MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 4578.

City of New York, Office of the Mayor, October 8, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith approved resolution No. 4578 entitled:

"Resolution in favor of peddlers on account of Jewish holidays."

In December, 1912, Mayor Gaynor appointed a citizens' committee to investigate and recommend legislation in regard to stands and pushcarts. This committee recommended certain sites to your honorable board which were subsequently adopted by ordinance. The main places selected were the spaces under the Williamsburg and Manhattan bridges on the Manhattan side. On becoming Mayor I found that, although designated, the sites mentioned had not been made available because of a lack of proper flooring and covering. On September 25, 1913, I appointed the Comptroller, the President of the Borough of Manhattan and the President of the Borough of Brooklyn as a subcommittee of the Board of Estimate and Apportionment to consider the matter, and it is hoped that in the near future proper places will be provided at all the sites selected. It is unfair to deprive the Jews of these additional facilities for purchasing commodities until this provision be made. I have accordingly approved the resolution, but hope that the spaces selected will be in operation very soon, so that it will not be necessary for us to take similar action again.

Very respectfully, A. L. KLINE, Mayor.

Resolved, That permission be and the same is hereby given to storekeepers, hucksters and peddlers to stand on the sidwalk and in the carriageway near the curb, on the streets and thoroughfares of The City of New York, except 34th st., between Park and 7th aves., and 42d st., between Lexington and 8th aves., in the Borough of Manhattan, for the sale of their wares on account of the Jewish holidays, with the consent of the property owners, and the written permission of the Alderman of the district, provided a free passageway be kept on the sidwalk for all pedestrians and on the carriageway for all vehicles; such permission to continue only from September 25 to October 16, 1913, inclusive, and the ordinance or ordinances conflicting with the foregoing provisions are hereby suspended for the period of time above mentioned.

Which was ordered on file.

PETITIONS AND COMMUNICATIONS.

No. 4672.

Columbia University, College of Pharmacy of The City of New York, 115-119 W. 68th Street, Office of the Secretary, October 9, 1913.

ALDERMAN ESTERBROOK, Vice-Chairman, City Hall, New York City:

Dear Sir—It has come to our notice that the question of passing an ordinance prohibiting the use of the word "alcohol" on labels of packages containing methyl or wood spirit is to come up again for discussion and final action by your honorable Board

In relation to the above I beg to advise that at a meeting of this College held recently and attended by many pharmacists of the highest class in New York City, who were all in a position to have learned at first hands of many instances where great injury had been caused through the careless or ignorant use of wood spirit, the following resolution was unanimously carried:

"Resolved, That it is the sense of this meeting that the passing of an ordinance prohibiting the use of the word 'alcohol' on labels of packages containing methyl or wood alcohol would be advisable."

Respectfu'ly submitted, THOS. F. MAIN, Secretary.

Which was ordered on file.

No. 4673.

Pavers' and Rammers' Protective Association, Bureau of Highways, Tammany Hall, 88 Willoughby Street, Borough of Brooklyn, N. Y., October 5, 1913.

Hon. ALDERMAN ESTERBROOK:

Dear Sir—I have been directed by the above association to write you in relation to a resolution that is before your Committee on Laws and Legislation, namely, to give Pavers and Rammers in the Department of Highways not less than 250 days' work in each calendar year. Trusting you wi'l give us your support, I am, Yours truly,

OWEN DOWD, Recording Secretary, 1015 Rogers ave., Brooklyn, N. Y.

Which was referred to the Committee on Laws and Legislation.

No. 4674.

United Brotherhood of Carpenters and Joiners of America, Local Union No. 32, Brooklyn Labor Lyceum, 957-959 Willoughby Avenue, Brooklyn, N. Y., September 24, 1913.

Board of Aldermen:

Gentlemen—The members of this Local Union 32 hereby request your Honorable Body to do its utmost to defeat the proposed new code by voting against the adoption of paragraph 4, section 103 of the proposed new Code, and by so doing protect the industry that affords us a livelihood. Yours very truly,

JOHN L. JANKOMEIK, Secretary.

Which was referred to the Committee on Buildings.

No. 4675.

Hardy, Stancliffe & Whitaker, 165 Broadway, New York, October 11, 1913.
To the Honorable the President of the Board of Aldermen, City Hall, New York City:

Dear Sir—We understand that the proposed new Building Code is to be presented to the Board of Aldermen on Tuesday next, October 14.

We represent the following companies affected by the provisions of subdivision 4 of section 103 of this proposed new Code, viz.: James Elgar, Inc., Batavia and New York Wood Working Company, Sloan & Moller, George H. Storm & Co., Standard Wood Treating Company, Klappert's Sons, Inc., and Electric Fire Proofing Company.

On behalf of these different companies we have appeared before the Building Committee of the Board of Aldermen and have presented our objections to the provisions of the proposed Code referred to.

We now respectfully request that there be accorded us a hearing before the Board of Aldermen on this matter when the report of the Building Committee is submitted.

The changes it is proposed to make by the section above referred to and their effects are so great and far reaching as, in our opinion, to justify the request that the matter should not be finally passed upon by the Board of Aldermen without a full hearing of the interests opposed to these changes.

We should be glad to be advised of the day and hour which may be fixed for such public hearing, if it be decided to grant our request.

Yours respectfully, HARDY, STANCLIFFE & WHITAKER.

Which was referred to the Committee on Buildings.

No. 4677.

Board of City Magistrates, First Division, City of New York, 300 Mulberry St., Manhattan, October 7, 1913.
To the Honorable the Board of Aldermen, New York City:

Gentlemen—We find that the Budget appropriations made to the City Magistrates' Courts, First Division, for the year 1913 (Code Nos. 2366, 2367 and 2369), will be inadequate to carry us through the year for the necessary expenses of running these Courts. We therefore respectfully request that a revenue bond issue of seven hundred and twenty-five dollars ($725) be made for the above code numbers for the following items:

Code No. 2366, Carfares.

The original appropriation was $900, from which has been expended up to August 31, 1913, $817.10, leaving a balance of $82.90.

Estimated additional funds required up to the end of 1913 for carfares for Probation Officers, Court Attendants and other employees	$500 00

Code No. 2367, Expressage and Deliveries.

Original appropriation, $30; expended up to August 31, $27.87; balance available, $2.13.

Estimated additional funds required up to the end of 1913 for expressage and deliveries	25 00

Code No. 2369, General Plant Service and Finger Print System.

Original appropriation, $2,427, from which has been expended $2,453.30, leaving a balance of $72.70.

Estimated additional funds required for balance of year: For storing records, $45; window cleaning, $25; repairing typewriters, $20; repairs to furniture and equipment, $50; for miscellaneous supplies, Finger Print Bureau, $132.70; total, $272.70, less balance on hand of $72.70	200 00
Total of amounts for which revenue bond issue is asked	$725 00

Respectfully submitted, WILLIAM McADOO, Chief City Magistrate.
Attest: PHILIP BLOCH, Chief Clerk.

No. 4678.

Board of City Magistrates, First Division, City of New York, 300 Mulberry St., Manhattan, October 7, 1913.
To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In the annual Budget for 1913 there was allowed $2,427 for installing and maintaining a Finger Print System.

This system has actually been put into effect since July 1, 1913. It has been found that it costs about $300 per month for the necessary supplies required in the Photographic Bureau in reproducing the finger prints for filing in the various courts.

To carry on this system until the end of the year 1913 we shall require $1,500, beginning August 1, 1913, to be used as follows:

For photographic print paper, per month	$171 00
For "Vulcan" photographic plates, per month	94 50
For chemicals, etc., per month	34 50
Total, per month	$300 00
For five months, August to December, inclusive	$1,500 00

It is therefore respectfully requested that your Honorable Board issue revenue bonds in the sum of $1,500 for the purpose, as stated above, of continuing the Finger Print System during the balance of the year 1913.

Respectfully submitted, WILLIAM McADOO, Chief City Magistrate.
Attest: PHILIP BLOCH, Chief Clerk.

