6. Section 2, Ninth, of said contract of June 29, 1911, is hereby amended by striking out in the fourth paragraph thereof the words "if any."

7. All of Section 2, Eleventh, of said contract of June 29, 1911, is hereby stricken out, and the following substituted therefor:

"Eleventh—Cars may be operated upon said tracks designated in Section 1 hereof as Main Track A and the spurs or turnouts therefrom numbered 1 and 2 by steam locomotives, which shall be housed or boxed so as to conform with the type commonly known as the "dummy engine," or by any other motive power which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York. Cars may be operated upon the remaining said tracks described in Section 1 hereof by electric power or by any other motive power except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York. It is understood, however, that no overhead wires, except trolley wires, shall be permitted for the operation of said tracks by electric power."

8. Section 2, Twelfth, of said contract of June 29, 1911, is hereby amended by striking out therefrom the word "passengers" and inserting in lieu thereof the word "pedestrians."

9. Section 2, Nineteenth, of said contract of June 29, 1911, is hereby amended by striking out in the third line thereof the word "street."

10. All of Section 2, Twenty-fifth, of said contract of June 29, 1911, is hereby stricken out and the following substituted therefor:

"Twenty-fifth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of Five thousand dollars (\$5,000), and on or before December 31, 1915, shall deposit with the Comptroller an additional sum of Two thousand five hundred dollars (\$2,500), either in money or securities, to be approved by him, both of which sums shall constitute a fund which shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at reasonable rates, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railroad and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the obstruction of traffic, the maintenance of gates and flagmen, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, all of which sums shall be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of seven thousand five hundred dollars (\$7,500), and in default thereof, this contract shall be canceled and annulled at the option of the Board, acting on behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City."

11. Section 2 of said contract of June 29, 1911, is hereby further amended by adding at the end thereof the following additional clauses, numbered, respectively, Thirtieth, Thirty-first, Thirty-second, Thirty-third, Thirty-fourth, Thirty-fifth, Thirty-sixth, Thirty-seventh, Thirty-eighth and Thirty-ninth.

Thirtieth—The words "Jay Street Terminals" wherever used in this contract shall be deemed to mean the freight yards or terminals, so-called, at the present time lying within the districts generally described as follows:

Old Terminal:
Bounded on the north by the East River; bounded on the east by Gold Street; bounded on the south by John Street; bounded on the west by Jay Street.

New or Proposed Terminal:
Bounded on the north by the East River; bounded on the east by Main Street; bounded on the south by Water Street; bounded on the west by New Dock Street.

—or as such yards or terminals may hereafter be extended or changed; together with the tracks, connections, turnouts and switches contained in or comprising said yards or terminals, which said yards or terminals are maintained or operated either by the firm or partnership known as The Jay Street Terminal or by any individual, firm or corporation which may acquire or succeed to the rights or interests of the said The Jay Street Terminal in or to either or both of said yards or terminals.

Thirty-first—The words "South Brooklyn Marginal Freight Railroad" wherever used in this contract shall be deemed to mean any freight railroad along or near the waterfront in the Borough of Brooklyn, westerly or southwesterly from the tracks or extensions herein authorized, which shall be constructed or operated by the

City, or under a contract with the City, any part of which railroad shall be so located that a connection can be made with the tracks or extensions of the Company herein authorized, or with any portion thereof.

Thirty-second—The Company hereby agrees that the City shall have, and it hereby grants to the City, the right to use in common with the Company the tracks, structures, equipment and power of the Company, necessary for the operation of cars and locomotives of or from the South Brooklyn Marginal Freight Railroad upon that portion of the tracks and extensions herein authorized, described as follows:

Beginning at a point in Extension B where the same is intersected by the tracks hereinabove described as Extension D; thence westerly along Plymouth Street to the westerly line of Main Street, also southerly along Main Street over the tracks hereinabove described as Extension E, together with all connections, turnouts or sidings which are now or may hereafter be authorized from said Extension E and that portion of Extension B herein described.

Such use shall be permitted to the City upon notice to the Company by resolution of the Board. The compensation to be paid by the City for such use shall be fixed by agreement between the City and the Company. In case of failure of the City and the Company to agree, however, upon such compensation, the City shall nevertheless have the right, after the expiration of thirty (30) days from the date of such notice as above, to make the necessary connection or connections with the tracks above described and thereafter use such tracks for the operation thereon of cars and locomotives of or from the South Brooklyn Marginal Freight Railroad. The compensation to be paid by the City for the use of such tracks, structures, equipment and power shall in such case be determined by arbitrators selected in the manner provided by this contract.

