MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 3399.

City of New York, Office of the Mayor, April 25, 1911.

To the President of the Board of Aldermen:

Sir—I am directed to inform you that the Mayor has appointed a Citizen's Committee, composed of five persons, to investigate the conditions of the moving picture shows now operating by license from the Mayor.

As soon as this Committee has the matter in hand, it would like to co-operate and confer with the Committee of the Board of Aldermen, which has the question of ordinances for these houses in charge. Respectfully,

WM. B. CROWELL, Assistant Corporation Counsel, Office of the Mayor.

Which was referred to the Special Committee on Investigation of Law Applicable to Moving Picture Shows.

The President laid before the Board the following message from his Honor the Mayor:

No. 3400.

City of New York, Office of the Mayor, April 24, 1911.

To the City Clerk, City of New York:

Sir—The Mayor directs me to transmit to you herewith, for consideration by your Board, a communication from the Department of State, Washington, transmitting a copy of a resolution adopted by the Council of the City and County of Bristol, England, regarding the recent fire in Washington place, this City.

The resolution expresses the sympathy of the Council of the City and County of Bristol with the citizens of New York and the families of the victims of the disastrous fire. Respectfully, ROBERT ADAMSON, Secretary.

Department of State, Washington, April 20, 1911.

His Honor, the Mayor of New York City:

Sir—The Department has received your letter of the 15th instant with reference to a resolution adopted by the Council of the City and County of Bristol England, in connection with the recent factory fire in New York City, a copy of which was inadvertently omitted from the Department's letter to you, dated April 14.

I enclose a copy of the resolution which was forwarded by the American Consul at Bristol, England, together with a copy of his acknowledgment thereof.

I am sir, your obedient servant,

For MR. KNOX:

WILBUR T. CARR, Director of the Consular Service.

(Copy.)

The Council House, Bristol, 28th March, 1911.

Dear Sir—I beg to inform you that the Council of the City and County of Bristol, at their meeting this day, passed the following resolution, which I shall be glad if you will submit in the proper quarters, viz.:

"That this Council desire to express their sincere sympathy with the citizens of New York and the families affected by the disastrous fire which has resulted in such a lamentable loss of life amongst the factory workers in that City."

Yours faithfully, (Signed) EDMUND J. TAYLOR, Town Clerk.

Homer M. Byington, Esq., Consul, United States of America, 50, Queen square.

(Copy.)

American Consular Service, Bristol, England, March 29, 1911.

EDMUND J. TAYLOR, ESQ., Town Clerk, The Council House, Bristol:

Dear Sir—I wish to thank you for your courteous favor of the 28th inst. notifying me of the resolution passed by the Council of the City and County of Bristol at their meeting on that date. I shall immediately forward a copy of your letter to the Department of State for transmission to the Mayor of The City of New York. Yours faithfully, HOMER M. BYINGTON, American Consul.

East Flatbush Taxpayers' Association, Brooklyn, N. Y., April 19, 1911.

Committee on Renaming Streets, Board of Aldermen, New York:

Gentlemen—The undersigned Committee of the East Flatbush Taxpayers' Association, appointed for the purpose, have selected the following names as suitable

for the streets in this vicinity. These are all names of cities, towns or counties in the State of New York, and none are at present in use. As some of the streets now have names of cities of this State, it was thought best to keep to this same plan as likely to cause less confusion. We would suggest the following names, to be used in this order: E. 37th to be Ontario st.; E. 38th to be Ulster st.; E. 39th to be Elmira st.; E. 40th to be Ithaca st.; E. 42d to be Lansing st.; E. 43d to be Oswego st.; E. 45th to be Rome st.; E. 46th to be Hornell st.; E. 48th to be Oneonta st.; E. 49th to be Batavia st.; E. 51st to be Genesee st.; E. 52d to be Camden st.; E. 53d to be Delaware st.; E. 54th to be Niagara st.; E. 55th to be Oneida st.; E. 56th to be Dunkirk st.; E. 57th to be Corning st.; E. 58th to be Lockport st.; E. 59th to be Stamford st.; Tilden ave. to be Neefus ave.; Beverly road to be Holland ave.

Hoping the foregoing will meet with the approval of your honorable body, we are, respectfully,

JAMES BRISBANE, HENRY HESSION, HENRY ARNOLD, B. E. FREVERT, G. A. SCHRIVER, Chairman.

Which was referred to the Special Committee on Renaming Brooklyn Streets.

No. 3403.

Morris I. Lewin, Counsellor at Law, 320 Broadway, New York, April 22, 1911.
Board of Aldermen, Aldermanic Chambers, City Hall, New York City:

Gentlemen—I have been informed that you are desirous of obtaining a site for the purpose of a Court House to take the place of the Fifth District Magistrate's Court, now located on Manhattan ave. and Powell st., Borough of Brooklyn, New York City, and representing the owners of what I consider a favorable building for that purpose, I beg to offer the same for your consideration.

The property I am referring to is known as Liederkranz Hall, and is located at 152-154 Manhattan ave., in the Borough of Brooklyn, New York City, and occupies the corner of Meserole st. and Manhattan ave., 50 by 100 feet, and is fully built up with a three and one-half story brick fireproof building, and is so built as to be peculiarly fit for the purpose of a Court House; in fact it is so big and arranged that it can be conveniently used for other purposes besides a Court House, such as a station precinct, etc.

If you consider this proposition favorable, I will be glad to furnish you with more detailed information.

Hoping that you will take this matter under advisement, I remain, very truly yours, MORRIS I. LEWIN, Attorney for Owners.

Which was referred to the Committee on Finance.

No. 3404.

The New York Genealogical and Biographical Society, 226 W. 58th st., New York, April 22, 1911.

To the Honorable Board of Aldermen of The City of New York, City Hall, New York City:

Gentlemen—In reference to the letter of Philip Baer laying before your honorable body a proposal to have translated and printed certain Dutch Records of The City of New York, as listed in the report of the minutes of the Board of Aldermen of The City of New York, for April 11, 1911, I have the honor, in the name of this Society, to urge that Mr. Baer's suggestion be favorably considered, and that the appropriation be made at once and a translation and publication carried to completion at the earliest possible moment, in order to preserve these records from any possibility of loss by fire, which can be satisfactorily done only by publication and the consequent placing of the edition in the public libraries of this country.

Very truly yours, JOHN R. TOTTEN, Chairman Executive Committee.

Which was referred to the Committee on Public Printing.

No. 3406.

John J. O'Connell, Counsellor at Law, 31 Nassau st., New York, April 20, 1911.
Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, City Hall, New York City:

Dear Sir—I notice in the newspapers that the Board of Aldermen, at an early date, is going to take up for consideration a new Building Code which will, in all probability, include provisions regarding auxiliary fire appliances in factories, etc.

I am the attorney for a number of piano manufacturers who are being sued for penalties by the Fire Commissioner under orders issued by him directing the installation of automatic sprinklers in their factories.

We are contesting these suits because we believe the Commissioner had no power to make the orders and because we think they are unreasonable. Our contention is, that under section 762 of the Charter, as amended by chapter 466 of the Laws of 1901, plenary powers are given the Board of Aldermen as regards regulations for the prevention and extinguishment of fires, etc.

The testimony in the suits I have already tried (but which are undecided) shows, without contradiction by the Fire Department, that automatic sprinkler plants cost from $10,000 up. There are only five or six concerns in the country whose apparatus is approved, and all are patented. There are about fifty thousand factories in Greater New York not supplied with automatic sprinkler plants. If they are forced to install such plants it means almost half a billion dollars in the pockets of the sprinkler combine.

Besides, there are numerous warehouses and other buildings in the City whose owners are also being coerced into installing sprinklers.

Therefore, not only my clients, but every manufacturer, as well as the public generally, are entitled to a public hearing on this question of sprinklers, to the end that all may know the genesis of this crusade and the motives back of it, and so that factory owners' property may not be confiscated without an opportunity of being heard.

I would respectfully ask, therefore, that I be given an opportunity to submit my clients' views and evidence to the Board when the matter comes up.

Meantime, any data or evidence I have is at your service.

I beg to remain, sir, your obedient servant, J. J. O'CONNELL.

Proposed Ordinance amending the Building Code prepared and presented by a Committee of Citizens.

No. 3407.

AN ORDINANCE amending the Building Code of The City of New York, Part 19 thereof, relating to Fire Appliances, Fire Escapes, Fire Prevention, Fireproof Shutters and Doors, and Fireproof Buildings.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That section 102 of the Code of Ordinances of The City of New York, known as the Building Code, be and it is hereby amended to read as follows:

In no building now erected or hereafter to be erected shall more than twenty-five persons be employed or permitted to work at any one time on any floor above the second story from the street unless such building is provided with a four-inch standpipe, running from cellar to roof, with one two-way three-inch Siamese connection to be placed on street above the curb level, and with one two-and-one-half-inch outlet, with hose attached thereto on each floor, placed as near the stairs as practicable. In every building now erected, unless already provided with a three-inch or larger vertical pipe, which exceeds 100 feet in height, and in every building hereafter to be erected exceeding 85 feet in height, and when any such building does not exceed 150 feet in height, it shall be provided with a four-inch standpipe, running from cellar to roof, with one two-way three-inch Siamese connection to be placed on street above the curb level, and with one two-and-one-half-inch outlet, with hose attached thereto on each floor, placed as near the stairs as practicable; and all buildings now erected, unless already provided with a three-inch or larger vertical pipe, or hereafter to be erected, exceeding 150 feet in height, shall be provided with an auxiliary fire apparatus and appliances, consisting of water tank on roof, or in cellar, standpipes, *and on each floor,* hose nozzles, wrenches, fire extinguishers, *automatic fire alarms, water-filled buckets,* hooks, axes, and *also with* such other appliances as may be required by the Fire Commissioner, all to be of the best material and of the sizes, patterns and regulation kinds used and required by the Fire Department. In every such building a steam or electric pump and at least one passenger elevator shall be kept in readiness for immediate use by the Fire Department during all hours of the night and day, including holidays and Sundays. The said steam or electric pumps, if located in the lowest story, shall be placed not less than two feet above the floor level. All the wires and cables which supply power to the electric pumps shall be covered with fireproof material, or protected in such other manner as to prevent the destruction or damage of said cables and wires by fire. The boilers which supply power to the passenger elevators and steam or electric pumps, if located in the lowest story, shall be so surrounded by a dwarf brick wall laid in cement mortar, or other suitable permanent waterproof construction, as to exclude water to the depth of two feet above the floor level from flowing into the ash pits of said boilers. When the level of the floor of the lowest story is above the level of the sewer in the street a large cesspool shall be placed in said floor and connected by a four-inch cast-iron drain pipe with the street sewer. Standpipes shall not be less than six inches in diameter for all buildings exceeding 150 feet in height. All standpipes shall extend to the street and there be provided at or near the sidewalk level with the Siamese connections. Said standpipes shall also extend to the roof. Valve outlets shall be provided on each and every story, including the basement and cellars, *and sub-cellars* and on the roof. All *fire escapes, exits,* valve, hose, tools and other appliances, *and all other means of fire prevention and safety in this code* provided for in this section, shall be kept in perfect working order, and once a month *the Fire Commissioner shall cause a thorough inspection of the same to be made* to see that all valves, hose and other appliances are in perfect working order and ready for immediate use by the Fire Department. *It shall be the duty of the Fire Commissioner to cause an inspection of all other buildings than those of the class hereinabove described at least twice in every year, and in buildings of any kind in which there are found accumulations of rubbish or other inflammable material or or about the cellar, sub-cellar or basement, stairways or hallways, if such accumulations of inflammable material are, in the opinion of the Fire Commissioner, dangerous, it shall be the duty of the Fire Commissioner to order the removal of the same, either by notice personally served upon the owner of the building or, if the building be occupied, by notice served upon any tenant or posted in the main entrance hall of the building, and if such order is not fully complied with within 48 hours after such service of such notice, then it shall be the duty of the Fire Commissioner and he is hereby authorized and empowered to cause such rubbish and other inflammable material to be removed at the cost of the owner of the building, and unless such cost is paid within thirty days after demand it shall become a lien upon the property in the same manner and to the same extent as a tax lien. The name of the owner of every building used in whole or in part for manufacturing purposes, shall at all times be posted in a conspicuous place in the main hallway of said building, and the name of each tenant therein or lessee thereof, shall be at all times posted on the outside of the doors opening into the premises occupied by them. In no building now erected or hereafter to be erected shall more than twenty-five persons be employed or permitted to work at any one time on any floor unless each employer shall cause to be removed daily all accumulations of clippings, trimmings, waste and rubbish incident to the business carried on and shall cause such accumulations of clippings, trimmings, waste and rubbish to be stored in fireproof receptacles and removed from the building every 48 hours; or unless each such employer shall cause all doors leading to exits from the premises occupied by such employer to be unlocked at all times during which persons are at work therein and unless the owner of the building shall cause all stairs and hallways to be kept thoroughly clean and free from accumulations of rubbish and other obstructions and shall cause all doors leading to fire escapes to open outward, and all doors leading to other exits either to open outward or to be hung so as to slide easily along the side of the room, said doorways to be not less than four feet wide, and provide either automatic or a manual shut-off gas valve to be placed near and back of the gas meter, if any in the building. In all such buildings gas meters shall be connected with the street mains by iron pipes.* If any of the buildings *in which standpipes are required, as hereinabove provided,* extend from street to street, or form an L shape, they shall be provided with standpipes for each street frontage. In such buildings as are used or occupied for business or manufacturing purposes there shall be provided, in connection with said standpipe or pipes, two-and-one-half-inch perforated iron pipes placed on and along the ceiling line of each floor below the first floor, and extending to the full depth of the building. Said perforated pipe shall be provided with a valve placed at or near the standpipe, so that water can be let into same when deemed necessary by the firemen, or in lieu of such perforated pipes automatic sprinklers may be put in. When the building is twenty-five feet or less in width two lines of perforated pipe shall be provided, and one line additionally for each twelve and one-half feet, or part thereof, that the building is wider than twenty-five feet. A suitable iron plate with raised letters shall be fastened to the wall near said standpipe, to read: "This standpipe connects to perforated pipes in the cellar." *In all buildings used for manufacturing purposes every machine therein in which oil is used for lubrication or other purposes and every machine about which fire is used, shall be set on fireproof material. In all such buildings if the floor is of wood, metal sheathing shall be placed under all machines in such manner that no oil shall reach the floor.. Any person, whether owner, lessee or tenant, upon whom a duty is enjoined by this section, who shall violate any requirement or provision in this section contained, shall be guilty of a misdemeanor punishable by a fine not exceeding five hundred dollars or by imprisonment not exceeding one year, or both fine and imprisonment.*

That section 103 of the Code of Ordinances of The City of New York, known as the Building Code, be and it is hereby amended to read as follows:

In no building now erected or hereafter to be erected, used either in whole or in part for commercial or manufacturing purposes, shall more than twenty-five persons be employed or permitted to work at any time on any floor above the second story from the street unless such building shall be provided and equipped with two independent means of exit from each floor in addition to outside fire escapes of the ordinary kind, which two independent means of exit shall either be provided in one or more of the ways hereinafter described as (A), (B) and (C).

(A) On each floor above the fifth story there shall be a passageway from such building to another contiguous or nearby building, by means of outside balconies or bridges, and at least two windows opening upon each such balcony or bridge shall extend down to the floor.

(B) Buildings shall be divided from cellar to roof into two or more sections by the erection of fire-resisting walls or partitions, and each section shall have its own separate stairs from roof to ground and at least four feet wide, with treads not less than seven inches wide in the narrowest part. Access from one section to another at each story above the ground floor shall be provided by outside balconies or through fireproof vestibules. No partition shall be erected within five feet of exit doors leading to stairways or elevators.

(C) Buildings shall be equipped and provided with a stairway completely surrounded from top to bottom by fire-resisting materials, reached at each story only by outside balconies or bridges, and having an outside doorway at the ground. Such stairways shall be built either within the building or in turrets or towers attached to or separate from the building, or, when such safety stairway follows a blank wall and is, in the judgment of the Fire Commissioner, sufficiently distant from windows, it may be enclosed by a wire netting. Such stairways shall be at least four feet wide, with treads not less than seven inches wide in the narrowest part. Inclined spiral chutes may be substituted for stairways in such turrets or towers.

