The Clerk proceeded to read the Minutes of the Stated Meeting of March 13, 1906.

On motion of Alderman Wentz, further reading was dispensed with, and the Minutes were approved as printed.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 384.

City of New York—Office of the Mayor,
March 16, 1906.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, a resolution, entitled "resolution permitting Frank & Morris to keep show case, Borough of Manhattan."

This resolution, with the exception of the name of one of the licensees, is similar in all respects to the one which I returned to your Board with my disapproval on the 12th of March, 1906, and I refuse to approve of this resolution for the reasons stated at length in my former message.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Resolved, That Frank & Morris be and they are hereby granted permission to erect and maintain a show case, twenty-five feet long, within the stoop line in front of their premises on the southeast corner of One Hundred and Thirty-second street and Eighth avenue, Borough of Manhattan; the work to be done at their own expense, under the supervision of the President of the Borough of Manhattan, and permission to continue only during the pleasure of the Board of Aldermen.

Which was laid over, ordered to be printed in the Minutes and published in full in the CITY RECORD.

PETITIONS AND COMMUNICATIONS.

No. 425.

The Garfein Company, Incorporated,
Offices, No. 150 Nassau Street,
New York, March 15, 1906.

Hon. PATRICK McGOWAN, President of the Board of Aldermen, New York City:

Honored Sir—We are advised that the Board over which you preside has recently interested itself in the question of sanitary cuspidors, to be introduced in public establishments.

We have invented a sanitary cuspidor, very practical, in our judgment, and beg leave to submit models of our invention to you.

We are certain it is your opinion that the cuspidor in use now does not answer sanitary requirements or any other requirements of a modern community, and for this reason venture to hope that you will grant our Mr. Garfein an audience, appointing a time that he may call.

We beg to remain, Honored Sir,

Your obedient servants.

THE GARFEIN COMPANY,

By Garfein.

In the matter

of

The petition of James J. Lanigan to the
Honorable the Board of Aldermen of
The City of New York.

To the Honorable the Board of Aldermen of The City of New York:

The petition of James J. Lanigan respectfully shows:

1. That he is a citizen of the United States and an elector of the Borough of Brooklyn, City and State of New York, of the age of forty years, and resides at No. 211 Bush street, within the Fifty-fourth Aldermanic District of The City of New York.

2. That in or about the month of October, 1905, the date whereof is unknown to your petitioner, but which he alleges to have been long enough prior to Election Day, to wit, November 7, 1905, to comply with all statutory requirements, one Michael J. Monahan was duly and regularly nominated by a convention duly and regularly convened of the Democratic party for the office of Alderman for the Fifty-fourth Aldermanic District of The City of New York, and thereupon he accepted said nomination and became and was the candidate of the Democratic party for said office.

3. That your petitioner was duly and regularly nominated by the Municipal Ownership League as and for its candidate for the office of Alderman of the Fifty-fourth Aldermanic District, Borough of Brooklyn, City of New York, and thereupon accepted said nomination and became and was the candidate of the said Municipal Ownership League for said office.

4. That, according to law, an election was duly and regularly held on the 7th day of November, 1905, in The City of New York, and that at said election so held an election was held for the office of Alderman of The City of New York for the Fifty-fourth Aldermanic District, and the said Michael J. Monahan received the highest number of votes cast thereat for the said office of Alderman for said district, to wit, two thousand seven hundred and seventy-six votes, and your petitioner received the next highest number of votes cast for said office at said election, to wit, two thousand five hundred and twenty-nine votes.

5. Thereafter, as your petitioner is informed and therefore avers, the said Michael J. Monahan was declared by the Board of Canvassers and the Board of Elections of The City of New York to be elected to the office of Alderman of The City of New York for the Fifty-fourth Aldermanic District, and a certificate of election was thereupon issued to him in conformity with the statute in such case made and provided, and thereafter, on the 1st day of January, 1906, said Michael J. Monahan took the oath of office as Alderman as aforesaid, and entered upon the performance of his duties as such, and ever since and now is the occupant and holder of said public office, to wit, the office of Alderman of The City of New York for the Fifty-fourth Aldermanic District.

6. Your petitioner alleges that said Michael J. Monahan usurps, invades and intrudes into and unlawfully holds and exercises the office of Alderman of The City of New York for the said Fifty-fourth Aldermanic District, and that your petitioner was duly and legally elected to said office by the highest number of legal votes cast for a legally qualified candidate. That said Michael J. Monahan is not now and never has been a citizen of the United States of America, being a native of Ireland in the Kingdom of Great Britain, never having been naturalized as a citizen of the United States, nor was his father nor mother ever naturalized as a citizen of said United States, but, on the contrary thereof, was a citizen of the Kingdom of Great Britain. That said Michael J. Monahan, for the ten years between 1894 and 1904, at each election voted and in each instance claimed to be a citizen of the United States, and was so registered and voted at each election during said years. That in the month of October, 1905, said Michael J. Monahan registered as a foreign born citizen, to wit, a native of Great Britain, and claimed the right to register and vote on the ground that he came to the United States before arriving at the age of eighteen years, and asserted that he voted upon his father's naturalization papers, when, in truth and in fact, his father was never naturalized and was never in the United States, and upon being called upon by the election officials to produce the naturalization papers of his said father he failed and neglected so to do, and he was nevertheless allowed to register and vote, as your petitioner is informed and believes.

7. That, by reason of the fact that said Michael J. Monahan was not then and never had been a citizen of the United States, the said votes cast for him for the office of Alderman as aforesaid, at the election held on the 7th day of November, 1905, were void and of no effect, and your petitioner was duly elected to said office and is entitled to take and hold the same and exercise the rights, powers, privileges and duties attaching thereto.

8. That under and by virtue of the laws of the United States and of the State of New York, all persons are excluded from holding public office except citizens of the United States, and the said office of Alderman of The City of New York is a public office.

Your petitioner therefore prays that your Honorable Board may immediately take steps to ascertain the truth of the matters herein alleged, and that your honorable body declare said Michael J. Monahan disqualified as an Alderman of The City of New York, and that your honorable body take further action looking to the installation of your petitioner as the duly qualified and regularly elected Alderman from the said Fifty-fourth Aldermanic District as the legally qualified person for whom the largest number of votes were cast at the last election.

Dated March 1, 1906.

JAMES J. LANIGAN, Petitioner.

State of New York, County of Kings, Borough of Brooklyn, ss.:

James J. Lanigan, being duly sworn, deposes and says that he is the petitioner in this action, that he has read the foregoing petition and knows the contents thereof; and that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true.

JAMES J. LANIGAN.

Sworn to before me this 1st day of March, 1906.

[Seal] Michael Leahy,

No. 521 Court street, Brooklyn,

Commissioner of Deeds for The City of New York.

Which was referred to the Committee on Privileges and Elections.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting ordinances:

No. 427.

Board of Estimate and Apportionment,
Financial Branch, No. 280 Broadway,
March 16, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment, March 16, 1906, authorizing an issue of Corporate Stock to an amount not exceeding \$220,000 for the use of the Topographical Bureau of the Borough of Queens, for the purpose of preparing and completing maps and monuments and monumenting of all territory within said Borough; together with copies of communication from the President of the Borough of Queens and report of the Principal Assistant Engineer, Department of Finance, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

The City of New York,
Office of the President of the Borough of Queens,
Long Island City, February 26, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—Herewith please find resolution for the issue of Corporate Stock in the sum of \$224,705 for use of the Topographical Bureau in preparing and completing maps and monuments and monumenting of all territory in this Borough.

I would request that same be placed on the calendar of your Board for early consideration.

Respectfully,

(Signed)

JOSEPH BERMEI,
President, Borough of Queens.

March 7, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Joseph Bermel, President of the Borough of Queens, in communication under date of February 26, 1906, requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Corporate Stock in the sum of \$224,705, for the use of the Topographical Bureau in preparing and completing maps and monuments and monumenting of all territory in the Borough of Queens.

I would report that the payroll of the present force is about \$15,600 per month (including the monthly and weekly payrolls), or \$187,000 per annum; adding \$7,000 for monuments, \$12,000 for traveling expenses and \$4,000 for instruments and incidentals, gives a grand total of \$210,000, the required amount to carry on the work with the present force.

The Engineer in charge of the topographical work informs me that in order to continue the work properly the force must be increased, and he hopes to have about twenty (20) new men by the end of the year; \$10,000, in my opinion, will be sufficient to provide for this increase in force, making the grand total of \$220,000, which will be ample to carry on the work, including the additional force, to March 1, 1907, without any additional appropriation being provided for in the Budget for 1907.

I would note that the \$40,000 allowed in the Budget for 1906 for this work has practically all been expended.

I would therefore suggest that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$220,000 for the work of the Topographical Bureau, Borough of Queens; that is to say, for the making and completing of maps within said Borough.

Respectfully,

(Signed)

CHANDLER WITHINGTON,
Principal Assistant Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and twenty thousand dollars (\$220,000) for the use of the Topographical Bureau of the Borough of Queens for the purpose of preparing and completing maps and monuments and monumenting of all territory within said Borough.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 16, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and twenty thousand dollars (\$220,000) for the use of the Topographical Bureau of the Borough of Queens for the purpose of preparing and completing maps and monuments and monumenting of all territory within said Borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding two hundred and twenty thousand dollars (\$220,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 428.

Board of Estimate and Apportionment,
Financial Branch, No. 280 Broadway,
March 17, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 16, 1906, approving the issue of Corporate Stock to the amount of \$50,000 for the use of the Topographical Bureau of the Borough of The Bronx for the purpose of preparing and completing maps of all territory within said Borough.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifty thousand dollars (\$50,000) to provide means for the use of the Topographical Bureau of the Borough of The Bronx for the purpose of preparing and completing maps of all territory within said Borough.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 16, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000) for the use of the Topographical Bureau of the Borough of The Bronx, for the purpose of preparing and completing maps of all territory

within said Borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 429.

Board of Estimate and Apportionment,
Financial Branch, No. 280 Broadway,
March 17, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 16, 1906, approving the issue of Corporate Stock to the amount of \$130,000 for the use of the Topographical Bureau of the Borough of Richmond, for the purpose of preparing and completing maps of all territory within said Borough, together with copy of a report of the Principal Assistant Engineer, Department of Finance, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

March 7, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. George Cromwell, President of the Borough of Richmond, in communication under date of February 16, 1906, requests the Board of Estimate and Apportionment, to authorize the Comptroller to issue Corporate Stock in the sum of \$140,000, for the work of the Topographical Bureau, Borough of Richmond.

The Commissioner also states that he wishes to increase the force by about twenty (20) men as soon as they can be secured through the Civil Service Commission, whose salaries added to those on the present pay-roll, amounting to about \$8,300 each month, or about \$100,000 for twelve months, plus expenses of say \$15,000, making a total of increase force desired of, \$140,000, which sum is requested, that he may be able to draw upon same for the pay-roll commencing April 1, 1906. I would report:

As stated by the President, the present pay-roll amounts to about \$100,000 per annum, and \$15,000 estimated for traveling expenses, monuments, incidentals, etc., is not exorbitant, but the \$25,000 requested for an increase in the force, I consider more than it will be possible to expend during the year, on account of the great trouble in obtaining men; \$10,000 or \$15,000, I think, will be sufficient to provide for the increased force, making a grand total for the ensuing year of \$130,000; this amount, I estimate, will carry on the work from March 1, 1907, without any additional appropriation being provided for in the Budget for 1907.

I would therefore suggest that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$130,000, for the work of the Topographical Bureau, Borough of Richmond, that is to say, for the making and completing of maps within said Borough.

Respectfully,

(Signed) CHANDLER WITHINGTON,
Principal Assistant Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred and thirty thousand dollars (\$130,000) for the use of the Topographical Bureau of the Borough of Richmond, for the purpose of preparing and completing maps of all territory within said Borough.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 16, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding one hundred and thirty thousand dollars (\$130,000) for the use of the Topographical Bureau of the Borough of Richmond, for the purpose of preparing and completing maps of all territory within said Borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and thirty thousand dollars (\$130,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 430.

Board of Estimate and Apportionment,
Financial Branch, No. 280 Broadway,
March 17, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment, March 16, 1906, approving the issue of Corporate Stock of The City of New York to the amount of \$120,000, for the procurement of new hose wagons, aerial trucks and steam fire engines for the use of the Fire Department of The City of New York, together with copy of a report of the Investigations Division, Department of Finance, relative thereto.

I also enclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

March 8, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of the request of the Fire Commissioner to the Board of Estimate and Apportionment, under date of January 4, 1906, for an issue of Corporate Stock in the amount of \$500,000 for the purchase of apparatus and hose for the Fire Department, I beg to report as follows:

The submitted copy of said request to his Honor the Mayor states that the estimated outlay of \$500,000 is for the purchase of fire apparatus and hose, viz.:

Ten (10) first size hose wagons.

Three (3) 65-foot aerial trucks.

Three (3) 75-foot aerial trucks.

Three (3) 85-foot aerial trucks.

Seven (7) first size steam fire engines.

Five (5) second size steam fire engines.

75,000 feet 2½-inch fire hose.

50,000 feet 3-inch fire hose.

10,000 feet 3½-inch fire hose.

The Commissioner further states that application was made on February 7, 1905, for an issue of Corporate Stock to the amount of \$200,000 for similar purposes, and that said application was concurred in to the extent of \$100,000. Said issue of Corporate Stock was authorized on March 16, 1905, and contracts executed to the full amount of said issue.

An analysis of the purchases made under contract for the years 1902 to 1905 inclusive shows that of the items specified by the Commissioner the following quantities were purchased during that period, viz.:

Hose wagons—

Manhattan and The Bronx, 33, at cost of..... \$25,975 00

Brooklyn and Queens, 38, at cost of..... 25,220 60

Aerial trucks—

Manhattan and The Bronx, 14, at cost of..... 73,143 00

Brooklyn and Queens, 6, at cost of..... 28,420 00

Steam fire engines—

Manhattan and The Bronx, 21, at cost of..... 110,000 00

Brooklyn and Queens, 12, at cost of..... 60,650 00

Richmond, 3, at cost of..... 13,500 00

Fire hose—

All boroughs, 319,850 feet, at cost of..... 287,235 00

\$624,143 60

Contract liability was incurred for the purchase of fire hose and said contract certified against the said Corporate Stock issue of \$100,000 under date of August 7, 1905. It appeared to me that, considering the extremely perishable character of fire hose and its liability to destruction in large quantities, there was a grave doubt as to the use of the proceeds of Corporate Stock for the purchase of such equipment, and in consequence of my report to you upon this subject, under date of January 30, 1906, a communication was addressed to the Corporation Counsel submitting for his consideration the advisability and legality of such use of the proceeds of Corporate Stock. The Corporation Counsel rendered his opinion under date of February 10, 1906, and copy of said opinion is transmitted herewith. In this opinion, as may be noted here, the Corporation Counsel holds that the latitude allowed by section 47 of the Charter is wide, and that, at any rate, the contract having been entered into, it should be completed on the present basis.

The cost of the new apparatus and hose, which the Fire Commissioner states is necessary to maintain the Department at a proper standard of efficiency, would seem to require the expenditure of approximately the sum of \$275,000, of which amount fire hose would be, say, \$155,000, leaving amount necessary for apparatus other than fire hose, \$120,000.

While there has been already a considerable curtailment, under instructions to department heads from his Honor the Mayor, in the employment of Corporate Stock, proceeds for uses which represent only a transitory value to the City in work done or purchases made, it would appear that there were still further curtailments required in this particular in many of the departments before a level of safety is reached which will guarantee to the purchasers of Corporate Stock that their investments in the same are represented by something of permanent value purchased by the City therewith, rather than, as in many instances is the present practice, to consume the proceeds of such Corporate Stock in expenses which good business judgment would demand should be paid out of the proceeds of the annual tax levy. I would respectfully suggest, because section 47 of the Charter, as amended by chapter 409 of the Laws of 1904, premises this sort of thing, that this is no justification provided it will result, as it must before very long, in seriously impairing the market value of the City's Corporate Stock.

It is evident, from an examination of the demands which must be met out of the 1906 appropriation of the Fire Department for "Apparatus, Supplies, etc.," that this appropriation will not be sufficient to permit the purchase therefrom this year of any considerable amount of hose.

If it is the judgment, therefore, of the Board of Estimate and Apportionment that purchases of hose should not be made out of Corporate Stock, it will be necessary for the Fire Commissioner to request the issue of sufficient Special Revenue Bonds to purchase hose. The demands of the Commissioner in respect to the amount of hose required appear reasonable and should, it seems to your Examiner, be granted in the event of his request being made to purchase the same from the proceeds of Special Revenue Bonds.

In the matter of the Commissioner's request now under consideration for the issue of Corporate Stock, I would respectfully recommend that it be approved to the extent of \$120,000 for the purchase of apparatus, excluding the item of fire hose, the expense of which, as previously noted, should be met from appropriation account or from the proceeds of the sale of Special Revenue Bonds. I would therefore recommend the adoption of the resolution attached to this report.

