APPROVED PAPERS.

FOR THE WEEK ENDING JUNE 26, 1909.

No. 540.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred thousand dollars (\$100,000) to provide means for the preparation of detail plans and specifications for a new fire alarm telegraph system in the Borough of Manhattan; said plans to include the location and character of the ducts required, such subways as the City must build for itself; the type, character and detail of the entire instrumental equipment, together with plans for such central and subordinate stations as may be required.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution of the Board of Estimate and Apportionment adopted May 28, 1909, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding one hundred thousand dollars (\$100,000) to provide means for the preparation of detailed plans and specifications for a new fire alarm telegraph system in the Borough of Manhattan; said plans to include the location and character of the ducts required, such subways as the City must build for itself; the type, character and detail of the entire instrumental equipment, together with plans for such central and subordinate stations as may be required, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred thousand dollars (\$100,000), the proceeds whereof to be applied to the purposes aforesaid.

Adopted by the Board of Aldermen, June 8, 1909.

Approved by the Mayor, June 21, 1909.

No. 541.

Whereas, The Board of Estimate and Apportionment at a meeting held May 28, 1909, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Clerk in the Department of Health, in addition to those already existing therein, with salary at the rate of twenty-four hundred dollars (\$2,400) per annum, for two (2) incumbents."

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Adopted by the Board of Aldermen, June 8, 1909.

Approved by the Mayor, June 21, 1909.

No. 542.

Whereas, The Board of Estimate and Apportionment at a meeting held May 28, 1909, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Nurse in the Department of Health, in addition to those already existing therein, with salary at the

rate of one thousand eight hundred dollars (\$1,800) per annum, for the present incumbent, Miss Kate B. Holden, only."

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Adopted by the Board of Aldermen, June 8, 1909.

Approved by the Mayor, June 21, 1909.

No. 543.

Whereas, The Board of Estimate and Apportionment at a meeting held May 28, 1909, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following positions in the office of the President of the Borough of Manhattan:

	Incumbents.	Per Annum.
Swimming Instructor (male).....	2	\$1,050 00
Swimming Instructor (female).....	2	900 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

Adopted by the Board of Aldermen, June 8, 1909.

Approved by the Mayor, June 21, 1909.

No. 544.

Whereas, The Board of Estimate and Apportionment at a meeting held May 28, 1909, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Superintendent of the Municipal Asphalt Plant, under the jurisdiction of the President of the Borough of Brooklyn, with salary at the rate of twenty-five hundred dollars (\$2,500) per annum, for one (1) incumbent."

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Adopted by the Board of Aldermen June 8, 1909.

Approved by the Mayor June 21, 1909.

No. 545.

Whereas, The Board of Estimate and Apportionment at a meeting held May 28, 1909, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the office of the County Judge and Surrogate of Richmond County, in addition to those already existing therein:

	Incumbents.	Per Annum.
Clerk of the Surrogate's Court.....	1	\$3,000 00
Confidential Clerk	1	1,650 00
Clerk in Surrogate's Court.....	1	1,800 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

Adopted by the Board of Aldermen June 8, 1909.

Approved by the Mayor June 21, 1909.

No. 546.

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that two lamp-posts be erected, street lamps placed thereon and lighted, one at the South Fifth street entrance and one at the Rodney street entrance of the St. Paul's Evangelical Church, on the corner of South Fifth and Rodney streets, in the Borough of Brooklyn.

Adopted by the Board of Aldermen June 8, 1909.

Approved by the Mayor June 21, 1909.

No. 547.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of seventeen thousand dollars (\$17,000), the proceeds whereof to be used by the President of the Borough of Richmond for the purpose of meeting the deficiency in the appropriation for the repairing and construction division of the Engineer Corps of said Borough for the year 1909.

Adopted by the Board of Aldermen June 8, 1909.

Received from his Honor the Mayor June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 548.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifteen thousand dollars (\$15,000), the proceeds whereof to be used by the Commissioner of Parks for Manhattan and Richmond, for the purpose of repairing the sea wall in Battery Park, between the United States barge office and the Aquarium Building.

Adopted by the Board of Aldermen June 8, 1909.

Received from his Honor the Mayor June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 549.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand four hundred and thirty-seven dollars and fifty cents (\$3,437.50), the proceeds whereof to be used by the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the purpose of employing additional help.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 550.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed seven hundred dollars (\$700), the proceeds to be applied to the making of financial provision for the employment in the Repair Shops of the Fire Department of The City of New York, Boroughs of Brooklyn and Queens, of a Painter and Letterer, with compensation at the rate of \$4 per diem, for the remainder of the current year.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 551.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifty thousand dollars (\$50,000), the proceeds whereof to be used by the Comptroller for the purpose of providing means to carry out new accounting system by employment of additional help.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 552.

Resolved, That permission be and the same is hereby given to Hugo J. Hanf, to erect, place and keep an awning in front of his premises, No. 223 West Fifty-second street, in the Borough of Manhattan, provided the said awning shall be erected so as to conform in all respects with the ordinance in such case made and provided, not be used for advertising purposes; the work to be done at his own expense, under the direction of the President of the Borough; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 553.

Resolved, That permission be and the same is hereby given to David Schwartz to drive an advertising wagon through the streets and thoroughfares of the Borough of Brooklyn, under the supervision of the Police Department; such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 554.

Resolved, That permission be and the same is hereby given to Joseph Dreyer, of No. 336 West Twenty-seventh street, to drive an advertising wagon, with music, through the streets and thoroughfares of the Borough of Manhattan, under the supervision of the Police Department; such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 555.

Resolved, That permission be and the same is hereby given to Frank W. Thron, southwest corner of Spring and Washington streets, to erect, place and keep a booth within the stoop line, in the Borough of Manhattan, provided the said booth shall be erected so as to conform in all respects with the ordinance in such case made and provided, not be used for advertising purposes; the work to be done at his own expense, under the direction of the President of the Borough; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 556.

Resolved, That permission be and the same is hereby given to William J. Kennedy, of No. 16 Murray street, to erect, place and keep a booth within the stoop line, in the Borough of Manhattan, provided the said booth shall be erected so as to conform in all respects with the ordinance in such case made and provided, not be used for advertising purposes; the work to be done at his own expense, under the direction of the President of the Borough. Such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 557.

Resolved, That permission be and the same is hereby given to John J. Casey, of No. 122 Duane street, to erect, place and keep a booth within the stoop line in the Borough of Manhattan, provided the said booth shall be erected so as to conform in all respects with the ordinance in such case made and provided, not be used for advertising purposes; the work to be done at his own expense, under the direction of the President of the Borough. Such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 558.

Resolved, That permission be and the same is hereby given to John J. Casey to erect, place and keep a booth in front of the southeast corner of West Broadway and Duane street, within the stoop line, in the Borough of Manhattan, provided the said booth shall be erected so as to conform in all respects with the ordinance in such case made and provided, not be used for advertising purposes; the work to be done at his own expense, under the direction of the President of the Borough; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 559.

Resolved, That permission be and the same is hereby given to A. L. Nebenzahl to drive two advertising wagons through the streets and thoroughfares of the Borough of Queens, under the supervision of the Police Department; such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 560.

Resolved, That permission be and the same is hereby given to George Russo to drive an advertising wagon through the streets and thoroughfares of the Borough of Manhattan, under the supervision of the Police Department; such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 561.

Resolved, That permission be and the same is hereby given to William Mulligan to erect, place and keep a stormdoor in front of his premises, No. 3220 Broadway, in

the Borough of Manhattan, provided the said stormdoor shall be erected so as to conform in all respects with the ordinance in such case made and provided, not be used for advertising purposes; the work to be done at his own expense, under the direction of the President of the Borough; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, June 8, 1909.

Received from his Honor the Mayor, June 22, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

BOROUGH OF RICHMOND.

Removed—Charles A. Phillips and William C. Anderson, Inspector of Pipe Laying, Pipes and Hydrants.

M. F. LOUGHMAN, Deputy Commissioner.

AQUEDUCT COMMISSION.

Minutes of Adjourned Meeting of the Aqueduct Commissioners, Held at Their Office, No. 280 Broadway, New York City, on Friday, May 21, 1909, at 11 o'clock a. m.

Present—Commissioners Cowan (President), Ten Eyck, Ryan and Windolph, and Acting Chief Engineer Cook.

Report No. 1790 of the Acting Chief Engineer, dated May 18, 1909, in regard to salary of Michael Bourke, Inspector of Masonry, was received and ordered filed and the following resolution offered:

Resolved, That the salary of Michael Bourke, Inspector of Masonry, be and hereby is fixed at the rate of five dollars per day, to take effect on and after May 25, 1909.

Adopted by the following vote:

Affirmative—Commissioners Cowan, Ten Eyck, Ryan and Windolph—4.

Report No. 1792 of the Acting Chief Engineer, dated May 21, 1909, recommending the promotion of Charles G. Kehoe from Rodman to Transitman, was received and ordered filed and the following resolution offered:

Resolved, That, upon the recommendation of the Acting Chief Engineer, Charles G. Kehoe, Rodman, be and hereby is promoted to the grade of Transitman, he having been certified as eligible for such promotion by the Municipal Civil Service Commission on May 20, 1909, his salary to remain the same as at present.

Adopted by the following vote:

Affirmative—Commissioners Cowan, Ten Eyck, Ryan and Windolph—4.

Communication from the Corporation Counsel, dated May 20, 1909, in regard to obtaining possession of Parcel No. 22, Croton Falls, First Supplemental Proceeding, Melville E. Mead, former owner, was received and referred to the Acting Chief Engineer with instructions to comply therewith.

Communication from I. J. Beaudrias, dated May 20, 1909, requesting blue prints of land map, Parcels 92, 93, and 94, to be used in connection with the claim of Juengst Sons, Croton Falls Reservoir, was received and referred to the Acting Chief Engineer to comply therewith.

Communication from Nathan P. Bushnell, Counsel to Board of Highway Commissioners, Town of Cortlandt, N. Y., dated May 19, 1909, in regard to the condition of wall on west side of Quaker Bridge road, between Croton and Ossining, N. Y., was received and referred to the Acting Chief Engineer for report.

Circular letter from the Secretary to the Mayor, dated May 17, 1909, calling attention to the provisions of chapter 26, Laws of 1901, relative to the granting of leave of absence to veterans of the Civil War who are City employees on Decoration Day, was received and referred to the President.

The Commissioners then adjourned.

HARRY W. WALKER, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

(FINANCIAL AND FRANCHISE MATTERS.)

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, HELD IN ROOM 16, CITY HALL, FRIDAY, JUNE 18, 1909.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Lawrence Gresser, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

After disposing of the public improvements calendar, the following financial and franchise matters were considered:

The following FRANCHISE MATTER not upon the calendar for this day was considered by unanimous consent:

QUEENS LIGHTING COMPANY.

The Comptroller, to whom on February 14, 1908, was referred matter of the application of the Queens Lighting Company to construct, maintain and operate pipes, mains and necessary conductors of gas to public and private consumers in a certain portion of the Borough of Queens, presented a report recommending certain modifications in the proposed contract, which was referred back to the Chief Engineer.

FINANCIAL MATTERS.

The Secretary presented the following communications from the Commissioner of the Fire Department requesting, and report of the Comptroller recommending, a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the Fire Department, involving no additional appropriation:

HEADQUARTERS, FIRE DEPARTMENT, CITY OF NEW YORK,
Nos. 157 and 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, May 25, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

SIR—I have the honor to request that the Board of Estimate and Apportionment revise certain Budget schedules of this Department for the year 1909 by eliminating from "608, Fire Department, General Administration, Manhattan, The Bronx and Richmond, Repair Shops, Salaries and Wages," the provision made therein for one Foreman Blacksmith at \$1,216, one Blacksmith's Helper at \$912 and one Stoker, also at \$912, a total of \$3,040, and substituting in lieu thereof provision for three Clerks at \$480 each, a total of \$1,440; and further by incorporating in "605, Fire Department, General Administration, Manhattan, The Bronx and Richmond, Office of the Commissioner, Salaries and Wages," an allowance of \$1,500 for one additional Clerk at said rate. In connection with the latter request a transfer of \$1,500 will be necessary (which your Board is requested to make) from the appropriation "608, Fire Department, General Administration, Manhattan, The Bronx and Richmond, Repair Shops, Salaries and Wages," to "605, Fire Department, General Administration, Manhattan, The Bronx and Richmond, Office of the Commissioner, Salaries and Wages," both for the current year.

With the revision requested made there will remain an unassigned balance of \$100 to the credit of the appropriation for 1909 entitled "608, Fire Department, General Administration, Manhattan, The Bronx and Richmond, Repair Shops, Salaries and Wages."

The foregoing application is made in lieu of that under date of the 7th ult., permission for the withdrawal and return of which to this Department is now made.

Respectfully,

NICHOLAS J. HAYES, Commissioner.

HEADQUARTERS, FIRE DEPARTMENT, CITY OF NEW YORK,
Nos. 157 and 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, April 13, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

SIR—The Board of Estimate and Apportionment in appropriation for the current year entitled "608, Fire Department, General Administration, Manhattan, The Bronx and Richmond, Repair Shops, Salaries and Wages," allowed for three Watchmen at \$912.50 each, one of whom has recently died.

It is my desire, on May 1, 1909, to apply \$600 of the balance which will remain of the allowance for one of these Watchmen to the providing of means for the payment of the salary, for the eight months which will then remain of the current year, of a Clerk at said shops with compensation at the rate of \$900 per annum, and I have the honor to request that your Board take the necessary action to accomplish this result.

Respectfully,

NICHOLAS J. HAYES, Commissioner.

HEADQUARTERS, FIRE DEPARTMENT, CITY OF NEW YORK,
Nos. 157 and 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, April 7, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

SIR—I have the honor to request that the Board of Estimate and Apportionment make transfers from and to appropriations made to this Department for the current year, the former of which are in excess of the amounts required for the purposes thereof and the latter insufficient therefor, as follows:

From 611, Fire Department, Administration, Borough of Manhattan, Bureau of Chief of Department, Salaries and Wages..... \$1,960 00

To 605, Fire Department, General Administration, Manhattan, The Bronx and Richmond, office of the Commissioner, Salaries and Wages (to pay the salary of an additional Clerk at the rate of \$1,500 per annum, from May 1, to December 31, 1909, a period of eight months)..... \$1,000 00

To 608, Fire Department, General Administration, Manhattan, The Bronx and Richmond, Repair Shops, Salaries and Wages (to pay the salaries of three additional Clerks at the rate each of \$480 per annum, from May 1 to December 31, 1909, a period of eight months)..... 960 00

\$1,960 00

I have also the honor to request that your Board take proper action to provide for the period from May 1, 1909, to December 31, 1909, for the salary of a Chief of

Battalion at \$3,300 per annum, to be promoted to Deputy Chief of Department in charge of Marine Division, at \$4,200 per annum, an increase of \$900 per annum, amounting for the eight months specified to \$600, the appropriation from which said sum is payable being No. 611, Fire Department, Administration, Borough of Manhattan, Bureau of Chief of Department, Salaries and Wages.

Respectfully,

NICHOLAS J. HAYES, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
June 15, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In reference to requests made by the Fire Commissioner for a modification of the schedules supporting the Budget appropriations made for certain salaries and wages accounts for the year 1909, for the Department over which he has jurisdiction, and for the transfer of \$1,500 from one appropriation to another, rendered necessary by the schedule modifications as asked for, I would report as follows:

The modifications requested are the elimination of certain positions in the supporting schedule of appropriation made for item No. 608, Repair Shops, Manhattan, The Bronx and Richmond, viz.:

Foreman Blacksmith, \$4 per day.....	\$1,216 00
Blacksmith's Helper, \$3 per day.....	912 00
Stoker, \$3 per day.....	912 00
Watchman (per annum).....	912 50

\$3,952 50

—and adding the following new employees:

Clerk (Office of the Commissioner).....	\$1,500 00
Clerks, 3 at \$480 each (Repair Shops, Manhattan, The Bronx and Richmond).....	1,440 00
Clerk (Repair Shops, Manhattan, The Bronx and Richmond).....	900 00

\$3,840 00

It appears from the examination made that the additional clerkships requested for the Repair Shops are to be employed in performing clerical work formerly done by mechanics detailed for the purpose, a practice which must be discontinued under directions from the Municipal Civil Service Commission. The additional clerkship suggested for the office of the Commissioner is to provide for the increased work of the office due to the installation of the new bookkeeping and accounting system.

The request of the Fire Commissioner would, in part, involve the application of moneys appropriated in the Budget for 1909 for the payment of employees at a per diem wage, to the payment of additional Clerks at an annual compensation, which I deem to be contrary to the intent of your Board as expressed in the resolution accompanying the Budget as adopted October 31, 1908. Inasmuch, however, as the additional Clerks for the Repair Shops are to replace employees formerly detailed to clerical work, it would seem that the request of the Fire Commissioner might, with justice, be approved in so far as it relates to said Clerks, but not approved as to the additional Clerk requested for the office of the Commissioner. If this course be concurred in no resolution of transfer is required.

In view of the facts as herein set out, I recommend the approval of the resolution hereto attached.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following Budget schedule, as revised, for the Fire Department for the year 1909:

Administration, Manhattan, The Bronx and Richmond.

Repair Shops—

608. Salaries and Wages:

Wheelwrights, not to exceed \$3.50 per day.....	4,256 00
Balance unassigned	700 50
	<hr/> \$131,958 50

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Commissioner of the Tenement House Department, requesting, and report of the Comptroller recommending, a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the Tenement House Department, involving no additional appropriation:

TENEMENT HOUSE DEPARTMENT,
No. 44 EAST TWENTY-THIRD STREET,
NEW YORK, June 3, 1909.

Board of Estimate and Apportionment, No. 277 Broadway:

GENTLEMEN—I respectfully request that the Budget appropriation for this Department entitled Administration, No. 127, Salaries and Wages, be revised in so far as it concerns the following items:

114 Clerks, at \$1,050.....	\$119,700 00
5 Clerks, at \$540.....	2,700 00
3 Clerks, at \$480.....	1,440 00
	<hr/> \$123,840 00

—changed to read as follows:

108 Clerks, at \$1,050.....	\$113,400 00
14 Clerks, at \$540.....	7,560 00
6 Clerks, at \$480.....	2,880 00
	<hr/> \$123,840 00

The above revision consists in decreasing the number of Clerks at \$1,050 by 6

And increasing the number of Clerks at \$540 by 9.....

and increasing the number of Clerks at \$480 by 3.....

—and requires no additional appropriation and is necessary at the present time as the Municipal Civil Service Commission has no eligible list from which to appoint Clerks at \$1,050 per annum.

Respectfully,
EDMOND J. BUTLER, Commissioner.

Proposed Revision of Administration, Schedule No. 127, Tenement House Department.

First Deputy Commissioner.....	\$4,000 00

	<hr/> \$383,050 00

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
June 11, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In regard to a communication from the Commissioner of the Tenement House Department, dated June 3, 1909, addressed to your Board, requesting a revision of the schedule accompanying appropriation Item No. 127, entitled, Administration, Salaries and Wages, in the Budget for the year 1909, referred to me June 5, 1909, for consideration, I submit the following report:

108 Clerks, instead of 114 at \$1,050 per annum.
14 Clerks, instead of 5 at \$540 per annum.
6 Clerks, instead of 3 at \$480 per annum.

It will be seen that this rearrangement of the salary grades results in the creation of 128 instead of 122 positions in the schedule supporting appropriation No. 127. The Commissioner states his reason for asking this change is that certain classes of the work can be done as effectively by first grade Clerks as by Clerks of the second grade, and that by this change he can secure the services of more Clerks for the amount of money allowed.

In view of the fact that the amended salary schedule does not involve any increase in the yearly salary cost and the change appears to be designed solely to permit of a reorganization of the force in the manner desired by the head of the Department, I recommend the approval of the request and for that purpose a resolution is appended hereto.

Respectfully submitted,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following Budget schedule, as revised, for the office of the Tenement House Department for the year 1909:

Tenement House Department.

Administration—

127. Salaries and Wages:

First Deputy Commissioner.....	\$4,000 00
Second Deputy Commissioner.....	4,000 00
Superintendents, 2 at \$3,000.....	6,000 00
Chief Inspectors, 2 at \$3,000.....	6,000 00
Chief Inspectors, 2 at \$2,550.....	5,100 00
Chief Inspectors, 2 at \$2,100.....	4,200 00
Secretary to First Deputy.....	1,500 00
Secretary to Superintendent.....	1,500 00
Clerks, 6 at \$1,500.....	9,000 00
Clerks, 2 at \$1,350.....	2,700 00
Clerks, 12 at \$1,200.....	14,400 00
Clerks, 108 at \$1,050.....	113,400 00
Clerks, 39 at \$600.....	23,400 00
Clerks, 14 at \$540.....	7,560 00
Clerks, 6 at \$480.....	2,880 00
Clerks, 87 at \$300.....	26,100 00
Plan Examiner	1,800 00
Plan Examiners, 17 at \$1,200.....	20,400 00
Tabulator	1,200 00
Stenographer to Second Deputy.....	1,350 00
Stenographer and Typewriter, Book Typewriter and Typewriting Copyists, 6 at \$1,050.....	6,300 00
Stenographer and Typewriter, Book Typewriter and Typewriting Copyists, 9 at \$900.....	8,100 00
Stenographer and Typewriter, Book Typewriter and Typewriting Copyists, 126 at \$750.....	94,500 00
Messenger	1,500 00
Messengers, 2 at \$900.....	1,800 00
Process Servers, 10 at \$900.....	9,000 00
Telephone Operator	900 00
Telephone Switchboard Operator	750 00
Cleaner	450 00
Cleaners, 5 at \$360.....	1,800 00
Watchman, 2 at \$2 per diem.....	1,460 00
	<hr/> \$383,050 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following matters not upon the calendar for this day were considered by unanimous consent:

The Comptroller presented the following resolution of the Board of Education requesting the acquisition of property on Spofford avenue, Faile and Coster streets, The Bronx, as a site for school purposes, together with report thereon, recommending the purchase of said property at a price not exceeding \$37,500.

(On May 14, 1909, the resolution of the Board of Education, requesting the acquisition of the above site, was referred to the Comptroller.)

(On June 11, 1909, this matter was laid over.)

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations of the Local School Board of District No. 24 and the Board of Superintendents that a site for a new school building be acquired in the Hunts Point section of the Borough of The Bronx. In a communication, dated March 29, 1909, the City Superintendent of Schools recommends that the Board of Estimate and Apportionment be requested to provide funds for the acquisition of a site in this section. Additional school accommodations are urgently and immediately necessary in this locality, where the population is growing with extraordinary rapidity, and your Committee is of the opinion that a site should be acquired on Spofford avenue, Faile and Coster streets. It is the intention to erect a new building on said site as soon as title thereto is acquired, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Spofford avenue, Faile and Coster streets, in Local School Board District No. 24, Borough of The Bronx, the assessed valuation of which, with other property, as shown by the books of record on file in the Department of Taxes and Assessments, is \$35,500:

Beginning at a point formed by the intersection of the southerly line of Spofford avenue with the easterly line of Coster street, and running thence easterly along the southerly line of Spofford avenue two hundred (200) feet to the westerly line of Faile street, thence southerly along the westerly line of Faile street two hundred (200) feet; thence westerly and parallel with Spofford avenue two hundred (200) feet to the easterly line of Coster street; thence northerly along the easterly line of Coster street two hundred (200) feet to the southerly line of Spofford avenue, the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education May 12, 1909.

A. EMERSON PALMER, Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
June 5, 1909.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Estimate and Apportionment held May 14, 1909, there was referred to me for consideration and report a resolution adopted by the Board of Education at a meeting held May 12, 1909, requesting that the Board of Estimate and Apportionment take such action as may be deemed necessary and proper for the acquisition of lands and premises located on Spofford avenue, Faile and Coster streets, in Local School Board District No. 24, Borough of The Bronx.

The Bureau of Real Estate of my Department has made an examination of the property desired by the Board of Education, which fronts 200 feet on Spofford avenue, 200 feet on Faile street and 200 feet on Coster street, and recommends that the property be acquired at private sale at a price not exceeding \$37,500.

I have been informed that there are a number of new buildings being erected in this Hunts Point section of The Bronx, and, from what I learn, I believe that before the schoolhouse is completed and ready for occupancy additional school facilities will have to be acquired.

I have also been informed that Spofford avenue is a legally opened street, the assessment for the opening of which has not yet been levied against the property benefited, and, therefore, the amount of such assessment, when levied, would have to be paid by the City, providing the title was vested in the City at the time of the confirmation of the assessment.

Spofford avenue is regulated and graded, and the regulating and grading have been confirmed; therefore, it is to be paid for by the owners.

Coster street is a legally opened street, the assessment for the acquiring of title of which is confirmed, and, therefore, is a lien against the property. The regulating and grading of Coster street will be done at private contract by the owners of the property without any assessment being levied for such regulating and grading.

Faile street, though not legally opened by the City, will be dedicated by the owners of the property and regulated and graded by them without any expense to the abutting property owners. Therefore, the only liability in the way of assessments that the City will have to stand, providing the title was vested in the City at the time of the opening of Spofford avenue is that herein mentioned.

There has been no contract made with the owners as to their regulating and grading Coster and Faile streets, but this can be taken care of in the contract to be entered into between the City and the owners.

The price being reasonable and just, I would respectfully recommend that the Board of Estimate and Apportionment approve of the request of the Board of Education, and authorize the acquisition of the property, described in the resolution of the Board, by the Comptroller at a price not exceeding \$37,500.

Respectfully submitted,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the selection of the following described property on Spofford avenue, Faile and Coster streets, Borough of The Bronx, for school purposes:

Beginning at a point formed by the intersection of the southerly line of Spofford avenue with the easterly line of Coster street, and running thence easterly along the southerly line of Spofford avenue two hundred (200) feet to the westerly line of Faile street, thence southerly along the westerly line of Faile street two hundred (200) feet; thence westerly and parallel with Spofford avenue two hundred (200) feet to the easterly line of Coster street, thence northerly along the easterly line of Coster street two hundred (200) feet to the southerly line of Spofford avenue, the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owners of said property of, in and to the streets in front thereof to the centre thereof,

—and the Comptroller be and is hereby authorized to enter into contracts for the acquisition of the above described property at private sale, at a price not exceeding thirty-seven thousand five hundred dollars (\$37,500), said contracts to be submitted to the Corporation Counsel for approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the Commissioner of Records, New York County, requesting the approval of the contract and specifications for furnishing and erecting additional steel file cases and other furnishings in the office of the County Clerk of New York County, Hall of Records, Manhattan, together with report thereon, recommending the approval of the terms and conditions contained in said form of contract:

COMMISSIONER OF RECORDS, COUNTY OF NEW YORK,
HALL OF RECORDS, MANHATTAN,
NEW YORK CITY, June 15, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I submit herewith the form of proposals for bids or estimates, contract and specifications, for furnishing and erecting additional steel file cases, authorized by the Board of Estimate and Apportionment, and other furnishings in the office of the Clerk of the County of New York, in the Hall of Records, approved by the Corporation Counsel as to form, for the approval of the Board of Estimate and Apportionment, and for such action as your Board may direct.

The Board of Estimate and Apportionment on June 26, 1908, adopted the following: "Resolved, That pursuant to the provisions of chapter 59 of the Laws of 1897, as amended by chapter 793 of the Laws of 1897, and sections 169 and 170 of the Greater New York Charter, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of two hundred thousand dollars (\$200,000), the proceeds whereof to be applied to the installation of steel file cases and other furnishings for the office of the County Clerk, New York County, in the Hall of Records, Borough of Manhattan."

A form of contract and specification for the installation of steel file cases and other furnishings in the office of the County Clerk, New York County, in the Hall of Records, Borough of Manhattan, as prepared by the Commissioner of Records, County of New York, was approved by the Board of Estimate and Apportionment on the same date, and the Board authorized and directed the President of the Borough of Manhattan to advertise for bids or proposals for the same.

Following that action a bid of \$105,386 for the work included in that contract and specifications was accepted and a contract was made by direction of the Board.

Under date of November 30, 1908, I submitted to the Board of Estimate and Apportionment plans for additional steel file cases to be furnished, if the Board approved, and paid for out of the amount of \$200,000 so appropriated and directed to be applied to the installation of steel file cases and other furnishings for the office of the County Clerk, New York County, in the Hall of Records, Borough of Manhattan, under the resolution of June 26, 1908, as above quoted.

The plans so submitted were approved and the Board of Estimate and Apportionment on January 8, 1909, adopted the following:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of chapter 712 of the Laws of 1907, hereby designates the space above the eighth floor of the new Hall of Records Building, Borough of Manhattan, amounting to 2,125 square feet in area, for the installation of steel file cases for the use of the County Clerk and Commissioner of Records of New York County."

The form of contract and specifications herewith submitted is for such file cases, so approved, and for necessary furnishings, ventilation and lighting, not included in the first contract.

The estimated cost of the work provided for in this supplemental contract, including the architects' fees as authorized by your Board, is \$35,000.

That, added to the cost of the first contract, including architects' fees, \$110,655.30, makes the total cost of all the work required to be done under the authorization of the resolution of the Board of June 26, 1908, as above, \$145,655.30.

Therefore, the sum of \$54,344.70 out of the \$200,000 appropriated, and possibly more than that, will remain unexpended after all the required work is completed.

I have to request that the Board of Estimate and Apportionment will consider the supplemental contract and specifications herewith mentioned, at its meeting on the 18th inst., and, if approved, direct bids to be advertised for so that a contract may be authorized, and the necessary direction for its execution given, at the meeting of the Board to be held on July 2, 1909. This is because of unexpected delays in preparation.

This is extremely important for the reason that the work under the first contract is not completed. The new work should be begun and carried on while the building is in disorder, as it is now, plastering and flooring being cut, rooms and passages obstructed and the air full of dust and grit incidental to the work.

If a contract for the additional work is not made until after the summer vacation the work under the first contract will have been completed, the walls repaired and the offices made ready for use; and in October or November the work on the new contract will begin with all the resultant disorder and disarrangement, dirt and dust.

If a contract for the additional work is authorized on July 2, all the objectionable part of the work will be done during July and August and the business of the office can go on without further hindrance or interference from and after September 1. It will be impossible to carry on the office properly while the mechanics are at work in the rooms.

The Commissioner of Records has eleven fine typewriter machines which would be destroyed if exposed to the grit from broken plastering. The work of those machines will necessarily be delayed and the entire business of the office retarded thereby unless the additional contract work can be done during the vacation months.

Such work is also injurious to all the furniture. That consideration, with the loss of time and services of employees due to the unfit condition of the offices, will cause a serious loss.

Another important consideration is that the additional work can be done at less cost now that if done when it will be necessary to interfere with work finished under the first contract. Consequently, a lower bid may be expected now.

For these reasons I make the request for immediate action.

Respectfully submitted,

WILLIAM S. ANDREWS, Commissioner of Records, County of New York.

THE CITY OF NEW YORK, BOARD OF ESTIMATE AND APPORTIONMENT.

- BOROUGH OF MANHATTAN.

1909.

PROPOSALS FOR BIDS OR ESTIMATES, BID OR ESTIMATE, BOND, CONTRACT AND SPECIFICATIONS.

For furnishing and erecting steel filing cases, new fireproof partitions, and new ventilating system, etc., in the office of the Clerk of the County of New York, in rooms on the eighth and attic floors in the Hall of Records Building, Borough of Manhattan, City of New York, and for other furnishings required for said floors, with the repairs and alterations and the material and labor required for same; also for the extension to the electric lighting equipment and for carpenter work, mason work, hardware, metallic and other furniture, electric light work, lighting fixtures, marble and bronze work, painting, plastering and other work, required to be done in connection with and for purpose of furnishing and erecting such steel filing cases, new fireproof partitions, new ventilating system, etc., and such other furnishings required for said floors, as well as all other work to be done outside these rooms, as shown on plans, or as may be necessary to complete the work in a proper and first-class manner; all to be done in accordance with the following specifications and accompanying drawings and details, prepared by Morgan & Slattery, architects, No. 41 West Thirty-third street, New York City, and completed under their supervision.

TO CONTRACTORS.

Proposals for Bids or Estimates.

1. Sealed bids or estimates for the above named work and materials will be received by the Borough President of Manhattan, at the Board Room of the Board of Estimate and Apportionment, Room No. 16, City Hall, in The City of New York, until o'clock m., on

(Ordinances, Section 516.)

.....1909.

(Ordinances, Section 511.)

2. The time allowed for doing and completing the work will be one hundred and fifty consecutive calendar days.

(Ordinances, Section 511.)

3. The security required will be ten thousand dollars (\$10,000).

4. The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the work for which the estimate is made, with his or their name or names and the date of presentation to the said Borough President, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the Chairman of the Board of Estimate and Apportionment and read, and the award of the contract made according to law, as soon thereafter as practicable.

(Ordinances, Section 512; Charter, Section 1533.)

5. Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise, in or in the performance of the contract, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true.

(Ordinances, Section 514.)

6. Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

(Charter, Section 420.)

7. No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal it be accompanied by a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided by section 420 of the Greater New York Charter.

8. The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the Borough President of Manhattan, or submitted personally upon the presentation of the bid or estimate.

(Ordinances, Section 511.)

9. For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the specifications and lists of materials, supplies and apparatus to be furnished, and to the plans on file at the office of the said architect.

10. The bidder shall state one aggregate price for the whole work described and specified, as the contract is entire and for a complete job.

11. Bidders will write out the total amount of their estimates in addition to inserting the same in figures.

(Charter, Section 419.)

12. The Board of Estimate and Apportionment reserves the right to reject all bids or estimates if they deem it to be for the interest of the City so to do.

13. Bidders are requested to make their bids or estimates upon the blank form prepared by said Board of Estimate and Apportionment, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the architects, Morgan & Slattery, No. 41 West Thirty-third street, The City of New York, where the plans, which are made a part of the specifications, can be seen.

GEORGE B. McCLELLAN, Mayor;
HERMAN A. METZ, Comptroller;
PATRICK F. McGOWAN, President, Board of Aldermen;
JOHN F. AHEARN, President, Borough of Manhattan;
BIRD S. COLER, President, Borough of Brooklyn;
LOUIS F. HAFFEN, President, Borough of The Bronx;
LAWRENCE GRESSER, President, Borough of Queens;
GEORGE CROMWELL, President, Borough of Richmond;
Board of Estimate and Apportionment.

THE CITY OF NEW YORK, BOARD OF ESTIMATE AND APPORTIONMENT.

BOROUGH OF MANHATTAN.

CONTRACT.

For Furnishing and Erecting Steel Filing Cases, New Fireproof Partitions and New Ventilating System, etc., in the Office of the Clerk of the County of New York, in Rooms on the Eighth and Attic Floors in the Hall of Records Building, Borough of Manhattan, City of New York, and for other Furnishings required for said Floors; with the Repairs and Alterations, and the Material and Labor required for the same; also for extension to the Electric Lighting Equipment, and for Carpenter Work, Mason Work, Hardware, Metallic and other Furniture, Electric Light Work, Lighting Fixtures, Marble and Bronze Work, Painting, Plastering and other work required to be done in connection with and for purpose of furnishing and erecting such Steel Filing Cases, New Fireproof Partitions, New Ventilating System, etc., and such other Furnishings required for said Floors, as well as all other work to be done outside these Rooms, as shown on Plans, or as may be necessary to complete the work in a proper and first-class manner; all to be done in accordance with the following Specifications and accompanying Drawings and Details, prepared by Horgan & Slattery, Architects, No. 41 West Thirty-third Street, New York City, and completed under their supervision.

This agreement, made and entered into this day of, in the year one thousand nine hundred and, by and between The City of New York, party of the first part, by the President of the Borough of Manhattan, under the direction of the Board of Estimate and Apportionment of The City of New York, and Contractor, party of the second part, pursuant to the provisions of chapters 59 and 793 of the Laws of 1897, the Greater New York Charter, and chapter 712 of the Laws of 1907, and the resolutions of the Board of Estimate and Apportionment adopted 190 .., assenting to, authorizing and approving this contract, of which the following are copies:

RESOLUTIONS.

Covenant.

Witnesseth, That the parties to these presents, each in consideration of the agreements on the part of the other, herein contained, have agreed, and hereby agree, the party of the first part for itself, its successors and assigns, and the party of the second part for itself, himself or themselves, his or their executors and administrators, or its successors, as follows:

Parties Described. Architects.

(A) Whenever in this agreement the words "The City," or the words "Board of Estimate and Apportionment," or a pronoun in the place of it, him or them, it shall mean and intend the party of the first part, or the hereinbefore described; whenever the word "Department" is used it shall mean and intend the Department hereinbefore described; wherever the word "Contractor," or a pronoun in the place of it is used, the same shall mean and intend the party of the second part; whenever the word "Architects" is used in the specifications or in this contract, it refers to and designates the Architects designated to act in the premises, limited to the particular duties intrusted to them.

"Contract."

(B) The specifications, together with the proposals for bids or estimates, the bid or estimate, the bond and the accompanying plans referred to, are and shall be taken to be parts of this contract.

Subject Matter.

