), you referred to your Committee on Finance and Budget a communication dated April 9, 1918, from the President, Borough of Manhattan, requesting permission to purchase by open market order,

the necessary labor and materials to furnish and install steel beams for the roof of the shed now in course of construction at the Asphalt Plant, 90th Street and East River, at an estimated cost not to exceed \$500.

At a meeting of your Committee on April 22, 1918, it was determined to recommend the granting of the request.

The adoption of the annexed resolution will give effect to this recommendation. Respectfully submitted,

CHARLES L. CRAIG, Comptroller, and Chairman, Finance and Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, and subject to the provisions of section 419 of the Greater New York Charter, hereby approves of the expenditure of a sum not to exceed five hundred dollars (\$500), for the necessary labor and materials to furnish and install steel beams for the roof of the shed now in course of construction at the Asphalt Plant, 90th Street and East River, Borough of Manhattan, under the jurisdiction of the President of the Borough of Manhattan, to be charged to the corporate stock fund entitled C.P.M. 4-A, Construction and Equipment of Asphalt Repair Plant, the final amount to be determined by audit of the Department of Finance.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Queens—Approval of Contract (Cal. No. 45).

(On April 5, 1918 (Cal. No. 74), the matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated September 29, 1917, from the President, Borough of Queens, in this matter; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On April 5, 1918 (Cal. No. 74), you referred to your Committee on Finance and Budget a report, dated March 27, 1918, by an Engineer of Contract Supervision in the office of the Secretary, with respect to a communication from the President of the Borough of Queens, dated September 29, 1917, requesting permission to advertise a contract for the privilege of picking articles of value from garbage, ashes and refuse delivered to certain destructors and dumps in specified sections of the Borough of Queens, which communication had been referred to the Comptroller and by him to the Bureau of Contract Supervision on October 8, 1917.

Your Committee at its meeting on April 22, 1918, determined to approve the recommendations contained in such report and the adoption of the resolution attached thereto granting the request of the President of the Borough of Queens, as modified in the manner specified in the report and form of contract. Respectfully submitted,

CHARLES L. CRAIG, Comptroller, and Chairman, Finance and Budget Committee.

March 27, 1918.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Sir—Cal. No. 87, October 5, 1917—"Communication from the President of the Borough of Queens, dated September 29, 1917, requesting permission, in accordance with section 544 of the Charter, to advertise a contract for the privilege of picking over and appropriating from among the garbage, ashes, street sweepings and rubbish in the First District; in the Second District with the exception of the material delivered at Maspeth Destructor; in the Third District; in the Fourth District with the exception of the material delivered at Maple Grove Dump; for one year from the first Monday after the signing and delivering of the contract, in consideration of the work of feeding the incinerators situated at Church Street, Jamaica (No. 3), and Bergen's Landing Aqueduct (No. 5), the leveling and grading at inland dumps and the payment by the contractor of a sum or sums of money."

This matter was referred by the Board of Estimate and Apportionment to the Comptroller, and by the Comptroller to the Bureau of Contract Supervision on October 8, 1917.

Section 544 of the Charter provides, in part, as follows:

"Said commissioner shall have power to enter into contracts with responsible persons and parties for the final disposition for periods not exceeding five years of all or any part of the said street sweepings, ashes or garbage and such other light refuse or rubbish when collected; provided always that such contract shall be approved, both as to terms and conditions, by the board of estimate and apportionment."

While this section refers only to the Commissioner of Street Cleaning it has been construed by the Corporation Counsel's office as applying also to the Borough Presidents of Queens and Richmond, who have jurisdiction over street cleaning matters in their respective boroughs.

On October 10, 1917, the Borough President was requested by letter to forward the form and specifications of the proposed contract.

The form of contract was prepared and submitted on December 3, 1917. On December 11, 1917, it was suggested to the Borough President that he submit a new form of contract, amended as suggested in a letter of that date.

An amended form of contract was transmitted by the President on February 6, 1918, embodying many, but not all, of the suggestions made. This form has been the subject of several conferences and further amendment.

The forms of contract and specifications are now satisfactory.

It should be noted that the price to be paid, which cannot be determined until after bids have been received, will be one of the terms and conditions of this proposed contract which, under section 544 of the Charter, must be approved by the Board of Estimate and Apportionment.

Following past practice of the Department of Street Cleaning, after bids have been received by the Borough President, this matter should be resubmitted to the Board of Estimate and Apportionment for approval of the award of the contract before the contract is made.

The attached resolution, if adopted by the Board of Estimate and Apportionment, will approve the form of contract and specifications as amended. Respectfully, W. H. ROBERTS, Assistant Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 544 of the Greater New York Charter, hereby approves of the terms and conditions of the form of contract submitted by the President of the Borough of Queens in connection with his communication dated September 29, 1917, as modified:

"For the privilege of picking over and appropriating from among the garbage, ashes, street sweepings and rubbish in the First District; in the Second District, with the exception of the material delivered at the Maspeth Destructor; in the Third District; in the Fourth District with the exception of the material delivered at the Maple Grove dump; for one year from the first Monday after the signing and delivering of the contract, in consideration of the work of feeding the incinerators situated at Church Street, Jamaica (No. 3), and Bergen's Landing, Aqueduct (No. 5), the leveling and grading at Inland Dumps and the payment by the contractor of a sum or sums of money."

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Boroughs of Manhattan and Richmond—Appropriation for Bulkhead of Harlem River Driveway (Cal. No. 46).

(On December 14, 1917 (Cal. No. 50), the report of the Committee on Corporate Stock Budget was laid over until December 21, 1917, under Rule 19, and on the latter date (Cal. No. 150) was laid over until January 4, 1918.)

(On January 4, 1918 (Cal. No. 15), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated October 5, 1917, from the former Acting Commissioner of Parks, Boroughs of Manhattan and Richmond, in this matter; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1918 (Cal. No. 15), you referred to your Committee on Finance and Budget a request from the Commissioner of Parks, Manhattan and Richmond, for an appropriation of \$100,000 for building a new bulkhead supporting the Speedway along the Harlem River. Your Committee has given this matter very extended consideration, the bulkhead in question having been personally examined on different occasions by the Mayor, the Comptroller and the President of the Borough of Manhattan. Your Committee also had the benefit of reports made upon the subject by the former Bureau of Contract Supervision under date of November 27, 1917, and by an Engineer attached to the Secretary's office under date of April 5, 1918. The Speedway extends from 155th Street to Dyckman Street along the westerly side of the Harlem River and was constructed about 1896. It is supported by a bulkhead, about 6,000 feet of which originally was wooden cribwork. Many years ago the cribwork began to fail. In 1908, \$550,000 was appropriated for its reconstruction, but in 1910 all but \$6,000 of this was rescinded. There was appropriated in 1911, \$110,000, and in 1915 \$210,000 for this work. Three contracts were entered into, one of which is still incomplete. The appropriation now requested would construct about 1,200 feet of new bulkhead and there would still remain about 2,100 feet to be done.

Under the act providing for the Speedway, it can be used only by light horse-drawn vehicles, and is ordinarily and chiefly used for trotting races and training purposes. For several years past legislation has been sought opening this thoroughfare to other vehicular traffic, but without success.

It does not appear to your Committee that any great loss or injury will result from the refusal to make any appropriation for additional bulkhead work at the present time. On the other hand, the pressure of war burdens, the withdrawal of many men and material from war purposes, and the necessity for issuing special revenue bonds, if the appropriation were authorized at the present time, all weigh heavily against the granting of the request.

Your Committee at its meeting on April 15, 1918, therefore, determined to recommend the denial of the request.

The adoption of the annexed resolution will give effect to such recommendation.

Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Commissioner of Parks, Manhattan and Richmond, for a corporate stock authorization amounting to one hundred thousand dollars (\$100,000), the proceeds whereof to be used to continue the work of building a new bulkhead supporting the Speedway along the Harlem River, which request, together with a report thereon by the Corporate Stock Budget Committee of the previous Board of Estimate and Apportionment, was referred to the Committee on Finance and Budget of the present Board of Estimate and Apportionment.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Approval of Contract, Specifications, Etc. (Cal. No. 47).

(On March 28, 1918 (Cal. No. 86), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated March 19, 1918, from the Deputy and Acting Commissioner of Water Supply, Gas and Electricity in this matter; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On March 28, 1918 (Cal. No. 86), you referred to your Committee on Finance and Budget a communication dated March 19, 1918, from the Deputy and Acting Commissioner of Water Supply, Gas and Electricity, requesting approval of form of proposed contract, specifications, etc., for furnishing, delivering, unloading, stacking and storing of cast iron pipes and special castings, standard valve box castings, etc., at an estimated total cost of \$44,476.

On April 1, 1918, your Committee referred this matter to the Secretary for a report by an Engineer of Contract Supervision. Such report, dated April 19, 1918, was thereafter received.

At a meeting of your Committee on April 22, 1918, it was determined to recommend the approval of the request as recommended in said report, a copy of which is annexed hereto and made a part hereof.

The adoption of the annexed resolution will give effect to such recommendation.

Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Finance and Budget Committee.

April 19, 1918.

Hon. CHARLES L. CRAIG, Comptroller, Chairman, Committee on Finance and Budget:

Sir—Cal. No. 86, March 28, 1918—"Communication dated March 19, 1918, from the Deputy and Acting Commissioner of Water Supply, Gas and Electricity, requesting approval of form of proposed contract, specifications, etc., for the furnishing, delivering, unloading, stacking and storing of cast iron pipe and special castings, standard valve box castings, etc., at an estimated total cost of \$44,476."

In accordance with an assignment made on April 3, 1918, I have investigated the above request.

The proposed contract is for furnishing and delivering materials in the various boroughs to be used partly for maintenance work, which is chargeable to tax levy funds, and partly for necessary new extensions of the distribution system which are charged against corporate stock funds.

The contract, as submitted, includes six sections, each of which is really a separate contract, and will be awarded to the lowest satisfactory bidder:

- Section. Material.
1. Cast iron pipe and special castings.
 2. Standard valve box castings.
 3. High pressure valve box castings.
 4. Valves.
 5. Standard double nozzle hydrants.
 6. Double nozzle N. Y. case hydrants.
- The estimates of cost and schedule of proposed charges are as follows:

	Corporate Stock Funds.		Tax Levy Funds, Manhattan, Queens and Richmond, Code 2239, 1918.	Brooklyn Water Revenue Funds, Brooklyn, S-885, 1918.	Total.
	Queens, C.D.W.—14.	Richmond, C.D.W.—15.			
Section 1.....	\$8,250 00	\$5,672 00	\$1,261 00	\$1,350 00	\$16,533 00
Section 2.....	1,428 00	1,395 00	8,400 00	1,344 00	12,567 00
Section 3.....			1,575 00		1,575 00
Section 4.....	925 00	1,905 00	500 00	1,925 00	5,255 00
Section 5.....	1,200 00	2,640 00	576 00	2,880 00	7,296 00
Section 6.....			1,250 00		1,250 00
	\$11,803 00	\$11,612 00	\$13,562 00	\$7,499 00	\$44,476 00

Corporate stock funds, "C. D. W.—14, Water Fund, Borough of Queens," and "C. D. W.—15, Water Fund, Borough of Richmond," were authorized by the Board of Estimate and Apportionment in additional amounts of \$85,000 and \$60,000, respectively, on May 11, 1917, and the unencumbered balances are approximately \$19,970 and \$16,230.

Under Code 2239TW, Materials, General, the 1918 budget provided \$59,712 as tax levy allowance and \$16,393 as water revenue allowance, and the unencumbered balances are approximately \$38,600 and \$16,300, respectively.

The materials requested from tax levy funds are to cover requirements of the repair forces of the Department for part of the year. The estimates of cost are \$13,562 for the tax levy boroughs and \$7,499 for Brooklyn. Code "2250TW," in the 1918 budget provided \$25,445 and \$8,481, respectively, for this purpose.

The materials to be purchased from corporate stock funds are for emergency

extension work by the labor forces of the Department and for hauling and laying contracts and the quantities requested are in most cases less than will be required for the year, on account of the small balances in the funds.

Owing to the difficulty in getting materials and delay in transportation, it is desirable to keep sufficient stock on hand for emergency work and it seems proper to use a considerable part of the available balances for the purchase of materials, that may be used by the Department forces and for speeding up contract work when additional funds are provided.

At existing market prices the materials used in 1918 would have cost about \$290,000.

The form of contract and specifications are standard and the estimates of cost are based on latest market prices.

The attached resolution, if approved by the Board of Estimate and Apportionment, will grant the request. Respectfully,

W. D. MURRAY, Assistant Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, specifications and estimates of cost for furnishing, delivering and storing in the Boroughs of Manhattan, Brooklyn, Queens and Richmond, materials for use of the Department of Water Supply, Gas and Electricity, as follows:

Item 1—Cast Iron Pipe and Special Castings.

Item 2—Standard Valve Box Castings.

Item 3—High Pressure Valve Box Castings.

Item 4—Valves.

Item 5—Standard Double Nozzle Hydrants.

Item 6—Double Nozzle N. Y. Case Hydrants.

—at a total estimated cost of forty-four thousand four hundred and seventy-six dollars (\$44,476), the cost to be charged against corporate stock funds "C. D. Total	\$11,803 00	\$11,612 00	\$13,562 00	\$7,499 00	\$44,476 00

—provided, that if the aggregate sum of the lowest bids received for the six (6) items is equal to or less than the aggregate sum of the estimates herein approved (although the amount of the lowest bid for one or more items may exceed the amount approved for said item or items), then the award for the six items, provided all are awarded, may be made without further approval of the Board of Estimate and Apportionment, but if the aggregate sum of the lowest bids for the six (6) items exceeds the aggregate sum of the estimates herein approved, no award for any item shall be made until the estimates of cost be reconsidered by the Board of Estimate and Apportionment, or any official designated by the Board.

Department of Water Supply, Gas and Electricity—Issue of Corporate Stock (Cal. No. 48).

The Secretary presented a report, dated April 19, 1918, of the Committee on Finance and Budget, recommending an issue of \$197,000 corporate stock for relaying water mains and restoring street surfaces in the various boroughs in connection with the improvement and betterment of the distribution system under the jurisdiction of the Department of Water Supply, Gas and Electricity.

(On February 8, 1918 (Cal. No. 112), this matter was referred to the Committee on Finance and Budget.)

The matter was laid over one week (May 3, 1918), under Rule 19.

Department of Water Supply, Gas and Electricity—Approval of Contract, Specifications, Etc. (Cal. No. 49).

(On March 1, 1918 (Cal. No. 129), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated February 25, 1918, from the Commissioner of Water Supply, Gas and Electricity, in this matter; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On March 1, 1918 (Cal. No. 129), your Board referred to your Committee on Finance and Budget a communication dated February 25, 1918, from the Commissioner of Water Supply, Gas and Electricity, transmitting for approval form of contract, specifications and estimate of cost, \$6,251.40, for hauling and laying water mains and appurtenances in Bay Street, 61st Street, and seven other streets in the Borough of Brooklyn.

Under date of March 15, 1918, your Committee received a report from an Engineer of Contract Supervision, attached to the Secretary's office, which is submitted herewith. Since that time the matter has been held in abeyance for further examination.

At its meeting on April 15, 1918, your Committee determined to recommend the granting of the request, modified in the manner suggested in the report above referred to.

The adoption of the resolution submitted herewith will give effect thereto.

Respectfully submitted, CHARLES L. CRAIG, Comptroller and Chairman, Committee on Finance and Budget.

March 15, 1918.

Hon. CHARLES L. CRAIG, Comptroller, Chairman, Committee on Finance and Budget:

Sir—Cal. No. 129, March 1, 1918—"Communication dated February 25, 1918, from the Commissioner of Water Supply, Gas and Electricity, transmitting for approval form of contract, specifications and estimate of cost, \$6,251.40, for hauling and laying water mains and appurtenances in Bay Street, East 28th Street, 61st Street and seven other streets in the Borough of Brooklyn."

In accordance with an assignment made on March 12, 1918, I have investigated the above request.

This is a hauling and laying contract, the materials to be provided by the City, for new eight-inch water mains to supply new buildings or old buildings which have not an adequate supply of water.

In detail the work is as follows, the reasons given for the work being those of the department:

No.	Street.	Approximate Length of New 8-Inch Main, Feet.	Reason for Work.
1.	Bay St., from Warehouse to Cropsey St., near Erie Basin.....	570	Service and fire protection to five factories; also in advance of repaving.
2.	East 28th St., Emmons St. 300 ft. north	330	To serve three houses now on private mains
3.	8th Ave., from 60th to 61st Sts., Blythebourne	310)	Twenty-two new houses under construction.
4.	61st St., from 8th Ave. to 550 ft. south	580)	
5.	76th St., from 19th Ave. to 450 ft. east	460	Two new houses.
6.	77th St., 19th Ave. to 450 ft. east....	480	Two new houses.

No.	Street.	Approximate Length of New 8-Inch Main, Feet.	Reason for Work.
7.	Newport Ave. Van Sinderen to Hinsdale	460	Fire protection to over fifty houses now on old private lines.
8.	Avenue I, from E. 24th to E. 26th St.	580	Three houses now on wells.
9.	Avenue S, Delemere St. to E. 25th St.	430	One house on E. 25th St.; owner will run private line to main in Avenue S.
10.	Kenmore Place, Avenue N to 250 ft. south	280	Two houses on wells; wells have been condemned.

Numbers 3, 4, 5, 6 and 9 are for new buildings and Nos. 8 and 10 are for buildings now dependent on wells. All of these buildings, when occupied, should give additional revenue to the City. Nos. 1, 2 and 7 are to give better service and fire protection to buildings now dependent on old private lines, for which the City has not previously undergone any expense. No. 1 is also in advance of repaving.

In the cases of Nos. 3 and 4, inspection shows that some building materials are on the ground and a little excavation done, and the builder states that he intends to go ahead with the proposed new buildings. This job will cost about \$600 for the hauling and laying, or about \$1,700, including the cost of materials.

In the cases of Nos. 5 and 6, inspection shows foundations for two houses in 77th street, but no work on 76th street. An Inspector of the department states that the builder started work about a year ago and quit, partly for the reason that he had no water. There is no evidence that he now proposes to go ahead, and the work does not appear urgent. The cost of this work would be about \$560 for the hauling and laying, or about \$1,800, including the cost of materials.

No. 9 is to supply a single house on East 25th street. The department did not consider it proper to lay a pipe all the way to the house, but the owner proposes to lay a private line to Avenue S, if the City will lay a main to East 25th street. The value of this job is about \$250 for the hauling and laying, and about \$840, including the materials.

It seems that Nos. 5 and 6, on 76th and 77th streets, might be postponed until the builder more definitely states his intention of proceeding with the buildings, at which time an open market order might be issued to expedite the work.

Eliminating the work on 76th and 77th streets, the estimated cost of the hauling and laying contract would be \$5,691.40.

The form of contract and specifications are standard and the estimate of cost is based on existing market prices.

The cost of the work is to be charged against the corporate stock fund "C. D. W. —12, Water Fund, Borough of Brooklyn, for which an additional allowance of \$105,000 was made by the Board of Estimate and Apportionment on May 11, 1917, and in which there is an unencumbered balance of approximately \$9,300.

The attached resolution, if adopted by the Board of Estimate and Apportionment, will approve the contract with the modification suggested above.

Respectfully,
W. D. MURRAY, Assistant Engineer.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, plans and specifications and estimate of cost in an amount of five thousand six hundred and ninety-one dollars and forty cents (\$5,691.40) for hauling and laying new eight-inch water mains and appurtenances in Bay Street, East 28th Street, 8th Avenue and 61st Street, in Newport Avenue, Avenue I and Avenue S, and in Kenmore Place, Borough of Brooklyn, under the jurisdiction of the Department of Water Supply, Gas and Electricity, the cost to be charged against the corporate stock fund "C. D. W. 12, Water Fund, Borough of Brooklyn"; provided that if no bids are received for the work within the estimated cost, no award of the contract shall be made until the estimate of cost be reconsidered by the Board of Estimate and Apportionment or any official designated by the Board.

Which was adopted by the following vote:
Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Correction—Approval of Contract, Specifications, Etc. (Cal. No. 50).
(On March 28, 1918 (Cal. No. 89), this matter was referred to the Committee on Finance and Budget.)
The Secretary presented a communication dated March 21, 1918, from the Commissioner of Correction in the matter, and the following report of the Committee on Finance and Budget:
April 23, 1918.
To the Board of Estimate and Apportionment:
Gentlemen—On March 28, 1918 (Cal. No. 89), you referred to your Committee on Finance and Budget a communication dated March 21, 1918, from the Commissioner of Correction transmitting for approval contract and specifications for repairing the steamboat "Correction." On April 1, 1918, your Committee requested a report from an Engineer of Contract Supervision attached to the Secretary's Office, which report was subsequently received and is submitted herewith.
Your Committee at its meeting on April 15, 1918, determined to recommend the granting of the request, modified in the manner as suggested in such report.
The adoption of the resolution submitted herewith will give effect thereto.
Respectfully submitted, CHARLES L. CRAIG, Comptroller and Chairman Committee on Finance and Budget.
April 5, 1918.
Hon. CHARLES L. CRAIG, Comptroller, Chairman, Committee on Finance and Budget:
Sir—Cal. No. 89, March 28, 1918—"Communication dated March 21, 1918, from the Commissioner of Correction, transmitting for approval contract and specifications for repairing the steamboat "Correction.""
In accordance with an assignment made on April 3, 1918, I have made an examination of this matter.
Owing to leaks having developed in the hull of the steamer "Correction," the vessel was dry-docked recently, in order to determine the extent of the repairs necessary.
I examined the vessel on the dry dock and found that the very severe ice conditions in the waters adjacent to New York City during the past winter had stripped the copper sheathing entirely from the sides of the hull and had also badly damaged the planking, causing leaks. The copper sheathing, fore and aft, is also much damaged. The stern requires repairing and the starboard propeller has had all blades broken off, so that a new propeller must be installed. The port propeller and both shafts require repairs and rebushing.
The specifications submitted provide for the repairs to the hull, propellers and shafts.
Since the submission of these specifications, the United States Steamboat Inspection Service has examined the boilers of the vessel and requires that certain necessary repairs and refastening of the boilers be made. The Commissioner of Correction has verbally requested that the specifications be amended by adding the necessary clauses to provide for these boiler repairs.
This has been done and I have suggested that the specifications be amended in order that bids may be taken on three separate items of work, as follows:
Item 1—Hull and joinder work.
Item 2—Propellers and shafting work.
Item 3—Boiler work.
The effect of this subdivision will be to reduce the cost by having the different kinds of work performed by concerns specializing in these branches, under direct contract with the City, thereby saving the added charges made by a general contractor for all the work, who is forced to sublet the special items.
It has also been suggested that the form of contract be amended by the elimination of the clause providing for partial payments, no partial payments being necessary.
The Commissioner of Correction has agreed to the suggestions and the form of contract and specifications having been so amended, they are now satisfactory.
The cost may reasonably be estimated as follows: Item 1, \$9,000; Item 2, \$1,000; Item 3, \$2,000; total, \$12,000.
The repairs are necessary to continue the boat in operation.

The cost is to be charged to the 1918 budget appropriation "Code 2674, Contract or Open Order Service, Repairs and Replacements," in which there is a sufficient balance to pay the estimated cost of these repairs. It, however, exceeds the sum allowed for repairs to steamboats, and will reduce the sum available and necessary for other repairs.

On March 19, 1918, the Board of Aldermen adopted a resolution, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue \$12,500 special revenue bonds to provide for necessary emergency repairs to steamboats under the jurisdiction of the Commissioner of Correction. The steamboat "Correction" was included in the list of vessels requiring such emergency repairs. Owing to the cost of steamboat repairs exceeding the amount estimated when preparing the budget for the year 1918, it will be necessary to provide additional funds for repairs and replacements during the year. It would appear to be good policy to transfer "accruals," rather than to issue special revenue bonds, for this purpose. If, however, special revenue bonds are authorized, it will be necessary to transfer the charge for this work to the revenue bond account.

