PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, BY WILLIAM R. WILCOX, Chairman.

TRAVIS H. WHITNEY, Secretary. j15,30

INVITATION TO CONTRACTORS.

PART OF ROUTES NO. 36 AND 37.

THE CITY OF NEW YORK, ACTING BY THE Public Service Commission for the First District (hereinafter called "the Commission")

invites proposals to construct Section No. 2 of the Astoria, Woodside and Corona Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

SECTION NO. 2. Beginning at a point on Second (formerly Debevoise) avenue in the Borough of Queens about three hundred (300) feet south of the centre line of Beebe avenue and extending thence along and over the Second avenue to a point about three hundred and thirty (330) feet south of the centre line of Ditmars avenue; with local stations at Beebe avenue, Washington avenue, Broadway, Grand avenue, and Ditmars avenue, and with an express station at Hoyt avenue.

The general plan of construction calls for an elevated railroad. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks or ties, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections, along the Second avenue Railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care of all buildings, monuments, surface railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York, until the 28th day of January, 1913, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required will be found in the schedule forming a part of the form of Contractor's Proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad of Routes No. 36 & 37, Section No. 2." The envelope must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in the City of New York, satisfactory to the Commission, and payable to the order of the Comptroller of the City of New York for the sum of fifteen thousand (\$15,000) dollars. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for fifty thousand (\$50,000) dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor shall be deducted until the amounts so deducted and retained shall equal the sum of one hundred thousand (\$100,000) dollars. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amount certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York in full market value to the amount so withdrawn.

JOSEPH HAAG, Secretary.
New York, December 19, 1912 17.30

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held December 5, 1912, the following petition was received:

To the Board of Estimate and Apportionment of The City of New York:

Your petitioner, New York, Westchester and Boston Railway Company, respectfully shows to your Honorable Board as follows:
That it is a consolidated railroad corporation of the State of New York, formed by the consolidation of the New York, Westchester and Boston Railway Company and the New York and Putnam Railroad Company, by a consolidation agreement approved by the Public Service Commission of the Second District of the State of New York, filed and recorded in the office of the Secretary of State on the 18th day of January, 1910.

That your petitioner, by ordinance of August 2, 1904, was granted the right to cross certain streets and highways, and the privilege to construct and operate a four-track railway, with all connections, turnouts, switches and appurtenances necessary for the accommodation and operation of said railway in, upon and across certain streets, avenues, parkways, highways and public places, all situate in the Borough of The Bronx, City, County and State of New York.

That said ordinance has been amended by resolution of your Honorable Board, dated July 14, 1905, approved by the Mayor July 21, 1905, and by contracts between the New York, Westchester and Boston Railway Company and The City of New York, dated, respectively, the 29th day of January, 1909, the 29th day of January, 1909, the 2d day of August, 1911, the 28th day of May, 1912, and the 28th day of May, 1912.

That the transfer of the rights and privileges granted by said ordinance and amendments, by the original New York, Westchester and Boston Railway Company to the consolidated corporation, the present petitioner, was consented to by your Honorable Board by resolution adopted December 17, 1905, and approved by the Mayor December 21, 1905.

That your petitioner has duly carried out and performed each and every condition of the said ordinance as amended as aforesaid, and has constructed and is now operating thereunder its railroad in The City of New York, from the terminus at the Harlem River to the boundary line between The City of New York and the City of Mount Vernon, and from that point is operating its main line as far as a point in the City of New Rochelle, Westchester County, New York, and its White Plains Branch as far as its terminus in the Village of White Plains, Westchester County, New York.

That Westchester Northern Railroad Company is a domestic railroad corporation which has a line located, but not constructed, commencing at a point in the said Village of White Plains, where it forms a connection with the line of your petitioner, and extending northerly therefrom to a point near the Town of Danbury, Connecticut, with a branch line commencing at a point on the main line in the Town of Pound Ridge, Westchester County, New York, and extending therefrom to a point near the Town of Brewster, in the County of Putnam, New York.

That the located line of said Westchester Northern Railroad Company, and the White Plains Branch of your petitioner's railroad, form a connected and continuous line of railroad from the Harlem River in Danbury, Connecticut, and to Brewster, New York.