It is agreed that nothing herein contained shall be construed to give to the South Brooklyn Marginal Freight Railroad the right to use the locomotives or rolling stock of any kind of The Jay Street Connecting Railroad.

Thirty-third—The City and the Company hereby agree to interchange loaded or empty cars between the railroad of the Company and the South Brooklyn Marginal Freight Railroad at transfer points to be hereafter agreed upon between the City and the Company; the Company, on its part and behalf agreeing to accept such cars from said South Brooklyn Marginal Freight Railroad and deliver the same to any point along its railroad, or to the Jay Street Terminals as herein defined, at the same rates as similar service is performed for any individual, firm or corporation served by the Company, and the City on behalf of the South Brooklyn Marginal Freight Railroad agreeing to accept such cars from the railroad of the Company and deliver the same to any point along the said South Brooklyn Marginal Freight Railroad at the same rates as similar service is performed for any individual, firm or corporation served by said South Brooklyn Marginal Freight Railroad.

The City and the Company shall share equally the cost of providing and maintaining the necessary transfer facilities at such points as may be agreed upon as above.

Thirty-fourth—It is agreed that the Board, upon six (6) months' notice to the Company, shall have the right to terminate the rights and privileges hereby granted as to Extensions C and D hereinabove described, and all connections therefrom. Such right may be exercised by the Board at any time after the expiration of ten (10) years from and after July 1, 1915, except that in the event the City shall exercise its right to acquire or condemn the remaining tracks of the Company, known and described herein as Main Track, Extension B and Extension E, together with the connections therefrom, and also the terminal property or properties herein defined as the Jay Street Terminals, then the right of the Board to terminate the franchise as to said Extensions C and D and the connections therefrom may be exercised and such termination shall take effect as of the date when the City shall become vested with title to the tracks and property acquired under condemnation proceedings, as herein provided. The right of the Board to terminate the franchise as to Extensions C and D and the connections therefrom shall, however, be upon condition that the City shall pay to the Company an amount to be determined as follows: Beginning with the date of the completion of construction or installation of the tracks, structures and equipment which may be recaptured as herein provided, or of any portion thereof, should said tracks, structures and equipment be constructed or installed at different periods, it shall be assumed that the Company has provided a fund to consist of such payments made annually out of the revenues of the Company, computed at four (4) per cent. compound interest, as will at the end of the term of this contract equal the actual cost of such property when constructed or installed. The accumulations from such fund which may or should have accrued up to the time when the City shall exercise its right of recapture shall be deducted from such actual cost of such tracks, structures and equipment to be recaptured and the remainder shall represent the sum which the City shall pay to the Company for such tracks, structures and equipment; provided, however, that in no event shall the sum to be paid by the City to the Company exceed the actual value of the tracks, structures and equipment to be recaptured, at the time of such recapture, and provided further that no compensation shall be paid to the Company for any tracks, structures or equipment forming or included in any connection with the building or premises of any individual, firm or corporation where such tracks, structures or equipment have been constructed or installed at the expense of such individual, firm or corporation.

At the time of the recapture of the tracks, structures and equipment as herein provided, the Company shall furnish the Board a statement of statements, verified under oath by an officer of the Company, containing in detail the actual cost of such tracks, structures and equipment to be recaptured, the actual value thereof at the time of recapture and also the accumulations which have or should have accrued as the fund above provided for. Should any disagreement arise between the City and the Company as to whether the actual cost of the tracks, structures and equipment when constructed or installed exceeded the fair value thereof at the time of such construction or installation, or as to the actual value of the tracks, structures and equipment at the time of recapture, the question shall be submitted to arbitrators, as hereinafter provided, and the fair value of such tracks, structures and equipment when constructed, as determined by said arbitrators, shall be taken as and for the actual cost thereof for the purposes herein specified.

In case the question of the fair value of the tracks, structures and equipment to be recaptured shall be submitted to arbitrators, as hereinabove provided, and such arbitrators shall determine as such fair value, a sum less than the actual cost of the property as certified by the Company and upon which it is assumed that the aforesaid fund is based, then the amount to be deducted upon the recapture of the property, as hereinabove provided, shall be reduced in a like proportion.