Respectfully,
(Signed) CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred and twenty thousand dollars (\$120,000) to provide means for the procurement of new hose wagons, aerial trucks and steam fire engines for the use of the Fire Department of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:
Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 16, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred and twenty thousand dollars (\$120,000), to provide means for the procurement of new hose wagons, aerial trucks and steam fire engines for the use of the Fire Department of The City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and twenty thousand dollars (\$120,000), the proceeds whereof to be applied to the purposes aforesaid."

Board of Estimate and Apportionment,
Financial Branch, No. 280 Broadway,
March 17, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 16, 1906, approving of the issue of Corporate Stock to the amount of \$50,000, for the purpose of providing means to pay for carefully studied plans of the completed museum building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, together with copies of communications from the Commissioner of Parks, Brooklyn and Queens, and report of the Principal Assistant Engineer, Department of Finance, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

Department of Parks, Boroughs of Brooklyn and Queens,
Litchfield Mansion, Prospect Park,
Brooklyn, February 19, 1906.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—I hereby respectfully request that your Honorable Body, in its discretion, authorize the issuing of Corporate Stock of The City of New York, in the sum of fifty thousand dollars (\$50,000), the same to be expended for carefully studied plans of the completed museum building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, as herein specified.

I attach herewith correspondence from architects and the Director of the Brooklyn Institute of Arts and Sciences, which more fully explains the necessity for the employment of architects.

Respectfully submitted,
M. J. KENNEDY,
Commissioner, Department of Parks,
Boroughs of Brooklyn and Queens.

Specifications.

1. For furnishing carefully studied plans of the completed museum building and accessories, containing all the essential points of the construction necessary to enable the City to proceed to erect, from time to time, sections or parts of the building, and to be accompanied by a complete plaster model of the building on a scale sufficiently large to show the features of both the interior and the exterior \$50,000 00

Brooklyn, February 13, 1906.

Hon. MICHAEL J. KENNEDY, Park Commissioner, Litchfield Mansion, Prospect Park, Brooklyn, N. Y.:

Dear Sir—The Board of Trustees of the Brooklyn Institute of Arts and Sciences respectfully recommends that application be made to the Board of Estimate and Apportionment and the Board of Aldermen of The City of New York for the issue

of Corporate Stock of the City to the amount of fifty thousand dollars (\$50,000), the proceeds from the sale of which stock shall be used as follows:

In the payment of the architects of the Museum Building, Washington avenue and Eastern parkway, Messrs. McKim, Mead & White, for furnishing carefully studied plans of the completed Museum Building and accessories, such plans to contain all the essential points of the construction necessary to enable the City to proceed to erect from time to time sections or parts of the building, and said plans to be accompanied by a complete plaster model of the building on a scale sufficiently large to show the features of both the exterior and the interior. Said amount to be 1 per cent. of the full architects' fee of 5 per cent. on the cost of the construction of the Museum Building from time to time up to the limit of five million dollars (\$5,000,000), leaving a balance of 4 per cent. to be paid to the architects from time to time as sections of the Museum Building may be erected until the entire cost of the work not heretofore undertaken shall equal five million dollars (\$5,000,000). This recommendation of the expenditure of fifty thousand dollars (\$50,000) is made by the Trustees of the Institute of Arts and Sciences after consultation with the architects and myself, with the belief that a better building can be secured by having the drawings of the completed structure made before any additional section of the Museum is undertaken, and that a saving to the City will be effected in preventing alterations and temporary constructions.

The only drawings now in existence for the complete Museum Building are those that were made in the original competition, and made necessarily without conference with the Department of Parks and Trustees of the Institute. They were intended to indicate only in a general way the plan and design of the building.

A copy of the letter of Messrs. McKim, Mead & White, under date of December 23, 1905, accompanying this communication, sets forth in detail the reasons why this recommendation is made.

Very respectfully submitted,
(Signed) FRANKLIN W. HOOPER, Director.

December 23, 1905.

Prof. FRANKLIN W. HOOPER, No. 502 Fulton Street, Brooklyn, N. Y.:

Dear Sir—In answer to your letter of the 21st inst., we desire to repeat the recommendation contained in our letter of February 15, 1904, addressed to the Board of Trustees of the Institute, with reference to the preparation of preliminary plans and a model of the entire building.

Since the time that this work was awarded to us in competition, we have at various times expressed to you not only the advisability of the fuller development of these plans, but the danger of constructing parts of a plan which was not fully developed. After we were awarded the work upon competitive drawings, which, at their best, only represented a general scheme, we were immediately asked to prepare plans for and construct the west wing. Since that time we have undertaken the central wing and east wing. We congratulate ourselves that under the circumstances the result has been attended with so few embarrassments, but we feel sure that if in the beginning, instead of commencing the erection of one wing, proper time had been spent in the development of the plan, sufficient money would have been saved to have more than paid for these plans. We are still of the opinion that in view of the difficulties in regard to grades, etc., that this work of development should be taken up at once, and that in the end it would not only prove profitable to the Museum from an artistic, but to the City from an economic point of view. In the case of the proposed new Bellevue Hospital, an appropriation was obtained from the City for plans of the entire group of buildings before an appropriation was made for the erection of any portion of the building. The same applies to the plans for the new Police Headquarters, an appropriation for which was made separately from the appropriation for the erection of the building. In this instance we do not think that full plans are necessary, but we do think that full preliminary plans should be in the hands of the City, so that when the construction of any part is undertaken its relation to the whole may be seen and arranged for. Up to the present time the various engineering and architectural problems have been taken up in piecemeal, but with such a plan as we propose to develop, each section could be made a part of a complete whole.

The commission for such work as we propose, as laid down in the schedule of the American Institute of Architects, is 1 per cent. on the proposed cost of the building. In the present instance, of course, the cost would have to be assumed, but we should say that the sum of \$5,000,000 would be well within the actual cost, and a fee of 1 per cent. based on this sum would be \$50,000. This fee of 1 per cent. would be a charge against the full Architect's fee of 5 per cent. upon the work as carried out in parts, or, in other words, when an appropriation was made for the next wing, our charge would be 4 per cent. of the contract price, instead of 5 per cent. For this present commission we should expect to furnish a complete and carefully studied set of plans of the completed building and accessories, containing all the essential points necessary to proceed with the various parts, except the constructional features. They would involve the most careful study and would probably require two years of time before the last drawings were delivered. In view of our interest in the work and the assistance it would be to us in obtaining the best final result, we would, furthermore, undertake to furnish a complete plaster model of the building at a sufficiently large scale to show the features of both the exterior and the interior.

Trusting that this matter may meet with your early and favorable consideration, we are,

Yours very respectfully,
(Signed) MCKIM, MEAD & WHITE.

March 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Michael J. Kennedy, Commissioner, Department of Parks, Boroughs of Brooklyn and Queens, in communication under date of February 19, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$50,000 to be expended for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences.

Attached to the communication are letters from Mr. Franklin W. Hooper, Director of the Brooklyn Institute of Arts and Sciences, and from Messrs. McKim, Mead & White, architects, stating that this \$50,000 is to be one per cent. (1%) of the full architects' fee of five per cent. (5%) on the cost of the construction of additions to the Museum Building from time to time, up to the limit of \$5,000,000, leaving a balance of four per cent. (4%) to be paid to the architects from time to time as sections of the Museum Building may be erected until the entire cost of the work not heretofore undertaken shall equal \$5,000,000. The architects also agree to furnish without extra charge a complete plaster model of the building at a sufficiently large scale to show the features of both exterior and interior.

I would report that it is the purpose of the architects to prepare plans for the whole building in sufficient detail to determine the location of sewers and plumbing pipes, heating and ventilating pipes and apparatus and electric installation, so that each successive portion of the building may be erected as part of an accurately determined plan. Also it has become necessary in erecting the parts of the building already constructed to make many changes in the plan from the original competitive drawings, and it is claimed that better results can be secured if an entirely new plan of interior arrangement is prepared with the co-operation of the present Museum authorities.

As the expenditure of \$50,000 in the manner indicated above will probably result in a plan more satisfactory to the Museum authorities, I would recommend that the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, authorize the Comptroller to issue Corporate Stock of The City of New York to an amount not exceeding \$50,000 to be paid to McKim, Mead & White for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, it being understood that the money is to be expended as a partial payment on account of the architects' fee of five per cent. (5%) for the designing and supervision of the remainder of the building and furniture of the Brooklyn Institute of Arts and Sciences, and I would suggest that the Board direct and authorize the Commissioner of the Department of Parks, Boroughs of Brooklyn and Queens, to enter into a contract or agreement with McKim, Mead & White to the effect that if these architects draw plans and specifications for the erection and equipment of any additions to the Museum Building of the Brooklyn Institute of Arts and Sciences to an amount not exceeding \$5,000,000 the

compensation will be four per cent. (4%) upon the cost of said improvements and equipments.

Respectfully,
(Signed) CHANDLER WITHINGTON,
Principal Assistant Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifty thousand dollars (\$50,000) for the purpose of providing means to pay for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:
Section 1—The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 16, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000) for the purpose of providing means to pay for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid; and be it further

Resolved, That if the Architects who prepare the preliminary plans and drawings should prepare the final plans and specifications and detailed drawings for the erection and equipment of any addition to the said Museum Building, the cost of which is not to exceed five million dollars (\$5,000,000), the compensation is to be paid at the rate of 4 per cent. on the cost of the work.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment, March 16, 1906, approving of the issue of Corporate Stock to the amount of \$10,000, subject to the concurrence of the Board of Aldermen, to provide means for the purchase of two boilers to be used in the incinerating plant at Delancey street and East river, Borough of Manhattan, in accordance with a requisition made by the Commissioner of the Department of Street Cleaning, together with copies of communication from the Commissioner of Street Cleaning and report of the Principal Assistant Engineer, Department of Finance, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence herein.

Yours very truly,
JOSEPH HAAG, Secretary.

Department of Street Cleaning,
City of New York,
New York, March 9, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

Sir—Herewith request is made for an appropriation of \$10,000 for the purchase of two boilers to be used as reserve boilers at the incinerating plant at the Williamsburg Bridge. These boilers to be set up in connection with the rubbish trimming furnace and arranged so that if it be desirable to use coal as a reserve fuel underneath them this can be done, as is the case with the other boilers now located in this plant.

Respectfully,
JOHN MCG. WOODBURY, Commissioner.

March 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. John McGaw Woodbury, Commissioner, Department of Street Cleaning, in communication under date of March 9, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$10,000, for the purchase of two boilers to be used as reserve boilers at the incinerating plant at the Williamsburg Bridge, Borough of Manhattan.

I beg to report that, as I understand the matter, it is the intention of the Commissioner to install the new plant in substantial compliance with the recommendations of my report of February 21, 1906. Since that report was written, I have looked further into the operation of the present plant, and I am confirmed in the view stated in that report.

I am of the further opinion, however, that it may perhaps add to the efficiency of the entire plant if two new boilers be installed in place of the one recommended by me, provided they are arranged alongside the new rubbish burning furnace mentioned by the Commissioner in his letter, and so arranged that they may be used in alternation.

Such location would allow of repairs being made to either boiler without shutting down the furnace.

I would therefore recommend that the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, authorize the Comptroller to issue Corporate Stock to the amount of \$10,000, for the purchase of two boilers to be used as reserve boilers at the incinerating plant at the Williamsburg Bridge, Borough of Manhattan.

Respectfully,
(Signed) CHANDLER WITHINGTON,
Principal Assistant Engineer.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 16, 1906:

"Whereas, The Commissioner of the Department of Street Cleaning, in a communication to the Board of Estimate and Apportionment dated March 9, 1906, has made requisition for the issue of bonds to the amount of ten thousand dollars (\$10,000), to provide means for the purchase of two boilers to be used in the incinerating plant at Delancey street and East river, Borough of Manhattan, as provided for by section 546 of the Greater New York Charter; therefore be it

"Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be applied to the purposes aforesaid."

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting resolutions:

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,
JOSEPH HAAG, Secretary.

Whereas, The Board of Estimate and Apportionment at a meeting held December 22, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Attending Physician at the tuberculosis clinics, Department of Health, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said position be fixed at the rates of three hundred dollars (\$300) and six hundred dollars (\$600) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the position of Attending Physician at the tuberculosis clinics, Department of Health, at the rates of three hundred dollars (\$300) and six hundred dollars (\$600) per annum.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, March 13, 1906.

Honorable Board of Estimate and Apportionment, New York City:

Gentlemen—I request you herewith to recommend to the Board of Aldermen the establishment of the grade of Stationary Engineman in the office of the President of the Borough of Brooklyn, and to fix their wages at \$4 per diem. This is the prevailing rate of wages for Stationary Enginemen and I am required, under the law, to pay that rate.

Yours very respectfully,
(Signed) BIRD S. COLER, President, Borough of Brooklyn.

Whereas, The Board of Estimate and Apportionment at a meeting held March 16, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Stationary Engineman under the jurisdiction of the President of the Borough of Brooklyn, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of four dollars (\$4) per diem."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Stationary Engineman, under the jurisdiction of the President of the Borough of Brooklyn, at the rate of four dollars (\$4) per diem.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 16, 1906, recommending the fixing of the salary of an additional grade of the position of Telephone Operator in the office of the President of the Borough of Manhattan, at the rate of \$1,050 per annum, together with copy of report of the Investigations Division, Department of Finance, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.
March 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of a communication from the President of the Borough of Manhattan, requesting that the salary of the Telephone Operator in his office be fixed at \$1,200 per year, and referred to the Investigations Division for examination, I beg to report as follows:

The present salary of the Telephone Operator is \$900 per annum. The salary paid to Telephone Operators in the various City departments varies from \$750 to \$1,500 per annum.

It is stated by Borough Secretary Downing that the Telephone Operator for whom the increase in salary is desired has been in the Borough President's office for upwards of two years, is most attentive to her work, and that her hours of employment are much longer than in most City departments, being frequently obliged to remain in the office until a late hour.

The fact that the offices of the Borough President and the different bureaus under his jurisdiction are not located in the same building, renders necessary an unusual amount of telephoning, and calls for close attention to duty on the part of the Telephone Operator connected with the Borough President's office.

The Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the Board of Aldermen, to whom these facts were submitted at a meeting on March 7, 1906, approved of a recommendation to increase the salary of said Telephone Operator to \$1,050, instead of \$1,200. I would therefore respectfully recommend the approval of the resolution attached hereto.

Yours respectfully,
(Signed) CHAS. S. HERVEY,
Auditor of Accounts, Investigations Division.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Telephone Operator, in the office of the President of the Borough of Manhattan, be fixed at the rate of \$1,050 per annum.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 16, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Telephone Operator in the office of the President of the Borough of Manhattan, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of ten hundred and fifty dollars (\$1,050) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Telephone Operator in the office of the President of the Borough of Manhattan, at the rate of ten hundred and fifty dollars (\$1,050) per annum.

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 16, 1906, recommending the fixing of the salary of the position of Secretary to the Chamberlain at the rate of \$2,000 per annum, together with copy of report of the Investigations Division, Department of Finance, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

March 14, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of a communication from the City Chamberlain, requesting the establishment of the position of Secretary to the Chamberlain, with a salary of \$2,000 per annum, and referred to the Investigations Division for examination, I beg to report as follows:

The office of Chamberlain is next in importance to that of the Comptroller, in respect to the financial administration of the City Government. The Chamberlain receives all moneys paid into the treasury for City and County purposes, and pays all warrants drawn by the Comptroller in payment of the governmental expenses of the City and County. He gives a bond of \$300,000, and is liable for any official misconduct on the part of the employees of his office. He is compelled to make weekly reports to the Mayor and Comptroller of the transactions of his office.

The continuous and necessary increase in the amount of money required for the proper administration of the business of the City naturally involves a proportionate increase in the amount of work which must be attended to in the office of the Chamberlain. Notwithstanding this increase, the office force has been but slightly increased during the past few years, and the total amount paid out for salaries is small when the importance of the office and its responsibilities are taken into consideration.

The request of Chamberlain Keenan for the creation of the position of Secretary is based upon the steady increase in business of his office, and in view of the facts noted above, the request seems to be a reasonable one. I would therefore respectfully recommend the approval of the resolution attached hereto.

Yours respectfully,
(Signed) CHAS. S. HERVEY,
Auditor of Accounts, Investigations Division.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, the creation of the position of Secretary to the Chamberlain, and that the salary of said position be fixed at the rate of \$2,000 per annum.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 16, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Secretary to the Chamberlain, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of two thousand dollars (\$2,000) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Secretary to the Chamberlain at the rate of two thousand dollars (\$2,000) per annum.

Hon. HERMAN A. METZ, Comptroller, Member of the Board of Estimate and Apportionment:

Dear Sir—The Board of Estimate and Apportionment, in making provision in the budget for the Court of Special Sessions in the Second Division, set aside the sum of \$1,200 to pay for an Italian Interpreter. We are informed that it will be necessary for the Board of Estimate and Apportionment to establish such a position as "Italian Interpreter in the Court of Special Sessions, Second Division, at a salary of \$1,200 per annum."