(C) The Contractor will, at his or their own cost and expense, and in strict conformity to the hereinafter contained or hereto annexed specifications and plans, furnish all the material and labor and all the scaffolding, tools, derricks, tackle, implements and appliances necessary or proper for the purpose, and in a good, substantial and workmanlike manner, build, construct, erect steel filing cases, new fireproof partitions and new ventilating system, in the office of the Clerk of the County of New York, in rooms on the eighth and attic floors of the Hall of Records, New York, and the extension to the electric lighting equipment, the carpenter and cabinet work, hardware, furniture, painting, electric lighting fixtures, marble and bronze work, plastering, fireproofing and the other work required in connection therewith. All to be done in accordance with the following specification and accompanying drawings and details, prepared by Horgan & Slattery, Architects, No. 41 West Thirty-third street, and completed under their supervision, and will accept in consideration thereof and as full compensation therefor the sum of dollars (\$.....), the said sum being the amount at which the contract therefor was awarded to the Contractor at the public letting thereof.

Architect's Decision.

(D) To prevent all disputes and litigation, the Architects shall, in all cases, determine the amount or the quantity of the several kinds of work which are to be paid for under this contract, and they shall determine all questions in relation to said work and the construction thereof; and they shall in all cases decide every question which may arise relative to the execution of this contract on the part of the Contractor, and their estimate and decision shall be final and conclusive, and such estimate and decision, in case any question shall arise, shall be a condition precedent to the right of the Contractor to receive any money under this contract.

Inspection. Rejected Materials. Specifications and Plans.

(E) The Architects shall inspect the labor and material furnished and delivered under this contract, and are authorized and empowered to reject and refuse all labor and material or method of application, or any part thereof, offered under or in fulfillment of this contract, that do not comply in kind, quality or quantity with the specifications and drawings. Any labor and material to be delivered or offered to be delivered under this agreement, which shall be rejected by the Architects as not conforming to the specifications, shall be forthwith removed, and labor and material which do so conform shall be forthwith furnished and delivered in the place thereof. All work and materials mentioned in the specifications and not shown on the plans, and all work and materials shown on the plans and not mentioned in the specifications, are to be furnished, performed and done as if the same were both mentioned in the specifications and shown on the plans.

Alterations and Changes.

(F) This contract and the specifications herein contained, and the plans hereafter referred to, may be modified and changed from time to time as may previously be agreed to in writing between the parties hereto, in a manner not materially affecting the substance hereof, or increasing the price to be paid, in order to carry out and complete more fully and perfectly the work herein agreed to be done and performed.

Patent Rights.

(G) The Contractor shall be responsible for any claims made against the parties of the first part for any infringement of patents, by the use of patented articles in the construction and completion of the work, and shall save harmless and indemnify the City for all costs, expenses and damages which the City shall be obliged to pay by reason of any infringement of patents used in the construction and completion of the said work.

Contractor's Employees.

(H) Only competent, faithful and skilful men shall be employed to do the work, and whenever the Architects shall inform the Contractor, in writing, that any man on the work is, in his opinion, incompetent or unfaithful, he shall be discharged from the work and will not again be employed upon it.

Assignment (Chapter 444, Laws of 1897).

(I) The Contractor will give his personal attention constantly to the faithful prosecution of the work; he will not assign, transfer, convey, sublet or otherwise dispose of this contract, or his right, title or interest in or to the same or any part hereof, without the previous consent in writing of the Board of Estimate and Appor-

tionment indorsed hereon or hereto attached; and he will not assign, by power of attorney or otherwise, any of the moneys to become due and payable under this contract, unless by and with the like consent signified in like manner. If the Contractor shall, without such previous written consent, assign, transfer, convey, sublet or otherwise dispose of this contract, or of his right, title or interest therein, or any of the moneys to become due under this contract, to any other person, company or other corporation, this contract may, at the option of the Board of Estimate and Apportionment, be revoked and annulled, and the City shall thereupon be relieved and discharged from any and all liability and obligations growing out of the same to the Contractor, and to his assignee or transferee; provided that nothing herein contained shall be construed to hinder, prevent or affect an assignment by the Contractor for the benefit of his creditors, made pursuant to the statutes of the State of New York; and no right under this contract, or to any money to become due hereunder, shall be asserted against the City in law or in equity, by reason of any so-called assignment of this contract, or any part thereof, or of any moneys to grow due hereunder, unless authorized as aforesaid by the written consent of the Board of Estimate and Apportionment.

Abandonment of Job (Charter, Section 419). Completion of Job (Charter, Section 419).

(J) If the work to be done under this contract shall be abandoned by the Contractor, or if this contract shall be assigned, or the work sublet by him, otherwise than is herein specified, or if at any time the Architects shall be of the opinion, and shall so certify, in writing, to the Board of Estimate and Apportionment that the performance of the contract is unnecessarily or unreasonably delayed, or that the Contractor is willfully violating any of the conditions or covenants of this contract or specifications, or is executing the same in bad faith, or not in accordance with the terms thereof, or if the work be not fully completed within the time named in this contract for its completion, the Board of Estimate and Apportionment shall notify the Contractor to discontinue all work, or any part thereof, under this contract, by a written notice to be served upon the Contractor, either personally or by leaving said notice at his residence or with his agent in charge of the work or with any employee found on the work, and thereupon the Contractor shall discontinue the work, or such part thereof, and the Board of Estimate and Apportionment shall thereupon have the power to contract for the completion of the contract in the manner prescribed by law, or to place such and so many persons as he may deem advisable, by contract or otherwise, to work at and complete the work herein described, or such part thereof, and to use such materials as he may find upon the line of the work, and to procure other material for the completion of the same, and to charge the expense of said labor and materials to the Contractor; and the expense so charged shall be deducted and paid by the City out of such moneys as may be due or may at any time thereafter grow due to the Contractor under and by virtue of this contract, or any part thereof. And in case such expense shall exceed the amount which would have been payable under the contract if the same had been completed by the Contractor, he shall pay the amount of such excess to the City; and when any particular part of the work is being carried on by the Board of Estimate and Apportionment, by contract or otherwise, under the provisions of this clause of the contract, the Contractor shall continue the remainder of the work in conformity with the terms of this contract, and in such manner as in nowise to hinder or interfere with the persons or workmen employed, as above provided, by the Board of Estimate and Apportionment, by contract or otherwise, to do any part of the work, or to complete the same under the provisions of this article of the contract.

Other Contractors.

(K) If, before the completion of the work contemplated herein, it shall be deemed necessary for the Board of Estimate and Apportionment to do any other or further work in or about the building or structure than is provided for in this contract, the Contractor will not in any way interfere with or molest such other person or persons as the Board of Estimate and Apportionment may employ to do such work, and will suspend such part of the work herein specified, or will carry on the same in such manner as to afford all reasonable facilities for doing such work; and no other damage or claim by the Contractor therefor shall be allowed except such extension of the time specified in this contract for the performance thereof as the Board of Estimate and Apportionment may deem reasonable.

Accidents to Be Prevented (Ordinances, Section 355).

(L) The Contractor shall place proper guards for the prevention of accidents and shall put up and keep at night suitable and sufficient lights where necessary, during the delivery of the materials or supplies, to prevent accidents or injuries to the person or property of another, and he will indemnify and save harmless the City from all suits, or actions, and damages or costs of every name and description to which the City may be subjected or put by reason of injury to the person or property of another, resulting from negligence or carelessness on the part of the Contractor, his servants or agents, in the delivery of the materials and supplies, or by or on account of any act or omission of the Contractor, his servants or agents, and the whole or so much of the moneys due, or to grow due, the Contractor under this agreement, as shall or may be considered necessary by the Comptroller of the City, may at its option be retained by the City until all such suits or claims for damages shall have been settled or otherwise disposed of, and evidence to that effect furnished to the satisfaction of the Comptroller.

Covenant Against Liens.

(M) The Contractor shall pay promptly, and in cash, for all labor employed upon and materials furnished and used in the work, and no lien or incumbrance shall be placed upon the property under any provision of any lien law, or in favor of or upon the suit or proceedings at law by any labor or material man, and that the work shall be done and managed by and at the cost of the Contractor so as not to violate any law or ordinance in force in the City, and so as not to damage or injure the property of any other person.

Liens. (Chapter 418, Laws 1897; chapter 169, Laws 1898.)

(N) If at any time before or within thirty days after the whole work herein agreed to be performed, and all the labor and material herein agreed to be delivered, have been performed or delivered or completed and accepted by the City, any person or persons claiming to have performed any labor or furnished any material towards the performance or completion of this contract, shall file with the Board of Estimate and Apportionment, and with the Comptroller of the City, any such notice as is described in the Lien Law or any act of the Legislature of the State of New York, then and in every such case, the City shall retain, anything herein contained to the contrary thereof notwithstanding, from the moneys under their control, and due or to grow due under this agreement, so much of such moneys as shall be sufficient to pay off, satisfy and discharge the amount in such notice alleged or claimed to be due to the person or persons filing such notice, together with the reasonable costs of any action or actions brought to enforce such claim or the lien created by the filing of such notice. The moneys so retained, shall be retained by the City until the lien thereon created by the said act and the filing of the said notice shall be discharged pursuant to the provisions of the said act.

Commencement and Completion.

(O) The Contractor will begin the work after the Comptroller of the City shall have indorsed upon this contract his certificate as is hereinafter provided, on such date as the Board of Estimate and Apportionment shall notify him to begin. The time hereinafter fixed for the completion of the work shall begin to run on and from the date so notified. The place where the work is to be begun will either be stated in said notice or designated on the ground by the Architects. The commencement of work by the Contractor shall be deemed and taken to be a waiver of notice on his part.

Time of Performance (Ordinances).

(P) The Contractor will carry on the work with such force and in such manner and order, and at such times and seasons as may be directed by the Architects. He will execute all the work, in every respect, in a thorough and workmanlike manner; and he will fully and entirely perform this contract on his part before the expiration of one hundred and fifty calendar consecutive working days. In the computation of the number of consecutive working days, the length of time (expressed in days or parts of days) during which the work or any part thereof has been delayed in consequence of the condition of the weather, or by any act or omission of the City (all of which shall be determined by the Board of Estimate and Apportionment, who shall certify to the

same in writing, and whose determination and certificate thereof shall be binding and conclusive upon the Contractor), shall be allowed to the Contractor and excluded from said computation. Sundays, and also holidays, on which no work is done, shall also be and shall be deemed to have been excluded from said computation. No demand by the Contractor that the Board of Estimate and Apportionment determine and certify the matters aforesaid shall be of any effect whatsoever unless the same be made in writing and duly served upon the Board of Estimate and Apportionment prior to the filing in the office of the Comptroller of the City of the final certificate of the completion and acceptance of the work.

Liquidated Damages.

(Q) In case the Contractor shall fail to complete the work hereunder in accordance with the specifications and to the satisfaction of the Board of Estimate and Apportionment and Architects within the time aforesaid, the Contractor shall and will pay to the City the sum of two hundred dollars for each and every day the time consumed in said performance and completion may exceed the time hereinbefore allowed for that purpose; which said sum, in view of the difficulty of ascertaining the loss which the City will suffer by reason of delay in the performance of the work hereunder, is hereby agreed upon, fixed and determined by the parties hereto as the liquidated damages that the City will suffer by reason of said delay and default, and not as a penalty; and the City shall and may deduct and retain the amount of such liquidated damages out of the moneys which may be due or become due to the Contractor under this agreement.

Extension of Time Not a Waiver.

(R) Neither an extension of time, for any reason, beyond the date fixed herein for the completion of the work, nor the doing and acceptance of any part of the work called for by this contract, shall be deemed to be a waiver by the Board of Estimate and Apportionment of the right to abrogate this contract for abandonment or delay, in the manner provided for in this agreement.

Payments, When Made.

(S) The Contractor shall not be entitled to demand or receive payment for any portion of the work or materials unless the same shall be fully completed in the manner set forth in this contract and specification, and such completion shall be duly certified by the Architects, and until each and every of the stipulations hereinbefore mentioned are complied with and the work completed to the satisfaction of the Board of Estimate and Apportionment and accepted by them, and the final certificate of the completion and acceptance thereof, signed by the Board of Estimate and Apportionment and Architects, be filed with the Comptroller; whereupon the City will pay to the Contractor, in cash, on or before the expiration of thirty days from the time of the filing of said certificate of the Architects as to the completion of the work and from the acceptance of the same by the Board of Estimate and Apportionment, the whole of the moneys accruing to the Contractor under this agreement, except such sum or sums of money as may be lawfully retained under any of the provisions herein contained for that purpose, or under any law of the State, or under any ordinance of the City passed prior to the date of this agreement, and now in force.

Partial Payments.

(T) In order to enable the Contractor to prosecute the work advantageously, the Architects shall, from time to time, as the work progresses, but not oftener than once a month, make, in writing, an estimate, such as in their opinion shall be just and fair, of the amount of material furnished and delivered and the work done by the Contractor in the performance of this contract on his part, and of the value thereof under and according to the terms of this contract. The first such estimate shall be of the amount of work done and materials furnished and delivered since the Contractor commenced the performance of this contract on his part, and every subsequent estimate, except the final one, shall be of the amount of work done and materials furnished and delivered since the last preceding estimate was made. Such estimates of amount and quantity shall not be required to be made by strict measurement, but they may be made by measurement or by estimation or partly by one and partly by the other, and it shall be sufficient if they are approximate only, and estimates strictly so called; and upon each estimate being made and certified in writing to the Board of Estimate and Apportionment, the City will pay to the Contractor eighty-five per centum (85%) of the amount stated in such estimate or certificate to be the value of the materials therein certified to have been furnished and delivered, and work therein certified to have been done; provided the value of the work certified in such estimate shall amount to more than five thousand dollars; and provided that the City may at all times reserve and retain out of said installments, or any of them, all such sum or sums as by the terms hereof, or of any act of the Legislature of the State of New York, or of any ordinance of the City, passed prior to the date hereof, they are or may be authorized to reserve or retain; and provided, that where the Contractor, although the lowest bidder in gross calculation, is to receive unusual or extraordinary prices for any of the different items of the work, when considered separately, nothing herein contained shall be construed to affect the right of the Board of Estimate and Apportionment to determine the amount that may be due from time to time, not necessarily by the prices agreed upon in this contract, but by causing an estimate to be made of the value of the work done, taking as a basis of the calculations the whole amount of money that will have become due, according to the terms of this contract, when the whole work shall be completed.

Conditions Precedent to Payment. Final Certificate to Control.

(U) The Contractor shall not be entitled to demand or receive payment for the work and materials or any portion thereof, except in the manner set forth in this agreement, nor unless each and every of the promises and agreements, stipulations, terms and conditions herein contained on his part to be performed, kept and observed, to entitle him to such payment, have been performed, kept and observed, and the Architects have given their certificate to that effect. The action of the Architects by which the Contractor is to be bound and concluded according to the terms of this contract, shall be that evidenced by their final certificate; all prior certificates upon which partial or progress payments may be made being merely estimates, and subject to the correction of such final certificate, which final certificate may be made without notice to the Contractor thereof, or of the measurements upon which the same is based.

No Estoppel.

(V) The City shall not, nor shall any Department or officer thereof, be precluded or estopped by any return or certificate made or given by the Board of Estimate and Apportionment, any Architect, or other officer, agent or appointee of the City, under any provision of this agreement from at any time (either before or after the final completion and acceptance of the work and payment therefor pursuant to any such return or certificate) showing the true and correct amount and character of the work done and materials furnished by the Contractor, or any other person under this agreement, or from showing at any time that any such return or certificate is untrue and incorrect, or improperly made in any particular, or that the work and materials, or any part thereof, do not in fact conform to the specifications; and the City shall not be precluded or estopped, notwithstanding any such return or certificate and payment in accordance therewith, from demanding and recovering from the Contractor such damages as it may sustain by reason of his failure to comply with the specifications.

Labor Law.

(W) The Contractor agrees that he will comply with the provisions of chapter 415 of the Laws of 1897, as amended, known as "The Labor Law." He further agrees that no laborer, workman or mechanic in the employ of the Contractor, subcontractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract, shall be permitted or required to work more than eight hours in any one calendar day, except in case of extraordinary emergency, caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work or upon any material to be used thereon shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of sections 3 and 13 of the Labor Law.

Comptroller's Certificate. (Charter, Section 149.)

(X) This contract shall not be binding or of any force unless the Comptroller of the City shall indorse hereon his certificate that there remains unexpended and unapplied, as provided in the Greater New Charter, a balance of the appropriation or fund applicable thereto sufficient to pay the estimated expense of executing this contract, as certified by the officers making the same.

Execution.

In witness whereof, the President of the Borough of Manhattan, under the direction of the Board of Estimate and Apportionment, has hereunto set his hand and seal for and on behalf of the City, and the Contractor has also hereunto set his or its hand and seal the day and year herein first above written; and the President and Contractor have executed this agreement in triplicate, one part of which is to remain with the President, one other to be filed with the Comptroller of the City, and the third to be delivered to the Contractor.

Signatures.

President of the Borough of Manhattan.

Contractor (s).

The City and State of New York, County of....., ss.:

On this.....day of....., 190., before me personally came John F. Ahearn, to me known and known to me to be the President of the Borough of Manhattan of The City of New York, the person described as such in and who as such executed the foregoing instrument, and he acknowledged to me that he executed the same as such president for the purposes therein mentioned.

Notary Public or Commissioner of Deeds.

The City and State of New York, County of....., ss.:

On this.....day of....., 190., before me personally came..... to me known and known to me to be the person described in and who executed the foregoing instruments, and he acknowledged to me that he extended the same for the purposes therein mentioned.

Notary Public or Commissioner of Deeds.

The City and State of New York, County of....., ss.:

On this.....day of....., 190., before me personally came..... to me known and known to me to be the..... of the..... who, being by me duly sworn, did depose and say, for himself, that he resided in.....; that he is the..... of the..... the corporation described in and which executed the above instrument; that he knew the corporate seal of said corporation; that the seal affixed to the said instrument was such corporate seal; that it was so affixed by the order of the Board of Directors of said....., and that by like order he thereunto signed his name and official designation.

Notary Public or Commissioner of Deeds.

Bond.

Know all men by these presents, that we,..... of The City of New York, are held and firmly bound unto The City of New York, in the sum of..... dollars, lawful money of the United States of America, to be paid unto The City of New York or to its certain attorneys, successors or assigns; for which payment, well and truly to be made, we and each of us do bind ourselves and our several and respective heirs, executors and administrators, jointly and severally, firmly by these presents.

Signed and dated the.....day of....., 190., Whereas, The above bounden..... by an instrument in writing, under....., hand, and bearing even date with these presents, one part whereof is hereunto annexed, ha..... contracted with The City of New York, by the President of the Borough of Manhattan, to perform certain services and work, and to provide, furnish and deliver to The City of New York the work and materials necessary to build, erect, alter and repair..... as are fully and at large set forth and described in the contract and specifications aforesaid.

Now, therefore, the condition of the above obligation is such that if the said above bounden..... heirs, executors, administrators, or any or either of them, shall well and truly, and in a good, sufficient and workmanlike manner perform, or cause to be performed the said contract, and each and every of the covenants, promises, agreements and provisions therein contained on..... part, to be performed, and complete the same within the period therein stipulated, and in each and every respect comply with the conditions therein contained, then this obligation to be void; otherwise to remain in full force and virtue.

[L. s.]
[L. s.]
[L. s.]

The City and State of New York, County of....., ss.:

On this.....day of....., 190., before me personally came..... to me known and known to me to be the same persons described in and who executed the foregoing bond or obligation, and severally acknowledged that they executed the same.

Notary Public or Commissioner of Deeds.

SPECIFICATIONS

For Furnishing and Erecting Steel Filing Cases, New Fireproof Partitions, and New Ventilating System, in the Office of the Clerk of the County of New York, in Rooms on the Eighth and Attic Floors in the Hall of Records Building, Borough of Manhattan, City of New York, and for other Furnishings Required for said Floors; with the Repairs and Alterations, and the Material and Labor Required for same; also for Extension to the Electric Lighting Equipment, and for Carpenter Work, Mason Work, Hardware, Metallic and other Furniture, Electric Light Work, Lighting Fixtures, Marble and Bronze Work, Painting, Plastering and other Work, Required to be done in Connection with and for the Purpose of Furnishing and Erecting such Steel Filing Cases, New Fireproof Partitions, New Ventilating System, and such other Furnishings Required for said Floors, as well as all other Work to be done Outside these Rooms, as Shown on Plans, or as may be Necessary to Complete the Work in a Proper and First-class Manner; all to be done in Accordance with the Following Specifications and Accompanying Drawings and Details, Prepared by Horgan & Slattery, Architects, No. 41 West Thirty-third street, New York City, and Completed under their Supervision.

THE GENERAL CONDITIONS.

1. Note—The exact fulfillment of the terms of the following conditions and of these specifications and the work outlined in the accompanying drawings, and illustrated on the typical details, will be rigidly enforced by the Architects, and it is hereby understood and agreed that these general conditions shall apply equally to, and shall be carried out by the General Contractor and all Sub-Contractors, therefore it is important that each individual Sub-Contractor should carefully read these entire specifications, and examine all the drawings for his own information, so that he may become familiar with the scope of the work.

2. All work in general is to be in the various rooms on the eighth and attic floors, unless otherwise specified or shown on plans.

General Working Drawings.

3. The following is a general list of the scale drawings and a partial list of the typical detail drawings referred to throughout these specifications and included in this contract:

GENERAL DRAWINGS.

No. 1. Attic floor plan.....	Scale $\frac{1}{8}$ in.
No. 2. Detail of metal filing cases.....	Scale $\frac{1}{2}$ in.
No. 3. Eighth floor plan.....	Scale $\frac{1}{8}$ in.
No. 4. Attic floor plan, showing run of ventilating ducts.....	Scale $\frac{1}{8}$ in.
No. 5. Detail sheet of mahogany furniture and electric lighting fixtures	Scale $\frac{1}{2}$ and $1\frac{1}{2}$ in.

Such other scale and full-size details as may be found necessary will be furnished by the Architects to the Contractor during the progress of the work.

Parties Described and Defined.

4. Wherever in these specifications the words "The Owner" or a pronoun in the place of it or them is used, it shall mean and intend The City of New York. That wherever the word "Contractor" or a pronoun in the place of it is used, the same shall mean and intend the person or persons who have contracted to furnish certain labor and materials specified herein. That wherever the word "Architects" is used in these specifications or in the contract, it refers to and designates the Architects, Horgan & Slattery, of No. 41 West Thirty-third street, who are designated and employed to act in the premises, limited to the particular duties intrusted to them, as elsewhere described throughout these specifications.

Where Drawings and Specifications May be Seen.

5. The various plans, drawings and specifications may be seen by contractors and sub-contractors at the offices of Horgan & Slattery, Architects, No. 41 West Thirty-third street, Borough of Manhattan, where all information and explanations relative to the plans, details and specifications may be obtained. Any request to the Architects for an explanation of the plans or specifications which may be required by a contractor at the time of estimating or otherwise, must be made in writing to the Architects on a special printed form, which may be procured from them, and such request shall be answered at once by the Architects in writing on the same form, which will thus become a matter of record. Requests for information by telephone will be ignored.

Copies of Drawings.

6. The Architects shall furnish to the Contractor four copies of each scale drawing, or four prints thereof, and such other copies or prints as this Contractor may require shall be furnished by the Architect at the cost of making such copies or prints. The Architects shall not be required to furnish more than one copy for each typical full-size detail to the Contractor.

Shop Drawings.

7. The Contractor must confirm all figured measurements at the job, or, if figures are not given, must ascertain them at the job. He must make his own shop drawings (and be responsible for all dimensions) at his own expense, and submit duplicates of the said shop drawings to the Architects for their criticism and approval. These shop drawings must be altered as frequently as may be found necessary by the Architects, until they conform, in their opinion, to the spirit of the design, and the intent of the plans and these specifications. Any work constructed from shop drawings which have not been submitted to and approved by the Architects may be subject to rejection, and the Contractor must furnish the Architects with a copy of the approved shop drawings for their files.

Full-Size Drawings and Details.

8. During the construction of the work when enlarged detail drawings may be required, the Contractor must make requisition in writing to the Architects, giving twenty days' notice, and the said requisition must mention the number and character of typical full-size drawings for ornamental or other work this Contractor may require. The requisitions must only ask for detail drawings of such work as may be required within a reasonable time after date of each requisition, but the Architects reserve the right to refuse to prepare drawings which in their judgment are shop drawings, and of such special character that only the manufacturer is properly qualified to detail, as for example shop drawings for metallic furniture, or such like specialties.

9. The Architects will deliver to the Contractor within twenty days after the receipt of each requisition, typical full-size drawings for all molded and ornamental work, and the said drawings will be detailed in the form the Architects may interpret as being in their opinion a correct and reasonable illustration of the proper development of the scale drawings, and these must be strictly followed in the work constructed, and any work not constructed strictly in accordance with them must be removed and replaced at the Contractor's expense when and in the manner directed by the Architects.

Notes or Memoranda on Plans or Drawings.

10. All notes, figures or memoranda marked on the plans, drawings and details, must be carried out fully by the Contractor, precisely the same as though they were distinctly specified in these specifications, and they are hereby made part of these specifications.

Co-operation of Drawings and Specifications.

11. The various plans and drawings are intended to co-operate with and form a part of these specifications and the executed contract. Any labor or materials which are not shown on the drawings, but which are described or mentioned in these specifications, or any labor or materials, or both, which are not described in these specifications, but are shown on the drawings, or any labor or materials, or both, which are

not expressly set forth in either the plans or these specifications, but which are reasonably implied and necessary to complete the work called for in these specifications and plans, must be furnished and performed by this Contractor, when directed so to do by the Architects, the same as though they were distinctly shown on the drawings and mentioned in these specifications.

12. All the work shown on the drawings, and the dimensions when figured on same, are intended to be correct, according to the scale at which the drawing is made; figured dimensions on the drawings or in these specifications, and dimensions at the site and the full size drawings which illustrate the scale drawings, shall in all cases take precedence over scale measurements of the drawings.

Conflict Between Drawings and Specifications.

13. In the event of an apparent conflict between the plans, drawings and these specifications, the Contractor shall immediately refer the question in doubt to the Architects in writing for explanation, and their decision shall be final.

Models.

14. The Contractor shall, at his own expense, have models prepared in clay for ornamental work called for in this contract, by a modeler approved by the Architects. Models must be altered as frequently as may be required by the Architects to obtain the best results, and when not too large must be submitted for approval at their offices, unless they agree to inspect them elsewhere. In some instances, at their option, the Architects may pass upon photographs of the models.

Inspection of Work.

15. The Contractor shall at all times during the progress of the work afford the Architects and their authorized representatives free, safe and convenient access to all parts of the building and premises, for the purposes of inspection and criticism, and he must make all scaffolding, ladders and appliances safe for life and limb, and shall alter the same when in the Architects' opinion it becomes necessary to do so.

Quality and Character of Materials, Labor, etc.

16. All the materials used, and all the labor performed in and throughout the construction of the hereinafter described work, and around the premises, must be of the most perfect obtainable of their several kinds, unless directly specified to be otherwise; and all the work must be executed in the most thorough, substantial, skillful and workmanlike manner, and the Contractor must strictly follow these specifications, the several plans, working drawings, and the full size details or approved shop drawings.

17. The Contractor shall promptly proceed to remove from the site and building, or from the streets surrounding the premises, all materials condemned by the "Architects," whether worked or unworked, or actually incorporated in the building, and shall take down and otherwise remove all portions of the work which the Architects shall condemn as unsound or improper, or which in any way fail to conform to the drawings and specifications, and the Contractor shall not deliver at the site any materials or labor rejected by the Architects; and their decision in all such matters shall be final and conclusive; but the Architects shall, whenever it is possible with due diligence so to do, serve such notice before the work has so far proceeded as to become in their opinion extremely difficult or impossible to remove or replace such rejected material and labor without great expense.

Labor and Appliances.

18. The Contractor must furnish all necessary labor, tools, planks, runs, scaffolding and every mechanical appliance for properly and vigorously prosecuting and completing his work.

Samples.

19. Samples of all materials to be used in the execution of the work herein described, and the samples of the finishes to be given to the several parts, must be furnished to the Architects for approval, before any work is started, and the approved sample shall be filed in their offices until the completion of the work. All materials incorporated in the building must be equal to the approved sample.

Other Contractors.

20. The City of New York, through the Architects, may make other contracts for portions of the work not included in these specifications, and such contracts shall be carried on simultaneously with this contract, and the Contractor shall complete his work in conjunction with and without interference with the work of such other contractors, and develop his work as may be directed by the Architects.

Sub-contractors and Instructions to Same.

21. The Contractor must instruct all his sub-contractors and workmen to strictly follow the directions of the Architects, or any Superintendent they may appoint upon the work. Only faithful, competent and skillful men must be employed to perform the work specified herein, and the Contractor shall remove from the work any sub-contractor, overseer, superintendent, mechanic, laborer, or other person employed on the work, who shall refuse or neglect to obey the instructions of the Architects in anything relating to the work; or who shall perform his work in a manner contrary to the specifications and plans, or who shall be deemed by the Architects to be incompetent or unfaithful, or who shall commit any trespass upon public or private property in the vicinity of the work, or for any other improper conduct; and it is hereby agreed that the Architects have the right to cause such sub-contractor, foreman or employee, to be discharged from further connection with the building, upon receipt by this Contractor of a written notice from the Architects to that effect. Before entering into any work with sub-contractors, this Contractor must submit in writing to the Architects, for their approval, the names of his proposed sub-contractors, with a list of the work (stating location of same), which they have completed in New York City, and this Contractor hereby agrees that no sub-contractor shall be employed by him, unless approved in writing by the Architects, to the effect that they are satisfied of the sub-contractor's ability to properly and skillfully carry out the plans and these specifications.

Foreman in Charge of the Work.

22. The Contractor and all his sub-contractors must have on the work, during working hours, and until the building is accepted by the Architects and The City of New York, a competent and skilled foreman, for the purpose of receiving and executing without delay any order or instructions of the Architects or their superintendent, which are in keeping with the terms of the contract and specifications.

Jobbing, Drilling, Cutting, etc.

23. The Contractor hereby agrees to do all jobbing, such as patching, drilling, cutting, boring, etc., required by his own workmen, or the workmen of sub-contractors, and that he shall make all necessary repairs after same, to complete the work in a perfect manner, as may be directed by the Architects. In carrying out the hereinafter described work, should any electric, heating, vacuum-sweeping or plumbing lines, etc., be met with, the same must be changed to suit the instructions of the Architects. Any materials or fixtures removed will become the property of the City, and must be delivered to the engineer of the building.

Notices and Permits.

24. The Contractor must give all notices, and obtain all permits, municipal and otherwise, that may be necessary to carry out this contract, and he shall be responsible for all penalties he may incur; and the Contractor shall pay all corporation charges, and all other incidental expenses that may be required by the various branches of the work.

Rules of City Departments and Building Code.

25. The Contractor must comply with all rules and regulations of the Department of Buildings, and agrees that the Building Code of The City of New York shall be accepted as part of the plans and these specifications, and that all its provisions shall be faithfully carried out. At completion of the entire contract, and before the issuance of the final certificate, this Contractor shall deliver to the Architects a certificate from the Department of Buildings, showing that no violation of the Building Code exists. The certificate of inspection and approval from the above-mentioned Department must be delivered to the Architects before the final certificate of payment is issued.

Goods or Materials Substituted.

26. It must be understood and agreed to by the Contractor that, if in the opinion of the Architects it is for the best interests of The City of New York, they, the Architects, shall have the power, during the performance of the said alterations, to order the Contractor, or any of his sub-contractors, to use goods or materials other than the goods or materials specified herein, provided the market price of the goods or materials to be substituted will not subject the Contractor to any loss, and are quoted at the same market price as the goods or materials herein called for.

Debris, Rubbish and Cleaning.

27. The Contractor shall be held responsible for, and must clear the building and surrounding premises of all debris, rubbish and waste materials, belonging to him or his sub-contractors, before the furnishings and fittings are installed, and at such periods as the Architects may direct.

28. Previous to the issuance of the final certificate and acceptance of the work the Contractor shall clear away all rubbish, debris and waste materials of every kind from the building, surrounding premises and streets, whether made by him or any of his sub-contractors, and he shall also repair any damage which may have been done to his work or the work of any of his sub-contractors, no matter by whom, caused, as frequently as may be found necessary, and he must deliver to The City of New York the premises, and all of the labor and materials he has agreed to furnish, in perfect repair and working condition all glass, all painted work, and all metal work, thoroughly cleaned inside and out, and polished, and the entire work he has contracted to furnish shall be complete, whole, tight, the rooms and the building, thoroughly clean, and be fit for permanent use and occupation, in strict compliance with these specifications, the plans and the contract, and to the entire satisfaction of the Architects, and the Contractor shall not be entitled to receive the final certificate until all of the requirements of this paragraph are complied with.

General Tests.

29. The Contractor must pay for all tests to paints, oil, or any other materials called for herein, or proposed to be used by him or his sub-contractors, which are reasonably necessary to determine if their quality or character conform to the requirements of these specifications. The Architects shall select the chemist or analyst.

Expansion Bolts.

30. It must be understood and agreed to by the Contractor that in every case where material of any kind is to be fastened to brickwork, stonework, marble, slate, and such like materials, expansion bolts shall be used throughout for fastening all material, unless expressly directed otherwise in writing by the Architects, and such bolts shall be of iron or bronze to match the material to which it is attached, or as may be necessary for a satisfactory and harmonious finish.

Delivery and Storage.

31. The Contractor shall commence to deliver and erect the work called for in these specifications as soon as the contract is awarded, or within a reasonable time thereafter, and must continue delivering and erecting as rapidly as possible, without interfering with or delaying the work of other contractors.

Patent Rights.

32. The Contractor shall be responsible for any claims made against The City of New York for any infringement of patent by the use of patented articles in the construction and completion of the work, and shall indemnify The City of New York for all costs, expenses and damages which The City of New York may be obliged to pay by reason of any infringement of patents used in the construction and completion of the work by the Contractor.

Accidents or Damage.

33. The Contractor shall be held responsible by The City of New York, financially and otherwise, for any and all accidents, damages, etc., occasioned by him or his sub-contractors, to neighboring premises, buildings and sidewalks, or to the person and property of the public.

Conditions Precedent to Issue of Certificates.

34. The Contractor shall not be entitled to demand or receive a certificate from the Architects, or payment from The City of New York, for work and materials, or any portion thereof, unless each and every item of the agreements, terms and conditions herein contained are on his part kept and observed to entitle him to such payment.

Final Certificate to Control.

35. The action of the Architects by which the Contractor is to be bound and controlled, according to the terms of these specifications, shall be that evidenced by their final certificate; all prior certificates upon which partial or progress payments may be made being merely estimates, and subject to the correction of such final certificate.

Watchman and Signs.

36. The Contractor shall keep a competent night watchman, satisfactory to the Architects, on the premises from the commencement of the work until the completion and acceptance of the same, and shall prevent unauthorized persons from having access to the premises. No signs shall be permitted to be displayed in or around the premises, or applied to any goods or materials, unless permitted by the Architects.

Schedule of Prices.

37. The Contractor shall submit to the Architects a schedule of unit prices upon which the contract is based, covering the various items contained in the specification, and upon this schedule the monthly estimates shall be based. Any additional work or reductions from the work herein specified, shall be added to or deducted from the amount of the contract price, as the case may be, based upon the said schedule of unit prices.

Scope of the Work.

38. The work in this contract consists chiefly as shown on the plans; new ventilating system, new fireproof partitions and alteration to the present heating and ventilating and electrical systems; new metallic and mahogany furniture; furnishings and decorations; new electric fixtures, and such other work as is hereinafter described in detail.

*MASON WORK.**General Conditions.*

39. The work shall be executed in conformity with the General Conditions, paragraphs 1 to 38, inclusive.

40. Each Contractor shall examine the existing building for his own satisfaction, before estimating on the work, and the plans and specifications, which can be seen in the Architects' offices.

Cutting, Repairing, etc.

41. This Contractor to do all cutting and repairing for the lines and ducts of the heating and ventilating system where necessary, or the work of the electrician, as required, or as may be described hereinafter in detail. In short, this Contractor must do all cutting, boring, removing of such sections of materials and construction as may be found necessary to properly install the new work incorporated in this contract, and supply materials and execute all repairs of whatever kind and description to complete the work in the very best manner, according to the special requirements and direction of the Architects, whether or not each and every item involved is or is not specifically described in the specifications or shown on the plans.

Cutting, etc., for New Ventilating System.

42. This Contractor is also to do all cutting and repairing of present cement and concrete floors, wherever necessary, for electric conduits and other work, as directed by the Architects, as well as all cutting of plaster walls, cornices and ceilings necessary for the proper installation of electric conduits, switches, ventilating ducts, etc. This Contractor is to do all the necessary cutting of attic floors and floor arches and eighth floor hanging ceilings, for all the ducts of the new ventilating system, all as shown on the eighth floor plan. He must consult the galvanized iron duct contractor for sizes and location of openings, and after same are cut, must properly frame openings for these ducts with the proper size steel angles and channels so as not to weaken floor arch.

After all the cutting and framing is completed and ducts are run this Contractor must do all the necessary patching of the floor arches and floors, using same material as at present in the building. The repairing of the ceilings is not to be done by this Contractor.

Hollow Porous Tile Block Partitions.

43. In general all new partitions are hatched and marked "new." They are to be built up plumb and true, of 4-inch hollow porous tile blocks, laid in mortar composed of one part Portland cement, three parts of sand and the proper quantity of water.

44. Do all necessary framing for all ventilating ducts, etc., where same pass through partitions.

New Location for Present Hose Reel.

45. Disconnect and move to new location at the east end of new fireproof partition in Room No. 15, in attic floor, the present hose reel as shown on plans, and make all necessary changes and connections in supply lines, so as to leave same in proper working order at completion.

