COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Chief Clerk of the City Court:

No. 472.

Chief Clerk, City Court—Request for Special Revenue Bonds, \$1,750, to Pay for Services of an Additional Stenographer from June 1 to December 31, 1918, Inclusive.

To the Honorable the Board of Aldermen, City Hall, City Hall Park, City of New York:

Gentlemen—Your attention is respectfully directed to a recent act of the Legislature of the State of New York, amending section 332 of the Code of Civil Procedure so as to provide ten instead of nine Stenographers of the City Court of the City of New York. This act, as amended, was passed March 7, 1918, approved by the Mayor March 22, and was signed by the Governor March 26, 1918.

The need of the court for the services of this official stenographer is urgent. The salary of each of the other nine court stenographers is fixed at \$3,000 per annum. Your Board is hereby respectfully requested to issue special revenue bonds in the sum of \$1,750, so as to provide funds for the payment of said stenographer from June 1st to December 31, 1918, inclusive. Respectfully yours,

FRANK J. GOODWIN, Clerk of the City Court of the City of New York.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the District Attorney of Kings County:

No. 473.

District Attorney, Kings County—Request for Authority to Draw on Account of Contingent Expenses.

District Attorney's Office, County of Kings, Brooklyn, New York, April 27th, 1918.

Honorable Board of Aldermen of The City of New York, City Hall, New York City:

Gentlemen—The following resolution was adopted by your Board on February 1st, 1916, and, as provided in section 40 of the Greater New York Charter, became effective February 15th 1916, without the signature of the Mayor:

"Resolved, That for the purpose of defraying minor or incidental expenses and expenses of transportation incurred by the District Attorney's office of Kings County, the District Attorney of Kings County may by a requisition or requisitions, draw upon the Comptroller for a sum not exceeding one hundred dollars (\$100) for minor or incidental expenses, and for a sum not exceeding two hundred dollars (\$200) for expenses of transportation. The District Attorney of Kings County may in like manner renew the draft as often as may be deemed necessary, to the extent of the appropriation set apart for the contingencies and transportation charges respectively of the District Attorney's office of Kings County, but no such renewal shall be made until the money paid upon the preceding draft or drafts shall be accounted for to the Comptroller by the transmission of a voucher or vouchers certified to by the District Attorney of Kings County, giving the expenditure of money paid thereon."

Under date of January 12th, 1918, I received a communication from the Comptroller, stating in part as follows:

"If it is your intention to continue to defray these expenses under these conditions, I would request that you obtain a new resolution of the Board of Aldermen to be effective for the current year, so that the authority for the procedure will be as of the same year in which the advances are made by the Comptroller."

It is absolutely essential that moneys should be advanced to this office, as it is necessary to pay out cash almost daily, and funds should be available for that purpose. In view of the letter of the Comptroller, and for the reasons stated, I request that a resolution be adopted by your Board identical with that of February 1st, 1916, as quoted above. Yours very truly,

HARRY E. LEWIS, District Attorney.

In connection with the foregoing communication Alderman Kenney offered the following resolution, which, on his motion, was made a General Order for the day:

Resolved, That for the purpose of defraying minor or incidental expenses and expenses of transportation incurred by the District Attorney's office of Kings County, the District Attorney of Kings County may by a requisition or requisitions draw upon the Comptroller for a sum not exceeding one hundred dollars (\$100) for minor or incidental expenses and for a sum not exceeding two hundred dollars (\$200) for expenses of transportation. The District Attorney of Kings County may in like manner renew the draft as often as may by him be deemed necessary to the extent of the appropriation set apart for the contingencies and transportation charges respectively of the District Attorney's office of Kings County in the Budget for 1918, but no such renewal shall be made until the money paid upon the preceding draft or drafts shall be accounted for to the Comptroller by the transmission of a voucher or vouchers certified to by the District Attorney of Kings County, giving the expenditure of money paid thereon.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Friedman, Fullum, Gaynor, Gilmore, Hatch, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Post, Quinn, Roberts, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Zettler; President Van Name, John E. Boyle, Assistant Commissioner of Public Works; President Connolly, by W. Augustus Shipley, Assistant Commissioner of Public Works; President Riegelmann, by Joseph Fennelly, Assistant Commissioner of Public Works; the Vice-Chairman—65.

The Vice-Chairman laid before the Board the following communication from the Board of Elections:

No. 474.

