Rapid Transit Railway—Modification of Southern Boulevard and Whitlock Avenue Route (Cal. No. 4).

Consideration of the communication from the Public Service Commission for the First District transmitting for approval resolutions adopted by said Commission modifying and amending the route and general plan of construction of the Southern Boulevard and Whitlock Avenue Route, Borough of The Bronx, so as to provide for a subsurface passageway connecting the Hunts Point Road Station of the Southern Boulevard and Whitlock Avenue route with the Hunts Point Road Station of the New York, New Haven and Hartford Railroad and the New York, Westchester and Boston Railway Company.

This communication was presented to the Board at the meeting of December 21, 1917 (Cal. No. 183), when, by resolution duly adopted, December 28, 1917, was fixed as the day for consideration, and the matter also referred to the Committee on Transit and the Comptroller for report.

An examination of the advertisement of the notice of the hearing disclosed the fact that said notice was defective in that it omitted a part of the description of the proposed amendment. In order to remove any doubt as to the regularity of the proceeding, it was suggested that a new hearing be held on the proposed amendment.)

(On December 21, 1917 (Cal. No. 133), the matter was laid over until January 4, 1918, and on the latter date (Cal. No. 33) a resolution was adopted fixing January 18, 1918, as the date for a new hearing in the matter.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that the resolution entitled: "A resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," adopted July 25, 1916, be and the same is hereby amended by changing Use District Map, Section No. 9, so as to include in an unrestricted district all that area not now so included on both sides of William street within 100 feet thereof, between a line parallel to Webster avenue and 100 feet southerly therefrom, measured at right angles, and a line parallel to Beebe avenue and 100 feet southerly therefrom, measured at right angles, Borough of Queens, as shown upon a map bearing the signature of the Secretary of the Committee on the City Plan and dated October 24, 1917.

Department of Education—Transfer of Funds (Cal. No. 7).

The Secretary presented a resolution adopted December 26, 1917, by the Board of Education, requesting that \$2,165.73, representing proceeds realized from the sale of products of the Manhattan Trade School for Girls, be transferred to the Special Trade School Fund of the Department of Education; and the following report of the Comptroller recommending approval thereof:

January 15, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On December 26, 1917, the Board of Education requested the appropriation to the Special Trade School Fund, in accordance with section 1066 of the Greater New York Charter, of \$2,165.73, representing proceeds realized from the sale of products of the Manhattan Trade School for Girls. In regard to this request the Secretary of the Committee on Education reports as follows:

"The Manhattan Trade School for Girls, which is situated at 209-213 East Twenty-third Street, near Third Avenue, prepares girls to enter trades, and endeavors to place them in positions in which they can earn good wages and have opportunity to advance themselves until they become skilled workers. The school offers training in the following trades: Dressmaking, millinery, clothing, machine operating, straw machine operating, embroidery machine operating, kid glove operating, sample mounting, novelty work, lamp shade making and fancy feather making. In connection with the training for these trades, girls are also taught designing, drawing, English, business arithmetic and accounts.

"No provision is made in the annual Budget for funds with which to purchase the necessary supplies for use in the Manhattan Trade School for Girls, the money required for this purpose for this school being obtained in full from the sale of the products of the school. During the year 1917 the funds accruing from this source amounted to \$21,774.77. The money realized from the sale of products from this and other vocational and trade schools is, from time to time, paid into the City Treasury and credited by the Auditor of Receipts to a suspense account entitled S-109 G, Sales of Property by the Board of Education, pursuant to the provisions of section 1066 of the Greater New York Charter, which reads in part as follows:

"The said board may sell at prices as may be agreed upon such manufactured articles or other products of any of its schools, day and evening, as may not be utilized by the board of education, and all moneys realized by the sale thereof shall be paid into the city treasury and shall at once be appropriated by the board of estimate and apportionment to a special fund to be administered by the board of education for such purposes as said board, in its discretion, may determine."

"The account opened by the Auditor of Disbursements for this particular school is designated as Code S-462, Special Trade School Fund, Borough of Manhattan, Manhattan Trade School for Girls. This fund now has a cash balance of \$19,451.82. In order to comply with the provisions of the Charter, the \$2,165.73 in question will have to be transferred by resolution from suspense account S-109 G, Sales of Property by the Board of Education, to the fund S-462, Special Trade School Fund, Borough of Manhattan, Manhattan Trade School for Girls." In view of the foregoing facts, I recommend the adoption of the attached resolution granting the request. Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 1066 of the Greater New York Charter, as amended, hereby appropriates to the special funds of the Department of Education two thousand one hundred and sixty-five dollars and seventy-three cents (\$2,165.73), which amount was realized from the sale of products of the Manhattan Trade School for Girls, and transfers said moneys—

FROM		
S-109G	Sales of Property, Department of Education	\$2,165 73
TO		
S-462	Special Trade School Fund, Borough of Manhattan, Manhattan Trade School for Girls	\$2,165 73

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

Department of Docks and Ferries—Transfer of Appropriation (Cal. No. 8).

The Secretary presented a communication, dated December 24, 1917, from the Acting Commissioner of Docks, requesting transfer of funds within appropriation for 1917; and the following report of the Comptroller recommending approval thereof:

January 14, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On December 24, 1917, the Acting Commissioner of Docks requested transfer within funds appropriated to his department for the year 1917.

The Bureau of Contract Supervision, to which the request was referred on December 31, 1917, reports thereon as follows:

"It is proposed that \$245 be transferred from 'Code No. 2852—Hire of Horses and Vehicles with Drivers'—to 'Code No. 2850—Repairs and Replacements.'"