The Vice-Chairman laid before the Board the following communication from the Chief City Magistrate.

No. 4682.

Office of the Chief City Magistrate, First Division, City of New York, 300 Mulberry St., Manhattan, New York, October 6, 1913.

JAMES HINES, Esq., Clerk of the Board of Aldermen, City Hall, New York City:

Sir—I beg to enclose herewith correspondence which has passed between Mr. O'Malley, of the Real Estate Bureau, in the Comptroller's office, and myself, with reference to the leasing of a proper building for the use of the new District Court on the upper West Side, Borough of Manhattan. You will see by this that in my last letter I stated my objections to the leasing of the building at 146th st. and Broadway. At that time I did not know that the owners of the building, known as Commonwealth Hall, proposed to lease a portion of that building for the uses of the court. This building is just on the border line, being at 159th and Amsterdam avenue, of the northern limitations of the district, as stated in the ordinance passed by your Honorable Board, and approved by his Honor the Mayor on the 23d of September last.

The Westcott building—which I feel compelled to recommend on its merits as being most suitable in every way for the uses of the court—is at 162d st., being only two blocks north of the limit fixed by the ordinance.

I have carefully and painstakingly reconsidered all of the buildings in question, and have no hesitation whatever, in the performance of my official duty, in recommending the Westcott building as being the most suitable for the uses of the court. In addition to this, less space will have to be rented, and the charge to the City will be considerably less than any of the other buildings.

I do therefore most earnestly request that the ordinance be amended so as to extend the northern limitations in which the court house is to be situated to 180th or at least to 165th st. Very respectfully,

WILLIAM McADOO, Chief City Magistrate.

Office of the Chief City Magistrate, 300 Mulberry St., New York, September 24, 1913.

CHARLES A. O'MALLEY, Esq., Real Estate Bureau, Department of Finance, New York City:

My Dear Mr. O'Malley—When I made the recommendation in favor of renting the ground floor of the Audubon Theatre building, at 165th st. and St. Nicholas ave., I had not seen the property covering the block between 162d and 163d and St. Nicholas and Amsterdam aves., known as the Westcott building. On the day that I inspected the Audubon Theatre building I confused this property with another building nearer to the theatre, and which I judged to be entirely unsuitable. To-day I went up and made a thorough inspection of both the Audubon and Westcott buildings, and have arrived at the following conclusions:

1. That the difference in distance between the Audubon and Westcott buildings from the entrance of the subway is so slight as to be not entitled to any serious consideration. I should judge that the Westcott building is not more than 600 feet from the subway entrance, and in addition to this it has three lines of surface cars passing its door as against one line at the Audubon building.

2. The rent to be charged the City for the Westcott building is considerably under that asked for the same amount of space at the Audubon Theatre building.

3. There is a large dance hall over the proposed court room at the Audubon building, and a restaurant with bar adjoining the entrance to the offices in connection with the court. All of the surroundings, in my judgment, of the Westcott building, are more in harmony with a court house site than those at the Audubon building.

4. There is another very serious objection, to my mind, against the Audubon building and in favor of the Westcott, namely, having the court on the ground floor flush with the sidewalk and with immense windows, making the whole side of the building almost entirely of glass. The court room up one flight of stairs at the Westcott building will have more privacy, quietness and security than if it were on the first floor of the other building.

5. The Westcott building people offer a detention room on the first floor, well lighted, as against detention pens in the basement of the theatre building.

For these and other reasons I deem it my duty, so far as the matter is left to me, to advise the renting of sufficient space in the Westcott building; the owners to make all necessary alterations and additions as may be necessary for the proper conduct of the business of the court. I trust that this lease can be drawn up and executed at once, as it is important that the court should be established as soon as possible, additional Magistrates having been appointed for the purpose of holding the same. The people of the West Side, for whose benefit this court would be created, look to us for its speedy establishment.

I understand you saw both sites yourself, and I would be pleased if your judgment agrees with mine. Very respectfully,

(Signed) WILLIAM McADOO, Chief City Magistrate.

September 26, 1913.

Hon. FRANK L. DOWLING, Member, Board of Aldermen, New York City:

Dear Sir—I have just received a copy of an ordinance passed by the Honorable the Board of Aldermen, and which reads as follows:

"An ordinance establishing a new City Magistrates' Court district.

"Be it Ordained by the Board of Aldermen of The City of New York as follows:

"First—That an additional City Magistrates' Court district, for the Borough of Manhattan, be and hereby is established for the upper West Side of said borough.

"Second—That the boundaries of the City Magistrate's Court district hereby created shall be fixed in accordance with the provisions of section 70, chapter 659 of the Laws of 1910, and the court house thereof shall be located on the upper West Side, between W. 140th st. and W. 160th st., which said court shall be known as the 12th District Magistrate's Court.

"Third—That this ordinance shall take effect immediately."

—and as having been approved by his Honor the Mayor September 23, 1913.

I earnestly request that this ordinance be amended so as to read in the last two lines "on the upper West Side, between W. 140th st. and W. 180th st., which said court shall be known as the 12th District Magistrate's Court."

After the new Magistrates had been appointed by his Honor the Mayor for the purpose of establishing this new court I immediately gave the matter of securing a place in which said court could be commodiously and properly housed my direct personal attention. To this end I visited several properties between 140th and 180th sts. and inspected the same carefully, having regard to the requirements of a Magistrates' Court. As a result of these investigations, on the 24th of this month I sent the attached letter to Mr. Charles A. O'Malley, of the Real Estate Bureau of the Comptroller's office.

The property selected is, in my opinion, far superior to anything between 140th and 160th sts., and is more centrally located for the district than would a site chosen between the streets named. The rent asked for under the lease, too, is considerably below anything I found within the boundaries fixed by your Honorable Board. The only place I found between 140th and 160th sts. was a big loft over a theatre, which for many reasons, was eminently undesirable, and which I could not conscientiously recommend for the purposes required. The rent for that place, if I remember aright, was about ten thousand dollars. If the ordinance is not amended, and we are compelled to locate the court within the boundaries named, so far as the law gives me any authority in the matter, I will be obliged possibly to select some vacant lot and require the owner to build a house thereon, which will, of course, be much more expensive than the place we have now selected, and would probably defer the opening of the court for a year, with two Magistrates carried on our payroll who were appointed for the purpose of presiding in this court. At a hearing held before a committee of your Honorable Board it was understood on all sides, including his Honor, the late Mayor Gaynor, that this court should be open not later than the 1st day of January, 1914, in answer to the earnest requests of the citizens and taxpayers of that neighborhood. I repeat again, there is no place, so far as I know, between 140th and 160th sts. offered to me except the theatre building, and I earnestly protest against any court being placed in the same, as entirely unfitted as regards locality and environment for the use of a Magistrates' Court room. You will notice in my refusal of the Audubon Theatre building I go somewhat into this objection. Very respectfully,

WILLIAM McADOO, Chief City Magistrate.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment.

No. 4683.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, October 6, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment October 2, 1913, relative to the issues of corporate stock as follows:

Cal. No. 43. Authorizing the issue of $7,500 corporate stock to provide means for the payment of the fees of the Commissioners of Appraisal appointed in the proceeding to acquire real estate at Valley Stream, Lynbrook, etc., Nassau County, for water supply purposes.

Cal. No. 71. Rescinding resolution adopted June 26, 1913, which authorized the issue of $18,000 corporate stock for furnishing and delivering and laying a 12-inch water main and appurtenances under the East River to North Brothers Island, Borough of The Bronx.

I enclose herewith copies of reports of the Comptroller relative thereto. Yours, very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 178 of the Greater New York Charter, hereby approves of the issue of corporate stock of The City of New York, to the amount of seven thousand five hundred dollars ($7,500), for the purpose of providing means for the payment of the fees of the Commissioners of Appraisal, as taxed by Mr. Justice Scudder, under date of August 7, 1913, and entered in the office of the Clerk of the County of Nassau on August 9, 1913, in the proceeding to acquire certain real estate at Valley Stream, Lynbrook, Rockville Centre, Baldwin, Freeport, Merrick, Bellmore and Seaford, in the Town of Hempstead, in the County of Nassau, for water supply purposes, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding seven thousand five hundred dollars ($7,500), the proceeds whereof, to the amount of the par value thereof, to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment October 2, 1913.

