#### MESSAGES FROM HIS HONOR THE MAYOR.

(G. O. 86½.)

The President laid before the Board the following message from his Honor the Mayor :

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, February 18, 1895.

Hon. WILLIAM L. STRONG, Mayor :

DEAR SIR—I have the honor to acknowledge receipt of the letter of 14th instant from your Secretary inclosing, for attention and report, a communication addressed to you by A. J. and M. D. Fullam, No. 635 West One Hundred and Fifty-first street, regarding the necessity of fencing the vacant lots Nos. 638 to 642 West One Hundred and Fifty-second street, which are said to be ten feet below the street grade.

As this Department has no initiatory power in respect to fencing vacant lots, and can only act in each individual case when directed by special ordinance of the Common Council, the communication should be sent to the Board of Aldermen for the purpose of obtaining the passage of the requisite ordinance.

Very respectfully,

CHARLES H. T. COLLIS, Deputy Commissioner of Public Works.

Which was laid over.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR,  
February 25, 1895.

Hon. JOHN JERLOMAN, President, Board of Aldermen, New York City :

DEAR SIR—I return, without approval, resolution of the Board of Aldermen directing the Commissioner of Public Works to extend the Croton water service across West street, from the large main in the street to Piers 44 and 45, at the foot of Christopher and West Tenth streets, respectively.

The report of the Commissioner of Public Works upon this work is as follows :

"From report of the Chief Engineer of the Croton Aqueduct, I find the circumstances in this case to be as follows : Some time ago this Department laid two 6-inch mains at the foot of Christopher and West Tenth streets respectively, across West street for a distance of 70 feet, where its jurisdiction ends and the jurisdiction of the Department of Docks begins. Beyond these points there is a space or plaza 180 feet wide to the bulkhead. The two mains referred to were laid specially for the water supply to the piers in that location, and hitherto, in all similar cases, the water-pipes from the ends of such mains to the piers have been laid either by the Department of Docks or the lessees of piers, and the Chief Engineer has always regarded them in the nature of service-pipes, and not public mains. Considering these facts, and the fact that the space or plaza referred to is under the jurisdiction of the Department of Docks, he thinks that this Department should not be charged with the expense of laying the pipes and be responsible for their condition. It is also doubtful whether the appropriation for public water-mains, made under the provisions of section 356 of the Consolidation Act could legally be applied to the expense of laying these pipes, which should be classified as service-pipes, and should, therefore, be laid at the expense of the parties for whose use and accommodation they are required."

Yours, respectfully,

W. L. STRONG, Mayor.

Resolved, That the Commissioner of Public Works be and he is hereby directed to extend the Croton water service across West street, from the large main in said street, to Pier 44 and Pier 45, at the foot of Christopher and West Tenth streets, respectively.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

#### REPORTS.

The Committee on Legislation, to whom was referred the annexed communication from Mr. Thompson, in reference to a bill now before the Legislature affecting the powers of the Board of Aldermen, respectively

#### REPORT :

That, having examined the subject, they find it a very important one, and therefore recommend the communication in question be referred to the Law Committee, with instructions to prepare a bill which will prevent the "lopping off" of the powers referred to in said communication, and contain such other features as the Committee on Law Department may, in its judgment, deem essential for the extension of the powers of the Board of Aldermen, in accordance with the publicly expressed desire for Home Rule.

No. 45 BROADWAY, NEW YORK CITY, }  
February 15, 1895. }

Hon. JOHN JERLOMAN, President Board of Aldermen, New York City :

DEAR SIR—There is a bill now before the Legislature which threatens very seriously to impair the functions of the New York Board of Aldermen, and as a citizen and a member of the New York Bar I deem it my duty to call your attention to it, for such action on your part as you may see fit.

As a lawyer it is my habit to follow the proceedings of the Legislature, and in reading of the recent hearing on the Greater New York bill I noticed a point raised by a Brooklyn lawyer which I have taken the trouble to examine, and which I believe to be well founded :

Article III., section 26, of the Constitution contains the following provision :

"There shall be in the several counties, except in cities whose boundaries are the same as those of the county, a board of supervisors, to be composed of such members, and elected in such manner, and for such period, as is or may be provided by law. In any such city the duties and powers of a board of supervisors may be devolved upon the common council or board of aldermen thereof."

