OFFICIAL JOURNAL.

VOL. XXVI.—NUMBER 7,792.

NEW YORK, WEDNESDAY, DECEMBER 24, 1898.

SUPPLEMENT.

BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
THURSDAY, October 18, 1898.

The Board met in pursuance of an adjournment.

Present—Robert A. Van Wyck, the Mayor; Bird S. Coler, the Comptroller; John Whalen, the Corporation Counsel; Randolph Guggenheimer, the President of the Council; Thomas L. Feitner, the President of the Department of Taxes and Assessments.

The reading of the minutes of the meetings held January 27, 28, 31; February 1, 2, 4, 8, 11, 15, 18, 28; March 17; April 5, 12, 20, 22, 28; May 9; June 7, 14; July 1, 7, 11, 27; August 8, 22; September 22; October 3, 4, 5, 6, 7, 10, 11, 12, 13, 14, 17, 1898, was dispensed with.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 18, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—On the 1st day of November next bonds issued by the County of Kings, payable from taxation, amounting to thirty-five thousand dollars (\$35,000), become due.

As no appropriation was made therefor in the budget of the late City of Brooklyn, it becomes necessary to provide for the payment thereof.

The amount required for this purpose can be transferred from the appropriation made by this Board for "Interest on Bonds and Stock to be issued in 1898," which exceeds the amount now ascertained to be necessary for such purpose, to the appropriation for the "Redemption of the City Debt."

I therefore submit herewith a resolution to effect such transfer.

Respectfully,

BIRD S. COLER, Comptroller.

And offered the following:

Resolved, That the sum of thirty-five thousand dollars be and is hereby transferred from the appropriation made by this Board for "Interest on Bonds and Stock to be issued in 1898" to the appropriation for the "Redemption of the City Debt" for the purpose of redeeming at maturity bonds issued by the County of Kings, as follows:

KINGS COUNTY.

4 per cent. Thirteenth Regiment Armory Loan due November 1, 1899	\$10,000 00
4 per cent. Indexing and Reindexing Loan due November 1, 1899	25,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

On motion the Board proceeded to the consideration of the Budget for 1899.

The Mayor stated that this meeting was held for the purpose of hearing taxpayers and others in relation to the Budget. Whereupon a number of persons appeared and were heard in relation thereto.

The following communication was received:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 17, 1898.

To the Board of Estimate and Apportionment:

SIR—I am in receipt of a communication from Mr. Charles V. Ades, Clerk of your Board, bearing date October 14, stating that he is directed by you to request my opinion as to the power of the Board to appropriate to the College of The City of New York for the year 1899 the sum of \$175,000 asked for by said college, or any sum in excess thereof.

The power to appropriate to the College of The City of New York is found in section 1131 of the Charter, which provides, among other things:

"Section 1131. It shall be the duty of the trustees of said college, annually, on or before the 1st day of September, to report to the board of estimate and apportionment such sum, not exceeding one hundred and seventy-five thousand dollars in any one year, as they may require for the payment of the salaries of the professors and officers of said college; for obtaining and furnishing scientific apparatus, books for the students and all other necessary supplies therefor; for repairing and altering the college buildings; and for the support, maintenance and general expenses of said college."

The Board of Estimate and Apportionment is then authorized to raise the amount appropriated by them by taxation, and it is then further provided in the section:

"Upon the recommendation of the trustees, the board of estimate and apportionment and the municipal assembly may increase, from time to time, the amount annually to be raised in the tax levy for the maintenance of the college of The City of New York."

The fair inference from the language quoted is, that the amount which may be raised, under the latter portion of the section quoted, is in addition to the sum specified, namely, "not exceeding \$175,000," mentioned in the first part of the section, and therefore the Board of Estimate and Apportionment has power, in its discretion, to appropriate such sum as it may deem expedient, even though it be in excess of the \$175,000 mentioned.

Yours,

JOHN WHALEN, Corporation Counsel.

Ordered on file.

The Mayor moved that this Board do now adjourn.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

THOMAS L. FEITNER, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
MONDAY, October 31, 1898.

The Board met in pursuance of the following call:

OFFICE OF THE MAYORALTY,
EXECUTIVE DEPARTMENT—CITY HALL,
NEW YORK, October 30, 1898.

In pursuance of the authority contained in section 266, chapter 178, of the Laws of 1897, a meeting is hereby called of the Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments, constituting a Board of Estimate and Apportionment, to be held at the office of the Mayor on Monday, October 31, 1898, at 10 o'clock a.m., for the purpose of transacting such business as may be brought before the Board.

ROBERT A. VAN WYCK, Mayor.

INDORSED

Admission of a copy of the within as served upon us this 26th day of October, 1898.

ROBERT A. VAN WYCK,

Mayor.

BIRD S. COLER,

Comptroller.

JOHN WHALEN,

Corporation Counsel.

RANDOLPH GUGGENHEIMER,

President of the Council.

THOMAS L. FEITNER,

President of the Department of Taxes and Assessments.

Present—Robert A. Van Wyck, the Mayor; Bird S. Coler, the Comptroller; John Whalen, the Corporation Counsel; Randolph Guggenheimer, the President of the Council; Thomas L. Feitner, the President of the Department of Taxes and Assessments.

The reading of the minutes of the meetings held January 27, 28, 31; February 1, 2, 4, 8, 11, 15, 18, 28; March 17; April 5, 12, 20, 22, 28; May 9; June 7, 14; July 1, 7, 11, 27; August 8, 22; September 22; October 3, 4, 5, 6, 7, 10, 11, 12, 13, 14, 1898, was dispensed with.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 24, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—Section 134 of the Charter requires that the compensation of employees of the Bureau of Municipal Statistics shall be approved by the Board of Estimate and Apportionment. The Chief of the Bureau of Municipal Statistics, in a communication dated October 10, 1898, states that he has appointed Mr. Louis Krauslaar as Statistician, at a salary of twelve hundred dollars per annum, subject to the approval of this Board.

The following resolution is offered to approve this designation of compensation.

Respectfully,

BIRD S. COLER, Comptroller.

Resolved, That the Board of Estimate and Apportionment hereby approves of the employment of Louis Krauslaar as Statistician of the Bureau of Municipal Statistics, at a salary of twelve hundred dollars (\$1,200) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council, and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 24, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Board of Taxes and Assessments by a resolution adopted September 7, 1898, requests that the Board of Estimate and Apportionment authorize the issue of revenue bonds to the amount of fifteen thousand dollars (\$15,000), pursuant to the provisions of chapter 542 of the Laws of 1892, for the purpose of continuing the work of providing new tax assessment maps. Twenty thousand dollars was appropriated for this purpose in the year 1897, and I report that the requisition is reasonable and should be complied with.

Respectfully,

BIRD S. COLER, Comptroller.

And offered the following:

Resolved, That pursuant to the provisions of chapter 542 of the Laws of 1892 and section 170 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the requisition made by the Board of Taxes and Assessments by a resolution adopted September 7, 1898, for fifteen thousand dollars (\$15,000) to be expended in preparing new tax assessment maps; and the Comptroller is hereby authorized to issue from time to time as may be necessary, revenue bonds for that amount, bearing interest at a rate not exceeding three per cent. per annum, and the amount required for the redemption thereof to be included in the Budget for the year immediately succeeding the year of the issue thereof.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council, and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

AQUEDUCT COMMISSIONER'S OFFICE,
STEWART BUILDING, NO. 280 BROADWAY,
NEW YORK, October 29, 1898.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—At a meeting of the Aqueduct Commissioners, held on the 18th instant, the following resolution was adopted:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment of The City of New York, the President of This Commission be and hereby is authorized and directed to enter into a lease with the owner of the Stewart Building, in said city, for the occupancy of rooms Nos. 207, 209, 211, 213, 214, 215, and 216 by the Aqueduct Commissioners for one year from May 1, 1898, at a rental of seven thousand five hundred dollars (\$7,500) per annum, payable quarterly, at the expiration of each quarter.

Very respectfully,

HARRY W. WALKER, Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 24, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Aqueduct Commissioners by a resolution adopted October 18, 1898, request authority to renew the lease of the rooms now occupied by them in the Stewart Building for a term of one year expiring May 1, 1899, on the same terms and conditions as have heretofore prevailed.

Under the Aqueduct Law, which is not disturbed by the Charter, this resolution is to be acted on by the Board of Estimate and Apportionment and not by the Commissioners of the Sinking Fund.

The following resolution is therefore submitted.

Respectfully,

BIRD S. COLER, Comptroller.

Resolved, That the Comptroller be and hereby is authorized to pay the rent of rooms Nos. 207, 209, 211, 213, 214, 215 and 216, in the Stewart Building, No. 280 Broadway, occupied and used as offices by the Aqueduct Commission, from May 1, 1898, to May 1, 1899, at a rental of seven thousand five hundred dollars (\$7,500) per annum, payable quarterly at the expiration of each quarter.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 24, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The County Clerk of the County of New York, in his estimate of the expenses of his office for the year 1899, included an item of eleven thousand dollars (\$11,000) to provide for the expense necessary in carrying out the provisions of chapter 536 of the Laws of 1893, relative to the indexing of public records. This law authorizes the Board of Estimate and Apportionment to provide for these expenses either by including the same in the budget or by issuing special revenue bonds for that purpose. It has always been the practice to authorize the issue of revenue bonds for the payment of these expenses, and I recommend that this plan be followed for the ensuing year.

I also have to request that authority be granted for the issue of revenue bonds to the amount of twenty-five thousand dollars for the work of re-indexing in the Bureau of Arrears, under the provisions of the same act. These amounts are respectively the same as were allowed by the last Board of Estimate and Apportionment for the current year.

The following resolution is therefore submitted:

Respectfully,
BIRD S. COLER, Comptroller.

Resolved, That pursuant to the provisions of chapter 536 of the Laws of 1893 and the requisitions made thereby by the County Clerk of the County of New York, this Board hereby approves of the employment by said County Clerk of a Chief Clerk and Clerks, and of an expenditure for books, stationery, etc., necessary for carrying out the provisions of said Act during the year 1899, amounting in the aggregate to the sum of eleven thousand dollars (\$11,000) and that the Comptroller is hereby authorized to issue revenue bonds of The City of New York, from time to time as may be required, redeemable from the budget of the year succeeding the year of their issue to the amount of eleven thousand dollars (\$11,000), to be applied and used to defray the expenses aforesaid; and

Resolved, That pursuant to the provisions of said Act, this Board also approves of the requisition this day submitted by the Comptroller for Clerks, books, stationery, etc., for carrying out the provisions of said Act during the year 1899, amounting to the sum of twenty-five thousand dollars (\$25,000), which is hereby appropriated therefor, and the Comptroller is also hereby authorized to issue revenue bonds of The City of New York from time to time as may be required, payable from the budget of the year succeeding the year of their issue, to an additional amount not exceeding said sum of twenty-five thousand dollars (\$25,000), to be applied and used to defray the expenses aforesaid.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

(The Comptroller presented the following):

CHANGE OF GRADE DAMAGE COMMISSION,
TWENTY-FOUR AND TWENTY-FORTH WARREN,
NO. 99 BROADWAY, NEW YORK CITY,
October 13, 1898.

Hon. BIRD S. COLER, Comptroller, etc.:

DEAR SIR—At a meeting of the Commission, held on the 12th instant, the following business was transacted:

"The Clerk presented the following statement showing the estimated expenses of the Commission for the year 1899:

Daniel Lord, Chairman of Commission, salary	\$3,000 00
James M. Vanevor, Commissioner, salary	3,000 00
William H. Stillings, Commissioner, salary	3,000 00
Charles F. Young, Stenographer, salary	3,000 00
Lamont McLaughlin, Clerk to Commission, salary	2,500 00
American Surety Company, for rent of offices	1,200 00
M. A. O'Connor, for printing notices and stationery	1,000 00
Metropolitan Telephone and Telegraph Company	240 00
Office and Messenger boy	300 00
Sundries	500 00
Total	\$17,740 00

"Commissioner Vanevor thereupon offered the following proposed resolution, which was unanimously adopted:

"Whereas The Clerk has presented a statement showing the estimated expenses of the Commission for the year 1899, which has been examined and approved by this Commission; now, therefore, be it

"Resolved, That pursuant to the provisions of chapter 537 of the Laws of 1893, as amended by chapter 517 of the Laws of 1894, the Comptroller be and he is hereby respectfully requested to issue bonds for such amounts as may be necessary for the payment of the expenses of the Commission for the year 1899, from time to time as may be required by the act; and be it further

"Resolved, that the Clerk be and he is hereby directed to forward a copy of the foregoing to the Comptroller, together with a statement showing the estimated expenses of the Commission for the year 1899."

Yours respectfully,

LAMONT McLAUGHLIN, Clerk to Commission

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 24, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Change of Grade Damage Commission, organized pursuant to the provisions of chapter 517 of the Laws of 1893, as amended by chapter 507 of the Laws of 1894, presents in its communication dated October 12, 1898, its estimate of expenses for the year 1899. This estimate amounts to seventeen thousand seven hundred and forty dollars (\$17,740), which is the same amount as was allowed for the current year. These expenses being those of a special commission, and temporary in their nature, form no part of the budget, but have to be provided for pursuant to said laws from the proceeds of bonds.

As the amount of bonds required to be issued during the current year will not exceed one hundred thousand dollars, the concurrence of the Municipal Assembly in a resolution authorizing the same is unnecessary, as provided by section 169 of the Charter.

The following resolution is therefore submitted:

Respectfully,
BIRD S. COLER, Comptroller.

Whereas, It appears that the total amount of bonds required to be issued during the year 1899, pursuant to the provisions of chapter 517 of the Laws of 1893, and chapter 507 of the Laws of 1894, relating to expenses of the Change of Grade Damage Commission, will not exceed the sum of one hundred thousand dollars (\$100,000), the concurrence of the Municipal Assembly with resolutions of this Board authorizing such bonds unnecessary; therefore be it

Resolved, That pursuant to the provisions of chapter 537 of the Laws of 1893, as amended by chapter 517 of the Laws of 1894, the Comptroller be and he is hereby authorized to issue corporate bonds of The City of New York from time to time as may be required, in the manner provided by section 169 of the Greater New York Charter, to the amount of seventeen thousand seven hundred and forty dollars (\$17,740), to provide for the payment of the expenses of the Change of Grade Damage Commission, provided for by said acts, during the year 1899.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller offered the following:

Resolved, That the sum of seven hundred and six dollars and eighty-nine cents (\$706.89) remaining unexpended of the amount appropriated from the proceeds of bonds issued pursuant to the provisions of chapter 11 of the Laws of 1894, be and the same is hereby made applicable to expenses to be incurred for laying asphalt, etc., in Central Park near Seventy-second street and the East Drive.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

HEADQUARTERS FIRE DEPARTMENT,
NO. 157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, October 26, 1898.

Hon. ROBERT A. VAN WYCK, Mayor and Chairman Board of Estimate and Apportionment:

SIR—I have the honor to request that your honorable Board will authorize the transfer of the sum of eight hundred and fifty dollars (\$850) from the appropriation entitled "Fire Department

Fund—For Sites, Buildings and Telegraph System," for 1897, made pursuant to the provisions of chapter 76 of the Laws of 1894, as amended by chapter 751 of the Laws of 1897, to the appropriation entitled "New Sites," for 1896, for which the same is required.

Yours respectfully,

JOHN J. SCANNELL, Commissioner.

And offered the following:

Resolved, That the sum of eight hundred and fifty dollars (\$850) be and the same is hereby transferred from the appropriation made to the Fire Department for 1897 from the proceeds of bonds, issued pursuant to the provisions of chapter 76 of the Laws of 1894, as amended by chapter 751 of the Laws of 1897, entitled, "For Sites, Buildings and Telegraph System," to the appropriation made to said Department for 1896, pursuant to said acts, entitled, "New Sites."

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 24, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Corporation Counsel, in an opinion dated October 8, 1898, referring to a bill of the "Brooklyn Daily Eagle," amounting to eighty-four dollars (\$84), for advertising a notice of the Commissioner of Jurors, Kings County, states that this expense cannot be deemed chargeable against the appropriation for corporation advertising in the Borough of Brooklyn, and recommends that the same should be audited by the Board of Estimate and Apportionment as a county charge, pursuant to section 902 of the Charter.

The following resolution is therefore submitted:

Respectfully,
BIRD S. COLER, Comptroller.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 8, 1898.

Hon. BIRD S. COLER, Comptroller:

SIR—Your communication, dated September 13, 1898, is received.

You transmit therewith an audited voucher for \$84, for advertising notices of Commissioners of Jurors of Kings County, in favor of the "Brooklyn Daily Eagle"; also communications from the "Brooklyn Daily Eagle" to the Auditor of the Borough of Brooklyn, refusing to accept the warrant for \$84, as drawn against their contract (No. 214) with The City of New York, for publication of notices and advertisements required by the Greater New York Charter to be published in it as a Corporation Newspaper.

The "Brooklyn Daily Eagle" claims that this advertisement is not included in their contract, No. 214, aforesaid, but is required by section 1136 of the Code of Civil Procedure.

You also transmit a communication from the Auditor of the Borough of Brooklyn to you in regard to the matter, dated September 12, 1898.

The Auditor of the Borough of Brooklyn in his communication to you asks whether payment should be made from the appropriation for corporation advertising or, if not, out of what account should the payment be made, stating that, if the contention of the "Brooklyn Daily Eagle" should be correct, he does not know what account to draw the warrant against, as the Commissioner of Jurors' office has only an appropriation for salaries.

I have examined the contract, No. 214, which provides as follows:

"The party of the first part hereto" (i.e., The Brooklyn Daily Eagle) "doth hereby promise and agree to publish in the newspaper called 'The Brooklyn Daily Eagle,' all notices and advertisements required by the Greater New York Charter to be published in it as a Corporation Newspaper."

Under this contract the "Brooklyn Daily Eagle" is only required to publish the notices and advertisements required by the Greater New York Charter to be published in it as a "Corporation Newspaper."

The advertisement in question is required by section 1136 of the Code of Civil Procedure, and it is to be paid for as provided in section 1134 of the Code, which provides as follows:

"The board of supervisors of the county must provide suitable rooms and other accommodations for the use of the commissioners of jurors, and also for the compensation of his assistants, clerks and messengers, and for necessary printing and advertising, books, stationery and other articles required for the convenient discharge of his duties."

By chapter 380 of the Laws of 1897, the only powers left in the Board of Supervisors is practically to act as a Board of County Canvassers.

By section 1586 of The Greater New York Charter "all powers of local legislation and administration in the counties of New York, Kings and Richmond which are not, at the time of the taking effect of this act, vested in boards of supervisors of said counties" (being chapter 380, above quoted) "or which are not vested in other county officers required by the constitution of the state to be maintained in said three counties, respectively, are hereby vested in the municipal assembly of The City of New York, as constituted by this act, except where otherwise vested by this act in administrative departments or officers of said city."

By section 1583 of The Greater New York Charter it is provided as follows:

"All county charges and expenses and salaries of county officers in said counties" (i.e., New York, Kings and Richmond) "and each of them shall be audited by the Board of Estimate and Apportionment, and shall be paid by The City of New York, in the same manner as the salaries of city officers and city charges are paid; but nothing in this section contained shall be construed as in any way changing or modifying the provision contained in section 902 of this act, to the effect that the sums necessary to defray the salaries of county officers and to pay county charges, and expenses in said counties shall be levied and assessed upon the property of said three counties, respectively, so that each shall ultimately bear and pay all its own county charges."

Section 902 of the Charter provides how county charges and expenses in New York, Kings and Richmond Counties, and that part of Queens County within the City, are to be paid, and further provides:

"to the end that each of said counties and said part of Queens County shall ultimately bear and pay all expenses necessary to be incurred within the county or part of county, for county duties, excluded from city purposes."

You ask me to advise you whether, in my opinion, the position taken by the "Brooklyn Daily Eagle" is correct, or whether you should sustain the position taken by the Auditor of the Borough of Brooklyn.

In my opinion, the position taken by the "Brooklyn Daily Eagle" is correct and you cannot sustain the position taken by the Auditor of the Borough of Brooklyn.

I return herewith the audited voucher for \$84, and papers attached thereto; the latter of the Brooklyn Auditor and Contract No. 214.

Respectfully,
JOHN WHALEN,
Corporation Counsel.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby audits the bill of the "Brooklyn Daily Eagle," for advertising a notice of the Commissioner of Jurors, Kings County, dated July 14, 1898, at the sum of eighty-four dollars (\$84) and authorizes the payment thereof from the appropriation for advertising.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 24, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Commissioner of Water Supply in a communication to this Board dated October 10, 1898, referred to the Comptroller on October 12, 1898, requests that bonds be authorized to the amount of five hundred thousand dollars (\$500,000) for the purpose of replenishing the Croton Water Fund, the balance of which is now practically exhausted.

The purposes for which it is proposed to expend this money are stated in the communication of the Commissioner of Water Supply. I cannot agree, however, that so large an amount is needed at the present time. I believe that the sum of two hundred and fifty thousand dollars (\$250,000) will be sufficient to enable the Commissioner of Water Supply to continue the improvements to the Croton water system covered by the Croton Water Fund up to January 1, 1900. A resolution to authorize that amount of bonds is herewith submitted. These bonds being issued for the purposes of water supply, are not within the limitation of the constitution regarding municipal indebtedness.

Respectfully,
BIRD S. COLER, Comptroller.

Resolved, That, subject to concurrence herewith by the Municipal Assembly, the Comptroller be authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of two hundred and fifty thousand dollars

(\$250,000), for the purposes of the Water Supply, as specified in section 178 of the Greater New York Charter, on account of the resignation of the Commissioner of Water Supply, dated October 10, 1898.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Messrs. Withers & Dickson, of New York City, appointed by Hon. Robert G. Wright, Commissioner of Correction, April 27, 1896, "Architects to Prepare Plans and Superintend the Building of a New Wing and Other Additions to the City Prison," do hereby respectfully protest against the acceptance of any new plans for the "cell-work, steam-heating, electric-lighting, etc.," for the new City Prison. The undersigned, in accordance with the terms of their appointment, prepared plans for the entire additions contemplated in the construction of the new wing and other additions to the City Prison, as specified in chapter 626, Laws of 1896, including the cell-work, steam-heating, electric-lighting, etc., and the same were duly approved and accepted and signed on February 4, 1897, by Commissioner Wright, and on February 8, 1897, by George B. Post, Esq., Architect for the Board of Estimate and Apportionment, and also by the Board of Estimate and Apportionment; which said plans have been duly filed in the office of the Commissioner of Correction, by his order, Mr. Francis J. Lantry, the present Commissioner of Correction, now refuses to let contracts for the continuing of the work on the City Prison at the request of said Withers & Dickson, and says he has appointed other architects to prepare plans for the "cell-work, electric-lighting, steam-heating, etc.," which he intends to put before your Honorable Body for your approval. Your protestants protest against the employment of other architects upon this work and protest against any changes in the accepted plans, for the reasons above stated, that they have been and are legally employed to do the work and, further, that it is unjust to the already heavily burdened taxpayers of The City of New York to compel them to pay two or more architects for plans and commissions for the same work.

All of which is respectfully submitted to your Honorable Body.

Dated New York City, September 27, 1898.

Yours truly,

WITHERS & DICKSON.

POTTER & JOHNSON, Attorneys for Withers & Dickson.

The Mayor moved that it be referred to the Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the awarding of the contract for unloading deck saws for the Department of Street Cleaning of The City of New York, at Riker's Island, to the R. H. Hood Company, at their bid of thirty-six dollars (\$36) per small saw load, forty-three dollars (\$43) per large saw load, and fifty-three dollars (\$53) per extra large saw load.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

DEPARTMENT OF STREET CLEANING,
New York, October 14, 1898.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I have to request that the following-named amounts be transferred to the account of "Final Disposition" appropriation, Department of Street Cleaning, for the year 1898, Boroughs of Manhattan and The Bronx:

From the account of "Sweeping" \$62,000 00
From the account of "Carting" 45,000 00
From the account of "Rents and Contingencies" 13,000 00

Making a total of \$120,000 00

The reason for this request is that the account of "Final Disposition" is insufficient to cover the business of the year.

Early in January of this year I anticipated the necessity of supplementing the account of "Final Disposition," and at once began retrenchments in the other accounts, so that I would have sufficient money to pay the necessary expenses under this account.

Respectfully,

JAMES McCARTNEY, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 29, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Commissioner of Street Cleaning, in a communication dated October 14, 1898, requests that one hundred and twenty thousand dollars be transferred to his account of "Final Disposition—Boroughs of Manhattan and The Bronx," as follows:

From "Sweeping" \$62,000 00
From "Carting" 45,000 00
From "Rents and Contingencies" 13,000 00

I cannot recommend that any transfer be made from rents and contingencies, for the reason that the Commissioner of Street Cleaning has thus far failed to certify to the Department of Finance bills for the rental of the offices which he occupies in the New York Life Insurance Company building, and while liabilities of this kind remain unpaid it certainly cannot be said that the appropriation from which they are payable is, to quote the language of the statute, in excess of the amount required for the purposes and objects thereof. I see no objection, however, to making the other two transfers requested. The following resolution is therefore submitted.

Respectfully,

BIRD S. COLER, Comptroller.

Resolved, That the sum of one hundred and seven thousand dollars (\$107,000) be and the same is hereby transferred to the appropriation made to the Department of Street Cleaning, Boroughs of Manhattan and The Bronx, for the year 1898, entitled, "Final Disposition," the amount of said appropriation being insufficient, from the following appropriations made to said Department for the Boroughs of Manhattan and The Bronx for the year 1898, as follows:

"Sweeping" \$62,000 00
"Carting" 45,000 00

Total \$107,000 00

—said appropriations being in excess of the amounts respectively required for the purposes and objects thereof.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

DEPARTMENT OF STREET CLEANING,
New York, October 14, 1898.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I find that to maintain the service now being rendered by this Department in the Borough of Richmond I shall require an addition of \$500 to the amount appropriated for the year in that borough.

I therefore request that your Board authorize the transfer of this \$500 from the appropriation account of "Sweeping—Department of Street Cleaning, Boroughs of Manhattan and The Bronx," for 1898, to the appropriation for the Borough of Richmond, entitled "For All Purposes."

Respectfully,

JAMES McCARTNEY, Commissioner.

And offered the following:

Resolved, That the sum of five hundred dollars (\$500) be and the same is hereby transferred from the appropriation made to the Department of Street Cleaning, Boroughs of Manhattan and The Bronx, for the year 1898, entitled "Sweeping," the same being in excess of the amount required for the purposes and objects thereof, to the appropriation made to said department for 1898 for the Borough of Richmond, entitled, "For All Purposes," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

DEPARTMENT OF STREET CLEANING,
New York, October 25, 1898.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I have to request that your Board authorize the transfer of \$2,000 from the account of "Administration" appropriation, Department of Street Cleaning, Borough of Brooklyn, 1898, to the account of "Contingencies" appropriation, Department of Street Cleaning, Borough of Brooklyn, 1898, for the reason that the latter account is not sufficient for the business of the year, as it now stands.