The attached resolution, if adopted by the Board of Estimate and Apportionment, will grant the request. Respectfully,
E. RIORDAN, Assistant Engineer.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of the 1918 budget, hereby approves the form of contract, specifications and estimated cost, twelve thousand dollars (\$12,000), for repairing the steamboat "Correction," under the jurisdiction of the Commissioner of Correction, the cost to be charged to the 1918 budget appropriation, "Code 2674, Contract or Open Order Service, Repairs and Replacements"; or to authorization of twelve thousand five hundred dollars (\$12,500) in special revenue bonds for this purpose, if such is hereafter approved by the Board of Estimate and Apportionment; provided that if no bids are received for said work within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment or by any official designated by the Board, provided that any of the bids is within the amount authorized and available for said work.

Which was adopted by the following vote:
Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Correction—Issue of Special Revenue Bonds (Cal. No. 51).
The Secretary presented a report, dated April 23, 1918, of the Committee on Finance and Budget, recommending an issue of \$12,500 special revenue bonds, pursuant to provisions of subdivision 8 of section 188 of the Charter, for the purpose of providing for emergency repairs to certain steamers of the Department of Correction.
(On April 5, 1918 (Cal. No. 89), the resolution of the Board of Aldermen, requesting this appropriation, was referred to the Committee on Finance and Budget.)
The matter was laid over one week (May 3, 1918) under Rule 19.

Department of Correction—Expenditure of Corporate Stock Funds (Cal. No. 52).
(On April 5, 1918 (Cal. No. 90), this matter was referred to the Committee on Finance and Budget.)
The Secretary presented a communication, dated March 26, 1918, from the Commissioner of Correction in this matter; and the following report of the Committee on Finance and Budget:
April 23, 1918.
To the Board of Estimate and Apportionment:
Gentlemen—On April 5, 1918 (Cal. No. 90), you referred to your Committee on Finance and Budget a communication dated March 26, 1918, from the Commissioner of Correction, requesting permission to expend \$1,610 from corporate stock, in order to purchase the necessary equipment and to do the excavating work, with inmate labor, for buildings, tunnel lines, etc., at New Hampton Farms.
On April 15, 1918, your Committee requested a report upon this matter from an engineer of contract supervision attached to the Secretary's office, and received such report under date of April 20, 1918.
At its meeting on April 22, 1918, your Committee determined, for the reasons set forth in such report, which is submitted herewith, to recommend the granting of the request as modified in the report.
The adoption of the annexed resolution will give effect to such resolution.
Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Finance and Budget Committee.
Office of the Secretary, April 20, 1918.
Hon. CHARLES L. CRAIG, Comptroller, Chairman, Committee on Finance and Budget:
Sir—Cal. No. 90, April 5, 1918—"Communication dated March 26, 1918, from the Commissioner of Correction, requesting permission to expend \$1,610 from corporate stock funds in order to purchase the necessary equipment and to do the excavation work with inmate labor for buildings, tunnels, lines, etc., at New Hampton Farms."
A contract has been awarded for the construction of four new buildings at the New York City Reformatory for Male Misdemeanants, New Hampton Farm, at a cost of \$239,000, which includes excavation. This contract has been modified and a deduction of \$1,900 was made for the excavation, which is to be done by inmate labor. The buildings and the percentage of excavation completed on April 17, 1918, is as follows:

	Percentage.
Industrial Building	40
Cubical Dormitories	30
Laundry Building	1
Storage Building	0

In addition, the Department intends to do all the excavating by inmate labor for steam tunnels, sewers, water lines, deposit beds for sewerage disposal plant, railroad spur, the grading of roads and walks and grounds surrounding the permanent buildings, which are of considerable extent.
The area of the grounds is 630 acres, of which about 150 acres are under cultivation. The census on April 16, 1918, was 485 men; 300 men are employed on construction work; 140 men are employed on the farm, and the remainder on general work about the buildings and grounds.
An inventory was made April 17, 1918, of the excavating tools and implements with which the excavating work is being done. An industrial railway with four dump cars is being used in excavating the foundations for the dormitory building; there are four bottom dump wagons, twelve wheelbarrows, 2 scrapers, 104 shovels and 67 picks. All of these tools are in daily use, and in addition there are 25 pick heads for which handles are necessary.
The items in the above request for \$1,610 are as follows:

8 bottom dump carts, at \$130 each	\$1,040 00
12 dozen railroad picks, at \$8	96 00
12 dozen shovels, at \$14	168 00
24 dozen pick handles, at \$1	24 00
500 pounds dynamite, at 30 cents per pound	150 00
600 exploders at 7 cents each	42 00
5,000 feet B. M. planking, \$45 per M. feet	225 00
	\$1,745 00

The increase in the amount is due to an error in tabulating cost of dynamite, which was listed at \$15 instead of \$150.
The item for eight bottom dump carts has been reduced to four, as at present there are not sufficient horses available for eight. Additional picks and shovels are necessary. Dynamite is used to blast boulders and tree stumps, and the quantity has been reduced by the Department Engineer in charge to 300 pounds and the exploders reduced to 400. Lumber is required for runs for the wheelbarrows, for platforms and shoring.
The work on the building excavations is progressing very well with the present tools and equipment, but if more tools are supplied the men available could be used to better advantage. Greater progress would be made by using the industrial railroad at one of the other building excavations. There is sufficient track available, and as they have four cars, two could be used in each place.
The contracts for the four buildings have been let, and it is desirable that the excavation work be completed as soon as possible. As there are nearly three

hundred prisoners to do this work, they should have sufficient tools to work with. The following itemized list will meet all present demands:

4 bottom dump carts, at \$130.....	\$520 00
6 dozen railroad picks at \$8	48 00
6 dozen shovels, at \$14	84 00
12 dozen pick handles, at \$1	12 00
300 pounds dynamite, at 30 cents per pound.....	90 00
400 exploders at 7 cents each.....	28 00
5 000 feet B. M. planking, at \$45 per M. feet.....	225 00
	\$1,007 00

Respectfully, CHAS. TILGNER, Assistant Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the expenditure of one thousand and seven dollars (\$1,007), for equipment to do the necessary excavation work in connection with the erection of four new buildings to be erected at the New York City Reformatory for Male Misdemeanants at the New Hampton Farm, under the jurisdiction of the Commissioner of Correction, to be charged to the corporate stock fund entitled "C.D.C. 12-A, Construction of New York City Reformatory for Male Misdemeanants."

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Docks and Ferries—Approval of Contract, Etc. (Cal. No. 53).

(On April 5, 1918 (Cal. No. 92), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication, dated March 30, 1918, from the Commissioner of Docks in this matter; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On April 5, 1918 (Cal. No. 92), you referred to your Committee on Finance and Budget a communication dated March 30, 1918, from the Commissioner of Docks transmitting for approval form of contract and estimate of cost, \$5,886, for Manila rope.

On April 15, 1918, your Committee requested a report from an engineer of contract supervision attached to the Secretary's office, which report was received under date of April 18, 1918, and is submitted herewith.

Your Committee, at its meeting on April 22, 1918, determined to recommend the granting of the request, not, however, in the manner presented, namely, partly by corporate stock and partly from budget, but that the whole amount required therefor should be charged against budget item "No. 2846, Materials," for the Department of Docks and Ferries.

The adoption of the annexed resolution will give effect to such recommendation.

Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Finance and Budget Committee.

April 18, 1918.

Hon. CHARLES L. CRAIG, Comptroller, Chairman, Committee on Finance and Budget: Sir—Cal. No. 92, April 5, 1918—"Communication dated March 30, 1918, from the Commissioner of Docks, transmitting for approval form of contract and estimate of cost, \$5,886, for manila rope."

Under this contract it is proposed to procure rope of various sizes for use of the several bureaus of the Department of Docks and Ferries during the year 1918.

The floating plant in the department comprises 9 ferryboats, 2 tugs, 3 launches, Surveyors' boat, 7 derricks, 11 pile drivers, 8 scows and a number of boat landings where rope is required.

The contract calls for furnishing and delivering 103,050 linear feet of rope, which, converted into pounds, aggregate 44,029 pounds.

During 1917 the department consumed, according to the records, 37,473 pounds. The department should at all times have an adequate supply on hand for emergent needs. In view of the large amount of work now under way in connection with repairs to piers and bulkheads the quantity called for in the contract is not excessive.

It is proposed that the cost shall be paid from corporate stock and tax levy funds as follows:

To the extent of \$5,886 from the corporate stock fund "C. D. D.—27, Supplies for Construction and Improvement of Docks," in which there is an available balance of \$26,237.74, and to the extent of \$8,314 from the 1918 budget fund "2846, Materials," in which there is an unencumbered balance of \$113,314.24. The total expenditure being estimated at \$14,200.

The payment of a part of the cost from the proceeds of corporate stock is a departure from the procedure of last year, when all rope was bought from tax levy funds.

The present procedure, however, is based on the fact that a portion of the rope, representing proportionately a sum approximating \$5,886, is to be used on tugs, pile drivers, launches and derricks engaged in reconstruction work, a part of the cost of the labor for which is paid from the proceeds of corporate stock.

Other materials used by the corporate stock force are charged to the corporate stock fund, to which it is proposed to charge \$5,886 of the cost of the rope.

The question of approval for this manner of payment is submitted for your consideration.

I have been informed by engineers and others in charge that the rope is urgently needed. Respectfully,

A. G. CULVER, Assistant Engineer.

Hon. Henry A. Meyer, Deputy Dock Commissioner, appeared in support of request.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the form of contract, specifications and estimate of cost, fourteen thousand two hundred dollars (\$14,200) for the purchase of rope, the entire cost to be charged to the 1918 tax budget appropriations to the Department of Docks and Ferries, Account "No. 2846, Materials," and not partly to corporate stock and partly to the 1918 tax budget appropriations, as proposed in the communication of the Commissioner of the Department of Docks and Ferries of March 30, 1918, upon which this resolution is based.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

District Attorney, Richmond County—Appropriation for Purchase of Automobile (Cal. No. 54).

(On March 22, 1918 (Cal. No. 124), the request in this matter was referred to the Committee on Finance and Budget.)

The Secretary presented communications, dated March 13 and 29, 1918, from the District Attorney of Richmond County, requesting that additional funds be appropriated to furnish him with an automobile for official business; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On March 22, 1918 (Cal. No. 124), your Board referred to your Committee on Finance and Budget a communication, dated March 13, 1918, from the District Attorney of Richmond County, requesting that additional funds be appropriated to furnish him with an automobile for official business.

Before acting upon this matter your Committee requested more detailed information from the learned District Attorney, which was received from him in a communication dated March 29, 1918, and is in substance that the operation of the Garbage Plant at Rossville, in Richmond County, and the attention that he is required to give thereto, pursuant to a precept of the Governor, dated January 25, 1917, additional duties assumed by the District Attorney upon the abolition of the Coroner's Court and the creation of the office of Medical Examiner, have justified the allowance of an automobile at a maximum cost of \$1,200.

Your Committee has given the matter very careful consideration, and in view of the many more urgent demands made for public funds the pressure of war exigencies and the necessity for careful conservation of Municipal resources, it determined at its meeting on April 15, 1918, that it could not recommend favorable action upon the request and that at this time it must therefore be denied.

The adoption of the annexed resolution will give effect to such recommendation. Respectfully submitted, CHARLES L. CRAIG, Comptroller, and Chairman, Committee on Finance and Budget.

The matter was referred back to the Committee on Finance and Budget.

Park Board; Department of Docks and Ferries—Appropriation for Music in Public Parks and on Recreation Piers (Cal. No. 55).

(On March 28, 1918 (Cal. No. 68), and April 5, 1918 (Cal. No. 51), communication in this matter was referred to the Committee on Finance and Budget.)

The Secretary presented communications, dated March 6, 1918; March 19, 1918; March 20, 1918; March 22, 1918; March 23, 1918; March 27, 1918; March 29, 1918, and April 2, 1918, from different musical organizations in this matter; and the following report of the Committee on Finance and Budget:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On March 28, 1918 (Cal. No. 68), you referred to your Committee on Finance and Budget a communication dated March 19, 1918, from the President of the Musical Mutual Protective Union, Local 310, requesting the Board to authorize an appropriation of \$100,000 for the purpose of augmenting the Budget's appropriation for music in the public parks and on recreation piers; and on April 5, 1918 (Cal. No. 51), you referred a similar communication from the Director of the National Bureau for the Advancement of Music.

The provision in the 1918 Budget for music amounts of \$39,107. In order to increase this to the requested sum of \$100,000 it would be necessary to issue special revenue bonds redeemable out of the tax levy of 1919. The 1918 Budget provision for music is \$100 in excess of the expenditures made in 1917. In 1910 the expenditures for music in the parks of the various boroughs, recreation piers, Department of Education and Public Charities, amounted to \$143,222. The present budget carries no appropriation for music other than in the parks. The decrease for expenditures in music in 1917, as compared with 1910, is \$104,145.

In view, however, of the present burdens of taxation and the constant requirement of public funds for necessities, your Committee is of the opinion that an increase in the appropriations for music at the present time cannot receive favorable consideration. Until there is an urgent demand on the part of the public for an increased number of concerts and enlarged bands, and until such demands are approved and submitted by the Park Board to the Board of Estimate and Apportionment, your Committee recommends that no action be taken looking to an increase in the present appropriations for music.

The adoption of the annexed resolution will give effect to the foregoing recommendation. Respectfully submitted,

CHARLES L. CRAIG, Comptroller, and Chairman, Finance and Budget Committee.

The following resolution was offered:

Resolved, That in view of the present burdens of taxation and the constant requirement of public funds for necessities, it is inadvisable at this time to favorably consider the communication of the Musical Mutual Protective Union, Local 310, of March 19, 1918, requesting this Board to increase its appropriation for music in 1918 from \$39,107 to \$100,000.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

37th Street, Between 10th Avenue and Gravesend Avenue, Borough of Brooklyn—Purchase of Award in Proceeding for Acquiring Title to Land for Rapid Transit Purposes (Cal. No. 56).

(On April 5, 1918 (Cal. No. 31), a communication from the Corporation Counsel advising the purchase of the award in this proceeding was referred to the Committee on Finance and Budget. Report of the Comptroller is printed in minutes of meeting of April 5, 1918.)

The Secretary presented a report of the Comptroller, dated April 1, 1918, in this matter; and the following report of the Committee on Finance and Budget:

April 15, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On April 5, 1918 (Cal. No. 31), your Board referred to its Committee on Finance and Budget a report of the Comptroller containing a copy of communication from the Corporation Counsel advising the purchase, in the sum of \$350, of the award to be made in condemnation proceedings for the acquisition of property at or near 37th street, between 10th avenue and Gravesend avenue, Brooklyn, for rapid transit construction purposes.

At a meeting of the Committee on Finance and Budget held on April 15, 1918, this matter was considered and it was determined to recommend the purchase of said award in the sum of \$350.

The adoption of the annexed resolution will give effect to such recommendation.

Respectfully submitted, CHARLES L. CRAIG, Comptroller; Chairman, Committee on Finance and Budget.

The following was offered:

Whereas, The Corporation Counsel of The City of New York, by direction of the Public Service Commission for the First District, instituted a proceeding in the Supreme Court, Second Judicial District, to acquire on behalf of The City of New York certain property situated at or near 37th Street, between the northwesterly line of Tenth Avenue and the westerly line of the Gravesend Avenue, in the Borough of Brooklyn, City of New York, for rapid transit purposes, which proceeding is pending and undetermined; and

Whereas, Under section 47 of chapter 4 of the Laws of 1891, as amended, the title to said property vested in The City of New York on July 31, 1916, upon the filing of the order of the Special Term of the Supreme Court granting the petition of the Public Service Commission to have the compensation to be made the owners and all persons interested in the property sought to be acquired, ascertained and determined by the Court without a jury; and

Whereas, Mary E. Burns claims to have been the owner of damage parcel No. 3, in said proceeding on the date of vesting of title in fee thereto in The City of New York and claims to be entitled to the award to be made for said damage Parcel No. 3; and

Whereas, Mary E. Burns has offered to sell the award to which she is entitled, free and clear of all liens and encumbrances for said damage Parcel No. 3 to The City of New York for the sum of three hundred and fifty dollars (\$350), now therefore be it

Resolved, That the Comptroller of The City of New York be and he hereby is authorized to purchase free and clear of all liens and encumbrances of any nature whatsoever for the sum of three hundred and fifty dollars (\$350), on behalf of The City of New York, under the provisions of section 1434 of the Greater New York Charter, as amended, from Mary E. Burns, the award to which she is or may become entitled for said damage Parcel No. 3, in a certain proceeding now pending and undetermined in the Supreme Court, Second Judicial District, entitled:

"In the Matter of the Application of the Public Service Commission for the First District, acting for and on behalf of The City of New York, by the Corporation Counsel of The City of New York, pursuant to chapter IV of the Laws of 1891, and the several statutes amendatory thereof and supplemental thereto relative to acquiring certain estates, rights, terms, privileges, franchises or easements in certain parcels of property situated at or near 37th Street or 37th Street produced, between the northwesterly line of Tenth Avenue and the westerly line of Gravesend Avenue, Borough of Brooklyn, City of New York, required for the purposes of the construction, maintenance and operation of a portion of a rapid transit railroad known as the Gravesend Avenue Route."

—said damage Parcel No. 3 being more particularly bounded and described as follows:

Parcel No. 3—All that certain piece or parcel of land situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Parcel No. 3: Beginning at a point in a line parallel with and distant fifty (50) feet southwestwardly at right angles from the southwesterly line of 37th Street, which point is distant one hundred (100) feet southeastwardly from the southeasterly line of 10 Avenue, measured along said line; and running thence southwestwardly parallel with the southeasterly line of 10th Avenue forty-five (45) feet; thence southeastwardly parallel with the southwesterly line of 37th

Street twenty (20) feet; thence northeastwardly parallel with the southeasterly line of 10th Avenue forty-five (45) feet; and thence northwestwardly parallel with the southwesterly line of 37th Street twenty (20) feet to the point or place of beginning.

—and be it further

Resolved, That the Corporation Counsel of The City of New York be and he hereby is directed to prepare and approve all papers necessary to consummate said purchase.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of The Bronx—Modified Plan for Construction of Transverse Road, Etc., in East 161st Street, from Jerome Avenue to Morris Avenue, and Issue of Corporate Stock Therefor (Cal. No. 57).

The Secretary presented a report, dated April 9, 1918, from the Committee on Finance and Budget, recommending that the resolution adopted on June 23, 1916 (Cal. No. 130), authorizing an appropriation of \$185,000 for the construction of a transverse road in connection with the Grand Boulevard and Concourse, at 161st street, under the jurisdiction of the President of the Borough of The Bronx, be amended so as to provide for issuance of corporate stock in said amount; also recommending an additional issue of \$150,000 corporate stock for the same purpose; and reporting that on account of the increased cost of materials and the increase in wages for labor, the money appropriated for this improvement is insufficient and the estimated cost of the improvement at present prices, if done in accordance with the plans submitted, is \$550,000. The question as to whether this additional sum of \$150,000 can be raised by the sale of corporate stock was submitted to the Corporation Counsel, who advises that this further amount required to complete the improvement in question may be met in such manner.

(On March 1, 1918 (Cal. No. 103), this matter was referred to the Committee on Finance and Budget.)

Chief City Magistrate—Authority to Fill Vacancies and Modification of Schedule (Cal. No. 89).

(The requests for filling vacancies were referred direct to the Committee on Salaries and Grades by the Secretary of the Board and the request for the modification of salary schedule was referred to the Committee on March 28, 1918 (Cal. No. 109D).

The Secretary presented twelve communications dated March 8, 11, 13, 19, 25 and 26, 1918, from the Chief City Magistrate, requesting permission to fill vacancies and modification of schedules; and the following report of the Committee on Salaries and Grades:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of the following requests of the Chief City Magistrate:

No.	Code No.	Proposed Action.
Direct reference 173	3079	To fill a vacant position of Court Stenographer at \$2,160, now in war service, by an appointment at \$2,160 of a person from an eligible civil service list.
Direct reference 183A	2930	To fill a vacant position of Clerk at \$720 in place of Molcyna M. Hector by an appointment from a civil service list at the same salary.
Direct reference 183B	2930	To fill a vacant position of Clerk at \$840 by the promotion of Peter T. V. Murphy with an increase in salary from \$720 to \$840.
Direct reference 183C	2930	To fill position of Clerk at \$720, to be vacant on the promotion of Peter V. Murphy, by an appointment from a civil service list at the same salary.
Direct reference 194A	2930	To fill a vacant position of Clerk at \$720, in place of Katherine E. Rourke, by an appointment from the civil service list at the same salary.
Direct reference 194B	2930	To fill a vacant position of Court Attendant at \$1,140 by an appointment from the civil service list at \$1,080.
Direct reference 225	2930	To fill a position of Clerk's Assistant at \$1,800, now vacant on account of the indefinite leave of absence without pay of the former incumbent, Alfred C. B. McNevin, by an appointment from a civil service list at the same salary.
Direct reference 249A, C, D	2930	To fill three vacant positions of Court Attendant, two at \$1,380, and one at \$1,320, by three appointments from a civil service list at \$1,080 each.
Direct reference 249B	2930	To fill a vacant position of Clerk's Assistant at \$1,980 by the promotion of George L. Sinclair, a Court Attendant, at \$1,380. Mr. Sinclair's salary will be increased to \$1,800, the lowest rate now paid Assistant Clerks.

No.	Code No.	Proposed Action.
Cal. Mar. 28 109D	2930	Request for modification of Code No. 2930 to provide for an additional Court Stenographer at \$2,160, in order to hold all day sessions in the Courts of Stapleton and Richmond, there being now only one Stenographer provided for the Borough of Richmond, who takes the minutes of the half-day session now held in both of the Courts. No increase in appropriation will be necessary, as by the reduction of lines of positions to the salaries actually paid the incumbents, \$2,160, may be provided to meet the salary of the additional position. The salary requested is the same as is paid all the other Court Stenographers.

The Committee recommends the adoption of the attached resolutions granting the requests. Respectfully,
ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

O'Callahan, now a Court Stenographer in the City Magistrates' Court at a salary of \$2,160. By reason of this transfer Mr. O'Callahan's salary will be increased from \$2,160 to \$2,340.
Direct reference	214-D 2945	To fill a position of Deputy Clerk, First District Court, Brooklyn, at \$3,000. It is proposed to fill the position by the appointment of John McKeown. The statutory rate for the position is \$3,000.
Direct reference	238-A 2945	To fill a vacant position of Court Attendant, First District, Manhattan, at \$1,500, by the appointment of Francis J. Finnegan at \$1,500.
Direct reference	238-B 2945	To fill a vacant position of Court Attendant, First District, Manhattan, at \$1,500, by the temporary appointment of Joseph E. Farrington from October 29 to December 12, 1917, at \$1,500 per annum.
Direct reference	238-C 2945	To fill a vacant position of Court Attendant, Fourth District, Manhattan, at \$1,500, by the transfer of William J. Barry, now Court Attendant in the City Magistrates' Court at \$1,380. By reason of this transfer Mr. Barry's salary will be increased from \$1,380 to \$1,500.
Direct reference	238-D 2945	To fill a vacant position of Court Attendant, Sixth District, Manhattan, by the transfer of John E. Brady, now Court Attendant, at \$1,080 in the City Magistrates' Court. By reason of this transfer Mr. Brady's salary will be increased from \$1,080 to \$1,500.
Direct reference	238-E 2945	To fill a vacant position of Court Attendant, Sixth District, Manhattan, at \$1,500, by the transfer of John V. Mullins, now a Court Attendant in the City Magistrates' Court at \$1,380. By reason of this transfer Mr. Mullins' salary will be increased from \$1,380 to \$1,500.
Direct reference	247 2945	To fill a vacant position of Court Attendant, Ninth District, Manhattan, at \$1,500, due to the war service of James C. Summers, by the appointment at \$1,500 of Valentine Hahn, formerly an Assistant to Commissioner of Taxes and Assessments at \$2,500.
Direct reference	259 2945	To fill a vacancy of Interpreter (Italian), Second District, Manhattan, at \$1,380, by the temporary appointment at \$1,380 of Frank Magrino.

