REPORT :

That, having had a public hearing on said application, at which the petitioners and those opposed to said application were heard, and, having examined the subject, they believe the proposed improvement to be necessary. They therefore recommend that the said resolution be adopted.

To the Honorable the Common Council of the City of New York :

The Columbus and Ninth Avenue Railroad Company and the Sixth Avenue Railroad Company, uniting in this application, respectfully show :

That the Columbus and Ninth Avenue Railroad Company is a corporation duly organized and incorporated under and by virtue of the laws of the State of New York, and authorized by the City and State of New York to construct, maintain and operate a street surface railroad for public use in the said City of New York, on Columbus avenue, from West One Hundred and Tenth street or Cathedral Parkway southerly to the Boulevard, there connecting with the street surface railroad of the Ninth Avenue Railroad Company, whereby passengers can be carried from Morningside Park at One Hundred and Tenth street or Cathedral Parkway, in said city, to the Fulton Ferry.

That said corporation desires to build a branch of its railroad from its terminus at One Hundred and Tenth street or Cathedral Parkway and Columbus avenue, easterly along One Hundred and Tenth street or Cathedral Parkway to the easterly line or side of Eighth avenue, or Central Park, West, there to connect and unite with the extended line to be built on said One Hundred and Tenth street and Cathedral Parkway from Lenox avenue by the Sixth Avenue Railroad Company, if this application be granted.

That the Sixth Avenue Railroad Company is also a corporation, duly organized and incorporated under and by virtue of the laws of the State of New York, and authorized by the City and State of New York to construct, maintain and operate a street surface railroad for public use on certain streets and avenues in the said City of New York, including Lenox avenue, formerly known as Sixth avenue, from One Hundred and Tenth street to Harlem river.

Said corporation, viz., the Sixth Avenue Railroad Company, proposes and desires to construct a branch or extension of its route on Lenox avenue, at West One Hundred and Tenth street, to the easterly line or side of Eighth avenue, or Central Park, West, and there to connect with the extended line or branch of the Columbus and Ninth Avenue Railroad Company, if this application be granted.

That said applicants further state that the distance from the line of the Columbus and Ninth Avenue Railroad Company at One Hundred and Tenth street or Cathedral Parkway and Columbus avenue to the easterly line or side of Eighth avenue or Central Park, West, is less than one-half mile ; and that the distance from the line of the Sixth Avenue Railroad Company at Lenox avenue and One Hundred and Tenth street to the easterly line or side of Eighth avenue, or Central Park, West, where it is proposed to connect and unite with the extension or branch of the Columbus and Ninth Avenue Railroad Company is less than one-half mile.

The said applicants further state that with this connection so made, said extension or branch will be used as a part of a new and continuous route for public use, which applicants hereby agree to operate for one fare from any point on the line of one company to any point on the line of the other company and any branch or extension thereof, or any leased line by either company now connecting therewith.

Said applicants allege that said branch and extension cannot be operated as an independent railroad without inconvenience to the public, but that it is to the public advantage and convenience that the same should be operated as a continuous line or route with the railroads of said applicants ; that said route will be operated by the same motive power as is lawfully permitted or used on the route of either of said applicants, and said applicants will not use on said route either locomotive steam or overhead trolley power.

Wherefore, said applicants respectfully pray that this application be granted and that the local authorities consent to the construction, maintenance and operation of said extension or branches above mentioned as and for the purpose herein set forth.

Any person making an estimate for furnishing, operating and maintaining electric lamps shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing, Operating and Maintaining Electric Lamps," and also with the name of the person making the same and the date of its presentation.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any estimate for the same supplies and work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

The amount of security required is \$25,000.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies delivered by which the bids are tested. SEALED ESTIMATES FOR SUPPLYING THE City Government with Blank, Printed or Lithographed Books, Dockets, Libers, etc., will be received at this office until 12 o'clock M. of Thursday, the 14th day of December, 1893, at or about which time said estimates will be publicly opened and read at a meeting of the Board of City Record, to be held in the Mayor's Office.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for furnishing Blank Books, etc.," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer

of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making it that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, and the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be One Thousand Dollars.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimate will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A contract will be made with the lowest bidder for the books required by any court or department, or for any item in the specifications involving an expenditure of more than five hundred dollars.

The making and delivery of all the books must be completed within ninety days from the execution of the contract unless delayed by the courts, departments, or bureaus. They must be delivered and delivered in the order to be prescribed by the Supervisor of the City Record, to the end that the immediate needs of the Departments shall be supplied. Such of them as are indicated with asterisks in the specifications must be delivered on or before January 2, 1894.

For particulars of the quantities of books required resort must be had to the specifications on file in the Department of Public Works, or to be procured from the Supervisor of the City Record.