So as to enable us to secure the services of such Interpreter, may we ask your Honorable Board to establish this position in accordance with the provision already made to pay for the same?

If there is any further action necessary for our Committee to take, may we ask for instructions therein?

With great respect, we have the honor to remain,
(Signed)

ROBERT J. WILKIN,
GEO. J. O'KEEFE,
Committee of the Justices of the Court of Special Sessions,
Second Division.

Court of Special Sessions, Second Division,
Justices' Chambers, No. 171 Atlantic avenue, Brooklyn.
March 7, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, City of New York:

My Dear Sir—On the 22d day of January, 1906, the Justices of the Court of Special Sessions, Second Division, addressed a communication to each member of the Board of Estimate and Apportionment, requesting action on fixing the position of Italian Interpreter of the Court, and placing the salary at \$1,200 per annum.

I am informed that no action has been taken thereon, and I would respectfully request that you have the attention of the necessary officer drawn to the matter, so that action may be taken, as public business is suffering in the meantime.

The Board of Estimate has already set aside the necessary money in the budget, and all that is necessary is, as I understand it, to create the position and fix the salary as provided.

May I ask the favor of a line from you when action is taken, and, if necessary, one of the Justices will appear before the Board at your convenience.

With great respect, I am
(Signed) ROBERT J. WILKIN,
Justice, Chairman Committee on Clerks and Officers.

February 26, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of the application of the Justices of the Court of Special Sessions, Second Division, to the Board of Estimate and Apportionment, to establish the position of Italian Interpreter for that court, and to fix the salary at \$1,200 per annum, referred by you to the Investigations Division for examination, I beg to report as follows:

The Justices of the court are unanimously of the opinion that the services of an Italian Interpreter are necessary. Justice Wilken stated to an examiner of the Investigations Division that the business of the court is seriously hampered and trials delayed owing to the trouble in securing Italian interpreters. Justice Wilken further stated that the Justices are compelled every court day to request the volunteer services of an interpreter in a majority of the cases in which Italians are plaintiffs or defendants, and that an Italian who has no official connection with the court is generally called upon to act as interpreter. Justice Wilken says that although the members of the court have no reason to doubt this interpreter's integrity and reliability, they believe that it would be best to pay a salary for the services of a regular appointee, rather than to depend upon outside assistance.

The Court of Special Sessions of the Second Division holds court in Brooklyn Mondays, Wednesdays and Fridays; in Jamaica, Queens Borough, Tuesdays, and in Richmond Thursdays. The regular Interpreter of the court receives an annual salary of \$2,000. He is qualified to interpret the French, German, Swedish and Yiddish languages. He has no knowledge of the Italian language.

The recent calendars of the court show that the average number of cases disposed of every court day is 70, of which at least 15 per cent. are cases in which Italians are either plaintiffs, defendants or witnesses. On Friday, February 9, there were 17 cases known as "Italian cases" on the calendar. The calendars for February 14, 16 and 19 include 9, 6 and 15 "Italian cases," respectively.

The Clerk of the court makes the further point that lawyers, plaintiffs, defendants and witnesses in Italian cases insist upon having an Italian interpreter, even when the persons interested have a fair knowledge of English, on the ground that some word or phrase might not be understood by them. It frequently happens that cases are postponed, much to the inconvenience of witnesses, because no disinterested Italian is at hand to act as interpreter.

The Board of Estimate and Apportionment appropriated in the Budget for 1906 \$1,200 for the salary of an Italian Interpreter of that court.

Should the position be established it would be filled from a Civil Service eligible list.

I would respectfully recommend the approval of the request.

Respectfully yours,
(Signed) CHAS. S. HERVEY,
Auditor of Accounts, Investigations Division.

Whereas, the Board of Estimate and Apportionment, at a meeting held March 16, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Italian Interpreter in the Court of Special Sessions, Second Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Italian Interpreter in the Court of Special Sessions, Second Division, at the rate of twelve hundred dollars (\$1,200) per annum.

Hon. GEORGE B. McCLELLAN, Mayor and Chairman of the Board of Estimate and Apportionment:

Dear Sir—I would respectfully ask the Honorable the Board of Estimate and Apportionment to establish the grade of Stationary Engineman in the Department of Correction, at wages of four dollars (\$4) per diem, this amount being the prevailing rate for Stationary Engineman in this locality.

Such action will involve no extra expense to the Department as the amount necessary to allow such increase was granted in the estimate of expenses for 1906. I would ask that the grade requested be fixed from February 1, 1906, and would appreciate your early action in the matter.

Very respectfully yours,

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of a communication from the President of the Borough of The Bronx, requesting the fixing of the salary of the Secretary to the President at the rate of \$4,000 per annum, and referred to the Investigations Division for examination, I beg to report as follows:

The proper title of the official in question is Secretary of the Borough and not Secretary to the President as stated in the communication of President Haffen.

The present salary of the Borough Secretary is \$3,500 per annum. The salary of the Borough Secretaries of the boroughs of Manhattan and Brooklyn is \$4,000 per annum.

In addition to the ordinary work of his position the Borough Secretary also acts as Secretary to the Local Boards of the borough. The contemplated improvements of the Local Boards and attendance at their meetings adds greatly to the work of the Secretary and justifies the payment of a salary equal to that paid to the Borough Secretaries in the boroughs of Manhattan and Brooklyn.

The Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the President of the Board of Aldermen, to whom these facts were submitted at a meeting on March 7, 1906, approved of a recommendation to increase the salary of the Secretary of the Borough of The Bronx to \$4,000 per annum. I would therefore respectfully recommend the approval of the resolution attached hereto.

Yours respectfully,
(Signed) CHAS. S. HERVEY,
Auditor of Accounts, Investigations Division.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Secretary of the Borough in the office of the President of The Bronx be fixed at the rate of \$4,000 per annum.

Whereas, The Board of Estimate and Apportionment at a meeting held March 16, 1906, adopted the following resolution:

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Secretary of the Borough in the office of the President of The Bronx at the rate of four thousand dollars (\$4,000) per annum.

Board of Estimate and Apportionment:

Gentlemen—I am informed that the Committee on Salaries and Offices of the Board of Aldermen have determined not to report favorably upon any salary resolutions unless they contain the name of the incumbent of the position intended to receive the salary mentioned in said resolutions, or that said resolutions state the number of the incumbents of the position which it is proposed to establish. There are now before this committee several resolutions affecting my Department, and in view of this information, I would respectfully ask your Board to rescind the resolution adopted February 16, 1906, fixing the salary of an additional grade of Deputy Auditor of Accounts in the Department of Finance at \$3,000, and readopt a resolution to read as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade for two positions of Deputy Auditor of Accounts in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of such additional grade be fixed at the rate of three thousand dollars (\$3,000) each per annum."

The President laid before the Board the following communications from President, Borough of Brooklyn:

No. 443.
The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, March 14, 1906.

To the Honorable the Board of Aldermen:

Gentlemen—A very important work of my office is the cleaning of sewers in this borough, in order that they may be kept up to the proper standard of efficiency. This work is usually done by contractors, but I am informed by my Superintendent of Sewers, and I agree with him in this, that the work would be better done under the immediate supervision of his Bureau. I would therefore request of you, in order to pay for this work, an issue of Special Revenue Bonds to the amount of \$168,600, the proceeds to be used by the President of the Borough of Brooklyn for the following purposes:

The cleaning of brick sewers—	
50 Laborers, at \$2.50 per diem.....	\$39,100 00
10 Foremen, at \$4 per diem.....	12,500 00
18 horses and carts, at \$3.50 per diem.....	18,900 00
2 Clerks, at \$1,250 per annum.....	2,500 00
Plants, machinery, tools, dumping privileges, etc.....	77,000 00
	<u>\$150,000 00</u>
Sewers, Repairing and Cleaning, Pay-rolls and Supplies—	
15 additional Laborers, at \$2.40 per diem.....	\$11,737 50
5 horses and carts, at \$3.50 per diem.....	5,477 50
Tools and incidental expenses	1,385 00
	<u>\$18,600 00</u>
Total.....	<u>\$168,600 00</u>

BIRD S. COLER, President, Borough of Brooklyn.

No. 444.
The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, March 14, 1906.

To the Honorable the Board of Aldermen:

Gentlemen—In order to properly carry out the duties of my office with relation to the construction of sewers in this borough, I find it necessary to increase the force in that Bureau very considerably. This is due to the fact that changes have had to be made recently and the form of contract and a better system of supervision instituted. Also to the fact that there has been appropriated recently for relief sewer purposes a very large sum of money which must be very carefully and intelligently expended. As the increase in the force of which I speak was not provided for in the Budget for 1906, I would respectfully request that your Honorable Board authorize the issue of Special Revenue Bonds to the amount of \$7,850, the proceeds to be used by the President of the Borough of Brooklyn for the following purposes:

	Per Annum.
For the payment of one Bookkeeper at.....	\$1,500 00
For the payment of one Cashier at.....	1,500 00
For the payment of two Clerks at \$1,200 per annum.....	2,400 00
For the payment of one expert plumber at.....	1,250 00
For the payment of one Stenographer and Typewriter at	1,200 00

No. 446.
Department of Docks and Ferries,
Pier "A," North River,
New York, March 13, 1906.

Hon. PATRICK F. McGOWAN, President of the Board of Aldermen:

Sir—I transmit herewith a copy of a resolution to be passed by the Board of Aldermen, authorizing the Commissioner of Docks to purchase in the open market, instead of by contract and under public letting, one Riehle Testing Machine, for testing iron, steel, granite, etc., of 200,000 pounds capacity, at an expense not to exceed \$2,000.

A machine of this character is absolutely necessary for the prosecution of the work of this Department, and after a very thorough investigation by our engineers it has been found that the Riehle machine is the only one suitable for the Department purposes. It is further the machine universally used by the Government in all testing laboratories, and in all colleges throughout the United States.

As the machine is covered by patents, it is not possible to purchase it by contract, and I therefore beg to request that the resolution be introduced and, if possible, favorably acted upon by the Board.

Yours respectfully,
J. A. BENSEL, Commissioner.

Resolved, That, pursuant to the power conferred upon it by the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes and empowers the Commissioner of Docks to purchase in the open market, instead of by contract at public letting, one (1) Riehle Testing Machine for testing iron, steel, granite, etc., of 200,000 pounds capacity, at an expense not to exceed the sum of two thousand dollars (\$2,000).

Hon. P. F. McGOWAN, President, Board of Aldermen, New York City:

Dear Sir—I would respectfully ask your Honorable Board to permit me to enter into a contract, without public letting, with the Westinghouse Electric and Manufac-

turing Company, to install electric motors, etc., in the workshops of the New York City Reformatory, Hart's Island, at a cost not to exceed two thousand three hundred and seventy-six dollars (\$2,376).

FRANCIS J. LANTRY, Commissioner.

Department of Correction,
Commissioner's Office, No. 148 East Twentieth Street,
New York, March 17, 1906.

Hon. FRANCIS J. LANTRY, Commissioner of Correction:

Dear Sir—I respectfully submit the following report for your further consideration in the matter of installing motive power to the shoe machinery, etc., in the new workshops of the New York City Reformatory, on Hart's Island, New York, under the appropriation allowed for that purpose.

In accordance with the report recently made by me suggesting the operation of the machinery in the above-named workshops with electric motors fitted to the individual machines to be supplied with electricity from the main generating plant now installed, the following is a synopsis showing why it is the safest, most practical and economical way to operate the machinery in this plant, especially with the inexperienced element that will run them (mostly young boys), viz:

First—Does away with all shafting, hangers, etc., and a very large percentage of belting.

Second—Does away with any possible chance for the boy to become twisted up in belts or machinery, etc.

Third—Does away with the constant care of tightening and lacing belts, oiling bearings, counter shafting, etc., and does away with the splashing of oil on the surrounding floors, walls and ceiling, etc.

Fourth—Machinery directly connected with motors can be constructed for the given speed of each machine, and such speed will be uniform at all times. No attention is required to these motors save the oiling of the bearings at times which the operator can do.

Fifth—Each machine with motor will have a controller box attached close thereto for the purpose of starting and stopping such machinery, the motors to be so constructed that it will be impossible to tamper with any part thereof other than the starting bar of the controller.

Sixth—Economical, because only those machines that are in use will be running.

Seventh—It will save the City the cost of a machinist to keep the machines in proper order.

Eighth—We have a large generating plant now installed, and it is only necessary to run the feed wires from the main plant to the proposed motors for these machines.

I have carefully studied the conditions of this plant, being perfectly familiar with what is required and with a thorough practical experience with power transmission, I find that the machines we now have ready for motor connections require considerable remodeling and experienced mechanics in this particular line of work. As there are only a few who can do this class of work, which is very intricate and very difficult to construct properly, and public letting of a contract of this nature would be a detriment to the City, for this high class of labor will not compete, knowing that they cannot get the price for their labor and materials that this special work commands, hence the City will only get the general run of contractors to figure on this work and take a chance of carrying it through, the result is the City will be subjected to all kinds of experiments, and the possibility of ruin of this expensive machinery, and considerable loss of time, which, in the end, will cost the City twice as much.

Therefore would respectfully recommend that this contract be awarded, without public letting, to some reliable concern.

Respectfully submitted,

(Signed) CHAS. JAMER, Supervising Inspector.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Police Commissioner:

No. 448.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, March 17, 1906.

To the Honorable Board of Aldermen:

Gentlemen—I have the honor to acknowledge the receipt of a copy of a resolution adopted by the Board of Aldermen March 13, 1906, requesting the Police Commissioner to inquire into and if need be thereafter to establish ambulance service boundaries in the Borough of The Bronx, it being suggested that the district north of the Bronx and Pelham parkway be selected for one * * * so that the purposes for which the Philanthropin Hospital was established may be practically applied.

This matter was referred January 16, 1906, to the Chief Surgeon for careful study of the question and recommendation as to action. I inclose a copy of the report of Police Surgeons Daniel J. Donovan, John J. Quigley, Frank R. Oastler and Edward T. Higgins, dated February 7, 1906, upon this subject.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

Police Department of The City of New York,
Board of Surgeons, No. 300 Mulberry Street,
New York, February 7, 1906.

Dr. S. G. COOK, Chief Surgeon:

Sir—Your committee appointed to investigate the necessity and advisability of assigning an ambulance service to the Philanthropin Hospital at Williamsbridge, Bronx Borough, has the honor to report to you as follows:

1. The hospital is situated at Williamsbridge, 1 and ¼ miles north in a direct line from the new Fordham Hospital. It is a wooden building of good proportions but old. The sanitary conditions are not first-class. Only the ground floor of the building is occupied, and this is divided into two parts, one for out patient work and the other for ward work. There are two wards, male and female, containing in all about twelve (12) beds, most of which were occupied at the time of inspection. The operating room is primitive, the instrument cabinet woefully lacking in suitable paraphernalia. The culinary department is small and not suitable for an institution of any size. The general atmosphere of the hospital is elementary in the extreme. The attending staff for the most part lives some considerable distance from the hospital. There is no interne staff. The hospital has no mortuary and no stable.

2. In conversation with the President of the Medical Board, Dr. Stone and Admiral West of the Board of Trustees, it was found that the members of the Board of Trustees had bonded themselves to the extent of \$14,000 yearly toward the support of the hospital. Subscribing members numbered one hundred and forty (140), each agreeing to pay from \$10 to \$250 annually toward the support of the hospital. There were no other tangible assets that could be discovered. The Board of Surgeons were partly local, but mostly composed of business men scattered throughout the City.

3. The district desired by the Philanthropin Hospital consists largely of unimproved land, especially to the east and south, the inhabited section being to the north.

4. The new Fordham Hospital will be ready to receive patients in September of this year. There will be four ambulances, each with two horses attached, to cover their present district. During the year 1905 but fifty-six (56) ambulance calls were received by the Fordham Hospital from the district in which the Philanthropin Hospital desires to maintain a service.

5. It was the opinion of Dr. Brannon, President of the Board of Trustees of Bellevue and Allied Hospitals, that the district was well enough covered by Fordham Hospital. He suggested, however, that the matter be left to the Committee on Hospitals recently appointed by the Mayor. Your committee is of the opinion that it is not advisable to give an ambulance district to the Philanthropin Hospital for these reasons:

1. The district does not require an additional ambulance service at present.

2. The Philanthropin Hospital is too near the new Fordham Hospital. The new Fordham Hospital will be better equipped to care for the district than the Philanthropin Hospital, and the service will be under the direct supervision of the City.

3. The Philanthropin Hospital in its present condition is not in condition to maintain an ambulance service.

4. The funds at present at the command of the Board of Trustees give no warrant for a future hospital of proportions suitable for the care of an ambulance service.