That the said Westchester Northern Railroad Company has obtained a certificate of convenience and necessity from the Public Service Commission of the Second District, and has also obtained the necessary franchises and consents to enable it to cross streets, avenues, highways and public places along the route of its railroad, and to construct the same.

That your petitioner and said Westchester Northern Railroad Company propose to enter into a joint agreement of consolidation and merger under the provisions of the Railroad Law of the State of New York, for the purpose of forming one consolidated corporation to hold, maintain and operate as one single, continuous system of railroad the present line of your petitioner and the line of the said Westchester Northern Railroad Company, and if and when the said consolidation is effected your petitioner verily believes that the said line now of the Westchester Northern Railroad Company will be speedily constructed.

That the directors of both corporations have entered into a joint agreement, in manner and form as provided for in and by the Railroad Corporation Law of the State of New York, which said agreement has received the written consent of more than two-thirds of the stockholders of your petitioner.

That your petitioner is informed by all of the stockholders of the Westchester Northern Railroad Company that they will give their consent to the writing when and as soon as your Honorable Board has approved of and consented to the consolidation, and verily believes these statements to be true.

That your petitioner and said Westchester Northern Railroad Company have joined in a petition to the Public Service Commission, Second District, praying for their consent to and approval of said joint agreement and consolidation, which said petition is now pending.

The line of railroad of said Westchester Northern Railroad Company extends through a territory which is now devoid of adequate facilities for convenient rapid transit to and from The City of New York, and it is your petitioner's belief that if such consolidation takes place and the railroad is constructed, that the line of railroad of the consolidated corporation will be of great benefit, not only to the territory through which the proposed line is located, but also to The City of New York, and will furnish a comprehensive system of quick and convenient transportation facilities for residents of this city and also for the residents of that portion of Westchester and Putnam County served by the proposed line of railroad.

That it is provided in and by paragraph Sixth of Section Two of the said ordinance of August 2, 1904, that the rights and privileges granted thereby shall not be assigned, either in whole or in part, or lease or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the New York, Westchester and Boston Railway Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by its Board of Estimate and Apportionment, or its instrument in authority, evidenced by an instrument under seal.

That the said joint agreement provides that the name of the new consolidated corporation is to be New York, Westchester and Boston Railway Company, the same as the name of your petitioner. That the reason why this name is adopted is because your petitioner has a large number of outstanding bonds secured by mortgage, which said mortgage provides that, in the event of consolidation, the consolidated corporation by filing an instrument in writing with the

trustee of the said mortgage, thereby renders the said mortgage and bonds secured thereby the mortgage of the consolidated company, and may issue additional bonds for corporate purposes under the provisions of the said mortgage without providing a new mortgage and a new issue of bonds; and, in order to avoid confusion with respect to the said mortgage and bonds, it is necessary that the name of the consolidated corporation should be the same as the name of your petitioner.

Wherefore, your petitioner respectfully prays that your Honorable Board do give its consent, evidenced in manner and form as provided in said portion of said ordinance, that the rights and privileges granted by said ordinance, and the right, title, interest and property therein and thereto of your petitioner, as the said ordinance now stands amended, may be vested, according to law, in a railroad corporation to be formed by the consolidation of New York, Westchester and Boston Railway Company and the Westchester Northern Railroad Company.

And your petitioner will ever pray.
Dated this 18th day of November, 1912.

First—The said right and privilege to lay, construct and operate multiple wires or other electrical conductors in conduits for the pur-

pose aforesaid shall be held and enjoyed by the Company, its successors or assigns, for the term of fifteen (15) years from the date on which this contract is signed by the Mayor, with the privilege of renewal, and with option for a further period of ten (10) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be consistent if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the percentage required to be paid during the year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for each succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the percentage required to be paid for the last year prior to the termination of the original term of this contract; and, if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement, fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company. These two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experiences and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual percentage shall in any event be less than the percentage required to be paid for the last year prior to the termination of the original term of this contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate, then prevailing until the rate is determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the said privilege the following sums of money:

(a) The sum of seven thousand five hundred dollars (\$7,500) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) The further sum of five thousand dollars (\$5,000) in cash for use and occupation of the streets to be paid within thirty (30) days after the date on which this contract is signed by the Mayor.

