● Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)

Department of Probation (DOP)
Department of Small Business Services (SBS)

BOARD OF CORRECTION

■ NOTICE

CAPA REGULATORY AGENDA FY 2017

Pursuant to Section 626 of the New York City Charter, the New York City Board of Correction (the "Board") sets forth its regulatory agenda for the City's fiscal year 2017:

- SUBJECT:** Expansion of the Board's rules, set forth in Chapter 1 of Title 40 of the Rules of the City of New York ("Minimum Standards-Correctional Facilities"), concerning "the care, custody, correction, treatment, supervision, and discipline of all persons held or confined under the jurisdiction of" the New York City

Department of Correction (“DOC”) and, in particular, those inmates placed in restrictive housing.¹

- A. Reason: The current Chapter 1 rules do not detail the due process and other protections afforded inmates in connection with their placement in restrictive housing as a result of which the manner in which they would access programs and other services is altered as compared to inmates in the general population. The proposed rules would incorporate these additions.
- B. Anticipated contents: Amendments to Chapter 1: Minimum Standards-Correctional Facilities.
- C. Objectives:
 - (i) The current rules neither define nor categorize the various forms of restrictive housing in which inmates may be placed. Such definitions and categorization are required to ensure that due process and other protections are afforded to all inmates in connection with their placement in restrictive housing.
 - (ii) The current rules do not specify the due process or other protections to be afforded inmates with respect to their placement in restrictive housing. The proposed rules are not intended to alter a general due process mandate in the current rules, but rather, to detail what due process and other protections inmates are entitled to receive in connection with DOC’s determination of their placement in restrictive housing.
 - (iii) The current rules do not specify what restrictions, if any, apply to inmates placed in each type of restrictive housing, except for inmates placed in punitive segregation or Enhanced Supervision Housing (ESH). The proposed rules would specify what, if any, restrictions apply to such inmates.
- D. Legal Basis: Section 626(e) of the New York City Charter.
- E. Types of individuals and entities likely to be affected : Inmates in the custody of DOC (“inmates”), DOC, and the relevant Correctional Health Authority.
- F. Other relevant laws: None.
- G. Approximate Schedule: Second Quarter of FY 2017.

Agency Contact: Michele M. Ovesey, General Counsel (212-669-7984)

- 2. **SUBJECT**: Updating of the rules contained in Chapter 2: “Mental Health Minimum Standards”
 - A. The current mental health rules have not been updated since they were first enacted in 1985, over 30 years ago. In that time, significant changes have been made in policies and procedures pursuant to which the relevant Correctional Health Authority delivers mental health services to inmates and pursuant to which DOC ensures that inmates receive these services.
 - B. Anticipated contents: Amendments to the current mental health rules to reflect the relevant Correctional Health Authority’s and DOC’s policies and procedures regarding the provision of mental health care to inmates and current correctional best practices for the delivery of mental health care services.
 - C. Objective: Propose mental health rules that incorporate the relevant Correctional Health Authority’s and DOC’s policies and procedures regarding the provision of mental health care to inmates and current correctional best practices in this area.
 - D. Legal Basis: Section 626(e) of the New York City Charter.
 - E. Types of individuals and entities likely to be affected : All inmates, DOC, and the relevant Correctional Health Authority.
 - F. Other Relevant Laws: None.
 - G. Approximate Schedule: Third Quarter of FY 2017.

Agency Contact: Michele M. Ovesey, General Counsel (212-669-7984)

- 3. **SUBJECT**: Amendments to the variance process.
 - A. Reason: Currently, the Minimum Standards contain three separate chapters (Correctional Facilities, Mental Health and Health Care), with each chapter containing its own variance section. These three variance sections are substantially similar, but not identical, and have led to confusion and inefficiency. The proposed amendments would create new variance procedures that would apply uniformly to all three chapters of the Board’s rules.

1 An example of a “restrictive housing area” is a housing area where law library services are brought to the inmate in his housing area as opposed to his traveling outside his housing area to access these services.

- B. Anticipated Contents: Repeal of certain rules in Chapters 1-3 and their replacement with a new Chapter containing variance provisions that would apply uniformly to all three chapters of the Minimum Standards.
- C. Objective: Eliminate confusion in and streamline the process pursuant to which DOC and the relevant Correctional Health Authority would apply for variances from existing rules and the Board would determine these applications.
- D. Legal basis: Section 626(e) of the New York City Charter.
- E. Types of individuals and entities likely to be affected : All inmates, DOC, and the relevant Correctional Health Authority.
- F. Other relevant laws: None.
- G. Approximate Schedule: Fourth Quarter of FY 2017.

■ NOTICE

Regulatory Agenda for Fiscal Year 2017

In compliance with Section 1042 of the New York City Charter, the following is the regulatory agenda for rules that the New York City Department of Finance anticipates that it may promulgate during the fiscal year beginning July 1, 2016 and ending June 30, 2017.

An approximate schedule for adopting the proposed rules and the name and telephone number of a Department of Finance official knowledgeable about each subject area involved are listed below each section.

