## CITY PLANNING

■ PUBLIC HEARINGS

PUBLIC NOTICE OF A SCOPING MEETING DRAFT ENVIRONMENTAL IMPACT STATEMENT (CEQR No. 17DCP030R)

NOTICE IS HEREBY GIVEN that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review) that the New York City Department of City Planning (DCP), acting on behalf of the City Planning Commission (CPC) as CEQR lead agency, has determined that a Draft Environmental Impact Statement (DEIS) is to be prepared for the South Avenue Retail Development (CEQR No. 17DCP030R).

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled for Tuesday, September 27th, 2016, and will be held at 970 Richmond Avenue - 121 Precinct Muster Room, New York, Staten Island 10314. The public meeting will be starting at 6:00 P.M. Written comments will be accepted by the lead agency until the close of business on Friday, October 7, 2016.

The applicant, Josif A LLC, is requesting a special permit pursuant to Zoning Resolution (ZR) Section 74-922 to allow retail establishments with Use Group (UG) 6 and UG 10A uses in excess of 10,000 zoning square feet (zsf) in an M1-1 district. The applicant is also requesting an amendment to the City Map to demap portions of Garrick Street, Amador Street, Albany Avenue, and Morrow Street (unbuilt streets) as well as to map a new section of Morrow Street and realign the intersection of Morrow Street and Forest Avenue. The development site for the proposed project is located at 534 South Avenue (Block 1707, Lots 1 and 5) in the Mariners Harbor neighborhood of Staten Island Community District 1. The 28.3-acre project site is located in a M1-1 zoning district and is bounded by Forest Avenue and Wemple Street (which is mapped but not built) to the north, South Avenue to the east, Amador Street (which is mapped but not built) to the south, and Morrow Street (which is partially built and partially unbuilt) to the west.

In addition to the CPC actions, a New York State Department of Environmental Conservation (DEC) freshwater wetlands permit is required for the proposed project. The project, as proposed, avoids all regulated jurisdictional waters and wetlands of the U.S. within the development site and does not require a U.S. Army Corps of Engineers (USACE) Section 10 or 404 permit.

The applicant's goal is to transform this underutilized site into an attractive commercial destination with a variety of retail uses, including a supermarket and a wholesale warehouse, for which the applicant has identified a demand in this area of Staten Island. The applicant's goals also include providing an efficient site plan while preserving and enhancing ecologically-sensitive wetland areas. The demapping actions are proposed in order to rationalize the street network in this area, which contains unbuilt mapped streets over sensitive wetland areas. The applicant believes that the mapping actions for the northern portion of Morrow Street would also help facilitate efficient access to the development site and circulation within the development site, and make use of an existing signalized intersection on Forest Avenue.

The analysis year for this proposal is 2019.

Digital copies of the Draft Scope of Work and the Environmental Assessment Statement may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Contact: Robert Dobruskin, AICP, Director (212) 720-3423; at the Mayor's Office of Sustainability, 253 Broadway, 14th Floor, New York, NY 10007, Contact: Hilary Semel, Director (212) 676-3273. #### 81-70 SPECIAL REGULATIONS FOR THEATER SUBDISTRICT

## 81-744

## Transfer of development rights from listed theaters

For the purposes of the Theater Subdistrict:

A "listed theater" shall mean a theater designated as listed pursuant to Section 81-742 (Listed theaters).

A "granting site" shall mean either a #zoning lot# or that portion of a #zoning lot# occupied by a "listed theater" and comprised of those block and lot numbers specified for such theater pursuant to the table in Section 81-742, as such block and lots existed on January 12, 1998. However, a "granting site" shall not include any #zoning lot# occupied by a "listed theater" located within the geographical area covered by the 42nd Street Development Land Use Improvement Project, adopted by the New York State Urban Development Project in 1984, as such Project has and may be subsequently amended.

A "receiving site" shall mean a #zoning lot# or the portion of a #zoning lot# located within the Theater Subdistrict to which development rights of the "granting site" are transferred. However, no portion of a "receiving site" shall be located within the 42nd Street Development Project Area. In addition, for #zoning lots# containing "listed theaters," that portion of the #zoning lot# occupied by the "listed theater" and comprised of the block and lot numbers specified for such theater, pursuant to the table in Section 81-742, shall not be included in the "receiving site."

Any "receiving site" divided by a district boundary or Theater Subdistrict Core boundary may locate #bulk# in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

The "floor price" is a value per square foot of transferable development rights in the Theater Subdistrict, which shall provide a basis for establishing a minimum contribution to the Theater Subdistrict Fund established pursuant to Paragraph (i) of Section 81-741 (General provisions), as provided in this Section. When establishing or adjusting the "floor price", the City Planning Commission shall consider an appraisal study conducted by qualified professionals utilizing industry best practices. The City Planning Commission shall, by rule, review and adjust this amount pursuant to the City Administrative Procedure Act no more than once every three years and no less than once every five years

## (a) Transfer of development rights by certification

The <u>Chairperson of the</u> City Planning Commission shall allow, by certification, a transfer of development rights from a "granting site" to a "receiving site," except that any "granting site," or portion thereof, located outside the Theater Subdistrict, may not transfer development rights to any portion of a "receiving site" within the Special Clinton District, provided that:

- (1) the maximum amount of #floor area# transferred from a "granting site" is the basic maximum #floor area ratio# established pursuant to Sections 81-211 (Maximum floor area ratio for non-residential or mixed buildings) or 81-213 (Special provisions for transfer of development rights from listed theaters within the Special Clinton District), as applicable, for such "granting site" as if it were undeveloped, less the total #floor area# of all existing #buildings# or portions of #buildings# on the "granting site" and #floor area# attributed to the "granting site" that has been previously used or transferred;
- (2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be #developed# or #enlarged# on the #zoning lot# containing the "granting site" by the amount of #floor area# transferred;
- (3) the maximum amount of #floor area# transferred to a "receiving site" shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 for such "receiving site" by more than 20 percent;
- (4) the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) are met; and
- (5) appropriate legal documents are executed and recorded and that, thereafter, and prior to certification, ensuring that a contribution in an amount equal to ten dollars\* per square foot of transferred #floor area# be deposited in the Theater Subdistrict Fund established pursuant to Paragraph (i) of Section 81-741 (General provisions) at the earlier of either the time of closing on the transfer of development rights pursuant to this Section or the filing for any building permit for any #development# or #enlargement# that anticipates using such development rights. Such contribution shall be equal to the greater of:
  - (i) twenty percent of the sales price of the transferred #floor area#; or
  - (ii) an amount equal to 20 percent of the "floor price" multiplied by the amount of transferred #floor area#.

The City Planning Commission shall review such amount no more than once every three years and no less than once every five years and shall adjust the amount to reflect any change in assessed value of all properties on #zoning lots# wholly within the Theater Subdistrict.

## (b) Transfer of development rights by authorization

The City Planning Commission shall allow, by authorization, an additional transfer of development rights beyond the amount of #floor area# transfer permitted by certification in paragraph (a) of this Section from a "granting site" to any portion of a "receiving site" located within the Eighth Avenue Corridor, except that any "granting site," or portion thereof, located outside the Theater Subdistrict may not transfer development rights to any portion of a "receiving site" within the Special Clinton District, subject to the following conditions:

- (1) the maximum amount of such additional #floor area# transfer to that portion of a "receiving site" located within such Corridor shall not exceed the maximum total #floor area ratio# with as-of-right #floor area# allowances in the Theater Subdistrict set forth in Section 81-211 by more than 20 percent; and
- such transfer complies with the conditions and limitations set forth for the transfer of development rights in paragraph
   (a) of this Section.

In order to grant such authorization, the City Planning Commission shall find that such #development# or #enlargement#:

- relates harmoniously to all structures and #open space# in its vicinity in terms of scale, location and access to light and air in the area; and
- (ii) serves to enhance or reinforce the general purposes of the Theater Subdistrict.

Any application pursuant to Paragraphs (a) and/or (b) of this Section shall be referred to the affected Community Board, the local Council Member and the Borough President of Manhattan. The <u>Chairperson of the City Planning</u> Commission shall not grant any such certification or authorization prior to sixty days after such referral and sixty days after the date any reports required to be submitted to the Landmarks Preservation Commission pursuant to Section 81-743, Paragraph (b), or the Theater Subdistrict Council pursuant to Section 81-71 (General Provisions) have been so submitted.

(c) Requirements for Application

An application filed with the Chairperson of the City Planning Commission for the transfer of development rights by certification pursuant to Paragraph (a) of this Section, or with the City Planning Commission for the transfer of development rights by authorization pursuant to Paragraph (b) of this Section, shall be made jointly by the owners of the "granting site" and the "receiving site" and shall include:

- (1) a site plan and #floor area# zoning calculations for the "granting site" and the "receiving site"; for certifications, documentation acceptable to the Chairperson indicating the sales price of the transferred floor area; and, for authorizations and/or special permit applications, any such other information as may be required by the City Planning Commission:
- (2) a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with a notice of the restrictions limiting further #development# or #enlargement# of the "granting site" and the "receiving site." The notice of restrictions shall be filed by the owners of the respective lots in the Borough Office of the Register of the City of New York, indexed against the "granting site" and the "receiving site," a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. Receipt of the certified copy shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the "receiving site."

Both the instrument of transfer and the notice of restrictions shall specify the total amount of #floor area# transferred and shall specify, by lot and block numbers, the lots from which and the lots to which such transfer is made.

(3) demonstrations of compliance with the requirements of Section 81-743 and Paragraph (a)(5) of this Section, including all necessary legal documents. Issuance of any building permit, including any foundation or alteration permit, shall be conditioned upon the filing of such legal documents in the Borough Office of the Register of the City of New York and receipt by the <u>Chairperson of the</u> City Planning Commission of certified copies of same as required pursuant to Section 81-743

A separate application shall be filed for each transfer of development rights to an independent "receiving site."

\* The contribution of ten dollars per square foot of transferred #floor area# was adjusted by rule on November 15, 2006, to \$14.91 per square foot and on December 10, 2011, to \$17.60 per square foot

In order to preserve and protect the character of the Theater Subdistrict as a cultural, theatrical and entertainment showcase as well as to help ensure a secure basis for the useful cluster of shops, restaurants and related amusement activities, special incentives and controls are provided for the preservation and rehabilitation of existing theaters and special restrictions are placed on ground floor "uses# within the Subdistrict. In order to preserve and protect the special scale and character of the Theater Subdistrict Core, which includes Times Square, special #building street wall# height and setback controls and requirements for the inclusion of #illuminated signs# and entertainment and entertainment-related #uses# apply within the Subdistrict Core. In order to ensure the orderly growth and development of the Eighth Avenue Corridor and its transition to the scale and character of adjoining midblocks, special #building street wall#, height and setback controls apply within the Corridor. In order to preserve and maintain the character of the western edge of the Theater Subdistrict as both an integral part of the Theater Subdistrict and as a transition to the Clinton neighborhood, the west side of Eighth Avenue between 42nd and 45th Streets is also subject to the provisions of the Special Clinton District.