5. The committee appointed by his Honor the Mayor is about to investigate the ambulance question of New York City, and your committee respectfully suggest that the opinion of the committee be obtained before definite action be taken.

The President laid before the Board the following communication from the Corporation Counsel:

No. 449.

Law Department,
Office of the Corporation Counsel,
New York, March 16, 1906.

P. J. SCULLY, City Clerk:

Sir—I am in receipt of your communication dated March 5, 1906, asking for my advice in the matter of granting a certificate of service to a member of the Jamaica Volunteer Fire Department, and as to whether that duty is imposed upon you.

In 1855 (chapter 264, title 7, section 19 of the Laws) the Legislature, amending the Charter of the Village of Jamaica, among other things, provided:

"Every fireman who shall have faithfully served for the term of five years in said village as such shall thereafter be exempt from service in the militia, except in cases of war, invasion, riot or insurrection. The evidence to entitle the fireman to the exemptions provided in this section shall be a certificate, under the corporate seal of said village, signed by the president and clerk and the said board of trustees. No such certificate shall be given until the applicant shall have made and filed with the clerk an affidavit that for five years preceding he has regularly served as fireman and actually been present with his company at the fires in said village, except when detained therefrom by absence from the village, sickness or other unavoidable circumstances."

The provisions of the City Charter, sections 41 and 42, give the Board of Aldermen, the legal successor of all boards of trustees of incorporated villages, boards of supervisors and town boards within the limits of Greater New York, power to regulate and govern volunteer fire companies and to enforce all ordinances and laws, including ordinances relating to village fire departments in effect December 31, 1897.

I am of the opinion therefore that the duty of issuing the certificate in question devolves upon you as Clerk of The City of New York and as Clerk of the Board of Aldermen, upon the presentation of an affidavit by an applicant, which shall in all things conform to the requirements of the statute above referred to.

Respectfully yours,

G. L. STERLING,
Acting Corporation Counsel.

Reports of Committee on Salaries and Offices—

No. 421.

The Committee on Salaries and Offices to whom was referred on March 13, 1906 (Minutes, page 1032), the annexed resolution in favor of appointing Eugene Hunt a City Surveyor, respectfully

REPORT:

The petition of Eugene Hunt is accompanied by the recommendations of other Engineers and Surveyors customarily required by the Board of Aldermen, and the Committee recommends the adoption of the resolution.

Resolved, That Eugene Hunt, of No. 82 West One Hundred and Fifth street, in the Borough of Manhattan, be and he is hereby appointed a City Surveyor.

JAMES COWDEN MEYERS, ARTHUR H. MURPHY, JOHN J. CALLAHAN, LEONARD L. JACOBSON, M. D., FRANK D. STURGES, JOHN J. CRONIN, Committee on Salaries and Offices.

Under Rule 21, consideration of this report was deferred.

Subsequently Alderman Meyers moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Clifford, Cole, Collins, Cronin, Davies, Doull, Downing, Doyle, Freeman, Fried, Grifenhagen, Haggerty, C. Hahn, Herold, Jacobson, Kenneally, Krulish, Kuck, Kuntze, Lawlor, Markert, Meyers, Morris, Mulligan, Murphy, Noonan, Olvany, O'Neill, Peters, Redmond, Rendt, Richter, Schloss, Schneider, Smith, Stapleton, Sturges, Torpey, Wafer, Wentz and President Haffen—44.

No. 212.

The Committee on Salaries and Offices, to whom was referred on February 6, 1906 (Minutes, page 650), the annexed resolution in favor of fixing salaries and establishing grades of employees in office of Superintendent of Buildings, Borough of Manhattan, respectfully

REPORT:

The Committee has given careful consideration to this resolution, and has heard Mr. Murphy, the Superintendent of the Bureau of Buildings; Mr. Miller, the Chief Engineer of the Bureau, and Mr. Class, the Chief Clerk. The Committee has also received a communication from the Citizens' Union Committee on City Legislation, and a report from Superintendent Murphy in reply thereto. The Committee feels that the resolution as adopted by the Board of Estimate and Apportionment is defective in that it provides for automatic increases of salary. An increase of salary should always be a reward for proper service rendered, and the head of the bureau or department should always be the judge of this matter, and should be held responsible for the conferring of such rewards. It is a matter of common knowledge that some of the Inspectors of the Bureau of Buildings do not have the confidence of the citizens whose business brings them in contact with them, and while it may well be that the Superintendent is not in a position to discipline or remove an Inspector, he should be left the authority to deny him an increase in salary. The Committee has confidence in the good intentions of Superintendent Murphy and wishes to aid him in the work which he has undertaken. In a similar case (the salaries of Prison Keepers in the Department of Correction) the Board of Estimate and Apportionment, recognizing this principle, added to the resolution the following: "Provided, however, that no increase of salary under this resolution shall become operative without the approval of the Commissioner of Correction of The City of New York." The Committee regrets that the Board of Aldermen does not have the power to make this amendment, and it therefore recommends the adoption of the following resolution:

Resolved, That resolution Introductory No. 212 be and it is hereby returned to the Board of Estimate and Apportionment with the request that the said Board amend the resolution by adding the words, "But no increase of salary herein provided for shall take effect without the express approval of the President of the Borough of Manhattan or the Superintendent of the Bureau of Buildings."

Whereas, The Board of Estimate and Apportionment, at a meeting held February 2, 1906, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the following positions in the office of the Superintendent of Buildings, Borough of Manhattan, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed as follows:

	Per Annum.
Chief Engineer	\$4,000 00
Assistant Engineer	2,400 00
Chief Inspector of Buildings.....	4,000 00
Inspectors employed for three years or less.....	1,350 00
Inspectors employed over three years.....	1,500 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the said additional grades of the positions as set forth therein.

JAMES COWDEN MEYERS, JOHN J. CALLAHAN, ARTHUR H. MURPHY, LEONARD L. JACOBSON, M. D., FRANK D. STURGES, JOHN J. CRONIN, Committee on Salaries and Offices.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report. Which report was accepted and resolution embraced therein adopted.

No. 313—(G. O. No. 61).

The Committee on Salaries and Offices, to whom was referred on March 6, 1906 (Minutes, page 830), the annexed resolution in favor of fixing salary of the position of Female Probation Officer in the Court of Special Sessions, Second Division, respectfully

REPORT:

The Legislature of 1905 has authorized the Court of Special Sessions, Second Division, to employ a Female Probation Officer, and this resolution fixes the salary for the position. The Committee has received a letter from Justice Robert J. Wilken, Chairman of Committee on Clerks and Officers, Court of Special Sessions, Second Division, urging the adoption of the resolution, and the Committee thinks the salary a reasonable one, and similar to that of Probation Officers in other courts.

The Committee, therefore, recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment, at a meeting held February 16, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Female Probation Officer in the Court of Special Sessions, Second Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Female Probation Officer in the Court of Special Sessions, Second Division, at the rate of twelve hundred dollars (\$1,200) per annum.

JAMES COWDEN MEYERS, ARTHUR H. MURPHY, JOHN J. CALLAHAN, LEONARD L. JACOBSON, M. D., FRANK D. STURGES, JOHN J. CRONIN, Committee on Salaries and Offices.

Which was laid over.

Report of Committee on Docks and Ferries—

No. 286.

The Committee on Docks and Ferries, which by resolution on February 14, 1906 (Minutes, page 790), was instructed and directed to hold a public hearing on the matter of the acquisition of the Thirty-ninth Street Ferry, to enable the citizens of this City to be heard, and to report the result of such hearing at an early meeting of this Board, respectfully

REPORT:

That they held a public hearing, of which public notice was duly given, and heard the arguments and contentions of all who appeared and desired to be heard, including those who represented the owner of the ferry, those who oppose the purchase by the City on the terms proposed by the owner, and those who contend that the Brooklyn terminal of any ferry to be operated by the City between the southern end of Manhattan and South Brooklyn should be located at the foot of Fifty-second street, instead of at the foot of Thirty-ninth street. They have also sought and obtained competent and impartial expert opinion as to the actual present value of the ferry company's land, buildings, equipment and leasehold rights.

They find the following to be the facts:

1. That the equipment and service afforded by the ferry company have been for several years inadequate to the public need, which is increasing every year, and it is idle to hope for adequate equipment or service at the hands of the company.

2. That any substantial increase in assessed valuations of South Brooklyn waterfront property depends in a large degree on an improved ferry service between that shore and lower Manhattan. More boats on a quicker headway are needed to handle the increasing passenger and trucking traffic. The population resident in South Brooklyn and employed in Manhattan is increasing rapidly, the building of dwellings is going forward with increasing speed and volume, and freight terminals, warehouses, factories and a public market are built, building and planned, largely on the faith of the declared purpose of the City to acquire the ferry and operate an improved and adequate service.

3. That Thirty-ninth street is the logical Brooklyn terminal of such a ferry. It is central to the passenger and trucking traffic as it is and will be; it is adjacent to the planned Eighth Ward Public Market, the land for which has been acquired by the City, and the trolley companies have located there the terminal of four lines of cars at an expense which they would probably not care to duplicate elsewhere.

4. That the amendatory legislation enabling the City to acquire the ferries from Manhattan to South Brooklyn and Richmond resulted primarily and in the first instance from the efforts of the people of South Brooklyn to obtain relief from the inadequate service given by the ferry company and the inadequacy of which was and is obstructing the fair development of commerce on that water front. The ferry to Richmond has been acquired and improved and is in operation by the City. The need of South Brooklyn, especially at this season of the year, is daily growing more acute. Yet, because of the inability of the owner and the City to agree on a price for the ferry property, there is no promise of any immediate relief to the people of South Brooklyn.

5. That the owner has demanded eleven hundred thousand dollars as the price for the ferry property. That such price is excessive, exorbitant, and marks an attempt by the ferry company to make the public need its opportunity to sell at a fancy price.

6. That the actual present value of the company's property and rights in and to the ferry, land and equipment is about nine hundred and fifty thousand dollars, itemized as follows:

Land at Thirty-ninth street terminal (on the basis of award in condemnation proceedings for public market).....	\$500,000 00
Structures and improvements at Thirty-ninth street terminal.....	150,000 00
Leasehold rights at Whitehall street terminal.....	50,000 00
Structures and improvements at Whitehall street terminal.....	150,000 00
Two ferryboats	100,000 00

They conclude that the delay in municipalizing the Thirty-ninth Street Ferry is resulting in hardship and obstruction to the people, arresting and hindering commerce and water-front development and delaying the legitimate increase of assessed valuations, and that the public need requires the immediate acquisition and operation of the ferry property and improvement of the ferry service by the City.

CHARLES L. KUCK, FREDERICK LINDE, HERMAN S. FRIED, WILLIAM ROWCROFT, MICHAEL J. CARTER, CHARLES AHNER, Committee on Docks and Ferries.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Peters moved that this report be laid over. Alderman Linde moved as an amendment that this report be adopted.

The President put the question whether the Board would agree to accept said report.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Callahan, Collins, Doull, Dowling, Downing, Doyle, Ellery, Everson, Freeman, Fried, Gunther, Haggerty, C. Hahn, Hann, Kenneally, Kline, Kuck, Lawlor, Linde, Markert, Monahan, Morris, Murphy, Olvany, Potter, Richter, Rowcroft, Schneider, Wafer, Wentz, Wright—33.

Negative—Aldermen Brown, Clifford, Cronin, Davies, Farrell, J. J. Hahn, Hatton, Herold, Jacobson, Krulish, Kuntze, Meyers, Moffitt, Mulligan, O'Neill, Peters, Rendt, Schloss, Sturges, Torpey and the Vice-Chairman—21.

Reports of Committee on Finance—

No. 117 (G. O. No. 62).

The Committee on Finance, to whom was referred on January 23, 1906 (Minutes, page 379), the annexed communication from the Commissioner of Correction, requesting an issue of Special Revenue Bonds, \$35,000, for Reformatory for Male Misdemeanants on Hart's Island, respectfully

REPORT:

That, as the annexed letter shows, this is an application for \$35,000, with which to buy material and carry on the workshop work, etc., at the new Boy's Reform School on Hart's Island. Your committee, in order to make proper investigations, in addition to hearings, personally visited Hart's Island and inspected conditions. The Department is conducting a most excellent work there in its policy of reforming youthful male misdemeanants into useful and intelligent men, and your committee feel that this

should be encouraged and aided by the Board of Aldermen as representatives of the people of this City.

The material to be purchased, besides being used for the instruction of the pupils, when made up are sold and the proceeds turned into the Sinking Fund.

Your committee believe this to be a proper expenditure, and report favorably upon this application, and recommend that the annexed resolution be adopted.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-five thousand dollars (\$35,000), the proceeds whereof shall be applied so as to enable the Commissioner of Correction to properly carry out the provisions of chapter 305 of the Laws of 1905, in relation to the establishment and maintenance of a Reformatory for Male Misdemeanants on Hart's Island.

JOHN R. DAVIES, THOS. J. MULLIGAN, JAMES W. REDMOND, A. L. KLINE, JOHN DIEMER, B. W. B. BROWN, Committee on Finance.

Which was laid over.

No. 341—(G. O. No. 63).

The Committee on Finance, to whom was referred on February 28, 1906 (Minutes, page 908), the annexed resolution in favor of authorizing the Comptroller to issue Special Revenue Bonds in the amount of five thousand dollars (\$5,000), the proceeds of which to be expended for the purpose of fitting up the new Court Rooms of the Twelfth District Municipal Court, respectfully

REPORT:

That Superintendent Walker, of the Bureau of Public Buildings and Offices, attended before your Committee and itemized the said proposed appropriation as follows:

Necessary partitions, Judges' platform, jury box and bench.....	\$1,000 00
Partitions for Clerk's rooms, desks, etc.....	800 00
Carpets, rugs and linoleum.....	750 00
Document file and pigeon hole cases and shelving.....	600 00
Electrical work for buzzers system.....	600 00
State Prison furniture.....	1,200 00
Incidentals	50 00

Total \$5,000 00

That your Committee have investigated the question and inspected the premises at No. 2555 Broadway and find that a more detailed statement may be rendered as follows:

Build shelves from floor to ceiling on four sides of Record Room.
Linoleum for Court Room and Clerk's office.
Carpet or rugs for two small private offices.
Build bench, Clerk's desk and jury box in Court Room.
Build open work rail around bench and jury box.
Shades for all windows.
Signs on Court Room windows, on entrance door of Court Room, on entrance door of building on ground floor, sign in hall indicating location of Clerk's office, and sign on door of Clerk's office.

1 dozen benches for Court Room and hall.
2 dozen cane-seated arm chairs for jury box and jury room.
Build standing triangular desk around partition in Clerk's office.
Build standing desk against wall in public part of Clerk's office.
1 metal filing case.
1 metal document case for pending cases, and one metal docket case with flat top.
2 roll-top desks with revolving chairs.
1 oak table for jury room.
About 60 feet of sectional bookcase for Judges' library.

That there appears to be on hand of the above named articles and necessary material, the Judges' bench, Clerk's desk and jury box, two roll-top desks and about one dozen benches and necessary amount of chairs and partitions. Under the new lease, Mr. Jackson, the landlord, is required to partition the premises.

That the present Court was fitted up about three years ago at an expense to the City of \$3,750.

That from the investigation made by them, in the opinion of your Committee, with the amount of furniture, equipment and material now on hand, the furnishing and equipping of the present Court need not exceed the sum of \$3,000.

Your Committee therefore recommends the adoption of the following substitute resolution:

SUBSTITUTE.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of three thousand dollars (\$3,000), the proceeds of which to be expended for the purpose of fitting up, furnishing and equipping the new Court Rooms of the Twelfth District Municipal Court, located at the corner of Ninety-sixth street and Broadway, and also for the purpose of the removal to the new quarters of the records, file cases, furniture and all the property belonging to the City, located in the present Court Room at No. 2628 Broadway.

ORIGINAL.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of five thousand dollars (\$5,000), the proceeds of which to be expended for the purpose of fitting up with carpets, furniture, partitions, etc., the new Court Rooms of the Twelfth District Municipal Court, located at the corner of Ninety-sixth street and Broadway, and also for the purpose of the removal to the new quarters of the records, file cases, furniture, etc.

JOHN R. DAVIES, THOS. J. MULLIGAN, JAMES W. REDMOND, A. L. KLINE, JOHN DIEMER, B. W. B. BROWN, Committee on Finance.

Which was laid over.

No. 405.

The Committee on Finance, to whom was referred, on March 13, 1906 (Minutes, page 1014), the annexed resolution, in favor of an issue of Special Revenue Bonds, \$40,000, for additional salaries, Department of Correction, respectfully

REPORT:

That this resolution is to provide sufficient funds with which to pay the increased salaries of Prison Keepers, etc., in accordance with the resolution of the present Board of Aldermen.

