CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
January 23, 1891.

To the Board of Estimate and Apportionment :

The request of the Park Department, presented to this Board January 21, 1891, to authorize the Comptroller to issue bonds to the amount of eight thousand five hundred dollars for the improvement of Riverside Park, between Seventy-second and Seventy-ninth streets, which is required for the paving of the walks with rock asphalt, in addition to the amount heretofore provided for the improvement of said park, having been referred to me for examination, I respectfully report as follows: Chapter 575 of the Laws of 1887 authorized the issue of bonds to the amount of two hundred thousand dollars for the improvement of Riverside Park; by a resolution of this Board, passed July 12, 1888, fifty thousand dollars was appropriated therefor, leaving a balance of one hundred and fifty thousand dollars unappropriated. The work now proposed being necessary for said improvement and is intended to fully complete that portion of the park lying between Seventy-second and Seventy-ninth streets.

I submit the following preamble and resolution for your action.

Respectfully,

THEO. W. MYERS, Comptroller.

And offered the following preamble and resolution :

Whereas, The Department of Public Parks has requested, under date of January 20, 1891, that the Comptroller be directed to issue bonds to the amount of eight thousand five hundred dollars (\$8,500), for the improvement of Riverside Park, between Seventy-second and Seventy-ninth streets, for the paving of the walks with rock asphalt, in addition to the amount heretofore provided for the improvement of that portion of said park; therefore

Resolved, That, pursuant to the provisions of chapter 575 of the Laws of 1887, the Comptroller be and is hereby authorized and directed to issue stock of the City of New York in the manner now provided by law, payable from taxation, to the amount of eight thousand five hundred dollars (\$8,500), bearing interest at a rate not exceeding three per cent. per annum, and redeemable in not less than ten nor more than twenty years from the date of issue, to be used in performing the work of the improvement of Riverside Park, between Seventy-second and Seventy-ninth streets, in the matter of paving the walks with rock asphalt; which stock shall be denominated "Consolidated Stock of the City of New York."

Which were adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
March 5, 1891.

To the Board of Estimate and Apportionment :

At a meeting of the Board of Education held December 17, 1890, a resolution was passed that this Board be requested to make several transfers to different subdivisions of the fund entitled "Public Instruction," for 1890, among which was one item of \$1,600 for payment of the salaries of janitors in the grammar and primary schools.

After consultation with the Chairman of the Finance Committee of the Board of Education, I find the transfer asked for is just and necessary; the services of these janitors were absolutely requisite to the care and welfare of the schools, and their withdrawal would have left the school buildings to the chance of damage. It is true that the expenditure should not have been incurred, and I so reported to this Board on the 18th of February; but the rigorous necessity for the employment of these janitors has led me to concur in the application of the Board of Education for a transfer and to recommend that such action be taken. I find that the Provisional Estimate for 1890 for this appropriation was \$147,942, while the Final Estimate was only \$144,542. I offer the following resolution for your action.

Respectfully,

THEO. W. MYERS, Comptroller.

And offered the following resolution :

Resolved, That the sum of sixteen hundred dollars (\$1,600) be and is hereby transferred from the appropriation for 1890, entitled "Public Instruction—For Salaries of Teachers in Grammar and Primary Schools," which is in excess of the requirements therefor, to the appropriation for 1890, entitled "Public Instruction—For Salaries of Janitors in Grammar and Primary Schools," which is insufficient for the purposes thereof.

Which were laid over.

The Comptroller offered the following resolution :

Resolved, That the present law relating to the subject of transfer of appropriations ought, in the judgment of this Board, to be amended so that the power be placed in this Board to transfer to the General Fund, to be applied to the reduction of the taxation of the city, all appropriations, however made, not required for any specific purpose, at any time after the lapse of six months after the close of each year; and that the Counsel to the Corporation be and he is hereby directed to have such amended law prepared, and that the same be promoted by this Board before the Legislature.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following :

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, February 24, 1891.

Hon. HUGH J. GRANT, Mayor and Chairman, Board of Estimate and Apportionment :

DEAR SIR—In accordance with the resolution adopted by the Board of Estimate and Apportionment on the 18th instant :

"That the Commissioner of Public Works be and he hereby is authorized to expend an amount necessary to suitably drape the public buildings and offices in memory of the late General Sherman, and that the said amount, when determined, be appropriated from some unexpended balance of appropriation for the year 1890."