Thirty-fifth—The rights hereby granted shall not become operative until the Company shall itself execute and shall procure and cause to be

executed by the firm or partnership known as The Jay Street Terminal, proved in proper form for record, and shall deliver to the Board an agreement whereby and wherein the Company shall consent on behalf of itself, its successors and assigns, to the condemnation by the City of any and all of the remaining tracks known and described herein as Main Track, Extension B and Extension E, together with the connections therefrom and the structures and equipment within the streets and the franchise authorizing the same owned by the Company as part of or in connection with the railroad authorized by this contract or as the same may be hereafter notified. Such consent shall only become operative in the event that the City shall acquire, by condemnation or otherwise, the Jay Street Terminals, as herein defined.

In said agreement the Company shall further agree that in any such condemnation proceeding no award or compensation shall be claimed for the value of the franchise granted by this contract or as the same may be hereafter modified.

Said agreement shall further provide that said The Jay Street Terminal shall agree that during such time as it shall maintain or engage in the business of operating or maintaining a freight terminal, lighterage or car-float service, it will receive, handle and lighter at, to or from the Jay Street Terminals, as herein defined, the cars coming from or destined to the South Brooklyn Marginal Freight Railroad, and furnish the necessary car-float service for the handling or transit of such cars between the Jay Street Terminals as herein defined and any of the trunk line railroads with which they have connection.

The said The Jay Street Terminal shall further agree that the service to be furnished the South Brooklyn Marginal Freight Railroad shall be the same service furnished to the Company and at the same rates as may be charged for similar service to the Company.

Thirty-sixth—The Board, upon application of the Company, may by a resolution authorize the construction, maintenance and operation of such further connections, in addition to those herein authorized, as may be necessary to permit the Company to furnish service to any individual, firm or corporation whose building or premises shall be situated on any of the streets or avenues through or along which the Company is herein authorized to construct, maintain and operate its tracks or extensions.

Thirty-seventh—The Board may, by resolution, direct the Company to construct such further reasonable and practicable connections, in addition to those herein authorized, as may be necessary to permit the Company to furnish service to any individual, firm or corporation whose building or premises shall be situated on any of the streets or avenues through or along which the Company is herein authorized to construct, maintain and operate its tracks or extensions. The cost of constructing such connections shall be borne by the individual, firm or corporation whose building or premises is so connected. The connections shall, however, when constructed, be the property of the Company and shall be a part of the railroad herein authorized. If and when so directed, the Company agrees to construct and to thereafter maintain and operate such necessary connections and to furnish service to such individual, firm or corporation in the same manner and at the same rates as such class of service is furnished to any other individual, firm or corporation served by the Company. It is agreed by the parties hereto, and it is the intention of this contract, that the Company shall maintain as part of its railroad the connections referred to in this subdivision. Nothing contained in this subdivision shall, however, prejudice the right of the Company to recover the cost of such maintenance from the individual, firm or corporation whose premises may be connected, as herein provided. In case of the failure of the Company to construct any such connection within four (4) months after being so directed by the Board, and after such individual, firm or corporation has paid, or in writing agreed to pay, the cost of construction thereof, or in case of the Company's failure to thereafter maintain and operate the said connections and furnish its service as herein provided, the rights hereby granted may be forfeited by resolution of the Board.

Thirty-eighth—Should it be necessary to submit any question or matter to arbitration, pursuant to the terms of this contract, the arbitrators shall be disinterested persons appointed in the following manner:

When the necessity for such arbitration arises, either party may appoint its arbitrator and give written notice of such appointment to the other party. Within thirty (30) days after the receipt of such notice, such other party shall appoint its arbitrator. Within thirty (30) days after the appointment of the second arbitrator, the two arbitrators so appointed shall choose a third arbitrator. A determination concurred in by any two of such arbitrators shall be conclusive and binding upon the parties hereto. Should either party fail to appoint its arbitrator within thirty (30) days after notice from the other party as above, or should the two arbitrators appointed as above fail to choose the third arbitrator within thirty (30) days after their appointment, then the question or matter shall be determined by a referee or commissioner appointed by the Supreme Court on the application of either party. Should no two arbitrators concur in a determination within sixty (60) days after the appointment of all the arbitrators as above, then such submission to arbitrators shall be deemed to have been revoked, any provision of law to the contrary notwithstanding, and no written revocation shall be necessary; the question or matter shall in such case be determined by a referee or commissioner appointed by the Supreme Court on the application of either party.