1. RULES RELATING TO THE INDUSTRIAL AND COMMERCIAL ABATEMENT PROGRAM

The Industrial and Commercial Abatement Program (“ICAP”) was enacted by Local Law 47 of 2008 to replace the Industrial and Commercial Incentive Program (“ICIP”). ICAP provides abatements from real property taxes for construction, alteration, or improvement of eligible industrial or commercial properties in the City of New York. The Department intends to promulgate rules to provide guidance as to eligibility for the program.

First half of fiscal year 2017
Carl Laske (718) 488-2030

2. ADMINISTRATIVE CORRECTION OF REAL ESTATE ASSESSMENT ERRORS

These rules will clarify the types of assessment or tax errors subject to administrative review by the New York City Department of Finance pursuant to Section 11-206 of the Administrative Code of the City of New York. The rules will grant the Commissioner of the Department of Finance the right to correct any assessment or tax which is erroneous due to a clerical error or error in description and set forth the administrative review procedures to request administrative review of assessment errors.

First half of fiscal year 2017
Carl Laske (718) 488-2030

3. AMENDMENTS TO GENERAL CORPORATION TAX RULES AND BANKING TAX RULES

Pursuant to Chapter 6, Subchapter 2 of Title 11 of the Administrative Code, the General

Corporation Tax has been imposed on domestic or foreign corporations with certain exceptions, for the privilege of doing business, employing capital, owning or leasing property, or maintaining an office in the City of New York. Pursuant to Chapter 6, Subchapter 3, part 4 of the Administrative Code, the Banking Corporation Tax has been imposed on every banking corporation for the privilege of doing business in the City. Pursuant to part D of Chapter 60 of the Laws of 2015, Chapter 6 of the Administrative Code has been amended adding a new Subchapter 3-A that, effective January 1, 2015 will impose a tax on those corporations formerly subject to the General Corporation Tax and the Banking Corporation Tax, with the exception of those corporations that make a Subchapter S election under the Internal Revenue Code. Corporations that make a Subchapter S election will continue to be subject to Subchapter 2 or 3. The Department intends to amend the General Corporation and Banking Corporation rules and create new Corporate tax rules to reflect the legislative changes that have combined these two areas. The Department anticipates that due to the scope of this project, the rules will be amended in stages, some of which

may not be completed during the coming fiscal year. The first stage of amendments will address issues relating to the definition of corporate partners for which rules are required by the legislation.

First and Second half of fiscal year 2017
Andrew Eisner (718) 488-2015

4. MAJOR CAPITAL IMPROVEMENT (MCI) TAX ABATEMENTS

A new real property tax abatement for rent stabilized and rent controlled apartments buildings in New York City was enacted in 2015. This tax abatement is intended to partially offset the economic loss imposed upon eligible building owners due to the recent changes in the amortization period for major capital improvements. These rules will provide guidance as to MCI tax abatements as well as how such abatements will be calculated.

First half of fiscal year 2017
Carl Laske (718) 488-2030

5. MERGERS AND APPORTIONMENTS OF REAL PROPERTY TAX LOTS

These rules provide guidance concerning the procedures for the merger and apportionment of real property tax lots pursuant to Section 11-203 of the Administrative Code of the City of New York. These rules will require that all outstanding taxes, water and sewer charges, and all real estate taxes for the current year be paid up-to-date and that all environmental control board judgment debt be satisfied before an application will be reviewed and approved.

First half of fiscal year 2017
Carl Laske (718) 488-2030

6. AMENDMENTS TO RULES RELATING TO PROCEDURE FOR VIOLATIONS AND HEARINGS REGARDING RECENTLY ENACTED LOCAL LEGISLATION ON CIGARETTE TAX ENFORCEMENT AND CIGARETTE DEALERS

These rules would address procedure with respect to hearings on the violations of the requirements in the newly enacted local legislation, such as the designation of a tribunal for the hearing of violations, as well as various procedures concerning violations, hearings and other matters.

First half of fiscal year 2017
John Mulligan (718) 488-2037

7. AMENDMENTS TO COOP/CONDOMINIUM ABATEMENT RULES

These rules will pertain to the extension of partial abatement of real estate taxes. The legislation extended the cooperative/condominium abatement statute for an additional three year period, 2015 to 2017. The legislation also provided the Department with the discretion to accept abatement applications from unit owners instead of, or in addition to co-operative/condominium boards. It also contains provisions providing the Department with discretion to not require abatement renewal application and changing the application deadline from February 15th to March 15th.

First half of fiscal year 2017
Carl Laske (718) 488-2030

8. PROMULGATE RULES RELATING TO THE DISABILITY RENT INCREASE EXEMPTION (DRIE) PROGRAM AND THE SENIOR CITIZEN RENT INCREASE EXEMPTION (SCRIE) PROGRAM

The Senior Citizen Rent Increase Exemption and Disability Rent Increase Exemption Programs are authorized by Sections 467-b and 467-c of the New York State Real Property Tax Law and established by Chapter 4 (Section 26-405), Chapter 5 (Section 26-509) and Chapter 7 (Sections 26-601 et seq.) of Title 26 of the Administrative Code of the City of New York. These programs protect households headed by low-income tenants who are 62 years of age or older or persons with disabilities and who reside in rent regulated dwelling units from rent increases. For those who qualify, rent is frozen at the time of or prior to application approval, protecting participants from future increases. Participating landlords receive a property tax credit to cover the increase in rent. The Department of Finance may promulgate rules to provide guidance to tenants and property owners with respect to eligibility under the program and applications for the rent exemption and tax abatement and renewals thereto.