I respectfully request that your Board authorize the transfer of \$500 from the appropriation for "Supplies for and Cleaning Public Offices," for 1890 (in which there is an unexpended balance), to the appropriation for "Supplies for and Cleaning Public Offices," for 1891, to cover the expenditure authorized in the above resolution.

Very respectfully,

THOS. F. GILROY, Commissioner of Public Works.

And offered the following resolution :

Resolved, That the sum of five hundred dollars (\$500) be and is hereby transferred from the appropriation made to the Department of Public Works for 1890, entitled "Supplies for and Cleaning Public Offices," which is in excess of the amount required for the purposes thereof, to the appropriation entitled "Supplies for and Cleaning Public Offices," for 1891, which is insufficient for the purposes thereof.

Which were received and laid over.

The Comptroller presented the following :

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
NOS. 49 AND 51 CHAMBERS STREET,
February 12, 1891.

To the Board of Estimate and Apportionment :

GENTLEMEN—At a meeting of the Board of Parks, held on the 11th instant, the following resolution was adopted :

Resolved, That the Board of Estimate and Apportionment be respectfully requested to transfer the sum of two thousand dollars from the appropriation for "Labor, Maintenance, Supplies, Construction and Repairs," for the year 1891, to the appropriation for "Salaries," for the current year, which is insufficient.

Yours, respectfully,

CHARLES DE F. BURNS, Secretary, D. P. P.

And offered the following resolution :

Resolved, That the sum of two thousand dollars (\$2,000) be and the same is hereby transferred from the appropriation made to the Department of Public Parks for the year 1891, entitled "Maintenance and Government of Parks and Places—Labor, Maintenance, Supplies, Construction and Repairs—General Maintenance," which is found to be in excess of the purposes and objects thereof, to the appropriation made to the same Department for the year 1891, entitled "Maintenance and Government of Parks and Places—For Salaries," which is insufficient for the purposes thereof.

Which were received and laid over.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
March 5, 1891.

To the Board of Estimate and Apportionment :

The communication from the Department of Public Parks relative to the erection of a parapet-wall and railing for Morningside Park, having been referred to me for examination at the meeting of the Board held October 20, 1890, I respectfully report :

An examination has been made of this proposed improvement by Mr. E. E. McLean, Engineer of the Finance Department, and it appears by his report that it is necessary for the completion of the park and drive, which is provided for by chapter 444 of the Laws of 1889, and I recommend that bonds be issued to provide for the estimated cost of the work to the amount of \$117,000, as requested by the Department of Public Parks.

Chapter 444 of the Laws of 1889 provides for the issue of bonds or stock to an amount not exceeding \$200,000, to complete the inclosure of Morningside Park and the bays and approaches thereto, as approved by the Commissioners of Public Parks. On December 23, 1889, bonds for \$75,000 were authorized for the erection of bays and stairways in connection with the Morningside Park.

A resolution to authorize such an issue of bonds is herewith submitted.

Respectfully,

THEO. W. MYERS, Comptroller.

Hon. THEO. W. MYERS, Comptroller :

SIR—I have examined the plans submitted by the Department of Public Parks for a parapet-wall and railing for Morningside Park, submitted to the Board of Estimate and Apportionment October 11th instant.

The plans present a class of work well suited for the location, and the estimate of the expense is as close as can well be made in advance.

This handsome parapet and railing is absolutely necessary for the appropriate completion of this beautiful park and drive.

Respectfully,

EUG. E. McLEAN, Engineer.

And offered the following resolution :

Resolved, That, pursuant to the provisions of chapter 444 of the Laws of 1889, the plan prepared and submitted by the Department of Public Parks for a parapet-wall and railing for Morningside Park, on the westerly side, from One Hundred and Tenth to One Hundred and Twenty-second street, and on One Hundred and Tenth street, between Morningside avenue, West, and Manhattan avenue, be and is hereby approved; and the Comptroller is hereby authorized and directed to issue Consolidated Stock of the City of New York, as provided by section 132 of the Consolidation Act of 1882, to the amount of one hundred and seventeen thousand dollars (\$117,000), payable from taxation, from time to time as required, bearing interest at a rate not exceeding three per cent. per annum, redeemable in not less than ten nor more than twenty years from the date of issue, for the expense of performing the work required according to said plan.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

And offered the following resolution :

Resolved, That the sum of one hundred and forty dollars (\$140) be and the same is hereby transferred to the appropriation for 1890, to Department of Public Charities and Correction, entitled "Alterations, Additions and Repairs to Buildings and Apparatus, etc.," which is insufficient for the purposes and objects thereof, from the appropriation for 1890, entitled "Steamboats," which is in excess of the requirements thereof.