Considerable of the equipment now used by the Department in the Borough of Brooklyn was old material turned over from the last administration, and I find that it cannot be made to last out the year without some new purchases and considerable repairing.

Respectfully,

JAMES McCARTNEY, Commissioner.

And offered the following:

Resolved, That the sum of two thousand and eighty dollars (\$2,080) be and the same is hereby transferred from the appropriation made to the Department of Street Cleaning, Borough of Brooklyn, for the year 1898, entitled "Administration," the same being in excess of the amount required for the purposes and objects thereof, to the appropriation made to said department for the Borough of Brooklyn for the year 1898, entitled "Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller offered the following:

mond, and the officers of institutions entitled by law to receive money from the City Treasury, or to incur expenditures payable therefrom, to send their estimates of expenditure for the year 1899, in conformity with the foregoing provisions of law, to the Board of Estimate and Apportionment on or before September 5, 1898.

In accordance with the foregoing resolution, I respectfully request that you will prepare and send to the Board of Estimate and Apportionment an estimate of the amount required for the care and support of the inmates of your institution, as provided by law, in and for the year 1899.

Reference should be made to the provisions of law authorizing the amount to be appropriated and paid from the treasury of The City of New York for the benefit of your institution, annually, or as per capita allowance of money.

Your attention is directed to the date fixed for Departmental Estimates to be sent to the Board of Estimate and Apportionment, September 5, 1898. The Board has been much embarrassed in past years by the failure of certain departments and officers to furnish their estimates in time to have them printed. It is requested, therefore, that you send in your estimate promptly, in order that it may be duly considered and proper provision made for your institution.

Respectfully,

BIRD S. COLER, Comptroller.

The Departmental Estimates for the year 1899 are as follows:

THE MAYORALTY.

CITY OF NEW YORK—OFFICE OF THE MAYOR,
November 17, 1898.

Hon. BIRD S. COLER, Comptroller, No. 280 Broadway, New York:

DEAR SIR—I send you herewith, by direction of the Mayor, the inclosed estimates of the Mayorality and the Bureau of Licenses expenses for 1899. The amount asked for the Mayorality is \$37,300 00. For the Bureau of Licenses the amount requested, as shown by the inclosed estimate of David J. Roche, the Chief of the Bureau of Licenses, is \$27,655 00.

The total being \$64,955 00.

Very respectfully yours,

ALFRED M. DOWNES, Secretary to the Mayor.

Application is hereby made to the Board of Estimate and Apportionment for the following appropriation for the expense of the Mayorality and the Bureau of Licenses for the year 1899, viz:

Mayor	\$15,000 00
Secretary	5,000 00
Chief Clerk	3,000 00
Hon. and Warrant Clerk	2,300 00
Confidential Clerk	1,800 00
Confidential Clerk	1,600 00
Confidential Stenographer	1,600 00
Stenographer	1,600 00
Confidential Messenger	1,800 00
Messenger	1,800 00
Contingencies	1,800 00
Total	\$37,300 00

MAYOR'S OFFICE—BUREAU OF LICENSES,
CITY HALL,
New York, September 16, 1898.

Hon. ROBERT A. VAN WYCK, Mayor:

SIR—I herewith submit a requisition in behalf of this office for the year 1899, as follows:

DESIGNATIONS.	SALARIES.	INCREASE.
1 Chief of Bureau	\$3,500 00	\$700 00
<i>Principal Office, Manhattan and The Bronx.</i>		
1 Deputy Chief	2,500 00	500 00
1 Cashier	1,800 00	100 00
4 Inspectors, at \$1,200 each	4,800 00	
1 Stenographer and Typewriter	500 00	
<i>Branch Office, Brooklyn.</i>		
1 Deputy Chief	2,000 00	
1 Cashier	1,500 00	
1 Inspector	1,200 00	1,200 00
<i>Branch Office, Queens.</i>		
1 Deputy Chief	1,500 00	
1 Cashier	1,200 00	
<i>Branch Office, Richmond.</i>		
1 Deputy Chief	1,500 00	
1 Cashier	1,200 00	
15 Appointees	\$23,700 00	\$2,500 00
Contingencies	3,955 00	
Total	\$27,655 00	

The foregoing appropriation for 1899 will be the same as that for 1898, excepting the additional Inspector in the Brooklyn branch office and the increased salaries noted. The additional appointee in Brooklyn is needed to index and record the licenses issued and to make generally in the business of the office. The increase in the salary of the Chief of the Bureau is warranted by the increased importance and work of the office, by reason of the extension of its jurisdiction to the Greater New York City. The increase of the salary of the Deputy in the principal office is warranted for like reasons, the branches making daily returns thereto and all general accounts being kept therein; besides, under the municipal ordinances the principal office prepares tabulated statements of all licenses issued and fees received by the Bureau throughout the Greater New York for annual publication, and this important work is personally performed by this Deputy. The increase in the salary of the Cashier in the principal office is recommended to equalize compensation with work performed, the receipts and money handled in the principal office being much greater than any branch. The appropriation for contingencies asked for is the same as appropriated in 1898.

Very respectfully yours,

DAVID J. ROCHE, Chief of Bureau of Licenses.

The only addition for 1899 is a clerk in each of the Boroughs of Queens and Richmond at \$600 each to assist the Deputy City Clerks in these boroughs. The necessity for these clerks is great, owing to the rapidly increasing business in these boroughs, and I trust your Honorable Body will see fit to allow for them. The vacancies in the various bureaus shown above have not been filled as yet, no eligible lists having been furnished by the Civil Service Commission, but it is anticipated that same will be prepared before the end of this year.

Respectfully,

P. J. SCULLY, City Clerk.

DEPARTMENT OF FINANCE.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
September 14, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—As provided by section 226 of the Greater New York Charter I submit herewith, in writing, the Departmental Estimate of the amount of expenditures required for conducting the public business in the Department of Finance for the year 1899, stating in detail the objects and purposes of such expenditure, and including a statement of the salaries of each of the officers, clerks and subordinates employed in the Department and the compensation of temporary clerks employed during a portion of each year.

The amount asked for is \$3,032.75 less than the appropriation for the current year.

Following is a Summary Statement of the Amounts Appropriated for each of the Bureaus of the Department, in each of the Boroughs for the Year 1898, in Comparison with the Amounts Requested therefor for 1899:

In the City of New York as formerly constituted it was customary for the Comptroller to present to the Board of Estimate and Apportionment, at the same time that the Departmental Estimate was submitted, statements showing the amounts required for redemption of and for the payment of interest on bonds, amounts required for annual installments for Sinking Fund purposes on State Taxes, and for out of premises not provided for in departmental appropriations.

In former years, however, the bond statements presented for consideration in the provisional estimate were largely conventional or formal, owing to the fact that these statements (made up in August) could of necessity lay no claim to accuracy in regard to the amount of special revenue bonds to be issued between that date and the close of the year. The really important bond statements were always presented in the Board of Estimate and Apportionment in manuscript at the close of the hearing of the Final Estimate during the last few days of December in each year.

Under the provisions of the Greater New York Charter, however, the Board of Estimate and Apportionment only makes estimates, and that during the month of October. An element of uncertainty or of guesswork is therefore introduced into the preparation of the bond statements which did not exist before. In order to reduce these elements of uncertainty as much as possible, and with the view of preparing bond estimates which shall be as nearly as possible accurate, I will present these statements toward the end of the month of October, just prior to the date when the Board of Estimate and Apportionment is required to transmit their estimate to the Municipal Assembly.

Respectfully,
BIRD S. COLER, Comptroller.

THE CITY OF NEW YORK—OFFICE OF THE CITY CHAMBERLAIN,
NEW YORK, September 14, 1898.

Hon. MR. S. COLER, Comptroller :

DEAR SIR—I have the honor to acknowledge the receipt of your circular letter dated July 21, 1898, and as therein requested present the following estimate of the amount required to conduct the business of the City Chamberlain's Office for the year 1899:

Contingencies Chamberlain's Office.....	\$500 00
Salary of Chamberlain, as per section 196, chapter 378, Laws of 1897.....	12,000 00
Salaries of Officers, Clerks and Employees.....	26,300 00
	<u>\$38,800 00</u>

Allowed for the year 1898—	
Contingencies Chamberlain's Office.....	\$1,000 00
Salary of Chamberlain, as per section 196, chapter 378, Laws of 1897.....	12,000 00
Salaries of Officers, Clerks and Employees.....	32,450 00

To perform the duties required of this office on account of the merging of the cities, I found it necessary to consolidate several of the positions provided for in the original estimate, and to abolish others. This enables me to leave an unexpended balance of about \$10,000 of the Salary account and \$300 of the amount allowed for Contingent Expenses for the year 1893.

My estimate for the year 1899 will be \$35,800, which is \$6,650 less than the amount allowed for this year. I would like to add that the fees earned by me on Court Funds, and turned over regularly to the City Treasury, average about \$1,000 per month.

Herewith I inclose a comparative statement showing the several amounts allowed for 1898, and what is required for 1899, as requested in your circular.

Very respectfully,
PATRICK KEENAN, Chamberlain.

Contingencies.

Extra Help, Telephone, etc.....	1898.....	\$682 00	1899.....	\$682 00
---------------------------------	-----------	----------	-----------	----------

If I have to provide out of my contingency fund for stationery, printed forms, lithographic blanks, books, etc., I beg to request an appropriation therefor over and above the \$682 above mentioned.

The sum asked for my Bureau for 1899 is the amount appropriated last year, increased by \$1,543.23 to provide for the increased salary of myself and my assistant for the year, as

provided by chapter 230 of the Laws of 1898, together with an increase of \$400 for my stenographer; my stenographer has been connected with the office for over seven years, has been faithful and competent; her salary has been much less than she has deserved and much less than is paid to other stenographers in the City's employ. In case I have to provide for the stationery, books, etc., above mentioned, I beg to request an appropriation therefor over and above the \$682 mentioned.

Respectfully,
WILLIAM M. HOES, Public Administrator.

DEPARTMENT OF HIGHWAYS.

DEPARTMENT OF HIGHWAYS—COMMISSIONER'S OFFICE,
No. 130 NASSAU STREET,
NEW YORK, September 6, 1898.

Hon. ROBERT A. VAN WYCK, Mayor and Chairman, Board of Estimate and Apportionment.

DEAR SIR—Pursuant to the provisions of section 226 of the Greater New York Charter, I submit the following estimate of the amounts required to properly conduct the business of the Department of Highways during the year 1899.

Borough of Manhattan.

Salaries—General Administration.

Departmental Estimate for 1898	\$63,480 00
Final Estimate for 1898	41,080 00
Departmental Estimate for 1899	58,380 00

The salaries included in this estimate are:

	PRESENT SALARIES.	PROPOSED SALARIES.
Commissioner	\$7,500 00	\$7,500 00
Deputy Commissioner	5,000 00	5,000 00
Secretary	3,000 00	3,000 00
Chief Engineer of Department	5,000 00	5,000 00
Chief Clerk	3,000 00	3,000 00
Corresponding Clerk	2,400 00	2,400 00
Continuing Clerk	2,250 00	2,250 00
Clerks	2,000 00	2,000 00
Appointments Clerk	1,500 00	1,500 00
Clerk	1,500 00	1,500 00
"	1,200 00	1,200 00
"	1,800 00	1,800 00
"	1,200 00	1,200 00
"	1,000 00	1,000 00
"	1,200 00	1,200 00
Messengers	1,200 00	1,200 00
	\$59,350 00	\$59,350 00
New appointments—		
Engineer		4,000 00
Assistant Engineer		3,000 00
"		2,500 00
"		2,500 00
Bookkeeper		2,000 00
Assistant Contract Clerk		1,500 00
Assistant Clerk		1,500 00
Stenographer and Typewriter		1,540 00
"		1,840 00
		\$56,380 00

The new positions included in this salary list might have been filled during the present year and would have been for the advantage of the appropriation allowed, \$24,000 less than the amount asked for in my Departmental Estimate for 1898.

The present engineering corps is entirely inadequate, especially because of the necessity of furnishing estimates of proposed work to local boards and to the Board of Public Improvements, as required by the Charter, which provides that improvements involving assessments for benefit shall not be authorized until detailed estimates of the cost thereof shall have been submitted to the Board of Public Improvements, with the assessed value from the latest tax-roll of the real estate included within the probable area of assessment. The work of making the preliminary survey on which these estimates are based is constantly increasing. Most of the money expended for this class of work is included in the assessment job therefor, and in this way is refunded to the City.

The services of the three assistant engineers provided for are absolutely necessary. This year the Department has been seriously embarrassed by lack of appropriation to pay for a full corps of engineers. The numerous large public improvements about to be undertaken and others in contemplation for execution next year render imperative the necessity of the services of the additional engineers included in the estimate. Unless the full estimate for engineering be allowed, the Department will not be able to promptly furnish plans and estimates of proposed improvements, nor will it be in a position to have such work thoroughly supervised and inspected while in progress.

The engineer included in the new appointments is required for the Borough of Manhattan. In each of the other boroughs there is an engineer. The necessity for the services of one to Manhattan is certainly as great as in any of the other boroughs.

At present the Department has no regular bookkeeper and urgently needs one.

The services of an assistant contract clerk and of an auditing clerk are also needed.

There are now no stenographers employed in this Department chargeable to the appropriation for "Salaries—General Administration." The two stenographers and typewriters provided for in the estimate are absolutely necessary.

Boring Examinations for Grading Contracts.

Departmental Estimate for 1898	\$1,000 00
Final Estimate for 1898	2,000 00
Departmental Estimate for 1899	2,000 00

Before advertising for bids and awarding contracts for grading work, it is necessary to make preliminary estimates of the cost thereof. These cannot be made with any degree of accuracy without boring examinations to determine the relative quantities of earth and rock to be excavated. The amount of this estimate is absolutely necessary for this work.

Boulevards, Roads and Avenues—Maintenance of.

Departmental Estimate for 1898	\$174,990 00
Final Estimate for 1898	132,250 00
Departmental Estimate for 1899	130,150 00

The items included in this estimate are:

Labor on macadam and gravel roads—	
34 Laborers, at \$2.50 per day, for 313 days	\$26,605 00

SUMMARY OF ESTIMATE FOR "BOULEVARDS, ROADS AND AVENUES—MAINTENANCE OF."

Labor on Macadam and Gravel Roads	\$76,000 00
Sprinkling Roads	18,000 00
Labor at Repair Shop, and Material and Supplies	9,000 00
Miscellaneous Items	36,150 00
	\$139,150 00

The full amount of this estimate is needed to repair, maintain and properly sprinkle the 18 miles of macadamized streets, also to pay for the care of trees and the planting of new trees, as well as beautifying the park plots on the Western Boulevard. It ought to be stated that the laboring force charged to this appropriation cleans the roads and removes snow and ice, in addition to the work performed by them in repairing, maintaining and sprinkling the streets.

Boulevards, Roads and Avenues, Maintenance of—Salaries.

Departmental Estimate for 1898	\$6,500 00
Final Estimate for 1898	5,250 00
Departmental Estimate for 1899	6,250 00

The salaries to be paid from this appropriation are—

	PRESENT SALARIES.	PROPOSED SALARIES.
Superintendent of Streets and Roads	\$2,750 00	\$2,750 00
Clerk	1,500 00	1,500 00
Rodman	1,000 00	1,000 00
	\$5,250 00	\$5,250 00
Clerk (new appointment)		1,000 00
		\$6,250 00

The services of the additional Clerk included in this estimate are necessary in consequence of an increase of clerical work in the office of the Superintendent of Streets and Roads. The other salaries are the same as those allowed for 1898.

Contingents—Department of Highways.

Departmental Estimate for 1898	\$8,500 00
Final Estimate for 1898	2,000 00
Departmental Estimate for 1899	3,000 00

The amount of this estimate is required for postage, telegraphing, expressage, traveling expenses of officers of this Department, also other incidental expenses that must be incurred from time to time.

Flagging Sidewalks and Fencing Vacant Lots in Front of City Property.

Departmental Estimate for 1898	\$2,000 00
Final Estimate for 1898	2,000 00
Departmental Estimate for 1899	2,000 00

This sum is necessary to flag and repair sidewalks and to fence vacant lots in front of City property.

One Hundred and Fifty-fifth Street Viaduct—Maintenance and Repairs.

Departmental Estimate for 1898	\$51,750 00
Final Estimate for 1898	515,000 00
By Special Appropriation	22,000 00
	37,000 00
Departmental Estimate for 1899	12,000 00

It is estimated that the whole of this amount will be required to maintain the One Hundred and Fifty-fifth Street Viaduct in 1899, including the cleaning of the stairs and the clearing away of snow during the winter months.

Removing Obstructions in Streets and Avenues.

Departmental Estimate for 1898	\$15,000 00
Final Estimate for 1898	15,000 00
Departmental Estimate for 1899	15,000 00

This estimate, which is the same as the appropriation allowed for 1898, is as low as it can be made consistent with the efficient performance of the work devolving on the Bureau of Incumbrances.

In addition to removing sidewalk obstructions, such as show-cases and merchandise extending beyond legal limits, the Bureau is required to remove dead and dangerous trees, stumps, posts, telegraph poles and wires; also dirt, stone and rubbish left on streets or sidewalks by unknown persons.

To this appropriation is also charged the salaries of a Foreman and two Laborers employed in the Corporation Yard; also of an Inspector's Helper, who assists in the seizure of articles obstructing streets or sidewalks. The traveling expenses of Inspectors, and horse and wagon hire for the Superintendent of the Bureau, are also drawn from this account.

Removing Obstructions in Streets and Avenues—Salaries.

Departmental Estimate for 1898	\$13,700 00
Final Estimate for 1898	13,450 00
Departmental Estimate for 1899	14,500 00

The salaries provided for in this estimate are:

	PRESENT SALARIES.	PROPOSED SALARIES.
Superintendent	\$3,375 00	\$3,000 00
Clerk	1,600 00	1,800 00
"	1,200 00	1,200 00

This appropriation is required for the following salaries:

	PRESENT SALARIES.	PROPOSED SALARIES.
Deputy Commissioner.....	\$5,000 00	\$5,000 00
Chief Clerk and Private Secretary.....	2,400 00	2,400 00
Clerk.....	1,500 00	1,500 00

New Appointments—		
Clerk.....		1,140 00
Stenographer and Typewriter.....		1,200 00
Total.....		\$14,300 00

The proposed salaries are the same as those paid in 1898, with the exception of one Clerk and a Stenographer and Typewriter, which are designated as new appointments. These additional officers are absolutely necessary to properly perform the clerical work of the Deputy Commissioner's office.

Contingents.

Departmental Estimate for 1898.....	\$1,300 00
Final Estimate for 1898.....	750 00
Departmental Estimate for 1899.....	1,000 00

This amount is required to meet unforeseen expenditures that constantly have to be met, and includes telegraph charges, messenger service, postage, and other contingent expenses.

Labor, Maintenance and Supplies.

Departmental Estimate for 1898.....	\$558,480 00
Final Estimate for 1898.....	478,740 00

20 Carts, \$3 per day, 180 days.....	10,800 00
	\$414,435 00

In this sum of \$414,435 provision is made for all labor necessary to maintain and repair the streets in the Borough of The Bronx, which contains 188 miles of earth roadways, 93 miles of macadamized roads and 51 miles of paved streets, making a total of 332 miles. Provision is also made for sprinkling the 93 miles of macadamized roads when necessary.

Broken stone and screenings, 50,000 cubic yards, at \$175 per cubic yard.....	87,500 00
Water for sprinkling tracks east of the Bronx river.....	1,920 00
Miscellaneous supplies, including powder, fuse, repairs to carriage and wagons and various small articles, which cannot be classified in advance of actual requirements.....	2,500 00
Typewriting machine, with desk and chair.....	100 00
Petty disbursements, principally car-fare, on account of special work, estimated at \$150 per month.....	1,800 00
	\$115,005 00

The 300 tons of coal included in this estimate is required for blacksmith's work and for the operation of 16 road rollers.

The three carriages provided for are needed to replace carriages worn out in the service, and which could not be repaired at a cost under fifty per cent. of their original value.

The Department has only one sheet-iron truck at present. The two additional trucks included in the estimate are necessary to meet the requirements of the service.

The 6 additional sprinkling-trucks are needed to enable the Department to sprinkle all the macadamized roads east of the Bronx river. With the 8 sprinkling-trucks now available for that district, the Department is able to sprinkle only a little more than one-half the mileage of macadamized roads in that locality.

There are at present in use 6 sheet-iron carts, 1 for each paving gang. It is proposed to increase the number of paving gangs from 6 to 20, hence 14 additional sheet-iron carts are urgently required.

There is but one portable tar-kettle available for use at the present time, and that one is of an unsatisfactory type. The 4 new and improved ones included in the estimate are necessary.

The 2,500 cubic yards of clean boiler ashes, estimated to cost \$1,875, are necessary for use in leveling sidewalks where streets are not regulated and graded.

The 50,000 cubic yards of broken stone and screenings provided for are needed in macadamize roads and to repair existing macadam pavements.

In explanation of the item of \$1,920 for water for sprinkling-trucks east of the Bronx river, it may be stated that it is proposed to have 14 sprinkling-trucks employed in that district. These, with 2 sprinkling-trucks with steam roadrollers, make 16 in all. The necessary supply of water for these trucks will cost \$20 each per month for a period of six months. The water will be obtained from the New York and Westchester Water Company for use in the district east of the Bronx river, and the rate of \$20 per month is the same as that now being paid for a supply of water for each sprinkling-truck.

SUMMARY OF ESTIMATE FOR LABOR, MAINTENANCE AND SUPPLIES.

Salaries, General Superintendent's office.....	\$51,580 00
Wages of Foremen, Mechanics, Laborers, teams, carts, etc.....	414,435 00
Supplies.....	115,005 00

Total Estimate.....\$561,020 00

Viaducts or Bridge—Maintenance and Repairs.

Departmental Estimate for 1899.....	\$14,300 00
-------------------------------------	-------------

This is a new appropriation, and the items payable from it are:

2 Foremen, at \$3.30 per day, for 150 days.....	\$1,050 00
6 Carpenters, at \$3.50 per day, for 150 days.....	3,150 00
12 Laborers, at \$2 per day, for 150 days.....	3,600 00

Total labor account.....\$7,800 00

Spruce timber (special), 200,000 feet, B. M., at \$21 per thousand.....	\$4,200 00
Yellow pine lumber (special), 60,000 feet, B. M., at \$24 per thousand.....	1,440 00
Wire spikes, 8-inch and 6-inch, 200 kegs, at \$2 per long ton.....	400 00
Tools.....	660 00

Total material account.....\$6,700 00

Total.....\$14,300 00

On May 17, 1898, the Corporation Council rendered an opinion to the President of the Board of Public Improvements that "all bridges over rivers are within the jurisdiction of the Commissioner of Bridges, and all other structures partaking of the nature of bridges or viaducts are within the jurisdiction of the Commissioner of Highways, or when within parks of the Department of Parks."

There are in the Borough of The Bronx 39 bridges of the class which the Corporation Council's opinion places within the jurisdiction of the Commissioner of Highways. It is estimated that these bridges or viaducts cannot be properly maintained and repaired for less than the estimate of \$14,300 herein itemized.

Retirement of Incumbents.

Departmental Estimate for 1898.....	\$9,740 00
Final Estimate for 1898.....	9,000 00
Departmental Estimate for 1899.....	9,940 00

This estimate includes the following items:

Salaries and Wages Account—	
Superintendent.....	\$1,500 00
2 Inspectors, at \$1,000 each.....	2,000 00
2 Watchmen, at \$720 each.....	1,440 00
	\$4,940 00

General account.....5,000 00

Total.....\$9,940 00

From the general account there is to be paid the rent of a suitable plot of ground for a yard for storage purposes. Teams and Laborers required from time to time to remove incumbrances and obstructions must also be paid for from this account.

Preliminary Surveys, etc.

Departmental Estimate for 1898.....	\$20,000 00
Final Estimate for 1898.....	20,000 00
Departmental Estimate for 1899.....	28,240 00

The items of this estimate are:

1/2 salary (\$5,000) of Chief Engineer, Borough of The Bronx.....	\$1,250 00
1/2 salary (\$3,300) of Principal Assistant Engineer.....	1,100 00
3 Assistant Engineers, at \$1,800 each.....	5,400 00
3 Transmitters, at \$1,500 each.....	4,500 00
3 Levelers, at \$1,350 each.....	4,050 00
3 Rodmen, at \$1,200 each.....	3,600 00
2 Chainmen, at \$1,120 each.....	2,240 00
2 Draughtsmen, at \$1,000 each.....	2,000 00
1 Clerk.....	1,000 00
New instruments and apparatus, repairs, etc.....	1,300 00

Total.....\$28,240 00

This appropriation is required to pay for making surveys and estimates of cost of proposed public improvements, it being provided in the Charter that no public work or improvement

Involving an assessment for benefit shall be authorized until a detailed estimate of the cost thereof shall have been submitted to the Board of Public Improvements, with the assessed value, from the latest tax roll, of the real estate included within the probable area of assessment. From the same account there must also be paid the expense of making preliminary surveys, valuations, plans and specifications for contracts after improvements are authorized by the Municipal Assembly. Heretofore no survey or estimate has been required before the passage of an ordinance, and the cost of the preliminary work necessary is now greatly increased by the necessity of making surveys and preparing estimates of assessment work in advance of the adoption of ordinances therefor. Most of the expense of preliminary surveys and estimates is charged against the work after it is under construction and is included in the assessment therefor. In this way the money expended is returned to the City Treasury.

The item of \$1,500 for the purchase of surveying instruments and apparatus, and for making necessary repairs thereto, is required and ought to be appropriated.

Rock Soundings.

Departmental Estimate for 1898.....	\$8,000 00
Final Estimate for 1898.....	5,000 00
Departmental Estimate for 1899.....	10,975 00

The items included in this account are:

12 Sounders, at \$550 each.....	\$6,600 00
1 Foreman.....	575 00
2 Rodmen, at \$1,000 each.....	2,000 00
New machinery and repairs.....	1,500 00
	\$10,975 00

The purpose for which this appropriation is needed is to enable the Department to ascertain the character of subsurface material where improvements are to be made, so that accurate estimates of the kinds of material to be excavated may be made in advance of the letting of contracts. The custom of determining, in advance of the awarding of a contract, the quantity of rock, earth or other material to be excavated has in a large measure stopped the pernicious practice of presenting unbalanced bids for contracts. Disparities were large variations between preliminary and final estimates have in the same manner been averted.

Standard Bench Marks.

