■ PUBLIC HEARINGS

**CORRECTED NOTICE OF PUBLIC SCOPING
Draft Scope of Work for an Environmental Impact Statement (EIS)**

ECF East 96th Street Project

NOTICE IS HEREBY GIVEN that a public scoping meeting will be held on Wednesday, June 29, 2016, beginning at 5:30 P.M., at the Park East High School, 230 East 105th Street, New York, NY.

The purpose of the scoping meeting is to provide the public with the opportunity to comment on the Draft Scope of Work proposed to be used to develop an Environmental Impact Statement (EIS) for the proposed ECF East 96th Street project. Comments on the Draft Scope of Work are invited and may be presented at the public scoping meeting and/or may be submitted in writing to the New York City Educational Construction Fund (ECF) until Monday, July 10, 2016, at the email and contact addresses below.

Directing that an Environmental Impact Statement be prepared, the Environmental Assessment, Positive Declaration, and Draft Scope of Work were issued by ECF on June 10, 2016, and are available for review from the contact person listed below and on the ECF website at <http://schools.nyc.gov/community/facilities/ecf/default.htm>.

The co-applicants, ECF and AvalonBay Communities, Inc. (AvalonBay), are seeking a rezoning and other actions to allow the construction of a mixed-use building, a replacement facility for the existing School of Cooperative Technical Education (SCTE), a new facility for the relocation of two existing neighborhood public high schools, and relocation of an existing jointly-operated playground on Block 1668, Lot 1, in the East Harlem neighborhood of Manhattan. The proposed project involves the construction of a mixed-use tower on Second Avenue containing a 135,000-gross square foot (gsf) public technical school - a replacement facility for the existing SCTE on the project site - as well as approximately 25,000 gsf of retail space, and approximately 1,015,000 gsf of residential floor area (1,100-1,200 units), of which 70 percent will be market rate and 30 percent will be permanently affordable. Following the demolition of the existing SCTE, the co-applicants will construct a 135,000 gsf building on First Avenue that will house two public high schools. The jointly-operated playground currently on the western portion of the project site would be relocated to the center of the project block. It is anticipated that site preparation and construction for the project would commence in 2018 and is expected it would be complete and operational in 2023.

The proposed project will require several discretionary actions, including: a zoning map amendment to change the portion 100 feet east of 2nd Avenue from R10A and R7-2 to a C2-8 District and the remainder of Block 1668 from R7-2 and R10A districts to a R10 district; amendments to the Zoning Resolution to allow distribution of lot coverage and to establish a Mandatory Inclusionary Housing designated area; a special permit to allow distribution of lot coverage and waiver of height and setback restrictions; a special permit to reduce parking requirements applicable to non-income restricted residences; certifications to modify restrictions on location of curb cuts; and a certification that a transit easement is not required. The proposed project also will require approval of a home rule message by the New York City Council and legislation by the New York State Legislature to authorize the alienation and disposition to ECF of the existing jointly-operated playground, and its replacement with an equivalent amount of jointly-operated playground. The project also involves a transfer of the City-Owned property (the site) to ECF, which would lease a portion of the property to the designated developer, AvalonBay. ECF would convey the schools to the City (acting through the New York City Department of Education (DOE) and re-convey control of the jointly-operated playground to DOE and the New York City Department of Parks and Recreation. To facilitate construction of the schools, ECF would issue tax-exempt bonds.

- *Win More Contracts at nyc.gov/competetowin*

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general

service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

SPECIAL MATERIALS**OFFICE OF MANAGEMENT AND BUDGET****■ NOTICE**

**CITY OF NEW YORK
OFFICE OF MANAGEMENT AND BUDGET (NYCOMB)
New York City Economic Development Corporation (NYCEDC)
COMMUNITY DEVELOPMENT BLOCK GRANT DISASTER
RECOVERY (CDBG-DR)**

NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS**REQUEST FOR RELEASE OF FUNDS**

On or about July 5, 2016, the City of New York (the City) anticipates submitting a request to the U. S. Department of Housing and Urban Development (HUD) for the release of CDBG-DR funds authorized by the "Disaster Relief Appropriations Act, 2013" (Public Law 113-2) to undertake the construction of Solatube Daylighting Systems in the boroughs of Brooklyn, Queens, and Staten Island in New York City as part of the Resiliency Innovations for a Stronger Economy (RISE) program. The New York City Economic Development Corporation (NYCEDC) proposes to construct the Solatube Daylighting systems as a means of providing local businesses with resilient and renewable sources of lighting. Provision of such a lighting source would enable businesses to operate during the day, providing local goods and services to residents, all while conserving generator power for critical uses. Additionally, the proposed Solatube Daylighting Systems would reduce energy consumption of local businesses, improving both their economic and environmental performance. Estimated CDBG-DR funding will total \$1,571,877.

CATEGORICAL EXCLUSION SUBJECT TO SECTION 58.35

In accordance with 24 CFR Part 58.35 of the HUD Environmental Review Procedures for HUD funded activities, the construction of Solatube Daylighting Systems in New York City has been determined to be categorically excluded from the Environmental Assessment requirements of the National Environmental Policy Act. The project identified above does not involve new construction or the expansion of a building's footprint. Specific addresses and locations of the 48 sites located in the boroughs of Brooklyn, Queens, and Staten Island can be found at <http://www.nyc.gov/html/cdbg/downloads/pdf/Site-Locations-NYC-Daylighting.pdf>. Additional project information is contained in the Environmental Review Record (ERR) and Categorical Exclusion documentation on file with Mr. Calvin Johnson, Assistant Director, CDBG- Disaster Recovery, New York City Office of Management and Budget, 255 Greenwich Street, 7th Floor, New York, NY 10007, (212) 788-6024 and may be examined or copied on weekdays between 10:00 A.M. and 5:00 P.M. The documents may also be found at http://www.nyc.gov/html/cdbg/html/environmental_notices/environmental_notices_business.shtml.

PUBLIC COMMENTS

Any individual, group, or agency may submit written comments to NYCOMB at the address listed above. All comments received by close of business on July 4, 2016 will be considered by NYCOMB prior to requesting the release of funds. Those wishing to comment should specify which part of this Notice they are addressing.

RELEASE OF FUNDS

NYCOMB certifies to HUD that Dean Fuleihan in his capacity as Certifying Officer of the CDBG-DR Program consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows NYCOMB to use CDBG-DR funds.

OBJECTIONS TO RELEASE OF FUNDS

HUD will consider objections to its release of funds and NYCOMB's certification for a period of 15 days following its actual receipt of the request only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer of NYCOMB; (b) NYCOMB has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR Part 58; (c) the grant recipient or other participants in the project have committed funds or incurred

costs not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to: Tennille Parker, Disaster Recovery and Special Issues Division, Office of Block Grant Assistant, HUD, 451 7th Street SW, Room 7272, Washington, DC 20410. Potential objectors should contact HUD to verify the actual last day of the objection period.