"In the 1917 Budget the sum of \$60,245 was appropriated to be used by the several bureaus of the Department of Docks and Ferries for 'Repairs and Replacements.' There now remains an unencumbered balance of \$204.14 in the fund."

"The purpose of the transfer is to pay outstanding bills for work done in 1917, the said bills having been rendered prior to January 1, 1918, as follows:

James Shewan—Repairs to tug 'Manhattan'.....	\$220 40
Underwood Typewriter Company—Repairs to Typewriter.....	5 81
Thomas A. Glendenning—Repairs to Docks, etc.....	67 40
Thomas D. McNamara—Repairs to Ferryboat 'Manhattan'.....	55 00
Hayden and Derby Mfg. Co.—	
Repairs to Injector	19 22
Repairs to Injector	26 00
	\$393 83

"There remains an unencumbered balance of \$245.59 in Code No. 2852 which is to be debited."

"The aggregate of the bills rendered (\$393.83) as compared with the amount available in Code No. 2850 shows a deficit in the account of \$189.69. It is stated by the Department, however, that there are a few other small outstanding bills for emergent repairs that will exhaust the amount requested to be transferred."

"In order that the account 2852 may be closed on the books of the Finance Department it is suggested that the entire balance, \$245.59, be transferred."

I recommend the adoption of the attached resolution, which will grant the request as suggested. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated to the Department of Docks and Ferries for the year 1917, as follows:

FROM	
2852 Hire of Horses and Vehicles with Drivers.....	\$245 59
TO	
2850 Contract or Open Order Service, Repairs and Replacements.....	\$245 59

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

County Clerk, Kings County—Transfer of Appropriation (Cal. No. 9).

The Secretary presented the following report of the Comptroller:

January 5, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The County Clerk of Kings County applied to the Board of Estimate and Apportionment in a communication dated January 4, 1918, for transfer of funds to meet three bills which have been transmitted to the Department of Finance amounting to \$110.22. These bills are for expenditures incurred by three employees of that office in visiting Albany during the year 1917 in the interest of legislation increasing the fees of his office as follows:

Thomas M. Burke	\$36 74
August H. Brandt	36 74
George A. Colgan	36 74

There are no available balances in the 1917 appropriations for the office of the County Clerk from which to meet this expenditure. Inasmuch as the service was rendered in a successful endeavor to increase the fees of the office it seems proper that the bills should be paid. In order to do so it will be necessary to provide the funds by transfer and it is recommended that \$110.22 be transferred from Code 3509, 1917, Kings County Fund for Salary and Wage Accruals, to Code 3373, 1917, Contingencies, Kings County Clerk.

The adoption of the attached resolution will effect the transfer referred to.

Respectfully, CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer of funds within appropriations made to the County of Kings, for the year 1917, as follows:

FROM	
MISCELLANEOUS, KINGS COUNTY.	
3509 Kings County Fund for Salary and Wage Accruals.....	\$110 22
TO	
COUNTY CLERK, KINGS COUNTY.	
3373 Contingencies	\$110 22

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Kings County Fund for Salary and Wage Accruals; Contingencies, Kings County—Transfer of Appropriation (Cal. No. 10).

The Secretary presented the following report of the Comptroller:

January 11, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—A voucher has been filed in the Department of Finance in favor of Clyde H. Marshall, one of the Official Stenographers of the Supreme Court, Kings County, for the sum of \$113.20 for furnishing the Governor of the State of New York and the County Clerk of Kings County each with a transcript of the minutes in the case of the People vs. Johann Berg. The defendant was convicted of murder in the first degree and sentenced to death. The minutes cover 256 pages, aggregating 566 folios at 10 cents per folio, \$56.60 in each copy, making a total of \$113.20.

The copy to the Governor was furnished pursuant to section 493 of the Code of Criminal Procedure, and the charges therefor are mandatory and proper county charges. The Code reads:

"Section 493. The judge, presiding at the term at which the conviction took place, must immediately thereupon transmit to the governor a statement of the conviction and sentence, with the notes of testimony taken upon the trial by him or the notes, written out, taken by a stenographer or assistant stenographer, attending the court or term pursuant to law."

The copy to the County Clerk was furnished pursuant to section 456 of the Code of Criminal Procedure, which reads in part:

"Where the defendant is convicted of a crime the clerk of the court * * * shall * * * notify the stenographer that an appeal has been taken, whereupon the stenographer shall * * * deliver to the clerk of the court a copy of the stenographic minutes * * * of the trial * * *. The expense of such copy shall be a county charge, payable to the stenographer out of the court fund upon the certificate of the judge presiding at the trial."

These charges are also mandatory and a proper county charge. The vouchers referred to are approved by the County Clerk, and the Presiding Judge, under date of December 20, 1917, issued an order to the Comptroller to make payment thereof.

In view of the fact that no specific funds were appropriated in the 1917 budget for payment of charges of this character, and that there is no available balance in the contingency appropriation for Kings County (Code 3514) from which said charges may be paid, it is suggested that a transfer of \$113.20 be made from Code 3509, Kings County Fund for Salary and Wage Accruals, to Code 3514, Contingencies, Kings County. It is therefore respectfully recommended that the attached resolution effecting such transfer be adopted. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer

Kings County Fund for Salary and Wage Accruals; Contingencies, Kings County—Transfer of Appropriation (Cal. No. 11).