Board of Elections—Request for Permission to Enter Into Contract, Without Public Letting, for Necessary Supplies Required for Enrollment of Women Voters on May 25, 1918.

Board of Elections of the City of New York, General Office, Municipal Building, Manhattan, New York, April 29, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City of New York, City Hall:

Dear Sir—Pursuant to the provisions of chapter No. 297 of the Laws of 1918, it becomes necessary for the Board of Elections of this city to make all necessary arrangements for the enrollment on May 25th of women voters in the City of New York, which involves the printing and supplying of maps, enrollment blanks, identification statements, additional sheets for registration books and numerous other election supplies, many of which are of an emergent character, and all must be furnished to the Board of Elections prior to May 20th. As the time elapsing between the present date and May 20th is insufficient to comply with the provisions of section 419 of the Charter of the City of New York, requiring that public estimates and bids shall be received and contracts awarded for supplies involving an expenditure of more than one thousand dollars, and inasmuch as it appears upon a careful estimate made thereon that the cost of such necessary supplies will amount approximately to the sum of \$4,650, the Board of Elections hereby respectfully request the adoption by the Board of Aldermen the following resolution:

Resolved, That, in pursuance of provisions of section 419 of the Greater New York Charter, the Board of Elections of the City of New York be and it is hereby authorized and empowered to enter into contract, without public letting, for the necessary maps, printing, stationery and supplies required for the enrollment of women voters of this City, to be used in connection with said enrollment, as fixed by law for May 25th next, at a cost approximately of \$4,650.

Yours very truly,

JOHN R. VOORHIS, President

On motion of Alderman McCann, the resolution contained in the foregoing communication was made a Special Order for the day.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Friedman, Fullum, Gaynor, Gilmore, Hatch, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Post, Quinn, Roberts, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—63.

The Vice-Chairman laid before the Board the following communication from the Memorial Committee of the Grand Army of the Republic, County of Bronx:

No. 475.

Memorial Committee, Grand Army of the Republic—Request for Increased Appropriation to Defray Expenses of Memorial Day Exercises.

Headquarters, Memorial Committee of the Grand Army of the Republic of the Borough of The Bronx, Second Battery Armory, Franklin Avenue and 166th Street, New York, April 29, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen:

Dear Sir—The Memorial Committee of the Grand Army of the Republic of the County of the Bronx begs most respectfully to present to your honorable Board the urgent necessity for an increased appropriation to defray the expenses incident to the observance of Memorial Day, based upon the increased cost of labor, materials and other essentials. We have for several years been accorded an appropriation of one thousand dollars (\$1,000), which was expended by our Committee and included the cost of reviewing stand decorations and memorial exercises at churches and at the various cemeteries, of which an itemized statement duly audited by our Committee has been filed with the Comptroller.

We have experienced some difficulty in the past to keep within the limits of the appropriation, but the advanced prices this year force our Committee to appeal for an additional appropriation of three hundred dollars (\$300) for a proper observance of Memorial Day that shall reflect credit upon our country and be a fitting testimonial to the defenders of our republic. Very respectfully,

THEODORE WEBER, Sec.

JAMES L. LYONS, Chairman.

Which was referred to the Committee on Finance.

No. 454.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$1,000, to Meet Increased Cost of Material, Labor, Etc., Incidental to the Observance of Memorial Day by the Grand Army of the Republic.

The Committee on Finance, to which was referred on April 23, 1918 (Minutes, page 106), the annexed request of the Memorial Committee, G. A. R., for special revenue bonds, \$1,000, to meet increased cost of material, labor and other essentials incidental to the observance of Memorial Day, respectfully

REPORTS:

That the Committee has been advised by the Memorial Committee of the Grand Army of the Republic that this request is due to the increase in cost of materials, labor, etc., and, being in full accord with the purposes for which said funds are to be used, it recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand dollars (\$1,000) (in addition to the amount allotted in the Budget for 1918), the proceeds whereof to be used by the Memorial Committee of the Grand Army of the Republic, County of New York, for the purpose of meeting increased cost of material, labor and other essentials incidental to the observance of Memorial Day.