Second half of fiscal year 2017
Carl Laske (718) 488-2030

9. PROMULGATE RULES RELATING TO THE SENIOR CITIZEN RENT INCREASE EXEMPTION (SCRIE) PROGRAM

Local Law 44 of 2009 transferred administration of Senior Citizen Rent Increase Exemption (SCRIE) Program from the New York City Department for the Aging to the Department of Finance for rent

controlled and rent regulated apartments. This program offers eligible senior citizen tenants an exemption from rent increases, while the owner of the building receives a corresponding abatement of the building's real property taxes. The New York City Department of Housing Preservation and Development currently administers the SCRIE Program for seniors who live in housing which is subject to the private finance housing law. If proposed legislation is enacted, administration of the SCRIE cases currently being administered by the New York City Department of Housing Preservation and Development will be transferred to the Department of Finance. This will result in consolidation of all SCRIE cases in one agency, the Department of Finance. These rules will conform with the statutory change.

Second half of fiscal year 2017
Carl Laske (718) 488-2030

10. AMENDMENT TO RULE RELATING REAL PROPERTY TRANSFER TAX EXEMPTIONS

The Department of Finance is proposing an amendment to its rule governing the application of an exemption from the Real Property Transfer Tax under Section 11-2106(b)(2) of the Administrative Code of the City of New (the "Administrative Code") to clarify the status of transfers to certain Housing Development Fund Corporations formed pursuant to Article XI of the New York State Private Housing Finance Law.

First half of fiscal year 2017
Andrew Eisner (718) 488-2015

10. UPDATE OF OUTDATED REFERENCES IN AGENCY RULES

The Department plans to review all its rules to revise outdated references, which include changes to agency unit names and addresses.

FIRE DEPARTMENT

■ NOTICE

Notice of Adoption of Final Rules

**3 RCNY §505-01, entitled
"Apartment and Guest Room Identification and Directional
Markings and Signs," and
3 RCNY §505-02, entitled
"Apartment, Guest Room and Stairwell Fire Emergency
Markings"**

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Fire Commissioner of the City of New York pursuant to Sections 505.3 and 505.4 of the New York City Fire Code, and in accordance with the requirements of Section 1043 of the New York City Charter, that the New York City Fire Department has adopted two new rules, 3 RCNY §§ 505-01, entitled "Apartment and Guest Room Identification and Directional Markings and Signs," and 505-02, entitled "Apartment, Guest Room and Stairwell Fire Emergency Markings."

The public hearing was held on April 8, 2016. The rules shall take effect on June 1, 2016.

The Notice of Adoption, final rules and the Statement of Basis and Purpose of Final Rules, will be available on the Fire Department's website (www.nyc.gov/fdny) and NYC RULES (www.nyc.gov/NYCRULES).

Statement of Basis and Purpose of Final Rules

The Fire Department adopts a rule, 3 RCNY §505-01, entitled "Apartment and Guest Room Identification and Directional Markings and Signs," to set forth standards and requirements for the design and placement of entrance door room number markings for dwelling units (apartments, guest rooms and sleeping rooms) in Group R-1 and Group R-2 buildings and occupancies, and building lobby and building hallway corridor directional signs, which serve to assist emergency response personnel in locating such dwelling units when responding to fires, medical emergencies and other emergencies at the premises.

The Fire Code was amended by Local Law No. 148 of 2013 to include, in FC505.3, requirements for identification of apartment and guest rooms. This rule has been adopted to implement this new section of the Fire Code.

The Fire Department adopts a second rule, 3 RCNY §505-02, entitled "Apartment, Guest Room and Stairwell Fire Emergency Markings," to set forth standards and requirements for the design and placement of entrance door fire emergency markings for dwelling units (apartments, guest rooms and sleeping rooms) in Group R-1 and Group R-2 buildings or occupancies, and stairwell doors, which serve to assist firefighters in locating such dwelling units and stairwells and in identifying multi-floor dwelling units.

The Fire Code was amended by Local Law No. 148 of 2013 to include, in FC505.4, requirements for apartment, guest room and stairwell fire emergency markings. This rule has been adopted to implement this new section of the Fire Code.

The marking of entrance doors with emergency markings serves to better facilitate firefighting operations, thereby providing a greater level of safety to firefighters and building occupants. The fire emergency marking enables firefighters to identify apartment numbers in smoke conditions that obscure the regular (eye-level) door numbers. Such identification ensures firefighters can more quickly conduct search and rescue operations.

Additionally, the fire emergency marking for multi-floor dwelling units will make it possible for firefighters to ascertain whether they are entering the lower level of an apartment, rather than the upper level of an apartment, where temperatures may be unsafe.