The compensation and expenses of the said arbitrators or of said referee or commissioner shall be borne jointly by the City and the Company, each paying one-half thereof.

Thirty-ninth—This contract and the rights of the parties under it shall at the option of the Company cease and determine if The Jay Street Terminal goes out of the lighterage and terminal business.

12. All of Section 4 of said contract of June 29, 1911, is hereby stricken out and the following substituted therefor:

"Sec. 4. This grant is also upon the further and express condition that all the provisions of the Railroad Law pertinent thereto shall be strictly complied with by the Company."

Section 2. The grant of this privilege is subject to the following conditions: First—All the terms, provisions and conditions contained in said contract dated June 29, 1911, excepting those which are herein expressly amended or modified, shall remain unchanged and shall apply to the routes herein described in Section 1 of this contract with the same force and effect as when they applied to the routes described in said contract dated June 29, 1911.

Section 3. It is understood and agreed by the parties hereto that the security deposit of Five thousand dollars (\$5,000) required by Section 1, clause 10, of this contract to be made within thirty (30) days after the signing of this contract by the Mayor, refers to and is intended to mean the sum of Five thousand dollars (\$5,000) heretofore deposited with the Comptroller of the City, pursuant to the terms of the said contract of June 29, 1911.

Section 4. The Company covenants and agrees to abandon and relinquish, and does hereby abandon, surrender and relinquish to the City

all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on those portions of the route described in the said contract dated June 29, 1911, which are not covered by the description of the new and amended routes as herein described, and which are not shown on the map of such new and amended routes, a copy of which is attached hereto and made a part hereof.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

IN WITNESS WHEREOF, The party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

WHEREAS, The Railroad Company, on or about April 13, 1915, applied to the Board of Estimate and Apportionment as the local authority of the City for a modification of its franchise contract dated June 29, 1911, by changing or amending the routes or location of the railroad tracks authorized by said contract and authorizing the construction, maintenance and operation of additional railroad tracks, all of such tracks being within a district in the Borough of Brooklyn, bounded generally as follows:

"On the north by the East River; on the east by Gold Street; on the south by Front Street; on the west by Dock Street and New Dock Street."

and WHEREAS, On _____, 1915, a resolution consenting to such amendment or modification of said contract dated June 29, 1911, and authorizing the Mayor to execute and deliver the contract containing such amendment or modification, in the name and on behalf of the City, was approved by the Mayor; and

WHEREAS, Said contract provides that the amendment or modification contained therein shall not become operative until the Railroad Company shall itself execute and procure and cause to be executed by the Terminal Company, proved in proper form for record, and deliver to the Board of Estimate and Apportionment a certain agreement, the terms and conditions of which are fully set forth in said contract;

NOW, THEREFORE, In consideration of the premises and of the sum of One Dollar by each of the parties of the first and second parts to the other paid, the receipt whereof is hereby acknowledged, the parties of the first and second parts do hereby agree with each other and with the party of the third part, as follows:

First—The Railroad Company hereby consents, on behalf of itself, its successors and assigns, to the condemnation by the City of any and all tracks, structures and equipment within the streets (except as hereinafter specified) and the franchise authorizing the same, owned by said Railroad Company as part of or in connection with its railroad as the same is authorized by said contract of June 29, 1911, as modified by said contract authorized by said resolution approved by the Mayor _____, 1915, or as the same may be hereafter modified. This consent shall only become operative in the event that the City shall acquire, by condemnation or otherwise, the Jay Street Terminals as defined in said contract of June 29, 1911, as modified by said contract authorized by said resolution approved by the Mayor _____, 1915, or as the same may be hereafter modified.

Second—The Railroad Company further agrees that in any such condemnation proceeding no award or compensation shall be claimed by or paid to said Railroad Company for the value of the franchise granted by said contract of June

29, 1911, as modified by said contract authorized by said resolution approved by the Mayor 1915, or as the same may be hereafter modified.

The service to be furnished to the said South Brooklyn Marginal Freight Railroad shall be the same service furnished to the Railroad Company and shall be furnished at the same rates as may be charged by the Terminal Company for similar service to the Railroad Company.

Fourth—The foregoing provisions shall be binding upon the said Railroad Company and the said Terminal Company, their successors and assigns.

In WITNESS WHEREOF, The Railroad Company by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, and the Terminal Company has duly executed this agreement, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
