BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN
ROOM 16, CITY HALL, FRIDAY, APRIL 27, 1906.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Bird S. Coler, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Bermel, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

The Secretary presented the following:

A communication from the United Civic Associations of the Borough of Queens, forwarding resolution adopted by that body, complaining of the alleged inadequate transit facilities in said borough, and requesting the City authorities to take steps to construct and operate a trunk surface line to connect with Thirty-fourth street ferry, the proposed East river tunnel and Blackwell's Island bridge, and to add such feeders as may be necessary to open the undeveloped section to home-seekers of moderate means.

Which was ordered filed.

A communication from the New York Board of Trade and Transportation, forwarding resolution adopted by that body, recommending that a policy of subway development be adopted which shall provide for routes as nearly straight as possible north and south and east and west; disapproving of the subway links proposed by the Rapid Transit Commission through Twenty-fifth, Thirty-fifth and Thirty-sixth streets and Fifth avenue, as it is alleged they are not in accordance with the principles above set forth, they unnecessarily lengthen the routes, and curves of short radius diminish speed and the short detour through Fifth avenue effectively estops the complete utilization of that great artery for future subway purposes.

Which was ordered filed.

ROBERT GAIR COMPANY, }
BROOKLYN, April 6, 1906. }

Secretary, Board of Estimate and Apportionment, City of New York:

DEAR SIR—We beg to advise you that the bridge which we were authorized to construct across the foot of Washington street has been completed. This refers to resolution of January 5, and this notice is in conformity with article 12 of said resolution.

Respectfully yours,

ROBERT GAIR COMPANY.
GEO. W. GAIR, President.

WILLIAM A. WILLIS, Assistant Secretary.

Which was ordered printed in the minutes and filed.

A communication from the Kings County Refrigerating Company requesting certain amendments to the proposed form of contract submitted by the Bureau of Franchises for the privilege to construct, maintain and operate a pipe line and all necessary appurtenances under and along certain streets and avenues in the Borough of Brooklyn.

Which was referred to the Bureau of Franchises and also to the President of the Borough of Brooklyn.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL, }
NEW YORK, April 5, 1906. }

To the Board of Estimate and Apportionment:

GENTLEMEN—I have received, under date March 14, 1906, a communication signed Harry P. Nichols, Assistant Engineer, enclosing a copy of a letter from the President of the Borough of Brooklyn to your Honorable Board in relation to the application of the Nassau Electric Railroad Company for a street surface railroad franchise in Livingston street, between Flatbush avenue and Court street, in said borough.

This letter was written in opposition to the grant of the franchise to the railroad company and recommends that the City itself should construct the road, which should be leased for short periods to the Nassau Company or to any other company which might find it possible and profitable to operate cars in said street.

I am asked to advise your Honorable Board as to whether or not the City has power to construct such a railroad, and if so, whether it has the power to operate the same.

In reply I would say that under existing laws no power is vested in the municipality either to construct or operate such a street railroad as the one in question.

In the absence of authorization under the Charter, no such power can be found in the City. This naturally follows from the fact that a franchise comes from the State and that the State did not part with this power when by statute it was enacted that in the case of all street railways the consents of the local authorities and abutting owners had to be secured.

The effect of such legislation was only to postpone the franchise becoming effective until such consents were secured. Whether such consent by the City is called a grant, a franchise or a contract, it is in effect no more than a consent, a condition precedent to the vesting of the franchise. This is the law as to private railroad corporations, and the same law applies with equal force in the case of municipalities seeking to exercise a similar power.

The authorities are unanimous in holding a municipality engaged in the construction and operation of a railroad does so in a quasi-private character and that the permission of the State is as necessary to a municipality seeking to construct and operate a railroad as to any private corporation.

Dillon on Municipal Corporations, Secs. 72n and 89.
Sun Publishing Association v. New York, 152 N. Y., 257.
Smith v. Newburgh, 77 N. Y., 130.

The only question, therefore is whether by the Greater New York Charter, the Legislature delegated to the City the power to construct and operate street railroads. Sections 45 and 73, which regulate the procedure to be followed in the case of railroad corporations seeking to use the public streets, expressly stipulate that such sections shall not interfere with the operation of the Rapid Transit Acts or General Laws of the State in respect to street surface railroads. The original franchise in such cases must still come from the State. No provision can anywhere be found in the Charter giving to the municipality itself the right to do such construction and operation without specific authorization.

In the report made by the committee on draft of proposed Charter, on December 24, 1896, from the statement under subhead "Municipal Ownership," it appears that the Committee had thoroughly discussed this whole problem, and at that time "concluded not to deal radically with the subject in the body of the present draft, but to leave the larger aspects of it to any special measure which the Commission or the Legislature may think it wise to adopt."

The Commission later evidently intended to enlarge the powers to be granted the City, for in the report submitted to the Legislature on February 13, 1897 (Ash, 97, CXXXVI.), we find the statement:

"With a view of self-development, the Commission has entrusted the new City with power to establish ferries; to build bridges over and tunnels under all waters within its domain; to build docks and to improve the harbor and the entire City; to construct parks, schoolhouses and public buildings; to open streets and extend them; to provide water, and also the means of securing the easy, cheap and rapid communication by ferry and railways to all parts of the great metropolis."

In keeping with such statement, we find the City authorized to own and operate wharves and "new ferries" under section 818, and markets, parks, bridges, tunnels, public buildings and piers under section 47, but the only reference to municipal operation of railroads is found under section 73, where it is provided that upon the termination of a "grant or contract," that the City has the option "to take and operate property" or to lease it. No such question is, of course, here involved.

I am therefore of the opinion that a special act of the Legislature would be necessary to enable the City to construct the proposed line.

That the City, under proper authorization, has the power to construct such a road has been well recognized in the courts; *Sun Publishing Association v. New York*, 152 N. Y., 257, and *People v. Kelly*, 76 N. Y., 475, held respectively that the subway and the Brooklyn Bridge were "a City purpose." The former case also held that article 3, section 18, of the Constitution, which forbade the passing of local bills granting to a corporation the right to lay down railroad tracks, did not apply to a municipality.

In view of the conclusion here reached, the other questions asked need not be considered.

Respectfully submitted,

JOHN J. DELANY, Corporation Counsel.

Which was ordered printed in the minutes and filed.

The communication from the President of the Borough of Brooklyn will be found in the printed minutes of the Board of January 26, 1906, page 141.

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
April 5, 1906. }

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

SIR—The Mayor has this day approved a resolution adopted by the Board of Estimate and Apportionment on March 30, 1906, fixing a date for a public hearing on the application of the Williams Terminal Railway Company, and has designated the New York "Sun" and the New York "Times" as the daily newspapers in which notice of such hearing shall be published.

The resolution, duly approved, is herewith returned.

Respectfully,

FRANK M. O'BRIEN, Secretary.

Which was ordered printed in the minutes and filed.

The Comptroller appeared and took his place in the Board.

Williams Terminal Railway Company.

The public hearing as advertised for this day on the application of the Williams Terminal Railway Company for a franchise to construct, maintain and operate a single track street surface railway upon and along the surface of Bowne street, in the Borough of Brooklyn, beginning at a point southeast of Imlay street, where it will connect with the track of the New York Dock Company, and running southeasterly along Bowne street to and into the property of J. H. Williams & Co., on the easterly side of Richards street, Borough of Brooklyn, was opened.

Mr. James P. Judge appeared on behalf of John J. Reilly, in opposition to the proposed grant, and requested that consideration of the matter be adjourned.

The Chair adjourned the hearing to May 25, 1906.

A communication was received from the Citizens' Improvement Association of the Borough of The Bronx, complaining of the transit facilities of residents in the vicinity of Unionport, in consequence of the question between the Union Railway Company and the Commissioner of Bridges, relative to the right of said company to cross the bridge at Bronx river and Westchester avenue, requesting the Board to give this matter its attention and compel the Union Railway Company to come to some agreement for a fair rental of the bridge to run cars from Westchester to the subway extension without change.

The Chair stated that he had been informed the matter had been settled. Communication ordered filed.

United District Messenger Company.

In the matter of the application of the United District Messenger Company for a franchise to lay tubes, wires, conductors and insulators and use the streets, avenues and public places throughout The City of New York for the purpose of transmitting, communicating and carrying messages, news and information.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, No. 280 BROADWAY,
April 9, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The United District Messenger Company on June 30, 1905, applied to the Board of Estimate and Apportionment for a franchise to lay tubes, wires, etc., for the purpose of conveying, using and supplying electricity or electric current for the purpose of transmitting, communicating and carrying messages, news and information.

As will appear from the annexed communication of the Corporation Counsel, dated March 17, 1906, I made a report on November 3, 1905, to the former Comptroller, Hon. Edward M. Grout, which was transmitted by him the same day to the Corporation Counsel, in which the suggestion was made that the Board of Estimate and Apportionment could not lawfully grant a franchise to that company, inasmuch as it was incorporated under the provisions of the Business Corporations Law and not under the Transportation Corporations Law. The Corporation Counsel advises that the Board "should insist that the applicant, being a corporation, should be properly organized under the Transportation Corporations Law for telegraph and telephone companies."

A copy of the opinion of the Corporation Counsel has been sent to the company. Mr. M. W. Rayens, General Manager of the company, has advised me that he will at once take steps to comply with the opinion of the Corporation Counsel, and will inform me when the new company is duly organized.

I would suggest therefore that the annexed resolution denying the application of the United District Messenger Company be adopted without prejudice to the right of the applicant to present a similar application.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL, }
NEW YORK, March 17, 1906. }

To the Board of Estimate and Apportionment:

GENTLEMEN—I am in receipt of a letter from former Comptroller Hon. Edward M. Grout, dated November 3, 1905, which reads as follows:

"I transmit to you a report made to me by Mr. Harry P. Nichols, Principal Assistant Engineer in charge of the Bureau of Franchises, dated November, 1905, relating to the application of the United District Messenger Company for a franchise to

lay tubes, wires and conductors for the purpose of conveying, using and supplying electricity for the purpose of transmitting messages. As will appear from Mr. Nichols' report, this company was organized under the Business Corporation Law and not under article 8 of chapter 566 of the Laws of 1890—the Transportation Corporation Law.

"Your opinion is desired as to the right of the Board of Estimate and Apportionment to grant such a franchise to a company organized under a law other than the Transportation Corporation Law."

From the report of Principal Assistant Engineer Nichols, it appears that this company applied to the Board of Estimate and Apportionment June 30, 1905, for a franchise to lay tubes, wires, etc., "for the purpose of conveying, using and supplying electricity or electric current for the purpose of transmitting, communicating and carrying messages, news and information."

The certificate of incorporation of this company, dated February 13, 1903, in stating the purposes for which the corporation was formed, provides as follows:

"To furnish messengers, watchmen, policemen, foremen * * * and on demand and in connection therewith to transmit messages by hand, telegraph and telephone.

"To collect, receive and deliver for individuals and corporations telegrams, cablegrams and any other messages, and to contract with individuals and corporations for the collection, receipt, delivery and distribution of same. * * * to furnish time service, stock and other market quotations.

"To carry on a general contracting business in electrical work of every kind and description, including the construction, installation, erection, alteration, repair, equipment, furnishing and dealing in instruments, machinery, wires and fixtures and appliances for supplying and distributing electricity for light, heat, power, telephone and telegraph lines and connecting, maintaining and operating electrical and mechanical apparatus with other electrical and mechanical apparatus at a distance, as well as electrical exchanges or centres, subways, conduits and ducts and all other works of public or private use.

"To construct, lease, operate and own means of communication, electrical or otherwise, between its subscribers and different central stations for general business, and for furnishing, by means thereof, police, fire and burglar alarms, messenger, express and other services for any or all of the purposes set forth."

It appears, therefore, that if this corporation obtains and operates under the franchise applied for, it will be in the nature of a transportation corporation conducting a business similar to a telephone or a telegraph company.

From an examination of the various corporation general laws of 1890 and 1892, as amended, the intention of the Legislature to establish uniformity is clearly manifest. The following provisions are in point:

"The General Corporation Law, chapter 687, Laws of 1892, section 1:

"Classification of corporations. A corporation shall be either—

- "1. A municipal corporation;
- "2. A stock corporation;
- "3. A non-stock corporation, or
- "4. A mixed corporation.

"A stock corporation shall be either—

- "1. A moneyed corporation;
- "2. A transportation corporation, or
- "3. A business corporation. * * *

"A transportation corporation shall be either—

- "1. A railroad corporation, or
- "2. A transportation corporation other than a railroad corporation."

The scope of the Business Corporation Law, chapter 691 of the Laws of 1892, under which the United District Messenger Company was incorporated, may be best summed up in the words of the explanatory note of Cumming and Gilbert's edition of the General Law:

"Source and Explanatory Note—The Business Corporations Law was enacted as a substitute for a large number of general laws authorizing the formation of particular classes of corporations for purposes other than banking, insurance or transportation. The more important of these were L. 1848, Ch. 40, authorizing the formation of corporations for manufacturing, mechanical, chemical and other kinds of business, and L. 1875, Ch. 611, known as the Business Corporations Law of 1875, which authorized the formation of 'limited liability' or 'full liability' companies. The provisions of these laws not covered by this chapter are covered by the General and Stock Corporations Laws.

"Theory of Revisers—It was the theory of the Statutory Revision Commission that this chapter in connection with the General and Stock Corporations Laws should provide a uniform method of procedure for the incorporation of corporations created for the purpose of engaging in any lawful business, except such as may be formed under the Banking Law, the Insurance Law, the Railroad Law and the Transportation Corporations Law. A business corporation, to determine its corporate powers and obligations, must refer to the General Corporations Law containing provisions applicable to all corporations; the Stock Corporation Law containing provisions applicable to all stock corporations and the Business Corporations Law containing provisions peculiar to business corporations as distinguished from moneyed and transportation corporations."

Sections 1 and 2 of this Act as originally enacted read as follows:

"Section 1. Short title and limitation of chapter—This chapter shall be known as the Business Corporations Law, but no corporation shall be formed under it for the purpose of carrying on any business which might be carried on by a corporation formed under any other general law of the state authorizing the formation of corporations for the purpose of carrying on such business."

"Sec. 2. Incorporation—Three or more persons may become a stock corporation for the purpose of carrying on any lawful business by making, etc., etc., certificate * * *"

These sections were each amended by chapter 671 of the Laws of 1895 in the following manner, which in substance may be construed as continuing the restriction.

"Section 1. Short title and limitation of chapter—This chapter shall be known as the business corporations law.

"Sec. 2. Incorporation—Three or more persons may become a stock corporation for any lawful business purpose or purposes other than a moneyed corporation, or a corporation provided for by the banking, the insurance, the railroad and the transportation corporation laws, by making, etc., certificate. * * *"

It appears, however, that in the complicated development of modern business, cases occasionally arise which have not been specifically provided for in the Transportation Corporations Law, and in such instances the incorporation under the Business Corporations Law, the only apparent alternative has been allowed. This procedure has been sustained by the courts in the case of natural gas companies in *Wilson vs. Tennent*, 61 App. Div., 100.

The objection to such a procedure, however, is manifest, as it tends to confusion rather than to uniformity, and enables the company so incorporated to escape various provisions and penalties of the Transportation Corporations Law enacted as safeguards which are in the nature of things confined to that law only. This evasion will be equally true of future amendments as of existing provisions.

There is still another reason sustaining this position. The question of the proper incorporation of franchise-holding companies has heretofore only arisen upon the application of such corporation to the Commissioner of Water Supply, Gas and Electricity for a permit to lay conduits, string wires, etc., etc. The powers of such Commissioner in that respect are limited by the following language of section 469 of the Charter:

"Section 469. * * *

"Subdivision 5. * * *

"This section shall not be construed to empower the said commissioner to grant permission to open or use the streets except by persons or corporations otherwise duly authorized to carry on business of the character above specified."

This provision has always been strictly construed by this office for the purpose of requiring all such applicants to show their franchise rights in every instance, and in cases of corporations, that they have been properly incorporated in addition.

While there are no specific restrictions in this respect upon the Board of Estimate and Apportionment as to whom they could grant franchises, it would seem to be unwise to grant a franchise to a corporation to which the Commissioner of Water Supply, Gas and Electricity might successfully refuse to grant a permit.

I am therefore of the opinion that in the present instance your Board should insist that the applicant, being a corporation, should be properly organized under the Transportation Corporations Law for telegraph and telephone companies.

No hardship need ensue in the present instance, as the proper incorporation of a subsidiary company with whom the City can deal would remedy the defect and entail but a small expense on the applicant.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

The following was offered:

Whereas, The United District Messenger Company, on June 30, 1905, applied to this Board for a franchise to lay tubes, wires, etc., for the purpose of conveying, using and supplying electricity or electric current for the purpose of transmitting, communicating and carrying messages, news and information; and

Whereas, The United District Messenger Company is incorporated under the Business Corporations Law; and

Whereas, The Corporation Counsel, Hon. John J. Delany, in an opinion dated March 17, 1906, states that this Board "should insist that the applicant, being a corporation, should be properly organized under the Transportation Corporations Law for telegraph and telephone companies"; now therefore be it

Resolved, That the said application of the United District Messenger Company be and the same is hereby denied, without prejudice to the right of the company to present a new application when properly organized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Commonwealth Telephone Company.

In the matter of the application of the Commonwealth Telephone Company for a franchise to construct, maintain and operate wires, cables and all necessary appurtenances for conducting a general telephone and telegraph business in The City of New York.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, No. 280 BROADWAY,
April 21, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Commonwealth Telephone Company has made application to the Board of Estimate and Apportionment of The City of New York, by a verified petition dated August 31, 1905, for the grant of a right or franchise to construct, operate and maintain wires, cables or other electrical conductors, together with poles, fixtures and other appliances proper and necessary for conducting a general telephone and telegraph business in The City of New York.

The petition sets forth in detail what the company proposes to charge for toll service and offers to pay a percentage of the gross annual receipts of The City of New York during the life of the franchise, and to furnish free of charge to the City 750 telephones in the several boroughs, excepting that for interborough connection between such telephones one-half the regular toll rates should be paid by the City.

The petition was presented to the Board of Estimate and Apportionment at a meeting held September 15, 1905, and is printed in full in the minutes of that date. Pursuant to law, the Board fixed a date—to wit: October 13—for a public hearing, and customary notices were published in the New York "Sun" and New York Daily "News" and in the CITY RECORD. Affidavits of publication are on file in the Board of Estimate and Apportionment.

A public hearing was duly held on the date set and the following note appears in the minutes of the Board of that date, on page 2162:

"The President of the Borough of Brooklyn stated that Mr. Webb, representing the Commonwealth Telephone Company, had appeared in behalf of said company, and upon informing him that another public hearing would be held when the Comptroller presented his report upon the terms and conditions of the proposed grant, Mr. Webb had decided to wait until such time before addressing the Board."

No one appeared in opposition.

The application was then referred to the Comptroller for investigation and report, and also likewise referred to each of the Borough Presidents for investigation and report.

The petition of the Commonwealth Telephone Company was verified by Edwin M. Brooks, as president, but no address was given other than post office box 158, Brooklyn, N. Y. Later it was ascertained that Willoughby L. Webb, of No. 63 Wall street, was attorney for the company.

A search of the New York City directory did not reveal the name of any such company, and no other information was available except that contained in the petition.

Under date of October 30, 1905, the Comptroller addressed a communication to Edwin M. Brooks, as president, at post office box 158, Brooklyn, N. Y., and requested that certain information be furnished in relation to the company, its indebtedness, financial responsibility, contracts for service, if any, and the system of telephony to be employed. A copy of this communication was forwarded by me to Willoughby L. Webb, as counsel, stating that the same had that day been sent by the Comptroller to the President of the Company, and with the request that the matter should receive immediate attention. No reply whatever was received in answer to either of the above communications until February 20, 1906, when a letter addressed to the present Comptroller, signed by W. L. Webb, dated February 10, was referred to the Bureau of Franchises. This communication reads as follows:

"Referring to your letter of some months ago addressed to the above company, requesting detailed information concerning its organization, capital, construction, plans, etc., I beg to advise that the plans of the company have been seriously interfered with by reason of the sudden death at about the time of your communication of Mr. Edwin M. Brooks, president of the company, who was actively interested in the matter of the proposed franchise.

"The company now advises me that it will submit its answer in detail within the next few days."

Mr. Webb was then advised that terms and conditions had been set up by this Bureau for the grant of a telephone franchise, and he was furnished with a copy of the report upon the application of the Atlantic Telephone Company, together with the proposed terms and conditions embodied in the report, and was requested to make a reply on behalf of his company, as to whether such terms would be acceptable, or to present a counter proposition. Under date of April 5, 1906, Mr. Webb replied as follows:

"Your favor of March 19 was received in due course and forwarded to my client. I have urged them to complete their reorganization and submit the report without delay, but I was advised yesterday that it would be impossible for them in the immediate future to do so and make the report as you desire.

"Under the circumstances, therefore, they have asked me to write you that the only course open to them at present is to acquiesce in the suggestion contained in your letter of March 12 that you recommend to the Board that the application of the Commonwealth Telephone Company be denied, but without prejudice to it to renew the same at some future time."

I would therefore recommend to the Board of Estimate and Apportionment that in view of the inability of the company to furnish such information as is required, the application be formally denied without prejudice to the company to renew its application at any future time, and that the company be formally notified of such action.

I enclose resolution for adoption in accordance with the above.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Whereas, The Commonwealth Telephone Company, in a petition duly verified by Edwin M. Brooks, as president, dated August 31, 1905, applied to this Board for the

grant of a franchise to use the streets of the city for the stringing of wires and the laying of electrical conductors, for the purpose of conducting a general telephone and telegraph business; and

Whereas, In pursuance of law, the Board held a public hearing upon the same and determined to make inquiry in regard to the application; and

Whereas, The Company has failed to supply the Board with information in regard to the company upon which a report can be based; be it therefore

Resolved, That the said application be and the same is hereby denied, without prejudice to the right of the company to renew the same at any future time.

Which was adopted by the following vote:

Star Telephone Company.

In the matter of the application of the Star Telephone Company for a franchise to construct, maintain and operate wires, cables and necessary appurtenances for conducting a general telephone and telegraph business in The City of New York.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, No. 280 BROADWAY,
April 21, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Star Telephone Company made application to the Board of Estimate and Apportionment of The City of New York, by a verified petition dated June 30, 1905, for the grant of a right or franchise to construct, operate and maintain wires, cables or other electrical conductors, together with poles, fixtures and other appliances proper and necessary to conduct a general telephone and telegraph business in The City of New York.

The application is printed in full in the minutes of July 21, 1905, at page 1873. The public hearing took place on September 15, after due advertisement, and Mr. Daniel F. Cohalan appeared in behalf of the company.

In response to inquiries made by this Bureau, Mr. Cohalan has set forth generally the purposes of the company, which would seem to be more particularly a local business throughout the Borough of Manhattan, but that no general plans have been made until the franchise shall have been secured.

The company was furnished with a copy of the terms proposed for a grant as contained in the report to the Board of Estimate and Apportionment of October 13, 1905, upon the application of the Atlantic Telephone Company, and was requested to submit a proposition showing to what extent it would accept the terms and conditions therein proposed, but no reply whatsoever has been received. In consequence, no negotiations have been opened with the company, and I am unable to make any further report. It would seem, therefore, unnecessary to consider this application further, and I would recommend that the application be formally denied, without prejudice to the company to renew the same at any future time, and that the company be formally notified of such action.

A form of resolution is herewith inclosed for adoption.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Whereas, The Star Telephone Company, in a petition duly verified by Clarence F. True, as Secretary, dated June 30, 1905, applied to this Board for the grant of a franchise to use the streets of the City for the stringing of wires and the laying of electrical conductors for the purpose of conducting a general telephone and telegraph business; and

Whereas, In pursuance of law, the Board held a public hearing upon the same and determined to make inquiry in regard to the application; and

Whereas, The company has failed to supply the Board with information in regard to the company and its purposes upon which a report can be based; be it therefore

Resolved, That the said application be and the same is hereby denied without prejudice to the right of the company to renew the same at any future time.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Atlantic Telephone Company.

In the matter of the application of the Atlantic Telephone Company for a franchise to construct, maintain and operate wires, poles and necessary apparatus to conduct a general telephone business in all the boroughs of the City.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES,
April 24, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On October 12, 1905, I made a report, addressed to the former Comptroller, upon the application of the Atlantic Telephone Company, which company had applied for the right to do a general telephone business in all the boroughs of the City, and this report contained certain proposed terms and conditions, which, from the examination of the application and from the information obtained from the applicant, seemed fair to impose should a grant be made. These terms, however, were general in character and could be made applicable to any one of the three companies whose applications for franchises for telephone rights were then pending before the Board, to wit: that of the Atlantic Telephone Company, the Commonwealth Telephone Company and the Star Telephone Company.

This report was published in full in the minutes of the Board of October 13, 1905 (page 2165, etc.), and covered in a general way the history of the telephone service in New York City and the relations of the present operating telephone company to the Empire City Subway Company, Limited, showing that such relations had stifled competition not only in telephones but in all business requiring the use of underground low tension electrical conductors. There was also a discussion on the advantages and disadvantages of competition, the question of the flat rate for unlimited service, the use of the manual switchboard versus the automatic system, and some statistics in regard to the operation of independent telephone companies elsewhere throughout the United States. It was shown that the success of any new company entering the field in this City, should it receive a franchise, would depend to a large extent on its ability to secure a sufficient number of subscribers to support it, and in return it would be obliged to give, first, a service so far superior to the existing service that it would be enabled to keep such subscribers and constantly draw others from the existing monopoly; and second, a service at so much less than the existing rates that the present monopoly would be unable to meet such rates, and third, such outside connections over long distance wires whereby a service of equal value to that furnished by the existing company would be afforded to subscribers at substantial reductions from present tolls. These conditions the representatives of the Atlantic Telephone Company have stated they would be enabled to meet successfully, and pointed to the fact that it already had under contract for service over 72,000 property holders in the boroughs of Manhattan and The Bronx, or nearly one-half of the number of subscribers of the New York Telephone Company at that time in the same territory; that by means of the automatic system alone, or in combi-

nation with the manual, it could furnish a system so far superior to the present manual system employed by the Bell Telephone companies in its speed, reliability and secrecy, and at such less cost of operation, that its promoters had every confidence in the venture, and that for long distance service its contracts with independent companies covered over one-half a million subscribers.

At the meeting of October 13, 1905, the report was laid over by the Board for future consideration, and this Bureau has communicated with the other applicants, to wit, the Commonwealth and Star companies, with a view to securing information for the Board as to which of the applicants had the greatest right to recognition by reason of the service it would be enabled to furnish.

Commonwealth Telephone Company.

The application of this company was presented to the Board at its meeting on September 15, 1905, and is printed in full in the minutes of that date (page 1962). A public hearing was held on October 13, after due advertisement, and no one appeared in support of or in opposition to the application, but the following note appears in the minutes of the Board:

"The President of the Borough of Brooklyn stated that Mr. Webb, representing the Commonwealth Telephone Company, had appeared in behalf of said company and, upon informing him that another public hearing would be held when the Comptroller presented his report upon the terms and conditions of the proposed grant, Mr. Webb had decided to wait until such time before addressing the Board."

The application of this company was verified by Edward M. Brooks, as President, no address being given except Post Office Box 158, Brooklyn, New York, and a search of the directory did not disclose any office of the said company. It was subsequently learned that Mr. Willoughby L. Webb, of No. 63 Wall street, was counsel, and under date of October 30 a communication was sent to Mr. Brooks, as President, and a copy to Mr. Webb, requesting certain specific information in regard to the intentions of the company, to which no reply has been received except that on February 10, 1906, Mr. Webb addressed the Comptroller, advising him of the death of Mr. Brooks, the President, and that the company will submit a detailed answer to the communication of October 30 "within the next few days." A communication addressed by this Bureau to Mr. Webb has brought a reply, dated March 19, in which the company asks for a further extension until March 30, and on April 5 Mr. Webb wrote that the company will be unable to submit a definite proposition in the immediate future. In consequence I believe that further consideration of this application at the present time may be neglected.

Star Telephone Company.

This application was received on July 18, 1905, and is printed in full in the minutes of July 21, page 1878. In exactly similar manner a date was set for a public hearing, which took place on September 15, when Mr. Daniel F. Cohalan appeared in behalf of the company.

In response to the inquiries made by this Bureau, two communications have been received from the company's representatives, the first dated September 13, 1905, from Charles Tier Russell, No. 43 Cedar street, as attorney, inclosing a certified copy of the Articles of Incorporation and stating that the authorized capital stock of one million dollars was being paid into the treasury in installments as required, giving a list of officers and directors, and stating that no attempt had been made to secure any subscribers in advance of the granting of the franchise. The second communication, dated October 13, and signed by Daniel F. Cohalan, of counsel, would seem to imply that the company intends to cater to a local business more particularly in the Borough of Manhattan, but had not decided on a special system to be installed.

On February 6, 1906, the company was furnished with a copy of the terms proposed for the grant, as contained in the report of this Bureau of October 13, and requested to submit a statement showing to what extent it would accept the terms and conditions therein proposed, but no reply has been received.

In consequence, I have been unable to enter into any negotiations with representatives of this company with a view to perfecting a franchise, and further consideration of the application of the Star Telephone Company is impracticable at present.

Atlantic Telephone Company.

Negotiations with this company have been continued, and the company has submitted to the Board two counter propositions to the terms proposed in the original report before referred to. The first, dated November 29, 1905, and printed in the minutes of December 5, 1905, at page 2977, sets forth that the Atlantic Telephone Company will be unable to comply with the terms proposed by the Bureau of Franchises, and successfully compete with the New York Telephone Company. Objections are raised to the following provisions:

1. A twenty-five-year franchise without renewal.
2. The relinquishment of its tangible property in the streets at the end of the grant.
3. The payment of an initial sum.
4. The payment of certain percentages of gross receipts with fixed minimums.
5. The giving to the City, free of charge, complete telephone service for all City departments and bureaus.