The report was withdrawn by the Comptroller.

Kings County Fund for Salary and Wage Accruals; Contingencies, Kings County—Transfer of Appropriation (Cal. No. 12).

The Secretary presented the following report of the Comptroller:

January 11, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—There has been filed in the Department of Finance a voucher in favor of the Royal Law Printing Company, in the sum of \$96.85, for printing the record and judgment roll in the case of the People vs. Conrad Hart. The defendant was convicted of murder in the first degree and sentenced to death. The services rendered consisted of printing

105 pages, including index, at 85c per page (30 copies).....	\$89 25
6 pages matter cancelled.....	5 10
Covers	2 50

Total..... \$96 85

The bill was ordered paid by the presiding Judge, which order was filed in the Kings County Clerk's office December 10, 1917.

Under the provisions of subdivision 8 of section 485 of the Code of Criminal Procedure, the charge is mandatory and is a proper County charge. The section of the code referred to reads:

"When the judgment is of death, the clerk of the court in which the conviction was had shall * * * cause to be prepared and printed * * * the record and judgment roll * * *"

"* * * The expense of preparing and printing the judgment roll in such case shall be a county charge, payable out of the county fund. * * *"

There being no available balance in the 1917 appropriations for Kings County from which this charge may be properly paid, it is suggested funds be provided by a transfer of \$96.85 from Code 3509, Kings County Fund for Salary and Wage Accruals, to Code 3514, Contingencies, Kings County. The adoption of the attached resolution effecting such transfer is therefore recommended. Respectfully,

CHARLES L. CRAIG, Comptroller.

Richmond County Fund for Salary and Wage Accruals; County Clerk; Board of City Record, Richmond County—Transfer of Appropriation (Cal. No. 13).

The Secretary presented a communication, dated December 27, 1917, from the Supervisor of the City Record, requesting transfer from Richmond County Fund for Salary and Wage Accruals for 1917; and the following report of the Comptroller relative thereto:

January 14, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On December 27, 1917, the Supervisor of the City Record requested transfer of available funds to meet a deficiency in an appropriation made to his office for Richmond County purposes, which has since been verbally amended by reducing the amount to \$841.50.

The Bureau of Contract Supervision, to which this request was referred on December 29, 1917, reports thereon as follows:

"The original 1917 appropriation for printing, stationery and blank books for various county offices and courts of Richmond County, other than the Supreme Court, was \$1,705, the amount requested by the Supervisor in his departmental estimate for the year 1917. Since January 1, 1917, there have been three transfers to this appropriation, amounting to \$577.50. As of January 14, 1918, there is an unencumbered balance in this fund of \$258.30, with liabilities of \$1,099.80 still to be met. One item is for the printing of statement and return forms used by the Board of County Canvassers of Richmond County in making a canvass of the vote cast at the recent election, costing \$132.50. Another is for the following books ordered by the County Clerk on October 1, 1917:

	Cost.
8 Indexes to Grantors.....	\$193 60
10 Indexes to Grantees.....	242 00
12 Indexes to Mortgagors.....	290 40
9 Indexes to Mortgagees.....	217 80
1 Oath Register	23 50
	\$967 30

"As these books were required by the County Clerk to be put into use on January 1, 1918, the Supervisor issued an order for these books on October 12, 1917. The deficiency in this appropriation will therefore be \$841.50."

"In lieu of an issue of special revenue bonds to meet this deficiency, the Supervisor waited until funds would be available for transfer. It is suggested that the sum be transferred from the following accounts:

COUNTY CLERK, RICHMOND COUNTY.	
3654 Contingencies	\$800 00
MISCELLANEOUS, RICHMOND COUNTY.	
3729 Richmond County Fund for Salary and Wage Accruals.....	41 50

\$841 50

"When books are ordered and delivered in a year prior to that in which they are to be used, as in this case, it is the custom to pay the cost of such books from the appropriation of the year in which the books are ordered. It is also upon this basis that appropriations for a large number of blank books are annually made in the budget. The County Clerk states that the \$800 mentioned above is available for transfer."

In view of the foregoing, I recommend the adoption of the attached resolution granting the request and transferring the amount of the deficiency from the above mentioned balances, which action requires the unanimous vote of the Board.

Respectfully, CHARLES L. CRAIG, Comptroller.

Richmond County Fund for Salary and Wage Accruals; Sheriff, Richmond County—Transfer of Appropriation (Cal. No. 14).
The Secretary presented the following report of the Comptroller:

January 7, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The December payroll of the office of the Sheriff of Richmond County, payable from Code 3677, 1917, is \$18 in excess of the available balance in that account. This condition is due to the transfer therefrom to the Richmond County Fund for Salary and Wage Accruals of amounts which it now appears were required in the fund referred to.

In order to correct this condition, and to provide a sufficient balance to permit of the payment of the payroll, it is suggested that \$18 be transferred from Code 3729, Richmond County Fund for Salary and Wage Accruals, to Code 3677, 1917, Sheriff, Richmond County, Personal Service, Wages Regular Employees, Care of Prisoners. The adoption of the attached resolution effecting such transfer is therefore recommended. This resolution requires the unanimous vote of the Board.

Respectfully, CHARLES L. CRAIG, Comptroller.

Which was laid over one week (January 25, 1918), under Rule 19, and referred to the Committee on Finance and Budget for report meanwhile.

Bureau of Contract Supervision.

Department of Water Supply, Gas and Electricity—Approval of Contract, Specifications, Etc. (Cal. No. 17).