Departmental Estimate for 1898.....	\$5,000 00
Final Estimate for 1898.....	3,000 00
Departmental Estimate for 1899.....	4,570 00

In this estimate provision is made for the following force:

Assistant Engineer.....	\$1,800 00
Leveler.....	1,750 00
Rodman.....	1,000 00
Armen.....	720 00
	\$4,570 00

In making surveys in the outlying sections of the Borough of The Bronx, it is necessary to establish definite official bench marks, giving accurately the elevation above high water on fixed points, so that the whole system of street improvements within the Borough, when completed, will conform to a uniform datum. The estimate of \$4,570 is a low figure for this important purpose.

Grand Boulevard Construction.

Departmental Estimate for 1898.....	\$500,000 00
Final Estimate for 1898.....	400,000 00
Departmental Estimate for 1899.....	400,000 00

The necessity of this appropriation to grade and improve the Grand Boulevard and Concourse is imperative.

On May 20, 1898, the Local Board of the Twenty-first District, Borough of The Bronx, adopted a resolution recommending to the Board of Public Improvements and to the Municipal Assembly that immediate action be taken toward procuring an appropriation sufficient to grade and make passable the Grand Boulevard and Concourse, which was laid out on the map system of the Twenty-first and Twenty-fourth Wards under special legislative authority, and with the implied understanding that the actual work of construction would be commenced as soon as the City had acquired title to the necessary land.

It has been estimated that the rough grading of the Concourse for its entire length and width to the established lines and grades would cost about \$125,000. I have not this estimate down to \$200,000, and if the amount is allowed I will immediately take steps to have the Concourse graded, first beginning with those sections which are dangerous on account of the presence of columns of buildings which have been removed from the lines of the street. The money expended in constructing the Grand Boulevard and Concourse will be a paying investment to the City, inasmuch as it will open up about five miles of valuable frontage which will yield increased taxes.

Repaving Streets and Avenues.

(Section 230 of the City Charter.)

Departmental Estimate for 1898.....	\$100,000 00
-------------------------------------	--------------

Since 1895, \$500,000 has been raised by the issue of bonds, under authority of special acts of the Legislature, for repaving streets and avenues in the City of the City now known as the Borough of The Bronx. The estimate of \$100,000 for this purpose is made in conformity with section 230 of the City Charter, which provides that the Board of Estimate and Apportionment shall annually include in its final estimate such sum as shall be included in the estimate of the Department of Highways, to be expended in repaving or resurfacing with streets, roads, avenues and public places as shall be certified to the Municipal Assembly by the Commissioners of Highways as required to be repaved for the safety, health or convenience of the public, and as said Assembly shall by ordinance or resolution direct.

At least \$100,000 is necessary to repave streets or parts of streets on which public schools and hospitals are located.

In the general repaving, One Hundred and Thirty-eight and One Hundred and Thirty-fifth streets are included. The improvement of these streets is most urgently needed. Petitions for the repaving of many other streets are on file. An appropriation twice as large as the amount estimated could be advantageously expended. The sum estimated will not be more than sufficient to pay for repaving streets which are in absolute need of improvement, and of which there are at least four miles.

BOROUGH OF BROOKLYN.

Salaries.

Departmental Estimate for 1898.....	\$104,731 00
Final Estimate for 1898.....	57,462 00
Departmental Estimate for 1899.....	77,838 00

The items provided for in this estimate are:

	PRESENT SALARIES.	PROPOSED SALARIES.
Deputy Commissioner.....	\$5,000 00	\$5,000 00
Engineer of Highways.....	4,500 00	4,500 00

New appointments—		
Chief Clerk.....	\$2,500 00	
Clerk.....	1,250 00	
Assistant Engineer.....	1,500 00	
Leveler.....	1,200 00	
Rodman.....	900 00	
Clerk.....	1,000 00	
Total.....	\$65,838 00	\$65,838 00
		\$77,838 00

The Deputy Commissioner of Highways for the Borough of Brooklyn states that the salary amount is as small as it can be made. The surveys of the 2 additional Assistant Engineers, 1 Leveler, 2 Rodmen and 4 Clerks included in the list are absolutely necessary, the present engineering and clerical force being inadequate.

The \$1,000 Clerk included in the new appointments is to fill a vacancy caused by the recent discharge of a Clerk whose place has not yet been filled.

Comparing the amount of the present payroll (\$65,838) with the sum of \$174,602 shows a difference of \$108,764. This is accounted for by the fact that the Inspectors of Incumbrances and several of the other officers included in the list were appointed on dates between February and July, thus receiving pay for only a part of a year.

Labor, Maintenance and Supplies.

Departmental Estimate for 1898.....	\$174,000 00
Final Estimate for 1898.....	131,907 00
Departmental Estimate for 1899.....	201,750 00

The items of this estimate are:

Repairs to Stone and Asphalt Pavements—	
Foremen, Mechanics, Laborers and teams.....	\$60,000 00
150,000 granite blocks.....	3,250 00
6,000 cubic yards of sand.....	3,600 00
5,000 cubic yards of cobblestones.....	9,000 00
Rent of yards.....	1,700 00
Tools and sharpening.....	4,500 00
Maintenance of asphalt pavements, not under guaranty.....	30,000 00
Total.....	\$115,050 00

This amount is needed to make repairs to stone pavements, many of which are in dangerous condition, especially the cobblestone pavement, which must be made safe and passable until it can be replaced by pavement of new and improved material.

The item of \$30,000 for maintaining asphalt pavements not under guaranty of maintenance is less than the amount of the contract made for the present year.

Repairs to Unpaved Streets and Macadamized Roads—

5,000 cubic yards of broken stone and screenings.....	\$9,000 00
Teams and labor on macadamized and dirt roads.....	28,500 00
Sprinkling macadamized roads.....	12,500 00
New steam roller.....	2,500 00
	\$52,500 00

The macadamized roads in the Borough of Brooklyn are very much used, and most of them are in fair condition, but they cannot be so maintained without the estimated appropriation.

The sprinkling will add to the durability of the roadways and is necessary to make them tolerably comfortable to drive on in dry weather.

There being 62 miles of macadamized streets and about 140 miles of dirt roads to be cared for by this Department, the amount of the estimate is as low as it can be made.

Setting and resetting curbs, gutters and crosswalks..... \$25,000 00

In the late City of Brooklyn a sum varying from \$25,000 to \$50,000 was annually set aside for setting and resetting curbs and improving gutters and crosswalks. There being no allowance for this purpose during the present year, many repairs which were originally needed could not be made. It is especially necessary to renew crosswalks on important thoroughfares, and the money asked for can be well spent.

Removal of incumbrances..... \$10,000 00

A Bureau of Incumbrances has been organized in the Borough of Brooklyn, and a vast amount of work awaits performance. This estimate of \$10,000 will be necessary to remove obstructions from public streets and sidewalks.

Flagging and fencing in front of City property..... \$1,500 00

This amount is required to keep in repair the sidewalks in front of public buildings, and to fence storage and repair yards, also other property owned by the City.

Surveying instruments and engineering materials..... \$1,200 00

A new transit and level will be required. To pay for these and for rods, tape line stakes, and other small supplies, \$1,200 is necessary.

For constructing new and for the alteration and improvement of old sewers.....	\$500,000 00
--	--------------

The works that we have designed have been presented to the various boards entitled to pass upon them, and have received the approval of all, so far as they have gone, and will shortly be in a position to be contracted for, provided the funds are available. I submit list under schedule, with estimated cost.

Final Estimate for 1898	215,240 00
Departmental Estimate for 1899	20,090 00

This item is to provide for all preliminary surveys and other work to make ready for sewer construction. The City has acquired title to a great number of streets this year, and the work of opening new streets will continue rapidly. As people are building throughout the school section, and it will require an extra amount of money to make the preliminary surveys, etc., for the sewers which property-owners are putting in millions for every day. Accurate bench marks have to be made, and the results of surveying instruments, etc., will naturally increase as the work progresses.

Provision is made in this estimate for the following, based on the approximate expenditure for this year and the probable necessities for 1991:

Salary, etc., of Superintendent, Bureau of Maintenance, Engineers, Assistant Foremen and Laborers; supplies and extras for complete cleaning of sewer trunk sewers. These trunk sewers should be cleaned this year but the appropriation is insufficient to cover the cost of this work. Many of the sewers in this Borough are dual drainage sewers that have not been paved and the large quantity of sand and dirt which is continuously coming in this year shows unless it necessary to clean basins and sewers much others than it would be if no the streets were regularly paved. This increases the item for cleaning.

BOROUGH OF BROOKLYN.

In asking for a total appropriation of double the amount allowed this House for the year 1898, the attention of the Honorable Board of Estimate and Appropriations is drawn to the following facts:

1st. The appropriation allowed for this year 1858, up to the date of this writing, August 24, 1858, had been inadequate for the proper conduct of the business of this Department. Especially is this so in regard to the appropriation for "Sewers—Kew-Forest and Canning."

2d. Your attention is drawn to the mileage of sewers and the number of street lights existing in this Borough, equaling the combined mileage of Manhattan, The Bronx and Richmond, and comparison is invited to the assessments allowed these Boroughs with the Borough of Brooklyn.

3d. I am aware of the difficulty of receiving allowances in specie of the previous allowance, and in view of that fact, your attention is respectfully drawn to the attached statements following, which show the necessity for this appropriation, if the sewers and their appurtenances are to be kept in the sanitary condition necessary for the health of the community.

Say \$10,400.

The estimated increase over the last appropriation allowed is covered by the recommended addition to our long-term staff of two clerks, one stenographer, one driver and two riders. This branch of the government is the department who left without a single clerk for administering its affairs, those who performed clerical duties for us having been transferred at the first of the year to the Department of Water Supply. Four drivers were divided among the several bureaus of the old Department of City Works, and their salaries charged to the general administration of said Department.

It is necessary, for the efficiency of the Department in this branch, that an additional allowance should be made for them, as well as for the widows above mentioned:

The Engineers have all been found to do clerical work, in addition to their regular duties, for the past year.

The tabulated statement in the sequel will show the arrangement for three field parties and one office party.

The Borough of Brooklyn has under its streets about 500 miles of pipe sewer, ranging in size from 12 inches to 24 inches in diameter, and about 110 miles of brick sewer, from 30 inches to 187 inches in diameter, a total of 610 miles. To thoroughly cleanse and maintain this system \$104,500 is urgently requested. That for the health of the community both sewers and basins should be thoroughly and regularly cleaned, will not be denied. Our citizens should know and be assured that as much care is given to the cleaning of the streets as being given for the purpose of maintaining their sewers.

It is proposed to have cleaned, during the year 1899, 250,000 feet (linear) brick sewer by contract, at 14 cents, and 600,000 feet (linear) of pipe sewer, while 16,000 receiving-basins should be cleaned.

The supplies are shown above.

The last two items were asked for in August, 1898, for said year.

This estimate of the cost of maintenance of the Twenty-sixth Ward Sewage Purification Works is based on the pumping of five million gallons of sewage each day of 24 hours for 305 days to comply with the statute above mentioned, \$12,000 was appropriated by your Honorable Body for the last five months of the year 1909. This amount is sufficient to maintain washers, or 10 hours treatment each day, only, for the remainder of the year. The balance of time to be used is one hour to each 500,000 gallons pumped. The inventory of the plant necessitates no fuel for every 100,000 gallons pumped, but thus far the efficient does not show the necessity for this amount to be used.

To requesting an amount \$45,000 in excess of the appropriation allowed for the maintenance of these Purification Works for the year 1904. I desire to call the attention of the Honorable Board of Estimate and Apportionment to the fact that these plants were built for the protection of the beaches of Coney Island, and by the order and approval of the State and Local Board of Health. After investigation, have found that the purification of sewage attained was very meagre; indeed not much more has been accomplished than the mere mechanical straining of sewage, the strained effluent being pumped into Freshwater Bay. No revolution counters were in place, no record kept of dynamic head or suction lift, or of such data to determine the duty accomplished by the pumps. Friction with engineer's devices, were dividing the wastes at the pumps. One barrel of lime being used to 1,500,000 gallons pumped, when, the very least, one to 200,000 should be used. The manner of generating digester gas is widely different in each plant and is seldom used. I sincerely request that appropriations above, in order that these works may be run efficiently and economically, comparing with any well-regulated pumping works, and keeping within the meaning of the laws of the State. The employees are to maintain and clean the sewers at Coney Island and Sheepshead Bay, in addition to their duties at the plants.

<i>Sewers, Repairing and Cleaning.</i>	
Final Estimate for 1898	\$45,500 00
Departmental Estimate for 1899	150,000 00

This account provides for the following:

For the repairing, repainting and cleaning of sewers and for the maintenance of the Disposal Plant at Far Rockaway.

The present sewerage system of the borough consists of the following:		
	1898.	1899.
Length of pipe sewers	142 miles.	153 miles.
Length of brick sewers	10 "	"
Length of open drains	24 "	"
Length of culverts	7 1/2 "	10 1/2 miles.
Number of retaining walls	852	852

The majority of the sewers in this borough are built through streets that have not been paved, and the large quantity of sand and dirt which is continually washing in after rain storms makes it necessary to clean sewers and basins much oftener than would be if all the streets were regularly paved; as it is, out of the 142 miles of sewers in the borough only 15 miles run through paved streets.

Provisions are also made in this estimate for the following items:	
(1) Additional labor required throughout the borough, approximate cost	\$10,485 00
(2) Tools and supplies, approximate cost	1,000 00
(3) Additional allowance required for the maintenance for the Far Rockaway Disposal Plant, owing to the increased number of house connections within the last year	5,000 00
(4) Repairs required on surveying instruments, &c., as also supplies for Draftsman	500 00
Total	\$10,985 00

Appropriation asked for necessary extensions to sewer outlets:	
(1) For the building of an extension to the outlet of the trunk sewer foot of Eighth street, Long Island City, approximate cost	\$3,000 00
(2) For the building of an extension to the Temple street, Astoria, Long Island City, sewer, approximate cost	2,500 00
(3) For rebuilding and repairing the outlet of the Broadway, Long Island City, sewer. (The rebuilding and repairing of this trunk sewer consists of the rebuilding of about 150 feet of brick sewer, size 7 feet 6 inches by 12 feet, also the rebuilding of the crib which said sewer is built upon. The original cost of this outlet, a distance of 758 feet, was \$126,000). Approximate cost	25,000 00
(4) For the building of an extension to the outlet of the sewer system of the former village of Steenvoort, Long Island. (This sewer at present discharges upon the salt meadows, and should be extended to low-water line in order to abate the nuisance at the stretch arising from the accumulating sewage matter. Frequent complaints regarding same have been made to this Department by property owners, as also by the Board of Health). Approximate cost	25,000 00
(5) For the building of an extension to the outlet of the trunk sewer foot of Fourth avenue, College Point, Long Island, to low-water mark. (The same size of outlet as in Number 4 of this Schedule). Approximate cost	6,000 00
(6) For the building of a Disposal Plant at Jamaica, Long Island, in order to afford an outlet to the present system, the one for surface drainage and the other for house connections. (Without this plant these two present systems would be absolutely useless. The cost for same has been \$137,000). Approximate cost	75,000 00
(7) For the maintenance of above Disposal Plant, should same be built (for six months), approximate cost	5,000 00

Under the head of Salaries, the amount of money for work set aside by the Board of Estimate and Appropriation for the year 1898, was salaries, including one-third salary of Deputy Commissioner and Chief Engineer, \$1,666 67. The amount asked for the year 1899 is \$10,786 67, making an increase of \$800. The necessity of this increase was found, by the experience of this year, to be absolutely necessary so far as the additional expenditure of \$200 was concerned, in view of the fact that the work could not be properly performed with less than three Inspectors. Two hundred dollars is added as an increase to the pay of the Assistant Engineer, whose work is responsible and whose hours have not been measured by the time available for the supervision of City officials, and even Sundays are frequently called by him for the keeping up of his work in this department.

Under the head of Sewers, Repairing and Cleaning, the amount asked by the Board of Estimate and Appropriation for the year 1898 was \$5,000. The amount asked for the year 1899 is \$10,400. This increase is asked for the purpose of paying, as required by their contract, the Steam Island Water Supply Company in this borough, who supply water to the sewers through automatic flush tanks for the purpose of cleaning and scouring.

In the preparation of the estimate for the year 1895 this item was not asked for through error. The Water Company have, as yet, presented no bill, nor do I know that they intend to. However, I desire to perform my part of the duty indicated by their contract, leaving the payment of the bill for adjustment when the session arrives.

Five hundred dollars was set aside for this appropriation by the Board of Estimate and Appropriation; the same is now asked for 1899.

At this time I can state that I believe there will be no balance in the credit of any of the three appropriations for this Department by the end of the year 1898.

SCHEME 1E 5.

For information on the progress of the Bureau of the Borough of The Bronx including the Bureau of Hygiene, see Jones, Preliminary Survey.

[illegible]

The condition of the bridge over the Mott Haven Canal at One Hundred and Thirty-eighth street has become so serious that it will be necessary to erect a temporary structure to carry the traffic. The widening of the street and the raising of the grade three feet above the present surface of the bridge, have made the need of a new structure most acute.

I request, for the purpose of making the extraordinary repairs needed, the sum of twenty-five hundred dollars,
—unless the appropriation is made for building a new structure as heretofore resumed.

Some radical repairs will be needed on the Cromwell's Creek Bridge at One Hundred and Sixty-fifth street; the Tremont Avenue Bridge over the Bronx river, and the Unionport draw-bridge over Westchester creek, the expense of which is included in the item of \$7,400.

There are no available funds for preliminary work, such as surveys, plans, soundings, borings, etc. The need of an appropriation for such purpose is so evident that I urge that part of the salaries of the Engineer Corps be paid out of an appropriation for preliminary surveys, as has been the custom in the Department of Street Improvements of the Twenty-third and Twenty-fourth Wards, which this Department succeeds. I therefore ask for this purpose the appropriation of thirty-three hundred and eighty dollars — which is one-third the salary list.

The Engineering Corps is entirely without instruments, tools, and other working materials, the work being carried on with instruments borrowed from the Department of Highways. I ask for the purpose of buying the needed instruments, tools and engineering supplies, the appropriation of ten hundred and fifty dollars.

Total	\$34,451.00
-------	-------------

Probable surplus December 31, 1898, \$500.

There was appropriated for the maintenance of and repairs to bridges in the Borough of The Bronx, for the year 1868, the sum of \$44,060.

Under opinion of the Corporation Counsel, forty-one (41) bridges constituting highways, were transferred to the Department of Highways, and the sum of \$9,000 turned over to the Department of Highways, from the amount appropriated in the budget for bridges in 1888.

The foregoing shows that the only item of increase in the present estimate over my estimate for 1898 is \$3,000 for restoring pavements over street openings, which is rendered necessary by the extension of asphalt pavements, the restoration of which is more expensive than that of the old stone pavements. Adding to this the \$4,400 reduction made in the appropriation for 1898 from my Departmental Estimate, makes the difference or increase of \$7,400 in the present estimate over the appropriation for 1898.

RENTALS OF FIRE-HYDRANTS.

Departmental Estimate for 1899.....	10,000 00
Increase.....	\$1,000 00

The New York and Westchester Water Company and the Upper New York Water Company now furnish, under existing contracts made by former town and village authorities in the present Borough of The Bronx,

405 hydrants at \$40 each per annum, amounting to.....	\$16,200 00
It is necessary to add for 1899 fifty additional hydrants at the reduced price of \$20, amounting to.....	1,000 00
Total.....	\$17,200 00

The additional hydrants are needed for fire protection for the many new buildings erected, and about to be erected, in the newly annexed districts.

WATER SUPPLY FOR THE TWENTY-FOURTH WARD.	
Final Estimate for 1898.....	\$10,400 00
Departmental Estimate for 1899.....	10,400 00

This amount is required under an existing contract with the City of Yonkers for supplying water to houses in the Kew-Forest district which are above the level at which water can be delivered from the Croton Aqueduct. The quantity of water furnished under this contract has remained stationary for several years past at 8,000,000 gallons per annum, the contract price being 12 cents per 100 cubic feet, amounting to the above estimate of \$10,400.

APPROPRIATION FOR SALARIES.

Under existing laws which grew up in former administrations of the Department of Public Works, and have been continued in this Department for the current year, a part of the salary appropriation from here included salaries to more than one extent, and in the general administrative office. It is now proposed to make each appropriation applicable to one bureau or office only, and thus avoid confusion of accounts.

SALARIES—GENERAL ADMINISTRATION.

Final Estimate for 1898.....	\$17,000 00
Departmental Estimate for 1899.....	17,000 00

The following are the individual salaries to be paid from this appropriation:

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
Commissioner of Water Supply.....	\$7,500 00	\$7,500 00
Chief Engineer of Water Supply.....	7,000 00	7,000 00
Secretary to the Commissioner (vacancy).....	2,500 00	2,500 00
	\$17,000 00	\$17,000 00

SALARIES—CENTRAL OFFICE.

(In place of Salaries—Deputy Commissioner, Chief Clerk and Employees.)

Final Estimate for 1898.....	\$35,340 00
Departmental Estimate for 1899.....	27,580 00
Decrease.....	\$7,760 00

In the appropriation for "Salaries, Deputy Commissioner, Chief Clerk and Employees," for 1898, were included the Cashier, one Assistant Cashier and four Clerks in the Bureau of Water Register, and the salary of the Water Register, which it is now proposed to transfer to another appropriation, as will appear below.

The following are the individual salaries included in the estimate for 1898 and in the present estimate for 1899:

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
Deputy Commissioner, Borough of Manhattan.....	\$5,000 00	\$5,000 00
Deputy Commissioner, Borough of The Bronx.....	4,000 00	4,000 00
Chief Clerk (vacancy).....	3,000 00	3,000 00
General Bookkeeper.....	3,000 00	3,000 00
Corresponding Clerk.....	3,000 00	3,000 00
Appointment Clerk.....	2,500 00	2,500 00
2 Clerks, \$1,500 each.....	3,000 00	3,000 00
2 Stenographers, \$20 per week each.....	2,080 00	2,080 00
2 Messengers, \$1,000 each (vacancies).....	2,000 00	2,000 00
Water Register, to be transferred to Bureau of Water Register for 1899.....	4,000 00	4,000 00
Cashier, to be transferred to Bureau of Water Register for 1899.....	2,500 00	2,500 00
Assistant Cashier, to be transferred to Bureau of Water Register for 1899.....	1,800 00	1,800 00
1 Clerk, to be transferred to Bureau of Water Register for 1899.....	1,500 00	1,500 00

1 Clerk, to be transferred to Bureau of Water Register for 1899.....	1,000 00	1,000 00
	\$35,780 00	\$27,580 00

SALARIES—BUREAU OF CHIEF ENGINEER.

Final Estimate for 1898, under three different appropriations.....	\$8,260 00
Departmental Estimate for 1899.....	18,300 00
Increase.....	\$10,040 00

The individual salaries included in the present estimates or appropriations and now on the pay-rolls, and those included in the Departmental Estimate for 1899, are as follows:

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
Chief Clerk of Bureau.....	\$4,000 00	\$4,000 00
Assistant Engineer, to have charge of Distributing System.....	3,600 00	3,600 00
1 Transman on Distributing System.....	1,500 00	1,500 00
1 Clerk, now paid from Croton Water Fund.....	1,500 00	1,500 00
1 Inspector of Complaints.....	1,450 00	1,500 00
1 Messenger.....	1,200 00	1,200 00
7 Inspectors of Hydrant Service by Private Companies, for all Boroughs (present force 4 Inspectors).....	3,600 00	7,000 00
	\$8,260 00	\$18,300 00

In July last year Board made an Appropriation of \$5,333.33 for salaries for inspection of hydrant service by private companies, for the remaining five months of the year, which is at the rate of \$8,000 a year, including seven Inspectors at \$1,000 each and \$1,000 for their traveling expenses. In the present estimate for 1899 I have placed the \$1,000 for traveling expenses in the estimate or appropriation for "Contingencies, Department of Water Supply," and the salaries of the seven Inspectors, \$7,000, in the above appropriation for "Salaries, Bureau of Chief Engineer," as the Inspectors are to be under the immediate direction of the Chief Engineer.

The Assistant Engineer, \$3,600, and the Transman, \$1,500, included in the above estimate for 1899, are now paid from "Water Main Fund," but as there are no prospects of further bond issues on that account, they will hereafter have to be paid from annual appropriation. This is also the case of the one Clerk at \$1,500 included in the above estimate for 1899.

This estimate for 1899 also includes the following transfers from other appropriations for 1898: Chief Clerk, \$2,000, and Messenger, \$1,200, from "Salaries—Aqueduct Repairs and Maintenance."

Inspector of Complaints, now \$1,450, to be increased to \$1,500, from "Salaries—Engineers, Clerks, Inspectors and Messengers."

SALARIES—BUREAU OF WATER REGISTER.

Final Estimate for 1898, under two different appropriations.....	\$87,130 30
Departmental Estimate for 1899.....	92,764 30
Increase.....	\$5,634 00

The individual salaries according to present appropriations and pay-rolls and those included in the above estimate for 1899 are:

	PRESENT PAY-ROLLS FOR 1898.	PRESENT ESTIMATE FOR 1899.
Water Register, to be transferred from "Salaries—Deputy Commissioner, Chief Clerk and Employees".....	\$4,000 00	\$4,000 00
Cashier, to be transferred from "Salaries—Deputy Commissioner, Chief Clerk and Employees".....	2,500 00	2,500 00
1 Assistant Cashier, to be transferred from "Salaries—Deputy Commissioner, Chief Clerk and Employees".....	1,800 00	1,800 00
1 Clerk, to be transferred from "Salaries—Deputy Commissioner, Chief Clerk and Employees".....	1,500 00	1,500 00
2 Clerks, \$1,200 each, to be transferred from "Salaries—Deputy Commissioner, Chief Clerk and Employees".....	2,400 00	2,400 00
1 Clerk, to be transferred from "Salaries—Deputy Commissioner, Chief Clerk and Employees".....	1,000 00	1,000 00
Chief Clerk.....	2,000 00	2,000 00
2 Assistant Cashiers, \$1,200 each.....	2,400 00	2,400 00
4 Clerks, \$1,500 each.....	6,000 00	6,000 00
2 Clerks, \$1,200 each.....	2,400 00	2,400 00
13 Clerks, \$1,000 each.....	13,000 00	13,000 00
12 Clerks, \$800 each.....	9,600 00	9,600 00
1 Junior Clerk.....	600 00	600 00
1 Office Boy.....	300 00	300 00
3 Messengers, \$1,000 each.....	3,000 00	3,000 00
2 Stenographers, \$15 per week each.....	1,360 00	1,360 00
1 General Inspector of Meters.....	1,500 00	1,500 00
1 General Inspector of Meters, \$5 per day, 313 days.....	1,565 00	1,565 00
23 Inspectors of Meters (now 17), at \$5 per day, 313 days.....	15,965 00	21,517 00
3 Inspectors of Waste, \$5 per day, 313 days.....	4,695 00	4,695 00
3 Skilled Laborers, \$2.50 per day, 313 days.....	2,347 50	2,347 50
1 Clerk, Water Supply to Shipping.....	1,300 00	1,300 00
6 Inspectors of Water Supply to Shipping, \$3 per day, average 314 days.....	5,700 00	5,700 00
	\$87,130 30	\$92,764 30

As already indicated above, the present estimate for 1899 transfers the Water Register, Cashier, 1 Assistant Cashier and 4 Clerks from the present appropriation for "Salaries—Deputy Commissioner, Chief Clerk and Employees," to the proposed appropriation for "Salaries—Bureau of Water Register," for 1899, and merges into the latter appropriation the present appropriation for "Salaries—Supplying Water to Shipping and for Baiting Purposes," including 1 Clerk and 6 Inspectors. All the other salaries included in the above estimate for 1899 are transferred from the present appropriation for "Salaries—Engineers, Clerks, Inspectors and Messengers."