LAW OFFICE OF ALFRED R. CONKLING,
NO. 170 BROADWAY,
NEW YORK, February 24, 1891.

DEAR SIR—During your absence I called to protest against the expenditure of say \$4,000,000 for the West Side Driveway.

I own property near Seventy-second street and West End avenue, and I drive horses, hence I am directly interested in the improvement. As I may be in Florida when the Board of Estimate and Apportionment considers the report of the Advisory Committee, I write to say that I am strongly opposed to the driveway for the present.

I submit that the \$4,000,000 could be much better spent on school-houses and in repaving streets.

Yours, truly,

A. R. CONKLING.

The Hon. H. J. GRANT, Mayor, etc.

Which was received and placed on file.

TWENTY-THIRD AND TWENTY-FOURTH WARDS,
No. 2656 THIRD AVENUE, COR. 141ST STREET,
NEW YORK, March 7, 1891.

1891.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR REGULATING AND GRADING, SETTING CURB-STONES, FLAGGING THE SIDEWALKS AND LAYING CROSSLINKS IN ONE HUNDRED AND THIRTY-NINTH STREET, FROM WILLIS TO ST. ANN'S AVENUE.

SEALED ESTIMATES FOR THE ABOVE WORK, indorsed with the above title, also with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, No. 2656 Third Avenue, corner of One Hundred and Forty-first street, New York City, until ten o'clock A. M., on Thursday, the 14th day of March, 1891, at which place and hour the bids will be publicly opened by the said Commissioner and read, and the award of the contract to the lowest bidder will be made as soon thereafter as practicable.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Commissioner, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be readvertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, may designate.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in these specifications, or which contain bids for items not called for therein.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, to reject any or all estimates which he may deem prejudicial to the public interests. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, and that the sureties offered by him have been approved by the Comptroller, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also that such estimate is made without any connection with any other person making a bid or estimate for the same purpose; and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made by all the parties interested. Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation

may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; that he has offered himself as surety in good faith and, with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are required to state in writing, also in figures, the price per cubic yard for all rock excavation; the price per cubic yard for all filling; the price per linear foot for all new curb-stones furnished and set; the price per linear foot for all old curb-stones taken up and reset; the price per square foot for all new flagging furnished and laid; the price per square foot for all old flagging taken up and relaid; the price per square foot for all new bridge-stones for crosswalks furnished and laid; the price per cubic yard for dry rubble masonry in retaining-walls and culverts. The time allowed for the completion of the whole work will be ONE HUNDRED CONSECUTIVE WORKING DAYS.

These prices are to cover the furnishing of all the necessary materials and labor; also the expense of excavation, whether rock or otherwise; also such drainage work as may be necessary; also the taking up and resetting of all curb-stones and flagging now laid or set, and the performance of all the work as set forth in the specifications and form of agreement hereto annexed.

It being understood that the time so allowed refers to consecutive working days and not to the aggregate time of such Inspectors as may be appointed on the work, and that the damages specified in Covenant (E) will be exacted for each and every working day exceeding said number of days allowed, that may be consumed in the execution of the work.

The following allowance will be made the contractor where the amount of work returned on the completion of the contract exceeds the amount herein estimated. For every fifty cubic yards of earth excavation over and above the amount estimated, an allowance of one day. For every twenty-five cubic yards of rock excavation over and above the amount estimated, an allowance of one day. For every one hundred cubic yards of filling over and above the amount estimated, an allowance of one day. See Covenant (D).

Special attention is called to sections 3 (b), 9 (c) and Covenant (E).

The Engineer's estimate of the work to be done, and by which the bids will be tested, is as follows:

1,000 cubic yards of earth excavation.
500 cubic yards of rock excavation.
8,500 cubic yards of filling.
2,500 linear feet of new curb-stones furnished and set.
8-0 linear feet of old curb-stones taken up and reset.