(On January 11, 1918 (Cal. No. 88), the request of the Commissioner of Water Supply, Gas and Electricity herein was referred to the Bureau of Contract Supervision.)

The Secretary presented a communication, dated January 8, 1918, from the Commissioner of Water Supply, Gas and Electricity, requesting approval of form of contract, specifications, etc., for furnishing and delivering corporation cocks for the use of the department at an estimated cost of \$4,460; and the following report of the Bureau of Contract Supervision relative thereto:

January 15, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On January 11, 1918, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Water Supply, Gas and Electricity, dated January 8, 1918, requesting approval of form of contract, specifications and estimate of cost, \$4,460, for furnishing and delivering corporation cocks at the 24th street storehouse, Manhattan; the cost to be charged against funds as follows:

Tax Levy, 2239TW..... \$2,418 35
Water Revenue, S-885 (2239TW) 1,740 65
Corporate stock—
C. D. W.—12..... 47 90
C. D. W.—13..... 205 20
C. D. W.—14..... 23 95
C. D. W.—15..... 23 95

Total..... \$4,460 00

The tax levy fund, 2239TW, and water revenue account, S-885, are the general material budget accounts. Corporate stock funds "C. D. W.—12, Water Fund, Borough of Brooklyn," "C. D. W.—13, Water Fund, Boroughs of Manhattan and The Bronx," "C. D. W.—14, Water Fund, Borough of Queens," and "C. D. W.—15, Water Fund, Borough of Richmond," were authorized by the Board of Estimate and Apportionment, in additional amounts of \$195,000 on May 11, 1917; \$42,000 on September 28, 1917; \$85,000 on May 11, 1917, and \$60,000 on May 11, 1917, respectively, and the unencumbered balances on January 1, 1918, were approximately \$11,000, \$51,200, \$19,600 and \$16,800, respectively.

The corporation cocks purchased from budget funds are for new house connections and the cost is returned to the City by the house owner. Those purchased from corporate stock funds are replacements, where the services are changed from an existing pipe to a new one and where a house owner has already paid for connections.

In 1917 approximately \$960 was spent for corporation cocks from corporate stock funds and about \$9,660 from budget funds. In the 1918 budget \$7,140 was allowed for corporation cocks.

The form of contract and specifications are satisfactory, but the estimate of cost was evidently made up on prices existing early in 1917 and is now too low.

At present market prices the quantities included in the proposed contract would cost about \$6,125, instead of \$4,460.

The department has, therefore, revised the quantities requested, as follows:

Size.	Original Request.	Revised Request.
5/8 inch	\$2,500 00	\$2,500 00
3/4 inch	500 00	500 00
1 inch	400 00	300 00
1 1/2 inch	100 00	50 00
2 inch	150 00	50 00

At existing market prices the total cost will be \$4,585, to be charged to funds as follows:

Tax Levy, 2239TW..... \$2,483 90
Water Revenue, S-885..... 1,784 30
Corporate Stock, C. D. W. 12..... 50 00
Corporate Stock, C. D. W. 13..... 216 80
Corporate Stock, C. D. W. 14..... 25 00
Corporate Stock, C. D. W. 15..... 25 00

Total..... \$4,585 00

The supplies requested are necessary and the revised estimate of cost is based on present market quotations.

I recommend the adoption of the attached resolution approving the contract as revised. Respectfully, FRANCIS P. BENT, Director.

The Secretary also presented the following communication from the Commissioner of Water Supply, Gas and Electricity:

The City of New York, Department of Water Supply, Gas and Electricity, January 18, 1918.

Hon. CHARLES L. CRAIG, Comptroller, Municipal Building, New York City:

Dear Sir—This is in reference to our conversation of yesterday concerning items Nos. 17 and 18 on to-day's calendar of the Board of Estimate and Apportionment. I annex hereto memorandum showing the record of department purchases and the rate of consumption of the two articles referred to. I do not believe the department could defer the intended purchases of these supplies. The number of leaks that have developed in our distribution system have become so great that the consumption of lead has correspondingly increased. Respectfully,

NICHOLAS J. HAYES, Commissioner.

Memo.—Proposed contract for the purchase of 100,000 pounds of pig lead.
Purchased in 1917 340,000 pounds
Consumed in 1917 333,600 pounds

Purchased in 1917 8,206

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, specifications and estimate of cost in an amount of four thousand five hundred and eighty-five dollars (\$4,585) for furnishing and delivering corporation cocks in the Borough of Manhattan, for use of the Department of Water Supply, Gas and Electricity, the cost to be charged to funds as follows:

Tax Levy, "2239TW, Materials, General"..... \$2,483 90
Water Revenue, "S-885, Materials, General"..... 1,784 30
Corporate Stock—
"C. D. W. 12, Water Fund, Borough of Brooklyn"..... 50 00

"C. D. W. 14, Water Fund, Borough of Queens"..... 25 00
"C. D. W. 15, Water Fund, Borough of Richmond"..... 25 00

\$4,585 00

—provided that, if no bids are received for the work within the estimated cost, no award of the contract shall be made until the estimate of cost be reconsidered by the Board of Estimate and Apportionment or an official designated by the Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

Department of Water Supply, Gas and Electricity—Approval of Contract, Specifications, Etc. (Cal. No. 18).

(On January 11, 1918 (Cal. No. 89), the request of the Commissioner of Water Supply, Gas and Electricity herein was referred to the Bureau of Contract Supervision.)