The only item of increase called for in the estimate for 1899, is for six additional Inspectors of Water Meters, amounting to \$5,634, and these additional Inspectors are urgently needed to expedite and increase the frequency of readings of water meters, thereby insuring the prompt rendition of bills for water supplied through meters, and the collection of the revenue of the City from that source and giving equal satisfaction to the taxpayers and the City authorities.

SALARIES—AQUEDUCT REPAIRS AND MAINTENANCE.

Final Estimate for 1898.....	\$33,100 00
Departmental Estimate for 1899.....	35,300 00
Increase.....	\$2,200 00

The following are the individual salaries included in the present appropriation and pay-roll for 1898 and those included in the present estimate for 1899:

	PRESENT PAY-ROLLS FOR 1898.	PRESENT ESTIMATE FOR 1899.
First Assistant Engineer, one-half salary in 1898; the whole salary for 1899.....	\$2,500 00	\$5,000 00
1 Assistant Engineer.....	1,800 00	2,000 00
1 Assistant Engineer (now Transman).....	1,500 00	1,800 00
1 Leveller.....	1,400 00	1,500 00
2 Keepers, \$1,400 each.....	2,800 00	2,800 00
6 Keepers, \$1,000 each.....	6,000 00	6,000 00
2 First Enginemen, \$1,500 each.....	3,000 00	3,000 00
2 Enginemen, \$1,200 each.....	2,400 00	2,400 00
3 Enginemen, now \$1,000 each to be increased to \$1,200.....	4,000 00	4,800 00
2 Enginemen, additional, \$1,200 each.....	2,400 00	3,600 00
2 Mechanical Engineers, \$1,200 each.....	2,400 00	2,400 00
Chief Clerk, transferred to "Salaries—Bureau of Chief Engineer" for 1899.....	2,000 00	2,000 00
Messenger, transferred to "Salaries—Bureau of Chief Engineer" for 1899.....	1,200 00	1,200 00
	\$31,000 00	\$35,300 00

The items of increase in the above estimate for 1899, are:

One-half the salary for the First Assistant Engineer heretofore paid from another appropriation, but desired to be paid in 1899 entirely from this appropriation, \$2,500.	
1 Assistant Engineer, increased from \$1,800 to \$2,000.	\$200 00
1 Transman, at \$1,500, promoted to Assistant Engineer at \$1,800.	300 00
1 Leveller, increased from \$1,400 to \$1,500.	100 00
4 Enginemen, increased from \$1,000 to \$1,200.	800 00
3 additional Enginemen, at \$1,200.	3,600 00
	\$7,500 00
The deductions by transfers to another appropriation are, Chief Clerk, \$2,000, and Messenger, \$1,200.	3,200 00
Net increase.	\$4,300 00

SALARIES—BROOKLYN RIVER WORKS, MAINTENANCE AND REPAIRS.

Final Estimate for 1898.	\$3,900 00
Departmental Estimate for 1899.	3,900 00

This includes the salaries.

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
Assistant Engineer in charge, one-half salary, the other half being paid from "Croton Water Fund".	\$1,500 00	\$1,500 00
2 Keepers, \$1,200 each.	2,400 00	2,400 00
	\$3,900 00	\$3,900 00

SALARIES—LAYING CROTON PIPES.

Final Estimate for 1898.	\$19,780 00
Departmental Estimate for 1899.	19,560 00
Decrease.	\$220 00

The following are the salaries included in the present appropriation and pay-roll, and those included in the estimate for 1899:

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
Assistant Engineer in charge.	\$3,600 00	\$3,600 00
2 Transmen, \$1,500 each.	3,000 00	3,000 00
1 Leveller.	1,200 00	1,200 00
1 Foreman of Pipe Yard.	1,500 00	1,500 00
1 Draftsman, \$4.50 per day, 320 days.	1,440 00	1,440 00
1 Inspector on manufacture of pipe, \$5 per day, 320 days.	1,600 00	1,600 00
1 Inspector on manufacture of hydrants and stop-cocks, \$5 per day, 320 days.	1,600 00	1,600 00
5 Inspectors on laying pipes at \$3.50 per day, 320 days (at present one at \$4 and three at \$3.50).	4,640 00	5,620 00
	\$18,560 00	\$19,560 00

The reason that only four Inspectors are now employed on contract work for laying Croton pipe, is that the Municipal Assembly has delayed the passage of ordinances authorizing such work, but the full force of five Inspectors called for in the above estimate will be required in 1899.

BOROUGH OF BROOKLYN.

Under the laws governing the water system and supply to the Borough of Brooklyn, as interpreted by the Corporation Council in an opinion given to the Comptroller under date of January 31, 1898, only the administrative expenses for salaries and contingencies are to be provided for in the annual estimates, and the appropriations raised by general taxation, and all other expenses for services, labor, materials and supplies for the maintenance of the water system are payable from the collections of revenue from the water service and are, therefore, not included in the annual Departmental and Final Estimates. The Departmental and Final Estimates for 1898 have been, and the present Departmental Estimate for 1899, is made in accordance with this opinion.

SALARIES—OFFICE OF DEPUTY COMMISSIONER.

Final Estimate for 1898.	\$19,500 00
Departmental Estimate for 1899.	15,000 00
Reduction.	\$4,500 00

The following are the salaries included in the Final Estimate for 1898 and in the present estimate for 1899:

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
Deputy Commissioner.	\$5,000 00	\$5,000 00
Secretary to Deputy Commissioner.	1,800 00	1,800 00
Accountant.	3,000 00	3,000 00

	\$14,500 00	\$15,000 00

SALARIES—OFFICE OF CHIEF ENGINEER.

Final Estimate for 1898.	\$12,060 00
Departmental Estimate for 1899.	8,050 00
Reduction.	\$4,010 00

The following are the salaries included in the present pay-roll for 1898 and in the above estimate for 1899.

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
1 Clerk.	\$1,500 00	\$1,500 00
1 Clerk.	1,250 00	1,250 00
2 Clerks, at \$1,200 each.	2,400 00	2,400 00
1 Stenographer.	1,000 00	1,000 00
1 Stenographer.	1,000 00	1,000 00
1 Messenger.	840 00	840 00
	\$8,050 00	\$8,050 00

SALARIES—OFFICE OF WATER REGISTRAR.

Final Estimate for 1898.	\$39,540 00
Departmental Estimate for 1899.	86,270 00
Increase.	\$46,730 00

The following are the salaries included in the estimate and present pay-roll for 1898 and those included in the present Departmental Estimate for 1899:

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
Water Registrar.	\$4,000 00	\$4,000 00
Cashier.	2,500 00	2,500 00
Assistant Cashier.	2,500 00	2,500 00
"	2,000 00	2,000 00
"	1,500 00	1,500 00
Chief Clerk.	1,400 00	1,400 00
1 Clerk.	1,400 00	1,400 00
1 Clerk.	1,500 00	1,500 00
6 Clerks, at \$1,250 each.	7,500 00	7,500 00
14 Clerks, at \$1,200 each.	16,800 00	16,800 00
6 Clerks, at \$1,000 each.	6,000 00	6,000 00
1 Inspector of Meters.	1,500 00	1,500 00
4 Inspectors of Meters and Reservoir, at \$1,100 each.	4,400 00	4,400 00
8 Inspectors of Meters, at \$900 each.	7,200 00	7,200 00
1 Clerk on Reservoir.	900 00	900 00
1 Messenger.	925 00	925 00
Force now paid from Water Revenue, to be transferred to this appropriation for 1899—		
1 Meter Clerk.		1,250 00
1 Inspector of Meters.		1,200 00
1 Inspector of Meters.		1,000 00
1 Inspector of Meters.		900 00
1 Inspector of Water Supply in Shipping.		1,000 00
1 Extra Inspector of Water Consumption.		1,000 00
1 Inspector of Meters and Connections.		900 00
Additional Inspectors required—		
12 Inspectors of Meters, at \$900 each.		10,800 00
	\$62,025 00	\$86,270 00

From the foregoing it will be seen that, while the nominal increase of this estimate for 1899 is \$46,730, the actual increase is only that for 12 additional Inspectors of Meters, amounting to \$10,800. The services of these additional Inspectors will be urgently needed during the coming year: not for the purpose of making a complete resurvey of houses throughout the Borough of Brooklyn, where no resurvey has been made for eight or ten years past, and it is believed that on consequence thereof a large number of houses are now not properly classified, and are not charged the full water-rent according to their dimensions and occupancy; and 2d, to carry out the intention and purpose of placing a large number of additional water-meters on buildings occupied for business purposes. Both of these objects will effect a large increase in the water revenue, and it is therefore very desirable that the full amount of the above estimate shall be appropriated.

SALARIES—LABORATORY.

Final Estimate for 1898.	\$5,760 00
Departmental Estimate for 1899.	5,400 00
Decrease.	\$360 00

The following are the salaries according to the present pay-roll for 1898, and those included in this estimate for 1899:

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
Biologist.	\$2,000 00	\$2,000 00
Chemist.	1,000 00	1,000 00
Assistant Chemist.	900 00	1,000 00
Office Boy.	240 00	500 00
	\$5,140 00	\$5,400 00

At the laboratory in the Borough of Brooklyn scientific and thorough analyses are made every day of the water from the many sources from which the Brooklyn water supply is obtained, and periodical tests are also made of the water supply in the other Boroughs. These analyses and tests serve a very useful purpose and the means called for in this estimate for the maintenance of the laboratory should be granted.

CONTINGENCIES.

Final Estimate for 1898—		
Office of Deputy Commissioner.	\$1,000 00	
Office of Chief Engineer.	2,000 00	
Office of Laboratory.	2,675 00	\$5,675 00

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
14 Enginemen (now 12) \$900 each.....	\$10,800 00	\$12,600 00
9 Firemen, \$750 each.....	6,750 00	6,750 00
5 Stokers, \$750 each (now 1 at \$720, 1 at \$520, 1 at \$450 and 2 at \$2 per day).....	5,200 00	5,000 00
	\$22,750 00	\$24,350 00

The items of increase in the Departmental Estimate for 1899 over the present pay-roll for 1898, are:

2 additional Enginemen, \$900 each.....	\$1,800 00
Equalization of salary of wages of 5 Stokers at \$720 per annum each.....	400 00
	\$2,200 00

The two additional Enginemen are required because with the present force some of the Enginemen are required to work 15 hours per day without extra compensation.

The propriety of equalizing the salaries of the five Stokers at \$720 per annum is self-evident.

PUMPING STATIONS—FUEL AND SUPPLIES.

Final Estimate for 1898, with transfer.....	\$27,750 00
Departmental Estimate for 1899.....	27,750 00

The items which make up the estimate for 1899 are identical with those which made up the estimate and appropriation for 1898, viz:

Coal.....	\$16,000 00
Repairs to engines and boilers.....	5,000 00
Repairs to wells and miscellaneous supplies.....	6,750 00
	\$27,750 00

MAINTENANCE AND REPAIRS OF WATERWORKS, ETC.

Final Estimate for 1898.....	\$17,520 00
Departmental Estimate for 1899.....	24,219 00
Increase.....	\$6,699 00

The system of distributing mains in the First and Third Wards of the Borough of Queens, comprising Long Island City and the former villages of Flushing, College Point and Whitestone, now includes 140.73 miles of water-mains, ranging in size from 4 inches to 16 inches, with 454 stop-cocks and 606 fire hydrants. This entire system has to be maintained in effective condition from the above appropriation, and in consequence of the fact that the hydrants, stop-cocks and most of the water-mains in Long Island City were placed more than twenty-four years ago and received comparatively little care prior to the present year, the cost for labor and materials in place and keep the entire system in proper order next year will be exceptionally heavy, the appropriation for the present year having been found insufficient to allow the purchase of more than a fraction of the new material required.

The present Departmental Estimate for "Wages, Materials and Supplies" is itemized as follows:

1 Engineer in Charge of Repairs.....	\$1,000 00
1 Tapper.....	1,000 00
1 General Foreman, \$3 per day, 312 days.....	936 00
1 Tapper, \$3 per day, 312 days.....	936 00
1 Caulker, \$3 per day, 345 days.....	1,035 00
1 Pipe Fitter, \$2.50 per day, 312 days.....	780 00
13 Laborers and 2 men, \$2 per day, 312 days.....	8,012 00
1 Stableman, \$50 per month.....	600 00
1 horse and wagon for General Foreman, \$1.50 per day, 312 days.....	468 00
1 horse and wagon for Tapper, \$50 per month.....	600 00

Total for labor.....	\$15,367 00
For purchase of hydrants, stop-cocks, rods and miscellaneous materials.....	8,852 00

Total estimate.....\$24,219 00

TELEPHONE SERVICE.

Final Estimate for 1898.....	\$1,350 00
Departmental Estimate for 1899.....	1,350 00

This amount is required for rentals of telephones connecting the several pumping stations, the office of the Deputy Commissioner and the Central Office of the Department with each other.

SUPPLYING WATER TO LONG ISLAND CITY.

Final Estimate for 1898, less transfers.....	\$15,300 00
Departmental Estimate for 1899.....	59,345 00
Increase.....	\$44,045 00

On May 19, 1898, this Department, under authority granted by the Board of Public Improvements, entered into a contract with the Citizens' Water Supply Company of Newtown, L. I., to furnish a daily supply of 3,000,000 gallons of water, or so much less as the Department might require, for distribution in the First Ward of the Borough of Queens, late Long Island City, where the public water supply was utterly deficient. The contract price for this water supply is \$65 per one million gallons. Your Board appropriated the sum of \$500,000 for this purpose, the appropriation being subsequently reduced to \$25,200 by transfers to other appropriations. The supply of water under the contract began on June 2 at a moderate rate, which was gradually increased to the rate of about one million gallons per day. New applications for water supply for large manufacturing concerns have since been received, and there is a constant growth in the demand for water for domestic purposes, and to meet these demands it is necessary that an average daily supply of 2,500,000 gallons be obtained under this contract during the ensuing year, which, at the contract price, will amount to the above estimate of \$54,345.

RENTALS OF FIRE-HYDRANTS.

Final Estimate for 1898.....	\$25,564 00
Departmental Estimate for 1899.....	33,042 00
Increase.....	\$7,478 00

The estimates for both of the years 1898 and 1899 are based on the number of hydrants now supplied and the prices paid under contracts made by former town and village authorities with the several private water companies in the Borough of Queens, and in the estimate for 1899 are added 300 new hydrants which will be required by necessary extension of the water service and of fire protection, proportionate to the anticipated increase in the population and number of buildings, which will require such water supply and fire protection. The hydrant service is distributed among four water companies, as follows:

Queens County Water Company—	
Present number hydrants, 1898, 235 at \$20.....	\$4,700 00
Necessary increase, 50 at \$20.....	1,000 00
Wood Haven Water Company—	
Present number hydrants, 1898, 307 at \$20.....	\$6,140 00
Necessary increase.....	1,200 00
Jamaica Water Supply Company—	
Present number hydrants, 314 at \$20.....	\$6,280 00
Present number hydrants, 81 at \$15.....	1,215 00
Necessary increase, 150 at \$20.....	3,000 00
Citizens' Water Supply Company—	
Present number hydrants, 100 at \$25.....	\$2,500 00
Present number hydrants, 150 at \$20.....	3,000 00
Present number hydrants, 65 at \$15.....	1,704 00
Necessary increase, 100 at \$20.....	2,000 00
Total.....	\$33,042 00

CONTINGENCIES.

Final Estimate for 1898.....	None.
Departmental Estimate for 1899.....	\$500 00

This moderate estimate for contingencies is required to pay for postage, telegraphing and other incidental and petty expenses.

There is urgent necessity at the present time and in the immediate future for the better development, improvement and extension of the water system in the First and Third Wards of the Borough of Queens (Long Island City, Flushing, Whitestone, and College Point), which is the property of the City. Additional wells should be driven to utilize the available sources of water supply and to increase the quantity of supply.

The pumping plants should be correspondingly improved and enlarged. Many miles of additional water-mains should be laid to protect the circulation of water through the distributing mains and to extend the service into new localities where there is urgent demand for a public water supply.

These improvements will require an outlay of about \$150,000, which can only be met by the issue of bonds. As no moneys from a bond issue will be available for some time to come, and the making of the improvements above referred to will require at least one year's time after the money becomes available, we must depend, in the intervening time, on the auxiliary water supply of the present contract with the Citizens' Water Supply Company of Newtown, and the present pumping plants, wells and distributing system must be placed and kept in the state of greatest efficiency of which they are capable.

These are the governing reasons for the increase in the present estimate for 1899 for the Borough of Queens over the estimate and appropriation for 1898.

BOROUGH OF RICHMOND.

SALARIES—OFFICE OF DEPUTY COMMISSIONER.

Final Estimate for 1898.....	\$4,066 67
Departmental Estimate for 1899.....	4,066 67
Increase.....	\$1,700 00

	PRESENT PAY-ROLL FOR 1898.	PRESENT ESTIMATE FOR 1899.
Deputy Commissioner and Engineer, one-third salary.....	\$1,666 67	\$1,666 67

2 Inspectors of meters, \$500 each, to be increased to \$1,000.....	1,000 00	2,000 00
1 Transmittan.....		1,500 00
	\$4,066 67	\$6,666 67

The present estimate, for 1899 proposes to increase the salaries of the two Inspectors from \$500 to \$1,000; and that of the Cashier, who also acts as Bookkeeper, Auditing Clerk and General Clerk, from \$1,200 to \$1,500. It is also proposed to employ a Transmittan at \$1,500, whose services are necessary to aid the Deputy Commissioner and Engineer in making surveys, plans and estimates for extensions and improvements of the water service and for miscellaneous engineering work.

PUMPING STATIONS—SALARIES AND SUPPLIES.

Miscellaneous supplies and repairs.....	702 50	1,500 00
	\$3,500 00	\$6,950 00

During the present year considerable improvement has been made in the pumping plant owned by the City of Tottenville, by which its capacity has been more than doubled. The operation of the plant will next year require the services of an additional Engineman and a Fireman in place of a Laborer; it will also require double the quantity of coal, general supplies and repairs.

DEPARTMENT OF PARKS.

DEPARTMENT OF PARKS—CITY OF NEW YORK,
THE ARSENAL, CENTRAL PARK,
September 6, 1898.

To the Honorable the Board of Estimate and Apportionment, The City of New York:

GENTLEMEN: The Board of Park Commissioners, at its meeting of September 2, 1898, by resolution directed me to transmit to your Honorable Board the Departmental Estimate for the year 1899, pursuant to your resolution of July 1, 1898, communicated by circular letter under date of July 21, 1898.

Very respectfully,
WILLIS HOLLY, Secretary, Park Board.

DEPARTMENT OF PARKS—ESTIMATE FOR 1899.

ESTIMATE FOR PARK BOARD.

Salaries of Commissioners, Landscape Architect, Secretary, and employees of the Park Board, as listed in Schedule "A"..... \$30,300 00

DEPARTMENT OF PARKS—CITY OF NEW YORK,
THE ARSENAL, CENTRAL PARK,
September 1, 1898.

GENTLEMEN:—In submitting the Departmental Estimate for 1899 of the Department of Parks for the Boroughs of Manhattan and Richmond, I beg to call the attention of the Board of Estimate and Apportionment to the fact that an increase in the appropriation is required because there is a greater area of park territory to be maintained and cared for. In the Borough of Manhattan alone this increase will be 226 acres. The fact that this new acreage includes Riverside Park and the Harlem River Drive, as well as such recently completed parks as the one at Hudson street (sometimes called St. John's Park), is because these two very popular features of the park system have hitherto been in the hands of construction forces and their expenses charged against bond accounts instead of appropriation accounts.

Another increase which seems equally unavoidable is due to the fact that for years the amounts annually expended upon the parks have not been sufficient to make good the wear and damage inseparable from the constantly growing attendance and public use. A more liberal appropriation for maintenance is needed to prevent this deterioration of lawns, shrubberies and even plantations from going further and to avoid extravagant outlays in the future for costly reconstruction.

Larger supplies of sod, trees, shrubs, manure and other requisites for 1899 and for some years will ultimately result in the true economy of administration.

An exactly similar situation has existed in connection with the drives and walks and with the shops, shelters and other buildings in the parks. An increased appropriation for men and materials will not only serve to check the deterioration that has been going on, but will also permit a beginning to be made in repairing that will postpone the necessity for wholesale reconstruction in the future.

In spite of all the obviously greater needs of the department, the suggestion of your Board has been constantly kept in mind and "the estimate reduced to the lowest amount consistent with efficient service." The apparent increase becomes very much less when the figures are compared with the amounts asked for 1897 and 1898. These amounts were passed by the previous Board of Estimate and Apportionment, but the estimate for the latter year was subsequently revised and reduced by your Honorable Board in January of this year.

Respectfully,

GEORGE C. CLAUSEN,
Park Commissioner, Boroughs of Manhattan and Richmond.

This section being thickly populated and one of the largest public schools in the city fronting directly upon the park, and the park opening directly upon these two thoroughfares, make the protection of the park by a railing an absolute necessity.

The average attendance at the Sunday concerts has been eight thousand persons.

7. Cedar Parks.

Covering a territory of 17.47 acres and bounded by Walton avenue, One Hundred and Fifty-eighth street, Most avenue, etc., overlooks the Harlem river. With the exception of a growth of stunted cedars, from which the park derives its name, there is but little shrubbery or shade.

It is proposed to complete new roadways and paths, to thoroughly re-rod and to commence an extensive system of tree planting.

To preserve the park it will be an absolute necessity to erect a retaining-wall along its entire western boundary (Walton avenue). This will be a work requiring a large amount of expenditure, and, as it will be of permanent character, it is proposed to ask the Legislature for a sufficient appropriation by the issue of bonds.

Smaller Parks.

Cromwell's Creek Park, area 27 acres, was created by the erection of the new Macomb's Dam or Seventh Avenue Bridge. The increased height of the new bridge left a large area of low lands that threaten to be a serious menace to the health of the community. Whether these lands should be filled by successive appropriations or whether legislative enactment should be sought and a park created is a matter for your serious consideration. This land has a frontage of 235 feet on the Harlem river and of 1,650 feet on Cromwell's creek. The estimated cost of filling, laying out, etc., for this park is \$150,000.

St. James Park—Area 11.83 acres, situated at Jerome avenue, One Hundred and Ninety-first street and Creston avenue, requires grading, new paths, sodding, etc. This is an entirely new park and little or no work has as yet been done.

Washington Bridge Park—With an area of 8.45 acres, situated at the eastern terminus of the Washington Bridge over the Harlem river, will require new fences and resodding.

There are a number of small parks—Eulton Park, at Eulton avenue and One Hundred and Sixty-ninth street; Fordham Park, at Fordham road and One Hundred and Eighty-eighth street; Poe Park, East One Hundred and Ninety-second street and Kingsbridge road, and a number of small triangular parks caused by the intersection of the several avenues throughout the territory of The Bronx, and which require regrading, in many cases regrading, resodding, etc.

Parkways.

A chain of parkways has been established connecting the three great parks—Moshulu Parkway, from Van Cortlandt to Bronx Park; Bronx and Pelham Parkway, through Bronx Park; thence to and through a portion of Pelham Bay Park. Contracts, some completed, some in process of construction, and others waiting for such appropriations as may be deemed necessary at the present time.

When completed, these parkways will furnish a most magnificent driveway, running almost across the entire northern section of the city, and easily accessible from all directions by avenues and boulevards.

Crotona Parkway connects Crotona Park with Bronx Park.

In these parks and parkways there is now in use 22.472 miles of roadway, consisting of 7.253 miles of dirt roadway, or 78,834 square yards, and 15.219 miles or 216,102 square yards of Telford macadam pavement.

It will require 6,000 cubic yards of trap-rock screening annually to keep this Telford macadam pavement in repair, and also the necessary labor, teams, etc., to distribute the trap-rock screenings and to properly do the maintenance work.

Considerable regrading will be required at points of connection and intersection. Constant rolling and sprinkling will be necessary during the greater portion of the year, and also a careful supervision at all times. In the lower parks, covering the most thickly populated section of the territory, there has been serious complaint of lack of sidewalks upon the streets and avenues forming the boundaries of these parks. It will be necessary during the coming year to lay some 4,000 lineal feet of walks, either of bluestone or asphalt walks, where the boundaries of the parks are continuations of streets or avenues.

Buildings.

There are fifty-five buildings, the property of the City, under the control and care of this Department. They are situated in Pelham Bay, Bronx, Van Cortlandt, St. Mary's and Claremont Parks. These buildings now bring into the treasury of the City the sum of \$8,000 rental per annum.

The houses are in very bad shape. For years past there has been no intelligent supervision, only such ordinary repairs as were actually necessary to make them tenable; in many cases the rent has been only nominal, the tenant making the repairs. The houses have been going from bad to worse. Many of them are old mansions, which if put in good repair would bring largely increased rentals.

For this purpose the sum of ten thousand dollars is required, and intelligently expended would be a profitable investment for the City.

Supplies.

When the Commissioner for the Borough of The Bronx assumed office there were hardly tools enough for the men employed, and those on hand were old and completely worn out. It was necessary that new supplies be speedily obtained, and the ordinary tools, such as shovels, spades, rakes, hoes, scythes, nails, etc., were purchased from time to time under the provision of law permitting such purchases.

Of the higher grades of labor saving machinery there was not a single piece in the possession of the Department.

Steam rollers were borrowed from neighboring departments when not in use.

Stone was broken by the old, laborious and expensive hand method.

Sprinklers were borrowed from other departments wherever found and not in use.

The condition of the appropriation for 1898 prevented any purchase of the high-class labor-saving machinery.

The maintenance of the roadways and of connecting the parks, as well as the making of such new roads as are required, both Telford macadam and dirt roads, render large quantities of broken stone a necessity. There is an inexhaustible supply of rock in the parks, some of which is necessary for removal in the work of grading. A suitable crusher will save its cost during the first year. All our new roads already show the want of proper care to protect their surface. One steam roller is necessary; two could be used to good advantage.