Memorial Committee, Grand Army of the Republic, County of New York, New York, April 15, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Gentlemen—The Memorial Committee of the Grand Army of the Republic of the County of New York begs most respectfully to present to your honorable Board the urgent necessity for an increased appropriation for the defrayment of the expenses incident to the observance of Memorial Day, based upon the increased cost of material, labor and other essentials, while we have for several years been accorded an appropriation of three thousand dollars (\$3,000), and expended by our committee including the cost of reviewing stands and the evening exercises at Carnegie Hall. An itemized statement of the expenditures, duly audited by our committee, has been filed with the Comptroller.

We have experienced some difficulty in the past keeping within the limits of the appropriation, but advanced prices this year forces the Grand Army of the Republic to appeal for an additional appropriation of one thousand dollars (\$1,000) for a proper observance of Memorial Day that shall reflect credit upon our county and be a fitting testimonial to the defenders of our Republic.

Very respectfully,

WM. F. KIRCHNER, Chairman.

E. J. ATKINSON, Secretary.

Reports of the Committee on Public Letting—

No. 424.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the President of the Borough of Queens to Purchase Oil and Asphaltic Cement Without Public Letting.

The Committee on Public Letting, to which was referred on April 9, 1918 (Minutes, page 47), the annexed request of the President of the Borough of Queens for authority to purchase oil and asphaltic cement without public letting, respectfully

REPORTS:

That, having examined the subject, it believes the request reasonable. The details are fully set forth in the letter of application. Your Committee recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Queens be and he is hereby authorized and empowered to purchase, in the open market without public letting, the following supplies and materials necessary for the maintenance of the highways of the borough for the year 1918: 35,000 gallons of fuel oil at 15 cents a gallon; 400,000 gallons of No. 4 oil at 10 cents a gallon; 45,000 gallons of No. 5 oil at 12 cents a gallon; 375 tons of asphaltic cement at \$40 a ton.

The City of New York, Offices Commissioner of Public Works of the Borough of Queens, Long Island City, April 3, 1918.

To the Honorable the Board of Aldermen, City Hall, New York, N. Y.:

Sirs—In accordance with the provisions of section 419 of the Greater New York Charter, I hereby request your approval of the purchase, without public letting, of the following supplies and materials necessary for the maintenance of the highways of this borough for the year 1918:

35,000 gallons of fuel oil, at 15 cents a gallon; 400,000 gallons of No. 4 oil, at 10 cents a gallon; 45,000 gallons of No. 6 oil, at 12 cents a gallon; 375 tons of asphaltic cement at \$40 a ton.

An effort was made by this department to obtain competition for these items and when bids were opened none were received. This situation, I am informed, is not unusual at this time, for the reason that the government is making great demands upon oil producers of the country, and I am certain that competition will result in a failure to receive bids. However, it may be possible to obtain some of these items, or a part or all of them, through the purchase by open market orders of limited quantities at a time, and in view of the importance of the maintenance of highways,

I believe it would be to the best interest of the City if your Board approved of the request I make herewith. Very truly yours,

R. S. NEWCOMBE, Commissioner of Public Works and Acting President of the Borough of Queens.

Which, on motion of Alderman McCann, was made a Special Order for the day. The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

No. 441 (S. O. No. 48)

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Central Purchase Committee to Purchase Wheat Flour and Flour Substitutes Without Public Letting.

The Committee on Public Letting, to which was referred on April 16, 1918 (Minutes, page 79), the annexed request of the Central Purchase Committee for authority to purchase wheat flour and flour substitute for various departments without public letting, respectfully

REPORTS:

That the Committee after careful consideration, is of the opinion that in consequence of the Federal control of the output of all flour, merchants will not bind themselves for delivery under contract at a specified price. Your Committee believes that under such conditions the permission should be granted to an amount not exceeding \$100,000, which it is informed will provide a supply sufficient for three months, and at the expiration of such time, if conditions do not improve, the request may be renewed for a like period.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Central Purchase Committee be and it is hereby authorized and empowered to purchase wheat flour and flour substitutes for the Department of Public Charities and the Department of Correction, in the open market, without public letting, in an amount not to exceed \$100,000, to be subdivided as follows:

\$75,000 for purchase of wheat flour.

\$25,000 for purchase of flour substitutes.

JOHN McCANN, THOMAS M. FARLEY, WILLIAM K. WALSH, GEORGE HILKEMEIER, EDWARD W. COX, STEPHEN F. ROBERTS, PETER SCHWEICKERT, JOHN F. McCOURT, JOHN J. RYAN, Committee on Public Letting.