The Secretary presented a communication, dated January 8, 1918, from the Commissioner of Water Supply, Gas and Electricity, requesting approval of form of contract, specifications, etc., for furnishing and delivering pig lead for the use of the department, at an estimated cost of \$11,500; and the following report of the Bureau of Contract Supervision relative thereto:

January 15, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On January 11, 1918 (Cal. No. 89), you referred to the Bureau of Contract Supervision a communication from the Commissioner of Water Supply, Gas and Electricity, dated January 8, 1918, requesting approval of form of contract, specifications and estimate of cost in an amount of \$11,500 for furnishing and delivering 100,000 pounds of pig lead at the 24th street storehouse, Manhattan, the cost to be charged against funds as follows:

Tax Levy 1918, 2239 T. W..... \$1,035 00
Water Revenue 1918, S-885 (2239 T. W.)..... 345 00
Corporate Stock Funds—
C. D. W. 12 2,645 00
C. D. W. 13 5,290 00
C. D. W. 14 1,265 00
C. D. W. 15 920 00
Total \$11,500 00

Code "2239 T. W., Materials, General," was allowed in the 1918 budget at a total amount of \$76,105, of which \$59,712 was from tax levy and \$16,393 from water revenue. The total allowance for pig lead was \$6,600.

Corporate stock funds "C. D. W. 12, Water Fund, Borough of Brooklyn," "C. D. W. 13, Water Fund, Boroughs of Manhattan and The Bronx," "C. D. W. 14, Water Fund, Borough of Queens," and "C. D. W. 15, Water Fund, Borough of Richmond," were authorized by the Board of Estimate and Apportionment in additional amounts of \$105,000 on May 11, 1917, \$42,000 on September 28, 1917, \$85,000 on May 11, 1917, and \$60,000 on May 11, 1917, respectively, and the unencumbered balances on January 1, 1918, were approximately \$11,000, \$51,200, \$19,600 and \$16,800, respectively.

The lead purchased from budget funds is to be used for repair and replacement work and that purchased from corporate stock funds for new work, which is a proper corporate stock charge.

The proposed contract will provide 12,000 pounds from budget funds and 88,000 pounds from corporate stock funds. In 1917 about 75,000 pounds were purchased with budget funds and 210,000 pounds with corporate stock funds.

The form of contract and specifications are standard, but the estimate of cost, eleven and one-half cents per pound, may be reduced to eight cents, which is slightly above the present market price.

This will reduce the total estimated cost to \$8,000, to be charged as follows:

Tax Levy 2239 T. W..... \$720 00
Water Revenue S-885 240 00
Corporate Stock—

Board of Estimate and Apportionment—Relief from Scarcity of Coal (Cal. No. 28).

(On January 11, 1918 (Cal. No. 144), the Board adopted a resolution requesting the representatives in Congress from the City of New York to use their utmost efforts with the constituted authorities controlling the transportation and delivery of coal to relieve the situation in the City at once.)

The Secretary presented the following communications, which were ordered printed in the Minutes and filed:

House of Representatives, Washington, D. C., January 12, 1918.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, City of New York, Municipal Building, New York, N. Y.:

My dear Mr. Haag—I beg to acknowledge receipt of your letter of 11th instant advising me of resolution adopted by your Board anent present shortage of coal in the Greater City of New York, and in reply beg to state that I have brought the matter to the attention of U. S. Fuel Administrator Harry A. Garfield and filing with him your letter.

For your information would advise that Dr. Garfield has assigned Mr. P. B. Noyes, Chief of the Conservation Division of the Fuel Administration, to go immediately to New York to advise with State Fuel Administrator Albert H. Wiggins with regard to necessary curtailment of the use of coal by industries, theatres and amusements.

Overcrowded terminal facilities and transfer facilities in New Jersey have seriously interfered with the prompt delivery of large quantities of coal which through the efforts of the Fuel Administration have been sent to these terminals for trans-shipment to New York. At present large quantities of coal are in cars and in coal pockets at these New Jersey points. In spite of the fact that this coal is available for use in New York, it has been found impossible to transport across the North River and New York Bay a sufficient daily supply of coal to meet the normal needs of the City and it is for this reason State Administrator Wiggins finds it necessary to curtail the consumption of coal in New York, and Conservation Director Noyes will co-operate. (This paragraph is quoted from the statement of Edward S. Rochester, Editor of The Official Bulletin, January 12, 1918, and just released.)

I shall gladly co-operate with the other Members from New York regarding this situation. Very sincerely yours,

OSCAR WM. SWIFT, M. C.

House of Representatives, U. S., Washington, D. C., January 13, 1918.

Mr. JOSEPH HAAG, New York City, N. Y.:

My dear Sir—I note the contents of your communication bearing date January 11th, this A. M. received. I will confer with the members of the New York Delegation with the hope that relief may be obtained. Sincerely yours,

HARRY HOWARD DALE.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, Municipal Building, New York City, N. Y.

Dear Sir—Permit me to acknowledge receipt of your letter of the eleventh instant transmitting on behalf of the Board of Estimate and Apportionment copy of its resolution relative to the critical coal situation.

Prior to the receipt thereof I had called the matter to the attention of Hon. Harry A. Garfield, Fuel Administrator, and urged stringent action to remedy existing conditions.

I will otherwise act as I see an opportunity to be of service, and if your have any suggestions to make shall be pleased to follow the same. Yours very truly,

REUBEN HASKELL.

House of Representatives, U. S., Committee on Expenditures in the Post Office Department, Washington, D. C., January 14, 1918.