Every dwelling-house occupied by or built to be occupied by three or more families, and every building already erected, or that may hereafter be erected, more than three stories in height, occupied and used as a hotel or lodging house, and every boarding house having more than fifteen sleeping rooms above the basement story, and every factory, mill, manufactory or workshop, hospital, asylum or institution for the care or treatment of individuals, and every building three stories and over in height used or occupied as a store or workroom, and every building in whole or in part occupied or used as a school or place of instruction or assembly, and every office building five stories or more in height, shall be provided with such good and sufficient fire escapes, stairways or other means of egress in case of fire as shall be directed by the *Fire Commissioner, and said Fire Commissioner* shall have full and exclusive power and authority within said city to *require and compel* fire escapes and other means of egress to be provided upon and within said buildings or any of them. *All such fire escapes shall be at least four feet wide and in all cases equipped with steps with treads not less than seven inches wide in the narrowest part. All such fire escapes shall be equipped with hand-rails and the angle of descent shall not be less than 45 degrees.* The owner or owners of any building upon which a fire escape is erected shall keep the same in good repair and properly painted. No person shall at any time place any incumbrance of any kind whatsoever before or upon any fire escape, balcony or ladder.

All buildings requiring fire escapes shall have stationary iron *stairways* leading to the roof thereof, and all scuttles and *stairways* shall be kept so as to be ready for use at all times. If a bulkhead is used in place of a scuttle it shall have stairs with sufficient guard or hand-rail leading to the roof. In case the building shall

be a tenement house the door in the bulkhead or any scuttle shall at no time be locked, but may be fastened on the inside by movable bolts or hooks.

In all buildings in which tables, machines and work benches are installed, aisles shall be maintained between them so as to allow at least two feet of unobstructed passageway between each row of such tables, machines or benches.

If upon inspection of any building it is found that access to any fire escape or safety exit is dangerously obstructed by machinery, furniture or otherwise, the Fire Commissioner shall order and require the occupying tenant of such room, if there be one, or, if not, the owner of the building, to remove such obstruction forthwith.

The Fire Commissioner shall require that in all workrooms where inflammable material is used in manufacture and where more than twenty-five persons are employed at any one time on any one floor, either an efficient automatic sprinkler system be installed in the workroom or, in lieu thereof, that the floor or story in which such workroom is located be divided by a fire-resisting partition, with fireproof doors, into two parts, each of which two parts shall be provided with a means of egress or escape which shall be approved by the Fire Commissioner.

The Fire Commissioner shall require that in all buildings used either in whole or in part for commercial or manufacturing purposes the halls and stairways shall be well lighted at all times during which persons are at work therein.

No change of electric wiring in any building shall be made without the approval and permit of the Commissioner of Water Supply, Gas and Electricity being first obtained.

In every case where the requirements hereinabove set forth have not been complied with it shall be the duty of the Fire Commissioner to notify, require and compel the owner or owners of the building to comply with such requirements. Such notice and order shall be in writing, shall specify the requirements and shall be served either by personal service upon the owner or owners or upon the agent in charge of the building. Where it is necessary so to do in the judgment of the Fire Commissioner, extensions of time may be granted for the completion of the work necessary to comply with any of the requirements of this section. If, after thirty days' notice as hereinabove provided, steps have not been taken satisfactory to the Fire Commissioner to comply with the order, then the Fire Commissioner shall have the power, and it shall be his duty after five days' notice of intention so to do, served in like manner as the original order, either to vacate the premises summarily or to cause the necessary work to be done at the cost of the owner of the building, and unless such cost is paid within thirty days after demand it shall become a lien upon the property in the same manner and to the same extent as a tax lien. Any person, whether owner, lessee or tenant, upon whom a duty is enjoined by this section, who shall violate any requirement or provision in this section contained, or disobey any order of the Fire Commissioner, issued as hereinabove provided, shall be guilty of a misdemeanor, punishable by a fine not exceeding five hundred dollars, or by imprisonment not exceeding one year, or both fine and imprisonment.

That section 104 of the Code of Ordinances of The City of New York, known as the Building Code, be and it is hereby amended to read as follows:

Fireproof Shutters and Doors—Every building which is more than two stories in height above the curb level, except dwelling houses, hotels, school houses and churches, shall have doors, blinds or shutters made of iron, hung to iron hanging frames or to iron eyes built into the wall, on every exterior window and opening above the first story thereof, excepting on the front openings or buildings fronting on streets which are more than thirty feet in width, or where no other buildings are within thirty feet of such openings. The said doors, blinds or shutters may be constructed of pine or other soft wood of two thicknesses of matched boards at right angles with each other, and securely covered with tin on both sides and edges, with folded lapped joints, the nails for fastening the same being driven inside the lap; the hinges and bolts or latches shall be secured or fastened to the door or shutter after the same has been covered with the tin, and such doors or shutters shall be hung upon an iron frame independent of the woodwork of the windows and doors, or two iron hinges securely fastened in the masonry; or such frames, if of wood, shall be covered with tin in the same manner as the doors and shutters. All shutters opening on fire escapes, and at least one row, vertically in every three rows on the front window openings above the first story of any building, shall be so arranged that they can be readily opened from the outside by firemen. All rolling iron or steel shutters hereafter placed in the first story of any building shall be counterbalanced so that said rolling shutters may be readily opened by the firemen. No building hereafter erected other than a dwelling house or fireproof building shall have inside iron or steel shutters to windows above the first story. All windows and openings above the first story of any building may be provided with other suitable protection, or may be exempted from having shutters by the *Fire Commissioner*. All buildings specified in this section hereafter erected or altered having openings in interior walls shall be provided with suitable fireproof doors *unless this requirement be by a written order waived by the Fire Commissioner.* All occupants of buildings shall close all exterior and interior fireproof shutters, doors and blinds at the close of the business of each day.

That section 105 of the Code of Ordinances of The City of New York, known as the Building Code, be and it is hereby amended to read as follows:

Every building hereafter erected shall be classed as either inflammable, semi-fireproof or fireproof. All buildings which have either floor beams of wood or stud partitions of wood shall be classed as inflammable buildings. All buildings which are fireproof in other respects, but which have floors of wood laid on top of the fireproof floor construction shall be classed as semi-fireproof buildings. Buildings in the construction of which no wood is used except for the trim, doors and door bucks, shall be classed as fireproof buildings.

Every building hereafter erected the height of which exceeds fifty feet shall be either of semi-fireproof or of fireproof construction. Every building hereafter erected the height of which exceeds one hundred feet shall be of fireproof construction.

In every building hereafter erected of the class herein defined as inflammable, no wall shall be less than sixteen inches thick, and where structural metal is used in such buildings it shall be protected with at least two inches of terra cotta or other fire-resisting material approved by the Superintendent of Buildings of the Borough in which the building is situated; and no lath of wood shall be used in any such building for the support of plaster.

In no fireproof building hereafter erected shall it be required to protect the interior structural metal by a covering of fireproof material unless such building be used for the storage or manufacture of inflammable material.

In every fireproof building hereafter constructed, having its walls supported at every story by the skeleton, the walls shall be one foot thick above the curb level, if of brick, and eight inches thick if of armored concrete. The metal work of all columns in the outer walls and the webs of the girders, except on the street facades, shall be at least four inches back of the outer face of the wall.

Every building hereafter erected or altered, to be used as a hotel, lodging house, school, theatre, jail, police station, hospital, asylum, institution for the care or treatment of persons the height of which exceeds thirty-five feet, excepting all buildings for which specifications and plans have been heretofore submitted to and approved by the Department of Buildings, shall be built fireproof *as hereinbefore defined.*

That section 130 of the Code of Ordinance of The City of New York, known as the Building Code, be and it is hereby amended to read as follows:

The dead loads in all buildings *hereafter erected* shall consist of the actual weight of walls, floors, roofs, partitions and all permanent construction. The live or variable loads shall consist of all loads other than dead loads.

Every floor shall be of sufficient strength to bear safely the weight to be imposed thereon in addition to the weight of the materials of which the floor is composed; if to be used as a dwelling house, apartment house, tenement house, hotel or lodging house, each floor shall be of sufficient strength in all its parts to bear safely upon every superficial foot of its surface not less than *forty* pounds; if to be used for office purpose, not less than *fifty pounds for each floor above the first floor and seventy-five pounds for the first floor;* if to be used as a school or place of instruction, not less than *sixty* pounds upon every superficial foot; if to be used as a place of public assembly, not less than *eighty* pounds upon every superficial foot; if to be used for ordinary stores, light manufacturing and light storage, not less than *one hundred* pounds upon every superficial foot; if to be used as a store where heavy materials are kept or stored, warehouse, factory, or for any other manufacturing or commercial purpose, not less than 150 pounds upon every superficial foot.

No beam in any building need be made stronger than necessary in order to avoid deflection, but may be cambered up to offset the deflection when the dead load is applied.

The strength of factory floors intended to carry running machinery shall be increased above the minimum given in this section in proportion to the degree of vibratory impulse liable to be transmitted to the floor, as may be required by the Commissioner of Buildings having jurisdiction. The roofs of all buildings having a pitch of less than twenty degrees shall be proportioned to bear safely fifty pounds upon every superficial foot of their surface, in addition to the weight of materials composing the same. If the pitch be more than twenty degrees the live load shall be assumed at thirty pounds upon every superficial foot measured on a horizontal plane. For sidewalks between the curb and area lines the live load shall be taken at 300 pounds upon every superficial foot. Every column, post or other vertical support shall be of sufficient strength to bear safely the weight of the portion of each and every floor depending upon it for support, in addition to the weight required as before stated to be supported safely upon said portion of said floors. For the purpose of determining the carrying capacity of columns of dwellings, office buildings, stores, stables and public buildings when over five stories in height, a reduction of the live loads shall be permissible as follows: For the roof and top floor the full live loads shall be used; for each succeeding lower floor it shall be permissible to reduce the live load by five per cent. until fifty per cent. of the live loads fixed by this section is reached, when such reduced loads shall be used for all remaining floors.

That section 137 of the Code of Ordinances of The City of New York, known as the Building Code, be and it is hereby amended to read as follows:

Where the unit stress for any material is not prescribed in this Code the relation of allowable unit stress to ultimate strength *in all buildings hereafter erected which do not exceed one hundred feet in height shall be as one to three for structural metal, except for cast iron, which shall be as one to five, and in all other buildings hereafter constructed* the relation of allowable unit stress to ultimate strength shall be as one to four for metals, subjected to tension or transverse stress; as one to six for timber and as one to ten for natural or artificial stones and brick or stone masonry. But wherever working stresses are prescribed in this Code, varying the factors of safety hereinbefore given, the said working stresses shall be used.

That the Code of Ordinances of The City of New York, known as the Building Code, be and it is hereby amended by adding a section to be known as 139a, and to read as follows:

The term reinforced concrete shall mean an approved concrete mixture reinforced by steel of any shape in such manner that the steel will take up the tensile stresses and assist in the resistance to shear.

Reinforced concrete construction will be considered as fireproof under this code.

Complete drawings and descriptions are to be filed with the Superintendent of Buildings for approval, showing details of construction, such as the size and position of reinforcing rods, stirrups, etc., and the composition of the concrete, before permits for such work are issued.

The work is to be done under the control of a competent foreman or superintendent.

The concrete is to be mixed in the proportions of one part cement, two sand and four of stone or gravel for all reinforced concrete work except that to be used for foundations, for which the mixture may be in the proportion of 1 :2½ :5, or 1 :3 :6. Only Portland cement shall be permitted for reinforced concrete construction. Such cement when tested neat shall after one day in air develop a tensile strength of 300 lbs. per sq. in.; after one day in air and six days in water 500 lbs. per sq. in.; after one day in air and 27 days in water 600 lbs. per sq. in.

Tests as to fineness, constancy of volume, etc., shall fulfill the requirements prescribed by the American Society of Civil Engineers' Committee from time to time.

The sand for reinforced concrete to be clean, sharp, grit sand, free from loam or dirt. The stone for reinforced concrete shall be clean, broken trap rock or gravel of a size that will pass through a three-quarter inch ring.

In case it is desired to use any other materials than those specified, samples of same are to be submitted for approval to the Superintendent of Buildings.

The moment of resistance of reinforced concrete constructions under transverse loads shall be determined by formulae based upon assumptions from which it will follow that the stress in any fibre is directly proportionate to its distance from the neutral axis.

When the shearing stress as developed in any part of a reinforced concrete construction exceeds the safe working strength of concrete as fixed in this Code, a sufficient amount of steel shall be introduced in such a position that the deficiency in the resistance to shear will be overcome.

The safe carrying capacity of reinforced concrete shall be determined by the following working stresses in pounds per square inch of sectional area:

Extreme fiber stress concrete in compression, 750 lbs. per square inch.

Shearing stress in concrete, 120 lbs. per square inch.

Adhesion of concrete to steel, 120 lbs. per square inch.

Concrete in direct compression, 500 lbs. per square inch.

Tensile strength in steel, 16,000 lbs. for medium steel; 20,000 lbs. for high carbon steel.

Shearing stress in steel, 10,000 lbs. per square inch.

Ratio of modulii of elasticity of concrete and steel to be taken as one to fifteen or one to twenty.

Continuous beams and girders to be calculated by the formula of W L/10.

Continuous fiber plates to be calculated by the formula W L/28.

Square floor plates, reinforced in both directions and supported on all sides to be calculated by the formula W L/28.

The width of floor plates equal to one-third of span of beam to be taken as part of the beam in computing the amount of resistance of the latter. The ratio of least side or diameter to length, in the case of reinforced concrete columns, not to exceed one to sixteen.

The test load to be two times the live load.

That these ordinances shall take effect on the first day of September, one thousand nine hundred and eleven.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Police Commissioners:

No. 3408.

Police Department of The City of New York, April 18, 1911.

To the Honorable Board of Aldermen:

Gentlemen—The Police Commissioner this day, on reading and filing copy of the following resolution adopted by the Board of Aldermen February 28, 1911, and which became effective March 14, 1911:

"Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held February 9, 1911:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City departments of the grades of positions in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Roofer (metal)	$4 75	Unlimited.

"Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein."

—ordered, that the Board of Aldermen be and are hereby respectfully requested to authorize the issue of special revenue bonds in the sum of $185.25 to enable the Police Commissioner to increase the compensation of three (3) Roofers (metal), from $4.50 per diem to $4.75 per diem, during the year 1911. Respectfully,

JAMES C. CROPSEY, Police Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President, Borough of The Bronx:

No. 3409.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, April 17, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—Under date of September 8, 1910, I wrote you requesting that the Board of Aldermen adopt a resolution authorizing the Comptroller to issue special revenue bonds in an amount not to exceed $30,000, the proceeds to be used to pay for the necessary repairs to the pavement on White Plains ave., from Morris st. to the City line.

Later, I asked that the matter be laid over temporarily for the purpose of enabling me to make some minor repairs from an amount of money retained on the contract of the Interstate Paving Company.

I now wish the Board of Aldermen to consider my original request of September 8, 1910. Respectfully,

CYRUS C. MILLER, President of the Borough of The Bronx.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President, Borough of Queens:

No. 3410.

The City of New York, Office of The President of the Borough of Queens, Long Island City, April 18, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York:

Dear Sir—The following self-explanatory communication has been received from the Superintendent of Buildings, Borough of Queens, to wit:

"April 4, 1911.

"Hon. LAWRENCE GRESSER, President, Borough of Queens:

"Dear Sir—Application is hereby made for ten (10) additional Building Inspectors at $1,200 per annum, and two (2) additional Clerks at $1,050 per annum.

"This request is based upon the large increase of building operations for the first three (3) months of the present year, which amount to 1,244 buildings, at an estimated cost of $5,106,544, as compared with 1,017 buildings, at an estimated cost of $3,379,717, for the same period of 1910.

"During the same time we have filed 288 notices of violation, as compared with the corresponding time in 1910 amounting to 188 violations.

"The present activity of this Bureau in regard to the inspection of buildings requiring additional means of escape in case of fire has had to be made by the present force of Inspectors, which has necessitated the taking of our men from their regular work of construction inspection, to a large extent, thereby affording the opportunity to builders of starting large numbers of buildings without a permit and continuing their construction in violation of the laws and ordinances.

"I feel that, if my request for additional help is not complied with, I cannot be held accountable for the proper enforcement of the laws relating to the construction, alteration and removal of buildings, as well as the numerous other laws whose enforcement devolves upon me.

"I respectfully request that you, therefore, call this matter to the attention of the Board of Estimate and Apportionment with a view that the additional help asked for might be granted at the earliest possible moment. Very respectfully yours,

"(Signed) JOHN J. SIMMONS, Superintendent of Buildings, Borough of Queens."

We thoroughly coincide with the remarks of Superintendent Simmons, and are personally aware of the fact that he is seriously handicapped in the performance of his duties by reason of inadequate inspection and clerical force.

Applications were made for extra help in this Bureau in the requisition for Budget allowance for the year 1911, but was disallowed by the Comptroller.

We enclose resolution for $9,400 for special revenue bonds, which we would thank you to kindly present to the Board. Yours respectfully,

WALTER H. BUNN, Commissioner of Public Works and Acting President, Borough of Queens.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Charter of The City of New York, the Comptroller be and is hereby authorized to issue special revenue bonds to an amount not exceeding nine thousand and four hundred dollars ($9,400), the proceeds whereof to be used by the President of the Borough of Queens to employ in the Bureau of Buildings ten additional Building Inspctors at the rate of $1,200 per annum for eight months, from May 1, 1911=$8,000; and two additional Clerks, at the rate of $1,050 per annum, for eight months, from May 1, 1911=$1,400.