At least ten new sprinkling carts will be required each year for several years to come.

A steam crusher with portable boiler and screener will cost..... \$5,000 00
A roller will cost..... 3,500 00
Ten sprinklers will cost..... 2,500 00
Ordinary supplies..... 12,000 00

\$23,000 00

Water and Drainage.

There is no system of water supply and drainage in the parks of the Borough of The Bronx. Temporary supplies of water in two of the parks, the largest being only a two-inch supply, have been made. The toilet system is the old outhouse earth closet. The only drainage is the surface system.

Frequent complaints have been made through the Board of Health as to offensive nuisances, and such temporary abatement has been made as was possible. Public Comfort Stations must be provided in all the parks.

For the purpose of establishing a water and drainage system the sum of \$25,000 is required for the coming year.

Bridges.

By a decision of the Corporation Counsel, dated August 13, 1898, Pelham Bridge, which crosses Eastchester creek, in Pelham Bay Park, is under the jurisdiction of this Department. It is part of the thoroughfare to Westchester County and eastern Connecticut, and is used by hundreds of vehicles daily.

So bad was the apparent condition of this bridge that it was first deemed advisable to ask for sufficient money to build an entirely new structure, that would meet the largely increased traffic. But when the cost was considered (\$150,000), I deemed it advisable to endeavor to put the old bridge in such repair that it would meet present necessities. This is being done at an expense of \$6,000. To maintain and keep in repair this bridge and the bridges crossing the Bronx river will require an appropriation of \$10,000.

Nurseries.

A nursery has been established in Bronx Park which already contains 20,000 plants, shrubs and young trees. Branches should be established in Pelham Bay Park and Van Cortlandt Park. From these nurseries all of the plants and trees necessary for our 4,000 acres can be furnished.

For the necessary buildings and preparation of the ground the sum of \$5,000 will be required for the coming year.

The estimates for the year 1898 for the Borough of The Bronx, practically a new Department, were entirely experimental.

The amount of \$150,000 for "Maintenance and Construction" was the estimate of the old Board, and contemplated no change of the old system.

The Commissioner for the Borough of The Bronx has endeavored to bear in mind the injunction of the Comptroller that "every item of expense not absolutely necessary should be excluded, and every item included in the estimate should be reduced to the lowest amount of expenditure consistent with efficient service, in order to secure the utmost economy in the administration of city affairs and make the burden of taxation as light as possible."

The estimate for "Maintenance and Construction" is based upon the work performed during the late spring, summer and early fall months. The number of teams and the number of men should be the minimum. When the park area of The Bronx is considered, the largest park territory of any city in the world, the entire force called for could be used to advantage in any one of the large parks for many years to come. The ordinary purposes of maintenance only have been considered with the addition of the actual work of construction for immediate use.

The large increase of our local population, together with the immense number of visitors from other sections of the city, to be largely increased by additional transit facilities, demand a fair and thorough consideration of the needs of the Department.

The Commissioner would respectfully request that the members of the Board of Estimate and Apportionment, either collectively or individually, visit the parks north of the Harlem river, and judge personally of the necessity for a fair, just, yet economical appropriation.

DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION—COMMISSIONER'S OFFICE,
20, 145 East Twenty-fifth Street,
New York, September 7, 1898.

Hon. RICHARD A. VAN WYCK, Mayor, and Chairman of the Board of Estimates and Appropriations:

Sir:—In compliance with your circular letter of July 21, 1898, I beg to transmit herewith estimates of the amount necessary for the proper conduct of the Department of Correction for the year 1899.

Very respectfully,

FRANCIS J. LANTRY, Commissioner.

Hon. ROBERT A. VAN WYCK, Mayor, and Chairman of the Board of Estimates and Appropriations:

Sir:—In transmitting estimate of expenses for this Department, I beg to call your attention to the following changes:

The salary account is increased by \$12,320. I have graded the salaries of all Keepers and Guards as follows: After three years' service, to \$900; after five years' service, to \$1,000. I have asked for sufficient help to make River's Island; this will cost \$5,400. Total increase in salaries, \$12,320.

No increase in supplies.

For repairs to building and apparatus I ask \$10,000, this is \$1,500 more than was allowed in 1898. For repairs to machinery I ask \$10,000, as against \$11,050 received in 1898.

Unless repairs are made to the sea-wall on Blackwell's Island, it will probably be washed away. In order to put the part which belongs to the Department of Correction in proper order, I have asked for \$4,500 for concrete, etc.

I would like to introduce electric-light in the Penitentiary and Workhouse, Blackwell's Island, and have asked for \$12,000 for that purpose.

The Board of Public Improvements reports that it will cost about \$50,000 to put in Centin water, build sea-wall (provided stone can be furnished from the old quarry), plant trees, appoint Master Masons, purchase carts, horses, harness, etc., for River's Island, and unless this is done the island cannot be occupied by the Department.

The amount required for Discharged Prisoners for 1899 will be \$2,200, an increase of \$200.

BROOKLYN.

The estimates for Brooklyn show very little change from the amounts allowed in 1898.

I have asked for \$10,000 for an electric-light system for the Kings County Penitentiary.

I have also asked to restore the \$100 to the Keepers' salaries, this amount having been deducted in 1898 in order to bring the salary account within the amount appropriated.

There will be little or no balance left of the 1898 appropriation.

With the hope that your Honorable Board will pass the estimates as presented,

I am, very respectfully,

FRANCIS J. LANTRY, Commissioner.

DEPARTMENT OF BUILDINGS.

DEPARTMENT OF BUILDINGS,
NO. 220 FOURTH AVENUE, BOROUGH OF MANHATTAN,
NEW YORK CITY, September 2, 1898.

To the Honorable the Board of Estimates and Appropriation of The City of New York

DEPT. OF BLDGS.—The Board of Buildings respectfully submits herewith an estimate of the amount of money that will be required for the proper and efficient conduct of the Department of Buildings of The City of New York for the year 1890.

BOARD OF BUILDINGS

Singer, J. C.

NAME	TITLE	PRESENT SALARY	PROPOSED SALARY, 1910	INCREASE
Thomas J. Leary	Commissioner of Buildings, Department of Machinery and the House	\$7,000.00	\$7,000.00	—
John A. Bradley	Commissioner of Buildings, Department of Machinery and the House	7,000.00	7,000.00	—
Donald Campbell	Commissioner of Buildings, Department of Machinery and the House	7,000.00	7,000.00	—
Alfred J. Johnson	Secretary, Board of Building	7,000.00	7,000.00	—
James H. Mc Mahon	Chief Clerk, Board of Building	7,000.00	7,000.00	—
James P. Clark	Inspector	7,000.00	7,000.00	—
Donald Campbell, Jr.	Inspector	6,000.00	6,000.00	—
To be appointed	(1) one Clerk	—	6,000.00	\$6,000.00
"	(2) one Messenger	—	6,000.00	6,000.00
"	(3) one Designer	—	4,000.00	4,000.00
"	(4) one Office Boy	—	200.00	200.00
	Total	\$42,000.00	\$49,000.00	

An increase of \$4,700 over the amount appropriated for Salaries for the Board of Buildings for 1938 is asked for, of which \$4,300 is necessary to maintain the present force of the Board, which even now is insufficient to properly conduct the business of the State Office without the aid of the clerical force of the Department in the Boroughs of Manhattan and the Bronx.

The Board of Buildings asked for the sum of \$1,000 for rent in its estimate for 1865. It was not allowed. During the year 1864 its headquarters were, through the courtesy of the Commissioner of Buildings for the Boroughs of Manhattan and The Bronx, in his office. The Board Department has need of all its own room. The Board of Buildings therefore asks again for the same sum for the same purpose.

BOROUGH OF MANHATTAN AND THE BRONX

	Amount, 1991	Amount, 1992
Salaries (see salary list attached)	\$1,212,201.00	\$1,141,823.00
Rent	15,500.00	15,500.00
Board of Pioneers' fees	3,000.00	5,000.00
Contingencies and emergencies	17,500.00	18,500.00

It will be noticed that apparently there will be a balance of about \$11,000 at the end of this year in the account of Salaries, Boroughs of Manhattan and The Bronx. This is due to the fact that the present Commissioner of Buildings for the Boroughs of Manhattan and The Bronx, when he took control of that office, found it necessary for the betterment of the service and the City's interests to disengage with the services of a number of employees of the Department who were found to be unfit for the duties to which they were assigned; these were mainly Inspectors of Buildings. The vacancies thus caused will necessarily have to be filled, and they will be filled as soon as an eligible list is received from the Civil Service Commission; there will then be no unexpended balance to the credit of this account.

The items of increase asked for, for the Boroughs of Manhattan and The Bronx, are as follows:

- \$1,500 increased salary for the Superintendent of Buildings.
- \$1,200 for one Photographer.
- \$14,400 for twelve additional Building Inspectors.
- \$5,500 for five additional Plumbing Inspectors.

It is proposed if the sum be allowed, to place these twelve additional Building Inspectors in the very large territory of the Borough of The Bronx. There are at present but twelve Building Inspectors there, and it is a physical impossibility for twelve men to properly cover this territory, no matter how faithfully they may work. The number of improvements which are being made in the Borough of The Bronx is constantly increasing and the force of Inspectors must be increased proportionately.

In the Borough of The Bronx there are only five Inspectors of Plumbing. It is proposed to appoint and detail five additional Plumbing Inspectors in that territory for the same reason that it is proposed to increase the force of Building Inspectors.

The item of \$1,200 is for the salary of the Photographer. This branch of the departmental work is a very important one, and it is hoped that the Board of Estimate and Apportionment will see its way clear to allow this item.

Comparative Statement of Appropriation for the Year 1898 and Amounts Asked for in the Departmental Estimate for the Year 1899.

TITLE OF APPROPRIATION.	1898.	1899.
Salaries of Commissioners, Deputies, Clerks, etc.	\$250,000 00	\$317,200 00
Maps	35,000 00	7,000 00
Contingencies	5,000 00	5,000 00
	\$320,000 00	\$529,200 00
Increase for 1899		\$6,600 00

In compliance with the request of the Comptroller, we respectfully report that the unexpended balance of this Department will amount to about \$24,000.

In explanation of this fact, it is just to say that the work of the Department has been very much delayed by the Civil Service Board not having ready an eligible list of either Deputies or Clerks; and that, because of this delay, at least two-thirds of the employees were deprived of any vacation this summer, and all were compelled to perform duties over time. We are now obliged to employ at least 50 Temporary Clerks to accomplish the necessary work of this Department by the second Monday of January. This is shown by the list of employees herewith submitted, their combined salaries exceeding the ordinary requirements.

COLLEGE OF THE CITY OF NEW YORK.

THE COLLEGE OF THE CITY OF NEW YORK,
OFFICE OF THE SECRETARY OF THE BOARD OF TRUSTEES,
New York, August 31, 1898.

Hon. RICHARD S. COHEN, Comptroller:

DEAR SIR:—I have the honor to transmit herewith a certified copy of resolution adopted by the Executive Committee for the Care, Government and Management of the College of The City of New York at a meeting held on August 30, 1898, relative to an appropriation for the support and maintenance of the college for the year 1899.

Respectfully,
A. EMERSON PALMER, Secretary.

Resolved, That, subject to the approval of the Board of Trustees, the Executive Committee for the Care, Government and Management of the College of The City of New York, hereby declares that there will be required for the support and maintenance of the college during the year 1899, the sum of one hundred and seventy-five thousand dollars (\$175,000); and that in addition thereto there will be required for the accommodation and instruction of the rapidly increasing number of students, the sum of twenty-five thousand dollars (\$25,000).

Resolved, That the following report be submitted to the Board of Estimate and Apportionment:

To the Board of Estimate and Apportionment:

The Executive Committee for the Care, Government and Management of the College of The City of New York, subject to the approval of the Board of Trustees, hereby reports in your Honorable Body that there will be required for the payment of the salaries of the professors and officers of the said college, for the obtaining and furnishing of scientific apparatus, books for the students and other necessary supplies for regaling and sheltering the college buildings, and for the support, maintenance and general expenses of the said college, during the year 1899, the sum of one hundred and seventy-five thousand dollars (\$175,000), in accordance with the accompanying schedule.

The Executive Committee further reports that, in addition to the said sum of one hundred and seventy-five thousand dollars (\$175,000), there will be required during the year 1899, for the accommodation and instruction of the rapidly increasing number of students, the sum of twenty-five thousand dollars (\$25,000), and the Executive Committee, subject to the approval of the Board of Trustees, hereby recommends to the Board of Estimate and Apportionment and to the Municipal Assembly that an additional appropriation of twenty-five thousand dollars (\$25,000) be made for this purpose.

Resolved, That copies of these resolutions, duly authenticated by the Chairman of the Executive Committee and the Secretary of the Board of Trustees, be transmitted by the Board of Estimate and Apportionment and to the Municipal Assembly.

A true copy of resolutions adopted by the Executive Committee for the Care, Government and Management of the College of The City of New York at a meeting held August 30, 1898.

A. EMERSON PALMER, Secretary.

BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
No. 2 CITY HALL,
New York, September 20, 1898.

The Hon. THOMAS L. FRIENER, Secretary of the Board of Estimate and Apportionment, Stewart Building, New York City:

DEAR SIR:—At the meeting of the Board of City Record held this day, the following resolution was adopted by the concurrent action of the members of the Board:

Resolved, That the Departmental Estimate of the amounts required to pay the expenses of the Board of City Record for the year 1899, as submitted by the Secretary, and approved by this Board, be forwarded to the Board of Estimate and Apportionment, and a copy of the same to the Municipal Assembly.

In accordance with the above resolution I inclose herewith a copy of the said estimate.

Very respectfully yours,
WILLIAM A. BUTLER, Supervisor, City Record.

To the Hon. The Mayor, Comptroller and Corporation Counsel, composing the Board of City Record:

GEORGE W. F. I submit herewith my estimate of the expenses of conducting the business of this Board for the year 1899:

BOARD OF PUBLIC IMPROVEMENTS—CITY OF NEW YORK,
No. 346 BROADWAY, BOROUGH OF MANHATTAN,
NEW YORK, September 10, 1898.

To the Board of Estimate and Apportionment of The City of New York:

SIR:—In conformity with instructions from your Board to present an estimate of the amount of money required by the Board of Public Improvements for the year 1899, I have the honor to submit the following estimate of money required for the year 1899:

MAIN OFFICE.

	DEPARTMENT ESTIMATE, 1898.	DEPART- MENT ESTI- MATE, MAY, 1899.
President.....	\$8,000 00	\$8,000 00
Secretary to Board.....	5,000 00	5,000 00
Chief Engineer.....	5,000 00	5,000 00
Consulting Engineer.....	3,000 00	3,000 00
Private Secretary to President.....	2,400 00	2,400 00
General Bookkeeper.....	2,500 00	3,000 00
Contract Clerk.....	2,400 00	3,000 00
1 Clerk, at \$1,500.....	1,500 00	2,000 00
1 Clerk, at \$1,200 each.....	2,400 00	2,400 00
1 Clerk.....	1,800 00	1,800 00
2 Stenographers, at \$1,200 each.....	2,400 00	2,400 00
2 Messengers, at \$1,000 each.....	2,000 00	2,000 00
Contingency.....	500 00	500 00
	\$22,000 00	\$24,500 00

The increase between what was asked for this year (1898) and what is asked for next year for the main office (\$2,500) is made up by an increase of \$1,000 for the salary of the Chief Engineer; \$500 to make the salaries of the Contract Clerk and Bookkeeper the same as they received in the office of the Commissioner of Street Improvements in the Twenty-third and Twenty-fourth Wards (Borough of The Bronx), prior to consolidation; and \$500 for contingencies.

OFFICE OF ENGINEER IN CHARGE OF STREET OPENINGS, BOROUGH OF MANHATTAN.

	1898.	1899.
1 Assistant Engineer.....	\$4,000 00	\$4,000 00
3 Draftsmen, at \$1,200 each.....	3,600 00	3,600 00
Clerk of Street Openings.....	2,200 00	2,200 00

The requisition for 1899 is the same amount as was asked for the present year. The Board of Estimate and Apportionment appropriating only \$40,000 for the main office, and the "Office of the Engineer in Charge of Street Openings," together made it necessary to dispense with the services of a Chief Engineer, together with Clerks and Stenographers in the main office. The result has been that the present force of employees cannot perform the work assigned them to do, without working long after hours and on Sunday.

If no provision is made to pay the Bureau of Street Openings for the Borough of Manhattan for 1899, then it will be necessary for the Corporation Counsel to make other provisions for the making of rule, benefit and damage maps for the borough.

BOROUGH OF MANHATTAN.

1 Assistant Engineer.....	\$2,500 00
1 ".....	1,800 00
3 Computers, at \$1,500 each.....	4,500 00
2 Draftsmen, at \$1,200 each.....	2,400 00
1 Chainman.....	1,200 00
2 Axemen, at \$1,000 each.....	2,000 00
Traveling expenses.....	350 00
Instruments, tools, etc., contingencies.....	1,200 00
1 Clerk.....	2,000 00
4 Sounders, at \$50 each per month.....	2,880 00
1 Messenger.....	1,000 00
	\$21,530 00

As was stated in the Department requisition for 1898, there is no comprehensive map of the Borough of Manhattan. The laying out of a large section of the borough above One Hundred and Fifty-fifth street has never been completed, and until it is done public improvements in that section cannot go ahead; neither can a sewerage plan be adopted. No money was allowed for this work for 1898.

MONUMENTING AVENUES AND STREETS.

2 Assistant Engineers, at \$1,800 each.....	\$3,600 00
2 Transitsmen, at \$1,500 each.....	3,000 00
2 Chainmen, at \$1,200 each.....	2,400 00
4 Axemen, at \$1,000 each.....	4,000 00
2 Sounders, at \$50 per month.....	1,440 00
Traveling expenses.....	500 00
Monuments, tools, etc.....	500 00
	\$15,440 00

This provides for two field parties for setting monuments in this borough. The amount allowed this year for the Borough of Manhattan was one-fourth of \$4,200, with which only a small part of the necessary work could be done. If the sum now asked for is granted the monumenting of the entire borough can be substantially completed.

For the year 1898 the Board of Public Improvements asked for an appropriation of \$31,040, but it was not allowed. In the month of August the Board of Estimate and Apportionment appropriated the sum of \$4,000 to meet an imperative demand for change of grades, change of street lines, preparation of sewer and drainage plans, on the complaints of the State and Local Health Boards.

The appropriation asked for in the present requisition is to commence the topographical survey in this borough, where such surveys have not been made. Portions of Coney Island, the islands in Jamaica Bay, and portions of the Thirty-second Ward in Brooklyn have not yet been officially surveyed, and no official street layout has yet been made. Until such time as these surveys and layouts are made, no public improvements of a permanent character can begin, neither can the section 432 of the Charter be complied with by the Board of Public Improvements.

In addition to the amount required to start this topographical survey, something should be done at once to locate, set and reset the monuments in this borough.

Fifteen thousand four hundred dollars is asked for to meet the expense of making surveys and maps and acquiring title to avenues and streets for the use of the Commissioners of Estimate and Assessment, and for acquiring right of way for building drains. Up to the present time there are under way eight proceedings, and several pending for opening streets and avenues, acquiring title, etc., requested by the Corporation Counsel. This work is likely to increase during the coming year in this borough, and this Department is expected to furnish the maps.

The request of \$6,000 for copying records should also be allowed, for the reason that all the maps and records should be filed in the main office, while duplicate copies should be on file in the Borough of Brooklyn for the use and convenience of the various departments and the public.

The sum of \$4,200 for the lithographing and printing of maps is fixed at the lowest possible figure. It is a matter of economy to print such maps for the use of the Tax and other departments.

BOROUGH PRESIDENTS.

BOROUGH OF MANHATTAN.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
NEW YORK, September 6, 1898.

Honorable BIRD S. COLER, Comptroller, City of New York.

MY DEAR SIR:—In accordance with communication received from your office August 25, I herewith transmit estimate required to conduct the business of this office during the year 1899, together with the amount awarded for the year 1898:

	1898.	1899.
President	\$5,000 00	\$5,000 00
Secretary	3,000 00	3,500 00
Private Secretary	1,400 00	1,500 00
Stenographer and Typewriter	1,100 00	1,200 00
Contingencies	500 00	800 00
Clerk	1,000 00	1,000 00
Messenger		1,000 00
Total	\$11,000 00	\$14,000 00

The great increase in the volume of business of this office demands additional labor on the part of the official staff; therefore, I deem the additions I have made to the salaries just and proper.

Further, I ask that provision be made to enable me to employ a Record Clerk and a Messenger, who will also act as Doorkeeper. During the past year the President of the Borough has been compelled to do much clerical work himself, in order to keep the work of the office in proper order. I ask, therefore, that provision be made which will enable me to procure a Record Clerk.

Communications of importance, maps of much value, resolutions and petitions are constantly being transmitted to and from this office to the several departments of the City Government and a competent and reliable Messenger is necessary to secure the safe transmission of these documents and to discharge the duties of Doorkeeper, at the numerous sessions of the Local Boards. During the past year a portion of these duties have been done by messengers from the District Telegraph offices and paid for out of the Contingent Fund, necessitating a request for the transfer of two hundred dollars from the Salary Account to the Contingent Fund, which was granted by the Board of Estimate and Apportionment.

Since the beginning of the current year to date, two hundred and sixty-four petitions for Public Improvements have been acted on by the several Local Boards (eleven in number), exclusive of a number of complaints against nuisances, disorderly houses, gambling houses and other matters covered by Section 303 of the Charter, under the provisions of which the Local Boards are instructed to act. These require careful investigation and at times necessitate the taking of much evidence.

It is reasonable to predict, judging from the increase in the business of the office since the first of the present year, that the work of the ensuing year will be far in excess of that during 1898, necessitating an increase of the amount to be applied to Contingent Expenses. I ask, therefore, that this item be increased from five hundred dollars to eight hundred dollars.

All of which is respectfully submitted.

Yours very truly,

AUGUSTUS W. PETERS, President, Borough of Manhattan.

BOROUGH OF THE BRONX.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
September 1, 1898.

Board of Estimate and Apportionment:

GENTLEMEN—I submit herewith an estimate of the amount of expenditure required for salaries, etc., of the above office for the year 1899:

President	\$5,000 00
Secretary	3,500 00
Stenographer and Typewriter	1,200 00
Clerk	1,200 00
Inspector, etc.	1,200 00
Messenger, etc.	1,200 00
Contingencies	500 00

Total \$13,800 00

Appropriation for 1898 \$11,100 00

Respectfully, LOUIS F. HOFFEN, President.

BOROUGH OF BROOKLYN.

CITY OF NEW YORK, BOROUGH OF BROOKLYN,
OFFICE OF THE PRESIDENT OF THE BOROUGH,
September 9, 1898.

Board of Estimate and Apportionment, Municipal Assembly:

GENTLEMEN—Under sections 352 and 353 of the Charter I request appropriation for the salary of the President of the Borough of Brooklyn for the year 1899, as follows:

	1898.	1899.
President's salary.....	\$5,000 00	\$5,000 00
Salaries of Secretary, Clerk, etc.....	8,500 00	8,500 00
Contingencies.....	500 00	500 00
Total.....	\$13,800 00	\$13,800 00

The increase which I ask for in the Salary Account is desired in order that I may employ two additional clerks.

Respectfully,

EDWARD M. GROVE, President of the Borough of Brooklyn.

BOROUGH OF QUEENS.

CITY OF NEW YORK, BOROUGH OF QUEENS,
LOCAL BOARD CITY, September 2, 1898.

To the Honorable, The Board of Estimate and Apportionment, City of New York, New York:
ROBERT A. VAN WICK, President.

GENTLEMEN—The undersigned respectfully submits for your favorable consideration and action this estimate of amounts required to meet the expenses of his office for the year 1899, as follows:

For salary for the President of the Borough of Queens.....	\$3,000 00
For salary for Secretary of the President of the Borough.....	2,500 00
For salary for Stenographer and Typewriter.....	1,500 00
For salary for Clerk's services.....	1,000 00
For incidental expenses.....	500 00
Total.....	\$8,500 00

Very truly,

FREDERICK BOWLER, President.

BOROUGH OF RICHMOND.

PRESIDENT OF THE BOROUGH OF RICHMOND,
NEW BRUNSWICK, N. Y.,
September 5, 1898.

Honorable Board of Estimate, City of New York:

There is hereby made my report having been duly made by me to submit the following as my estimate of the expenditures necessary for the proper running of this office for the year 1899:

	1898.	1899.
President.....	\$1,000 00	\$1,000 00
Secretary.....	1,200 00	1,200 00
Private Secretary.....	1,200 00	1,200 00
Stenographer and Typewriter.....	1,000 00	1,000 00
Messenger.....	800 00	800 00
Contingencies.....	500 00	500 00
Total.....	\$6,400 00	\$6,400 00

Appropriation for 1899..... \$6,400 00

In addition to the above I ask that a clerk with a knowledge of bookkeeping at a salary of \$1,000, would be useful, but as I desire to keep expenses down as far as possible I have not included that position in my estimate.

The reason for the increase in my estimate for 1899 is largely due to the fact that the offices of "Stenographer and Typewriter," and "Messenger" are absolute necessities in this office and the greater rates should not be called upon to do this additional work.

Yours respectfully,

GEORGE CHAMWELL, President of the Borough.

CORONERS' OFFICE.

CORONERS' OFFICE, BOROUGH OF MANHATTAN,
NEW YORK, September 30, 1898.

To the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—The Board of Coroner of the Borough of Manhattan submits for your consideration the proposed estimate of salaries and expenses required for the Coroner's office for the year 1899. Said estimate contains in part the amounts appropriated for the year 1898 and the amounts required for the year 1899.

There is an increase in the amounts required for 1899 over the amounts appropriated for 1898. This increase is in the salaries and contingent expenses of the Coroner, and in the salary of the Clerk of the Board of Coroner. This increase in the salaries of the Coroner, we believe, is reasonable and just, both on account of the amount of work and of the character of the work performed by them. The work of the Coroner is hard and is increasing every year. It requires his attention day and night, and requires of him a responsibility and labor of the most exacting kind.

Attempts have been made to maintain the work of the Coroner of this borough by comparing it with the work performed by the Coroner of other boroughs. Such a thing is hard to believe. It is impossible to believe that a person who knows anything about The City of New York, does not know that the Coroner of this borough, in the performance of his duties, must meet with conditions that are not to be found in any other borough—conditions that create responsibilities and labors that the Coroner of other boroughs are rarely called to perform. Such a person knows that in this borough the industrial conditions and the social conditions, good and bad, are different from what they are elsewhere. Such a person knows that it is in this borough that the serious class, and the class known as "transient," spend their time, commit their crimes, cause their own deaths or the deaths of others, and that there must necessarily be, from the very condition of things, even in proportion to population, more murders, suicides and suspicious cases; more deaths on the streets and in the parks; more deaths by gas, electricity and by the use of explosives; more deaths by the negligent use of machinery and by the criminal negligence of physicians, midwives and druggists, than there are in any other borough. Figures are not needed to prove this. These are facts that are known to every person familiar with the statistics of The City of New York.