Mr. JOSEPH HAAG, Secretary, Municipal Building, New York City:

My dear Mr. Haag—Your letter of January 11th requesting the Representatives in Congress from New York City to use their utmost efforts to relieve the coal situation in New York City has been received.

I have been hammering on this situation for a week without results. We have too many committees in Washington, too many priorities and too many regulations and everything suffers from red tape, theorizing and almost an utter lack of driving power in those at the head of things.

I will do what I can in response to this letter but have very little hope that the situation will receive any immediate relief. Very truly yours,

GEO. B. FRANCIS, by E. M. ROGERS, Secretary.

From City, Borough and County Officials.

Department of Finance—Statements Relative to Authorizations for Non-revenue Producing Improvements, Unencumbered Cash Balances, Approximate Encumbrances and Method of Financing Balances (Cal. No. 29).

The Secretary presented the following communication from the Comptroller:

January 15, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—There is submitted herewith for the information of the Board, and for the consideration of its Finance Committee, Statement "A" showing authorizations for non-revenue producing improvements not yet issued on January 7, 1918, (\$18,852,975.29), together with the cash balances (\$290,827.54), then to the credit of the corresponding accounts.

Statement "B" herewith shows that these authorizations are to be financed pursuant to the "pay-as-you-go" law (section 169 of the Charter), in approximately equal amounts from serial bond issues and from the tax budgets, \$9,103,957.39 and \$9,749,017.90, respectively. It is now the practice to issue corporate stock notes (section 189 of the Charter) for the portion of the cost of non-revenue producing improvements to be met out of fifteen-year serial bonds and to issue tax notes (section 189 of the Charter) for that portion of the cost to be included in the tax budgets.

Particular attention should be given by your Finance Committee and by the heads of the departments for which the authorizations were made to the possibility of rescinding any portion of these authorizations which are not absolutely required.

The authorizations arose out of the resolution of the Board of Estimate and Apportionment of September 12, 1914, embodying the agreement of the Board with the bankers that thereafter provision should be made for non-revenue producing improvements, as follows:

	From Serial Bonds.	From Budget.
1914-1915.....	1/4	3/4
1916.....	1/2	1/2
1917.....	3/4	1/4
1918 and thereafter.....	..	4/4

It will be noted that the statement herewith shows that of the \$18,852,975.29 authorized but not encumbered on January 7, 1918, \$9,559,121.23 is for "Gary" schools and \$2,237,303.81 is for "Non-Gary" schools.

The unencumbered portions of the authorizations may be rescinded by action of the Board of Estimate and Apportionment.

As to the unencumbered cash balances of the authorizations, they may be transferred, pursuant to section 237 of the City Charter, as amended by section 220 of the Laws of 1917, to an account entitled "moneys available for permanent improvements

for which corporate stock may lawfully be issued," and the fund thus created may be applied by the Board of Estimate and Apportionment to any purpose for which serial bonds may be used.

From December 1, 1917, to January 7, 1918, as shown by Statement "C," herewith, the authorizations of various departments for non-revenue producing improvements have been encumbered in approximately the sum of \$1,555,000, so that if rescindments of authorizations or transfers of cash balances are to be made, it is important that they shall be made promptly. Respectfully,

CHARLES L. CRAIG, Comptroller.

President, Borough of Manhattan—Transfer of Appropriation (Cal. No. 31).

The Secretary presented a communication dated January 11, 1918, from the President of the Borough of Manhattan requesting the transfer of necessary funds from unexpended balances of appropriations for the year 1917, to provide for the compensation of Plumbers in his office at \$6 per day, from July 1, 1917.

Which was referred to the Comptroller.

President, Borough of Manhattan—Waiver of Provisions and Requirements of Resolution Adopted July 11, 1912, Relative to Appropriation for Construction of Sewer in East 42d Street (Cal. No. 32).

(On October 5, 1917 (Cal. No. 80), this matter was referred to the Committee on Corporate Stock Budget.)

(On December 14, 1917 (Cal. No. 45), the report of the Committee on Corporate Stock Budget was presented (is printed in said Minutes) and the matter was laid over until December 21, 1917. At said meeting the matter was also referred to the Chief Engineer of the Board for consultation with the Consulting Engineer, Borough of Manhattan, and the Chief Engineer of Sewers of said Borough for report December 21, 1917. On December 21, 1917 (Cal. No. 147), a report of the Chief Engineer was presented (is printed in said Minutes) and a resolution adopted appropriating \$27,000 for this work.)

The Secretary presented the following communication from the President, Borough of Manhattan:

January 15, 1918.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, Municipal Building, Manhattan:

Dear Sir—On November 22, 1917, a very violent explosion, probably due to the accumulation of gasoline vapors, occurred in the sewer in East 42d Street, between the East River and Third Avenue. The power of the explosion was so great that it shattered the sewer structure from the East River to a point between Second and Third Avenues and that portion of the sewer which was not originally constructed in rock tunnel between the East River and First Avenue was completely shattered, the overlying earth forced upward and the sides of the sewer outward so as to leave the structure in a dangerous condition liable to collapse and close off flow entirely. On this section just referred to, the manholes were shattered and blown out so as to form craters about eight feet in diameter at the surface.

The funds appropriated for repair purposes having been exhausted, the then Commissioner of Public Works took up the matter of repairing this sewer with the Finance Department, whereupon he was informed that in an emergent condition like this it would be a proper procedure to immediately begin the repair of the sewer in order to save the City harmless from damage and to restore the street surface to a safe condition for public travel.