Your Committee report favorably upon this application.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty thousand dollars (\$40,000), the proceeds whereof shall be applied or added to the appropriation for "Salaries" of the Department of Correction, Boroughs of Manhattan and Brooklyn, to enable the Commissioner of Correction to carry out the provisions of the resolution fixing the salaries of the position of Keeper in the Department of Correction, adopted by the Board of Estimate and Apportionment, February 16, 1906, concurred in by the Board of Aldermen, March 6, 1906, and approved by the Mayor, March 13, 1906.

JOHN R. DAVIES, THOS. J. MULLIGAN, JAMES W. REDMOND, A. L. KLINE, JOHN DIEMER, B. W. B. BROWN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Doull, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Hatton, Herold, Jacobson, Kenneally, Kline, Krulish, Kuck, Kuntze, Lawlor, Leverett, Linde, Markert, Meyers, Mulligan, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Redmond, Rendt, Richter, Rowcroft, Schloss, Schneider, Smith, Stapleton, Sturges, Torpey, Wafer, Wentz, Wright, President Cromwell, President Berml, by Lawrence Gresser, Commissioner of Public Works, President Haffen and the Vice-Chairman—64.

Reports of Committee on Fire—

No. 344.

The Committee on Fire, to whom was referred on February 28, 1906 (Minutes, page 909), the annexed ordinance in favor of confirming Nicholas W. Hausman as a member of Excelsior Hose Company 2, Jamaica Fire Department, respectfully

REPORT:

That while it will at all times be ready to take prompt action on all applications for confirmation similar to the above, it will, however, be absolutely necessary to show your committee that the applicant is a genuine and legal resident of the fire district from which he seeks confirmation, and one who does actual fire duty. Your committee recommends the adoption of the annexed ordinance.

Be it ordained by the Board of Aldermen of The City of New York, That the action of Excelsior Hose Company 2, Jamaica Fire Department, City of New York, in the election of Mr. Nicholas W. Hausman, be and is hereby confirmed as a member of said company.

JOHN J. HAHN, JACOB BARTSCHERER, THOS. D. DINWOODIE, JOHN HANN, Committee on Fire.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman J. J. Hahn moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Callahan, Cronin, Davies, Dowling, Ellery, Everson, Freeman, Grifenhagen, Gunther, C. Hahn, J. J. Hahn, Hann, Herold, Jacobson, Kline, Krulish, Kuck, Lawlor, Markert, Meyers, Moffitt, Monahan, Morris, Murphy, Noonan, Olvany, O'Neill, Potter, Rendt, Schloss, Schneider, Sturges, Wafer, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen and the Vice-Chairman—40.

No. 345.

The Committee on Fire, to whom was referred on February 28, 1906 (Minutes, page 909), the annexed ordinance in favor of confirming the resignation of Randolph White, Jr., as a member from Excelsior Hose Company, Jamaica Fire Department, respectfully

REPORT:

That while it will at all times be ready to take prompt action on all applications for confirmations or resignations similar to the above, it will, however, be absolutely necessary to show your committee that the applicant is a genuine and legal resident of the fire district from which he seeks such confirmation or resignation, and one who does or did actual fire duty.

Your Committee therefore recommends the adoption of the aforesaid ordinance.

Be it Ordained by the Board of Aldermen of The City of New York that the action of Excelsior Hose Company 2, Jamaica Fire Department, City of New York, in the matter of resignation of Mr. Randolph White, Jr., be and is hereby confirmed and his discharge granted.

JOHN J. HAHN, JACOB BARTSCHERER, THOS. D. DINWOODIE, JOHN HANN, Committee on Fire.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman J. J. Hahn moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and resignation.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Clifford, Collins, Cronin, Davies, Diemer, Dotzler, Dowling, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, C. Hahn, J. J. Hahn, Hann, Herold, Keely, Kline, Krulish, Kuck, Kuntze, Lawlor, Leverett, Linde, Markert, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan, Olvany, O'Neill, Potter, Rendt, Schloss, Schneider, Stapleton, Sturges, Torpey, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—52.

Alderman Davies, Chairman of the Committee on Finance, moved that said Committee be discharged from further consideration of document No. 400, and that the matter be referred to the Committee on Public Letting.

Which motion was adopted.

Alderman Meyers moved that the Committee on Buildings, Alderman Grifenhagen, Chairman, of said Committee consenting, be discharged from further consideration of document No. 159, and that the matter be referred to the Committee on Public Buildings and Markets.

Which motion was adopted.

SPECIAL ORDERS.

Alderman Dowling called up Special Order No. 12, being a report and resolution, as follows:

No. 316—(S. O. No. 12).

The Committee on Public Letting, to whom was referred on February 20, 1906 (Minutes, page 864), the annexed resolution in favor of authorizing the Commissioner of Bridges to purchase two automobiles without public letting, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That, pursuant to the power conferred upon it by the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes and empowers the Bridge Commissioner to purchase in the open market, instead of by contract at public letting, for the official use of the Department of Bridges, two (2) automobiles, at an expense not to exceed the sum of six thousand five hundred dollars (\$6,500) for both of said automobiles, viz.: One not to exceed the sum of four thousand dollars (\$4,000), and the other not to exceed the sum of two thousand five hundred dollars (\$2,500).

A. L. KLINE, JACOB BARTSCHERER, FRANCIS J. O'NEILL, MAX S. LEVINE, JOSEPH SCHLOSS, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Cole, Collins, Davies, Diemer, Dinwoodie, Doull, Dowling, Doyle, Everson, Falk, Farrell, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, Hann, Herold, Jacobson, Keely, Kenneally, Kline, Kuck, Lawlor, Linde, Markert, Moffitt, Monahan, Morris, Murphy, Olvany, Potter, Rendt, Richter, Schneider, Smith, Stapleton, Wafer, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Ahearn, and the Vice-Chairman—49.

Negative—Aldermen Downing, Ellery, Freeman and J. J. Hahn—4.

On motion of Alderman Dowling, the above vote was reconsidered and the paper was again laid over and made a Special Order for the next meeting at 2 o'clock p. m.

GENERAL ORDERS.

Alderman Murphy called up General Order No. 46, being a report and resolution as follows:

No. 256.

The Committee on Finance, to whom was referred on February 14, 1906 (Minutes, page 731), the annexed resolution in favor of an issue of Special Revenue Bonds, \$3,872.54, to meet increase in the salaries of Attendants of the City Court, respectfully

REPORT:

That this matter is necessary to provide for the increase of salaries of the Court Attendants of the City Court, as fixed by this present Board of Aldermen. Your committee therefore recommends the adoption of the resolution.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand eight hundred and seventy-two dollars and fifty-four cents (\$3,872.54), the proceeds whereof shall be applied to meet the increase in the salaries of the Attendants of the City Court of The City of New York for the year 1906, as authorized by resolution approved January 30, 1906.

JOHN R. DAVIES, JOHN DIEMER, A. L. KLINE, JAMES W. REDMOND, B. W. B. BROWN, THOS. J. MULLIGAN, J. E. BUNTING, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Clifford, Davies, Dotzler, Doull, Dowling, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Herold, Jacobson, Keely, Kenneally, Kline, Krulish, Kuck, Kuntze, Lawlor, Leverett, Linde, Markert, Meyers, Moffitt, Monahan, Morris, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Redmond, Rendt, Richter, Rowcroft, Schloss, Schneider, Stapleton, Sturges, Torpey, Wafer, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen and the Vice-Chairman—60.

Alderman Murphy called up General Order No. 55, being a report and resolution, as follows:

No. 264—(S. O. No. 15).

The Committee on Finance, to whom was referred on February 14, 1906 (Minutes, page 740), the annexed communication from the Commissioner of Parks, Borough of The Bronx, requesting an issue of Special Revenue Bonds, \$200,000, for maintenance and construction, respectfully

REPORT:

That Commissioner Walgrove appeared before your Committee and urged the adoption of the resolution, and while the sum of \$433,200 had been asked for in last year's estimate, only \$246,450 had been allowed for maintenance. This sum is only \$1,500 more than in 1900, in spite of the increase in the Department in those six years. As set forth in the accompanying letter, and from the Commissioner's statement, the increase in the Bronx Park system, of which the entire City is justly proud, seems to warrant a large increase. The Department was allowed \$70,000 additional last year in Revenue Bonds, and the Commissioner states that this was not enough for six months, and that upon this basis, and taking into consideration the many improvements contemplated, including the restoration of the park which his predecessor used for laying out a horse racetrack, etc., he believes that the sum of \$200,000 is necessary.

Your Committee make the same observation in this as in the Manhattan application with reference to compelling the issuance of revenue bonds to necessarily maintain City departments, but as this sum seems to be necessary, your Committee report favorably upon the application.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred thousand dollars (\$200,000), the proceeds to be applied to meet the deficiency in the appropriation for Maintenance and Construction, Department of Parks, Borough of The Bronx.

JOHN R. DAVIES, B. W. B. BROWN, A. L. KLINE, JOHN DIEMER, THOS. J. MULLIGAN, J. E. BUNTING, JAMES W. REDMOND, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof.

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Cole, Collins, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Hatton, Herold, Jacobson, Keely, Kenneally, Kline, Krulish, Kuck, Lawlor, Linde, Markert, Meyers, Moffitt, Monahan, Morris, Murphy, Olvany, Potter, Redmond, Rendt, Richter, Schloss, Schneider, Stapleton, Sturges, Wafer, Wentz, Wright, President Cromwell, President Bermel (by Lawrence Gresser, Commissioner of Public Works), President Haffen, President Ahearn, the Vice-Chairman and the President—59.

Negative—Aldermen Cronin and O'Neill—2.

On motion of Alderman Dowling, the above vote was reconsidered and the paper made a special order for the next meeting at 2 o'clock p. m.

No. 453.

March 19, 1906.

By President Cromwell—

P. J. SCULLY, Esq., Clerk, Board of Aldermen, City Hall, New York City:
Dear Sir—At the request of the Board of Directors of the Baron Hirsch Cemetery, a corporation duly organized under the laws of this State, I suggest the adoption by the Board of Aldermen of the following resolution:

Resolved, That the Baron Hirsch Cemetery, a corporation organized under the laws of the State of New York, be and it is hereby authorized and empowered to maintain a cemetery on land, not exceeding seventy-six (76) acres, now owned by it in the Third Ward of the Borough of Richmond, City of New York, this consent being granted in place and stead of the consents heretofore granted to the Baron Hirsch Synagogue Corporation by the Municipal Assembly of The City of New York by two resolutions adopted respectively January 17, 1899, and June 6, 1899, which said two resolutions are hereby repealed.

The facts in the matter, as they have been explained to me, are as follows:

In the year 1899 authority was given by the Municipal Assembly to the Baron Hirsch Synagogue Corporation to maintain a cemetery in the Third Ward of this Borough. Subsequently the synagogue corporation transferred to the Baron Hirsch Cemetery all its right, title and interest to the cemetery property in question, and it has been believed by the Directors of the Baron Hirsch Cemetery that all the rights of the old corporations have been fully and legally transferred to them. Some technical question of this fact, however, has recently been raised, and the object of the resolution referred to above is to correct any possibility of mistake in this regard.

This resolution does not ask for any more ground for cemetery purposes than has heretofore been granted; it is simply for the purpose of straightening out a possible legal entanglement.

I accordingly recommend the adoption of the resolution.

Yours very truly,

GEORGE CROMWELL, President of the Borough.

The Committee on Streets, Highways and Sewers, to whom was referred on January 30, 1906 (Minutes, page 455), the annexed ordinance governing the width of sidewalks in the Borough of Queens, respectfully

REPORT:

That having examined the subject, they recommend that the said ordinance be adopted.

AN ORDINANCE governing sidewalk widths in the Borough of Queens.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:
Section 1. In carrying out street improvements in the Borough of Queens, where the regulation of sidewalks and curbing is affected in all new streets and in old ones, where possible, unless serious difficulties interfere, to be then determined by the President of the Borough, the sidewalks between street lines and curbs shall be of widths as follows:

- A—Where street is less than forty (40) feet wide, to be determined by the President of the Borough, as each special case may require, special.
- B—Where street is forty (40) feet wide and less than fifty (50), 10 feet.
- C—Where street is fifty (50) feet wide and less than sixty (60), 12.5 feet.
- D—Where street is sixty (60) feet wide and less than seventy (70), 15 feet.
- E—Where street is seventy (70) feet wide and less than eighty (80), 17.5 feet.
- F—Where street is eighty (80) feet wide and less than one hundred (100), 20 feet.
- G—Where street is one hundred (100) feet wide and over, to be determined by the President of the Borough as each special case may require, special.

Sec. 2. For all new sidewalk pavement, the footway shall be not less than five (5) feet in width, with either flagstone or artificial stone, in full accordance with or better than called for in the standard specification for this work, on file in the office of the President of the Borough of Queens.

Sec. 3. All sidewalks shall be laid on a grade rising from top of the curb, one-half (½) of an inch to each foot, where only one five (5) foot width of pavement is laid; and of one-third (⅓) of an inch where the whole sidewalk width is to be paved.

Sec. 4. All ordinances, or parts thereof, now in effect conflicting with these, are hereby repealed.

Sec. 5. This ordinance shall take effect immediately.

J. HANN, FRANK L. DOWLING, ROBERT F. DOWNING, LEWIS M. POTTER, MAX S. GRIFENHAGEN, HARRY L. LEVERETT, Committee on Streets, Highways and Sewers.

Alderman Hann asked and obtained immediate consideration for this report. The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:
Affirmative—Aldermen Ahner, Bartscherer, Callahan, Cole, Collins, Davies, Diemer, Dinwoodie, Dotzler, Dowling, Farrell, Fried, Griffenhagen, Haggerty, C. Hahn, J. J. Hahn, Hann, Herold, Keely, Kenneally, Kline, Krulish, Kuck, Kuntze, Lawlor, Linde, Markert, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Rendt, Richter, Stapleton, Sturges, Wafer, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, and the Vice Chairman—43.

Report of Committee on Buildings—

No. 88—(G. O. No. 64).

The Committee on Buildings, which was directed by resolution of the Board of Aldermen, adopted January 23, 1906 (Minutes, page 417), respectfully

REPORT:

That the Committee has given much consideration to the resolution of authority to undertake a revision of the Building Code, and, through the Chairman, has obtained the views of technical men and others familiar with the building industry. The Committee feels that the resolution adopted by the Board fixed an unsatisfactory classification of experts. The Committee recommends the rescinding of the resolution and the adoption of the annexed substitute. It is the intention of the Committee to ask the proper authorities of the technical and trades associations to submit names for its consideration. It is the intention of the Committee to employ a lawyer whose practice has been such as to make him familiar with the Building Code and the laws affecting the subject. They therefore recommend that the resolution (Introductory, No. 88) adopted by the Board of Aldermen January 23, 1906, instructing the Committee on Buildings to prepare a Building Code, be rescinded and repealed, and that the annexed resolution be adopted in lieu thereof.

Resolved, That, in pursuance of section 407 of the Greater New York Charter, the Building Committee of this Board be and hereby is directed to prepare and report to this Board a Building Code, in amended and revised form, providing therein for all matters concerning, affecting or relating to the construction, alteration and removal of buildings or structures erected or to be erected in The City of New York; and it is further

Resolved, That for the purpose of properly preparing said Building Code the said Committee be and it is hereby authorized to engage the services of the following experts, each of whom shall be a resident of The City of New York, and shall have been engaged not less than five years in his respective calling, to wit:

Two (2) architects, one (1) structural engineer, one (1) sanitary engineer, one (1) engineer recommended by the Board of Fire Underwriters, two (2) master builders, two (2) mechanics skilled in building trades and one (1) lawyer, and such other clerical assistants as may be necessary.

MAX S. GRIFENHAGEN, JOHN J. FARRELL, JACOB BARTSCHERER, J. HANN, CHARLES KUNTZE, WM. P. KENNEALLY, Committee on Buildings.

Which was laid over.

BOARD OF EDUCATION.

SPECIAL MEETING.

Saturday, January 13, 1906.

A special meeting of the Board of Education was held at the Hall of the Board, Park avenue and Fifty-ninth street, Borough of Manhattan, at 9 o'clock a. m., on Saturday, January 13, 1906, in response to the following call:

Department of Education,
Park avenue and Fifty-ninth street,
New York, January 11, 1906.

A special meeting of the Board of Education will be held at the Hall of the Board, Park avenue and Fifty-ninth street, at 9 o'clock a. m., on Saturday, January 13, 1906, to take suitable action in reference to the death of Hon. M. Dwight Collier, which occurred very suddenly on the 10th instant; after which the members are respectfully requested to attend the funeral, which will be held at Grace Church, Broadway and Tenth street, at 10 o'clock a. m.

By order of the President.