This counter proposition withdraws entirely the original offer to give unlimited service at a fixed charge to subscribers.

The reasons given by the company for its inability to comply with the proposed terms are that as it would be obliged to place its wires and electrical conductors in the subways of the Empire City Subway Company, Limited, and the control of this company by the New York Telephone Company would prevent the hiring of subway ducts at reasonable rates; that the cost of its investment could not be recovered during a twenty-five-year grant, and if its tangible property were turned over to the City at the end of such term, it would be sacrificed; that at one-half the existing toll charges of the New York Telephone Company, it could not pay the compensation proposed, but that for a franchise, if so modified, it would pay to The City of New York annual sums starting at \$77,500 per annum for the first five years, and increased each five years until it reached \$232,500 for the last period of five years of the first twenty-five, amounting in all to \$3,875,000, together with the use of one thousand telephones free to The City of New York. On January 12, 1906, the company filed with the Board a more complete counter proposition, embodying the above and accepting many of the other conditions in the terms proposed by this Bureau.

As was shown in the former report, the agitation for reduction in telephone charges assumed such definite shape in the early part of the year 1905, that a legislative inquiry into such charges was seemingly only averted by the promises of representatives of the New York Telephone Company, backed by the assurance of the Merchants Association, that reductions would be made. Certain reductions were made in May and June of 1905, and others affecting trunk line rates have since been made. According to a statement made on January 19, 1906, by Mr. U. N. Bethel, first vice-president and general manager of the New York Telephone Company and president of the New York and New Jersey Telephone Company, a further reduction of the pay station rate from ten cents in the boroughs of Manhattan and Brooklyn is to be made, and that certainly by July 1 of this year, and possibly by June 1, this rate would be five cents.

This agitation into rates and the published statements of the New York Telephone Company's earnings have seemingly had an effect in bringing these applications from independent companies before the authorities. It is also evident that a most careful search has been made by other parties for any permits, consents or franchises heretofore given to any corporation for the right to maintain electrical conductors for any purpose within the streets of any of the boroughs now included within The City of New York, and especially such permits or consents which were given without material compensation to be paid to the City. Some such grants have seemingly been discovered, for other companies have been incorporated and are now claiming to hold franchises of great value.

In considering the present application, it is therefore necessary to refer briefly to what is being done by other corporations which have purchased rights which they now declare to be valid, and which will enable them to enter The City of New York.

New York Independent Telephone Company.

This company filed its certificate of incorporation with the Secretary of State on February 20, 1905, with a capital stock of \$50,000, and setting forth in its certificate that the general route of the lines of telegraph and telephone of such corporation covered all the streets, etc., in The City of New York, and thence to Albany, Boston and various other points in the New England States, as well as all of Long Island, New Jersey and as far as Philadelphia.

On September 23, 1905, it filed a certificate of increase of capital to \$500,000.

This company is reported to be controlled by the United States Independent Telephone Company, a New Jersey corporation, and in turn claims to own a "franchise" given by the Board of Electrical Control to the Mercantile Electric Company.

As the Appellate Division of the Supreme Court, in December, 1905, in the matter of the West Side Electric Company, has held that the consent of the local authorities required to use the City's streets was vested in the Board of Aldermen and not in the Board of Electrical Control, it does not appear, unless this decision is reversed, that the claims of this company that it possesses a franchise can be substantiated.

Great Eastern Telephone Company.

The Great Eastern Telephone Company has recently been canvassing the City for subscribers to an independent telephone service, and has issued a prospectus offering to sell its preferred cumulative dividend 6 per cent. stock at par with a bonus of 50 per cent. of common stock, claiming subway franchises in the boroughs of Manhattan and The Bronx, granted by the Board of Aldermen in 1883 to the New York Electric Lines Company, and likewise a subway franchise in the Borough of Brooklyn, granted by the Board of Aldermen of that city in 1894, to the New York and Eastern Telegraph and Telephone Company. This company, as indicated by its rate cards, which are being issued, offers service between points in adjoining boroughs within a distance not exceeding five miles for five cents per call, and unlimited service at \$60 per year. This company has already made application to the Commissioner of Water Supply, Gas and Electricity to open the streets in the Borough of Manhattan under the grant made to the New York Electric Lines Company, and the question of the present validity of the grant, and the right of the Commissioner of Water Supply, Gas and Electricity to issue permits thereunder for the opening of the streets was referred to the Corporation Counsel, who, in an opinion rendered under date of April 16, 1906, states as follows:

"I think there may be some question whether such a company as the New York Electric Lines Company could be legally incorporated under the general law relating to telegraph companies or gas or electric light companies, or both, whose sole object was to lay wires underground for the combined use of telegraph, telephone and electric light companies. The authority for the incorporation of such a company is not expressly conferred by either of such general statutes and there is some doubt if it exists.

"However this may be, I am clearly of the opinion, and so advise you, that for the reasons hereinbefore stated this company has no valid franchise or rights in the streets of the City, nor has it a legal corporate existence, and for these reasons its application for the permits sought should be denied."

Since the opinion was made public, statements have appeared in the public press, credited to the officials of the Great Eastern Telephone Company, that that company and its subsidiary company, the New York Electric Lines Company, will bring mandamus proceedings against the Commissioner to compel issuance of the permits sought.

Aside from the legal questions involved in regard to the New York Electric Lines Company, it would certainly, in my opinion, be against public policy to recognize grants made in 1894, when, by the provisions of the Greater New York Charter, so radical a change was made in the manner in which franchises are now to be granted, and especially when new companies have been organized which are willing to apply under the provisions of the existing Charter and accept the terms which may be determined upon by the Board of Estimate and Apportionment.

It is difficult to understand, however, in what manner the Great Eastern Telephone Company expects to reach the boroughs of Queens and Richmond without application to this Board, even should the rights which it has acquired by purchase be held by the courts to be valid; and without the right to connect all boroughs it is questionable as to how far such a service would be efficient.

It will thus be seen, not only from the application of the Atlantic Telephone Company but from the endeavors of the New York Independent Telephone Company and the Great Eastern Telephone Company, that a strong effort is now being made to install an independent telephone system in this City, and should such a system be installed it would prove of inestimable value to the many other independent telephone companies operating throughout the country, which would then be enabled to make connections with The City of New York.

ATLANTIC TELEPHONE COMPANY.

I have held several conferences with the representatives of the Atlantic Telephone Company, Mr. Martin W. Littleton and Mr. John A. L. Campbell, of counsel, and they have submitted several propositions which have been discussed.

In making up the terms and conditions of the report of October 12 the estimated income of the company, as furnished by its representative, was considered, and profits likely to accrue upon the basis of a decrease in cost of operation and equipment were taken into account. The situation has been somewhat changed since this time, as will be seen from the foregoing, and the company's estimates and the difficulties which they will have to face in starting an independent telephone company in this City, together with the change in its plans from offering an unlimited service to that of a graded service, have made them more skeptical of the returns which will accrue during the first few years of the venture.

The principal points of difference were outlined in the commencement of this report, and the company has modified its offer as presented to the Board by agreeing to pay:

First—An initial sum.

Second—Annual payments upon a percentage of the gross receipts; and

Third—To furnish the City free of charge as many telephones as it shall require.

The company has also submitted a schedule of maximum tolls which are to be inserted in the contract, but will be subject at all times to reduction by the Board of Estimate and Apportionment.

These maximum tolls are:

Five (5) cents per call from any station within a borough to any other station within the same borough.

Between the Boroughs of Manhattan and all other boroughs, 10 cents.

Between the boroughs of Brooklyn and The Bronx, 12 cents.

Between the boroughs of Brooklyn and Richmond, 10 cents.

Between the boroughs of Brooklyn and Queens, 10 cents.

Between the boroughs of The Bronx and Queens, 10 cents.

Between the boroughs of The Bronx and Richmond, 15 cents.

Between the boroughs of Queens and Richmond, 15 cents.

The rates to private subscribers range from 30 per cent. to 50 per cent. below the present charges of the New York Telephone Company, and will be found set forth at length in the proposed form of contract attached.

I have been unable to agree with the representatives of the company as to the amount of the initial payment, the company offering \$100,000, while I consider such sum should not be less than \$250,000.

Franchises have heretofore been obtained which have never been utilized, and in consequence conveniences and improvements for the benefit of the people, expected from the grants, have never materialized, though the rights so given have many times been sold, leased or otherwise disposed of to some competitor, presumably at a large profit to the holder, and has been held by such purchaser to prevent its use. This has stifled competition and thus created monopolies in many public utilities. In consequence I believe that the City should receive a substantial initial payment, large enough to act as a powerful incentive to the carrying out of the terms of the contract and to discourage speculation in franchises so obtained. Certainly \$250,000 is not too great a sum to ask the company to pay in order to show its good faith and intention to utilize the great privilege it asks.

If the sum of \$250,000 is paid I am willing to recommend the following schedule of annual payments as offered by the company:

During the first two years, 1 per cent., but not less than \$20,000 per annum.

During the succeeding three years, 2 per cent., but not less than \$30,000 per annum.

During the succeeding five years, 4 per cent., but not less than \$60,000 per annum.

During the succeeding five years, 6 per cent., but not less than \$100,000 per annum.

During the succeeding five years, 7 per cent., but not less than \$150,000 per annum; and

During the last five years, $7\frac{1}{2}$ per cent., but not less than \$200,000 per annum. The minimums as provided above need not be considered as the total amounts which the City will receive, providing the company is successful and secures the business which its promoters are sanguine of obtaining. The percentages, while materially less than those originally proposed by me, have been made extremely low during the first ten years, which is the period during which the company is building up its business, but at the same time I believe that they are in this case sufficiently stringent when it is considered the opposition which the company will have to face in installing an independent system in The City of New York.

I have thought it advisable to rearrange the several conditions to be imposed so that they appear in a more logical order, and the changes and additions which have been made in the terms originally proposed, aside from the compensation, are herewith discussed in order.

A renewal privilege of twenty-five years is now provided for upon new terms to be fixed by appraisers.

I am willing to recommend this renewal term, for I can see that the proposition of installing a telephone system in New York in opposition to the present monopoly is one of such magnitude as will require a term exceeding twenty-five years in order to interest capital sufficiently to undertake it.

The original Chicago telephone franchise, which was granted for a term of twenty years, in 1889, upon a 3 per cent. basis of its gross receipts, with the free use of nine telephones to the City, and a rental of \$5 per telephone for the use of each phone employed by the fire alarm and police telegraph systems, was at the time when the telephone industry was in its infancy, and even four years after this time there were only 9,700 telephones in the boroughs of Manhattan and The Bronx, while there were on April 1 of this year, according to the published advertisements of the New York Telephone Company, 194,000 telephones operated by said company in the same territory.

The question is, can an independent company, if granted a franchise in this City for twenty-five years, duplicate the system of the New York Telephone Company, charge tolls much less than the present rates, and be able to exist with a fair profit to its stockholders.

One of the conditions formerly limited the company to the use of the automatic telephone, but this has been amended so as to read as follows:

"The telephone system shall be constructed and operated in the latest improved manner of automatic or manual telephone construction or a combination of the two."

This will permit of the combination of the two systems and by so doing, provide for connections with other independent telephone companies not as yet automatically equipped.

The provision that the Board of Estimate and Apportionment reserves the right at any time hereafter to cause the installation by the company of any new and improved system of telephony, and that the company shall thereupon be required to comply with any such directions, has been amended so that the Board may compel the installation of only such improved systems as are covered by patents within the control of the company. The representatives of the company declined to accept the condition that any new system should be installed in the future upon the grounds that the value of a patent not controlled by the grantee could be held at such a price as would prohibit the Atlantic Telephone Company from buying it.

A condition has been inserted that the Board of Estimate and Apportionment shall have control over the future issue of stock and bonds of the company, as was provided for in a proposed franchise previously sent to the Board.

Too little attention has been paid to this matter in the past, and I feel that a discussion of the subject here is extremely pertinent.

The representatives of the company object most seriously to any control of stock and bond issues by the City, and claim that the City, in governing the price which the company may charge for service, can absolutely prevent the watering of stock. With this, however, I do not agree, and I recommend that the stock limitation clause be incorporated in any franchise of this character granted, and my reasons therefor are as follows:

Granting to a public service corporation the right to use public streets is, in fact, giving said corporation the consent to use property other than its own, for the purpose of manufacturing, distributing and selling its product. The grantor of this permission and the consumer to which this product must be sold are identical, being the people of the City, as a consumer representing themselves; as the grantor being represented by City officials.

Since the grantor is to be the only consumer of the product manufactured, and contributes to a very large extent the capital invested in the enterprise, in fact contributes so largely that without it the corporation would be unable to carry on its business, to wit, the right to use public streets, it naturally follows that the grantor should have, to a certain extent, control in nearly all the actions of the company, receiving such a consent, which may affect the people of the City either as a shareholder or a consumer. As a consumer, it is interested in the efficiency of service and all financial matters which may have influence on the cost of the product, and as shareholder, it is interested in the revenue from the enterprise.

In recently granted franchises the City, as a shareholder, is protected in a measure at least by the compensation received for the privilege, which is fixed by the terms of the consent. The question naturally arises here, how shall the City, as a consumer, be protected against unfair charges?

In the terms and conditions proposed for the grant to the Atlantic Telephone Company in the report of October 12, 1905, the following clause was proposed, and has been accepted by the representatives of the company:

"During the life of the franchise the Board of Estimate and Apportionment, or its successors in authority, shall have absolute power to regulate maximum rates, provided that such rates shall be reasonable and fair."

Suppose, however, that the capitalization and bonded indebtedness of the company should become many times the actual value of the property, and thereby create an excessive fixed charge upon the company, the result would perhaps be insufficient public service by the company, for the reason that the earnings would not be large enough to pay dividends upon the excessive outstanding stock and bond issues and pay for the improvements which should be made in order to provide good service. Another result might be an exorbitant charge upon the consumer in order to be able to pay dividends upon an excessive stock or bond issue.

If under these circumstances an effort were made to reduce the rate of telephone service the Board of Estimate and Apportionment perhaps would not consider it "reasonable and fair" if, by reducing such cost, the result would be that no profits would remain for the shareholders. A decision at such a time would, unless public opinion demanded it, cause criticism and perhaps litigation. At any rate the Board would be put in a position of dealing harshly with the stockholders who have invested their money in the enterprise and deciding favorably for the consumer, or of dealing fairly with the stockholder and deciding unfavorably for the consumer.

Suppose the company was restricted from issuing stock or bonds in excess of the value of the property, and the cost of service was such that profits are excessive, then the City, as a shareholder and as the only consumer, could, without criticism and without litigation, be "reasonable and just" in reducing the cost to the consumer.

Without prejudice to any company, I wish to call your attention to the capitalization and bonded indebtedness of certain street railroads operating in this City, as shown by public records. One company, which is leased to the Brooklyn Rapid Transit Railroad Company, in the Borough of Brooklyn, operates about 64 miles of track. The capital stock and the funded debt outstanding are each \$234,000 per mile of railway. Although it is impossible for me to say what this road and its equipment did actually cost, it is perfectly safe to say that the bonded indebtedness alone is from two to three times the cost of replacement. Investigation will probably show that the indebtedness of other railroads operating in this City is as large as in the case cited. If the indebtedness of these companies was not in excess of their value no doubt the rate of fare could be materially reduced and at the same time a fair revenue be earned upon the actual money invested.

The State Legislature has the power to fix rates, yet, as far as I know, that body has not enacted into law any bill compelling a reduction of the rate of fare or even the advisability of an investigation of the railway companies to determine whether such reduction would be just.

I am informed that the very company with which the Atlantic Telephone Company will have to compete, if it obtains a franchise in this City, is now paying large dividends upon a capitalization in excess of its tangible property. If then the Atlantic Telephone Company is willing to enter the field with a capitalization and bonded

indebtedness limited to the amount actually required, other things being equal, it has a decided advantage over its competitor, in that it could furnish service at a lower rate and the receipts therefrom would enable it to pay substantial dividends upon invested capital.

Nearly all the complaints against public service corporations are traceable to over-capitalization. In the case of certain railroads in this City we have insufficient number of cars, poor track and car equipment, incapable, all of which inefficiencies are imposed upon the patrons because dividends must be paid upon watered stock or interest paid upon an excessive bond issue. These two conditions, one giving the City the power to fix rates, the other restricting the capitalization and bonded indebtedness, are each dependent upon the other, and both are required to protect the citizens of the City as a consumer of the product. One is necessary to protect it from unfair charges, and the other is necessary to prevent a condition of affairs which experience shows may delay action fixing just charges, and in the event of reducing the charges, to protect confiscation of capital invested in stocks or bonds which have no real value.

Of all the proposed conditions for this franchise I consider these two the most important. Monopolies are not a hardship if the City can control the monopoly. To control the monopoly power must be had to control the rate of charge to the consumer and to prevent the evil of over-capitalization, which I believe is the root of all inefficient service.

This arrangement, however, will not prevent companies being organized for the purpose of holding stock or bonds in other companies and issue bonds and stock far in excess of the tangible value of companies which are thus controlled. It seems to me impossible to draw a clause for the franchise which will prevent this condition of affairs.

A bill was introduced into the State Legislature during the present session which prohibited any company from owning more than 10 per cent. of the issue of stocks or bonds of any other company. This, I believe, would be, to a great extent, a solution of the evils of holding companies, and it is to be regretted that it did not become a law.

The question of the control of rates of charge is one which should be passed upon by the Corporation Counsel. I understand that independent telephone companies obtained franchises from the cities of Toledo and Baltimore which gave those cities the power to regulate the rates.

After getting the systems in operation each of these companies increased the rates above those specified.

In Toledo the matter was carried to the courts, which, I am informed, held that the City had no legal right to establish a maximum rate which the company might charge as a condition of granting the franchise.

In Baltimore legal proceedings were had to enjoin the company from advancing its rates, and the defense which the company made was the same as that in the Toledo case.

I cannot say whether the information which I have received in this matter is reliable, but this question should be thoroughly investigated by the Corporation Counsel before a contract is entered into with the company, for, as has been previously pointed out, it is one of the most important conditions which can become a part of such a contract.

The time when the company shall have equipped and in operation a given number of exchanges and have installed a given number of telephones has been increased from two to three years. An additional condition has been imposed to the effect that the franchise given shall be used in its entirety, and that no part of the same shall be used in connection with any other right or franchise heretofore granted for rights within the present limits of The City of New York, except as is provided therein.

The security deposit has been reduced to \$50,000, for, as the compensation reserved is to be paid quarterly, I believe that such sum will be ample to protect the interests of the City.

These terms as now proposed appear to me to be satisfactory from the City's point of view for the grant of a franchise to an independent telephone company, but the contract must be so drawn that it shall never fall into the hands of the New York Telephone Company, or any allied concern of the present monopoly.

It has been pointed out that the telephone business in any community must, because of its character, be carried on by one company or by companies whose systems are connected, so that a subscriber of one system may connect with subscribers of the other without extra charge. If there are two independent systems many business houses will be obliged to subscribe to both in order to have universal telephone service, and consequently an increased cost to such subscriber, unless tolls are sufficiently decreased by reason of competition.

In a supplemental report dated September 18, 1905, by Frederick B. De Berard, secretary, Special Telephone Committee of the Merchants' Association, which is published by the New York Telephone Company, is given the status of telephone competition in thirty-nine cities in the United States in which two competing telephone systems are in operation. It states that in nine cities the number of subscribers to both systems is less than 10 per cent. of the total number in use; in twenty-four cities the percentage ranges from 11 to 20 per cent.; in five cities from 21 to 30 per cent., and in one city the percentage is 38 per cent., while in nine cities the number of subscribers to both systems is larger than the number of subscribers to an independent company only.

If these figures are correct it is evident that in order to effect a saving by the introduction of another telephone system in this City a reduction in the cost to the subscriber of phones for other than business purposes must be effected, and a corresponding reduction in the cost for business purposes.

The present rates will undoubtedly be reduced by reason of competition if another telephone company secures a franchise and puts in operation a system in New York. If the rates are reduced, the cost to business houses requiring both systems will probably be more than at present, because of the duplicate system, whereas the cost to subscribers requiring one system only will be less than at present in just such amount as the present rates are reduced. The saving throughout the whole City will depend upon the excess in the number of those subscribers to one system over those who subscribe to both systems.

If it is true, as has been repeatedly intimated, the telephone business should be operated by one system and there should be no competition; then, here is a business of the character which can only be conducted by a monopoly, and in consequence, a company owning such an enterprise should be governed as to rates and service by the local authorities.

If it were possible for the authorities to control the rates and the kind of service of the New York Telephone Company, the present monopoly of New York City, there would seem to be no reason why another company should be allowed to enter the field. This company, as far as I know, occupies the streets without the consent of the local authorities, and its rights are in no way governed by conditions which the City may enforce, leaving the general public absolutely at the mercy of the company unless the State shall exercise its authority to reduce rates and compel efficient service.

In addition to the inefficient service and excessive charges of the New York Telephone Company in the past, it controls and uses to its own advantage, the subways of the Empire City Subway Company, Limited, in which all low tension wires in the boroughs of Manhattan and The Bronx are laid. This latter company has a contract with the City to build such subways and to supply space in the same to all applicants. This contract contains a proviso that all profits over ten per cent. upon the cost of actual construction shall be paid to the City, and although it is probable it has been an extremely profitable one to the company, no payment has as yet been turned into the City Treasury. A suit is now pending for the recovery of the excess profits and the surrender of the subway conduits to the City for failure to comply with the terms of the contract.

As a result of the subway company being under the control of the New York Telephone Company, exorbitant rates are charged to companies requiring space for low tension wires, and therefore companies which would in any way compete with the New York Telephone Company requiring wires in subways, are prohibited from doing business because of the excessive charges for duct space. It would seem, therefore, that in order to insure improvement of the service, and reduction in tolls, two courses are open to the Board, viz:

First—To seek from the telephone company operating the present system a contract with the City which will be in every way as advantageous to the City as the one proposed for the Atlantic Telephone Company. The New York Telephone Com-

pany should also be required, as a condition of such contract, to deliver to the City the Empire City Subway Company, Limited, by the confession of judgment in the pending suit; or

Second—Grant a franchise to an independent company for the right to operate a telephone system under a contract which will give to the local authorities a large measure of control and such as is now proposed.

The first the New York Telephone Company may refuse, but by so doing it will not show its good faith to the public, which is contrary to what it has often expressed its willingness to do.

The second would reduce the tolls for telephone service, the new company being required to furnish service at reduced rates by the terms of its contract, and the company operating the present system would reduce its tolls by reason of competition. I believe that the proposed contract is so drawn that it will require the company to give efficient service, and the terms and conditions, except as noted above, have been generally accepted by representatives of the Atlantic Telephone Company.

I would therefore suggest that while the Board is considering the proposed terms of a grant to an independent company, the New York Telephone Company be requested to enter into such an agreement with the City. If that company refuses, then the present application may properly be granted.

As it would appear that there is great public interest in this matter, I would recommend that the Board cause a public hearing to be held upon the terms and conditions as now proposed, after which it may decide whether such terms should be altered.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

For the convenience of the members of the Board in examining the proposed contract, there is appended a brief synopsis of the same:

Section 1. Right to operate a telephone system throughout The City of New York.

Section 2. First—Term of grant to be for a term of twenty-five (25) years, with privilege of renewal for a further term of twenty-five (25) years upon a revaluation by appraisers.

Second—Plant and property in streets to become property of City without cost at termination of grant. Real estate, etc., to be paid for if taken over. Valued by appraisers.

Third—Compensation to be paid to the City during first 25 years. Compensation for renewal not to be less than for last year of first 25 years. How and when paid to Comptroller.

Fourth—Assignee to be bound by conditions of this contract as to payments.

Fifth—Free service for an unlimited number of telephones for the use of the city offices.

Sixth—No assignment of franchise without consent of Board.

Seventh—Company to sign contracts with other companies for long distance service within six months.

Eighth—Construction and operation under control of all City authorities.

Ninth—Latest and best automatic or manual or combination of the two systems to be used. Continuous service during 24 hours in each day.

Tenth—Subways: In Manhattan and part of The Bronx, existing subways to be used. Must use City subways if constructed. Company agrees to sell subways constructed by it to City at cost less depreciation. Shall provide one three-inch duct for use of City. Permits for subway must be obtained and plans of same furnished. Company to keep in repair all pavement removed for term of one year and bear cost of all inspection required and any changes necessary in subsurface structures.

Privilege of constructing subways in streets shall be subject to rights if any of owners of abutting property or others.

Eleventh—Construction to be commenced in six months and 34 exchanges to be opened during the first three years, and 37,000 miles of wire laid. Contract to be used in its entirety and not in connection with any other right or franchise previously granted.

Twelfth—Maps to be filed with Board showing ducts and wires.

Thirteenth—Board may require extension of system and use of improved system unless controlled by patents owned by other companies.

Fourteenth—Company to bear all expense of installation.

Fifteenth—Board reserved right to change and regulate rates.

Sixteenth—Maximum rates never to be exceeded. Given in detail.

Seventeenth—No excessive deposit or advance payments to be required from subscribers. Unpaid bills never to be charged against property.

Eighteenth—Wires to be used for no other purpose than for telephones and never to be used for illegal purposes.

Nineteenth—Reports to be furnished weekly to Police Commissioner, and Police Department permitted to examine instruments.

Twentieth—Company to assume all liability to persons and property.

Twenty-first—Penalty for inefficient public service \$100 per day. Failure to operate system for a period of two months Board may declare the franchise terminated.

Twenty-second—Report to be made to Comptroller of gross receipts and such other information as he may require. Comptroller has right to examine books and officers of company under oath.

Twenty-third—Company not to increase capital stock or bonded indebtedness, or issue stock or bonds without consent of Board. Reports to be filed annually with Board.

Twenty-fourth—Deposit of \$50,000 required for faithful performance of terms and conditions of contract. Imposition of penalties by Comptroller.

Twenty-fifth—In case of violation of contract, suit may be brought by Corporation Counsel to forfeit.

Twenty-sixth—If authority of Board of Estimate and Apportionment or other officer is transferred, then such other Board or officer shall act for City.

Twenty-seventh—Definition of "Notice."

Twenty-eighth—Covenant to obey provisions of contract.

ATLANTIC TELEPHONE COMPANY.

PROPOSED FORM OF CONTRACT.

This contract, made this _____ day of _____, 1906, by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Atlantic Telephone Company, a domestic corporation of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, erect, construct and maintain suitable wires or other conductors, with the necessary poles, pipes, conduits and appliances, in, over, under and across the streets, avenues and highways within the territory comprised by The City of New York, as now constituted, with the sole object and purpose of constructing, maintaining and operating a telephone system within the said territory.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The said right to lay, erect, construct and maintain the wires or other conductors for operating a telephone system as herein provided, shall be held and enjoyed by the Company, its successors or assigns, for the term of twenty-five (25) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of twenty-five (25) years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate such a telephone system by itself, and not to include any valuation derived from the ownership, operation or control of any other telephone, telegraph or other system used for means of communication.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year, before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board. If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original

term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other, fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement, fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this original contract or if the same is renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the plant and property of the Company used for telephone purposes within the streets and highways of the City, shall become the property of The City of New York, without cost, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board, shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires, electrical conductors, pipes, conduits, subways and equipment from all the streets and public places within the limits of The City of New York.

At the election of the Board, any real estate, buildings, equipments, etc., not within the streets, used by the Company in connection with the telephone service, shall become the property of The City of New York upon the termination of this grant as above, by the payment to the Company of its fair market value, exclusive of any value which such property may have by reason of this grant. Such valuation shall be determined in the same manner as the revaluation for a renewal of this contract, as herein provided for.

Third—The Company shall pay to The City of New York for the said privilege the following sums of money:

The sum of two hundred and fifty thousand dollars (\$250,000) in cash within thirty (30) days after the signing of this contract.

During the first two (2) years of this contract an annual sum which shall in no case be less than twenty thousand dollars (\$20,000), and which shall be equal to one per cent. of the gross receipts of the Company if such percentage shall exceed the sum of twenty thousand dollars (\$20,000).

During the succeeding three (3) years of this contract an annual sum which shall in no case be less than thirty thousand dollars (\$30,000), and which shall be equal to two per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of thirty thousand dollars (\$30,000).

During the succeeding five (5) years of this contract an annual sum which shall in no case be less than sixty thousand dollars (\$60,000), and which shall be equal to four per cent. of the gross receipts of the Company if such percentage shall exceed the sum of sixty thousand dollars (\$60,000).

During the succeeding five (5) years of this contract an annual sum which shall in no case be less than one hundred thousand dollars (\$100,000), and which shall be equal to six per cent. of the gross receipts of the Company if such percentage shall exceed the sum of one hundred thousand dollars (\$100,000).

During the succeeding five (5) years of this contract an annual sum which shall in no case be less than one hundred and fifty thousand dollars (\$150,000), and which shall be equal to seven per cent. of the gross receipts of the Company if such percentage shall exceed the sum of one hundred and fifty thousand dollars (\$150,000).

During the succeeding and remaining five (5) years of this original contract an annual sum which shall in no case be less than two hundred thousand dollars (\$200,000), and which shall be equal to seven and one-half per cent. of the gross receipts of the Company if such percentage shall exceed the sum of two hundred thousand dollars (\$200,000).

The minimum annual sums herein provided for shall be paid to the Comptroller of The City of New York in equal quarterly payments on the first days of January, April, July and October of each year.

