EXAMINING BOARD OF PLUMBERS.

PURSUANT TO THE PROVISIONS OF section 1573 of the Greater New York Charter, the following rules adopted by the Examining Board of Plumbers at a meeting held the thirteenth day of June, 1918, are hereby published in the City Record:

M. J. McGRATH, Chairman.

Rules.

Persons applying for examination for certificates to engage in the business of master or employing plumber shall, before being examined, file with the Board an application on exam form as may be prescribed by the Board, and shall furnish to the Board such information as it may require concerning the applicant's fitness and qualifications to receive a certificate as aforesaid. All applications must be under oath.

Each applicant shall be required to furnish two vouchers, who shall appear before the Board and sign under oath on forms prescribed by the Board certifying to the time the applicant has been employed by them as journeyman plumber. Such vouchers at the time of signing applications must be lawfully engaged in the plumbing business in the City of New York.

The Board shall refuse to receive an application from any person who at the time of making application may be unlawfully engaged in business as a master or employing plumber.

No person shall be examined unless he shall have had an experience of at least three years as a journeyman plumber, and is able to furnish satisfactory evidence of such fact.

No application will be received from any person who is not a citizen of the United States.

III. The examinations of the Board shall be in two parts, namely, a practical test to determine the applicant's skill as a journeyman, and a written examination. The written examination shall consist of questions and plan to determine the applicant's fitness and qualifications to engage in the business of master or employing plumber.

IV. All examinations shall be written by the applicant and must be in English.

V. The time and place of holding examinations shall be left to the discretion of the Board. Ample notice shall be given to applicants.

VI. Persons who pass the tests as prescribed by the Board shall be eligible to receive a certificate of competency as master or employing plumber.

VII. An applicant who fails in the practical test shall not be eligible for another test until the expiration of three months; should he fail in the second test he will not be eligible for a third test until the expiration of six months, and, failing in the third test, he will not be eligible for a fourth test until the expiration of one year. An applicant who fails in the written examination shall not be eligible for re-examination until the expiration of one month; should he fail in the second examination he will not be eligible for another examination until the expiration of three months; should he fail in the third examination he will not be eligible for another examination until the expiration of six months, and should he fail in the fourth examination he will not be eligible for another examination until the expiration of one year.

VIII. All applications will expire and be cancelled after a period of one year if the applicant does not appear for examination within that period.

IX. Before issuing a certificate to engage in the business of master or employing plumber the Board shall inquire into the applicant's fitness and qualifications for conducting such business, and may require the applicant to submit under oath such evidence, in addition to the examinations and tests hereinbefore provided, as will satisfy the Board that he is a person of good repute, character and responsibility, and otherwise qualified to engage in business as a master or employing plumber.

Each applicant for examination shall pay the sum of Five Dollars, and the further sum of Five Dollars, plus the amount for revenue, stamp tax, or both, upon the issuance of a certificate to engage in the business of master or employing plumber. Where an applicant has paid the first

Five Dollars for examination, and failed, for each subsequent examination he shall pay an amount to be fixed by the Board, not to exceed Five Dollars.

XI.

In case a certificate of competency is lost by the holder thereof, the Board may issue a duplicate where such original certificate was issued during the term of office of all the members of the Board in office when such duplicate certificate is requested. In other cases the Board shall issue a certificate of record stating that the records of the office show that a certificate was issued to a specific person. The charge for such duplicate certificate or for a certificate of record shall be Two Dollars.

XII.

Applicants who pass the examination of the Board and receive certificates of competency will be required, upon engaging in business, under the provisions of chapter 305 of the Laws of 1916, to obtain a metal plate or sign, the fee for which is Five Dollars.

XIII.

Any person retiring from business as a master or employing plumber shall surrender to the Examining Board of Plumbers his metal plate or sign. His failure to do so will constitute a misdemeanor, and he will be prosecuted to the full extent of the law, as provided in chapter 305 of the Laws of 1916. j18,24,jy1