A. EMERSON PALMER, Secretary.

After announcing the death of Mr. Collier, which occurred suddenly on January 10, the President said:

It is with a sense of deep personal loss that we assemble at this time. Mr. Collier was not a product of the public school system, but he gave himself unsparringly to his duties as a member of this Board. He became a member of the Board on February 3, 1902, and was at once assigned to the Committee on Elementary Schools and the Committee on High Schools and Training Schools. In February, 1903, he became a member of the Committee on Supplies. A year later he was made Chairman of the Committee on Finance and relieved from membership in the Committee on High Schools and Training Schools. His service as a member of the Committee on Finance, the Committee on Elementary Schools and the Committee on Supplies continued until his death. In all fields of activity connected with this Department he was absolutely and unqualifiedly true to his trust. We all miss him.

The following resolution was offered by Mr. Greene:

Resolved, That a Committee of three be appointed by the President to prepare appropriate resolutions in reference to the death of Hon. M. Dwight Collier, and present the same at the next meeting of the Board.

In presenting this resolution, Mr. Greene addressed the Board as follows:

Mr. President: I am not unmindful of the fact that there are others among the members of the Board of Education who, by reason of closer and more personal relations with our deceased fellow member, are better qualified to speak with adequate appreciation of the many fine characteristics of Mr. Collier. I would not seem to wish to stand in the place of one of them for a moment, but it may perhaps not be deemed unfitting that in this official presence the formal initiation of our expressions of regret as a Board should come from the membership of the Standing Committee of which he was Chairman. On behalf of that Committee and representing its feelings, and, as I well know, those of every member of this Board, I respectfully ask that in accordance with decent and well-approved precedent the resolution just submitted be adopted.

It may perhaps not be out of place for me to say that I have enjoyed the privilege of serving on two of the Standing Committees of the Board and upon more than one of the special committees with which his name will be linked in its records. It is not long since I had occasion to speak to President Tift in terms of high commendation of Mr. Collier's service upon the Committee on Finance—of his painstaking scrutiny of the financial interests of the Board and of the City, of the sense of trusteeship that was ever present to control his action. Of the high value of his service upon the Committee on High and Training Schools the President was, while a member himself, a witness, and it was gladly recognized by his colleagues. His work upon the special committees with which he was associated either as Chairman or as simple member was characterized by energy, intelligence and faithfulness. We shall all miss in him a most helpful force in the labors of the Board—a type of unswerving integrity—a personality marked by dignity and courtesy, and a geniality which seemed to have escaped the habitual incrustment of time. He was not of those of whom it has been said that Heaven showed its favor toward them by relieving them in early years of their labors here. He lived, as the days of man are numbered, a long life in usefulness and honor, and ripeness of years enabled him to bring to the work to which he devoted himself the counsels of maturity. Yet speaking under the spell of my memories of Dwight Collier, I feel that I can best close this brief and hasty tribute with two lines from the deathless threnody dedicated by one of the youngest and greatest masters of English song to a still younger chorister—lines written under a sky which bends above the Eternal City and seems to beckon forever with the promise of immortality:

"Peace, peace! he is not dead, he doth not sleep—
He hath awakened from the dream of life."

In seconding the resolution offered by Mr. Greene, Mr. Harrison said:

Mr. Collier and I were personal friends for many years. There was no subject that was too small for his mind to grasp in relation to our public schools. I have talked with him often about the necessity of primary education, as well as that of the high school, and in his relations with this Board I dare say that there is no member who was more conscientious in the discharge of the duties that were imposed upon him. Some time ago it happened to be my fortune to be Chairman of a Committee of Investigation. In that investigation Mr. Collier came before the Committee at our request, and his examination disclosed a degree of conscientiousness which I had never supposed any member of the Board would go through with in order to get at the facts in the case. It required the visiting of every school—not one here and there, but every school—in some half-dozen districts, and he knew the Principal and he knew the Teachers, and it seemed to give him the greatest pleasure to go around among them to find out what was the truth about Teachers and Principals, and thus get at one of the underlying principles of our public schools. I heard one of the members of this Board say of Mr. Collier that he never wanted an excuse to visit a school—that he only needed the slightest invitation of some sort or other in order to enter it and find out what was going on. And I am glad to testify also to the affectionate relations which he had with each member of this Board. I do not believe that there was ever in his heart the slightest feeling upon any question which was discussed, and in which he might have differed—as he very frequently did—from other members. There was a broad charity in the man and in every thing he did. Therefore, Mr. President, with these few imperfect words I desire to second the resolution most heartily.

The resolution was also seconded by Mr. Dix, who said:

No remarks can add to the force of what has been said. I can only, as Chairman of the Committee on Supplies, of which Mr. Collier had been for years a devoted member, add my testimony to the unswerving loyalty, to the earnestness and devotion which he manifested in his relations with the schools and in his Board work. He was a man of peculiarly broad and gentle disposition, and his heart was warm even when sometimes his words were hot, and he had the most delightful attributes as a man.

The resolution was adopted by a unanimous vote, and the President appointed Messrs. Greene, Harrison and Dix as the committee of three provided for therein.

The Secretary presented a letter from Hon. D. J. McDonald, M. D., expressing regret at his inability to attend the meeting, as he was prevented from doing so by an imperative engagement.

The Board thereupon adjourned, and the members proceeded to Grace Church, where the funeral services were held at 10 o'clock.

The members of the Board who attended the special meeting and the funeral services were the following:

Henry N. Tift, President, and Messrs. Adams, Aldcroftt, Barrett, Barry, Cunlion, Dix, Greene, Harrison, Haupt, Higgins, Ingalls, Jonas, Kelley, Man, O'Donohue, Partridge, Renwick, A. Stern, M. S. Stern, Vandenhoff, Warburg, Wilmer, Wilsey, Wingate and Winthrop.

At this point the President presented a communication from Associate City Superintendent Higgins, as follows:

January 24, 1906.

To the Board of Education:

I hereby make application to be retired as Associate City Superintendent of Schools, to take effect at the pleasure of the Board.

Respectfully yours,

ALGERNON S. HIGGINS.

Mr. Kelley moved that Associate City Superintendent Higgins be retired, to take effect on September 1, 1906.

The motion was seconded by Mr. Backus.

Mr. A. Stern moved to amend the motion offered by Mr. Kelley by making the date February 1, 1906, instead of September 1, 1906.

The motion was seconded, and discussion ensued, section 21 of the By-Laws being suspended, on motion of Mr. Harrison, for the purpose of considering the matter.

The President put the question on the amendment offered by Mr. A. Stern, and it was decided in the affirmative by the following vote:

Yeas—The President, and Messrs. Adams, Aldcroftt, Barrett, Barry, Cosgrove, Cunlion, Dix, Donnelly, Francolini, Greene, Harrison, Haupt, Jonas, Kanzler, March, May, McDonald, O'Donohue, Renwick, Schmitt, Sherman, A. Stern, Vandenhoff, Warburg, Wilbur, Wilmer, Wilsey and Winthrop—29.

Nays—Messrs. Backus, Everett, Freifeld, Hamlin, Ingalls, Kelley, Partridge and Sullivan—8.

The motion offered by Mr. Kelley, as amended, was then adopted.

On behalf of the Special Committee appointed by the President on January 13, 1906, to prepare suitable resolutions in reference to the death of Hon. M. Dwight Collier, Mr. Greene asked for and obtained permission to present the following:

Resolved, That the following minute be spread upon the records of the Board:

It is with a deep feeling of regret that the Board here stays for the moment its ordinary activities to place upon record this all too brief recognition of its loss in the passing from the scene of his public labors of Commissioner Maurice Dwight Collier. Mr. Collier's final summons came suddenly on the day of the last stated meeting of the Board, whose interests formed the subject of his thought and of communication from his bedside almost till the end.

Appointed to membership in the Board of Education at the beginning of the year 1902, he rendered most valuable service on some of the most important committees of the Board. He served as a member of the Committee on Elementary Schools, on High Schools, and on Supplies, and was early last year appointed Chairman of the Committee on Finance. In addition, he devoted much time to the work of the Board on a number of special committees, among which may be particularly named the Committee on the Public School Centenary, of which he served as Chairman, the Joint Committee on the Revision of the Course of Study, and the Committee on Bookkeeping Revision and on the Central Supply Depository. The services of the deceased Commissioner on these committees was assiduous and unremitting. His counsels were dictated by a steady devotion to the best interests of the public school system, and his high abilities rendered his part in the deliberations of his fellow members always a leading one. He gladly assumed assignments demanding special labor, and discharged those duties in a helpful and self-forgetting spirit. As a committee chairman, he was keenly regardful of the opinions of his fellow members, and labored with particular zeal and courtesy to arrive at a possible common ground with those whose agreement with his suggestions was not instant. Of a temperament not lacking in ardency, training and tradition led him to gentle courses, and with qualities of decision and positiveness he exercised a diplomacy such as can never be wholly divorced from a natural kindness of temper. A man of years and of large interests, he seemed to find a congenial atmosphere in the schoolroom, whose light, reflected in the faces of the children of whatever age, he seemed to find ever glad some, and which he delighted constantly to revisit. Opportunity represented to him a call to duty, and he leaves behind him in the memory of his colleagues the recollection of characteristics which won, in largest measure, their confidence and esteem, while gaining the affectionate regard of the wider audience in the school system to which it seemed ever his pleasure, in fitting ways, to appeal.

JOHN GREENE,
RO. L. HARRISON,
S. M. DIX,
Special Committee.

The report of the Special Committee was, on the suggestion of Mr. Greene, adopted unanimously, by a rising vote.

Reports and resolutions were adopted as follows:

Retiring the following-named persons, submitted by the Board of Retirement under date of January 22, 1906, pursuant to the provisions of the Act known as the Amended Retirement Law, being chapter 661 of the Laws of 1905, such retirement to take effect February 1, 1906, the annuity in each case to be one-half of the salary at date of retirement, unless otherwise provided for by law; and directing the Auditor of the Board of Education to compute the amount of annuity to which each of such persons is entitled, respectively:

Approving and ratifying the awards of contracts by the Committee on Supplies for conveying pupils as hereinafter mentioned, said stages to commence on January 8, 1906:

BOROUGH OF THE BRONX.

- Item No. 4—Herwig & Son, two stages at \$3.40 per stage, per school day.
Item No. 5—Joseph J. Bible, one stage at \$3.50 per school day.
Item No. 6—Herwig & Son, one stage at \$3.60 per school day.

Appropriating the sum of six hundred and one thousand eight hundred and sixty-seven and 96-100 dollars (\$601,867.96) from the proceeds of Corporate Stock, to be issued by the Comptroller pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied to the payment of the awards (and interest thereon), costs, charges and expenses, as confirmed by the Court, in the proceeding for the acquisition of lands in the block bounded by Hester, Eldridge, Canal and Forsyth streets, in the Borough of Manhattan, as a site for school purposes; requisition for said sum being hereby made upon the Comptroller.

Appropriating the sum of two hundred and forty-nine thousand seven hundred and seventy-six and 96-100 dollars (\$249,776.96) from the proceeds of Corporate Stock, to be issued by the Comptroller, pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied to the payment of the award (and interest thereon), costs, charges and expenses, as confirmed by the Court, in the proceedings for the acquisition of lands on West Houston and Clarkson streets, between Varick and Hudson streets, in the Borough of Manhattan, as a site for school purposes; requisition for said sum being hereby made upon the Comptroller.

Appropriating the sum of one hundred thousand dollars (\$100,000) from the proceeds of Corporate Stock, to be issued by the Comptroller pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied to the purchase, as a site for an athletic field, of lands and premises bounded and described as follows:

Orchard and Monson streets and East River, Astoria, Borough of Queens:

Beginning at the northwesterly corner of Orchard and Monson streets, as said streets are laid down on a map made and filed by the Commissioners for laying out streets, avenues, roads and parks in Long Island City; running thence northerly along the westerly side of said Monson street four hundred and ninety-four (494) feet eleven and three-eighths (11 $\frac{3}{8}$) inches, more or less, to the original high water line of the East River; thence westerly and southerly, as the river runs, to the northerly side of said Orchard street; thence easterly along said Orchard street three hundred and ten (310) feet two and three-quarters (2 $\frac{3}{4}$) inches, more or less, to the point or place of beginning. Together with all the right, title and interest of the said vendor in and to Monson street and Orchard street lying in front of and adjoining the premises above described to the centre lines of said streets; also the riparian rights, if any, of the said vendor pertaining to the above-described property.

Subject, nevertheless, to the effect, if any, of the reservations contained in a certain grant by the People of the State of New York to Stephen Bolles Halsey, dated the 15th day of May, 1863, and recorded in the office of the Clerk of the County of Queens in Liber 1303 of Conveyances, page 357.

Also subject to a certain lease made by the said vendor to M. R. S. MacKenzie, Captain U. S. Navy, Inspector of Third Lighthouse District, which will expire on the 30th day of June, 1906.

Also subject to the privilege to B. A. & G. N. Williams, tenants, to have until the first day of March, 1906, to remove the derrick owned by it, and the guys and cables supporting the same; also certain stone and marble.

Also the said vendor expressly reserves the right to remove from the above-described property, at any time within three months from the delivery of the deed, the double frame building now occupied by Zimmer and Hoell, respectively; also the frame building occupied by Warner; and so much of the stone heretofore placed upon said property as it may desire to remove within the period aforesaid.

And also subject to certain other existing monthly tenancies.

Also subject to all unpaid taxes imposed on lands under the waters of the East River in front of and adjoining the above-described property between the original high water mark and the Pier and Bulkhead line.

The said sum to be paid by said Comptroller out of the proceeds of said Corporate Stock, requisition therefor being made, for the said lots of lands and premises, upon the presentation to him of the deed or deeds therefor, together with a certificate of the Corporation Counsel that the title thereto is satisfactory and fully free from all incumbrances and is vested in The City of New York.

Approving bills of William H. Waite, aggregating \$92.50 for payment; and suspending section 29 of the By-Laws, subdivision 4, for said purpose.

Requesting the Commissioners of the Sinking Fund to authorize a lease of St. Veronica's School, on the south side of Leroy street, between Hudson and Greenwich streets, Borough of Manhattan, as an annex to Public School 3, for a period of one year from February 1, 1906, with the privilege of renewal for one year, at an annual rental of \$4,000 and taxes, payable quarterly; the owners, Church of St. Veronica, Incorporated, Rev. Joseph F. Flannelly, Secretary, No. 657 Washington street, Manhattan, to keep the roof in repair; the Board of Education to make interior repairs and alterations and furnish light, heat and Janitor's service.

Requesting the Commissioners of the Sinking Fund to authorize a lease of the vacant land directly opposite Public School 67, Glendale, Borough of Queens, beginning at a point formed by the intersection of the westerly line of Webster avenue with the southerly line of Central avenue, and running thence westerly along the southerly line of Central avenue one hundred and seventy-five (175) feet; thence southerly and parallel with Webster avenue one hundred (100) feet; thence easterly and parallel with Central avenue one hundred and seventy-five (175) feet to the westerly line of Webster avenue, thence northerly along the westerly line of Webster avenue one hundred (100) feet to the southerly line of Central avenue, the point or place of beginning, for a period of three years from March 1, 1906, at an annual rental of \$300, payable annually, with the privilege of renewal for an additional period of three years at an annual rental of \$400; the Board of Education to have the right to remove from the premises, at any time,

any and all buildings or improvements whatsoever placed thereon. Owner, Edward Christian, Glendale Station, Borough of Queens.

Approving the action of the Committee on Buildings in authorizing the Superintendent of School Buildings to designate William O. Hoffman as Chief of Construction, and fixing the salary of William O. Hoffman at three thousand dollars (\$3,000) per annum, to take effect February 1, 1906, subject to the rules and regulations of the Municipal Civil Service Commission.

Appropriating the sum of four hundred and sixty-two dollars (\$462) from the proceeds of Corporate Stock, to be issued by the Comptroller pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied in full payment for extra cost to Thomas Cockerill & Son and James Harley, contractors, for additional work in connection with their contracts, as hereinbefore stated; requisition for said sum being hereby made upon the Comptroller.

Appropriating the sum of seven hundred and eighty-one dollars and forty-seven cents (\$781.47) from the proceeds of Corporate Stock, to be issued by the Comptroller pursuant to sections 47 and 169 of the Revised Charter, application for the issue of which is hereby made; said sum to be applied in full payment for extra cost to Reis & O'Donovan, contractors, for additional work in connection with their contract, as hereinbefore stated; requisition for said sum being hereby made upon the Comptroller.

Approving and ratifying the action of the Committee on Supplies in appointing Abraham Savitch, of No. 100 Forsythe street, Borough of Manhattan, as Office Boy in the office of the City Superintendent of Schools, at a salary of \$300 per annum, subject to the rules and regulations of the Municipal Civil Service Commission, said appointment taking effect January 15, 1906.

Amending section 36 of the By-Laws of the Board of Education by adding thereto a new subdivision, to be known and designated as subdivision 6, as follows:

6. No retirement of a member of the teaching or supervising staff recommended by the Board of Retirement shall be made by the Board of Education without a statement, furnished by the Board of Retirement, of the length of service entitling such member to retirement.