*CHANGES REQUIRED IN THE LOCATION OF THERMOSTATS, ETC., AND ACCOMPANYING REPAIR WORK.**General.*

46. The work to be executed in conformity with the General Conditions (see paragraphs 1 to 38, inclusive.)

EIGHTH FLOOR—ROOM No. 4.

47. Do all cutting and refinishing of floor and wall, and plaster and marble, necessary for moving present thermostat to new location shown on plans.

*MARBLE FLOORS AND OTHER WORK.**General Conditions.*

48. The work shall be executed in conformity with the General Conditions, paragraphs 1 to 38, inclusive.

General.

49. The work included in this contract consists chiefly in providing and applying marble bases under all new metallic and wood furniture, new marble saddles for all new doors, and new marble bases around the entire inside of Rooms No. 15 and No. 16, Attic Floor, as specified under said work and shown on details; in cutting out, altering or reconstructing the present marble wainscoting and trim, etc., after the work of the Heating Contractor, the Electrician or the Plumber, as herein before and after described in detail. The work also includes cutting and patching out of mosaic and terrazzo floors, and marble wainscots at office fixtures for the work of the Electrician, Plumber, Ventilating Contractor, etc., as described in detail hereinafter. This Contractor is also to remove parts of present marble wainscot in the various rooms of the eighth floor, for the work of the Electrician, as light receptacles, switches, etc., will be placed on walls above marble wainscot, and Electrician will have to run his conduits behind same. After marble wainscot has been removed and work of the Electrician completed, this Contractor must replace removed marble in same condition as before, properly anchored back and imbedded in gauged mortar or plaster of paris, as the case may be, and any pieces which may be spalled, cracked or otherwise defective, must be replaced by new pieces, all to conform to existing work.

Kinds and Quality of Marble.

50. The marble for all room bases, metallic and wood furniture, saddles, etc., shall be made to match the existing work on the eighth floor, which is C. F. Italian marble.

Jobbing and Cutting.

51. The Contractor shall do all cutting of and for all existing and new marble, electric wiring conduits, outlet boxes, steel file cases, service boxes or receptacles, pushes, switches, etc., as required by the several branches of the work, and must accurately fit around the same with his work, and he must see to it that such work is correctly centred or otherwise located before his work is set in place.

Drawings.

52. The Contractor shall take his own measurements at the building, lay out neat and accurate shop drawings of each and every part of the new work, and submit them to the Architects for approval, making such changes therein as the Architects may direct, afterward filing with the Architects complete tracings or prints of each drawing.

53. The work must be made to fit the conditions at the building, and when shop drawings are approved, no variation will be permitted without the written approval of the Architects. Any work erected not in accordance with said approved shop drawings or letters of instructions will be rejected.

Construction, etc., of Marble Room Bases.

54. No marble shall be less than 1 1/4 inches thick, unless otherwise specified, or permitted or directed by the Architects, and this shall only be in such infrequent cases as the work may require thinner stock. The room bases shall be 9 inches high, with 1-inch bevel on top, and be of C. F. Italian marble 1 1/4 inches thick. All marble near or resting on the floors shall be set in gauged mortar, and each piece shall be set free from the brick walls, with a hollow space behind, except at the edges, which shall be imbedded in gauged mortar or plaster of paris, as the case may be. Each piece of marble shall be anchored with a sufficient number of heavy bars, wire anchors or doweled with brass dowels where necessary, as in stairwork. All marble shall be in as long lengths as practicable, and as may be approved by the Architects.

Finish.

55. All marble shall be highly French polished. All joints shall be hair joints, and all surfaces in true planes with abutting joints or moldings in perfect plane and alignment.

56. If necessary to dress any piece of marble at joints, to bring the surface to a plane or curve, as the case may be, such dressing shall be carried back sufficiently far, even to its full width and length, if necessary, and so done that the said dressing can neither be felt nor identified. No marble, or defects in marble, shall be filled or built out with shellac or any composition in any way, except with the permission of the Architects in each individual case. The blocks and pieces shall be so selected as to avoid the necessity for this as far as possible, and the Architects shall be the sole judge as to the extent to which any piece of marble shall be filled. Care and discrimination must be used to match the marble throughout, and marble not so matched will be rejected.

Marble Door Saddles.

57. Provide and set in place at each of the four new doors in attic, C. F. Italian marble saddles. They are to be 3/4-inch thick, beveled along both edges, and of widths and lengths to suit conditions at the building.

Marble Bases for Metal Filing Cases.

58. In addition to the bases in rooms, all new metallic furniture shown upon typical details shall have marble bases 3/4-inch thick, with top edge beveled, and in 5-inch depths as shown, secured to the furniture with brass machine screws for metallic furniture, or in other approved fashion; where necessary, all this work shall be set in gauged mortar, and the marble shall be French polished, and of such stock as will match the marble room bases.

Marble Bases for Wood Furniture.

59. The marble bases for the two roll-top desks in Rooms Nos. 7 and 14, eighth floor, are to be 3/4-inch thick, with top edges beveled, of 4-inch depths, and secured to the desks by brass machine screws or in other approved fashion. All this marble to be French polished and of such stock as will match the present room marble and base marble on existing desks on seventh floor. These marble bases are to clear the floor by 1/2 inch, to allow for inequalities in the floor levels. The marble bases for reference table in Room No. 3, eighth floor, are to conform in all respects to that on the existing reference tables in Room No. 4, eighth floor.

Floors.

60. This contract consists chiefly of cutting and patching the terrazzo and mosaic floors after the Electrician, Heating and Mason's workmen, as more fully described below, and in the mason work, to which the Contractor is referred. All changes in the electric lighting and telephones will be made by running the conduits under the terrazzo floors. It will be therefore necessary to cut up the terrazzo floor at these points with saws, to an even line, then dig out deep enough to take the conduits, and then fill in with terrazzo to match the existing work. These runs must be made parallel with the walls. All the floors shall be rubbed to a dead polish, with two final cleanings in oil and wiped off.

CARPENTER AND KALAMEIN WORK.*General Conditions.*

61. The work shall be executed in conformity with the General Conditions, paragraphs 1 to 38, inclusive.

Extent of Work.

62. Provide and erect the four new solid kalamein iron doors for Rooms Nos. 15 and 16, attic floor, as marked and shown on plans, one door at end of each room.

Wood Framing.

63. The doors and frames, and trim for same, are to be built up of well-seasoned white pine, all by this Contractor.

64. Doors to be 2 inches thick, and frames and trim to suit; all detailed and moulded to conform in all respects to the door at present leading from staircase hall to attic floor.

65. Position of doors to be suited to the conditions at building, and the Architects will locate same.

66. It is the intention to get as much head room as possible at door, as ceiling is low.

Kalamein Covering.

67. Cover said frames, trims and doors on all sides with kalamein iron, in a neat and workmanlike manner. Care will have to be exercised to have all moldings sharp and true; all to conform to the present door into staircase, as before mentioned. It is the intention to make said doors and frames strictly fireproof.

Shop Drawings.

68. Submit shop drawings of all this work to the Architects for their approval, before any of said work is commenced.

PLASTERING.*General Conditions.*

69. The work shall be executed in conformity with the General Conditions, paragraphs 1 to 38, inclusive.

Surfaces to be Plastered.

70. That all sides of new partitions which are hatched on plans, brick court walls in Rooms Nos. 15 and 16, attic floor, as well as window reveals in same, entire ceilings and sides of all roof beams in Rooms Nos. 15 and 16, and all exhaust ducts and pipes in these rooms, are to be plastered. There are to be no hanging ceilings in these rooms. Also do all patching in present plaster work, wherever necessary.

71. This Contractor is to also do all necessary furring, plastering and patching of plaster work for the walls, cornices and ceilings of the various rooms on the eighth floor, after all the cutting and work of the Electrician, Ventilating Contractor, Mason, etc., has been completed. For the extent of this work, see Mason, Electric, Ventilating, etc., specifications. This Contractor is to also carefully cut out all cracks and other visible defects in plaster work on eighth floor, and patch same up in a thorough and workmanlike manner, leaving all surfaces true and smooth. Also patch up and repair, using same materials as at present in existing work, all room cornices, wherever same are cut, broken or otherwise disfigured.

Lathing.

72. Apply all fireproof metal lathing, and all necessary light iron furring between the flanges on both sides of roof beams in Rooms Nos. 15 and 16, attic floor, so that sides of beams may be plastered to finish flush with edge of beam flange. Bottom of beam flange to be exposed. Also apply all necessary metal furring and lathing for all walls and around all ducts, etc., in these rooms, as well as all the necessary metal furring, lathing, angles, etc., for the ceilings and walls of the various rooms on eighth floor, where same are cut through or otherwise damaged by the work of the Electrician, Mason, Ventilating Contractor, or others. All furring and lathing to be secured in a first-class manner, and satisfactory to the Architects, and all to be same as at present installed in building.

Character and Quality of Material and Anti-Hydrine.

73. The Contractor must use for all plastering "Acme" or its equal. All arrises must be true, sharp and clean, and the finish coat must be of Keene's cement, the best of its kind. All brick court walls, as well as all ceilings and beams in Rooms Nos. 15 and 16, attic floor, are to be covered with two coats of anti-hydrine, or equal thereto, before plastering is started.

Number of Coats.

74. All the plaster work throughout is to be three-coat work, scratch brown and Keene's cement hard finish.

Patching.

75. The plasterer must do all necessary patching for all trades, as frequently as may be necessary.

VENTILATING SYSTEM.*General.*

76. The work shall be executed in conformity with the General Conditions (see paragraphs 1 to 38, inclusive).

Scope of the Work.

77. It is proposed in this specification that this Contractor must furnish and erect complete a ventilating system for the eighth floor rooms, as shown on drawings Nos. 3 and 4, and connect same with the present exhaust fan compartments in attic, all as shown on plans.

78. This work is to be complete in itself with all the galvanized iron ducts, register faces, angle iron framing, hangers, etc., necessary. The horizontal ducts are to run along the attic floor. The cutting for attic floor arches, flooring, hanging ceilings, etc., and repairing of same is to be done by others (see mason and plaster specifications), but this Contractor is to furnish and erect all the necessary steel angles, stiffening bars, etc., for the horizontal ducts, as well as where they come through the ceiling.

79. This Contractor must make the size of his horizontal ducts running along the attic floor in proportion to the number of inlets they take in, and must be responsible for same so as to make a perfect ventilating system for these rooms. He must take all his measurements at the building, make his own shop drawings, showing run of ducts and details of same, etc., and submit same to the Architects for their approval.

80. Drawing No. 4 shows the general run of ducts on attic floor, but this Contractor must verify same at the building.

81. This Contractor must also do all cutting of openings, framing, stiffening and repairing necessary to erect the new register faces for Rooms Nos. 15 and 16, attic floor, as shown on drawing No. 1, and furnish all material for same.

Materials.

82. All materials used are to be the very best of their respective kinds, and all to conform in every detail to the work of like character at present in the building.

Galvanized Iron Ducts.

83. All ducts shall be constructed of No. 20 galvanized iron, with easy bends. The longitudinal seams shall be folded and all the cross seams or butt joints shall be locked with slip seams.

84. All ducts must be supported by steel framing in such a manner that it will be impossible for them to slip from their positions.

85. The entire run of ducts is to be stiffened by stiffening bars about 3 feet centres, and framed with angle irons at register openings, and securely fastened by iron bars, clips, etc., to floor beams above, so as to receive registers. All this work is to conform in all respects to that at present in the building. In all cases ducts for ceiling registers are to come through centre of arches between floor beams, so as not to weaken the floor arches.

Registers.

86. All the rooms on eighth floor, as shown on drawing No. 3, shall have registers. They are to be regular steel, plain lattice, complete full register, with rings, so that they may be opened or closed by pole and hook from below. They shall be a plain lattice pattern, finished in white japan, and conform in all respects to those at present in the building. These registers are to be properly secured to the galvanized iron ducts and angle iron framing, by counter-sunk screws, at least four screws to each register, and be set flush with the finished plaster face of the ceiling. A sample of the register shall be submitted to the Architects for their approval. These registers are to conform to the shape of the various ceilings, which in some instances are slightly coved.

87. Provide and erect in Rooms Nos. 15 and 16, attic floor, as shown on drawing No. 1, plain lattice, complete full steel registers, with chains and pulls. They are to be properly and securely fastened to the present galvanized iron exhaust duct in attic. Set these registers out far enough for ducts so as to allow plaster to finish in back of register frame, making a close and neat finish where frame and plaster meet. Provide and erect all the iron framing necessary to form openings for these registers, as well as stiffen present ducts.

Register Poles.

88. Furnish for each room on the eighth floor a birch pole 1 1/4 inches thick, mahogany finish, of sufficient length, and topped with an appropriate bronze hook for opening and closing registers.

PAINTING.*General Conditions.*

89. The work shall be executed in conformity with the general conditions (see paragraphs 1 to 38, inclusive).

Quality of Painted Work and Materials.

90. All the materials are to be the best of their respective kinds, and must be delivered at the work in their original cans, with the seals unbroken and labels attached; and the can must not be opened until inspected by the Architects or their inspector.

91. Wherever the term "paint" or "oil paint" is specified, it shall be understood to mean that the best quality of English white lead and zinc white, mixed with the proper proportion of linseed oil and turpentine, with such colors added as are least subject to change, and of a quality especially adapted for a clear and durable effect.

92. Wherever the term "tint" or "tinting" is used in the following specifications, it shall be understood to mean that the surface shall be properly primed and sized, and then given a coat of distemper color, carefully applied, and as free as possible from brush marks. The materials used for this work shall be of a quality and make approved by the architects; the color used for the various shades shall be obtained by mixtures of dry colors, selected especially for the quality of withstanding change in tone due to ageing.

93. The filler to be used shall be No. 1 Wheeler's paste filler. The hard oil to be Murphy, Berry Brothers, or their equal, as may be approved. No turpentine to be used on the job.

Tests.

94. White lead, oils, etc., shall be subject to tests at such times as the Architects may deem necessary. The cost of such tests shall be paid by this Contractor, the chemist or analyst to be selected by the Architects.

Painted Work.

95. The Contractor must properly scrape and clean off all paint and varnish on present circular window frames, in Rooms Nos. 15 and 16, attic floor, and must cover all sap, knots and other defects in all woodwork to be painted with a good coat of shellac before priming.

96. Putty up all nail holes, cracks or other defects with colored putty as required. The putty to be well rubbed into holes with a knife. No finger puttying to be allowed.

Lead and Oil Finish.

97. This Contractor shall paint all exposed surfaces and all iron work, all plastering of walls, ceilings, ducts, pipes, conduits, etc., in Rooms Nos. 15 and 16, attic floor, as well as inside and outside of plastered fireproof partitions, with three coats of lead and oil paint and two coats of Porcelite enamel, in colors as will be directed by the Architects. He is also to do all painting and touching up of present work where same is necessary, or as may be directed.

98. This Contractor shall also properly wash down, clean off and repaint plastered walls of the following rooms on eighth floor with three coats of lead and oil paint in colors to match existing work. The finish of this painted work shall be the same as that of existing work, shall be carefully sandpapered between each coat, and the two last coats stippled to obtain an even effect. All new surfaces shall be properly primed and sized, and given four coats of lead and oil paint, or more, if required in the judgment of the Architects, and shall be carefully sandpapered between coats, and the last two coats stippled to obtain an even effect.

Room No. 3, all walls.
Room No. 4, all walls.
Room No. 5, all walls.
Room No. 8, all walls.
Room No. 11, all walls.
Room No. 12, all walls.
Room No. 7, all walls.
Room No. 14, all walls.

Hardwood Finish.

99. Kalamein doors and frames are to be painted four coats, and grained and varnished to imitate the mahogany finish of steel filing cases.

100. The present circular oak window frames in these rooms on attic floors shall be cleaned and scraped off as before mentioned and finished to imitate the mahogany finish of woodwork on eighth floor. They are to receive one coat of paste filler and stain, and finished with three coats of approved brand of hard oil. Rub between the last two coats with haircloth, and rub the last coat with pumice stone and water to a dead even surface, and finish with rotten stone and alcohol.

Tinting of Ceilings.

101. The entire ceilings of all rooms on eighth floor, as well as the cornices in same, are to be carefully washed off, properly primed and sized, and then tinted with a coat of distemper color, carefully applied, as free as possible from brush marks, all to match existing work.

LINOLEUM COVERING.*General Conditions.*

102. The work shall be executed in terms of General Conditions, for which see paragraphs 1 to 38, inclusive.

Scope of the Work.

103. This Contractor is to cover the entire floor areas of Rooms Nos. 3 and 4, 8 (north side), 8 (south side), and No. 11, on the eighth floor, with linoleum, as herein-after specified.

104. Linoleum is to be accurately cut and snugly fitted against the entire marble room base.

105. This Contractor is also to do all the necessary moving of present furniture so as to properly lay linoleum, and, after completion, replace all of said furniture in its proper place, and do all the necessary fitting of this work. He must do all the necessary cutting of holes, etc., which may be required by the Electrician for the running

up of his electric conduits, etc. These openings must be sharply and accurately cut. This Contractor must consult the Electrician for the extent of this work.

Grade of Linoleum and Laying of Same.

106. The linoleum herein required must be "A No. 1" quality, plain, double thick linoleum, and in colors as will be selected by the Architects. It must be securely cemented at all seams and to the entire floor surfaces with an approved cement.

107. A sample of the linoleum as well as the cement to be used must be submitted to the Architects for their approval.

METALLIC FURNITURE, ETC.

General Conditions.

108. The work shall be done in conformity with paragraphs 1 to 38, inclusive.

Scope of the Work.

109. All of the new metallic furniture shown on drawings 1 and 2 shall be included in this contract. It embraces all the metal filing cases, including adjustable shelves, doors, etc.; all as shown in Rooms Nos. 15 and 16, attic floor.

110. It is essential that each Contractor should check up the list of metallic furniture given hereinafter with the general plans and details, as he will be held bound to furnish and erect each and every new piece of such furniture shown on the drawings, whether the same is or is not hereinafter described, which piece of furniture must be complete in itself and accord with the general requirements of these specifications.

111. The Contractor must construct metal filing cases in such manner as to enable the electrician to conceal within the furniture his electrical conduit outlet boxes, switches and panel boards, etc. (read over electrical specifications regarding same). This may be accomplished by leaving clear spaces of 3 or 4 inches on the ends or tops of file cases, and in their vertical divisions, as may best suit the requirements, which can only be determined after consultation with the Architects and Electrician.

112. This Contractor is also to move present metallic filing cases in eighth floor rooms, wherever necessary, so as to allow other contractors to do all necessary cutting behind these cases, for the electric lighting and switch work, removing of thermostats, etc., for which see specification for said work. After all cutting and repairing is completed, he must replace removed cases to old positions, in a proper and workmanlike manner, and do all necessary repairing and refinishing of said cases as may be found necessary.

113. The conduits and all parts of the electrical work shall be done by the Electrical Contractor (see specification and plans for electrical work), and the marble work by the marble worker.

Metallic Work—General Construction.

114. All material for this work shall be of the very best grade and suited for the special construction for which it is employed, and shall be open hearth, cold rolled and pickled steel. It shall be free from scale waves or buckles, rust pits or other imperfections, and the surfaces must be absolutely true, with neither hammer mark nor indentations showing; the joints shall be "hair" joints, and molded members must be sharp and true, with mitred angles in perfect alignment, and with invisible joints.

115. The kind and gauges of metal used in the several parts of the individual furniture shall be designated hereinafter under the heading for each article of furniture. No plates in any case shall be less than No. 14 gauge. Where moldings are specified they shall be of wrought iron, not less than No. 14, Brown & Sharpe Manufacturing Company's standard wire gauge, carefully drawn, annealed and straightened, and if necessary reinforced by a suitable backing to conform with the shape of the molding. All fillets shall be sharp and true and conform in depth and width.

116. All filing cases shall be made of heavy steel plates, supported by angles, tees, flat bars or channel or other drawn shapes, as approved, all securely riveted and bolted. Exposed rivets shall be filed smooth. Rivets, bolts and screws shall be so spaced as to prevent opening of joints or buckling of plates. All cases shall have backs and top cover plates, and the inside of the cases, so far as workmanship, finish and appearance is concerned, shall be equal to the exterior work. Shop drawings in every case shall be submitted to the Architects for approval, drawn to suitable scale, and comprehensive enough to enable them to judge of all details, and in no case shall material or workmanship be accepted where no shop drawings for said work have been formally approved. Shop drawings shall also be submitted to the Architects for approval, showing the length and height of all cases, and subdivision of sections in same.

117. It must also be understood by the Contractor that the gauges of metals specified are not absolute, unless the Architects are assured that the gauge specified is sufficiently strong for the purpose to which the case or piece of furniture or device is to be applied, but in no case shall plates less than No. 14 gauge be used. The Contractor must, therefore, in matters of this kind, be prepared to substitute heavier material, if, after a test of the model, the results should so indicate, but in no instance must the material be less than the gauges herein specified. A model of a part of a full section of each piece of furniture, at the Architects' option, shall be submitted for approval to the Architects, and such model shall be tested and loaded to its full capacity for buckling or other defects.

118. Detail drawings are not intended to illustrate the construction or the design, but merely to give an idea of the general dimensions in the several directions marked. All new metallic furniture must correspond in detail, character and finish with that at present in the building.

119. The following specification describes a type of construction which, while arbitrary, need not prevent the Contractors for metallic furniture from estimating upon their own type of construction, providing the furniture is equal, in the Architects' opinion, to the hereinbefore described requirements, or which fulfills the requirements for each piece of furniture hereinafter described in detail.

120. Duplicate keys must be provided for each locked device or piece of furniture, and all masterkeyed.

Metallic Furniture Finish.

121. All steel portions of the work shall be finished as follows: Steel material must be thoroughly well cleaned before finishing; framing parts must be ground smooth, plate surfaces well sandpapered, and the entire steel surfaces treated to a benzine dip, to remove oil and dirt. The material shall then receive a heavy coat of well baked mineral filler, which shall be afterward be thoroughly sandpapered down to a smooth, even surface. It shall then be coated with two coats of best baking japan, and baked at a temperature of not less than 180 degrees for dark colors, and 150 degrees for light colors; the coats shall be sandpapered smooth between the bakings. The interior of cases shall, in general, be finished in imitation of mahogany; the exterior of all metallic furniture shall be finished in like manner, with the plain surfaces or panels grained to imitate the veneerings and markings of mahogany, varnished with three coats of white rubbing varnish, the exposed surfaces well rubbed down in pumice stone and water to a perfect dead finish. A sample panel must be submitted for approval, which, when approved, shall be filed in the Architects' office, as the standard to be followed for all the work.

122. All metallic furniture shall be rigidly inspected at the shop by an Inspector appointed by the Architects, and paid by the Contractor, who, for this purpose, shall allow the sum of seven dollars (\$7) per day (during the construction of the steel furniture at the mill or shop), to cover the cost of such inspection, not including tests.

Marble Bases.

123. The marble bases shown on details under all furniture shall not be included by subcontractors estimating upon metallic furniture. Provision, however, shall be made in metallic furniture for bolt holes, and a foundation against which the marble bases shall be placed and secured to it with brass machine screws by the marble worker. Consult the marble worker for the depth of such bases.

Schedule of Metallic Filing Cases.

124. All metal filing cases included in this contract are all of the same type and construction—Type No. L—but vary in sizes in respect to the length of cases and their sections.

125. The following gives a list of all the metal filing cases:

Room.	Type.	Case.	Remarks.
15	L	151 to 173 (inclusive)	Adjustable Shelves and Solid Doors.
16	L	174 to 195 (inclusive)	Adjustable Shelves and Solid Doors.

Index Plates or Frames.

126. Furnished and set in place, at the ends of each case, as well as on each leaf of every filing case door, an index plate, to receive card, and to match in every particular the present card index frames on eighth floor filing cases.

Metal Filing Cases.

127. Provide and erect, where shown on plans, and according to detail No. 2, metal filing cases, 151 to 195, inclusive, Type No. L, with outer and inner cases, molded cornice, molded and paneled ends, intermediate uprights which shall be of No. 10 gauge steel-flanged at the back to the rear plate, solid molded and paneled doors, panels formed of solid steel bars 3 inches wide, one-half inch thick, with rivets, adjustable shelves and plain closed top pieces, all constructed as described in paragraphs 92 to 98, inclusive, and all to be typical in detail to similar cases at present on eighth floor. Sections to be fitted with No. 10 gauge steel shelves with sides and back flanged downward three-quarter inch, and front formed into a three-quarter-inch roll; sides punched to receive bolts which attach shelves to uprights; shelves to be readily and easily adjustable to each inch in height, and then adjustment must be such that no tools of any kind will be required. Provide five shelves for each section, to be spaced as will be directed by the Architects. Cases to be 15 inches deep inside, and framed out for roof beams along slope of same, as shown on detail No. 2. The closed top piece is to extend from top of case to ceiling, and to be perfectly cut and shaped to the slope of ceiling, and framed for roof beams, where same pass through top piece at ends. It is to be perfectly plain, except the small frame at top, bottom and stiles, and is to be the same width and length as filing cases below, as shown. All to be properly framed and secured with appropriate angles, tees, etc.

128. This Contractor must make cornice of these cases deep enough so that swing of case doors will not interfere with the ceiling lighting fixtures and lamps. Consult Electrician and Fixture Contractor for this.

All Hardware for Metal Filing Cases.

129. Provide, properly fit, adjust and apply, all necessary or usual hardware, such as door pulls, locks for doors, lock plates, index plates, all keys, etc., required for all the metal filing cases hereinbefore specified. All to be of the same design, finish and material as the hardware on the present existing metallic furniture throughout the building except that each door to case shall be controlled by a three-way bolt and locked by paracentric locks.

130. The Contractor is to read over specifications incorporated herewith, and look at hardware of present metallic furniture in building, as he shall be held bound to furnish all and every piece of hardware and accessories necessary to fully complete the work of this contract, whether or not each piece or item is mentioned in this specification.

131. There are to be but two different types of locks applied on these case doors. All the case doors in Room No. 15 to be locked by one key, and all those in Room No. 16 to be locked by another key; but both types of locks are to be masterkeyed.

132. Submit models and samples for all this hardware.

CABINET WORK, HARDWARE AND MAHOGANY FURNITURE, ETC.

General Conditions.

133. The work shall be executed in terms of General Conditions, for which see paragraphs 1 to 38, inclusive.

Scope of the Work.

134. All the new mahogany furniture shown on plans and enumerated in this specification, and as hereinbefore prescribed, shall be provided and set in position by the Contractor. The furniture consists chiefly of flat and roll-top desks, shelving, chairs and reference tables. All new mahogany furniture is hatched in on plans.

135. The Contractor's attention is hereby specially called to the individual description of each piece of mahogany furniture, which description covers certain changes in the form of furniture, and explains where same shall vary from the designs shown on scale drawings. The Architects reserve the right to make such changes in the carvings, moldings and general outlets as shall, in their judgment, improve the artistic effect or practical purpose for which said piece is designed.

136. This Contractor is to submit full size details of all pieces of furniture herein specified for the Architects' approval.

137. Every piece of furniture included in this contract shall be delivered to the building uncrated, and in a completed condition, and placed directly in the room and location designated on plans, or such other locations in the buildings as may be directed by the Architects. All temporary covering for protection against damage in delivery, must be removed as soon as the furniture is placed, and in a manner not to obstruct rooms or passages.

138. This Contractor shall also reverse hanging of present door at south entrance of Room No. 3, eighth floor, all as shown on plans, and take out and remove present door between Rooms Nos. 3 and 4, eighth floor. He must do all the cutting, removing of old work, rehanging and repairing necessary for this work, and must apply new mahogany jambs, and refinish all woodwork, wherever necessary, all work to match existing work. Mahogany used to be same as used on existing door trim. This Contractor is to furnish full size shop drawings to the Architects for their approval, for each and every piece of furniture herein described and mentioned, and must submit models in clay for all ornamental parts, all to be subject to the Architects' approval.

Grade of Mahogany.

139. The wood used shall be West Indian or Mexican mahogany, selected for its beauty of grain and markings and of a quality especially adapted for the building of office furniture, as per samples to be approved by the Architects. Where veneered panels, or other veneered surfaces are called for, the veneer to be used, where exposed to view, shall be a mahogany crotch, or other finely marked veneer, according to directions, which will be indicated by the Architects on the shop drawings to be submitted by the Contractor for their approval. Wherever panels or other surfaces are specified to be veneered, the same shall be "five-ply," that is, built up of a selected pine core, glued and put together in an approved manner, and equal to the finest workmanship of the experienced cabinetmaker. The pine cores shall be jointed the long way, then properly veneered crosswise, the exposed surfaces then veneered in the selected veneer specified above. If the reverse side of panels or surfaces are not exposed to view, care must be taken to use a mahogany veneer of the same nature as used in exposed face, in order to prevent curling or warping.

140. All furniture must be built of properly seasoned lumber, and constructed in the most approved cabinet methods.

Finish of Furniture.

141. The woodwork shall be properly prepared and stained to the color to be selected by the Architects, and then finished to a dull gloss, equal in quality to a first-class cabinet finish. A sample panel, with its surrounding rails and stiles, shall be submitted to the Architects for approval. This sample shall be of sufficient size to enable the Architects to properly judge of the markings and color and finish of the mahogany.

142. The underside of all desks shall be given are same number of coats as table tops, except the rubbing and polishing may be omitted where not exposed to view.

Marble Base.

143. Where shown on detail drawings, provision shall be made by this Contractor for the reception of marble base, which shall be furnished and set by the marble worker after the furniture is set in place, and the Contractor for furniture shall construct the work in such manner as to permit of fastening the marble base in the most practical way, and, for this purpose, shall consult with and work in harmony with the marble worker. On such pieces of furniture as are not to be permanently attached to

the floor, provision shall be made to permit of setting the marble base slightly above floor level.

Castors.

144. All movable pieces of furniture shall have castors of approved size and pattern, with hard rubber wheels. Castors shall be set in most approved manner, and properly countersunk, and so placed as not to split the woodwork into which they are secured.

Provision for Electric Conduits.

145. The Contractor shall build the furniture in such manner as to make provision for the proper introduction of electric conduits for lighting, telephone or signal purposes, likewise provision for the proper attachment of lighting fixtures; consulting with electrician as to proper location and with the Contractor for electric fixtures.

Hardware and Other Bronze Fittings.

146. The Contractor shall include all hardware, or other bronze fittings that may be required to complete each piece of furniture as hereinafter described. All hardware shall be of polished bronze, conforming in finish and design to the hardware now applied in the building. Provide two keys for each lock and a properly tagged master key of present series, for all locks in each department. Samples of the approved hardware may be seen at the Architects' offices.

147. Whenever drawer pulls are indicated on scale drawings, the same shall have real polished bronze bar handles and bracket posts to match hardware of room, as above specified. All cupboard doors shall have a lock, and an escutcheon to match other hardware. All models and samples of hardware shall be submitted to and must be approved by the Architects.

148. The drawers of all desks shall have suitable locks for each drawer, with escutcheons to match present hardware. Each desk shall have one key, and a duplicate key, and if there are drawers on opposite side of desk, the same are likewise to have one key and a duplicate with three master keys for all such pieces of furniture. Master keys shall have a silver tag, with letters cut on same for identification.

Measurements.

149. As soon as full sized shop details have been approved by the Architects, the Contractor shall furnish the marble worker, the electrician, or other mechanics, with all measurements and sizes that may be required, in order to work in harmony, and to prevent unnecessary delays and errors.

Note.

150. The Contractor shall submit to the Architects for approval such completely finished full size samples for any and all wood furniture which they may deem necessary to properly judge of the proportions and utility of each piece of furniture, and the Contractor shall make such changes in the samples as the Architects may find necessary to attain the very best results in design and construction.

Flat Top Desks.

151. Provide two new flat top desks, as shown on Drawings Nos. 3 and 5. These desks shall be 5 feet 6 inches long by 3 feet wide, and stand on mahogany legs, but no marble base. All to be similar to the flat top desk on legs now in rooms on the sixth and seventh floors.

Roll Top Desks.

152. Provide two new roll top desks, as shown on Drawings Nos. 3 and 5. These desks shall be 5 feet long by 2 feet 9 inches wide, with marble bases. They are to be exact duplicates in finish, size and detail and construction to the present roll top desks now on the sixth and seventh floors.

Reference Tables.

153. The tables shall have a 1½-inch top, solid or veneered, as shall be directed by the Architects when shop drawings are submitted. The top must be properly attached to a separate frame under the table, in such a manner as best to guard against cracks or checks due to expansion and contraction. The panels in pedestal base shall be five ply, and shall be surrounded by a carved egg and dart or other carved molding both on outside and inside of pedestal. A completely carved and finished sample shall be submitted to the Architects for approval, for the carved caps shown on drawing. On top of these table veneered console brackets shall be attached, supporting the shelf on which the electric standards are to be placed. Proper provision must be made to receive and conceal the electric conduits to the standards. The table tops shall be divided into 3-foot wide sections, as shown, and be of sufficient height from floor so as to allow seating in front of same. This table to have a marble base running around same.

154. Provide two small drawers underneath table tops for both sides of each section, approximately 3 inches deep. Same are to be of mahogany, with necessary bronze hardware pulls, escutcheons, locks, keys, etc.; each lock keyed separately, with master key to open all locks of table. All to match existing work.

155. Provide and erect a 2½-inch diameter polished bronze foot rest, one for each side, screwed into bronze escutcheons at each end; the gauge of metal shall not be less than 14 B. & S.

156. This table to be an exact duplicate in finish, detail and construction of the present reference tables in Room No. 4, eighth floor, with the exception that it is to have drawers as before specified. See Drawing No. 5 for ½-inch typical detail.

Revolving Chairs.

157. These chairs are to be revolving chairs, made entirely of wood, without upholstery; selected mahogany shall be used, built up of such sections and thicknesses as shall be directed. Seats shall be scooped out and shaped, with necessary springs, etc., the backs curved, the arms shaped, and with castors as before specified, all to suit their special requirements, namely, typewriter chairs in Room No. 11, desk and table chairs, and reference table chairs, and all as will be directed by the Architects when full size drawings are submitted to them for approval. These chairs are to be similar in material, construction, detail and finish to the present revolving chairs on the sixth and seventh floors, unless otherwise mentioned.

158. Note—The size and heights of the revolving chairs for the reference table hereinbefore specified, are to conform to the size and heights of said table; so also are the typewriting chairs in Room No. 11 to conform to the various dimensions of the present typewriting desks in this room. Shop drawings of all these chairs must be submitted to the Architects for their approval.

Arm Chairs.

159. The chairs are to be made entirely of wood, without upholstery; selected mahogany shall be used, built up in such sections and thicknesses as shall be directed. Chairs shall have four legs, square in section, tapered and fluted. Seats shall be scooped out, and shaped, and the backs curved, and the arms shaped, as will be directed by the Architects when full size drawings are submitted to them for approval.

List of Mahogany Furniture Required.

Room Number.	Kind of Furniture.	Number of Pieces.
Room No. 3, eighth floor.....	Reference table	1
Room No. 3, eighth floor.....	Flat top desks.....	2
Room No. 3, eighth floor.....	Revolving chairs.....	10

Room No. 14, eighth floor.....	Revolving chairs	5
Room No. 14, eighth floor.....	Arm chairs	2

Mahogany Shelving.

160. Provide and erect in front of windows, where shown on Drawing No. 3, and to the heights as will be directed, mahogany shelving, approximately 20 inches deep, and of sufficient lengths, so as to fit snugly between present metal filing cases. This shelving is to be of mahogany, built up "five ply," and finished so as to match in every detail that of present cabinet work for furniture.

161. Each shelf to have two or more strong plain bronze brackets, securely expansion bolted to walls and screwed to shelf, all to match existing bronze work in building.

HARDWARE.

General Conditions.

162. The work shall be executed in conformity with the General Conditions, paragraphs 1 to 38, inclusive.

Scope of Work.

163. The hardware included in this contract includes that required for the four new doors in new fireproof partitions and any other hardware which may be loose or missing on circular window frames in Rooms Nos. 15 and 16, attic floor.

164. He shall furnish complete and set in place all hardware hereinafter specified, and shall also furnish and set up all hardware and accessories necessary to fully complete the work of this contract, both on attic and eighth floors, whether or not each item is or is not mentioned in this specification.

165. All hardware is to be properly fitted and adjusted.

Finish of Hardware.

166. All surface hardware is to be of bronze, of the same proportions of metal throughout, and such as to give the color selected by the Architects from samples made by the Contractor. The finish of all hardware, as well as design of same, to match that at present on the eighth floor. The enrichment on ornamental hardware will be finely chased and re-chased, as directed by the Architects.

Models and Patterns.

167. Submit full size models and samples of each and every piece of hardware to be used, and said models and samples are to be altered as much and as often as may be necessary, in the opinion of the Architects; all at the expense of the Contractor.

Master Keys.

168. All locks shall be arranged for master keys; all to conform to present series on eighth floor, as shall be determined by the Architects.

Cleaning Plates.

169. Provide for all combined escutcheon plates suitable plates to protect the door while hardware is being cleaned.

Defects.

170. The Contractor shall make good any defects which may appear in his work within a period of one year after the completion of his contract.

Hardware for Doors.

171. Furnish and apply all the necessary butts, locks, escutcheon plates, knobs, door stops, keys, and all other necessary hardware for doors on attic floor, as well as for door which is to be rehung in Room No. 3, eighth floor, all to strictly match, both in design and construction, the present hardware of doors on eighth floor.