In accordance with this provision the powers of the Board of Supervisors of New York County have been vested in the Board of Aldermen of this City. See 1 R. S., 368, sec. 17. There are further provisions on the subject in L. 1873, c. 763 ; L. 1874, c. 304, and L. 1882, c. 410, sec. 83 (the Consolidation Act), but none of them impair the functions of your Honorable Board as a Board of Supervisors ; they merely confirm and strengthen the provision made in the above-cited section of the Revised Statutes, vesting these powers in the Board of Aldermen.

The bill introduced by Senator Lexow for a Greater New York, now in the hands of the Cities Committee, provides that immediately upon its passage the communities affected shall be consolidated ; the charter to be adopted later. The Cities Committee has been informed that after the passage of this bill and the consolidation which will result, the boundaries of the City of New York will not be continuous with those of the County of New York ; but that no provision is made in the bill for the creation of a Board of Supervisors for the County. Therefore the bill is claimed to be, and I think is, unconstitutional as it stands. This defect can, and no doubt will, be remedied by the insertion of a provision creating a Board of Supervisors for New York County.

Thus at one stroke, without warning and without a hearing from the Board of Aldermen, at least half the powers of the Board, and not the less important half, will be lopped away by a bill which is professedly aimed at another object. It seems to me that a measure so important and far-reaching, and one freighted with such consequences to a body which forms a very important part of our City Government, should not be put through without at least the knowledge and consideration of the Board affected ; and that it is therefore my duty as a citizen to call the attention of your Honorable Board to the proposed legislation.

Very respectfully,

CHAS. W. THOMPSON.

The President put the question whether the Board would agree to accept said report and adopt said recommendation.

Which was decided in the affirmative.

#### PETITIONS.

To the Honorable the Board of Aldermen of the City of New York :

GENTLEMEN—We, the undersigned property-owners, respectfully petition your Honorable Body to have that part of Sixty-third street (West), from the Boulevard to Columbus avenue, about one hundred and twenty-eight (128) feet in length, laid with asphalt pavement the same as the Boulevard.

Chas. E. Roach.	John W. Thompson.
G. V. Bell.	A. M. Chisholm.
Lee W. Foster.	R. B. Boyd.
Louis E. Steinfeld.	W. Johnson Quinn.
Alex. B. Powell.	William Noble.
A. B. Nichols.	John W. Noble.

Alderman Brown moved that said petition be referred to the Commissioner of Public Works.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

To the Honorable the Common Council of the City of New York :

The petition of "The North New York Junction Railway Company" respectfully shows :

That your petitioner is a street surface railroad corporation, duly organized and incorporated under and in pursuance of an act of the Legislature of the State of New York, entitled the Railroad Law.

That the said corporation proposes to build, construct, maintain and operate a street surface railroad for public use in the conveyance of persons and property in cars, for compensation, in the City of New York, in the County of New York, upon and along the surface of the following streets, avenues and highways in the City of New York, to wit : Commencing at a point or place on Willis avenue south of the Southern Boulevard ; thence with double tracks through, along and upon Willis avenue to One Hundred and Forty-ninth street ; thence through, along and upon One Hundred and Forty-ninth street to Gerard avenue ; thence through, along and upon Gerard avenue to One Hundred and Sixty-first street ; thence through, along and upon One Hundred and Sixty-first street to a point or place on said street at or near Jerome avenue, together with the necessary connections, switches, sidings, turn-outs, turn-tables and suitable stands for the convenient working of such railroad.

That the railroad proposed to be built, constructed, maintained and operated by your petitioner, as hereinbefore set forth, is intended to be operated by any motive power, other than locomotive steam power, which now or at any time hereafter may lawfully be used and employed on its route.

Your petitioner further shows that, pursuant to the laws of this State, it is necessary for it to obtain the consent of the Common Council of the City of New York, to enable it to construct, maintain and operate the railroad aforesaid, and accordingly your petitioner now applies to your Honorable Body for such consent.

Wherefore, your petitioner prays and makes application to the Common Council of the City of New York, for its consent and permission to be granted to your petitioner, its successor, successors, lessees and assigns, to construct, maintain and operate a street surface railroad for public use through, upon and along the avenues, streets and highways above set forth and described, together with all necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands for the convenient working of said railroad, and for the accommodation of the company's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded.