The Committee recommends the adoption of the attached resolution granting the requests. Respectfully,
ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby approves the request of the President of the Board of Justices of the Municipal Courts of the City of New York for authority to fill vacancies as follows:

Municipal Court of the City of New York—Proposed Equalization of Salaries of Clerks, Deputy Clerks and Assistant Clerks (Cal. No. 91).

(On February 15, 1918 (Cal. No. 53), this matter was referred to the Committee on Salaries and Grades.)

(On March 30, 1918, the Corporation Counsel, in an opinion, advised the Board that the requested increases in salaries could not be made.)

The Secretary presented a communication dated February 6, 1918, from the Acting Secretary, Board of Justices of the Municipal Court of The City of New York, in this matter: opinion, dated March 30, 1918, from the Corporation Counsel relative thereto; and the following report of the Committee on Salaries and Grades:

April 18, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On January 15, 1918, the Board of Justices of the Municipal Court forwarded to the Board of Estimate and Apportionment the following resolution:

"Resolved, That all the Clerks, Deputy Clerks and Assistant Clerks in any of the boroughs of the Greater City, now receiving \$2,000 per annum, should receive \$3,000 per annum."

This was referred to the Committee on Salaries and Grades (No. 53, Calendar of February 15, 1918.)

The following are all the employees of the Municipal Court of The City of New York who are receiving \$2,000 per annum as Clerks, Deputy Clerks or Assistant Clerks: John J. Cantwell, Assistant Clerk, 1st Dist., Brooklyn.

William Mutell, Assistant Clerk, 1st Dist., Brooklyn.
John F. Cassidy, Clerk, 1st Dist., Queens.
Eugene J. Dennen, Deputy Clerk, 1st Dist., Queens.
William Retter, Clerk, 2nd Dist., Queens.
Louis Lang, Deputy Clerk, 2nd Dist., Queens.
John H. Nuhn, Clerk, 3rd Dist., Queens.
Thomas Kohlweiss, Deputy Clerk, 3rd Dist., Queens.
Joseph Kestler, Clerk, 4th Dist., Queens.
John F. Ryan, Deputy Clerk, 4th Dist., Queens.
Thomas E. Cremins, Clerk, 1st Dist., Richmond.
Thomas J. Lenahan, Deputy Clerk, 1st Dist., Richmond.
William Wedemeyer, Clerk, 2nd Dist., Richmond.
Fred J. Ihnken, Deputy Clerk, 2nd Dist., Richmond.

On March 14, 1918, the Secretary of the Board of Estimate and Apportionment, by direction of the Committee on Salaries and Grades, submitted the matter to the Corporation Counsel for his opinion.

On March 30, 1918, the Corporation Counsel, in an opinion addressed to the Board of Estimate and Apportionment, stated in part as follows:

"The Clerks and Deputy Clerks in question are employed in the Boroughs of Queens and Richmond, respectively. The Assistant Clerks employed in the First District of Brooklyn were both appointed in February, 1912, and were receiving \$2,000 per year each on August 31, 1915. In view of the provisions of Chapter 581 of the Laws of 1915, continuing Clerks, Deputy Clerks and Assistant Clerks in office on August 31, 1915, at the salary then received by them, and further providing that their successors should receive a salary of \$3,000 a year, except in the Boroughs of Queens and Richmond, where the salary of such Clerks shall be \$2,000, I am of the opinion that the Board of Estimate and Apportionment may not increase the salaries of the Clerks mentioned by Mr. Haag from \$2,000 to \$3,000 a year, and I am constrained so to advise you."

In view of the opinion of the Corporation Counsel, the Committee on Salaries and Grades recommends the adoption of the attached resolution denying the request of the Board of Justices of the Municipal Court for increase in the salaries of the Clerks in question from \$2,000 to \$3,000 per annum each. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Board of Justices of the Municipal Courts of The City of New York, dated January 15, 1918, that all the Clerks, Deputy Clerks and Assistant Clerks of the Court in any of the boroughs of the Greater City now receiving \$2,000 per annum should receive \$3,000 per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

County Clerk, New York County—Authority to Fill Vacancies and Modification of Schedule (Cal. No. 92).

(On March 15, 1918 (Cal. No. 133-J), the request herein was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated March 11, 1918, from the County Clerk, New York County, requesting modification of schedule and authority to fill vacancies; and the following report of the Committee on Salaries and Grades:

April 22, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of the request of the County Clerk, New York County, for modification of salary schedule and permission to fill four vacant positions, as follows:

Calendar.	No.	Code.	Proposed Action.
March 15	133-J	3085	To increase 6 positions of Typewriting Copyist from \$1,080 to \$1,200 each and permission to fill 4 of these positions which are vacant; 6 positions of Clerk from \$420 to \$600 each; 4 positions of Clerk from \$480 to \$600 each, and 4 positions of Laborers from \$840 to \$912 each. To provide funds for these changes two positions of Clerk at \$420 and two positions of General Clerk, one at \$1,200 and one at \$960, are to be eliminated, scheduling \$432 in Balance Unassigned. The increase in rate for four Typewriting Copyists is necessary for the reason that all eligibles now on the list have refused to accept appointment at a salary less than \$1,200. The other two increases for Typewriting Copyists are requested for the purpose of equalizing the salaries of George A. Schilling and Stanley Herzenburg with that to be paid to the new appointees. The increase in rate for Clerks was requested in order that these Clerks may receive the minimum salary paid for similar work in other departments. The increase in rate for Laborers is in accordance with the action of the Board of Estimate and Apportionment and the Board of Aldermen. The County Clerk has withdrawn that part of the request relative to increasing a General Clerk from \$2,160 to \$2,400.

The Committee recommends the adoption of the attached resolutions granting the request as amended. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the request of the County Clerk, New York County, for permission to fill vacant positions, as follows:

	General Clerk	2,580 00

Which was adopted by the following vote:
Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

New York Guard and Naval Militia; Squadron "C," Cavalry, Kings County—Authority to Fill Vacancies (Cal. No. 97).

This matter was referred direct to the Committee by the Secretary of the Board.)
The Secretary presented a communication dated March 8, 1918, from the Commanding Officer, Squadron "C" Cavalry, New York Guard, Kings County, requesting permission to fill a vacant position, and the following report of the Committee on Salaries and Grades:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of a request made by the Commanding Officer of Squadron "C," Cavalry, New York Guard, Kings County, for permission to fill vacant positions, as follows:

Direct Reference No.	Code No.	Proposed Action.
233	3445	Laborer, at \$3 per day (365 days), due to the absence of William T. Donnell on war service, by the appointment of Frank W. Savage, at the same rate.
233	3445	Laborer (care of horses), at \$3 per day (365 days), due to the absence of Henry W. Cook on war service, by the appointment of John F. Morrissey, at the same rate.

The Committee recommends the adoption of the attached resolution granting the request. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

(On March 22, 1918 (Cal. Nos. 122 and 131-M), the requests herein were referred to the Committee on Salaries and Grades.)

The Secretary presented two communications dated March 13, 1918, from the County Clerk, Kings County, requesting modification of schedule, and transfer of funds; and the following report of the Committee on Salaries and Grades:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of the requests of the County Clerk, Kings County, as follows:

Calendar.	Item No.	Code No.	Proposed Action.
March 22	131-M	3365	To change the title of Joseph A. Fitzpatrick from Messenger at \$900 to that of Clerk at \$900, by modification of Code 3365. Mr. Fitzpatrick's title having been changed by the State Civil Service, in order to make his title conform with the work he performs. No increase in salary or appropriation is involved by reason of the request.
March 22	122	3368	To transfer \$864 from Code 3508, Kings County Fund for Salary and Wage Accruals, to Code 3368, Salaries, Regular Employees, Moving and Sorting Records and Books, to provide for increases in salaries of 12 Laborers in the office from \$840 to \$912 per annum each, granted them by resolution of the Board of Estimate and Apportionment on January 15, 1918, and by the Board of Aldermen on February 26, 1918, as of January 1, 1918.

The Committee recommends the adoption of the attached resolutions granting the requests. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

Kings County Fund for Salary and Wage Accruals; District Attorney, Kings County—Modification of Schedule and Transfer of Appropriation (Cal. No. 99).

The Secretary presented a report of the Committee on Salaries and Grades, without recommendation, on the request of the District Attorney of Kings County for modification of salary schedule No. 3380 for the year 1918, stating that the District Attorney has increased the salary of an Assistant District Attorney from \$4,000 to \$4,500 per annum, to be effective on May 1, 1918, under the authority given him by chapter 309 of the Laws of 1911, which provides in part, that "the power to appoint and to remove and to adjust, regulate and determine the salaries of Assistant District Attorneys for said County (Kings) is hereby vested in the District Attorney of said County." An additional appropriation of \$375 will be necessary to provide funds to meet the increase from May 1 to December 31, 1918, and two resolutions are presented for consideration which, if adopted, will modify the salary code to include the increase and transfer \$375 from Code 3508, Kings County Fund for Salary and Wage Accruals, to provide the funds therefor.

(On April 5, 1918 (Cal. No. 77B), this matter was referred to the above Committee.)

The matter was laid over one week (May 3, 1918).

Register, Kings County—Authority to Fill Vacancies (Cal. No. 100).

(These matters were referred direct to the Committee by the Secretary of the Board.)

The Secretary presented a communication dated March 11, 1918, from the Register, Kings County, requesting permission to fill vacancies; and the following report of the Committee on Salaries and Grades:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of the following requests of the Register of Kings County:

Item No.	Code No.	Proposed Action.

Register, Bronx County—Modification of Schedule and Establishment of Additional Grades of Positions (Cal. No. 103).

The Secretary presented a report of the Committee on Salaries and Grades recommending modification of salary schedule No. 3270 for the office of the Register of Bronx County for the year 1918, and stating that the purpose of this modification is a change of title from Clerk to Notarial Clerk, and to provide for the employment of two Draftsmen at \$900 each for six months, by the elimination of a position of Custodian at \$1,200; that it will be necessary to establish the grades of positions of Draftsman at \$900 for two incumbents and Notarial Clerk at \$1,680.

(On March 1, 1918 (Cal. Nos. 105 and 143-L), this matter was referred to the Committee on Salaries and Grades.)

(On March 15 (Cal. No. 74), March 22 (Cal. No. 149), and March 28, 1918 (Cal. No. 121), the matter was laid over; on the latter date until April 5, 1918.)

(On April 5, 1918 (Cal. No. 117), the Secretary was directed to communicate with the Register of Bronx County, and urge reconsideration of the above matter to the end that the modification requested may be deferred until the preparation of the Budget for 1919.)

The Secretary of the Board reports that this modification does not provide for any increase in compensation nor for any additional appropriation.

The Register of Bronx County states that in the discussion of the departmental estimate for his office for the Budget for 1918, consideration was given to the two positions of Draftsmen at \$900 each, to do the work of drafting maps for libers kept in said office. This work is necessary on account of the filing of the land map as required by law, but at the time of the consideration of the Budget, this map had not been officially filed and the appropriation therefore not allowed. After the filing of the land map, application was made for an appropriation for the Draftsmen, and the Committee on Salaries and Grades, to which this application was referred, recommended that Draftsmen from the Department of Taxes and Assessments be assigned to do the work. This, however, did not prove feasible, and the Committee subsequently reported in favor of the request by providing for these Draftsmen at \$900 each per annum for six months, the necessary funds to be obtained by eliminating a position of Custodian at \$1,200 per annum. The schedule thus modified will leave \$300 in balance unassigned. The other change asked for in this schedule is the substitution of a Notarial Clerk at \$1,680 per annum in place of a Clerk at the same rate.

It would appear that the two positions of Draftsmen are necessary and would have been provided in the Budget for 1918 had the land map been filed at the time of its adoption. The request of the Register of Bronx County should, therefore, be granted, and the recommendation of the Committee on Salaries and Grades adopted. The matter was laid over one week (May 3, 1918).

Bronx County Fund for Salary and Wage Accruals; Sheriff, Bronx County—Modification of Schedule, Transfer of Appropriation and Authority to Fill Vacancy (Cal. No. 104).

(On March 15, 1918 (Cal. No. 133-N), and by the Secretary direct these matters were referred to the Committee on Salaries and Grades.)

The Secretary presented two communications dated March 1 and 8, 1918, from the Sheriff, Bronx County, requesting modification of schedule, transfer of funds within appropriation, and permission to fill vacancy; and the following report of Committee on Salaries and Grades:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of the request of the Sheriff of Bronx County for modification of salary schedule and to fill a vacant position, as follows:

Calendar of:	No.	Code No.	Proposed Action.
March 15, 1918	133N	3294	To change lines Elevator Operator, \$876, to read \$912; Cleaners, 2 at \$792, to read 2 at \$864, and Cleaner, \$648, to read \$720, in order to provide for an increase of \$36 for the Elevator Operator and \$72 for each of the other employees above indicated. This action is in accordance with the establishment of these higher rates by the Board of Aldermen. It is necessary to transfer the sum of \$252 from the Bronx County Fund for Salary and Wage Accruals to effect these changes.
Direct reference 138		3294	Head Keeper at \$1,440, due to absence on military service of Thomas F. Leach, to be filled by appointment of Wm. F. Smith. This is an exempt position.

The Committee recommends the adoption of the attached resolution granting the request. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the request of the Sheriff, Bronx County, for permission to fill a vacancy, as follows:

Queens County Fund for Salary and Wage Accruals; County Clerk, Queens County—Authority to Fill Vacancies, Transfer of Appropriation and Modification of Schedules (Cal. No. 105).

(These requests were referred on April 5 (Cal. No. 97-F), and by direct reference to the Committee on Salaries and Grades.)

The Secretary presented three communications, dated March 9, 25 and 27, 1918 from the County Clerk, Queens County, requesting permission to fill vacancies; transfer from Queens County Fund for Salary and Wage Accruals and Modification of Schedules; and the following report of the Committee on Salaries and Grades:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of the requests of the County Clerk, Queens County, as follows:

Item No.	Code No.	Proposed Action.
Direct reference 172	3525	To fill two vacant positions of Watchman at \$792 each by appointment of two eligibles from Civil Service list at \$792 each.
Direct reference 241	3525	To fill vacant position of Satisfaction Clerk at \$1,560 per annum by the promotion and increase in salary of George W. King, now an Abstractor and Searcher in the office at \$1,440. This position is provided for under Chapter 540 of the Laws of 1912. To fill a position of Abstractor and Searcher, \$1,440, left vacant by Mr. King, by the promotion of Raymond W. McArdle, Clerk in the office now receiving \$1,200 per annum. No increase in appropriation is involved by reason of this request.
Calendar April 5 97-F	3525	To transfer \$300 from Code No. 3639, Queens County Fund for Salary and Wage Accruals, to provide for increases in salaries of two Laborers from \$792 to \$864, a Watchman from \$900 to \$912, and two Watchmen from \$792 to \$864. These increases were fixed by the Board of Aldermen on February 26, 1918, in connection with a general increase granted Laborers throughout the City, as of January 1, 1918.

The Committee recommends the adoption of the attached resolutions granting the request. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

District Attorney, Queens County—Establishment of Position of Woman Investigator (Cal. No. 106).

(On March 22, 1918 (Cal. No. 68), this matter was referred to the Committee on Salaries and Grades.

The Secretary presented a communication, dated March 12, 1918, from the District Attorney, Queens County, requesting establishment of position of Woman Investigator, at \$1,500 per annum; and the following report of the Committee on Salaries and Grades:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On March 12, 1918, the District Attorney of Queens County requested the establishment of the position of Investigator (Female) for his office at a salary of \$1,500 per annum. This was referred to the Committee on Salaries and Grades (No. 68, Calendar of March 22). The request of the District Attorney is based on communications from the Woman Citizens' League of Queens County, requesting that a woman be assigned in the office for the investigation of all cases in which crimes against women were committed, or in which women were involved. The records of the District Attorney's office, March, 1917, to March, 1918, show that 148 crimes were committed against women in Queens County during that time. The investigations in these cases have been heretofore made generally by Investigators of the Children's Society, the District Attorney or one of his Assistants. In none of these cases were women Investigators employed.

No request was made by the District Attorney in his departmental estimate for 1918 for this position and there are no funds within the 1918 appropriation to the office to provide for such a position.

In view of the foregoing facts the Committee on Salaries and Grades recommends

the adoption of the attached resolution denying the request of the District Attorney for an additional position of Investigator (Female) at \$1,500 per annum. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the District Attorney of Queens County, dated March 12, 1918, for the establishment of the position of Investigator (Female) in his office at a salary of \$1,500 per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Richmond—15.

Negative—The President of the Borough of Queens—1.

Various City Departments—Increase in Salary of Photographers (Cal. No. 107).

(On March 22, 1918 (Cal. No. 128), this request was referred to the Committee on Salaries and Grades.)

The Secretary presented a petition dated March 20, 1918, from the Photographers employed in City Departments, for an increase in salary; and the following report of the Committee on Salaries and Grades:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades, in reply to petition presented for increase in salary, hereby recommends that Photographers in City employ renew their application, through heads of Departments affected, for consideration in the Budget for 1919. The request is as follows:

Calendar of:	No.	Proposed Action.
March 22.	128	A more equitable appraisal of the value of positions of Photographers in City employ, with a view to increasing their salaries.

In the Budget for 1918, increases in rates for Photographers were allowed in Departments, as follows:

Bellevue and Allied Hospitals	\$1,200 to \$1,260
Board of Estimate and Apportionment	1,200 to 1,320
City Magistrates' Courts	1,320 to 1,380
Health	1,080 to 1,200
Plant and Structures	1,200 to 1,320
Tenement House	1,440 to 1,500

In the Department of Education and the Park Board no increase was allowed over the 1917 rates of \$1,500 and \$1,200, respectively.

In the City Magistrates' Courts the rate for Assistant Photographer (Finger Print) was increased from \$900 to \$960.

In the Public Service Commission (State) the rate for Photographer is \$2,700 and for Assistant Photographer \$1,500.

The petitioners submit rates paid photographers by important concerns, as follows:

United States Geological Survey, per annum	\$2,000 00
United States Department of Agriculture, per annum	2,100 00
General Electric Company, per annum	2,000 00
United States Navy, per diem	5 04
Afeda Studio, per week	30 to 50 00
Anso Company, per week	40 00
Commerical Camera Company, per week	25 to 60 00
Eastman Kodak Company, per week	40 to 75 00
L. B. Shaw, Eastman Kodak Company, per week	35 to 50 00
New York Tribune, per week	35 to 65 00
New York Herald, per week	40 00
Rossbach Commercial Company, per week	75 00
Schloss, per week	35 to 50 00
Underwood & Underwood, per week	40 00
William H. Tolman, per week	35 00

A representative of the Photographers who presented the petition stated as follows:

"The rates now paid to Photographers in the City departments vary from \$1,200 to \$1,500 per annum. Men who pass a Civil Service examination for Photographer are qualified to do the work required in any department.

"Photographers, owing to lack of organization, have not been so fortunate as the men in other skilled trades in securing a fair rate for similar services in City departments.

"We have submitted figures showing that in private employ Photographers receive on the average 25 per cent. or more above what we are paid.

"We realize that under the present policy of disallowing increases in salary to City employees we might not be able to secure an increase at this time, especially on account of the increases, though small, allowed to most of us on January 1, 1918.

"We respectfully ask now that in the preparation of Budget estimates for 1919 heads of departments affected be requested to provide a fair rate for Photographers.

"In consideration of the rate paid in United States Government and in private employ in Greater New York, and on account of the high cost of living, we think a fair rate for competent Photographers would be \$1,800 to \$2,700 per annum.

"We would also suggest a rate of \$1,020 to \$1,380 per annum be established for the position of Assistant Photographer, and a rate for Photostat or Rectigraph Operator, of \$960 to \$1,320."

The Committee recommends that the attached resolution be adopted.

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the recommendation of the Committee on Salaries and Grades, in reply to petition presented by Photographers in City employ for increase in salary, that the petitioners renew their application through heads of departments affected, so that consideration may be given the request in the preparation of the Budget for 1919.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Various City Departments—Payment of Prevailing Rate of Wages to Elevator Constructors' Helpers (Cal. No. 108).

(On March 28, 1918 (Cal. No. 104), the request was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated March 20, 1918, from the President of the Borough of Manhattan, in this matter, and the following report of the Committee on Salaries and Grades:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On March 28, 1918 (Calendar No. 104), the request of the Elevator Constructors' Helpers, employed in the office of the President of the Borough of Manhattan, for payment of wages at the rate of \$3.52, in place of \$3.40 per diem, from January 1, 1917, to December 31, 1917, was referred to the Committee on Salaries and Grades.

Inasmuch as the request involves an increase in wages for services performed during the year 1917, your Committee recommends that it be discharged from further consideration of the subject, and that the request be referred to the Comptroller for such action as he may deem necessary by the adoption of the attached resolution.

Respectfully, ALBERT E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Committee on Salaries and Grades be discharged from further consideration of the request of the Elevator Constructors' Helpers (Calendar

of March 28, 1918, No. 104) for increase in wages from \$3.40 to \$3.52 per diem during the year 1917, and that the request be and is hereby referred to the Comptroller for such action as he may deem necessary.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The matter was referred to the Comptroller.

Department of Water Supply, Gas and Electricity—Amendment of Resolution Authorizing Acquisition of Property of the South Shore Water Works Company of Staten Island and Issue of Corporate Stock Therefor (Cal. No. 110).

(On June 1, 1917 (Cal. No. 80A), the Board adopted a resolution authorizing the Commissioner of Water Supply, Gas and Electricity to purchase this plant.)

The Secretary presented the following report of the Comptroller:

April 18, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On June 1, 1917, your predecessor Board adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby authorizes the Commissioner of Water Supply, Gas and Electricity to purchase from the South Shore Water Works Company of Staten Island, New York, at a cost not exceeding ten thousand dollars (\$10,000), the entire water supply plant of the company, including the two parcels of land upon which the pumping station and stand pipe are located, the pumping plant, stand pipe, distribution system and all the rights, title and interest of said company in the streets of New Dorp, Staten Island."

Early in January of this year the Department of Finance received a certificate of the Title Guarantee and Trust Company, covering the land of the South Shore Water Works Company of Staten Island, which was to be conveyed to the City as part of the property of said company. This certificate was transmitted to the Corporation Counsel, who, under date of February 8, 1918, advised the Comptroller that from such certificate it appeared that a good and marketable title to the premises mentioned in the resolution above quoted was vested in the said company free and clear of all incumbrances and defects, except as follows:

1. A mortgage given to secure payment of the sum of \$50,000 made by the South Shore Water Works Company of Staten Island to Atlantic Trust Company, dated July 1st, 1900, recorded September 26th, 1900, in the office of the Clerk of the County of Richmond, in Liber 226 of Mortgages, page 550, is a lien upon said premises.

2. The following unpaid taxes:

Ward 4, Volume 2, New Dorp, Lot 694 and 729.