Whenever the percentage required to be paid shall exceed the minimum amounts, such sum over and above such minimum shall be paid to the Comptroller on or before December 1 in each year for the year ending September 30 next preceding.

Fourth—The said annual charge or payments, as above specified, shall continue throughout the whole term of the original contract, notwithstanding any clause in any statute or in the charter of any telephone or other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or franchises hereby granted or any part thereof shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract and that the assignee or lessee assumes and will be bound by all of said conditions as to payments, any statute or any condition herein contained to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this contract. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

It is agreed that any and all payments to be made by the terms of this contract by the Company to The City of New York shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fifth—The Company shall install, free of charge to The City of New York, so many telephones and necessary appurtenances in each public office as may be required from time to time by the Board, which the Company shall maintain at its own cost and expense, and shall furnish free service throughout the term of the grant from such telephones to any other telephone on the system of the Company or any other system owned, controlled or operated in connection therewith, within the limits of The City of New York.

The intention and meaning of this paragraph is that the Company shall furnish a full, sufficient and unlimited telephone service for all the requirements of the said City within the limits of the said City without cost to it.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation or merger of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests or enter into any agreement for a division of business interest or territory or to prevent competition or a reduction in rates or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporation without the consent of The City of New York, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving, or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Within six months after the execution of this contract, the Company shall execute contracts covering the same period as this contract, with other telephone

companies, such contracts to provide for long distance service between New York and all cities within a radius of 1,000 miles, having a population of 4,000 or over, and shall file certified copies thereof in the office of the Board. The Company herewith agrees that the charges to the public in any portion of The City of New York for the long distance service provided for in said contracts shall not at any time exceed 75 per cent. of the present schedule of the New York Telephone Company.

Eighth—The Company shall construct, maintain and operate its telephone system subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City, and in strict compliance with all laws or ordinances now in force or which may be adopted, affecting telephone companies operating in The City of New York.

Ninth—The telephone system shall be constructed and operated in the latest improved manner of automatic or manual telephone construction or a combination of the two, and shall be operated with the most modern and improved appliances. The Company shall furnish a service which shall be efficient in all respects and continuous for twenty-four hours in each day during the term of this contract or any renewal thereof, except for interruption from unavoidable causes, over which the Company shall have no control.

Tenth—In the Borough of Manhattan and in such portion of the Borough of The Bronx as may be directed by the Board, all cables and wires of the Company shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company of companies having control thereof under the provisions of law, or from The City of New York, should it succeed to the rights of such company or companies. If The City of New York shall construct subways for electrical conductors, the Company hereby agrees to place its wires and conductors in such subways, and the City agrees to lease to the Company such space as may be required for its telephone system herein authorized. The Company agrees to place in subways any or all of its wires and conductors within one year after being required to do so by the Board. If the Company at any time during the term of this contract or its renewal, shall construct subways for electrical conductors in any part of The City of New York, it shall agree to sell them to The City of New York and so much of their equipment as the City may require, upon the written demand of the Board and upon payment by the City to the Company, the sum equal to their original cost less depreciation, up to the time of such purchase. The Company shall file with the Board on the first day of November in each year, a statement in such detail, as may be prescribed by the Board, of the moneys actually spent for the construction of such subways. The Company shall at all times keep accurate books of accounts of the moneys so spent, and authorized representatives of the Board shall at any time have access to such books for the purpose of ascertaining the correctness of the Company's statement. If the Company shall construct subways of its own, it shall provide, free of charge, one duct of at least three inches in diameter in every subway for the exclusive use of The City of New York. Such subways shall be used by the Company solely for the purpose of carrying such wires or conductors as are necessary for the operation of its telephone system hereby authorized, and by The City of New York as herein provided. Before the construction of such subways shall be begun, the Company shall obtain permits to do the work from the President of the Borough in which such work is to be done, and the Commissioner of Water Supply, Gas and Electricity. The Company shall perform all the duties which may be imposed upon the Company by these officials, as conditions upon which such permits are given, provided such conditions are not inconsistent with the provisions of this contract. The Company shall submit to these officials, working plans which shall include and show in detail the method of construction of such subways, and the mode of protection or changes in all subsurface structures required by such construction. The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or repairing such subways, or their appurtenances. The Company shall bear the expense of inspection of all the work of construction or removal of such subways, as herein provided, which may be required by the President of the Borough. The Company shall pay the entire cost for the protection and changes of all surface and subsurface structures which shall in any way be disturbed by such construction. The privilege of constructing such subways shall be subject to whatever right, title or interest the owners of abutting property, or others, may have in and upon streets, avenues and highways in which such subways are constructed.

Eleventh—The Company shall commence construction within six months from the date of the signing of the contract, and within three years thereafter shall have erected and completely equipped in the boroughs of the City as follows:

	Exchanges.	Miles. of Wire.	Tele- phones.
Manhattan	12	20,000	18,000
Brooklyn	9	10,000	10,000
Queens	6	1,500	1,000
Richmond	3	1,000	750
The Bronx	4	5,000	3,500

It is the intent and meaning of this contract that the rights hereby granted shall be used in their entirety, and that no part of the same shall be used in connection with any other right or franchise heretofore granted for rights within the present limits of The City of New York, except as herein provided.

Twelfth—The Company shall file with the Board, on the first day of November in each year, a map, plan or diagram upon which shall be plainly marked and designated the streets and public places in which are then laid and proposed to be laid, during the succeeding year, the several conduits and ducts necessary for the cables and wires used and to be used by the Company, together with a statement showing the number of ducts in each street and wires in each duct occupied.

Thirteenth—The Board may, in its discretion and upon due notice to and hearing on the part of said Company, its successors or assigns, direct the construction of extensions, the installation of subsidiary connections, the revision or improvement of equipment or service, and the installation of any new system of telephony which may be approved by the Board and which is not covered by patents not under the control of the Company.

Fourteenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Fifteenth—During the term of this contract or its renewal the Board shall have absolute power to regulate all rates, provided that such rates shall be reasonable and fair.

Sixteenth—The rates for direct line telephone service within the limits of The City of New York, for a call not exceeding five minutes in duration, shall never be in excess of the following, and it is agreed that the same may be reduced by the Board, as hereinbefore provided:

From any point within a borough to any other point within the same borough, 5 cents per call.

Between any point in the Borough of Manhattan and any point in any other borough, 10 cents per call.

Between any point in the Borough of Brooklyn and any point in the Borough of The Bronx, 12 cents per call.

Between any point in the Borough of Brooklyn and any point in the Borough of Richmond, 10 cents per call.

Between any point in the Borough of Brooklyn and any point in the Borough of Queens, 10 cents per call.

Between any point in the Borough of The Bronx and any point in the Borough of Queens, 10 cents per call.

Between any point in the Borough of The Bronx and any point in the Borough of Richmond, 15 cents per call.

Between any point in the Borough of Queens and any point in the Borough of Richmond, 15 cents per call.

The price to subscribers shall never be in excess of the following, to wit:

Seventeenth—The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from an owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Eighteenth—The wires of the Company shall be employed for no other purposes than those explicitly set forth herein, except by consent of the Board, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Nineteenth—The Company shall furnish weekly to the Police Commissioner of The City of New York a report showing the location and number of all instruments installed by lease or sale from the Company, and also all connections made or authorized by it, together with the name of the person contracting for such instrument or connection. The Company shall further agree to allow the Police Commissioner of The City of New York, and such members of the Police Department as he shall designate for that purpose, to examine any instrument which has been installed or any connections which have been made by the Company, and shall immediately remove any instrument upon notice so to do from the Police Commissioner of The City of New York. The City of New York shall agree that all inspections to be made under the provisions of this paragraph shall be made only by the Police Officers above designated. All contracts made by the Company with subscribers shall contain provisions in accordance with the above and shall provide that subscribers shall allow inspections of instruments and connections to be made at any time by said Police Officials.

Twentieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that The City of New York shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twenty-first—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fails to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board may give written notice to the said Company specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time said Company shall for each day thereafter during which the default or defect remains, pay to The City of New York a sum of one hundred dollars (\$100), as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

If, for a period of two consecutive months the telephone system of the Company shall not be operated, the Board may declare the right and franchise and this contract terminated without further proceedings in law or in equity.

Twenty-second—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts from all business done by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-third—The Company, its successors or assigns, hereby agrees not to issue stock or bonds other than have been heretofore issued, until a certificate of authority therefor has been issued by the Board, or until the Board shall further certify in writing as to the amount of stock or bonds reasonably required for the purposes of the Company. The stock and bonds of the Company, its successors or assigns, shall not be issued in excess of the amount so certified.

The Company, its successors or assigns, shall not increase its capital stock or its bonded indebtedness without the consent in writing of the Board, stating the amount of the authorized increase. For the purpose of making this determination as to the amount of stock and bonds to be issued, or the amount of the authorized increase of the capital stock and bonded indebtedness of the Company, its successors or assigns, the Board may take and hear testimony under oath and examine the books and papers of the Company, and require verified statements from the officers thereof, pertaining to the value of the property and of the franchise owned or operated by the Company. Such determination shall be made within sixty (60) days after the final submission of the papers or of final hearing on the application for the issue or increase of capital stock or bonds of indebtedness.

The Company shall submit a report to the Board not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

1. The amount of stock issued; for cash; for property;
 2. The amount paid in as by last report;
 3. The total amount of capital stock paid in;
 4. The funded debt by last report;
 5. The total amount of funded debt;
 6. The floating debt as by last report;
 7. The amount of floating debt;
 8. The total amount of funded and floating debt;
 9. The average rate per annum of interest on funded debt;
 10. The amount of dividends paid during the year and the rate of same;
 11. The amounts paid for damage to persons or property on account of construction and operation;
 12. Total expenses for operation, including salaries;
- and such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing the Company shall pay a penalty of one hundred dollars (\$100) per day until such statement is rendered, which may be collected by the Comptroller without notice.

Twenty-fourth—This grant is upon the express condition that the Company within thirty (30) days after the execution of this contract, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of fifty thousand dollars (\$50,000) either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge the Comptroller, acting in behalf of the City,

shall collect same with interest from such fund after five days' notice in writing to the Company. In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements and the commencement and increase of construction, or its neglect or refusal to comply with any demand or direction of the Board, or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events the Company shall pay to the Comptroller of The City of New York a penalty of \$1,000 for each violation; and in case of any violation of the provisions relating to the illegal use of wires the Company shall pay to the Comptroller of said City for each violation a penalty of not less than \$100 and not more than \$500, to be fixed by the said Comptroller.

The procedure for the imposition and collection of the penalties provided in the grant shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than five days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance or, after a hearing, appears, in the judgment of the Comptroller, to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure, withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$50,000, and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

In case of failure of the Company to make the weekly statement required by section 17 on or before Wednesday of each week for the week ending on the preceding Saturday, the Company shall be liable to a penalty of \$200, and in case it shall appear that the instruments of the Company have been used in connection with an illegal act, with or without the knowledge of the Company or its agents, the Company shall be liable to a penalty of \$500.

Twenty-fifth—In case of any violation or breach or failure to comply with any of the provisions of this contract, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that all property constructed and in use by virtue of this grant shall thereupon become the property of The City of New York without proceedings at law or in equity.

Twenty-sixth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-seventh—The word "notice" wherever used in this certificate shall be deemed to mean a written notice. Every such notice to be served upon the Company shall be delivered at such office in The City of New York as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at The City of New York. Delivery or mailing of such notice as and when above provided shall be equivalent to direct personal notice, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-eighth—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

[SEAL] THE CITY OF NEW YORK,
By, Mayor.
ATLANTIC TELEPHONE COMPANY,
By, President.

Attest:
[SEAL], Secretary.

The following was offered:

Resolved, That the report be received, and this Board hereby appoints Friday, the 11th day of May, 1906, at 10.30 o'clock in the forenoon as the time, and Room 16 in the City Hall, Borough of Manhattan, as the place when and where a public hearing will be had thereon; and be it further

Resolved, That the Secretary be directed to cause notice of such public hearing to be published in the CITY RECORD.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

THE ATLANTIC TELEPHONE COMPANY,
No. 30 BROAD STREET,

To the Honorable the Board of Estimate and Apportionment:

SIRS—Some time in the latter part of 1905 the Atlantic Telephone Company applied to your Honorable Board for a telephone franchise in The City of New York. The report upon this application was made about January 1, 1906, and placed on file. Early in January, 1906, the Atlantic Telephone Company took up with the Bureau of Franchises the question of terms upon which such a franchise should be granted, and since that time from day to day and week to week have held conferences and discussed terms with said Bureau of Franchises. These hearings and discussions resulted in a substantial agreement between the Bureau of Franchises and the Atlantic Telephone Company as to money terms of the franchise, as well as a substantial agreement upon the terms of operation.

There were one or two important questions which the Bureau of Franchises and the Atlantic Telephone Company did not agree on and thought wise to leave open for consideration of and discussion before your Honorable Board.

The report from the Bureau of Franchises upon this application will in all likelihood be made within the next week. The Atlantic Telephone Company, if it obtains a franchise, purposes to install the automatic telephone system in The City of New York. This system has been installed in a great many cities in this country, among them Columbus, Ohio; Dayton Ohio; Grand Rapids, Michigan; Chicago; Los Angeles, California, and others.

The question as to its superiority over the manual telephone system will be before your Board, and your Board will be called upon to determine whether or not it is worth the City's while to grant to the Atlantic Telephone Company a franchise to install it.

In order that all the facts may be brought out and that this automatic system may be fully and intelligently understood, and in order that there may be no confusion or misrepresentation concerning its usefulness and its superiority, the Atlantic Telephone Company, through its counsel, makes this application to the Board for the appointment of a sub-committee of said Board whose duty it shall be to fully investigate the automatic system and to report to this Board the result of said investigation. If the Board deems it unwise to appoint a sub-committee of the Board, the application requests the appointment of a committee of three Engineers, whose

duty it shall be to investigate the automatic telephone system and report to this Board the result of said investigation.

Respectfully submitted,
MARTIN W. LITTLETON.

The Honorable Martin W. Littleton, counsel for the company, appeared in its behalf and addressed the Board relative to the request contained in his communication printed above.

The communication was ordered filed.

A. D. Matthews' Sons.

The Secretary presented the following:

A. D. MATTHEWS' SONS,
FULTON STREET, GALLATIN PLACE AND LIVINGSTON STREET, BOROUGH OF BROOKLYN,
CITY OF NEW YORK, February 1, 1906.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

SIR—We would request that the Board of Estimate and Apportionment grant and adopt the proper resolution giving permission to the firm of A. D. Matthews' Sons the privilege to construct and maintain a tunnel under and across Livingston street, in the Borough of Brooklyn, between Gallatin place and Smith street, to connect the property owned and controlled by said firm of A. D. Matthews' Sons on either side of the said street, location of said tunnel to be as shown on the accompanying diagram, being 22 feet in width interior dimensions, with 18-inch walls on either side, making a total exterior width of 25 feet, the southeasterly side of the southeasterly wall of said tunnel being eight inches southeasterly of the building line of Gallatin place.

The compensation for the privilege to be such amount as may be determined as an equivalent thereof by the Board of Estimate and Apportionment.

Respectfully,

A. D. MATTHEWS' SONS.

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, No. 280 BROADWAY,
April 10, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The firm of A. D. Matthews' Sons, in a communication dated February 1, 1906, requests permission to construct, maintain and use a tunnel under and across Livingston street, between Gallatin place and Smith street, Borough of Brooklyn, to connect the property owned and controlled by said firm on either side of said street. The location of the tunnel, with dimensions in detail, is shown on a map entitled, "Plan of tunnel under Livingston street, Borough of Brooklyn, New York City, to accompany application dated February 1, 1906, from A. D. Matthews' Sons, to the Board of Estimate and Apportionment," and signed "A. D. Matthews' Sons." The petition was presented to the Board of Estimate and Apportionment February 16, 1906, and was referred to the Bureau of Franchises for investigation and report.

The firm of A. D. Matthews' Sons proposes to construct, maintain and use a tunnel under and across the entire 50-foot roadway of Livingston street, to connect premises on the northwest corner of Gallatin place and Livingston street with premises on Livingston street directly opposite; the southeasterly side of the southeasterly wall of said tunnel being eight inches southeasterly of the building line of Gallatin place.

Copies of the application and map were forwarded to the President of the Borough of Brooklyn and to the Commissioner of Water Supply, Gas and Electricity, with a request that these officials have the project examined by the respective bureaus in their departments, with a view to ascertaining if the permission should be granted, and if so, to report to the Board any suggestions or special conditions which in their opinion should be incorporated in the form of resolution adopted by the Board granting the consent. Appended hereto are the replies received.

The President of the Borough of Brooklyn transmits a report from his Superintendent of Sewers providing that when the tunnel is constructed a new manhole must be built upon the sewer just west of said tunnel, as the length of sewer now existing, which extends through the space to be occupied by the proposed tunnel, will have to be removed and the sewer bulkheaded; and recommends that the expense connected therewith should be borne by the petitioner.

The Commissioner of Water Supply, Gas and Electricity encloses with his reply a blue print of the original plan submitted by the petitioner, and endorsed as follows:

"Approved March 21, 1906, I. M. de Varona, Chief Engineer, Department of Water Supply, Gas and Electricity. William C. Cozier, Deputy Commissioner, Department of Water Supply, Gas and Electricity."

—and recommends that a clause should be inserted in the consent providing that the petitioner should give this Department forty-eight hours' notice before the work is commenced, and that during the actual progress of the work an inspector appointed by said Department to supervise construction shall be paid by the petitioner at the rate of \$100 per month.

I see no objection to the request and would recommend that the permission be granted at the amounts stipulated, for a period not exceeding twenty-five years, but revocable at the pleasure of the Board of Estimate and Apportionment or its successor in authority, upon six months' notice in writing, and that the sum of \$1,500 in money or securities to be approved by and deposited with the Comptroller for the faithful performance of the terms and conditions of the consent.

For privileges of this character heretofore granted the Board of Estimate and Apportionment has fixed the annual charge on the basis of a percentage of the assessed valuation of the adjacent property for the first term of five years, with 5 per cent. increase for each succeeding term of five years. On this basis of calculation the charges should be as follows:

For the first term of five years, an annual charge of \$800.
For the second term of five years, an annual charge of \$840.
For the third term of five years, an annual charge of \$881.
For the fourth term of five years, an annual charge of \$925.
For the fifth term of five years, an annual charge of \$972.

I transmit herewith a resolution for adoption containing the customary provisions and clauses to the effect that the grantee shall pay the entire cost of the construction, maintenance and operation of the tunnel or changes in any subsurface structure already existing or to be built in the future, and additional clauses covering the suggestions from the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity as to inspection during construction and notice of intention to begin the work.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the firm of A. D. Matthews' Sons, the owner of certain lands on the northerly and southerly sides of Livingston street, Borough of Brooklyn, City of New York, to construct a tunnel under and across the roadway of Livingston street, between Gallatin place and Smith street, in the Borough of Brooklyn, to connect the buildings owned by the said firm on both sides of said street; the southeasterly side of the southeasterly wall of said tunnel being eight inches southeasterly of the building line of Gallatin place, as shown on a plan entitled: "Plan of tunnel under Livingston street, Borough of Brooklyn, New York City, to accompany application, dated February 1, 1906, from A. D. Matthews' Sons to the Board of Estimate and Apportionment," and signed A. D. Matthews' Sons, a copy of which is annexed hereto and made a part hereof upon the following terms and conditions:

1. Said consent shall be for a term not exceeding twenty-five years from the granting of said consent, provided, however, that the same may be canceled and

annulled upon six months' notice in writing to the firm of A. D. Matthews' Sons, its successors or assigns, by the Board of Estimate and Apportionment, or its successors in authority, and thereupon all the rights of the said firm of A. D. Matthews' Sons, its successors or assigns, in and upon the aforesaid portion of Livingston street, shall cease and determine.

2. The firm of A. D. Matthews' Sons, its successors or assigns, shall pay into the Treasury of The City of New York the following sums of money:

During the first five years the annual sum of.....	\$800 00
During the second five years the annual sum of.....	840 00
During the third five years the annual sum of.....	881 00
During the fourth five years the annual sum of.....	925 00
During the fifth five years the annual sum of.....	972 00

Such sums shall be paid into the Treasury of The City of New York on November 1 of each year, provided, however, that the first payment shall be only that proportion of \$800 as the time between the approval of this consent and November 1 following shall bear to the whole year. The compensation herein proposed shall commence from the date of approval hereof by the Mayor. Such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter to be paid by any ordinance of The City of New York or by any law of The State of New York.

3. Upon the revocation or termination by limitation of this consent, the said grantee, its successors or assigns, shall, at its own cost, cause the tunnel to be removed and all that portion of Livingston street affected by this permission to be restored to its proper and original condition, if required so to do by The City of New York, or

its duly authorized representatives. If the tunnel to be constructed by the said grantee under this permit shall not be required to be removed, it is agreed that the said tunnel shall become the property of The City of New York.

4. The consent hereby given shall not be assigned, either in whole or in part or leased or sublet in any manner, nor shall title thereto or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority.

5. The said grantee shall pay the entire cost of

- The construction and the maintenance of the tunnel.
- The protection of all surface and subsurface structures which shall in any way be disturbed by the construction of the tunnel.
- All changes in sewer or other subsurface structures made necessary by the construction of the tunnel, including the laying or relaying of pipes, conduits, sewers or other structures.

(d) The replacing or restoring the pavement in said street which may be disturbed during the construction of said tunnel.

(e) Each and every item of the increased cost of any future substructure caused by the presence of said tunnel under this consent.

(f) The inspection of all work during the construction or removal of the tunnel, as herein provided, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction shall be begun, the grantee shall obtain permits to do the work from the President of the Borough of Brooklyn and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which

may be imposed upon the grantee by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to these officials working plans which shall include and show in detail the method of construction of such tunnel and the mode of protection or changes in all subsurface structures required by the construction of the tunnel.

7. The grantee, its successors or assigns, shall allow to The City of New York a right of way through, under or above any part of the tunnel constructed under the consent hereby granted, for any and all subsurface structures which are now or may be hereafter placed by The City of New York in that portion of Livingston street occupied by said tunnel.

8. The said tunnel and all pipes and conduits laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. The said tunnel shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to Livingston street.

10. Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said tunnel, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. Said grantee, its successors or assigns, shall commence the construction of said tunnel under this consent, and complete the same within six months from the day of the approval of this consent by the Mayor; otherwise this consent shall be forfeited forthwith, and without any proceeding, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding three months.

13. This consent is upon the express condition that the said grantee within thirty days after its approval by the Mayor and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of fifteen hundred dollars (\$1,500), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge and the repairs of the street pavement. In case of default in the performance by said grantee of any of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for making the necessary changes or repairs, after ten days' notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or in case of default in the payment of the annual charges, shall collect the same with interest from such fund, after ten days' notice in writing to the said grantee.

In case of any drafts so made upon the security fund, the said grantee shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of fifteen hundred dollars (\$1,500), and in default of the payment thereof, the consent hereby given may be canceled and annulled at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

14. Said grantee shall give notice to the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, in writing, of its intention to begin construction of the work hereby authorized, at least forty-eight hours before such construction commences. The grantee shall also give to the Board of Estimate and Apportionment notice in writing of the date on which the work is commenced and also the date on which the same is completed.

15. This consent shall not become operative until said grantee shall duly execute an instrument in writing, wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days after the approval of this consent by the Mayor.

And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the tunnel hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Traders Hygiene Ice Company.

The Secretary presented the following:

TRADERS HYGIENE ICE COMPANY,
Nos. 4 TO 14 EAST ONE HUNDRED AND THIRTY-SIXTH STREET,
NEW YORK, March 14, 1906.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The trustees of the estate of Henry A. Cram, deceased, are the owners of the fee of the six lots situate, lying and being in The City of New York, Borough of Manhattan, on the south side of One Hundred and Thirty-sixth street, distant westerly from the corner formed by the intersection of the westerly line or side of Madison avenue and the southerly line or side of One Hundred and Thirty-sixth street, one hundred and seventy (170) feet; said lots having a frontage on said south side of One Hundred and Thirty-sixth street of about 150 feet and being known on the Land and Tax Map of The City of New York as Lot No. 72 and a part of Lot No. 6, Block 1760, Section 6.

The Traders Hygiene Ice Company, the undersigned, is the lessee of said lots and tenant in possession under a ten years' lease, which terminates on the 31st day of December, 1907, with a right of renewal for twenty (20) years thereafter. The said Traders Hygiene Ice Company is a corporation organized and existing under the laws of the State of New York, with its principal offices at No. 10 East One Hundred and Thirty-sixth street, as shown on the accompanying plan, and respectfully requests permission to lay and maintain, during the term of said lease and the renewal thereof, a ten-inch pipe under said One Hundred and Thirty-sixth street, beginning at a point on the south side thereof, distant westerly 180 feet from said westerly line of Madison avenue and running parallel to the southerly line of One Hundred and Thirty-sixth street to a point about 460 feet distant, to the bulkhead of the easterly One Hundred and Thirty-sixth street slip of the Harlem river, as shown on the accompanying plan; said pipe will follow the grade of One Hundred and Thirty-sixth street and for the greater part of its length to be approximately five feet below the pavement; said pipe or conduit to be used by the Traders Hygiene Ice Company for their exclusive use for pumping salt water from the Harlem river to their ice plant on said lots aforesaid, as shown in

said diagram, which is used for the manufacturing of artificial ice. The construction and arrangement of said pipes to be as shown in the accompanying plan.

Trusting that this petition will meet with your favorable consideration, we are, Respectfully yours,

TRADERS HYGIENE ICE COMPANY.

By HENRY MANGEL, President.

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, No. 280 BROADWAY,
April 17, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

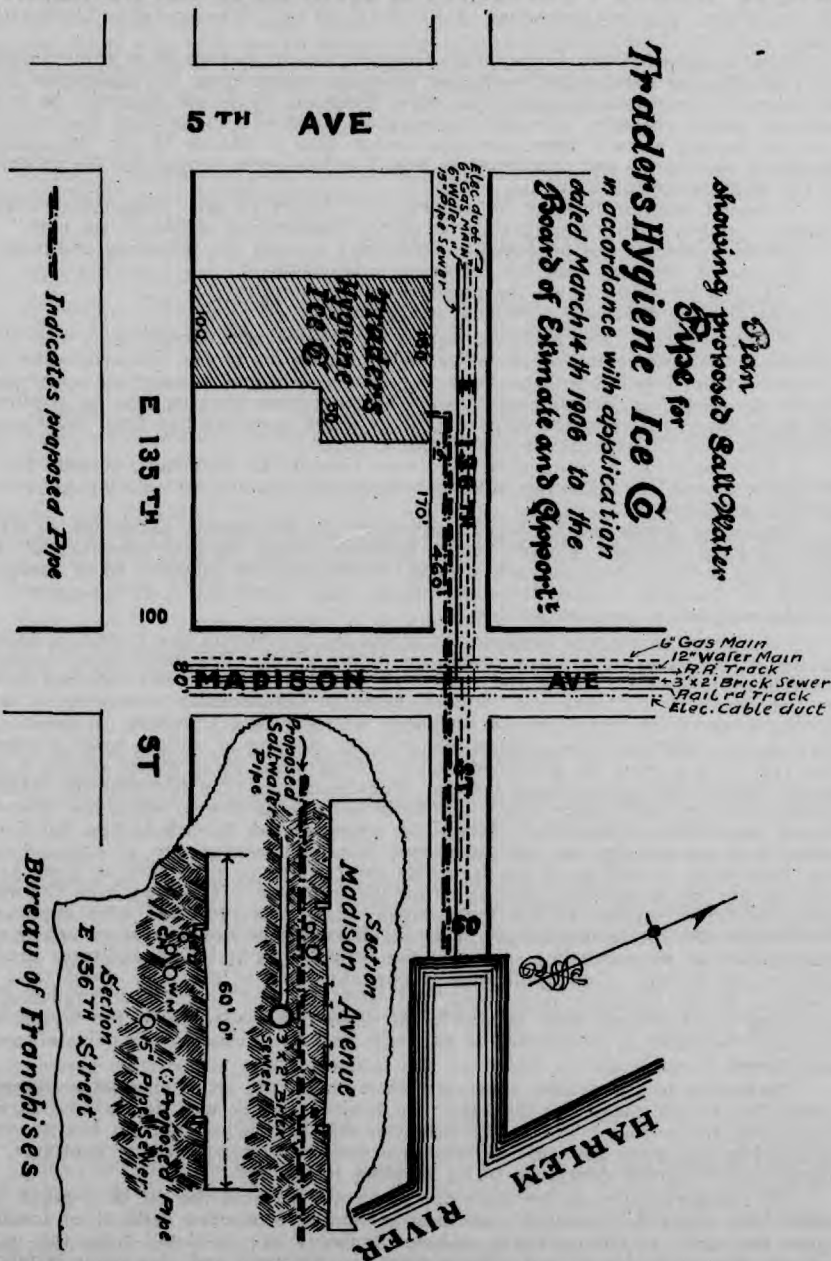

SIR—The Traders Hygiene Ice Company, a domestic corporation, lessee of property on the southerly side of East One Hundred and Thirty-sixth street, in the Borough of Manhattan, through its President, Henry Mangel, in a petition dated March 14, 1906, requests permission to construct, maintain and operate a ten-inch pipe under East One Hundred and Thirty-sixth street, beginning at a point in the southerly side thereof distant westerly 180 feet from the westerly side of Madison avenue, and running parallel to the southerly line of One Hundred and Thirty-sixth street to a point about 460 feet distant in the bulkhead of the East One Hundred and Thirty-sixth street slip of the Harlem river. The location of said pipe is shown on a map accompanying the petition, entitled:

"Plan showing proposed salt water pipe for Traders Hygiene Ice Company, East One Hundred and Thirty-sixth street, New York City, in accordance with application of the 14th day of March, 1906, accompanying same to the Board of Estimate and Apportionment."