A Theater Subdistrict Council shall be created <u>and</u> comprised of the Mayor, three (3) representatives appointed by the Mayor from the performing arts, theatrical related industries, the Director of the Department of City Planning, the Speaker of the City Council and his or her designee, and the Manhattan Borough President. The members shall choose a Chair from among themselves. The Theater Subdistrict Council shall be a not-for-profit corporation whose organizational purpose shall be limited solely to promoting theater and theater-related use and preservation within the Theater Subdistrict and promoting the welfare of the Theater Subdistrict generally. The goals of the Theater Subdistrict Council shall include:

- (a) enhancing the long-term viability of Broadway by facilitating the production of plays and small musicals within the Theater Subdistrict, with consideration given to small theatrical organizations;
- (b) developing new audiences for all types of theatrical productions;
- (c) monitoring preservation and use covenants in Broadway's "listed theaters";; and
- (d) assisting activities that support and strengthen the New York City theater industry within the Subdistrict.

The Theater Subdistrict Council shall adopt a plan every three years for the sale, distribution and marketing of reduced price tickets to new and undeveloped audience groups. Such plan shall include locations outside of the Theater Subdistrict where such reduced price tickets will be available. The plan shall also include a way to evaluate yearly its effectiveness by:

(a) the number of tickets sold; and

(b)—the penetration of the new identified markets which shall be reported to the Chairperson of the City Planning Commission and filed with the Council of the City of New York.

The Theater Subdistrict Council shall advise the Chairperson of the City Planning Commission concerning applications for any special permit, authorization or certification pursuant to the special regulations for the Theater Subdistrict and shall be the holder and administrator of the funds received in connection with transfers of development rights from "listed theaters" pursuant to Section 81-744 in accordance with the provisions for the Theater Subdistrict Fund set forth in Paragraph (h) of Section 81-741 (General provisions).

## (i) Theater Subdistrict Fund

In furtherance of the purposes of this Section, the Theater Subdistrict Council shall establish a separate interest-bearing account (the "Theater Subdistrict Fund" or "Fund") for the deposit and administration of the revenues received by the Theater Subdistrict Council generated by the transfer of development rights pursuant to Section 81-744. Upon receipt of any revenue generated pursuant to such Section, the Theater Subdistrict Council shall notify the Comptroller, the Speaker and the Department of City Planning, and promptly deposit such revenues into the Theater Subdistrict Fund and shall expend such revenues and any interest accumulated thereon in the following manner:

- (1) a portion of any such revenues shall be reserved, sufficient in the judgment of the Theater Subdistrict Council but in no event less than 20 percent of such revenues, to undertake the ongoing periodic inspection and maintenance report requirements pursuant to Paragraph (d)(e) of Section 81-743. The Theater Subdistrict Council may petition the City Planning Commission for a reduction in the percentage of such reserve and the Commission may grant such reduction if, in its judgement, a lesser percentage will be sufficient to carry out the purposes of this paragraph; and
- (2) the remainder of such revenue shall be used for activities chosen by the Theater Subdistrict Council furthering the objectives and purposes of this Section, which activities may include judicial or administrative proceedings instituted by the Theater Subdistrict Council against any property owner or lessee to enforce the obligations of such owner or lessee pursuant to any restrictive declaration entered into in connection with a transfer of development rights pursuant to Section 81-744. Notwithstanding the foregoing, funds shall not be used for the physical repair and preservation of theaters.

The Theater Subdistrict Council shall provide an annual report to the Department of City Planning, the Comptroller, the Speaker and the City Planning Commission indicating the amounts and dates of any deposits to the Theater Subdistrict Fund in the immediately preceding calendar year, the balance of the Theater Subdistrict Fund at the close of the calendar year, the amounts expended on activities within the Theater Subdistrict and the nature of those activities. The Theater Subdistrict Council shall maintain complete, accurate and detailed records, with supporting documentation, in respect to all deposits to and withdrawals from the Theater Subdistrict Fund, and shall make such records available to the City of New York, the Department of City Planning, the Comptroller, the Speaker and the City Planning Commission upon reasonable notice and during business hours for inspection and copying.

## 81-744 Transfer of development rights from listed theaters

For the purposes of the Theater Subdistrict:

A "listed theater" shall mean a theater designated as listed pursuant to Section 81-742 (Listed theaters).

\* \* \*

A "granting site" shall mean either a #zoning lot# or that portion of a #zoning lot# occupied by a "listed theater" and comprised of those block and lot numbers specified for such theater pursuant to the table in Section 81-742, as such block and lots existed on January 12, 1998. However, a "granting site" shall not include any #zoning lot# occupied by a "listed theater" located within the geographical area covered by the 42nd Street Development Land Use Improvement Project, adopted by the New York State Urban Development Project in 1984, as such Project has and may be subsequently amended.

A "receiving site" shall mean a #zoning lot# or the portion of a #zoning lot# located within the Theater Subdistrict to which development rights of the "granting site" are transferred. However, no portion of a "receiving site" shall be located within the 42nd Street Development Project Area. In addition, for #zoning lots# containing "listed theaters," that portion of the #zoning lot# occupied by the "listed theater" and comprised of the block and lot numbers specified for such theater, pursuant to the table in Section 81-742, shall not be included in the "receiving site."

Any "receiving site" divided by a district boundary or Theater Subdistrict Core boundary may locate #bulk# in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

The "floor price" is a value per square foot of transferable development rights in the Theater Subdistrict, which shall provide a basis for establishing a minimum contribution to the Theater Subdistrict Fund established pursuant to Paragraph (i) of Section 81-741 (General provisions), as provided in this Section. As of (date of enactment) the "floor price" is equal to \$347 per square foot. When establishing or adjusting the "floor price", the City Planning Commission shall initiate

an appraisal study conducted by qualified professionals utilizing industry best practices. The City Planning Commission shall, by rule, review and adjust this amount pursuant to the City Administrative Procedure Act no more than once every three years and no less than once every five years.