(c) During the first five years of this contract an annual sum which shall be not less than five thousand dollars (\$5,000), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five thousand dollars (\$5,000). During the remaining five years of this contract an annual sum which shall in no case be less than six thousand dollars (\$6,000) and which shall be equal to three (3) per cent. of the gross annual receipts of the Company, if such percentage shall exceed the sum of six thousand dollars (\$6,000).

During the remaining five years of this contract an annual sum which shall in no case be less than seven thousand dollars (\$7,000), and which shall be equal to three (3) per cent. of the gross annual receipts of the Company, if such percentage shall exceed the sum of seven thousand dollars (\$7,000).

The gross annual receipts of the Company, mentioned above, shall be deemed to include and shall include all receipts from messenger service connected with and dependent upon the operation of the wires, call boxes and other signaling apparatus hereby authorized, whether furnished by the Company or by any other company operating in the streets of the City or otherwise.

All annual charges, as above, shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 of the year preceding, and the moneys due when this contract is signed by the Mayor shall be paid into the Treasury of the City within thirty (30) days immediately following such date, and provided further that the first annual payment shall be only for that portion of the first annual charge as the time between the date on which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The said annual charges or payments, as above specified, shall continue in force for the whole term of this contract (whether original or renewal), notwithstanding any change in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and the Company hereby grants, or any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to the provisions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions as to payments, any statute or any condition herein contained to the contrary notwithstanding, and that the assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or lease or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the con-

solidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, that portion of the plant and property of the Company used for maintaining and operating an electrical signal system for the calling of messengers, lying within the streets and highways of the City shall become the property of the City without cost, and the same may be used by the City for any purpose whatsoever.

If, however, at the termination of this grant, as above, the City, by the Board, shall so order by resolution, the Company shall, on thirty (30) days' notice from the Board, remove any and all of its wires and all electrical conductors, or any portion thereof, from any or all of the streets and public places within the limits of the City, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City, who have jurisdiction in such matters, as provided by the charter of the City and in strict compliance with all laws or ordinances or departmental rules and regulations, now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electric system shall be commenced until written permits have been obtained from the proper City officials. In any permits so issued such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

Upon the completion of any work of construction the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of all structures erected, installed or constructed under this contract and the location and dimensions of all sub-structures encountered during the progress of the work. The depth below the street surface of the new structure and of the substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb-line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues or in private property, shall be constructed and installed subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, connections, instruments and all appliances thereon shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve and alter its plant, conduits, wires, connections, instruments and appliances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the directions of the Board within a reasonable time the rights hereby granted shall cease and terminate.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the Company or company having control thereof under the provisions of law, or from the City should it succeed to the rights of such Company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be required for the operation of the messenger system hereby authorized. No cables or wires shall, in the future, be strung above the surface of the streets and avenues by the Company, and those at present in existence shall be removed and placed under ground wires and where removed by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant. Tenth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is operating, not personally in arrears to it for service already rendered, extend its wires to such premises and furnish a messenger call box to such individual or corporation, provided that such premises are not more than one-half mile from any other premises in which the Company has its apparatus installed at the time such request is made.

Eleventh—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on September 30 preceding, and the streets in or over which the same were located; and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity on or before the tenth day of each month a map or plan of the locations in which wires have been placed by it during the preceding month.

Twelfth—The rates to be charged by the Company shall not be in excess of the following and it is agreed that the same may be altered or changed by the Board as hereinafter provided:

For messenger service by the hour, the sum of thirty cents (30c.) per hour or fraction thereof. For other messenger service, the rates at present charged by the Company to be set forth on the map and chart marked "Exhibit A" attached to this contract and made a part hereof.

The Company agrees, upon request of any Board, Department or Bureau of the City government to install messenger call-boxes and to furnish messenger service to any and all buildings under the control of such Board, Department or Bureau at rates not to exceed seventy-five (75) per cent. of the rates charged by the Company to any other individual or corporation for similar service.

Thirteenth—During the term of this contract or any renewal thereof the Board shall have the power by resolution to regulate and fix the maximum rates to be charged by the Company in the City, provided such rates shall be reasonable and fair.

Fourteenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts to pay the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service be-

cause any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purpose than those explicitly set forth herein, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Seventeenth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

Eighteenth—If the Company shall fail to give efficient public service at the rates here fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City a sum of one hundred dollars (\$100) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

If for a period of three consecutive months the messenger system of the Company shall not be operated, or if the same shall not be operated for a period of six months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings at law or in equity. Nineteenth—The Company shall at all times keep accurate books of accounts and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the system hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers and books.

Twentieth—The Company shall submit a report to the Board not later than November 1 of each year for the year ending September 30 next preceding, and at any other time on request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The amount of floating debt.
8. The total amount of funded and floating debt.

The average rate per annum of interest on funded debt.

9. The amount of dividends paid during the year and the rate of same.
10. The names of the directors and officers elected at the last meeting of the corporation held for such purpose.
11. Location, value and amounts paid for real estate owned by the Company.
12. Number and location of premises connected with Company's central stations.
13. The amount paid for damage to persons or property on account of construction and operation.
14. The total income during the year, giving the amount from each class of business.
15. The total expenses for operation, including salaries.

—And such other information in regard to the business of the Company as may be required by the Board.

Twenty-first—This grant is upon the express condition that the Company within thirty (30) days after the execution of this contract, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars (\$10,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the charges for the franchise and securities in default of which payment of the annual charge the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnishing of service to applicants, as herein provided, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in any case and in any of these events the Company shall pay to the City a penalty of fifty dollars (\$50) for each violation.

The procedure for the imposition and collection of the penalties provided in the grant shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing the President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in default, said Board shall forthwith impose the prescribed penalty, or where the amount of such penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him.

In case of failure of the Company to comply with the terms of this contract, the Board may, upon ten (10) days' notice to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars (\$10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall be maintained by any legal remedy or cause of action belonging to the City.

Twenty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Council, on notice of ten (10) days to the Company, or at the option of the Board by

resolution of said Board, which resolution may contain a provision to the effect that the system constructed and in use by virtue of this contract in the streets and avenues shall thereupon become the property of the City without proceeding at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such resolution, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-third—If at any time the power of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall be deemed to be the Board for all purposes hereunder.

Twenty-fourth—The words "notice" or "direction" wherever used in this contract, shall be deemed to be equivalent to a written notice or direction for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above stated shall be deemed to be the time of delivery or mailing.

Twenty-fifth—The words "streets and avenues" or "streets or avenues" wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, courtyards, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, included within the limits of the territory in which the Company is hereby authorized to operate.

Twenty-sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Police Service Commission under the Laws of the State of New York.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, its Mayor, heretofore duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 191 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesses:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway with the necessary wires and equipment for the purpose of conveying passengers only, in the Borough of The Bronx, in The City of New York, upon the following route, to wit: Beginning at and connecting with the existing tracks of the Company in Morris avenue, at or near its intersection with East 161st street; thence northerly upon and along Morris avenue to its intersection with East 167th street and there connecting with the existing tracks of the Company in East 167th street.

And to cross such other streets and avenues named and unnamed, as may be encountered in said route.

The said route, with turnouts, switches and crossovers, hereby authorized, is shown upon a map entitled:

"Map showing proposed extension of the Union Railway Co. of New York City, in the Borough of The Bronx," City of New York. To Accompany Petition dated Oct. 14th, 1912, to the Board of Estimate and Apportionment—and signed by Edward A. Maher, vice-president, and T. F. Mullane, chief engineer; a copy of which is attached hereto, is to be deemed a part of this contract, and a copy of the same shall be filed with the City Clerk, together with the text thereof, and it is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the City, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law, to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until March 1, 1924, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract, and the determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be less than the amount then in effect at the time of the expiration of the original term, and in no case shall the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year of the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may have their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, the original term of this contract shall nevertheless continue, and the Company shall pay the annual rate therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sum of money:

(A) The sum of five hundred dollars (\$500) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

venues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the city has title or over which the public has an

casement, encountered in the route heretofore described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of Article 5, and the other provisions of the Railroad Law pertaining hereto, shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereto signed and the corporate seal of said City to be hereto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereto signed and its corporate seal to be hereto affixed, the day and year first above written.