City of New York, Central Purchase Committee, Municipal Building, April 10, 1918.

To the Honorable the Board of Aldermen, City Hall, New York:

Gentlemen—Would respectfully request your permission to purchase in the open market, without public letting, wheat flour and flour substitutes for the Department of Public Charities and the Department of Correction in an amount not to exceed \$231,851, to be subdivided as follows:

\$176,298.50 for purchase of wheat flour.

\$55,552.50 for purchase of flour substitutes.

Due to the Government taking over control of output of all flour it has been impossible to have merchants contract for it. In fact, this Committee has experienced considerable difficulty in obtaining quantities even in the open market, purchases having to be made according to supply any flour merchant might have on hand and be willing to dispose of.

According to Government regulations, 25 per cent. of flour substitute must be mixed with 75 per cent. of wheat flour in making bread. Flour substitutes are practically barley, rice, corn and rye flour.

At the present time, including outstanding orders on which deliveries have not been completed, the Departments have sufficient flour to meet their needs as follows:

Department of Correction, supply to April 15, 1918.

Department of Public Charities, Manhattan, supply to May 13, 1918.

Department of Public Charities, Brooklyn, supply to June 15, 1918.

Their requirements for balance of year being as follows:

Department of Correction, from April 16th to December 31, 1918—

6,750 barrels wheat flour, at \$11.90 per barrel..... \$80,325 00

2,250 barrels flour substitutes, at \$11.25 per barrel..... 25,312 50

Department of Public Charities, Manhattan, from May 13 to December 31, 1918—

6,865 barrels wheat flour, at \$11.90 per barrel..... 81,693 50

2,288 barrels flour substitutes, at \$11.25 per barrel..... 25,740 00

Department of Public Charities, Brooklyn, from June 15th to December 31, 1918—

1,200 barrels wheat flour, at \$11.90 per barrel..... 14,280 00

400 barrels flour substitutes, at \$11.25 per barrel..... 4,500 00

In all making a total approximate cost of \$231,851 for flour to meet the needs of the above mentioned Departments for the balance of the year 1918.

Respectfully yours, JOHN J. DALY, Acting Director.

Approved: JAMES A. HAMILTON, Chairman, Central Purchase Committee; DAVID HIRSHFIELD, Secretary, Central Purchase Committee.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Fire Commissioner to Purchase One Four-wheel Motor Tractor Without Public Letting.

The Committee on Public Letting, to which was referred on April 16, 1918 (Minutes, page 80), the annexed request of the Fire Commissioner for authority to purchase one four-wheel motor tractor without public letting, respectfully

REPORTS:

That having examined the subject, it believes the request to be reasonable. The details are fully set forth in the accompanying letter of request.

Your Committee recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Fire Commissioner be and he is hereby authorized and empowered to purchase one four-wheel tractor, according to departmental specifications, in the open market, without public letting, at a cost not to exceed five thousand three hundred dollars (\$5,300).

JOHN McCANN, THOMAS M. FARLEY, WILLIAM K. WALSH, STEPHEN F. ROBERTS, GEORGE HILKEMEIER, EDWARD W. COX, PETER SCHWEICKERT, JOHN F. McCOURT, JOHN J. RYAN, Committee on Public Letting.

Fire Department of The City of New York, April 4, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—Bids were opened by this department on February 2, 1918, for furnishing one four-wheel tractor for a water tower. Two bids were received, one from The Front Drive Motor Company amounting to \$5,300, and the other from the Garford Motor Truck Company, Inc., amounting to \$5,627.90.

There are in the department at the present time, attached to water towers, two Garford tractors which have proven very satisfactory, and it would be to the department's best interests if the Garford tractor were made the standard for water towers.

The advantage of having one standard type, thus making parts interchangeable, cannot be too strongly emphasized. Mechanics become very familiar with apparatus when only one type is used, and usually can locate trouble and make repairs with the least cost to the City. A standard also reduces to a minimum the probability of a piece of apparatus being out of service for a protracted period. In addition to these advantages, fewer spare parts will be kept in stock than would be the case if two or more makes were in use, thus lessening the expenditure in this direction.

While the advantages of having one standard make are very important, I would not consider purchasing a Garford tractor at a cost greater than the low bid received at the opening referred to. I took the matter up with the Garford Company, and they agreed in writing, under date of April 3, 1918, to furnish a four-wheel tractor for \$5,300, so that the cost will be no more to the department than if the tractor were procured from the Front Drive Motor Company.