JOSEPH HAAG, Secretary.

The City of New York, Department of Finance, Comptroller's office, September 29, 1913.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—I have been advised by the Corporation Counsel that a bill of costs and expenses has been taxed by Mr. Justice Scudder, under date of August 7, 1913, and entered in the office of the Clerk of the County of Nassau on August 9, 1913, fixing the compensation of Commissioners of Appraisal, Franklin A. Coles, Edward S. Fowler and William J. Youngs, at the sum of two thousand five hundred dollars ($2,500) each, in the proceeding to acquire certain real estate at Valley Stream, Lynbrook, Rockville Centre, Baldwin, Freeport, Merrick, Bellmore and Seaford, in the Town of Hempstead, in the County of Nassau, for purposes of water supply.

The Corporation Counsel, under date of August 21, 1913, advised that the above mentioned fees had been properly taxed and should be paid.

To provide means for the payment of this obligation, corporate stock should be issued, pursuant to the provisions of section 178 of the Greater New York Charter, to the amount of seven thousand five hundred dollars ($7,500).

A resolution for that purpose is herewith submitted. Respectfully,

WM. A. PRENDERGAST, Comptroller.

No. 4684.

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on June 26, 1913, and approved by the Board of Aldermen July 15, 1913, as follows:

"Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding eighteen thousand dollars ($18,000), to provide means for furnishing, delivering and laying a 12-inch water main and appurtenances under the East River to North Brothers Island, Borough of The Bronx, in connection with improving the water supply system of said borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid; provided, however, that no portion of said proceeds shall be used for the payment of salaries or wages of employees of the Department of Water Supply, Gas and Electricity"

—be and the same is hereby rescinded.

A true copy of resolution adopted by the Board of Estimate and Apportionment October 2, 1913.

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 16, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On August 29, 1913, the Deputy and Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans and specifications and estimate of cost in the sum of $18,000 for furnishing, delivering and laying a 12-inch water main across the East River, from E. 140th st. to North Brother Island, and hauling and laying water mains and apparatus in E. 140th st. and on North Brother Island, Borough of The Bronx.

North Brother Island is at present supplied with water from the Croton system through two mains; a 6-inch main from E. 140th st., under water direct to the island; and a 12-inch main from the Hunts Point section of The Bronx, under water to Rikers Island, where it is tapped to supply the water needed, thence under water to North Brother Island, where it is connected to the 6-inch main to furnish water to the island from both mains or from either in case the other is out of service.

The average population of North Brother Island dependent upon this water supply was 619 persons during the first six months of 1913; but a new pavilion for patients will soon be opened, the full use of which will increase the total number of persons upon the island to 870. The average population upon Rikers Island is about 160 persons.

It has been urged in favor of this work that during the winter of 1911-12, both supply mains froze so as to cut off the entire supply to the island. It is not now claimed that the present supply mains are inadequate for domestic and fire purposes, nor is it claimed that reasonable precautions in extreme weather to insure some circulation of the water in the mains will not be necessary after the new 12-inch main is laid.

Inasmuch as the total population upon both islands is not likely to greatly exceed 1,030 within several years at least, and the present mains are adequate for all purposes,

I doubt the advisability of this expenditure at this time. Doubled and trebled equipment can not take the place of prudent management, and such management will prevent stoppage of the supply from freezing with the present equipment quite as easily as well as with another main supply line.

I recommend that the contract and specifications be not approved at this time; and recommend further the rescindment of the reslution of June 13, 1913, authorizing $18,000 for the work. Respectfully, WM. A. PRENDERGAST, Comptroller.

Which were severally referred to the Committee on Finance.

No. 4685.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, October 6, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment October 2, 1913, recommending the establishment of the positions of Patrolman, Sixth Grade, and Patrolman, Seventh Grade, with compensation at the rate of $1,000 each per annum, in the Police Department, to take effect October 1, 1913.

I also enclose copy of report of the Committee on Salaries and Grades relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following positions in the Department of Police, in addition to those already established:

Patrolman, sixth grade..... $1,000 00
Patrolman, seventh grade..... 1,000 00

—to take effect as of October 1, 1913.

A true copy of resolution adopted by the Board of Estimate and Apportionment October 2, 1913. JOSEPH HAAG, Secretary.

City of New York, Committee on Standardization of Salaries and Grades, Board of Estimate and Apportionment, September 25, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—While the Committee on Standardization of Salaries and Grades has made no attempt to study the conditions prevailing throughout the uniformed force of the Police Department, it has become convinced that the compensations represented by the sixth and seventh grades of that force are inadequate in view of present day conditions.

The salary now paid to the newly appointed Policeman is $800 and service for two years is required before the compensation reaches $1,000. The statutory compensation for the seventh grade is $800 (first year Patrolmen), and for the sixth grade $900 (second year Patrolmen). The Patrolman is subjected to much expense for his uniform and equipment, which makes the actual salary received substantially less than these amounts. The minimum salary of members of the uniformed fire fighting force of the Fire Department is $1,000.

This Committee has a number of communications before it requesting increases for these grades, as well as for other grades in the police service. The Committee is inclined to believe that its action at the present time should be confined to the relief of the sixth and seventh grade Patrolmen, whose compensation should be $1,000.

An estimate of the cost of this change for the remainder of the year 1913, if effective October 1, 1913, is $68,000. The closest approximation which can now be made is that these proposed increases would create a deficiency in the police funds available for salaries of the uniformed force in the amount of $50,000 for the year 1913. It may be somewhat less. Provided these grades were established under section 56 of the Charter and the promotions made by the Police Commissioner, any deficiency in funds can legally be met by the issuance of special revenue bonds by the Comptroller under subdivision 7, section 188, of the Charter. The Board of Aldermen in 1910, and the Comptroller in 1911, were advised to this effect relative to the payment of the salaries of Lieutenants and Sergeants in the Police Department which had been increased after the making of the Budget for the year 1910.

The Committee therefore submits to this Board and recommends for adoption the attached resolution. Respectfully yours,

WM. A. PRENDERGAST, Chairman; GEORGE McANENY, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Standardization of Salaries and Grades.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment October 2, 1913, requesting the Mayor to appoint a committee of four, consisting of two members each, from the Board of Estimate and Apportionment and the Board of Aldermen, acting with himself, as chairman, to inquire into and arrange the necessary details, financial and otherwise, for a suitable exhibit by The City of New York, at the Lyons International Urban Exhibition, to be held at Lyons, France, in 1914.

This resolution was adopted subject to the concurrence of the Board of Aldermen.

I also enclose copy of communication from the Comptroller relative thereto.

Yours very truly, JOSEPH HAAG, Secretary.

The Mayor has appointed the Comptroller and the President of the Borough of Manhattan as the Committee of the Board of Estimate and Apportionment.

The City of New York, Department of Finance, Comptroller's office, September 25, 1913.

To the Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—A few days ago I was visited by a Mr. Fullerton, representative of the Lyons International Urban Exhibition, to be held under the patronage of the President of the French Republic and the French Government. Mr. Fullerton proposed that The City of New York be represented by an exhibit at the exhibition, which is to be held at Lyons, France, from May 1 to November 1, 1914.

The exhibition contemplates an extensive representation of social and economic problems in their relation to municipalities, and will afford an opportunity for the display in a foreign country of the excellence and high standard attained in the varied functional activities of the City.

I deem it both fitting and desirable that the City should be represented at this exhibition, and would recommend that your Board act in concurrence with the Board of Aldermen in requesting His Honor the Mayor to appoint a committee of four, consisting of two from each Board, who, with the Mayor, shall inquire into and arrange the necessary business details for such an exhibit. A resolution designed to effect that purpose is submitted herewith for your approval.

