Molloy in regard to said bill and had received the following letter in reply from Mr. H. T. Dykman:

WHITE PLAINS, N. Y., January 21, 1901.

HARRY W. WALKER, Esq., Secretary, Aqueduct Commission, 280 Broadway, New York City:

DEAR SIR—Your letter to the Hon. William V. Molloy, Sheriff of this county, under date of January 16, has been received. At the time when the Aqueduct Commission required the services of these deputies, acting under instructions from your Department, I made arrangements with Mr. Molloy to send the men to the location and act under the instructions of your Division Engineer. In my opinion, the charge is not excessive and is less than is charged by detective agencies for first class help and is the same as the City paid to deputies during the trouble necessarily attendant upon the watershed raids under the Webster Watershed Act.

Yours very truly,
H. T. DYKMAN.

Commissioner Power moved that the voucher and bill in favor of said William V. Molloy, above referred to, be returned to the Department of Finance, together with a copy of the above letter of H. T. Dykman.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Construction or Executive Committee referred to the Commissioners the following communication of the Chief Engineer:

Report No. 227.

NEW YORK, February 13, 1901.

To the Honorable the Committee on Construction:

GENTLEMEN—I herewith present to you bills of Messrs. Coleman, Breuchaud & Coleman amounting to \$1,096.45. As the bills are for work done since July, 1897, or commencing prior to my appointment as Chief Engineer, I beg to call to your notice the following communication from my predecessor relating to work done of like character, which was ordered paid by a resolution passed June 16, 1897:

“NEW YORK, June 16, 1897.

“To the Honorable the Committee on Construction:

“GENTLEMEN—The inclosed bill of Messrs. Coleman, Ryan & Brown is for extra work done under order of the Engineer in connection with the preparation of the bottom of the foundation. I have represented to you before that, owing to the quality of the lime rock forming the foundation, I found it indispensable for the stability of the structure to force grout in all the fissures and eroded seams which were discovered down to a considerable depth below the surface on which the masonry was laid.

“The work was done according to my direction and orders as ‘extra work’ under Clause H of the contract.

“The expenditures connected with the work were computed with care, and the bill now presented to you, as agreed upon by the contractors and myself, represents the actual cost of the work plus 15 per cent. for superintendence and use of tools. The payment of this bill is respectfully recommended.

“Yours respectfully,
“(Signed) A. FTELEY, Chief Engineer.”

I recommend that the bills be paid because the work done was necessary for the stability of the foundation of the New Croton Dam.

Yours very respectfully,
W. R. HILL, Chief Engineer.

Commissioner Power moved that the Secretary be directed to prepare a proper voucher for the payment of the above-mentioned bills of Coleman, Breuchaud & Coleman.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

A communication was received from The Matthews-Northrup Company, dated February 11, 1901, requesting to be furnished with a map of New York City showing the actual location of reservoirs and aqueducts.

Commissioner Power moved that the communication be referred to the Chief Engineer for such disposition as he might deem advisable.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

A communication was received from the Municipal Civil Service Commission, dated February 5, 1901, transmitting copy of a resolution adopted by said Commission rescinding its action in authorizing the transfer of John J. Daly from the position of Examiner in the office of the Commissioners of Accounts to that of Purveyor in the office of the Aqueduct Commission.

Commissioner Power moved that the same be filed.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Comptroller, under date of February 1, 1901, gave notice of the issue of warrants for the payment of vouchers not certified to by the Aqueduct Commissioners during the month of January, 1901, as follows:

Cornell Dam.....	\$37,252 68
Double Reservoir I.....	2,540 04
	<hr/> \$39,792 72

—leaving a balance to the credit of the “Additional Water Fund” of \$436,844.65.

Which was ordered entered upon the books of the Commissioners and filed by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Secretary presented duplicate forms of certificate of necessity providing for chisel drafts to be cut on rock-face work on straight-face walls and on the parapet of the New Croton Dam; also, on the head piers and parapets of Hunter's Brook Bridge and the Old Croton Dam Bridge.

Which were ordered executed by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Commissioners then adjourned.

HARRY W. WALKER, Secretary.

BIRD S. COLER,
Comptroller.

THE CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, March 1, 1901.

THE CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE.

To the Holders of Six Per Cent. Gold Consolidated Stock of the County of New York, Payable July 1, 1901:

THE FOLLOWING IS AN EXTRACT FROM the proceedings of the Commissioners of the Sinking Fund at a meeting held Tuesday, February 19, 1901:

The Comptroller presented the following report and accompanying resolution relative to the redemption of six per cent. Gold Consolidated Stock of the County of New York, maturing July 1, 1901:

CITY OF NEW YORK, DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, February 15, 1901.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Six per cent. Gold Consolidated Stock, amounting to eight million eight hundred and eighty-five thousand five hundred dollars (\$8,885,500), which was issued by the County of New York prior to its consolidation with the former City of New York, matures on July 1, 1901.