Deaths in other boroughs occur under ordinary circumstances or under circumstances easily discoverable, and the identity of the dead person is known. In the Borough of Manhattan it is different, where the majority of deaths are "unknown" and surrounded by uncertainty. It takes the most careful investigation to prove the identity of the dead person and to prove the cause of their deaths. The investigation of one death of this character consumes more time and labor than the investigation of ten deaths under ordinary circumstances would consume.

The Coroner of this borough does not measure their work by the number of deaths reported to them, although the number of deaths is one of the most important factors in the investigation of each death.

The Coroner of this borough investigates more deaths and performs many times more actual labor, both mental and physical, than the Coroner of any other borough, and for that reason, to be fair and just, they are entitled to more compensation.

The appropriation for 1898 reduced the salary of the position of Clerk of the Board of Coroner from \$2,500 to \$2,000.

The salary of said position was \$2,500 a year for the twenty years preceding the year you reduced it, it was so when the work of the office was not, either in amount or in responsibility, one-third of what it is now, and in all that time it was not even suggested by a Coroner or by a member of the Board of Estimate and Apportionment, or by any person, good or bad, to reduce

it; on the contrary, all sides were disposed to recognize the justice of increasing it in proportion to the increased work of the office. When we consider the amount of work and the character of the work that necessarily falls to the lot of the incumbent of said position, we feel it a duty to ourselves and to the public service to request that the salary of said position be restored to what it was before you reduced it.

In preparing the annexed statement we have acted on the request of the Comptroller to co-operate with your Board in securing "the utmost economy in the administration of City affairs," and in so doing we have reduced every item of expense "to the lowest amount consistent with efficient service."

Respectfully,

E. T. FITZPATRICK,
EDWARD W. HART,
JACOB L. BAUSCH,
ANTONIO ZULCA, } Board of

BOROUGH OF THE BRONX.

CORONERS' OFFICE, BOROUGH OF THE BRONX,
No. 709 East ONE HUNDRED AND SEVEN STREET,
NEW YORK, August 30, 1898.

General to the Board of Estimate and Apportionment.

GENTLEMEN—The Board of Coroner of the Borough of The Bronx, respectfully submits for the consideration of the Board of Estimate and Apportionment the annexed Departmental Estimate of salaries and expenses for the Coroner's office of said borough for the year 1899, as provided by section 276 of the Charter of Greater New York.

In an opinion of the Counsel to the Corporation under date of March 15, 1898, given to the Corporation of the Borough of Manhattan, the following language occurs:

"Coroners—Does the Coroner, by the office of the Charter, cease to be a county officer, and the jurisdiction confined solely and exclusively to the borough for which he is elected?"

"The answer to this question is, that under the Charter the Coroner is a borough, and not a county officer, and his jurisdiction is confined solely and exclusively to the borough for which he is elected."

The Replevin Clerk in Manhattan cannot transact any public business relative to his office in the Borough of The Bronx. Hence the necessity arises for the appointment of a Replevin Clerk in that borough.

Very respectfully,

O. W. FLANAGAN, Clerk, Board of Coroner, Borough of The Bronx.

Increase.....

The increase of \$200 per annum in the salary of this Clerk we think is deserved in consequence of the work required of him, as he assists in keeping the records of the office and is a very competent man.

Additional Night Clerk asked for.....

Another Night Clerk is needed to relieve the one we have, in order that at no time should our office be closed. We are continually called for at all hours and the night service inaugurated recently is very much appreciated by persons having business with the office.

Contingent Expenses.

Increase.....

"The coroners in each borough shall have an office in said borough." Laws of 1897, chapter 378, section 1571.

The increase required for contingent expenses is absolutely necessary in order to enable the Coroners to hire and furnish a proper office in which to transact their business. At present we are in a small room about 28 feet by 14 feet, with one window in the corner; little light and no ventilation; health of the occupants positively endangered; no privacy of any kind; between 75 and 100 persons, including jurors, witnesses, complainants, etc., visit us every day. A Sanitary Inspector from the Department of Health reports that the place is unfit for occupancy. We know that we must be brief here. Kindly refer the matter to some member of your Board and have them look at our present quarters.

BOROUGH OF QUEENS.

JAMAICA, N. Y., September 2, 1898.

To the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—The Board of Coroners of the Borough of Queens append hereto their estimate for their office for the year 1899.

AS TO THE CORONERS' SALARY.

We have asked for an increase, as will be observed, for the following reasons: Our borough has the largest territory of any of the boroughs in the city. It not only has an extensive waterfront, which produces a number of floating bodies, but contains also all the cemeteries, which furnish a number of suicides and other cases involving coroners' services. From January 1, 1898, up to and including August 1, 1898, we have had 321 cases, while the Borough of The Bronx has had 216 cases and Richmond 182 cases, which we respectfully submit entitles us to the increased salary asked for, which will put us on an equality with the Coroners of The Bronx. We are compelled to hold inquests and impanel juries all over the borough, as it is utterly impossible to try the cases at the Coroners' office, which is in the borough center, and the railroad facilities are very meagre and require long delays in taking trains and involves the hiring of conveyances, all of which consume a large amount of time and expenditures.

The borough has no morgue where the Physicians can hold autopsies, so that we are compelled to ship bodies to the nearest and most accessible undertaking establishment. These undertakers receive no recompense for their services in many cases, and we are compelled to use personal influence in order to have the bodies properly taken care of until the City undertaker can be notified.

It will thus be seen that in the exercise of the duties of our office our services are very much more employed than those of any other Coroners in the city, and we submit that our compensation should be increased from \$4,000 to \$6,000.

AS TO THE CORONERS' EXPENSES.

We have stated the extent of territory in our jurisdiction and that we are obliged to travel greater distances to attend to in cases and most in many instances pay for conveyances to reach territory not on the line of the railroad, and almost four times greater territory than that comprised in the Borough of The Bronx.

We ask that our expenses be fixed at the same amount as that appropriated for the Coroners of The Bronx.

AS TO PHYSICIANS' SALARIES.

The salary fixed in 1898 for the Physicians was \$1,500, and out of this they must pay their own expenses. They have to travel long distances to examine bodies and perform autopsies, and then appear at the inquest, and are frequently called before the District Attorney a number of times, for which they receive no extra compensation and have to pay their own traveling expenses.

We therefore ask for an increase in their salaries so as to cover their expenses.

AS TO CLERK.

He has to keep all the books, being eight in number, and has a great deal of work to perform. We have therefore asked for an increase in his salary.

AS TO ASSISTANT CLERKS.

Said Assistant Clerks were appointed by this Board on the 1st of January, 1898, and have been performing the duties appertaining thereto since then, having received no recompense for their services, as no provision for such Clerks has been put in the Budget of 1898 as yet, but for which we have petitioned your Honorable Board; you have referred it to the Comptroller for investigation, and to whom we have submitted a bill, under date of August 24, 1898, to which we would respectfully refer your Honorable Board.

AS TO THE STENOGRAPHER.

We have asked for an increase in his salary for the reason that his time is taken up at inquests in the evening and in his office during the day making copies of the proceedings, and it is his duty also to travel to all parts of the borough to be present at inquests, and no provision was made for his traveling expenses.

We therefore respectfully submit that the increase in the appropriation asked for, for the reasons stated, be allowed.

KINGS COUNTY CLERK'S OFFICE, HALL OF RECORDS,
BROOKLYN, September 7, 1898.

To the Commissioners of Records of the County of Kings:

GENTLEMEN—I estimate that for the year 1899 there will be required for the recopying and certifying of notices of pendency of actions the sum of \$45,000. Also for the recopying and certifying of judgment notices, judgment rolls and papers in suits, etc., the sum of \$10,000.

Respectfully,
(Signed) WILLIAM P. WUEST, County Clerk.

SHERIFF'S OFFICE.

COUNTY OF NEW YORK,
STEWART BUILDING, NO. 280 BROADWAY,
New York, September 3, 1898.

Hon. BIRD S. COLER, Comptroller:

SIR—In compliance with your circular letter of July 21, 1898, I have the honor to transmit herewith my estimate of the amount required to pay the expenses of conducting the business of this office in and for the year 1899.

Very respectfully,
THOMAS J. DUNN, Sheriff.

SHERIFF OF NEW YORK COUNTY,
SHERIFF'S OFFICE, NEW YORK CITY,
September 3, 1898.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—I submit the following estimate of the amounts required to conduct the business of the Sheriff's Office and of the County Jail for the year 1899.

Statements are Herewith Presented:

Of the salaries of each of the officers and Clerks in the Sheriff's Office, and of the Prison Guards and Van Drivers.

Of the officers and employees of the County Jail.

Of the appropriations required for the expenses of conducting the public business; for the support of the prisoners in the County Jail, and for the supplies for the Special Commissioner of Juries.

Of the amounts allowed for 1898, and the amounts required for 1899.

The whole amount required for 1899 is \$132,482 00

The whole amount allowed for 1898 was 130,982 00

Increase for 1899 \$1,500 00

The salaries of the Sheriff, Under Sheriff, Counsel, Deputy Sheriffs and Assistant Deputies are fixed by chapter 523, Laws of 1890, and chapter 536, Laws of 1897.

The salaries of the Clerks, subordinates and employees are fixed by the Sheriff, subject to the review of the Board of Estimate and Apportionment, as per section 2, chapter 523, Laws of 1890.

The compensation for Jury Notice Servers for Special Jurors, and the supplies for the Special Commissioner of Juries, are required by chapter 378, Laws of 1896.

It is at this time impossible to state the "amount which may probably remain unexpended of any appropriations for 1898 at the end of the year," excepting the appropriation for "Salaries of Jury Notice Servers for Special Jurors," upon which no drafts have thus far been made or will, it is believed, be made before the close of the year; and excepting the appropriations for "Furniture, Keep of Horses, etc.," and for "Support of Indigent Prisoners, etc.," in each of which a slight balance may remain unexpended.

The increase over 1898 is required for the purchase of blank books, printed matter, stationery and office supplies, which the Supervisor of the City Record, under date of September 1, 1898, says he "is not authorized to supply to any county officer for the ensuing year."

THOMAS J. DUNN, Sheriff.

SHERIFF OF KINGS COUNTY.

OFFICE OF THE SHERIFF OF KINGS COUNTY,
BROOKLYN, CITY OF NEW YORK,
September 7, 1898.

To the Board of Estimate and Apportionment of The City of New York:

Pursuant to the request contained in your resolution of July 1, 1898, I beg to submit to you the following estimate of the amount required to pay the expenses of the office of the Sheriff of Kings County for the year 1899:

For maintenance of Kings County Jail, Civil Prison and Women's Prison..... \$90,000 00

For salary of Physician of County Jail..... 2,000 00

For transportation of prisoners between Magistrates' Courts, Courts of Special Sessions and County Court..... 15,500 00

\$107,500 00

The office of the Sheriff of Kings County is a fee office. There are no clerks or subordinates appointed by the Sheriff to be paid by the City. The charges for maintenance of the jail consist

of stationary fees. Bills are rendered and paid monthly. There are no special objects or purposes requiring special appropriation of specific sums. The estimate for maintenance of the jail is \$12,800 less than that for the present year. It, in reality, is only \$12,800, as last year the Physician's salary, \$2,000, was included in the item. The estimate which I submitted in January, as I stated then, was based upon my predecessor's figures in his estimate to the Board of Estimate of the City of Brooklyn. The present figures are based upon my monthly bills.

On the appropriation for 1898 for maintenance of the jail there will probably remain appropriated at the end of the year \$15,000.

The Physician to the County Jail is appointed and salary fixed by the Board of Supervisors, under section 100 of the Code of Civil Procedure.

Respectfully,
FRANK D. CREAMER.

Comparative Statement of Appropriation for 1898 and Estimate for 1899 for office of Sheriff of Kings County.
APPROPRIATION, 1898.

For maintenance of County Jail, Civil Prison, including Physician's salary, commitment and all fees.....	\$104,800 00
For transportation of prisoners between Magistrates' Courts, Courts of Special Sessions and County Court.....	15,500 00
	\$120,300 00
ESTIMATE 1899.	
For prisoners in Kings County Jail, Civil Prison and Women's Prison.....	\$50,000 00
For salary of Physician of County Jail.....	2,000 00
For transportation of prisoners between Magistrates' Courts, Courts of Special Sessions and County Court.....	15,500 00
	\$67,500 00

From this comparative statement it will be seen that the appropriation for jail maintenance for 1898 included Physician's salary, while in the estimate for 1899 I have stated it separately. The only change in the estimate is, therefore, in maintenance of jail, and that is \$12,800.

Respectfully submitted,
FRANK D. CREAMER, Sheriff of Kings County.

SHERIFF OF BOROUGH OF RICHMOND.

RICHMOND, N. Y., September 2, 1898.

Honorable Board of Estimate and Apportionment of The City of New York.

GENTLEMEN:—In compliance with the direction of circular letter of City Comptroller under date of July 20, 1898, I herewith submit an estimate of the expenditures necessary for the year 1899, in the maintenance of the office of Sheriff of the County of Richmond, viz:

Salary of Sheriff under chapter 22, Laws of 1865.....	\$0,000 00
Salary of Jailor under chapter 22, Laws of 1865.....	000 00
Salary of Cook under chapter 22, Laws of 1865.....	300 00
Disbursements under chapter 22, Laws of 1865.....	7,500 00
Jury fees.....	5,000 00
Court Officers.....	300 00
Guards.....	3,285 00
	\$16,085 00

The following is a comparative statement of the amounts appropriated for the year 1898, and the amounts estimated by me for the year 1899, viz:

	Appropriation for 1898	Estimated for 1899
Sheriff's salary.....	\$0,000 00	\$0,000 00
Salary of Jailor.....	000 00	000 00
Salary of Cook.....	300 00	300 00
Disbursements.....	2,500 00	2,500 00
Meals.....	600 00	600 00
Breaks.....	700 00	700 00
Ten.....	100 00	100 00
Clothing, dry goods and sundries.....	1,000 00	1,000 00
Shoes and gloves.....	300 00	300 00
Coal.....	800 00	800 00
Tin and hardware.....	200 00	200 00
Miscellaneous supplies.....	500 00	500 00
Telephone service.....	300 00	300 00
Transporting prisoners.....	500 00	500 00
Jury fees.....	5,000 00	5,000 00
Court officers.....	300 00	300 00
Guards.....	3,285 00	3,285 00
	\$16,085 00	\$16,085 00

The same estimated also for 1899 will, in my opinion, be necessary for the proper performance of the duties of the office of Sheriff.

I have included in the above estimate an appropriation of \$500, as necessary for paying the expense of transporting prisoners from the jail to the courts of the County. The County Jail is located at Richmond, and the Special Sessions are held at New Brighton, some seven miles away, and the two Magistrates' Courts in the County of Richmond are also held at distances respectively of five and seven miles from the County Jail, and all prisoners committed for examination when awaiting trial in these courts, must be transported from the jail to the courts at such times as the justices holding them demand.

I have included in my estimate for this year the sum of five thousand (\$5,000) dollars for the payment of jury fees in Courts of Record in this County. Some trouble has been experienced during the past year with respect to the payment of jury vouchers and I have included it in my estimate in order that provision might be made for that purpose.

The Court officers for whom appropriation is asked are the officers required by law to be in attendance at Terms of Supreme Court and County Court, held in the County of Richmond.

I have also included in my estimate the sum of three thousand two hundred and eighty-five (\$3,285) dollars for guards for the jail. During the past two years it has been necessary, by reason of the character of the criminals committed to the charge of the Sheriff of the County of Richmond, and owing to the lack of protection that the construction of the jail necessitates, to have a guard to prevent the escape of prisoners confined in the jail.

This guard was ordered by the County Judge of Richmond County and by a Judge of the Supreme Court, allowed last year, and the amount asked for was allowed by your Honorable Board this present year, and I recommend its continuance.

Respectfully submitted,
AUGUSTUS ACKER, Sheriff of Richmond County, N. Y.

REGISTER'S OFFICE—HALL OF RECORDS,
COUNTY OF NEW YORK,
September 21, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN:—I have received a communication from the Supervisor of the City Record notifying me that no supplies will be furnished by him to County Offices after the close of the present year.

I therefore submit the following estimate of the amount of the expenditures which will be required to supply this office with books, stationery, printed and lithographic matter during the year 1899.

Books.....	\$4,000 00
Stationery.....	1,000 00
Lithograph and printed matter.....	500 00
	\$5,500 00

Respectfully submitted,
ISAAC FROMME, Register.

A comparison of the foregoing estimate with the present pay-roll of this office will show but few changes, viz.: One for two additional Custodians at \$1,000 each, and the other an increase of \$2,600 in the item for Recording Clerks and \$1,000 for additions to salaries.

The request for additional Custodians is made for the reason that there has been a large increase in the number of subpoenas served on the Register to produce records in the Courts and elsewhere, so much so that frequently the entire force of Custodians has been absent from the office. Since January 1 last there have been subpoenas served calling for the production of over 1,000 books and papers. The additional amount asked for Recording Clerks is to meet the expected increase in the number of instruments to be recorded. When I assumed charge of the office on January 1 I found nearly 1,500 Conveyances and Mortgages and 4,800 Satisfaction Pieces which had not been recorded owing to lack of sufficient appropriation. The result was that papers left for record could not be returned in less than four or five weeks, while now the work has been brought up to date, and papers are returned in a few days. In order to perform this work in the same efficient manner I believe the sum of \$2,600 additional will be sufficient to meet the demands of the public business.

The item of \$1,000 to add to salaries is requested to equalize the salaries of efficient Clerks, who have performed excellent service during the past year and are deserving of better compensation.

The estimates for Preservation of Records are the same as were allowed for the present year, with the exception of \$500, which is asked for materials for Draughtsman in recopying old and mutilated maps.

Respectfully submitted,
ISAAC FROMME, Register.

Yours respectfully,

JOHN RENEHAN, President.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The Examining Board of Plumbers of The City of New York herewith hand you a comparative statement of amount given this Board for 1898 and amount asked for 1899:

	1898.	1899.
Examiners' fees	\$2,340.00	\$2,340.00
Clerk hire	4,000.00	4,000.00

	\$3,640.00	\$3,640.00

We will have an unexpended balance of salaries of \$500.00 from the appropriation for 1898. The Board did not organize under the New Charter until March 1, 1898, which will leave the above amount unexpended.

Yours respectfully,

JOHN RENEHAN, President.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In explanation of our estimate for 1899, would say that the decrease in the amount asked for for materials and supplies, we will have some stock left at the end of year, and with the amount asked for 1899, we will have enough to carry us through the year.

The Municipal Assembly passed an amendment on July 6, 1898, fixing the salaries of this Board at three meetings per week at \$5 per sitting for each Examiner, making \$64 per month for each Examiner.

Yours respectfully,

JOHN RENEHAN, President.

GENERAL INTERPRETERS, BROOKLYN.

SECOND DIVISION.

BOROUGHS OF BROOKLYN, September 2, 1898.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I, Lorenzo Criscolla, hereby respectfully request that the sum of \$1,200 be appropriated by your Honorable Body for the payment of my salary for the year 1899, as interpreter of the French, Italian and Spanish languages in the Courts of Record of the Borough of Brooklyn, the County Court, Surrogate's Court, Grand Jury and the Commers.

Yours, truly,

LORENZO CRISCOLLA.

Duly appointed as such interpreter by resolution of the Board of Supervisors of the County of Kings, on January 24, 1896, which resolution was duly approved by the Supervisor-at-Large and salary fixed by resolution of the Common Council of the former City of Brooklyn, on June 8, 1896, as per copy of resolution hereto annexed.

CITY CLERK'S OFFICE, CITY HALL,
BROOKLYN, N. Y., August 11.

Sir—You are hereby notified that at a meeting of the Common Council, held June 8, 1896, a resolution, of which the annexed is a copy, was adopted.

Resolved, That this Common Council does hereby fix the salary of Lorenzo Criscolla as Italian and French interpreter in the Coroner's cases and Grand Jury, as well as for the Courts of Record in this county, at the sum of twelve hundred dollars a year, the same being omitted from the resolution appointing said Criscolla to said position, said salary to date from the time of said appointment, this resolution being intended to operate as an amendment to said resolution of Board of Supervisors.

Resolved, That the financial officers of the city be and they hereby are directed, if there be any money available for that purpose, to pay to Lorenzo Criscolla the amount of his salary as Italian and French interpreter to the Grand Jury, Coroner's cases and Courts of Record in the County of Kings, at the rate of twelve hundred dollars a year from the date of his appointment by the Board of Supervisors under their resolution of December 27, 1895.

The above resolution had, on June 23, 1896, remained ten days in the Mayor's hands without being approved or disapproved.

[SEAL]

(Signed) JOS. V. SCULLEY, Assistant City Clerk.

KINGS COUNTY, OFFICE OF THE CLERK OF THE BOARD OF SUPERVISORS,
BROOKLYN, January 24, 1896.

Sir—You are hereby notified that at a meeting of the Board of Supervisors of Kings County, held on the 27th day of December, 1895, a resolution, of which the following is a copy, was adopted, and that the same has been duly approved by the Supervisor-at-Large, to wit:

Resolved, That Barnett Miller, as German interpreter, Louis Perry, as Italian interpreter, John Jacobson, as Scandinavian interpreter, L. Criscolla, as Italian and French interpreter, be and they hereby are appointed to serve as said interpreter in Coroner's cases and for the Grand Jury, as well as for the Courts of Record in the county.

Attest.

M. F. DOWDEN, Deputy Clerk of the Board of Supervisors, Kings County.

FIRST BRIGADE.

HEADQUARTERS, FIRST BRIGADE, N. G., N. Y.,
FIFTY-NINTH STREET (DURLAND'S),
New York, September 6, 1898.

Board of Estimate and Apportionment, New York City:

GENTLEMEN—Pursuant to paragraph 138, M. C., which allows to each brigade one Armorer, I appointed John D. Maher as Armorer of this brigade (copy of letter appointing him is herewith inclosed). Since then payment has been refused him by the Comptroller. The amount, of course, will be recovered by suit. To avoid all further annoyance in this matter I respectfully request the Board of Estimate and Apportionment to appropriate sufficient funds for the payment of this city employee for the coming year. The duties at present being light I call your attention to it that the pay is less than that of the Armorer of the Fifth and Second Brigades; and I certify to you the necessity for the employment of this man, who, with increased work, will later unquestionably be entitled to an increased salary.

Respectfully,

MCCOSKRY BUTT, Brigadier-General.

JUNE 21, 1898.

The Comptroller, City of New York:

SIR—Under section 138, M. C., an Armorer is allowed for each brigade headquarters. Under section 140, M. C., the person appointed shall receive compensation for time actually employed at not to exceed four dollars (\$4) per day, to be fixed by the Commanding Officer appointing such person.

I hereby appoint John D. Maher, Armorer to the First Brigade Headquarters, and fix his salary at two dollars (\$2) per day, commencing June 22, 1898.

Respectfully,

(Signed) MCCOSKRY BUTT,
Brigadier-General, First Brigade, N. G., N. Y.

Certificate of Approved Circulation.

Brooklyn Public Library, Brooklyn, is subject to the inspection of the Regents and registered by them as maintaining a proper standard; that its system of recording the circulation of books and the character of the books so circulated have been officially inspected by an officer of the University; that its Trustees have reported under oath the number issued for home use during the six months ending June 30, 1898, and that, in the judgment of the Register, this library has circulated for the free use of the public during the said six months 22,500 volumes of such a character as to merit a grant of public money.

In Witness Whereof, the Regents grant, under seal of the University, this certificate, recorded as No. 448 in the University register.

LONG ISLAND CITY PUBLIC LIBRARY.

LONG ISLAND CITY PUBLIC LIBRARY—BOROUGH OF QUEENS,
September 3, 1898.

To the Honorable Board of Estimate and Apportionment:

Gentlemen:—In accordance with the provisions of section 226 of the Greater New York Charter, the Board of Trustees of the Public Library of Long Island City respectfully submits herewith the estimate of the expenses of said Library for the year 1899.

The consolidation of the several adjoining towns and villages with former Long Island City, forming the Borough of Queens, has opened the Library to a largely increased number of residents who have availed themselves of the privilege, increasing the circulation and forcing extra labor on the Librarians; and the appropriation for 1898 being limited, additional help could not be

engaged. A printed catalogue will be issued about November 1, 1898, through which it is anticipated that the circulation will be yet more largely increased.

The residents of Astoria and Blisville sections have for some time past been urging that branches be opened in those locations. The Astoria Branch is now being arranged for and will probably be opened by October 1, 1898, but the Trustees have not yet been able to set aside sufficient funds for a branch at Blisville.

It is the object and desire of the Board that this Library shall become the Public Library of the Borough of Queens, and ultimately to open and establish branches at Woodside, Corona, Elmhurst, Flushing and in other sections sufficiently settled to warrant the expense.

There will be no balance from the appropriation of 1898 that can be made available for 1899, and the expenses for 1899 have been cut as low as possible consistent with the increased demands that have been made on this Library.

The Library has been entirely dependent upon the appropriation made from year to year by the City, except a small allowance received from State moneys specifically for the purchase of books, and the Board of Trustees consider the Library and branches as property of and owned exclusively by the City.

Respectfully submitted,
WALTER G. FREY, President.

[SEAL.] M. DEWEY, Secretary,
W. R. EASTMAN, Library Inspector.LONG ISLAND CITY PUBLIC LIBRARY,
LONG ISLAND CITY, September 7, 1898.

Mr. BURD S. COLES, Comptroller of The City of New York:

DEAR SIR:—In reply to your favor of the 6th instant permit me to say that I did not send the enclosed certificate with the estimate, because, as you will see from the enclosed letter from Mr. Eastman, he did not regard the Long Island City Public Library as subject to the law which provides for subsidies for libraries not owned by the public but maintained for its welfare, and the Trustees of the Library coincide with him in this opinion.

The following extract is from the Laws of New York, 1892, chapter 378, section 37:
"By similar vote money may be granted toward the support of libraries not owned by the public, but maintained for its welfare and free use, provided that such libraries shall be subject to the inspection of the Regents and registered by them as maintaining a proper standard, that the Regents shall certify what number of the books circulated are of such a character as to merit a grant of public money, and that the amount granted yearly to libraries on the basis of circulation shall not exceed ten cents for each volume of the circulation thus certified by the Regents."