Since writing the above, I am in receipt of letters from the Chamber of Commerce of the State of New York, and The City Club of New York, approving the proposed exhibit and recommending that the City participate in the exhibition, copies of which are enclosed herewith.

Very truly yours, WM. A. PRENDERGAST, Comptroller.

Chamber of Commerce of the State of New York, 85 Liberty street, New York, September 23, 1913.

Hon. WILLIAM A. PRENDERGAST, Comptroller, 280 Broadway, New York City:

Dear Mr. Comptroller—The Executive Committee of the Chamber of Commerce, at its meeting this afternoon, decided to report to the Chamber at its regular meeting on October 2d, in favor of American participation in the Lyons International Urban Exhibition, which is to be held in the city of Lyons, France, from May 1, to November 1, 1914, and also in favor of The City of New York making a proper exhibit at that exhibition.

I write to you in advance of the action of the Chamber on October 2d, to let you know that our Executive Committee is to so report and I believe that it will meet with the approval of the Chamber.

Yours very truly, (Signed) SERENO S. PRATT, Secretary.

The City Club of New York, 55 W. 44th st., President's room, September 23, 1913.

Hon. WILLIAM A. PRENDERGAST, Member of the Board of Estimate and Apportionment, 280 Broadway, New York City:

Dear Sir—The City Club of New York is deeply interested in the proposal that The City of New York shall participate as municipality in the coming International Urban Exhibition at Lyons, France, in 1914. The Club believes that the financial credit of the City and its fame for enlightened municipal administration generally will be promoted by an adequate exhibit, and hopes that a suitable appropriation will be made therefor.

Very respectfully, (Signed) CHARLES H. STRONG, President.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, September 16, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On July 30, 1913, the Commissioner of Public Charities requested amendment of three resolutions authorizing corporate stock for the use of his department. In connection therewith we report as follows:

On July 17, 1911, November 7, 1912, and June 26, 1913, the Board of Estimate and Apportionment approved the issue of corporate stock in amounts of $425,000, $40,000 and $375,000, respectively, for the acquisition of a site and the construction of a new hospital "to replace the present Cumberland Street Hospital, Borough of Brooklyn." The hospital is being erected on a site bounded by Kingsland avenue, Debevoise, Benton and Bullion streets. It is officially known as Greenpoint Hospital. The location is several miles distant from the present Cumberland Street Hospital.

On June 26, 1913, corporate stock to the amount of $45,000 was authorized for the purchase of property adjoining the Cumberland Street Hospital and remodeling the buildings thereon.

To avoid the possibility of confusion in keeping the accounts of these authorizations, the Commissioner of Public Charities, acting on the suggestion of the Department of Finance, requests that the three resolutions authorizing the issue of corporate stock for a "new hospital to replace the present Cumberland Street Hospital" be amended to read, "New hospital to be known as the Greenpoint Hospital."

We recommend the adoption of the attached resolutions approving the request.

Respectfully,

To the Board of Estimate and Apportionment:

Gentlemen—On September 4, 1913, the Commissioner of Bridges requested $100,000 corporate stock for the payment of Salaries and Wages of Engineering Construction Force for the six months ending April 30, 1914.

Unless large additional appropriations of corporate stock for construction work are authorized, there will be no need to continue the large engineering force in the Bridge Department. The only recent appropriation for construction work requiring much engineering supervision was $280,000 for the Unionport Bridge. Engineering work under old appropriations should soon be finished. The question of readjusting the schedules of the Department will be considered in connection with the 1914 Budget.

We recommend the adoption of the attached resolution granting the request to the extent of $35,000 which will provide salary funds to the end of the year. Respectfully,

The rate suggested under the head of Temporary Assignments are the same as, or lower than the rates already approved by the Board of Estimate and Apportionment.

Under the head of Changes in Compensation, item Nos. 1, 2 and 5 are to adjust the compensation of Janitors to the increased amount of work in the buildings described, which are again being used for school purposes.

Items 3 and 4 are to adjust compensation in buildings which are now being used to full capacity for school purposes.

Item 6 should be held in abeyance for the present because there is some discussion as to whether the compensation of the Janitor should be paid by the Jacob A. Riis Neighborhood Settlement or by the City.

Item 7 is not recommended for approval because the compensation of the Cleaner should be paid by the Department of Parks.

Items 8, 9 and 10 are to provide for compensation of additional Caretaker for each of the playgrounds. The rate approved for Janitor in charge of playgrounds is $2 per day. On the playgrounds specified herein two Caretakers were employed, one for the day and one for the night. The rate of $4 for the Janitor is to cover the compensation of two Caretakers at $2 each.

The rates requested under the head of new positions are similar to rates already approved by the Board of Estimate and Apportionment.

We recommend the adoption of the attached resolution approving the request except as to items Nos. 6 and 7 under the head of Changes in Compensation.

Respectfully, WM. A. PRENDERGAST, Comptroller; O. GRANT ESTERBROOK, Acting President, Board of Aldermen, Committee on Salaries and Grades.

The Vice-Chairman laid before the Board the following communication from the Bureau of Buildings, Borough of Richmond:

No. 4695.

Bureau of Buildings, Borough of Richmond, New Brighton, New York City, October 8, 1913.

Board of Aldermen, City Hall, New York City:

Sirs—Chapter 754 of the Laws of 1913, entitled "An Act to amend the Greater New York Charter, in relation to the regulation and registration of plumbers," provides for the registration in the Bureau of Buildings of the borough of "every employing or master plumber carrying on his trade, business or calling in the City of New York," and makes it unlawful for any person or copartnership to engage in such trade, business or calling unless registered in the Bureau of Buildings. This law also provides as follows:

"The bureau of buildings in each borough is hereby charged with the enforcement of the provisions of this section and the next succeeding section, and in addition to such officers or employees as are now provided by law, the superintendent of buildings may appoint inspectors of plumbing, when appropriation for the salaries of the same shall have been duly made. Inspectors of plumbing shall, under the direction of the superintendents of buildings, in addition to their other duties, ascertain whether persons performing plumbing work in the city of New York, are registered, as in this section provided, and shall file written reports in the bureau as to their investigations."

You will see from this latter provision that the Bureau of Buildings is charged with the enforcement of the provisions of the law and that the Superintendent of Buildings may appoint Inspectors of Plumbing "when appropriation for the salaries of the same shall have been duly made."

There are in the Bureau of Buildings in the Borough of Richmond at the present time only two Inspectors of Plumbing, who cover the entire borough, some fifty-eight square miles, and who have in charge the inspection of all installation and testing of plumbing in new and altered houses. This work requires all of their time and it is impossible for them to take up the investigations as to whether the provisions of chapter 754 of the Laws of 1913 are being violated. In fact, the present Inspectors of Plumbing are very frequently obliged to work after hours, in order to get their reports in shape to cover their work.

In order, therefore, that I may have a proper and thorough investigation made covering the entire borough, and so that, as provided in the above quoted portion of the law, the Superintendent of Buildings may appoint Inspectors of Plumbing "when appropriation for the salaries of the same shall have been duly made," I respectfully ask that your Board provide for the issuance of special revenue bonds to cover the appointment of two Inspectors of Plumbing at the rate of $1,200 each per annum, or, in the sum of $500, to take care of the rest of the year 1913. Respectfully,

JOHN SEATON, Superintendent of Buildings, Borough of Richmond.

Approved: GEORGE CROMWELL, President of the Borough.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of Richmond:

No. 4696.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, October 11, 1913.

Board of Aldermen, City Hall, New York City:

Gentlemen—The terrific storm of October 1 caused a very large damage to roads, pavements, curbs and sidewalks throughout the whole northern portion of the Borough of Richmond. We are, of course, doing our utmost to put into safe condition the most dangerous places, but our present appropriation will not begin to complete the work.