Amending section 15 of the By-Laws of the Board of Education by inserting therein a new subdivision, to be known and designated as subdivision 6, as follows:

6. It shall apportion to the high schools and elementary schools the moneys appropriated by the State from the common school library fund and from the academic fund in accordance with the provisions of Title 13 of Chapter 556 of the Laws of 1894, as amended, and of Chapter 498 of the Laws of 1901, and of Chapter 699 of the Laws of 1905, upon the following basis, to-wit:

For High Schools: (a) A sum equal to \$250 for each high school maintained during the preceding school year (for books and apparatus); (b) a further sum equal to \$100 for each of said high schools; (c) a sum equal to \$2 for each teacher employed in said high schools for the legal term during the preceding school year; and (d) the amount received from the State upon the basis of the aggregate days of attendance of pupils in said high schools.

For Elementary Schools: For libraries the sum of \$18, and a further sum equal to \$2 for each teacher employed in elementary schools for the legal term during the preceding school year.

It shall apportion, upon a like basis, to the high schools and elementary schools, the appropriation or appropriations made by the city for the purposes mentioned in this subdivision.

Directing the Committee on By-Laws and Legislation to take such action as it deems proper to defeat the passage of Assembly bill No. 147.

Reaffirming the action of the Board of Education taken on September 27, 1905 (see Journal, page 2051), in selecting and determining as a site for school purposes a strip of land, 22 by 100 feet, on Concord street and Nutria alley, adjoining Public School No. 1, Borough of Brooklyn.

Acquiring title to the premises known as No. 183 Norfolk street, subject to the easement of the owner of the adjoining property on the south, known as No. 181 Norfolk street, in and to said party or division wall, so long as said wall shall stand, and requesting the Board of Estimate and Apportionment to adopt a resolution similar to the foregoing, in accordance with the advice of the Acting Corporation Counsel.

Approving the recommendation of the Board of Superintendents that on the retirement of Miss Mary White from the Principalship of Public School 34, Primary, Manhattan, on February 1, 1906, said school be consolidated with the boys' school now in the same building, the resulting organization to be under the supervision of the present Principal of the boys' school and to be known as Public School 34, Manhattan.

Approving the recommendation of the Board of Superintendents, that Public School 9, Grammar Department, and Public School 9, Primary Department, Borough of The Bronx, containing twenty-one and twenty-eight classes respectively, be consolidated into one school, to take effect February 1, 1906.

Finding Joseph Curren, Jr., Clerk, in the Bureau of Supplies of the Department of Education, guilty of deceit and falsehood, misconduct and neglect of duty, and dismissing him from the service.

Approving the recommendation of the Board of Superintendents that Public School 94, Primary, and Public School 94, Girls, Borough of Manhattan, be consolidated into a single school having grades from the kindergarten through the 6B, under the supervision of the present Principal of the primary department, said consolidation to take effect from and after February 1, 1906.

Requesting the Board of Estimate and Apportionment to approve the following transfers:

\$3,000 from the Special School Fund for the year 1905, and from the item contained therein entitled "Salaries of Officers, Clerks and Other Employees," Board of Education, which item is in excess of its requirements, to the item also contained within the Special School Fund for the same year entitled "Incidental Expenses," Board of Education, which item is insufficient for its purpose.

\$150 from the Special School Fund for the year 1905, and from the item contained therein entitled "Fuel," Borough of The Bronx, which item is in excess of its requirements, to the item also contained within the Special School Fund for the same year entitled "Fuel," Borough of Queens, which item is insufficient for its purposes.

Requesting the Board of Estimate and Apportionment to approve the transfer of seven hundred dollars (\$700) from the General School Fund for the year 1900, Borough of Manhattan, which fund is in excess of its requirements, to the General School Fund for the same year, Borough of Queens, which fund is insufficient for its purposes.

Approving and ratifying the action of the Committee on Buildings in rejecting the one bid received January 15, 1906, for installing electric elevators in the Manual Training High School, Borough of Brooklyn, for the reason that the same was deemed excessive.

Suspending section 30 of the By-Laws, subdivision 2, for the purpose of paying the following bill incurred under circumstances of an emergency nature:

Donegan & Swift, Public School 93, Manhattan, grates, etc..... \$85

(This work was very urgent and had to be done during the Christmas holidays without the delay incident to procuring competitive bids.)

Approving and ratifying the action of the Committee on Buildings on January 15, 1906, in fixing at \$33 per week, each, the salaries of George H. Wessel and Thomas O'Neil, Inspectors of Masonry and Carpentry, who have completed three years of continuous and meritorious service in said position.

Approving the action of the Committee on Buildings in accepting the resignation of H. P. Connor, Draughtsman in the Bureau of Buildings, Borough of Brooklyn, to take effect January 1, 1906.

Approving and ratifying the action of the Committee on Buildings in granting the loan of old kindergarten tables and chairs for the use of the kindergarten established in St. Pascal's Day Nursery, No. 334 East Twenty-second street, Manhattan.

Amending so much of the resolution adopted January 10, 1906 (see Journal, page 52), as applies to increasing the salary of F. C. Cheney, Chief of the Furniture Division, Bureau of Buildings, from \$40 per week to \$42.50 per week, so as to read from \$40 per week to \$45 per week.

Requesting the Secretary to notify the owners of the following-named premises, occupied as annexes to the Commercial High School, Brooklyn, that the leases, which will expire on the dates mentioned, will not be renewed, for the reason that the probable completion of the new building for this school on February 1, 1906, eliminates the necessity for further occupancy:

Nos. 1216 and 1218 Bedford avenue, Brooklyn; date of expiration, February 1, 1906.

No. 1191 Bedford avenue, Brooklyn; date of expiration, February 1, 1906.

No. 1187 Bedford avenue, Brooklyn; date of expiration, February 1, 1906.

No. 1189 Bedford avenue, Brooklyn; date of expiration, March 1, 1906.

Requesting the Municipal Civil Service Commission to transfer John Knab, Jr., Cleaner in Public School 81, Borough of Queens, to the position of Stoker, in accordance with subdivision 13 of Rule XIX. of the Municipal Civil Service Commission.

To the Board of Education:

The Committee on Finance respectfully reports that it has received a communication from the President in reference to the transfer from the State of New York to The City of New York of the Normal and Training School in the Borough of Queens, City of New York, formerly in the village of Jamaica and County of Queens, in accordance with Chapter 524 of the Laws of 1905. Said Chapter is as follows:

"CHAPTER 524.

"An Act to transfer to the City of New York the normal and training school in the Borough of Queens, City of New York, formerly in the village of Jamaica and County of Queens.

"Accepted by the city.

"Became a law, May 17, 1905, with the approval of the Governor. Passed, three-fifths being present.

"The People of the State of New York, represented in Senate and Assembly, do enact as follows:

"Section 1. The normal and training school heretofore established in the former village of Jamaica, in the County of Queens, pursuant to the provisions of Chapter five hundred and fifty-three of the laws of eighteen hundred and ninety-three entitled 'An act to establish a normal and training school in the village of Jamaica and County of Queens,' including all the lands, buildings and appurtenances thereunto belonging, shall be transferred and conveyed to the City of New York, for the use of the said city as a training school and public school on the first day of January, nineteen hundred and six, upon terms to be fixed and agreed upon by a commission consisting of the Mayor, Comptroller and President of the Board of Education of The City of New York and the Commissioner of Education and the Comptroller of the State of New York.

"§2. Upon the transfer of the said school under the terms fixed by the said commission the conduct, management and support thereof shall be regulated by chapter three hundred and seventy-eight of the laws of eighteen hundred and ninety-seven, as amended by chapter four hundred and sixty-six of the laws of nineteen hundred and one, known as the Greater New York Charter, and the Board of Education shall have and exercise the same rights and powers in respect to said school as said Board possesses in respect to other public schools in the City of New York.

"§3. The principals, teachers, janitors and other employees of the said school shall be transferred from the service of the State to the service of the city in the respective positions to which they have been appointed, and shall be entitled to such compensation as is now provided or may hereafter be provided for similar positions in the schools of the City of New York by the lawful authority, subject to change of title and to transfer, reassignment or removal for cause, as may be provided by law; and all such principals, teachers, janitors and other employees shall be eligible for reappointment, subject, however, to the right of the Board of Education of the City of New York to abolish unnecessary positions, and subject also to their complying, in the case of teachers, with the provisions of the Board of Education of the City of New York with regard to renewal and permanence of license, and, in the case of janitors, with the provisions of the law relating to the civil service, that are applicable to the City of New York.

"§4. Provision for the maintenance of said school and the payment of salaries shall be made by the Board of Estimate and Apportionment in the budget for nineteen hundred and six.

"§5. All acts or portions of acts inconsistent with the provisions of this act are hereby repealed."

It appears that the Commission constituted in pursuance of the foregoing act held a number of meetings and agreed upon terms for the transfer of the above-mentioned Normal and Training School as set forth in the following agreement:

"IT IS HEREBY AGREED by and between the undersigned, respectively the Mayor, the Comptroller and the President of the Board of Education of the City of New York, and the Commissioner of Education and the Comptroller of the State of New York, that the terms fixed and agreed upon by said Commission provided for by an act entitled 'An Act to transfer to the City of New York the Normal and Training School in the Borough of Queens, City of New York, formerly in the village of Jamaica and County of Queens,' and known as Chapter 524 of the Laws of 1905, be, and they hereby are, the sum of Eighty-two thousand five hundred and fifty-seven and 65-100 dollars (\$82,557.65), which sum shall be paid to the State of New York, without interest, upon the execution and delivery of all papers deemed necessary by the Attorney-General of the State of New York and the Corporation Counsel of The City of New York for the transfer to the City of New York of all the right, title and interest of the State of New York in and to the real and personal property connected with said school, and that said transfer and conveyance to the City of New York take effect on and from January 1, 1906.

"GEO. B. McCLELLAN, Mayor.

"H. A. METZ, Comptroller.

"HENRY N. TIFFT, President, Board of Education.

"A. S. DRAPER, Commissioner of Education.

"OTTO KELSEY, Comptroller."

It is understood that the Board of Estimate and Apportionment will provide the funds for the payment of the sum of \$82,557.65 above mentioned without applying to that purpose any funds heretofore appropriated for the purposes of the Department of Education.

A communication has been received by the President, under date of January 17, 1906, from the Deputy Comptroller, suggesting that the Board of Estimate and Apportionment be requested to approve of the action of the Commission constituted as above stated, and to authorize the acquisition of the lands, buildings, fixtures, furniture, library and books at the price of \$82,557.65.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to approve of the action taken by the Commission constituted in pursuance of Chapter 524 of the Laws of 1905, as hereinbefore set forth, and to authorize the acquisition of the lands, buildings, fixtures, furniture, library and books of the above-mentioned Normal and Training School at the price of \$82,557.65; and be it further

Resolved, That the Board of Estimate and Apportionment be, and it is hereby requested to provide the necessary funds for the payment by The City of New York of the sum of Eighty-two thousand five hundred and fifty-seven and 65-100 dollars (\$82,557.65) from funds not heretofore appropriated for the purposes of the Department of Education to the State of New York, without interest, upon the execution and delivery of all papers deemed necessary by the Attorney-General of the State of New York and the Corporation Counsel of The City of New York for the transfer to The City of New York of all the right, title and interest of the State of New York in and to the real and personal property connected with the Normal and Training School in the Borough of Queens, City of New York, formerly in the village of Jamaica and County of Queens.

The report was approved and the resolutions adopted by a unanimous vote.

The following report was presented and ordered to be printed in the Minutes:

To the Board of Education:

The Committee on Finance respectfully reports that, in accordance with the authority conferred upon it June 14, 1905 (see Journal, pages 1120 and 1121), the sum of \$15,000, trust funds (comprising \$5,000 of the Holbrook Fund and \$10,000 of the Grosvenor Fund), has been invested in a bond and mortgage on premises No. 231 East Seventy-third street, Manhattan, principal payable June 30, 1908, interest at five per centum (free of mortgage tax), payable each first day of January and July; payment of principal and interest guaranteed by New York Mortgage and Security Company; title to property guaranteed by the Title Insurance Company of New York. The bond, policy of title guarantee, and policy guaranteeing payment of principal and interest have been received and filed; the mortgage is at present in process of being recorded.

The following was also presented, and action taken thereon as indicated:

New York, January 24, 1906.

To the Board of Education:

Gentlemen—The Committee on Buildings respectfully submits for approval plans for the new Parental School to be located on the road from Flushing to Jamaica, about seventeen hundred feet south of the North Hempstead turnpike, in the Borough of Queens.

The plot of land has a frontage of sixteen hundred feet on the highway, is somewhat irregular in shape, and contains about one hundred and seven acres.

It presents a rolling surface, with a commanding ridge parallel with the longer axis and about six hundred feet distant from the southerly or side line, with its highest point about three hundred feet back from the highway, towards which there is quite a sharp fall. Advantage was taken of this in laying out the group of structures which will comprise the Parental School, the principal building, being for administration and school purposes, having been located on the highest point, with the dormitory buildings or cottages extending back on either side of a court or campus about two hundred and ten feet in width and nine hundred and sixty feet in length, there being a transverse court near the lower end of somewhat smaller proportions.

In order to plan the work intelligently it was necessary to lay out the completed scheme, which runs into these large dimensions, but the present plans provide only for the administration and school building, three dormitory buildings, power-house and farm buildings, additional buildings to be erected from time to time as funds are available for the purpose.

The administration building, being nearest to the public highway, will provide offices for the superintendent or principal and his clerks, together with a waiting or reception room for the general public, accessible directly from the main entrance, thus isolating the public portion of the executive offices from the school, which occupies the balance of the structure.

The first floor, in addition to the executive offices, will provide for four classrooms and an assembly hall, 60x66 feet, with entrances directly from the campus as well as from the school rooms.

The second floor will provide seven classrooms, teachers' rooms, etc., while the attic has been laid off for storerooms and dormitories for the female help.

The basement will provide three manual training shops, a gymnasium, 60x66 feet, storerooms, toilets, etc., and space for the ventilating apparatus.

The dormitories or cottages present some rather unusual features, having been designed only after examination of similar institutions in various parts of the country, made upon the declaration of this Board in favor of the adoption of the cottage system.

The Committee on Special Schools, in considering the cost of the structures, as well as that for maintenance, finally recommended the double cottage or dormitory building, and the plans for these provide for a structure one hundred and twenty-one feet in length, divided on its center line by a fireproof wall running through to the roof, thus forming two distinct structures, as far as internal arrangements go, the only connection being through the fire-escape which serves both portions.

The building in its entirety will accommodate sixty boys, divided into two equal groups, each in its own portion of the building and under its own master and matron.

The boys on entering their cottage from the school, farm work or play, pass through a door direct from the playground, which is provided at the rear of each cottage, through a hallway into the basement, where their outdoor clothing will be removed in a large, light dressing room, wherein are provided lockers with seats. If the clothing or shoes be damp, they may be readily dried in a room especially designed for the purpose. At the rear of the dressing room there has been placed a lavatory, leading from which are two compartments, one for shower baths and the other for toilets.

Each locker has a compartment for shoes, which the boys remove and replace with house slippers or moccasins before they pass into the dining room or the dormitories. This not only reduces the noise which thirty boys must necessarily make, but also permits of the cottage being kept scrupulously clean.

One of the important things is a large, light open indoor playground, which figures not only for recreation purposes in the daytime, but also for that portion of the inmates of the cottage, consisting of the active, restless boys, who do not care to sit and read during the evening, but would rather have their recreation in play.

The first floor is entered both from the playground of the boys and from the campus, the hallway running directly across the building, with the dining-room, pantry, etc., on one side and the living room, reception room and matron's room on the other.

The dining-room is designed especially with reference to the seating of thirty boys, the master and matron and instructor, the pantry adjoining being fitted with china closets, refrigerator, sink, serving table and a bainmarie, the under side of which will be fitted as a plate warmer.

On the opposite side of the hall the living room, about 28x32 feet in size, will afford ample space for the boys to be gathered about the tables in small groups, reading or playing games, being at the same time directly under the eye of the matron, whose room adjoins and is in direct connection therewith.

The second story is really the key to the building, since it must provide a dormitory for exactly thirty beds of the regulation size and with the requisite distance for aisles and passageways. Each boy will be provided with an individual locker, placed as near his bed as possible, in which his clothing removed at night before retiring is placed and locked.

In order to afford adequate escape in case of fire, an additional fireproof stairway, enclosed in a brick shaft, is provided at the rear of the building, connecting with the other dormitory, so as to afford ample escape for each, although the possible total destruction of one portion of the building might take place without in anyway endangering the inmates of the other.

The dormitory is provided with toilets through a special passageway, in order that the boys may have free access thereto at night without going into the open hallway.

Adjacent to and overlooking the dormitory are the master's quarters, consisting of two rooms and a bath, clothing closets, etc., having also an entrance direct from the hallway.

One of the important matters is the sewing and locker-room located on this floor, in which is provided a locker for a supply of clothing for each boy.

The attic has two stairways. On this floor the servants' room and bath, extra store room for the boys' clothing, also store room for house linen and bedding and the solitary room.

