DEPARTMENT OF TAXES AND ASSESSMENTS.

OFFICE BOARD OF ASSESSORS,
 NO. 19 CHATHAM STREET,
 NEW YORK, January 11, 1877.

To Hon. SMITH ELY, JR., Mayor:

SIR—The Board of Assessors herewith submit a detailed report of their action on the various assessment lists received in this office, from the Departments of Public Works and Public Parks, during the year ending December 31, 1876.

The following summary of the accompanying Schedules "A" and "B," presents at a glance the aggregate amounts, the number of lots or pieces of property assessed, and a comparison thereof with the corresponding work performed in this office during the year 1875:

1876. 172 assessment lists sent to the Board of Revision and Correction of Assessments, and amounting to.....	\$5,667,653 92
And containing pieces of property.....	30,965
1875. 130 Assessment lists sent to the Board of Revision and Correction of Assessments, and amounting to.....	4,814,561 78
And containing pieces of property.....	50,736
1876. 42 lists in excess of 1875.....	
1876. Excess over 1875 amounting to.....	\$853,092 14
1876. Decrease in number of pieces of property over 1875.....	19,971

By a comparison of the number of lists which have been acted upon by this Board during the years 1875 and 1876, it will be seen that there was an increase of forty-two in the last twelve months over the preceding year, while the increase, as shown in the amount of assessments, was little less than twenty per cent., being \$853,092.14.

The exhibit, with reference to the pieces of property assessed, shows a decrease in 1876 of 19,971 over the total of 1875.

In consequence of the change in grade in several streets in the upper portion of the city, considerable damage has been caused to buildings. The claims of applicants therefor under the provision of the Law of 1852, and special acts of the Legislature, have been received and carefully examined. The property has in each instance been personally inspected by this Board, the cost of the necessary repairs and alterations subjected to a rigid scrutiny, and such amounts awarded as were justified by the circumstances in every case submitted to the judgment and decision of this Board. In almost every application for damages the amount claimed was largely in excess of the sum allowed. The aggregate of such claims presented during the year 1876 was \$533,101, while the total amount allowed for damages was \$80,257.

Among the lists which have been acted upon by this Board the Boulevard Improvement is deserving of particular mention. The total cost of this work was two and a half million of dollars, and the number of lots assessed therefor 3,609. Many claims for damages consequent on the prosecution and completion of this work, and the closing of the Bloomingdale Road and other streets in that section of the island have been received, and are under consideration. As there are important legal points to be examined and decided in connection with this matter, and as some of the questions involved are now awaiting the decision of the proper tribunal, the action of this Board, on this class of claims, is necessarily delayed thereby.

Very respectfully,

THOS. B. ASTEN,
 Chairman Board of Assessors.