Note.

172. The Contractor bidding on the hardware required under this contract shall examine the present hardware in the building, as well as the quality and extent of the work to be done.

ELECTRIC WORK.

General Conditions.

173. Changes in and additions to the electric light wiring.

174. The work shall be executed in conformity with general conditions included in paragraphs 1 to 38, inclusive.

Scope of Contract.

175. It is the intent and purpose of this specification to cover and include under each section all apparatus, appliances, materials or labor necessary to properly install, equip, adjust and put in good working condition the respective portions of the outfit and equipment specified and shown on the plans. Any apparatus, appliances, materials or labor, not hereinafter specifically mentioned or included, that may be necessary to complete or perfect any portion of the hereinafter specified outfit or equipment in a substantial manner, and in compliance with the requirements implied in this clause, shall be furnished by the Contractor, just as if specifically mentioned in this specification, and without extra cost to The City of New York.

176. Any and all changes and rearrangement of wiring, conduits and lighting, etc., at present in the attic and eighth floors, which are found necessary to be made in order to install all the new work in this contract, is to be done as though each and every item was distinctly shown and specified.

Record of Changes.

177. The Wiring Contractor shall keep an exact detailed record of changes in the location or number of outlets and lights, the location or arrangement of the circuit wiring, etc., that may occur during the progress of the work installed under this contract. The Wiring Contractor must supply the Architects with a diagram or plan of all such changes, and on completion of the work must furnish all the data and diagrams necessary to enable the plans to be corrected, or the Contractor must himself provide a corrected set of plans sufficiently complete and perfect to enable any competent person to trace the circuit work therefrom, even though said person be not familiar with the particular installation.

178. This Contractor must submit samples to the Architects for their approval of all materials used, such as wiring, covering, conduits, switches, all outlet boxes, etc.

Inspection, etc.

179. The details of the electrical installation and equipment will, in general, be under the direction or subject to the approval of the Architects and The City of New York, who reserve to themselves the right to reject any portion of the equipment or installation of the work, or any machinery, appliances or materials found to be below the commercial standard of quality or perfection for the respective machinery, appliance, material or work.

Insurance.

180. All materials and work shall conform in all respects to the requirements and regulations of the fire insurance and other authorities having jurisdiction, including the latest amendments and modifications in their rules. Certificates of inspection must be furnished by the Contractor from each and every inspection bureau.

Information for Bidders.

181. Owing to the nature of the work it will be necessary for the bidder to visit the building to obtain information as to the exact conditions.

Distribution of Outlets.

182. The approximate locations of outlets, for which circuit wiring and connections are to be provided by the Contractor, are shown on the plans.

183. All the lighting included in this contract is in Rooms Nos. 15 and 16, and around the outside of said rooms, on the attic floor, and in the various rooms on the eighth floor.

184. The approximate locations of outlets, for which circuit wiring and connections are to be provided for by this Contractor, are all shown on plans.

General Method of Distribution.

185. The lighting circuits for the attic floor are all to be wired from branch circuits, fed from new cutout boxes, as will be directed by the Architects, and if the main is large enough, by extensions from the new main on the eighth floor, which is pro-

vided for in another contract. If this new eighth floor main is not large enough, new independent mains must be run.

186. The lighting circuits for the eighth floor rooms are to be all wired from branch circuits, fed from the existing cutouts or supplemental cutouts, or else by extensions from existing outlets.

Definite Locations.

187. The locations indicated on the plans are supposed to be approximately correct, but are understood to be subject to such revision as may be found necessary or desirable at the time that the circuit work is installed, in consequence of increase or reduction of the number of outlets, or in order to meet difficulties, or to simplify the work, or for other legitimate causes.

188. The precise and definite location of all conduits, conductors, circuit appliances or accessories shall be in every instance as directed or approved by the Architects.

189. No allowance shall be made to the Contractor for any and all changes necessary in the circuit work in consequence of the Contractor's neglect to have the said locations defined or approved by the proper person or persons.

Tube Conduits.

190. A single conduit shall be used for each set of conductors for feeders, mains or branch circuits.

Kind of Conduits.

191. Conduits of the enameled "unlined" type will be used for all the new circuit work. The conduits shall be protected in an approved manner, at all points where they pass through, are surrounded by, or are liable to chemical action from ashes, cinder concrete, Keene's cement, or other material liable in time to corrode the iron. At all such points the conduits must be protected by a coating of paint, applied in an approved manner as directed. This paint must be applied uniformly throughout before the conduits are laid in position. A second coat must be applied to all points where the paint has been removed or scraped off.

Size of Conduits.

192. Use conduits of sufficient size to permit the wires to be at any time withdrawn and reinserted without damaging either the wires or the conduits.

193. For branch circuits use conduits having a clear internal diameter of not less than five-eighths ($\frac{5}{8}$) inch.

Arrangement of Conduits.

194. The wiring conduits are to be set "exposed" only at certain places (such as where the walls and ceilings are not to be finished), when such exposed conduit work is, for good reason, permissible or preferable.

195. At all other places the conduits shall be set so as to be "concealed" under or between floors, in walls, ceilings, partitions, chases, behind lathing, furring, etc.

196. The concealed conduits shall be laid in the manner best suited for and adapted to the specific kind of flooring and partitions used in the building.

197. No deviations from the plans shall be made without due approval and permission.

198. The tubes shall be properly secured in position by means of approved support and fastening.

199. The arrangement of conduits shall be, in general, subject to the direction and approval of the Architects in every detail, and all modifications that may be found necessary or desirable to overcome difficulties, or to meet unusual and unexpected conditions, must be submitted to, and must have their approval.

200. Submit shop drawings showing run of conduits and location of outlets, cut-out boxes and switches, etc., to the Architects for their approval.

Painting of Conduits.

201. Any conduit tubes permitted by the Architects to be run exposed shall be painted with a protective coat of paint or compound, adequate to protect them against corrosion, rust, etc., and also where necessary, as directed, with a "finish" coat of approved color.

202. All conduit tubes requiring the finishing coat shall be first prepared in approved manner for receiving said coat.

Conduit Joints.

203. For all joints provide and use the special threaded couplings designed for the purpose.

204. All joints to be "leadcd," same as for water piping.

Conduit Bends.

205. In special cases bends may be made in the conduit tubes with the permission of the Architects, and using special appliances and precautions, as described or approved by them.

206. In all other cases the Contractor shall use the special fittings (angles, elbows, offsets, etc.), designed for bends, offsets, etc.

Conduit Ends.

207. Use particular care in running the conduits to the various outlets, cut-out cabinets, etc., and in connecting them with the outlet boxes, connection compartments and cut-out cabinets, etc. Make the length of conduit such that the ends will fit precisely and properly at such points. Make all such runs of the conduits neatly, symmetrically, and avoid bunching or crowding the conduit ends unduly.

208. Provide and use an approved conduit-end insulator (or an approved equivalent), for each and every conduit and at cut-out cabinets, and at all outlets, as required by the insurance rules.

209. Plug each section of conduit at both ends with cork, as soon as installed, to prevent its filling with plaster, dust, etc., and to obviate moisture condensation therein.

Outlets.

210. Provide and set a special iron outlet box for every new electric light outlet, unless otherwise mentioned, and for every new local switch outlet; all of which is to be concealed. Said outlet box to be of approved design and construction, of form and dimensions suited and adapted in every instance to its specific location, the kind of fixture to be used, the number and arrangement of conduits, etc., connecting therewith.

211. Special designs and makes of outlet boxes will be required, and shall be provided by the Contractor for all cases where the space and other conditions, limitations, peculiarities, or requirements, influencing the arrangement, features and details of the outlet, shall necessitate said special outlet boxes, for the proper, complete and workmanlike outfit and equipment of the particular outlet or outlets.

212. Provide and set in place for all desk and table outlets on eighth floor, unless otherwise mentioned, Diamond H. Automatic Flush Receptacles, to be placed on plaster wall, above marble wainscot, and flush with plaster wall. These receptacles are to receive flush plug and silk wound wire to the special desk standards for tables and desks. Provide and install special outlet boxes for these receptacles, all to be submitted and approved by the Architects.

213. The particular kind and make of outlet box used as well as the automatic flush receptacle must be submitted to and approved by the Architects.

Fixture Supports.

214. Provide and install at each lighting fixture outlet an approved fixture support; same to be of metal and well insulated, and to be securely attached to the outlet box at not less than three points.

Cut-out Panels.

215. The Contractor shall provide and install the necessary cut-out panels. They are to be placed where practicable, as directed by the Architects.

216. All cut-outs shall be of the "panel" type, with metal busbars, connecting bars, etc., mounted on marble slabs.

217. Each panel shall be encased in proper position in the cut-out cabinet, by slabs of slate not less than $\frac{1}{4}$ inch thick, of width equal to the full depth of the cabinet, and securely fastened to the bottom of the cut-out cabinet by special angle iron

supports, or in other approved substantial manner. The said slabs shall be fitted together neatly and closely.

218. Holes shall be drilled in the said slabs, one for each individual conductor, of suitable size therefor, and located opposite the particular cut-out connection to which it corresponds.

219. Each cut-out panel shall be made of approved marble, not less than $\frac{3}{8}$ inch thick, of proper, adequate form and dimensions for its purpose, with face finished in approved manner, and having mounted thereon the busbars, connecting bars, and all other cut-out appliances.

220. The design, proportions and construction of all current-carrying parts and contacts shall be based on the same allowance for current, density, etc., as specified in clause for "switches."

221. All exposed metal parts shall be finished bright, polished and lacquered.

222. All circuit cut-out connections shall be double poled.

223. When the number of branch circuit connections in any cut-out group is odd, an extra connection shall be provided, for reserve, and to make the slab symmetrical. If the number is even, provide two extra connections.

224. The Contractor must submit detail drawings to the Architects of all cut-out panels; said drawings must be approved before the (rough) boxes for the panels are made. A complete set of blue prints of the approved panel drawings shall be filed in the office of the Architects.

225. All fuse connections shall be made by means of suitable approved inclosed fuses.

Cut-out Cabinets.

226. All cut-out cabinets required in connection with this contract will be furnished by this Contractor. This Contractor must also provide and place on each panel board of all the cut-out cabinets, a short goose-neck and socket, so that a lamp may be attached to same, and do all necessary wiring, etc., for same.

227. The new cabinets shall be of the same type as the existing cabinets on eighth floor, and shall be of sheet iron of approved thickness. The connection compartment of these cabinets shall be not less than three and one-half ($3\frac{1}{2}$) inches. Each of these cabinets shall be provided with two sets of doors, and an inner door secured to the cabinet itself, which shall be made of sheet iron, similar to the present door. In addition to this, an outer ornamental door shall be provided, which shall be of material and detail similar in all respects to those designed for the present cut-out cabinets on eighth floor. These ornamental doors shall have Yale locks, or their equal, and shall be of form, design, etc., as approved by the Architects, and shall be finished to correspond with the furniture, etc.

228. The Contractor shall provide the requisite number of cut-out cabinets required for the sub-panels located in the ends of the cases. These cabinets shall be similar in general construction to those described hereinabove, but the connection space need not be greater than two inches. No doors or trims will be required for the cut-out cabinets located in the ends of the cases, if any, as these will be furnished under a separate contract. The present Contractor, however, will be required to furnish slate lining of approved form and dimensions for the inside of doors.

Schedules.

229. Provide suitable means of indicating at each cut-out connection the circuit corresponding thereto, by stamping the circuit number of name letter upon the cut-out busbars.

230. Provide and replace in each cut-out box, on the inside of the door, under a glass plate, secured to said door by means of an approved metal frame, a suitable schedule, made out on an approved blank, giving the name of the feeder or main supplying the group or groups of cut-outs in said cut-out cabinets, and of every main or branch circuit originating at said cut-out or cut-outs, also the section or portion of the building supplied thereby, also the proper size or capacity of fuse required therefor.

Fuses.

231. Provide all the necessary fuses, and make all the necessary connections between circuits at cut-outs.

232. Provide and furnish an entire duplicate set of fuses for each and every cut-out connection. This duplicate set shall be in addition to the fuses used up to the time of the acceptance of the contract.

233. The fuses shall be of the inclosed type.

Switches.

234. Provide and set at the places designated on the plan, or as directed, the various switches required for the circuit work, as indicated on the plans.

235. In general, on the eighth floor, each individual tungsten ceiling cluster, as shown on Drawing No. 3, is to be controlled by a separate flush switch.

236. In general, on the attic floor, the electric light outlets in each passage are to be controlled by switches, placed at the ends of each filing case as at present on cases in eighth floor. The end lights of each series which face the passage along court wall on the attic floor, are to be controlled by switches placed next to each door of new partitions, as shown on Drawing No. 1.

237. In general, the type and make of switches used, and the details of their installation, shall be subject to the approval of the Architects. This Contractor is also to change switch in Room No. 4, eighth floor, to new location, as shown on plans.

238. All switches shall be of first-class make.

239. Samples will be submitted for approval.

Knife Switches.

240. These shall be used for all capacities exceeding 5 amperes for circuits, cut-out groups, etc., requiring to be controlled at cut-outs, and at switch cabinets or compartments.

241. All knife switches shall be made of pure rolled copper only.

242. The design, proportions, workmanship and finish shall be, in general, the same as for high-class switchboard work, and shall be as approved for each type and size of knife switch.

243. The current density shall not exceed the following values:

244. In all conducting parts, 800 amperes per square inch.

245. In stationary contact surfaces, 100 amperes per square inch.

246. In movable contact surfaces, 60 amperes per square inch.

247. Fuse blocks and fuses, one for each pole of the knife switch, shall be provided for all switches controlling cut-out groups, and also wherever the same shall be requisite for the protection of the circuits controlled.

248. The fuses shall, as far as possible, be installed and connected, so as to be on the dead side of the circuit when the switch is open.

249. All knife switches installed in switch compartments, or at other places than on cut-out panels, shall be mounted on an approved "switch panel" of marble, of proper form and dimensions, and of same finish as cut-out panels.

Flush Switches.

250. These switches shall be of the double-pole, double push-button type, with "flush" face plate of the same make, material and finish as those at present installed in the eighth floor.

251. All the switches for the ceiling clusters of each room are all to be collected at a point in said room, where directed by the Architects, and face plate must be made large enough to take in the push buttons of all those switches.

252. The "Diamond H" switch, made by the Hart Manufacturing Company, is approved. Other switches may be submitted by the Contractor for approval.

Push-button Switches.

253. Every "push" button switch shall be so made that it will readily and unmistakably indicate whether it is "on" or "off."

Switches in Compartments.

254. All switches installed in the switch compartment of cut-out cabinets, or in special switch cabinets, shall be properly mounted and supported in position on special metal frames of approved design and construction.

Location.

255. The Contractor is specially notified that the locations given or indicated in the specifications, for the local switches, are subject to modification. In the case

of local switches to be set at or near the doors, the definite location will depend upon and may be influenced by changes in the location, arrangement, or "swing" of the door. The Contractor shall duly ascertain and note any and all changes necessitated by reason of the moving of the existing furniture to new locations.

256. No local switch is to be installed until the definite location of the same has been duly determined or approved by the Architects.

Name Plates.

257. Each switch shall have marked upon it (or, in the case of knife switches, upon a suitable plate placed near it), the indications necessary, if any, regarding the circuits or lights controlled by said switch.

258. In the case of switches of the "flush" type the "inscription" shall be engraved in enameled letters on the face plate. Where several such local switches are to be located at the same point in a "gang," they shall have a face plate common to all, on which the inscription appropriate to each switch shall be engraved.

Wires.

259. All wires shall be of refined copper of the highest conductivity, properly tinned, and provided with insulation and covering of the most perfect and durable kinds in the market. The insulation shall be of quality such as used for Grimshaw, Habirshaw or Bishop wires of the highest grade, or other equally good grade or brand, approved and accepted by the Architects in writing.

260. For double conductors intended to be used in the same conduit (for branch circuits, etc.), use two distinct wires, each provided with its own insulation, of the proper quality and thickness, and with a protective covering of approved braid, or else duplex conductors made up of a pair of such wires bound together with an approved braid.

261. For all conductors of sectional area greater than No. 8, B. & S. gauge, use approved stranded conductors.

262. Flexible cords shall be made up of finely stranded wires of total sectional area equal to No. 16 B. & S. gauge.

263. No wires to be used unless samples have been submitted and have been approved in writing.

Conductivity and Resistivity.

264. The conductivity of the copper used in the conductors shall be not less than 98 per cent.

265. All resistance calculations of conductors shall be based upon a temperature of 76 degrees Fahrenheit (23.8 degrees Centigrade).

266. The resistivity for this conductivity and temperature shall be 10.7 international ohms per circular mill foot (American Institute of Electrical Engineer's Standard).

Limits of Capacity.

267. Use wires of such size that in no case shall the current carried exceed the lowest limit prescribed by the National Board of Fire Underwriters.

268. Use no smaller wire than No. 14, B. & S.

269. Note—It is the intention to use Tungsten 25-watt burners for all the new ceiling clusters and desk and table standards on the eighth floor, and all wiring must be done accordingly.

Conductor Insulation.

270. The thickness of insulation, in fractions of an inch (measured at the thinnest portion), exclusive of all braid, tape, or other protective covering, shall be as specified in the National Electric Code.

271. In the case of wires of Nos. 14 and 12, B. & S. gauge, the insulation resistance shall be not less than 500 megohms per mile, after immersion of five days in water, at temperature of 25 to 35 degrees Centigrade, and after electrification of 5 minutes using an E. M. F. of 500 volts. The insulation of all wires of other sizes shall be in due proportion to this amount, as required for the resistivity and thickness of insulation.

272. For flexible cords the insulation resistance shall be not less than 50 megohms per mile, under the same test conditions aforesaid.

Sample of Wires.

273. After the contract has been awarded, and before the wire is delivered at the building, the Contractor must furnish the Architects with samples of wire of the size and length desired, for making suitable and proper tests of the same.

Joints

274. All wires shall be continuous between the points they connect, such as from outlet to outlet, from cut-out to cut-out switch, junction box, etc. No joints shall be made except by special permission of and in the manner prescribed by the Architects.

Insertion Plugs.

275. Where necessary, move, set and reconnect the insertion plug outlets requisite for the insertion of plug outlets.

Chasing, Cutting, etc.

276. All chasing, cutting, drilling, etc., in connection with the electrical work covered by this contract will be executed by other contractors (see Mason Work), except so far as may be modified by the agreement of the Employers' Building Trades Association.

277. The Contractor shall, as far as possible, avoid the necessity for such cutting, chasing, etc., so as to reduce the amount of this work to a minimum.

Fixture Connections.

278. The Electrical Contractor shall not include the setting of fixtures, but he shall include the connecting of all branch circuits to the fixture wiring.

279. No fixture cut-outs will be used.

Quality of Work.

280. All circuit work shall be done in a thoroughly workmanlike manner.

281. All materials which are not specifically mentioned in the specification shall be strictly first-class as approved.

282. Particular care must be taken to avoid crosses, grounds, imperfect connections, contracts, or other electrical defects in the circuit work, which must be clear of all imperfections when presented for acceptance.

New Feeders, etc.

283. The Contractor shall provide and install the conduits and conductors on the new feeders and mains as required.

284. The size and estimated length of this feeder must be ascertained at the building. The loss of potential must be the same as that of the work at present installed in the building.

285. The Contractor shall provide all the labor and material for disconnecting the existing circuits, and reconstructing the new circuits, submains, etc., to the old and new panels, as required.

286. The Contractor shall provide all the labor and material necessary for making the conduit connections to the new cabinets in the proper approved manner.

Changing Existing Panels.

287. In some cases existing panels shall be modified to suit the new conditions, such as an increase in the size of switches, the utilization of branch circuits, of submains by using "barriers," or where branch circuits may be installed on the present marble slab.

288. The Contractor shall provide all the labor and material for disconnecting the existing circuits, and reconnecting the new circuits, submains, etc., to the new panels.

289. The Contractor shall provide all the labor and material necessary for making the conduit connections to the new cabinets in the proper approved manner.

Cut-out Panels in Cases.

290. The cut-out panels to be located in the cases may have to be of special design, owing to the limited space conditions. In such instances the panels shall be

arranged so that one polarity shall be grouped one one side of the panel, and the other polarity on the opposite side. The exact design of these panels shall be made to suit the conditions, and shall be as directed or approved by the Architects.

Switches, etc., in Cases.

291. The Electrical Contractor must furnish the Contractor for metallic or other furniture all diagrams, details and instructions, necessary to enable him or them to make provision in said furniture for all switches, outlet boxes, conduit, etc.

Branch Circuit Wiring.

292. This Contractor shall provide all labor and materials necessary for the necessary branch circuit wiring. The branch circuit wiring shall comprise the following:

New branch circuits for new panels.

New branch circuits for existing panels.

Extension from existing outlets.

New Branch Circuit Wiring.

293. The new branch circuit wiring shall include all circuit work necessary to provide for the lighting along aisles between metal cases in Rooms Nos. 15 and 16, attic floor, and lights around outside of these rooms, for lights on old and new desks, tables and other furniture, and for all the lighting of the new tungsten ceiling clusters for eighth floor rooms, all as shown on plans.

Floor Outlets.

294. The Contractor shall provide, install and connect the floor outlets where required.

295. Provide, install and connect two floor outlets, one for telephone extension and the other for light for new flat top desk in southwesterly corner of Room No. 3, eighth floor, one floor outlet for telephone extension for new flat top desk in the north-easterly corner and one floor outlet for lights for the new reference table, all in Room No. 3, eighth floor.

296. There are no other floor outlets required for the new lighting of the present and new desks, tables, etc., as same will be lighted by wall receptacles and plugs, as hereinafter specified.

297. The floor outlets shall be of the Krantz or other equally good approved make.

298. The Contractor shall provide all the necessary labor and materials for making the proper circuit extensions between the floor outlets and the corresponding desk or table fixture outlets, as directed.

299. Each of the outlet boxes shall be provided with an approved brass screw cap or cover, having a tubular opening at the centre of proper size, and threaded to fit a 5/8-inch conduit.

300. Inside the outlet box itself there shall be provided special circuit connectors, whereby the circuit loop connection with the said floor outlet may be made without the necessity of extending or protruding the branch circuit itself above the floor level.

301. In addition to the covers provided with tubular openings, the Contractor shall provide flat covers of brass, to be used for covering the outlet boxes where circuit connections are not required.

302. The Contractor shall provide all materials and labor requisite to make connections for all new desk fixtures and case fixtures.

303. In case circuit extensions are required in both directions from the point at which the conduit from the floor outlet rises to the desk, the Contractor shall provide an outlet box under the desk, at which the circuit connection will be made. If the circuit is required to run in one direction only, the connection between the rigid conduit and the flexible conduit shall be made by means of an approved cable provided for that purpose.

Disconnecting Present Outlets, Etc.

304. Certain existing conduits, outlets, lighting brackets and chandeliers, are to be discarded, and this Contractor shall disconnect and remove same in a proper manner, and make all the necessary and all other changes and rearrangements of wiring, conduits, etc., so as to leave other existing lighting in proper working order.

305. He shall cap discarded outlets and provide a suitable canopy of approved form, dimension and finish, for closing the opening in the wall or ceiling, and which must match in quality, design and finish, the present fixture work.

306. He shall properly tap up ends of all such wires, that shall have been discarded. All fixtures removed become the property of the City of New York and must be delivered over to the Engineer of the Building.

Removal of Switches.

307. In Room No. 4, eighth floor, it will be necessary to remove the switch and push button for chandeliers from their present locations as shown on plans, owing to the fact that metallic furniture, etc., will be placed in front of the present switch outlets. In this case the switch will be placed where indicated on Drawing No. 3. The Contractor shall remove the switch from its present outlet and install same in a suitable approved outlet box in its new location. The Contractor shall make the circuit extensions from the present outlet to the new outlet by means of conductors installed in flexible steel conduit. The course of the circuit, and the exact location of the new outlet, shall be as directed at the time of installation. The Contractor shall make all the necessary connections between the circuit at the existing outlet box, and the switch to be placed in the new location.

308. The Contractor shall install a suitable plate or cover at the existing outlet, with an opening for the flexible steel conduit.

Telephones.

309. It is the intention to extend new telephone connection to the two new flat top desks in Room No. 3, eighth floor, as shown on Drawing No. 3.

310. There is a service box at present located in this room, and this Contractor must run the necessary conduits, and install and provide the necessary floor and desk outlets, etc., so as to bring the telephone outlets to the desks where shown on plans and in the manner described under "Table and Desk Wiring." All cutting of floors, etc., to be done by other Contractors. This Contractor shall make up the requisite proper interconnections at the various interconnection boxes, and shall provide all the materials and labor, and shall do all work requisite to bring adequate service lines to the proper point for making the necessary connections with the local telephone stations on desks where shown on Drawing No. 3. He shall duly and properly co-operate with the New York Telephone Company for making the necessary connections and he shall clear the circuits of all leaks, crosses, grounds, or like defects, and shall keep them clear of such defects until the new extensions are put in complete operation. The apparatus and appliances required for the equipment of all the local stations will be provided and installed by the New York Telephone Company. This extension to the new local stations shall be made with as little interference as possible with the operation of the present system.

Table and Desk Wiring.

311. Wiring from floor outlet boxes will be required for the new flat top desks in the southwesterly and the northeasterly corners of Room No. 3, eighth floor, and for the new reference table in the same room.

312. In the case of the new flat top desks before mentioned the circuit will rise from the floor outlets to an average height of three or four feet in rigid conduit. From this point the circuit extension to the various fixtures supplied in each case shall be made by means of flexible steel conduits, using a special cable for the connection. An approved outlet box shall be provided at each fixture and telephone station. The rigid conduit from floor outlet box is to be taken up at the side and near the back of desk in each case. Desk in southwesterly corner of Room No. 3, to have two extensions from floor outlet boxes, one for telephone and another for light, but the desk in the northeasterly corner of Room No. 3 will have but one extension for telephone from the floor outlet box.

313. In the case of the new reference table hereinbefore mentioned there will be two or more fixtures on same. The circuit will arise from the floor outlet to an average height of three or four feet in rigid conduit. From this point the circuit extension to the various fixtures supplied in each case shall be made by means of flexible steel conduit, using a special cable for the connection. An approved outlet box shall be provided at each fixture.

314. For the lighting and wiring of all other old and new desks, tables, etc., on the eighth floor, not hereinbefore mentioned, provide Diamond "H" Automatic Flush receptacles, with special approved outlet boxes for same. In these receptacles, insert flush plugs with silk wound wire attached, and connect special desk standards to same. These receptacles and flush plugs to come flush with wall and to be placed on plastered wall, approximately one foot above marble wainscot as will be definitely determined later by the Architects. Silk wound wire to be approximately five feet long as will be determined by the Architects.

315. Submit samples of these outlet boxes, receptacles, flush plugs and cord to the Architects for their approval.

316. The fixtures and the connections for same, will be provided under a separate contract. The exact locations of the fixtures, and consequently the outlet boxes for same, will be given at the time of installation.

Wiring for Chandeliers.

317. Provide and run all the necessary conduits and wiring for all new tungsten clusters, their respective switches, and number of burners, for rooms on the eighth floor as shown on Drawing No. 3.

318. All burners or lamps to be the tungsten 25-watt burners, but same are not included in this contract.

319. All clusters are to have special outlet boxes and to be hung on approved fixture supports. Outlet boxes and fixture supports to be securely fastened in an approved manner to ceiling beams above.

320. Each cluster is to be independently controlled by a separate flush switch, all as hereinbefore specified. All the switches in one room are to be placed in gangs where directed by the Architects.

Metallic Furniture or Case Wiring.

321. Special wiring shall be provided for the cases on attic floor, and shall be arranged so that the lights in passage along case may be controlled by three point switches, placed at the ends of the cases. All wiring to be concealed.

322. Special space shall be provided at each end of the case for the conduits, switches, etc. This space will be approximately three inches in depth, and arranged to suit the Electrical Contractor's requirements.

323. The conduits will rise from the floor outlets to these switches, thence the conduits will extend to the top of the cases, and run along same, connecting with the various outlet boxes in ceiling, along passage of cases. The conduits shall be all of the rigid type throughout, and shall be 3/4 inch inside diameter.

FIXTURES.

General Conditions.

324. The work shall be executed in conformity with the General Conditions included in paragraphs 1 to 38 inclusive.

Scope of Work.

325. This Contractor must furnish and set all the new fixtures required in attic and eighth floors and as shown on Drawings Nos. 1 and 3. He must connect his fixtures to the wiring at the various outlet boxes and receptacles and set same. All the new fixtures are to be of real bronze of material and finish to match existing fixtures.

326. For the attic floor fixtures incandescent lamps will be used and for all the eighth floor ceiling clusters, table and desk standards, the 25-watt tungsten burners will be used, and all fixtures must be made accordingly. All fixtures burning the tungsten burners must be so arranged as to have burners hanging vertically down. Scale and full size shop drawings of all fixtures as well as models for new table and desk standards on eighth floor, and fixtures for the attic floor, must be submitted to the Architects for their approval. This Contractor must furnish all the necessary 25-watt tungsten burners and lamps required for all the new ceiling clusters, table and desk standards on eighth floor as shown on plans.

Attic Floor Fixtures.

327. Furnish and set in place all the new fixtures for attic floor as shown on Drawing No. 1. They are to be of bronze, with drop, special reflector, etc., all of the type shown on one-and-one-half-inch scale detail, Drawing No. 2. They are to burn incandescent lamps, and are not to extend any lower down than three or three and one-half inches below ceiling, so as not to interfere with the swing of the filing case doors. Submit full size drawings and model for these fixtures to the Architects for their approval.

Special Desk Standards.

328. Furnish and set all the new special desk standards for the eighth floor, as shown on Drawing No. 3. They are to be bronze, with movable and pivoted arms and stems, with thumb screws, all as shown on Scale Detail Drawing No. 5. Standards are not to be secured to desks or tables, but be movable, with base of standard sufficiently heavy enough in proportion to the weight of extended arm, so as to prevent standard from tipping over. These standards are to burn 25-watt tungsten burners, one for each standard, and are to have a special glass shade to be green on the outside and pure white on the inside as will be approved. They are to be connected to the wall receptacles provided for same at each desk and table, by silk wound wire and plug.

329. Submit full size drawings and models for these fixtures and shades to the Architects for their approval.

Ceiling Clusters.

330. Furnish and set all the new tungsten ceiling clusters for the eighth floor with the requisite number of burners for each, all as shown on Drawing No. 3.

331. They are to be of bronze, and all typical in design to that shown on Plate No. 575 in the catalogue of the Simes Company, No. 18 Rose street, New York City. They are to be made heavy and substantial and be provided with special glass shades, to be green on the outside and pure white on the inside, all as will be approved by the Architects. These clusters are to burn 25-watt tungsten burners. The length of cluster and spread of arms must suit conditions at the building, and will be determined by the Architects.

332. Submit full size drawings for all these clusters to the Architects for their approval.

Reference Table Standards.

333. Furnish and set the four new 2-light standards for the new reference table in Room No. 3, eighth floor, as shown on Drawing No. 3. They are to be bronze and permanently secured to the mahogany shelf running along table in same manner as existing standards in Room No. 4, eighth floor. They are to have like shades and be exact duplicates in all respects in finish, material and detail and design to the standards at present on existing reference table in Room No. 4, eighth floor, with the exception that they are to burn 25-watt tungsten burners.

334. Submit full size drawings and models of these standards to the Architects for their approval.

No.

THE CITY OF NEW YORK, BOARD OF ESTIMATE AND APPORTIONMENT,

BOROUGH OF MANHATTAN.

Contract Clerk.

Entered in the Comptroller's office,

1909.

First Assistant Bookkeeper.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
June 17, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Under date of June 15, 1909, the Hon. William S. Andrews, Commissioner of Records, submits a form or proposal for bids or estimates, contract and specifications, for furnishing and erecting steel file cases and other furnishings in the office of the Clerk of the County of New York, in the Hall of Records, for approval by the Board of Estimate and Apportionment, and for such action as the said Board may direct.

I would report that these forms of contracts and specifications have been duly approved as to form by the Corporation Counsel.

At meeting of the Board of Estimate and Apportionment, held June 26, 1908, Corporate Stock in the amount of \$200,000 was authorized to provide for the installation of steel file cases for the office of the County Clerk of New York County, Borough of Manhattan.

At the same meeting of the Board, the terms and conditions were approved for a portion of steel file cases; also, the President of the Borough of Manhattan was authorized and directed to advertise for bids or proposals and submit the said bids to the Board for its action.

Pursuant to said authority of the Board, bids were received and a contract awarded to the amount of \$105,386; adding architects' fees, the total amount spent to date is approximately \$110,000, leaving a balance of \$91,000 of this account. The estimated cost of the work, including architects' fees, is \$35,000.

The Commissioner states that this will complete the work of installing file cases in the Hall of Records, leaving a balance of approximately \$55,000 after all the required work is completed.

On January 8, 1909, by resolution of the Board of Estimate and Apportionment, additional space was designated for the use of the County Clerk of the County of New York in the Hall of Records, and this contract is to fill up this space with filing cases.

In order to continue and finish the work of furnishing and erecting steel file cases in the office of the Clerk of the County of New York, Hall of Records, it will be necessary that this be awarded.

Therefore I recommend the following resolutions for adoption by the Board:

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the terms and conditions contained in the form of contract and specifications prepared by the Commissioner of Records, County of New York, and submitted to the Board of Estimate and Apportionment June 15, 1909, pursuant to the provisions of section 3, chapter 712, Laws of 1907, for the installation of steel file cases and other furnishings for the office of the County Clerk, New York County, in the Hall of Records, Borough of Manhattan; and be it further

Resolved, That proposals for said contract be advertised in the CITY RECORD, and three of the official newspapers published in the Borough of Manhattan, for a period of ten consecutive days; and be it further

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and directed to advertise for bids or proposals and to submit said bids to the Board of Estimate and Apportionment for its action.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

Negative—The President of the Borough of Brooklyn—2.

The Comptroller presented the following resolution of the Board of Aldermen requesting an issue of \$6,133.34 Special Revenue Bonds (subdivision 8, section 188 of the Charter), to provide for the rental of premises Nos. 168 and 170 Fulton street, Manhattan, from May 1, 1909, to December 31, 1909, used by the Police Department as a station house for the Second Precinct, together with report thereon, recommending the issue as requested.

(On June 11, 1909, the resolution of the Board of Aldermen, requesting this issue, was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand one hundred and thirty-three dollars and thirty-four cents (\$6,133.34), the proceeds whereof to be used by the Police Commissioner for the purpose of paying the rent of premises at Nos. 168 and 170 Fulton street, in the Borough of Manhattan, from May 1, 1909, to December 31, 1909, to be used as a station house for the Second Police Precinct.

Adopted by the Board of Aldermen, May 25, 1909, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor, June 8, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
June 17, 1909.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Estimate and Apportionment held June 11, 1909, a resolution of the Board of Aldermen was presented requesting an issue of \$6,133.34 Special Revenue Bonds to provide for the rental of premises, Nos. 168 and 170 Fulton street, Borough of Manhattan, from May 1, 1909, to December 31, 1909, for a station house for the Second Police Precinct, which was referred to me for consideration and report.

The Police Commissioner requested the Commissioners of the Sinking Fund to authorize a lease of the premises Nos. 168 and 170 Fulton street, pending the time of his occupying the new police precinct station house and stable on Washington and Greenwich streets, near Courtlandt.

The provision for the payment of this rent was not included in the Budget, and in order to provide for payment thereof, the Board of Aldermen was asked by the Police Department to provide for the issue of Special Revenue Bonds, and I respectfully recommend that the Board of Estimate and Apportionment approve of this request.

Respectfully submitted,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted May 25, 1909, in

relation to an appropriation of six thousand one hundred and thirty-three dollars and thirty-four cents (\$6,133.34), to provide for the rental of premises Nos. 168 and 170 Fulton street, Borough of Manhattan, from May 1, 1909, to December 31, 1909, for a station house for the Second Police Precinct, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of six thousand one hundred and thirty-three dollars and thirty-four cents (\$6,133.34), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following resolution of the Board of Aldermen, requesting an issue of \$12,000 Special Revenue Bonds (subdivision 8, section 188 of the Charter) for altering, repairing and furnishing rooms in the old East River Bank Building, to provide accommodations for the Bureau of Licenses and to room 1, City Hall, Borough of Manhattan, for the Marriage License Bureau, and recommended the approval of said request.

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twelve thousand dollars (\$12,000), for the purpose of altering, repairing and furnishing the old East River Bank Building, to provide accommodation for the Bureau of Licenses, and room 1 in the basement of the City Hall, Manhattan, to provide accommodations for the Marriage Bureau.

Adopted by the Board of Aldermen June 9, 1909, three-fourths of all the members elected voting in favor thereof.

Approved by the Mayor, June 16, 1908.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted June 9, 1908, and approved by the Mayor June 16, 1908, in relation to an appropriation of twelve thousand dollars (\$12,000), for altering, repairing and furnishing the old East River Bank Building, to provide accommodations for the Bureau of Licenses, and room 1 in the basement of the City Hall, Borough of Manhattan, to provide accommodations for the Marriage License Bureau, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to an amount not exceeding twelve thousand dollars (\$12,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the Board of Water Supply requesting, and report thereon recommending, approval of the purchase of Parcels 72a and 72b for \$600, and Parcels 73a and 73b for \$1,200, in Section 2, Northern Aqueduct, together with report thereon recommending the approval of the purchase of said parcels.