You will perceive immediately that the law does not apply to this library at all, for the latter is owned entirely by the public, and has no other means of support than the public appropriation. New York City has never heretofore owned a public library, but has paid subsidies to very many. The New York Free Circulating Library, with all its branches, is a private corporation with other income than the subsidy which it receives from the City by virtue of the law quoted above, but there is nothing in this law, or in any other known to me, which prevents the City authorities from appropriating as much money as they please for any municipal department.

Otherwise, if the circulation were always taken as a basis for the appropriation, it would obviously be impossible for a library ever to be established by the City authorities, which is not the case, as you will readily see by reading section 36 of the same chapter. Naturally the expenses incident to organizing, equipping and getting a library into running order are proportionately greater during the first years of its existence than they will be in the future, and the circulation during these first years is no measure of the amount of work that has been done, nor of the expenditures that have been necessitated.

It is therefore no exaggeration to say that it would prove a deplorable calamity to this community if the amount of the appropriation were cut down to ten cents per volume of the approved circulation of 1897.

This is the only institution of its kind and extent in the whole Borough of Queens, and I trust, therefore, that you will use your best efforts to prevent a crippling of its powers for the distribution of knowledge by a reduction in the grant of money by the Board of Estimate and Apportionment.

Very respectfully,
WALTER G. FREY.LONG ISLAND CITY PUBLIC LIBRARY,
September 2, 1898.

WALTER G. FREY, Long Island City, N. Y.:

DEAR SIR:—The certificate of approved circulation which includes the statement that the library has been duly registered and approved by the University is sent you with this. At the same time I do not think that the Board of Estimate should limit your library, being owned by the City, to 10 cents a volume of this circulation. The Brooklyn Public Library is in the same position, and the matter should be made clear to the Board of Estimate if they do not already understand it.

Yours very truly,
W. R. EASTMAN.

Yours respectfully,

WILLIAM F. MOORE, Justice.

FOURTH DISTRICT.

MUNICIPAL COURT IN THE CITY OF NEW YORK, BOROUGH OF MANHATTAN,
FOURTH DISTRICT, CORNER SECOND AVENUE AND FIRST STREET,
NEW YORK, September 1, 1898.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—Herewith, in compliance with Comptroller's circular of July 21, an estimate in detail of the amounts required to pay the expenses of conducting the business of the Municipal Court of The City of New York, Fourth District, Borough of Manhattan, for the year 1899:

George F. Roesch, Justice	\$6,000 00
John E. Lynch, Clerk	3,000 00
Alexander Brenner, Assistant Clerk	3,000 00
Caleb H. Redfern, Stenographer	2,000 00
Joseph Roesch, Interpreter	1,200 00
Francis McNical, Attendant	1,000 00
Joseph P. Blackgrove, Attendant	1,000 00
Emil Bayer, Attendant	1,000 00
Contingent fund for messenger services, filing Justice's return on appeals, actions removed to the City Court, cases transferred to other districts and postage	100 00
Total	\$18,300 00

Respectfully submitted,

GEO. F. ROESCH, Justice.

JOHN E. LYNCH, Clerk.

FIFTH DISTRICT.

MUNICIPAL COURT, FIFTH DISTRICT, BOROUGH OF MANHATTAN,
NO. 154 CLINTON STREET,
NEW YORK, September 1, 1898.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—In compliance with a communication from the Comptroller requesting an estimate of expenses of the Municipal Court in the Fifth District of the Borough of Manhattan, for the year 1899, I respectfully submit the following:

Henry M. Goldfogel, Justice	\$6,000 00
Jeremiah Hayes, Clerk	3,000 00
James H. Sheils, Assistant Clerk	3,000 00
Denis O'Sullivan, Stenographer	2,000 00
Jacob Katz, Interpreter	1,200 00
James Lavery, Attendant	1,000 00
Charles J. Neuman, Attendant	1,000 00
James McAlamney, Attendant	1,000 00
Total salaries (fixed by Charter)	\$18,200 00

In addition to the foregoing there should be appropriated the sum of \$125,000 for the erection and furnishing of a court-house in this District. The present building is entirely inadequate and unfit for the purposes of the Court, and the building of a court-house in this Fifth District was authorized by an act of the Legislature passed in 1894, and by an amendatory act passed in 1897. All of which is respectfully submitted.

HENRY M. GOLDFOGEL, Justice.

SIXTH DISTRICT.

MUNICIPAL COURT OF THE CITY OF NEW YORK, BOROUGH OF MANHATTAN,
SIXTH DISTRICT.

To the Board of Estimate and Apportionment:

GENTLEMEN—In compliance with your circular request of July 21, 1898, I herewith furnish you with a statement of the appropriation required for the conducting of the business of the Sixth District Municipal Court for the year 1899, together with the names of employees, salaries, etc.:

Daniel F. Martin, Justice	\$6,000 00
Abraham Bernard, Clerk	3,000 00
William P. Meehan, Assistant Clerk	3,000 00
George C. Kiesel, Stenographer	2,000 00
Henry Alshelmer, Interpreter	1,200 00
Lawrence Collins, Attendant	1,000 00
Albert Goettman, Attendant	1,000 00
Total	\$17,200 00

I hereby certify that the amount applied for and appropriated for this Court for the year 1898 was \$18,100. This amount included a janitor, at a salary of \$900 per annum, as fixed by law. The decrease for 1899 is caused by the transfer of the janitor, John S. Ryan, from the payroll of the Sixth District Municipal Court to the Department of Lighting and Supplies.

I further certify that the January, 1898, salary of the janitor—to wit, \$75—was paid from the appropriation allowed to the Sixth District Municipal Court for 1898, leaving an unexpended appropriated balance for the year of \$825.

Very respectfully,

DANIEL F. MARTIN, Justice.

SEVENTH DISTRICT.

BOROUGH OF BROOKLYN.

FIRST DISTRICT.

MUNICIPAL COURT OF THE CITY OF NEW YORK,
FIRST DISTRICT,
NORTHWEST CORNER OF STATE AND COURT STREETS.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—Under the Charter of the Greater New York there will be required for the maintenance of this Court, for the year 1899, the following sums:

ESTIMATE OF THE MUNICIPAL COURT OF THE CITY OF NEW YORK, BOROUGH OF BROOKLYN, FIRST DISTRICT.

NAME.	POSITION.	SALARY, 1898.	SALARY, 1899.
Jacob Neu.....	Justice.....	\$6,000 00	\$6,000 00
Edward Moran.....	Clerk.....	3,000 00	3,000 00
James A. Dunne.....	Assistant Clerk.....	3,000 00	3,000 00
J. N. B. Rawle.....	Stenographer.....	2,000 00	2,000 00
William Meyer.....	Attendant.....	1,000 00	1,000 00
Charles Gehlhardt.....	".....	1,000 00	1,000 00
Contingent Fund.....			100 00
Total.....		\$16,000 00	\$16,100 00

There are three Clerks holding over who were appointed under section 14, chapter 583 of the Laws of 1888, and continued in office under section 1373, chapter 378 of the Laws of 1897, and who have continued to perform the duties as such Clerks. Your Honorable Body disallowed any appropriation for the year 1898 for their services. One of said Clerks commenced proceedings against the City in the Supreme Court, and the cause came on for trial before Hon. Martin J. Keogh, and was duly submitted to him for determination, and said Justice decided that the Clerks so appointed were entitled to their salary. Since the rendition of said judgment the Corporation Counsel appealed to the Appellate Division of the Supreme Court, Second Department, and the argument on the appeal will not be heard before October.

The salaries of said Clerks who claim to hold their positions as before stated are as follows:

NAME.	POSITION.	SALARY, 1898.	SALARY, 1899.
Charles J. O'Neil.....	Assistant Clerk.....	\$1,200 00	\$1,200 00
James C. McKenna.....	".....	1,000 00	1,000 00
P. J. McDonnell.....	".....	1,000 00	1,000 00
Total amount required.....		\$3,200 00	\$3,200 00

The statement in relation to the claims of these Clerks is made so as to advise your Honorable Board the position the matter is in, so that your Board may take such action as you deem expedient in the premises.

Respectfully submitted,

JACOB NEU, Justice, Municipal Court.

SECOND DISTRICT.

MUNICIPAL COURT OF THE CITY OF NEW YORK,
SECOND DISTRICT,
No. 794 BROADWAY.

Estimate, Municipal Court of The City of New York, Second District, Borough of Brooklyn, of Expenditures Necessary for Year 1899.

	ASKED FOR in 1899.	ALLOWED in 1898.
One Justice, Gerard B. Van Wart.....	\$6,000 00	\$6,000 00
One Chief Clerk, William H. Allen.....	3,000 00	3,000 00
One Assistant Clerk, Edward L. Stryker.....	3,000 00	3,000 00
One Stenographer, Charles J. Doyle.....	2,000 00	2,000 00
Three Attendants, Thomas I. Hughes, Samuel Ackerman, J. Nelson Magee (\$1,000 each).....	3,000 00	(2) 2,000 00
One Interpreter, Jacob F. Becker.....	1,200 00	1,200 00
Incidental expenses for carfare, postage, etc.....	100 00	

Edward L. Stryker has not been paid salary because of contest as to his legal right to hold position.

The amount for salary of Jacob F. Becker was not originally allowed in appropriation, but I am informed has recently been appropriated.

The salary for only two Attendants was appropriated in original appropriation. The third Attendant has, however, held position since his appointment in February, 1898, and will, undoubtedly, under ruling of Supreme Court in other cases, recover his salary with costs.

Comparative Statement.

	ASKED 1899.	ASKED 1898.	ALLOWED 1898.
One Justice.....	\$6,000 00	\$6,000 00	\$6,000 00
One Chief Clerk.....	3,000 00	3,000 00	3,000 00

Department of Estimates, New York City:

ESTIMATE OF THE MUNICIPAL COURT OF THE CITY OF NEW YORK, BOROUGH OF BROOKLYN, THIRD DISTRICT.

GENTLEMEN—Under the Charter of the Greater New York there will be required for the maintenance of this Court for the year 1899, the following sums:

NAME.	POSITION.	1898.	1899.
William Shinitzspan.....	Justice.....	\$6,000 00	\$6,000 00

		\$17,200 00	\$17,300 00

At the beginning of the year 1898 your Honorable Body refused to allow the \$1,200 for the German Interpreter of this Court. Later, about the 1st of July of this year, you reconsidered the matter and allowed his salary in the yearly appropriation for this Court. This estimate for the yearly expenses of the Court is the same as last year, with the exception that I have asked for \$100 contingent fund for the year 1899.

Respectfully submitted,

WILLIAM SHINITZSPAN, Justice.

FOURTH DISTRICT.

MUNICIPAL COURT OF THE CITY OF NEW YORK, FOURTH DISTRICT,

2 Attendants, at \$1,000.....	2,000 00	2,000 00
1 Attendant.....	1,000 00	

The latter to be detailed to act as Interpreter. This is the only Municipal Court in the old part of Brooklyn which has no Interpreter, and as the district includes "Brownsville," the services of one who speaks German and Hebrew are of daily necessity.

This being a new Court, the Charter does not provide for any Interpreter.

FIFTH DISTRICT.

MUNICIPAL COURT OF THE CITY OF NEW YORK—FIFTH DISTRICT,
BATH AVENUE, CORNER BAY TWENTY-SECOND STREET,
BATH BEACH, September 1, 1898.

Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Agreeably to the instructions contained in your circular letter of July 22, 1898, requiring an estimate of expenditures for the year 1899 of the Municipal Court of The City of New York, Borough of Brooklyn, Fifth District, I have the honor to submit the following:

NAME.	POSITION.	1898.	1899.
Cornelius Ferguson.....	Justice.....	\$6,000 00	\$6,000 00
Jeremiah J. O'Leary.....	Clerk.....	3,000 00	3,000 00
Eugene A. Curran.....	Assistant Clerk.....	3,000 00	3,000 00
John Noyes Shaughnessy.....	Stenographer.....	2,000 00	2,000 00
Cornelius Suedeker.....	Attendant.....	1,000 00	1,000 00
Peter C. Moore.....	".....	1,000 00	1,000 00
	Rent of Court-room.....		1,000 00
	Contingent expenses.....		150 00
		\$16,000 00	\$18,150 00

This Court was by the Municipal Assembly temporarily located at West Eighth street, Coney Island, from February, 1898, until June 20 last, when permanent headquarters were leased at Bath Avenue, Twenty-second street and Bath Avenue, Bath Beach. A lease of these premises, consisting of the lower floor of the building, for three years has been entered into at the yearly rent of one thousand dollars. This rental therefore appears as an increase in foregoing estimate. The appointment of a third Attendant is asked for, and if allowed an increase of one thousand dollars is necessary.

The sum of one hundred and fifty dollars is applied for as being necessary to defray the incidental expenses of this Court, such as postage stamps, car-fares when delivering papers to other courts and to justices and attorneys; also in the purchase of necessary law books.

The amount of money remaining unexpended at the end of this year out of the sum appropriated for the maintenance of this Court for 1898 will be six hundred and fifteen dollars and fifty-seven cents.

All of which is respectfully submitted.

CORNELIUS FERGUESON.

Hon. BIRD S. COLER, Comptroller:

MY DEAR SIR—Herewith I inclose estimate for 1899 for the above Court, in compliance with your circular letter and for presentation to Board of Estimate and Apportionment.

Yours very truly,

JNO. J. KENNEY.

Hon. Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—In compliance with directions contained in circular letter of Comptroller, dated July 22, 1898, I send the following estimate of expenditures for year 1899 for Municipal Court, Borough of Richmond, First District, to wit:

For extra judicial service in Kings County under the Law of 1892, and the Law of 1898 amendatory thereof, the sum of

11,000 00

Total

\$167,800 00

Whole amount required for the year 1899, one hundred and sixty-seven thousand eight hundred dollars.

The Budget of 1898 was \$175,260. For 1899 there will be a reduction of \$7,200, as that amount will be paid by the State to Justice Van Wyck or his successor. Under the last amended Constitution, Judge Van Wyck came into the Supreme Court from the City Court of Brooklyn, and his salary of \$15,200 was a county charge. There is no other change suggestive of a parallel column.

The amount which may probably remain unexpended of the appropriations for 1898 will, at the end of the year 1898, be about \$18,600.

Approved,

S. T. MADDON.

OFFICE OF SPECIAL COMMISSIONER OF JURORS, KINGS COUNTY,
No. 150 FULTON STREET,
BROOKLYN, N. Y., September 1, 1898.

To the Board of Estimate and Apportionment, New York City:

GENTLEMEN:—You are hereby requested to appropriate for the office of Special Commissioner of Jurors, Kings County, the sum of \$11,000 for the year 1899, as per "Departmental Estimate" herewith.

Yours truly,

EDWARD J. DOOLEY, Commissioner.

DEPARTMENTAL ESTIMATE.

The amount which may probably remain unexpended of appropriations for 1898 at the end of the year are as follows:

Amount allowed for Chief Clerk, Clerks and Process Jurors.....	\$6,801 97
Amount which may probably be expended.....	5,885 25
Amount allowed for contingencies.....	\$200 00
Amount which may probably be expended.....	71 93

Balance..... \$1,044 72

The difference of \$1,044.72 between the amount allowed in 1898 and the amount asked for 1899 in the salaries of clerks and process jurors is accounted for by the position of one clerk and one process juror being vacant from March, 1898, and in asking for our additional appropriation in May, 1898, the salaries of these two positions for the time from March, 1898, to May, 1898, were not included. These two positions being still vacant accounts for the large unexpended balance.

COURT OF SPECIAL SESSIONS—FIRST DIVISION.

JUSTICES' CHAMBERS,
COURT OF SPECIAL SESSIONS OF THE FIRST DIVISION OF THE CITY OF NEW YORK,
CORNER FRANKLIN AND CENTRE STREETS,
NEW YORK, September 6, 1898.

Hon. HENRY S. COLE, Comptroller of The City of New York:

DEAR SIR:—In pursuance of the notice dated July 21, 1898, asking for a Departmental Estimate to be sent to the Board of Estimate and Apportionment for the year 1899, I beg to enclose herewith the estimate for the Court of Special Sessions of the First Division of The City of New York. The principal items are the same as those appropriated last year. We propose, however, an advance of \$600 in the salary of the Court Stenographer, Mr. David S. Veitch; \$300 in the salary of William L. Trafford, Assistant Clerk; \$300 in the salary of James W. Brinck, and \$300 in the salary of Mr. Walter H. Carpenter, making a total increase in the appropriation of \$1,500. The reasons for asking for such increase, as requested by your circular, are as follows:

The Court Stenographer, Mr. David S. Veitch, is an old employee of this Court, having been here for more than twenty-five years. It is doubtful if the City has upon its pay-rolls a more faithful employee. He is constant in his attendance and extremely faithful in the discharge of his duties. An examination of the records shows that no Court Stenographer for any of the courts making with and above this Court receives so small a salary. In 1895, when the present Court of Special Sessions for The City of New York was organized, a fixed sum theretofore appropriated was transferred to this Court to be carved up among the employees. It seemed at that time expedient to reduce the salary of the Court Stenographer from the amount he had theretofore received. The Justices were in part impelled to do this with the belief that his salary would be helped out by compensation received for making transcripts of the minutes in cases of appeal. Three years' experience has shown that very few appeals are taken from this Court, and that the money received from this source is merely a nominal sum.

In the cases of William L. Trafford, James W. Brinck and Walter H. Carpenter, for whom an increase is asked, we respectfully state that at the time these men were appointed they were, with

the exception of Mr. Trafford, appointed with the title of Subpoena Clerk. They were informed, however, that they would be required to perform any duties that might be necessary in the office. Experience had developed that the two Subpoena Clerks, whose salary we apply to be advanced, have shown especial capacity in performing duties of a higher order than that of Subpoena Clerk, which entitles them to a moderate increase of salary. Mr. James W. Brinck is now discharging the duties of Record Clerk. It is but fair to say of him that he also has had a long experience in this Court, having served for nearly thirty years in various capacities. We think, in view of his long and faithful services and his special abilities to discharge the duties he is now performing, that it is but just that he should receive the advance we ask for.

In the case of Mr. Walter H. Carpenter, he has developed a faithful employee, and is now keeping the minutes of the Court, and takes charge of the clerical work pertaining to proceedings in bastardy. His services are such as to entitle him to an advance.

In the case of Mr. William L. Trafford, he was originally appointed as an Assistant Clerk, with the moderate salary of \$1,500 per year. He has charge of the Subpoena Clerks and of the calendars of the Court, and has proved a faithful employee. We deem the advance proposed in his case to be fairly and justly due him.

Begging the necessity of asking any increase in the appropriation for this year, we feel impelled to do so in the cases of the employees mentioned above, believing that they have been underpaid employees for the last three years, and that they are justly and honestly entitled to the salaries we now ask for. Their faithful services, in our opinion, justify the application.

Yours respectfully,

E. B. HINSDALE, Presiding Justice.

COURT OF SPECIAL SESSIONS OF THE FIRST DIVISION OF THE CITY OF NEW YORK (CHAPTER 601, LAWS OF 1895).

To the Board of Estimate and Apportionment.

The Justices of the Court of Special Sessions of the First Division of The City of New York respectfully submit the following estimate of the appropriation required for that Court for the year commencing January 1, 1899, and ending December 31, 1899:

NEW YORK INFIRMARY FOR WOMEN AND CHILDREN.

NEW YORK INFIRMARY FOR WOMEN AND CHILDREN,
August 12, 1898.

The Board of Estimate and Apportionment, New York City:

GENTLEMEN—In accordance with a circular received from the Comptroller, I beg to advise you that the estimated appropriation required for the New York Infirmary for Women and Children for the year of 1899 is \$4,500, the payment thereof being authorized by paragraph 4, subdivision 22, section 230 of chapter 378 of the Laws of 1897, entitled "Charter of the City of New York."

Yours truly,

ROBERT OLYPHANT, President.

NEW YORK JUVENILE ASYLUM.

NEW YORK JUVENILE ASYLUM,
ONE HUNDRED AND SEVENTY-SIXTH STREET AND TENTH AVENUE,
NEW YORK, August 18, 1898.

Hon. M. T. DALY, Deputy Comptroller:

DEAR SIR—In compliance with the request of the Board of Estimate and Apportionment for a statement of the amount deemed necessary for the maintenance and support of the inmates of the New York Juvenile Asylum for the year 1899, I respectfully submit the following:

As nearly as it is at this time possible to determine, the number of children whom we may expect to receive will be eleven hundred and fifty (1,150) as a daily average. The per capita allowance for the support of children being \$110 per annum, by authority of chapter 352, Laws of 1891, and by paragraph 15 of subdivision 21 of section 194 of the Consolidation Act, succeeded by paragraph 14 of subdivision 22 of section 230 of the Greater New York Charter, this would make the total estimate one hundred and twenty-six thousand five hundred dollars (\$126,500).

Very respectfully,

MORNAY WILLIAMS, President, New York Juvenile Asylum.

HOSPITAL FOR RUPTURED AND CRIPPLED.

HOSPITAL FOR RUPTURED AND CRIPPLED,
FORTY-SECOND STREET AND LEXINGTON AVENUE,
NEW YORK, August 22, 1898.

Mr. M. T. DALY:

DEAR SIR—We are in receipt of your blank of instructions for estimate for expenses of running this institution for 1898 and 1899.

By the extension of our hospital facilities, we estimate that our running expenses will be about \$20,000 in excess of last year, viz., about \$85,000.

Yours truly,

E. S. BURT, Warden.

* Applications made and apportionment pending.

THE BABIES' HOSPITAL.

NEW YORK, August 16, 1898.

Board of Estimate and Apportionment, No. 280 Broadway, New York City:

GENTLEMEN—In accordance with the circular letter of the Comptroller of July 22, 1898, The Babies' Hospital of The City of New York respectfully shows to your Honorable Board that, as

near as can be ascertained, The Babies' Hospital will require from The City of New York in and for the year 1899, the sum of five thousand dollars.

This estimate is based upon the fact that during the hospital year ending October, 1897, there was appropriated for the hospital by The City of New York, as per capita allowance, five thousand dollars or thereabouts. There were thirty-nine more patients treated during the year 1897 than in the previous year, and it is expected that the number of patients will, for the coming year, be the same or greater than for the past year.

Subdivision 9 of section 194 of chapter 410 of the Laws of 1882, as amended by chapter 338 of the Laws of 1891, and paragraph 8 of subdivision 22, section 230 of chapter 378 of the Laws of 1897, authorize a per capita allowance to be appropriated and paid for the benefit of The Babies' Hospital of The City of New York.

Very respectfully,

THE BABIES' HOSPITAL OF THE CITY OF NEW YORK.
 By EDWARD V. THORNALL, Attorney.

NEW YORK INFANT ASYLUM.

NEW YORK INFANT ASYLUM,
 AMSTERDAM AVENUE AND SIXTY-FIRST STREET,
 NEW YORK, September 6, 1898.

Honorable Board of Estimate and Apportionment, New York City:

GENTLEMEN—In reply to your circular of July 30, I would state that the estimated amount required for the support and care of the inmates of our institutions for the year 1899 will be one hundred thousand (\$100,000) dollars, in the following proportions:

430 Children, at 38 cents per day.....	\$39,640 00
152 Women, at \$18 per month.....	32,832 00
300 Obstetrical Cases, at \$25 each.....	7,525 00
	\$79,997 00

Pursuant to section 24, chapter 263, Laws of 1872.

Yours very truly,
 FRANCIS B. GRIFFIN, Treasurer.

PEABODY HOME.

PEABODY HOME FOR
 AGED AND INDIGENT WOMEN,
 NO. 158 BROADWAY, NEW YORK CITY,
 July 26, 1898.

To the Honorable Board of Estimate and Apportionment for The City of New York:

In compliance with notice dated July 22, 1898, issued by the Finance Department of the Comptroller's Office applying to Departmental Estimates for the year 1899 sent to the Peabody Home for Aged and Indigent Women, No. 2004 Boston road, of which institution J. Corlies Lawrence is Treasurer, asking for an estimate of amount required for the care and support of the inmates of said institution, as provided for in chapter 424, passed and approved by the Governor of the State, April 18, 1893, provides that: "To the Peabody Home for Aged and Indigent Women, the sum of one hundred and fifty dollars per annum for each and every woman therein over sixty-five (65) years of age, received and supported by said institution, not exceeding, however, the sum of five thousand dollars in any one year."

Therefore, in compliance with the aforesaid request, have the honor to state that at present there are twenty-five (25) inmates in our institution, and the amount per capita allowance for these support in and for the year 1899 will be three thousand seven hundred and fifty dollars (\$3,750). Believing this will be fully approved by your Honorable Board, remain with the most respectful consideration.

Yours faithfully,
 J. CORLIES LAWRENCE, Treasurer.

SLOANE MATERNITY HOSPITAL.

SLOANE MATERNITY HOSPITAL,
 FIFTY-NINTH STREET AND AMSTERDAM AVENUE,
 NEW YORK, August 26, 1898.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—We respectfully apply for an appropriation of sixteen thousand dollars (\$16,000) for the care and support of the women and their babies in the Sloane Maternity Hospital for the year 1899.

The hospital is entitled to receive eight thousand dollars under the provisions of chapter 424 of the Laws of 1893, but this amount being inadequate, as explained in the letter which accompanies this, we beg that you will grant the increased amount asked for.

Very respectfully,
 SLOANE MATERNITY HOSPITAL,
 By WM. D. SLOANE, Treasurer.

SLOANE MATERNITY HOSPITAL,
 FIFTY-NINTH STREET AND AMSTERDAM AVENUE,
 NEW YORK, August 26, 1898.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—In conformity with the request contained in the circular of the Comptroller dated July 22, 1898, the undersigned beg leave to submit to your Honorable Body the estimate of the amount necessary for the support of the Sloane Maternity Hospital for the year 1899.

This institution has received from the City, for the past five years, the sum of eight thousand dollars (\$8,000) annually, by virtue of an act of the Legislature (see chapter 424, Laws of 1893). In addition, the Hospital receives from an Endowment Fund the sum of \$12,500, making a total income amounting to \$20,500. This has not been sufficient to meet our expenses during the year 1897, nor, in fact, for previous years. The deficiency occurring each year has had to be made up by private contribution.

In April, 1897, a large and important addition to the Hospital was completed, the original building having proved too small to accommodate the patients applying for admission. We had then been compelled to put up beds in our halls to avoid turning away women brought to the Hospital in labor by ambulance. The addition referred to enabled us to increase the number of our beds from 45 to 150, and while our expenses have greatly increased our income has remained the same.

During the year 1897 there were 1,907 women confined in the hospital, and for the current year we estimate that the number of confinements will not be less than 1,200. In the past month (July) the number reached 112. The majority of our patients are poor and deserving, and but for our care they would necessarily become a charge upon the City, as the Department of Charities and Correction can vouch for, since our reports are examined by them. Our quarterly statement, as sent to the Comptroller, embraces only the names of those who are entitled to receive aid from the City, the Inspector of the Department of Charities and Correction carefully excluding all others.