An applicant for transferable development rights, upon written request to the City Planning Commission, may ask for an appraisal study to determine any recent changes in market conditions within the Subdistrict. The appraisal study must be paid for by the applicant and completed within a one-year timeframe. The Department of City Planning shall initiate the appraisal study conducted by qualified professionals utilizing industry best practices and the City Planning Commission shall, by rule, review and adjust this amount pursuant to the City Administrative Procedure Act.

## (a) Transfer of development rights by certification

The <u>Chairperson of the</u> City Planning Commission shall allow, by certification, a transfer of development rights from a "granting site" to a "receiving site," except that any "granting site," or portion thereof, located outside the Theater Subdistrict, may not transfer development rights to any portion of a "receiving site" within the Special Clinton District, provided that:

- (1) the maximum amount of #floor area# transferred from a "granting site" is the basic maximum #floor area ratio# established pursuant to Sections 81-211 (Maximum floor area ratio for non-residential or mixed buildings) or 81-213 (Special provisions for transfer of development rights from listed theaters within the Special Clinton District), as applicable, for such "granting site" as if it were undeveloped, less the total #floor area# of all existing #buildings# or portions of #buildings# on the "granting site" and #floor area# attributed to the "granting site" that has been previously used or transferred;
- (2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be #developed# or #enlarged# on the #zoning lot# containing the "granting site" by the amount of #floor area# transferred;
- (3) the maximum amount of #floor area# transferred to a "receiving site" shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 for such "receiving site" by more than 20 percent;
- (4) the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) are met; and
- (5) appropriate legal documents are executed and recorded and that, thereafter, and prior to certification, ensuring that a contribution in an amount equal to ten dollars\* per square foot of transferred #floor area# be deposited in the Theater Subdistrict Fund established pursuant to paragraph (i) of Section 81-741 (General provisions) at the earlier of either the time of closing on the transfer of development rights pursuant to this Section or the filing for any building permit for any #development# or #enlargement# that anticipates using such development rights. Such contribution shall be equal to the greater of:
  - (i) twenty percent of the sales price of the transferred #floor area#; or
  - (ii) an amount equal to 20 percent of the "floor price" multiplied by the amount of transferred #floor area#.

The City Planning Commission shall review such amount no more than once every three years and no less than once every five years and shall adjust the amount to reflect any change in assessed value of all properties on #zoning lots# wholly within the Theater Subdistrict.

## (b) Transfer of development rights by authorization

The City Planning Commission shall allow, by authorization, an additional transfer of development rights beyond the amount of #floor area# transfer permitted by certification in paragraph (a) of this Section from a "granting site" to any portion of a "receiving site" located within the Eighth Avenue Corridor, except that any "granting site," or portion thereof, located outside the Theater Subdistrict may not transfer development rights to any portion of a "receiving site" within the Special Clinton District, subject to the following conditions:

- (1) the maximum amount of such additional #floor area# transfer to that portion of a "receiving site" located within such Corridor shall not exceed the maximum total #floor area ratio# with as-of-right #floor area# allowances in the Theater Subdistrict set forth in Section 81-211 by more than 20 percent; and
- (2) such transfer complies with the conditions and limitations set forth for the transfer of development rights in paragraph (a) of this Section

In order to grant such authorization, the City Planning Commission shall find that such #development# or #enlargement#

- relates harmoniously to all structures and #open space# in its vicinity in terms of scale, location and access to light and air in the area; and
- serves to enhance or reinforce the general purposes of the Theater Subdistrict.

Any application pursuant to Paragraphs (a) and/or (b) of this Section shall be referred to the affected Community Board, the local Council Member and the Borough President of Manhattan. The <u>Chairperson of the City Planning</u> Commission shall not grant any such certification or authorization prior to sixty days after such referral and sixty days after the date any reports required to be submitted to the Landmarks Preservation Commission pursuant to Section 81-743, Paragraph (b), or the Theater Subdistrict Council pursuant to Section 81-71 (General Provisions) have been so submitted.

Requirements for Application

An application filed with the Chairperson of the City Planning Commission for the transfer of development rights by certification pursuant to paragraph (a) of this Section, or with the City Planning Commission for the transfer of development rights by authorization pursuant to Paragraph (b) of this Section, shall be made jointly by the owners of the "granting site" and the "receiving site" and shall include:

- a site plan and #floor area# zoning calculations for the "granting site" and the "receiving site"; for certifications, documentation acceptable to the Chairperson indicating the sales price of the transferred floor area; and, for authorizations and/or special permit applications, any such other information as may be required by the City Planning
- a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with a notice of the restrictions limiting further #development# or #enlargement# of the "granting site" and the "receiving site." The notice of restrictions shall be filed by the owners of the respective lots in the Borough Office of the Register of the City of New York, indexed against the "granting site" and the "receiving site," a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. Receipt of the certified copy shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the 'receiving site.'

Both the instrument of transfer and the notice of restrictions shall specify the total amount of #floor area# transferred and shall specify, by lot and block numbers, the lots from which and the lots to which such transfer is made.

demonstrations of compliance with the requirements of Section 81-743 and Paragraph (a)(5) of this Section, including all necessary legal documents. Issuance of any building permit, including any foundation or alteration permit, shall be conditioned upon the filing of such legal documents in the Borough Office of the Register of the City of New York and receipt by the Chairperson of the City Planning Commission of certified copies of same as required pursuant to Section

A separate application shall be filed for each transfer of development rights to an independent "receiving site."

