No. 582.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following preambles and resolutions adopted by the Board of Estimate and Apportionment, and the President of the Borough of Queens is hereby authorized and empowered to contract, without public letting, for the work therein contemplated, the text of said preambles and resolutions being specifically as follows, to wit:

Whereas, The Board of Estimate and Apportionment, at its meeting held January 27, 1905, authorized the issue of Corporate Stock, the proceeds of which are to be applied to the repaving of streets and avenues in The City of New York under certain provisions and conditions; and authorized a part of said proceeds, to wit, the sum of three hundred and fifty thousand dollars, to be apportioned and set apart for repaving streets in the Borough of Queens, under the same provisions and conditions; and

Whereas, The President of the Borough of Queens has requested that fifty thousand dollars of the proceeds of said Corporate Stock be used for the purpose of paying for labor to be employed in remacadamizing or repaving certain old highways, streets, roads, boulevards and avenues, or parts thereof, in borough, which are as follows:

Jackson avenue and Flushing Causeway, from Long Island City line to Flushing creek.

Broadway, from Flushing creek to easterly line of the Borough of Queens.

Lawrence street and College Point Causeway.

Myrtle avenue, from Brooklyn and Jamaica road to Brooklyn city line.

Thomson avenue, from Jackson avenue to Grand street.

Hempstead and Jamaica road, from Fulton street to easterly line of the Borough of Queens.

Whereas, The President of the Borough of Queens is of opinion that if this work is done by men employed by the City directly, and not through a contractor, the result will be a great saving to the City in reducing the cost of said repaving, of remacadamizing, from about ninety cents per square yard to about sixty cents per square yard; and

Whereas, This Board has been advised by letter from the Corporation Counsel, dated May 16, 1905, that the work may legally be done in the manner requested by the President of the Borough, provided the authority so to do is obtained pursuant to section 419 of the Greater New York Charter by a vote of three-fourths of the members elected to the Board of Aldermen; now therefore be it

Resolved, That in case the said resolution by vote of three-fourths of the members elected to the Board of Aldermen be adopted this Board does hereby consent that the said work hereinbefore described be done otherwise than by contract with the lowest bidder let after advertisement, and that men be employed by the President of the Borough of Queens at an expenditure, however, not exceeding \$50,000, all of which work and expenditure to be upon the above-mentioned old highways, streets, roads, boulevards and avenues; and it is further

Resolved, That the following provisions and conditions in the above-mentioned resolutions of this Board adopted at a meeting held January 27, 1905, be waived and not applied in this particular case, which said provisions and conditions are as follows:

Provided, however, that no contract shall be made for repaving any street or avenue unless the Borough President having charge thereof submits to the Comptroller with such contract evidence showing that the original pavement on such street or avenue was laid at the expense of the abutting property owners or by local taxation or by bond issues paid by the locality before consolidation unless the Board of Estimate and Apportionment shall otherwise determine upon presentation to it of the facts and circumstances affecting such street or avenue.

Adopted by the Board of Aldermen, July 11, 1905.

Approved by the Mayor, July 19, 1905.

PROPOSALS FOR BIDS OR ESTIMATES.

1. Sealed bids or estimates for the above work will be received by the Committee on Buildings of the Board of Trustees of the College of the City of New York, at the office of the Board, Lexington Avenue and Twenty-third street, Borough of Manhattan, in the City of New York, until 12 o'clock m., on

MONDAY, JULY 31, 1905.

2. The time allowed for doing and completing the work herein specified for the Sub-Freshman and Gymnasium Buildings will be 21 calendar days, and the Main and Chemical Buildings 110 calendar days, the time of each beginning from the award of the contract. (Ordinances, section 351.) (Ordinances, section 354.)

3. The amount of security required will be not less than twenty-five per cent. (25%) of the amount of the bid or estimate. (Ordinances, section 346.)

4. The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the work for which the estimate is made, with his or their name or names and the date of presentation to the head of the Committee, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the Chairman of the Committee and read, and the award of the contract made according to law, as soon thereafter as practicable.

5. East bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and that it is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the City of New York, is, shall be or become interested directly or indirectly, as contracting party, partner, stockholder, surety or otherwise, in, or in the performance of the contract, work or business to which it relates, or in any portion of the profits thereof. (Charter, section 1533.)

6. Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or of a guaranty or surety company duly authorized by law to act as surety in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the City of New York any difference between the sum to which he would be entitled on its completion and that which the City of New York may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same; that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law, if the contract shall be awarded to the person or persons for whom he consents to become surety. (Ordinances, section 349.)

7. No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him. (Charter, section 420.)

8. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the City upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City. (Charter, section 419.)

9. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give proper security, he or they will be considered as having abandoned it, and as in default to the City of New York, and the contract will

be readvertised and relet as provided by law. (Charter, section 420.)

10. For particulars as to the quantity and quality and of the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and plans. Such work and materials must conform in every respect to printed specifications and the plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates. (Ordinances, section 346.)

11. Bidders are requested to make their bids or estimates upon the blank form prepared for the purpose, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Council, can be obtained upon written application therefor at the office of the architect, George B. Post, No. 33 East Seventeenth street, New York City, where the plans and drawings which are made a part of the specifications can also be seen.

12. The bidder shall state one aggregate price for the whole work described and specified, as the contract is entire and for a complete job. No bid shall be withdrawn while the awarding of the contract is pending.

13. Bidders will write out the total amount of their estimates in addition to inserting the same in figures.

14. The Board of Trustees reserves the right to reject all bids or estimates if they deem it to be for the interest of the City so to do. (Charter, section 419.)

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