11,000 square feet of new flagging furnished and laid.
2,000 square feet of old flagging taken up and relaid.
550 square feet of bridge-stones for crosswalks furnished and laid.
300 cubic yards of dry rubble masonry in retaining-walls and culverts.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible *in advance*, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's statement, and shall not, at any time after the submission of an estimate, dispute or complain of such statement or estimate, nor assert that there was any misunderstanding in regard to the depth or character of the excavation to be made or the nature or amount of the work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, and in substantial accordance with the specifications hereto annexed and the plan therein referred to. No extra compensation beyond the amount payable for the classes of work before enumerated which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders are particularly cautioned that a provision in the contract authorizes the sum of TWENTY-FIVE CENTS per linear foot (measured on the centre line of the street) of the work done under this agreement, to be retained out of the contract moneys as security for keeping the whole work, when completed, in good order for a period of six months from the date of its acceptance by the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, not including in the computation of the said period the months of December, January, February and March.

The amount of security required is FOUR THOUSAND DOLLARS.

Bidders are informed that no deviation from the specifications will be allowed unless a written permission shall previously have been obtained from the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards.

The contractor is required to notify the Engineer, in writing, forty-eight hours prior thereto, of the date he intends to actually begin work.

Bidders are specially notified that the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, reserves the right to determine the times and places for commencing and prosecuting the work, and that postponement or delay on the whole or any part thereof, occasioned by the precedence of other contracts which may be either let or executed before or after the execution of the contract for this work, cannot constitute a claim for damages.

Blank forms of proposals can be obtained on application to the Secretary at this office.

The form of agreement, including the specifications, and showing the mode of payment for the work, is annexed.

LOUIS J. HEINTZ,
Commissioner of Street Improvements,
Twenty-third and Twenty-fourth Wards.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be readvertised and relet, and so on, until the contract be accepted and executed. The work to commence at such time as the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, may designate.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in these specifications, or which contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, to reject any or all bids which he may deem prejudicial to the public interest. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the said Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made by all the parties interested.

Each estimate must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation

may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; that he has offered himself as surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders are required to state in writing, also in figures, the price per linear foot for all new curb-stone, including the cost of all excavation therefor; the price per square foot for new flagging, including the cost of all excavation and grading therefor and the cost of bringing the sidewalks for the full width to the established grade as per plan; the price per square foot for new bridge-stones for crosswalks including the cost of all excavation and foundation therefor, the price per square yard for new granite-block pavement, including the cost of all excavation and preparation of foundation for the same. The time allowed for the completion of the whole work will be FORTY CONSECUTIVE WORKING DAYS.

These prices are to cover the furnishing of all the necessary materials and labor required to complete and perfect all the work as set forth in the specifications and form of agreement hereto annexed, and in strict conformity therewith. It being understood that the time so allowed refers to consecutive working days, and not to the aggregate time of such Inspectors as may be appointed on the work, and that the damages specified in Covenant (E) (see section 1 (f) of these specifications), will be exacted for each and every working day exceeding said number of days allowed that may be consumed in the execution of the work.

The Engineer's estimate of the work to be done, and by which the bids will be tested, is as follows:

700 linear feet of new curb-stone furnished and set.
2,100 square feet of new flagging furnished and laid.
580 square feet of new bridge-stones for crosswalks furnished and laid.
3,000 square yards of new granite-block pavement.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, *in advance*, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received.

N. B.—In case any rock is met with in making the excavations to sub-grade for the foundation of the pavement, or for setting and resetting curb-stones, said rock must be taken out without charge other than is included in the price bid for the pavement. See section 5 (e), page 12.

Special attention is called to section 2 (f), page 10. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of such statement or estimate, nor assert that there is any misunderstanding in regard to the depth or character of the excavation to be made or the nature or amount of the work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, and in substantial accordance with the specifications hereto annexed and the plan therein referred to. No extra compensation beyond the amount payable for

the classes of work before enumerated, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Work or materials not specified, and for which a price is not named in the contract, will not be allowed for.

Bidders are particularly cautioned that a provision in the contract authorizes the sum of FIFTY CENTS per linear foot (measured on the centre line of the street) of the work done under this agreement, to be retained out of the contract moneys as security for keeping the whole work, when completed, in good order for a period of six months from the date of its acceptance by the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, not including in the computation of the said period the months of December, January, February and March (see Covenant 7).

The amount of security required is FIVE THOUSAND DOLLARS.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall previously have been obtained from the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards.