The contribution of ten dollars per square foot of transferred #floor area# was adjusted by rule on November 15, 2006, to \$14.91 per square foot and on December 10, 2011, to \$17.60 per square foot

New York, NY 10007

NOTICE IS HEREBY GIVEN that a public scoping meeting will be held on Tuesday, September 27, 2016, at the Silberman School of Social Work Building, located at 2180 Third Avenue, First Floor Conference Room (115AB), New York, NY 10035, at 6:30 P.M. Written comments on the Draft Scope of Work will be accepted by the lead agency until 5:00 P.M. on Friday, October 7, 2016.

Directing that an Environmental Impact Statement be prepared, the Environmental Assessment Statement, Positive Declaration, and draft Scope of Work were issued by the Office of the Deputy Mayor for Housing and Economic Development on August 19, 2016, and are available for review from the contact person listed below and on the websites of the Mayor's Office of Sustainability and the New York City Economic Development Corporation: www.nyc.gov/oec and www.nycedc.com, respectively.

The New York City Economic Development Corporation (NYCEDC) on behalf of the City of New York is proposing a series of land use actions (collectively the "Proposed Project") to facilitate the redevelopment of a City-Owned full block site in East Harlem (the "project site"). The project site consists of the block bounded by East 127th Street to the north, First Avenue to the east, East 126th Street to the south, and Second Avenue to the west. It includes all of the approximately 105,710-square-foot (sf) existing Block 1803, Lot 1, a City-Owned property that, since the 1940s, has been occupied by the 126th Street Bus Depot, as well as an adjoining bus parking area, located immediately west of Lot 1. The Metropolitan Transportation Authority is in the process of vacating the bus depot, which has been operated pursuant to a lease, and returning it to the City.

The Proposed Project is anticipated to result in a mixed-use development project including a mix of permanently affordable and middle income residential, commercial, and community facility uses, and provide a publicly-accessible memorial commemorating the Harlem African Burial Ground and its important role in the history of Harlem and New York City. The Proposed Project and resulting development program reflects ongoing consultation with the 126th Street Bus Depot Task Force, the Harlem African Burial Ground Task Force, Manhattan CD 11, and local elected officials.

After the approvals comprising the Proposed Project complete the Uniform Land Use Review Procedure (ULURP), a Request for Proposals (RFP) soliciting proposals for development of the project site would be issued. It is anticipated that the site disposition would stipulate location and programming elements of the Harlem African Burial Ground Memorial, including an outdoor area and an indoor cultural facility. In order to address the potential range of responses to an RFP, the environmental review analyzes a reasonable worst-case development scenario (RWCDS) that conservatively considers for each impact category the reasonable worst-case potential for environmental effects. While the discretionary approvals that comprise the Proposed Project have been defined, the specific development program and site plan under the Proposed Project would be dependent on the RFP response. Thus, pursuant to City Environmental Quality Review (CEQR), a generic environmental impact statement (GEIS) will be prepared that considers the environmental impacts based on the RWCDS.

The Proposed Project could result in up to approximately 655,215 gross square feet (gsf) of residential development (comprising approximately 730 DUs, of which 50 percent would be affordable to households earning at or below 80 percent Area Median Income); approximately 315,000 gsf of commercial uses (including retail and office uses); approximately 30,000 gsf of community facility uses (including a 15,000 sf historical and cultural center as part of the memorial); 300 accessory parking spaces (to be provided in an above-ground enclosed garage); and approximately 18,000 sf of outdoor, unbuilt memorial space. The Proposed Project would include a total of approximately 952,585 zoning square feet (zsf), representing a Built FAR of 8.25. Overall, including required accessory parking areas the project site would have a total of 1,090,215 gsf of building area. The Proposed Project is expected to be completed by 2022.

The Proposed Project requires several anticipated discretionary approvals including:

- Zoning Map Amendment. A zoning map amendment (Zoning Sectional Map 6b) approval by the New York City Planning Commission (CPC) to change the zoning on the project site (Block 1803, Lot 1 and the adjacent demapping area) from the existing M1-2 light manufacturing district (high performance) to a C6-3 general central commercial district;
- Zoning Text Amendment. A zoning text amendment to map the project site as a Mandatory Inclusionary Housing Area in ZR Appendix F, pursuant to ZR §23-154;
- City Map Change. A change to the City Map to narrow a portion of Second Avenue from 174 feet to a width of no less than 125 feet (plus an easement for sidewalk purposes, if needed) and the conveyance of that area to the adjoining City-Owned property (Block 1803, Lot 1) pursuant to §4-105 of the Administrative Code of the City of New York; and
- Disposition of Real Property. Disposition of the project site (the City-Owned Block 1803, Lot 1 and the adjacent demapping area) by the City of New York for future development, with approval through ULURP under New York City Charter Section 197(c), and separate approval of the business terms of the sale of the disposition pursuant to Section 384(b)(4) of the New York City Charter.

In addition, in the future the private developer may seek public financing by the New York City Housing Preservation and Development or the New York City Housing Development Corporation to facilitate the development of permanently affordable housing and/ or the public financing by the New York City Industrial Development Agency for economic development purposes.