The Libers are to be sewed in sections of four sheets, lined inside and outside with linen. The headbands are to be made on the book. All parchment used is to be covered with linen. The binding is to be of real Russia, with extra back, and the finish antique and gold. The Libers are to have round cornered brass shoes, as per samples in the Register's and Surrogate's offices. Samples of such of the books as are not described herein, or in the specifications, are to be seen in the several courts and departments, and the new books must be made in accordance with those samples, unless the latter are inferior in the qualities of paper and binding to those provided for in the specifications.

Stenographers' books are not to be paged or indexed; but special attention must be paid to the paper called for, as some stenographers use pens and others pencils.

M., Thursday, December 14, 1893, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications and drawings, which form part of these proposals.

The form of the agreement, showing the manner of payment for the work, with the specifications and forms of proposals may be obtained and the plans may be seen at the office of the Department.

Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within the time specified in the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at ten (10) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of one thousand and five hundred (\$1,500) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of seventy-five (75) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

TO CONTRACTORS.

ESTIMATES FOR FURNISHING ILLUMINATING GAS FOR LIGHTING THE PUBLIC MARKETS, ARMORIES, BUILDINGS AND OFFICES OF THE CITY OF NEW YORK, FOR THE PERIOD FROM JANUARY 1, 1894, TO DECEMBER 31, 1894, BOTH DAYS INCLUSIVE.

ESTIMATES FOR FURNISHING ILLUMINATING GAS for lighting the Public Markets, Armories, Buildings and Offices of the City of New York, or any of them, for the period from January 1, 1894, to December 31, 1894, both days inclusive, will be received by the Commissioner of Public Works of the City of New York, at his office, until 12 o'clock M. of Monday, December 18, 1893, at which time and place the estimates received will be publicly opened.

Any person making an estimate for the above-mentioned supplies shall furnish the same in a sealed envelope at said office, at or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any estimate for the same purpose; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimates must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true; where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation of the City of New York any difference between the sum to which he or they would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York.

The gas shall have an illuminating power of not less than eighteen candles when tested at a distance of not less than one mile from the place of manufacture, on the improved form of the Bunsen Photometer, by a Sugg-Lethely 12-hole argand burner, calculated on a consumption of five cubic feet of gas per hour. The regular daily tests, however, will be made with a burner that will obtain from the gas the greatest amount of light, and practicable for use by the consumer, and consuming at the rate of five cubic feet of gas per hour. The testing candle shall be of sperm of six to the pound, and consuming, as near as possible, one hundred and twenty grains of spermaceti per hour, and no candle shall be used for testing which consumes less than one hundred and four grains or more than one hundred and twenty-six grains of spermaceti per hour. And as regards purity, the gas shall be free, within limits not injurious to the public health, from ammonia, sulphureted hydrogen, and other sulphur and noxious compounds.

Bidders are required to state in their estimates the several markets, armories, buildings and offices to which they propose to supply gas, and the illuminating power of the gas they propose to furnish.

Bidders are also required to state one definite and distinct price for each thousand cubic feet of gas furnished (whether the quantity be more or less) to each or any of the following public markets, armories, buildings and offices of the city, and this price must be written out in full, and also inserted in figures.

The amount of security required is \$20,000, but the same may be reduced at the option of the Mayor, Aldermen and Commonality of the City of New York, if an award for a portion is made warranting a less amount of security.

The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The right is reserved, when an estimate is made containing bids for supplying gas to one or more of the markets, armories, buildings, offices, etc., as aforesaid, to accept from such estimate or bid so much thereof as may be the lowest in respect to each particular market, armory, building or office as aforesaid, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The contract for lighting any particular market, armory, building, office, etc., will be awarded, if awarded, to the lowest bidder on the lighting of each particular market, armory, building, office, etc.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Commissioner of Public Works.

The right is also reserved to discontinue the lighting of any of the public markets, armories, buildings, offices, etc., to which gas shall be furnished, if at any time gas should not be required in any such public market, armory, building or office.

The right to decline all estimates is reserved, if deemed for the interest of the Corporation, by the Commissioner of Public Works, and no estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

If the estimate of any bidder shall include any market armory, building or office, situated on any street in which the gas-mains of such bidder are not laid at the time of the making of the bid, and a contract for furnishing gas to said market, armory, building or office shall be awarded to any such bidder, then, in that case, thirty days from the date of the execution of such contract shall be allowed to such bidder for the laying of the gas-mains of such bidder in said street, providing such bidder shall have a franchise or grant from the Mayor, Aldermen and Commonality of the City of New York, authorizing the laying of gas-mains in such street.

Blank forms of bid or estimate, the proper envelopes in which to enclose the same, the specifications and agreement, and any further information desired, can be obtained at Room 11, No. 31 Chambers street.

MICHAEL T. DALY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonality containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works