1917 Line No. 19302, \$26.50, on first half, Lot 694, South Shore Water Co.

1917 Line No. 19302, \$26.50 on second half.

1917 Line No. 19411, \$18.02 on first half, Lot 729, South Shore Water Co.

1917 Line No. 19411, \$18.02 on second half.

Real Estate of Corporations. Franchise Tax.
1917 Corporation No. 259 \$10 60 \$75 47 on first half.
1917 Corporation No. 259 10 60 75 47 on second half.
1916 Corporation No. 259 10 65 75 82 on first half.
1916 Corporation No. 259 10 65 75 82 on second half.
1915 Corporation No. 259 11 20 79 74 on first half.
1915 Corporation No. 259 11 20 79 74 on second half.

1907 to 1910—Certificate No. 4634, South Shore Water Works, Corporation No. 259; sold Feb. 4, 1914, to New York City at 12 per cent. for \$1,575.26.

Search dated December 27, 1917.

1907, Ward 4, Corporation No. 259, Special Franchise, \$235.32 \$26 67

1908, Ward 4, Corporation No. 259, Special Franchise, \$256.67 17 11

1909, Ward 4, Corporation No. 259, Special Franchise, \$266.28 17 75

1910, Ward 4, Corporation No. 259, Special Franchise, \$281.25 18 75

—are liens upon said premises.

The foregoing items embraced in 1 and 2 must be discharged at or before the time of closing title.

3. The premises are subject to covenants and restrictions, as set forth in two certain deeds recorded in the office of the Clerk of the County of Richmond, in Liber 194 and 195 of Conveyances, pages 214 and 24, respectively, said covenants providing that there shall not be erected or permitted on said premises any slaughter house, brass foundry, nail or other iron foundry or any manufactory of gunpowder, soap, candle, starch, glue, varnish, vitriol, ink or turpentine, or bone foundry, or for the tanning, pressing or preparing skins, hides or leather, or any brewery, distillery or bone-boiling establishment, livery stable or cattle yard, or hog pen or dairy, or for the vending of any alcohol, liquors, wine, ales or beer, except for medicinal purposes, or the carrying on upon said premises any of the trades, businesses or employments above mentioned.

4. The premises are subject to the building restrictions and regulations in

resolution adopted July 25, 1916, by the Board of Estimate and Apportionment (Building Zone Regulations).

However, the Corporation Counsel advises that this does not preclude the use of the premises for the purposes for which they are being acquired.

The Corporation Counsel further advises that the resolution authorizing the acquisition of said premises fails to provide for such acquisition subject to the liens and encumbrances mentioned in 1, 2 and 3, supra, and then continues:

"When assurance is obtained from the Department of Water Supply, Gas and Electricity that said covenants and restrictions will not embarrass the use of this property by the City, said resolution should be amended to provide that the premises be acquired subject to such covenants and restrictions before taking the same so subject."

Under date of April 8, 1918, the Comptroller received a communication from Hon. Nicholas J. Hayes, Commissioner of Water Supply, Gas and Electricity, which reads as follows:

"This is in reply to your communication of March 25, in relation to the purchase of the property and plant of the South Shore Water Works Company. I advise you that the covenants and restrictions set forth in the search furnished you by the Title Guarantee and Trust Company and which are embodied in your letter of the above date, should not in any manner embarrass the City in the use of the property."

"After the City has come into possession of the two parcels referred to, it is my intention to release control of them to the Commissioners of the Sinking Fund for such disposition as they may desire."

In the report of the former Bureau of Contract Supervision to the Board of Estimate and Apportionment, under date of March 16, 1917, it is stated that the "two parcels of land have been appraised by the Finance Department at \$1,000." (See minutes, Board of Estimate and Apportionment, June 1, 1917, at pages 3317-3321.)

These are the parcels of land which are subject, as aforesaid, to the covenant against nuisances and are part of the property to which the other items of liens above mentioned have application.

I have had an offer of \$2,000 for these two parcels of land.

In view of the opinion of the Corporation Counsel and the letter from the Commissioner of Water Supply, Gas and Electricity, together with the offer for the purchase of the property, the undersigned recommends the adoption of the annexed resolution, which will enable the transaction to be closed upon payment of such taxes and other items or liens against the property which must be discharged upon the closing of the title. Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on June 1, 1917, be amended to read as follows:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Commissioner of Water Supply, Gas and Electricity to purchase from the South Shore Water Works Company of Staten Island, New York, at a cost not exceeding ten thousand dollars (\$10,000) the entire water supply plant of the Company, including the two parcels of land upon which the pumping station and standpipe are located, the pumping plant, standpipe, distribution system and all the rights, title and interest of said company in the streets of New Dorp, Staten Island; the said two parcels of land to be free and clear of all incumbrances except the covenants and restrictions as set forth in two certain deeds recorded in the office of the Clerk of the County of Richmond in Liber 194 and 195 of conveyances, pages 214 and 24, respectively.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Mayor's Committee on National Defense—Transfer of Appropriation (Cal. No. 111).

The Secretary presented a report of the Comptroller recommending, inasmuch as the appropriation of the 1918 Budget for the Mayor's Committee on National Defense is only \$100,000, and as the exigencies of the war may require an amount in excess of this, that the unallotted balance of \$41,013.91 remaining in the special revenue bond authorization of \$250,000, adopted by the Board on April 27, 1917, and known as the Mayor's War Fund, be made available for any emergency that may require recourse thereto.

Which was laid over one week (May 3, 1918).

Board of Estimate and Apportionment—Transfer of Appropriation (Cal. No. 112).

(On April 12, 1918 (Cal. No. 76-1-2), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated April 9, 1918, from the Assistant Secretary, Board of Estimate and Apportionment, requesting a transfer of funds within appropriations for 1916, and the following report of the Comptroller:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Assistant Secretary of the Board of Estimate and Apportionment, in a communication dated April 9, 1918, Calendar No. 76 (i-2), April 12, 1918, applied for the transfer of \$9.30 to appropriation 47-1916, Contingencies.

This transfer is necessary to provide \$6 for an over incumbrance for printing, and \$3.30 for outstanding bills for repairs to typewriters, properly chargeable to this account. Of the amount necessary to be transferred, \$7.60 can be obtained from Code 41-1916, General Plant Equipment, and \$1.70 from Department of Finance appropriation, Telegraph, Cable and Messenger Service, Code 97-1916.

The adoption of the attached resolution will effect the transfers requested.

Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves the transfer of funds within appropriations for the year 1916, as follows:

BOARD OF ESTIMATE AND APPORTIONMENT.	
47 Contingencies	\$9 30

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Board of Estimate and Apportionment—Transfer of Appropriation (Cal. No. 113).

(On April 12, 1918 (Cal. No. 76-1-1), the request of the Assistant Secretary of the Board herein was referred to the Comptroller.)

The Secretary presented a communication dated April 9, 1918, from the Assistant Secretary, Board of Estimate and Apportionment, requesting transfer of funds within appropriation for 1917, and the following report of the Comptroller:

April 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Secretary of your Board, under date of April 9, 1918, Calendar No. 76 (i-1), April 12, 1918, applied for the transfer of \$4.84 from appropriation 36-1917, Supplies, Office Supplies, to appropriation 50-1917, Communication. There is an unpaid telephone bill for excess calls amounting to \$9.24, properly chargeable to account No. 50. The available balance in this account is \$4.40, and a transfer of \$4.84 is therefore necessary.

The adoption of the attached resolution will effect the desired transfer.

Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the greater New York Charter, hereby approves of the transfer of funds appropriated to the Board of Estimate and Apportionment for the year 1917, as follows:

FROM	
<i>Supplies.</i>	
36 Office Supplies, Bureau of Contract Supervision.....	\$4 84
TO	
<i>Contract or Open Order Service.</i>	
50 Communication, Bureau of Contract Supervision.....	\$4 84

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Transfer of Appropriation (Cal. No. 114).
(On April 12, 1918 (Cal. No. 76-A), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated April 2, 1918, from the President, Borough of Manhattan, requesting a transfer of funds within appropriation for 1917, and the following report of the Comptroller:

April 22, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The President of the Borough of Manhattan, under date of April 2, 1918 (Cal. No. 76-A, April 12, 1918), requested the transfer of funds within appropriations made to that office for the year 1917 as follows:

FROM	
<i>Contract or Open Order Service, Transportation, Hire of Horses and Vehicles with Drivers.</i>	
431 Care of Sewers	\$750 00
432 Care of Public Buildings and Offices.....	250 00
	\$1,000 00
TO	
<i>Contract or Open Order Service, Communication.</i>	
439 Telephone Service	\$806 68
448 Contingencies, Care of Supreme Court.....	193 32
	\$1,000 00

The transfer of \$806.68 to Code 439 is sought in connection with the payment of a bill of the New York Telephone Company for \$1,533.45. In addition to the \$806.68 requested there is an unencumbered balance in the telephone appropriation of \$313.03, and a contract reserve of \$413.74, sufficient in all to provide for the liquidation of the bill. The deficit in the account is chiefly due to the excess calls for November, 15,139, and for December, 23,968, a total of 39,107, which, at 2½ cents each, less 25 per cent., amount to \$733.33.

The request for the transfer of \$193.32 to Code 448 is partly to provide for a deficit in funds to meet a bill of the New York Telephone Co. for \$455.76 for the Supreme Court of the First Judicial District, for the months of October, November and December. There is a balance in the account of \$8.89. The excess of telephone charges for the year over the estimated amount is \$129.59, making a transfer of \$120.70 necessary to pay the telephone bill. The balance of the requested transfer, \$72.62, is requested to meet any possible excess of bills over outstanding open market orders. These orders amount to \$437.68.

The funds requested to be transferred are available in the appropriations from which it is proposed they be obtained. The adoption of the attached resolution will effect the transfers as requested. Respectfully,

CHARLES L. CRAIG, Comptroller.

President, Borough of Queens—Transfer of Appropriations (Cal. No. 115).

(On April 12, 1918 (Cal. No. 76-H), the request herein was referred to the Comptroller.)

The Secretary presented a communication, dated April 5, 1918, from the Acting President of the Borough of Queens, requesting a transfer of funds within appropriations for 1916 and 1917, and the following report of the Comptroller:

April 22, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Acting President of the Borough of Queens, under date of April 5, 1918 (Cal. No. 76h, April 12, 1918) requested the transfer of funds between several appropriations for the years 1916 and 1917, as follows:

FROM	
<i>Supplies, Laundry, Cleaning and Disinfecting Supplies.</i>	
686 Care of Sewers and Street Cleaning	\$15 34
<i>Materials.</i>	
705 Highway Materials	72 10

<i>Personal Service, Salaries Regular Employees, Engineering Construction.</i>	
661TC Tax Levy, Corporate Stock and Special Corporate Stock (Assessment) Fund Force	\$15 34
<i>General Plant Equipment.</i>	
700 Care of Highways	10 62
<i>Contract or Open Order Service.</i>	
728 Expressage and Deliveries	7 00
731 Motor Vehicle Repairs, Administration and Public Works	61 48
<i>1917.</i>	
<i>Personal Service, Salaries Regular Employees, Engineering Construction.</i>	
661TC Tax Levy, Corporate Stock and Special Corporate Stock (Assessment) Fund Force	63 08
Total	\$157 52

The office of the President of the Borough of Queens states that the necessity for the transfers requested rests on the following facts:

Code 661TC, 1916, Salaries Regular Employees, Engineering, Construction. Requested Transfer, \$15.34.

In a letter to the Comptroller, dated November 20, 1917, the President of the Borough of Queens requested transfer of \$15.34 from the General Fund to Code 661TC, 1916, and asked for a credit to the Street Improvement Fund, C. F. M.—25, and a debit to 661TC, 1916. It is stated that a charge from payroll voucher No. 947 of 1916 was made to the Street Improvement Fund for services rendered. The charge, however, was not made against the proper assessment account and a deficit was thus created in the Street Improvement Fund. To remedy this condition, it is now proposed to transfer \$15.34 from 1916 appropriation accounts to Code 661, 1916, in order to provide a sufficient balance to permit of an adjustment of the charge between C. F. M.—25 and 661, 1916.

Code 700, 1916, General Plant Equipment. Requested Transfer, \$10.62.

This transfer is requested to pay bill of Warren Bros. for pinion gear delivered in 1916, the requisition to cover which was lost and no order issued in that year.

Code 728, 1916, Expressage and Deliveries. Requested Transfer, \$7.

This transfer is necessary to pay bill of the Long Island Railroad Company for car demurrage in July, August and September. There was delay in rendering the bills.

Code 731, 1916, Motor Vehicle Repairs. Requested Transfer, \$61.48.

An open market order was issued in 1916 to the Maxwell Motor Sales Corporation in amount \$22. A bill was rendered for \$72.85, or \$50.85 over the amount of the order. Considerable delay resulted before the charge was satisfactorily adjusted. The Strang Auto Garage Co., Inc., repaired Oldsmobile Car No. 8, the bill for which was delayed. The amount is \$10.63. This amount, with the excess over order for the Maxwell Motor Sales Corporation, comprises the amount of the requested transfer. *Code 661TC, 1917, Salaries, Regular Employees, Engineering, Construction. Requested Transfer, \$63.08.*

Payrolls chargeable to various funds are paid promptly at the end of each month, as in the case of other payrolls, and a temporary charge made to one account. After the time sheets have been analyzed a distribution sheet is forwarded to the Department of Finance, from which charges are made to proper accounts. In December, 1917, after proper charges were made on the next to the last roll for the year (payroll voucher No. 1089) a balance remained in 661TC of \$24.42. The last roll of the year (special No. 1095) was then presented, the distribution of which showed \$87.50 applicable to tax levy, resulting in a deficit in the account of \$63.08. The transfer is requested to provide for this deficit.

The transfers requested are necessary to meet existing obligations of the office of the President of the Borough of Queens for the years 1916 and 1917, and the amounts to be transferred are obtained from available balances in other appropriations for that office for the years indicated. The adoption of the attached resolution will effect the transfers requested. Respectfully,

CHARLES L. CRAIG, Comptroller.

Bellevue and Allied Hospitals—Transfer of Appropriation (Cal. No. 116).

(On April 5, 1918 (Cal. No. 96-A), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated March 27, 1918, from the Secretary, Board of Trustees of Bellevue and Allied Hospitals, requesting a transfer of funds within appropriation for 1917; and the following report of the Comptroller:

April 12, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Board of Trustees of Bellevue and Allied Hospitals under date of March 27, 1918, have applied for the transfer of \$933.06 between 1917 appropriations made to that board. This request (No. 96A of April 5, 1918) was referred to the Comptroller for report.

The transfer proposed is from Code 2070, Food Supplies, to Code 2093, Telephone Service. There is an unpaid bill of the New York Telephone Company, in amount \$1,218.46, for December, 1917. The original budget appropriation was \$7,700, and a previous transfer has been made to it of \$656. The available balance in the account is \$285.40, making necessary a transfer thereto of \$933.06. The cost of calls in excess of those provided for in the contract is \$503.34, and the cost for foreign messages is \$1,425.49, with some offsetting credits for discounts, cancellations, etc., making the total of the unpaid bill \$1,218.46 and the overincumbrance \$933.06. There is a sufficient balance in Code 2070, Food Supplies, to permit of the transfer therefrom as requested.

The adoption of the attached resolution will effect the transfer referred to and provide funds for the liquidation of the bill.

Respectfully, CHARLES L. CRAIG, Comptroller.

Department of Correction—Transfer of Appropriation (Cal. No. 117).

(On April 19, 1918 (Cal. No. 79-B), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated April 11, 1918, from the Commissioner of Correction, requesting a transfer of funds within appropriations for 1917; and the following report of the Comptroller:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On April 19, 1918 (Cal. No. 79-B), your Board referred to the Comptroller a communication dated April 11, 1918, from the Commissioner of the Department of Correction, requesting the transfer of funds within appropriations for the year 1917, to provide funds to meet a payroll charge.

A transfer of \$89.60 is requested from Code No. 2634, Salaries Regular Employees, Prison Service, General, to Code No. 2627, Salaries Regular Employees, Purchase and Storage of Supplies, to pay the salary of the Purchasing Agent from December 12 to 31, 1917, at the rate of \$1,800 per annum. The amount of the payroll is \$96.77, and the balance in the account is \$7.17, necessitating the transfer of \$89.60 to this account. The deficit in the account was caused by the transfer during the year 1917 of too large amounts to the accrual account. There is sufficient balance in Code No. 2634 to permit the transfer requested.

The adoption of the accompanying resolution is recommended.

Very truly yours,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated to the Department of Correction for the year 1917 as follows:

FROM	
<i>Personal Service, Salaries, Regular Employees, Prison Service.</i>	
2634 General	\$89 60
TO	
<i>Personal Service, Salaries, Regular Employees.</i>	
2627 Purchase and Storage of Supplies	\$89 60

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Plant and Structures—Modification of Schedule (Cal. No. 118).

The Secretary presented the following report of the Comptroller:

March 28, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—At the meeting of your Board, March 22, 1918, a resolution, Calendar No. 19, was passed, modifying the salary schedule of account No. 2751C, Salaries, Temporary Employees, Construction, Corporate Stock Force, of the Department of Plant and Structures for the year 1918. In preparing this schedule, a modification, approved by your Board on January 25, 1918, was not taken into consideration. In order that the schedule may be properly adjusted, the adoption of the following resolution is recommended. Very truly yours,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Plant and Structures for the year 1918, to be effective January 1, 1918, as follows:

<i>Personal Service, Salaries Temporary Employees, Construction.</i>	
2751C Corporate Stock Force—	
174th Street Bridge—	
Draftsman, at \$1,920 per annum (6 months)	\$960 00
Transitman, at \$1,920 per annum (4 months)	640 00
Ocean Avenue Bridge—	
Draftsman, at \$1,920 per annum (6 months)	960 00
Transitman, at \$1,920 per annum (4 months)	640 00
Unionport Bridge—	
Transitman, at \$1,920 per annum (4 months)	640 00
Schedule Total	\$3,840 00
Corporate Stock Allowance	\$3,840 00

Which was adopted by the following vote:

Affirmative—The Mayor, The Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Plant and Structures—Transfer of Funds (Cal. No. 119).

The Secretary presented a communication dated April 22, 1918, from the Chief Auditor of Accounts, Department of Finance, requesting a transfer of funds; and the following report of the Comptroller:

April 23, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On February 7, 1918, a transcript of judgment was filed in the Department of Finance against The City of New York in favor of North-Eastern Construction Company for the sum of \$16,141.92.

This action arose out of a contract entered into on or about July 16, 1912, by and between the Commissioner of the Department of Bridges and the North-Eastern Construction Company, for the construction of a subway connection for the Manhattan terminal of the Brooklyn Bridge. The action was to recover the sum of \$137,403.66 alleged to be due the North-Eastern Construction Company, of which amount \$41,214.69 was claimed as damages for delays caused by The City of New York; \$22,230.25 for work done which the plaintiff claimed was not shown upon the plans or called for by the specifications, and \$73,958.72 for extra work in excavating 8,905.87 cubic yards of masonry.

The Supreme Court, New York County, in an opinion handed down on February 1, 1918, directed that the plaintiff have judgment for \$15,147.61 for the extra work and damages for delay, as well as costs in court, and an extra allowance of 5 per cent. on the amount of the verdict, making a total of \$16,141.92. On April 18, 1918, the Corporation Counsel advised the Comptroller to pay the amount of the judgment.

As there are no funds available in account "C. D. B.—29A, Brooklyn Bridge Reconstructing Westerly or Manhattan Terminal Subway Connection," to which this judgment is properly chargeable, you are requested to approve the transfer of \$16,141.92 from account "C. F. M.—24, Moneys Available for Permanent Improvements for Which Corporate Stock May Lawfully Be Issued—Various," to "C. D. B.—29A, Brooklyn Bridge Reconstructing Westerly or Manhattan Terminal Subway Connection."

As there are sufficient funds in account C. F. M.—24 to permit of the proposed transfer, the adoption of the accompanying resolution is recommended.

Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby authorizes and requests the Comptroller to transfer the sum of sixteen thousand one hundred forty-one and 92-100 dollars (\$16,141.92) from the fund entitled "C. F. M.—24, Moneys Available for Permanent Improvements for Which Corporate Stock May Lawfully Be Issued, Various," to the account established for the Department of Plant and Structures entitled "C. D. B.—29A, Brooklyn Bridge, Reconstructing Westerly or Manhattan Terminal Subway Connection," which transfer of sixteen thousand one hundred forty-one and 92-100 dollars (\$16,141.92) to the latter account is to provide funds payable therefrom for the satisfaction of a judgment against the City for additional work performed, etc., in the reconstruction of the Brooklyn Bridge, Westerly or Manhattan Terminal, Subway Connection.

Which was adopted by the following vote:

Affirmative—The Mayor, The Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

City Court of New York—Transfer of Appropriation (Cal. No. 120).

(On April 5, 1918 (Cal. No. 96-E), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated March 25, 1918, from the Clerk of the City Court of The City of New York, requesting a transfer of funds within the appropriation for 1917; and the following report of the Comptroller:

April 12, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Clerk of the City Court of New York, under date of March 25, 1918, requested transfer of \$44.72 to Code 2880, 1917, Telephone Service, to provide funds to meet the final 1917 bill. The amount is to be transferred from the following appropriations made to the City Court: \$40.25 from Code 2881, Contingencies, and \$4.47 from Code 2877, Equipment, General. This request (No. 96-E of the calendar of April 5, 1918), was referred to the Comptroller for report.

There is an unpaid telephone bill against the City Court of \$88.75, consisting of the following items:

Local service for December	\$46 65
2386 additional local calls at 2½ cents	59 65
2386 recharged, one-half cent each	11 93
	\$118 23
Discount, 25 per cent	29 55
	\$88 68
Interborough toll	07
	\$88 75

The original telephone appropriation was \$430, of which amount there is available \$44.03, making necessary a transfer of \$44.72. This over incumbrance of the account is practically entirely due to the use of calls in excess of the number provided in the contract. The other appropriations made to the City Court from which it is proposed to transfer the \$44.72, have sufficient available balances for that purpose.

The adoption of the attached resolution will provide funds for the liquidation of the bill herein referred to. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves transfer of funds within appropriations made for the City Court of New York for the year 1917, as follows:

FROM	
<i>Equipment.</i>	
2877 General	\$4 47
2881 Contingencies	40 25
	\$44 72

TO

Contract or Open Order Service, Communication.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Kings County Fund for Salary and Wage Accruals; Sheriff, Kings County—Transfer of Appropriations (Cal. No. 121)

(On April 5, 1918 (Cal. No. 96-H), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated April 1, 1918, from Chief Clerk, Sheriff's Office of Kings County, requesting a transfer of funds within appropriations for 1917; and the following report of the Comptroller:

April 15, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated April 1, 1918, No. 96-h, Calendar of April 5, 1918, referred to the Comptroller, the Chief Clerk of the Sheriff's Office of Kings County requested the transfer of unencumbered balances in the 1917 appropriations to that office, amounting to \$77.57, and a transfer of \$493.65 available from other sources, to meet deficits aggregating \$571.22, in some of the 1917 accounts. The request proposes the following transfers:

FROM	
3434 General Plant Supplies	\$26 60
3436 Hire of Automobiles	2 00
3437 Transportation	48 97
3509 Kings County Fund for Salary and Wage Accruals	493 65
	\$571 22

TO

3432 Fees and Commissions	\$59 00
3432A Food Supplies	42 61
3433 Office Supplies	51 55
3435 Equipment	14 07
3438 Communication	368 98
3439 Contingencies	35 01
	\$571 22

Following is a statement of the reasons given by the Chief Clerk for the deficit in each account:

- 3432 Fees and Commissions—Deficit in this account, caused by the number of civil prisoners and material witnesses requiring the services of Physicians.
- 3432A Food Supplies—Deficit caused by the large increase in cost of food supplies.
- 3433 Office Supplies—Deficit caused by the increase in cost of office supplies and the increased business of the office.
- 3435 Equipment—Deficit caused by insufficient appropriation.
- 3438 Communication—Deficit caused by the excess number of telephone calls due to formation of the Sheriff's Defense Corp. which was organized pursuant to an order from the State Adjutant General.
- 3439 Contingencies—Deficit caused by the increase in quantity and cost of medicine purchased for the use of prisoners and material witnesses and the purchase of kitchen supplies, for which no appropriation was made.