The fire emergency marking also assists in identifying apartments that are joined horizontally (such as adjoining apartments that have been combined into a single dwelling unit). All doors are to be marked with a star or a triangle to indicate whether they are a main entrance or a secondary entrance.

The requirement for doors to be marked extends to entrance doors lawfully obstructed from inside the dwelling unit, such as entrances obstructed by the placement of furniture or in some cases by sealing the door with sheetrock, while giving the appearance of an unobstructed entrance door on the corridor side. Notwithstanding the fact that such lawfully obstructed entrance doors represent a major impediment to access, this final rule requires that such entrance doors be identified as a secondary entrance. However, depending upon fire conditions in the dwelling, it is possible that even a lawfully obstructed entrance could be the only or safest means of access to a dwelling unit.

Terms used in the final rules that are defined in the Fire Code or elsewhere in the Fire Department's rules are indicated by italics.

The entire final rules are underlined to indicate that they are new rules.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of the Fire Department, unless otherwise specified or unless the context clearly indicates otherwise.

Guidance with respect to the interpretation of the Fire Code and Fire Department rules may be obtained using the Public Inquiry Form on the Fire Department's website, <http://www1.nyc.gov/site/fdny/about/resources/code-and-rules/code-and-rules-public-feedback-form.page>.

1. Chapter 5 of Title 3 of the Rules of the City of New York is amended by adding new Section 505-01, to read as follows:

§505-01 Apartment and Guest Room Identification and Directional Markings and Signs

(a) Scope. This section sets forth standards and requirements for the design and placement of entrance door room number markings for dwelling units (apartments, guest rooms and sleeping rooms) in Group R-1 and Group R-2 buildings and occupancies, and lobby and hallway corridor directional signs, which serve to assist emergency response personnel in locating such dwelling units.

(b) General Provisions

- (1) Applicability. The marking and sign provisions of FC505.3 and this section are operational and maintenance requirements. Pursuant to FC102.2, these requirements are applicable to all Group R-1 and Group R-2 buildings and occupancies subject to FC505.3, regardless of when such building or occupancy was constructed or established.
- (2) Time for compliance. Pursuant to FC505.3.3, buildings and occupancies existing on May 31, 2016, shall be brought into compliance with the marking and sign requirements of FC505.3 and this section by March 30, 2017. Buildings and occupancies for which a certificate of occupancy or temporary certificate of occupancy is issued by the Department of Buildings on or after June 1, 2016, shall be compliant with such requirements prior to occupancy of the building or occupancy.

(3) Existing markings and signs. Any building or occupancy that has installed markings and signs prior to June 1, 2016, that vary from the requirements of FC505.3 and this section may retain such markings and signs, provided that such existing markings and signs are conspicuously and durably printed or posted, and communicate the same or substantially similar information required by this section. Any such existing marking or sign shall be replaced with a marking or sign that complies with the requirements of this section whenever the existing marking or sign in the building or occupancy is repainted or replaced.

(4) Conformance with plans. Entrance door room number and directional markings and signs must be consistent with the room numbers reflected upon any emergency preparedness plan or other plan requiring room identification prepared and/or filed in accordance with applicable laws, rules and regulations.

(5) Tampering. Pursuant to FC107.4.2, it is unlawful for any person to remove, deface, obscure or otherwise render illegible any marking or sign required by FC505.3 and this section.

(c) Dwelling Unit Entrance Door Identification

(1) Where required. Pursuant to FC505.3, at least one (1) entrance door to each dwelling unit shall be marked or have a sign identifying the room number and/or letter as set forth in this section. Dwelling units having more than one (1) entrance door shall place the marking or sign on or adjacent to the main entrance door.

(2) Location. Pursuant to FC505.3, the entrance door marking or sign identifying the room number and/or letter shall be conspicuously and durably printed or posted on or adjacent to the entrance door, on the public corridor side of the door. The marking or sign letters and numbers shall be at least 48 inches, but not more than 60 inches, above the floor.

(3) Design. The entrance door markings and signs shall comply with the following design requirements:

(A) Letters and numbers shall be sans serif, not less than one-half (½) inch in height, and shall use Arabic numerals and/or English alphabet capital letters.

(B) Character proportions and spacing, including stroke width, spacing between characters and line spacing, shall be in accordance with national and industry standards for building signage.

(C) Letters and numbers shall contrast with the background (whether of the door, the wall, or the sign) so as to be plainly discernible. Room number markings and signs may, but are not required to, include hyphens or other forms of punctuation.

(4) Method of Affixing. Room number markings and signs shall be durably affixed in compliance with the following requirements:

(A) Painted markings shall be selected and applied in accordance with the manufacturer's instructions.

(B) Adhesives used to affix room number signs shall be sufficiently durable to ensure an extended useful life of the sign.

(C) Signs affixed to fire doors or fire-rated walls using screws or nails shall not compromise the fire rating of the door or wall.