We ask, therefore, as our best estimate at the present time, for an issue of special revenue bonds to the amount of $10,000. As fast as we can prepare specific estimates to explain more fully our request, we will present same, with various photographs which are being taken and printed.

If we can do the work with less money than that asked for, we shall of course do so, but do not believe at this time that it would be safe to estimate on any lesser amount, in fact the whole storm damage which the City will have to care for will greatly exceed that sum of money and will take many months for full repair.

We would ask that the very earliest possible consideration be given this matter so that the work may be continued without delay, and so far as possible the work must be done before the winter season, which is rapidly approaching. Yours respectfully,

GEORGE CROMWELL, President of the Borough.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of The Bronx.

No. 4697.

City of New York, President of the Borough of the Bronx, 3d Avenue and 177th Street, Office of the President, October 9, 1913.

Hon. O. GRANT ESTERBROOK, Vice-Chairman and Acting President, Board of Aldermen, 51 Chambers Street, City:

Dear Sir—I have to request that the Board of Aldermen recommend that the Board of Estimate and Apportionment authorize the Comptroller to issue special revenue bonds to the amount of twelve thousand dollars ($12,000), the proceeds whereof to be used by me for the purpose of completing the repairs to the pavement on White Plains road, between Morris st. and the City line.

On June 29, 1911, the Board of Estimate and Apportionment authorized the issue of special revenue bonds to the amount of thirty thousand dollars ($30,000) to cover necessary repairs to the pavement on White Plains road between the above-named limits, these repairs being made necessary by failure on the part of the Interstate Paving Company (who contracted to lay and maintain the pavement in good condition up to October 14, 1913), to make such repairs.

The estimate which served as the basis for my request of thirty thousand dollars ($30,000) was made in 1910, and at the time this estimate was prepared it was pointed out that it held good at that time only and that if the pavement was not repaired promptly the area necessary to be repaired would rapidly increase. A contract for this work was entered into in August, 1913, and covered repairs practically to the full extent of the thirty thousand dollars ($30,000) appropriated.

Between the date when the estimate was made and the date when the contract was entered into, the pavement had been wearing very rapidly and the area upon which the former estimate was based, where repairs were required, was largely increased. Some minor repairs were made meanwhile at points where the pavement had worn into dangerous holes, but these in total amounted to comparatively little. The contract now in force is nearly completed and there still remains a considerable area to be repaired. I have had an estimate made and find that in order to put this street in a condition satisfactory for final acceptance under the contract, 5,310 square yards of pavement repairs at $2.12 per yard, and 100 cubic yards of concrete at $6 per yard will be necessary after the completion of the present repair contract. The price per yard above given is the price submitted by the lowest bidder for the repairs now in progress.

In view of the lateness of the season I hope that the money required will be appropriated without delay.

As soon as the entire pavement repairs are made and the street put in a condition for final acceptance, in accordance with the terms of the contract between the City and the Interstate Paving Company, the total cost of making the repairs will be submitted to the Corporation Counsel for collection from the sureties on the contract in question.

Respectfully, CYRUS C. MILLER, President of the Borough of The Bronx.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of Queens:

No. 4698.

The City of New York, Office of The President of the Borough of Queens, Long Island City, September 23, 1913.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—In accordance with the provisions of subdivision 8 of section 188 of the Greater New York Charter, I hereby request your approval of an issue of special revenue bonds amounting to $2,077.50, the proceeds of which are to be applied for the purchase of coal necessary in the operation of sewage disposal plants at Newtown and also at Far Rockaway.

In justification of the request, I desire to call your attention to the fact that the quantity of coal consumed so far this year has been greatly in excess of that of the past two years due to the fact that a greater amount of sewage has been treated in the plants. I am informed that this department has been compelled to pay about 7½ per cent. more per ton for coal this year than last. It is essential that this matter receive prompt attention for the reason that our funds will be exhausted about October 1, in which case it will be impossible to operate the plants without a sufficient supply of coal. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

The City of New York, Office of The President of the Borough of Queens, Long Island City, September 18, 1913.

Hon. ARDOLPH L. KLINE, Mayor, Chairman, Board of Estimate and Apportionment, No. 277 Broadway, New York, N. Y.:

		$2,025 00

3267	Motor Vehicle Repairs	100 00

The Vice-Chairman laid before the Board the following communications from the Board of Education:

No. 4699.

Board of Education, Park Ave. and 59th St., New York, October 9, 1913.

President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on October 8, 1913, relative to the issue of special revenue bonds to the amount of $6,675 for reconnecting the present fire alarm system at various schools in the Borough of Brooklyn.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it is in receipt of a communication from the Secretary of the Board, under date of October 7, 1913, as follows:

"I have the honor to advise you that the Committee on Buildings at a meeting held on the 6th instant had under consideration a communication from the Superintendent of School Buildings, reporting that the Bureau of Fire Alarm Telegraph of the Fire Department is installing a new underground fire alarm

telegraph system in the Borough of Brooklyn; that it will be necessary to reconnect to the new system Public Schools 1, 3, 4, 5, 6, 7, 8, 9, 11, 12, 32, 43, 45, 54, 58, 69, 78, 111, 133, 157, Bay Ridge High School Annex, Manual Training High School Annex, and the Office and Storage Building, and that this Department will be obliged to meet the expense of the necessary work, which is estimated at $6,675.

"As said work is in the nature of a replacement, and as there are insufficient funds in the Budget for 1913 therefor, it was ordered that the Committee on Finance be requested to ask the Board of Aldermen to authorize an issue of special revenue bonds to the amount of $6,675 for the above mentioned purpose."

—and submits for adoption the following resolution:

Resolved, That the Board of Aldermen be, and it is hereby, respectfully requested to adopt a resolution requesting the board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of six thousand six hundred and seventy-five dollars ($6,675), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of providing means to defray the cost of reconnecting the present fire alarm system of Public Schools 1, 3, 4, 5, 6, 7, 8, 9, 11, 12, 32, 43, 45, 54, 58, 69, 78, 111, 133, 157, Bay Ridge High School Annex, Manual Training High School Annex, and the Office and Storage Building, Borough of Brooklyn, to the new underground fire alarm telegraph system now being installed by the Bureau of Fire Alarm Telegraph of the Fire Department; and that the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to authorize such issue upon the request of the Board of Aldermen.

A true copy of a report and resolution adopted by the Board of Education on October 8, 1913. A. E. PALMER, Secretary, Board of Education.

No. 4700.

Board of Education, Park Ave. and 59th St., New York, September 26, 1913.

President of the Board of Aldermen, City Hall, New York City:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on September 24, 1913, relative to a resolution adopted by the Board of Aldermen on May 27, 1913, requesting the acquisition of an addition to the site of Public School 23, Brooklyn.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Sites respectfully reports that it has had under consideration the following resolution adopted by the Board of Aldermen on May 27, 1913:

"Resolved, That the Board of Education be and hereby is requested and urged to initiate the necessary proceedings for the acquisition of the vacant land on the Skillman ave. and Humboldt st. sides of Public School 23, in the Borough of Brooklyn, to the end that the existing congestion of part time conditions in said school may be relieved."

This resolution appears to have been drawn in error, as your Committee finds that there is no vacant land adjoining the site of Public School 23, and that the report for the month of June, 1913, shows sittings in excess of the register in that school. No funds have been authorized for the acquisition of an addition to the site of said school, and your Committee is of the opinion that, in view of the great urgency for additional school accommodations in other sections of the City, no action should be taken upon the request of the Board of Aldermen at this time.

The Committee submits for adoption the following resolution:

Resolved, That a copy of the foregoing report be transmitted to the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education on February 24, 1913.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

Report of Committee on Finance—

No. 4491.