The said stock is all held by the public and is payable from the Sinking Fund for the Redemption of the City Debt (No. 1), under the provisions of section 213 of chapter 378 of the Laws of 1897.

Under an amendment to the Constitution of the State of New York adopted at the general election held in the year 1890, the said stock is exempted, for the debt-restrictive purposes of section 10 of article VIII, of the Constitution, from classification as a City debt.

In view of the present heavy demands upon the City's debt-incurring capacity, especially for rapid transit and bridge construction, it is desirable to retain the advantage gained by such exemption. This advantage would be practically lost as to the amount of said stock if it were to be redeemed out of the Sinking Fund, or if it were refunded by the issue of Corporate Stock of The City of New York.

I therefore propose to extend the maturity of a considerable proportion, if not the whole of such stock, for periods not exceeding twenty years, under the authority conferred upon me by chapter 630 of the Laws of 1900, upon the best obtainable terms for the City.

It is not unlikely, however, that it may prove impossible to extend certain portions of said stock upon advantageous terms, and I therefore recommend that a resolution be adopted authorizing the Comptroller to

redeem from the Sinking Fund such portions of said stock.

Respectfully,
(Signed) BIRD S. COLER,
Comptroller.

Whereas, Six per cent. Gold Consolidated Stock issued by the County of New York prior to its consolidation with the former City of New York, amounting to eight million eight hundred and eighty-five thousand five hundred dollars (\$8,885,500), matures July 1, 1901, and is payable from the Sinking Fund for the Redemption of the City Debt (No. 1), under the provisions of section 213 of chapter 378 of the Laws of 1897;

Whereas, the Comptroller proposes, under the authority of chapter 630 of the Laws of 1900, to extend for periods not exceeding twenty years the maturity of as much of said stock as he may be able to so extend upon terms advantageous to the City; therefore

Resolved, That the Comptroller be and is hereby authorized to pay out of the Sinking Fund for the Redemption of the City Debt (No. 1), such portion of the six per cent. Gold Consolidated Stock of the County of New York, payable July 1, 1901, as he may be unable to extend upon terms deemed by him to be advantageous to the City.

The report was accepted and the resolution unanimously adopted.

For the reasons set forth in the foregoing report to the Commissioners of the Sinking Fund, the Comptroller of The City of New York will avail himself of the provisions of chapter 630 of the Laws of 1900, which reads as follows:

CHAPTER 630.

AN ACT to authorize the extension of the funded indebtedness of the counties of New York, Kings, Queens and Richmond.

Accepted by the City.

Became a law April 23, 1900, with the approval of the Governor. Passed, a majority being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. It shall be lawful for the comptroller of the city of New York, in his discretion, to provide for the extension of all or any part of the funded indebtedness of the counties of New York, Kings, Queens and Richmond, as the same may from time to time mature.

Certificates of stock or bonds so extended shall bear interest at a rate not exceeding three and one-half per centum per annum, and shall be stamped across their face with the terms of such extension, which shall be for a period not exceeding twenty years.

Sec. 2. This act shall take effect immediately.

Proposals will be received by the Comptroller at his office, No. 280 Broadway, New York City, from the holders of six per cent. Gold Consolidated Stock of the County of New York, payable July 1, 1901, for extending the maturity of all or any part of the respective amounts of such stock held by them to the following dates:

JULY 1, 1907;

JULY 1, 1918;

JULY 1, 1919;

JULY 1, 1920, and

JULY 1, 1921.

Stock so extended will be payable in gold and will bear interest from July 1, 1900, at the rate of three and one-tenth (3 1/10) per cent. per annum, payable, also, in gold, semi-annually, on the first day of January and of July in each year. The Comptroller proposes to apportion the amount of stock thus extended so that, as nearly as practicable, one-fifth of the whole amount extended shall be redeemable at each of the five maturity dates above mentioned. Preference will, as far as possible, be given to the proposals received according to priority in the date of their receipt, the proposals first received being entitled to the privilege of the longest extension period, unless such proposal shall indicate a preference for the shorter terms. The stock which is to be extended in accordance with the terms of this circular must be delivered to the Comptroller upon demand, when the certificates will be stamped across their face with the terms of the extension, in accordance with the provisions of chapter 630 of the Laws of 1900, provided, however, that such stock now outstanding in coupon form when presented for extension will be extended in the form of registered stock. Thereafter transfers may be made of such stock on the books of the Corporation in accordance with the general provisions of law and the rules of the Department of Finance in regard thereto. The right to discontinue the offer contained in this circular at any time without further notice is expressly reserved.

Dated New York, March 1, 1901.
BIRD S. COLER, Comptroller.