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 3411.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, April 22, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of six resolutions adopted by the Board of Estimate and Apportionment April 20, 1911, relative to the establishment of new positions and additional grades of positions in the various City Departments, viz.:

Cal. No.	Department and Position.	Rate.	Incumbents.

	Asphalt Worker	3 00 per diem	Unlimited
	Stone Cutter	4 50 per diem	Unlimited
52	Department of Bridges—		
	Clerk	1,200 00 per annum	Unlimited
	Foreman Carpenter	1,800 00 per annum	4
	Foreman Riveter	2,100 00 per annum	7
53	Department of Docks and Ferries—		
	Secretary to Commissioner	3,000 00 per annum	1
56	Department of Public Charities—		
	Assistant Alienist	600 00 per annum	1
	Confidential Inspector and various other positions, etc	1,500 00 per annum	1
57B	Court of Special Sessions—		
	Attendant	1,500 00 per annum	6

I also transmit copies of reports of the Select Committee relative thereto, together with forms of resolutions for adoption by the Board of Aldermen to indicate its concurrence therein. Yours very truly, JOSEPH HAAG, Secretary.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held April 20, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Parks, Boroughs of Manhattan and Richmond, of the grades of positions in addition to those heretofore established, as follows:

Title.	Rate.	Number of Incumbents.
Head School Farm Attendant	$1,200 00 per annum	2
School Farm Attendant	3 00 per diem	22

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 28, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On February 21, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Head School Farm Attendant, at $1,200 per annum for two incumbents, and School Farm Attendant, at $3 per diem, for twenty-two incumbents. In connection therewith, we report as follows:

In the 1911 Budget, $4,600 was appropriated for salaries in the maintenance of Children's School Farms in DeWitt Clinton Park, and $4,800 in Thomas Jefferson Park. These allowances were made with the understanding that the Commissioner afterward would submit schedules for the approval of the Board of Estimate and Apportionment.

The schedules have been submitted as follows:

DeWitt Clinton Park.

Salaries, Regular Employees:	
Director	$1,000 00
Stenographer	750 00
Head School Farm Attendant	1,200 00
	$2,950 00
Wages, Temporary Employees:	
School Farm Attendant at $3 per day (250 days)	$750 00
School Farm Attendants at $3 per day (300 days)	900 00
	$1,650 00

Thomas Jefferson Park.

Salaries, Regular Employees:	
Head School Farm Attendant	$1,200 00
Wages, Temporary Employees:	
School Farm Attendant at $3 per day (300 days)	900 00
School Farm Attendants at $3 per day (900 days)	2,700 00
	$3,600 00

The schedules include the requested grades. The per diem rate is for School Farm Garden Attendants to do service during the summer in the instruction of the outdoor pupils. The grade for Head School Farm Attendant at $1,200 per annum is for an incumbent for each park, appointments to be made as soon as the Municipal Civil Service Commission holds an examination and submits an eligible list.

The Head Attendants will be in charge of the other Attendants and supervise the planting and care of the gardens. Their outside duties start in April, when the ground is turned and fertilized and marked off in plots; these are planted by the pupils with various seasonable vegetables, and the work of planting, reaping and caring for these plots is carried on until November, when the indoor work begins, consisting of the study of seeds and planting, and the care of children sent by the various hospitals, and some from the Board of Education.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

No. 3412.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held April 20, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Brooklyn of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Asphalt Worker	$3 00	Unlimited.
Stone Cutter	4 50	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 24, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 10, 1911, the Acting President of the Borough of Brooklyn requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the grades of position of Asphalt Worker at $3 per diem, and Stone Cutter at $4.50 per diem. In connection therewith we report as follows:

The Acting President states that the grade of Asphalt Worker is for an unlimited number of incumbents and of Stone Cutter for one incumbent. The establishment is for employees who were paid the requested rates during 1909 and 1910. No provision at the rates was made for the incumbents in the Budget for 1911 for the reason that the grades had not been established. It is stated that the necessary funds will be provided by modification of the temporary schedule of the Bureau of Highways.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

No. 3413.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held April 20, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Bridges of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk	$1,200 00	Unlimited.
Foreman Carpenter	1,800 00	4
Foreman Riveter	2,100 00	7

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 28, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 14, 1911, the Commissioner of Bridges requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grades of position of Clerk at $1,200 per annum, Foreman Carpenter at $2,100, and Foreman Riveter at $2,100, each for an unlimited number of incumbents. In connection therewith we report as follows:

The establishment for Clerk at $1,200 is for an intermediate grade between the existing rates of $1,050 and $1,500. It is stated that in the last year three vacancies at $1,500 have been filled by promotion from the $1,050 grade for the reason that no intermediate grade permitted of a smaller increase.

The establishment for Foreman Carpenter at $2,100 is for an intermediate grade between the existing rates of $1,500 and $2,400. Four Foremen Carpenters at $1,500 per annum each are employed, one on the New York and Brooklyn bridge, two on the Williamsburg bridge, and one on the Harlem River Division. It is proposed to promote Joseph Schmalacher, one of the four incumbents, to the $2,100 grade. Schmalacher is in charge of the force of eleven Carpenters on the Williamsburg bridge. He was transferred from the office of the President of the Borough of The Bronx on February 5, 1902, as Foreman Carpenter at $4 per diem. On January 9, 1905, his compensation was fixed at 56¼ cents per hour; on October 9, 1905, at 62½ cents per hour, and on February 1, 1906, he was placed at the present rate.

It appears that $1,800 would be reasonable for an intermediate grade, thereby permitting of increases of $300 per annum instead of $600 requested. Funds are available for the promotion of Schmalacher, and it is stated that the amount necessary to

increase the other Foreman Carpenters may be provided without additional appropriation. The minimum increase under the present establishment is $900 per annum. We recommend, therefore, approval of the intermediate grade of $1,800 per annum for four incumbents.

Sir Foreman Riveters at $1,800 per annum each, are in the Department. Two are on the New York and Brooklyn bridge, two on the Williamsburg bridge, one on the Queensboro bridge, and one on the bridges in Brooklyn and Richmond. It is stated that an additional incumbent will soon be appointed.

The Commissioner states the following:

There has been no increase in compensation of Foreman Riveter since prior to 1900, when the present rate of $1,800 per annum was established. This rate approximates $4.93 per day, while the rate of pay for Riveters has increased in the same period of time from $3.50 to $5 per day, which increase equals nearly 43 per cent.

The wages payroll of the New York and Brooklyn bridge for 1899 shows that the rate paid Riveters, Housesmiths and Bridge Mechanics, which are similar positions, was $3.76 per diem to one incumbent and $3 per diem to five incumbents. The compensation of the one Foreman Riveter was at the rate of $1,700 per annum.

It is proposed at present to increase two incumbents, Thomas Pollitt and Peter A. Banta. Pollitt was appointed as a Riveter on the New York and Brooklyn bridge on January 10, 1889. His compensation was fixed on February 18, 1903, at 60 cents per hour, and on July 1, 1903, at 67½ cents per hour. On March 15, 1905, he was promoted to Foreman Riveter at $1,800 per annum, and now is in charge of a force of forty-two Riveters and seven Riggers. Banta was appointed as a Riveter at 50 cents per hour on June 11, 1902. His compensation was fixed at 56¼ cents per hour, on July 1, 1903, and on May 1, 1905, he was promoted to Foreman Riveter at $1,800 per annum on the Williamsburg bridge. Banta is in charge of thirty-one men, and the force is to be increased.

It is stated that the Foreman Riveters frequently work overtime and on Sundays and holidays, and that, therefore, their average per diem compensation is no more than that of the mechanics under their charge. The establishment of the requested grade for seven incumbents appears to be proper.

We recommend the adoption of the attached resolution approving the request with the exceptions previously noted. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

No. 3414.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held April 20, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Rldermen the establishment in the Department of Docks and Ferries of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Secretary to Commissioner	$3,000 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, New York, April 1, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a request from the Commissioner of Docks on February 2, 1911, for the establishment in the Department of Docks and Ferries, pursuant to the provisions of section 566 of the Greater New York Charter, of the grade of position of Secretary to the Commissioner, at the rate of $3,000 per annum, we report as follows:

The grade is proposed for an increase of $1,000 per annum for H. T. Clews, who was appointed to the position on January 7, 1910, at the present rate. The Commissioner states as follows:

The Secretary to the Commissioner of this Department is practically the only Secretary receiving less than $2,500 per annum. The average salary is $3,280 per annum, and a majority of Secretaries to Commissioners receive from $3,000 to $5,000 per annum. Mr. Clews is not only performing the duties of his predecessor, but also the duties formerly performed by a $2,100 Clerk, which position was abolished early last year.

In view of the varied responsibilities naturally devolving upon the Secretary to the Commissioner of so large a Department as this, we feel that the increase asked for is just and proper, and necessary in order to obtain the services of a man of sufficient capabilities properly to perform the work.

It is stated that no additional appropriation will be required.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

No. 3415.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to several communications from the Commissioner of Public Charities, requesting the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of various positions and grades of positions, your Committee reports as follows:

The requests are for eleven positions, thirty-four grades of positions, and an increase in the number of incumbents in five established grades. Fifteen items are recommended for approval, as follows:

1. Assistant Alienist, at $600 per annum.

The request is to provide a proper title for a physician, who, under the title of Hospital Helper, is serving as an Assistant Resident Alienist, at $600 per annum, in the psychopathic ward, Kings County Hospital. We recommend that the request be approved for one incumbent.

2. Confidential Inspector, at $1,500 per annum.

It is stated that the services of such an employee are necessary to put an end to petty stealing in the institutions. We recommend that the request be approved for one incumbent.

3. Dentist, at $400 per annum.

A dentist now makes weekly visits to the Children's Hospitals and Schools on Randalls Island. Compensation at the rate of $400 per annum is paid from the account for general supplies. We recommend that the request be approved for one incumbent.

4. Head Gardener, at $1,200 per annum.

The position of Gardener, at $900, is established. It is stated that the new position is desired in order that a competent gardener may be placed in charge of the work of caring for the trees and plants on Blackwells and Randalls Islands. We recommend approval of the request for one incumbent.

5. Instructor of Nurses, at $1,200 per annum.

The appropriation for 1911 for the New York City Training School for Nurses provides for three Deputy Superintendents, at $1,200 each per annum. One of the incumbents is an Instructor of Nurses, and it is proposed to change her title without change in compensation. We recommend approval of the request for one incumbent.

6. Deckhand, at $720 per annum.

The maximum established grade is at the rate of $500 per annum. Deckhands on the municipal ferryboats receive $792 a year. In the Department of Correction Deckhands are paid at the rate of $720 a year for the same class of work performed in the Department of Charities. We recommend that the request be approvd.

7. Examiner of Charitable Institutions in Charge of the Domestic Relations Bureau, at $1,800 per annum.

Article 5, section 74, chapter 659, Laws of 1910, establishing the Domestic Relations Court, provides that the Commissioner of Public Charities shall maintain an office in or convenient to the building in which the court is located. The Department has established an office in the building occupied by its Children's Bureau, 124 E. 59th st., Manhattan. The court is situated at 57th st. and 3d ave. It is proposed to place in charge an Examiner of Charitable Institutions, at $1,800 per annum. A similar appointment is to be made in Brooklyn when an office is established in that Borough. We recommend that the request be approved for two incumbents, with title of Superintendent of Bureau of Domestic Relations.

8. Instructor (Gymnasium), at $900 per annum.

This request is made for the reason that it has been found impossible to obtain a competent gymnastic instructor at the present rate of $600. Daily instruction is given to the inmates of the Children's Schools on Randalls Island. We recommend approval of the request for one incumbent.

9. Trained Nurse, at $750 and $900 per annum.

The maximum grade established is $600 per annum. The $900 grade is for nurses engaged in social service work. The $750 rate is for nurses who have shown special ability in their work, gained by years of experience, and whose services cannot be retained at the present rate of $600. We recommend that the request be approved for ten incumbents, at the rate of $750 per annum.

10. Apothecary, at $1,500 per annum.

The request is for a change in the title of Supervising Apothecary, at $1,500 per annum, to Apothecary, at the same rate. We recommend approval of the request for one incumbent, and that the position of Supervising Apothecary, at $1,500, be abolished.

11. Waiter or Waitress, at $300 per annum.

The maximum established grade is $240. We recommend approval of the request.

12. Automobile Engineman, at $1,200 per annum.

The grade is established for seven incumbents. Three additional incumbents are requested for ambulances which the Department proposes to add in the present year. We recommend that the request be approved.

13. Stenographer and Typewriter, at $900 and $1,050 per annum.

The number of incumbents in the grades is limited to one each, while the number is unlimited in the established grades of $600, $750, $800, $1,000 and $1,050. Request is made that the limitation in the $900 and $1,050 grades be removed, so that in the event of promotions the increases in compensation will not be as great as if made under the present establishment. We recommend approval of the request.

14. Supervising Nurse, at $1,050 per annum.

The rates established are $850, $750, $600 and $480 for an unlimited number of incumbents, and $1,050 for one incumbent. Request is made for three additional incumbents for the $1,050 grade, to permit of promotions if merited. The rate paid for this position in Bellevue and Allied Hospitals is $1,200 per annum.

15. Telephone Operator, at $900 per annum.

This request is for an intermediate grade between the established rates of $750 and $1,050 per annum, and we recommend its approval.

The following grades also are requested: Electrician, at $4.50 a day; Laborer, at $3 a day; Foreman of Laborers, at $1,800 per annum; Supervising Engineer, at $1,800 per annum; Draftsman, at $2,100 per annum.

These grades were established in the 1911 Budget. It appears that there is no necessity at this time for establishment of the following positions and grades of positions in the requests:

	Per Annum.
Employment Agent, at	$1,200 00
General Medical Officer, at $2,400 and	3,000 00
Laboratory Assistant, at	750 00
Surgical Clerk, at	1,200 00

Engineman, Marine, at $1,530 and	1,680 00
Fumigator, at	750 00
General Medical Superintendent, at	6,000 00
Inspector of Foods, at	1,500 00
Inspector, at	900 00
Laundryman, at	900 00
Orderly, at $540 and	600 00
Examining Physician, at	1,800 00
Pilot, at $1,580 and	1,800 00
Purchasing Agent, at	2,100 00
Resident Physician, at	3,000 00
Secretary, at	4,000 00
Supervising Engineer, at	3,000 00
Superintendent of Bureau of Dependent Adults, at	1,500 00
Superintendent of Municipal Lodging House, at	3,000 00
Stenographer and Typewriter, at $1,350 and	1,500 00
Trained Nurse, at	900 00
Teacher, at	900 00
Superintendent of Children's Bureau, at	1,800 00
Watchman, at	900 00
Apothecary, at	1,200 00
Deputy Superintendent (Lay) of Institutions, at	1,050 00

We recommend the adoption of the attached resolution approving the requests to the extent previously noted.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held April 20, 1911:

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held April 20, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Court of Special Sessions of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Attendants	$1,500 00	6

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 29, 1911, Alfred J. Talley, an attorney representing the twenty-five Attendants in the Court of Special Sessions, requested payment of their salaries at the rate of $1,500 per annum from January 1, 1911. In connection therewith we report as follows:

Chapter 659, Laws of 1910, entitled, "An Act in relation to the Inferior Courts of Criminal Jurisdiction in the City of New York," reorganized the Courts of Special Sessions and the Children's Courts in the five Boroughs, merging them into one Court of Special Sessions. The law stipulated that pending budgetary provision, the Comptroller, with the action or concurrence of the Board of Estimate and Apportionment, should make provision by the sale of special revenue bonds for the salaries of additional Justices, Clerks, Probation Officers, Court Attendants and other additional employees.

Previous to the enactment of the new law, there were eight Attendants in the Court of Special Sessions and Children's Court, Second Division, Brooklyn, Queens and Richmond. One received $1,800 per annum, and seven were paid at the rate of $1,200 per annum. The Attendants were in fact Process Servers. There were no Attendants in the Court of Special Sessions and Children's Court, First Division, Manhattan and The Bronx. The twenty-eight Police Officers detailed to the Courts arraigned prisoners and kept order in the court rooms. The new law provided that after September 1, 1910, Police Officers could not be detailed as Attendants, and authorized the appointment of civilians to the position.

On July 29, $30,000 of special revenue bonds were authorized to pay the salaries of additional employees and to meet additional expenditures for equipment, supplies and contingencies for the Court of Special Sessions. On August 18, 1910, the Board of Aldermen established the grade of position of Attendant at $1,500 per annum for nineteen incumbents, and the resolution was approved by the Acting Mayor on August 23, 1910.

