Whereupon the Comptroller offered the following preamble and resolutions:

Whereas, the Armory Board, by a resolution adopted March 6, 1895, requested the Sinking Fund Commissioners to authorize the Comptroller to issue bonds not exceeding twenty-six thousand five hundred dollars (\$26,500) in amount, in addition to the Bonds already authorized to be issued for the erection of an Armory for Troop A, said additional amount to be expended for services, labor, materials, furniture and fixtures necessary to complete the erection and furnishing of said Armory.

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution of the Armory Board, and that, pursuant to the provisions of chapter 299 of the Laws of 1883, and acts amendatory thereof and supplementary thereto, the Comptroller be and is hereby authorized and directed to issue from time to time as may be required, redeemable in not less than ten nor more than twenty years from the date of issue, and at such a rate of interest as he may determine, not exceeding three per cent. per annum, "Consolidated Stock of the City of New York," which shall also be denominated "Armory Bonds," to the amount of twenty-six thousand five hundred dollars (\$26,500), the proceeds of which stock or bonds shall be applied to the purposes specified in the aforesaid resolution of the Armory Board; and

Resolved, That the said armory bonds to the amount of twenty-six thousand five hundred dollars (\$26,500), be and are hereby exempted from taxation by the City and County of New York, pursuant to the provisions of section 137 of the New York City Consolidation Act of 1882, and the ordinance of the Common Council approved by the Mayor October 2, 1880.

Which were unanimously adopted.

The Comptroller offered the following preamble and resolution exempting certain City bonds from taxation:

Whereas, The Board of Estimate and Apportionment, by resolutions adopted March 6, 1895, and March 12, 1895, authorized the Comptroller to issue School-house Bonds to the amount of two hundred and twenty thousand and ninety dollars and forty-two cents (\$220,090.42); and

Whereas, The Board of Estimate and Apportionment, by resolutions adopted March 6, 1895, authorized the issue of Consolidated Stock of the City of New York to the amount of one hundred and thirty-two thousand four hundred and forty-seven dollars and fifty cents (\$132,447.50) for the purpose of paying for the purchase of plant for the Street Cleaning Department, including a self-propelling dumping-boat; and

Whereas, The Board of Estimate and Apportionment, by a resolution adopted March 12, 1895, authorized the issue of additional Croton Water Stock to the amount of two hundred and fifty dollars (\$250.00), as provided by section 141 of the New York City Consolidation Act of 1882; and

Whereas, The Board of Estimate and Apportionment, by a resolution adopted March 12, 1895, authorized the issue of additional Water Stock to the amount of five hundred thousand dollars (\$500,000), as provided by chapter 189 of the Laws of 1893, to pay expenses of labor, services, materials, etc., necessary in purifying and protecting the Croton watershed; and

Whereas, The Board of Estimate and Apportionment, by resolutions adopted July 9, 1894, July 31, 1894, and October 3, 1894, authorized the issue of Fire Department Bonds to the amount of one hundred and eight thousand and fifteen dollars (\$108,015), as provided by chapter 76 of the Laws of 1894; and

Whereas, The Board of Estimate and Apportionment, by a resolution adopted March 12, 1895, authorized the issue of Consolidated Stock of the City of New York to the amount of one million five hundred and eighty-four thousand three hundred and seventy-one dollars (\$1,584,371), for the purpose of paying the awards, costs, charges and expenses, etc., of acquiring Mulberry Bend Park, as provided by chapter 320 of the Laws of 1887, as amended by chapter 69 of the Laws of 1895; therefore, be it

Resolved, That the aforesaid stocks and bonds, amounting in the aggregate to two million seven hundred and ninety-four thousand nine hundred and twenty-three dollars and ninety-two cents (\$2,794,923.92), be and the same hereby are exempted from taxation by the City and County of New York, in pursuance of the provisions of section 137 of the New York City Consolidation Act of 1882, and an ordinance of the Common Council approved by the Mayor October 2, 1880.

Which were unanimously adopted.

The following communication was received from the Clerk of the Common Council:

IN COMMON COUNCIL.