(On June 4, 1909, the request of the Board of Water Supply, for approval of the purchase of the above property, and the approval of six maps in connection therewith, was referred to Comptroller and to the Chief Engineer of the Board.)

BOARD OF WATER SUPPLY—CITY OF NEW YORK,
No. 299 BROADWAY,
NEW YORK, June 2, 1909.

Board of Estimate and Apportionment, No. 277 Broadway, New York:

GENTLEMEN—On May 11, 1909, this Board adopted the following resolutions:

"Resolved, That the Board of Water Supply, pursuant to the recommendation of Commissioner Chadwick, and in accordance with chapter 724 of the Laws of 1905, as amended, and subject to the approval of the Board of Estimate and Apportionment, hereby approves the purchase from James E. Horton, for six hundred dollars (\$600), cash, of Parcels 72a and 72b, Section 2, Northern Aqueduct, containing 0.141 acre; and that when and if said purchase shall be approved by the Board of Estimate and Apportionment, the Corporation Counsel is hereby requested to prepare all necessary agreements and other instruments for the signatures of the Board of Water Supply, and to take such other steps and proceedings as may be necessary and proper."

"Resolved, That the Board of Water Supply, pursuant to the recommendation of Commissioner Chadwick, and in accordance with chapter 724 of the Laws of 1905, as amended, and subject to the approval of the Board of Estimate and Apportionment, hereby approves the purchase from Mrs. Julia Chadwick, for twelve hundred dollars (\$1,200), cash, of Parcels 73a and 73b, Section 2, Northern Aqueduct, containing 0.984 acre; and that when and if said purchase shall be approved by the Board of Estimate and Apportionment, the Corporation Counsel is hereby requested to prepare all necessary agreements and other instruments for the signatures of the Board of Water Supply and to take such other steps and proceedings as may be necessary and proper."

We inclose herein copies of the reports of Commissioner Chadwick recommending the approval of these purchases.

We also send you six similar maps known as Accession E-103, signed by two Commissioners of this Board and approved by this Board January 29, 1908, entitled "Board of Water Supply of The City of New York. Map of Parcels 72a, 72b, 73a and 73b, situated in the Town of Philipstown, Putnam County, New York."

These maps show real estate not shown on the taking maps of Section 2, Northern Aqueduct Department, which this Board desires to acquire for the construction of the Catskill Aqueduct. On January 30, 1908, these maps were transmitted to the Corporation Counsel with a communication requesting that he take the necessary steps to amend the pending condemnation proceedings so as to acquire the title and possession of these four additional parcels, and also requesting his opinion as to whether these maps should be submitted for approval to your Board. We are informed that no action has been taken by the Corporation Counsel pursuant to our request, and an agreement having been reached with the owners of these parcels for the purchase thereof by the City at private sale, we now respectfully request the approval of the maps above mentioned and that the same be transmitted to the Corporation Counsel for filing in the proper public offices after your Board has approved them.

We also respectfully request that the purchase of these parcels at private sale be approved by your Board.

Respectfully,

BOARD OF WATER SUPPLY,

Per THOS. HASSETT, Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
June 17, 1909.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Board of Estimate and Apportionment at a meeting held June 4, 1909, had presented from the Board of Water Supply a communication requesting the approval of the purchase at private sale of Parcels 72a and 72b for \$600, and Parcels 73a and 73b for \$1,200, in Section 2, Northern Aqueduct; also submitting for approval six maps known as Accession E-103. The matter of the purchase of the property was referred to me, and the matter of the approval of the maps was referred to the Chief Engineer of the Board.

With the papers transmitted to this office was a communication from the Board of Water Supply to the Board of Estimate and Apportionment, signed by the Secretary, in which there was a statement made that Parcels 72a, 72b, 73a and 73b, situated in the Town of Philipstown, Putnam County, New York, which were asked to be approved, was property that was not included on the original maps for Section 2, Northern Aqueduct.

This office requested the Board of Water Supply to furnish us with an appraisal as is customary in the acquisition of real estate, and the Chief Engineer of the Board in a communication dated June 2, 1909, to Commissioner Chadwick, states that the acquisition of these four parcels of land which are shown on the Accession Map, is land desired to be acquired to reduce the cost of construction of the aqueduct and not for the purpose of the water supply proper.

The price asked for these parcels, being about 1½ acres in area, is \$1,800.

Under ordinary circumstances the acquisition of 1½ acres in this vicinity at that price would, in my opinion, be excessive, and would establish a value against the City in proceedings, but I have been informed that these proceedings have been closed, and that as to Parcel 73 on the original map, which adjoins 73a and 73b, awards have been made and have been paid by the City; that as to Parcel 72, which was included in the original map, which adjoins 72a and 72b, awards have been confirmed, but it is now on appeal by the property owners against the award.

To acquire the property by condemnation proceedings would, I am informed, necessitate the advertisement, the appointment of commissioners and experts, and from past experience would probably cost the amount of money which the Board of Water Supply states it can be acquired for, but the principal thing that I have in mind, and upon which I am approving this proposition, is the fact that it saves the City, according to the Engineer, \$10,000.

I therefore recommend that the Board approve of the request of the Board of Water Supply and authorize the purchase from James E. Horton for \$600 of Parcels 72a and 72b, Section 2, Northern Aqueduct, containing 0.141 acre; and that the Board of Estimate and Apportionment approve of the request of the Board of Water Supply for the acquisition at private sale from Mrs. Julia Chadwick for \$1,200 of Parcels 73a and 73b, Section 2, Northern Aqueduct, containing 0.984 acre, said parcels being shown on Accession Map E-103, signed by the Commissioner of the Board of Water Supply, January 29, 1908, entitled "Board of Water Supply of The City of New York, map of Parcels 72a, 72b, 73a and 73b, situated in the Town of Philipstown, Putnam County, New York," and that the Corporation Counsel be directed to prepare all the necessary agreements and other instruments for the signatures of the Board of Water Supply and the owners and to take such other steps and proceedings as may be necessary and proper for the presentation of the papers to the Department of Finance for the purpose of preparing the warrant and the payment of the same by the Finance Department.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 724 of the Laws of 1905, as amended, hereby approves of the action taken by the Board of Water Supply, relative to the acquisition of all the right, title and interest of the owners of Parcels 72a and 72b, Section 2, Northern Aqueduct, containing 0.141 of an acre, shown on Accession Map E-103, signed by the Commissioner of the Board of Water Supply January 29, 1908, entitled "Board of Water Supply of The City of New York, map of Parcels 72a, 72b, 73a and 73b, situated in the Town of Philipstown, Putnam County, New York," and authorizes the purchase of said Parcels 72a and 72b from James E. Horton, for the sum of six hundred dollars (\$600), and the Corporation Counsel be and is hereby directed to prepare all the necessary agreements and other instruments for the signatures of the Board of Water Supply and the owners, and to take such other steps and proceedings as may be necessary and proper for the presentation of the papers to the Department of Finance for the purpose of preparing the warrant and the payment of the same by the Department of Finance.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 724 of the Laws of 1905, as amended, hereby approves of the action taken by the Board of Water Supply relative to the acquisition of all the right, title and interest of the owners of Parcels 73a and 73b, Section 2, Northern Aqueduct, containing 0.984 of an acre, shown on Accession Map E-103, signed by the Commissioner of the Board of Water Supply January 29, 1908, entitled "Board of Water Supply of The City of New York, map of Parcels 72a, 72b, 73a and 73b, situated in the Town of Philipstown, Putnam County, New York," and authorizes the purchase of said Parcels 73a and 73b from Mrs. Julia Chadwick for the sum of twelve hundred dollars (\$1,200), and the Corporation Counsel be and is hereby directed to prepare all necessary agreements and other instruments for the signatures of the Board of Water Supply and the owners, and to take such other steps and proceedings as may be necessary and proper for the presentation of the papers to the Department of Finance for the purpose of preparing the warrant and the payment of the same by the Department of Finance.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented a report, referring to the request of the Board of Education for an issue of \$1,409,000 Corporate Stock for the construction of elementary school buildings and additions in the Boroughs of Manhattan, Brooklyn and Queens, and more particularly in regard to item contained in said request for an issue of \$425,000 Corporate Stock to provide means for the erection of a new school building on site at Twentieth and Twenty-first streets, between Eighth and Ninth avenues, Manhattan, and submitting all the facts contained in said report for the consideration of the Board and for such action in the premises as it may deem prudent.

(Attached to said report are communications from the District Superintendents and others urging action in regard to the erection of building on site at Twentieth and Twenty-first streets, etc.), together with resolution of the Board of Aldermen, requesting favorable consideration of the application of the Board of Education for an

issue of Corporate Stock for the erection of school building on the site at Twentieth and Twenty-first streets, between Eighth and Ninth avenues, Manhattan.

Which were referred to the Comptroller and to the President of the Board of Aldermen.

(On May 15, 1908, the request of the Board of Education for an issue of \$1,409,000 Corporate Stock, as above, was referred to the Comptroller.)

The President of the Borough of Manhattan presented a resolution relative to the free transportation over the Staten Island ferry, during the season of 1909, of such pupils of the public schools of Manhattan as desire to attend the Curtis Athletic Field in the Borough of Richmond, also opinion of the Corporation Counsel relative thereto.

Which were referred to Commissioners of the Sinking Fund.

The Comptroller presented communications, as follows:

From the President, Borough of The Bronx, requesting the establishment of the following grades of positions:

	Incumbents.	Per Annum.
Engineer of Highways.....	1	\$6,000 00
Engineer in charge of the Topographical Bureau.....	1	6,000 00
Engineer of Street Openings.....	1	5,000 00
Assistant Engineer	1	4,000 00

From the Chief, Mayor's Bureau of Weights and Measures, requesting the establishment of the grades of position of Sealer of Weights and Measures, at \$1,900 and \$1,700 per annum, for one incumbent, respectively, and of Inspector of Weights and Measures, at \$1,500 per annum, for two incumbents.

From the Commissioner of Docks and Ferries requesting the establishment of the grades of position of Inspector of Dock and Pier Construction, at \$1,800 and \$1,500 per annum.

From the Department of Health requesting the establishment of the grade of position of Laboratory Assistant, at \$1,050 per annum.

From the President of the Municipal Civil Service Commission requesting the establishment of the grades of positions of Stenographer and Typewriter, at \$1,350 per annum, for two incumbents, and of Assistant Chief Examiner, at \$3,500 per annum, for one additional incumbent.

Which were referred to the Select Committee, consisting of the Comptroller and the President, Board of Aldermen.

The Comptroller presented communications, etc., as follows:

From the President of the Borough of Manhattan requesting a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909 for this office.

From the Surrogates of New York County requesting that the title of the position of Record Bond Clerk in said office be changed to that of Recording Clerk.

From the Commissioner of Water Supply, Gas and Electricity requesting that the sum of \$35,000 be set aside from the water revenues received in the Borough of Brooklyn during the year 1909 for the following purposes:

\$10,000, to provide for the salaries of a corps of Engineers and Assistants, selected by the Corporation Counsel, for the purpose of collecting data and information for the defence of the City in damage suits brought by certain property owners on Long Island, who allege that water has been diverted from their property by reason of the operation of the pumping stations.

\$25,000, for the purchase of a suitable pump and equipment in connection with the above work.

From the Department of Health requesting an issue of \$13,200 Special Revenue Bonds (chapter 535, Laws of 1893) to provide means for the increased salaries of various employees in said Department, and for additional employees during the remainder of the year 1909.

Resolution of the Board of Aldermen requesting an issue of \$1,500 Special Revenue Bonds (subdivision 8, section 188 of the Charter) for the purpose of providing means for the special services of Interpreters and Stenographers and for the purpose of augmenting the Supplies and Contingencies account of the Court of Special Sessions, Second Division, for the year 1909.

From the Fire Commissioner requesting authority, pursuant to resolution adopted December 18, 1908, to award the contract for the construction and delivery of apparatus for the volunteer system of the Borough of Queens, at a total estimated cost of \$20,800.

From the Commissioner of Bridges requesting authority, pursuant to resolution adopted December 18, 1908, to proceed with the work incidental to the completion of the new Pelham Bridge, over Eastchester Bay, Borough of The Bronx, at a cost not to exceed \$60,000.

From the Commissioner of Bridges requesting authority, pursuant to resolution adopted December 18, 1908, to proceed with the work of building a bridge to replace the present Eastchester Bridge over the Hutchinson River, at Boston road, in the Borough of The Bronx, at a cost not to exceed \$200,000.

From the Snare & Triest Company presenting a claim for \$3,796.58 for extra work in connection with their contract for the construction of the steel and masonry approach to the Blackwells Island (Queensboro) Bridge, in the Borough of Manhattan.

Report of the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting an issue of \$10,000 Corporate Stock to provide means for the engineering work on the plans for the improvement of the land lying west of the tracks of the Hudson River Railroad Company, in Riverside Park, by filling in, etc.

(On May 28, 1909, a petition from the West End Association of the Borough of Manhattan, requesting the Board to appropriate a sufficient amount of money for the above purpose, was referred to the Commissioner of Parks, Boroughs of Manhattan and Richmond.)

From the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting an issue of \$100,000 Corporate Stock to provide means for finishing and equipping the uncompleted parts of the building occupied by the American Museum of Natural History, and transmitting communication from the President of the museum in support of said application.

From the President of the Borough of Richmond requesting authority to employ Mr. Carl F. Grieshaber, of the firm of Delano & Aldrich, No. 4 West Thirty-ninth

street, Manhattan, as the architect to design and supervise the construction of a refuse destructor, stable and cottage for the Clifton District Improvement.

From the President of the Borough of Richmond requesting authority to employ Mr. James Whitford, of Port Richmond, N. Y., as the architect to design and supervise the construction of an Engineer's and Fireman's cottage and office adjoining the West New Brighton refuse destructor.

Which were referred to the Comptroller.

The Comptroller presented a communication from the Secretary of the West Brooklyn Board of Trade transmitting resolutions adopted by said Board concerning the establishment of a hospital relief emergency station in the Thirtieth Ward of the Borough of Brooklyn.

Which was referred to Commissioner Public Charities.

The Comptroller presented the following communication advising the Board that, pursuant to the provisions of section 149 of the Charter, he has caused to be prepared a voucher in the sum of \$83,576.44 for payment to the Hon. George B. McClellan, certified by the Presiding Justice of the Appellate Division of the Supreme Court, First Department, and by the Corporation Counsel, to be the reasonable value of the services rendered to the Mayor, by his attorneys, in the matter of the contest of his office.

Which was ordered on file and printed in the minutes.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
June 14, 1909.

To the Board of Estimate and Apportionment:

GENTLEMEN—By virtue of the authority conferred upon me by section 149 of the Charter I have caused a voucher to be prepared for the payment to the Hon. George B. McClellan, Mayor, of the sum of \$83,576.44. This amount has been certified by the presiding Justice of the Appellate Division of the Supreme Court in the First Department and by the Corporation Counsel, in pursuance of section 241 of the Charter, to be the reasonable value of the services rendered to the Mayor, who was the prevailing party in the matter of the contest of his office, and the amount of the disbursements incurred by his attorneys in connection therewith.

Respectfully,

H. A. METZ, Comptroller.

The Secretary presented a communication from Nils Poulson, relative to his plan for the improvement of the Manhattan terminal of the Brooklyn Bridge.

Which was referred to the Chief Engineer of the Board.

The Comptroller presented a communication from the President, Borough of Brooklyn, suggesting that the Board continue its sessions during the summer or until such time as the Court of Appeals has rendered a decision in the matter of determining the relationship of the City's debt to the debt limit, upon which decision is contingent the question of approving contracts for the construction of subways, and recommending that a resolution be adopted directing the Corporation Counsel, immediately upon a decision being handed down by the Court of Appeals in the matter of the Levey injunction relative to the construction of the Fourth avenue subway, to move for the vacation of said injunction, and that the Chairman of the Board, upon the vacation of said injunction, call a special meeting of the Board of Estimate to consider the matter of awarding the contracts for the construction of the Fourth avenue subway.

Which was ordered on file.

The Comptroller presented the following communication from the Commissioner of Correction requesting, and report thereon recommending, a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the Department of Correction, involving a transfer of \$1,000, but no additional appropriation:

DEPARTMENT OF CORRECTION,
No. 148 EAST TWENTIETH STREET,
NEW YORK, June 5, 1909.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I would respectfully ask that the Honorable the Board of Estimate and Apportionment will allow the modifications of Salaries and Wages schedules transmitted herewith. Also the transfer of \$945 from appropriation No. 347, Central Office and Stables, Salaries and Wages, to appropriations as follows:

352. Workhouse, Blackwells Island, Salaries and Wages.....	\$380 00
353. Penitentiary, Blackwells Island, Salaries and Wages.....	510 00
344. Branch Workhouse, Harts Island, Salaries and Wages..	55 00
	<u>\$945 00</u>

Trusting that these requests will meet with the early approval of your Board, I am,

Very respectfully,

JOHN J. BARRY, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
June 17, 1909.

The Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In reference to a communication dated June 5, 1909, from the Commissioner of Correction, requesting modifications of sundry salary schedules supporting the appropriations made for the Department of Correction in the Budget for the year 1909, and for the transfer of \$945, made necessary by said modifications, I beg to report as follows:

The Commissioner, in conference with a representative of the Department of Finance, subsequent to the date of this request, asked that the same be modified in such a manner as will require a transfer of \$1,000, instead of \$945. The schedule changes asked for, as revised, are as follows:

Central Office Stables (No. 347)—Omit 1 Hostler, \$1,000 per annum.
Storehouse (No. 352)—Omit 2 Helpers, \$150 each per annum; omit 1 Hall Keeper, \$360 per annum; add 1 Keeper, \$800 per annum; add 1 Orderly, \$240 per annum. Net increase, \$380.
Penitentiary (No. 353)—Omit 1 Foreman Baker, \$1,040 per annum; omit 1 Helper, \$150 per annum; add 1 Keeper, \$800 per annum; add 1 Clerk, \$900 per annum. Net increase, \$510.

Branch Workhouse, Harts Island (No. 354)—Omit 3 Helpers, \$150 each per annum; omit 1 Orderly, \$240 per annum; omit 2 Keepers, \$1,200 each per annum; add 4 Keepers, \$800 each per annum. Net increase, \$110.

The Commissioner states that the force of Keepers at present in the service is not sufficient to meet the needs of the Department and should be increased; also, that an additional Clerk is required at the Penitentiary in order to properly keep the records of that institution. Provision for the additional positions, as specified, is

made through the elimination of certain positions no longer required, for which appropriations were made in the Budget for 1909.

In view of the facts as stated herein, I recommend that the request be approved as per resolutions attached hereto.

Yours respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following Budget schedules, as revised, for the Department of Correction, for the year 1909:

Administration.

Central Office Stables—

	<u>\$44,117 50</u>

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the sum of one thousand dollars (\$1,000) be and the same is hereby transferred from the appropriation made to the Department of Correction for the year 1909, entitled Administration, Central Office Stables, 347, Salaries and Wages, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the year 1909, entitled and as follows:

Administration of Institutions.

Workhouse—

352. Salaries and Wages..... \$380 00

Penitentiary—

353. Salaries and Wages..... 510 00

Branch Workhouse, Hart's Island—

354. Salaries and Wages..... 110 00

\$1,000 00

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the Commissioner of Public Charities, requesting, and report thereon, recommending a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the Department of Public Charities, involving no additional appropriation.

DEPARTMENT OF PUBLIC CHARITIES—CITY OF NEW YORK,
FOOT OF EAST TWENTY-SIXTH STREET,
June 9, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The following modification of salary schedules for 1909 is respectfully requested for the best interest of the Department. These changes affect only the title of the several positions; not the amount of money already allowed by the resolution of your Honorable Body adopted May 28, 1909:

No. 262. CITY HOSPITAL.

<i>Present Schedule.</i>		<i>Proposed Schedule.</i>	
Hospital Helpers, 3 at \$600.....	\$1,800 00	Hospital Helpers, 2 at \$600.....	\$1,200 00
Hospital Helpers, 10 at \$360.....	3,600 00	Hospital Helpers, 9 at \$360.....	3,240 00
Cooks, 2 at \$360.....	720 00	Cooks, 3 at \$360.....	1,080 00
	<u>\$6,120 00</u>	Stenographer and Typewriter.....	600 00
			<u>\$6,120 00</u>

No. 268. MUNICIPAL LODGING HOUSE.

<i>Present Schedule.</i>		<i>Proposed Schedule.</i>	
Elevator Men, 2 at \$300.....	\$600 00	Hospital Helpers, 2 at \$300.....	\$600 00

BOROUGH OF BROOKLYN AND QUEENS.

No. 281. CHILDREN'S BUREAU.

<i>Present Schedule.</i>		<i>Proposed Schedule.</i>	
Clerks, 2 at \$1,200.....	\$2,400 00	Clerk	\$1,200 00
Examiners of Charitable Institutions, 8 at \$1,200.....	9,600 00	Examiners of Charitable Institutions, 9 at \$1,200.....	10,800 00
	<u>\$12,000 00</u>		<u>\$12,000 00</u>

BOROUGH OF RICHMOND.

No. 298. FARM COLONY.

<i>Present Schedule.</i>		<i>Proposed Schedule.</i>	
Hospital Helpers, 3 at \$600.....	\$1,800 00	Hospital Helpers, 2 at \$600.....	\$1,200 00
	<u>\$1,800 00</u>	Trained Nurse.....	600 00
			<u>\$1,800 00</u>

Respectfully yours,

ROBT. W. HEBBERD.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
June 17, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In reference to a request made by the Commissioner of the Department of Public Charities under date of June 9, 1909, for a modification of certain salary schedules supporting appropriations made for the said Department in the Budget for the year 1909, I would report as follows:

The requested modifications, which affect four divisions of the Department of Public Charities, involve a decrease in the number of positions in certain classes of employees, and an increase in others, without increasing the yearly ratio of salary cost of any one of the divisions in which it is proposed to make changes. The Commissioner believes that the proposed modifications will give a better distribution of the Department's employees than is now provided for, and will result advantageously in carrying on the work of his Department.

In view of the facts as herein set forth, I recommend that the request of the Commissioner be approved, as per resolution attached hereto.

Yours respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following Budget schedules for the Department of Public Charities for the year 1909 as revised:

	Added.	Dropped.
Group 2—		
Unassigned balance	\$150 00	
Group 3—		
Clerk	480 00	
Clerk at \$540, increased to \$750	210 00	
Unassigned balance	150 00	
Group 4—		
Clerk		\$1,200 00
Bookkeeper	1,200 00	
Clerk		480 00
Stenographer	750 00	
Clerk	300 00	
Clerks, 2 at \$2,100 increased to \$2,400	600 00	
Unassigned balance		600 00
Group 6—		
Stenographer and Typewriter		900 00
Typewriting Copyist	900 00	
Group 7—		
Clerk		750 00
Clerks, 3 at \$480 increased to \$600 each	360 00	
Clerk	300 00	
Medical Inspector		1,200 00
Group 8—		
Clerk		480 00
Clerk	300 00	
Group 9—		
Medical Inspector		1,200 00
Medical Inspectors, 3, increased from \$1,200 to \$1,500	900 00	
Bacteriologist increased from \$1,200 to \$1,500	300 00	
Group 17—		
Internes, 3 at \$120	360 00	
Excess in "Laborers"		75 75
Unassigned balance	105 75	
Group 19—		
Hospital Physician	1,800 00	
"Hospital Clerks"	30 00	
Group 20—		
Internes, 2 at \$120	240 00	
	\$9,435 75	\$6,885 75

As allowance for an additional Hospital Physician at \$1,800 in Group 19, and a Stenographer and Typewriter in Group 4 at \$750 per annum, would increase the yearly rate of expenditures for salaries to the extent of \$2,550, these two items have been omitted in the revision of Salary schedules accompanying this report.

I recommend that the request of the Board of Health, as amended, for further revision of the schedules supporting the Budget for 1909, as revised on January 15, 1909, be approved, and that the necessary transfer of funds be made in order to make these changes effective.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following further changes and modifications in the Budget Schedules for the year 1909, as revised, for the Department of Health:

II. General Administration—Supporting Schedule to Nos. 360 and 368, Salaries.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the sum of three hundred and fifty dollars (\$350) be and the same is hereby transferred from the appropriation made to the Department of Health for the year 1909, entitled Hospitals, Riverside (No. 487), Salaries and Wages, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said department for the year 1909, entitled General Administration, Salaries and Wages (No. 361), Office of Chief Clerk, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the President, Borough of Brooklyn, requesting, and report thereon recommending, a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the office of the President of the Borough of Brooklyn, involving no additional appropriation:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, June 2, 1909.

Hon. HERMAN A. METZ, Comptroller, City of New York:

DEAR SIR—Application is hereby made for a modification of salary schedule No. 1381, Maintenance, Salaries and Wages, Bureau of Public Buildings and Offices, Office of the President of the Borough of Brooklyn, to read: Two Attendants at \$1,200 per annum, instead of One Attendant at \$1,200 per annum.

This modification can be made without any additional appropriation or transfer of money from any other fund.

Yours very truly,

BIRD S. COLER, President, Borough of Brooklyn.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
June 16, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The President of the Borough of Brooklyn makes application for the modification of Schedule No. 1381, Maintenance, Salaries and Wages, Bureau of Public Buildings and Offices, as follows:

Instead of one Attendant at \$1,200 per annum, two Attendants at \$1,200 per annum each.

The revision can be made without transfer or increase of appropriation, two Attendants at \$900 no longer appearing in the payrolls; one having died and one having resigned.

The revision is accordingly recommended in accordance with the resolution attached hereto.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following Budget schedule No. 1381, Maintenance, Salaries and Wages, Bureau of Public Buildings and Offices, Office of the Borough President of Brooklyn:

Which was adopted by the following vote

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the District Attorney, Kings County, requesting report thereon, recommending a further modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the office of the District Attorney of Kings County, involving no additional appropriation:

June 16, 1909.

Hon. HERMAN A. METZ, Comptroller, City of New York:

SIR—You are hereby requested to recommend to the Board of Estimate and Apportionment in the schedule supporting Budget No. 1628, Salaries, District Attorney, Kings County, that lines Clerk, \$2,000, and Clerk, \$1,800, be eliminated. Also that there be added in substitution thereof Clerk, \$1,200, and Stenographer and Clerk, \$1,500. Also in order to balance said schedule there be added a line as follows: unassigned balance, \$1,100.

Yours truly,

JOHN D. CLARKE, District Attorney, Kings County.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
June 17, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In reference to a request made by the District Attorney of Kings County, under date of June 16, 1909, for a modification of the salary schedule supporting the Budget appropriation for 1909, for that office, I would report as follows:

The proposed modification involves the elimination from the present salary schedule of two clerkships, with salaries of \$2,000 and \$1,800, respectively, which have become vacant by the appointment of the Clerk formerly receiving \$2,000 per annum, to one of the positions of Assistant District Attorney, created by a recent act of the Legislature, and the death of the Clerk receiving \$1,800. The District Attorney proposes to fill these vacancies by the appointment of two Clerks at salaries of \$1,500 and \$1,200, respectively, and requests that the salary schedule for his office be modified accordingly. I would recommend that the request be approved, as per resolution attached hereto.

Yours respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following Budget schedule, as revised, for the office of the District Attorney, Kings County, for the year 1909:

District Attorney, Kings County—

1628. Salaries:

District Attorney	\$10,000 00
Assistant District Attorney.....	7,000 00
Assistant District Attorneys, 2 at \$6,000.....	12,000 00
Assistant District Attorneys, 5 at \$5,000.....	25,000 00
Chief Clerk	5,000 00
Clerks, 2 at \$1,500.....	3,000 00
Clerk	1,400 00
Clerk	1,200 00
Stenographer and Private Secretary.....	2,000 00
Stenographers and Private Secretaries, 4 at \$1,500.....	6,000 00

Messenger	1,200 00
Doorkeeper	1,200 00
County Detectives, 12 at \$1,200.....	14,400 00
Telephone Operator	720 00
Balance unassigned.....	1,100 00
	<hr/> \$92,720 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communication from the Fire Commissioner requesting the establishment of the position of Veterinarian in the Fire Department, Boroughs of Manhattan, The Bronx and Richmond, with salary at the rate of \$2,500 per annum, for two incumbents, together with report of the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, recommending the establishment of said position, for one incumbent.

(On March 5, 1909, the request of the Fire Commissioner, for the above, was referred to said Select Committee.)

HEADQUARTERS, FIRE DEPARTMENT, CITY OF NEW YORK,
Nos. 157 and 159 East SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, March 1, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—There are at present two Chiefs of Battalion in the uniformed force, with salary each at the rate of \$3,300 per annum, who are skilled veterinarians, one of them being charged with the care and supervision of the horses of the Department in the Boroughs of Manhattan, The Bronx and Richmond, and the other with similar duties in the Boroughs of Brooklyn and Queens. Each of these officers, having served for more than twenty years, is eligible at any time, upon his own application, to retirement on half pay.

In order therefore that the Department may be prepared to meet the situation which would present itself upon the retirement of the two officers mentioned, I have the honor to request that, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment in this Department of the position of Veterinarian for two incumbents and the fixing of the salary of the position at the rate of \$2,500 per annum.

This course would result in a saving to the City in salary of \$1,600 per annum, and as the persons selected would be appointed from civil life they would not be eligible to receive a pension and the Relief Fund of the Department would be benefited accordingly.

Respectfully,

NICHOLAS J. HAYES, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
June 17, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Commissioner of the Fire Department, requesting the establishment of the position of Veterinarian in said Department, which was referred by your Board to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, for consideration, we beg to report as follows:

The general supervision of the horses used for Fire Department purposes is under the direction of two Chiefs of Battalion assigned to the Hospital and Training Stables of the Department, one for the Boroughs of Manhattan, The Bronx and Richmond, where 834 horses are in use; the other for the Boroughs of Brooklyn and Queens, with 697 horses. The officers assigned to this duty are experts in the care and treatment of horses, receive an annual salary of \$3,300, and have been in the service of the Department for upwards of twenty-three years.

Under the law, members of the uniformed force of the Fire Department can retire on half pay after twenty years' service. Anticipating the possible retirement of the Chiefs of Battalion now in charge of the Hospital and Training Stables, who have served upwards of twenty years, and having no one in the Department fully qualified to assume the duties of their position, the Fire Commissioner requests that the position of Veterinarian be established, for two incumbents, at a salary of \$2,500 per annum.

This request has since been modified by the Commissioner, who has verbally requested of the Comptroller that the position be established for one incumbent only for the Boroughs of Manhattan, The Bronx and Richmond, where the Chief of Battalion acting as Veterinarian has signified his intention to retire from service.

The Commissioner informs your committee that that new position, if established, will not be filled, except in the event of the retirement of the present Chief of Battalion acting as Veterinarian in the Boroughs of Manhattan, The Bronx and Richmond, and that the vacancy in the rank of Chief of Battalion caused by such retirement will not be filled, resulting in a reduction of \$800 per annum in the expenses of the Department, the difference between \$3,300, the salary of a Battalion Chief, and \$2,500, the salary to be paid to the Veterinarian.

In view of the facts as herein set out, your committee recommends that the modified request of the Fire Commissioner for the establishment of the position of Veterinarian in his Department for the Boroughs of Manhattan, The Bronx and Richmond, be approved, as per resolution attached hereto.

Respectfully submitted,

H. A. METZ, Comptroller;

P. F. McGOWAN, President, Board of Aldermen;
Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen, the establishment of the position of Veterinarian in the Fire Department, Boroughs of Manhattan, The Bronx and Richmond, with salary at the rate of twenty-five hundred dollars (\$2,500) per annum, for one (1) incumbent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following resolution of the Board of Aldermen requesting an issue of \$10,000 Special Revenue Bonds (subdivision 8, section 188 of the Charter) for the purpose of establishing a fund for repairing street pavements between the railroad tracks and within the area for which the railroad companies are responsible, in the Borough of Manhattan, together with report thereon, recommending the issue as requested.

(On June 4, 1909, the resolution of the Board of Aldermen, requesting this issue, was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), for the purpose of establishing a fund for repairing street pavements between the railroad tracks and within the area for which railway companies are responsible in the Borough of Manhattan.

Adopted by the Board of Aldermen, May 18, 1909, three-fourths of all the members voting in favor thereof, having been first advertised as required by law.

Received from his Honor the Mayor, June 1, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
NEW YORK, June 16, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The Board of Aldermen, by resolution adopted May 18, 1909, received from his Honor the Mayor, June 1, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it:

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000) for the purpose of establishing a fund for repairing street pavements between the railroad tracks and within the area for which railway companies are responsible in the Borough of Manhattan.

A resolution similar in character to this was passed by the Board of Aldermen during the year 1908, in which the Board of Estimate and Apportionment was requested to authorize an appropriation from the sale of Special Revenue Bonds in the sum of \$25,000.

Upon consideration and after report was duly made, on November 6, 1908, a resolution was passed by the said Board authorizing the sale of Corporate Stock in the sum of \$10,000. In this resolution, it was stated that the purpose was to replenish the appropriation made to the President of the Borough of Manhattan.

"Maintenance of asphalt pavements, including fire burns, 1908, said money to be used for repairs to asphalt pavements between street railway tracks under the jurisdiction of the President of the Borough of Manhattan and for the purpose of providing means therefor, the Comptroller be and he is hereby authorized, pursuant to the provisions of subdivision 8, section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of \$10,000, redeemable from the tax levy of the year succeeding the year of issue."

At the time request was made by the officials of the Borough of Manhattan for this appropriation, it was stated by them that numerous railway companies in said Borough of Manhattan, were delinquent in the matter of repairing and restoring pavements in and about their tracks for which the said companies were responsible.

Chief Engineer Tillson of the Borough of Manhattan informs this Department that during the year, repairs were made to pavements where the railroad company was responsible and had failed to make such repairs, notably in Second avenue, between Houston and Twenty-third streets; in Second avenue, between Twenty-eighth and Twenty-ninth streets, and in Twenty-eighth and Twenty-ninth streets, between Fifth and Eighth avenues, the cost of said work being charged against the fund provided for the purpose. He also states that while there was a balance left in this fund at the end of the year, the same became unavailable in consequence of the reading of the resolution, which provided the money for the year 1908.

The conditions now are the same as at that time. The principal railroads against which delinquency is charged, are the Twenty-eighth and Twenty-ninth street lines. The pavement in and about the tracks of these lines, upon examination, it is found that, in many places, have settled and become badly worn.

Repairs should be made at an early date; if left, the holes will rapidly extend and the work will be more costly if not attended to when the depressions first appear.

The railroad companies operating in The City of New York not only frequently delay, but sometimes utterly refuse to make repairs in and about their tracks for which

they are responsible, when notice is served upon them by the officials of the Bureau of Highways to do so. In such cases, it would be a great advantage to the City if men could be employed and repairs to the pavements proceeded with at once. To do this, it would be necessary that a fund such as the one suggested should be available against which the cost of the work could be charged.

It is reported to me that if such a fund were available and the officers of the said companies were aware of it, it would act as a spur or incentive to prompt action on their part in the matter of making repairs, as the cost of the work, in all likelihood will have to be met by them.

It is my opinion that the establishing or providing of funds for the purpose suggested is necessary if the streets in which the railroad tracks exist are to be kept in good order.

I therefore recommend that the Board of Estimate and Apportionment authorize me (Comptroller), pursuant to subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds to the amount of \$10,000 for the purpose of establishing a fund for repairing street pavements between the railroad tracks and within the area for which railway companies are responsible in the Borough of Manhattan.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted May 18, 1909, in relation to an appropriation of ten thousand dollars (\$10,000) for repairing street pavements between the railroad tracks and within the area for which railway companies are responsible, in the Borough of Manhattan, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to an amount not exceeding ten thousand dollars (\$10,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President, Board of Aldermen, moved that when the Board adjourns it adjourn to meet Friday, June 25, 1909, at 10.30 o'clock in the forenoon, which motion was adopted.

The Board adjourned to meet Friday, June 25, 1909, at 10.30 o'clock in the forenoon.

JOSEPH HAAG, Secretary.

POLICE DEPARTMENT.

June 10, 1909.

The following proceedings were this day directed by the Police Commissioner: Having investigated the financial condition of Sinia Hill and as a result of such investigation and from the evidence now before me being of the opinion that the said Sinia Hill does not need for her support the pension heretofore granted her;

Now, therefore, under authority vested in me by section 356 of the Greater New York Charter, it is,

Ordered, That the pension heretofore granted to Sinia Hill be and the same is hereby revoked as of the 31st day of May, 1909.

Having investigated the financial condition of Ellen Hoey and as a result of such investigation and from the evidence now before me being of the opinion that the said Ellen Hoey does not need for her support the pension heretofore granted her;

Now, therefore, under authority vested in me by section 356 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to Ellen Hoey on or about the 12th day of October, 1901, be and the same is hereby revoked as of the 31st day of May, 1909.

Having investigated the financial condition of Mary E. Snyder and as a result of such investigation and from the evidence now before me being of the opinion that the said Mary E. Snyder does not need for her support the pension heretofore granted her;

Now, therefore, under authority vested in me by section, 356 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to Mary E. Snyder on or about the 13th day of November, 1880, be and the same is hereby revoked as of the 31st day of May, 1909.

Having investigated the financial condition of Eliza Strong and as a result of such investigation and from the evidence now before me being of the opinion that the said Eliza Strong does not need for her support the pension heretofore granted her;

Now, therefore, under authority vested in me by Section 356 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to Eliza Strong on or about the 13th day of October, 1889, be and the same is hereby revoked as of the 31st day of May, 1909.