—and signed by Henry Mangel, President.

The petition was presented to the Board of Estimate and Apportionment March 30, 1906, and was referred to the Bureau of Franchises for examination and report.

The Traders' Hygiene Ice Company proposes to construct this pipe for the purpose of supplying salt water to its ice plant, located in East One Hundred and Thirty-sixth street, between Madison avenue and Fifth avenue, for its own exclusive use. Copies

of the application of the company and of the accompanying map were forwarded to the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, with a request that these officials have the project examined by the respective bureaus in their Departments, with a view to ascertaining if there are any special conditions which should be added to the usual form of permit for similar privileges.

Replies have been received from these officials stating that there is no objection to granting the petition for the pipe located as shown on the map. The Commissioner of Water Supply, Gas and Electricity also recommends that a clause should be inserted in the consent providing that the petitioner should give the Department forty-eight hours' notice before the work is commenced, and that while the work is actually in progress there should be an Inspector to superintend the same, appointed by the Department, and to be paid by the petitioner.

I have no objections to offer to the application and would recommend that the permission be granted for a period not exceeding ten years, but revocable at the pleasure of the Board of Estimate and Apportionment, or its successors in authority, upon sixty days' notice, in writing, or it should terminate December 31, 1907, the date of the expiration of the present lease of the property it now occupies, if the lease is not renewed or extended, and that the sum of \$800, in money or securities to be approved by and deposited with the Comptroller, for the faithful performance of the terms and conditions of the consent.

In accordance with the schedule adopted by the Board of Estimate and Apportionment fixing the rate of charge for such privilege, the compensation for this permit should be \$772 per annum, and such fees for opening the street as may be determined by the President of the Borough of Manhattan. The compensation should commence upon the date of the approval of this consent by the Mayor.

I transmit herewith a resolution for adoption containing the customary provisions and clauses covering the suggestions of the Commissioner of Water Supply, Gas and Electricity, as above mentioned.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the Traders' Hygiene Ice Company, the lessee of certain lands on the southerly side of East One Hundred and Thirty-sixth street, between Madison avenue and Fifth avenue, Borough of Manhattan, City of New York, to construct, maintain and operate a ten (10) inch pipe under said East One Hundred and Thirty-sixth street, for conveying salt water from the bulkhead in the Harlem river at the East One Hundred and Thirty-sixth street slip to its ice plant located as above, all as shown on plan marked "Plan showing proposed salt water pipe for Traders' Hygiene Ice Company, East One Hundred and Thirty-sixth street, New York City, in accordance with application of the 14th day of March, 1906, accompanying same to the Board of Estimate and Apportionment," and signed by Henry Mangel, President, a copy of which is annexed hereto and made a part hereof, upon the following terms and conditions:

1. Said consent shall be for a term not exceeding ten (10) years; provided, however, that the same may be canceled and annulled upon sixty days' notice in writing to the said grantee, its successors or assigns, by the Board of Estimate and Apportionment, or its successors in authority, and provided further that it shall terminate upon December 31, 1907, the date of the expiration of grantee's present lease of the property which it now occupies, if said lease is not renewed. Upon the termination or revocation of this consent all rights of the said grantee, its successors or assigns, in and upon said East One Hundred and Thirty-sixth street shall cease and determine.

2. The Traders' Hygiene Ice Company, its successors or assigns, shall pay into the Treasury of The City of New York the sum of seven hundred and seventy-two dollars (\$772) per annum, on November 1 of each year; provided, however, that the first payment shall be only that portion of \$772 as the time between the approval of this consent and November 1 following shall bear to the whole year. The compensation herein proposed shall commence from the date of approval hereof by the Mayor. Such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of The City of New York, or by any law of the State of New York.

3. Upon the revocation or termination by limitation of this consent the said grantee, its successors or assigns shall, at its own cost, cause the pipe to be removed and all that portion of East One Hundred and Thirty-sixth street affected by this permission to be restored to its proper and original condition.

4. The consent hereby given shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by acts of said grantee, its successors or assigns, or by operation of law, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority.

5. The said grantee shall pay the entire cost of

(a) The construction and the maintenance of the pipe line.
(b) The protection of all surface and subsurface structures which shall in any way be disturbed by the construction of the pipe line.
(c) All changes in sewer or other subsurface structures made necessary by the construction of the pipe line, including the laying or relaying of pipes, conduits, sewers or other structures.

(d) The replacing or restoring of the pavement in said streets which may be disturbed during the construction of said pipe line.

(e) Each and every item of the increased cost of any future subsurface structure caused by the presence of said pipe under this consent.

(f) The inspection of all work during construction or removal of said pipe, as herein provided, which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction shall be begun, the grantee shall obtain permits to do the work from the President of the Borough of Manhattan and from the Commissioner of Water Supply, Gas and Electricity. Said grantee shall perform all the duties which may be imposed upon the grantee by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to these officials working plans which shall include and show in detail the method of construction of said pipe line and the mode of protection or changes in all subsurface structures required by the construction of the pipe.

7. The said pipe shall be constructed, maintained and operated subject to the supervision, control and inspection of the proper authorities of The City of New York, who have jurisdiction in such matters under the Charter of The City of New York.

8. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in or to East One Hundred and Thirty-sixth street.

9. Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said pipe, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

10. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

11. Said grantee, its successors or assigns, shall commence the construction of said pipe under this consent and complete the same within ninety (90) days from the date of the approval of this consent by the Mayor; otherwise this consent shall be forfeited forthwith, and without any proceedings either by law or otherwise for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding sixty (60) days.

12. This consent is upon the express condition that the said grantee, within thirty (30) days after its approval by the Mayor and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of eight hundred dollars (\$800), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge and the repairs of the street pavement. In case of default in the performance by said grantee of any of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for making the necessary changes or repairs, after ten (10) days' notice in writing, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or in case of default in the payment of the annual charges, shall collect the same, with interest, from such fund after ten (10) days' notice in writing to the said grantee.

In case of any drafts so made upon the security fund, the said grantee shall, upon thirty (30) days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of eight hundred dollars (\$800), and in default of the payment thereof the consent hereby given

may be canceled and annulled at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

13. Said grantee shall give notice to the President of the Borough of Manhattan and to the Commissioner of Water Supply, Gas and Electricity, in writing, of its intention to begin construction of the work hereby authorized, at least forty-eight (48) hours before such construction commences. The grantee shall also give to the Board of Estimate and Apportionment notice in writing of the date on which the work is commenced, and also the date on which the same is completed.

14. This consent shall not become operative until said grantee shall duly execute an instrument in writing, wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty (30) days after the approval of this consent by the Mayor.

And the said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons and property which may result from the construction, use, maintenance or operation of the pipe hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Bensonhurst, Bath Beach and Coney Island Route.

In the matter of the communication from the Board of Rapid Transit Railroad Commissioners, transmitting resolutions as to route and general plans of a rapid transit railway along certain streets and avenues in the Borough of Brooklyn, and known as the "Bensonhurst, Bath Beach and Coney Island route," which was adjourned to this day, pending the report of the conferees from this Board and the Board of Rapid Transit Railroad Commissioners.

The Secretary presented the following:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
No. 320 BROADWAY, NEW YORK,
April 25, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York:

SIR—Replying to your communication of the 23d of April, in connection with the matter of the appointment of a committee of the Rapid Transit Board to confer with a committee of your Board, in relation to a terminal at Surf avenue, of the proposed additional rapid transit route known as the "Bensonhurst, Bath Beach and Coney Island route," in which you suggest that "it was the intention of the Board of Estimate and Apportionment, in appointing a committee of conference, that the Rapid Transit Commission would appoint a similar committee composed of members of said Commission," I am directed by the President of the Rapid Transit Board to inform you that your communication of April 9 was duly presented to and considered by the Rapid Transit Board at its meeting of April 12, and the matter was referred to the Committee on Plans and Contract, the President at the same time requesting Comptroller Metz, of that committee, who is especially familiar with the needs of Brooklyn, and the Chief Engineer, who laid out the plans, to confer with your committee.

It was thought by the President that this disposition of the matter would facilitate prompt action by the conferees. Inasmuch, however, as this seems not to be satisfactory to your Board, the President directs me to inform you that he has appointed Commissioner Charles Stewart Smith, who, with Hon. Herman A. Metz, will constitute the committee of conference requested.

Yours respectfully,

BION L. BURROWS, Secretary.

The Chair adjourned further consideration of this matter to May 11, 1906.

Seaboard Refrigeration Company.

In the matter of the application of the Seaboard Refrigeration Company for a franchise to construct, maintain and operate a pipe line under and along certain streets and avenues in Coney Island, Borough of Brooklyn, for the purpose of supplying refrigeration to consumers along the lines of its mains.

The Secretary presented the following:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, April 23, 1906.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I am in receipt of a communication from your Secretary, dated March 16, 1906, reading as follows:

"The Seaboard Refrigeration Company, in a verified petition dated November 2, 1905, has made application to the Board of Estimate and Apportionment for a franchise to construct, maintain and operate a pipe line and all necessary appurtenances for the transportation of refrigeration, under and along certain streets in Coney Island, Borough of Brooklyn. The petition was presented to the Board at a meeting held November 10, 1905, and was referred to the Bureau of Franchises for consideration. The petition is printed in full in the minutes of that date, published in the CITY RECORD of November 14, 1905, page 9537.

"Public hearing was held on the petition March 2, 1906, and at the conclusion thereof a report was submitted from the Bureau of Franchises, proposing terms and conditions, and recommending that same govern the grant of any such franchise. The report is published in full in the minutes of March 2, 1906, in the CITY RECORD of March 6, 1906, page 2177.

"On March 16, 1906, the Board adopted a resolution accepting the inquiry of the Bureau of Franchises as the inquiry of the Board, and tentatively approving the terms and conditions proposed by the Bureau of Franchises, and requested the Corporation Counsel to draw a contract in accordance with the terms and conditions proposed and to incorporate therein such matter as in his opinion would seem advisable to fully protect the interests of the City."

"I inclose herewith certified copy of resolutions adopted this day by the Board of Estimate and Apportionment, together with copy of the report of the Bureau of Franchises, and I will be pleased to furnish you with any other information desired.

"For your information I might add that Thomas D. Rambaut, of No. 27 William street, attorney for this company, places himself at your disposal and wishes to confer with you upon the final form of contract before same is presented to the Board."

Under date of March 19, 1906, I received a further communication on the same subject from your Secretary, which reads as follows:

"I transmit herewith communication bearing even date, relating to the application of the Seaboard Refrigeration Company. As will appear from the inclosure, the Bureau of Franchises has reported upon the application of the Seaboard Refrigeration Company and a resolution adopted by the Board of Estimate and Apportionment tentatively approving the terms and conditions proposed by the said Bureau, and the contract is now in your hands for the purpose of incorporating therein such terms as will in your opinion seem advisable to protect the interests of the City.

"I would accordingly request that you consider the matter contained in the inclosure along with your communication of March 19, recommending the insertion of a clause that the Seaboard Refrigeration Company be required to comply so far as possible with the provisions of Article V. of the Transportation Corporations Law and the amendments thereto."

The report of Harry P. Nichols, Assistant Engineer, referred to in the communication of March 19, 1906, states:

"On March 16, 1906, there was referred to the Corporation Counsel a copy of a resolution adopted that day by the Board of Estimate and Apportionment, together with a copy of the report of the Bureau of Franchises, upon the application of the Seaboard Refrigeration Company, dated November 2, 1905.

"In connection with such report and resolutions relating to the application of the above named company, I beg to call your attention to the fact that the said company was incorporated on September 14, 1904, under the Business Corporations Law of New York, for the purpose of maintaining and operating pipe lines for supplying refrigeration.

"Under date of January 18, 1906, I wrote to the Corporation Counsel asking him whether a franchise to lay, maintain and operate a pipe line system could be granted to a corporation incorporated under the provisions of the Business Corporations Law and not under the Transportation Corporations Law.

"In my communication I quoted from Article V. of said Transportation Corporations Law, and stated that I believed that a franchise could lawfully be granted to such a corporation, in view of the fact that provision is made in the Transportation Corporations Law for the incorporation of pipe line corporations without the City only.

"In a similar matter relative to the application of the United District Messenger Company, the Corporation Counsel advised that a franchise could not be given to that company to lay tubes and wires for the purpose of conveying messages by means of electricity, inasmuch as it was not incorporated under the provisions of Article VIII. of said Transportation Corporation Law. The United District Messenger Company has been notified accordingly that a franchise cannot be granted to it.

"In an opinion dated March 19, relative to the incorporation of the Seaboard Refrigeration Company under the Business Corporations Law, the Corporation Counsel suggests that in view of the fact that no provision is made for the incorporation of pipe line corporations within The City of New York, provision should be inserted in the contract to be entered into between the City and said company for the compliance with the provisions of Article V. of said Transportation Corporations Law.

"This opinion of the Corporation Counsel was in answer to a communication from this Bureau dated January 18, and since my report upon the application of the Seaboard Refrigeration Company was dated February 26, it will naturally be impossible for me to comply with the Corporation Counsel's suggestion, the proposed contract having already been sent him under date of March 16 for the insertion therein of such terms and provisions as would to him seem proper for the protection of the interests of the City.

"I would suggest that he be requested to insert in said proposed contract a clause to comply with his suggestion in the communication of March 19, 1906."

I have examined the proposed contract and suggest the following additions:

Paragraph nineteen, add the following subdivision:

"19. An inventory of all the property of the company."

Add also the following additional paragraph:

"Twenty-fourth. The company agrees to assume and comply with any of the existing provisions or future amendments of Article V. of the Transportation Corporations Law, relating to pipe lines, imposing conditions, restrictions, or penalties should the Board of Estimate and Apportionment from time to time so require, in the same manner and to the same extent as if the company had been incorporated under the said Transportation Corporations Law."

I have received a communication from Thomas D. Rambaut, counsel for the company, urging the following modification in the contract, and stating his reasons therefor as follows:

"After the words 'routes herein authorized,' in the second paragraph of Article XII., on page 16 of Mr. Nichols' report, insert the words 'as then constructed.' Further down in the same paragraph after the words 'may be hereafter fixed' insert the words 'in properly insulated compartments under contracts containing usual and suitable regulation for such service.'

"The effect of the first amendment would be to conform the article in question to one of the main underlying conditions of the grant. President Coler expressed himself as follows in taking the matter up with us when it was referred to him by the Board of Estimate and Apportionment: 'Considerable enterprise is shown by the persons interested in the Seaboard Refrigeration Company in establishing an expensive plant at Coney Island where it can operate for only a small portion of the year, and it must be conceded that a refrigeration plant would render a great public service during the short season. Therefore it is only fair that the franchise should cover not only space where profitable business is now in sight, but where the future may develop business.' Mr. Coler even offered to extend our line further along Surf avenue, but we did not accept this offer because we are compelled by the underlying condition of the franchise referred to to construct at least 50 per cent. of the line within five years or forfeit the franchise. It follows from the underlying condition referred to that the company should be protected from applications for refrigeration being made under such conditions as to compel the company to at once construct its entire line or forfeit the franchise with its expenditures made to date of the forfeit. Two applicants at opposite ends of the lines could raise this question as the franchise now reads, but with the first amendment suggested the company could proceed with an extension of its line according to the invitation of profitable business as is intended in this case and as is usual in all private business enterprises.

"Referring to the second suggested amendment, the experience of refrigeration plants has taught them that they must do business under well defined contracts for regulating the service. The result has been that a form of contract has grown up in this business quite the same as insurance policies, common carrier contracts, telephone and telegraph contracts, office building leases, etc.

"A refrigeration company does not undertake to chill the air in a given space unless the space be insulated according to some recognized method of insulation quite the same as all ice boxes and refrigerators are insulated from the outside temperature where ice is used. There must also be usual and reasonable regulations for the company's mechanics to have access to the parts of the apparatus upon the premises of the consumer for the purpose of periodic inspection, regulation and repairing; the consumer must covenant as to the purpose for which the refrigeration is supplied at the given price and must not interfere with the apparatus and its operation or maintain unnecessary burning gas jets, etc.

"The second suggested amendment is essential in order to establish a uniformity of business methods and for the mutual protection and regulation of the company and its patrons."

I am of the opinion the first modification suggested by counsel to the company is proper and should be incorporated in the contract, or otherwise the company might be obliged to build immediately its conduits along all the streets named, notwithstanding the provisions and terms of the seventh paragraph by which the company is given until May 1, 1911, to construct and put in actual operation its conduit lines in all said streets.

Regarding the second modification suggested by counsel, I am of the opinion that all of the twelfth paragraph after the words "at which such prices may be hereafter fixed" (p. 16 of Contract), should be stricken out and the following inserted instead:

"In properly insulated compartments under contracts containing fair and reasonable regulations for such service, otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment."

"It is mutually understood and agreed by and between the parties hereto that in the event of any dispute arising between the company and any consumer or user of its refrigeration, as to the fairness and reasonableness of the regulations contained in said contracts, the Board of Estimate and Apportionment on the application of either said consumer, user or Seaboard Refrigeration Company shall have the power to pass upon and decide as to the fairness and reasonableness of such regulations, and said Seaboard Refrigeration Company hereby agrees to abide by such decision and conform such regulations thereto."

With such amendments and modifications incorporated in the contract, I hereby approve the same.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, No. 280 BROADWAY,
April 25, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In accordance with the resolution adopted by the Board March 16, 1906, the terms and conditions proposed for the grant of a franchise to the Seaboard Refrigeration Company for the right to construct, maintain and operate a pipe line and all necessary appurtenances, for the transportation of refrigeration under and along certain streets in Coney Island, Borough of Brooklyn, were forwarded to the Corporation Counsel, with a request that he draw a contract in accordance with the terms and conditions proposed, and to incorporate therein such matter as in his opinion would seem advisable to fully protect the interests of the City.

In reply thereto, under date of April 23, he suggests certain additions and changes, which have, with the exception of one addition, been incorporated in the proposed form of contract. The proposed addition which has not been incorporated is the words "as then constructed" in the twelfth paragraph, after the words "route herein authorized." The intended meaning of this paragraph was to require the company to extend its lines to furnish refrigeration to any applicant situated along the route authorized, provided, of course, the rights of the company had not ceased. Another suggestion of the Corporation Counsel adds to the same paragraph the clause requiring that the compartments or boxes of such applicants shall be properly insulated and the applicant must make contract with the company containing reasonable regulations for service. In case of disagreement between those parties, the Board shall decide as to the fairness of the contract.

If, however, the amendment in question is added, the company would not be required to extend its pipe for any applicant, but the whole paragraph would only apply to those situated along the line constructed. I believe that the paragraph as now amended by the Corporation Counsel, without the amendment "as then constructed," amply protects the company. I have since talked with Mr. Booth, president of the company, and he has agreed to accept the contract in that form.

I would therefore recommend that the proposed form of contract be entered upon the minutes and that the same should be published at least twenty days in the CITY RECORD and at least twice in two daily newspapers to be designated by the Mayor, at the expense of the proposed grantee. The papers so designated for the first advertisement were the Brooklyn Daily "Eagle" and the Brooklyn "Citizen." A date should also be fixed for a public hearing, notice of which should be published at least ten days immediately prior thereto in the CITY RECORD and in the two daily newspapers above mentioned.

I would therefore propose that the Board fix Friday, May 25, for the public hearing, but final action on the same cannot be taken until the following meeting.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Whereas, The Seaboard Refrigeration Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate a pipe line and all necessary appurtenances, for the transportation of refrigeration, under and along certain streets in Coney Island, Borough of Brooklyn; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure for making such grants; and

Whereas, The Mayor has, in pursuance of such law, designated the Brooklyn Daily "Eagle" and Brooklyn "Citizen" as the two daily newspapers published in said City, in which the publications hereinafter provided for are to be made, other than those required to be made in the CITY RECORD; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Seaboard Refrigeration Company, and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the CITY RECORD and at least twice in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Seaboard Refrigeration Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this _____ day of _____ 190_, by and between The City of New York, party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the Seaboard Refrigeration Company, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct, maintain and operate a conduit not to exceed eighteen inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, said conduit and branches to be beneath the surface of each of the following-named streets, avenues and highways, between the points described as follows, all situate in the Borough of Brooklyn, City of New York, to wit:

In, under and along West Twenty-first street, West Twelfth street and West Eighth street, between Surf avenue and Neptune avenue; in, under and along Neptune avenue, between West Twenty-first street and West Eighth street; and in, under and along Surf avenue, between West Twenty-fifth street and West Fifth street, said routes being shown on a map entitled "Map to accompany the petition of the Seaboard Refrigeration Company to the Board of Estimate and Apportionment, dated November 2, 1905, for laying conduits along designated streets and avenues on Coney Island, Borough of Brooklyn, New York," signed by Charles E. Booth, President, and Henry Guttin, Engineer, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—The said franchise, right and privilege to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the franchise, right and privilege to maintain and operate the same shall be held and

enjoyed by the said Company, its lessee or successors, for a term of fifteen years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of ten years, upon a fair revaluation of said franchise, right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or to any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and by the Board of Estimate and Apportionment, or by such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or by such other authority in its place) or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment, or its successors in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, all conduit lines and appurtenances thereto constructed pursuant to this contract shall be and become the property of The City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to The City of New York the following sums of money, to wit:

1. Five thousand dollars (\$5,000) in cash within thirty (30) days after the signing of the contract.

2. During the first five years of this contract an annual sum which shall in no case be less than eight hundred and fifty dollars (\$850), and which shall be equal to 4 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eight hundred and fifty dollars (\$850).

During the second five years of this contract an annual sum which shall be in no case less than eleven hundred dollars (\$1,100), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eleven hundred dollars (\$1,100).

During the third and remaining five years of this contract an annual sum which shall in no case be less than fourteen hundred dollars (\$1,400), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of fourteen hundred dollars (\$1,400).

3. An annual payment of ten (10) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when the permit is obtained to open the streets for any section of the work.

All sums herein provided for shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments of refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York,

acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—If a conduit line as herein described shall not be constructed and in actual operation in all the streets and avenues, and upon all the routes hereby described, on May 1, 1911, all rights hereby given shall be thereupon forthwith and immediately forfeited without judicial or other proceedings, unless at least 50 per cent. of the conduit line shall then be constructed and in operation, when, in such case, the forfeiture shall affect only the Company's rights, privileges and franchises on the remaining portion of the conduit line hereby granted.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the routes.

Ninth—The said Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Tenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said conduit line, which shall be done under this grant.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made, without injury to the pipes, shall be executed by an officer of the Company, endorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board of Estimate and Apportionment.

Twelfth—The Company, its successors or assigns, shall not charge consumers more than three dollars and fifty cents (\$3.50) for the same amount of refrigeration which is produced by one ton of ice. During the term of this contract the Board of Estimate and Apportionment shall have absolute power to regulate the maximum and minimum rates, provided that such rates shall be reasonable and fair. All refrigeration which may be required by The City of New York at any point along the routes herein described shall be furnished by the Company without cost to the city.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigeration at the prices which are herein prescribed, or at which such prices may be hereafter fixed, in properly insulated compartments under contracts containing fair and reasonable regulations for such service, otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

It is mutually understood and agreed by and between the parties hereto that in the event of any dispute arising between the Company and any consumer or user of its refrigeration, as to the fairness and reasonableness of the regulations contained in said contracts, the Board of Estimate and Apportionment, on the application of either said consumer, user or the Company, shall have the power to pass upon and decide as to the fairness and reasonableness of such regulations, and said Company hereby agrees to abide by such decision and conform such regulations thereto.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb lines of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all conduit lines which are authorized by this grant are constructed or until the right hereby authorized to construct conduit lines along the routes described, have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line, and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant, the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successors or assigns. Due notice of any such demand shall be given to the Company.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Seventeenth—If the Company has in position a conduit or pipe line in streets or avenues other than those herein described, then the Company shall remove such conduit or pipe line at its own expense, within one year from the date of signing this contract. If the Company owns a conduit or pipe line in the streets or avenues herein described, such conduit or pipe line shall be deemed to be a conduit line herein authorized, but no right is hereby given to lay or construct a conduit line in addition to that which the Company already has in such streets or avenues.

Eighteenth—The conduit line hereby authorized shall be used only by the Company and for no other purpose than for supplying refrigeration by the ammonia process or such other process as may be consented to by the Board of Estimate and Apportionment.

Nineteenth—The Company hereby agrees not to issue stock or bonds other than have been heretofore issued, until a certificate of authority therefor has been issued by the Board of Estimate and Apportionment, or until such Board shall further certify in writing as to the amount of stock or bonds reasonably required for the purposes of the Company. The stock and bonds of the said Company shall not be issued in excess of the amount so certified.

The Company shall not increase its capital stock or its bonded indebtedness without the consent in writing of the Board of Estimate and Apportionment stating the amount of the authorized increase. For the purpose of making this determination as to the amount of stock and bonds to be issued, or the amount of the authorized increase of the capital stock and bonded indebtedness of the Company, the Board of Estimate and Apportionment may take and hear testimony under oath and examine the books and papers of the Company, and require verified statements from the officers thereof, pertaining to the value of the property and of the franchise owned or operated by the Company. Such determination shall be made within sixty (60) days after the final submission of the papers or of final hearing on the application for the issue or increase of capital stock or bonds of indebtedness.

The Company shall submit a report to the Board of Estimate and Apportionment not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

1. The amount of stock issued; for cash; for property;
2. The amount paid in as by last report;
3. The total amount of capital stock paid in;
4. The funded debt by last report;
5. The total amount of funded debt;
6. The floating debt as by last report;
7. The amount of floating debt;
8. The total amount of funded and floating debt;
9. The average rate per annum of interest on funded debt;
10. Statement of dividends paid during the year;
11. Number of feet of conduit now laid;
12. The total amount expended for same;
13. Amount, kind and capacity of machinery now in use and required for operation;
14. The total amount expended for same;
15. Number of tons of refrigeration furnished during the year;
16. Total receipts from refrigeration and the average price per ton received during the year;
17. Amounts paid by Company for damage to person or property on account of construction and operation;
18. Total expenses for operation; including salaries;
19. An inventory of all the property of the Company;

—and such other information in regard to the business of the Company as may be required by the Board. For each failure to comply with the foregoing, the Company shall pay a penalty of one hundred dollars (\$100), which may be collected by the Comptroller without notice.

Twentieth—The Company shall at all times keep accurate books of accounts of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 of each year, make a verified report to the Comptroller of The City of New York, of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-first—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fails to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of The City of New York may give written notice to the said Company specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to The City of New York a sum of fifty dollars (\$50) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-second—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five thousand dollars (\$5,000), either in money or in securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege, and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund, the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five thousand dollars (\$5,000), and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Twenty-third—The company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

Twenty-fourth—The Company agrees to assume and comply with any of the existing provisions or future amendments of article 5 of the Transportation Corporations Law relating to pipe lines, imposing conditions, restrictions or penalties, should the Board of Estimate and Apportionment from time to time so require, in the same manner and to the same extent as if the Company had been incorporated under the said Transportation Corporations Law.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers,

thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

[Here add acknowledgments.]

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted, and the adequacy of the compensation proposed to be paid therefor are that the money value of such right or franchise proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of proposed contract, for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, and the said form of proposed contract for the grant of such franchise or right, and said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published at the expense of the Seaboard Refrigeration Company for at least twenty days prior to May 25, 1906, in the CITY RECORD and at least twice during the ten days immediately prior to May 25, 1906, in the Brooklyn Daily "Eagle" and Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of such Board, to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 25, 1906, at 10.30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

C. Henry Offerman and Others.

Permission was granted to C. Henry Offerman and others by resolution duly adopted January 12, 1906, approved by the Mayor January 17, 1906, to construct, maintain and use a tunnel under and across Duffield street, in the Borough of Brooklyn, to connect the property owned by the petitioners on both sides of said street. Section 11 of the consent provided that the construction of the tunnel should be commenced and completed within 90 days from the date of the approval of the consent by the Mayor.

The Secretary presented the following:

HAMILTON & BECKETT,
No. 100 BROADWAY,
NEW YORK, April 23, 1906.

To the Honorable the Board of Estimate and Apportionment, New York City:

GENTLEMEN—Referring to the consent for the tunneling of Duffield street, Brooklyn, granted by your Honorable Body on January 12, 1906, to the undersigned, C. Henry Offerman and others, and which bore the Mayor's approval of January 17, 1906, we would respectfully state that in spite of every reasonable exertion to procure it, the formal permit could not be obtained from the proper department in Brooklyn till February 24, 1906. It was on the same day sent to the owners, architect and engineer having charge of the estimates for the tunneling and the excavation across Duffield street on other property of the undersigned, where the boilers are to be installed. It was necessary that the one contract should cover all this work, and therefore no contract could be made before the issuance of the permit. It was then promptly entered into, but of necessity the contractors first gave their attention to the excavation for the boilers across the street, and this has been completed. The contractors were about to commence the tunneling when our attention is called to the 90 days' limitation in clause 11 of the consent. The records will show that in all other respects we have promptly complied with all the various conditions on which the consent was granted. We have been and are acting in the best of good faith, and it has been through no fault of the undersigned that the tunnel work was not completed within the limited time.

Under these circumstances, and especially in view of the fact that the City's own requirement of the vaults and boiler space in Fulton street in front of our property has rendered the consent necessary, we would respectfully petition that you grant an extension of 60 days or more for this tunneling construction.

Very respectfully yours,

C. HENRY OFFERMAN,
THEODORE OFFERMAN,
JOHN OFFERMAN,
LENA M. RASCH,
ANNA C. SCHMIDT,

Owners.