It is requested, therefore, that permission be granted to purchase one four-wheel tractor according to Fire Department specifications for \$5,300 without the formality of public letting.

There has been in the repair shops for several months a water tower which only requires a tractor to make it fit for service. I have refrained, however, from taking the necessary steps to purchase a tractor until I had personally investigated and become convinced it is necessary. While the department has gone through the winter without the services of the water tower which it is proposed to tractor, I consider it unwise and unsafe to be permanently without its use.

The Apparatus Board of the last administration recommended and urged the purchase of a complete new water tower, the cost of which is estimated at \$19,000. It is my intention to take no action on this recommendation. By the proposed purchase of a tractor at \$5,300 a first-class water tower would become available and no further purchase of this type of apparatus will be made, thus saving \$19,000.

I might add that at the present time I am personally working on a proposition in connection with motor apparatus which will result in saving more than \$150,000 on forty-two pieces, and have reason to believe it will be brought to a successful conclusion. Respectfully, THOMAS J. DRENNAN, Fire Commissioner.

No. 457.
Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the President, Borough of Brooklyn, to Purchase Castings and Lime Without Public Letting.

The Committee on Public Letting, to which was referred on April 23, 1918 (Minutes, page 107), the annexed request of the President, Borough of Brooklyn, for authority to purchase castings and lime without public letting, respectfully

REPORTS:
That Mr. Joseph Fennelly, Assistant Commissioner of Public Works, Brooklyn, informed the Committee that the reason for the request is the unusual market conditions, dealers and manufacturers stating that they will only furnish small quantities from time to time at the market quotations. There being no advantage in advertising for bids under such conditions, your Committee recommends the adoption of the accompanying resolution.

Resolved, That, acting in pursuance of section 419 of the Charter, the President of the Borough of Brooklyn is hereby authorized to purchase, without public letting, quick lime in an amount not to exceed 700 tons, and manhole covers, assorted sizes, not to exceed 1,250; basin pans, long lugs not to exceed 120; basin hoods and pans, not to exceed 150 sets; manhole heads and covers, not to exceed 35.

JOHN McCANN, THOMAS M. FARLEY, WILLIAM K. WALSH, STEPHEN F. ROBERTS, GEORGE HILKEMEIER, EDWARD W. COX, PETER SCHWEICKERT, JOHN F. McCOURT, JOHN J. RYAN, Committee on Public Letting.

The City of New York, Office of the President of the Borough of Brooklyn, April 17, 1918.

To the Honorable Board of Aldermen of the City of New York:

Dear Sirs—Our Bureau of Sewers is in immediate need of basin hoods, manhole heads and covers, manhole covers, assorted sizes, basin pans and 700 tons of quick lime.

Owing to conditions prevailing in the casting and quick lime market at present,

the firms handling this class of supplies inform us that they will be unable to submit any bids for a large supply. The Saverno Products Company and the Rockland Lime Company state that they will only furnish small quantities of lime, from time to time, at the market quotations.

In regard to castings, Messrs. Maher & Flockhart and the Central Foundry Company also inform us that they will only supply castings on monthly deliveries at the market price prevailing at the time of delivery.

As during the year our requirements of the above articles will amount to considerably more than the \$1,000 allowed by the Charter to be purchased on open market order, I would request that the attached resolution be adopted by your honorable Board as early as possible, permitting us to purchase castings and lime on open market order from April 20th, 1918, to December 31st, 1918. Yours very truly,

JOSEPH FENNELLY, Acting Borough President.

REPORTS:
That this request is to correct an error in the amount of cost of parts for squeegee machines in a resolution adopted April 18, 1918 (Int. No. 386).

Your Committee recommends the adoption of the amended resolution.
Resolved, That the following resolution adopted April 16, 1918, and approved April 27, 1918:

"Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Street Cleaning be and he is hereby authorized to purchase, in the open market without public letting, 40 front wheels and 40 rear wheels for Watson bottom dumping wagons at a total expenditure of \$1,622, made up as follows:

"—and also repair parts for kindling squeegee machines amounting to \$1,615.14 and parts for Hvass squeegee machines amounting to \$721.70."