On September 9, 1910, the Board of Justices adopted a resolution for an increase in compensation for the following Attendants, from $1,200 to $1,500 per annum:

Alfred Kennedy, John Shannon, John Darcy, Bernard Bridges, Samuel Mock, Patrick McDonald and John H. Sullivan.

The following Process Servers at $1,200 each per annum were appointed Attendants at $1,500 per annum:

John Moore, John J. Dempsey, Joseph McGuire and Edgar A. Neylan.

These appointments were in compliance with the provisions of section 20 of chapter 659, Laws of 1910, providing for the retention of Process Servers as Clerks or Attendants, the duties of Process Servers having been transferred to the District Attorney's office.

On September 9, eight new Attendants at $1,500 per annum were appointed, as follows:

George McLeod, John B. Conley, Thomas A. Dowling, John J. Carberry, Frank Shelton, Charles J. Friedrich, Francis J. Nugent, James F. Gillespie.

The following were appointed Attendants at the rate of $1,200 each per annum:

Charles Wolfe, Joseph J. O'Reilly, John T. McCarthy, Charles D. McGuire, Frederick W. Hoerschgen, James W. Hopper.

The nineteen Attendants at $1,500 were paid at that rate until the end of 1910 from the revenue bond appropriation of $30,000. The six at $1,200 were paid at that rate from Budget funds, and they state that they accepted appointment with the understanding that their compensation would be at the rate of $1,500 per annum after December 31, 1910.

The Budget for 1911 provides for twenty-five Attendants, each at $1,200 per annum. The incumbents state that inasmuch as the grade of position was established at $1,500, and that a majority of them received pay at the rate during the latter part of 1910, and that all accepted the position with the understanding that they would receive pay at the higher rate, they are justly entitled to compensation at $1,500 per annum from January 1, 1911.

Sixteen Attendants have submitted affidavits setting forth, in part, as follows:

George McLeod—Certified by Civil Service Commission on August 8, 1910, for appointment at $1,500. Appointed September 9, 1910, and received pay at that rate until January 1, 1911. Was Assistant Supervising Transit Inspector, Public Service Commission, at $1,350. Refused appointment as Attendant in City Magistrates' Court at $1,200.

James J. Carberry—Resigned as Sealer of Weights and Measures at $1,500 and was appointed from Civil Service list September 10, 1910, with the understanding that he was to receive $1,500 per annum. Was paid at that rate until January 1, 1911. Declined appointment as Attendant in City Magistrates' Court at $1,200.

Frederick W. Hoerschgen—Was Managing Clerk for Owen & Sturgis, lawyers, 71 Wall st., at $1,200. Extra emoluments amounted to $200 to $300 annually. Refused appointment as Attendant, City Magistrates' Court, at $1,200. Appointed at $1,500, September 13, 1910. Received pay at that rate until January 1, 1911. Civil Service appointee.

James F. Gillespie—Resigned as Assistant Weigher, United States Custom Service, at $1,450, to accept position of Attendant at $1,500. Was certified for appointment by Civil Service Commission. Received pay at rate of $1,500 until January 1, 1911.

John B. Conley—Was Inspector of Masonry, Bureau of Buildings, Bronx, at $1,500. Resigned to accept position of Attendant at $1,500.

Edward A. Neylan—Was Process Server, Court of Special Sessions, at $1,200. Refused clerkship in same Court at $1,500. Appointed Attendant September 1, 1910, at $1,500, and received pay at that rate until January 1, 1911. Civil Service appointee.

Thomas A. Dowling—Was appointed September 9, 1910, from Civil Service list, at $1,500. Received pay at that rate until January 1, 1911. Was Messenger in the office of President of Borough of Brooklyn at $1,050. Is Veteran of the Civil War.

Alfred J. Kennedy—Was Attendant in Court at $1,200. Promoted Attendant at $1,500, September 9, 1910, and received pay at that rate until January 1, 1911.

John J. Dempsey—Process Server in Court for eleven years at $1,200. Promoted to Attendant at $1,500. Veteran of Civil War and last color bearer of 151st N. Y. S. Volunteer. Promoted for gallantry at battle of Sailors Creek, Va., April 6, 1865.

James W. Hopper—Accepted appointment at $1,200. Was told by Chief Justice Russell, Justices Moss and Salmon, and Chief Clerk Smith, that salary at that rate would be only temporary. Had every assurance that salary would be at the rate of $1,500.

John Moore—Process Server for ten years at $1,200. Promoted on September 9, 1910, to Attendant at $1,500. Received pay at that rate until January 1, 1911.

Charles J. Friedrich—Junior Clerk for seven years at $1,050 in Department of Water Supply, Gas and Electricity. Was eligible to Third Grade Clerk at $1,650. Appointed Attendant at $1,500 from Civil Service list September 9, 1910. Received pay at that rate until January 1, 1911. Declined appointment as Attendant in City Magistrates' Court at $1,200.

Charles Wolfe—Formerly Process Server in Corporation Counsel's office. Paid by fees and averaged $130 a month. Was appointed Attendant at $1,200 with understanding that in a few months the compensation would be at the rate of $1,500. Civil Service appointee.

John J. McCarthy—Was Patrolman at $1,400. Was certified by the Civil Service Commission for Attendant at $1,500. On September 9, 1910, was informed by Chief Justice Russell, Justices Moss, Ryan and Salmon and Chief Clerk Smith that if he accepted position of Attendant at $1,200 the salary of the position would be increased to $1,500 within a few weeks. With this understanding he asked to be retired from the Police Force after twenty-nine years' service as Patrolman. He was duly retired and was appointed Attendant September 16, 1910.

Joseph McQuade—Process Server in Corporation Counsel's office at $1,200 for one year and transferred to Court of Special Sessions, where he served for two years. Promoted to Attendant September 1, 1910, at $1,500.

Joseph J. O'Reilly—Was Process Server in Corporation Counsel's office. Accepted position of Attendant at $1,200 on distinct assurance that compensation after January 1, 1911, would be at the rate of $1,500.

Since the removal of detailed Police Officers from the Courts of Special Sessions and the Children's Courts their duties have devolved upon the Attendants. The result is that the Attendants besides keeping order in the court rooms have to assume charge of all prisoners and are responsible for their safekeeping while awaiting trial. The twenty-five Attendants are assigned for duty as follows:

Borough and Court.	No.
Manhattan and The Bronx—Special Sessions	9
Manhattan and The Bronx—Children's Court	5
Brooklyn—Special Sessions	5
Brooklyn—Children's Court	3
Queens—Special Sessions and Children's Courts	2
Richmond—Special Sessions and Children's Courts	1
	25

The Attendants in the Supreme Court and Court of General Sessions are paid at the rate of $1,800 per annum. The Attendants in the City Court and Municipal Courts are at the rate of $1,500.

Your Committee gave a hearing, at which a number of the Attendants were present. It would appear that the Attendants appointed since September 1, 1910, accepted office with the understanding that their compensation would be permanently fixed at $1,500 per annum. The Budget for 1911 provides for their compensation at the rate of $1,200 per annum. From the statements and data submitted it would appear that compensation at the higher rate seems commensurate with the increased duties and responsibilities of the Attendants.

The grade of the position of Attendant for the Court is established at $1,500 for only nineteen incumbents. Until the grade is established for six additional incumbents only nineteen out of twenty-five Attendants can receive compensation at the increased rate.

We recommend the adoption of the attached resolutions providing $5,700 in special revenue bonds for increased compensation for nineteen incumbents and approving of establishment for the six additional Attendants at the $1,500 rate.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

Which were severally referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Chief Justice, Court of Special Sessions:

No. 3417.

Court of Special Sessions of The City of New York, April 24, 1911.

To the Honorable Board of Aldermen of The City of New York:

Dear Sirs—Request is hereby made, pursuant to the provisions of section 419 of the Greater New York Charter, that the Board of Justices of the Court of Special Sessions of The City of New York be authorized and empowered to enter into a contract, without public letting, for furniture, supplies, etc., for the new part of the Court of Special Sessions and for the Justices' and Clerk's offices, to be installed on the ground floor of the Criminal Courts Building, Borough of Manhattan (quarters formerly occupied by the Coroners), for a sum not to exceed five thousand dollars ($5,000). Respectfully,

ISAAC FRANKLIN RUSSELL, Chief Justice.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the American Society for Prevention of Cruelty to Animals:

No. 3418.

The American Society for the Prevention of Cruelty to Animals, Headquarters, Madison ave. and 26th st., New York, April 25, 1911.

Hon. JOS. F. SCULLY, City Clerk, City Hall, New York:

Sir—The enclosed amendment to section 449 of the City Ordinances is respectfully forwarded, and we would ask that it be introduced at today's session of the Board of Aldermen, if possible, as the Society is very much interested in the passage of the proposed amendment. Respectfully,

THE AMERICAN SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS, Thomas F. Freel, Superintendent.

AN ORDINANCE to amend section 449 of the City Ordinances relating to the Rules of the Road.

Be it ordained by the Board of Aldermen of The City of New York as follows:

Section 1—Section 449 of the City Ordinances, adopted October 30, 1906, and approved November 8, 1906, with amendment adopted December 4, 1906, and approved by the Mayor December 11, 1906, is hereby amended so as to read as follows:

"Section 449—Right of Way of Certain Vehicles. The officers and men of the Fire Department and Fire Patrol, with their fire apparatus of all kinds, when going to, or on duty at, or returning from a fire, and all ambulances, whether of public or private character, and all other vehicles when employed in carrying sick or injured persons *or animals* to hospitals or other places for relief or treatment, and the officers and men and vehicles of the Police Department, and all physicians who have a police permit (as hereinafter provided), shall have the right of way in any street and through any procession, except over vehicles carrying the United States mail. The Police Department is hereby empowered to issue, on application therefor, a permit for such right of way to any duly registered physician, which permit shall not be transferable.

Section 2—This ordinance shall take effect immediately.

Note—New matter in *italics*.

Reports of Committee on Finance—

No. 3277.

The Committee on Finance, to which was referred on April 11, 1911 (Minutes, page 63), a request from the Chief of the Bureau of Licenses for funds for an automobile, respectfully

REPORTS:

That the officer making this request has resigned his position. The Committee recommends that the said paper be placed on file.

Mayor's Office, Bureau of Licenses, City Hall, New York, April 4, 1911.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—I hereby make application for permission to buy an automobile for the use of the officials in this Bureau, and also for the issuance of revenue bonds up to the amount of $2,000 to pay for the expenses thereof.

It is necessary to have an automobile attached to this office because the scope of the work includes the entire City and it is necessary for us to investigate 450 moving picture shows and about 400 dance halls in the City of New York and keep them constantly under surveillance. Furthermore, all of the hacks, cabs, peddlers, pawnbrokers, porters and other licensees who need constant attention, come under the jurisdiction of this office, and it is necessary if the officials of this Bureau are to be well informed concerning the actions of these men in the various parts of the City that they have the use of an automobile. Respectfully,

FRANCIS V. S. OLIVER, Chief of Bureau.

FRANK L. DOWLING, CHARLES C. COLE, WM. J. HEFFERNAN, WM. P. KENNEALLY, THOMAS J. McALEER, DANIEL EHNTHOLT, BRYANT WILLARD, JOHN DIEMER, FRANCIS P. KENNEY, Committee on Finance.

Which report was accepted.

No. 3352.

The Committee on Finance, to which was referred on April 18, 1911 (Minutes, page 130), the annexed request for $40,805.87, Special Revenue Bonds, to meet judgments against Building Bureau, Department of Education, respectfully

REPORTS:

That under the provisions of subdivision 3 of section 188 of the Charter, payment of judgments comes under the jurisdiction of the Comptroller, and he may issue bonds to meet such payments. The Committee therefore recommends that the said application be referred to the Comptroller.

Board of Education, Park Ave. and 59th St., New York, April 15, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith certified copies of a report and resolutions adopted by the Board of Education at a meeting held on the 12th inst., as follows:

1. Relative to the issue of special revenue bonds to the amount of $40,805.87 for the payment of certain judgments in favor of Inspectors employed in the Bureau of Buildings of the Board of Education.

2. Relative to advancing from time to time to the principal of the School for the Deaf, Manhattan, a sum not to exceed $400 for the payment of carfares of pupils attending said school.

3. Relative to advancing from time to time to the Inspector of Classes for the Blind, a sum not to exceed $150 for the payment of carfares of pupils attending classes for the blind, etc.

4. Relative to advancing from time to time to the Inspector of Classes for the Blind, a sum not to exceed $100 for the payment of carfares of pupils attending classes for the blind, etc. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that certain judgments have been entered against the Board of Education in favor of Inspectors employed in the Building Bureau, amounting to $40,805.87, for which unforeseen liabilities no funds are available; it therefore becomes necessary to secure the issue of special revenue bonds to the amount requisite to pay the judgments, plus interest to the date of settlement.

The following correspondence has occurred between the President of the Board of Education and the Comptroller:

"April 10, 1911.

"Hon. W. A. PRENDERGAST, Comptroller:

"Dear Sir—Referring to the matter of judgments entered against the Board of Education in favor of Inspectors employed in our Building Bureau, amounting to $40,805.87, will you kindly advise me of the date on which you will be prepared to make payment of the same, so that the interest to be allowed on the judgments may be computed and included in the requisition upon the Board of Estimate and Apportionment and the Board of Aldermen for special revenue bonds?

"I shall be obliged if you can let me have this information before the meeting of the Board of Education on Wednesday of this week. Yours very truly,

"EGERTON L. WINTHROP, Jr., President, Board of Education."

"April 12, 1911.

"Hon. EGERTON L. WINTHROP, Jr., President, Department of Education:

"Sir—This office is in receipt of your communication of the 10th instant in which you refer to certain judgments entered against the Board of Education by Inspectors employed in the Building Bureau amounting to $40,805.87, and you request to be advised as to the date upon which the Department of Finance will be prepared to make payment of the same, so that the interest may be computed and included in the requisition upon the Board of Estimate and Apportionment and the Board of Aldermen for special revenue bonds.

"In reply thereto I have to say that the specific date of payment will depend entirely upon the receipt of the judgment papers in the Department of Finance.

"It is the practice to progress as rapidly as possible all judgments carrying interest and to make the warrants ready for payment within five days after the receipt of the papers.

"When the funds have been made available, you may safely consider that payment of the judgments now in question will be made within the usual five days after the filing of the approved payrolls. Respectfully,

"EDMUND D. FISHER, Deputy Comptroller."

In view of the inability of the Comptroller to provide the information requested, it is recommended that a sum be asked covering, specifically, the face of the judgments, coupled with a request for such further amount for interest as circumstances and conditions may justify.

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of forty thousand eight hundred and five dollars and eighty-seven cents ($40,805.87), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, said sum to be used to provide means for the payment of certain judgments which have been entered against the Board of Education in favor of Inspectors employed in the Building Bureau, plus such further amount as may be necessary to cover the interest charges up to a day of settlement, to be fixed by the Comptroller.

Which report was accepted.

No. 3339.

The Committee on Finance, to which was referred on April 18, 1911 (Minutes, page 120), the annexed resolution rescinding resolution for an issue of $623,356.70, Corporate Stock, for additional water supply, Brooklyn, respectfully

REPORTS:

That having examined the subject, it believes the proposed action to be necessary, this work having been provided for by another authorization (Int. No. 3340). It, therefore, recommends that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution of the Board of Estimate and Apportionment, adopted April 13, 1911:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on March 9, 1911, approved of and concurred in by the Board of Aldermen March 21, 1911:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment on July 2, 1909, approved of and consented to by the Board of Aldermen July 13, 1909:

"'Resolved, That pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to the amount of six hundred and twenty-three thousand three hundred and fifty-six dollars and seventy cents ($623,356.70), for the purpose of providing means for an additional supply of water for the Borough of Brooklyn, as set forth in said section 178 of the Charter, apportioned as follows:

No. 3278.

The Committee on Finance, to which was referred on April 11, 1911 (Minutes, page 63), the annexed request from the Board of Coroners, Manhattan, for $900 special revenue bonds to meet deficiencies in allowance for repairs and fittings for new offices, respectfully

REPORTS:

That having examined the subject, it believes the proposed additional allowance to be necessary. The letter of request covers the subject thoroughly. The Committee recommends that the accompanying resolution be adopted.

Board of Coroners, Borough of Manhattan, New York, Criminal Courts Building, Centre Street, April 5, 1911.