The nature of the funds to be appropriated for the repair of reconstruction of this sewer was left to the Board of Estimate to decide. On November 28 my predecessor addressed the Secretary of the Board of Estimate and Apportionment citing the above facts and asking approval by the Board of Estimate and Apportionment of the steps already taken and requesting the appropriation of funds to meet the cost of this work. This matter was considered by the Board of Estimate and Apportionment at their meeting on December 14, 1917, and at the same meeting there appeared on the calendar a report from Corporate Stock Committee of the Board on a previous request of my predecessor made on August 3, 1917, for funds to repair a portion of this sewer between First Avenue and Third Avenue made necessary by a previous explosion. In the meantime bids had been received under two alternatives; the first to reconstruct the sewer between the East River and First Avenue, and the second to include the entire work of reconstruction between the East River and First Avenue and the repair of the sewer between First and Third Avenues.

The President of the Borough of Manhattan requested the unanimous consent of the Board of Estimate and Apportionment to consider in connection with the report of the Corporate Stock Committee above mentioned, the later request for funds for the reconstruction just referred to and brought to the attention of the Board the fact that bids had been received, the amount thereof, the definite proposal contained in the contract, specification and plans, which matters were referred to the Chief Engineer of the Board of Estimate and Apportionment with instructions that he consult with the Consulting Engineer and Chief Engineer of Sewers of the Borough of Manhattan and report to the Board at the meeting to be held on December 21.

The Chief Engineer of the Board of Estimate caused an examination to be made on December 17, 1917, by an engineer of the Board, and he also called upon the Chief Engineer of the Bureau of Sewers for all information, reports, plans of the original sewer and plans and specifications of the proposed reconstruction, including the bids received for work to be performed and including the reports on previous explosions. The Chief Engineer reported to the Board on December 19, 1917, and, among other things, stated that between the East River and First Avenue the sewer has been almost entirely destroyed. Many sections of the crown and both sides are entirely down, some of these sections being over 40 feet in length. The large masses of brick masonry are hanging from those portions of the sides and crown still in place and earth in large quantities has fallen into the sewer. The brickwork still in place is split on both sides and sections of it have been forced backward into the surrounding soil a distance of from one foot to six inches. A few sections of the invert appear to be in fair condition, but are covered with large masses of fallen brick. * * * All the manholes have been wrecked and sections of the roadway, about 15 feet in length between the surface tracks, have fallen in, the tracks opposite the manholes being now supported by heavy timbers. Between the manholes the pavement has been forced upward about four inches. * * * In view of the conditions above described, there can be no question but that the sewer between the end of the tunnel and the East River must be entirely reconstructed. This is not a question of repair, and, while the report of the Bureau of Contract Supervision, dated November 24, 1917, suggests that the sewer could be put in fair condition at an expense of \$1,500, this report was undoubtedly written before the last explosion, which occurred on November 22. As to the manner in which the cost of this reconstruction should be met, it seems unfair to consider the payment of this expense from the Street Improvement Fund and the levying of any assessment. The original sewer was paid for by an assessment about forty years ago at a total expense of about \$51,200, and its present wrecked condition is not due to inadequate capacity or poor construction, but to a number of explosions of which there appear to have been four, namely, on June 30 and September 22, 1914, and on August 2 and November 22, 1917.

The Board authorized an issue of Corporate Stock amounting to \$27,000 for the repair and reconstruction of the sewer in East 42d Street, between First Avenue and the East River, at its meeting of December 21, 1917. Subsequently, my predecessor awarded a contract to the low bidder for the reconstruction of the 42d Street sewer between the East River and First Avenue and the contractor im-

mediately proceeded with the work. This contract was duly forwarded to the Comptroller for registration. Under date of January 9, 1918, Deputy Comptroller Joseph Johnson addressed me as follows:

"It does not appear that the Board of Estimate and Apportionment approved the Corporate Stock expenditure in accordance with its resolution of July 11, 1912, and I would request that the requisite approval be obtained so that the contract may be advanced for registration."

I would therefore request that this matter be placed upon the calendar of the Board of Estimate and Apportionment of January 18 for the consideration of the Board, and that the appended resolutions be adopted. Very truly yours,

FRANK L. DOWLING, President, Borough of Manhattan.

The following was offered:

Whereas, The Board of Estimate and Apportionment adopted the following resolution on July 11, 1912:

"Resolved, That all Boards, Departments, Bureaus, Commissions or Offices of The City or County Government authorized by this Board to incur obligations and execute contracts payable out of Corporate Stock other than such Corporate Stock as is issued for Rapid Transit purposes, or for work done under the jurisdiction of the Board of Water Supply, be and they hereby are directed to submit to this Board for its approval forms of contract, plans, specifications and estimates of cost pertaining to the same, prior to advertising for bids upon public works, funds for which are derived from Corporate Stock issues, and also are directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects for public works funds for which are derived from Corporate Stock issues, except that during the months of July, August and September said forms of contracts, plans, specifications, estimates of costs and preliminary and final agreements with architects shall be submitted to the Comptroller for his approval."