In order to prevent the overlooking of the occupant of this room in case of fire or other danger, it has been provided with a device whereby the door can be unlocked from the Master's room on the floor below, a lever arm being placed directly alongside the Master's bed.

In an endeavor to obtain as far as possible a home atmosphere and influence in the cottage life of the boys some parental schools have placed a kitchen in each cottage, but the cost of maintenance in such cases is very great, and the Committee thereupon decided to follow the plan adopted by the authorities of the New York Juvenile Asylum in the erection of its new buildings at Dobb's Ferry, New York, as well as several other institutions, having a central kitchen placed in the power house, from which the food is distributed to each cottage.

Experience has shown that the only economical method by which an institution comprising isolated buildings can be heated and lighted is by a central power plant.

In order to obtain economical results the power plant should, if possible, be so located that the returns from the heating surfaces of the other buildings should flow back to the boiler plant without the employment of energy for pumping, and we have, therefore, placed it at the most advantageous position both from a topographical and economical standpoint.

The boiler room occupies the lower level on the side hill, so that the coal may be delivered direct from the bunkers, which are filled from a roadway at a higher level; the size being sufficient to accommodate the boiler, engines, dynamos, pumps, hot-water apparatus, tanks, etc., necessary to care for the buildings which are now to be erected and for some future growth. The boiler stack is planned, however, to take the products of combustion from the total number of boilers which may be required when all the contemplated buildings are constructed and in use.

The topography of the land has been followed in the forming of a road from the highway back to the power-house on as nearly uniform grade as possible, in order to facilitate the delivery of supplies and the delivery of coal at the top of the bunkers, while the supplies are unloaded on a covered platform from which they may be trucked directly into a light, airy and dry fireproof storeroom, in which can be placed flour, sugar and other groceries required by the institution. To the right of the entrance is placed the bakery, with a brick oven, proving room and space for bread storage for a two or three days' supply. To the left is placed a large kitchen with its cooking ranges, soup kettles and refrigerators divided into three spaces for meat, vegetables and milk, butter and eggs; also space for the preparation of vegetables and meats, a scullery, etc.

Mention has been heretofore made of the delivery of food from a central plant, and this has been accomplished by some through the use of wagons, others have employed hand-carts, but all are anxious to abandon these in favor of the subway which the authorities in some places have been wise enough to install.

It is necessary, in order to heat buildings from a central power plant, to extend the piping from one building to another, buried in the ground, thus rendering it inaccessible for repairs and causing great trouble especially if breaks occur therein during winter with frost deep in the ground. All piping and the insulated covering surrounding the same deteriorate very rapidly and need to be renewed within a few years.

This applies also to the lighting conduits and hot and cold-water lines.

It was found, after careful study of the topographical features of the property, that it was possible to run a subway from the power-house around the entire proposed group of buildings, so as to be on a level with the basements of each. This will not only afford space for the pipes of the cold and hot-water lines, gas and electric lighting, but will also afford access to the piping at all times, besides providing a way by which the food can be conveyed from the central kitchen to each dormitory regardless of the weather.

Further, the subway will afford a means of passage for the boys from their dormitory buildings to the schoolhouse for instruction during heavy storms without being obliged to go out of doors.

The subway has therefore been brought in on a level with the floor of the kitchen, arrangements being made for the delivery of food direct to the hot wagons, which two boys can easily haul along to their own cottage.

The second floor of the power-house has been fitted up as a large laundry, adjacent to which is a dormitory for the Engineer and his Assistants. The power-house is of fireproof construction throughout, there being no wood used therein with the exception of the tables and similar fittings.

The design of the group of buildings has been along the modified mission type, which lends itself very readily to the general scheme. These are to be rough brick, covered with stucco, and have red tile roofs, the idea being to provide buildings which will need but a minimum of repairs.

The farm buildings have not as yet been taken up, but, being extremely simple, they can be planned and completed in very much less time than will be required for the other work.

The question of water is a very serious one, and negotiations are now under way with the water companies to obtain their rates for a supply, which, if unfavorable, will necessitate the sinking of artesian wells and the erection of a standpipe, or the installation of some system whereby an ample supply may be had at all times.

Disposal of the sewage is of very great importance, and it has been finally determined, inasmuch as there are no public sewers within several miles of the premises, to install a purification sewage system with precipitation tanks and contact beds located at the extreme rear of the property, away from all buildings.

The working drawings for the administration and school building, dormitories and power-house are completed and have been approved by the Building Department, and the specifications can now be finished and forwarded to the printers at once, so that contracts may be let very shortly.

Respectfully submitted,

RICH'D H. ADAMS,
SAM'L B. DONNELLY,
FRANK H. PARTRIDGE,
JOHN R. THOMPSON,
S. M. DIX,

Committee on Buildings.

It was ordered that the foregoing report be laid over, and that printed copies be sent to all members of the Board.

The following preambles and resolutions were also adopted:

Whereas, The salaries of sundry employees were increased by the Board of Education, to take effect January 1, 1906; and

Whereas, The Secretary of the Municipal Civil Service Commission has stated in writing that certain of said employees would be required to pass a promotion examination in order to obtain the increase in salary granted them, and has further stated in writing that examinations for promotion will be ordered only at stated periods during the months of May and November of each year; therefore be it

Resolved, That the Auditor of the Board of Education be, and he is hereby, authorized to prepare payrolls in the cases of all employees whose salaries have been or may be increased and who are required to take a Civil Service examination for promotion, for such amounts within the increased rates of salary as may be permitted by the rules and practice of said Commission.

Whereas, The oaths of the Commissioners of Estimate and Appraisal in the matter of the condemnation proceedings for the acquisition of certain lands and premises on James, Oliver and Oak streets, adjoining Public School 114, Borough of Manhattan, as a site for school purposes, were filed in the office of the Clerk of the County of New York on December 9, 1905; and

Whereas, The said lands and premises are urgently required for school purposes, and title thereto should be acquired by the City at as early a date as possible; therefore be it

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, requested to adopt a resolution in accordance with the provisions of Section 1,439 of the Revised Charter, as amended, directing that title to said lands and premises, and all interests therein, vest in The City of New York ten days after the passage of such resolution.

Whereas, The oaths of the Commissioners of Estimate and Appraisal in the matter of the proceeding for the acquisition of certain lands and premises on Clinton, Cherry and Water streets, Borough of Manhattan, as a site for school purposes, were filed in the office of the Clerk of the County of New York on January 23, 1906; and

Whereas, The said lands and premises are urgently required for school purposes, and title thereto should be acquired by the City at as early a date as possible; therefore be it

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, requested to adopt a resolution in accordance with the provisions of Section 1,439 of the Revised Charter, as amended, directing that title to said lands and premises, and all interests therein, vest in The City of New York ten days after the adoption of such resolution.

Whereas, In printing the last edition of the Manual of the Board of Education the word "not" was by inadvertence omitted in the seventh line of clause (b) of Section 82 of the By-Laws; therefore be it

Resolved, That clause (b) of Section 82 of the By-Laws of the Board of Education be, and it is hereby, amended by inserting the word "not" between the word "must" and the word "be" in the seventh line of said clause.

Whereas, The Department of Superintendence of the National Educational Association meets in Louisville, Ky., on February 27, 28, and March 1, 1906; and

Whereas, It is fitting that the Board of Education should be represented at this meeting; therefore

Resolved, That Associate City Superintendent Edward L. Stevens and District Superintendent Julia Richman be and they hereby are authorized to represent the Department of Education at the meeting of the Department of Superintendence of the National Educational Association to be held in Louisville, Ky., on February 27, 28, and March 1, 1906, and that their expenses be paid.

Whereas, A request has been received from the President of the Borough of Manhattan for the transfer of Charles J. Aufferth, Janitor-Engineer of Public School 111, Borough of Manhattan; be it

Resolved, That consent is hereby given to the transfer of Charles J. Aufferth, Janitor-Engineer of Public School 111, Borough of Manhattan, to the office of the President of the Borough of Manhattan.

Whereas, The Acting Corporation Counsel, in a communication dated January 23, 1906, advises that an offer of judgment be made in the action brought by Frank M. Bogert against the Board of Education for a balance of \$1,000, with interest on \$3,882, from January 1, 1904, besides costs; therefore be it

Resolved, That the Secretary be and he is hereby authorized to sign and verify an offer of judgment in accordance with the foregoing, provided that the Auditor, on examination, verifies the figures submitted by the Acting Corporation Counsel.

The following preamble and resolutions were presented and referred to the Committee on Elementary Schools:

Whereas, The Hebrew Technical School for Girls has made application for leave to obtain the addresses of girls graduating from the elementary schools, for the purpose of sending them the accompanying circulars.

Resolved, That such permission be and the same is hereby granted, and that the City Superintendent is hereby instructed to afford said institution proper facilities for obtaining such information at such times and in such manner as he may deem reasonable and proper.

Resolved, That any resolution heretofore adopted inconsistent with the foregoing is for this purpose modified and suspended.

Referring all matters relating to the fixing or the increase of salaries of officials or employees of the Board of Education, in cases where such fixation or increase is within the discretion of the Board, to the Committee on Finance.

On motion all absent members were excused for non-attendance at this meeting.

On motion the Board adjourned at 5:55 o'clock p. m.

A. EMERSON PALMER, Secretary.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for an interior public bath in the

Borough of Manhattan.

All the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the President of the Borough of Manhattan, and erected upon land described as follows:

Beginning at a point on the northerly side of Rutgers place distant 52 feet 6 inches easterly from the northeasterly corner of Rutgers place and Jefferson street; running thence northerly parallel with Jefferson street 130 feet; thence easterly parallel with Rutgers place 53 feet; thence southerly again parallel with Jefferson street 130 feet to the northerly side of Rutgers place; thence westerly along the northerly side of Rutgers place 53 feet to the point or place of beginning; premises being known as Lots Nos. 3 and 4, in Block 270, Section 1, on the tax maps.

By direction of the Comptroller, the sale of the above-described property will be made under the supervision of the Collector of City Revenue on

MONDAY, APRIL 2, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion, as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE DEPARTMENT OF DOCKS AND FERRIES, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for the new marginal street in the

Borough of Manhattan.

All the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the Department of Docks and Ferries in the Borough of Manhattan, and erected upon land described as follows:

The four-story brick building at the northeasterly corner of Eleventh avenue and West Twentieth street, having a frontage on Eleventh avenue of about 100 feet and on West Twentieth street of about 75 feet.

By direction of the Comptroller the sale of the above-described building will be made under the supervision of the Collector of City Revenue on

FRIDAY, APRIL 6, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

FIFTH AVENUE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSSWALKS, from Graham avenue to Pierce avenue. Area of assessment: Both sides of Fifth avenue (Brill street), from Graham avenue to Pierce avenue, and to the extent of half the block at the intersecting and terminating avenues.

—that the same was confirmed by the Board of Revision of Assessments on March 15, 1906, and entered on March 15, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessments shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 14, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes in the

Borough of Brooklyn.

All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the widening of Roebbing street, from the Bridge Plaza at South Fourth street to Union avenue, in the Borough of Brooklyn. A map showing the property to be sold is filed in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

FRIDAY, APRIL 20, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall

be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO, OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes, in the

BOROUGH OF BROOKLYN.
All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the extension of Grand street, from the intersection of Havemeyer street and South Fourth street to Hooper street, in the Borough of Brooklyn.

A map showing the property to be sold is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

TUESDAY, APRIL 17, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted, and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

BOARD OF TRUSTEES OF THE COLLEGE OF THE CITY OF NEW YORK.

PROPOSALS FOR BIDS OR ESTIMATES FOR SUPPLIES.

SEALED BIDS OR ESTIMATES WILL BE received by the Chairman of the Board of Trustees of the College of The City of New York at the office of the Board, No. 17 Lexington avenue, in The City of New York, until 12 o'clock noon on

THURSDAY, MARCH 29, 1906.

FOR FURNISHING AND DELIVERING CHEMICAL SUPPLIES, MATERIALS AND APPARATUS FOR THE DEPARTMENT OF PHYSICS OF THE COLLEGE OF THE CITY OF NEW YORK.

The time for the delivery of the articles, materials and supplies and the performance of the contract is between the 1st and 30th days of June, 1906, or thereafter from time to time as may be directed by the Professor of Physics not later than December 31, 1906.

The amount of security will be fifty per cent. (50%) of the amount of the bid or estimate.

For particulars as to the quantity and quality of the supplies or of the nature and the extent of the work required or of the materials to be furnished, bidders are referred to the specifications and the blank proposals and lists of articles, materials, supplies and apparatus to be furnished and delivered to the places designated. Such work and materials must conform in every respect to the specifications and schedules. The quality of the articles, supplies, goods, wares and merchandise must conform to and must be the same or equal in quality, character, finish and design to the samples furnished, or to those described by the names of well-known dealers and manufacturers, and referred to by catalogue numbers. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Board of Trustees. Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Board of Trustees in passing upon tenders. Bidders must state the price of each item. Awards will be made to the lowest bidder on each item whose goods are the same or equal to the samples furnished for inspection or referred to by catalogue number.

Bidders shall describe the various items by reference to the particular maker's catalogue or circular, or by the submission of a sample. Only one bid will be received from a bidder for each item.

Samples will be on exhibition at the College of The City of New York, No. 17 Lexington avenue, Room 15, until the bids are opened.

All goods must be delivered as directed, in the original bottles or packages, at the Department of Physics, the College of The City of New York, One Hundred and Fortieth street and Convent avenue, Borough of Manhattan (unless otherwise stated in the specifications). The weight, measure, etc., will be allowed as received at the institution.

No charge will be allowed for freight expenses, boxes or cartage, but boxes may be taken away by the contractor.

Contractors who fail to make prompt deliveries will be considered as in default and debarred from bidding in the future.

Bidders are requested to make their bids or estimates upon the blank form prepared by the said Board of Trustees, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the College of The City of New York, and any further information can be obtained at the office of the said college, corner of Lexington avenue and Twenty-third street, Borough of Manhattan.

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening VANDERBILT AVENUE, WEST, although not yet named by proper authority, from East One Hundred and Seventy-third street to Pelham avenue, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

IN RE APPLICATION OF ELIZABETH Ransford for damage to Lot No. 65, Block 3028, by reason of the destruction of her private easements caused by the closing, discontinuance and abandonment of Old Quarry road or Valentine avenue or East One Hundred and Seventy-eighth street, from Webster avenue to Vanderbilt avenue, West.

We, the Commissioners of Estimate and Assessment in the above-entitled proceeding, having been directed by order of the Appellate Division of the Supreme Court, dated the 17th day of June, 1904, and filed in the office of the Clerk of the County of New York, on the 15th day of July, 1904, to ascertain and determine the compensation that should justly be made to Elizabeth Ransford, by reason of the destruction of her private easements caused by the closing, discontinuance and abandonment of Old Quarry road or Valentine avenue or East One Hundred and Seventy-eighth street, from Webster avenue to Vanderbilt avenue, West, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 31st day of March, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 2d day of April, 1906, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 10th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, and being that part of Old Quarry road or Valentine avenue or East One Hundred and Seventy-eighth street, Block 3028, bounded by Webster avenue, Vanderbilt avenue (Park avenue), West, East One Hundred and Seventy-eighth street and East One Hundred and Seventy-ninth street and known as Lot No. 1.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 15th day of May, 1906, at the opening of the Court on that day.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to MORRIS PARK AVENUE (although not yet named by proper authority), from West Farms road to Bear Swamp road (at the lands of the Morris Park Race Course), in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 2d day of April, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 4th day of April, 1906, at 1 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 12th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line drawn parallel to and distant 300 feet easterly from the easterly line of Bronxdale avenue (Bear Swamp road) with the easterly prolongation of a line drawn parallel to and distant 650 feet northerly from the northerly line of Morris Park avenue; running thence southerly along

said line parallel to Bronxdale avenue to its intersection with the easterly prolongation of a line drawn parallel to and distant 650 feet southerly from the southerly line of Morris Park avenue; thence westerly along said prolongation and parallel line to its intersection with the southerly prolongation of the middle line of the blocks between Bronxdale avenue and Rose street; thence southerly along said prolongation to its intersection with a line drawn parallel to and distant 1,000 feet southerly from the southerly line of Morris Park avenue; thence westerly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of Unionport road; thence southerly along said parallel line to its intersection with the easterly prolongation of the southerly property line of that portion of the New York, New Haven and Hartford Railroad lying west of Unionport road; thence westerly along said prolongation and property line to its intersection with a line drawn parallel to and distant 300 feet southerly from the southerly line of that portion of West Farms road lying north of the said railroad; thence westerly along said parallel line to its intersection with the southwesterly prolongation of a line drawn parallel to and distant 650 feet northwesterly from the northwesterly line of Morris Park avenue; thence northeasterly and easterly along said line parallel to Morris Park avenue to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 29th day of May, 1906, at the opening of the Court on that day.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