Resolved, That permission be and the same is hereby given to E. Ridley & Sons to lay three iron pipes, two and one half inches, three inches, and two inches in diameter, respectively, inclosed in an eight inch cast-iron pipe, for conducting steam and water from Nos. 64 to 63 Allen street, as shown on the accompanying diagram, upon payment to the City as compensation for the privilege such amount as may be determined as an equivalent by the Commissioners of the Sinking Fund, provided the said E. Ridley & Sons shall stipulate with the Commissioner of Public Works to save the City harmless from any loss or damage that may be occasioned by the exercise of the privilege hereby given during the progress or subsequent to the completion of laying said pipes; the work to be done and material supplied at their own expense, under the direction of the Commissioner of Public Works, such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen January 29, 1895, three-fourths of all the members elected voting in favor thereof, having been first advertised as required by law. Approved by the Mayor, February 4, 1895.

WM. H. TEN EYCK, Clerk of the Common Council.

In connection therewith the Comptroller presented the following:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, March 13, 1895.

To the Commissioners of the Sinking Fund:

GENTLEMEN—By a resolution of the Board of Aldermen adopted January 29, 1895, and approved by the Mayor February 4, 1895, permission was given E. Ridley & Sons to lay three iron pipes, two and one-half inches, three inches, and two inches in diameter, respectively, inclosed in an eight inch cast iron pipe, for conducting steam and water from Nos. 64 to 63 Allen street, as shown on a diagram herewith submitted, upon payment to the City as compensation for the privilege such amount as may be determined upon as an equivalent therefor by the Commissioners of the Sinking Fund; provided the said E. Ridley & Sons shall stipulate with the Commissioner of Public Works to save the City harmless from any loss or damage that may be occasioned by the exercise of the privilege thereby given during the progress or subsequent to the completion of laying said pipe.

From an examination made by the Assistant Engineer of the Finance Department, whose report is herewith submitted, it appears that \$50 per annum would be a fair charge for the privilege, with a fee of \$10 for opening the street.

I accordingly submit the following resolution for such action as the Commissioners of the Sinking Fund may deem advisable.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the compensation to be paid to the City by E. Ridley & Sons for the privilege of laying an eight (8) inch cast-iron pipe inclosing three pipes for conducting steam and water from Nos. 64 to 63 Allen street, shall be fifty dollars (\$50) per annum, and a fee of ten dollars (\$10) for opening the street, to be paid to the Department of Public Works, the opening of the street and the relaying of the pavement to be done at the expense of said E. Ridley & Sons, under the direction of the Commissioner of Public Works, and subject to such conditions as he shall prescribe; provided also, that the said E. Ridley & Sons shall give a satisfactory bond for the faithful performance of all conditions prescribed by the said Commissioner of Public Works, and by a resolution of the Board of Aldermen, passed January 29, 1895, and approved by the Mayor February 4, 1895, said bond to be approved by the Comptroller and filed in his office; and provided further, that the right be reserved to revoke such permission at any future time, if necessary, in the interest of the City.

The report was accepted and the resolution unanimously adopted.

The Comptroller offered the following resolution:

Resolved, That permission be and is hereby extended to the Board of Fire Commissioners to retain possession of the premises No. 753 Tremont avenue, now occupied by Engine Company No. 46, at the same rental as that contained in the former lease thereof to the City, from month to month, for a period not exceeding three (3) months from January 1, 1895.

Which was unanimously adopted:

The following communication was received from the Commissioner of Street Cleaning, for lease of premises on Houston street near the East river, for an incumbrance yard:

DEPARTMENT OF STREET CLEANING—NEW CRIMINAL COURT BUILDING,  
NEW YORK, March 8, 1895.

Hon. WILLIAM L. STRONG, Mayor, Chairman of the Board of Commissioners of the Sinking Fund:

SIR—This Department is greatly crippled in its operations for want of another yard for the storing of vehicles removed from the streets under the Incumbrance Law. We have only two incumbrance yards. One is at the foot of West Fifty-sixth street, and the other is at One Hundred

and Twenty-eighth street and Fourth avenue. The cost and loss of time involved in sending to these yards the great number of vehicles now being seized are very serious, and the accommodations for storing vehicles are very restricted. It is necessary under the law that they should be retained for some time before being sold. As they may be redeemed at any time, they cannot be so closely parked that any vehicle cannot be removed without serious trouble. I had hoped to obtain some space in the yard of the Department of Public Works at the foot of Rivington street, but I am informed that the whole yard is needed for their uses. I have had a search made, and I find a tract of twelve (12) lots, running from Houston street to Third street, about midway of the block between Goerck street and the East river, opposite Mangin street. This location will be especially convenient, quite as much so as the Rivington street yard; and I beg that the Board will secure for this Department either this space or its equivalent in some equally good locality. The rental asked is \$4,500 per annum. The owner pays all taxes except water rates. Respectfully submitted, GEO. E. WARING, JR., Commissioner.