In view of the foregoing, the adoption of the attached resolution providing for the necessary transfers is recommended.

Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves of the transfer of funds within the appropriations made to the Sheriff of Kings County for the year 1917, as follows:

Public Administrator, Kings County—Transfer of Appropriation (Cal. No. 122).

(On April 12, 1918 (Cal. No. 76-C) the request herein was referred to the Comptroller.)

The Secretary presented a communication dated April 3, 1918, from the Public Administrator of Kings County, requesting a transfer of funds within appropriation for 1917; and the following report of the Comptroller:

April 18, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated April 3, 1918, No. 76c, Calendar of April 12, 1918, referred to the Comptroller, the Public Administrator of Kings County requested the transfer within 1917 funds, of \$1 from Code No. 3421, Supplies, to Code No. 3424, Contingencies.

The Public Administrator states that the transfer requested is necessary to rectify an error made through the transfer on March 22, 1918, from the Contingencies Account, of \$1 more than was available for transfer, thereby leaving a deficit which must be liquidated.

The adoption of the attached resolution providing for the desired transfer is therefore recommended. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves of the transfer of funds within the appropriations to the office of the Public Administrator of Kings County for 1917, as follows:

3421 Supplies	FROM	\$1 00
3424 Contingencies	TO	\$1 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Surrogate's Court, Queens County—Transfer of Appropriation (Cal. No. 123).

(On April 12, 1918 (Cal. No. 76-E), the request herein was referred to the Comptroller.)

The Secretary presented a communication dated April 5, 1918, from the Surrogate of Queens County, requesting a transfer of funds within appropriation for 1917; and the following report of the Comptroller:

April 18, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated April 5, 1918, No. 76-E, Calendar of April 12, 1918, referred to the Comptroller, the Surrogate of Queens County requested the transfer within 1917 appropriations of \$9.64 from Code No. 3607, Supplies, to Code No. 3609, Telephone Service.

The Surrogate states that the transfer requested is necessary in order that a deficit in the Telephone Service account may be liquidated.

The adoption of the attached resolution providing for the desired transfer is therefore recommended. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds within the appropriations to the Surrogate's offices of Queens County for the year 1917, as follows:

3607 Supplies	FROM	\$9 64
3609 Telephone Service	TO	\$9 64

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Service Commission for the First District—Appropriation for Salaries and Expenses for the Year 1918 (Cal. No. 124).

(On April 12, 1918 (Cal. Nos. 37 and 38), the requests herein were referred to the Comptroller.)

The Secretary presented the following communications from the Public Service Commission for the First District and report of the Comptroller:

State of New York, Public Service Commission for the First District, 120 Broadway, New York, April 9, 1918.

Board of Estimate and Apportionment, Municipal Building, New York City:

Gentlemen—In your resolution of February 1, 1918, as amended by your resolution of March 28, 1918, covering an appropriation of \$616,137.83 for the estimated administrative expenses for this Commission for the three months' period ended April 30, 1918, there was included in Code No. 2881-R, Fees and Commissions, an item of \$3,000, which amount has now been expended for services chargeable to this Code necessarily employed.

For a considerable time past there has been in existence in the office of the Corporation Counsel a special bureau devoting its time to the trial and preparation of litigation arising out of our subway construction, there being assigned to this bureau at this time five men whose salaries aggregate \$1,116.66 per month, such salaries being a proper charge against this Code. In order to provide for the payment of these men for the month of March and for the current month, request is made that your resolution of March 28, 1918, be modified by reducing from \$26,350 to \$24,116.68, the allotment for Code 2880-R, Electrical Equipment and Inspection, and by increasing Code 2881-R, Fees and Commissions, from \$3,000 to \$5,233.32.

Very truly yours,

JAMES B. WALKER, Secretary.

State of New York, Public Service Commission for the First District, 120 Broadway, New York, April 9, 1918.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—In August and September last, when the estimated administrative expenses of this Commission for the current year were being considered by the Board of Estimate and Apportionment, the personal service requirements of our Engineering Department were distributed into nine groups. This distribution, however, because of the transient character of our organization and the emergency nature of our work, was made tentatively and it was understood that if the appropriations were made in that form, readjustment within the total amount appropriated would be from time to time necessary.

On the basis of the estimated needs of the current month, there will be substantial surpluses in three and deficits in five of the appropriation codes. The deficits can be taken care of from the surplus, so that our total expenditures will be kept within the amount allowed for personal service, Engineering Department.

In detail, it is desired to transfer from Code 2875-R, Designs, to Code 2873-R, Supervisory, \$1,919.37; from Code 2877-R, Inspection, to Code 2874-R, Supervisory, \$8,128.21; from Code 2877-R, Inspection, to Code 2876-R, Analyzing and Testing, \$46.42; from Code 2877-R, Inspection, to Code 2878-R, Chief Engineer's Staff, \$1,354.56; and from Code 2877-R, Inspection, to Code 2879-R, Janitorial, Laborers, etc., \$772.06.

In order to allow the foregoing transfers within appropriation, request is made that the following resolution be adopted:

Resolved, That the following resolution adopted by the Board of Estimate and Apportionment on March 28, 1918:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 10, chapter 4 of the Laws of 1901, and section 14, chapter 429 of the Laws of 1907, as amended, and on account of the requisition of the Public Service Commission for the First District, made by the Chairman and Secretary thereof, on October 3, 1917, for two million two hundred and fifty thousand and sixty-eight dollars (\$2,250,068), on account, for the expenses of the Commission for the year

ending December 31, 1918, as are chargeable to The City of New York, hereby approves, in addition to the amount of two hundred and twenty-seven thousand nine hundred and thirty-two dollars and seventeen cents (\$227,932.17), previously authorized, of an issue of special revenue bonds of The City of New York to an amount not exceeding six hundred and sixteen thousand one hundred and thirty-seven dollars and eighty-three cents (\$616,137.83), applied as follows:

Respectfully submitted,

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.

April 20, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On April 12, 1918 (Cal. Nos. 37 and 38), your Board referred to the Comptroller two communications dated April 9, 1918, from the Secretary of the

Public Service Commission, requesting modification of the resolution adopted by your Board on March 28, 1918 (Cal. No. 62), which authorized the issuance of special revenue bonds to the amount of \$616,137.83, to be applied to certain specified purposes. An examination of these requests was made by the Bureau of Municipal Investigation and Statistics, with the result shown below:

The first request of the Public Service Commission is that the resolution above referred to, authorizing the issuance of special revenue bonds, be amended so as to increase the amount of funds provided for Code 2881R, Fees and Commissions, by \$2,333.32, and that a corresponding decrease be made in Code 2880R, Electrical Equipment and Inspection, the purpose being to provide funds for the payment of the salaries of five employees forming a special bureau in the office of the Corporation Counsel, engaged in trials and in the preparation of papers in litigation arising out of the subway construction. The salaries of these five employees aggregate \$1,116.66 per month. This bureau was organized in May, 1917, and the employees were paid during the year 1917 from appropriations made to the Public Service Commission. In the preparation of the budget allowance for the Public Service Commission for 1918, no provision was requested for this force and its salaries were paid for the months of January and February, 1918, from funds provided for other purposes. To provide for the salaries of this bureau of the Corporation Counsel for the months of March and April, 1918, \$2,333.32 should be provided.

The second request of the Public Service Commission is to further amend the resolution authorizing the issuance of special revenue bonds so as to provide additional funds in the following codes:

2873R Supervisory	\$1,919 37
2874R Engineering Construction, Supervisory	8,128 21
2876R Analyzing and Testing	46 42
2878R Chief Engineer's Staff	1,354 56
2879R Janitorial, Laborers, etc.	772 06
Total	\$12,220 62

—and to make corresponding deductions in the codes below:

2875R Designs	\$1,919 37
2877R Inspection	10,301 25
Total	\$12,220 62

The request of the Commission was based on the condition of the funds as at March 31, 1918. Since that time, however, various adjustments of the accounts have been made, and the Commission has amended their request as follows:

Increases requested in:

Code 2873R Supervisory	\$1,000 00
Code 2878R Chief Engineer's Staff	300 00

Total	\$1,300 00
-------------	------------

A corresponding decrease to be made in:

Code 2877R Inspection	\$1,300 00
-----------------------------	------------

The deficit in Code 2873R, Supervisory, was caused by continuing the employment of a division engineer from January 1, 1918, to March 31, 1918, and an engineer of sub-surface structures from January 1, 1918, to January 15, 1918.

The deficit in Code 2878R, Chief Engineer's Staff, was caused by hiring clerks to take over some of the work formerly done by junior assistant engineers.

The adoption of the attached resolution will give effect to the above recommendations covering both requests of the Public Service Commission.

Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the following resolution, adopted by the Board of Estimate and Apportionment on March 28, 1918:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 10, chapter 4 of the Laws of 1891, and section 14, chapter 429, of the Laws of 1907, as amended, and on account of the requisition of the Public Service Commission for the First District, made by the Chairman and Secretary thereof, on October 3, 1917, for two million two hundred fifty thousand sixty-eight dollars (\$2,250,068), on account, for the expenses of the Commission for the year ending December 31, 1918, as are chargeable to the City of New York, hereby approves, in addition to the amount of two hundred twenty-seven thousand nine hundred thirty-two dollars and seventeen cents (\$227,932.17), previously authorized, of an issue of special revenue bonds of the City of New York to an amount not exceeding six hundred sixteen thousand one hundred thirty-seven dollars and eighty-three cents (\$616,137.83), applied as follows:

Public Service Commission for the First District—Issue of Special Revenue Bonds for Expenses of Commission and Compensation of Employees for Year Ending December 31, 1918, and Establishment of Schedule Therefor (Cal. No. 125).

The Secretary presented a report of the Comptroller, recommending an additional appropriation of \$780,203.67 to cover the requirements of the Public Service Commission for the four months ending August 31, 1918, by the issue of special revenue bonds, which is on account of the requisition of the Public Service Commission for an appropriation of \$2,250,068.

(On December 21, 1917 (Cal. No. 82), the Board authorized an issue of \$227,933.17 special revenue bonds for salaries and expenses of the Public Service Commission for the year 1918 on account of the requisition of said Commission for an appropriation of \$2,250,068, which requisition is printed in the minutes of said date.)

(On January 25, 1918 (Cal. No. 72), a requisition of the Commission, dated January 16, 1918, and report thereon by the Comptroller, were presented, and the matter was laid over until February 1, 1918, under Rule 19.)

(On February 1, 1918 (Cal. No. 91), the Board adopted resolutions authorizing \$616,137.83 for this purpose and provided a schedule therefor.)

(On March 28, 1918 (Cal. No. 62), a resolution was adopted amending resolution adopted on February 1, 1918.)

(On April 19, 1918 (Cal. No. 39), the request of the Public Service Commission for this additional allowance was referred to the Comptroller.)

The matter was laid over one week (May 3, 1918), under Rule 19.

From City, Borough and County Officials.

City, Borough and County Offices, Etc.—Requests for Transfers of Funds and Issues of Special Revenue Bonds (Cal. No. 143).

The Secretary presented the following communication from the Comptroller:

April 19, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—Many of the applications made by the departments, offices, etc., of the City for transfers of funds and for the authorization of special revenue bonds are so lacking in information indicating the necessity for the additional moneys requested that they place upon your Board or the Comptroller to whom the requests are referred the burden of ascertaining such information before the applications can be intelligently passed upon.

Many of the applications, too, indicate that the departments have entirely ignored the provisions of sections 1541 and 1542 of the Charter, requiring that the heads of departments shall so regulate their expenses that they shall not exceed the appropriations therefor, and prohibiting the incurrence of any expense in excess of the sum appropriated in accordance with law.

To aid in the correction of these defects in the administration of City funds, there is submitted herewith for the consideration of your Board a resolution which it is proposed the Secretary of the Board shall bring to the attention of all departments, etc., maintained wholly or partly by the tax levy appropriations.

Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby directs the attention of the departments, offices and bureaus of the city making applications for transfers within the tax budget appropriations or for the authorizations of special revenue bonds to the necessity of accompanying such applications with full information in justification thereof, and also to sections 1541 and 1542 of the City Charter, reading, in part, as follows:

"Sec. 1541. * * * No expense shall be incurred by any of the departments, boards or offices thereof (the city government) unless an appropriation shall have been previously made covering such expense, nor any expense in excess of the sum appropriated in accordance with law. * * *

"Sec. 1542. It shall be the duty of the heads of all departments and of all officers of said city, and of all boards and officers charged with the duty of expending or incurring obligations payable out of the moneys raised by tax in said city, or any of the counties contained within its territorial limits, so to regulate such expenditures for any purpose or object that the same shall not in any one year exceed the amounts appropriated by the board of estimate and apportionment for such purpose or object, and no charge, claim or liability shall exist or arise against said city, or any of the counties contained within its territorial limits, for any sum in excess of the amount appropriated for the several purposes. * * *

—and be it further

Resolved, That the Secretary of the Board of Estimate and Apportionment be and is hereby instructed to send a copy of the above resolution to every department, office or bureau maintained wholly or partly by tax budget appropriations.

Which was adopted by the following vote:

Affirmative—The Mayor, The Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Modification of Schedule (Cal. No. 146).

The Secretary presented a communication, dated April 17, 1918, from the President, Borough of Manhattan, requesting modification of schedule under Code C. P. M.—37B, by increasing 391-C \$21.74, and by decreasing 417½-C by the same amount, in order to effect a final adjustment of a bill for fuel.

Which was referred to the Committee on Finance and Budget.

President, Borough of Manhattan—Approval of Contract, Specifications, Etc. (Cal. No. 147).

The Secretary presented a communication, dated April 16, 1918, from the President, Borough of Manhattan, transmitting for approval form of contract and specifications for the installation of manholes in 110th street, from Fifth avenue to the East River, at an estimated cost of \$2,813.

Which was referred to the Committee on Finance and Budget.

4th Avenue, Between 32d and 34th Streets and, 33d Street, Lexington Avenue to 4th Avenue—Reregulating and Regrading (Cal. No. 148).

The Secretary presented the following communication from the President, Borough of Manhattan:

April 19th, 1918.
Re Award of Contract for Reregulating and Regrading 4th Avenue, 32d to 34th Streets, and 33d Street, Lexington Avenue to 4th Avenue.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, Municipal Building, Borough of Manhattan:

Dear Sir—For some months past efforts have been made to place under contract the work of regrading and reregulating Fourth Avenue, between 32d and 34th Streets, and of 33d Street immediately east and west of Fourth Avenue, in order to relieve traffic congestion in Madison and Fifth Avenues in that vicinity at the earliest possible date. Bids have been opened three times for doing this work.

In the first bidding two of those who submitted tenders reported that they had made errors in figures, and all bids were rejected. In the second bidding a protest was made as to the regularity of said bids, and again all bids were rejected.

Under date of April 8th, 1918, bids were opened for a third time, and the lowest bidder was the Williams-Gerstle Engineering and Contracting Company. Immediately protest was made that this firm was in default to the City and that the contract should not be awarded to them. I submitted the question of award to the Corporation Counsel, who has advised as follows:

(Copy.)

"Law Department, Office of the Corporation Counsel, New York, April 18th 1918.

"Hon. FRANK L. DOWLING, President, Borough of Manhattan:

"Sir—I am in receipt of your communication dated April 9, 1918, which reads as follows:

"I transmit herewith copy of a letter received from the P. T. Cox Contracting Co., in the matter of the bids received on April 8th, 1918, for regulating and grading 4th Avenue, from 32nd to 34th Streets, and 33rd Street, from Lexington Avenue to 4th Avenue.

"Will you please advise me if the records of your office confirm this information, and if so, what action do you advise in view of the provisions of section 419 of the Charter, viz:

"No bids shall be accepted from or contract awarded to any person who is in arrears to the City of New York upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City."

"The letter from the P. T. Cox Contracting Company, referred to above, is as follows:

"Acceptance of Bids for Regrading of Fourth Avenue, 32nd to 34th Street, and 33rd Street, New York City, N. Y.

"Hon. FRANK L. DOWLING, President, Borough of Manhattan, Municipal Building, City of New York:

"Dear Sir—We are advised that we are next to the lowest bidders for the above public improvement on the third advertisement and letting, that the lowest bidder is Williams & Gerstle, a co-partnership.

"We regret, but feel it our duty to ourselves and our stockholders to protest the award of the contract for the above public improvement to the lowest bidders, as we are informed that they are defaulters on previous contracts with The City of New York, and further, on the ground that the parties behind Williams & Gerstle have, upon information and belief, been defaulters on several contracts with The City of New York, and that an investigation of the records of the old Aqueduct Commission, the Bridge Department, and other Departments and Bureaus of The City of New York will show that the contract cannot be legally awarded to Williams & Gerstle as the lowest bidder.

"We confidently believe that an investigation of the said lowest bidders will convince you that the contract should not be awarded to them; that under the law you are not required to award the contract to them; and that an investigation of our records will show that we are competent to enter upon the work and to perform it as required by the contract and specification.

"We would further call your attention to the fact that the said lowest bid does not conform to the requirements of the advertisement, contract and specification, and to the requirements of City practice, namely, in that it is unbalanced. It is our understanding that the bid contained a price of \$7.70 for earth excavation, which, we submit, is an unbalanced bid, putting a very large price upon the work that is to be done in the beginning, and consequently, low prices on what is to be done near the end.

"We submit that the purpose of this is too manifest to require further comment."

"At the opening of the bids there was received a bid from the Williams-Gerstle Engineering Company. On the front page of the bid it is stated:

(If bidder is a firm, state here the name and residence of each member thereof.)

Name of Partners.	Residence of Partners.
John Williams.....	515 W. 187th St., N. Y. C.
Ralph J. F. Gerstle.....	75 Fort Washington Ave., N. Y. C.

"The bid is signed 'Williams-Gerstle Eng. Co., by Ralph J. F. Gerstle.' The affidavit attached to the bid is made by Mr. Gerstle, who states that he is a member of the Williams-Gerstle Engineering Co., the firm described in and which executed the foregoing bid. I understand that the above firm is the lowest bidder.

"Section 419 of the Charter provides:

"No bid shall be accepted from, or contract awarded to, any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City."

"The records of this office show that the following judgments in favor of the City against John Williams and Robert J. Gerstle are unpaid:

Date.	Amount.
July 5, 1905	\$108 35
May 13, 1907	140 95
April 30, 1909	139 15
April 6, 1915	2,542 68
Dec. 13, 1915	101 65
Nov. 11, 1916	164 70

"In the case of John Williams and Robert J. Gerstle against the City, reported in 130 App. Div., 162, it appears that a contract was entered into between the said firm and the City by and through the Aqueduct Commissioners for the construction of a dam on the Croton River, known as the 'Muscoot Dam'; that said firm started work under the contract; that the Aqueduct Commissioners, pursuant to the provisions of the contract, served a notice on the firm to discontinue all work under the contract. It also appears that the engineers of the Aqueduct Commissioners certified that the contract and the work thereunder 'is unnecessarily and unreasonably delayed, and the contractors are violating the conditions or covenants of the contract and executing the same in bad faith, and the work done under the contract is not fully and entirely completed within the time therein specified in the said contract for its completion.' The work under the contract was completed by the City at an expense in excess of the amount which Williams & Gerstle agreed to do the work for. Williams & Gerstle brought an action against the City, claiming, among other things, that the City refused to permit the plaintiff to perform the work and claimed damages. The plaintiffs recovered at Trial Term. The Appellate Division reversed the judgment of the trial court and ordered a new trial. Thereafter the case was retried and a verdict directed for the City, which was subsequently affirmed (171 App. Div. 952; 219 N. Y., 545). The action of the Commissioners was upheld by the courts.

"I understand that the John Williams referred to in the above mentioned bid submitted on April 8, 1918, is the same John Williams who was a member of the firm of contractors for the building of the Muscoot Dam. The judgments in favor of the City for \$3,542.68, \$101.65 and \$164.79, are judgments which were entered in the above mentioned action of Williams & Gerstle against the City.

"In Di Benedetto vs. Bellamy et al (New York Law Journal, July 31, 1914), Mr. Justice Ford said:

"Motion denied and injunction order vacated. Plaintiff has failed to overcome the strong presumption which the courts entertain that public officials are faithfully performing their duties. If plaintiff was a defaulter on other

public contracts, there is no legal objection to the proposed award of this contract to second lowest bidder. Settle order on notice."

"I advise you that you cannot accept the bid submitted by the Williams-Gerstle Engineering Company, which firm is composed of John Williams and Ralph J. F. Gerstle. Respectfully yours,

"WILLIAM P. BURR, Corporation Counsel."

In view of the foregoing opinion of the Corporation Counsel to the effect that I "cannot accept the bid submitted by the Williams-Gerstle Engineering Company," I herewith ask authority to award the contract to the next lowest bidder under the bids submitted to me April 8th, 1918. In the various biddings submitted for this work, the bids were as follows:

December 27, 1917.

Name.	Amount.
†Gallick & Cavalluzzo	\$75,001 00
P. T. Cox Contracting Co.	86,187 75
*E. E. Smith Contracting Co.	99,078 00
Thomas Dwyer	101,650 00
Godwin Const. Co.	115,205 00
†Williams-Gerstle Engineering Co.	31,484 50

March 15, 1918.

Williams-Gerstle Engineering Company	76,573 00
F. Gradwohl Engineering Co.	81,878 00
P. T. Cox Contracting Co.	83,068 00
Luke A. Burke	85,404 00
National Excavation & Foundation Co.	95,405 00
Underpinning & Foundation Co.	110,616 00

April 8, 1918.

Williams-Gerstle Engineering Company	73,518 00
P. T. Cox Contracting Co.	76,900 00
F. Gradwohl Engineering Co.	77,602 00
Luke A. Burke	80,144 00
Jas. O'Leary	88,341 00
P. F. Duffy	88,900 00

It will be noted that on each of the biddings the amounts asked for the completion of the work decreased, so that in the bidding of April 8th, the estimated cost of the low bidder, exclusive of the Williams-Gerstle Engineering Co., is approximately \$10,000 less than the figure of the lowest regular bid on the original bidding. Yours truly,

FRANK L. DOWLING, President, Borough of Manhattan.

The Secretary also presented a communication dated April 25, 1918, from John Williams, in opposition.

John Williams appeared in opposition.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby determines that it is for the public interests that a bid other than the lowest should be accepted for the regrading and regrading of 4th Avenue, 32d to 34th Streets, and 33rd Street, Lexington Avenue to 4th Avenue, together with all work incidental thereto; and be it

Resolved, That the President of the Borough of Manhattan be and he hereby is authorized to award the contract for regrading and regrading 4th Avenue, 32d to 34th Streets, and 33rd Street, Lexington Avenue to 4th Avenue, together with all work incidental thereto, to the P. T. Cox Contracting Company, Inc., on the bid submitted by the said P. T. Cox Contracting Company, Inc., to the President of the Borough of Manhattan on April 8, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

MATTERS LAID OVER FROM PREVIOUS MEETINGS.

Department of Public Markets—Issue of Special Revenue Bonds and Modification of Schedule (Cal. No. 185).
(On March 15, 1918, the resolution of the Board of Aldermen requesting this appropriation was referred to the Comptroller.)
(On March 28 (Cal. No. 74), April 5 (Cal. No. 49), and April 12, 1918 (Cal. No. 35), protests against the granting of this request were referred to the Committee on Finance and Budget.)
(On April 19, 1918 (Cal. No. 24), the matter was laid over until this meeting under Rule 19.)
The Secretary presented a resolution adopted March 4, 1918, by the Board of Aldermen in this matter, and the following reports of the Comptroller and the Committee on Finance and Budget:
March 27, 1918.