The Committee on Finance, to which was referred, on September 23, 1913 (Minutes, page 391), the annexed communication from the President of the Borough of Manhattan, asking for a transfer of an unexpended balance of $10,018.70 special revenue bonds, appropriated for special repairs at West Washington Market to general repairs to same market, respectfullv

REPORTS:

That, having examined the subject, it believes further improvements to be necessary, and that this amount will cover these much needed repairs, the details of which are set forth in the letter of request.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the resolution (Int. No. 2569) adopted February 4, 1913, and received from his Honor the Mayor February 18, 1913, without his approval or disapproval thereof, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of twenty thousand dollars ($20,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of making repairs to the West Washington Market, be and the same is hereby amended by striking therefrom the words "located in the block bounded by Grace, Lawton, Thompson and 13th avenues."

HENRY H. CURRAN, JAMES HAMILTON, FRANK J. DOTZLER, THOS. J. MULLIGAN, FRANK L. DOWLING, JOHN DIEMER, ROBERT F. DOWNING, Committee on Finance.

City of New York, Office of the President of the Borough of Manhattan, City Hall, September 15, 1913.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—On February 4, 1913, your Board adopted a resolution approving the issue of special revenue bonds in the sum of $20,000, the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of making repairs to one of the buildings of West Washington Market, a portion of which has been burned. This resolution was approved by the Board of Estimate on April 3, 1913. Shortly thereafter, contracts were let by this Department, and the work has been completed at a total cost of $9,981.30, leaving a balance unexpended of $10,018.70.

West Washington Market consists of ten buildings which have been standing for a number of years, and all of which are in great need of repair. Owing to the fact that there has been pending for some time before the Board of Estimate and Apportionment a proposition to build at this point a long pier, the construction of which involved the destruction of the market, nothing whatever has been done in the way of extensive repairs in any of these buildings for the past two years, the total expenditures during 1912 and 1913 aggregating only $770.

It has now been decided to build the long piers further north, and the reason for withholding repairs is, therefore, removed.

I have had a very careful examination made of the buildings by the Engineering Department of the Bureau of Public Buildings and Offices, and am advised that considerable work should be done at once in order to put the market in a safe and sanitary condition. In fact, many imperative repairs are now being held up on account of lack of funds.

All of this work can be done with the unexpended balance of the fund above mentioned, and I would respectfully request that your Board modify your resolution of February 4, 1913, by striking out the following words: "Located in the block bounded by Grace, Lawton, Thompson and 13th avenues." These words describe the one building which was affected by the fire, and their elimination will make the resolution applicable to all of the buildings constituting the market. Yours very truly,

E. V. FROTHINGHAM, Acting President, Borough of Manhattan.

Which was made a special order for 2.30 o'clock p. m. Subsequently, the hour of 2.30 o'clock having arrived, the Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cummuskey, Cunningham, Curran, Delaney, Devine, Diemer, Doherty, Dotzler, Dowling, Downing, Donnelly, Dunn, Eagan, Fink, Folks, Gaynor, Gilmore, Hamilton, Herbst, Igstaedter, Kenneally, Lieberman, Loos, McCann, Marks, Martyn, Moore, Morrison, Muhlbauer, Mulligan, Nicoll, O'Connor, O'Neil, Pendry, Post, Pouker, Reardon, Schmidt, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, Wilmot; President Cromwell; President Miller, by Thomas W. GENERAL ORDERS.

No. 572—Int. No. 3767.

REPORTS:

That, having examined the subject, it believes the proposed amendment to be desirable.

The Committee on Laws and Legislation, to which was referred on April 1, 1913 (Minutes, page 65), the annexed ordinance in favor of amending the Code of Ordinances in relation to the sale of real estate belonging to the Sinking Fund, respectfully

REPORTS:

That having examined the subject, it believes the proposed change to be a wise provision and one which when inaugurated will prove a substantial saving to the City by creating a fund for the purchase of real estate, obviating the necessity of a new bond issue and thus saving the interest on a second installment of bonds, when a prior issue has still a number of years to run.

It, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE to amend section 53 of article 3 of part 1 of the Code of Ordinances of The City of New York relating to the Sinking Fund of The City of New York, and section 76 of article 4 of the same part, in relation to the sale of real estate belonging to the Sinking Fund.

Be it Ordained, By the Board of Aldermen of The City of New York, as follows:

Section 1. Section 53 of article 3 of part 1 of the Code of Ordinances of The City of New York relating to the Sinking Fund of The City of New York is hereby amended to read as follows:

Sec. 53. All moneys heretofore received and hereafter to be received from the following sources are hereby pledged and appropriated to and constitute and form a fund called the Sinking Fund of The City of New York for the Redemption of the City Debt, until the whole of the stocks of The City of New York shall be finally and fully redeemed, namely:

1. For commutation of quit-rents on grants.

2. For quit-rents arising from such grants as were issued prior to the year one thousand eight hundred and four.

3. The net proceeds of all sales of real estate belonging to the corporation when sold (.), *except when the same are made payable to a fund, the purpose of which is*

restricted to the purchase of other real estate, as provided by the Charter of The City of New York.

4. The net proceeds of all bonds and mortgages payable to the corporation when collected (.), *except when the said bonds and mortgages are part of the proceeds of the sale of real estate and the proceeds thereof are deposited in a fund, the purpose of which is restricted to the purchase of other real estate, as provided by the Charter of The City of New York.*

10. The building included in the establishment called the Almshouse, at Bellevue, together with the lots of land and water rights attached thereto when sold, and the rents when leased.

11. Such portions thereof of the annual taxes levied in The City and County of New York as may be collected for the redemption of the floating debt stock of The City of New York and the fire indemnity stock of The City of New York.

12. All such other sources of revenue or sums of money as the said corporation shall hereafter think proper to appropriate to said fund.

Sec. 2. Section 76 of article 4, of part 1, of the Code of Ordinances of The City of New York, relating to the Sale of Real Estate Belonging to the Sinking Fund, is hereby amended to read as follows:

Sec. 76. Whenever any real estate shall have been sold pursuant to the preceding sections of this article, it shall be the duty of the Board of Commissioners of the Sinking Fund, or a majority of them, to give a certificate, under their hands, that the same has been sold pursuant to the provisions of this article, and upon the production of such certificate and the evidence that the proceeds of such sale have been paid into the treasury to the credit of the sinking fund for the redemption of the city debt (,) *or such other appropriate fund as provided by the Charter of The City of New York,* it shall be the duty of the Mayor of the City and the Clerk of the Board of Aldermen to execute proper conveyances of such real estate under their hands and the seal of the city corporation.

Sec. 3. This ordinance shall take effect immediately.

REPORTS:

That, having examined the subject, it believes the proposed change of name to be necessary in order that the sale of this substance may not be made under the common name of alcohol, which misleads many persons to the extent that sometimes serious injuries are inflicted. MESSAGES FROM THE MAYOR, RESUMED.

The Vice-Chairman laid before the Board the following messages from his Honor the Mayor:

No. 4643 and 4644.

City of New York, Office of the Mayor, October 14, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith, disapproved, proposed resolutions numbered 4643 and 4644, respectively, entitled:

"Resolution to permit Kramer & Katz to erect a storm door (45 John st.)."

"Resolution to permit Kramer & Katz to erect a storm door (118 Cedar st.)."

Your Honorable Board will remember that these narrow streets in the lower part of the city are being gradually cleared of obstructions so that all the sidewalk possible may be available for pedestrians.

I know that you concur in this movement made by the Board of Estimate and the President of the Borough of Manhattan. Very truly yours,

A. L. KLINE, Mayor.

Resolved, That permission be and the same is hereby given to Kramer & Katz to erect, place and keep a storm door within the stoop line in front of premises 45 John st., in the Borough of Manhattan, provided the said storm door shall be erected so as to conform in all respects with the provisions of the ordinance in such case made and provided; the work to be done at their own expense, under the direction of the President of the Borough, such permission to continue only during the pleasure of the Board of Aldermen.

Resolved, That permission be and the same is hereby given to Kramer & Katz to erect, place and keep a storm door within the stoop line in front of premises 118 Cedar st., in the Borough of Manhattan, provided the said storm door shall be erected so as to conform in all respects with the provisions of the ordinance in such case made and provided; the work to be done at their own expense, under the direction of the President of the Borough, such permission to continue only during the pleasure of the Board of Aldermen.