Copies of the Positive Declaration and Draft Scope of Work for the proposed project may be obtained by any member of the public from:

NOTICE OF ADOPTION OF FINAL RULES RELATING TO THE CHANGE OF CRITERIA FOR THE REMOVAL OF DERELICT BICYCLES FROM PUBLIC PROPERTY

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and pursuant to the authority vested in the Commissioner of the Department of Sanitation by Sections 753 of the New York City Charter and Sections 16-122 and 16-128 of the New York City Administrative Code that the Department

adopts the following rule relating to the change of criteria for the removal of derelict bicycles from public property. The Department published a Notice of Opportunity to Comment on the proposed rule in the *City Record* on July 6, 2016. On August 9, 2016, the Department held a public hearing on the proposed rule.

## Statement of Basis and Purpose of Rule

The Department of Sanitation ("DSNY") is amending its rule for the removal of derelict bicycles from public property by:

- reducing the requirements of derelict condition from a minimum of three characteristics to a minimum of two characteristics,
- 2) removing flat or missing tires as a derelict condition characteristic, and
- 3) changing the minimum amount of rust cover from 75 percent to 50 percent.

DSNY's authority for these rules is found in Sections 753 (a) and (b) of the New York City Charter and by Sections 16-122 and 16-128 of the New York City Administrative Code.

New material is underlined. [Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this Department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1: Subdivisions (a) of Section 1-05.1 of Chapter 1 of Title 16 of the Rules of the City of New York is amended to read as follows:

§1-05.1 Removal of Derelict Bicycles.

- (a) Definitions. When used in this section.
  - (1) Derelict bicycle. The term "[D]derelict bicycle" means any bicycle, that is not a ghost bike, which is affixed to public property and also contains [three] two or more of the following characteristics:
    - (i) the bicycle appears to be crushed or not usable;
    - the bicycle is missing parts <u>essential to its operation</u>, other than the seat and front wheel, including, but not limited to handlebars, pedal or pedals, rear wheel and chain;
    - (iii) [the bicycle has flat or missing tires;
    - (iv)] the handlebars or pedals are damaged, or the existing forks, frames or rims are bent; or
    - [(v) seventy-five] (iv) fifty percent or more of the bicycle, which includes the handlebars, pedals and frames are rusted, along with any chain affixing such bicycle to public property.
  - (2) Ghost bike. The term "[G]ghost bike" means a bicycle that has been placed on public property and apparently intended as a memorial for someone who is deceased, and which may be painted white or have a sign posted on or near it, or flowers or other mementos in the basket.
  - (3) **Public property.** The term "[P]public property" means city property or property maintained by the city, or any public sidewalk or roadway, including, but not limited to any bicycle rack, light pole, bus pole, parking meter, tree, tree pit, railing or similar structure. For purposes of this section, public property shall include any bicycle rack installed by the department of transportation, its contractors, permittees or other entity authorized by the department of transportation. Public property shall not include those docks or stations installed under authority of the department of transportation's Bikeshare Program.
- (b) In the event that a derelict bicycle is affixed to public property, a notice shall be affixed to the derelict bicycle advising the owner that such derelict bicycle must be removed within seven days from the date of the notice. This notice shall also state that the failure to remove such derelict bicycle within the designated time period will result in the removal and disposal of the derelict bicycle by the department of sanitation.
- (c) Nothing in this section shall preclude the immediate removal of any bicycle, including, but not limited to, a derelict bicycle or ghost bike, or the taking of any other action by any city agency if the presence of such bicycle which creates a dangerous condition by restricting vehicular or pedestrian traffic, or otherwise violates the law.

Project Identification South Avenue Retail Development CEQR No. 17DCP030R ULURP Nos. 160174ZSR and 150359MMR SEQRA Classification: Type I Lead Agency City Planning Commission 120 Broadway, 31st Floor New York, NY 10271 Contact: Robert Dobruskin (212) 720-3423

## Name, Description, and Location of Proposal:

South Avenue Retail Development

The applicant, Josif A LLC, is requesting a special permit pursuant to Zoning Resolution (ZR) Section 74-922 to allow retail establishments with Use Group (UG) 6 and UG 10A uses in excess of 10,000 zoning square feet (zsf) in an M1-1 district. The applicant is also requesting an amendment to the City Map to demap portions of Garrick Street, Amador Street, Albany Avenue, and Morrow Street (unbuilt streets) as well as to map a new section of Morrow Street and realign the intersection of Morrow Street and Forest Avenue. The proposed actions would facilitate a proposal by the applicant to develop a retail establishment to be known as South Avenue Retail Development which would total 219,377 zsf¹ (approximately 226,000 gross square feet [gsf]) of UG 6, UG 10A, and UG 16 uses and 838 required accessory parking spaces.

The development site for the proposed project is located at 534 South Avenue (Block 1707, Lots 1 and 5) in the Mariners Harbor neighborhood of Staten Island Community District 1. The 28.3-acre project site is located in a M1-1 zoning district and is bounded by Forest Avenue and Wemple Street (which is mapped but not built) to the north, South Avenue to the east, Amador Street (which is mapped but not built) to the south, and Morrow Street (which is partially built and partially unbuilt) to the west.

The applicant's goal is to transform this underutilized site into an attractive commercial destination with a variety of retail uses, including a supermarket and a wholesale warehouse, for which the applicant has identified a demand in this area of Staten Island. The proposed special permit is required to allow retail uses in excess of 10,000 zsf (Use Groups 6 and 10A). Without the proposed special permit, stores with UG 6 and UG 10 uses would be limited to 10,000 zsf or less and consequentially, the proposed wholesale warehouse establishment and supermarket could not be developed.