(d) Building Lobby and Hallway Corridor Directional Markings or Signs

(1) Where required. Pursuant to FC505.3, in a Group R-1 and Group R-2 building or occupancy with more than eight (8) dwelling units on a floor, a marking shall be placed or a sign posted in a conspicuous location in the elevator lobby or other public entry on each floor, and in the public corridor opposite each stairwell entrance, in accordance with R505-01(d)(2). The marking or sign shall identify by directional arrows and dwelling unit numbers and/or letters, the direction to each dwelling unit. Such markings or signs are not required in the public entry or opposite any stairwell entrance in any building or on any floor where the entrances to dwelling units are located in a single direction from such entry or stairwell entrance. For purposes of this section, a "single direction" means that all dwelling units are located along a single corridor. If dwelling units are located on more than one corridor, directional markings or signs shall be provided at each location where the corridor from the stairwell intersects with another corridor.

- (2) Location. Pursuant to FC505.3, the directional markings and signs shall be conspicuously and durably printed or posted. The numbers, letters and directional arrows shall be at least 48 inches, but not more than 60 inches, above the floor. Stairwell directional markings or signs shall be located on the wall directly opposite the stairway entrance door. If there is no wall opposite such stairway entrance, or such location is not suitable for such purpose, the directional marking or sign shall be located at the nearest suitable location on the wall opposite the non-hinged side of the stairway entrance door.
- (3) Design. The design of directional markings and signs shall be in accordance with R505-01(c)(3).
- (4) Method of affixing. Directional markings and signs shall be affixed in accordance with R505-01(c)(4).
- (e) Operational and Maintenance Requirements
- (1) Maintenance required. Markings and signs required by FC505.3 and this section shall be maintained in good repair. Markings and signs that are found to be missing, defaced, obscured, illegible, damaged or loose shall be repaired or replaced.
- (2) Initial compliance inspection. Owners of buildings and occupancies subject to FC505.3 shall have such buildings and occupancies inspected within the time for compliance set forth in R505-01(b)(2) to confirm that such building or occupancy's markings and signs conform to the requirements of this section.
- (3) Periodic compliance inspection. Owners of buildings and occupancies subject to FC505.3 shall have such buildings and occupancies inspected at least once per year to verify that the markings and signs are in good repair, and repair or replace any markings that are not.
- (f) Recordkeeping
- (1) Compliance inspections. Records of the inspections required by R505-01(e)(2) and (3) shall be maintained in accordance with FC107.7. Dated entries shall be made with respect to the floors or other areas of the building or occupancy that have been inspected, the printed name and signature of the person who performed the inspection, and the markings or signs that require repair or replacement. Dated entries shall be made when such markings or signs are repaired and/or replaced.
- (2) Existing markings and signs. A written record shall be made prior to March 30, 2017, of existing markings and signs retained in accordance with R505-01(b)(3). Such record shall be maintained for so long as the existing markings and signs are retained.

2. Chapter 5 of Title 3 of the Rules of the City of New York is amended by adding a new Section 505-02 to read as follows:

§505-02 Apartment, Guest Room and Stairwell Fire Emergency Markings

- (a) Scope. This section sets forth standards and requirements for the design and placement of entrance door fire emergency markings for dwelling units (apartments, guest rooms and sleeping rooms) in Group R-1 and Group R-2 buildings or occupancies, and stairwell doors, which serve to assist firefighters in locating such dwelling units and stairwells and in identifying *multi-floor dwelling units*.
- (b) Definition. The following term shall, for purposes of this section, have the meaning shown herein:
Main entrance. The *main entrance* is the primary means of entry to and egress from the dwelling unit. Such *main entrance* typically opens into an area that affords unimpeded access to the rooms and corridors of the dwelling unit.
- (c) General Provisions
- (1) Applicability. The fire emergency marking provisions of FC505.4 and this section are operational and maintenance requirements. Pursuant to FC102.2, these requirements are applicable to all Group R-1 and Group R-2 buildings and occupancies subject to FC505.4, regardless of when such building or occupancy was constructed or established.
- (2) Time for compliance. Pursuant to FC505.4.5, buildings and occupancies existing on May 31, 2016, shall be brought into compliance with the marking requirements of FC505.4 and this section by March 30, 2018, except that buildings and occupancies shall be brought into compliance with *multi-*

floor dwelling unit fire emergency markings by March 30, 2017. Buildings and occupancies for which a certificate of occupancy or temporary certificate of occupancy on or after June 1, 2016, shall be compliant with such requirements prior to occupancy of the building or occupancy.