No. 4647.

City of New York, Office of the Mayor, October 14, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith, disapproved, proposed resolution No. 4647, entitled:

"Resolution to permit the Manhattan Single Tax Club to drive an advertising wagon."

Your Honorable Board will remember that the late Mayor Gaynor outlined a policy against advertising wagons in several of his messages (messages of July 1, 1913; November 12, 1912; December 29, 1911; March 14, 22, and 28, and April 11 and 19, and October 17, 1910).

You will remember how the late Mayor forcibly pointed out that these wagons to be of any value to the owners, must be paraded through the streets that are most used, and at such a rate of speed that signs may be read. It is this slow process through the congested streets that interferes so much with traffic regulations. I feel constrained to follow the policy outlined by the late Mayor. Very truly yours,

A. L. KLINE, Mayor.

Resolved, That permission be and the same is hereby given to the Manhattan Single Tax Club to drive an advertising wagon through the streets and thoroughfares of the Borough of Manhattan, under the supervision of the Police Department; such permission to continue only during the period of thirty days from the receipt hereof from his Honor the Mayor.

Which were severally laid over, ordered printed in the minutes, and published in full in the CITY RECORD.

The Committee on Laws and Legislation, to which was referred on April 2, 1912 (Minutes, page 91), the annexed ordinance in favor of censorship of moving pictures, respectfully

REPORTS:

That, having examined the subject, it believes the proposed ordinance will meet the views of the advocates of official censorship. It corresponds to similar provisions now in effect in other large municipalities in the United States where it has been found effective. The Committee recommends that the said ordinance be adopted.

Motion Picture Censorship Ordinance.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

1. It shall be unlawful for any person, firm or corporation to show or exhibit in any motion picture theatre or in any open air motion picture theatre any motion picture without having first obtained a permit therefor issued by the Bureau of Licenses as hereinafter provided. Every day's exhibition in any motion picture theatre or in any open air picture theatre of any motion picture without such permit therefor shall be deemed a distinct and separate violation of this ordinance.

2. Before any such permit is issued an application in writing shall be made therefor, and the plates, films, rolls or other like apparatus, by or from which such motion picture is shown or produced, or the motion picture itself as shown or exhibited shall be shown to the Bureau of Licenses, which shall inspect or cause to be inspected such plates, films, rolls or apparatus of such motion picture; and within three days after such inspection the Bureau of Licenses shall either issue or deny the permit therefor. In case such permit is granted it shall be issued in writing and in such form as the Bureau of Licenses shall prescribe.

3. If any motion picture, for the exhibition of which an application for such permit is made, is an obscene, indecent, immoral or impure motion picture, which would tend to the corruption of the morals of youth or others, it shall be the duty of the Bureau of Licenses to refuse such permit, otherwise it shall be the duty of the Bureau of Licenses to grant such permit.

4. In case the Bureau of Licenses shall refuse to issue such permit, the applicant therefor may appeal to the Mayor. Such appeal shall be presented to the Mayor in the same manner as the original application to the Bureau of Licenses. If any motion picture for the exhibition of which such appeal is made to the Mayor for a permit is an obscene, indecent, immoral or impure motion picture, which would tend to the corruption of the morals of youth or others, it shall be the duty of the Mayor to refuse such permit, otherwise it shall be the duty of the Mayor to grant and issue such permit. The determination of the Mayor in respect to the appeal for any such permit may be reviewed by writ of certiorari; and the provisions of law and of practice in respect to the writ of certiorari to review the determination of an inferior tribunal shall be applicable thereto.

5. The permit provided for in this ordinance shall be obtained for each and every motion picture exhibited in any motion picture theatre or in any open air motion picture theatre and shall be required in addition to any license now required by any law or ordinance or required by any other provision of this ordinance. No fee or tax of any kind whatsoever shall be charged or exacted for such permit.

6. When such permit to show or exhibit a motion picture is once issued to any applicant, such motion picture may be shown in any motion picture theatre or in any open air motion picture theatre, provided that such written permit therefor is actually delivered to the licensee of such motion picture theatre or open air motion picture theatre; and that a written notice of such transfer of such permit to such licensee is first duly mailed by such transferee to the Bureau of Licenses. Any number of transfers of such permit may be thus made, provided always that such permit is actually delivered to such transferee and that such written notice be first mailed to the Bureau of Licenses. Such written notice shall contain the number of such permit, the name and a brief description of the motion picture permitted thereby and the location of the motion picture theatre or open air motion picture theatre where such transferee proposes to show or exhibit such motion picture. The exhibition in any motion picture theatre or in any open air motion picture theatre by any transferee of such permit of the motion picture permitted thereby, without first mailing such notice to the Bureau of Licenses, shall be considered a violation of this ordinance; and each day's exhibition in any motion picture theatre or in any open air motion picture theatre, by any transferee of such permit of the motion picture permitted thereby without first mailing such notice to the Bureau of Licenses shall be deemed a distinct and separate offense.

7. The permit provided for in this ordinance shall be posted at or near the entrance of the motion picture theatre or the open air motion picture theatre where the motion picture permitted by such permit is being shown or exhibited, at such a place and in such a position that such permit can easily be read by any person entering such theatre at any time when such motion picture is there being exhibited. The exhibition of any motion picture in any motion picture theatre or in any open air motion picture theatre without the posting of such permit therefor shall be considered a violation of this ordinance; and each day's exhibition of any motion picture in any motion picture theatre or open air motion picture theatre, without the posting of such permit therefor shall be deemed a distinct and separate offense.

8. Anyone violating the provisions of this ordinance shall be fined for each offense not less than $50 nor more than $100.

9. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed. Nothing in this ordinance shall be considered to abridge or modify the power of the Mayor to suspend or revoke any license or permit granted or issued under the provisions of any other law or ordinance.

No. 4738.

By Alderman Gelbke—

Whereas, On June 6, 1911, the Board of Aldermen adopted a resolution requesting the Board of Estimate and Apportionment to establish, pursuant to the provisions of section 56 of the Greater New York Charter, the grades of Gardener in Charge at $115 per month and Gardener at $90 per month, the grades to apply to all boroughs and the compensation to be paid semi-monthly on the first and fifteenth day of each month; and

Whereas, Said resolution was referred to the Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the President of the Board of Aldermen, on June 15, 1911, which Committee, under date of June 30, 1911, reported as follows:

"Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 30, 1911.

"To the Board of Estimate and Apportionment:

"Gentlemen—On June 6, 1911, the Board of Aldermen adopted a resolution requesting the Board of Estimate and Apportionment to establish, pursuant to the provisions of section 56 of the Greater New York Charter, the grade of Gardener in Charge at $115 per month and Gardener at $90 a month, the grades to apply to all boroughs and the compensation to be paid semi-monthly on the first and fifteenth of each month. In connection therewith we report as follows:

"The matter of fixing grades for Gardeners employed in the City parks was taken up recently by the Comptroller on the request of the Gardeners' and Florists' Union. As a result of an examination the Comptroller adressed a communication to the Secretary of the Union, stating that in his opinion the matter was one of departmental administration, and advising the Union to confer with the Park Commissioners.

"We are of the opinion that the request for the establishment of the grades for Gardeners should emanate from the Commissioners of Parks of the several boroughs.

"We therefore return herewith the resolution and the communication from William Dihm, secretary of a special committee of gardeners of Greater New York, and suggest that they be referred to the Commissioners of Parks for such action as they may deem necessary and proper. Respectfully,

"WILLIAM A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Select Committee."

And, Whereas, In a communication addressed to the Secretary of the Special Committee of Gardeners, Superintendent Zartman, of the Department of Parks for the Boroughs of Brooklyn and Queens, under date of June 27, 1911, said:

"In reply I beg to say that I have long realized that the Gardeners of this Department are not compensated in accordance with the work furnished, and you can rest assured that I will do all in my power to secure adequate payment for these men."