Whereas, The Board of Estimate at their meeting on December 14, 1917, referred the request of the President of the Borough of Manhattan for funds to make an emergency repair or partial reconstruction of the 42nd Street sewer, between the East River and Third Avenue, to the Chief Engineer of the Board of Estimate and Apportionment with the contract, specification, plans and bids for the performance of the work; and

Whereas, In the Chief Engineer's report to the Board (No. 17279) of December 19, 1917, sets forth the fact that an emergent condition then existed in 42nd Street, between First Avenue and the East River, due to the shattered condition of the sewer; and

Whereas, The Chief Engineer of the Board, in his report, stated that it seemed unfair to consider the payment of this expense from the Street Improvement Fund and the levying of any assessment, the original sewer having been assessed and the wrecked condition not being due to inadequate capacity or poor construction; and

Whereas, The Board of Estimate at its meeting of December 21, 1917 (Cal. No. 147), appropriated Corporate Stock to the extent of \$27,000 for the reconstruction of the sewer in 42nd Street, between the East River and First Avenue; and

Whereas, The Board of Estimate and Apportionment in their action of December 21, 1917, virtually approved the form of contract, plans, specifications and estimates of cost pertaining to this work; therefore,

Be It Resolved, That the provisions and requirements of the resolution of July 11, 1912, in so far as they require that forms of contract, plans, specifications and estimates of cost be submitted prior to advertising for bids upon public work be waived in this particular case; and

Be It Further Resolved, That the Board of Estimate hereby approves the actions of the President of the Borough of Manhattan in expeditiously handling this emergent matter.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of The Bronx—Appropriation for Repaving Streets (Cal. No. 33).

The Secretary presented a communication, dated January 12, 1918, from the President of the Borough of The Bronx, requesting an appropriation, \$460,000, for repaving work during the year 1918, and submitting schedule showing the streets to be repaved, and further requesting that when said appropriation is made that the Comptroller be notified to merge same with unexpended balances of previous appropriations for this purpose so that all repaving work done in said Borough during 1918 may be charged against a single account.

Which was referred to the Committee on Finance and Budget.

Schofield Street, Between Proposed Bulkhead Line of Long Island Sound and City Island Avenue, Borough of The Bronx—Sewer.

Riverdale Avenue, from Existing Sewer North of West 236th Street to West 238th Street, and West 238th Street, Between Riverdale Avenue and Johnson Avenue, with Temporary Connection at Johnson Avenue, and Across Spuyten Duyvil Parkway, from Johnson Avenue to Netherland Avenue, and Netherland Avenue, Between Spuyten Duyvil Parkway and West 239th Street, and West 239th Street, Between Netherland Avenue and Independence Avenue, Borough of The Bronx—Sewer (Cal. No. 34).

The Secretary presented two communications, dated January 12, 1918, from the President of the Borough of The Bronx, requesting that the Board grant preliminary authorization for the following local improvements:

(1) Construction of a sewer in Schofield Street between the proposed bulkhead line of Long Island Sound and City Island Avenue, as initiated by the Local Board of Chester on February 1, 1916.

Whereas, there is a great scarcity of coal and other fuel in The City of New York, caused by the lack of sufficient supply and the unnecessary hoarding thereof; and

Whereas, said lack of coal has produced a condition of want and suffering, seriously menacing the public health, safety and general welfare of the inhabitants of said City; and

Whereas, the foregoing conditions amount to a grave public emergency, necessitating the exercise of the power of eminent domain; now, therefore,

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Mayor of The City of New York is authorized and empowered by and through such person or persons as he may designate for that purpose, to take and acquire in the name and on behalf of The City of New York, coal situated within the limits of said City by whomsoever the same may be owned or possessed, in such quantities and amounts as said person or persons so designated by him, for such purpose, may determine to be necessary for the preservation of the public health, safety, general welfare and the relief of the poor of the City and which may be determined by said person or persons so designated by the Mayor to be unnecessary for the use of the person or corporation from whom the same may be taken and acquired.

Section 2. Upon the taking of such coal in the manner aforesaid, title thereto shall vest in The City of New York and the same shall be distributed in such manner as the Mayor may direct.

Section 3. Within 30 days after any such taking, The City of New York, by its Corporation Counsel, shall apply to the Supreme Court in the First Judicial District, upon notice, to have said Supreme Court, without a jury, ascertain and determine the compensation which should justly be made by The City of New York to the owner or owners of the coal so taken. Such notice shall be personally served upon the owner or owners of said coal so taken as aforesaid 5 days prior to the making of the application by the Corporation Counsel, and, in the event that personal service upon the owner or owners cannot be effected, said notice shall be given to such per-

sons and in such manner as the Supreme Court shall direct. Said Supreme Court, without a jury, upon such application, shall ascertain and determine the compensation which should justly be made to the owner or owners of the coal so taken, and shall make an award therefor to such owner or owners who shall be entitled to enter a judgment against The City of New York for the amounts awarded as such compensation. Such judgments may be reviewed in the manner prescribed by law for the review of final decrees in condemnation proceedings, under chapter XXI of the Greater New York Charter.

Section 4. The Comptroller of The City of New York is hereby authorized to settle and adjust in the manner prescribed by section 149 of the Greater New York Charter, any and all claims which any owner or owners of coal may have against said City by reason of the taking of such coal, as provided in this ordinance.

Section 5. Any person or persons designated by the Mayor to act under the provisions of this ordinance shall be freed from any personal liability for such acts as he or they may perform in carrying out the provisions of this ordinance, and the Comptroller of The City of New York is hereby authorized to execute a bond on behalf of The City of New York, indemnifying and holding such person or persons free and harmless from any and all actions at law or suits in equity or special proceedings which may be brought against him or them to recover damages or to prevent him or them from enforcing the provisions of this ordinance.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and ellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in the street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness, in the performance of the work, or in guarding the same, or from any improper or defective material or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further