Having investigated the financial condition of Sophia M. Taylor and as a result of such investigation and from the evidence now before me being of the opinion that the said Sophia M. Taylor does not need for her support the pension heretofore granted her;

Now, therefore, under authority vested in me by section 356 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to Sophia M. Taylor on or about the 19th day of June, 1901, be and the same is hereby reduced to \$120 per annum as of the 31st day of May, 1909.

Having investigated the financial condition of Mary P. Wessman and as a result of such investigation and from the evidence now before me being of the opinion that the said Mary P. Wessman does not need for her support the pension heretofore granted her;

Now, therefore, under authority vested in me by section 356 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to Mary P. Wessman on or about the 2d day of August, 1905, be and the same is hereby revoked as of the 31st day of May, 1909.

Granted.

Increase of pension to Eva D. Hopper, widow of Henry Harper, of \$120 per annum, making a total pension of \$240 per annum.

Permission to John A. Coleman, Patrolman, Fifteenth Inspection District, to receive reward of \$20 from U. S. Navy for arrest of deserter. With usual deduction.

Permission to William Winkelmann, Patrolman, One Hundred and Forty-seventh Precinct, to receive reward of \$50 from U. S. Army, for arrest of deserter. With usual deduction.

Disapproved.

Applications of the following for appointment of Special Patrolmen: Plaza Moving Pictures, Nos. 166 and 168 Park place, Brooklyn, for John J. Donlon and Sarah J. Quinn, No. 38 Irving place, Brooklyn, for Paul Schneider.

On File, Send Copy.

Communication from Municipal Civil Service Commission, stating that the State Civil Service Commission at meeting held May 27, 1909, authorized the continued employment of Otto B. Arland, Expert in temporary charge of the Bureau of Electrical Service, and Nathaniel J. Whitehead, as Advisory Expert in the purchase of supplies for the use of the Police Department for a period of three

months each, from May 13, 1909, and May 11, 1909, respectively. Copy to the Bookkeeper.

Reports of Lieutenant in command of Boiler Squad, dated June 8 and 9, 1909, relative to Engineers' licenses granted. For publication in the CITY RECORD.

Special Order No. 160, relative to opening of new Queensborough Bridge, was this day promulgated by the Police Commissioner.

Special Orders Nos. 161 and 162, issued this day, are hereby made part of the proceedings of the Police Commissioner.

Special Order No. 160.

The following is transmitted for the information and guidance of commanding officers concerned:

On Saturday, June 12, 1909, a parade in celebration of the opening of Queensboro Bridge will form at Fifth avenue and Thirty-fourth street, Manhattan.

The line of March will be as follows: Fifth avenue to Fifty-eighth street, to Second avenue, to and across Queensboro Bridge and Plaza to Jackson avenue, to Fifth street, Long Island City. The parade is scheduled to start at 12.30 p. m.

An industrial section consisting of about sixty ornamental floats and trucks will form at 11.30 a. m., on Second avenue, facing south, right resting on Tenth street, Manhattan, and will at 12.30 p. m. move through Tenth street, to Fourth avenue, to Twenty-fifth street, to Madison avenue, to Thirty-sixth street, to Fifth avenue.

All organizations participating in the above parade have permission to march to and from their respective meeting places

Friday, June 11, 1909.

Commanding officers of precincts furnishing men for special duty, as designated in this order, will see that the platoons in their respective precincts work according to the foregoing chart. The men will be so instructed not later than 2 p. m., Friday, June 11. Attention is called to the fact that only one platoon will be on patrol from 2 a. m. to 8 a. m., June 12, and one platoon on patrol from 8 p. m., June 12, to 2 a. m., June 13, and one platoon on patrol from 2 a. m. to 8 a. m., June 13. During these tours precincts will be covered by day posts. Night sticks will not be carried while on special duty as indicated in this order. The first, third and fifth platoons will be used for special duty. This arrangement will prevail as indicated, regular patrol and reserve being resumed at 8 a. m. June 13, 1909.

Commanding officers will examine the foregoing chart carefully, and, if not thoroughly understood, will communicate with office of Chief Inspector for instructions.

Police signal stations (with direct wire to headquarters) will be located as follows:

Fifty-seventh street and Fifth avenue, during parade.

Queens end of Queensboro Bridge, from 8 a. m. June 12, to midnight, June 19.

Ambulance stations will be located as follows:

Forty-fifth street and Fifth avenue.

Fifty-seventh street and Fifth avenue.

Queens end of Queensboro Bridge.

Patrol wagons, in charge of Police Surgeons, will be located as follows:

Twenty-second Precinct wagon, Fifth avenue and Thirty-eighth street, at 11.30 a. m.

Twenty-fifth and Thirty-first Precinct wagons, Second avenue and Sixtieth street, at 11.30 a. m. to 6 p. m.

Nineteenth Precinct wagon, Second avenue and Sixtieth street, at 6 p. m. to 12 midnight.

One Hundred and Sixty-first Precinct wagon, Queens end of Queensboro Bridge, at 11.30 a. m. to 6 p. m.

One Hundred and Sixty-third Precinct wagon, Queens end of Queensboro Bridge, at reviewing stand, at 6 p. m. to 12 midnight.

Two Hundred and Seventy-fifth Precinct wagon, at station house, at 11.30 a. m. to 12 midnight.

The Chief Surgeon will make arrangements for ambulances and will assign Surgeons for duty on the patrol wagons designated above.

Commanding officers will see that patrol wagons are properly equipped, including stretchers.

During the absence of the above designated patrol wagons, calls for same will be answered as follows:

Eighteenth Precinct for Twenty-second Precinct, Twenty-first Precinct for Twenty-fifth Precinct, Twenty-third Precinct for Nineteenth Precinct, Thirty-fifth Precinct for Thirty-first Precinct, One Hundred and Sixty-second Precinct for One Hundred and Sixty-first Precinct, One Hundred and Sixty-fourth Precinct for One Hundred and Sixty-third Precinct.

Commanding officers of commands named below will be assigned to duty as follows, and will take command at time specified:

Third Inspection District, at 11.30 a. m., formation, side streets, east and west of Fifth avenue, from Thirty-fourth street to Forty-first street, and line of march from south side Thirty-fourth street to south side Forty-second street.

Fourth Inspection District, at 12 noon, line of march, Fifth avenue, from south side Forty-second street to north side Fifty-seventh street.

Total, 4 Lieutenants, 8 Sergeants, 100 Patrolmen.

The following mounted details will report to commanding officer at time and place designated:

Tenth street and Second avenue, Manhattan, 11.30 a. m.—Fourteenth Inspection District, 1 Sergeant, 5 Patrolmen, duty at formation; 1 Lieutenant, 4 Patrolmen, duty as escort.

Thirty-sixth street and Fifth avenue, Manhattan, 12 noon—Fourteenth Inspection District, 1 Lieutenant, 2 Sergeants, 10 Patrolmen, duty as escort; 1 Sergeant, 4 Patrolmen, duty as rear guard; 1 Lieutenant, 2 Sergeants, 20 Patrolmen, duty at formation.

Station-house, Bridge Precinct D, for duty in vicinity of bridge approach—Fourteenth Inspection District, 2 Sergeants, 10 Patrolmen, duty on tour, 12.30 p. m. to 5 p. m.; 2 Sergeants, 10 Patrolmen, duty on tour, 5 p. m. to 11 p. m.

Jackson avenue and Bridge Plaza, Queens—Fourteenth Inspection District, 2 Sergeants, 25 Patrolmen, duty on tour, 1 p. m. to 6 p. m.; Two Hundred and Seventy-seventh Precinct, 1 Sergeant, 10 Patrolmen, duty on tour, 6 p. m. to 12 midnight; Two Hundred and Seventy-eighth Precinct, 1 Sergeant, duty on tour, 6 p. m. to 12 midnight; Two Hundred and Eighty-fifth Precinct, 5 Patrolmen, duty on tour, 6 p. m. to 12 midnight.

Long Island City Ferry, foot of Borden avenue, Queens—Fourteenth Inspection District, 1 Lieutenant, 3 Sergeants, 20 Patrolmen, from Traffic Precinct D, duty on tour, 2 p. m. to 6 p. m.

Commanding officer, Third Inspection District, send the mounted detail of 1 Lieutenant, 2 Sergeants, 20 Patrolmen, as soon as their services can be dispensed with at formation, to Thirty-second Street Stable, to remain in reserve.

Commanding officer, Bureau of Electrical Service, will send 1 Patrolman as operator to signal stations, as follows:

Fifty-seventh street and Fifth avenue, from 10 a. m. until parade is over; Queens end of Queensboro Bridge, from 8 a. m., June 12 to 12 midnight, June 19, on tours, 8 a. m. to 4 p. m., and 4 p. m. to 12 midnight.

Commanding officer, Harbor Precinct, will cause 1 police launch to patrol the Manhattan water front, between Fifty-fourth and Sixty-fourth streets, and 1 police launch to patrol the Long Island City water front, between Nott avenue and Noble street, from 12 noon to 12 midnight, June 12. Crews may be changed during this time, if necessary.

At 11 a. m. the commanding officer, Harbor Precinct, will proceed with Steamer Patrol to a convenient point on the southern end of Blackwells Island, and put himself in telephonic communication with the Bureau of Electrical Service, and remain there until midnight.

Commanding officer Fourteenth Inspection District, send from Traffic Precincts at time stated, to each of the following points, to assist commanding officers in the regulation of traffic during passage of parade:

Fourth avenue and Tenth street, 1 Sergeant, 5 Patrolmen, at 11.30 a. m.; Fourth avenue and Fourteenth street, 1 Sergeant, 5 Patrolmen, at 11.30 a. m.; Fourth avenue and Twenty-third street, 1 Sergeant, 5 Patrolmen, at 11.30 a. m.; Fifth avenue and Thirty-fourth street, 1 Lieutenant, 10 Patrolmen, at 11.30 a. m.; Fifth avenue and Forty-second street, 1 Lieutenant, 15 Patrolmen, at 11.30 a. m.; Madison avenue and Fifty-eighth street, 1 Sergeant, 5 Patrolmen, at 12.30 p. m.; Lexington avenue and Fifty-eighth street, 1 Sergeant, 5 Patrolmen, at 12.30 p. m.; Third avenue and Fifty-eighth street, 1 Sergeant, 5 Patrolmen, at 12.30 p. m.; Second avenue and Fifty-eighth street, 1 Sergeant, 5 Patrolmen, at 12.30 p. m.

Commanding officer Fourteenth Inspection District, send 1 Lieutenant, 1 Sergeant and 15 Patrolmen at 10 a. m. to Thirty-fourth Street Ferry, to take charge of and escort school children from ferry to Public School 49, No. 239 East Thirty-seventh street, and then to place of formation, on East Thirty-eighth street at Fifth avenue.

Commanding officers of the following precincts will send 2 Bicycle Patrolmen, at time stated, to commanding officer at place designated, duty as messengers:

Twenty-eighth Precinct, Tenth street and Second avenue, at 11.30 a. m.; Thirty-second Precinct, Twentieth street and Fourth avenue, at 12 noon; Thirty-second Precinct, Thirty-sixth street and Fifth avenue, at 11.30 a. m.; Thirty-sixth Precinct, Fiftieth street and Fifth avenue, at 12 noon; Thirty-sixth Precinct, Fifty-eighth street and Lexington avenue, at 12.30 p. m.; Two Hundred and Seventy-fifth Precinct, Jackson avenue and Plaza, Borough of Queens, at 11.30 a. m.; Two Hundred and Seventy-sixth Precinct, Jackson avenue and Plaza, Borough of Queens, at 11.30 a. m.

Commanding officer Fourteenth Inspection District, send 1 Sergeant and 6 Patrolmen, of bicycle detail, with wheels, on tour 8 a. m. to 4 p. m., also 4 p. m. to 12 midnight, to commanding officer of Bridge Precinct D, duty on bridge.

Commanding officer First Inspection District will, after parade has passed and regular traffic has been resumed, excuse the details assigned to him until 3 p. m., at which time he will, with 2 Lieutenants, 2 Sergeants and 25 Patrolmen of these details, take charge at ferry, foot of East Thirty-fourth street, Manhattan. The balance will be directed to report at Twenty-fifth Precinct Station House for reserve duty, except the mounted detail, which will be directed to report to Thirty-second Street Stable for reserve duty.

Commanding officers Second, Third, Fourth and Sixth Inspection Districts will, after parade has passed and regular traffic has been resumed, excuse the details assigned to them, directing the Lieutenants, Sergeants and Patrolmen to report at Station House of Bridge Precinct D at 6 p. m.

Good judgment must be used in permitting persons and vehicles to pass through the police lines and across the line of march during the passage of the parade, but at no time will any person be permitted to stand within the police lines except those holding police line passes issued by the Police Commissioner.

Any unusual occurrence along the line of march or during evening celebration will be reported immediately to Bureau of Electrical Service, Manhattan.

Commanding officers of Inspection Districts will use their own judgment in excusing members of the Force for meals.

There will be no drills on this day.

Commanding officers will, before dismissing any details, communicate with office of Chief Inspector for orders.

Commanding officers will give especial attention to movements of United States mail wagons, and instruct members of the Department under their command to facilitate the movements of the same at all times.

The following streets will be used by United States mail wagons in crossing the line of parade, and will not be allowed to become congested for one block on either side of line of parade:

Twelfth street, Twenty-eighth street, Eighteenth street, Forty-second street.

All streets known as regular fire runs or ambulance streets will not be allowed to become congested for one block on either side of line of parade.

After the passage of the military division of the parade, street cars will be kept moving by permitting them to pass whenever there is a break in the line, or by holding up the parade when necessary for the passage of said cars.

Special Order No. 161.

The following transfers are hereby ordered, to take effect 8 a. m., June 13, 1909: Patrolmen August Meyer, from Bridge Precinct C to One Hundred and Fifty-second Precinct; Jacob Strubel, from Twenty-ninth Precinct to Sixty-fifth Precinct; Edward J. Shine, from Twenty-second Precinct to Sixty-fifth Precinct; Louis F. Nesbitt, from 6 a. m., June 25, 1909, to 12.01 a. m., July 6, 1909; Patrick J. Murray, to assume charge of Twenty-third Surgical District in addition to his own district during absence of Surgeon Walter B. Brouner, from 12 noon, June 12, 1909, to 12 midnight, June 13, 1909.

Lieutenant James E. Fitzpatrick, Fifteenth Precinct, assigned to command precinct during absence of Acting Captain Frank J. Morris for three days, from 12 noon, June 11, 1909.

Patrolmen—David Spiro, Ninth Precinct, assigned to Central Office Squad, duty in Fourth Deputy Commissioner's office for three days, from 8 p. m., June 10, 1909; Walter Lerocker, Thirty-ninth Precinct, assigned to Detective Bureau, Manhattan, for ten days, from 8 a. m., June 11, 1909; Leo Gisselbracht, Thirty-ninth Precinct, assigned to District Attorney's office, New York County, for three days, from 5 p. m., June 10, 1909.

The following extensions of temporary assignments are hereby ordered:

Patrolmen—John P. Harron, One Hundred and Fifty-fifth Precinct, to Ninth Inspection District, duty in plain clothes, for ten days, from 12 noon, June 15, 1909; Joseph F. Farrell, One Hundred and Fifty-eighth Precinct, to Ninth Inspection District, duty in plain clothes, for ten days, from 12 noon, June 13, 1909; Myles McDonnell and William Connell, Twenty-fifth Precinct, to Third Inspection District, duty in plain clothes for ten days, from 8 p. m., June 13, 1909.

The following members of the Force are excused for eighteen hours, as indicated:

Inspector John D. Herlihy, First Inspection District, from 8 a. m., June 16, 1909.

Surgeon John H. Nesbitt, Fifth Surgical District, from 6 a. m., June 25, 1909.

Captains—Patrick J. Cray, Twenty-fifth Precinct, from 12 noon, June 13, 1909, with permission to leave city; Sylvester D. Baldwin, Fourteenth Precinct, from 2 p. m., June 16, 1909, with permission to leave city; William H. Shaw, Thirty-second Precinct, from 4 p. m., June 15, 1909; John Wiegand, Central Office Squad, from 4 p. m., June 13, 1909, with permission to leave city; Cornelius G. Hayes, Nineteenth Precinct, from 10 a. m., June 16, 1909; Michael Devaney, One Hundred and Seventieth Precinct, from 3 p. m., June 11, 1909; William F. Fennelly, One Hundred and Forty-ninth Precinct, from 9 a. m., June 15, 1909.

Acting Captain Philip Grosbeck, Traffic Precinct D, from 12.01 p. m., June 12, 1909, with permission to leave city.

The following leaves of absence are hereby granted with full pay:

Surgeons John H. Nesbitt, Fifth Surgical District, for ten days, from 12.01 a. m., June 26, 1909, to be deducted from vacation; Walter B. Brouner, Twenty-third Surgical District, for one-half day, from 12 noon, June 12, 1909, to be deducted from vacation.

Captain John Dulfer, One Hundred and Sixty-seventh Precinct, for three days, from 12.01 a. m., June 22, 1909, to be deducted from vacation.

Acting Captain Frank J. Morris, Fifteenth Precinct, for three days, from 12 noon, June 11, 1909, with permission to leave city, to be deducted from vacation.

Lieutenant John H. Boyle, Thirtieth Inspection District, for two days, from 8 a. m., June 11, 1909.

Patrolman William Schneider, Twenty-second Precinct, for three days, from 12.01 a. m., June 10, 1909.

The following leave of absence is hereby granted without pay:

Patrolman Thomas J. Cavanagh, One Hundred and Fifty-fourth Precinct, for one day, from 12.01 a. m., June 10, 1909.

Permission granted to leave city:

Sergeant John A. Darrow, Two Hundred and Seventy-fourth Precinct, for sixty days, while on sick leave.

Patrolman Henry J. Dwyer, Second Precinct, for fourteen days, while on sick leave.

The following application for full pay is hereby granted:

Motorcycle Patrolman Foster L. Zeh, Seventh Inspection District, from 12 noon, May 26, 1909, to 12 noon, June 2, 1909.

Employed as Cleaner:

Eugenio Tripi, having been employed as Cleaner, is assigned to Seventh Precinct from June 10, 1909.

The following member of the Force, having been tried on a charge before a Deputy Commissioner, he is hereby dismissed from the Police Force of The City of New York, to take effect 3.30 p. m., June 10, 1909:

Patrolman George A. Mencke, Twenty-eighth Precinct. Charge: Conduct unbecoming an officer.

The following amendments are hereby ordered:

Special Order 153, current series, paragraph 6, to read Captain James J. Shevlin, One Hundred and Fifty-fourth Precinct, five days' vacation, from 12 noon, June 21, 1909, instead of June 19, 1909, and assignment of Lieutenant in Command amended accordingly.

Special Order 154, current series, paragraph 5, to read Captain James J. Shevlin, One Hundred and Fifty-fourth Precinct, excused for eighteen hours, from 6 p. m., June 20, 1909, instead of June 18, 1909.

The following Special Patrolmen are hereby appointed:

To take Effect June 10, 1909—William G. Wilkes, for Luna Park Company, Coney Island.

To take Effect June 11, 1909—Frank J. Porcupine, for the Commercial Safe Deposit Company, Broadway and Forty-first street, Manhattan; Frederick C. Maher, for Brooklyn Rapid Transit Company, Brooklyn; William O'Brien, for the Fort George Amusement Company, One Hundred and Ninety-fourth street and Amsterdam avenue, Manhattan.

The resignations of the following Special Patrolmen are hereby accepted:

F. Phillips and W. H. Genet, employed by Hecker-Jones-Jewell Milling Company, Water and Corlears streets, Manhattan; Nicholas Goldman, employed by Mollenhauer Sugar Refining Company, Kent avenue, Brooklyn; J. Arthur Lehman, employed by Cadillac Hotel Company, Broadway and Forty-third street, Manhattan; James A. Smith, employed by Thomas J. Smith, No. 99 Chambers street, Manhattan; James H. Leaverty, employed by Blaney's Theatre, Bedford avenue and South Tenth street, Brooklyn.

THEO. A. BINGHAM, Police Commissioner.

FRED H. JOHNSON, Assistant Secretary.

PUBLIC HEARING.

City of New York,
Office of the Mayor,
June 25, 1909.

Acting as Mayor of The City of New York, I will hold a public hearing on proposed ordinance No. 2478, passed by the Board of Aldermen, entitled "An Ordinance to Regulate Taxicabs, etc.," on Monday, June 28, 1909, at 10 a. m., in the City Hall.

GEORGE B. McCLELLAN,
Mayor.

CHANGES IN DEPARTMENTS, ETC.

DEPARTMENT OF BRIDGES.

June 23—Death, by drowning, of Jeremiah Donovan, late of No. 657 Franklin avenue, Brooklyn, Painter, occurred on June 22, 1909, at 2 p. m.

Alexius Ferrari, Princess Bay, Richmond, is appointed as Bridge Tender at a compensation of \$600 per annum, to date from July 1, 1909, and assigned to Mr. C. I. Crocker, Assistant Engineer, No. 179 Washington street, Brooklyn.

June 24—Pursuant to certificate of the Municipal Civil Service Commission,

dated June 14, 1909, the following are appointed as Bridge Painters at a compensation of \$4 per day:

Aanon Thorsen, No. 17 Third place, Brooklyn.

DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION, No. 148 EAST TWENTIETH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Correction at the above office until 11 o'clock a. m. on

THURSDAY, JULY 8, 1909.

Borough of Manhattan.

No. 1. FOR FURNISHING AND DELIVERING HARDWARE, PAINTS, IRON, STEAM FITTINGS, LUMBER AND MISCELLANEOUS ARTICLES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before ten days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the totals and awards made to the lowest bidder on each item. The bids on lumber will be compared and the contract awarded at a lump or aggregate sum.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Correction, the Borough of Manhattan, No. 148 East Twentieth street.

JOHN J. BARRY, Commissioner.

The amount of security required is Twenty Thousand Dollars (\$20,000).

The bids will be compared and the contract awarded at a lump or aggregate sum.

Delivery will be required to be made at the police stations or other points, as directed, in the City, at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and samples may be seen at the office of the Board of Elections of The City of New York, Borough of Manhattan, No. 107 West Forty-first street.

JOHN T. DOOLING,
CHARLES B. PAGE,
JAMES KANE,
RUDOLPH C. FULLER,
Commissioners of Elections of The City of New York.

MICHAEL T. DALY, Chief Clerk.

Dated June 16, 1909. j25,jy7

See General Instructions to Bidders on the last page, last column, of the "City Record."

BOROUGH OF RICHMOND.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, RICHMOND BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, NEW YORK, JUNE 24, 1909.

NOTICE IS HEREBY GIVEN, IN ACCORDANCE with section 432 of the Greater New York Charter, that a petition signed by residents of the Staten Island District for Local Improvements, to acquire title and open Southfield boulevard, as extension of present Southfield boulevard, to Arthur Kill, and to widen Bentley street, has been presented to me and is on file in this office for inspection, and that a meeting of the Local Board will be held in Richmond Borough Hall, at St. George, Borough of Richmond, on the 12th day of July, 1909, at 10.30 o'clock in the forenoon, at which meeting said petition will be submitted to said Board.

GEORGE CROMWELL, President.

MAYBURY FLEMING, Secretary.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, RICHMOND BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Richmond, at the above office, until 12 o'clock noon on

TUESDAY, JULY 13, 1909,
Borough of Richmond.

FOR FURNISHING AND DELIVERING ONE HUNDRED AND TWENTY (120) TONS OF COAL.

The time for the completion of the work and the full performance of the contract is until December 1, 1909.

The amount of security required is Five Hundred Dollars (\$500).

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, can be obtained upon application therefor at the office of the said President. The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, New Brighton, Borough of Richmond.

GEORGE CROMWELL, President.

The City of New York, June 23, 1909.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Richmond, at the above office until 12 o'clock m. on

TUESDAY, JULY 6, 1909,
Borough of Richmond.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A COMBINED SEWER AND APPURTENANCES IN NEW YORK AVENUE, FROM FINGERBOARD ROAD TO WADSWORTH AVENUE, IN SEWERAGE DISTRICT 6-B, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

1,134 linear feet of reinforced concrete sewer of 2 feet 2 inches by 3 feet 3 inches interior diameter, all complete, as per section on plan of the work.

5 reinforced concrete receiving basins with one and one-quarter (1 1/4) inch galvanized wrought iron bars and iron traps, all complete, as shown on plans on file in the office of the Commissioner of Public Works, and connected with the sewer.

4 manholes, complete, as per section on plan of the work.

1 drop manhole, complete, as per section on plan of the work.

1,000 feet (B. M.) of foundation timber and planking, in place and secured.

5,000 feet (B. M.) of sheet piling, retained.

10 cubic yards of concrete, in place.

2 cubic yards of brick masonry.

10 cubic yards of additional excavation.

10 cubic yards of additional filling.

200 square feet of additional reinforcing metal, equal and similar to Nos. 4 and 10 expanded metal, furnished and placed.

200 pounds of additional deformed reinforcing metal, equal and similar to corrugated steel rods, furnished and placed.

80 linear feet of new 5-inch by 16-inch curb, furnished and set in concrete.

17 square yards of bituminous concrete pavement, including concrete foundation, outside of trench line, to be taken up.

30 linear feet of house sewers (not intercepted), extended and connected.

250 square yards of macadam pavement, outside of trench line, to be taken up.

20 linear feet of additional fifteen (15) inch vitrified culvert pipe, furnished and laid.

20 linear feet of additional twelve (12) inch vitrified culvert pipe, furnished and laid.

The time for the completion of the work and the full performance of the contract is seventy (70) days.

The amount of security required is Four Thousand Dollars (\$4,000).

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A TEMPORARY SANITARY SEWER AND APPURTENANCES IN RICHMOND TURNPIKE, FROM A POINT ABOUT 680 FEET NORTHERLY FROM EDDY STREET TO AND THROUGH EDDY STREET TO BERTHA PLACE, AND THROUGH BERTHA PLACE TO A POINT ABOUT 680 FEET IN A SOUTHERLY DIRECTION, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

691 linear feet of salt-glazed vitrified pipe sewer of eight (8) inches interior diameter, all complete, as per section on plan of the work.

975 linear feet of salt-glazed vitrified pipe sewer of six (6) inches interior diameter, all complete, as per section on plan of the work.

7 manholes, complete, as per section on plan of the work.

1 flush tank, with No. 5 Van Vranken siphon, set complete, as per section on plan of the work.

1,000 (B. M.) feet of foundation timber and planking, in place and secured.

2,000 (B. M.) feet of sheet piling, retained.

1 cubic yard of concrete, in place.

1 cubic yard of brick masonry.

10 cubic yards of additional excavation.

10 cubic yards of additional filling.

The time for the completion of the work and the full performance of the contract is forty-five (45) days.

The amount of security required is Fifteen Hundred Dollars (\$1,500).

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A COMBINED SEWER AND APPURTENANCES IN UNNAMED STREET (EXTENSION OF STUYVESANT PLACE) AND STUYVESANT PLACE, FROM ARRIETA STREET TO A POINT ABOUT 685 FEET NORTH OF WEINER PLACE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

755 linear feet of salt-glazed vitrified pipe sewer of fifteen (15) inches interior diameter, all complete, as per section on plan of the work.

640 linear feet of salt-glazed vitrified pipe sewer of twelve (12) inches interior diameter, all complete, as per section on plan of the work.

40 linear feet of salt-glazed vitrified pipe sewer of ten (10) inches interior diameter, all complete, as per section on plan of the work.

4 reinforced concrete receiving basins, with one and one-quarter inch galvanized wrought iron bars and iron traps, all complete, as shown on plans on file in the office of the Commissioner of Public Works, and connected with the sewer.

7 manholes, complete, as per section on plan of the work.

1,000 (B. M.) feet of foundation timber and planking, in place and secured.

2,000 (B. M.) feet of sheet piling, retained.

5 cubic yards of concrete, in place.

1 cubic yard of brick masonry.

200 cubic yards of additional excavation.

5 cubic yards of additional filling.

100 square feet of additional reinforcing metal, equal and similar to No. 10 expanded metal, furnished and in place.

50 linear feet of house sewers (not intercepted), extended and connected.

73 linear feet of reinforced concrete flume, from Central avenue to basin at junction of Central avenue, and unnamed street (extension of Stuyvesant place).

The time for the completion of the work and the full performance of the contract is forty-five (45) days.

The amount of security required is Twenty-three Hundred Dollars (\$2,300).

No. 4. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A COMBINED SEWER AND APPURTENANCES IN NEW YORK AVENUE, FROM ST. JOHN'S AVENUE TO PENNSYLVANIA AVENUE, AND IN MARYLAND AVENUE, FROM NEW YORK AVENUE TO THE STATEN ISLAND RAPID TRANSIT RAILWAY TRACKS, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

132 linear feet of reinforced concrete sewer of 1-foot 8-inch by 2-foot 6-inch interior diameter, all complete, as per section on plan of the work.

273 linear feet of salt-glazed vitrified pipe sewer of twenty (20) inches interior diameter, all complete, as per section on plan of the work.

742 linear feet of salt-glazed vitrified pipe sewer of fifteen (15) inches interior diameter, all complete, as per section on plan of the work.

262 linear feet of salt-glazed vitrified pipe sewer of twelve (12) inches interior diameter, all complete, as per section on plan of the work.

135 linear feet of salt-glazed vitrified pipe sewer of eight (8) inches interior diameter, all complete, as per section on plan of the work.

6 reinforced concrete receiving basins, with one and one-quarter inch (1 1/4) galvanized wrought-iron bars and iron traps, all complete, as shown on plans on file in the office of the Commissioner of Public Works, and connected with the sewer.

11 manholes, complete, as per section on plan of the work.

1,000 feet (B. M.) of foundation timber and planking, in place and secured.

3,000 feet (B. M.) of sheet piling, retained.

4 cubic yards of concrete, in place.

5 cubic yards of brick masonry.

15 cubic yards of additional excavation.

5 cubic yards of additional filling.

200 square feet of additional reinforcing metal, equal and similar to No. 10 expanded metal, furnished and placed.

200 pounds of additional deformed reinforcing metal, equal and similar to corrugated steel rods, furnished and placed.

50 linear feet of new five-inch by sixteen-inch (5" by 16") curb, furnished and set in concrete.

365 square yards of asphalt block pavement, including concrete foundation outside of trench line, to be taken up.

100 linear feet of house sewers (not intercepted), extended and connected.

1 additional cast iron hood for basin trap, as shown on the plan of receiving basins, furnished and set.

1 additional cast iron basin cover, as shown on the plans of receiving basins, furnished and placed.

30 square feet of 3-inch bluestone flagstone for additional basin head, furnished and set, and provided with opening for basin cover.

20 linear feet of additional twelve (12) inch vitrified culvert pipe, furnished and laid.

The time for the completion of the work and the full performance of the contract is seventy (70) days.

The amount of security required is Four Thousand Dollars (\$4,000).

No. 5. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND GRADING THE ROADWAY OF HATFIELD PLACE, FROM RICHMOND AVENUE TO NICHOLAS AVENUE, IN THE THIRD WARD OF THE BOROUGH OF RICHMOND, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

1,800 cubic yards of excavation.

2,800 cubic yards of filling to be furnished (exclusive of that secured from excavation).

5 cubic yards of concrete (1-3-6) for curb foundation.

110 linear feet of twelve (12) inch culvert pipe, furnished and laid on concrete, including excavation.

90 square yards of Belgian block gutter, three (3) feet wide, furnished and laid.

230 square feet of new bridgestone, furnished and laid.

40 linear feet of new sixteen (16) inch curbstone, furnished and set.

60 linear feet of old curbstone, rejoined and reset.

200 square feet of old flagstone, retrimmed and relaid.

10 cubic yards of reinforced concrete for culverts and basins.

15 cubic yards of concrete (1-2-5), for culverts and basins.

400 linear feet of reinforced concrete culvert under sidewalk.

70 linear feet of reinforced concrete culvert under roadway.

6 manhole covers and frames.

The time for the completion of the work and the full performance of the contract is forty (40) days.

The amount of security required is Three Thousand Dollars (\$3,000).

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said President. The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, New Brighton, Borough of Richmond.

GEORGE CROMWELL, President.

TWENTY-NINTH WARD, SECTION 16. EAST TWENTY-NINTH STREET—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, between Clarendon road and Avenue D. Area of assessment: Both sides of East Twenty-ninth street, from Clarendon road to Avenue D, and to the extent of half the block at the intersecting streets.

GREENWOOD AVENUE—SEWER, north side, between Coney Island avenue and East Second street. Area of assessment: North side of Greenwood avenue, between Gravesend avenue and Prospect avenue; both sides of Greenwood avenue, between Prospect avenue and Coney Island avenue; both sides of Reeve place, Vanderbilt street, Seelye street and south side of Eleventh avenue, between Prospect avenue and Coney Island avenue; both sides of Vanderbilt street, between Gravesend avenue and East Third street; south side of Vanderbilt avenue, from East Third street to Prospect avenue; west side of Coney Island avenue, both sides of Sherman street and east side of Prospect avenue, between Ocean parkway and Eleventh avenue; both sides of Sixteenth street, and both sides of Windsor place, between Coney Island avenue and Eleventh avenue; both sides of East Second, East Third, East Fourth and East Fifth streets, between Greenwood avenue and Vanderbilt street; both sides of East Seventh street, between Reeve place and Greenwood avenue.

—that the same were confirmed by the Board of Assessors on June 22, 1909, and entered June 22, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics' Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 21, 1909, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, June 22, 1909.

j24,jy8

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THEREON ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Brooklyn.

Being all the buildings, parts of buildings, etc., standing within the lines of Brooklyn avenue, between Linden avenue and Church avenue, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 23, 1909, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, JULY 9, 1909,

at 11 a. m. in lots and parcels and in the manner and form as follows:

Parcel No. 1. Two-story frame house and out-house and fences.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller, at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on July 9, 1909, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale, as set forth hereinafter.

The successful bidder will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of his bid.

The Comptroller reserves the right to reject any and all bids and to waive any defect or informalities in any bid, should it be deemed in the interest of the City to do so.

All bids must state clearly (1) the amount of the bid, (2) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes marked "Proposals" to be opened July 9, 1909, and must be delivered or mailed in time for their delivery prior to 11 a. m. of that date to the Collector of City Revenue, Room 141, No. 280 Broadway, New York City, from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold, for removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, June 23, 1909.

j24,jy8

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

WILBUR AVENUE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Academy street to William street. Area of assessment: Both sides of Wilbur avenue, from Academy street to William street, and to the extent of half the block at the intersecting streets.

PROSPECT STREET—SEWER, from Jane street to Paynter avenue. Area of assessment: Both sides of Prospect street, from Jane street to Paynter avenue.

—that the same were confirmed by the Board of Assessors June 22, 1909, and entered June 22, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, in shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before August 21, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, June 22, 1909.

j24,jy8

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THEREON ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISSIONER of the Department of Water Supply, Gas and Electricity, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for pipe line purposes in the

Borough of Queens.

Being the buildings, parts of buildings, etc., standing upon the property acquired for the 72-inch pipe line from Ridgewood to Clear Stream, Long Island, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 23, 1909, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, JULY 8, 1909,

at 11 a. m. in lots and parcels and in manner and form as follows:

Parcel No. 3.—Two-story frame house on the pipe line property between Centerville avenue and Stothoofs Neck road, South Woodhaven, formerly the property of August J. Jaeger.

Parcel No. 41.—Two-story frame house on Farmers avenue and the pipe line property at Jamaica South, formerly the property of W. B. Mills.

Parcel No. 12.—Two-story frame house on the pipe line property adjoining the road to Remsens, formerly the property of Mrs. Mary Rush.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 8th day of July, 1909, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Bids will be received for the purchase of each building separately, or for the whole number of buildings offered as one parcel, or for groups of two or more adjoining buildings, and the Comptroller reserves the right to dispose of the buildings by whichever method he may deem most advantageous to The City of New York.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to twenty-five per cent. of the amount of the bid, except that a minimum deposit of fifty dollars will be required for all bids, and that a deposit of five hundred dollars will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes marked "Proposals" to be opened July 8, 1909, and must be delivered or mailed in time for their delivery prior to 11 a. m. of that date to the Collector of City Revenue, Room 141, No. 280 Broadway, New York City, from whom any

further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold, for removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be at the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, June 23, 1909.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessments for OPENING AND ACQUIRING TITLE to the following named street and avenue in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.

EAST ONE HUNDRED AND FORTIETH STREET—OPENING, from Park avenue to Morris avenue. Confirmed May 21, 1909; entered June 19, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the northeast by a line midway between the northeasterly side of East One Hundred and Fortieth street and the southwesterly side of Lowell street, or East One Hundred and Forty-first street, as laid down on the final maps of the Borough of The Bronx, and the prolongation thereof;

On the southeast by a line 100 feet southeast of the southeasterly side of Morris avenue and parallel therewith;

On the southwest by a line midway between the southwesterly side of East One Hundred and Fortieth street and the northeasterly side of East One Hundred and Thirty-eighth street, between the tracks of the New York and Harlem Railroad and Rider avenue, and by a line midway between the southwesterly side of East One Hundred and Fortieth street and the northeasterly side of East One Hundred and Thirty-ninth street, between Rider avenue and Morris avenue, and the prolongation thereof; and

On the northwest by the tracks of the New York and Harlem Railroad.

TWENTY-THIRD WARD, SECTION 10.