To the Board of Estimate and Apportionment:
Gentlemen—The Board of Aldermen, on March 4, 1918, adopted the following resolution:
"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of forty-five thousand two hundred and fifty-eight dollars and eight cents (\$45,258.08), the proceeds whereof to be used by the Commissioner of Public Markets for the purpose of providing additional funds to enable the Commissioner to appoint incumbents to several grades about to be established. All obligations contracted for hereunder to be incurred on or before December 31, 1918."
This resolution was referred to the Comptroller by the Board of Estimate and Apportionment on March 15, 1918 (Calendar No. 109, March 15, 1918). The Bureau of Municipal Investigation and Statistics reports to me as follows:
"When the 1918 budget was adopted, it did not contain appropriations to the full extent necessary to compensate the staff of the Department of Public Markets, which would ultimately be required. In order to complete such staff, the Commissioner of Public Markets, on January 24, 1918, applied to the Board of Estimate and Apportionment to establish certain positions and asked for a modification of salary schedules. At the same time he requested special revenue bond funds in the amount of \$70,388. The special revenue bonds were requested, not only to pay the salaries of these new employees, but to augment certain appropriations for other than personal service. In compliance with this application, the Board of Estimate and Apportionment, on February 15, 1918, adopted a resolution transferring \$18,547.92 from Code 28, Committee on City Plan, to certain of the appropriations for the Department of Markets. This transfer provided all the funds required, except for Code 275, Salaries, Regular Employees, and \$15,003.08, which the Commissioner asks to be placed to the credit of Code 283, Repairs and Replacements, to provide for physical improvements in market buildings, which he deems to be necessary. Resolutions were also adopted on the same date, pursuant to section 56 of the Charter, recommending to the Board of Aldermen the establishment of the positions as requested, and approving the schedules, as revised, for the year 1918 for those codes to which transfers had been made, 'to be effective when all grades of positions contained therein are established by the Board of Aldermen.'
"On February 18, 1918, the Commissioner of Public Markets applied to the Board of Aldermen for special revenue bonds in the amount of \$45,258.08, to be issued under subdivision 8 of section 188 of the Charter. The Commissioner states that this amount is necessary to provide funds for the compensation of employees it was desired to appoint, after the positions were established, as recommended, and to provide the sum of \$15,003.08 to augment Code 283, Repairs and Replacements. The Board of Aldermen adopted a resolution March 4, 1918, establishing the desired positions. The resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of \$45,258.08, quoted in the first paragraph of this report, was also adopted. This resolution, however, requests that the \$45,258.08 be provided to enable the Commissioner to appoint incumbents to several grades about to be established. The amount requested was fixed at the figure stated, in the belief that \$15,003.08 was desired to augment Code 283, Repairs and Replacements, and the balance, \$30,255, only is requested to provide funds to meet the salaries of the new positions established March 4, 1918, the cash requirements being computed from March 11, 1918, the date the resolution was approved by the Mayor. The resolution of the Board of Aldermen, unless amended, limits the authority of the Board of Estimate and Apportionment to providing funds for the expenses of personal services."
"The new positions referred to are as follows:

	Per Annum Rate.	
1 Deputy Commissioner	\$6,000 00	\$6,000 00
3 Deputy Commissioners	5,000 00	15,000 00
1 Secretary to the Department.....	3,500 00	3,500 00
1 Secretary to the Commissioner.....	2,500 00	2,500 00
1 Stenographer and Typewriter.....	1,320 00	1,320 00
4 Stenographers and Typewriters.....	960 00	3,840 00
1 General Inspector	3,000 00	3,000 00
1 Janitor	1,320 00	1,320 00
1 Telephone Operator	900 00	900 00
		\$37,380 00

"As hereinbefore stated funds for the above positions were requested by the Commissioner of Public Markets in a communication to the Board of Estimate and Apportionment dated January 24, 1918, with the exceptions noted below, subsequently orally requested:
1 Stenographer and Typewriter \$1,320 00
1 Stenographer and Typewriter 960 00
1 General Inspector 3,000 00
"In his amended request the Commissioner eliminated the position of Stenographer and Typewriter at \$720. By so doing a tax levy allowance of \$720 was made available for the reduction of the necessary yearly allowance from \$37,380 to \$36,660, with cash requirements from March 11, 1918, the date the Mayor approved the resolution adopted by the Board of Aldermen March 4, 1918, of \$29,564.52."

For the reasons stated above the attached resolution, recommended for adoption, approves and concurs in the action of the Board of Aldermen to the extent of but \$29,564.52. There is also attached a resolution approving the salary schedules as revised. Respectfully,
CHARLES L. CRAIG, Comptroller.

April 15, 1918.

To the Board of Estimate and Apportionment

Gentlemen—On March 28, 1918 (Cal. No. 74), your Board referred to its Committee on Finance and Budget protests of the Allied Food Merchants' Association, Harlem Property Owners' Association, Taxpayers' Association of the 10th, 11th and 15th Wards of The City of New York; Henry Kelly, Jr., Inc., Joseph F. Mallard and the Blier against the appropriation of \$45,258.08 special revenue bonds for the payment of salaries in the Department of Public Markets; on April 5, 1918 (Cal. No. 47), protests identical with the above were received by your Board from the Wholesale and Retail Merchants, Farmers, Gardeners of Westchester and Queens Counties, doing business in the Harlem Market, James Rollo, and the East Side Branch of the New York State Association of United Master Butchers of America, and referred to this Committee; and on April 12, 1918 (Cal. No. 35), your Board also referred to its Committee on Finance and Budget communications dated April 1 and 5, 1918, from the New York Retail Grocers' Association and the West Side Taxpayers' Association, protesting against the above mentioned appropriation.

At a meeting of the Committee on Finance and Budget held April 15, 1918, your Committee determined that these matters should be referred back to the Board of Estimate and Apportionment for consideration in connection with the report of the Comptroller on the resolution of the Board of Aldermen adopted March 4, 1918, and referred to the Comptroller by your Board on March 15, 1918 (Cal. No. 109).

The report of the Comptroller, dated the 27th of March, 1918, should appear on the calendar for April 19, 1918. Respectfully submitted,

CHARLES L. CRAIG, Comptroller, Chairman, Committee on Finance and Budget.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on March 4, 1918, and approved by the Mayor on March 11, 1918, requesting an issue of special revenue bonds in the sum of forty-five thousand two hundred and fifty-eight dollars and eight cents (\$45,258.08), the proceeds whereof to be used by the Commissioner of Markets for the purpose of providing additional funds to enable the Commissioner to appoint incumbents to several grades of positions, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, to the extent of twenty-nine thousand five hundred and sixty-four dollars and fifty-two cents (\$29,564.52), and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of the City of New York to an amount not exceeding twenty-nine thousand five hundred sixty-four dollars and fifty-two cents (\$29,564.52), redeemable from the tax levy of the year succeeding the year of their issue, provided that all obligations to be paid therefrom be incurred on or before December 31, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, The Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Department of Public Markets—Issue of Special Revenue Bonds (Cal. No. 186).

(On April 12, 1918 (Cal. No. 63), the resolution of the Board of Aldermen in this matter was presented and referred to the Committee on Finance and Budget.)
(On April 19, 1918 (Cal. No. 15), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented a resolution adopted April 2, 1918, by the Board of Aldermen in this matter; and the following report of the Committee on Finance and Budget:

April 16, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On April 12, 1918 (Cal. No. 63), your Board referred to its Committee on Finance and Budget a resolution adopted by the Board of Aldermen on April 2, 1918, and approved by the Mayor on April 6, 1918, requesting an issue of \$50,000 special revenue bonds, the proceeds to be used by the Commissioner of Public Markets to purchase food and fuel, and for the handling and sale thereof, and for any incidental expenses incurred therein.

At a meeting of the Finance and Budget Committee on April 15, 1918, the Committee determined to recommend that your Board concur in the resolution adopted by the Board of Aldermen.

The adoption of the annexed resolution will give effect to the foregoing recommendation. Respectfully submitted,

CHARLES L. CRAIG, Comptroller, Chairman, Committee on Finance and Budget.

The Secretary also presented four communications, dated April 13 and 26, 1918, from the United Retail Grocers' Association, New York Food Distributors' Association, Fruit and Produce Trade Association and the National League of Commission Merchants, protesting against this appropriation.

E. P. Doyle, representing the Real Estate Board of New York; Frank Demuth, representing the West Side Taxpayers' Association; E. W. Estes, representing Broadway Association; W. E. Evans, representing Fruit and Produce Trade Association of New York; J. D. Mahr, President, New York Mercantile Exchange, appeared in opposition to this appropriation.

Hon. Vincent Gilroy also appeared in opposition, unless food was distributed through retailers.

Hon. Jonathan P. Day, Commissioner of Public Markets, appeared in favor.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on April 2, 1918, and approved by the Mayor April 6, 1918, requesting an issue of special revenue bonds in the sum of fifty thousand dollars (\$50,000), the proceeds whereof to be used by the Commissioner of Public Markets to purchase food and fuel and for the handling and sale thereof, and for any incidental expenses incurred therein, said food and fuel to be sold later to the consumer and the proceeds of said sale to be credited to this fund, is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, and section 14 of chapter 813 of the Laws of 1917, to issue special revenue bonds of The City of New York, to an amount not exceeding fifty thousand dollars (\$50,000), redeemable from the tax levy of the year succeeding the year of their issue.

Kings County Fund for Salary and Wage Accruals; District Attorney, Kings County—Transfer of Appropriation and Modification of Schedule (Cal. No. 187).

(On February 8, 1918 (Cal. No. 128-F), this matter was referred to the Committee on Salaries and Grades.)

(On March 28, 1918 (Cal. No. 47), the matter was laid over until April 5th.)

(On April 5, 1918 (Cal. No. 105), the Secretary was directed to communicate with the District Attorney of Kings County and urge the reconsideration of the matter, to the end that the increases requested may be deferred until the preparation of the Budget for 1919.)

(On April 19, 1918 (Cal. No. 22), the matter was laid over until this meeting.)

The Secretary presented a communication dated February 1, 1918, from the District Attorney of Kings County, requesting a modification of salary schedule (No. 3380) involving the transfer of funds or issue of special revenue bonds to the amount of \$3,750 to provide for increasing certain salaries in his office; and the following report of the Committee on Salaries and Grades:

March 15, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of request made by the District Attorney, Kings County, for modification of a personal service schedule and for additional funds to provide for increases and new positions, as follows:

Calendar	Item No.	Code	Proposed Action.
February 8	128-F	3380	To increase the salary of John J. Kunzeman, Stenographer and Private Secretary, from \$1,500 to \$1,650 per annum from February 1, 1918, pursuant to chapter 187 of the Laws of 1914; to provide funds for the appointment of Louis V. H. Albers, Stenographer and Private Secretary, appointed February 1, 1918, at \$1,800 per annum, in place of Frank H. Merscherd, who received \$1,500; to provide funds for two new positions of Stenographer and Private Secretary, one at \$1,700 per annum, by reason of the appointment of Charles J. Carbone on February 16, and the other by the appointment of Julia A. McGowan, at \$1,600 per annum. The total annual additional appropriation to provide for the above changes will amount to \$3,750.

The Committee has submitted to the Corporation Counsel, for his opinion, the question as to whether certain Courts and County Offices had the right to fix salaries under mandatory statutes at times other than when the budget is being prepared. The opinion rendered was to the effect that under the statute there is no indication of when his power may be exercised, thereby giving the Board of Estimate and Apportionment no alternative but to conform to the provisions of law.

The Committee, therefore, recommends the adoption of the attached resolutions modifying Code No. 3380 to include the increases in salaries and the new positions. The Committee further recommends the transfer of \$950 from Code 3508, Kings County Fund for Salary and Wage Accruals, to Code 3330, to provide sufficient funds to meet the additional cost in the District Attorney's office for a period of three months. A further transfer will be necessary from Code 3380 as soon as there are sufficient accruals in said account to provide for the increases and new positions for the balance of the year. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

The Secretary also presented a communication dated April 10, 1918, from the District Attorney, acknowledging receipt of communication from the Secretary of the Board, and stating that his request only involves an increase in salary amounting to \$150 for a Stenographer, who, in addition to regular duty, is repeatedly assigned to the Homicide Bureau, requiring service during the day and at night; that the other changes in the schedule are pursuant to a resolution of the Board of Aldermen adopted October 9, 1917, providing for the appointment of three Stenographers, not to exceed \$2,000 each per annum; that since the three positions were created there has been one resignation from the stenographic staff and one Stenographer has gone into military service. Neither of these vacancies have been filled and even though three new positions have been created there has been but one increase in the number of stenographers employed. None of the three appointees has received any compensation since appointment.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the year 1918 as follows:

FROM	
MISCELLANEOUS, KINGS COUNTY.

The Secretary presented two communications, dated February 13 and 23, 1918, from the County Clerk of Bronx County, requesting a modification of schedules and establishment of additional grade of position; and the following report of the Committee on Salaries and Grades:
March 8, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of the request made by the County Clerk of Bronx County for modification of schedule, as follows:

Calendar.	Item No.	Code.	Proposed Action.
March 1, 1918	143-J	3250	To change the line Docket Clerk, 3 at \$1,380, to read 3 at \$1,440; Filing and Registration Clerk, \$1,440, to read \$1,500; General Clerk, \$1,440, to read \$1,500; Messenger, 4 at \$900, to read 2 at \$900, and to add the line General Clerk, 2 at \$1,020.
February 21, 1918	78-J	3250	These changes will provide for a partial restoration to \$1,440 of three Docket Clerks, who formerly received \$1,500, and for complete restoration to \$1,500 for General Clerk Isadore Hirscher; for an increase from \$1,440 to \$1,500 for Filing and Registration Clerk George Cook, and promotion to Clerk at \$1,020 for two Messengers, Messrs. Geary and Deutsch, now receiving \$900 each. It will be necessary to establish the grades of Clerk at \$1,020 for two incumbents, pursuant to the provisions of Bronx County Act.

The Committee on Salaries and Grades recommends the adoption of the attached resolutions granting the request. Respectfully,
ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; JOSEPH FENNELLY, Acting President, Borough of Brooklyn; Committee on Salaries and Grades.
The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 548 of the Laws of 1912, as amended, hereby fixes the positions and salaries in the Office of the County Clerk of Bronx County, in addition to those heretofore established, as follows:

Brooklyn Eastern District Terminal; East River Terminal Railroad Company (Cal. No. 189).

Petition of the Brooklyn Eastern District Terminal for the consent of the Board to the merger of the East River Terminal Railroad.
(This petition was presented to the Board at the meeting of December 28, 1917 (Cal. No. 128), and was referred to the Bureau of Franchises.)
(On April 19, 1918 (Cal. No. 29), a report was presented from the Bureau of Franchises stating the Board was without authority to grant the application until the franchises were modified so as to make them revocable by the City upon one year's notice or less, as required by the Freight Terminals Corporation Act, and the matter was laid over until this day.)
The matter was laid over until May 3, 1918.

Bush Terminal Railroad Company (Cal. No. 190).

In the matter of the application of the Bush Terminal Railroad Company for permission to install and maintain a siding in the westerly sidewalk of 1st Avenue, between 52d and 53d Streets, Brooklyn, to connect with the plant of the Metropolitan Engineering Company, engaged in producing material for the United States Army.
(This application was presented to the Board at the meeting of April 19, 1918 (Cal. No. 32), and laid over until this day.)
The matter was referred to the Committee on Franchises.

Fire Department—Storage and Handling of Explosives by New York Dock Company (Cal. No. 191).

The Secretary presented a communication dated April 12, 1918, from the Acting President of the Borough of Brooklyn, transmitting, for such action as the Board deems necessary, circular letter from the New York Dock Company, outlining its policy with regard to the storage and handling of explosives.
(On April 19, 1918 (Cal. No. 54), the matter was laid over until this meeting.)
The matter was referred to the Committee on Finance and Budget.

New York Central Railroad Company—Alteration and Improvement of Tracks and Structures on West Side of the City (Cal. No. 192).

The Secretary presented a communication dated April 16, 1918, from the Public Service Commission for the First District, supplementing the report of the Joint Conference Committee of the Board of Estimate and Apportionment and the Public Service Commission for the First District, dated November 20, 1917, transmitting, for consideration and action, the recommendation of the Commission's subcommittee as to the West Side matter, based upon a report of counsel, in relation to the titles and rights of the New York Central Railroad along the west side of Manhattan.
The Commission recommends:
1. That the report of counsel to the Commission be referred to the Corporation Counsel for the institution of appropriate action; and
2. That the Board co-operate with the Commission in behalf of securing the enactment of such legislation as will fortify the power of the municipality to require the railroad company to relocate its route and tracks at the City's option, as well as change the grade of operation.
(On January 4, 1918 (Cal. No. 32), the report of the Joint Conference Committee was presented to the Board and referred to the Corporation Counsel.)
(On April 19, 1918 (Cal. No. 46), the matter was laid over until this meeting.)
The Secretary also presented a communication dated April 25, 1918, from the Central Mercantile Association, enclosing a resolution adopted by their body, urging and requesting the Board to continue work and negotiations with the representatives of the New York Central Railroad, in an endeavor to secure an adjustment and solution of the West Side railroad situation.
J. Bleecker Miller appeared and requested an opportunity to be heard.
The matter was referred to the Committee on Port and Terminal Facilities.

MATTERS CONSIDERED BY UNANIMOUS CONSENT.

The following matters not on the calendar for this day were considered by unanimous consent:

Department of Health; Law Department—Nuisance Due to Acid Fumes in the Upper West Side Section of the City (Cal. No. 193).

The Secretary presented a communication dated April 24, 1918, from William H. Page, counsel to the West End Association, requesting that the Board appropriate and place at the disposal of the Corporation Counsel a sum sufficient to meet the expenses of expert witnesses, etc., in connection with the preparation of the case of the City against the Barrett Company and other companies on the New Jersey side of the Hudson River, which are causing a nuisance to the residents on the west side of the City by emitting acid fumes and noxious gases.
(On February 21, 1918 (Cal. No. 84), the Board adopted a resolution by which the City intervened in the proceeding against the Barrett Company and others, pending before the State Board of Health, and the Corporation Counsel and the Commissioner of Health were instructed to take the necessary steps to that end.)
William H. Page, counsel for the West End Association, and Assistant Corporation Counsel George P. Nicholson appeared in favor.
The matter was referred to the Committee on Finance and Budget.

United States Street, Borough of Brooklyn—Closing and Discontinuing Portion of (Cal. No. 194).

The Secretary presented the following communication from the President, Borough of Brooklyn:
The City of New York. Office of the President of the Borough of Brooklyn, April 25, 1918.
The Honorable the Board of Estimate and Apportionment:
Gentlemen—Request is hereby made to change the map or plan of the City by closing and discontinuing a portion of United States street, at its easterly terminus, in the Borough of Brooklyn.
This closing is requested by William H. Yates, Supervising Engineer, Bureau of Yards and Docks, U. S. Navy, on behalf of the Government. Mr. Yates advises this office that it is the intention of the Navy Yard officials to erect a wall across the easterly end of United States street on a line which would cut the prolongation of the southerly line of United States street about one foot easterly from its present terminus, and would cut the northerly line of United States street at a point about twelve feet from its easterly end. The effect would be to cut off a triangle from the easterly end of United States street. The purpose of the request to relocate this wall is to facilitate operations in the Navy Yard.
This is a short street, extending from Little street to the wall of the U. S. Navy Yard, and is used and improved. The relocating of the wall would necessitate the removal of one manhole head. The Navy Department will perform this work at their own expense if their request to extend the wall is granted.
I would therefore ask that the Board give consideration to the matter of closing and discontinuing United States street, as above indicated, and that a date be set for a public hearing. I would also request that the matter be expedited as much as possible, as this is a war emergency and the Government officials are very anxious to undertake the work. Respectfully,
EDWARD RIEGELMANN, President, Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing a portion of United States street adjacent to the United States Navy Yard, in the Borough of Brooklyn, in accordance with a map or plan bearing the signature of the Commissioner of Public Works of the Borough and dated April 26, 1918; the portion of the street to be closed and discontinued comprising a triangular area bounded and described as follows:

Beginning at a point on the northeasterly side of United States street, distant 20 feet from the southeasterly end of the street, and running thence southeastwardly 20 feet along the said northeasterly side of United States street to the southeasterly terminal of the street; thence southwestwardly along the southeasterly terminal of the street to the southwesterly side of United States street; thence northwardly to the point or place of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 24th day of May, 1918, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 24th day of May, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The matter was also referred to the Committee on City Plan and Public Improvements.

Board of Estimate and Apportionment—Designation of the President, Board of Aldermen, as Chairman of the Committee on Assessments (Cal. No. 195).

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on January 11, 1918, appointing the Standing Committees of the Board, be and the same is hereby amended by substituting the *President of the Board of Aldermen* in place and stead of the Mayor as Chairman of the Committee on Assessments, the Mayor to continue as a member of the Committee ex-officio.

Which was adopted by the following vote:

Affirmative—The Mayor the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Ordinance Department, U. S. A.; Bartlett-Hayward Company (Cal. No. 196).

In the matter of the application of the Ordinance Department, U. S. A., requesting that permits be issued from time to time as may become necessary for pipes across streets for use in connection with toluol recovery plants to be erected at various gas works in the City.

(This petition was presented to the Board at the meeting of January 25, 1918 (Cal. No. 76), and was referred to the Committee on Franchises.)

The Deputy and Acting Comptroller presented the following:

Bureau of Franchises, April 25, 1918.

Hon. CHARLES L. CRAIG, Comptroller:

Sir—Transmitted herewith is a copy of the report of this Bureau to the Franchise Committee with respect to the application of the Production Section of the Ordinance Department, U. S. A., by Major J. H. Burns, requesting that permission be given for the construction and maintenance of about 30 pipes at three different locations (two in Brooklyn and one in Queens), to be used in connection with the production of toluol by the Ordinance Department.

You will recall that some weeks ago you introduced in the Board of Estimate and Apportionment, by unanimous consent, a resolution granting to H. Koppers Company, an Ordinance Department contractor, consent similar to this for pipes in Manhattan and The Bronx. This is an exactly similar case, and, so far as I know, this covers all of the pipes which will be required by the Ordinance Department for this particular work.

The procedure in this instance should be exactly the same as in the case of the H. Koppers Company—that is to say, that consent be given first to the Bartlett-Hayward Company (the Ordinance Department's contractor in this case) during the construction period, after which consent to be granted to the Brooklyn Union Gas Company, which is the Ordinance Department's contractor for operation in the two Brooklyn plants, and to the Consolidated Gas Company, for the Queens plant.

You will note that the administrative officials have examined the plans and find no objection.

The Bartlett-Hayward Company has agreed to save the City harmless during construction, and the Gas Companies have signified their willingness to do likewise after consent is granted to them to operate.

The former matter was introduced by you in the Board and I would suggest that you likewise introduce this resolution at the meeting tomorrow.

Respectfully, JOHN A. McCOLLUM, Acting Chief of Bureau.

Bureau of Franchises, April 24, 1918.

To the Committee on Franchises of the Board of Estimate and Apportionment:

Gentlemen—The Production Section, Ordinance Department, U. S. A., by Major J. H. Burns, presented a petition dated January 19, 1918, to the Board of Estimate and Apportionment requesting that permits be issued from time to time, as may become necessary, for pipes across City streets for use in connection with toluol recovery plants to be erected at various gas works in the City.

The petition was referred to the Committee on Franchises at the meeting held January 25, 1918.

Subsequently, the Koppers Company, contractor for the Ordinance Department, submitted plans of the necessary pipes at three gas works in the Boroughs of Manhattan and The Bronx, and consent to the installation of the said pipes was granted by resolution adopted by the Board of Estimate and Apportionment March 15, 1918, and approved by the Mayor the same day.