- (3) Existing markings. Any building or occupancy that has installed *multi-floor dwelling unit* fire emergency markings prior to June 1, 2016, that vary from the requirements of FC505.4 and this section may retain such markings, provided that such existing markings are conspicuously and durably printed or posted, communicate the same or substantially similar information required by this section, and are constructed of photoluminescent, retroreflective or other approved material. Any such existing marking shall be replaced with a marking that complies with the requirements of this section when the existing marking in the building or occupancy is replaced.
- (4) Conformance with plans. Entrance door room number fire emergency markings shall be consistent with the room numbers reflected upon any emergency preparedness plan or other plan requiring room identification prepared and/or filed in accordance with applicable laws, rules and regulations.
- (5) Tampering. Pursuant to FC107.4.2, it shall be unlawful for any person to remove, deface, obscure or otherwise render illegible any fire emergency marking required by FC505.4 and this section.
- (d) Apartment and Guest Room Identification
- (1) Where required. Each entrance door to each dwelling unit in a Group R-1 or R-2 building or occupancy shall be provided with fire emergency markings identifying the room number and/or letter as set forth in this Section, R505-02(d). This requirement does not apply to:
- (A) buildings and occupancies with eight (8) or fewer dwelling units on a floor;
- (B) buildings protected throughout by a *sprinkler system*; or
- (C) an occupancy within a building if the building is protected throughout by a *sprinkler system*, provided, however, that compliance with fire emergency marking requirements is required for any *multi-floor dwelling units* within such buildings and occupancies.
- Historically, Group R-1 buildings and occupancies have been required by the *Building Code* to be protected throughout by a *sprinkler system*. To the extent that a hotel or other Group R-1 building or occupancy is lawfully occupied without sprinkler protection, such buildings and occupancies shall comply with the provisions of R505-02(d).
- (2) Location. Entrance door fire emergency markings shall be placed on the public corridor side of dwelling unit entrance doors, as follows:
- (A) The markings shall be affixed to the door jamb on the hinged side of the door. See Appendix E.
- (B) The fire emergency marking letters and/or numbers shall not be more than 12 inches above the floor. The uppermost character or symbol shall be positioned with its top edge at 12 inches above the floor with the remaining characters and symbols placed below.
- (3) Multiple entrances. When a dwelling unit has more than one (1) entrance door, the markings for the *main entrance door* shall be distinct from secondary entrance doors, as set forth in R505-02(d)(3)(A) and (B).
- (A) Star and triangle symbols
- (1) The *main entrance* door to a dwelling unit shall be marked by placing a symbol of a star immediately above the room identification number required by R505-02(d)(1). See Appendix A, Figure A2.
- (2) Each *secondary entrance door* to a dwelling unit shall be marked by placing a symbol of a triangle immediately above the room identification number required by R505-02(d)(1). See Appendix A, Figure A2.
- (3) A single *main entrance* shall be designated for a *multi-floor dwelling unit* and marked with a star symbol. All other entrances, including the entrance that may serve as the primary means of entry to

the dwelling unit on a floor other than the floor upon which the main entrance is located, shall be marked as secondary entrances using the triangle symbol.

- (B) Numbering. Where a single dwelling unit has different entrance door room numbers on a single floor, the entrance door room number of the main entrance (or the primary means of entry on the floor for a multi-floor dwelling unit) shall be used on the fire emergency marking on each entrance door. This shall be in addition to the star or triangle marking.
- (C) Adjoining guest room doors. Guest rooms in Group R-1 hotels and motels that have doors designed to allow two (2) or more adjoining guest rooms to be combined from time to time shall be treated as separate rooms for purposes of compliance with the fire emergency marking requirements of this section.
- (4) Design. The entrance door fire emergency marking shall comply with the following design requirements:
- (A) Letters and numbers shall be sans serif, not less than three-quarters (¾) inch in height, and shall use Arabic numerals and/or English alphabet capital letters.
- (B) Character proportions, including stroke width, character height and character width shall be in accordance with national and industry standards for building signage.
- (C) Spacing between characters shall be not less than one-eighth (1/8) inch and not more than four (4) times the character stroke width.
- (D) The dwelling unit number and/or letter designation shall be displayed vertically, arranged sequentially from top to bottom. See Appendix A, Figure A1. Entrance door fire emergency markings shall not include hyphens or other forms of punctuation.
- (E) The markings shall contrast with the background against which the characters or symbols are viewed (whether it be the background color of the marking or, if the marking has no background color, the color of the door jamb itself) so as to be plainly discernible, and shall be of photoluminescent, retroreflective or other approved material, durable, water-resistant and securely affixed. If photoluminescent markings are used, such materials shall comply with the requirements of the Building Code for photoluminescent exit path markings, except that the photoluminescent markings used to comply with the provisions of this section do not require Department of Buildings approval.
- (F) The design of the markings, including the type of material and the typeface, size and color of the markings, shall be consistent throughout the building.
- (5) Method of affixing. Fire emergency markings shall be durably affixed in compliance with the following requirements:
- (A) Adhesives used to affix fire emergency markings shall be sufficiently durable to ensure an extended useful life of the marking.
- (B) Markings affixed to fire doors or fire-rated walls using screws or nails shall not compromise the fire rating of the door or wall.
- (6) Directional arrows. Multi-floor dwelling units shall additionally be marked with directional arrows and other symbols in accordance with R505-02(e).
- (e) Multi-Floor Dwelling Unit Directional Arrows and Symbols
- (1) Directional arrows. Pursuant to FC505.4.1, each entrance door to a multi-floor dwelling unit that opens to a public corridor or other means of egress shall be marked on the public corridor side of the door by one or more upward or downward-pointing arrows indicating the direction(s) of the other floor(s) to which the multi-floor dwelling unit is connected, and the room number and/or letter of entrances on such floors (upper floor entrance room numbers/letters above the directional arrow; lower floor entrance room numbers/letters below the directional arrow). Directional arrows shall be placed immediately below the room identification number required by R505-02(d). See Appendix B, Figures B1, B2 and B3.