The Contractor is required to notify the Engineer, in writing, forty-eight hours prior thereto, of the date he intends to actually begin work.

Bidders are specially notified that the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, reserves the right to determine the times and places for commencing and prosecuting the work, and that postponement or delay on the whole or any part thereof, occasioned by the precedence of other contracts, which may be either let or executed before or after the execution of the contract for this work, cannot constitute a claim for damages, nor for a reduction of the damages fixed for delay in completing the work beyond the time allowed.

Blank forms of proposals can be obtained on application to the Secretary at this office.

The form of agreement, including the specifications, and showing the mode of payment for the work, is annexed.

The coal is to be of the best quality of the kind known as "Incehall," to weigh 2,000 pounds to the ton, and be hand picked and free from slate.

All of the coal is to be delivered and stowed in bins or elsewhere at the various Fuel Depots of the Fire Department, south of Fifty-ninth street, in such quantities and at such times, within sixty (60) days after the execution of the contract, as may be from time to time directed, and the same is to be weighed in the presence of an Inspector designated for that purpose by the Department upon scales furnished by the Department, which are to be transported from place to place by the contractor, at his expense.

No estimate will be received or considered after the hour named.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of seven hundred (700) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, before the award is made and prior to the signing of the contract.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of two thousand and five hundred (\$2,500) dollars, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller or money to the amount one hundred and twenty-five (125) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

HEALTH DEPARTMENT.

HEALTH DEPARTMENT—CITY OF NEW YORK,
NO. 301 MOTT STREET,
NEW YORK, February 24, 1891.

PROPOSALS FOR ESTIMATES FOR FURNISHING EARTH FILLING ON NORTH BROTHER ISLAND.

PROPOSALS FOR ESTIMATES FOR FURNISHING earth filling on North Brother Island, City and County of New York, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 2:30 o'clock P. M. of the 10th day of March, 1891, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for Furnishing Earth Filling on North Brother Island, City and County of New York," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of TWO THOUSAND DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Health Department, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to

be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained by application to the Secretary of the Board, at his office, No. 301 Mott street, New York.

No. 5. FOR FURNISHING FIVE HUNDRED BOULEVARD LAMPS.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 10 and 11, No. 31 Chambers street.

BERNARD F. MARTIN,
Deputy and Acting Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of

the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works

BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
No. 2 CITY HALL,
NEW YORK, March 2, 1891.

PROPOSALS TO FURNISH THE COURTS AND DEPARTMENTS OF THE GOVERNMENT OF THE CITY OF NEW YORK WITH BLANK BOOKS, DOCKETS, LIBERS, BINDING COVERS, BINDING, ETC.

TO BOOKBINDERS AND STATIONERS.

SEALED ESTIMATES FOR SUPPLYING THE City Government with Blank Books, Dockets, Libers, etc., will be received at this office until 12 o'clock P. M. of Monday, the sixteenth day of March, 1891, at or about which time said estimates will be publicly opened and read at a meeting of the Board of City Record, to be held in the Mayor's Office.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for furnishing Blank Books, etc.," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making it that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be One Thousand Dollars.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation, and no estimate will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A contract will be made with the lowest bidder for the books required by any court or department, or for any item in the specifications involving an expenditure of more than five hundred dollars.

The making and delivery of all the books must be completed within fifty days from the execution of the contract; and they must be made and delivered in the order to be prescribed by the Supervisor of the City Record, to the end that the immediate needs of the Departments shall be supplied.

For particulars of the quantities of books required resort must be had to the specifications on file in the Department of Public Works, or to be procured from the Supervisor of the City Record.

The Libers are to be sewed in sections of four sheets, lined inside and outside with linen. The head-bands are to be made on the book. All parchment used is to be covered with linen. The binding is to be of real Russia, with extra back, and the finish antique and gold. The Libers are to have round cornered brass shoes, as per samples in the Register's and Surrogate's offices. Crane's parchment deed paper No. 44 must be used.

Samples of such of the books as are not described herein, or in the specifications, are to be seen in the several courts and departments, and the new books must be made in accordance with those samples, unless the latter are inferior in the qualities of paper and binding to those provided for in the specifications.

Stenographers' books are not to be paged or indexed; but special attention must be paid to the paper called for, as some stenographers use only a pen and others a pencil.