The applicant's goals also include providing an efficient site plan while preserving and enhancing ecologically-sensitive wetland areas. The demapping actions are proposed in order to rationalize the street network in this area, which contains unbuilt mapped streets over sensitive wetland areas. These unbuilt mapped streets are not expected to ever be built, as they extend through regulated wetland areas over other private properties. The mapping actions outside of the development site are intended to rationalize the City map by removing mapped but unbuilt streets from mapped wetland areas. The applicant believes that the mapping actions for the northern portion of Morrow Street would also help facilitate efficient access to the development site and circulation within the development site, and make use of an existing signalized intersection on Forest Avenue. The demapping of the southern (unbuilt) portion of Morrow Street is proposed in response to the desire of DEC to preclude the potential for future development in adjacent undeveloped wetland areas.

A Reasonable Worst Case Development Scenario (RWCDS) has been

established for the environmental review which is definite in terms of UGs and the sizes of development footprints, but is illustrative in terms of tenant uses. The RWCDS includes approximately 92,000 gsf of UG 10A wholesale warehouse space, 67,000 gsf of UG 6 supermarket space, 66,000 gsf of UG 6 or 10A general retail uses, 500 gsf of UG 16 gas station space, 500 gsf of UG 6 automated bank teller space², and 838 at-grade accessory parking spaces. These uses and sizes were chosen to provide a conservative analysis and are based on typical retail uses in similar developments as well as the Applicant's intended development program. With regards to the supermarket and wholesale warehouse, these were included in the RWCDS because they are high generators of vehicle trips and their inclusion provides for a more conservative analysis.

The development site is a vacant wooded parcel with approximately 6.93-acres of mapped DEC and USACE jurisdictional wetland areas along the southern portion of the 28.3-acre zoning lot. The 1,231,609-square foot (sf) site includes: Lot 1 (813,639 sf) and Lot 5 (285,951 sf) of Block 1707; the unbuilt portion of Wemple Street adjacent to Lot 1 (6,964 sf); and the streets bordering the site that are proposed to be demapped (125,055 sf). The development site includes the 7,721-sf area that would be mapped and added to Morrow Street to accommodate the realignment of the intersection of Morrow Street and Forest Avenue with an existing signalized intersection, and the additional 1,102-sf area that would be mapped to provide a cul-desac on the City map at the southern terminus of the Street (the cul-de-sac will not be built). These actions would reduce the size of the development site (Block 1707, Lot 5) by approximately 8,823 sf.

Absent the proposed actions, the development site is assumed to be developed with six new buildings (plus a gas station and automated bank teller), all conforming with existing M1-1 zoning regulations. The new development would total approximately 228,250 gsf. The northern portion of the development site is anticipated to be developed with four new buildings containing five uses (Retail A and B, and Retail/ Office C, D, and F). These buildings would each be one story tall and each use would contain approximately 10,500 gsf of new retail and/or office space. The northern portion of the development site would also contain a gas station (500 gsf) and automated bank teller (500 gsf). The southern portion of the development site would be developed with two new one- to two-story buildings containing six uses (Retail G, H, J, K, L, and T), which would contain approximately 174,750 gsf of new retail space. To fulfill the accessory parking requirements of the retail space, the No Action scenario would also include a total of 736 parking spaces. The No Action project would not require any discretionary approvals, and would not include the mapping or demapping of any City streets. To fulfill the accessory parking requirements of the retail space, the No Action scenario would also include a total of 736 parking spaces.

The analysis year for the proposed action is 2019.

## **Statement of Significant Effect:**

On behalf of the CPC, the Environmental Assessment and Review Division has determined, pursuant to 6 NYCRR Part 617.7, that the proposed action may have a significant effect on the quality of the environment as detailed in the following environmental impacts, and that an environmental impact statement will be required:

- The action, as proposed, may result in significant adverse impacts related to land use, zoning and public policy.
- The action, as proposed, may result in significant adverse impacts related to historic and cultural resources.
- The action, as proposed, may result in significant adverse impacts related to natural resources.
- The action, as proposed, may result in significant adverse impacts related to hazardous materials.
- The action, as proposed, may result in significant adverse impacts related to water and sewer infrastructure.
- 6. The action, as proposed, may result in significant adverse impacts related to transportation.
- The action, as proposed, may result in significant adverse impacts to air quality.

<sup>1</sup> Total includes 218,625 zsf of UG 6 or 10A retail space in five buildings (Retail A through E), a 355 zsf gas station, and a 397 zsf automated bank teller

<sup>2</sup> For purposes of analysis, gross square foot areas are approximate and are calculated based on a 3 percent adjustment to zoning floor area; the gas station and automated bank teller spaces are of roughly equal size in zoning floor area (355 zsf and 397 zsf, respectively) and are therefore assumed to each have approximately 500 gsf of space.

- 8. The action, as proposed, may result in significant adverse noise impacts.
- The action, as proposed, may result in significant adverse public health impacts.
- The action, as proposed, may result in significant adverse impacts related to neighborhood character.
- The action, as proposed, may result in significant adverse construction-related impacts.