And, Whereas, In a letter to the Secretary of the Special Committee of Gardeners, dated July 27, 1911, the Board of Estimate and Apportionment, through its Secretary, Joseph Haag, said:

"At a meeting of the Board of Estimate and Apportionment held June 27, 1911, a report was presented from the Commissioner of Parks, Boroughs of Brooklyn and Queens, referring to resolution of the Board of Aldermen requesting the establishment of the Grades of positions of Gardener in Charge at $115 per month and Gardener at $90 per month, also to communication from the Secretary of a Special Committee of Gardeners in Greater New York, and stating that he is in favor of increasing the compensation of skilled men performing such work and will request an appropriation for this purpose in the Budget estimate for his department for the year 1912," and

Whereas, Notwithstanding the report of the Select Committee of the Board of Estimate and Apportionment and of the recommendation of both the Superintendent of Parks and the Commissioner of Parks, for the Boroughs of Brooklyn and Queens, action has not been taken by either the Park Department or the Board of Estimate and Apportionment as requested by resolution of the Board of Aldermen dated June 6, 1911, therefore

Resolved, That the Board of Aldermen urge the Department of Parks of The City of New York to incorporate in its Budget for 1914 estimates which will enable said department to pay its Gardeners $90 per month, the grades to apply to all boroughs and the compensation to be paid on the first and fifteenth days of each month.

Resolved, That should the estimates of the Department of Parks for 1914 already have been submitted without such provision being contained therein, that the Commissioners of said Department be requested to submit a supplemental request incorporating said provisions; and

Resolved, That when such estimate or request is made by the Board of Park Commissioners to the Board of Estimate and Apportionment said Board of Estimate and Apportionment be and it is hereby urged to provide the necessary funds to enable the Commissioners of Parks to adopt the schedule of salaries for the grades of Gardener in Charge and Gardener in Park Department herein specified.

Which was referred to the Committee on Salaries and Offices.

Resolutions adopted at a regular meeting of the Ways and Means Committee of the Fire Department of the town of Newtown August 13, 1913.

Whereas, It appears that after twenty-five years of active volunteer fire services, fifteen years of which were rendered to The City of New York, the Fire Department of the town of Newtown, is to be superseded on September 1 next by the installation of the paid fire department of The City of New York, and

Whereas section 722 of the Charter of The City of New York provides among other things as follows:

"Whenever hereafter the paid Fire Department shall be extended into any part of the territory of The City of New York, as hereby constituted, in which now or hereafter there shall exist a volunteer fire department, such members of said volunteer fire department in said locality as may be in active service shall, upon their passing a non-competitive examination for fitness, the conditions of which shall first be approved by the Fire Commissioner as prescribed by the Municipal Civil Service Commission rules, notice of which examination shall have been previously given by publication in the official papers of the borough in which the extension is proposed, be placed at the head of any eligible list certified for appointment and be preferred for appointment as fireman in the paid department, and the volunteer benevolent association existing within said territory shall possess all the privileges, and be entitled to all the rights now conferred by law upon such association,"

—and

Whereas, It appears that recent changes have been made in the rules of the Fire Department of The City of New York relating to those eligible to appointment whereby the age limit has been reduced from thirty-five years to twenty-nine years and the height of the applicants has been increased from five feet seven inches to five feet seven and one-half inches and which change materially affects some of the members of this department who desire to be appointed on the paid department and places the members of this department at a great disadvantage over the members of other volunteer Fire Departments of this City who were heretofore relieved by the extension of the paid department into the territory protected by them, and

Whereas, It appears to be unjust to the members of this department that greater obstacles should be placed in their way largely if not solely because they served this great city longer than their brethren of the other volunteer fire companies and

Whereas, We feel that in view of the fifteen years of volunteer service rendered to the City; some substantial recognition should be given and some substantial allowance made to the few members of this department who desire to enter the paid service of The City of New York; and

Whereas, It appears from the foregoing statute that ample authority is vested in the Fire Commissioner and the Civil Service Commission to make some such substantial allowance; therefore be it

Resolved, That we, the members of the Fire Department of the town of Newtown, do hereby petition the Fire Commissioner and the Municipal Civil Service Commission to alter, amend or suspend the rules relating to the age and height of the applicants from this department in the non-competitive examination to be held as prescribed by the foregoing statute in the following respects, to wit:

First—That the age limit be extended to thirty-five years instead of twenty-nine, and

Second—That the height be lowered from five feet seven and one-half inches to five feet seven inches, and further

Third—That the mental examination be eliminated, and further be it

Resolved, That the Honorable Mayor of the City be petitioned to use his good offices with the Fire Commissioner and the Civil Service Commission to see that substantial justice be done to the members of this department, and further be it

Resolved, That copies of this resolution be sent to the Honorable Mayor, Fire Commissioner and the Municipal Civil Service Commission.

Hon. OTTO S. GELBKE, Alderman; VICTOR B. WEBER, Chief of Department; HERMAN RINGS, ex-Chief of Department; JOHN H. GUTE, HUGH A. ALLWELL, WILLIAM H. O'HARE, ex-Officer, Committee on Resolutions.

Dated, Newtown, Borough of Queens, August 13, 1913.

PUBLIC SERVICE COMMISSION.

Proposals.

INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

THE PUBLIC SERVICE COMMISSION FOR the First District (hereinafter called "the Commission") invites proposals to construct Section No. 5 of Routes 4 and 38, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 5—Beginning at a point under 7th ave., in the Borough of Manhattan about seventy-nine (79) feet north of the northerly building line of W. 16th st. and extending thence northerly under 7th ave. to a point about seventy-five (75) feet north of the northerly building line of W. 30th st.

The general plan of construction calls for a subsurface railroad having four tracks. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface and elevated railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission, as set forth in the form of contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars ($5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction, as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and Interborough Rapid Transit Company for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five (95) per centum of the aggregate sum arrived at by multiplying the estimated approximate quantities by the unit prices as contained in the schedule of unit prices in the Contractor's proposal. The Contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River or along the North River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Department of Docks and Ferries, with whom all arrangements must be made with respect to utilizing such docks and bulkheads as may be available.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of thirty-six (36) months from the date of the delivery of the contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 12th day of November, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent, as near as practicable, of the work required is to be found in the schedule forming a part of the Contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be inclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Routes Nos. 4 and 38, Section No. 5," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York satisfactory to the Commission, and payable to the order of the Comptroller of The City of New York, for the sum of fifteen thousand dollars ($15,000). Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is acepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the Contractor will be required to furnish security to the City by giving a bond for seventy-five thousand dollars ($75,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the Schedule of Unit Prices in the Contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other Contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

The general plan of construction calls for a subsurface railroad having four tracks. The details of the construction of the Railroad and appurtenances are more particularly indicated on the Contract Drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections, along or off the route of the Railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalk and roadways of intersecting streets.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission, as set forth in the form of contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the Contract Drawings therein referred to. The Contract Drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars ($5.00). The printed form of contract and the Contract Drawings are to be deemed a part of this invitation.

The City and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and the Interborough Rapid Transit Company for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five per centum (95%) of the aggregate sum arrived at by multiplying the estimated approximate quantities by the Unit Prices as contained in the Schedule of Unit Prices in the Contractor's proposal. The Contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River or along the North River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Department of Docks and Ferries, with whom all arrangements must be made with respect to utilizing such docks and bulkheads as may be available.

Partial payments to the Contractor will be made monthly as the work proceeds as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of thirty-six (36) months from the date of the delivery of the contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 10th day of November, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of Contractor's Proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "*Proposal for Constructing Part of Rapid Transit Railroad—Routes Nos. 4 and 38, Section No. 3.*" and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in the City of New York satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand ($15,000) dollars. Such check must not be enclosed in the envelope containing the proposal.

The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for seventy-five thousand dollars ($75,000). At the option of the successful bidder, cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security, fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the unit prices as contained in the schedule of unit prices in the Contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