Department of Street Cleaning of the City of New York, Office of the Commissioner, Municipal Building, New York City, April 18, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—On March 22d, 1918, request was made for authority to purchase in the open market, without public letting, wheels for Watson bottom dumping wagons and parts for kindling and Hvass squeegee machines.

By an inadvertence, my letter stated that the cost of the parts for Hvass squeegee machines would be \$721.70, whereas it should have stated \$3,721.70.

On April 18th, 1918, the Board of Aldermen adopted a resolution authorizing such purchases, but fixing the cost of the parts for the Hvass machine at \$721.70.

I therefore request that the resolution be amended by changing this amount to \$3,721.70. Yours truly,

A. B. MACSTAY, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Docks to Purchase an Automobile Without Public Letting.

The Committee on Public Letting, to which was referred on April 23, 1918 (Minutes, page 109), the annexed request of the Commissioner of Docks for authority to purchase an automobile without public letting, respectfully

REPORTS:
That Commissioner of Docks, Mr. Murray Hulbert, stated to the Committee he proposed purchasing a special make of auto and there would be no advantage in advertising for bids. He further stated that the amount, \$2,860, is insufficient and should be increased to \$3,800. Inasmuch as the Commissioner intends to purchase a special make of auto, the Committee is of the opinion that advertising is unnecessary and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Docks be and he is hereby authorized and empowered to purchase an automobile, in the open market without public letting, the cost thereof not to exceed three thousand eight hundred dollars (\$3,800).

Report of the Committee on Salaries and Offices—
No. 354.

Report of the Committee on Salaries and Offices in Favor of Filing Resolution Requesting the Board of Estimate and Apportionment to Abolish Certain Grades of Positions.

The Committee on Salaries and Offices, to which was referred on March 12, 1918 (Minutes, page 605), the annexed resolution requesting the Board of Estimate and Apportionment to abolish certain grades of positions, respectfully

REPORTS:
That Mr. Haag, Secretary to the Board of Estimate and Apportionment, appeared before the Committee on this matter. Alderman Wolff explained that the purpose of the resolution was to have abolished all grades of positions where incumbents have been advanced to higher grades. Mr. Haag stated that while in special cases this may be done, it would be impracticable generally, as it is necessary for the organization and conduct of city departments to have various grades of positions established in conformity with Civil Service requirements.

The Committee is of opinion that no purpose would be served by the adoption of this resolution and, therefore, recommends it be placed on file.

Whereas, In the furtherance of departmental reorganizations the Board of Estimate and Apportionment has in the past recommended to the Board of Aldermen the establishment of new grades of positions to be filled by persons already employed in such departments; and

Whereas, It is desirable in the interests of future economy and efficiency that the grades of positions left vacant by such reorganizations shall not be retained in the City service; therefore, be it

Resolved, By the Board of Aldermen of The City of New York, that the Board of Estimate and Apportionment be and it hereby is requested not to recommend the establishment of any new grade of position, which grade of position is to be filled by a person at the time of such recommendation in the employ of the City, unless the

said Board shall also recommend that the grade of position at the time already so occupied shall simultaneously be abolished.

JAMES R. FERGUSON, FRED SMITH, WILLIAM K. WALSH, THOMAS A. WILLIAMS, MATTHEW G. FULLUM, EDWARD W. COX, STEPHEN F. ROBERTS, Committee on Salaries and Offices.

G. O. 65 (Int. No. 397).

Report of the Committee on General Welfare in Favor of Adopting Substitute Ordinance to Amend the Code of Ordinances, Relating to Hospitals.

The Committee on General Welfare, to which was referred on March 26, 1918 (Minutes, page 694), the annexed ordinance to amend article 1 of chapter 13 of the Code of Ordinances relating to hospitals, respectfully

REPORTS:

The Committee has given this matter more than ordinary consideration. It is worthy the attention, and after consultation with the Comptroller by the introducer, the conclusions of which were expressed at a meeting of the Committee, it was deemed wise to offer it to the Board for adoption in amended form. The amended form embraces the uniformed force of the Department of Street Cleaning with those of the Police and Fire Departments. This conclusion was reached, based on the request of the Commissioner of Street Cleaning (with whom Alderman McManus, the introducer, consulted), which set forth that the percentage of accidents to employees in his department was far in excess of those in the others. Considering that the employees of the latter department are deserving of thought the Committee reports for adoption the accompanying substitute ordinance.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and they and from all damage and costs to which they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.