- (2) Sandwich-design apartments. 1. Dwelling units having only a single entrance door (except multi-floor dwelling units)

FIGURE A1

Figure A1 depicts the location and vertical configuration of the fire emergency marking for a dwelling unit designated as 12A and having a single entrance. Since the dwelling unit has only a single door, no star symbol (See Figure A2) is needed to distinguish it as the *main entrance door*.

2. Dwelling unit having more than one entrance door (except multi-floor dwelling units)

FIGURE A2

Figure A2 depicts the location, vertical configuration and star and triangle symbol of the fire emergency marking for a dwelling unit designated as 12A having more than one entrance door. Each entrance door is required to be marked separately.

The star and triangle symbols serve to distinguish the *main entrance door* from secondary entrance doors.

Marking A: The star symbol serves to identify the *main entrance door* to the dwelling unit.

Marking B: The triangle symbol serves to identify each secondary entrance to the dwelling unit.

The room number associated with the dwelling unit entrance door on a floor above or below shall be indicated above or below the arrows, as indicated, irrespective of whether the room number designations on the other

floors are the same or not. The star and triangle symbols serve to distinguish the *main entrance* door from secondary entrance doors.

Marking A: This marking identifies that the dwelling unit entrance door provides access to dwelling unit 14A, that it is the *main entrance*, and that it is a two-floor *multi-floor dwelling unit*. The living space for the dwelling unit is located on the entrance floor and the floor above the entrance door, as signified by the upward-pointing arrow. The horizontal "15A" marking signifies that the dwelling unit entrance door number of this unit on the upper floor is marked 15A.

Marking B: This marking identifies that the dwelling unit entrance door provides access to dwelling unit 15A, that it is a secondary entrance, and that it is a two-floor *multi-floor dwelling unit*. The living space for the dwelling unit is located on the entrance floor and the floor below the entrance door, as signified by the downward-pointing arrow. The horizontal "14A" marking signifies that the dwelling unit entrance door number of this unit on the lower floor is marked 14A.

Figure B2, entrance door markings C, D and E, depict the location, vertical configuration, star and triangle symbols, arrow symbols and arrow directions for a three-floor *multi-floor dwelling unit* designated 14A on the lower floor, 15A on the middle floor and 16A on the upper floor. The room number associated with the dwelling unit entrance door on a floor above or below is indicated above or below the arrows.

Marking C: This marking identifies that the dwelling unit entrance door provides access to dwelling unit 14A, that it is the *main entrance*, and that it is a three-floor *multi-floor dwelling unit*. The living space for the dwelling unit is located on the entrance floor and the two floors above the entrance door, as signified by the two upward-pointing arrows. The horizontal "15A" and "16A" markings signify that the entrance door to this dwelling unit on the middle floor is marked 15A and the entrance door to this dwelling unit on the upper floor is marked 16A.

Marking D: This marking identifies that the dwelling unit entrance door provides access to dwelling unit 15A, that it is a secondary entrance, and that it is a three-floor *multi-floor dwelling unit*. The living space for the dwelling unit is located on the entrance floor; the floor above the entrance door, as signified by the upward-pointing arrow; and the floor below the entrance door, as signified by the downward-pointing arrow. The horizontal markings "16A" and "14A" signify that the entrance door to this dwelling unit on the upper floor is marked 16A and the entrance door to this dwelling unit on the lower floor is marked 14A.

Marking E: This marking identifies that the dwelling unit entrance door provides access to dwelling unit 16A, that it is a secondary entrance, and that it is a three-story *multi-floor dwelling unit*. The living space for the dwelling unit is located on the entrance floor, and the two floors below the entrance door, as signified by the two downward-pointing arrows. The horizontal "15A" and "14A" markings signify that the entrance door to this dwelling unit on the middle floor is marked 15A and the entrance door to this dwelling unit on the lower floor is marked 14A.

- Entrance doors to two-story multi-floor dwelling units (except sandwich-design dwellings units) having two entrance doors on one floor, and one on another floor.

FIGURE B3

Figure B3 depicts the location, vertical configuration, star and triangle symbol, arrow symbol and arrow directions for a two-floor *multi-floor*

dwelling unit designated 14A on the lower floor and 15A on the upper floor, having two entrance doors on the lower floor and one (1) entrance door on the upper floor.

Marking A: The star identifies this entrance as the *main entrance* providing access to dwelling unit 14A. The upward-pointing arrow indicates that the dwelling unit is a *multi-floor dwelling unit* having living space on the entry floor and one floor above this floor. The horizontal "15A" marking signifies that the entrance door to this dwelling unit on the upper floor is marked 15A. The lack of a downward-pointed arrow indicates that this entrance is on the lowest floor of the dwelling.

Marking B: The triangle identifies this entrance as a secondary entrance providing access to dwelling unit 14A. The upward-pointing arrow indicates that the dwelling unit is a *multi-floor dwelling unit* having living space on the entry floor and one floor above this floor. The horizontal "15A" marking signifies that the entrance door to this dwelling unit on the upper floor is marked 15A. The lack of a downward-pointed arrow indicates that this entrance is on the lowest floor of the dwelling.