The Bartlett-Hayward Company, contractor for the Ordinance Department, has submitted plans for the pipes necessary to be constructed in the Boroughs of Brooklyn and Queens, to wit:

- (1) Pipes in North 11th Street between Kent Avenue and the East River, and in Kent Avenue between North 11th and North 12th Streets, Borough of Brooklyn, connecting portions of the Williamsburg works of the Brooklyn Union Gas Company;
- (2) Under and along DeGraw Street from a point near Gowanus Canal to a point east of Nevins Street, and across DeGraw Street, Borough of Brooklyn, connecting portions of the Fulton works of the Brooklyn Union Gas Company; and
- (3) Under and across Freeman Avenue, between Vernon Avenue and the East River, Long Island City, Borough of Queens, connecting portions of the Ravenswood works of the New Amsterdam Gas Company.

Copies of the petition, with accompanying plans, were forwarded to the President of the Borough, the Commissioner of Water Supply, Gas and Electricity, and to the Fire Commissioner, with a request that examinations be made by the various bureaus of their departments having jurisdiction, with a view to ascertaining if there are any objections to the pipes, or any particular conditions necessary to be incorporated in the form of consent used by the Board in granting consent to the Koppers Company to install the pipes in Manhattan and The Bronx.

Replies have been received from all but the office of the President of the Borough of Queens, stating there are no objections to the pipes and no particular conditions necessary to be inserted in the consent.

The pipes to be installed in the streets are to carry steam, water, gas, wash oil, benzol and toluol, and are to be used in the process of recovering toluol from the gas in a manner similar to the pipes already authorized in the Boroughs of Manhattan and The Bronx, as hereinabove stated. The toluol is vitally necessary to the War Department in the manufacture of trinitrotoluol, a high explosive, commonly called "T. N. T." Toluol in itself is not more dangerous than other light oils, such as gasoline, and as the pipes are necessary for war purposes, there appears to be no good reason why the consent should not be given.

The Ordinance Department has no authority to agree to save the City harmless

from loss or damage due to the pipes. In order that the City may be properly safeguarded in that respect, the same procedure should be followed as in the previous case—that is to say, consent for installation should be granted to the contractor, in this case the Bartlett-Hayward Company, which Company is willing to assume responsibility for any damage during construction. After installation and acceptance by the Ordinance Department, a consent can be granted to the Brooklyn Union Gas Company to operate the pipes, that company having signified its willingness to agree to save the City harmless from loss or damage due to the pipes, if the Ordinance Department will include in the operating contract a provision agreeing to reimburse the Gas Company for any expenditures it may be required to make to save the City harmless.

In accordance with the procedure of the Board in all grants made to the United States Government, the customary compensation and security deposit have been omitted. Respectfully, JOHN A. McCOLLUM, Acting Chief of Bureau.

April 25, 1918.

Since writing the above, the office of the President of the Borough of Queens has informed me it has no objection to the proposed pipes, and no particular conditions necessary to be inserted in the consent.

The following resolution was offered:

Whereas, The Production Section, Ordinance Department, U. S. A., by Major J. H. Burns, presented a petition dated January 19, 1918, to the Board of Estimate and Apportionment, requesting that permits be issued from time to time, as may become necessary, for pipes across City streets, to be used in connection with toluol recovery plants; and

Whereas, The Bartlett-Hayward Company, the contractor for the Ordinance Department in the installation of certain of such pipes, presented plans for the necessary piping under, along and across North Eleventh Street west of Kent Avenue, and Kent Avenue between North Eleventh and North Twelfth Streets, Borough of Brooklyn, connecting portions of the plant of the Williamsburg works of the Brooklyn Union Gas Company, and under, along and across Nevins Street at DeGraw Street, and DeGraw Street between Gowanus Canal and a point about seventy-three feet east of Nevins Street, Borough of Brooklyn, connecting portions of the plant of the Fulton works of the Brooklyn Union Gas Company, and under and across Freeman Avenue between Vernon Avenue and the East River, Long Island City, Borough of Queens, connecting portions of the Ravenswood works of the New Amsterdam Gas Company; now, therefore, be it

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the Bartlett-Hayward Company, a corporation organized and existing under the laws of the State of Maryland and duly authorized, by certificate filed in the office of the Secretary of State on June 22, 1909, to do business in the State of New York; the said Company being contractor for the Production Section, Ordinance Department, U. S. A., to install

- (1) One 6-inch pipe, one 5-inch pipe, one 4-inch pipe, two 3-inch pipes and one 2-inch pipe, under and along the northerly sidewalk of North Eleventh Street, from the East River easterly to Kent Avenue and thence northerly under and along the westerly sidewalk of Kent Avenue to a point about 83 feet north of the southerly line of North Eleventh Street;
- (2) Two 6-inch pipes, six 4-inch pipes, six 3-inch pipes, one 2-inch pipe and one 1½-inch pipe, under and across Kent Avenue about midway between North Eleventh and North Twelfth Streets;

—all connecting with properties of the Brooklyn Union Gas Company on opposite sides of Kent Avenue between North Eleventh and North Twelfth Streets, Borough of Brooklyn; and

- (3) One 4-inch pipe, two 2½-inch pipes, under and along DeGraw Street between Gowanus Canal and a point about 73 feet east of Nevins Street; and
- (4) One 6-inch pipe, three 4-inch pipes, two 3-inch pipes and one 2-inch pipe, under and across DeGraw Street at a point about 73 feet east of Nevins Street;

—all connecting portions of the Fulton works of the Brooklyn Union Gas Company on opposite sides of DeGraw and Nevins Streets, Borough of Brooklyn; and

- (5) Two 6-inch pipes, one 5-inch pipe, two 4-inch pipes, four 3-inch pipes and one 2-inch pipe, under and across Freeman Avenue between Vernon Avenue and the East River, Long Island City, Borough of Queens, connecting portions of the Ravenswood works of the New Amsterdam Gas Company.

The said pipes are to be used only for the purpose of carrying the material specified on the plans submitted by the Bartlett-Hayward Company, and entitled:

"Plan showing location of proposed pipes to be constructed in Kent Ave. Borough of Brooklyn to accompany application dated Jan. 19, 1918 of U. S. Government, Ordinance Department Lt. Col. J. H. Burns per A. B. Tenny to the Board of Estimate and Apportionment City of New York."

"Plan showing location of proposed pipes to be constructed in DeGraw and Nevins Streets, Borough of Brooklyn to accompany application dated Jan. 19, 1918 of U. S. Government, Ordinance Department Lt. Col. J. H. Burns per A. B. Tenny to the Board of Estimate and Apportionment City of New York."

"Plan showing location of proposed pipes to be constructed in Freeman Ave. Borough of Queens, to accompany application dated Jan. 19, 1918 of U. S. Government, Ordinance Department Lt. Col. J. H. Burns per A. B. Tenny to the Board of Estimate and Apportionment City of New York."

—and signed John A. Mason, Vice-President, copies of which are attached hereto and made a part hereof.

This consent is granted upon the following terms and conditions:

1. This consent shall continue only during the pleasure of the Board of Estimate and Apportionment and shall be revocable upon sixty (60) days' notice in writing to the grantee, but in no case shall it extend beyond the date when the structures hereby authorized shall have been turned over to and accepted by the Ordinance Department, U. S. A., and thereupon all rights of the grantee in said streets, by virtue of this consent, shall cease and determine.

2. The grantee shall pay the entire cost of all work, labor and material in connection with the installation of the pipes hereby authorized, and particularly

- (a) The protection of all structures which shall in any way be disturbed by the construction of the pipes.
- (b) All changes in sewers or other subsurface structures necessitated by the construction of the pipes, including the laying or relaying of pipes, conduits, sewers or other structures.
- (c) The replacing or restoring of the pavement in said streets which may be disturbed during the construction of the pipes.
- (d) The inspection of all work during the construction of the pipes which may be required by the President of the Borough and the Commissioner of Water Supply, Gas and Electricity.

3. Before the construction shall be begun, the grantee shall obtain permits to do the work from the President of the Borough and the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed by those officials as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to those officials working plans which shall include and show in detail the method of construction of the pipes hereby authorized and the mode of protection or changes in all structures required by their construction.

Upon the completion of the work, the grantee shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the pipes installed under this consent; also the location and dimensions of all subsurface structures encountered during the progress of the work. The depth below the street surface of the new structures and of the subsurface structures encountered must be shown, also their location with reference to the nearest curbline and nearest curbline intersection.

4. The structures hereby authorized and any structures laid therein shall be constructed under the supervision and control of the proper authorities of The City of New York, and to the satisfaction of the Fire Department.

If at any time it shall become necessary to replace or alter any structure in said streets, the City shall have the right to break through or remove all or any portion of the pipes hereby authorized and the grantee shall pay to the City the expense incurred in doing the work of such removal.

5. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to said streets.

6. Said grantee shall be liable for all damages to persons or property, including the street and structures therein and thereunder, by reason of the construction of

the pipes hereby authorized, and it is a condition of this consent that The City of New York assumes no liability to either persons or property on account of this consent.

7. This consent is granted on the further and express condition that all laws or ordinances now in force or which may hereafter be adopted shall be strictly complied with.

8. The said grantee shall give notice, in writing, to the President of the Borough and to the Commissioner of Water Supply, Gas and Electricity of its intention to begin the work hereby authorized at least forty-eight hours before such work commences. The grantee shall also give to the Board of Estimate and Apportionment notice, in writing, of the date on which the work is commenced and also the date on which the same is completed, not later than ten (10) days after such dates.

9. This consent shall be null and void unless said grantee shall duly execute an instrument in writing, wherein said grantee shall accept this consent and shall promise, covenant and agree to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained and file said instrument with the Board of Estimate and Apportionment of The City of New York within thirty (30) days of the approval of this consent by the Mayor; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction or existence of the structures hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

On motion, the Board adjourned to meet on Friday, May 3, 1918, at 10.30. o'clock a. m.

JOSEPH HAAG, Secretary.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE TUESDAY, MAY 7, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

ufacturing ferro-silicon, which process is nec-
essarily continuous, and that said men work eight
(8) hours per day, except when making shifts,
therefore

Be it resolved by the State Industrial Com-
mission that the DeLancey Paper Company, of
Niagara Falls, N. Y., be and it hereby is granted
a variation from the provisions of Section 8-a
of the Labor Law to permit not to exceed
eighteen (18) men employed in the manufacture
of ferro-silicon at its plant at Niagara Falls,
N. Y., to work seven days per week, but not to
exceed eight (8) hours in any one calendar day,
except on one day of the week when it is neces-
sary to make shift. The list of men working in
each shift to be conspicuously posted. This resolu-
tion to become effective immediately and to be
operative for the duration of the war.

Dated, May 1, 1918.

STATE OF NEW YORK, OFFICE OF THE STATE
INDUSTRIAL COMMISSION, ss.:

I, WILLIAM S. COFFEY, Secretary of the
State Industrial Commission of the State of New
York, DO HEREBY CERTIFY that I have com-
pared the foregoing copy of a resolution with
the original thereof, duly adopted by the State
Industrial Commission on the 1st day of May,
1918, and duly filed in the office of said Com-
mission, and that the same is a true and correct
copy and transcript of said resolution and of
the whole thereof.

IN WITNESS WHEREOF, I have hereunto
set my hand and affixed the seal of the State
Industrial Commission this 3rd day of May,

Whereas, the Solvay Process Company, of Syra-
cuse, N. Y., has made application for a variation
from the provisions of Section 8-a of the Labor
Law to permit certain men engaged in unloading
coal at its plant at Solvay, N. Y., to work seven
days per week; and

Whereas, an investigation by the Supervising
Inspector having jurisdiction in the district in
which this plant is located shows that this Com-
pany receives enormous quantities of coal irregu-
larly; that they employ twenty-one men unloading
coal; and that the Federal Government re-
quires the releasing and return of these cars
with all possible speed in order to expedite the
transportation of coal from the mines; and

It appearing that an emergency exists war-
ranting the granting of a variation from said
Section 8-a in so far as the same applies to a
portion of the men engaged in unloading coal at
its Solvay plant, therefore

Be it resolved by the State Industrial Com-
mission, That the Solvay Process Company, of
Syracuse, N. Y., be and it hereby is granted a
variation from the provisions of Section 8-a of
the Labor Law to permit not to exceed ten (10)
men employed at its plant at Solvay, N. Y., to
work on Sunday when necessary to unload coal
on condition that these men work in two shifts
and that each man is given a Sunday off every
two weeks. The list of men working on each
shift to be conspicuously posted and the Sunday
each man is to take as his day of rest to be
designated on such list. This resolution to be-
come effective immediately and to be operative
for the duration of the war.

Dated, May 1, 1918.

Being the buildings, parts of buildings, etc., standing within the lines of the approach and entrance to the Grand Boulevard and Concourse extending from the Central Bridge over the Harlem River to Butternut st. and Pond pl., in the Borough of The Bronx, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 25, 1918, the sale by sealed bids at the upset or minimum prices named in the description of each parcel of the above buildings and appurtenances thereto, will be held by direction of the Comptroller on

WEDNESDAY, MAY 22, 1918,

at 11 a. m., in lots and parcels, and in manner and form and at upset prices as follows:

Parcel No. 14. Two-story frame house, No. 870 Gerard ave., The Bronx. Upset price, \$400.

Parcel No. 15. Part of two-story frame house, No. 872 Gerard ave., The Bronx. Cut 0.54 feet on front by 1.7 feet on rear. Upset price, \$25.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m. on the 23rd day of May, 1918, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to the City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth herein-after.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 22, 1918," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the Collector of City Revenue, Room 368, Municipal Building, New York City, from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

BOARD OF ASSESSORS.

Completion of Assessments.

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved and unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz:

Borough of Queens.

5957. Sewer and appurtenances in Forbes (18th) st. from California ave. to Franconia ave., Third Ward. Affecting Blocks 142 and 143.

5958. Sewer and appurtenances in Ferris st. (85th rd.) from Ferry st. to Yarmouth st., Fourth Ward. Affecting Blocks 16 and 17.

5959. Sewer and appurtenances in Ridgewood ave. from Herald ave. to the Rockaway Beach Branch of the Long Island Railroad, and in Herald ave. from Ridgewood ave. to Maple st., Fourth Ward. Affecting Blocks 241, 242, 247, 248, 253, 254 and 256.

5961. Sewer and appurtenances in Hatch ave. from Chickadee ave. to Atlantic ave., Fourth Ward. Affecting Blocks 361 and 363.

5962. Sewer and appurtenances in Hancock (Durycay) st. from Wyckoff ave. to the Evergreen Branch of the Long Island Railroad, Second Ward. Affecting Blocks 2820 and 2821.

5964. Sewer and appurtenances in Maurice ave. from Toledo st. to Chicago st., Second Ward. Affecting Blocks 939 and 940.

5965. Sewer and appurtenances in Park ave. (191st st.) from Jamaica ave. to Ferris pl., Fourth Ward. Affecting Blocks 159, 160 and 172.

5966. Sewer and appurtenances in Packard (Grove) st. from Greenpoint ave. to Queens Boulevard, First Ward. Affecting Blocks 41 and 47.

5967. Sewer and appurtenances in Prospect ave. from Woodlawn st. to Linden st., Second Ward. Affecting Blocks 2581, 2582, 2584, 2585, 2586 and 2589.

All persons whose interests are affected by the above named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections in writing to the Board of Assessors, Room 809, Municipal Building, Manhattan, New York, on or before Tuesday, May 28, 1918, at 11 a. m., at which time and place the said objections will be heard and testimony received by reference thereto.

THE HARBOR MAY DIRECT, AS PROVIDED IN SECTION 881 OF THE CHARTER, FOR A PERIOD OF THREE YEARS COMMENCING JAN. 2, 1914, WITH THE RIGHT TO THE CITY OF NEW YORK TO RENEW THE CONTRACT FOR ANOTHER PERIOD OF TWO YEARS ON THE SAME TERMS AND CONDITIONS EXCEPTING THE PRIVILEGE FOR RENEWAL, WHICH SAID CONTRACT WAS HERETOFORE AWARDED TO JOHN D. BAILEY AND DEWITT C. IVINS, COMPOSING THE FIRM OF BAILEY & IVINS, AND RENEWED FOR THE TWO-YEAR PERIOD.

The period of the work to be performed under this contract will be for seven (7) months, commencing June 1, 1918.

The compensation to be paid to the contractor, which shall be in full for all the work performed, will be as follows for the various items:

For the removal and final disposition of ashes and street sweepings, at a price or sum per ash cartload (a) or in like proportion.

For the removal and final disposition of rubbish, at a price or sum per paper and rubbish cartload (c) or in like proportion.

For the loading, removal and final disposition of the ashes from Blackwell's and Randall's Islands, at a price or sum for seven months beginning June 1, 1918.

For the removal and final disposition of the ashes and rubbish from steam tugs and other vessels in the harbor, at a price or sum for seven months beginning June 1, 1918.

These prices must be written in full and also be given in figures, and all the materials that are more or less than the quantity as estimated in the "Information to Bidders" shall be received and properly disposed of by the Contractor without any extra or other compensation than the said prices, which said prices shall cover all and every cost of transportation and final disposition, however incurred, from the time that the materials are delivered to the contractor.

In the comparison to ascertain the lowest bid, the following method will be used: Multiply the price or sum bid per cartload for ashes and street sweepings by the total cartloads as shown in the table for the last seven months of the year 1917 in the "Information to Bidders"; multiply the price or sum per cartload for rubbish by the total of cartloads, as shown in the said table during the same seven months; to the sum of these two items add the prices or sums bid for seven months commencing June 1, 1918, for the ashes from Blackwell's and Randall's Islands, and for the ashes and rubbish from steam tugs and other vessels in the harbor.

Each bid or estimate must be accompanied by certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller of The City of New York, for five (5) per centum of the estimated amount for which the work bid for is proposed to be performed during the seven months commencing June 1, 1918, as computed by the method above shown to ascertain the lowest bid. This check must not be enclosed, but must be handled in separately from the bid.

The Commissioner of Street Cleaning reserves the right to select from the bids or estimates that bid or estimate the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids or estimates.

A special deposit of Ten Thousand Dollars (\$10,000) in cash will be required to be made to the Comptroller of The City of New York or he will be the signing, sealing and delivery of the contract; this amount, or the unexpended portion thereof, to be returned to the contractor at the completion of the contract or other termination thereof.

The amount of security required is Two Hundred Thousand Dollars (\$200,000).

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, Room 1244, Municipal Building, Manhattan, A. B. MacSTAY, Commissioner.

Dated, May 2, 1918. m4.15

See General Instructions to Bidders on last page, last column, of the "City Record."

SEALED BIDS WILL BE RECEIVED BY THE Commissioner of Street Cleaning, at his office, Room 1244, Municipal Building, Manhattan, until 12 noon on

TUESDAY, MAY 14, 1918.

FOR FURNISHING AND DELIVERING LUMBER.

The time allowed for the delivery of materials and supplies and the full performance of the contract is on or before July 30, 1918, deliveries to begin as required on May 15, 1918.

The amount of security required for the full performance of the contract is thirty (30) per cent. of the contract price.

Each bid must be accompanied by a deposit of not less than 12 1/2 per cent. of the amount of the bid.

Bids must be submitted in duplicate in separate envelopes, in the form prescribed by the Department of Street Cleaning, bids on any other form will not be accepted.

The bidder will state the price of each item or article contained in the specifications or schedule per 1,000 feet, B. M., by which the bids will be tested.

The extensions must be made and footed up, as the bids will be read from the total for each class, and awards made to the lowest bidder on each class.

DEPARTMENT OF DOCKS AND FERRIES.

Auction Sale of Lease.

THE COMMISSIONER OF DOCKS, AT HIS office, Pier "A," foot of Battery pl., North River, Manhattan, will sell, on behalf of The City of New York, at public auction to the highest bidder, on

THURSDAY, MAY 16, 1918,

commencing at 10 a. m., for a term of five (5) years, commencing June 1, 1918, a lease of the following described property:

PIER NUMBER 69, NEAR THE FOOT OF W. 29TH ST., NORTH RIVER, BOROUGH OF MANHATTAN, WHICH PIER IS 60 FEET WIDE, 510 FEET LONG ON THE SOUTH SIDE, AND 498 FEET LONG ON THE NORTH SIDE, WITH A ONE-STORY SHED THEREON.

TERMS AND CONDITIONS OF SALE.

All bidding shall be upon the basis of an aggregate per annum rental to be paid to the Commissioner of Docks quarterly in advance and in equal sums on the first days of June, September, December and March, respectively.

The upset price of the parcel offered for sale is \$35,000 per annum, and no bid will be received which shall be less than that price.

The successful bidder shall present at the time of the sale either a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Commissioner of Docks, or money, to the amount of not less than twenty-five (25) per cent. of the amount of the annual rent bid as security for the execution of the lease, which twenty-five (25) per cent. will be applied to the rent first accruing under the lease, when executed, or will be forfeited to the Department of Docks and Ferries if the purchaser neglects or refuses to execute the lease with good and sufficient surety, to be approved by the Commissioner of Docks, within ten (10) consecutive calendar days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier "A," foot of Battery pl., North River.

The Commissioner of Docks reserves the right to reject, by or before noon on Friday, May 17, 1918, any bid, in his judgment he deems it to be for the interest of The City of New York so to do, and to return the deposit which accompanied the bid to the bidder who submitted same.

No person will be accepted as a successful bidder who is delinquent on any contract with The City of New York, or who is in arrears to The City of New York upon any debt or contract, or who is a defaulter as surety or otherwise upon any obligation to The City of New York.

The Commissioner of Docks expressly reserves the right to rescind the lease of the premises bid for, by those failing, refusing or neglecting to comply with these terms and conditions, the party so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

The term for which the lease is sold will commence at the date mentioned, namely, June 1, 1918, and rent will be payable from that date.

No dredging will be done prior to the commencement of the lease in the slip or basin or water immediately adjacent to the premises, and the premises and the structures thereon must be taken in the condition which they are at the commencement of the term of the lease, and no claim or demand that the premises or property or any structures thereon are not in suitable and tenable condition at the commencement

of the term will be allowed by the Commissioner of Docks.

THE LEASE SHALL CONTAIN THE FOLLOWING TERMS AND CONDITIONS:

The rent shall be payable in four equal quarterly payments in advance.

The lessee will not at any time assign the lease, nor sublet the premises demised, nor in any way charge or encumber the same without the consent, in writing, of the Commissioner of Docks and the approval thereof by the Commissioners of the Sinking Fund.

All structures erected upon the property during the term of the lease shall be and become the property of The City of New York at the expiration or sooner termination of the lease.

That the lessee will at all times do such dredging as may be considered by the Commissioner of Docks as necessary and proper to be done in the said basin or slips or water immediately adjacent to the said premises.

All repairs, maintaining, rebuilding or painting required or necessary, in the opinion of the Commissioner of Docks, to be done to or upon the premises leased or the structures thereon, including the shed, shall be done by and at the sole expense of the lessee to the satisfaction of the Commissioner of Docks.

If, by reason of total or partial destruction from any cause, the premises hereby leased or the structures thereon, including the shed, shall require to be rebuilt, the same shall be so rebuilt under the direction of the Commissioner of Docks, in like manner and similar to the premises destroyed, by and at the expense of the lessee and in accordance with plans and specifications submitted to and approved by the Commissioner of Docks.

In case the lessee shall make default or shall neglect to make repairs or rebuilding, or to do such painting or dredging for the space of ten (10) consecutive calendar days after notice so to do shall have been given by the Commissioner of Docks, or any proper officer, agent or employee of the Department of Docks and Ferries, then the lease shall be null and void, and the lessee shall pay to The City of New York such damages as it may have sustained, or the Commissioner of Docks may, at his option, make such repairs and rebuilding, or do such dredging or painting, and the full cost and expense thereof shall and will be paid by the lessee, on demand, to The City of New York, and no claim for damages or for reduction of rent shall be made by the lessee by reason thereof.