To the Honorable Board of Aldermen:

Sirs—The Board of Coroners in December asked your honorable Board for an issue of revenue bonds to the amount of $3,000 for the purpose of moving the Coroners' offices from the Criminal Courts Building to the new offices, 70-74 Lafayette street, and making necessary repairs and purchases for the proper conduct of the business of this office. Your honorable Board granted this office $2,700. This sum was reduced by the Comptroller to $2,200. This amount we have found to be inadequate even with the strictest economy, and respectfully submit the following items of expenditures incurred:

Steel cabinets for filing Coroners' records	$790 00
Four desks	222 00
Wardrobe	26 00
Bookcase	47 00
Dozen cuspidores	13 00
Linoleum	532 50
Rugs	284 70
Lettering	105 00
Moving	250 00
Repairing, furnishing and transferring of fixtures for main office and court room from Criminal Courts Building to new offices, 70-74 Lafayette street	650 00
Two telephone booths	110 00
Shades for windows	46 35

This makes a total sum of $3,076.55. We therefore respectfully ask your honorable Board to issue revenue bonds to the amount of $900 to meet the deficiencies of the expenses incurred. Respectfully,

ANTONIO DALESSANDRO, Chief Clerk.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of nine hundred dollars ($900), the proceeds whereof to be used by the Board of Coroners, Borough of Manhattan, for the purpose of paying for furniture, repairs and fittings for new offices at 70-74 Lafayette street.

The Committee on Finance, to which was referred on April 11, 1911 (Minutes, page 63), the annexed request from the Board of Coroners, Manhattan, for $900 special revenue bonds to meet deficiencies in allowance for repairs and fittings for new offices, respectfully

REPORTS:

That having examined the subject, it believes the proposed additional allowance to be necessary. The letter of request covers the subject thoroughly. The Committee recommends that the accompanying resolution be adopted.

Board of Coroners, Borough of Manhattan, New York, Criminal Courts Building, Centre Street, April 5, 1911.

To the Honorable Board of Aldermen:

Sirs—The Board of Coroners in December asked your honorable Board for an issue of revenue bonds to the amount of $3,000 for the purpose of moving the Coroners' offices from the Criminal Courts Building to the new offices, 70-74 Lafayette street, and making necessary repairs and purchases for the proper conduct of the business of this office. Your honorable Board granted this office $2,700. This sum was reduced by the Comptroller to $2,200. This amount we have found to be inadequate even with the strictest economy, and respectfully submit the following items of expenditures incurred:

Steel cabinets for filing Coroners' records	$790 00
Four desks	222 00
Wardrobe	26 00
Bookcase	47 00
Dozen cuspidores	13 00
Linoleum	532 50
Rugs	284 70
Lettering	105 00
Moving	250 00
Repairing, furnishing and transferring of fixtures for main office and court room from Criminal Courts Building to new offices, 70-74 Lafayette street	650 00
Two telephone booths	110 00
Shades for windows	46 35

This makes a total sum of $3,076.55. We therefore respectfully ask your honorable Board to issue revenue bonds to the amount of $900 to meet the deficiencies of the expenses incurred. Respectfully,

ANTONIO DALESSANDRO, Chief Clerk.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of nine hundred dollars ($900), the proceeds whereof to be used by the Board of Coroners, Borough of Manhattan, for the purpose of paying for furniture, repairs and fittings for new offices at 70-74 Lafayette street.

No. 3292.

The Committee on Finance, to which was referred on April 11, 1911 (Minutes, page 74), the annexed request from the Department of Health for $15,000 special revenue bonds for wages and supplies used at Tuberculosis Sanatorium, Otisville, N. Y., respectfully,

REPORTS:

That in addition to the information contained in the letter of request, the Committee has obtained a further explanation from the Health Commissioner, which is attached hereto. It believes this appropriation to be necessary, and therefore recommends that the accompanying resolution be adopted.

City of New York, Department of Health, Office of the Commissioner of Health, April 18, 1911.

Application for Bond Issue of $15,000 for Tuberculosis Sanatorium, Otisville.

Hon. FRANK L. DOWLING, Chairman, Finance Committee, Board of Aldermen, City Hall, N. Y.

Referring to the above application of the Board of Health, I have the honor to further advise you as follows:

About May 1, 1911, additional facilities will be available at the Sanatorium for the accommodation of 60 more patients, which a little later will probably be increased to 80 or 90. It would further seem that the average increase in the number of patients between May 1 and December 31, 1911, will approximate 75.

During the year 1910 there were distributed supplies for the maintenance of the hospital service at this institution aggregating in value $105,939.98. Dividing this amount by the number of days in the year, we have an average daily cost of $290.25. Dividing the average daily cost by the average census of patients, 349.23, results in an average daily cost per patient of $0.83 for supplies. Between May 1 and December 31, there remain in the year 245 days. Multiplying the number of days by the average increase in the number of paients (75) results in 18,375 patient-days. Multiplying the number of patient-days by the average daily cost per patient ($0.83) results in a total estimate of additional supplies required amounting to $15,251.25.

It will be noted that the request for bond issue amounts to only $10,000. The $15,000 before referred to includes vegetables and milk produced at the Sanatorium, and charged against the hospital service at their market value. Just what proportion of the $15,000 will be required for supplies of this kind is, at this time, indeterminate. It may be assumed, however, that with strict economy, the $10,000 will be sufficient for the purchase of general supplies for the increased number of patients.

Very truly yours, ERNST J. LEDERLE, Commissioner.

Department of Health, Office of the Secretary, Borough of Manhattan, City of New York, April 6, 1911.

Hon. PATRICK J. SCULLY, City Clerk, City Hall, Borough of Manhattan:

Sir—At a meeting of the Board of Health of the Department of Health, held April 4, 1911, the following resolution was adopted:

Whereas, About May 1, 1911, additional facilities will be available at the Tuberculosis Sanatorium, Otisville, for the accommodation of sixty (60) more patients, which a little later will probably be increased to eighty (80) or ninety (90), and

Whereas, The appropriations for salaries, wages and supplies for the current year are insufficient to provide employees to care for this additional number, said appropriations being fully required for the care and maintenance of the present census, which is about four hundred (400); therefore be it

Resolved, That the Board of Aldermen, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, be and it is hereby respectfully petitioned to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of fifteen thousand dollars ($15,000), the proceeds whereof to be used by this Board for the purpose of employing the following help to the extent of the amount set opposite each title:

Laborers	$2,800 00
Hospital Helpers	800 00
Nurse	400 00
Orderly	200 00
Domestics	800 00
Total	$5,000 00

—and for the purchase of general supplies to the amount of ten thousand dollars ($10,000), necessary and required for the care and maintenance of additional patients at the Tuberculosis Sanatorium, Otisville.

A true copy. EUGENE W. SCHEFFER, Secretary.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifteen thousand dollars ($15,000), the proceeds whereof to be used by the Department of Health for the purpose of purchasing supplies and paying wages at the Tuberculosis Sanatorium at Otisville, N. Y., in the following proportion: Purchase of Supplies, $10,000; Payment of Wages, $5,000.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Becker, Bolles, Boschen, Brady, Brush, Callaghan, Carberry, Cole, Coleman, Cornell, Curran, Davis, Delaney, Desmond, Diemer, Dotzler, Dowling, Downing, A. S. No. 3353.

The Committee on Finance, to which was referred on April 18, 1911 (Minutes, page 132), the annexed request from the Commissioner of Parks, Richmond and Manhattan, for $454.50 special revenue bonds for deficiency in wages of Wheelwrights, respectfully

REPORTS:

That having examined the subject, it believes the proposed appropriation to be necessary. This deficiency was caused by an advance in the stipend of these men to the prevailing rate of wages. It therefore recommends that the accompanying resolution be adopted.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, April 15, 1911.

To the Honorable, The Board of Aldermen, The City of New York:

Gentlemen—In accordance with a communication, dated April 8, received from the Board of Estimate and Apportionment, pursuant to resolution adopted by said Board April 6, 1911, requesting the Commissioners of Parks for the Boroughs of Manhattan and Richmond and for the Boroughs of Brooklyn and Queens, to provide for the compensation of Wheelwrights employed in their respective departments, at the rate of $4 per diem, either by the transfer of funds or by application for an issue of special revenue bonds, I have the honor to submit herewith to your honorable Board the application of the Department of Parks, Boroughs of Manhattan and Richmond, for an issue of special revenue bonds to the amount of $454.50 for the purpose above referred to.

This Department is now employing, under the provisions of the 1911 Budget, "General Maintenance, Mechanical Force, Account 1067," line item 13, "3 Wheelwrights at $3.50 per day (303 days), total, $3,181.50." The proposed increase of these men to $4 per day will require the extra amount of $454.50 requested above.

Respectfully,

CHARLES B. STOVER, Commissioner of Parks, Boroughs of Manhattan and

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of four hundred and fifty-four dollars and fifty cents, the proceeds whereof to be used by the Department of Parks, Manhattan and Richmond, for the purpose of meeting deficiency in appropriation caused by increase in wages of Wheelwrights to prevailing rate.

No. 3377.

The Committee on Finance, to which was referred on April 18, 1911 (Minutes, page 168), the annexed resolution for an issue of $1,500 Special Revenue Bonds, for purchase and installation of steel map and filing cases, etc., in office of Commissioner of Records, Kings County, respectfully

REPORTS:

That the attached statement from the Commissioner is explanatory of this request. The Committee believes this furniture to be necessary for proper protection of official documents, and it therefore recommends that the said resolution be adopted.

Office of the Commissioner of Records of the County of Kings, Hall of Records, Borough of Brooklyn, City of New York, April 24, 1911.

Finance Committee, Board of Aldermen, of City of New York Borough of Manhattan, New York:

Gentlemen—I respectfully ask your favorable consideration of resolution No. 3377, which provides for request to authorize the Comptroller to issue special revenue bonds to the amount of $1,500, the proceeds whereof are to be used by the Commissioner of Records of the County of Kings for the purchase and installation of steel map and filing cases and for making such necessary alterations in old steel cases now in said office as may be required for the storage, care and preservation of maps and records of Kings County.

The purchase, installation and alteration of said cases are to be made with the approval and under the supervision of the President of the Borough of Brooklyn.

The principal details of the work contemplated are as follows:

Construct and install one (1) combination metal case for old filed maps, also for maps, plans and drawings.

This case to be 15 feet, 3 inches long, 7 feet, 8½ inches high, and 2 feet 10 inches deep—to contain 224 pigeon holes for maps and 56 drawers for plans, etc.

Construct and install one (1) combination plan and bookcase, to be 38 inches wide, 6 feet 8 inches high, and 21 inches deep. The above cases to be provided with metal curtains.

The present bookcase to be moved to another position and fitted into place, with such alterations as are necessary.

Metal backs to be fitted to three cases already installed.

Alter four (4) filing cases (total length about 12 feet, height about 6 feet), so as to permit installation of steel curtains over front, similar in construction and design to those on bookcases in same room.

Construct and install steel curtains for same.

Alter map tubes and drawers underneath the same, by removing 143 tubes (the lower 11 rows), and four (4) drawers underneath, and install in place thereof nine (9) drawers 5½ feet long, 3¼ inches high, and 26 inches deep (from front to back), same to run in grooves or on ball bearings.

Alter case containing map tubes and drawers and the case adjoining thereto on the right containing cupboards and drawers (total width of both cases about 7¼ feet and height about 6 feet), so as to permit installation of steel curtains over front, similar in construction and design to those mentioned in the first four filing cases mentioned above.

Construct and install steel curtains for same.

Alter present closets (together, about 2¾ feet wide and 6 feet high), and to install in place thereof one (1) tier of book rollers, 1½ feet high, similar in construction and design to those now in position in the bookcases adjoining; and to install steel curtain in front of same, of similar construction and design as those already in position; to install underneath said book roller case one (1) drawer 1½ feet wide and 8 inches high, to conform with drawers in adjoining cases.

Construct and install in remaining space of present closets (about 14 inches in width and 6 feet in height), a closet with sheet steel door—said closet to begin at present base and to be the full height of present closets.

Construct and install one (1) steel drawer for table of same size and similar in every way to present drawer, to be placed directly under present drawer, said drawer being 6 feet long, 4 inches high, and the full depth of the table (about 4 feet).

There are other minor alterations to be made and which have not been shown herein.

All necessary work in moving cases now on the floor, for the purpose of installing new work, to be done by the contractor.

All alterations required are to be made to conform with present design of cases.

Requisition for a portion of the work above enumerated had been made upon the Superintenndent of Public Buildings and Offices of the Borough of Brooklyn, on March 14, 1910.

Plans of work required were furnished to Superintendent Woody at that time and thereafter representatives of steel concerns examined said plans.

I was not informed until February 20, 1911, that it would be necessary to apply to the Board of Aldermen for these improvements.

The need for new metal cases to take the place of the old wooden cases is evident from the fact of the constantly increasing number of old filed maps being copied for the Register by the Commissioner of Records, who is responsible for their preservation and for facilities for the convenient examination of the same.

Another pressing need is for additional storage for maps and plans pertaining to the work of the office of the Commissioner of Records, which are accumulating beyond the capacity of the present cases.

These plans are referred to hourly by the public. At present many of them must be kept in folded form for lack of room, and in that shape easily become torn and mutilated, requiring frequent copying to preserve the information shown thereon.

Thanking you for your attention in the matter, I remain,

Yours respectfully,

LEWIS M. SWASEY, Commissioner of Records of the County of Kings.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand five hundred dollars ($1,500), the proceeds whereof to be used by the Commissioner of Records of the County of Kings for the purchase and installation of steel map and filing cases and for making such necessary alterations in old steel cases now in said office as may be required, for the storage, care and preservation of maps and records of Kings County.

The purchase, installation and alteration of said cases are to be made with the approval and under the supervision of the President of the Borough of Brooklyn.

No. 3351—(G. O. No. 113).

The Committee on Finance, to which was referred on April 18, 1911 (Minutes, page 129), the annexed request from the Acting President, Borough of Queens, for $14,784, special revenue bonds, for Bureau of Highways, respectfully

REPORTS:

That, having examined the subject, it believes the proposed allowance to be necessary to do the work absolutely required on the macadam roads in Queens. This Borough is traversed by more automobiles than any other suburban locality in this country, and the roads suffer correspondingly. The committee, therefore, recommends that the said resolution be adopted.

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 17, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Dear Sir—This office is in receipt of a communication from the Superintendent of Highways, to wit:

"April 10, 1911.

"Hon. WALTER H. BUNN, Commissioner of Public Works, Borough of Queens:

"Dear Sir—I beg to call your attention to the following facts:

"In 1910, the sum of $18,742.08 was expended for stone, screenings, etc., being the cost of 7,200 yards of broken stone and 1,300 yards of screenings. The allotment for hired teams, horses and carts for the same year was $90,000 and we had the use of three Department rollers.

"For 1911, the sum of $80,000 has been allotted, and we have contracted for the delivery of 20,175 yards of stone and 4,775 yards of screenings, which is being delivered at the present time, as well as 5,000 cubic yards of sand at a cost of $4,450. This is a net increase of approximately 300 per cent. in the amount of material to be handled, which according to the schedule is to be delivered simultaneously in all Wards, but the allowance for teams and horses and carts has been decreased $10,000 and no provision has been made for the purchase or hire of additional rollers. This Bureau plans to resurface about 13 miles of macadam roadway during the present season and to have the main arteries of travel in proper condition for the summer travel; to do so we must have at least two additional steam rollers and 12 teams. It is now too late to advertise, etc., for the purchase of steam rollers and I therefore request that you apply for an issue of special revenue bonds as follows:

"Hire of 2 steam rollers, including Engineer, for 324 days.....	$3,240 00
"Hire of 12 teams for 1,924 days	11,544 00
	"$14,784 00

"Unless we can get these funds at once, the work of the Bureau will be seriously handicapped; in fact, we will not be able to carry out our plans, and I recommend that you give the matter immediate and favorable consideration. Yours truly,

"(Sgd.) EMANUEL BRANDON, Superintendent of Highways, Borough of Queens."

We venture to say that the Superintendent of the Bureau of Highways has not made his case strong enough. We personally know that he is seriously handicapped by reason, not only of lack of funds, but by the restrictions placed upon the Budget allowances for this year.

We therefore enclose resolution for the issue of special revenue bonds, amounting to $14,784, which we would thank you to present to the Board.

Yours respectfully,

WALTER H. BUNN, Commissioner of Public Works and Acting President, Borough of Queens.

Resolved, That pursuant to subdivision 8, section 188 of the Charter of The City of New York, the Comptroller be and is hereby authorized to issue special revenue bonds to the amount of fourteen thousand, seven hundred and eighty-four dollars ($14,784), the proceeds whereof to be expended by the President of the Borough of Queens:

To hire two (2) steam rollers and two (2) Engineers for 324 days.....	$3,240 00
To hire twelve (12) teams, with Drivers, for 1,924 days.....	11,544 00
	$14,784 00

—to be employed during the year 1911, under the supervision of the Bureau of Highways in repairing and resurfacing roads, the appropriation therefore being insufficient.