Marking C: The triangle identifies this entrance as a secondary entrance providing access to dwelling unit 15A. The downward-pointing arrow indicates that the dwelling unit is a *multi-floor dwelling unit* having living space on the entry floor and one floor below this floor. The horizontal "14A" marking signifies that the entrance door to this dwelling unit on the lower floor is marked 14A. The lack of an upward-pointed arrow indicates that this entrance is on the highest floor of the dwelling. If there is more than one entrance door number associated with the *multi-floor dwelling unit* on an upper or lower floor, the marking should include both entrance door numbers.

The upward-pointing arrow indicates that the dwelling unit is located on the floor above the entrance floor. The horizontal mark at the base of the upward-pointing arrow indicates that the dwelling unit has no living space on that floor.

public safety, comfort and convenience, standards and conditions of service, the issuance, suspension and revocation of licenses, and the development of a transportation policy relating to for-hire vehicles and taxicabs.

The individuals and entities likely to be subject to the proposed rules are the owners and drivers of licensed medallion taxicabs, for-hire vehicles, and commuter vans; the owners of bases dispatching for-hire vehicles and commuter vans; taxicab brokers; taxicab agents; and taximeter businesses.

An agency official knowledgeable about the subject area of each proposal is:

Christopher C. Wilson
General Counsel
Deputy Commissioner, Legal Affairs
Taxi and Limousine Commission
33 Beaver Street, New York, NY 10004
Telephone: (212) 676-1135

1. Accessibility in the For-Hire Vehicle Sector

Following TLC initiatives to enhance accessibility in the taxi and street hail livery sectors, the TLC expects to propose rules to enhance accessible service in the for-hire sector comprised of liveries, black cars, and luxury limousines.

2. Expand Access to Wheelchair Accessible Taxis

In May, the Commission published a Request for Proposals to identify a vendor for a Citywide Accessible Dispatch program in order to expand the Manhattan program that exists today. After a contract with the vendor is completed, the Commission expects to adopt rules expanding the current dispatch program to all five boroughs of the City.

3. Penalty Revisions

As the regulator of taxi and for-hire transportation, the TLC periodically reviews penalties to help make sure that penalty levels for certain offenses are appropriate and that penalties for similar violations are similar. Following a review undertaken by the Commission's legal and policy divisions, the Commission will propose rules to implement recommendations.

4. TPEP and LPEP Rules

The Commission will continue to engage with drivers, fleets, and authorized T/LPEP providers regarding the in-vehicle technology systems and evaluate their feedback. To stay up to date with new technologies and incorporate lessons learned over the duration of the program, the Commission will update the authorized provider rules as needed.

5. Rules to help prevent driving while fatigued.

As part of the Commission's ongoing effort to enhance passenger and traffic safety, the Commission is evaluating proposals to reduce the possibility that drivers are operating for hire while unreasonably fatigued. The Commission intends to propose rules to help further that end.

6. Rules implementing universal driver license provisions of local law.

Following the enactment of local law 51 of 2016 which was signed into law on April 21, 2016, which combines Commission-issued taxi and for-hire driver licenses into a single license which can be used to drive any licensed taxi or for-hire vehicle, the Commission intends to propose rules to streamline the driver licensing process to reflect the new license.

7. Rules implementing street hail livery fund disbursements.

Following the start of payments from the taxi improvement fund in 2016, the Commission intends to propose rules providing for distributions to owners and drivers of street hail liveries from the street hail livery improvement fund in 2017.

NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

HUMAN RESOURCES ADMINISTRATION

■ NOTICE

Notice of Concept Paper

In advance of the release of the RFP, HRA is issuing a concept paper which outlines the program model of the Provision of Supportive Housing for Homeless and At-Risk Persons with Clinical Conditions under the NYC Supportive Housing Initiative RFP.

In November 2015 Mayor Bill de Blasio announced the NYC Supportive Housing Initiative to fund and develop 15,000 new units of supportive housing in New York City over the next 15 years. This far reaching and comprehensive initiative targets the most vulnerable homeless New Yorkers in need of supportive housing. The City's 15,000-unit plan is comprised of 7,500 newly-developed congregate units and 7,500 scattered-site units. Supportive housing combines affordable housing with appropriate social services to help special populations, including individuals and families with serious mental illness, substance use disorders and/or disabling medical conditions, and young adults aging out of foster care, and other special populations as determined by the City in the future that are homeless or at risk of becoming homeless achieve housing stability and independence in the community. It is a proven solution to homelessness for individuals and families with special needs, and less costly and more appropriate than expending resources on institutional and temporary settings such as shelters, hospitals, jails and prisons. HRA will begin the procurement of 500 scattered site units immediately. The populations targeted for this procurement will continue to be categories described in the NY/NY III agreements, as the Mayor's Supportive Housing Task Force is currently developing recommendations which will be incorporated in the procurement of the remaining scattered site units and congregate units subsequently released after this concept and Request for Proposals.

The concept paper has been posted on the Agency's website at www.nyc.gov/hra/contracts.