## **Supporting Statement:**

The above determination is based on an Environmental Assessment Statement prepared for the action which finds that:

- Land Use, Zoning and Public Policy The action, as proposed, would allow retail establishments with Use Group 6 and Use Group 10 uses in excess of 10,000 zoning square feet, an amount larger than what is currently allowed as of right in an M1-1 district. The proposal would also amend the City Map and would occur within the City's Waterfront Revitalization Program boundaries.
- Historic and Cultural Resources The proposed action would involve in-ground disturbance, the potential for the proposed project to result in impacts to archaeological resources will be analyzed in the EIS. The proposed project site is located in an area of generalized archaeological sensitivity as mapped by the New York State Office of Parks, Recreation, and Historic Preservation (OPRHP). In addition, the site is in close proximity to numerous previously-identified archaeological sites.
- Natural Resources- The proposed action has the potential to impact natural resources. The project site is an undeveloped, vegetated site comprising mixed native upland forest to the north, and wetlands to the south and west. The wetlands are part of a relatively large complex referred to as Graniteville Swamp Woods, which has been identified as a Comprehensive Restoration Plan site by the New York/New Jersey Harbor Estuary Program. The project site is part of the headwaters for Old Place Creek, which flows several miles to the west and supports an extensive complex of salt marsh habitat before draining into the Arthur Kill. It is also within the Harbor Herons Rookery Complex, a regionally significant complex of colonial wading bird and waterfowl breeding and foraging habitat that is of high conservation priority, and is a National Audubon Society-designated Important Bird Area. Rare, threatened or endangered wildlife (e.g., mud turtle, southern leopard frog, seaside sparrow, and least bittern) and plant species have been documented as occurring in northwestern Staten Island and on the basis of the existing habitats and the project site's proximity to adjacent undeveloped areas, have the potential to occur within the project site.
- Hazardous Materials The proposed action could result in new construction and in-ground disturbance within the affected area, which may contain hazardous materials conditions.
- 4. Water and Sewer Infrastructure The proposed action would result in a project site greater than 5 acres and would result in an increase in impervious surfaces. The proposed action would also result in the incremental development of over 100,000 square feet of commercial space.

- 5. Transportation The proposed action is expected to increase vehicular traffic beyond the CEQR threshold of 50 vehicle-trips per project peak hour.
- 6. Air Quality The projected number of heavy-duty trucks or equivalent vehicles will likely exceed the applicable fine particular matter (PM<sub>2.5</sub>) screening thresholds in the CEQR Technical Manual. Additionally, the proposed project would provide new parking facilities which would account for additional impacts of CO and PM from these sources.
- Noise The proposed action could introduce new or additional receptors near heavily trafficked roadways and could have the potential to result in mobile and stationary source noise impacts.
- 8. Public Health The proposed action could result in effects related to air quality, hazardous materials or noise, and consequently public health may be affected.
- 9. Neighborhood Character The proposed action could affect land use, zoning and public policy; historic and cultural resources; transportation; and noise and consequently, the affected area's neighborhood character may be affected.
- 10. Construction Potential significant adverse impacts related to architectural resources and transportation, air quality, noise, hazardous materials and natural resources could also result in construction impacts. Construction activities will involve construction activities within a Central Business District or along an arterial or major thoroughfare and there would be disturbance of a site containing or adjacent to a site containing natural resources. Finally construction would involve several pieces of diesel equipment in a single location at peak construction.

The proposed project would affect various areas of environmental concern and has the potential for significant adverse impacts. The Draft Environmental Impact Statement (DEIS) to be prepared for the proposed action will identify and describe any other potential effects on the environment.

## Public Scoping:

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled for Tuesday, September 27th, 2016, and will be held at 970 Richmond Avenue-121 Precinct Muster Room, New York, Staten Island 10314. The public meeting will be starting at 6:00 pm. Written comments will be accepted by the lead agency until the close of business on Friday, October 7, 2016.

This determination has been prepared in accordance with Article 8 of the Environmental Conservation Law.

## NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

## REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E85, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

## GRAFFITI FREE NYC CUSTOMIZED CARGO TRUCK PURCHASE - Public Bid - PIN#66750001 - Due 9-28-16 at 11:00 A.M.

The New York City Economic Development Corporation (NYCEDC) on behalf of the City of New York is issuing a public bid for the provision of twenty four (24) new customized cargo trucks with fiberglass molded cargo bodies, to be retrofitted and built-out for Graffiti Free NYC Program in accordance to specifications to be provided by NYCEDC.

The Graffiti-Free NYC (GFNYC) program provides removal services to affected public and private properties throughout the five boroughs of New York City. GFNYC employs unique, state of the art spray painting equipment housed on customized trucks, providing the mobility to easily reach areas marred by graffiti. The trucks also contain pressurewashing equipment when painting is not appropriate (e.g. on natural stone surfaces).

It is the policy of NYCEDC to comply with all Federal, State and City laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties to ensure certified Minority and Women-Owned Business Enterprises (MWBEs) share in the economic opportunities generated by NYCEDC's projects and initiatives. Please refer to the Equal Employment and Affirmative Compliance for Non-Construction Contracts Addendum in the RFP.

Companies who have been certified with the New York City Department of Small Business Services as Minority and Women Owned Business Enterprises ("M/WBE") are strongly encouraged to apply. To learn more about M/WBE certification and NYCEDC's M/WBE program, please visit http://www.nycedc.com/opportunitymwdbe.

NYCEDC established the Kick Start Loan programs for Minority, Women and Disadvantaged Business Enterprise (M/W/DBE) interested in working on NYCEDC construction projects. Kick Start Loans facilitates financing for short-term mobilization needs such as insurance, labor, supplies and equipment. Bidders/subcontractors are strongly encouraged to visit the NYCEDC website at www.nycedc.com/ opportunitymwdbe to learn more about the program.

A site visit is required to physically view a prototype vehicle at NYCEDC Brooklyn, base facility. The site visit is scheduled for Friday, September 9, 2016, at 2:00 P.M. Attendees are requested to meet at the Brooklyn Army Terminal, NYCEDC Operations Center, (Building A), at 140 58th Street, Brooklyn, NY 11220.

Respondents may submit questions and/or request clarifications, with regards to the subject matter of the project, from NYCEDC no later than Wednesday, September 14, 2016, at 5:00 P.M. These questions should be directed to graffitifleet@edc.nyc. Any questions or requests for clarifications received after this date will not be answered.