FRANK L. DOWLING, CHARLES P. COLE, WM. J. HEFFERNAN, WM. P. KENEALLY, THOMAS J. McALEER, DANIEL EHNTHOLT, FRANCIS P. KENNEY, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Brady, Carberry, Cole, Cornell, Cunningham, Davis, Delaney, Desmond, Dotzler, Dowling, W. Drescher, Dujat, Ehntholt, Fagan, Fink, Finley, Finnigan, Godwin, Hamilton, Hannon, Heffernan, Hickey, Hoertz, Kenneally, Kenney, Levine, Loos, McAleer, Meagher, Mulhearn, Nugent, Reardon, Ruff, Shipley, Smith, Snell, Stapleton, Volkmann, Van Nostrand, Wendel, White; Presidents Gresser, by Walter H. Bunn, Commissioner of Public Works; Miller, by Thomas W. Whittle, Commissioner of Public Works; Steers; the Vice-Chairman—47.

On motion of Alderman Dowling, the above vote was reconsidered, and the paper was placed on the list of General Orders.

GENERAL ORDERS.

Alderman Brush called up General Order 91, being a report and resolution, as follows:

No. 2474.

The Committee on Public Letting, to which was referred on December 20, 1910 (Minutes, page 864), the annexed communication from the Secretary, Board of Education, asking for authority to purchase supplies for the Manhattan Trade School for Girls without public letting, at a cost not to exceed $1,531.76, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be wise. The materials to be purchased are of such wide variety as to render it practically impossible to advertise. It, therefore, recommends that the accompanying resolution and ordinance be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Education be and it is hereby authorized and empowered to purchase certain materials in the Manhattan Trade School for Girls for the sum of one thousand five hundred and thirty-one dollars and seventy-six cents ($1,531.76), without public letting.

FRANCIS P. BENT, PERCY L. DAVIS, JOHN DIEMER, JOHN T. WALSH, EDWARD BRADY, ALEXANDER S. DRESCHER, Committee on Public Letting.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Becker, Bolles, Boschen, Brady, Brush, Campbell, Carberry, Cole, Coleman, Cornell, Cunningham, Curran, Davis, Delaney, Desmond, Dotzler, Dowling, Downing, W. MOTIONS, ORDINANCES AND RESOLUTIONS.

By the Vice-Chairman—

No. 3419.

Whereas, On May 5 next will occur the centenary of the birth of Dr. John William Draper, one of the foremost scientists America has produced, the first to photograph the human features, and a collaborator with Morse in perfecting the telegraph; and

Whereas, Dr. Draper never took out any patent, but gave freely to mankind the benefits of his researches, inventions and fundamental discoveries; and

Whereas, The University of The City of New York, with which Dr. Draper was associated as Professor for more than forty years, is to hold centenary exercises in honor of Dr. Draper's memory,

Resolved, That, as a public token of grateful recognition of Dr. Draper's distinguished services and achievements, which have shed lustre on our City, State and Nation, a Committee be appointed to attend said memorial exercises.

Which was referred to the Committee on Rules.

No. 3422.

By Alderman White—

Whereas, There has been introduced in the Legislature of the State of New York, by Senator Timothy D. Sullivan, of this City, "An Act to amend the penal law, in relation to the sale and carrying of dangerous weapons," an act designed to more effectively safeguard the life and limb of the people against the depredations of weak and irresponsible persons; and

Whereas, Said act makes it more difficult for those who may become disposed to transgress the law to become possessed of dangerous weapons, by reason of stringent provisions respecting the sale and purchase of the same, thereby aiding to a more ready apprehension of malefactors by the police authorities; and

Whereas, Said act provides severer penalty for the sale and carrying of dangerous weapons, thereby acting as a deterrent to those who would otherwise be tempted to the use of such weapons because of the ease with which they are now procured; therefore

Resolved, That the Board of Aldermen of The City of New York hereby urges upon the Senate and Assembly the early enactment into law of this meritorious measure to the end that the people of the State of New York may become freer from the malefactions of those whose practice it has been to use dangerous weapons to their detriment; be it further

Resolved, That the City Clerk be and he is hereby instructed to forthwith transmit a copy hereof to the Clerk of the Senate and to the Clerk of the Assembly of the State of New York.

Which was adopted.

ARCHIBALD R. WATSON, Corporation Counsel.

Borough of The Bronx.

Local Board of Morrisania, 22d District.

Pursuant to call by President Miller, the members of the Local Board of Morrisania, 22d District, met in the office of the President of the Borough of The Bronx on Thursday, March 30, 1911, at 9 p. m.

Present: Alderman Fagan and the President of the Borough of The Bronx Chairman.

Minutes of previous meeting were adopted.

Laid Over Matters.

275. Paving with sheet asphalt on concrete foundation Beach terrace from Crimmins ave. to Beekman ave., setting curb where necessary, and all work incidental thereto. Title is not vested in the City to said terrace. Laid over until next meeting.

286. Paving with asphalt blocks on a concrete foundation Leggett ave. from Southern boulevard to Beck st., and with sheet asphalt on concrete foundation from Beck st. to Dawson st., setting curb where necessary and all work incidental thereto. Total estimated cost, $17,200, or about $186.25 a lot.

Petition signed by The Jefferson Bank Co. and seven others. No one appeared in opposition. A representative from the Jefferson Bank appeared in favor.

It was resolved, that proceedings be initiated for paving with asphalt block on a concrete foundation, the roadway of Leggett ave., from Southern boulevard to Beck st., and with sheet asphalt on a concrete foundation, from Beck st. to Dawson st., setting curb where necessary, together with all work incidental thereto. Unanimously adopted.

289. Setting curbstones and flagging sidewalks a space four feet wide in Whittier st., from Garrison ave. to Ludlow ave., together with all work incidental thereto.

Petition signed by Mary Walpole. No opposition. Estimated cost, $2,200. Centre line length, 445 linear feet; $61.75 per 25-foot lot.

It was resolved that proceedings be initiated for the said improvement. Unanimously adopted.

Adjourned until April 17, 1911.

GEORGE DONNELLY, Secretary.

Local Board of Crotona, Twenty-fourth District.

Pursuant to call by the President of the Borough of The Bronx, the members of the Local Board of Crotona, Twenty-fourth District, were to have met on Thursday, March 30, 1911, at 9.30 a. m., but as there was not a quorum present the following matter was adjourned until April 17, 1911:

103. Paving E. 175th st., from 3d ave. to Park ave. Preliminarily authorized by Board of Estimate and Apportionment October 13, 1910, for paving the whole street with sheet asphalt. Laid over until next meeting.

GEORGE DONNELLY, Secretary.

Local Board of Van Cortlandt, Twenty-fifth District.

Pursuant to call by President Miller, the members of the Local Board of Van Cortlandt, Twenty-fifth District, met in the office of the President of the Borough of The Bronx, Municipal Building, 177th st. and 3d ave., on Thursday, March 30, 1911, at 8.30 p. m.

Present—Aldermen Godwin and Hamilton, and the President of the Borough of The Bronx.

Hearings.

280. Paving with asphalt blocks on a concrete foundation, where the gradient is 6 per cent. or less, and with granite blocks on a concrete foundation, where the gradient is over 6 per cent., the roadway of East 167th st. from Jerome ave. to the approach to the Grand Boulevard and Concourse, and setting curb where necessary, together with all work incidental thereto.

Petition signed by George W. McAdam, A. M. Dike and two others.

The Chief Engineer reported that before taking action on this resolution he would call attention to the resolution which was passed by the Local Board on March 7, 1911, for paving East 167th st., from the New York & Harlem Railroad to the approach to the Concourse with asphalt blocks on a concrete foundation where the gradient is 6½ per cent. or less, and with granite blocks, on a concrete foundation, where the grades are over 6½ per cent., etc. Since the adoption of this resolution, certain of the property holders have orally requested that same be amended to provide for all of the pavement to be of granite blocks on a concrete foundation. If petition 265 is to be amended he recommends that this petition 280 be also amended to provide for the street to be paved with granite blocks on concrete foundation, from Jerome ave. to the approach to the Concourse.

It was resolved, that the two petitions, No. 265 and No. 280, be combined, and to read as follows:

Resolved, That this Board does hereby initiate proceedings for paving with granite blocks, on a concrete foundation, the roadway of E. 167th st., from Jerome ave. to about 124 feet east of Gerard ave., and from about 94 feet west of Sherman ave. to the New York and Harlem Railroad, and setting curb where necessary, together with all work incidental thereto. Unanimously adopted.

265-11. Whereas, under date of March 7, 1911, the Local Board of Van Cortlandt, 25th District, initiated proceedings for paving the roadway of East 167th street, from the New York and Harlem Railroad to the approach to the Grand Boulevard and Concourse with asphalt blocks on a concrete foundation where the grades are less than 6½ per cent., and with granite blocks on a concrete foundation, where the grades are 6½ per cent. or more, setting curb where necessary and doing all work incidental thereto, and

Whereas, It has been deemed advisable to combine the work called for above with petition 280, which provides for paving with asphalt blocks on a concrete foundation, where the gradient is 6 per cent. or less, and with granite blocks on a concrete foundation, where the gradient is over 6 per cent., the roadway of East 167th st., from Jerome ave. to the approach to the Grand Boulevard and Concourse, and setting curb where necessary, together with all work incidental thereto,

Therefore, be it resolved, that the resolution of March 7, 1911, be and the same hereby is rescinded as all of the above work has been provided for in a resolution adopted March 30, 1911, which provides for paving with granite blocks on a concrete foundation, the roadway of East 167th st. from Jerome ave. to about 124 feet east of Gerard ave., and from 94 feet west of Sherman ave. to the New York and Harlem Railroad, and setting curb where necessary, together with all work incidental thereto. Unanimously adopted.

283. Acquiring title to West 238th st., from Broadway to Riverdale ave.

Petition signed by Charles Wetterer, Patrick McKenna and four others. Edward J. Gallagher appeared in favor on behalf of the Spuyten Duyvil and Kingsbridge Association; also Mr. Hart and other property owners, and the Northwest Bronx Property Owners' Association. J. Bowis Dash appeared in opposition.

On motion of Alderman Godwin, it was resolved that proceedings be initiated for acquiring title to West 238th st., from the land acquired for the opening of Kingsbridge ave. to Riverdale ave. Unanimously adopted.

285. Regulating and grading, etc., Davidson ave., from a point about 435 feet north of West 180th st., to West 190th st.

Opposition by several owners. Laid over until next meeting.

292. Erecting a guard rail on the northwest corner of 164th st. and Morris ave. Estimated cost, $21.

On motion, seconded, it was resolved, that proceedings be initiated for the said improvement. Unanimously adopted.

293. Regulating, grading, etc., Sedgwick ave., from Cedar ave. to the north side of 177th st., with all work incidental thereto.

Laid over awaiting report.

279-09. Laying out on map East 172d st., between Plympton ave. and Aqueduct ave.

Tentative map adopted by the Board of Estimate December 15, 1910.

Topographical Engineer directed to proceed with whatever work is necessary to carry out this plan. Final map already forwarded for final hearing before Board of Estimate and Apportionment.

206. Regulating and grading, setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches, erecting fences, building steps and appurtenances where necessary in East 187th st., from Valentine ave. to Marion ave., and doing all work incidental thereto.

Total estimated cost, $12,500. The centre line length of this improvement is about 500 linear feet. On this basis the average cost per linear foot of frontage will be $12.50, or $312.50 a lot.

Opposition by John R. Ross and others.

It was resolved that proceedings be initiated for the said improvement. Unanimously adopted.

Adjourned until April 8, 1911.

GEORGE DONNELLY, Secretary.

lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the northerly line of Maurice avenue where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Pike street and Chicago street as these streets are laid out between Corona avenue and Gerry avenue, and running thence northwardly along the said bisecting line to the intersection with the northwesterly line of Corona avenue; thence northwestwardly at right angles to Corona avenue a distance of 100 feet; thence northeastwardly along a line parallel with Corona avenue as this street is laid out southwesterly from Hampton street, and along the prolongation of the said line to the intersection with the southerly property line of the North Side Division of the Long Island Railroad; thence eastwardly along the said property line to the intersection with the prolongation of a line midway between Toledo street and Gay street; thence southwardly along the said line midway between Toledo street and Gay street, and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Lurting street and Parcell street, as these streets are laid out between Toledo street and Gay street; thence eastwardly along the said bisecting line to the intersection with a line midway between Gay street and Hanover avenue; thence southwardly along the said line midway between Gay street and Hanover avenue to the intersection with the prolongation of a line midway between Parcell street and Gerry avenue; thence westwardly along the said line midway between Parcell street and Gerry avenue and along the prolongation of the said line to the intersection with a line midway between Toledo street and Gay street; thence southwardly along the said line midway between Toledo street and Gay street, and along the prolongation of the said line to the intersection with a line midway between Gerry avenue and Maurice avenue; thence eastwardly along the said line midway between Gerry avenue and Maurice avenue to the intersection with a line midway between Toledo street and Hanover avenue; thence southwardly along the said line midway between Toledo street and Hanover avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Toledo street and Hanover avenue as these streets are laid out between Norfolk street and Orontes street; thence southwardly along the said bisecting line to the intersection with a line midway between Palmer street and Rodman street; thence westwardly along the said line midway between Palmer street and Rodman street to the intersection with the northeasterly line of Queens boulevard; thence southwestwardly at right angles to Queens boulevard a distance of 300 feet; thence northwestwardly and always distant 100 feet southwesterly from and parallel with the southwesterly line of Queens boulevard to the intersection with a line parallel with Chicago street and passing through the point of beginning; thence northwardly along the said line parallel with Chicago street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 4th day of May, 1911, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 4th day of May, 1911.

Dated April 21, 1911.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on April 6, 1911, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Fresh Pond road between Myrtle avenue and a line distant 200 feet southerly from the southerly line of Anna place, excepting such land within these limits as has been acquired for cemetery use, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on a line which bisects the angle formed by the intersection of the prolongations of the easterly line of Buchman avenue and the westerly line of Fresh Pond road, as these streets are laid out between Van Cortlandt avenue and Myrtle avenue, distant 100 feet southerly from the southerly line of Van Cortlandt avenue, the said distance being measured at right angles to Van Cortlandt avenue, and running thence eastwardly along a line always distant 100 feet southerly from and parallel with the southerly line of Van Cortlandt avenue and along the prolongation of the said line to the intersection with the southeasterly right-of-way line of the Manhattan Beach Division of the Long Island Railroad; thence northeastwardly along the said right-of-way line to the intersection with a line always distant 750 feet northeasterly from and parallel with the northeasterly line of Fresh Pond road, the said distance being measured at right angles to Fresh Pond road; thence southeastwardly along the said line parallel with Fresh Pond road to the intersection with a line at right angles to Fresh Pond road and passing through a point on its southwesterly side distant 200 feet southeasterly from its intersection with the southerly line of Anna place; thence southwestwardly along the said line at right angles to Fresh Pond road to a point distant 750 feet southwesterly from the southwesterly line of Fresh Pond road; thence northwestwardly along a line parallel with and always distant 750 feet from Fresh Pond road to the intersection with the southeasterly right-of-way line of the Manhattan Beach Division of the Long Island Railroad; thence northeastwardly along the said right-of-way line to the intersection with the bisecting line hereinbefore described; thence northwardly along the said bisecting line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 4th day of May, 1911, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 4th day of May, 1911.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Richmond Light and Railroad Company has under date of January 6, 1911, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway, as an extension to its existing system, upon and along Wadsworth avenue and other streets and avenues in the vicinity of Fort Wadsworth, Borough of Richmond; and

Whereas, Section 172 of the Railroad Law and Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on January 19, 1911, fixing the date for public hearing thereon as March 2, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The Sun" and "New York Commercial," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Richmond Light and Railroad Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Richmond Light and Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Richmond Light and Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1911, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Richmond Light and Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track street surface railway, as an extension to its present railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Richmond, in The City of New York upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company in New York avenue at or near its intersection with a private street known as Wadsworth avenue; thence by double track southwesterly in and upon said Wadsworth avenue to Tompkins avenue; thence across said Tompkins avenue to a private right-of-way; thence in a southerly direction along said private right-of-way to Sea avenue; thence across Sea avenue to a private right-of-way; thence southerly along said private right-of-way to Florida avenue; thence along Florida avenue to Richmond avenue; thence across Richmond avenue to Ocean avenue and there connecting with the existing tracks of the Company.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map showing proposed alteration in the Richmond Light and Railroad Company, in the Borough of Richmond, to accompany petition dated January 6, 1911, to the Board of Estimate and Apportionment, City of New York," —and signed by S. F. Hazelrigg, Vice-President, and Walter E. Pettigrew, Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said three (3) months or within one (1) month thereafter make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until* with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

(a) The sum of five hundred dollars ($500) in cash within sixty (60) days after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than four hundred and seventy-five dollars ($475), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of four hundred and seventy-five dollars ($475).

During the second term of five (5) years an annual sum which shall in no case be less than eight hundred and seventy-five dollars ($875), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of eight hundred and seventy-five dollars ($875).

During the third term of five (5) years an annual sum which shall in no case be less than nine hundred and seventy-five dollars ($975) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of nine hundred and seventy-five dollars ($975).