Which was referred to the Comptroller.

The following communication was received from the Commissioner of Street Cleaning in relation to plans for the reconstruction of Stable G, in Hamilton street (see Minutes of February 6, 1895, page 11):

DEPARTMENT OF STREET CLEANING, NEW YORK, March 12, 1895.

Hon. ASHBEI P. FITCH, Comptroller:

DEAR SIR—May I again ask an early adjustment of the question of the Hamilton street stable? We are now paying, and must in any case continue to pay for some time, the rent of that stable, \$5,500 per annum, and a rental of \$1,600 for outside stalls, making in all \$7,100. If nothing else is done, this expense and the added expense, inconvenience and disadvantage of having some of the horses out from under the eye of the Foreman must continue until our lease expires, three years from next May. As I figure it, it would be greatly to the City's interest, so far as the financing of this particular case is concerned, to accept Mr. Collins' proposition of \$6,000 rental per annum. That is to say, if the present arrangement continues, we shall have paid, at the end of three years' lease, about \$21,500, as against \$18,000 under the proposed new lease. The difference, \$3,500, divided over an additional five years, would amount to more than the difference in rent (\$5,500—\$6,000).

Respectfully submitted, GEORGE E. WARING, JR., Commissioner.

Discussion followed, in the course of which, on motion of the Recorder, the Commissioner of Street Cleaning was requested to inform the Board fully as to the wants and necessities of his Department in connection with said stable.

The Chairman Committee on Finance, Board of Aldermen, then offered the following:

That the papers be referred to the Comptroller for examination and report, and that he be authorized to expend fifty dollars in advertising for premises to lease or buy for the use of the Department of Street Cleaning as a stable in the vicinity of Clinton street, East Broadway, Catharine street and the East river, or adjacent thereto. Which was agreed to. Adjourned.

RICHARD A. STORRS, Secretary.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required, for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

*The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.*

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. M. of the 10th day of April, 1895, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for altering the building near the foot of East Sixteenth street, known as the Disinfecting Depot of the Willard Parker Hospital, City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$2,500.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would

be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Bid No. 2. Scaffolding.

Bid No. 3. Burglar-proof file-case.

Bid No. 4. Electrical system.

Bid No. 5. General items, such as carpenter and joiner work, ironwork, plastering, hardware and other works mentioned below.

It is to be understood that all the requirements and conditions of the contract and specifications shall apply alike to each bid.

**SEALED ESTIMATES FOR THE ABOVE WORK,** indorsed with the above title, also with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Comptroller, Rooms Nos. 14 and 15, Finance Department, Stewart Building, No. 280 Broadway, in the City of New York, until 12 o'clock, P. M., Monday, April 8, 1895, at which place and hour the bids will be publicly opened by and in presence of the Commissioners of the Sinking Fund and read, and the award of contract, if awarded, will be made to the lowest bidder, with adequate security as soon thereafter as practicable. The person or persons to whom the contract may be awarded will be required to attend at the office of the Department of Public Works, with the sureties offered by him or them, and execute the contract within five days from the date of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and thereupon the work shall be re-advertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioner of Public Works may designate.

*N. B.—Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.*

Bidders are required to state in their estimates, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be determined by the

Comptroller after the award is made and prior to the signing of the contract.

For the nature and extent of the work to be done, bidders are referred to the plans and specifications. The plans may be seen at the office of the Architects, Messrs. Thom, Wilson & Schaarschmidt, No. 1267 Broadway.

The entire work to be completed within NINETY DAYS after the notice to commence work has been given by the Commissioner of Public Works.

The damages to be paid by the contractor or contractors for each day that the contract or contracts may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at TEN DOLLARS per day.

Bidders will state in writing and also in figures, a price for the whole work on which they may bid, complete, which price is to cover the furnishing of all necessary materials and labor and the performance of all the work set forth in the plans and specifications and form of agreement.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The amount of security required is \$2,300 on bid No. 1, \$200 on bid No. 2, \$500 on bid No. 3, \$350 on bid No. 4, and \$2,500 on bid No. 5.