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, No. 280 BROADWAY,
April 24, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On December 14, 1905, C. Henry Offerman and others presented an application to the Board of Estimate and Apportionment for the right to construct a tunnel under Duffield street, between Fulton and Willoughby streets, Borough of Brooklyn. A resolution giving consent for the construction of the tunnel was adopted by the Board of Estimate and Apportionment January 12, 1906, and approved by you on January 17, 1906.

Under section 11 of this consent, it was required that the construction of the tunnel should be commenced and completed within ninety (90) days from the date of approval of the consent by the Mayor. It was also provided, however, that such time might be extended by the Board of Estimate and Apportionment for a period not exceeding sixty (60) days.

Section 14 also required that the Board of Estimate and Apportionment should be notified of the commencement and completion of the construction of the work authorized. No such notice having been received, an inspection of the ground made on April 19 showed that no construction work had been done, and the attention of Offerman and others was called to the conditions stated in the consent, as above.

On receipt of this notification, Offerman and others, by their attorneys, Hamilton & Beckett, under date of April 23, 1906, presented a request, which is appended, that the time be extended.

The said C. Henry Offerman and others, having filed the required certificate of acceptance, deposited the security named, paid the rental due for the first year and complied with all the other terms of the consent, in good faith, I see no objection to

granting the request, and would recommend that the Board grant an extension of time for sixty days, or until June 17, 1906.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Whereas, C. Henry Offerman, Theodore Offerman, John Offerman, Lena M. Rasch and Anna C. Schmidt received permission from the Board of Estimate and Apportionment on January 12, 1906, approved by the Mayor January 17, 1906, to construct, maintain and operate a tunnel under and across the roadway of Duffield street, from the premises known as Nos. 237 to 242, and approximately 228 feet north of Fulton street, Borough of Brooklyn, subject to certain terms and conditions; and

Whereas, Section 11 of said consent provides that the grantees shall complete the work on the tunnel within ninety days from the approval of said consent by the Mayor, provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding sixty days; and

Whereas, The period allowed for the construction of said tunnel expired on April 17, 1906; and

Whereas, The work on the tunnel has not yet been completed and the tunnel could not be constructed before April 17, 1906; and

Whereas, The said grantees, in accordance with section 11 of the consent, have made application under date of April 23, 1906, for an extension of time up to and including June 17, 1906; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby grant to the said C. Henry Offerman, Theodore Offerman, John Offerman, Lena M. Rasch and Anna C. Schmidt an extension of time for sixty days, up to and including June 17, 1906, in which to complete said tunnel.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

New York, New Haven and Hartford Railroad Company.

In the matter of the petition of the New York, New Haven and Hartford Railroad Company for the sale of certain lands in The Bronx and Pelham Parkway and Pelham Bay Park, under and pursuant to chapter 670 of the Laws of 1905, which was presented to the Board February 16, 1906, reports were received from the Comptroller and the Bureau of Franchises.

The matter was referred back to the Bureau of Franchises.

The Secretary presented the following communication from the President of the Borough of Brooklyn, requesting the transfer of \$500 from the account, Bureau of Highways—Salaries for 1905, to the account, Bureau of Sewers—Salaries.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, April 18, 1906.

The Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I hereby request that your Honorable Board transfer from the appropriation fund made to the President of the Borough of Brooklyn for the year 1905, entitled, Bureau of Highways—Salaries, to the appropriation made to the said President of the Borough of Brooklyn for the same year, entitled, Bureau of Sewers—Salaries, amount five hundred dollars (\$500), there being an excess in the former appropriation and a deficit in the latter. The deficit was caused by the unexpected demand recently made upon the salaries account of the Bureau of Sewers. A number of Draughtsmen's Helpers were appointed in 1905 upon the adoption of a resolution recommending that the grade be established by the Board of Aldermen. It was later found that the Board of Aldermen did not immediately act upon the Board of Estimate and Apportionment recommendation, and the Draughtsmen's Helpers were not paid therefore for the work they had done in the month of September, 1905. They filed claims in the Comptroller's office, and I was recently informed that the Comptroller, after considering these claims, had submitted them to the Corporation Counsel, who gave an opinion to the effect that vouchers should be made out in payment for the claims. Those vouchers have since been prepared, but in the meanwhile the final appropriation return for 1905 had been made by this office. The balances have not yet, however, been turned into the Sinking Fund, so that this transfer may be properly made and the unexpected charge against the Salary Fund of the Sewer Bureau for 1905 met without recourse to a special appropriation.

I forward to you form of resolution for adoption.

Yours very truly,

BIRD S. COLER,

President of the Borough of Brooklyn.

The following resolution was offered:

Resolved, That the sum of five hundred dollars (\$500) be and the same is hereby transferred from the appropriation made to the President of the Borough of Brooklyn for the year 1905, entitled Bureau of Highways—Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said President of the Borough of Brooklyn for the same year, entitled, Bureau of Sewers—Salaries, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Fire Commissioner requesting the transfer of \$200, from the account, Boroughs of Brooklyn and Queens—Salaries, Repair Shops' Pay-roll, for 1905, to the account, Boroughs of Brooklyn and Queens—Salaries, Engine and Hook and Ladder Companies' Pay-roll:

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, April 20, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—A communication has been received at this office from the Deputy Fire Commissioner, Boroughs of Brooklyn and Queens, the same reading as follows:

"BROOKLYN, April 10, 1906.

"Hon. JOHN H. O'BRIEN, Fire Commissioner:

"SIR—Owing to the reinstatement in December, 1905, of James Flannelly, Assistant Foreman, Engine Company 104, and request received from the Department of Finance to prepare pay-roll for amount due said Flannelly as salary for December, 1905, it will be necessary to transfer from one appropriation to another to meet the deficiency. I, therefore, suggest that the Board of Estimate and Apportionment be requested to transfer from Salary Account, Repair Shops, Pay-roll, 1905, to Engine and Hook and Ladder Companies, Pay-roll, 1905, the sum of two hundred dollars (\$200).

Respectfully,

(Signed) "CHAS. C. WISE,

"Deputy Fire Commissioner,
"Boroughs of Brooklyn and Queens."

In accordance with the suggestion contained in the foregoing communication, I have the honor to request that your Honorable Board authorize the transfer of the sum of \$200 from the appropriation made to this Department, Brooklyn and Queens, 1905, entitled, Salaries, Repair Shops' Pay-roll, to the appropriation made for the same boroughs and year, entitled, Salaries, Engine and Hook and Ladder Companies' Pay-rolls.

Respectfully,
(Signed) JOHN H. O'BRIEN, Commissioner.

The following resolution was offered:

Resolved, That the sum of two hundred dollars (\$200) be and the same is hereby transferred from the appropriation made to the Fire Department for the year 1905, entitled, Boroughs of Brooklyn and Queens—Salaries, Repair Shop Pay-roll, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the same year, entitled, Boroughs of Brooklyn and Queens—Salaries, Engine and Hook and Ladder Companies' Pay-rolls, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a resolution of the Board of Aldermen, requesting the issue of \$125,000 Special Revenue Bonds, to enable the Police Commissioner to execute the work of general repairs, alterations and painting station houses.

Which was referred to the Comptroller.

The Secretary presented communications from the several Borough Presidents for additional appropriation for repaving by the issue of Corporate Stock, under section 47 of the Charter, as follows:

Borough of Manhattan.....	\$250,000 00
Borough of Brooklyn.....	1,500,000 00
Borough of The Bronx.....	100,000 00
Borough of Queens.....	268,800 00
Borough of Richmond.....	50,000 00

The Board determined to limit the authorization for this purpose to \$750,000, and referred the apportionment of said sum among the several boroughs to the Borough Presidents.

The Secretary presented the following communication from the Commissioner of Street Cleaning, withdrawing his letter of April 18 requesting an issue of \$568,500, Revenue Bonds, for the purpose of providing means for the removal of snow and ice in the Boroughs of Manhattan, The Bronx and Brooklyn, and requesting an issue of \$499,500 in place thereof.

DEPARTMENT OF STREET CLEANING,
NEW YORK, April 25, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

SIR—I desire to withdraw my letter of April 18, 1906, to your Honorable Board, requesting that the Comptroller be authorized and directed to issue Revenue Bonds of The City of New York to the amount of five hundred and sixty-eight thousand five hundred dollars (\$568,500), and now have to request that, in accordance with the provisions of section 546 of the Greater New York Charter, the Comptroller be authorized and directed to issue Revenue Bonds of The City of New York to the amount of four hundred and ninety-nine thousand five hundred dollars (\$499,500), the proceeds thereof to be used for the payment of the liabilities that have been incurred by this Department for the removal of snow and ice in the Boroughs of Manhattan, The Bronx and Brooklyn, after the last snowfall.

The reason for this request for the direct issue of bonds is that it will do away with the transferring of moneys from one account to the other and the replenishment of the same by the issue of bonds later on.

Respectfully,
JOHN McG. WOODBURY, Commissioner.

The following resolution was offered:

Resolved, That, for the purpose of providing means for the removal of snow and ice in the Boroughs of Manhattan, The Bronx and Brooklyn the Comptroller be and is hereby authorized, pursuant to the provisions of section 546 of the Greater New York Charter, to issue Revenue Bonds of The City of New York to the amount of four hundred and ninety-nine thousand five hundred dollars (\$499,500), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen, requesting the issue of \$2,800 Special Revenue Bonds to meet salaries of Probation Officers under the jurisdiction of the Board of Parole of the New York City Reformatory of Misdemeanants:

In the Board of Aldermen.

Resolved, That, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby are requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two thousand eight hundred dollars (\$2,800), the proceeds whereof to be applied to pay salaries of probation officers under the jurisdiction of the Board of Parole of the New York City Reformatory of Misdemeanants.

Adopted by the Board of Aldermen April 3, 1906, three-fourths of all the members elected voting in favor thereof, having been first advertised as required by law.

Received from his Honor the Mayor April 17, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Hon. Francis J. Lantry, Commissioner of Correction, appeared and urged favorable action on the resolution.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted April 3, 1906, in relation to an appropriation of twenty-eight hundred dollars (\$2,800) to meet the salaries of probation officers under the jurisdiction of the Board of Parole of the New York City Reformatory of Misdemeanants, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of twenty-eight hundred dollars (\$2,800), redeemable from the tax levy of the year succeeding the year of their issue.

Which was lost by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Present and not voting—President of the Board of Aldermen—3.

Authorization of Special Revenue Bonds under the provisions of subdivision 8 of section 188 of the Charter requires a unanimous vote of the Board.

The vote by which this resolution was lost was then reconsidered and the matter was laid over.

The Secretary presented the following resolution of the Board of Aldermen, requesting the issue of \$15,000 Special Revenue Bonds for the purpose of making general repairs to the fourteen free floating baths of the Borough of Manhattan:

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifteen thousand dollars (\$15,000) for the purpose of making general repairs to the fourteen (14) free floating baths of the Borough of Manhattan.

Adopted by the Board of Aldermen April 3, 1906, three-fourths of all the members elected voting in favor thereof, having been first advertised as required by law.

Received from his Honor the Mayor, April 17, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted April 3, 1906, relative to an appropriation of fifteen thousand dollars (\$15,000) for the purpose of making general repairs to the fourteen free floating baths of the Borough of Manhattan, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of fifteen thousand dollars (\$15,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Commissioner of Bridges, requesting an issue of \$1,250,000 Corporate Stock for the construction of the Williamsburg Bridge in addition to previous authorizations.

Which was laid over.

The Secretary presented a communication from the Police Commissioner, requesting the issue of \$11,800,000 Corporate Stock for the purchase of new sites for station houses, or additional land adjoining present station houses; for the erection of new station houses, stables, etc., for old precincts and for new precincts to be established.

Which was referred to the Comptroller.

The Secretary presented a communication from the President of the Borough of The Bronx submitting a communication from the Chief Engineer of said Borough, relative to an appropriation of \$5,000 to be used in connection with the proposed adjustment of the street system with the northerly approaches to the Henry Hudson Memorial Bridge over Spuyten Duyvil creek.

Which was laid on the table.

The Secretary presented the following communication from the Assistant Deputy Comptroller, requesting that the matter of an additional appropriation of \$2,000,000 for the Henry Hudson Memorial Bridge be placed on the calendar; also communication from the Commissioner of Bridges and report of the Chief Engineer, Board of Estimate and Apportionment, approved by the Principal Assistant Engineer, Department of Finance, all relative thereto:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I am directed by the Comptroller to request that the matter of an additional appropriation of \$2,000,000 for the Henry Hudson Memorial Bridge, be placed on the calendar for consideration by the Board of Estimate and Apportionment at its next meeting.

Respectfully,

HUBERT L. SMITH, Assistant Deputy Comptroller.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
Nos. 13 TO 21 PARK ROW,
March 6, 1906.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I am in receipt of resolution of your Honorable Board, subsequently approved by the Board of Aldermen, appropriating \$1,000,000 for the construction of the Henry Hudson Memorial Bridge over the Harlem river at Spuyten Duyvil Heights.

It is intended to make this bridge a continuation of Riverside drive into the Borough of The Bronx. The bridge will be about 3,000 feet long, about 175 feet above the water, and will have a width of 80 feet. It will cost, including the right of way, in round numbers, \$3,000,000.

My engineers advise me that the construction of the bridge could best be separated into two portions, involving two separate contracts, one for the masonry complete, costing about \$2,000,000, and one for the steel work, costing about \$1,000,000.

The \$1,000,000 now appropriated will pay for the land necessary for the bridge, construct the foundations and bring the masonry up above the ground.

The preliminary plans, only, have thus far been made, and I take this opportunity to advise your Honorable Board of the conditions as to prospective contracts on this bridge before beginning any work in connection with the construction of the bridge.

Respectfully yours,

J. W. STEVENSON, Commissioner of Bridges.

REPORT No. 3728.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 12, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In the accompanying letter from the Commissioner of Bridges, dated March 6, 1906, attention is called to the fact that the sum of one million dollars, for which an issue of Corporate Stock has been authorized by the Board of Estimate and Apportionment and approved by the Board of Aldermen, for the purpose of constructing the proposed Henry Hudson Memorial Viaduct, will be sufficient to pay for the land required for the construction of foundations and the carrying of the masonry above the ground, but that the total estimated cost of the structure is some three millions of dollars. He further states that the advice of the Engineers of the Bridge Department is that the construction of the bridge should be separated into two portions, involving two separate contracts, one for the masonry complete, including foundations, piers, arches and approaches, which it is estimated will cost about two millions of dollars,

and one for the steel work, which is estimated to cost one million dollars. He believes that it would be advantageous to make the first contract cover all of the masonry, and if this be done an additional million of dollars will be needed. He says that preliminary plans only have thus far been made, and he advises the Board of the conditions as to the prospective contracts before beginning any work on the construction of the bridge.

When the issue of Corporate Stock for one million dollars was authorized for this purpose, it was distinctly stated that this sum was designed to cover only the foundations and a portion of the masonry, the estimated cost for the entire structure having been given in a report dated December 5, 1905, as \$2,925,000 if built with granite facings, parapet walls and copings, or \$2,450,000 if built with concrete, with granite copings and parapet walls. These estimates were based upon a bridge 100 feet in width, and it was further stated in the report that the reduction in the width of the street from 100 to 80 feet would result in an estimated saving of \$236,000, of which \$99,000 would be in steel, \$80,700 in masonry, and \$27,000 in roadway paving. The plan which was approved was for a bridge 80 feet in width. As to the amount needed at the present time, the report referred to contained this recommendation:

"If the Board decides to authorize the construction of the viaduct, it will be necessary to provide some money at once in order that a beginning may be made. The Engineers who prepared the design estimate the cost of the steel structure at \$800,000, the remainder being for foundations and masonry. Foundations for the abutments could be put in at once, and I believe that if the Board of Estimate and Apportionment were to authorize an issue of Corporate Stock in the sum of one million dollars, it would provide all the funds which would be necessary for the coming year."

This action was taken, not with the understanding that the entire structure was to cost one million dollars, but that such a sum would be needed for the present year.

One of the reasons for building this viaduct at the present time is that it would be a fitting memorial of the three-hundredth anniversary of the discovery of the Hudson river, the celebration of which anniversary is now being discussed; and it was thought that a permanent and useful structure of this kind would be more proper than to expend large sums for sentiment which would result in no lasting benefit to the City. The possibility of building this bridge in time for the anniversary, which will take place in the fall of 1909, is contingent upon a prompt beginning. If the work is taken up at once, I am confident that it can be completed within the three and a half years which remain.

To meet the views of the Department of Bridges as to the most advantageous manner of making contracts, it would be necessary to provide an additional sum of one million dollars, and inasmuch as the Board gave its approval to the plan by the authorization of one million dollars for the purpose, it is recommended that an additional sum of like amount be now authorized.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

I concur in the recommendation of the Chief Engineer of the Board of Estimate and Apportionment.

Respectfully,

CHANDLER WITHINGTON,
Principal Assistant Engineer, Department of Finance.

March 22, 1906.

The following resolutions were offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two million dollars (\$2,000,000), in addition to the amount heretofore authorized, for the purpose of providing means for the acquisition of land and construction of a monumental bridge or viaduct, to be erected across Spuyten Duyvil creek, connecting Inwood Heights, in the Borough of Manhattan, with Spuyten Duyvil Heights, in the Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two million dollars (\$2,000,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Committee on Finance, Board of Aldermen, resolution of said Board, and communication from the Comptroller, relative to an issue of \$50,000 Corporate Stock to pay for the preparation of plans, etc., of the Museum building of the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn:

In the Board of Aldermen.

The Committee on Finance, to whom was referred on March 20, 1906 (Minutes, page 1047), the annexed ordinance in favor of an issue of \$50,000 for Museum Building plans, Institute of Arts and Sciences, Borough of Brooklyn, respectfully reports: That Professor Franklin W. Hooper, Director of the Brooklyn Institute of Arts and Sciences, appeared before your Committee and requested that the ordinance be rejected in order that the Board of Estimate and Apportionment may pass it in amended form and so as to cover any additions that may be erected.

They therefore recommend that the said ordinance be rejected.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000), for the purpose of providing means to pay for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid; and be it further

Resolved, That if the architects who prepare the preliminary plans and drawings should prepare the final plans and specifications and detailed drawings for the erection and equipment of any addition to the said Museum Building, the cost of which is not to exceed five million dollars (\$5,000,000), the compensation is to be paid at the rate of 4 per cent. on the cost of the said work.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifty thousand dollars (\$50,000), for the purpose of providing means to pay for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 16, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000) for the purpose of providing means to pay for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter,

to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid; and be it further

Resolved, That if the architects who prepare the preliminary plans and drawings should prepare the final plans and specifications and detailed drawings for the erection and equipment of any addition to the said Museum Building, the cost of which is not to exceed five million dollars (\$5,000,000), the compensation is to be paid at the rate of 4 per cent. on the cost of the work.

JOHN R. DAVIES,
JOSEPH FALK,
B. W. B. BROWN,
A. L. KLINE,
JOHN DIEMER,
THOS. J. MULLIGAN,
Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and reject said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Clifford, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Grifenhagen, Gunther, Haggerty, Jacobson, Kenneally, Kline, Krulish, Kuck, Lawlor, Linde, Meyers, Monahan, Noonan, Olvany, O'Neill, Peters, Potter, Redmond, Rendt, Rowcroft, Schloss, Smith, Sturges, Wafer, Wright, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen and President Coler—48.

And the Vice-Chairman announced that in accordance with the provisions of section 48 of the Charter the ordinance had been rejected.

Rejected by the Board of Aldermen April 10, 1906, a majority of all the members elected voting in favor thereof.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 21, 1906.

The Board of Estimate and Apportionment, New York City:

GENTLEMEN—The resolution adopted by the Board of Estimate and Apportionment on March 16, 1906, authorizing an issue of Corporate Stock to the amount of \$50,000, to pay for the preparation of plans, etc., of the museum building of the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, being rejected by the Board of Aldermen, was laid over by the Board of Estimate and Apportionment at its meeting, held April 20, 1906, for an amended form of resolution.

I herewith transmit an amended form of resolution which will meet the objections raised by the Board of Aldermen and is in strict accordance with the recommendations made by the Engineer of this Department in report dated March 13, 1906.

I would therefore advise that the resolution adopted by the Board of Estimate and Apportionment on March 16, 1906, be rescinded, and that the resolution be adopted by the Board in the amended form.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment at meeting held March 16, 1906, and which reads as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding fifty thousand dollars (\$50,000), for the purpose of providing means to pay for carefully studied plans of the completed museum building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid; and be it further

"Resolved, That if the architects who prepare the preliminary plans and drawings should prepare the final plans and specifications and detailed drawings for the erection and equipment of any addition to the said museum building, the cost of which is not to exceed five million dollars (\$5,000,000), the compensation is to be paid at the rate of 4 per cent. on the cost of said work,"—be and the same is hereby rescinded.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolutions were offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding fifty thousand dollars (\$50,000), for the purpose of providing means to pay for carefully studied plans of the completed museum building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid; and be it further

Resolved, That if the architects who prepare the preliminary plans and drawings should furnish the final plans, detail drawings, specifications and supervision for the work of erection and equipment of any addition to said museum building, the compensation for such services is to be four per cent. (4%) on the cost of the work until the entire cost of the said work not heretofore undertaken shall equal \$5,000,000.

Which were adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the President, Borough of Queens, requesting the fixing of the salary of the Assistant Engineer in charge of the Topographical Bureau of the Borough of Queens, at the rate of \$4,000 per annum, as of date May 1, 1906.

Which was referred to a select committee consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented the following communication from the Assistant Engineer, Bureau of Franchises, Board of Estimate and Apportionment, relative to amending the resolution of the Board of Estimate, adopted February 16, fixing the salaries of the position of Law Clerk by specifying the number of incumbents for each grade:

BOARD OF ESTIMATE AND APPORTIONMENT,
THE CITY OF NEW YORK,
April 23, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment, held February 16, a resolution was adopted approving of the establishment of the position of Law Clerk in the office of the Board and recommending to the Board of Aldermen that the salaries of said position be fixed at the rate of \$1,200, \$1,350 and \$1,500 per annum. The resolution was duly forwarded to the Board of Aldermen for concurrence, and at a meeting held February 20 was referred to the Committee on Salaries and Offices. The immediate need of the Bureau of Franchises is for four positions; two, in order that proper designations may be made of two employees now engaged in the work of the Bureau, one of whom is designated as a Clerk at a salary of \$1,500 per annum, and the other a Law Clerk employed in the Department of Finance but temporarily assigned to this Bureau, at a salary of \$1,200 per annum, and two new employees to fill the vacancies caused by resignation.

I am now informed that the Committee on Salaries and Offices of the Board of Aldermen has adopted a policy of fixing grades for only a given number of positions, and in order to comply with such requirement I would propose that the Board of Estimate and Apportionment adopt a resolution fixing the grades for said position with salaries as follows:

Three Law Clerks, at \$1,200 per annum.
One Law Clerk, at \$1,500 per annum.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

Amend resolution of February 16, 1906.

JOSEPH HAAG, Secretary.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment February 16, 1906, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Law Clerk in the office of the said Board and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said position be fixed at the rates of twelve hundred dollars (\$1,200), thirteen hundred and fifty dollars (\$1,350) and fifteen hundred dollars (\$1,500) per annum."

—be and the same is hereby amended to read as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the position of Law Clerk for four incumbents in the office of the Board of Estimate and Apportionment, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed as follows:

"Three (3) Law Clerks, at \$1,200 per annum.

"One (1) Law Clerk, at \$1,500 per annum,"

—to take effect May 1, 1906.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Presiding Justice of the Court of Special Sessions, First Division, stating that the resolution of the Board of Estimate, adopted March 2, 1906, recommending the fixing of the salary of an additional grade of the position of Interpreter of the Children's Court, Court of Special Sessions, First Division, at the rate of \$1,800 per annum, failed of action in the Board of Aldermen for the reason that the resolution did not limit the number of Interpreters to be employed, and requesting the Board of Estimate to recommend to the Board of Aldermen the fixing of the salary for one Interpreter:

COURT OF SPECIAL SESSIONS,
April 7, 1906.

The Board of Estimate and Apportionment of The City of New York:

DEAR SIRS—My attention has been called to the report in the CITY RECORD of the disposition of a matter relating to the increase in salary of the Interpreter of the Children's Court in the First Division of The City of New York.

The Board of Estimate and Apportionment of 1905 included an additional item of \$500 in the Budget to provide for the increase of the salary of this Interpreter by that sum. Proceedings were taken after the adoption of the Budget, under section 56 of the Charter, to fix the salary of the Interpreter of the Children's Court at \$2,000. These proceedings were pending at the close of the year and the Justices of this Court were informed that a new application should be made to the present Board of Estimate and Apportionment. Such application was made on January 15, 1906. That application cited the resolution of the Justices of this Court, and the official whose salary was sought to be fixed at \$2,000 was referred to "as the Interpreter of the Children's Court." On March 2 your Board agreed to an increase in the salary of the Interpreter of \$300 per year and adopted a resolution in the following language:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Interpreter of the Children's Court, Court of Special Sessions, First Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Charter, that the salary of said additional grade be fixed at the rate of \$1,800 per annum."

It seems that the Board of Aldermen disapproves of the form of the resolution because of the use of the language establishing an additional grade, and for the further reason that the language of the resolution did not restrict the number of Interpreters by the use of the definite article "the," which was used in the resolution adopted by the Justices and forwarded to you, indicating that there was but one Interpreter whose salary was sought to be increased.

As the position of Interpreter has been definitely established in the Civil Service ungraded list under the provisions of the Civil Service Law, the Justices are at a loss to understand why the Board of Aldermen should fear that a graded position would be established by the use of the word "grade" in the resolution of your Board. If, however, that fear is going to stand in the way of a valuable and efficient public servant getting what is his just due, the Justices of the Court most respectfully request that your Board recommend to the Board of Aldermen that they fix the salary of the Interpreter of the Children's Court at the increased sum as originally requested.

I am,

Very respectfully yours,

WILLARD H. OLMSTED, Justice Presiding.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment March 2, 1906, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Interpreter of the Children's Court, Court of Special Sessions, First Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of eighteen hundred dollars (\$1,800) per annum,"

—be and the same is hereby amended to read as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Interpreter of the Children's Court, for one incumbent, in the Court of Special Sessions, First Division, and recom-

mends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade for one incumbent be fixed at the rate of eighteen hundred dollars (\$1,800) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from Wm. Stonebridge requesting that an appropriation be granted for the purpose of caring for trees in Bronx Park and public streets.

Which was referred to the Commissioner of Parks, Borough of The Bronx.

The Secretary presented the following communication from the Secretary, Borough of Manhattan, submitting resolution for adoption authorizing the repaving of Broome street, from Centre street to the Bowery, the cost to be charged to the Bond Account for Repaving Streets, Borough of Manhattan:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, April 20, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Herewith is transmitted for adoption by the Board of Estimate and Apportionment a form of resolution authorizing the repaving of Broome street, from Centre street to the Bowery, the cost to be charged to the Bond Account for Repaving Streets, Borough of Manhattan.

A search has been made of the records in the office of the Finance Department without success to ascertain the date of the confirmation of the assessment list for the original pavement of this street.

Yours respectfully,

BERNARD DOWNING,
Secretary, Borough of Manhattan.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the repaving of Broome street, from Centre street to the Bowery, under the direction of the President of the Borough of Manhattan, the cost of such repaving to be charged to the Bond Account for Repaving Streets in the Borough of Manhattan.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom was referred on March 16 the matter of issue of \$31,000 Special Revenue Bonds, to be applied to the compensation of additional mechanics and other necessary employees at the new repair shop of the Fire Department, etc.:

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, for the purpose of providing means for the compensation of additional mechanics and other necessary employees at the new repair shop of the Fire Department, and to meet the estimated deficiency in the present pay-roll of said repair shop for the current year, as set forth in the communication of the Commissioner of said Department, dated January 15, 1906, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding thirty-one thousand dollars (\$31,000).

Adopted by the Board of Aldermen February 14, 1906, three-fourths of all the members elected voting in favor thereof, having been first advertised as required by law.

Received from his Honor the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 19, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the following resolution of the Board of Aldermen, adopted February 14, 1906:

"Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, for the purpose of providing means for the compensation of additional mechanics and other necessary employees at the new repair shops of the Fire Department, and to meet the estimated deficiency in the present pay-roll of said repair shops for the current year, as set forth in the communication of the Commissioner of said Department, dated January 15, 1906, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding thirty-one thousand dollars (\$31,000)."

—referred to the Investigations Division for examination, I beg to report as follows:

In a communication dated January 15, 1906, addressed to the President of the Board of Aldermen, the Fire Commissioner states that the Department has taken possession of a new repair shop building at Fifty-sixth street and Twelfth avenue, Manhattan, erected and equipped by the City at an expense of \$275,000, and that in order to utilize the advantages of this building it will be necessary to employ additional help with salaries aggregating \$25,218.50, the proposed new employees and salaries to be paid being as follows:

One Clerk, duties, cost cards and property returns.....	\$1,050 00
One coremaker	1,064 00
One brass-moulder	1,216 00
Five Stablemen	3,800 00
One Carriage-bodymaker	1,216 00
One Rubber Tire Repairer.....	1,216 00
One Patternmaker	1,216 00
Two Machinists	2,432 00
Three Carriage Painters.....	3,648 00
One Mechanical Draughtsman.....	1,216 00
One Machine Woodworker.....	1,216 00
One Electrician	1,216 00
One Watchman for new addition in day time.....	912 50
One Blacksmith's Helper, tire room.....	760 00
One Laborer, storeroom and office.....	760 00
One Laborer, wood shop.....	760 00
One Laborer, machine shop.....	760 00
One Laborer, blacksmith shop.....	760 00
Total	\$25,218 50

He also claims that there will be a deficiency of \$5,329.75 in the amount required to meet the salaries of the repair shops, boroughs of Manhattan and The Bronx, based upon salaries paid January 15, 1906.