During the fourth term of five (5) years an annual sum which shall in no case be less than one thousand and seventy-five dollars ($1,075) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand and seventy-five dollars ($1,075).

During the remaining term, expiring* an annual sum which shall in no case be less than one thousand one hundred and seventy-five dollars ($1,175), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand one hundred and seventy-five dollars ($1,175).

As the Company is operating both railway and electric light and power properties, it is agreed that the gross annual receipts mentioned above shall be the portion of the gross receipts from the railway property of the Company, as distinguished from the electric light and power property, as shall bear the same proportion to the whole gross receipts from such railway property as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law as amended.

The sum of five hundred dollars ($500) which is hereinbefore required to be paid to the City by the Company within sixty (60) days after the date on which this contract is signed by the Mayor shall not be considered in any manner in the nature of a tax, but such payment shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the route hereinbefore described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment or any structures used in connection therewith, in streets and avenues and private property hereinbefore described shall be permitted by the Company, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures, and additions and betterments thereto, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same; and also such proportion of the cost of keeping

the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation. Provided, however, that if in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board and the Board may fix a percentage upon the cost to be paid to the Company, at a sum in excess of the legal rate of interest, if, in its opinion, such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company, pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed, pursuant to this contract, within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court made pursuant to Section 174 of the Railroad Law confirming the determination of the commissioners appointed thereunder, that such railway ought to be constructed and shall complete the construction and place the same in full operation within three (3) months from the date of filing such consents or the date of such order, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Richmond, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Twelfth—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride, from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof, or any connecting branch thereof within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter, mail matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sum shall be charged for such services than provided for by it.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel-guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Provided, however, that the Company shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m. each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, if required by the President of the Borough of Richmond, cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Provided, however, that the Company may, with the approval of the City official having jurisdiction over such matters, oil that portion of the surface of the streets and avenues between the tracks, the rails of the tracks and two (2) feet beyond the rails on each side thereof, at least twice each summer season, in such manner as may be necessary to prevent the rising of dust, and if the Company shall so oil such portions of the surface of the streets and avenues, then the Company shall not be required to water such streets and avenues as herein provided.

Twentieth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of Richmond, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

The Company shall cause to be paved a strip sixty-four (64) feet in width across the entire roadways of New York and Tompkins avenues at their intersections with Wadsworth avenue, and a strip sixty (60) feet in width across the entire roadway of Richmond avenue at its intersection with Ocean avenue. The precise location of such pavement and the kind and character of the same shall be as determined by the President of the Borough of Richmond, and the work shall be done in the manner directed by said President.

Twenty-second—Any alteartion to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—The Company covenants and agrees to abandon and relinquish and does hereby abandon and relinquish to the City all its rights and franchises to construct, maintain and operate a street surface railway upon the route beginning at the intersection of New York avenue with Wadsworth avenue; thence upon New York avenue to Richmond avenue; thence upon Richmond avenue to Ocean avenue, and the Company shall, within one year from the date on which this contract is signed by the Mayor, comply with the provisions of Section 184 of the Railroad Law in regard to the abandonment of said route so abandoned and relinquished, and shall remove therefrom any and all existing tracks of the Company within such time, and restore the pavement in the manner prescribed by the President of the Borough of Richmond. If the Company shall fail to secure the approval of the Public Service Commission or shall fail for any other reason to comply with the provisions of this subdivision within the time stipulated this contract shall be void and of no effect, and the grant made herein shall thereupon cease and determine. Provided, however, the Board may extend said period for a period or periods not exceeding in the aggregate six months.

Twenty-sixth—Should the City at any time during the term of this contract lay out a street of sixty-four (64) or more feet in width, the lines of which shall approximately correspond with the proposed street shown upon the map hereinbefore described, and made a part of this contract, as Wadsworth avenue, then the Company shall convey or cause to be conveyed the free and clear title to a strip of land sixty-four (64) feet in width lying within the lines of such new street and extending from New York avenue to Tompkins avenue, and the Company agrees on one year's notice to alter the position of the curbs in said Wadsworth avenue to such position as shall be directed by the municipal authorities having jurisdiction and the Company shall cause to be paved the entire portion of the roadway between the new curb lines of said Wadsworth avenue which is not now paved under the supervision of the municipal authorities having jurisdiction in such matters and such authorities shall designate the kind and character of the pavement to be laid.

Should the City at any time during the term of this contract lay out a new street along all or any portion of the railway hereby authorized, between the northerly line of Richmond avenue and the westerly line of Tompkins avenue, then the Company shall convey or cause to be conveyed the free and clear title to all of that portion or portions of land now claimed to be owned by the Company and shown upon the map hereinbefore described and made a part of this contract, which shall lie within the lines of such new street or any portion of the same as may be laid out by the City, and should the City at any time during the term of this contract lay out the portion of such new street immediately north of Richmond avenue, then the Company shall convey or cause to be conveyed the free and clear title to all of those two triangular pieces or parcels of land, one of which lies immediately south of the property of the Company, as shown upon said map and between the easterly line of Florida avenue and the easterly line of such new street, being shown upon the hereinbefore described map as Parcel A, and the other of which has a frontage on Richmond avenue and lies between the westerly side of Florida avenue and the westerly side of such new street, being shown upon said map as Parcel B.

The conveyances hereinabove required shall be executed within thirty (30) days of the date of the approval by the Mayor of the resolution of the Board of Estimate and Apportionment adopting the map laying out such new street or streets.

The Company hereby agrees that if the City is, or shall become, entitled to acquire, and shall at any time during the term of this contract acquire or otherwise come into the possession of any of the property on which railway tracks shall be constructed on that portion of the route described herein as private property, no compensation shall be awarded for the right to have railway tracks thereon.

When the City shall have acquired or come into possession of any property, as provided above, then the rights hereby granted in the streets and avenues shall be extended to cover such property and all the terms and conditions of this contract shall be applicable thereto.

Twenty-seventh—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the Corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-eighth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-ninth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Thirtieth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time, and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirty-first—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-second—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand dollars ($1,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, heating and lighting of cars, fenders and wheel guards, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of a violation of the provisions relating to those matters, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars ($1,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-third—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-fourth—The words "streets or avenues," and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, driveways, concourses, boulevards, bridges, viaducts, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given the Company to construct a railway.

Thirty-fifth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of article 5, and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Sec. 4. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part by its officers there-

unto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Richmond Light and Railroad Company, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, May 11, 1911, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, May 11, 1911, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of the Richmond Light and Railroad Company, together with the following notice, to wit:

"Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Richmond Light and Railroad Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, May 11, 1911, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard."

Dated New York, March 30, 1911. a18,m11

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held March 16, 1911, the following petition was received:

To the Board of Estimate and Apportionment:

The petition of New York, Westchester and Boston Railway Company respectfully shows:

Your petitioner is a railroad corporation duly organized by the consolidation of New York, Westchester and Boston Railway Company and New York and Port Chester Railroad Company, and is engaged in the construction of a railroad in The City of New York and in the County of Westchester, upon a private right of way, in accordance with the provisions of its charter, which provide for a main line from the Harlem River in The City of New York, to Port Chester, in the County of Westchester, with a branch line from Mount Vernon to White Plains, and a branch line from a point at about 180th street to Throgg's Neck, in the Borough of The Bronx. The portions of its line under construction at the present time are (1) that portion of the main line beginning at about 180th street in The City of New York and running to the City of New Rochelle, and (2) the branch line from Mount Vernon to White Plains.

In The City of New York the railroad is being constructed and will be operated in accordance with the terms of the franchises of the New York, Westchester and Boston Railway Company, one of the consolidating companies forming your petitioner, which were granted as follows:

The original franchise to cross streets intersected by its route in The City of New York was granted to New York, Westchester and Boston Railway Company by ordinance of the Board of Aldermen of The City of New York, adopted July 26, 1904, and approved by the Mayor, August 2, 1904. This franchise was amended by resolution of the Board of Estimate and Apportionment adopted July 14, 1905, approved July 21, 1905, and was further amended by contract between New York, Westchester and Boston Railway Company and The City of New York, dated January 29, 1909.

The franchise as thus amended contains the following provision:

"Said railroad company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor, and shall complete a four-track railroad upon the main line from the northerly line of the City as far south as East 174th street, on the 2d day of August, 1911; otherwise this grant shall cease and determine."

From the northerly line of The City of New York south to about 180th street the railroad is nearly completed. Practically all the grading has been done; about one-half of the steel structures for bridges and tunnels have been erected and the balance of the structures have been fabricated at the mills and are being shipped from time to time; rail has been laid over about one-third of the distance and the rail and ties necessary to complete the work are on the ground. Contracts for cars to be used on the line will probably be entered into before the first of April of this year. A large part of this work has been done in the last eighteen months. Prior to that time the work was seriously delayed, on account of litigation, and the consequent difficulty in obtaining right of way. From 180th street to 174th street no work has been done, and the electrification of the line has but recently been begun.

The delay in construction between 180th street and 174th street has been due to the necessity of reconsidering the plans for the location between those points of the railroad. Since the route of your petitioner was last amended, the uncertainty in the location of the proposed subway and rapid transit lines in the Borough of The Bronx now under consideration by your Board has made it advisable to await the final determination of the location of such proposed rapid transit lines so that the most practicable connections might be made by your petitioner's railroad with existing and proposed lines. Until these plans are fully determined, it will be unwise to complete the construction of your petitioner's railroad between the streets mentioned.

After the acquisition of the capital stock of your petitioner by the New York, New Haven and Hartford Railroad Company, the question of the method of electrification of the road became a very serious one, and the problem of determining whether or not to adopt the present New Haven system of overhead current or the existing subway system has caused delay in completing the plans for the electrification. The final plan has now been adopted and has recently been approved by the Department of Water Supply, Gas and Electricity of The City of New York and by the Public Service Commission of the First District, and will be installed as rapidly as possible. The completion of these plans, however, will occupy at least a year, and in the meantime your petitioner desires the right to operate its railroad by steam. If such right be granted, your petitioner by the end of the present year will be able to furnish rapid transit from about 180th street, near the present Subway Station at that point, to the northern part of the City, and to the cities of Mount Vernon and New Rochelle.

Wherefore, your petitioner prays:

1. That section 5, paragraph 1, of the Ordinance of The City of New York, adopted July 26, 1904, approved by the Mayor, August 2, 1904, as amended by contract between the New York, Westchester and Boston Railway Company and The City of New York, dated January 29, 1909, be amended so that the figures "1911" shall be changed to "1912," thus extending the time for the completion of construction of the railroad from the northerly line of the City to about 174th street, for a period of one year.

2. That your honorable Board will further amend the said franchise by inserting in section 2 of clause 15 of the original franchise, as amended by the said contract of January 29, 1909, after the words "except steam locomotive power," the following:

"Said New York, Westchester and Boston Railway Company may, however, operate the said railroad by steam locomotive power for a period of one year from September 1, 1911, and for such further periods as may be permitted by the Board of Estimate and Apportionment, not exceeding in all a total period of two years."

Respectfully submitted,
NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY,
By L. S. MILLER, President.

State of New York, County of New York, ss.:

Leverett S. Miller, being duly sworn, deposes and says, that he is President of New York, Westchester and Boston Railway Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof, and that the same is true to his own knowledge except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held April 6, 1911, the following petition was received:

To the Honorable, the Board of Estimate and Apportionment of The City of New York:

The petitioner, the New York City Interborough Railway Company, respectfully shows as follows:

1. That it is a street surface railroad organized and existing under and by virtue of the laws of the State of New York.

2. That it operates certain lines in the Borough of Manhattan and Borough of The Bronx, in The City of New York, and purposes to extend some of said lines and hereby makes application to your Board for permission to construct a street surface railroad over and upon the following streets in The City of New York, and to operate the same by electricity or other motive power:

First—Beginning on East 149th street at its intersection with St. Anns avenue, and running thence easterly over East 149th street to Southern boulevard, and thence northeasterly over Southern boulevard to Leggett avenue to a connection with its tracks on Leggett avenue.

Second—Beginning on 145th street and the westerly side of Lenox avenue, and running thence westerly over 145th street to Broadway.

Third—Beginning on Dongan street at a point near its intersection with Intervale avenue, and running thence westerly along Dongan street to Stebbins avenue; thence northwesterly along Stebbins avenue to East 163d street; thence westerly on East 163d street to Washington avenue; thence southerly on Washington avenue and Elton avenue to East 161st street to a connection with the tracks of the Union Railway Company.

Fourth—Beginning at the intersection of the Southern boulevard and 189th street, and running thence northerly over the Southern boulevard to Pelham avenue to a connection with the tracks of the Union Railway Company.

Dated New York, April 13, 1911. a15,27

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The New York and North Shore Traction Company has under date of January 17, 1911, made application to this Board for a modification of the terms and conditions of the contract dated February 1, 1909, granting said Company a franchise for the construction, maintenance and operation of street surface railway extensions upon certain streets and avenues in the Borough of Queens; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on February 2, 1911, fixing the date for public hearing thereon as March 16, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Herald" and the "New York Times," newspapers designated by the Mayor, and in the CITY RECORD, for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and North Shore Traction Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York and North Shore Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and North Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 1911, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and North Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City did by contract dated February 1, 1909, grant to the Company the right to construct, maintain and operate a street surface railway upon various streets and avenues in the Borough of Queens; and

Whereas, The Company has by a petition dated January 17, 1911, applied to the Board for a modification of said contract by eliminating therefrom a part of the route therein granted; now, therefore,

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby consents to such modification or amendment in and to said contract subject to the following conditions:

First—All the terms and conditions contained in the said contract dated February 1, 1909, shall remain unchanged except as follows:

Section 1, paragraph 2, is hereby amended so as to read:

"Beginning at a point where the boundary line between The City of New York and the County of Nassau intersects Broadway in the Borough of Queens; thence in and upon Broadway to Tenth street."

Second—The Company shall, within one year from the date on which this contract is signed by the Mayor, comply with the provisions of section 184 of the Railroad Law for the abandonment of that portion of the route granted by contract dated February 1, 1909, and described as follows: Beginning at the intersection of Broadway and 10th street; thence westerly along Broadway to its intersection with the easterly side of Bell avenue, in the former Village of Bayside.

If the Company shall fail to secure the approval of the Public Service Commission, or shall fail for any other reason to comply with the provisions of this subdivision within the time stipulated, this contract shall be void and of no effect and the original franchise contract of February 1, 1909, and the obligations and liability of the Company thereunder shall be unaffected by the provisions of this contract. Provided, however, that the Board may extend said period for a period or periods not exceeding in the aggregate six (6) months.

A certified copy of the certificate of abandonment shall be filed with the Board of Estimate and Apportionment within ten (10) days from the date on which the same is obtained by the Company.

Section 2. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By ..... Mayor.
[CORPORATE SEAL.]
Attest: ....., City Clerk.
NEW YORK AND NORTH SHORE TRACTION COMPANY,
By ..... President.
[SEAL.]
Attest: ....., Secretary.
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and North Shore Traction Company, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of the Board, shall be published for at least twenty (20) days immediately prior to Thursday, April 27, 1911, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, April 27, 1911, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York at the expense of the New York and North Shore Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and North Shore Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, April 27, 1911, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, until 11 a. m. on the first day of May, 1911, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 1, 1911," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN REAL ESTATE AND APPURTENANCES THERETO.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund and pursuant to a resolution adopted by them at a meeting held March 29, 1911, the Comptroller of The City of New York will sell by sealed bids on

SATURDAY, APRIL 29, 1911,

at 11 o'clock a. m. in Room K, 280 Broadway, Borough of Manhattan, the lease for a period of ten years commencing May 1, 1911, with the privilege of renewal for an additional ten years, of the premises belonging to the Corporation of The City of New York, known as 28-30 Vandewater st., Borough of Manhattan, formerly occupied by Public School 180.

The Comptroller will receive sealed bids for the lease of the said premises for the said period at the minimum or upset price of $4,500 per annum, payable quarterly in advance, and said sale will be made upon the following

Terms and Conditions.

Each bid must be accompanied by cash or a certified check for twenty-five per cent. of the amount of the yearly rental offered. The amount so paid for one-quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental bid with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance and for the performance of the covenants and conditions of the lease.

No person will be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid will be accepted from any person who is in arrears to the Corporation upon debt or contract or who is a defaulter as surety or otherwise upon any obligation to the Corporation, as provided by law.

The lease will be in the usual form of leases of like property and will contain, in addition to other terms, covenants and conditions, as follows:

1. A clause that the lessee shall put in a meter, if required so to do, and pay for all water charged against the said premises.

2. A clause that the lessee shall not make any alterations or improvements to the property except with the consent and approval of the Comptroller.

3. A clause that all improvements placed upon said property shall revert to and become the property of The City of New York upon the termination of the lease.