GARRISON AVENUE—OPENING, from Longwood avenue to Hunts Point road. Confirmed March 25, 1909; entered June 19, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northwesterly prolongation of the middle line of the block between Craven street and Grinnel place, and the middle line of the block between the Southern boulevard and Whitlock avenue; running thence northeasterly along said middle line of the blocks between the Southern boulevard and Whitlock avenue to its intersection with the southwesterly line of Hunts Point road; thence northeasterly on a straight line to its intersection with the northeasterly line of Hunts Point road with a line drawn parallel to and distant one hundred feet northwesterly from the northwesterly line of Whitlock avenue; thence northeasterly along said parallel line to its intersection with the easterly line of Longfellow street; thence on a line parallel with Garrison or Mohawk avenue to its intersection with the Bronx River; thence southerly along the Bronx River to its intersection with the easterly prolongation of the middle line of the blocks between Seneca avenue and Lafayette avenue; thence westerly along said prolongation and middle line of the blocks to its intersection with the middle line of the block between Faile street and Bryant street; thence southerly along said middle line to its intersection with the easterly prolongation of a line drawn parallel to and distant one hundred feet southerly from the southerly line of a street lying between Seneca avenue and Lafayette avenue, and between Hunts Point road and Faile street; thence westerly along said easterly prolongation and parallel line and its westerly prolongation to its intersection with a line drawn parallel to and distant one hundred feet westerly from the westerly line of Hunts Point road and Coster street; thence southerly along said parallel line to its intersection with the middle line of the blocks between Spofford avenue and Lafayette avenue; thence westerly along said middle line of the blocks to its intersection with the easterly line of Tiffany street; thence on a straight line to the point of intersection of the westerly line of Tiffany street with a line drawn parallel to and distant one hundred feet southeasterly from the southeasterly line of Barry street; thence southwesterly along said parallel line to its intersection with the middle line of the blocks between Grinnel place and Craven street; thence northwesterly along said middle line and its northwesterly prolongation to the point or place of beginning.

The above entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. to 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 18, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

Said section provides that, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. to 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 18, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, June 19, 1909.

CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS, ROOM H, No. 280 BROADWAY, BOROUGH OF MANHATTAN.

NOTICE OF CONTINUATION OF MANHATTAN TAX SALE.

THE SALE OF THE LIENS FOR UNPAID taxes, assessments and water rents for the Borough of Manhattan, as to liens remaining unsold at the termination of the sale of June 7, 10 and 17, 1909, has been continued to

THURSDAY, JULY 1, 1909, at 10 a. m., pursuant to section 1028 of the Greater New York Charter, and will be continued at that time at the Aldermanic Chamber in the City Hall as heretofore.
DANIEL MOYNAHAN,
Collector of Assessments and Arrears.
June 17, 1909.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 7.

WEST ONE HUNDRED AND THIRTY-FIFTH STREET—PAVING, CURBING AND RECURRING, from Amsterdam avenue to Broadway. Area of assessment: Both sides of West One Hundred and Thirty-fifth street, from Amsterdam avenue to Broadway, and to the extent of half the block at the intersecting streets.—that the same was confirmed by the Board of Assessors on June 15, 1909, and entered June 15, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. to 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 14, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, June 15, 1909.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

POTTER AVENUE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, between Kowenhoven street (Ninth avenue) and Goodrich street. Area of assessment: Both sides of Potter avenue, from Ninth avenue to Goodrich street, and to the extent of half the block at the intersecting streets and avenues.

POMEROY STREET—REGULATING, GRADING, CURBING AND FLAGGING, from Jackson avenue to Washington avenue. Area of assessment: Both sides of Pomerooy street, from Jackson avenue to Washington avenue, and to the extent of half the block at the intersecting streets and avenues.

CONSTRUCTING TWO BASINS on the southeast and southwest corners of VAN ALST AND HOYT AVENUES. Area of assessment: North side of North Washington place, between Hallett street and a point 115 feet west of Van Alst avenue, including interior Lots Nos. 41 to 47, inclusive, of Block 157-a; also south side of Hoyt avenue, between Hallett street and Van Alst avenue, and both sides of Van Alst avenue, between North Washington place and Hoyt avenue.

THIRD AVENUE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Jackson avenue to Washington avenue. Area of assessment: Both sides of Third avenue, from Jackson avenue to Washington avenue, and to the extent of half the block at the intersecting streets and avenues.

NINTH AVENUE—SEWER, from Jackson avenue to a point about 312 feet north of Washington avenue. Area of assessment: Both sides of Ninth avenue, between Jackson avenue and Pierce avenue; northwest side of Steinway avenue, between Washington and Pierce avenues, and north side of Washington avenue, between Ninth and Steinway avenues.

TWELFTH AVENUE—SEWER, from Jamaica avenue to Grand avenue. Area of assessment: Both sides of Twelfth avenue, from Jamaica avenue to Grand avenue; Lots Nos. 58, 59 and 60, 45 to 53, inclusive, of Block 203; east side of Newtown road, between Eleventh and Twelfth avenues.

SIXTEENTH AVENUE—SEWER, from Broadway to Jackson avenue. Area of assessment: Both sides of Sixteenth avenue, from Broadway to Jackson avenue; also Lots Nos. 5, 6 and 7, of Block 231, and Lots Nos. 2, 3, 4, 9, 10 and 11, in Block 229.

THIRD WARD.

TENTH STREET—TEMPORARY SEWER, from Sixth to Seventh avenue. Area of assessment: Both sides of Tenth street, from Sixth to Seventh avenue.

NINETEENTH STREET—TEMPORARY SEWER, from Eighth to Eleventh avenue. Area of assessment: Both sides of Nineteenth street, from Eighth to Eleventh avenue.

SEVENTH AVENUE—TEMPORARY SEWER, from Fifteenth to Sixteenth street. Area of assessment: Both sides of Seventh avenue, from Fifteenth to Sixteenth street.

EIGHTH AVENUE—FLAGGING, between Seventeenth and Eighteenth streets. Area of assessment: Both sides of Eighth avenue, from Seventeenth to Eighteenth street.

—that the same were confirmed by the Board of Assessors June 15, 1909, and entered June 15, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment

from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before August 14, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, June 15, 1909.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.

EAST ONE HUNDRED AND SIXTY-SIXTH STREET—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, between Morris avenue and the Grand Boulevard and Concourse. Area of assessment: Both sides of One Hundred and Sixty-sixth street, from Morris avenue to the Grand Boulevard and Concourse, and to the extent of half the block at the intersecting avenues.

TWENTY-FOURTH WARD, SECTION 11.

BRONX STREET—SEWER, between East One Hundred and Seventy-seventh street (Tremont avenue) and One Hundred and Eightieth street. Area of assessment: Both sides of Bronx street, from One Hundred and Seventy-seventh to One Hundred and Eightieth street; both sides of One Hundred and Seventy-ninth street, from Boston road to Bronx street; south side of One Hundred and Eightieth street, from Boston road to Bronx street; east side of Boston road, from One Hundred and Seventy-ninth to One Hundred and Eightieth street.

—that the same were confirmed by the Board of Revision of Assessments on June 17, 1909, and entered on June 17, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. to 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 16, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, June 17, 1909.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

SEAMAN AVENUE—SEWER, between Academy street and Emerson street. Area of assessment: Both sides of Seaman avenue, from Academy street to Emerson street.

—that the same was confirmed by the Board of Revision of Assessments on June 17, 1909, and entered June 17, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. to 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 16, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, June 17, 1909.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL IMPROVEMENTS** in the **BOROUGH OF QUEENS:**

FIRST WARD.

THIRD AVENUE (LATHROP STREET)—REGULATING, GRADING, CURBING AND FLAGGING, from Washington avenue to Graham avenue. Area of assessment: Both sides of Third avenue, from Washington avenue to Graham avenue, and to the extent of half the block at the intersecting avenues.

—that the same was confirmed by the Board of Revision of Assessments June 17, 1909, and entered June 17, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before August 16, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL IMPROVEMENTS** in the **BOROUGH OF BROOKLYN:**

THIRTIETH WARD, SECTION 17.

FOURTY-FIRST STREET—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, between Thirteenth and New Utrecht avenues. Area of assessment: Both sides of Forty-first street, from Thirteenth avenue to New Utrecht avenue, and to the extent of half the block at the intersecting avenues. —that the same was confirmed by the Board of Revision of Assessments on June 17, 1909, and entered June 17, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, from the date when such assessment became a lien, as provided by section 159 of this act."

NOTICE TO PROPERTY OWNERS.

NOTICES OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of assessment for **OPENING AND ACQUIRING TITLE** to the following-named street in the **BOROUGH OF BROOKLYN:**

TWELFTH WARD, SECTION 2.

OTSEGO STREET—OPENING, from Dwight street to Bead street. Confirmed March 29, 1909; entered June 11, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the northerly line of Halleck street with the centre line of the block between Otsego street and Columbia street; running thence northerly and along the centre line of the blocks between Otsego and Columbia streets to the southerly side of Bush street; running thence westerly and along the southerly side of Bush street to its intersection with the southeasterly side of Dwight street; running thence southwesterly and along the southeasterly side of Dwight street to its intersection with the northeasterly side of Bead street; running thence southeasterly along the northeasterly side of Bead street to its intersection with the westerly side of Otsego street; running thence southeasterly and across Otsego

street to the northerly side of Halleck street; running thence easterly along the northerly side of Halleck street to the place of beginning.

The above assessment was entered on the day hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 10, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of The Bronx.

Being all the buildings, parts of buildings, etc., standing within the lines of Westchester avenue, between (Main street) West Farms road and Eastern boulevard, at Pelham Bay Park, in the Twenty-fourth Ward, Borough of The Bronx, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

WEDNESDAY, JUNE 30, 1909,

at 11 a. m. in lots and parcels and in manner and form as follows:

Parcel No. 1—Part of three-story frame flats.
Parcel No. 2—Two-story frame store building.
Parcel No. 3—Two-story frame dwelling and store.

Parcel No. 4—Part of two-story frame barn in the rear of Parcel No. 3.

Parcel No. 5—One-story frame store, with two one-story frame extensions and shed and outhouse in rear of same.

Parcel No. 6—One-story frame store, one-story frame shop, with one-story frame extension, and one open shed.

Parcel No. 7—One-story frame store.

Parcel No. 8—One-story frame store, with one-story frame extension.

Parcel No. 9—One two-story and attic frame dwelling and store and part of adjoining two-story and attic frame dwelling and store.

Parcel No. 10—Frame blacksmith shop, two one-story frame sheds and three outhouses.

Parcel No. 11—Part of two and one-half story frame house and porch facing on Franklin avenue, with one chicken house and one outhouse.

Parcel No. 12—One-story frame house, with part of extension and porch.

Parcel No. 13—One and one-half story frame barn, with stone wall, fences and two outhouses.

Parcel No. 14—Part of one and one-half story frame stable, with fence and retaining wall.

Parcel No. 15—Part of two and one-half story frame house and store on Pelham road, with part of two-story extension and one-story frame shed.

Parcel No. 16—One-story frame barn and part of adjoining one-story frame barn.

Parcel No. 17—One open shed.

Parcel No. 18—Part of board platform and steps.

Parcel No. 19—At Tremont road and Pilgrim avenue, part of one-story and attic frame stable, with one-story frame shed and one open shed and one outhouse.

Parcel No. 20—At Pelham road and Liberty street, part of two-story frame building and porch.

Parcel No. 21—Pelham road, opposite Cleveland avenue, two and one-half story frame house, with one and one-half story extension, one-story frame barn.

Parcel No. 22—At Pelham road and Cleveland avenue, part of two and one-half story frame house and porch, part of one and one-half story frame extension, stone steps and stone wall and fence.

Parcel No. 23—Part of two and one-half story frame house and porch.

Parcel No. 24—At Pelham road and St. Paul avenue, part of two and one-half story frame house and porch.

Parcel No. 25—At Pelham road and St. Paul avenue, part of one-story frame building.

Parcel No. 26—Opposite Parcel No. 25, part of two and one-half story frame house, with porch; part of one-story glass-covered extension, one-story frame building and one open shed.

Parcel No. 27—Two and one-half story frame house, with porch.

Parcel No. 28—Part of two and one-half story frame house, with two-story extension.

Parcel No. 29—Part of two and one-half story frame house and porch.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 30th day of June, 1909, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Bids will be received for the purchase of each building separately, or for the whole number of buildings offered as one parcel, or for groups of two or more adjoining buildings, and the

Comptroller reserves the right to dispose of the buildings by whichever method he may deem most advantageous to The City of New York.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to twenty-five per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for (2) the amount of the bid (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened June 30, 1909," and must be delivered or mailed in time for their delivery prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said building, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers. Party walls and fences, when existing against adjacent property not sold, shall not be taken

down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, June 9, 1909.

j12,30

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMIS- sioner of Parks for the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for park purposes in the

Borough of The Bronx.

Being all those unoccupied buildings, parts of buildings, etc., standing upon land acquired for the extension of the addition to Bronx Park, easterly side, as laid out on map of July 1, 1903, in the Twenty-fourth Ward, Bronx, and being more particularly designated as Parcel No. 9, on damage map, formerly occupied as a Methodist Church, and which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 9, 1909, the sale of the above described buildings and appurtenances thereto, will be held by sealed bids, by direction of the Comptroller on

TUESDAY, JUNE 29, 1909,

at 11 a. m., in manner and form as follows:

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 29th day of June, 1909, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

The successful bidder will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of his bid.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of the City to do so.

All bids must state clearly: (1) The amount bid; (2) The full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes marked "Proposal to be opened June 29, 1909," and must be delivered or mailed in time for their delivery prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and

removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, June 9, 1909.

j12,29

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Richmond, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Richmond.

(1) Being all those buildings, parts of buildings, etc., standing upon land at the northeast corner of Jay and South streets, acquired for the purpose of the widening of Jay street and of South street, in the Borough of Richmond, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

(2) Being all those buildings, parts of buildings, etc., standing upon land lying within the lines of Stuyvesant place, between the southerly line of the United States Light House property and Weiner place; unnamed street (extension of Stuyvesant place), between Weiner place and Griffin street; Griffin street, between the unnamed street (extension of Stuyvesant place) and Hannah street, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 9, 1909, the sale of the above-described buildings and appurtenances thereto will be held by sealed bids by direction of the Comptroller on

MONDAY, JUNE 28, 1909,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1—Two-story frame building, northeast corner of South and Jay streets.

Parcel No. 2—Two-story brick building, Jay street, about 100 feet north of the corner of South street.

Parcel No. 18—Part of two-story brick house and one-story frame extension, Arrietta street.

Parcel No. 19—Three-story frame house and outhouse, Arrietta street.

Parcel No. 21—Two-story brick house, No. 27 Griffin street.

Parcel No. 22—Two-story brick house, No. 29 Griffin street.

Parcel No. 23—Three-story frame house with brick basement, No. 31 Griffin street.

Parcel No. 24—One-story frame house, with extensions, No. 33 Griffin street.

Parcel No. 25—Two and one-half story frame house, No. 35 Griffin street.

Parcel No. 26—Two and one-half story brick house, No. 37 Griffin street.

Parcel No. 27—Three-story brick house, No. 39 Griffin street.

Parcel No. 28—Three-story brick house, No. 41 Griffin street.

Parcel No. 29—Two-story frame house, with extension, No. 43 Griffin street.

Parcel No. 30—Three-story brick house, No. 45 Griffin street.

Parcel No. 31—Two-story brick house, No. 51 Griffin street.

Parcel No. 32—Two-story frame house, No. 53 Griffin street.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 28th day of June, 1909, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Bids will be received for the purchase of each building separately or for the whole number of buildings offered as one parcel, or for groups of two or more adjoining buildings, and the Comptroller reserves the right to dispose of the buildings by whichever method he may deem most advantageous to The City of New York.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to twenty-five per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of the City to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened June 28, 1909," and must be delivered or mailed in time for their delivery prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances, between the time of the sale thereof and the time of delivering possession to all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of Richmond, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike

manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, June 9, 1909.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, JUNE 15, 1909.

PUBLIC NOTICE IS HEREBY GIVEN that applications will be received from TUESDAY, JUNE 15, UNTIL 4 P. M. TUESDAY, JUNE 20, 1909,

for the position of

ASSISTANT ENGINEER, BOARD OF WATER SUPPLY.

(No application received by the Commission, by mail or otherwise, after 4 p. m. on June 29 will be accepted.)

The examination will be held on Tuesday, August 3, 1909, at 10 a. m.

The subjects and weights of the examination are as follows:

Technical	50
Mathematics	15
Report	15
Experience	20

The percentage required is 75 on the technical paper and 70 on all.

Candidates should not apply for this position unless they are ready to accept employment in any part of the State where their services may be needed. Certification will not be made from the resulting eligible list to any other Department, except, if necessary, to the Aqueduct Commission, nor will transfers to those who accept appointment be allowed.

The requirement of residence in the State of New York has been waived so far as it applies to this examination.

That section of Rule VIII, requiring that every application shall bear the certificates of four citizens of The City of New York has been waived for this examination.

The provision of Rule VII, to the effect that no person who has entered an examination for

appointment to a competitive position and failed therein, or who has withdrawn therefrom, shall be admitted within nine months to a new examination for the same position, is waived so far as it applies to this examination.

Applications must be on forms which may be obtained at the office of the Commission, No. 299 Broadway (Room 1119), and must be on file not later than 4 p. m., June 29.

The salary is \$1,350 per annum and upwards. For further information as to compensation and qualifications for the position, address the Board of Water Supply, No. 299 Broadway, New York City.

Minimum age, 21 years.
F. A. SPENCER, Secretary.
j15,29

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled. No application will be accepted at the office of the Commission by mail or otherwise, after the closing hour for the receipt of same, set forth in the advertisement.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission, Room 1119.

The Commission cannot guarantee that applications mailed in response to written requests will be received in time to permit of their being prepared and filed prior to closing hour.

All notices of examinations will be posted in the office of the Commission, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news. The scope of the examination will be stated.

No information will be given by telephone, and the Commission will not be responsible for such if given by employees, either as to date of filing applications or upon other subjects.

Specimen questions of previous examinations may be obtained at Room 1108.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

FRANK L. POLK, President;
R. ROSS APPLETON;
ARTHUR J. O'KEEFE,
Commissioners.

Weekly—"Democracy," "Tammany Times."

German—"Staats-Zeitung."

Designated by the Board of City Record, January 22, 1906. Amended March 1, 1906; November 20, 1906; February 20, 1907, and March 5, 1908.

BOROUGH OF MANHATTAN.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Manhattan at the City Hall, Room 16, until 2 o'clock p. m. on

THURSDAY, JULY 8, 1909.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR SEWER AND APPURTENANCES IN WEST ONE HUNDRED AND FIFTY-SIXTH STREET, BETWEEN HARLEM RIVER AND EIGHTH AVENUE.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required is as follows:

508 linear feet of salt-glazed vitrified stone-ware pipe sewer of 15 inches interior diameter, all complete.

5,000 feet (B. M.) of timber and planking for bracing and sheet piling.

10,000 feet (B. M.) of timber and planking for foundations.

The time allowed to complete the whole work will be seventy-five (75) working days.

The amount of the security required will be Two Thousand Dollars (\$2,000).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, yard or other unit of measure, or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms may be had and the plans and drawings may be seen at the office of the Commissioner of Public Works, Nos. 13 to 21 Park row, Bureau of Sewers, Borough of Manhattan.

JOHN F. AHEARN, Borough President.

TUESDAY, JULY 6, 1909.

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR SEWER AND APPURTENANCES IN THIRD AVENUE, WEST SIDE, BETWEEN TWELFTH AND THIRTEENTH STREETS.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required is as follows:

165 linear feet of brick sewer of 3 feet 6 inches by 2 feet 4 inches interior diameters, all complete.

150 cubic yards of rock to be excavated and removed.

10,000 feet (B. M.) of timber and planking for bracing and sheet piling.

The time allowed to complete the whole work will be one hundred (100) working days.

The amount of security required will be Fifteen Hundred Dollars (\$1,500).

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR EXTENSION TO OUTLET SEWER AND APPURTENANCES AT THE FOOT OF ONE HUNDRED AND EIGHTEENTH STREET AND HARLEM RIVER.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required is as follows:

164 linear feet of sewer, viz.:
144 linear feet of wooden barrel sewer of 4 feet by 3 feet interior diameters, all complete, Class 1.
20 linear feet of brick sewer of 4 feet by 3 feet interior diameters, all complete, Class 2.

The time allowed to complete the whole work will be fifty (50) working days.

The amount of security required will be One Thousand Dollars (\$1,000).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, yard or other unit of measure, or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms may be had and the plans and drawings may be seen at the office of the Commissioner of Public Works, Nos. 13 to 21 Park row, Bureau of Sewers, Borough of Manhattan.

TUESDAY, JULY 6, 1909.

No. 1. FOR REREGULATING, REGRADING, CURBING AND RECURRING, FLAGGING AND REFLAGGING EAST SEVENTY-SIXTH STREET, FROM EXTERIOR STREET TO A POINT 314 FEET WESTERLY THEREFROM, AND CONSTRUCT RETAINING WALL AND GUARD RAIL.

Engineer's estimate of amount of work to be done:

270 cubic yards of earth excavation.
860 cubic yards of rock excavation.
50 cubic yards of Portland cement masonry for retaining wall.
33 cubic yards of Portland cement concrete for foundation.
170 linear feet 3-pipe railing.
170 linear feet of bluestone coping.
12 cubic yards of concrete steps and side walls.

332 square yards of old pavement, to be removed (not to be bid for).

460 linear feet of new curbstone, furnished and set.

200 linear feet of old curbstone, redressed, rejointed and reset.

2,200 square feet of new flagstone, furnished and laid.

400 square feet of old flagstone, retrimmed and relaid.

The time allowed for doing and completing above work is sixty (60) working days.

The amount of security required is Fifteen Hundred Dollars (\$1,500).

No. 2. FOR REGULATING, GRADING, CURBING, FLAGGING AND PAVING WITH GRANITE BLOCK PAVEMENT ONE HUNDRED AND FORTY-NINTH STREET, FROM BROADWAY TO RIVERSIDE DRIVE.

Engineer's estimate of amount of work to be done:

25 cubic yards of rock excavation, for foundation.
4,170 cubic yards of filling, to be furnished (exclusive of that secured from excavation).

1,140 square yards of granite block pavement, with paving cement joints.

50 cubic yards of Portland cement masonry for retaining walls.

220 cubic yards of Portland cement concrete for foundation.

565 linear feet of guard rail.

170 square feet of new bridgestone, to furnish and lay.

530 linear feet of new curbstone, to furnish and set.

165 linear feet of old curbstone, redressed, rejointed and reset.

2,120 square feet of new flagstone, furnished and laid.

600 square feet of old flagstone, retrimmed and relaid.

The time allowed for doing and completing above work is sixty (60) working days.

The amount of security required is Two Thousand Dollars (\$2,000).

No. 3. FOR REGULATING, GRADING, CURBING AND FLAGGING ONE HUNDRED AND FIFTIETH STREET, FROM BROADWAY TO RIVERSIDE DRIVE.

Engineer's estimate of amount of work to be done:

130 cubic yards of earth excavation.
30 cubic yards of rock excavation, for foundation.

4,280 cubic yards of filling, to furnish (exclusive of that secured from excavation).

60 cubic yards of Portland cement masonry, for retaining walls.

40 cubic yards of Portland cement concrete, for foundation.

620 linear feet of guard rail.

170 square feet of new bridgestone, to furnish and lay.

795 linear feet of new curbstone, to furnish and set.

20 linear feet of old curbstone, redressed, rejointed and reset.

3,080 square feet of new flagstone, to furnish and lay.

120 square feet of old flagstone, to retrim and relaid.

The time allowed for doing and completing above work is forty (40) working days.

The amount of security required is One Thousand Dollars (\$1,000).

No. 4. FOR REGULATING AND PAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION ONE HUNDRED AND NINETEENTH STREET FROM AMSTERDAM AVENUE TO MORNINGSIDE AVENUE.

Engineer's estimate of amount of work to be done:

1,620 square yards of asphalt block pavement.

318 cubic yards of Portland cement concrete, including mortar bed.

300 linear feet of new bluestone curbstone, to furnish and set.

680 linear feet of old bluestone curbstone, to redress, rejoint and reset.

5 noiseless heads and covers, complete, for sewer manholes, furnished and set (not to be bid for).

The time allowed for doing and completing above work is thirty (30) working days.

The amount of security required is One Thousand Five Hundred Dollars (\$1,500).

No. 5. FOR REGULATING AND PAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF ONE HUNDRED AND SEVENTIETH STREET, FROM BROADWAY TO FORT WASHINGTON AVENUE.

Engineer's estimate of amount of work to be done:

3,173 square yards of asphalt block pavement.

596 cubic yards of Portland cement concrete, including mortar bed.

250 linear feet of new bluestone curbstone, furnished and set.

1,110 linear feet of old bluestone curbstone, redressed, rejointed and reset.

8 noiseless heads and covers, complete, for sewer manholes, furnished and set (not to be bid for).

2 noiseless heads and covers, complete, for water manholes, furnished and set (not to be bid for).

The time allowed for doing and completing above work is forty (40) working days.

The amount of security required is Three Thousand Dollars (\$3,000).

No. 6. FOR REGULATING AND PAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION THE ROADWAY OF ST. NICHOLAS TERRACE, FROM ONE HUNDRED AND TWENTY-EIGHTH STREET TO ONE HUNDRED AND THIRTIETH STREET.

Engineer's estimate of amount of work to be done:

1,800 square yards of asphalt block pavement.

350 cubic yards of Portland cement concrete, including mortar bed.

700 linear feet of new bluestone curbstone, furnished and set.

340 linear feet of old bluestone curbstone, redressed, rejointed and reset.

5 noiseless heads and covers, complete, for sewer manholes, furnished and set (not to be bid for).

The time allowed for doing and completing above work is twenty-five (25) working days.

The amount of security required is Two Thousand Dollars (\$2,000).

No. 7. FOR REGULATING AND PAVING WITH ASPHALT BLOCK PAVEMENT ON CONCRETE FOUNDATION NEW AVENUE (PINEHURST AVENUE), WEST OF FORT WASHINGTON AVENUE, FROM ONE HUNDRED AND SEVENTY-SEVENTH TO ONE HUNDRED AND EIGHTY-FIRST STREET.

Engineer's estimate of amount of work to be done:

4,207 square yards of asphalt block pavement.

820 cubic yards of Portland cement concrete, including mortar bed.

340 linear feet of new bluestone curbstone, furnished and set.

2,073 linear feet of old bluestone curbstone, redressed, rejointed and reset.

12 noiseless heads and covers, complete, for sewer manholes, furnished and set (not to be bid for).

The time allowed for doing and completing above work is fifty (50) working days.

The amount of security required is Four Thousand Dollars (\$4,000).

Resolved, that the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out and fixing grades for Stone street, from St. Pauls avenue to Richmond road, in the Borough of Richmond, City of New York, more particularly shown upon a map or plan bearing the signature of the Commissioner of Public Works and dated January 12, 1909.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 2d day of July, 1909, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 2d day of July, 1909.

Dated June 19, 1909.
JOSEPH HAAG, Secretary,
No. 277 Broadway, Room 1406.
Telephone, 2280 Worth. j19,30

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out and change the grades of the street system bounded by Westervelt avenue, Hamilton avenue, Daniel Low terrace and Crescent avenue; lay out Crescent avenue, between Jersey street and Westervelt avenue, and change the grade of Hamilton avenue, between Daniel Low terrace and a point 205 feet easterly thereof, Borough of Richmond, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on July 2, 1909, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on June 4, 1909, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out and changing the grades of the street system bounded by Westervelt avenue, Hamilton avenue, Daniel Low terrace and Crescent avenue; laying out Crescent avenue, between Jersey street and Westervelt avenue, and changing the grade of Hamilton avenue, between Daniel Low terrace and a point 205 feet easterly thereof, in the Borough of Richmond, City of New York, more particularly shown upon a map or plan bearing the signature of the President of the Borough and dated April 6, 1909.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 2d day of July, 1909, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 2d day of July, 1909.

JOSEPH HAAG, Secretary,
No. 277 Broadway, Room 1406.
Telephone, 2280 Worth. j19,30

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on June 4, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Eighteenth avenue, from Coney Island avenue to the former town line of New Utrecht and Flatbush, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on a line midway between Forty-seventh street and Forty-eighth street where it is intersected by a line midway between Seventeenth avenue and Eighteenth avenue, as these streets are laid out southwesterly from Forty-seventh street, and running thence northeasterly along the said line midway between Seventeenth avenue and Eighteenth avenue, and along the prolongation of the said line, to a point distant 300 feet northerly from the northerly line of Eighteenth avenue as laid out east of Forty-seventh street, the said distance being measured at right angles to Eighteenth avenue; thence easterly and parallel with Eighteenth avenue to the intersection with a line midway between Westminster road and Argyle road; thence southwesterly along the said line midway between Westminster road and Argyle road to the intersection with the prolongation of a line midway between Webster avenue and Newkirk avenue as these streets are laid out east of Ocean parkway; thence westwardly along a line always midway between Webster avenue and Newkirk avenue, and along the prolongations of said line, to a line midway between Forty-seventh street and Forty-eighth street; thence northwesterly along the said line midway between Forty-seventh street and Forty-eighth street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in The City Hall, on the 2d day of July, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the corporation newspapers for ten days prior to the 2d day of July, 1909.

Dated June 19, 1909.
JOSEPH HAAG, Secretary,
No. 277 Broadway, Room 1406.
Telephone, 2280 Worth. j19,30

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on June 4, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of President street, between Rogers avenue and New York avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line midway between President street and Union street, on the east by the westerly line of New York avenue, on the south by a line midway between President street and Carroll street, and on the west by the easterly line of Rogers avenue.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in The City Hall, on the 2d day of July, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the corporation newspapers for ten days prior to the 2d day of July, 1909.

Dated June 19, 1909.
JOSEPH HAAG, Secretary,
No. 277 Broadway, Room 1406.
Telephone, 2280 Worth. j19,30

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on June 4, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the area of assessment in the proceeding authorized by the Board on October 19, 1906, to acquire title to sewer easements in Scott avenue, from Flushing avenue to St. Nicholas avenue, in the Borough of Brooklyn, City of New York.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed amended area of assessment for benefit in this proceeding:

Beginning at a point on the southerly line of Metropolitan avenue, where it is intersected by the prolongation of the northeasterly line of Onderdonk avenue, and running thence easterly along the line bisecting the angle formed by the intersection of the southerly line of Metropolitan avenue and the prolongation of the northeasterly line of Onderdonk avenue to the intersection with a line midway between Onderdonk avenue and Woodward avenue; thence southeasterly along the said line midway between Onderdonk avenue and Woodward avenue to a point distant

100 feet northwesterly from the northwesterly property line of the Bushwick Branch of the Long Island Railroad; thence southwesterly and parallel with the said railroad property line to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of Onderdonk avenue; thence southwesterly along the said line parallel with Onderdonk avenue to a point distant 100 feet northwesterly from the northwesterly line of Flushing avenue; thence northwesterly and always distant 100 feet northwesterly from and parallel with the northwesterly line of Flushing avenue to a point distant 100 feet southwesterly from the southwesterly line of Garrison avenue; thence northwesterly and parallel with Garrison avenue to the intersection with a line at right angles to Garrison avenue and passing through a point on its westerly side distant 250 feet northerly from its intersection with the northwesterly line of Flushing avenue; thence easterly along the said line at right angles to Garrison avenue to the intersection with a line midway between Garrison avenue and Furman avenue; thence northwesterly along the said line midway between Garrison avenue and Furman avenue to the southerly property line of the Bushwick Branch of the Long Island Railroad; thence easterly along the said railroad property line to the centre line of Mary street; thence southwesterly along the centre line of Mary street to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of Elliott avenue; thence southwesterly along the said line parallel with Elliott avenue to a point distant 100 feet easterly from the easterly line of Prospect avenue; thence southwesterly and always distant 100 feet easterly from and parallel with the easterly line of Prospect avenue to the intersection with a line midway between Grove street and Linden street; thence westwardly along the said line midway between Grove street and Linden street to a point distant 100 feet westerly from the westerly line of Prospect avenue; thence southwesterly and parallel with Prospect avenue to the intersection with a line midway between Linden street and Gates avenue; thence westwardly along the said line midway between Linden street and Gates avenue to the intersection with a line midway between Prospect avenue and Forest avenue; thence southwesterly along the said line midway between Prospect avenue and Forest avenue to the intersection with a line midway between Woodbine street and Madison street; thence eastwardly along the said line midway between Woodbine street and Madison street to a point distant 100 feet easterly from the easterly line of Prospect avenue; thence southwesterly and parallel with Prospect avenue to the intersection with a line midway between Madison street and Putnam avenue; thence eastwardly along the said line midway between Madison street and Putnam avenue and along the prolongation of the said line, to the intersection with a line midway between Howard street and Sheridan street; thence northwardly along the said line midway between Howard street and Sheridan street, and the prolongation thereof, to a point distant 100 feet northerly from the northerly line of Madison street; thence eastwardly and parallel with Madison street to a point distant 100 feet southwesterly from the southwesterly line of Traffic street; thence southwesterly and parallel with Traffic street, and the prolongation thereof, to the southeasterly property line of the Lutheran Cemetery; thence northwesterly along the said property line to a point distant 100 feet southerly from the southerly line of Metropolitan avenue; thence eastwardly and always 100 feet southerly from and parallel with the southerly line of Metropolitan avenue to the intersection with the prolongation of a line midway between Ward street and Johnson street; thence northwardly along the said line midway between Ward street and Johnson street, and along the prolongation of the said line, to a point distant 100 feet southeasterly from the southeasterly line of Satterlee avenue; thence northwesterly and parallel with Satterlee avenue to the intersection with a line midway between Van Duzen street and Greifenberg street; thence southwesterly along the said line midway between Van Duzen street and Greifenberg street to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Morton avenue; thence southwardly along the said line parallel with Morton avenue to the intersection with a line midway between Graeme place and St. Germans place; thence westwardly along the said line midway between Graeme place and St. Germans place to a point distant 100 feet easterly from the easterly line of Griffith avenue; thence southwardly and parallel with Griffith avenue to the intersection with the prolongation of a line midway between Morris avenue and Fulton avenue; thence southwardly along the said line midway between Morris avenue and Fulton avenue, and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Central avenue; thence westwardly along the said line parallel with Central avenue, and along the prolongation of the said line, to the intersection with a line midway between Tompkins place and Lafayette street; thence southwardly along the said line midway between Tompkins place and Lafayette street to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Myrtle avenue; thence eastwardly along the said line parallel with Myrtle avenue to the intersection with a line midway between Ridgewood place and Tesla place; thence southwardly along the said line midway between Ridgewood place and Tesla place, and along the prolongation of the said line, to a point distant 100 feet northerly from the northerly line of Indiana place; thence eastwardly and parallel with Indiana place to the property line of the Cypress Hills Cemetery; thence generally southwardly and westwardly along the property line of the Cypress Hills Cemetery to a point distant 100 feet northeasterly from the northeasterly line of Fresh Pond road; thence southeasterly and parallel with Fresh Pond road to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Cypress avenue, as laid out in the tangent west of Fresh Pond road; thence westwardly along a line always distant 100 feet southerly from and parallel with the southerly line of Cypress avenue to a point distant 100 feet easterly from the easterly line of Vermont avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Vermont avenue to the intersection with a line at right angles to Vermont avenue, and passing through a point on its westerly side, where it is intersected by the property line of the Cemetery of the Evergreens; thence westwardly along the said line at right angles to Vermont avenue to its westerly side; thence generally northwardly, westwardly and southwardly along the property line of the Cemetery of the Evergreens and of Trinity Cemetery to the intersection with the line between the Borough of Brooklyn and the Borough of Queens; thence northwesterly along the said Borough line to a point distant 100 feet southwesterly from the southwesterly line of St. Nicholas avenue; thence northwesterly and parallel with St. Nicholas avenue to the intersection with the prolongation of a line midway between Scott

avenue and Gardner avenue, as laid out north of Johnson avenue; thence northwardly along the said line midway between Scott avenue and Gardner avenue, and along the prolongation of the said line, to the southerly line of Metropolitan avenue; thence easterly along the southerly line of Metropolitan avenue to the point or place of beginning. All distances are intended to be measured at right angles to the lines to which they are referred.

Resolved, That this Board consider the proposed amended area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 2d day of July, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the corporation newspapers for ten days prior to the 2d day of July, 1909.

Dated June 19, 1909.
JOSEPH HAAG, Secretary,

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on June 4, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of the unnamed street extending from Amsterdam avenue at West One Hundred and Sixty-fifth street to Audubon avenue, and also of the public park bounded by the said unnamed street, West One Hundred and Sixty-fifth street and Audubon avenue, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between West One Hundred and Sixty-second street and West One Hundred and Sixty-third street, as these streets are laid out between Amsterdam avenue and Edgecombe road, distant 100 feet easterly from the easterly line of Edgecombe road, the said distance being measured at right angles to Edgecombe road, and running thence westwardly along the said line midway between West One Hundred and Sixty-second street and West One Hundred and Sixty-third street, to the easterly line of Amsterdam avenue; thence westwardly in a straight line to a point on the westerly line of St. Nicholas avenue midway between West One Hundred and Sixty-second street and West One Hundred and Sixty-third street; thence westwardly along a line midway between West One Hundred and Sixty-second street and West One Hundred and Sixty-third street, as these streets are laid out west of St. Nicholas avenue, to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Broadway, the said distance being measured at right angles to Broadway; thence northwardly along the said line parallel with Broadway to the intersection with the prolongation of a line midway between West One Hundred and Sixty-seventh street and West One Hundred and Sixty-eighth street as these streets are laid out between Broadway and Amsterdam avenue; thence eastwardly along the said line midway between West One Hundred and Sixty-seventh street and West One Hundred and Sixty-eighth street, and along the prolongations of the said line to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of West One Hundred and Sixty-seventh street as laid out between Amsterdam avenue and Edgecombe road, the said distance being measured at right angles to West One Hundred and Sixty-seventh street; thence southeasterly along the said line parallel with West One Hundred and Sixty-seventh street, and along the prolongation of the said line, to a point distant 100 feet easterly from the easterly line of Edgecombe road, the said distance being measured at right angles to Edgecombe road; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Edgecombe road to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in The City Hall, on the 2d day of July, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 2d day of July, 1909.