To provide for new employees and the estimated deficiency in the present pay-roll, the Fire Commissioner asks for an issue of Special Revenue Bonds of \$31,000, all of which to be applied to the maintenance of the repair shops, Manhattan and The Bronx.

Previous to 1906, specific budget appropriations were made for each borough in which repair shops were maintained (Manhattan and Brooklyn), but for 1906 the appropriation was made for the entire City.

The amounts appropriated in the 1905 Budget were as follows:

Manhattan and The Bronx.....	\$79,753 75
Brooklyn and Queens.....	31,749 48
Total	\$111,503 23
In addition to this sum transfers were made during the year to this account from other Fire Department accounts, amounting to.....	16,800 00
	\$128,303 23
From which should be deducted a transfer of \$300 to the Bureau of Chief of Department	300 00
Making the total amount available for 1905.....	\$128,003 23

The disbursements for 1905, as shown by the records of the Department of Finance, were:

Manhattan and The Bronx.....	\$88,963 78
Brooklyn and Queens.....	37,944 08
	\$126,907 86

The Commissioner, in his departmental estimate for 1906, asked for an allowance of \$146,674.75, made up as follows:

Manhattan and The Bronx.....	\$107,320 00
Brooklyn and Queens.....	39,354 75
	\$146,674 75

The Board of Estimate and Apportionment granted an allowance of \$128,803.23 in the Budget for 1906, which, although an increase of \$17,300 over the Budget appropriation for 1905, was an increase of only \$1,895.37 over the amount actually disbursed in that year.

The Fire Department authorities have made the following apportionment of the amount allowed for 1906:

Manhattan and The Bronx.....	\$89,753 75
Brooklyn and Queens.....	39,049 48
	\$128,803 23

The application for Special Revenue Bonds, in so far as it relates to the estimated deficiency of \$5,329.75 in salaries for the repair shops, Manhattan and The Bronx, is based upon the pay-roll as it existed on January 15, 1906 which indicated an annual expenditure of \$95,083, as against \$89,753.75, apportioned by the Department for maintenance of the repair shops named.

Examination of the records shows the disbursements charged against the repair shops, Manhattan and The Bronx, for three months of 1906, to have been:

January	\$8,008 99
February	6,891 11
March	8,334 79
Total	\$23,234 89

About 85 per cent. of the employees are in receipt of a per diem allowance, and this fact, together with the smaller number of working days in February, accounts for the decrease in the payroll of that month as compared with the amounts paid in January and March.

Taking January and March as a basis, the average monthly payroll would be \$8,171.89, or a total for 11 months of.....

Estimated payroll for 1906.....	\$89,890 79
Amount apportioned by Department.....	89,753 75

Estimated deficiency in present payroll..... \$7,028 15

As before stated, the Department has entered into possession of new repair shops located in the Borough of Manhattan, which replace the shops constructed over thirty years ago, which were inadequate to meet the demands made upon them. The new shops are extensive, covering a plot of ground 53 by 500 feet, and are equipped with all the modern machinery necessary to make the repairs required for the various fire apparatus used in the Department.

The natural growth of the City carries with it a proportionate increase in the number of firemen required for the proper protection of property from fire, and a consequent increase in the number of fire engines and trucks. Additions to apparatus involve an increase in the amount of repairs, and it is claimed that this increase cannot be properly attended to by the force employed at present in the repair shops. This claim would appear to be justified by the fact that an examination of the payroll shows that a number of the employees work overtime in making repairs. The installation of the paid fire system in the Borough of Richmond will add to the amount of repair work, as all repairs to apparatus in use in that borough will be made through the Manhattan repair shops.

Notwithstanding the great increase in the amount of apparatus, etc., in the last few years, there has been no proportionate increase in the force employed in the repair shops. This is evidenced by the fact that although there has been an increase since 1900 of possibly 30 per cent. in the apparatus of the Fire Department, the number of employees in the repair shops has only been increased by 4 men—the January payroll containing 88 names.

A representative of this Division visited the repair shops and was shown several machines which cannot be made use of because of the financial inability of the Department to employ the necessary men to run them. The portion of the shops intended for the care and stabling of horses and wagons cannot be utilized until the stablemen asked for are provided. The working hours of the stablemen are to be so arranged that one man will be on duty from midnight to 8 a. m., one from 6 a. m. to 3 p. m., one from 8 a. m. to 4 p. m., and two from 4 p. m. to midnight. That the necessity for additional painters, machinists, rubber tire repairers, laborers, etc., exists was shown by the great quantity of work awaiting attention, but which the present force cannot handle without great delay.

There are at present about 300 vehicles of all kinds used by the Fire Department in the Boroughs of Manhattan and The Bronx, and I am of the opinion that, in order to properly provide for the amount of repair work required by this large number, a larger force will be necessary than is at present employed in the repair shops, and that provision should be made for the additional employees asked for by the Commissioner.

The annual salaries of the additional force asked for amount to \$25,218.50, or \$2,101.55 per month. If the request for such additional help should be granted, it will not become operative until May, 1906, and the total amount required for the remaining eight months of the year would be \$16,812.40.

I would therefore respectfully recommend, in view of the facts shown, that the resolution of the Board of Aldermen requesting the issue of Special Revenue Bonds to the amount of \$31,000 for providing means for the compensation of additional employees in the new repair shops of the Fire Department, and to meet the estimated deficiency in the present payroll of said repair shops, be approved as follows:

Additional employees, 8 months.....	\$16,812 40
Estimated deficiency in present payroll.....	7,028 15

As per resolution attached to this report..... \$23,840 55

Respectfully yours,

CHARLES S. HERVEY,

Auditor of Accounts, Investigations Division.

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted February 14, 1906, to the extent of appropriating twenty-three thousand eight hundred and forty dollars and fifty-five cents (\$23,840.55), to be expended by the Fire Commissioner in payment of salaries of employees of the new repair shops for 1906, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of twenty-three thousand eight hundred and forty dollars and fifty-five cents (\$23,840.55), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom on April 20 was referred the resolution of the Board of Aldermen requesting the issue of \$3,872.54 Special Revenue Bonds to meet increases in salaries of Attendants of the City Court.

In the Board of Aldermen.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand eight hundred and seventy-two dollars and fifty-four cents (\$3,872.54), the proceeds whereof shall be applied to meet the increase in the salaries of the Attendants of the City Court of The City of New York for the year 1906, as authorized by resolution approved January 30, 1906.

Adopted by the Board of Aldermen, March 20, 1906, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor, April 3, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the resolution of the Board of Aldermen, adopted March 20, 1906, requesting the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of three thousand eight hundred and seventy-two dollars and fifty-four cents (\$3,872.54), to meet increase in salaries of Attendants of the City Court, referred to this Division for investigation, I beg to report as follows:

The salaries of Attendants in the City Court are at present twelve hundred dollars (\$1,200) per annum. January 16, 1906, on recommendation of the Board of Estimate and Apportionment, the Board of Aldermen adopted a resolution fixing "the salary of the additional grade in the position of Attendant in the City Court of The City of New York at the rate of fifteen hundred dollars (\$1,500) per annum," which resolution was approved January 30, 1906.

There are fourteen Attendants in the City Court, and the resolution under consideration requests the appropriation of an amount sufficient to pay them the contemplated increase of three hundred dollars each from and after January 30, the date on which the resolution fixing the additional grade was approved. The grade having been established, it is now asked to replenish the salary appropriation of the City Court to an amount equivalent to the increases from the date of the authorizing of the new grade. I would, however, recommend that the increase be made to begin on the first of May next, and, there being no funds to meet the same, that the Comptroller be authorized to issue Special Revenue Bonds to the amount of twenty-eight hundred dollars (\$2,800) to meet an increase of twenty-five dollars a month for the remaining eight months of the year in the salary of each of said Attendants, thereby advancing them to the grade of fifteen hundred dollars (\$1,500) per annum, in accordance with the resolution attached hereto.

Respectfully yours,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution adopted by the Board of Aldermen March 20, 1906, to the extent of two thousand eight hundred dollars (\$2,800) to meet an increase in the salaries of Attendants in the City Court of The City of New York, for eight months of the year 1906, beginning May 1, 1906, and that for the purpose of providing means therefor, the Comptroller be and hereby is authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended, to issue Special Revenue Bonds of The City of New York to the amount of two thousand eight hundred dollars (\$2,800), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the President, Borough of Brooklyn, and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom was referred on March 16 the request of the President, Borough of Brooklyn, for an appropriation of \$10,000 for installing a system of street signs in the said borough:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, March 6, 1906.

To the Honorable Board of Estimate and Apportionment, New York City:

GENTLEMEN—For some time this borough has been without any adequate system of street signs and there has been considerable complaint because of that fact. I have had a report prepared on this matter by an expert and I learn that the present system of street signs is a very costly one to maintain, although the initial cost of each sign is not large.

It is recommended by the expert who has examined into this matter for me, that the City install durable street signs of bronze, the street names to be made of letters of porcelain glass or opalite. Three styles of signs are recommended, one to be used in localities where there is no danger of the signs being destroyed by small boys, another to be used in localities where experience has shown that mischievous boys do destroy these street signs, and a third to be used in connection with lamp-posts at street intersections.

The number of these signs required for the present will be 7,918. The average cost of the signs is \$1 each and the cost of installation would be about \$2,000.

I would therefore request your Honorable Board to authorize the issue of Corporate Stock to the amount of \$10,000, the proceeds to be used by me in installing a proper system of street signs in this borough.

Yours very respectfully,

BIRD S. COLER,
President of the Borough of Brooklyn.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 20, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the communication of the President of the Borough of Brooklyn relative to the system of street signs in said borough, requesting an appropriation of \$10,000 for this purpose, addressed to the Board of Estimate and Apportionment, and at a meeting held March 16, 1906, was referred to the Comptroller and by him to the Investigations Division, I beg to report as follows:

The construction, erection and maintenance of street signs by The City of New York as now constituted, has been the subject of consideration by the Board of Estimate and Apportionment at various times, resulting in the authorization of expenditures for such purpose to the amount of \$156,490, apportioned among the several boroughs as follows:

Manhattan	\$85,000 00
The Bronx	33,490 00
Brooklyn	18,000 00
Queens	10,000 00
Richmond	10,000 00
	<u>\$156,490 00</u>

Disbursements from the proceeds of the several Special Revenue and other bond issues for this purpose have been made by boroughs as follows:

Manhattan	\$54,876 98
The Bronx	18,105 70
Brooklyn	16,001 83
Queens	7,201 00
	<u>\$96,185 51</u>

The above statement shows that the Borough of Brooklyn has expended the sum of \$16,001.83 from the proceeds of bonds issued in the installation and maintenance of street signs, and an examination of the said disbursements shows that street signs erected have been of various character and cost, ranging in price from \$16.43 to 56 cents each.

The President of the Borough of Brooklyn, as set forth in his communication, contemplates the purchase and erection of street signs to the number of 7,918, at an estimated cost of \$1 each, and cost of installation of \$2,000, making in the aggregate an expenditure of \$10,000, the said installation, according to report of H. B. Maurer, an expert in the matter of street signs employed by the President of the Borough of Brooklyn, being required "to supplement and fill out the number now in position, in order to have four (4) signs at each street corner and avenue intersection throughout the entire borough," no cognizance being taken, however, of intersections where there are no buildings, poles, posts and other means to which signs may be fastened. It may be assumed that such installation will become the subject of further request for appropriation when conditions will warrant the same.

The general condition of the present street signs and the absence of signs at intersections of many streets and avenues in the Borough of Brooklyn has been made the subject of considerable well-merited criticism in the past, and this condition, in the opinion of your Examiner, should be met promptly and an adequate system adopted. Various methods have been used in the past, and in some cases at an exorbitant cost, and the result has been a lack of uniformity in the character of signs erected and a short period of usefulness proportionate to the cost.

The request of the President of the Borough is for an issue of Corporate Stock, the proceeds to be used for the purchase and installation of the street signs required. Most of the moneys provided for this purpose in the past have been from the proceeds of the sale of Special Revenue Bonds. There was, however, \$30,000 of Corporate Stock, for this purpose in Manhattan, authorized in 1904. There would seem to be no reasonable objection for the payment for original installation of these signs from Corporate Stock.

I would therefore recommend that for the purpose of inaugurating the system of street signs proposed by the Borough President of Brooklyn, an appropriation of \$5,000 be made, and if found to be durable and of service, the work could then be completed by further extension of the plan next year. There is an unexpended balance of \$1,998.17 of Special Revenue Bonds authorized May 20, 1902, which would seem to be applicable to this purpose, and which apparently might be used for the purchase of signs at this time. Such amount, together with an allowance of \$5,000, as per recommendation herein, would make an amount of \$6,998.17 available for the said use in Brooklyn.

Respectfully yours,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding five thousand dollars (\$5,000) for the purpose of purchasing and erecting additional street signs in the Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five thousand dollars (\$5,000), the proceeds whereof to be applied to the purpose aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen and report of the Investigations Division, Department of Finance, approved by the Comptroller, relative to an appropriation of \$2,500 made for the purpose of defraying the expenses in connection with Memorial Day observance incurred by the Memorial Committee of the G. A. R., in the Borough of Brooklyn.

In the Board of Aldermen.

Whereas, The Board of Estimate and Apportionment has provided the sum of twenty-five hundred dollars (\$2,500) for Memorial Day observances in the Borough of Brooklyn, pursuant to the provisions of chapter 552 of the Laws of 1905; and

Whereas, It is deemed necessary that said sum of twenty-five hundred dollars (\$2,500) be advanced to the Memorial and Executive Committee of the Grand Army of the Republic of the Borough of Brooklyn for the purpose of defraying expenses as they may arise; be it

Resolved, That the Comptroller be and is hereby authorized to pay to the Treasurer of the Memorial and Executive Committee of the Grand Army of the Republic, City of New York, Borough of Brooklyn, upon his requisition, countersigned by the Chairman and Secretary of said Committee, the sum of twenty-five hundred dollars (\$2,500) for the purpose of Memorial Day observances in the Borough of Brooklyn, and that receipted vouchers for all expenses in connection with such celebration be filed with the Department of Finance as soon thereafter as possible.

Unanimously adopted by the Board of Aldermen, April 3, 1906, four-fifths of all the members elected voting in favor thereof.

Approved by the Mayor, April 10, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the resolution of the Board of Aldermen, adopted April 3, 1906, authorizing the Comptroller to pay to the Treasurer of the Memorial and Executive Committee of the Grand Army of the Republic of the Borough of Brooklyn \$2,500 for the purpose of Memorial Day observance in that borough, referred to the Investigations Division for examination, I beg to report as follows:

Section 245 of the Charter, as enacted by chapter 552 of the Laws of 1905, provides as follows:

"The board of estimate and apportionment shall have power in its discretion to annually include in its final estimate such sum as it may deem proper for the due observance of Memorial day, to be expended by the memorial committee of the Grand Army of the Republic in the various boroughs of said city, or in such other manner as to the said board of estimate and apportionment shall seem proper."

About May 1 of each year the \$2,500 is paid over to the Treasurer of the Memorial Committee by the Comptroller. Later bills are rendered by the Grand Army of the Republic posts, represented in the Committee, for moneys expended by them, and final accounting is made by the Memorial Committee to the Comptroller.

The necessary \$2,500 was provided for in the Budget for 1906.

It is recommended that the resolution attached to this report, concurring with the resolution of the Board of Aldermen, be presented for adoption by the Board of Estimate and Apportionment.

Respectfully,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

March 24, 1906.

Hon. GEORGE B. MCCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith map or plan showing the location of the bridge over the right-of-way of the New York Central and Hudson River Railroad crossing at Mott avenue, Twenty-third Ward, dated March 22, 1906, for the consideration and approval of the Board of Estimate and Apportionment, in connection with the building of said bridge, which the railroad company has, I understand, agreed to construct.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY,
GRAND CENTRAL STATION,
NEW YORK, April 4, 1906.

Hon. JOSEPH HAAG, Secretary of the Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—At the December 29, 1905, meeting of the Board of Estimate and Apportionment, the minutes of which were published in the CITY RECORD of January 31, 1906, at page 1064, a resolution was adopted approving the form of agreement, subject to the approval of the Corporation Counsel as to form, between the New York Central and Hudson River Railroad Company and The City of New York for the construction of the Mott Avenue Bridge over the railroad, and authorizing the execution of such instrument by the Mayor. The width of the bridge was to be one hundred feet. Mott avenue is only eighty feet in width and as the plans submitted showed that the southerly abutment was to be placed on the property line between the railroad and the City, there would be twenty feet of abutment that would be outside of the line of Mott avenue. The matter of the form of the bridge has been taken up directly by the railroad company's engineering department and President Haffen of the Borough of The Bronx with the result that a bridge one hundred feet in width on the northerly side and eighty feet in width on the southerly side has been designed and approved by The Bronx Borough authorities, as will appear by the annexed plan of the bridge. The construction of the one hundred foot bridge as provided in the resolution adopted at the December 29, 1905, meeting is, for the reasons stated above, a physical impossibility since land that is owned neither by the railroad company nor the City would have to be appropriated for the construction of the abutment.

It is respectfully suggested that the resolution of December 29, 1905, should be amended in accordance with the annexed plan. The contract never has been executed and the further prosecution of the work of replacing the bridge will be seriously delayed unless this resolution can be amended. The railroad company is prepared to carry out its part of the agreement for the one hundred foot bridge if the City will provide the land for the abutments.

Please bring this matter before the Board of Estimate and Apportionment at the earliest opportunity possible.

Yours truly,

IRA A. PLACE, General Counsel.

REPORT No. 3921.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
April 23, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

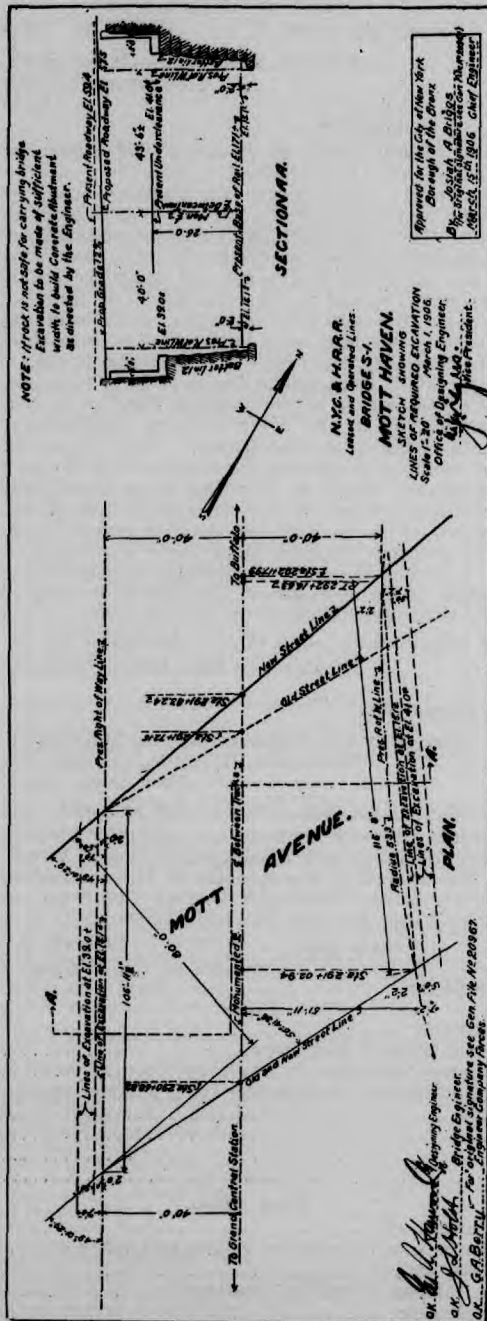

SIR—With the accompanying communication from the President of the Borough of The Bronx, dated March 24, 1906, is submitted a plan showing the location of the bridge across the tracks of the New York Central and Hudson River Railroad Company, on the line of Mott avenue. There is also submitted herewith a communication addressed to the Secretary of the Board by the General Counsel of the New York Central and Hudson River Railroad Company, dated April 4, 1906, suggesting a modi-

fication of the resolution adopted December 29, 1905, providing for the construction of a bridge 100 feet in width across these tracks on the line of Mott avenue.

The resolution above referred to provides for a bridge having a width of 100 feet at its northerly end and 80 feet at its southerly end. It provides that The City of New York shall pay one-fourth the cost of the new bridge, not including the cost of excavation and back-filling for abutments. It is now found that the City does not own the property upon which the abutment of this bridge would have to be placed at the southerly side of the railroad right of way, although on the northerly side Franz Sigel Park, which is City property, affords the necessary space for the building of such abutment. It is therefore proposed to make this bridge 80 feet wide at the southerly side of the railroad right-of-way to correspond with the existing width of Mott avenue, and 100 feet wide at its northerly end. Under the present plan the bridge would conform with the lines of Mott avenue on its easterly side, while the westerly side would become a prolongation of the westerly side of Mott avenue south of the railroad. While this would result in a structure of somewhat unusual shape, there appears to be reason for this shape in the peculiar lines of the street, and the widening out of the bridge at its northerly end as it approaches Franz Sigel Park would not be objectionable.

There has been some discussion in the past as to the desirability of widening Mott avenue, but as it is lined with expensive buildings this will probably not be done.

It is therefore recommended that the resolution adopted on December 29, 1905, and printed on page 3355 of the Financial Minutes of that date, be so amended as

to describe the bridge as 100 feet in width at its northerly end and 80 feet in width at its southerly end, and that the plan approved be that dated March 1, 1906, instead of the original plan of December 28, 1905.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on December 29, 1905, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the foregoing agreement between the New York Central and Hudson River Railroad Company and The City of New York, subject to the approval by the Corporation Counsel as to form, for the construction of a new bridge over the right-of-way of the New York Central and Hudson River Railroad Company at Mott avenue, in the Borough of The Bronx, the company paying three quarters ($\frac{3}{4}$) of the cost of construction of same, and the City one-quarter ($\frac{1}{4}$) of said cost; the company, however, to pay for all excavation and back fill; the bridge to be one hundred (100) feet in width; and be it further

"Resolved, That the plans for the construction of the said bridge submitted by the New York Central and Hudson River Railroad Company, entitled 'Proposed Reconstruction of Mott Avenue Bridge, Mott Haven,' dated December 28, 1905, be and the same hereby are approved; and be it

"Resolved, That the Mayor be and hereby is authorized to execute such instrument in the name of The City of New York, and on behalf of the Board of Estimate and Apportionment of The City of New York, and cause the seal of said City of New York to be thereunto affixed and duly attested."

—be and the same is hereby amended by striking therefrom the words "bridge to be one hundred (100) feet in width" and "dated December 28, 1905," and inserting in place thereof the words "bridge to be one hundred (100) feet in width at its northerly end and eighty (80) feet in width at its southerly end," and the words "dated March 1, 1906."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Secretary, Board of Education, and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending that the resolution adopted March 9, 1906, which authorized the acquisition at private sale of property selected as a school site, located on Orchard avenue and Elm street, Richmond Hill, Queens, at a price not exceeding \$6,673.80, be amended by adding the following clause:

"That the Comptroller be authorized to accept a deed of said property, which, while conforming with the provisions of the usual form of contract approved by the Corporation Counsel, shall, nevertheless, be in a form uniformly employed by the parties of the first part, when conveying their lands at Richmond Hill, which contains restrictions against nuisances and against the erection of buildings within 20 feet of the line of any street."

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, April 18, 1906.

Hon. N. TAYLOR PHILLIPS, Deputy Comptroller:

DEAR SIR—Replying to your letter of the 6th inst., addressed to President Winthrop, in reference to property on the southerly side of Orchard avenue, adjoining Public School 56, Richmond Hill, Borough of Queens, and inquiring if the restrictions laid upon the property by the vendors will in any way interfere with the plans for the improvement of the property, if the same be acquired by the City, I beg to inform you that the matter was submitted to the Committee on Buildings, which has received a report from the Deputy Superintendent of School Buildings for the Borough of Queens, in which he states:

"I beg to submit that such restrictions will prevent our making a building larger than a total of twenty-four classrooms, which is the size originally thought to be proper for this site. As the restrictions carry with it all other properties in the vicinity I do not consider such restrictions detrimental to the interests of the Board of Education."

It was ordered by the Committee on Buildings that you be advised to the above effect.

Respectfully yours,

A. EMERSON PALMER,

Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 20, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment, at a meeting held March 9, 1906, authorized the acquisition at private sale of property on the southerly side of Orchard avenue and the westerly side of Elm street, adjoining Public School 56, Richmond Hill, Borough of Queens, at a price not exceeding \$6,673.80. Contracts were entered into for the acquisition of the property with the A. P. Man Estate, but the owners have included in said contract the following restriction:

"The said deed shall, nevertheless, be in form uniformly employed by the parties of the first part in conveying their lands at Richmond Hill, which contains restrictions against nuisances and against the erection of buildings within 20 feet of the line of any street."

The matter was transmitted to the Board of Education in order to determine whether the restrictions laid upon the property will in any way interfere with the plans for the improvement of the property, and in reply thereto, under date of April 18, 1906, the Secretary of the Board of Education states:

"I beg to submit that such restrictions will prevent our making a building larger than a total of twenty-four classrooms, which is the size originally thought to be proper for this site. As the restrictions carry with it all other properties in the vicinity, I do not consider such restrictions detrimental to the interests of the Board of Education."

I would therefore respectfully recommend that the Board of Estimate and Apportionment amend its resolution of March 9, 1906, in relation to the above matter by inserting the following clause after the description:

"That the Comptroller be authorized to accept a deed of said property, which, while conforming with the provisions of the usual form of contract approved by the Corporation Counsel, shall, nevertheless, be in a form uniformly employed by the parties of the first part, when conveying their lands at Richmond Hill, which contains restrictions against nuisances and against the erection of buildings within 20 feet of the line of any street."

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment March 9, 1906, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Board of Education of a site for school purposes in the Borough of Queens, bounded and described as follows:

"Beginning at a point on the southerly line of Orchard avenue where the same is intersected by the westerly line of the lands of Public School 56, which point is distant 100 feet westerly from the westerly line of Elm street; running thence southerly along the westerly line of the lands of Public School 56, 100 feet; thence easterly along the southerly line of the lands of said school 100 feet to the westerly line of Elm street; thence southerly along the westerly line of Elm street 56 feet; thence westerly and parallel with Orchard avenue 150 feet; thence northerly and parallel with Elm street 156 feet to the southerly line of Orchard avenue; thence easterly along the southerly line of Orchard avenue 50 feet to the westerly line of the lands of Public School 56, the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof, and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the above-described property at private sale at a price not exceeding six thousand six hundred and seventy-three dollars and eighty cents (\$6,673.80), said contracts to be submitted to the Corporation Counsel for his approval as to form,"

—be and the same is hereby amended by inserting the following clause after the description:

"That the Comptroller be authorized to accept a deed of said property, which, while conforming with the provisions of the usual form of contract approved by the Corporation Counsel, shall, nevertheless, be in a form uniformly employed by the parties of the first part, when conveying their lands at Richmond Hill, which contains restrictions against nuisances and against the erection of buildings within 20 feet of the line of any street."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Committee on Salaries and Offices, Board of Aldermen, relative to establishment of additional grades of the position of Cable Splicers in the Telegraph Bureau of the Fire Department, with salaries at the rates of \$3.50 and \$4 per day, and resolution of said Board returning to the Board of Estimate its resolution adopted April 6, recommending the fixing of said salaries, with the request that the Board, through its Select Committee on Salaries, make a further investigation into the matter of the prevailing rate of wages for this class of mechanics, and that if the facts warrant it, the resolution be amended to provide for one grade at \$4 per diem.

Which was referred to a select committee consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented following communication from the Chairman of the Memorial Committee of the G. A. R., Boroughs of Manhattan and The Bronx, and report of the Comptroller, to whom on March 30 was referred the matter of an additional appropriation of at least \$600 for the proper observance of Memorial Day in the Boroughs of Manhattan and The Bronx, with the request that some unexpended balance be found from which a transfer could be made to meet said additional appropriation:

MEMORIAL COMMITTEE, GRAND ARMY OF THE REPUBLIC,
HEADQUARTERS, ROOM 3, CITY HALL,
NEW YORK, March 16, 1906.

To Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The Memorial Committee of the Grand Army of the Republic of the Borough of Manhattan begs respectfully to present that for several years an appropriation of \$2,500 has been made annually for the observance of Memorial Day and incorporated in the Budget. For the year 1905 the appropriation was reduced to \$2,200 without notice to this Committee, thereby causing us much inconvenience and forcing us to seek contributions for the defrayment of expenses in excess of amount so appropriated to the detriment of our Relief Fund, the total expense of the observance approximating the sum of \$2,800. In the fall of 1905 a formal application for an increased appropriation, even to the extent of the former figures, \$2,500, was mailed to Mr. Chas. V. Adey under a misapprehension, which application was not presented to the Board, and no intimation of which came to our knowledge until the appearance of the Budget, when we found that only \$2,200 had again been appropriated for 1906, thus forcing us to make up a deficiency providing we should fail to convince your Honorable Board of the urgent necessity for an increased appropriation of at least \$600 for Memorial Day expenses.

Trusting this explanation will be satisfactory and that we will be the recipients of your generous consideration, we have the honor to be,

Your obedient servants,

GEORGE B. LOUD, Chairman.

EDWARD J. ATKINSON, Secretary.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
April 23, 1906.