4. A clause providing that the lessee shall keep the sidewalks in front of said premises free from snow and ice.

5. A clause providing that the lessee shall make all necessary repairs and alterations, both inside and outside, and comply with all rules, regulations and orders of the Health, Police, Fire, Tenement House and Building Departments at his own cost and expense.

The Comptroller shall have the right to reject any and all bids if deemed to be for the interests of The City of New York.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditarrents required for the opening and extending of GARFIELD STREET, from West Farms road to Morris Park avenue, and FILLMORE STREET, from Van Nest avenue to Morris Park avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 31st day of March, 1911, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 7th day of April, 1911, a copy of which order was duly filed in the office of the Register of the County of New York, we, Charles P. Hallock, Sidwell S. Randall and Herman T. Radin, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 7th day of April, 1911; and the said Charles P. Hallock was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 7th day of April, 1911, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by Chapter 17, Title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of May, 1911, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, April 27, 1911.

CHARLES P. HALLOCK, HERMAN T. RADIN, SIDWELL S. RANDALL, Commissioners.

JOEL J. SQUIER, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the opening and extending of NORTH STREET, between Jerome avenue and Aqueduct Avenue East, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 31st day of March, 1911, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 7th day of April, 1911, a copy of which order was duly filed in the office of the Register of the County of New York, we, Timothy E. Cohalan, Ely Neumann and William Conover, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 7th day of April, 1911; and the said Timothy E. Cohalan was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 7th day of April, 1911, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by Chapter 17, Title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of May, 1911, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, April 27, 1911.

ELY NEUMANN, WM. CONOVER, TIMOTHY E. COHALAN, Commissioners.

JOEL J. SQUIER, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of ST. GEORGES CRESCENT, between East Two Hundred and Sixth street and Van Cortlandt avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 16th day of May, 1911, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 18th day of May, 1911, at 11 o'clock a. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 16th day of May, 1911, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of May, 1911, at 11.30 o'clock a. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 15th day of January, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being

in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly line of the Grand Boulevard and Concourse, where it is intersected by the prolongation of the southerly line of Van Cortlandt avenue as laid out west of Mosholu Parkway South, and running thence eastwardly along the southerly line of Van Cortlandt avenue, and the prolongation thereof, to the intersection with a line always distant 100 feet easterly from and parallel with the easterly line of St. Georges Crescent, the said distance being measured at right angles to St. Georges Crescent; thence southwardly along the said line parallel with St. Georges Crescent to the northerly line of East Two Hundred and Sixth street; thence southwardly at right angles to East Two Hundred and Sixth street a distance of 160 feet; thence westwardly and always parallel with East Two Hundred and Sixth street to the intersection with a line distant 115 feet easterly from and parallel with the easterly line of the Concourse, the said distance being measured at right angles to the line of the Concourse; thence northwardly and parallel with the Concourse to the intersection with a line always distant 100 feet westerly from and parallel with the westerly line of St. Georges Crescent, the said distance being measured at right angles to St. Georges Crescent; thence northwardly along the said line parallel with St. Georges Crescent to the easterly line of the Concourse; thence northwardly along the easterly line of the Concourse to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of May, 1911.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit hercin will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 29th day of June, 1911, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 17, 1911.

JOEL J. SQUIER, Clerk. a19,29

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of FAILE STREET (although not yet named by proper authority), from Garrison avenue to a point about 183 feet north of Whitlock avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above-entitled proceedings, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of April, 1911, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 29th day of April, 1911, at 10 o'clock a. m.

Second—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of April, 1911, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 1st day of May, 1911, at 10 o'clock a. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 26th day of June, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line midway between Hoe avenue and Faile street where it is intersected by a line at right angles to Faile street, and passing through a point on the centre line of the said Faile street located on the southerly line of the land heretofore conveyed to the City by deed of cession, and running thence eastwardly along the said line at right angles to the line of Faile street to a point midway between Faile street and Bryant avenue; thence southwardly along a line midway between Faile street and Bryant avenue as laid out northerly from Whitlock avenue, and the prolongation thereof to the intersection with the prolongation of a line midway between Faile street and Bryant avenue as laid out southeasterly from Whitlock avenue; thence southeastwardly along the last-mentioned line midway between Faile street and Bryant avenue, and the prolongation thereof, to a point distant 100 feet southeasterly from the southeasterly line of Garrison avenue, the said distance being measured at right angles to the line of Garrison avenue; thence southwestwardly and parallel with Garrison avenue to the intersection with the prolongation of a line midway between Hunts Point road and Faile street as laid out between Garrison avenue and Whitlock avenue; thence northwestwardly along the said line midway between Hunts Point road and Faile street, and the prolongation thereof, to the intersection with the prolongation of a line midway between Hoe avenue and Faile street as laid out northerly from Whitlock avenue; thence northwardly along the said line midway between Hoe avenue and Faile street and the prolongation thereof to the point or place of beginning.

(Excepting, however, from the above described area so much of it as may be exempt from assessment under the provisions of section 992 of the Charter.)

Fourth—That the abstracts of said supplemental and amended estimate of damage and of said supplemental and amended assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 29th day of April, 1911.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 26th day of May, 1911, at the opening of the court on that day.

Sixth—In case, however, objections are filed to the foregoing supplemental and amended abstracts of estimate and assessment, or to either of them, the motion to confirm the supplemental and amended reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, Borough of Manhattan, New York, April 11, 1911.

MICHAEL J. EGAN, Chairman, ANTHONY J. OLIVER, Commissioners of Estimate; MICHAEL J. EGAN, Commissioner of Assessment.

JOEL J. SQUIER, Clerk. a18,28

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TENTH STREET, from Jerome avenue to Wayne avenue; WAYNE AVENUE, from Reservoir Oval West to Gun Hill road; TRYON AVENUE, from Reservoir Oval West to Gun Hill road, all of which are in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at his office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of April, 1911, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 1st day of May, 1911, at 2 o'clock p. m.

Second—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of June, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northwesterly side of DeKalb avenue, midway between Gun Hill road and East Two Hundred and Tenth street, and running thence eastwardly to a point on the westerly line of Steuben avenue, midway between East Two Hundred and Tenth street and Gun Hill road; thence eastwardly and passing through a point on the westerly line of Woodlawn road, midway between East Two Hundred and Tenth street and Gun Hill road, to the intersection with a line midway between Woodlawn road and Wayne avenue; thence northwardly and along the said line midway between Woodlawn road and Wayne avenue, to the intersection with a line 100 feet northeasterly from and parallel with the northeasterly line of Gun Hill road, the said distance being measured at right angles to the line of Gun Hill road; thence southeastwardly and parallel with Gun Hill road to the intersection with the prolongation of a line passing through a point on the southwesterly side of Gun Hill road and through a point on the northeasterly side of Reservoir Oval West, the said points being located midway between Tryon avenue and Putnam avenue as determined in a course measured along the southwesterly and northeasterly lines of Gun Hill road and Reservoir Oval West, respectively; thence southwestwardly along the course last described to the aforesaid point on the northerly line of Reservoir Oval West, midway between Tryon avenue and Putnam avenue; thence southwardly along a radial line to a point 100 feet south of the southerly line of Reservoir Oval West; thence westwardly and southwestwardly and always parallel with and distant 100 feet from the southerly and southeasterly lines of Reservoir Oval West to the intersection with a line at right angles to the northwesterly line of Reservoir Oval West at a point midway between East Two Hundred and Tenth street and East Two Hundred and Eighth street; thence northwestwardly and along the said line last described and passing through the said point on the northwesterly line of Reservoir Oval West, midway between East Two Hundred and Tenth street and East Two Hundred and Eighth street to the intersection with a line midway between East Two Hundred and Eighth street and East Two Hundred and Tenth street, through that portion of their length west of and adjoining Woodlawn road; thence northwestwardly along the said line midway between East Two Hundred and Eighth street and East Two Hundred and Tenth street to the intersection with the southeasterly line of Steuben avenue; thence across Steuben avenue to a point on the northwesterly line of the said Steuben avenue midway between East Two Hundred and Eighth avenue and East Two Hundred and Tenth street; thence northwesterly to a point on the southeasterly line of Kossuth place, midway between East Two Hundred and Eighth street and East Two Hundred and Tenth street; thence westwardly to a point on the westerly line of East Two Hundred and Eighth street midway between Kossuth place and East Two Hundred and Tenth street; thence westwardly at right angles to the line of East Two Hundred and Eighth street to a point midway between East Two Hundred and Eighth street and Mosholu Parkway North; thence northwardly to a point on the southeasterly line of Jerome avenue midway between Mosholu Parkway North and East Two Hundred and Tenth street; thence northwestwardly at right angles to the line of Jerome avenue to the intersection with the line 100 feet northwesterly from and parallel with the northwesterly line of Jerome avenue, the said distance being measured at right angles to the line of Jerome avenue; thence northeastwardly and parallel with Jerome avenue to the intersection with a line drawn at right angles to the line of DeKalb avenue and passing through the point described as the point or place of beginning; thence southeastwardly to the point or place of beginning.

Third—That the abstract of said assessment for benefit, together with the benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioner of Assessment in making the same, has been deposited in the Bureau of Street Openings in the Law Department of The City of New York, 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 1st day of May 1911.

Fourth—That, provided there be no objections filed to said supplemental and amended abstract, the supplemental and amended report as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 26th day of May, 1911, at the opening of the court on that day.

Fifth—In case, however, objections are filed to the foregoing supplemental and amended abstract of assessment, the motion to confirm the supplemental and amended report as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 10, 1911.

PETER J. EVERETT, Commissioner of Assessment.

JOEL J. SQUIER, Clerk. a18,28

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST TWO HUNDRED AND THIRTY-FIRST STREET (although not yet named by proper authority), from Bailey avenue to Riverdale avenue, where not already acquired, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 8th day of May, 1911, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 10th day of May, 1911, at 1 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 8th day of May, 1911,

and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 11th day of May, 1911, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 5th day of June, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West Two Hundred and Thirty-second street and West Two Hundred and Thirty-fourth street, as laid out between Spuyten Duyvil road and Kingsbridge avenue distant 100 feet westerly from the westerly line of Riverdale avenue, the said distance being measured at right angles to the line of Riverdale avenue, and running thence southeastwardly along the said bisecting line to the intersection with the prolongation of a line midway between West Two Hundred and Thirty-second street and West Two Hundred and Thirty-fourth street, as laid out between Kingsbridge avenue and Broadway; thence southeastwardly along the said line midway between West Two Hundred and Thirty-second street and West Two Hundred and Thirty-fourth street to the northwesterly line of Broadway; thence eastwardly in a straight line to a point on the southeasterly line of Broadway where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West Two Hundred and Thirty-third street and West Two Hundred and Thirty-fourth street, as laid out between Broadway and Bailey avenue; thence southeastwardly along the said bisecting line to a point distant 100 feet southeasterly from the southeasterly line of Bailey avenue, the said distance being measured at right angles to the line of Bailey avenue; thence southwestwardly and always distant 100 feet southeasterly from and parallel with the southeasterly line of Bailey avenue to the intersection with the prolongation of a line distant 200 feet southwesterly from and parallel with the southwesterly line of West Two Hundred and Thirtieth street, as laid out between Bailey avenue and Broadway, the said distance being measured at right angles to the line of West Two Hundred and Thirtieth street; thence northwestwardly along the said line parallel with West Two Hundred and Thirtieth street and the prolongations of the said line to the intersection with the northwesterly line of Broadway; thence northwestwardly in a straight line to a point on the northwesterly line of Tibbett avenue where it is intersected by a line distant 200 feet southwesterly from and parallel with the southwesterly line of West Two Hundred and Thirtieth street, as laid out between Tibbett avenue and Spuyten Duyvil road; thence northwestwardly along the said line parallel with West Two Hundred and Thirtieth street to a point distant 100 feet northwesterly from the northwesterly line of Spuyten Duyvil road, the said distance being measured at right angles to the line of Spuyten Duyvil road; thence northeastwardly and always distant 100 feet northwesterly from and parallel with the northwesterly lines of Spuyten Duyvil road and Riverdale avenue to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assesment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 10th day of May, 1911.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 22d day of June, 1911, at the opening of the court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 10, 1911.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 13th day of May, 1911, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 17th day of May, 1911, at 2.30 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 22d day of November, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southwesterly bulkhead line of Newtown Creek at its intersection with a line bisecting the angle formed by the prolongation of the centre lines of Apollo street and Pollock street, and running thence southwestwardly along the said line bisecting the angle between Apollo and Pollock streets to the intersection with the prolongation of a line midway between Apollo street and Hausman avenue; thence southwardly along the said line midway between Apollo street and Hausman avenue and along the prolongation of the said line to the intersection with a line 100 feet south of and parallel with the southerly line of Meeker avenue, the said distance being measured at right angles to the line of Meeker avenue; thence eastwardly along said line parallel with and always distant 100 feet south of the southerly line of Meeker avenue to the intersection with the prolongation of a line midway between Vandervoort avenue and Porter avenue as the said avenues are laid out south of Anthony street; thence southwardly along the said line midway between Vandervoort avenue and Porter avenue and along the prolongation of the said line to the intersection with a line 100 feet south of and parallel with the southerly line of Maspeth avenue; thence eastwardly and along a line 100 feet south of and parallel with the southerly line of Maspeth avenue to the intersection with the prolongation of a line midway between Porter avenue and Varick avenue; thence northwardly along the said line midway between Porter avenue and Varick avenue and along the prolongation of the said line, to a point distant 100 feet north of the northerly line of Cherry street; thence northwestwardly at right angles to the northwesterly line of Meeker avenue to a point distant 100 feet northwesterly from the said northwesterly line of Meeker avenue; thence southwestwardly and parallel with and always distant 100 feet northwesterly from the northwesterly line of Meeker avenue to the intersection with a line midway between Vandam street and Apollo street as the said streets are laid out between Bridgewater street and Meeker avenue; thence northwardly along the said line midway between Vandam street and Apollo street to the southwesterly side of Bridgewater street; thence northeastwardly to a point on the northeasterly side of Bridgewater street midway between the intersection of the said northeasterly side of Bridgewater street with the northwesterly side of Vandam street and with the southeasterly side of Apollo street; thence northeastwardly to a point on the southwesterly bulkhead line of Newtown Creek midway between the intersection of the said bulkhead line with the northwesterly side of Vandam street and the southeasterly side of Apollo street; thence northwestwardly along the southwesterly bulkhead line of Newtown Creek to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 24th day of May, 1911.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to

awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 14th day of June, 1911, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, April 24, 1911.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of OAK AVENUE (although not yet named by proper authority), from Seventeenth street to West street, in the Third Ward, Borough of Queens, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the Municipal Building, Court House square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 12th day of May, 1911, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of May, 1911, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House square, Long Island City, in the Borough of Queens, in said City, there to remain until the 15th day of May, 1911.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly side of West avenue where a line drawn parallel with the westerly line of Oak avenue and 100 feet west of same would intersect the said northerly line of West avenue; running thence northerly and easterly and at all times parallel with and 100 feet distant from the northerly and westerly line of Oak avenue to the easterly line of Seventeenth street; thence southerly along the easterly line of Seventeenth street and the extension of the same southerly to a point formed by the intersection of a line drawn parallel with Oak avenue and 100 feet southerly of the southerly side of Oak avenue, running thence westerly and southerly and at all times parallel with Oak avenue to the northerly line of West avenue; thence westerly along the northerly line of West avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 27th day of June, 1911, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BROAD STREET (although not yet named by proper authority), from Pacific street to Borden avenue, in the Second Ward, Borough of Queens, City of New York, as amended by an order of the Supreme Court, duly made and entered in the office of the Clerk of the County of Queens on the 1st day of June, 1910, so as to conform to the lines of said street as shown upon Sections 12, 13 and 16 of the Final Maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 21st day of May, 1909, and approved by the Mayor on the 4th day of June, 1909.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 1st day of May, 1911, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 3d day of May, 1911, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 3d day of May, 1911.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet southerly from the southerly line of Mount Olivet avenue with a line parallel to and distant 100 feet easterly from the easterly line of Pacific street; running thence northerly along said line parallel to Pacific street to the southerly line of Mount Olivet avenue; thence on a straight line to the point of intersection of the northerly line of Mount Olivet avenue with a line parallel to and distant 100 feet easterly from the easterly line of Broad street; thence northerly along said line parallel to Broad street, to its intersection with the northerly line of Borden avenue; thence westerly along the northerly line of Borden avenue to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of Broad street; thence southerly along said line parallel to Broad street to its intersection with the northerly line of Mount Olivet avenue; thence on a straight line to a point in the southerly line of Mount Olivet avenue distant 100 feet westerly from the corner formed by the intersection of the westerly line of Pacific street with the southerly line of Mount Olivet avenue; thence southerly and at right angles to Mount Olivet avenue to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of Mount Olivet avenue; thence easterly along said line parallel to Mount Olivet avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 16th day of June, 1911, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

JOSEPH J. MYERS, Clerk. a11,27

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