Dated June 19, 1909.
JOSEPH HAAG, Secretary,

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on June 4, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Lefferts avenue, from St. Anns avenue to Rockaway road, in the Fourth Ward, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between Lefferts avenue and Birch street, distant 100 feet northerly from the northerly line of St. Anns avenue, the said distance being measured at right angles to St. Anns avenue, and running thence southwardly along the said line midway between Lefferts avenue and Birch street and along the prolongation of the said line to a point distant 100 feet northerly from the northerly line of Jamaica avenue, the said distance being measured at right angles to Jamaica avenue; thence eastwardly and parallel with Jamaica avenue to the intersection with a

line midway between Birch street and Spruce street; thence southwardly along the said line midway between Birch street and Spruce street to the intersection with the centre line of Jamaica avenue; thence eastwardly along the centre line of Jamaica avenue to the intersection with the prolongation of a line midway between Birch street and Spruce street, as these streets are laid out south of Jamaica avenue; thence southwardly along the said line midway between Birch street and Spruce street, and along the prolongations of the said line, to a point distant 100 feet southerly from the southerly line of Rockaway road as this street is at present in use and commonly recognized, the said distance being measured at right angles to Rockaway road; thence westwardly and parallel with Rockaway road to the intersection with the prolongation of a line midway between Walnut street and Briggs avenue; thence northwardly and always midway between Walnut street and Briggs avenue, and along the prolongation of the said line, to a point distant 100 feet northerly from the northerly line of Jamaica avenue, the said distance being measured at right angles to Jamaica avenue; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Jamaica avenue to the intersection with the prolongation of a line midway between Church street and Lefferts avenue as these streets are laid out north of Hillside avenue; thence northwardly along the said line midway between Church street and Lefferts avenue, and along the prolongations of the said line, to a point distant 100 feet northerly from the northerly line of St. Ann's avenue; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of St. Ann's avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in The City Hall, on the 2d day of July, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 2d day of July, 1909.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on June 4, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Targee street, from Broad street to the junction of Fingerboard road and Richmond road, in the Borough of Richmond, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line distant 500 feet westerly from and parallel with the westerly line of Targee street, the said distance being measured at right angles to Targee street, where it is intersected by a line at right angles to the line of Targee street and passing through a point on the prolongation of the easterly line of Targee street distant 500 feet southerly from its intersection with the northwesterly line of Fingerboard road as in use and commonly recognized, and running thence northwardly along the said line parallel with Targee street, and along the prolongation of the said line, to a point distant 100 feet westerly from the westerly line of Richmond road as in use and commonly recognized, the said distance being measured at right angles to Richmond road; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Richmond road as in use and commonly recognized to a point distant 500 feet northerly from the northerly line of Broad street as in use and commonly recognized, the said distance being measured at right angles to Broad street; thence eastwardly and parallel with Broad street as in use and commonly recognized to the intersection with the prolongation of a line distant 500 feet easterly from and parallel with the easterly line of Targee street, the said distance being measured at right angles to Targee street; thence southwardly and always distant 500 feet easterly from and parallel with the easterly line of Targee street, and the prolongation thereof, to the intersection with a line at right angles to the line of Targee street and passing through the point of beginning; thence westwardly along the said line at right angles to Targee street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in The City Hall, on the 2d day of July, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 2d day of July, 1909.

Dated June 19, 1909.
JOSEPH HAAG, Secretary.

Telephone, 2280 Worth. j19,30

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on June 4, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to a sewer easement in a parcel of land extending from the westerly side of Winant street to the southerly property line of the Staten Island Rapid Transit Railroad Company, in the Borough of Richmond, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the easements required for the foregoing improvement, to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the centre line of Park street distant 100 feet easterly from the easterly

line of Winant street, and running thence westwardly along the centre line of Park street, and the prolongation thereof, to the intersection with a line distant 130 feet westerly from and parallel with the westerly line of Winant street, as projected between Park street and Prospect street; thence northwardly along the said line parallel with Winant street, and along the prolongation of the said line, to the intersection with the southerly right-of-way line of the Staten Island Rapid Transit Railroad Company; thence eastwardly along the said right-of-way line to the intersection with the prolongation of a line distant 134.6 feet easterly from and parallel with the easterly line of Monroe avenue; thence southwardly along the said line parallel with Monroe avenue, and along the prolongation of the said line a distance of 235 feet; thence eastwardly at right angles to Monroe avenue to the intersection with a line distant 64 feet easterly from and parallel with the easterly line of Winant street as projected north of Crocheron street; thence southwardly along the said line parallel with Winant street a distance of 280.8 feet; thence eastwardly at right angles to Winant street to the intersection with the prolongation of a line parallel with Winant street as projected between Prospect street and Park street, and passing through the point of beginning; thence southwardly along the said line parallel with Winant street to the point or place of beginning. All distances are intended to be measured at right angles to the lines to which they are referred.

None of the streets named has yet been incorporated upon the City map, and the lines referred to are intended to apply to those determined by usage and as commonly recognized.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in The City Hall, on the 2d day of July, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 2d day of July, 1909.

Dated June 19, 1909.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The New York City Interborough Railway Company has, under date of June 23, 1908, made application to this Board to be relieved from its obligations to make certain payments to the City required by the terms of its franchise granted by an ordinance of the Board of Aldermen, approved by the Mayor, March 31, 1903, and by a petition under date of November 12, 1908, has made application for an extension of time within which to complete twenty-four miles of double track street surface railway; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution November 20, 1908, fixing the date for public hearing thereon as December 11, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Tribune" and the "New York Sun," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York City Interborough Railway Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York City Interborough Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York City Interborough Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this _____ day of _____, 19____, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York City Interborough Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, On March 16, 1903, the Board of Aldermen of the City passed an ordinance entitled: "An ordinance granting to the New York City Interborough Railway Company the right or franchise to construct and operate a street surface railroad in, upon and along certain streets, avenues, parkways, highways and bridges of The City of New York"; and

Whereas, Said ordinance was, on March 31, 1903, approved by the Mayor of the City; and

Whereas, Thereafter the Company, on April 3, 1903, filed with the Comptroller of the City a written acceptance, executed March 31, 1903, of said ordinance, and of the terms, conditions and provisions thereof, and an agreement to perform and observe the same; and

Whereas, In and by said ordinance the consent of the Corporation of The City of New York was granted to the Company for the construction, maintenance and operation of the railroad of the Company upon certain enumerated streets, avenues, highways, etc., within said City, and across certain streets, avenues, highways, etc., as may be encountered in its route; and

Whereas, On May 6, 1903, the Company petitioned the Board of Railroad Commissioners of the State of New York for a certificate of public convenience and a necessity under section 59 of the Railroad Law, covering all the routes of said right or franchise with the exception of a portion of Route "First," and also for the certificate of said Board that the conditions prescribed in said section 59 had been complied with, which petition was denied on December 21, 1903; and

Whereas, The Company subsequently applied to the Appellate Division of the Supreme Court for an order directing the said Board of Railroad Commissioners to issue said certificate, and on December 23, 1904, the said Appellate Division

rendered a decision directing said Board of Railroad Commissioners to grant such certificate with respect to certain of the routes described in said ordinance; and

Whereas, On January 12, 1905, said Board of Railroad Commissioners issued to the Company a certificate of public convenience and a necessity with respect to said certain of the routes described in said ordinance; and

Whereas, On June 16, 1905, the Appellate Division issued an order extending the time required to complete 24 miles of double track railway from July 1, 1905, as required by section 6 of said ordinance, to June 1, 1906, and on May 28, 1906, a similar order was given extending such time to June 1, 1907; and

Whereas, Petitions dated June 26, 1905; June 21, 1906, and March 12, 1907, were presented by the Company to the Board praying for the consent of said Board, as the local authority, to the relinquishment of part of the routes described in said ordinance, and to the substitution thereof of other routes, and also a petition dated May 18, 1906, praying for an extension of time within which to complete the double track railway as prescribed in section 6 of said ordinance; and

Whereas, A contract bearing date of June 25, 1907, was entered into between the Company and the City, giving the consent of the City to said alteration of its routes and extending the time within which to complete twenty-four miles of double track railway eighteen months from the date of the execution of said contract by the Mayor; and

Whereas, On November 12, 1908, the Company petitioned the Board for a further extension of time within which to complete its railway; and

Whereas, On December 11, 1908, a resolution was adopted by the Board which further extended the time within which to complete twenty-four miles of railway to and including June 27, 1909; and

Whereas, Under date of June 23, 1908, the Company petitioned the Board to be relieved from the obligation of making the annual payments for the use of the bridges across the Harlem River specified in section 2, fourth, of said ordinance, and also from all other payments specified in section 2, fourth, of said ordinance, excepting such sums as shall be equal to 3 per cent. of its gross annual receipts during the first five years and 5 per cent. thereafter;

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby consents, subject to the conditions and provisions hereinafter set forth, to the change or amendments to the said right or franchise, as expressed in said ordinance adopted by the Board of Aldermen on March 16, 1903, and approved by the Mayor on March 31, 1903, as amended by said contract bearing date of June 25, 1907, said changes or amendments to be as follows:

1. Section 1 as contained in said ordinance, and amended by said contract shall be amended to read as follows:

"Section 1. The City hereby grants to the New York City Interborough Railway Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railway, with all connections, turnouts, switches, crossovers, and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully employed upon the same, in, upon and along the following named streets, avenues, parkways, highways, public places, bridges and viaducts and crossing intersecting streets and highways, all situated in the Boroughs of Manhattan and The Bronx, City, County and State of New York, namely:

"First—Commencing at a point on the One Hundred and Fifty-fifth street viaduct, between Bradhurst and Eighth avenues and on a line parallel with the westerly line of the Manhattan Elevated Railway Company's station at Eighth avenue and One Hundred and Fifty-fifth street; running thence easterly and along said viaduct to the Central or Macombs Dam Bridge; thence running northerly upon and along said bridge to the westerly approach thereof known as the Sedgwick avenue approach, formerly called Ogden avenue approach thereof in the Borough of The Bronx; thence northerly on and along said approach to its intersection with Jerome avenue; thence northeasterly on and along Ogden avenue to its intersection with Aqueduct avenue; thence northeasterly on and along Aqueduct avenue to Kingsbridge road; thence westerly on and along Kingsbridge road to Sedgwick avenue; thence northeasterly on and along Sedgwick avenue to Boston avenue; thence northeasterly on and along Boston avenue to Heath avenue or Fort Independence street; thence westerly on and along Heath avenue or Fort Independence street to Fort Independence street; thence northerly on and along Fort Independence street to Bailey avenue; thence northerly on and along Bailey avenue to East Two Hundred and Thirty-eighth street; thence northerly on and along East and West Two Hundred and Thirty-eighth street to Broadway.

"Second—Commencing at the Rapid Transit station, at the intersection of West One Hundred and Eighty-first street with St. Nicholas avenue, in the Borough of Manhattan; thence on and along said West One Hundred and Eighty-first street in an easterly direction to Washington Bridge; thence along and over Washington Bridge easterly to Tremont avenue, Borough of The Bronx; thence northeasterly on and along Aqueduct avenue to Tremont avenue; thence easterly on and along Tremont avenue as it winds and turns to the Transverse road under the Grand Boulevard and Concourse connecting said Tremont avenue; thence easterly on and along the transverse road under the Grand Boulevard and Concourse again to Tremont avenue; thence easterly on and along Tremont avenue to Webster avenue; thence northeasterly on and along Webster avenue upon the tracks of the Union Railway Company of New York City to East One Hundred and Eighty-eighth street; thence easterly on and along said East One Hundred and Eighty-eighth street to Southern boulevard.

"Third—Commencing at the intersection of Broadway and Muscota street; thence easterly on and along Muscota street to Kingsbridge road; thence on and along Kingsbridge road over the proposed viaduct or bridge crossing the railroad tracks of the New York and Putnam Railroad Company and the New York Central and Hudson River Railroad Company and across Spuyten Duyvil Creek to and still easterly on and along Kingsbridge road as the same winds and turns to its intersection with the transverse road under the Grand Boulevard and Concourse connecting said Kingsbridge road; thence easterly on and along said transverse road again to Kingsbridge road; thence southerly and easterly on and along Kingsbridge road to its intersection with Third and Pelham avenues; thence on and along Third avenue southerly to East One Hundred and Eighty-ninth street; thence southeasterly on and along East One Hundred and Eighty-ninth street to Beaumont avenue; thence northeasterly on and along Beaumont avenue again to East One Hundred and Eighty-ninth street; thence easterly on and along East One Hundred and Eighty-ninth street to Southern

boulevard; thence southerly on and along Southern boulevard to East One Hundred and Eighty-ninth street; thence southeasterly on and along East One Hundred and Eighty-ninth street to Boston road; thence southerly on and along Boston road to East One Hundred and Seventy-seventh street; thence easterly on and along West Farms road or East One Hundred and Seventy-seventh street to and across the Eastern boulevard again to East One Hundred and Seventy-seventh street; thence easterly on and along East One Hundred and Seventy-seventh street to and ending at Locust Point on Long Island Sound.

"Fourth—Commencing at West One Hundred and Forty-fifth street, west of Lenox avenue, Borough of Manhattan; running thence easterly on and along said West One Hundred and Forty-fifth street to and over the One Hundred and Forty-fifth Street Bridge over the Harlem River to East One Hundred and Forty-ninth street, Borough of The Bronx; thence in an easterly direction on and along said East One Hundred and Forty-ninth street to St. Ann's avenue; thence northerly on and along St. Ann's avenue to East One Hundred and Fifty-sixth street, thence easterly on and along said East One Hundred and Fifty-sixth street to its intersection with Leggett avenue or Craven street; thence southerly and easterly on and along Leggett avenue or Craven street to its intersection with Dawson street; thence southeasterly on and along Leggett avenue to its intersection with Randall avenue; thence easterly on and along Randall avenue to the Bronx River.

"Fifth—Commencing at Dongan street and Intervale avenue, Borough of The Bronx; running thence easterly on and along Dongan street to Southern boulevard and Hunts Point road; thence southeasterly on and along Hunts Point road to Long Island Sound."

2. The fourth subdivision of section 2 of said ordinance shall be amended to read as follows: "The New York City Interborough Railway Company, its successors or assigns, shall pay for this franchise to The City of New York the following sums of money:

"During the first period of this franchise ending on September 30, 1907, an annual sum which shall in no case be less than fifteen thousand dollars (\$15,000) and shall be equal to three per cent. of its gross annual receipts, if such percentage shall exceed the sum of fifteen thousand dollars (\$15,000).

"During the remainder of the original term of twenty-five years of this franchise an annual sum which shall not be less than eight thousand five hundred dollars (\$8,500), and which shall be equal to five per cent. of its gross annual receipts if such percentage shall exceed the sum of eight thousand five hundred dollars (\$8,500).

"In addition to the above, the Company shall pay for the use of the three bridges above described, during the first period of this franchise ending on September 30, 1907, the annual sum of four thousand dollars (\$4,000) for each bridge.

"During the succeeding period beginning on September 30, 1907, and ending ten years from the date of this franchise, an annual sum of two thousand two hundred and fifty dollars (\$2,250) for each bridge.

"During the succeeding five years of this franchise an annual sum of two thousand five hundred dollars (\$2,500) for each bridge.

"During the succeeding five years of this franchise an annual sum of two thousand seven hundred and fifty dollars (\$2,750) for each bridge, and

"During the remaining five years of this franchise an annual sum of three thousand dollars (\$3,000) for each bridge.

"Such sums shall be paid into the treasury of The City of New York on November 1 in each year, after the commencement of the operation of any portion of the railroad; provided, however, that the first payment shall only be for that proportion of the above sums as the time of the commencement of operation of any portion of the road, before September 30 next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law, as it now exists or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successors or assigns, of a percentage of gross receipts within the meaning of any general or special statute, referring particularly to chapter 340 of the Laws of 1892."

3. Section 6 of said ordinance shall be amended to read as follows:

"The Company shall complete the construction and put in operation a railway upon the entire length of each of the routes hereinafter described on or before March 24, 1912, otherwise the franchise right and privilege to construct such railway upon the routes or portions of routes not then constructed and in full operation shall cease and determine."

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The Company covenants and agrees to abandon and relinquish, and does hereby abandon and relinquish to the City all its right and franchises to construct, maintain and operate a street surface railway over the routes, or portions of routes, described in section 1 of said ordinance, approved by the Mayor on March 31, 1903, and amended by contract bearing date of June 25, 1907, but not described in section 1 of said ordinance as amended by this contract, and the Company shall, within one year from the date on which this contract is signed by the Mayor, comply with the provisions of law in regard to the abandonment of the routes, or portions of routes, so abandoned and relinquished, and remove therefrom any and all existing tracks of the Company, otherwise this contract shall be void and of no effect.

Second—This contract shall not become effective unless within thirty (30) days from the date hereof the Company shall pay to the City all sums due pursuant to the fourth subdivision of section 2 of said ordinance, approved by the Mayor on March 31, 1903, as hereby amended.

Third—All the terms and conditions contained in the said ordinance, approved by the Mayor March 31, 1903, as modified or amended by contract bearing date of June 25, 1907, excepting those which are herein amended or modified, shall remain unchanged, and shall apply to the routes herein described in section 1 of this contract with the same force and effect as when they applied to the routes described in said ordinance, approved March 31, 1903, as amended by said contract bearing date of June 25, 1907, and as though the routes herein described had been specifically described in said ordinance.

Sec. 3. The Company promises, covenants and agrees, on its part and behalf, to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly author-

ized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

..... Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by the New York City Interborough Railway Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of the Board, shall be published for at least twenty (20) days immediately prior to Friday, July 2, 1909, in the City Record, and at least twice during the ten days immediately prior to Friday, July 2, 1909, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the New York City Interborough Railway Company, together with the following notice, to wit:

Notice is hereby given, that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York City Interborough Railway Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, July 2, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That previous to the publication of the resolution, form of contract and notice of hearing thereon, the form of contract be referred to the Corporation Counsel for approval as to form and to incorporate therein such matter as he may deem advisable to fully protect the interests of the City,

New York "Sun" and New York "Tribune" designated.

JOSEPH HAAG, Secretary.

Various Boroughs.

No. 7. FOR FURNISHING AND DELIVERING NEW PIANOS FOR VARIOUS SCHOOLS IN THE BOROUGH OF MANHATTAN, THE BRONX, BROOKLYN, QUEENS AND RICHMOND.

The time allowed to complete the whole work will be one hundred and thirty (130) working days, as provided in the contract.

The amount of security required is One Hundred Dollars (\$100) per instrument on each item.

Bids will be considered by the Committee only when made by manufacturers.

Bidders must indicate on the outside of the envelope containing the bids the number of instruments bid for under each item.

Bidders must state in the bid what action is to be supplied.

A separate proposal must be submitted for each school and award will be made thereon.

IMPORTANT.

Each bid or estimate must be accompanied by a statement, showing the average prices obtained by the bidder in the wholesale trade, exclusive of sales to his own retail stores for instrument of like grade, size and quality as those he at this time bids for. The average to be compiled from wholesale sales made, as aforesaid, during the three months next prior to the date of the bid.

This statement shall be in the form of an affidavit, executed before a notary public, and made by one of the firm submitting the bid, and shall be certified to by a certified public accountant, who shall certify that the prices quoted are true without discount or rebate, and in accordance with the foregoing paragraph.

The statement shall be placed in a sealed envelope which shall be marked "Price List," and shall have on the outside the name of the bidder. This shall be enclosed in the envelope containing the bid at the time that same is submitted to the bid clerk.

The statements which are so submitted are for the information of the Committee on Buildings and will not under any circumstances be made public without the written consent of the bidder.

Any bid or estimate which is not accompanied by such a statement as is hereinbefore described

will be considered as informal and invalid and by reason of such failure the said bid or estimate so unaccompanied will be so adjudged and treated.

Blank forms and specifications may be obtained or seen at the office of the Superintendent at estimating room, ninth floor, Hall of the Board of Education, Park avenue and Fifty-ninth street, Borough of Manhattan.

PUBLIC NOTICE IS HEREBY GIVEN to the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

Borough of Brooklyn.

List 9889, No. 1. Regulating, grading, curbing, laying brick gutters and cement sidewalks on Ninety-third street, between Shore road and Third avenue.

List 9899, No. 2. Regulating, grading, curbing and laying cement sidewalks in Etna street, from Dresden street to Hale avenue, and from Norwood avenue to the City line (Elderts lane).

List 456, No. 3. Paving Vanderbilt street, between Eighteenth street and Gravesend avenue.

List 457, No. 4. Erecting wooden rail fences on the north side of Atlantic avenue, between Nostrand and New York avenues; also between New York and Brooklyn avenues; north side of Dean street, between Troy and Albany avenues; southwest corner of Troy avenue and Pacific street; north side of St. Marks avenue, between Albany and Troy avenues; both sides of St. Johns place, between Albany and Troy avenues; south side of Lincoln place, between Nostrand and Rogers avenues.

List 564, No. 5. Sewer in Eighty-fifth street, between Third and Fourth avenues, and in west side of Fourth avenue, between Eighty-second and Eighty-sixth streets.

List 569, No. 6. Sewer in Fifty-ninth street, between Seventh and Eighth avenues.

List 570, No. 7. Sewer in Lexington avenue, south side, from Ralph avenue westerly to existing sewer.

List 604, No. 8. Sewer in Brooklyn avenue, between Avenue C and Canarsie lane.

List 605, No. 9. Sewers in Battery avenue and Dahlgren place, between Eighty-eighth and Ninetieth streets, and outlets between Ninetieth and Ninety-second streets.

List 607, No. 10. Sewer in East Twenty-second street, between Beverley road and Duryea place.

List 614, No. 11. Sewer in Fifty-first street, between First and Second avenues.

List 619, No. 12. Sewer basin at the northwest corner of Norman avenue and Jewell street.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Ninety-third street, from Shore road to Third avenue, and to the extent of half the block at the intersecting streets.

No. 2. Both sides of Etna street, from Dresden street to Hale avenue, and from Norwood avenue to the City line (Elderts lane), and to the extent of half the block at the intersecting streets.

No. 3. Both sides of Vanderbilt street, from Eighteenth street to Gravesend avenue, and to the extent of half the block at the intersecting streets.

No. 4. North side of Atlantic avenue, between Nostrand avenue and Brooklyn avenue, Lots Nos. 79 and 80 of Block 1867, and Lot No. 80 of Block 1868; north side of Dean street, between Troy avenue and Albany avenue, and southwest corner of Pacific street and Troy avenue, Lots Nos. 38, 50 and 51 of Block 1340; north side of St. Marks avenue, between Albany and Troy avenues, Lot No. 60 of Block 1352; both sides of St. Johns place, between Albany and Troy avenues, Lot No. 20 of Block 1382, and Lot No. 59 of Block 1376; south side of Lincoln place, between Rogers and Nostrand avenues, Lots Nos. 11 and 46 of Block 1261.

No. 5. West side of Fourth avenue, from Eighty-first street to Eighty-sixth street; both sides of Eighty-second, Eighty-third, Eighty-fourth and Eighty-fifth streets, between Third and Fourth avenues.

No. 6. Both sides of Fifty-ninth street, from Seventh avenue to Eighth avenue.

No. 7. South side of Lexington avenue, from Ralph avenue to a point about 300 feet westerly.

No. 8. Both sides of Brooklyn avenue, from Avenue C to Canarsie lane.

No. 9. Both sides of Battery avenue and Dahlgren place, from Eighty-sixth street to Ninety-second street; south side of Eighty-sixth street, both sides of Eighty-eighth and Ninetieth streets, from Gatling place to Parrott place.

No. 10. Both sides of East Twenty-second street, between Beverley road and Duryea place, and south side of Duryea place, between East Twenty-second street and Flatbush avenue.

No. 11. Both sides of Fifty-first street, from First avenue to Second avenue.

No. 12. North side of Norman avenue, from Jewell street to Diamond street; west side of Jewell street, between Norman avenue and Meserole avenue.

All persons whose interests are affected by the above named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before July 20, 1909, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

ANTONIO ZUCCA,
PAUL WEIMANN,
JAMES H. KENNEDY,
Board of Assessors.

WILLIAM H. JASPER, Secretary.

FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to the dock or wharf property known as GOUVERNEUR SLIP PIER WEST, formerly known as Pier (old) No. 51, East River, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof, not now owned by The City of New York, for the improvement of the water-front of The City of New York, on the East River, pursuant to the plan heretofore adopted by the Board of Docks, and approved by the Commissioners of the Sinking Fund.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands, pier or wharf property, and all persons interested therein, or in any rights, privileges or interests pertaining thereto, affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment and that all persons interested in this proceeding or in any of the uplands, lands, lands under water, premises, buildings, tenements, hereditaments, pier and wharf property affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us, at our office, Room No. 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of July, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of July, 1909, at 2 o'clock in the afternoon of that day.

Second—That the abstract of our said estimate and assessment, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, at the office of said Bureau, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of July, 1909.

Third—That our report herein will be presented to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 26th day of July, 1909, at the opening of the court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Fourth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, June 24, 1909.

GEORGE H. ENGEL, Chairman;
NATHAN FERNBACHER,
SAMUEL SANDERS,
Commissioners.

JOSEPH M. SCHENCK, Clerk.

j25,jy13

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of TRAFALGAR PLACE, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above entitled matter, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Court House, in the Borough of Manhattan, in The City of New York, on the 8th day of July, 1909, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by law.

Dated Borough of Manhattan, New York, June 24, 1909.

WALLACE S. FRASER,
WM. GARROW FISHER,
ANDREW J. TIMONEY,
Commissioners of Estimate;

WALLACE S. FRASER,
Commissioner of Assessment.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired to the lands, tenements and hereditaments required for the opening and extending of TREMONT AVENUE (One Hundred and Seventy-seventh street) (although not yet named by proper authority), from the eastern end of the proceeding now pending on that avenue at the Eastern boulevard to Fort Schuyler road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above entitled matter, up to and including June 2, 1909, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Court House, in the Borough of Manhattan, in The City of New York, on the 29th day of June, 1909, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon, and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by law.

required by the provisions of section 999 of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated Borough of Manhattan, New York, June 16, 1909.

TIMOTHY POWER,
M. J. MACK,
SIDNEY B. HICKOX,
Commissioners.

JOHN P. DUNN, Clerk.

j16,26

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the widening of THIRD AVENUE, opposite East One Hundred and Fifty-ninth street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of July, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 9th day of July, 1909, at 11 o'clock a. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 17th day of July, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly line of East One Hundred and Fifty-sixth street with the easterly line of Melrose avenue; running thence northerly along the easterly line of Melrose avenue to its intersection with the southerly line of East One Hundred and Sixty-third street; thence easterly along the southerly line of East One Hundred and Sixty-third street to its intersection with the westerly line of Eagle avenue; thence southerly along the westerly line of Eagle avenue to its intersection with the northerly line of East One Hundred and Fifty-sixth street; thence westerly along the northerly line of East One Hundred and Fifty-sixth street to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 11th day of October, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of supplemental and amended estimate and assessment, the notice of motion to confirm our final supplemental and amended report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, June 14, 1909.

JOSEPH G. GAY, Chairman;
PETER L. MULLALLY,
PIERRE G. CARROLL,
Commissioners.

JOHN P. DUNN, Clerk.

j16,jy3

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to all such real estate and to any right, title and interest therein not owned by The City of New York, which shall be embraced within the lines of RIVERSIDE DRIVE AND PARKWAY (although not yet named by proper authority), from One Hundred and Thirty-fifth street to the Boulevard Lafayette, in the Twelfth Ward, Borough of Manhattan, in The City of New York, as laid out and established by the Board of Street Opening and Improvement, in pursuance of chapter 665 of the Laws of 1897.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of July, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 9th day of July, 1909, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 16th day of July, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and

hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly line of the right of way of the Hudson River Railroad Company and the middle line of the blocks between West Seventy-first and West Seventy-second streets; running thence easterly along the centre line of the blocks between West Seventy-first street and West Seventy-second street and said line prolonged easterly to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Eighth avenue, or Central Park West; thence northerly and parallel with Eighth avenue, or Central Park West, and 100 feet easterly therefrom to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of Cathedral parkway; thence westerly along said line parallel to Cathedral parkway to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Manhattan avenue; thence northerly along said line parallel to Manhattan avenue and along a line parallel to St. Nicholas avenue, and distant 100 feet easterly therefrom to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Thirty-fifth street; thence westerly along said line parallel to West One Hundred and Thirty-fifth street to the easterly line of Edgecombe avenue; thence northerly along the easterly line of Edgecombe avenue to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of St. Nicholas avenue; thence northerly along said line parallel to St. Nicholas avenue to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Fifty-fifth street; thence westerly along said line parallel to West One Hundred and Fifty-fifth street to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Amsterdam avenue; thence still northerly along said line parallel to Amsterdam avenue to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Eighty-fifth street; thence westerly along said line parallel to West One Hundred and Eighty-fifth street to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence northerly along said line parallel to Broadway to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Sherman avenue; thence in a northerly direction along said line parallel to Sherman avenue to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of Dyckman street; thence in an easterly direction along said line parallel to Dyckman street to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Nagle avenue; thence in a northerly direction along said line parallel to Nagle avenue to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West Two Hundred and Fifth street; thence easterly along said line parallel to West Two Hundred and Fifth street to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Tenth avenue; thence northerly along said line parallel to Tenth avenue to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence in a northerly direction along said line parallel to Broadway to its intersection with the southerly line of the Harlem River (Ship Canal); thence westerly along said southerly line of the Harlem River (Ship Canal) to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of Seaman avenue and along a line parallel to and distant 100 feet westerly from the westerly line of that portion of Bolton road, as proposed, lying between Dyckman street and Academy street, to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of Dyckman street; thence westerly along said line parallel to Dyckman street to its intersection with the easterly line of the right of way of the Hudson River Railroad Company; thence southerly along the said easterly line of the right of way of the Hudson River Railroad Company to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Fifty-eighth street; thence easterly along said line parallel to West One Hundred and Fifty-eighth street to its intersection with the westerly line of Riverside drive; thence southerly along said westerly line of Riverside drive to its intersection with the easterly line of the right of way of the Hudson River Railroad Company at West One Hundred and Fifty-fifth street; thence southerly along said easterly line of the right of way of the Hudson River Railroad Company to its intersection with the westerly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Thirty-fifth street; thence easterly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of Broadway; thence southerly along said line parallel to Broadway to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Twenty-seventh street; thence westerly along said line parallel to West One Hundred and Twenty-seventh street to its intersection with the westerly line of Riverside drive; thence northerly along said westerly line of Riverside drive to its intersection with the southerly line of West One Hundred and Twenty-ninth street; thence westerly along said southerly line of West One Hundred and Twenty-ninth street to its intersection with the easterly line of the right of way of the Hudson River Railroad Company; thence southerly along said easterly line of the right of way of the Hudson River Railroad Company to its intersection with the middle line of the blocks between West Seventy-first street and West Seventy-second street, the point or place of beginning.

Fourth—That, provided there be no objections filed to said abstract, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 15th day of October, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment, the notice of motion to confirm our final last partial and separate report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, June 12, 1909.

JOHN P. O'BRIEN, Chairman;
FRANK R. HOUGHTON,

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening and extending the approach to MANHATTAN BRIDGE (Bridge No. 3), as laid out by the Board of Estimate and Apportionment on the 29th day of May, 1903, in the Fourth, Fifth and Eleventh Wards, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT THE last partial and separate final report of the Commissioners of Estimate and Assessment in the above entitled matter will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 28th day of June, 1909, at 10.30 o'clock in forenoon of that day, and that the said report has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of five days, as required by law.

Dated Borough of Brooklyn, New York, June 22, 1909.

ARTHUR C. SALMON,
JOHN W. DEVOY,
Commissioners of Estimate and Assessment.
JAMES F. QUIGLEY, Clerk.

j22,26

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of NEWTOWN AVENUE (although not yet named by proper authority), from Flushing avenue to Grand avenue, in the First Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 29th day of April, 1909, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, in The City of New York, on the 3d day of May, 1909, a copy of which order was duly filed in the office of the Clerk of the County of Queens, we, George A. Gregg, Theodore P. Wilsnack and Robert R. Wilkes, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 3d day of May, 1909; and the said George A. Gregg was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment

being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 3d day of May, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, with such affidavit and other proof as the said owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of July, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, June 21, 1909.

GEO. A. GREGG,
ROBERT R. WILKES,
THEODORE P. WILSNACK,
Commissioners.

JOHN P. DUNN, Clerk.

j21,jy3

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of NINETEEN FIRST STREET, from First avenue to Fifth avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our amended and supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 30th day of June, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of July, 1909, at 2 o'clock p. m.

Second—That the abstracts of our said amended and supplemental estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 19th day of July, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of First avenue distant 100 feet northerly of the northerly side of Ninety-first street; running thence easterly and parallel with Ninety-first street to the westerly side of Third avenue; running thence southerly along the westerly side of Third avenue to the center line of the block between Ninety-first street and Ninety-second street; running thence westerly and along the center line of the block between Ninety-first street and Ninety-second street to the easterly side of First avenue; running thence northerly along the easterly side of First avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 18th day of August, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, June 18, 1909.

HORATIO C. KING, Chairman;

A. C. DeGRAW, Commissioners.

JAMES F. QUIGLEY, Clerk.

j18,29

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening and extending AVENUE V, from Ocean avenue to Ocean parkway, and from Stillwell avenue to Eighty-sixth street, omitting that portion of Avenue V lying between the westerly boundary of the Brooklyn and Brighton Beach Railroad and the westerly side of East Sixteenth street, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York, as the same has been heretofore laid out.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, at a Special Term thereof to be held for the hearing of motions, at the Kings County Court House, in the Borough of Brooklyn, in The City of New York, on the 29th day of

June, 1909, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of ten days, as required by the provisions of section 999 of title 4 of chapter 17 of chapter 378 of the Laws of 1897, as amended by chapter 466 of the Laws of 1901.

Dated Borough of Brooklyn, New York, June 16, 1909.

MICHAEL F. MCGOLDRICK,
BETRAM MANNE,
JOHN B. BYRNE, JR.,
Commissioners.

JAMES F. QUIGLEY, Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening and extending EIGHTY-FOURTH STREET, from First avenue to Fourth avenue; from Seventh avenue to Tenth avenue, and from Twelfth avenue to Eighteenth avenue, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York, as the same has been heretofore laid out.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, at a Special Term thereof to be held for the hearing of motions, at the Kings County Court House, in the Borough of Brooklyn, in The City of New York, on the 29th day of June, 1909, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of ten days, as required by the provisions of section 999 of title 4 of chapter 17 of chapter 378 of the Laws of 1897, as amended by chapter 466 of the Laws of 1901.

Dated Borough of Brooklyn, New York, June 16, 1909.

WALTER E. PARFITT,
THOMAS H. STEWART,
WM. B. GREEN,
Commissioners.

JAMES F. QUIGLEY, Clerk.

j16,26

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of THE PUBLIC PARK, bounded by Congress avenue, Myrtle avenue and Leavitt street, in the Third Ward, Borough of Queens, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, Long Island City, Borough of Queens, in The City of New York, on or before the 10th day of July, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 12th day of July, 1909, at 3.30 o'clock p. m.

Second—That the abstracts of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, Long Island City, in the Borough of Queens, in said City, there to remain until the 10th day of July, 1909.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 16th day of September, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, June 4, 1909.

JOSEPH FITCH, Chairman;
JOHN J. TRAPP,
ENOCH P. LAWRENCE,
Commissioners.

JOHN P. DUNN, Clerk.

j15,jy3

SECOND DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain lands, premises, rights and property necessary to be taken for the improvement of the waterfront of The City of New York, for ferry purposes between the southerly line of Thirty-eighth street prolonged, the southerly line of Second avenue, and the pierhead line established by the Secretary of War in 1890, in the Borough of Brooklyn, in The City of New York.

NOTICE IS GIVEN TO ALL PERSONS INTERESTED in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before July 1, 1909, and that the said Commis-

sioners will hear parties so objecting, and for that purpose will be in attendance in their said office on July 2, 1909, at 2 o'clock p. m.

Second—That the abstract of said estimate of damage, together with the damage map and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until August 5, 1909.

Third—That provided there be no objections filed to said abstract, the report as to awards herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on August 17, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to the foregoing abstract of estimate of damage, the motion to confirm the report as to awards shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final report, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, June 12, 1909.

WILLIAM BERRI, Chairman;
EVERETT GREENE,
HENRY F. COCHRANE,
Commissioners.

GEORGE T. RIGGS, Clerk.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereto at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