Honorable Board of Estimate and Apportionment, No. 280 Broadway, New York City:

SIRS—In reply to your communication, dated March 30, in reference to the communication from George B. Loud, Chairman of the Committee of the Grand Army of the Republic, requesting an additional appropriation of at least \$600 for the appropriate observance of Memorial Day, I beg leave to state that we find in the year 1904 that \$2,500 was appropriated by the Board of Estimate and Apportionment for the account known as Memorial Committee, Grand Army of the Republic, Boroughs of Manhattan and The Bronx. It appears that this whole amount was used by the Memorial Committee of the Borough of Manhattan and subsequently the Memorial Committee of the Borough of The Bronx through the medium of the issue of Revenue Bonds, secured an additional \$300 for their expenses for the year 1904. In the year 1905 the Board of Estimate and Apportionment, in order to properly subdivide the boroughs, appropriated the sum of \$2,200 for the Borough of Manhattan and \$300 for the Borough of The Bronx.

Chapter 552, Laws of 1905, provides, "The Board of Estimate and Apportionment shall have power in its discretion to annually include in its final estimate such sum as it may deem proper for the due observance of Memorial Day, to be expended by the Memorial Committee of the Grand Army of the Republic in the various boroughs of said City, or in such other manner as to the said Board of Estimate and Apportionment shall deem proper."

Respectfully,

H. A. METZ, Comptroller.

The Secretary was directed to notify the Chairman of the Memorial Committee of the G. A. R., Boroughs of Manhattan and The Bronx, that such an appropriation will have to be made by an issue of Special Revenue Bonds, pursuant to the provisions of subdivision 8 of section 188 of the Charter, and should emanate from the Board of Aldermen.

The Secretary presented a report from the President, Borough of Brooklyn, relative to the approval of the form of contract submitted by the Commissioner of Street Cleaning for the final disposition of light refuse and rubbish in the boroughs of Manhattan and The Bronx—which was referred to the Comptroller for conference with the Commissioner of Street Cleaning.

The Secretary presented the following report of the Commissioner of Docks and Ferries relative to the petition of the Watchmen employed in said Department for an increase in salaries, which petition was referred to the Commissioner at the meeting of the Board of Estimate and Apportionment held April 6, 1906.

Ordered on file.

DEPARTMENT OF DOCKS AND FERRIES,
PIER "A," NORTH RIVER,
NEW YORK, April 20, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

SIR—Referring to your communication of the 7th inst., relative to the petition filed with the Board of Estimate and Apportionment by the Watchmen employed in this Department for an increase in salary, I am directed by the Commissioner to advise you that Watchmen are at present paid at the rate of 25 cents per hour while employed, the hourly rate having been fixed in view of the fact that at times the services of Watchmen were not required, and they are therefore paid only for the period during which they work.

The Commissioner desires me to state further that he knows of no private corporation or firm paying its Watchmen a higher rate than is allowed by this Department.

Respectfully yours,

J. W. SAVAGE, Secretary.

The following matter was considered by unanimous consent:

The Secretary presented a communication from the Secretary to the President, Borough of The Bronx; report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, and Communication and estimate from the President, Borough of The Bronx, relative to an appropriation for furnishing and equipping courtrooms in the building owned by the City at One Hundred and Sixty-second street, Washington and Brook avenues, The Bronx.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, March 28, 1906.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

DEAR SIR—By direction of President Haffen I transmit request of John M. Tierney, Justice, Municipal Court, Second District, Borough of The Bronx, for an appropriation of \$2,000 to be expended in arranging the second floor of the building now owned

by The City of New York, located at One Hundred and Sixty-second street, Washington and Brook avenues, in the Borough of The Bronx, for the Second District Municipal Court.

Yours truly,

HERMAN A. METZ, Comptroller,
Secretary to President of the Borough of The Bronx.

MUNICIPAL COURT OF THE CITY OF NEW YORK, SECOND DISTRICT,
THIRD AVENUE AND ONE HUNDRED AND FIFTY-EIGHTH STREET,
March 27, 1906.

To the Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I hereby respectfully apply for an appropriation of \$2,000 to be expended in arranging the second floor of the building now owned by the City, located at One Hundred and Sixty-second street, Washington and Brook avenues, in this Borough, for the use of this Court.

The building now occupied by it, located at One Hundred and Fifty-eighth street and Third avenue, has been declared unsafe by the Bureau of Buildings in this Borough and unfit for occupancy by that Bureau and by the Department of Health. It is now held by the City as a hold-over tenant. Its present holding expires May 1. I have received authority from the Commissioner of Parks to use the building above mentioned for Court purposes pending the completion of The Bronx Court House, now under construction. It was formerly a warehouse, with open lofts, and the sum requested is required to construct partitions, place a metal ceiling on the rafters, install plumbing and make other necessary improvements. I respectfully request that speedy action be taken on this application, so that the building may be ready for occupation before May 1.

Respectfully yours,

JOHN M. TIERNEY, Justice.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment held on the 30th day of March, 1906, there was referred to you the matter of an appropriation for furnishing and equipping a courtroom in the building owned by The City of New York at One Hundred and Sixty-second street, Washington and Brook avenues, Borough of The Bronx. There was nothing in the communication sent to this office to show how large an appropriation was desired, nor were there any plans or specifications showing what was necessary to furnish and equip the building.

The City owns property located at One Hundred and Sixty-second street, Washington and Brook avenues, Borough of The Bronx, which was acquired for the Park Department. This property has been used by the Police Department for a number of years past, pending the time they could build a new station house. The property, being under the control of the Park Department, has been by a communication, which is to be submitted to the Commissioners of the Sinking Fund at their meeting on April 4, 1906, loaned temporarily only to the Sixth District Magistrate's Court and to the Second District Municipal Court of The Bronx. The Commissioner of the Department of Parks can at any time dispossess the tenants from the property, and it seems to me that some information should be furnished as to the amount of the appropriation, and that plans and specifications for the work to be done should also be furnished, as under the assignment, after the City has spent \$3,000 or \$4,000 in fitting up the building for courtroom purposes the Park Department can dispossess them immediately from the premises. I would therefore respectfully recommend that the matter be referred to the President of the Borough of The Bronx, in order that he may furnish the Board of Estimate and Apportionment with the necessary information.

Respectfully submitted for approval, MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, April 19, 1906.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith estimate and plans for alterations in the building situate at the junction of Brook and Washington avenues, formerly occupied by the Police Department. The alterations are intended to fit this building for the use of the City Magistrates' Court, Second Municipal District Court and for the detention of prisoners. The estimated cost for such alterations amounts to \$7,425.

Amending the Street System Within the Area Bounded by Featherbed Lane, Macomb's Road, Tremont Avenue and Jerome Avenue, by Laying Out New Streets as Shown on Sketch Accompanying the Petition.

Petition of Hamilton Heights Syndicate and others was read.

Alderman Morris inquired whether all the land affected was owned by the Hamilton Heights Syndicate.

Mr. Tobias stated that he thought that all the land was owned by large owners, and he stated that this map was amended on the suggestions of the Engineers of this office.

Alderman Morris stated that as only one representative of property had been notified he believed it would be well to notify all owners that would be affected by this proposed layout.

The Board was informed that a Mr. Kramer owned four (4) lots that would be affected.

As no one appeared at this hearing in opposition to the proposed lay out, on motion of Alderman Morris, the same was recommended to the Board of Estimate and

Apportionment for its approval in accordance with the provisions of the Greater New York Charter.
Adopted.

Laying Out an Extension of St. Mary's Park Northeasterly, so as to Include the Area Between the Old Port Morris Branch Railroad and Robbins Avenue and East One Hundred and Forty-ninth Street.

Petition of Anthony McOwen, John Gribben and twenty-four others was read; also petition of Meyer Norkin and Fred W. Ehram, as well as report of the Chief Engineer of the Borough of The Bronx, which stated that this proposed extension of a park would be very commendable, if it were not so expensive.

The assessed value of the land to be taken for the park, as proposed by the petitions, is, according to the tax books, \$309,000, and that of the reduced limit about \$106,800.

After discussion, the Board recommended to the favorable consideration of the Board of Estimate and Apportionment the laying out on the map of The City of New York an extension of St. Mary's Park northeasterly so as to include the area between the old Port Morris Branch Railroad and Robbins avenue and East One Hundred and Forty-ninth street, in accordance with sketch accompanying the petition, and that a public hearing be given by said Board of Estimate and Apportionment before approving the proposed extension.

From Board of Estimate and Apportionment:
Belmont Street, Regulating and Grading, etc., from Featherbed Lane to Concourse, Excepting the Approach to Concourse. Referred Back for the Purpose of Making Limits More Specific.

On motion, the following were adopted:

Resolved, That the resolution heretofore adopted by the Local Board of Morrisania, Twenty-fourth District, on March 27, 1905, for regulating, grading, flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Belmont street, from Featherbed lane to the Grand Boulevard and Concourse, excepting the approach to the Grand Boulevard and Concourse, be and the same is hereby amended so as to read as follows:

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For regulating and grading, setting curbstones and flagging the sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Belmont street, from Featherbed lane to the approach to the Grand Boulevard and Concourse at Walton avenue.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on April 12, 1906.

Alderman Kuntze, Alderman Harnischfeger, Alderman O'Neill, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

Henry A. Gumbleton,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 19th day of April, 1906.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

Under date of March 28, 1906, Assistant Secretary John H. Mooney transmitted to the President of the Borough of The Bronx a copy of an opinion of Acting Corporation Counsel George L. Sterling, dated March, 1906, relative to the ceding or dedicating for the continuance of Hull avenue, Perry avenue and Norwood (Decatur) avenue, between Mosholu parkway and Woodlawn road, across the lands of the former Jerome Park Branch of the New York and Harlem Railroad, now the property of the New York City Railway Company.

The opinion concluded as follows:

"I think the matter may be brought to a proper determination by authorizing the acquisition of title to these lands for a street."

The Local Board of Morrisania again recommended that its resolution of June 5, 1905, be finally approved by the Board of Estimate and Apportionment "for acquiring title to the lands not heretofore acquired, ceded or dedicated for the continuation of Hull avenue, Perry avenue and Norwood (Decatur) avenue, between Mosholu parkway North and Woodlawn road, across the lands of the former Jerome Park Branch of the New York and Harlem Railroad, now the property of the New York City Railway Company."

Gas lamps petitioned for by T. F. Costello:

In Mosholu parkway South, from Briggs avenue to Jerome avenue.

In Lisbon place, from Mosholu parkway South to East Two Hundred and Fifth street.

In East Two Hundred and Fifth street, from Lisbon place to Mosholu parkway.

Recommended to the Department of Water Supply, Gas and Electricity, under whose jurisdiction such work comes, in accordance with the Greater New York Charter.

Recommending the "southerly side of Aldus street, east of Southern Boulevard, or elsewhere in that immediate neighborhood," as a site for a public school.
Referred to Board of Education for favorable consideration.

Public place at West Farms road. Hoe avenue, etc.

Secretary directed to communicate with the Board of Estimate and Apportionment as to hastening this proposed lay out.

On motion, the Board adjourned to meet again on May 3, 1906, at 2 p. m.
(Signed) HENRY A. GUMBLETON, Secretary.

Request of the Commissioner of Street Cleaning for authority to transfer Joseph J. Ryan from the position of Driver to that of Stableman, he having served in the Department less than one year.

The report of the President was adopted.

On motion, it was

Resolved, That no person in the employ of the City, under a classified title, shall be permitted to enter an open competitive examination for the same position.

On motion, it was

Resolved, That the salaries of Messrs. S. D. Oppenheim and Thomas C. Murray, Examiners in the office of the Civil Service Commission, be and the same are hereby fixed at the rate of \$2,400 per annum, to take effect April 1, 1906.

On motion, it was

Resolved, That the salary of Mr. August Knoppfle, Clerk in the office of the Civil Service Commission, be and the same is hereby fixed at the rate of \$750 per annum, to take effect April 1, 1906.

The appeals of the following-named candidates for the position of Attendant for a physical re-examination were granted, it appearing that an error was made by the examining physician in rejecting such persons:

959. Lizzie Fitzgerald, No. 437 Canal street.
1334. Mrs. M. Burke, No. 137 East Twenty-sixth street.
987. Dorothy O'Grady, No. 516 West Fifty-first street.
1169. Alice Young, No. 731 East One Hundred and Forty-first street.

The appeals of the following-named candidates for Attendant for a physical re-examination were denied, no error on the part of the examining physician being indicated:

1094. Katherine Culligan, No. 295 West Fourth street.
1924. Elizabeth O'Neill, No. 1446 Pacific street, Brooklyn.

The appeals of the following-named candidates for Attendant for a special mental examination were denied for lack of power:

1426. Mrs. Georgiana Thompson, No. 782 Monroe street, Brooklyn.
1167. Ella Fitzpatrick, No. 522 State street, Brooklyn.
1518. Jane A. Higgins, No. 487 First avenue.
1391. Margaret Mulligan, No. 254 Driggs avenue, Brooklyn.

The appeal of the following-named candidate for Attendant, for a postponement of her physical examination, was granted:

1108. K. L. Mulqueenie, No. 417 East Sixty-ninth street.

A communication was presented from the Labor Clerk, dated April 6, recommending that the request of Mr. Joseph F. McDonald for an examination for promotion from fourth grade Stenographer and Typewriter to fifth grade Clerk in the Labor Bureau, be granted. The recommendation of the Labor Clerk was adopted, and the Chief Examiner was directed to proceed with the examination in the month of May.

A communication was presented from the Chief Examiner, dated April 4, submitting the following statement of examinations held during the month of March:

The communication was ordered filed.

A communication was presented from the Chief Examiner, dated March 31, in reply to the Commission's communication directing that a further search be made for the missing papers in the examination for promotion to Foreman, Fire Department. The Chief Examiner stated that it was impossible to tell whether the papers were mislaid or whether they had disappeared from the office; that they were in the hands of the raters at a time when there was great confusion in the office owing to alterations that were made, and that, although a careful search had been made, no trace had been found of them; that his theory was that, in the confusion above referred to, the papers had been swept off the desk or table and carried away with the waste paper. The communication was ordered filed.

Communications were presented from the Chief Examiner, dated March 31, April 3 and 5, stating that no errors of marking or rating were pointed out in the appeals of the following-named candidates:

John Delaney, Measurer.
Michael F. McCann, Foreman, Fire Department.
Daniel F. Halsey, Axeman.
The appeals were denied.

A communication was presented from the Chief Examiner, dated March 31, stating that the ratings of the Examiners were so close as to preclude any possibility of error in the papers of Charles S. Demarest, candidate in the examination for promotion to Foreman in the Fire Department. The appeal was denied.

A communication was presented from the Chief Examiner, dated March 31, stating that the appeal of G. A. Dunn, candidate for Stationary Engineman, was so rambling that it seemed to be impossible to make any report or reply. The communication was ordered filed.

The appeal of Leland D. Potter, candidate for promotion to Foreman in the Fire Department, for a rerating of his report, which had been laid over from the last meeting, was again considered. It appearing from a report of the Examiners that the appeal was without merit, the same was denied.

Mr. J. H. Greener, Assistant Chief Clerk in the Law Department, appeared before the Commission in regard to the matter of appointing Process Servers in that Department, and stated that the persons on the eligible list for Process Server, which was certified, had been sent another notice to call with reference to a possible appointment, and out of the eighty persons notified, sixty presented themselves; that the matter was carefully explained to them, and only twenty-seven persons were willing to accept appointment under the conditions named, namely, compensation at the rate of \$1.15 for each process or summons actually served, and in no case to exceed \$100 per month; that of the twenty-seven persons who were willing to accept, the Corporation Counsel had appointed twenty-two. Mr. Greener renewed the request that a special examination for Process Server in the Law Department be held, with compensation at the rate of \$1.15 for each process or summons actually served, and in no case to exceed \$100 per month, in order that the Corporation Counsel might make eight more appointments, it having been his original intention to appoint thirty Process Servers.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to proceed with a special examination for the position of Process Server in the Law Department, with compensation at the rate of \$115 for each process or summons actually served, and not to exceed \$100 per month in any case.

Communications were presented from the President of the Borough of Richmond, dated April 3, 4 and 5, requesting approval of the provisional appointment of the following-named persons as Transitmen, under Civil Service rule 12, paragraph 3:

James Kiernan, Stapleton, N. Y.
Peter Kiernan, No. 25 First avenue, Tompkinsville.
John J. Burrows, No. 12 Caroline street, West New Brighton.
Jeremiah Driscoll, Market street, West New Brighton.
Terrence J. Lynch, West New Brighton.
Lawrence Sullivan, No. 10 Bay street, Tompkinsville.

The request was granted and the Chief Examiner was directed to conduct a non-competitive examination of the candidates to qualify them for employment, pending the establishment of the new eligible list for Transitman.

A communication was presented from Chief Engineer Rice of the Rapid Transit Railroad Commission, dated April 2, requesting that the names of Paul Entenmann and Arthur Avery be restored to the eligible lists of Topographical Draughtsman and Rodman respectively. It appeared that Paul Entenmann was certified to the office of the President of the Borough of The Bronx for appointment as Topographical Draughtsman on March 19, and that he declined appointment on the ground that he was employed in another department and wished to wait for promotion in that department; and as that was not one of the three reasons prescribed by the rule for declining appointment, his name was dropped from the list; that Arthur Avery was certified for appointment as Rodman in the Board of Water Supply on March 8, and that he declined appointment on the score of "temporary inability." The request was granted.

A communication was presented from the President of the Borough of Brooklyn requesting approval of a leave of absence, without pay, for four months from February 1 granted Mr. Stephen H. Dolan, Leveler in the Bureau of Sewers of that Department. It appearing from the certificate furnished that the leave of absence was granted because of illness the same was approved.

A communication was presented from the Department of Health, dated March 31, requesting approval of a leave of absence, without pay, from April 1, to September 30 inclusive, granted F. Conger Smith, M. D., Medical Inspector; also leave of absence, without pay, from March 23 to May 31 inclusive, granted Miss Frances Young, Telephone Switchboard Operator. It appearing from the certificates furnished that the said leaves of absence were granted on account of illness the same were approved.

A communication was presented from the Commissioner of Bridges, dated April 3, requesting approval of his action in rescinding the dismissal of Arthur E. Haggerty from the position of Bridge-tender on February 13, 1906, for continued absence without leave. The action of the Commissioner was approved.

A communication was presented from Clinton H. Smith, Esq., Assistant Secretary of the Park Board, dated April 3, requesting approval of the reassignment to duty of Peter McGrath, Gardener, who had been absent since February 7 last. It appearing from the doctor's certificate furnished that the absence was due to illness the reassignment was approved.

A communication was presented from the Secretary of the Department of Docks and Ferries requesting approval of the reassignment to duty of Dennis Doyle, Watchman, who had been absent from January 27, 1906. It appearing from the doctor's certificate furnished that the absence was due to illness the reassignment was approved.

A communication was presented from the Commissioner of Docks and Ferries, dated April 3, nominating Nicholas C. Cushing for appointment to the position of Mechanical Engineer (naval) in that Department, with compensation at the rate of \$1,800 per annum, under the provisions of Civil Service rule 12, paragraph 5, and stating that Mr. Cushing had been selected for such position owing to the fact that he was a person of high and recognized attainments in the qualifications required in that position.

On motion, it was

Resolved, That the appointment of Nicholas C. Cushing to the position of Mechanical Engineer (naval) in the Department of Docks and Ferries be and the same is hereby approved under the authority of Civil service rule 12, paragraph 5, it appearing that the position of Mechanical Engineer (naval) in the Department of Docks and Ferries demands peculiar and exceptional qualifications of an educational character, which, in the opinion of the Commission, could not be ascertained through competitive examination, and Mr. Cushing being a person of high and recognized attainments in such qualifications.

A communication was presented from the Board of Water Supply, dated April 10, in answer to the letter of the Commission transmitting a report of Examiners Hildreth and Byrne with reference to a request of that Department that new examinations be held for the positions of Assistant Engineer and Topographical Draughtsman. The Board of Water Supply transmitted with its communication a report from its Chief Engineer in which the request for an examination for Assistant Engineer at a salary of \$1,350 per annum was renewed, and the suggestion was made that on the same date the examination was held in New York City examinations also be held in Albany and Buffalo and Springfield, Mass., for the same position, in order to secure new men, as it appeared from the last examination for that position that 90 per cent. of the men who secured places on the eligible list were already employed in City departments, which pointed to the conclusion that very little new material was available in New York City. Chief Engineer Smith stated further that he would use every effort to fill the vacancies in the position of Topographical Draughtsman from the new eligible list for that position just established by the Commission. The matter was referred to the Chief Examiner for a report as to the advisability of holding the examinations in the cities designated on the same day that the examination was held in New York City.

A communication was presented from the Secretary of the State Civil Service Commission, dated April 9, advising the Commission that at a meeting of that Board held on the 6th inst., the following resolution was adopted:

"Resolved, That the Secretary be instructed to call the attention of President Baker to the fact that under date of February 5, 1906, the State Commission was advised by Secretary Spencer that the question of the status of employees in the Court of General Sessions had been referred to the Corporation Counsel of New York City, and to say that while the State Commission feels that the Corporation Counsel has had ample time in which to render his decision, it recognizes that the Municipal Civil Service Commission should have an opportunity to be heard within reasonable time after receiving proper advice, and in view of the promise of an opinion at an early date will therefore defer action in the matter until its next meeting."

The President was requested to communicate with the State Board, and inform it that the Commission hoped to have an opinion from the Corporation Counsel by the time of its next meeting, and the matter would then be taken up and disposed of.

A communication was presented from the Assistant Secretary of the Park Board, dated April 4, informing the Commission that the following named persons had been appointed as a Board of Examiners for positions in the non-competitive class in that department:

Martin Schenck, Chief Engineer, The Bronx.
E. A. Miller, Chief Engineer, Manhattan and Richmond.
Rodman M. Price, Chief Engineer, Brooklyn and Queens.
The same was approved.

A communication was presented from the Commissioner of Bridges with reference to the complaint filed with the Civil Service Commission, to the effect that one Richard Guiler, Bridge Tender in that department, was acting as an Inspector of Masonry, and which he had been asked to investigate. The Commissioner stated that the man was temporarily assigned to duty at the Manhattan Bridge on emergency work, but at the present time was performing duties appertaining to his title. The communication was ordered filed.

A communication was presented from the Fire Commissioner, dated March 31, asking approval of the emergency appointment of Frank D. Callahan as Telephone Operator for a period of seven days, under Rule XII, paragraph 4, and that he be given a non-competitive examination to qualify him for provisional employment as Telephone Operator, under Rule XII, paragraph 3. The requests were granted, and the Chief Examiner was directed to conduct a non-competitive examination of the candidate at an early date to qualify him for employment in the Fire Department until such time as the eligible list for Telephone Operator was promulgated.

The reports of the following named Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Department of Health, March 28.
Department of Correction, March 31.
Bellevue and Allied Hospitals, February 20, 20, 23 and March 20, 20, 22.

A communication was presented from the Commissioner of Parks, Borough of The Bronx, dated April 6, transmitting supplementary pay-rolls of John H. O'Mara for services rendered as an Apiarist in that department from February 1 to 13, April 1 to 15, May 1 to 15, and June 1 to 15, 1905. The Secretary stated that Mr. O'Mara's pay-rolls for the foregoing periods were certified by the Civil Service Commission when originally presented, but were not passed by the Finance Department for the reason that the position had not been established by the Board of Estimate and Apportionment and the Board of Aldermen. The Secretary was instructed to attach the certificate of the Commission to the pay-rolls and forward them to the Department of Finance.

A communication was presented from the Commissioner of Correction, dated April 6, requesting an amendment of the classification of positions in the exempt class in his department by changing the line "9 Chaplains" to read "10 Chaplains." The Secretary was instructed to arrange a public hearing on the proposed amendment, in accordance with Civil Service Rule III., for Wednesday, April 18, 1906, at 10 o'clock.

A communication was presented from the President of the Borough of The Bronx dated April 5, requesting approval of a leave of absence, without pay, for three months from April 2, granted Thomas Quirk, Inspector of Regulating, Grading and Paving. It appearing from the certificate furnished that the leave of absence was granted on account of illness, the same was approved.

A communication was presented from the Secretary of the State Civil Service Commission, dated April 9, stating that at a meeting of that Board held on April 6 the following action was taken on resolutions of the Municipal Commission submitted to it for approval:

1. Adding to the exempt class in the Court of Special Sessions the position of Male Probation Officer in the First Division. Continued upon the calendar.
2. Adding to the labor class, Part II., the position of Climber and Pruner. Approved.
3. Amending Rule XVII., paragraphs 3 and 4. Continued on the calendar.
4. Including in the non-competitive class, Department of Docks and Ferries, the position of Quartermaster. Returned without approval.
5. Including in the exempt class, Police Department, the position of Executive Clerk to the Commissioner. Approved.

The communication was ordered filed.

A communication was presented from John T. Heim, Corona, L. I., dated April 6, protesting against the action of the Commission in directing the Chief Examiner not to rate his papers in the examination for Axeman on the ground that he had revealed his identity in his experience paper. The Secretary was instructed to communicate with the candidate and inform him that under the rules the Commission is without power to rate the papers of a candidate who unquestionably reveals his identity, as he did.

A communication was presented from the Secretary of the Civil Service Reform Association, dated March 27, requesting the Commission to consider the repeal of paragraph 12 of Rule XV., and submitting a copy of the brief filed by him on January 20, 1904, in reference to the matter, also a list of Civil Service employees whose salaries had been increased under that clause of the rules since January 1, 1904. The matter was laid over for further consideration.

The request of Charles C. Jaburek, No. 126 East Tenth street, that his name be restored to the list for Topographical Draughtsman, was granted. It appeared that the candidate declined appointment in the office of the President of the Borough of The Bronx on March 19 on the score of "location," and as his residence was recorded as being in The Bronx, the Certification Clerk removed his name from the list. He, however, was residing in Manhattan at the time.

The request of E. M. Monahan, Ovington avenue, Bay Ridge, for a postponement of his physical examination for the position of Patrolman, was granted.

The request of John L. Whalen, No. 884 Prospect avenue, that his name be restored to the list for Transitman and Computer, was granted, the notice of the appointment sent him by the President of the Borough of Queens having been sent to Brooklyn, instead of The Bronx, and consequently having failed to reach him.

The request of Willis Cheyney, No. 151 West Ninety-seventh street, that the records of the office be changed to show that he declined appointment as Transitman and Computer in the Department of Docks and Ferries on the score of "insufficient compensation," rather than "location," was granted.

An affidavit was presented from Henry C. Head, No. 458 Jefferson avenue, Brooklyn, to the effect that he answered the notice sent him by the President of the Borough of Queens and declined appointment to the position of Transitman and Computer in that Department on account of insufficiency of the salary offered; that he did not fail to report, as stated, and requesting that his name be restored to the list. The Secretary

was instructed to restore the candidate's name to the list, and note that he declined the appointment offered him in the Borough of Queens on account of insufficiency of salary.

The request of Joseph A. Meehan, No. 156 East Forty-seventh street, that his name be restored to the list for Topographical Draughtsman, was granted, upon his statement that he answered the notices sent him from the Boroughs of Queens and Richmond, and that he never received a notice regarding an appointment in the office of the President of the Borough of The Bronx, and consequently could not report in answer to same.

The request of Joseph Gaffney, No. 587 East One Hundred and Sixty-seventh street, under date of March 31, that his name be restored to the list for Topographical Draughtsman, was granted, on the statement that he did not decline appointment in the office of the President of the Borough of The Bronx, but merely informed that Department that he could not accept the same until he had been notified by the Rapid Transit Railroad Commission whether or not they intended to appoint him in that Department.

The request of Frank J. Hart, Kingsbridge, New York, that his name be restored to the list for Rodman, Board of Water Supply, was granted, he having declined appointment on March 15 on the score of "temporary inability," which temporary inability now appears was caused by the fact that he was finishing his fourth year in an engineering course at Cooper Institute.

The request of Edward A. Malmquist, No. 432 Hopkins avenue, Astoria, that he be restored to eligibility for appointment as Rodman in any City department, was granted.

The request of William A. Podolak, No. 1205 East One Hundred and Seventy-seventh street, for a postponement of his physical examination for Patrolman, was granted.

The appeal of Captain William Thompson, 9 East Thirtieth street, that his papers in the examination for Overseer of Reformatory be rated, was denied for lack of power, he having revealed his identity in said papers.

The application of John B. Talmage, M. D., No. 1041 Freeman street, candidate for Oculist, was accepted, it appearing that the candidate asked for the application within the prescribed time, but, owing to the fact that the Commission was moving its offices, a delay occurred in sending the application blank, which rendered it impossible for the candidate to file the same before the closing date.

The application of Marie Louis Benoit, No. 66 West Tenth street, candidate for Oculist, was accepted, upon her statement that she was naturalized in New York City in April, 1900.

The application of Joseph Weinstein for the position of Chemist was accepted, upon his statement that he was naturalized on February 23, 1901, but was unable to produce such papers.

The application of Albert Bersin for the position of Structural Steel Draughtsman was accepted. It appeared that the candidate could not produce his naturalization papers, as the same had been mislaid, but he furnished, in lieu thereof a communication from the Chief Examiner of the State Civil Service Commission, dated January 20, 1904, to the effect that he returned the candidate's certificate of naturalization, which had been accepted by the State Civil Service Commission as sufficient proof of the fact that he was a citizen of the United States.

The action of the Chief Examiner in rejecting the application of Mrs. Susan Moore for the position of Attendant, for the reason that it was not made out in her own handwriting, was sustained.

The Commission then considered a birth certificate furnished by John J. Devery, No. 302 East Thirty-ninth street, whose name appears upon the list for Prison Keeper. It appeared that the candidate had stated in his application that he was born on the 10th day of March, 1876, and that, upon the request of the Commission he furnished an extract from the registry of births at Ferbane Roman Catholic Church, Kings County, Ireland, showing that he was baptized on March 10, 1877. The certificate being satisfactory to the Commission, the Secretary was instructed to communicate with the candidate and request him to correct his application to correspond with the same.