No claim or demand will be considered or allowed by the Department for any loss or deprivation of use of said premises or otherwise resulting from or occasioned by any delay on account of or by reason of the premises or any part thereof being occupied for or on account of any repairs, rebuilding, painting or dredging.

The lessee will be required, upon the execution of the lease, to furnish a bond executed by a guaranty or surety company, to be approved by the Commissioner of Docks, in double the amount of the annual rent bid, for the faithful performance of all the covenants and conditions of the lease. In the event that the Commissioner of Docks shall, during the term of the lease, for any reason whatsoever, deem it advisable that other surety or sureties should be substituted in lieu of the surety or sureties upon the bond, then, and in such event, the lessee shall and will, whenever so ordered by the Commissioner of Docks, furnish a new bond with such surety or sureties as may be approved by him, in lieu of the bond originally furnished.

The premises demised, or any part thereof, shall not be used as a stable nor for the sorting or storage of rags, barrels, boxes or refuse of any kind, and the premises shall at all times be kept in a clean and sanitary condition to the satisfaction of the Commissioner of Docks.

The establishment of violation of any of the terms and conditions herein contained as fact, in the judgment of the Commissioner of Docks, shall be sufficient ground for the cancellation of the lease, and in such event the lessee shall make no claim of any kind whatsoever for damages against The City of New York.

The lessee will be required to agree that if at any time during the term hereby created the Commissioner of Docks shall determine to proceed with the work of building or rebuilding wharves, piers, bulkheads, basins, docks or slips within a section or district of the waterfront which shall include the premises hereinbefore described, according to any plan or plans now adopted or approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law, and if the said Commissioner of Docks shall determine that for the purpose of such building or rebuilding it will be necessary to terminate the interest of the lessee in the property hereby leased, or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect the interest of the lessee in the said property or part thereof shall be thereby terminated, and the rent hereby reserved shall cease from the date specified in said notice, and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest, or to or on account of any construction or improvement that may have been erected by the lessee shall at any time be made by the lessee or by any person or persons whomsoever.

The remaining terms and conditions of the lease shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, copies of which may be seen and examined at the office of the Department, Pier "A," foot of Battery pl., North River, Borough of Manhattan.

MURRAY HULBERT, Commissioner of Docks.

tations of an agreement to be entered into with the Commissioner of Docks as hereinafter required, for a term beginning at noon on May 15, 1918, and continuing up to noon on May 1, 1919. A copy of the form of agreement may be examined at the above office.

2. Bidding shall be upon the basis of an aggregate per annum compensation to The City of New York for the privilege, payable quarterly in advance, in equal sums on the 15th day of May, and on the first day of August, November and February, respectively, to the Commissioner of Docks at his office, Pier A, foot of Battery place, North River, Borough of Manhattan.

3. The Commissioner of Docks reserves the right to reject by or before noon on May 15, 1918, any or all bids if, in his judgment, he deems it to be for the best interest of The City of New York so to do, and to return the deposit made to such bidder. No person will be accepted as a successful bidder who is delinquent on any contract with The City of New York. No bid will be received from any person who is in arrears to The City of New York upon any debt or contract or who is a defaulter as surety or otherwise upon any obligation to The City of New York.

4. The successful bidder shall present at the time of the sale either a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company, signed by a duly authorized officer thereof, drawn to the order of the Commissioner of Docks, or money, to the amount of not less than 25 per cent. of the amount bid, as security for carrying into effect the terms hereof. The deposit of the successful bidder, in the event of the award of the privilege, will be applied to the payment of the installment of such fee or compensation first accruing under said agreement when executed, namely, for the period commencing May 15, 1918, and ending July 31, 1918.

If the successful bidder, within five consecutive calendar days, after being notified in writing that the agreement is prepared and ready for execution, neglects or refuses to execute said agreement with good and sufficient bond or obligation of a duly authorized surety company, approved by the Commissioner of Docks, in a sum equal to the annual rental, the deposit of said successful bidder will be forfeited to The City of New York as liquidated damages.

5. The Commissioner of Docks reserves the right to resell any privilege where the successful bidder fails, refuses or neglects to comply with the terms and conditions herein contained, and the bidder so failing, refusing or neglecting to comply with the terms and conditions of the sale shall be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

6. Free transportation on the ferries will not be allowed with this privilege.

7. The successful bidder shall arrange with the Department of Water Supply, Gas and Electricity for any water required in connection with the privilege, and shall pay to said department the regular water charges for such water. All gas and electrical installation desired by the successful bidder shall be by and at the expense of the successful bidder, subject to the rules and regulations of the Department of Water Supply, Gas and Electricity, and all gas and electricity used shall be paid for by the successful bidder.

SUPREME COURT—FIRST DEPARTMENT.

Application to Amend Proceedings.

In the Matter of the Application of The City of New York, relative to amending its application heretofore made and entitled:

"In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BRONX BOULEVARD (although not yet named by proper authority), from Old Boston Post road to East Two Hundred and Forty-second street (Demilt avenue), in the Twenty-fourth Ward, Borough of The Bronx, City of New York."

—so as to empower the Commissioners of Estimate and Assessment heretofore appointed therein to award compensation for damages caused by the closing and discontinuance of Old White Plains road, Park Entrance, Old Thwaites place and Old Boston Post road, in said Twenty-fourth Ward, Borough of The Bronx, City of New York, pursuant to Chapter 1076 of the Laws of 1895.

NOTICE IS HEREBY GIVEN THAT, PURSUANT to Section 14 of Chapter 1006 of the Laws of 1895, the Corporation Counsel of The City of New York, in behalf of The City of New York, will make application to the Supreme Court of the State of New York, First Judicial District, at a Special Term, Part III thereof, to be held at the County Court House of the County of New York, in the Borough of Manhattan, City of New York, on the 16th day of May, 1918, at the opening of the Court on that day, or as soon thereafter as Counsel can be heard thereon, for an order empowering the Commissioners heretofore appointed in the above entitled proceeding to ascertain and determine the compensation, if any (in all cases where such compensation has not been heretofore ascertained and determined), which should justly be made and legally awarded pursuant to the said Chapter 1006 of the Laws of 1895, to all owners, parties and persons interested in the lands, tenements, hereditaments, premises, rights, easements, or interests taken, affected, damaged, extinguished or destroyed by and in consequence of the abandonment, discontinuance and closing of parts of Old White Plains road, Park Entrance, Old Thwaites place and Old Boston Post road, which premises are more particularly described as follows:

Dated, New York, May 4, 1918.

WILLIAM P. BURR, Corporation Counsel, Municipal Building, Borough of Manhattan, City of New York.

Filing Preliminary Abstracts.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BLONDELL AVENUE, from Barlow street to Westchester avenue, in the 24th Ward, Borough of The Bronx, City of New York, as shown upon a map or plan adopted by the Board of Estimate and Apportionment, February 23rd, 1911, and approved by the Mayor March 6th, 1911.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioner of Assessment, has completed his supplemental and additional estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Room 1557, 15th floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in The City of New York, on or before the 14th day of May, 1918, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 16th day of May, 1918, at 1 o'clock p. m.

Second.—That the Commissioner of Assessment has assessed any or all of such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 18th day of May, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises, situate and being

in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the southeasterly right-of-way line of the New York, New Haven and Hartford Railroad where it is intersected by the prolongation of a line distant 250 feet north-easterly from and parallel with the northeasterly line of Blondell avenue as this street is laid out between Barlow street and Eastchester road, the said distance being measured at right angles to Blondell avenue, and running thence southeasterly along a line always distant 250 feet north-easterly from and parallel with the northeasterly line of Blondell avenue and the prolongation thereof to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of Westchester avenue as this street is laid out where it adjoins Blondell avenue, the said distance being measured at right angles to Westchester avenue; thence southwesterly along the said line parallel with Westchester avenue and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet southeasterly from and parallel with the southeasterly line of Blondell avenue as this street is laid out between Westchester avenue and Park avenue, and said distance being measured at right angles to Blondell avenue; thence northwesterly along the said line parallel with Blondell avenue and along the prolongation of the said line to the intersection of the prolongations of the northeasterly line of Williamsbridge road and the southeasterly line of Blondell avenue as these streets are laid out between St. Raymond avenue and Halperin avenue; thence northwesterly along the said bisecting line to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of Eastchester road as this street is laid out between Williamsbridge road and Blondell avenue, the said distance being measured at right angles to Eastchester road; thence southwesterly along the said line parallel with Eastchester road to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northeasterly line of Williamsbridge road and the southeasterly line of Blondell avenue; thence northwesterly along the said bisecting line to the intersection with the southeasterly right-of-way line of the New York, New Haven and Hartford Railroad; thence northwesterly along the said right-of-way line to the point or place of beginning.

Third.—That the abstract of said supplemental and additional assessment for benefit, together with the benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th floor, Municipal Building, Chambers and Centre streets, Borough of Manhattan, in said City, there to remain until the 14th day of May, 1918.

Fourth.—That, provided there be no objections filed to the said supplemental and additional abstract, the supplemental and additional report as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held at the County Court House in the Borough of Manhattan, in the City of New York, on the 27th day of June, 1918, at the opening of the Court on that day.

Fifth.—In case, however, objections are filed to the foregoing supplemental and additional abstract of assessment, the motion to confirm the supplemental and additional report as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, April 30, 1918.

JAMES F. DONNELLY, Commissioner of Assessment.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of CRUGER AVENUE, from Baker avenue to Rhineland avenue, and from White Plains road to Bronx and Pelham Parkway, subject to the easements of the New York, Westchester and Boston Railroad that are necessary to permit of operating the said railroad; HOLLAND AVENUE, from Baker avenue to Hunt avenue; RHINELANDER AVENUE, from White Plains road to Cruger avenue; and HUNT AVENUE, from Rhineland avenue to Bear Swamp road, subject to the easements of the New York, Westchester and Boston Railroad that are necessary to permit of operating the said railroad in the 24th Ward, Borough of The Bronx, City of New York, as amended by an order of the Supreme Court, First Department, dated June 24, 1915, and entered in the office of the Clerk of the County of Bronx on June 28, 1915, so as to conform to a map or plan adopted by the Board of Estimate and Apportionment October 23, 1914, and approved by the Mayor November 2, 1914, in which the width of Holland avenue is decreased from 60 feet to 50 feet, by taking 5 feet from each side, and also conforming to a map or plan adopted by the Board of Estimate and Apportionment December 18, 1914, and approved by the Mayor December 28, 1914, in which a change is made in the alignment of Rhineland avenue, from White Plains road to Matthews avenue; the proceeding as now amended providing for the acquisition of title to Cruger avenue, Holland avenue, Rhineland avenue and Hunt avenue, between the limits named in the resolution of June 26, 1913, and subject to the easements provided for therein as said streets are now laid out upon the map or plan of The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Room 1557, 15th floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in The City of New York, on or before the 23rd day of May, 1918, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 27th day of May, 1918, at 11 o'clock a. m.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Room 1557, 15th floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in The City of New York, on or before the 23rd day of May, 1918, and that the said Commissioner will hear parties

so objecting, and for that purpose will be in attendance at his said office on the 28th day of May, 1918, at 11 o'clock a. m.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 5th day of February, 1915, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on a line distant 100 feet northwesterly from and parallel with the northerly line of Bronx and Pelham Parkway South, the said distance being measured at right angles to Bronx and Pelham Parkway South, where it is intersected by the prolongation of a line midway between White Plains road and Cruger avenue, as these streets are laid out at Lydig avenue, and running thence easterly along the said line parallel with Bronx and Pelham Parkway South to the intersection with the prolongation of a line midway between Cruger avenue and Holland avenue, as these streets are laid out at Lydig avenue; thence southwesterly along the said line midway between Cruger avenue and Holland avenue and along the prolongation of the said line to the intersection with a line distant 100 feet northwesterly from and parallel with the northerly line of Bear Swamp road as this street is laid out between Holland avenue and Cruger avenue, the said distance being measured at right angles to Bear Swamp road; thence easterly along the said line parallel with Bear Swamp road and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet northwesterly from and parallel with the northerly line of Bear Swamp road as this street adjoins Neil avenue, the said distance being measured at right angles to Bear Swamp Road; thence easterly along the said line parallel with Bear Swamp Road and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet northwesterly from and parallel with the northerly line of Hunt avenue, as this street adjoins Neil avenue, the said distance being measured at right angles to Hunt avenue; thence southwesterly along the said line parallel with Hunt avenue and along the prolongation of the said line to the intersection with a line midway between Holland avenue and Wallace avenue, as these streets are laid out at Rhineland avenue; thence southwesterly along the said line midway between Holland avenue and Wallace avenue, and along the prolongation of the said line, to the intersection with a line distant 100 feet southwesterly from and parallel with the southerly line of Baker avenue, the said distance being measured at right angles to Baker avenue; thence westwardly along the said line parallel with Baker avenue to the intersection with the prolongation of a line midway between White Plains road and Cruger avenue as these streets are laid out at Morris Park avenue; thence northwardly along the said line midway between White Plains road and Cruger avenue and along the prolongation of the said line to the intersection with a line at right angles to White Plains road and passing through a point on its easterly side midway between Rhineland avenue and Morris Park avenue; thence westwardly along the said line at right angles to White Plains road to the intersection with a line distant 200 feet westerly from and parallel with the easterly line of White Plains road as this street is laid out at Rhineland avenue, the said distance being measured at right angles to White Plains road; thence northwardly along the said line parallel with White Plains road to the intersection with the northwesterly right-of-way line of the New York, Westchester and Boston Railroad; thence northwesterly along the said right-of-way line to the intersection with the prolongation of a line midway between Cruger avenue and White Plains road as these streets are laid out at Lydig avenue; thence northwardly along the said line midway between Cruger avenue and White Plains road and along the prolongation of the said line to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in said City, there to remain until the 27th day of May, 1918.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 27th day of June, 1918, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, April 29, 1918.

Filing Tentative Decree—Notice to File Objections.

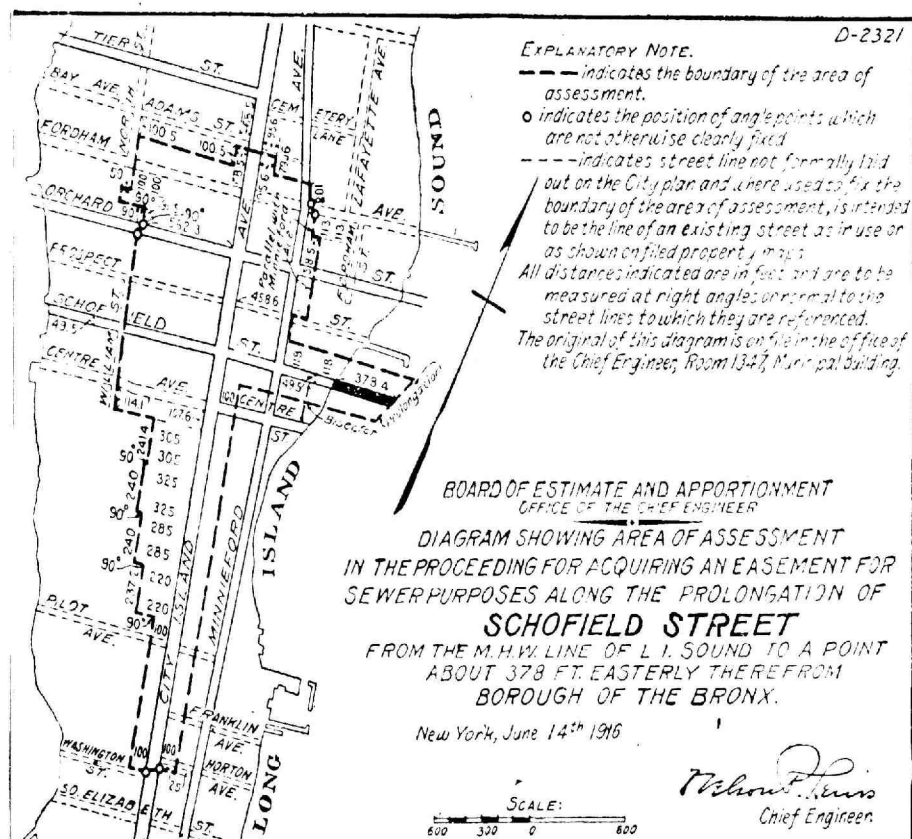

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose to an easement required for the purpose of constructing a sewer within the easterly prolongation of SCHOFIELD STREET, extending 378.428 feet along the prolongation of the northerly line of Schofield street and 364.738 feet along the prolongation of the southerly line of Schofield street, in the 24th Ward, Borough of The Bronx, City of New York, as said sewer easement is shown on a map or plan bearing the signature of the President of said Borough, and dated May 8, 1916 (said map or plan having been adopted by the Board of Estimate and Apportionment on July 7, 1916).

NOTICE IS HEREBY GIVEN TO ALL PARTIES interested in the above entitled proceeding, as follows:

First.—That the above named Court, after considering the testimony and proofs submitted on the trial of the above entitled proceeding, has completed its estimate of the compensation which should be made by The City of New York to the respective owners of the real property to be acquired in this proceeding, and has made an assessment of the value of the benefit and advantage of the improvement to the respective owners of the real property within the area of

assessment for benefit herein, and that the tentative decree of the said Court as to awards for damages and as to assessments for benefit was signed on the 25th day of April, 1918, by Hon. George V. Mullan, Justice of the Supreme Court, presiding at the trial of the above entitled proceeding, and was filed with the Clerk of the County of Bronx on the 1st day of May, 1918, for the inspection of whomsoever it may concern.

Second—That the said Court has assessed all the real property within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 30th day of March, 1917, and that the said area of assessment includes the parcels of real property situate and being in the Borough of The Bronx, in The City of New York, which taken together, are bounded and described as follows:

Third—That The City of New York and all other parties interested in such proceeding or in any of the real property affected thereby, having any objections thereto, shall file such objections in writing, duly verified, in the manner required by law for the verification of pleadings in an action, setting forth the real property owned by the objector, and his post office address, with the Clerk of the County of Bronx on or before the 21st day of May, 1918, and parties other than The City of New York shall, within the same time serve on the Corporation Counsel of The City of New York, at his office, Room No. 1537, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, City of New York, a copy of such verified objections.

Fourth—That on the 23rd day of May, 1918, at 10 o'clock in the forenoon of that day, or as soon thereafter as Counsel can be heard, the Corporation Counsel of The City of New York will apply to the Hon. George V. Mullan, the Justice of the Supreme Court who signed said tentative decree, at a Special Term, Part IV, of the Supreme Court, to be held in the County Court House in the Borough of Manhattan, to fix a time when said Justice will hear the parties who will have filed objections to the said tentative decree.

Dated, New York, May 1, 1918.

Filing Preliminary Abstracts.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of TROY AVENUE, from Canarsie Lane to a line about 275 feet north of Avenue M, and from a line about 240 feet south of Avenue M to Flatbush Avenue; EAST 43D STREET, from Flatlands Avenue to Avenue M, and BAUGHLIN PLACE, from Flatbush Avenue to TROY AVENUE, in the 29th and 32d Wards, Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupants and occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn in The City of New York, on or before the 20th day of May, 1918, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 21st day of May, 1918, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague Street, in the Borough of Brooklyn, in The City of New York, on or before the 20th day of May, 1918, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 22d day of May, 1918, at 3 o'clock p. m.

Third—That the Commissioner of Assessments has assessed any or all of such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 29th day of October, 1915, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the northeasterly line

of Flatbush Avenue where it is intersected by the prolongation of a line midway between East 42d Street and East 43d Street, and running thence northwardly along the said line midway between East 42d Street and East 43d Street, and along the prolongations of the said line to a point distant 100 feet northwardly from the northerly line of Canarsie Lane, the said distance being measured at right angles to Canarsie Lane; thence eastwardly and always distant 100 feet northwardly from and parallel with the northerly line of Canarsie Lane to the intersection with the prolongation of a line midway between East 45th Street and East 46th Street; thence southwardly along the said line midway between East 45th Street and East 46th Street and along the prolongations of the said line to the intersection with the northeasterly line of Flatbush Avenue; thence southwardly at right angles to Flatbush Avenue a distance of 200 feet; thence northwardly and parallel with Flatbush Avenue to the intersection with a line at right angles to Flatbush Avenue, and passing through the point of beginning; thence northwardly along the said line at right angles to Flatbush Avenue, and passing through the point of beginning; thence northwardly along the said line at right angles to Flatbush Avenue to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, No. 166 Montague Street, in the Borough of Brooklyn, in said City, there to remain until the 25th day of May, 1918.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the temporary County Court House, No. 26 Court Street, in the Borough of Brooklyn, in The City of New York, on the 26th day of May, 1918, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts and assessments, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Section 1011 of the Greater New York Charter, as amended by Chapter 606 of the Laws of 1915.

PUBLIC SERVICE COMMISSION.

Invitation to Contractors.

For the Supply of Ballast for Use in the Construction of Rapid Transit Railroads.

SEALED BIDS OR PROPOSALS FOR THREE (3) contracts for the supply of ballast for use in the construction of rapid transit railroads will be received by the Public Service Commission for the First District at the office of the said Commission at No. 49 Lafayette St., Borough of Manhattan, New York City, until the 21st day of May, 1918, at eleven thirty (11.30) o'clock a. m., at which time and place, or a later date to be fixed by said Commission, the proposals will be publicly opened.

Said three (3) contracts will be for the supply of ballast known as Portion D, Portion E and Portion F, respectively. Any bidder may bid for the supply of any one or more of said portions, and for any one or more of the alternative kinds of ballast for such portions, but the bidder must submit a separate proposal for each portion, and if he desires to bid on more than one kind of ballast on any portion he shall submit a separate proposal for each kind of ballast for such portion. Each contract will be made only for the portion and kind of ballast for which the Commission shall award such con-

tract. No deliveries of ballast will be required to be made after Dec. 31, 1918, or after the close of navigation on the Hudson River if it occurs prior to Dec. 31, 1918.

A fuller description of the ballast and other requirements, provisions and specifications are given in the Information for Contractors, and in the Form of Contract, Specifications, Bond and Contractor's Proposal, which are to be deemed a part of this Invitation, and copies of which may be inspected and purchased at said office of said Commission.

The receipt of bids will be subject to the conditions specified in said Information for Contractors.

Column Foundations for Part of the Culver Rapid Transit Railroad.

SEALED BIDS OR PROPOSALS FOR THE construction of column foundations for Route No. 49, Section No. 3, a part of the Culver Rapid Transit Railroad, will be received by the Public Service Commission for the First District (hereinafter called the "Commission") on behalf of The City of New York, at the office of the Commission at No. 49 Lafayette St., Borough of Manhattan, New York City, until the 21st day of May, 1918, at eleven thirty (11.30) o'clock a. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

The said part of said railroad for which column foundations are to be constructed is to be a three-track elevated railroad, in the Borough of Brooklyn, extending over and along Shell rd. and W. 5th St., from a point near Avenue X to Sheepshead Bay rd.

The work to be done will include the care and support and, where necessary, the readjustment of buildings, vaults, sewers, pipes, railroads, poles and wires and other surface, subsurface and overhead structures, the routing of certain wires, the maintenance of traffic and the restoration of pavement and other surfaces.

The Contractor must complete the work within six (6) months from the delivery of the contract.

A fuller description of the work and other requirements, provisions and specifications are given in the Information for Contractors and in the Form of Contract, bond and contractor's proposal, and in the contract drawings, which are to be deemed a part of this Invitation, and copies of which may be inspected and purchased at said office of the Commission.

The receipt of bids will be subject to the requirements specified in said Information for Contractors.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue from the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made airtight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or reerected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or reerected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a re-sale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless, as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