The appeal of Patrick J. Connolly, No. 194 Adelphi street, Brooklyn, for a physical re-examination for the position of Saw Filer was allowed upon the recommendation of the Labor Clerk, it appearing that an error was made by the Medical Examiner in rejecting the candidate.

The appeal of Theodore A. Krauss, No. 168 Avenue A, Manhattan, for a physical re-examination for the position of Tinsmith and Roofer was denied, no error on the part of the Medical Examiner being indicated.

The appeal of John P. Mendell, No. 173 Russell street, Brooklyn, for a physical re-examination for Bricklayer was denied, no error on the part of the Medical Examiner being indicated.

The appeal of Raffaele Di Fiore, No. 695 Park avenue, Brooklyn, for a physical re-examination for Machinist was denied, no error on the part of the Medical Examiner being indicated.

The Commission then considered a communication from Mr. John J. Shanahan, No. 428 East Fifty-eighth street, dated April 10, requesting that its action of March 28, in declining to restore his name to the list for Attendance Officer, be reconsidered, and transmitting a communication from Clarence E. Meleney, Esq., Associate City Superintendent of Schools, Department of Education, showing that the position offered him in the Department of Education was only for a period of eight months in each year, and consequently was declined by him on the score of it being but a temporary appointment.

On motion, it was

Resolved, That the action of the Commission, taken March 28, 1906, in denying the request of John J. Shanahan that his name be restored to the eligible list for Attendance Officer be and the same is hereby rescinded, and the Secretary is hereby directed to place his name upon the list.

A communication was presented from the Secretary of the Civil Service Reform Association, dated April 9, stating that the Law Committee of that Association opposed the increase in the number of exempt Assistants to the Corporation Counsel from 75 to 100, and suggesting, for the consideration of the Commission, the classification of the position of Assistant Corporation Counsel in the competitive class. The communication was ordered filed.

The Commission then adjourned to meet Wednesday, April 18, 1906, at 10 a. m.

F. A. SPENCER, Secretary.

TERMS AND CONDITIONS OF SALE.

All expenses of removing, storing, advertising and selling such trucks, wagons, carts, etc., will be deducted from the purchase price paid.

Any remainder of such purchase price over and above said expenses will be held by the Commissioner of Docks in trust for the owner or owners thereof, for a period of twelve months from the receipt of the same, and if not claimed within said twelve months, the Commissioner of Docks will pay such remainder over to the Commissioners of the Sinking Fund.

The purchase price must be paid immediately after the sale. In case of failure to pay the purchase price, the property for which such purchase price is not paid will be immediately resold, and if the price bid on such resale is less the difference will be charged against the person or persons failing so to pay.

Upon the payment of the purchase price, a receipt will be given to the purchaser, and upon the production of such receipt at the Pound the trucks, wagons, carts, etc., therein described will be delivered to the purchaser.

All property purchased at the sale must be removed from the Pound within five days after the payment of the purchase price or within any extension of time beyond such hours which the Commissioner of Docks may grant.

In case of failure to remove the same within the time specified, or within any extension of time to remove the same, which may be granted by the Commissioner of Docks, the purchaser will be deemed to have abandoned the property sold to him, the purchase price paid by him will be forfeited and the property will be resold.

By order of the Commissioner of Docks.

Dated THE CITY OF NEW YORK, April 30, 1906.

J. A. BENDEL,
Commissioner of Docks.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education public notice is hereby given that the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by the City of New York, acquired for school purposes, in the

Borough of Manhattan.

All the buildings, parts of buildings, etc., standing upon land acquired for the Board of Education, and described as follows:

Beginning at a point formed by the intersection of the northerly line of Madison street with the westerly line of Jackson street, and running thence northerly along the westerly line of Jackson street one hundred and three (103) feet one (1) inch; thence westerly at right angles to Jackson street one hundred (100) feet; thence southerly and parallel with Jackson street fourteen (14) feet ten and one-half (10 1/2) inches; thence westerly and parallel with Madison street fifty (50) feet three and one-quarter (3 1/4) inches; thence southerly along the easterly line of the lands of Public School 12 ninety-four (94) feet to the northerly line of Madison street; thence easterly along the northerly line of Madison street one hundred and fifty (150) feet four (4) inches to the westerly line of Jackson street, the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

FRIDAY, JUNE 1, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings, or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants, and each of them, against any and from all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings

and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 2, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the United States pier and bulkhead line of the Harlem river with the southerly side of East One Hundred and Ninety-second street, and running thence easterly along said southerly side of East One Hundred and Ninety-second street and its prolongation easterly to the westerly side of Sedgwick avenue; thence northeasterly along said westerly side of Sedgwick avenue to its intersection with the westerly prolongation of a curve forming the southerly side of Kingsbridge road, between Sedgwick avenue and Aqueduct avenue; thence easterly along said prolongation of and southerly side of Kingsbridge road to its intersection with a line drawn parallel to Jerome avenue and distant 100 feet easterly from the easterly side thereof; thence southerly along said line to a line drawn parallel to East One Hundred and Ninety-second street and distant 100 feet northerly from the northerly side thereof; thence easterly along said line to the middle line of the blocks between Creston avenue and the Grand Boulevard and Concourse; thence southerly along said line to a line drawn parallel to East One Hundred and Eighty-fourth street and distant 100 feet southerly from the southerly side thereof; thence westerly along said line to a line drawn parallel to Jerome avenue and distant 100 feet easterly from the easterly side thereof; thence southerly along said line to a line drawn parallel to East One Hundred and Eighty-first street and distant 100 feet southerly from the southerly side thereof; thence westerly along said line parallel to East One Hundred and Eighty-first street and its prolongation westerly to its intersection with the United States pier and bulkhead line of the Harlem river; thence northerly along said pier and bulkhead line of the Harlem river to the point or place of beginning.

The above-entitled assessment was entered on the day hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such

assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before June 27, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

SALE OF LEASE OF CITY PROPERTY.

THE COMPTROLLER OF THE CITY OF New York will sell at public auction to the highest bidder of yearly rental, at the Comptroller's Office, Stewart Building, No. 280 Broadway, in the Borough of Manhattan, City of New York, on

WEDNESDAY, MAY 16, 1906,

at 12 o'clock m., a lease for the term of ten years from May 1, 1906, with the privilege of renewal for an additional term of ten years upon the same terms and conditions, of the following-described premises belonging to the Corporation of The City of New York, viz.: All that certain plot of ground situated on the northerly side of West One Hundred and Fifty-first street distant one hundred and twenty-five (125) feet easterly from the northeasterly corner of West One Hundred and Fifty-first street and Amsterdam avenue; size of plot seventy-five (75) feet front and rear by ninety-nine (99) feet eleven (11) inches in depth on either side.

The minimum or upset price for which said lease is to be sold is five hundred dollars (\$500) per annum, payable quarterly, and said sale shall be made upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the auctioneer's fee and 25 per cent. of the amount of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution. He will also be required to give a bond in double the amount of the annual rent bid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance, and for the performance and fulfillment of the covenants and terms of the lease. The City of New York will not be liable for any damages for failure of the purchaser at the sale to obtain a permit from the Bureau of Buildings of The City of New York for the erection of a building on the site, in view of the fact that an aqueduct is constructed beneath said property. No building shall be erected upon said site except approval shall have been first obtained from the Commissioners of the Sinking Fund, and plans and specifications of said building shall be presented to said Board and approval in writing obtained. No person shall be received as lessee or surety who is a delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the corporation as provided by law. The lease will be in the usual form of leases of like property, a copy of which may be seen at the Bureau for the Collection of City Revenue and Markets, Room No. 130, Stewart Building, No. 280 Broadway, Borough of Manhattan.

The Comptroller shall have the right to reject any bid if deemed to be for the best interest of the City.

By order of the Commissioners of the Sinking Fund, under and pursuant to a resolution adopted at a meeting held April 18, 1906, as amended by resolution adopted April 26, 1906.

H. A. METZ,

Comptroller.

PUBLIC NOTICE.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE.

To Whom It May Concern:

On May 9, 1904, chapter 686 of the Laws of 1904, "An act to authorize the Comptroller and the Corporation Counsel of The City of New York, on behalf of said City, to compromise and settle with property owners interested, certain claims for taxes, assessments and sales for the same, and for or on account of evidences of indebtedness issued on account of local improvements in the territory formerly included within the boundaries of Long Island City," became a law.

The purpose of this act was to grant relief to the owners of property located within the territory of the former City of Long Island City, which property had become encumbered with liens approaching, in many cases, almost the assessed value of the property. Owing to the phenomenal increase in values of real estate in the Borough of Queens during the past year, the object for which said act was passed has ceased to exist.

Notice is therefore given that on and after May 15, 1906, the Comptroller of The City of New York will refuse to consider applications filed under chapter 686 of the Laws of 1904.

All applications filed after May 15, 1906, will be rejected.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out an extension of West One Hundred and Forty-first street, from a point 325 feet west of Broadway to Riverside drive, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 18, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on April 20, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out an extension of West One Hundred and Forty-first street, from a point 325 feet west of Broadway to Riverside drive, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at a point in the southerly line of West One Hundred and Forty-first street distant 325 feet westerly from Broadway; thence westerly and in continuation of the southerly

line, distance 263 feet to the easterly line of Riverside drive; thence northerly along said line, distance, 60 feet; thence easterly and parallel to the southerly line, distance 263 feet to the end of Old street; thence southerly along said end, distance 60 feet to the point or place of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 18th day of May, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 18th day of May, 1906.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held April 27, 1906, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, The Seaboard Refrigeration Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate a pipe line and all necessary appurtenances for the transportation of refrigeration under and along certain streets in Coney Island, Borough of Brooklyn; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provides for the manner and procedure for making such grants; and

Whereas, The Mayor has, in pursuance of such law, designated the Brooklyn Daily "Eagle" and Brooklyn "Citizen" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Seaboard Refrigeration Company, and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record and at least twice in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," two daily newspapers published in the City of New York, and a public hearing has been had thereon by this Board; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Seaboard Refrigeration Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 190 , by and between The City of New York, party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the Seaboard Refrigeration Company, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct, maintain and operate a conduit not to exceed eighteen inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, said conduit and branches to be beneath the surface of each of the following-named streets, avenues and highways, between the points described as follows, all situate in the Borough of Brooklyn, City of New York, to wit:

In, under and along West Twenty-first street, West Twelfth street and West Eighth street, between Surf avenue and Neptune avenue; in, under and along Neptune avenue, between West Twenty-first street and West Eighth street; and in, under and along Surf avenue, between West Twenty-fifth street and West Fifth street, said routes being shown on a map entitled "Map to accompany the petition of the Seaboard Refrigeration Company to the Board of Estimate and Apportionment," dated November 2, 1905, for laying conduits along designated streets and avenues on Coney Island, Borough of Brooklyn, New York," signed by Charles E. Booth, President, and Henry Guttin, Engineer, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—The said franchise, right and privilege to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the franchise, right and privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessee or successors, for a term of fifteen years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of ten years, upon a fair revaluation of said franchise, right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or to any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and by the Board of Estimate and Apportionment, or by such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or by such other authority in its place)

or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment, or its successors in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, all conduit lines and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to The City of New York the following sums of money, to wit:

1. Five thousand dollars (\$5,000) in cash within thirty (30) days after the signing of the contract.

2. During the first five years of this contract an annual sum which shall in no case be less than eight hundred and fifty dollars (\$850), and which shall be equal to 4 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eight hundred and fifty dollars (\$850).

During the second five years of this contract an annual sum which shall be in no case less than eleven hundred dollars (\$1,100), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of eleven hundred dollars (\$1,100).

During the third and remaining five years of this contract an annual sum which shall in no case be less than fourteen hundred dollars (\$1,400), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of fourteen hundred dollars (\$1,400).

3. An annual payment of ten (10) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when the permit is obtained to open the streets for any section of the work.

All sums herein provided for shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments of refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—If a conduit line as herein described shall not be constructed and in actual operation

in all the streets and avenues, and upon all the routes hereby described, on May 1, 1911, all rights hereby given shall be thereupon forthwith and immediately forfeited without judicial or other proceedings, unless at least 50 per cent. of the conduit line shall then be constructed and in operation, when, in such case, the forfeiture shall affect only the Company's rights, privileges and franchises on the remaining portion of the conduit line hereby granted.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the routes.

Ninth—The said Company shall bear the expense of keeping in repair for one year after it has been replaced all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Tenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said conduit line, which shall be done under this grant.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made, without injury to the pipes, shall be executed by an officer of the Company, indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board of Estimate and Apportionment.

Twelfth—The Company, its successors or assigns, shall not charge consumers more than three dollars and fifty cents (\$3.50) for the same amount of refrigeration which is produced by one ton of ice. During the term of this contract the Board of Estimate and Apportionment shall have absolute power to regulate the maximum and minimum rates, provided that such rates shall be reasonable and fair. All refrigeration which may be required by The City of New York at any point along the routes herein described, shall be furnished by the Company without cost to the City.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigeration at the prices which are hereinafter fixed, in properly insulated compartments, under contracts containing fair and reasonable regulations for such service; otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

It is mutually understood and agreed by and between the parties hereto that in the event of any dispute arising between the company and any consumer or user of its refrigeration, as to the fairness and reasonableness of the regulations contained in said contracts, the Board of Estimate and Apportionment on the application of either said consumer, user or Seaboard Refrigeration Company shall have the power to pass upon and decide as to the fairness and reasonableness of such regulations, and said Seaboard Refrigeration Company hereby agrees to abide by such decision and conform such regulations thereto.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb lines of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all conduit lines which are authorized by this grant are constructed or until the right hereby authorized to construct conduit lines along the routes described have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant, the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns. Due notice of any such demand shall be given to the Company.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Seventeenth—If the Company has in position a conduit or pipe line in streets or avenues other than those herein described, then the Company shall remove such conduit or pipe line at its own expense, within one year from the date of signing this contract. If the Company owns a conduit or pipe line in the streets or avenues herein described, such conduit or pipe line shall be deemed to be a conduit line herein authorized, but no right is hereby given to lay or construct a conduit line in addition to that which the Company already has in such streets or avenues.

Eighteenth—The conduit line hereby authorized shall be used only by the Company and for no other purpose than for supplying refrigeration by the ammonia process or such other process as may be consented to by the Board of Estimate and Apportionment.

Nineteenth—The Company hereby agrees not to issue stock or bonds other than have been heretofore issued, until a certificate of authority therefor has been issued by the Board of Estimate and Apportionment, or until such Board shall further certify in writing as to the amount of stock or bonds reasonably required for the purposes of the Company. The stock and bonds of the said Company shall not be issued in excess of the amount so certified.

The Company shall not increase its capital stock or its bonded indebtedness without the consent in writing of the Board of Estimate and Apportionment stating the amount of the authorized increase. For the purpose of making this determination as to the amount of stock and bonds to be issued, or the amount of the authorized increase of the capital stock and bonded indebtedness of the Company, the Board of Estimate and Apportionment may take and hear testimony under oath and examine the books and

papers of the Company, and require verified statements from the officers thereof, pertaining to the value of the property and of the franchise owned or operated by the Company. Such determination shall be made within sixty (60) days after the final submission of the papers or of final hearing on the application for the issue or increase of capital stock or bonds of indebtedness.

The Company shall submit a report to the Board of Estimate and Apportionment not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

1. The amount of stock issued; for cash; for property;
2. The amount paid in as by last report;
3. The total amount of capital stock paid in;
4. The funded debt by last report;
5. The total amount of funded debt;
6. The floating debt as by last report;
7. The amount of floating debt;
8. The total amount of funded and floating debt;
9. The average rate per annum of interest on funded debt;
10. Statement of dividends paid during the year;
11. Number of feet of conduit now laid;
12. The total amount expended for same;
13. Amount, kind and capacity of machinery now in use and required for operation;
14. The total amount expended for same;
15. Number of tons of refrigeration furnished during the year;
16. Total receipts from refrigeration and the average price per ton received during the year;
17. Amounts paid by Company for damage to persons or property on account of construction and operation;
18. Total expenses for operation; including salaries;
19. An inventory of all the property of the Company.

—and such other information in regard to the business of the Company as may be required by the Board. For each failure to comply with the foregoing, the Company shall pay a penalty of one hundred dollars (\$100), which may be collected by the Comptroller without notice.

Twentieth—The Company shall at all times keep accurate books of accounts of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York, of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-first—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fails to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of The City of New York may give written notice to the said Company specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to The City of New York a sum of fifty dollars (\$50) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-second—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five thousand dollars (\$5,000), either in money or in securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions The City of New York shall have the right after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five thousand dollars (\$5,000), and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Twenty-third—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

Twenty-fourth—The Company agrees to assume and comply with any of the existing provisions or future amendments of Article V. of the Transportation Corporations Law relating to pipe lines, imposing conditions, restrictions or penalties should the Board of Estimate and Apportionment from time to time so require, in the same manner and to the same extent as if the Company had been incorporated under the said Transportation Corporations Law.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, this day and year first above written.

THE CITY OF NEW YORK.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted, and the adequacy of the compensation proposed to be paid therefor are that the money value of such right or franchise proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of proposed contract, for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, and the said form of proposed contract for the grant of such franchise or right, and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of the Seaboard Refrigeration Company, for at least twenty days prior to May 25, 1906, in the CITY RECORD and at least twice during the ten days immediately prior to May 25, 1906, in the Brooklyn Daily "Eagle" and Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Seaboard Refrigeration Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of such Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on May 25, 1906, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation which should justly be made for the discontinuance and closing of WEST ONE HUNDRED AND FIFTY-FIRST STREET, from the easterly side of Riverside drive extension to the United States bulkhead line, Hudson river, in the Twelfth Ward, in the Borough of Manhattan, in The City of New York.

NOTICE IS HEREBY GIVEN, PURSUANT to the statutes thereto relating, that it is the intention of the Corporation Counsel to make application to a Special Term of the Supreme Court, First Department, to be held at Part III, thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Friday, the 18th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of three discreet and disinterested persons as Commissioners of Estimate and Assessment, who are to ascertain and determine the compensation which should justly be made

to the several owners, lessees and parties respectively entitled unto or interested in the lands, tenements and hereditaments and premises, or rights or interests therein taken, affected or damaged, extinguished or destroyed, by the discontinuance and closing of that part of West One Hundred and Fifty-first street, from the easterly side of Riverside drive extension to the United States bulkhead line, Hudson river, in the Twelfth Ward, in the Borough of Manhattan, in The City of New York, which is more particularly bounded and described as follows, to wit:

Beginning at a point in the northerly line of West One Hundred and Fifty-first street distant 470 feet westerly from Broadway; thence westerly along the northerly line of said street distant 340.92 feet to the easterly line of Twelfth avenue; thence southerly along the said line distant 63.01 feet to the southerly line of said West One Hundred and Fifty-first street; thence easterly along said line, distance 338.55 feet to a point distant 453.12 feet westerly from Broadway; thence northerly, distance 62.33 feet to the point or place of beginning.

Also, beginning at a point in the northerly line of West One Hundred and Fifty-first street and the westerly line of Twelfth avenue, said point being the continuation of the northerly line of said West One Hundred and Fifty-first street; thence westerly and in continuation of said northerly line, distance 293.32 feet to the United States bulkhead line, established by the Secretary of War October 18, 1890; thence southerly along said line, distance 60.02 feet to the southerly line of said street; thence easterly along said line to the westerly line of Twelfth avenue, distance 310.14 feet; thence northerly along the westerly line of Twelfth avenue, distance 63.01 feet to the point or place of beginning.

The map or plan of The City of New York was duly changed so as to discontinue and close the aforesaid part of West One Hundred and Fifty-first street, by resolution of the Board of Estimate and Apportionment, adopted on the 7th day of July, 1905, approved by the Mayor on the 12th day of July, 1905, and the maps showing such part of West One Hundred and Fifty-first street to be discontinued and closed, were filed in the following offices:

One copy in the office of the Register of the County of New York on the 3d day of August, 1905; one copy thereof in the office of the Corporation Counsel on the 3d day of August, 1905, and one copy thereof in the office of the President of the Borough of Manhattan on the 7th day of August, 1905.

Dated New York, May 5, 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending WEST ONE HUNDRED AND THIRTY-NINTH STREET (although not yet named by proper authority), from a point 425 feet west of Broadway to Riverside drive, as laid out on April 28, 1905, in the Twelfth Ward, Borough of Manhattan, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III, thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Tuesday, the 15th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereof, for the purpose of opening and extending of West One Hundred and Thirty-ninth street, from a point 425 feet west of Broadway to Riverside drive, in the Twelfth Ward, Borough of Manhattan, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the southerly line of West One Hundred and Thirty-ninth street distant 425 feet west of Broadway; thence westerly in direction of the southerly line of said street, distance 132.50 feet to the easterly line of Riverside drive; thence northerly along said easterly line, distance 60.47 feet; thence easterly and parallel with the southerly line of West One Hundred and Thirty-ninth street, distance 140 feet to westerly end of said street; thence southerly and at right angle, distance 60 feet to the point or place of beginning.

Said street to be found in Section 7, Block 2087, of the land map of the Borough of Manhattan, City of New York, and is shown on a certain map entitled "Map, plan and profile for the laying out and extension of West One Hundred and Thirty-ninth street, from end of present street 425 feet west of Broadway to Riverside drive, in the Twelfth Ward, Borough of Manhattan, City of New York," filed in the offices of the President of the Borough of Manhattan, the Register of the County of New York and the Corporation Counsel of The City of New York on or about the 19th day of July, 1905.

Dated New York, May 1, 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of DELANCEY STREET, on the southerly side, from Clinton street to the Bowery, in the Tenth and Thirteenth Wards, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected there-

by, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of May, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of May, 1906, at 2 o'clock p. m.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our first partial and separate report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of May, 1906.

Third—That we propose to assess for benefit, which assessment will appear in our last partial and separate abstract of assessment, and will be contained in our last partial and separate report, all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant one hundred feet easterly from the easterly line of Scammel street with the middle line of the blocks between East Broadway and Henry street; running thence southwesterly along said last-mentioned middle line of the block to its intersection with the southeasterly prolongation of the middle line of the blocks between Worth street and Thomas street; thence northwesterly along said prolongation and middle line of the block to its intersection with a line parallel to and 100 feet westerly from the westerly line of Church street; thence northerly along said line parallel to Church street to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of Canal street; thence northwesterly along said last-mentioned parallel line to its intersection with the southerly prolongation of the middle line of the blocks between Wooster street and West Broadway; thence northerly along said prolongation and middle line of the blocks to its intersection with a line parallel to and 100 feet northerly from the northerly line of Bleeker street; thence easterly along said parallel line to its intersection with the middle line of the blocks between Greene street and Wooster street; thence northerly along said middle line of the blocks to its intersection with the middle line of the blocks between West Third street and West Fourth street; thence easterly along said middle line of the block to its intersection with the middle line of the blocks between Mercer street and Greene street; thence northerly along said middle line of the blocks to its intersection with a line parallel to and 100 feet northerly from the northerly line of Waverly place; thence easterly along said parallel line to its intersection with a line parallel to and 100 feet westerly from the westerly line of Broadway; thence northerly along said parallel line to its intersection with the middle line of the blocks between East Eighth street and East Ninth street; thence easterly along said middle line of the blocks to its intersection with a line parallel to and 100 feet easterly from the easterly line of Avenue C; thence southwesterly along said parallel line to its intersection with the middle line of the block between East Second street and East Houston street; thence easterly along said middle line to its intersection with the northerly prolongation of the middle line of the blocks between Willet street and Sheriff street; thence southwesterly along said prolongation and middle line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Scammel street; thence still southerly along said parallel line to the point or place of beginning.

Fourth—That our first partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 15th day of June, 1906, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, April 20, 1906.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WESTCHESTER AVENUE (although not yet named by proper authority), from the Bronx river to Main street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our last partial and separate estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 25th day of May, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of May, 1906, at 10.30 o'clock a. m.

Second—That the abstract of our said estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our last partial and separate report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 5th day of June, 1906.

Third—That pursuant to the notice heretofore given when we filed our estimate of damage, the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows:

Beginning at the point of intersection of the easterly line of the Bronx river with a line drawn midway between West Farms road and Westchester avenue; running thence easterly along said line to its intersection with the northeasterly line of Green lane; thence northeasterly and parallel with Westchester avenue to its intersection with the southwesterly line of Main street; thence on a straight line to the corner formed by the intersection of the easterly line of Pelham road and the southerly line of Emily street; thence easterly along the said southerly line of Emily street to the northwesterly boundary line of the James Ferris estate; thence southeasterly on a straight line to a point in the southerly line of Middle-town road midway between Pelham road and the Eastern Boulevard; thence southerly on a straight line to the point of intersection of the southeasterly line of the Eastern Boulevard with the westerly boundary line of the H. B. Crosby property; thence still southerly along said property line to its intersection with a line drawn parallel to and distant 100 feet southeasterly from the southeasterly line of the Eastern Boulevard; thence southwesterly and northwesterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southerly from the southerly line of Sixth street; thence still westerly along said parallel line to its intersection with the westerly line of Virginia avenue; thence still westerly and parallel to Westchester avenue to the easterly line of the Bronx river; thence northerly along said easterly line of the Bronx river to the point or place of beginning.

Fourth—That our last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 10th day of October, 1906, at the opening of the Court on that day.

In the matter of the application of The City of New York relative to amending its application heretofore made in the matter of acquiring title, wherever the same has not been heretofore acquired, to EAST TWO HUNDRED AND TWENTY-SECOND STREET (although not yet named by proper authority), from Bronx river to Seventh street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, by excluding from said proceeding certain lands not required for said street.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House in the Borough of Brooklyn, in the City of New York, on Friday, the 11th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending the proceeding entitled "In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of East Two Hundred and Twenty-second street, from Bronx river to Seventh street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," and the petitions and orders appointing Commissioners of Estimate and Assessment therein, heretofore duly entered and filed in the offices of the Clerks of the Counties of Westchester, Kings and New York on the 3d day of February, 1902, by excluding therefrom certain lands and premises not required for said street, being the following-described lots, pieces or parcels of land, viz.:

1. Beginning at a point in the northern line of East Two Hundred and Twenty-second street as now being acquired, distance 755 feet westerly from the western line of White Plains road;
1. Thence northwesterly along said western line of East Two Hundred and Twenty-second street for 32.02 feet;
2. Thence westerly along said line deflecting 38 degrees 39 minutes 35 seconds to the left for 662.63 feet;
3. Thence southerly along said line deflecting 93 degrees 37 minutes 30 seconds to the left for 20.04 feet;
4. Thence westerly along said line deflecting 93 degrees 37 minutes 30 seconds to the right for 74.30 feet;
5. Thence southerly deflecting 94 degrees 17 minutes to the left for 100.28 feet;
6. Thence easterly deflecting 85 degrees 43 minutes to the left for 73.14 feet along the southern line of East Two Hundred and Twenty-second street as now being acquired;
7. Thence southerly deflecting 86 degrees 22 minutes 30 seconds to the right along said line for 20.04 feet;
8. Thence easterly deflecting 86 degrees 22 minutes 30 seconds to the left for 653.76 feet along said line;
9. Thence northeasterly deflecting 38 degrees 39 minutes 35 seconds to the left along said line for 32.02 feet;
10. Thence westerly deflecting 141 degrees 20 minutes 25 seconds to the left for 29 feet;
11. Thence northerly deflecting 90 degrees to the right for 100 feet;
12. Thence westerly for 29 feet to the point of beginning.

The land to be excluded from East Two Hundred and Twenty-second street is shown on two maps entitled, first, "Map or plan showing the locating, laying out and the grades of East Two Hundred and Twenty-second street (formerly Eighth street), from the Bronx river to Bronx Park avenue (Seventh avenue), in the Twenty-fourth Ward, Borough of The Bronx, City of New York," filed in the office of the President of the Borough of The Bronx on July 11, 1904,

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of CASTLETON AVENUE (although not yet named by proper authority), from Columbia street to Jewett avenue, in the First Ward, Borough of Richmond, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the Borough of Brooklyn, in the City of New York, on Friday, the 11th day of May, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of a certain street or avenue known as Castleton avenue, from Columbia street to Jewett avenue, in the First Ward, Borough of Richmond, City of New York, being the following-described lots, pieces or parcels of land, viz.:

1. Beginning at the point of intersection of the westerly line of Columbia street and the westerly prolongation of the southerly line of Castleton avenue, as said Castleton avenue exists east of Columbia street.
1. Thence northerly along said westerly line of Columbia street 60.29 feet;
2. Thence westerly deflecting 84 degrees 23 minutes 40 seconds to the left 282.16 feet;
3. Thence still westerly and deflecting 2 degrees 1 minute 30 seconds to the right 617.19 feet to the easterly line of Jewett avenue;
4. Thence southerly deflecting 59 degrees 13 minutes 10 seconds to the left and along the said easterly line of Jewett avenue 69.84 feet;
5. Thence easterly deflecting 120 degrees 46 minutes 50 seconds to the left 654 feet;
6. Thence still easterly 289.12 feet to the point of beginning.

Castleton avenue is shown on a map entitled "A part of the map or plan of The City of New York showing layout and grades of the extension of Castleton avenue, from Columbia street to Jewett avenue, in the First Ward, Borough of Richmond, The City of New York," which map was adopted by the Board of Estimate and Apportionment November 17, 1905, and was filed in the offices of the President of the Borough of Richmond, the Clerk of the County of Richmond, and the Counsel to the Corporation of The City of New York on or about February 6, 1906.

Dated New York, April 27, 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