The total amount of expenditures for the care and support of the 1,907 women treated in the hospital for the year 1897 was \$30,808.57, or about \$10,500 in excess of our income. For the present year our expenses will exceed \$35,000, and we will require at least that amount for the year 1899. Should your Honorable Body grant us the additional appropriation asked for we should even then be short of our requirements to the extent of about \$6,500. It does not seem right or just that we should receive so much less than other institutions engaged in similar work, and be obliged to trust to private benevolence each year to make up our deficiency.

Our hospital is pronounced by every one who has inspected it as the best of its kind in this or any country. It was built and equipped at a very large expense by private benevolence, and therefore has not cost the City anything. None of the physicians, either the house staff or the attending physicians, receive a dollar from the hospital. All our money is spent for the care of our patients.

The City has no lying-in hospital, except one on Blackwell's Island, and as very many of the patients we receive are taken suddenly ill they could never reach that isolated spot.

It seems, therefore, eminently proper that, as the City is unable to provide for these poor women in a hospital of its own, it should, at least, pay a thoroughly equipped hospital (erected at private expense) for the care of them.

It can be demonstrated that an institution, with a suitable building and partly endowed, can take care of these cases of confinement at a less cost to the City than if the City assumed care of them.

In view of these facts, we would respectfully submit to your Board our claim for an increase of our allowance for the year 1899 to \$16,000.

Very respectfully,
 JAS. D. McLANE, M. D., President.
 WM. D. SLOANE, Treasurer.

NEW YORK MAGDALEN BENEVOLENT SOCIETY.

NEW YORK MAGDALEN BENEVOLENT SOCIETY,
NEW YORK, August 23, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—Pursuant to subdivision 17, section 194 of the Laws of 1882, and of section 1466 of the same act, as the First Directress of the New York Magdalen Benevolent Society, I have the honor to inform you that the estimated number of females committed to this institution for the year 1899 will be twenty-five (25), at one hundred and ten dollars (\$110) per annum for each female, amounting in the aggregate in the sum of twenty-seven hundred and fifty dollars (\$2,750), for which said sum the said Society hereby makes application for an appropriation from your Honorable Board.

Yours very respectfully,
MRS. GEORGE W. ELY,
First Directress, The New York Magdalen Benevolent Society.

SANITARIUM FOR HEBREW CHILDREN OF THE CITY OF NEW YORK.

SANITARIUM FOR HEBREW CHILDREN OF THE CITY OF NEW YORK,
NEW YORK, August 19, 1898.

To the Comptroller of the County of New York:

DEAR SIR—Please take notice that the Sanitarium for Hebrew Children of The City of New York hereby applies for its appropriation for the year 1899 for the sum of five thousand dollars, pursuant to chapter 385, Laws of 1895, and chapter 301, Laws of 1894.

Yours, etc.,
NATHAN LEWIS, President, etc.

SHEPHERD'S FOLD.

SHEPHERD'S FOLD FOR THE YEAR 1899.

To the Board of Estimate and Apportionment, New York City:

GENTLEMEN—The Shepherd's Fold, of the Protestant Episcopal Church, in the State of New York, asks your Honorable Board to appropriate the sum of \$5,000 and pay the same over to the said corporation for the year 1899, to be applied to the purposes and objects of said corporation.

The Shepherd's Fold was organized January 1, 1869, and subsequently came under the management and charge of Rev. Dr. Thomas M. Peters, whose life was largely devoted to the care of the children of the poor. Dr. Peters was President of The Sheltering Arms, also of The Children's Fold, and also of The Shepherd's Fold, and all three institutions are under the supervision of the same Board of Trustees. I submit with this application the names of the present members of the Board of Trustees:

Visitor, the Right Reverend Henry C. Foster, D. D., LL. D.
President, James Patt.
Treasurer, Benjamin Schwab.
Secretary, George C. Korbe.
Trustees, William M. Kingland, James T. Atterbury, William R. Peters, Benjamin Schwab, H. C. von Post, Woodbury G. Lampson, Abram S. Hewitt, James Pott, William Alexander Smith, William Harold Brown, George L. Kobbe, Rev. John P. Peters, Augustus T. Gillender, Countess F. Bishop, Andrew C. Zahradke, Rev. William M. Grosvenor, Henry J. Cammann, Charles W. Maury, Robert B. Sackley, Charles B. Meyer, Howard Townsend.

By chapter 209 of the Laws of 1871, section 3, the Board of Supervisors of the County of New York are directed to levy and collect, by tax upon the taxable property of the City and County of New York, the sum of \$5,000 and pay the same over to this corporation, to be applied to the purposes and objects of said corporation. The late Council to the Corporation, Francis M. Scott, furnished an opinion last year to the Board of Estimate and Apportionment, that the intent and effect of chapter 754 of the Laws of 1893 is to make discretionary all mandatory laws adopted before January 1, 1895, imposing upon said Board the duty of making appropriations of the nature therein described, and that as to all such appropriations said Board is now vested with discretionary power. Notwithstanding this opinion of the learned Corporation Counsel, your Honorable Board appropriated \$5,000 for the year 1898, and we respectfully ask that for the coming year 1899 the same sum be appropriated for The Shepherd's Fold as has been heretofore annually appropriated for the objects of that corporation, viz., the sum of \$5,000. Some objection was urged before your Honorable Board to the appropriation of public funds for the benefit of work of The Shepherd's Fold, on the ground that The Shepherd's Fold should not be considered as a private institution, inasmuch as it had depended for the support of its work chiefly on the money derived from the City. With respect to this contention, I ask leave to submit the following facts: The Shepherd's Fold and also The Children's Fold are two charitable institutions closely allied to The Sheltering Arms, and are under the management of the same Board of Trustees, as above set forth, and they form one group of charitable institutions for the care and maintenance of indigent children. The houses of The Children's Fold and of The Shepherd's Fold are at Mount Minerva, New York, where the majority of the children in their care are kept, and these houses are located on land belonging to The Sheltering Arms, and held on lease from the latter institution. The connection between the three institutions is therefore of the very closest kind, and while organically separate, they are practically one body, carrying on the same work in different directions. The Sheltering Arms has always been widely and most favorably known as a charitable institution of the first order, and moreover, is one which has never asked for or received pecuniary aid from the City. Its expenses during the last fiscal year amounted to \$20,051.52, which were wholly derived from private sources. The Children's Fold expended in its work last year \$18,512.73, of which \$16,092.27 were derived from appropriations from the City. The Shepherd's Fold received from the City in appropriations for the year \$5,000 and expended \$0,857.50, therefore, the total expenses of these three allied institutions, for the year, amounted to \$45,401.75, of which \$21,092.27 only were derived from the City.

The Shepherd's Fold are now taking care of about forty-eight children. It is true that the houses in which these children are cared for are located beyond the city limits, and in the country; but all the children cared for come from the city, and it is respectfully submitted that it is not only an advantage to the children, but to the city at large, that they should be thus cared for in the country.

All which is respectfully submitted.

GEORGE C. KOBBE, Secretary, Shepherd's Fold.

ST. JOHN'S GUILD, OFFICE, NO. 501 FIFTH AVENUE,
NEW YORK, July 26, 1898.

Hon. BIRD S. COLER, Comptroller of The City of New York, No. 280 Broadway, New York City:

DEAR SIR—I desire to acknowledge the receipt of a circular letter of July 22, 1898, issued from your office by the Hon. M. T. Daly, Deputy Comptroller, reciting a preamble and resolution adopted at a meeting of the Board of Estimate and Apportionment, held July 1, 1898, and requesting St. John's Guild to furnish your department with an estimate of the amount required by said institution in and for the year 1899.

In compliance with your request and in conformity with such preamble and resolution, I hereby inclose an estimate of expenditure of St. John's Guild for the year 1899.

Very respectfully,

DUFF G. MAYNARD, General Agent.

ST. JOHN'S GUILD, OFFICE, NO. 501 FIFTH AVENUE,
NEW YORK, July 26, 1898.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—St. John's Guild is a charitable society created under the laws of the State of New York, and it has its principal place of business at No. 501 Fifth Avenue, in The City of New York, Borough of Manhattan.

The society has estimated the amount which it will require for the maintenance and operation of its hospitals, for the support of its other charitable work, and for the general uses and purposes of the society, for the year 1899, and such amount is \$30,000.

Chapter 501 of the Laws of 1894 (2 Laws of 1894, page 1099), authorized your Honorable Body to appropriate annually the above-mentioned sum from the Treasury of The City of New York for the benefit of St. John's Guild, and you are respectfully referred to such statute.

Respectfully yours,

ST. JOHN'S GUILD,
By W. L. STRONG, President.

THE SOCIETY OF THE LYING-IN HOSPITAL OF THE CITY OF NEW YORK,
20 AVENUE AND 17TH STREET,
NEW YORK, August 1, 1898.

To the Honorable Board of Estimate and Apportionment:

The estimate of amount required for the care and support of its inmates for the year 1899 by the Society of the Lying-in Hospital by the provisions of chapter 385 of the Laws of 1895, passed April 25, 1895, \$12,000.

Very respectfully submitted,

SOCIETY OF THE LYING-IN HOSPITAL,
By F. DELANO WEEKES, Secretary.

THE SOCIETY OF THE LYING-IN HOSPITAL OF THE CITY OF NEW YORK,
20 AVENUE AND 17TH STREET,
NEW YORK, August 1, 1898.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—In compliance with the request of the Honorable Deputy Comptroller, under date of the 22d of July, 1898, the Society of the Lying-in Hospital, located at Seventeenth street and Second avenue, with a substation at No. 314 Broome street, hereby presents to your Honorable Board its estimate of the amount required for the maintenance of its hospital and the support of its other charitable work for the year 1899, according to the provisions of chapter 385 of the Laws of 1895.

We earnestly trust that your most Honorable Board will take into favorable consideration the granting of the full amount—\$12,000.

The Society of the Lying-in Hospital, incorporated by act of the Legislature passed March 1, 1799, now enters upon the one hundredth year of its existence in this city and to the true and relief of its poor.

We beg to state that the work of the society consists in the care of destitute women in this city in child-birth who cannot pay for any medical attendance and whose circumstances are such that if not cared for by the society they would become a public charge. Each case treated by the Society is carefully investigated and no cases are relieved unless absolutely destitute.

The Society now assumes charge of some three thousand poor women every year, treating them in their own homes and in its hospital. More than five per cent. of the total number of births in this city are cared for by this Society.

The work of the Society has greatly increased, nearly four hundred applicants applying in a single month for aid and treatment. We estimate for the current year that the number will be larger. Our expenses amount to about \$32,000 per year; we receive from an endowment fund \$14,000, leaving \$18,000 to be provided for.

All of which is very respectfully submitted by the Society of the Lying-in Hospital.

E. DELANO WEEKES, Secretary.

NEW YORK HOMOEOPATHIC HOSPITAL.

ESTIMATE OF EXPENDITURES BY THE NEW YORK HOMOEOPATHIC COLLEGE AND HOSPITAL.

To the Board of Estimate and Apportionment.

GENTLEMEN—The following estimate of the amount of expenditures by the New York Homoeopathic College and Hospital for the support of "The Hospital" for the year 1899 is respectfully submitted:

Salaries	
Superintendent, Housekeeper and Supervisory Nurse	\$2,000 00
Clerk	480 00
15 Nurses	3,372 00
5 Orderlies	1,100 00
1 Ambulance Driver and 2 Porters	600 00
1 Engineer and 1 Fireman	1,000 00
2 Cooks and 1 Kitchen Girl	504 00
3 Waitresses	450 00
4 Housemaids	612 00
4 Laundrymaids	672 00
Total	\$11,708 00

All the above-named receive, in addition to their salary, board and living accommodations.

In addition may be added a House Staff, 6 medical men, who give their services free, but who are lodged and boarded by the hospital.

Supplies.

Provisions	7,500 00
Medicines	3,200 00
Ambulance service (feed of horses and shoeing)	300 00
House supplies	300 00
Furniture, bedding, etc.	1,000 00
Repairs (ordinary)	1,000 00
Repairs (extraordinary, new boilers and steam plant)	3,500 00
Painting and decorating	300 00
Fuel and light	3,000 00
Sundry	325 00
Sundries	350 00
Total	\$31,951 00

The hospital is open night and day, with an ambulance ready at a moment's notice.

Its inmates are chiefly the sick and wounded picked up in the streets at the call of the police. The nature of the injuries are fractured skulls, broken limbs, stab wounds, contusions, poisoning and amputations, and every other disease or accident requiring immediate medical or surgical aid.

During the coming year, basing the calculations on the work done from January 1 to June 30, 1898, the following business will be transacted:

The number of patients that will be admitted to the hospital during the year 1899 will not be less than 950.

The number of days' treatment of patients admitted to the hospital will be about 22,000.

The number of in-patients acceptable to the Commissioners of the Outdoor Poor will not be less than 650.

The number of days these accepted cases will remain in hospital will not be less than 13,100.

The number of cases brought in, or who come to the hospital for treatment of wounds, etc., but who are not kept in the wards over night, and are not therefore chargeable against the City, will not be less than 2,250, and the number of visits they will make for continued professional services will be about 6,050.

The ambulance calls will aggregate about 1,100.

The Dispensary, which is open daily for outdoor patients, relies almost entirely upon the contributions of the benevolent for its support, and is not included in any of the above statistics.

The Laws of 1895, chapter 829, section 10, allowed at the rate of \$1 per diem for each indigent patient accepted by the Commissioners of Outdoor Poor, the amount being limited to \$12,000. Under a recent resolution the hospital has been the recipient of \$7,810 per annum only. As may be seen by the above figures, a balance of \$4,191 must be collected to meet the expenditures.

Most respectfully submitted by

CHARLES H. HOLLY, M. D., Superintendent.

MOUNT SINAI HOSPITAL.

MOUNT SINAI HOSPITAL,
LEXINGTON AVENUE AND SIXTY-SIXTH STREET,
NEW YORK, September 2, 1898.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—The Mount Sinai Hospital respectfully makes the following statement to your Honorable Board:

That the Mount Sinai Hospital is a corporation duly organized under the Laws of the State of New York, and maintaining in The City of New York the Mount Sinai Hospital; and that by chapter 710 of the Laws of 1897, entitled "An Act to amend chapter 410 of the Laws of 1882, entitled 'An Act to consolidate into one act, and to declare special and local laws affecting public interests in the City of New York,' and the acts amendatory thereof in relation to Mount Sinai Hospital," the said Mount Sinai Hospital is entitled to receive an allotment "for part of the cost of board, nursing, medical and surgical treatment and attendance, forty cents per day for each medley and chronic patient who occupies a bed in the Mount Sinai Hospital, and who receives such care, support and maintenance, such payments not to exceed in the aggregate thirty-five thousand dollars per annum."

That for the year ending August 31, 1898, the said Mount Sinai Hospital has given 64,084 days of free hospital treatment; that upon such basis the number of days of free hospital treatment for the year 1899 would be 65,000, more or less; and that under the provisions of said act the said Mount Sinai Hospital will be entitled to receive an allotment of your Honorable Board of the sum of \$26,000; that the number of days of free hospital treatment as herein stated is made up from the accounts which are kept in the said Mount Sinai Hospital.

Respectfully,

JOSEPH L. SCHERER, Assistant Secretary of the Mount Sinai Hospital.

City and County of New York, N. Y.

Joseph L. Scherer, being duly sworn, deposes and says that he is the Assistant Secretary of the Mount Sinai Hospital, the corporation mentioned herein; that he has read the foregoing statement and has advised his name therein as the Assistant Secretary of said Mount Sinai Hospital, and that he knows the facts therein stated to be true; that the number of free days of hospital treatment mentioned therein is made up from the accounts which are kept in the said Mount Sinai Hospital.

JOSEPH L. SCHERER.

Sworn to before me this third day of September, 1898.

NEW YORK, July 26, 1898.

To the Honorable Board of Estimate and Apportionment:

DEAR SIR—The New York Polyclinic Medical School and Hospital respectfully requests that your Board appropriate for the board of free patients to be cared for in this hospital during the year 1899, pursuant to chapter 829 of the Laws of 1895, the sum of ten thousand dollars (\$10,000).

Respectfully submitted,

JOHN A. WYETH, Secretary of Board of Trustees.

NEW YORK MEDICAL COLLEGE AND HOSPITAL FOR WOMEN.

MORRIS BUILDING, NO. 68 BROAD STREET,
NEW YORK CITY.

Comptroller of The City of New York:

SIR—Replying to your circular of July 22, 1898, as President of the Board of Trustees of the New York Medical College and Hospital for Women, I beg to present to the Honorable Board of Estimate and Apportionment our position for the full amount of our allowance in accordance with the Laws of 1897, chapter 278, section 23, paragraph 2, subdivision 4, and amounting to eight thousand dollars (\$8,000).

Aside from the usual necessities which have actuated your Honorable Board in voting our institution in past apportionments, I respectfully submit for your consideration the following facts:

Beginning with October 1, 1898, through an increase in floor space, the number of patients which the hospital can care for will be doubled, and hence there will be the necessity for the full apportionment in order to meet the proportionally increased expenses.

Truly yours,

DAVE H. MORRIS.

NEW YORK, September 15, 1898.

To Honorable Board of Estimate and Apportionment, City of New York, N. Y.:

SIR—The Mothers' and Babies' Hospital requests that the sum of four thousand and five hundred dollars (\$4,500) be allowed and appropriated for the year 1898, in accordance with Laws 1894, chapter 517.

Respectfully submitted,

EDW. A. AYERS, Secretary.

CENTRAL NEW YORK INSTITUTION FOR DEAF MUTES.

CENTRAL NEW YORK INSTITUTION FOR DEAF MUTES,
RIDGE, N. Y., September 1, 1898.

Estimate for 1899.

For clothing of John Sawyer, a pupil of the institution, from September 1, 1898, to September 1, 1899, \$30 00

This pupil was appointed into and clothing ordered furnished to the extent of thirty dollars annually, during his term—1893 to 1894. The appointment was made by the Superintendent of Public Instruction at Albany.

BROOKLYN CENTRAL DISPENSARY.

BROOKLYN CENTRAL DISPENSARY,
BROOKLYN, N. Y., August 26, 1898.

To the Board of Estimate, City of New York:

The Brooklyn Central Dispensary, located at No. 29 Third Avenue, Borough of Brooklyn, City of New York, hereby asks that the Board of Estimate include in its annual statement and estimate the sum of fifteen hundred dollars for contract with this institution, under authority of subdivision 23 of section 230 of the Charter. We submit a printed copy of our last annual report showing the work performed by our institution during the year 1897.

Respectfully submitted,

THE BROOKLYN CENTRAL DISPENSARY,
By NATHANIEL H. CLEMENT, Treasurer.

MEMORIAL HOSPITAL FOR WOMEN AND CHILDREN.

MEMORIAL HOSPITAL FOR WOMEN AND CHILDREN,
CORNER OF CLAYTON AVENUE AND St. MARK'S AVENUE,
BROOKLYN, August 27, 1898.

To Hon. M. T. DALY, Deputy Comptroller:

DEAR SIR—Replying to your circular letter of July 22, 1898, our Board of Directors respectfully represent that our hospital has received annually from the City the sum of \$4,000 as part compensation for the support and medical treatment of those unable to provide for themselves hospital care. Under section 229, article 23 of the Greater New York Charter, the Board of Estimate and Apportionment is empowered to make such an appropriation, the consideration

being that the hospital contract to render medical aid to the poor, etc. I hardly need to say that this amount does not go very far towards defraying the expenses of medical treatment, nursing and maintenance of the poor we annually care for, but it greatly aids and encourages the charitably disposed to make liberal contributions to make up our deficiencies.

Our expenses for providing hospital treatment for the poor for the year 1898 I cannot estimate at less than \$15,000, basing my calculations on previous years.

Trusting the above will be satisfactory, on behalf of the Board of Directors, I am,

Very respectfully yours,

MARY G. BURTIS, President.

BROOKLYN HOMOEOPATHIC MATERNITY.

To the Board of Estimate, New York City:

The Brooklyn Maternity and New York State School for Training Nurses is controlled and its affairs are conducted solely by a Board of forty managers, consisting entirely of ladies, who perform all the duties of managing the hospital, giving their time and labors gratuitously in the cause of humanity, and who beg to submit the following statement:

Total expenditures of 1897, consisting of expenses of maintaining the hospital, including salaries and wages, provisions, light and fuel, medicine, and appliances, as well as incidental expenses, amounted to \$14,349.46.

Taking into consideration the growth of the institution, and of expenditures from year to year, owing to the increasing demands made upon it, they expect that the expenses will be from three to four thousand dollars more the coming year than the past. We therefore request the stated appropriation of \$2,500, as provided in section 330 of the Greater New York Charter.

The salaries paid include the services of a superintendent, housekeeper, cook, laundress and kitchen help, as well as an engineer and fireman.

The total receipts for 1897 amounted to \$13,114, which included the following appropriations:

City Appropriation	\$2,500 00
Excise Funds	1,448 10
State Appropriation for Destitute Women and Children	4,051 76

The balance was raised by contributions and special efforts on the part of the Board of Managers.

Respectfully submitted to your Honorable Board.

ANNIE L. KUGLER, Treasurer.

To the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—In complying with the request of your Honorable Body in behalf of Board of Trustees of the Memorial Dispensary, I beg to report: This Dispensary has annually received from the City an appropriation of \$4,000 in accordance with an act of the Legislature passed several years since, reaffirmed in the Greater New York Charter, section 229, article 23.

The purposes for which this money is asked is for the partial support of the Dispensary, the expenses of which, during the year 1898, it is estimated, will reach at least \$3,000.

We estimate the following House expenses, including—

Rent, fuel, repairs, gas, etc.	\$850 00
Medicines and instruments	475 00
Salaries	644 00
Hospital support of patients	1,000 00
Total	\$2,969 00

It has been customary to make a contract with the City, providing on the part of the Dispensary to render medical aid to the sick poor, which Treasurer will execute whenever required. The Dispensary last year issued 7,123 prescriptions.

In behalf of the Board of Trustees,

MARY L. LINES, Secretary.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—In response to your request to "prepare an estimate of the amount required for the care and support of the inmates of this institution as provided by law, in and for the year 1899," we beg to report that, under chapter 378, section 11, Laws of 1897, we received for last year \$5,363.82 from the Board of Education, and from the Board of Estimate, under section 29, title 2, chapter 583 of the Laws of 1888, as amended by chapter 996 of the Laws of 1896, by a per capita allowance of twenty-five cents per day for the full board and care of inmates, and of ten cents per day for partial board and care of same. We have received annually an average amount of \$6,150, and we estimate that our requirements for the year 1899 will be the same as heretofore.

SOCIETY FOR THE AID OF FRIENDLESS WOMEN AND CHILDREN,
No. 20 CONCORD STREET,
BROOKLYN, August 8, 1898.

Department of Finance, Comptroller's Office, New York City:

In reply to the printed letter, which was forwarded to me, requesting estimate of the amount required for the care and support of the inmates of our institution, I would say that we have been allowed in former years \$2,000 from the City. That, with the Excise money and a small amount from the "Mothers' and Infants' Fund," have been the only public moneys received. We depend largely upon voluntary contributions for the support of our "Home," but trust that we may still continue to receive the \$2,000, as it has enabled us to do much more efficient work and to keep clear of debt. If further information is required, please let me know by addressing me at No. 20 Concord street, Brooklyn; the letter will then be forwarded to me.

Very truly yours,

HOUSE OF ST. GILES THE CRIPPLE,
No. 419 CLINTON STREET,
BROOKLYN, N. Y., August 16, 1898.

M. T. DALY, Esq., Deputy Comptroller, New York:

DEAR SIR—In reply to your letter of July 28, 1898, requesting that this house prepare and send to the Board of Estimate, etc., an estimate of the amount required by the institution for the year 1899, I would state as follows:

The House of St. Giles the Cripple will require an appropriation of \$2,500 for the year 1899 toward the care and support of the crippled children in its charge.

Section 230, subdivision 23, of the Charter of Greater New York authorizes an appropriation of \$2,500 annually for the benefit of the institution.

When the Charter of the Greater City was drawn, the title of the institution was stated incorrectly as "Home," instead of House.

Very respectfully yours,

MEMORIAL TRAINING SCHOOL FOR NURSES,
CORNER OF CHANON AND ST. MARK AVENUES,
BROOKLYN, N. Y., August 25, 1898.

To the Board of Estimate and Apportionment of The City of New York:

The undersigned would respectfully represent to your Honorable Board that, by act of the Legislature in 1894, the City of Brooklyn was empowered to grant in this training school an annual sum of two thousand dollars (\$2,000), which we have received. By section 23 of article 229 of the Greater New York Charter, the Board of Estimate and Apportionment is authorized to continue the same appropriation. These nurses are mostly employed in gratuitous services to the sick poor, whether in the hospital or in their homes. While the annual cost of maintaining and training the nurses is very much in excess of \$2,000, still with this assistance from the City and the aid of benevolent friends, we are able to keep the school in an active and prosperous condition.

By law we must enter into contract with the City, which we are prepared to do at any time.

Very truly yours,
MRS. JERK. JOHNSON, JR., President.

BROOKLYN CITY DISPENSARY.

To the Board of Estimate and Apportionment of The City of New York:

Pursuant to the notice received from the office of the Comptroller of the City of New York, dated July 22, 1898, the Brooklyn City Dispensary hereby submits its application for an appropriation for its benefit from the treasury of The City of New York for the year 1899, pursuant to law, and presents herewith a statement of the amount of money so required by it, and of the facts upon which such application is based.

The Brooklyn City Dispensary is a charitable institution organized in the year 1845, and incorporated under the laws of this State in 1850. Its sole object is to furnish gratuitously medicine, medical and surgical aid to the indigent poor of the city, and it has been continuously so engaged since its incorporation. The dispensary owns the building No. 11 Tillary street, in the Borough of Brooklyn, in which its work is carried on. Its revenues consist of the income from investments owned by it, and of such moneys as are received from the City, pursuant to law. The following is a tabular statement of the work done by the dispensary in the year 1897, and of its receipts and expenses during the same year:

Number of cases treated..... 10,641

Number of prescriptions furnished..... 15,794

Receipts.

Income from investments	\$862 45
From City, pursuant to section of Brooklyn City Charter	1,500 00
From City Excise Funds	786 90

Total receipts..... \$3,149 35

Expenses.

Salaries	\$1,440 00
Drugs	548 00
Instruments	17 60
Fuel and light	150 34
Printing	27 55
Repairs	43 07
Miscellaneous	140 32

Total expenses..... \$2,352 87

The item "Miscellaneous" includes maslin for bandages, telephone, ice, lard and sugar used in preparing prescriptions.

The work of the dispensary was carried on within the foregoing limits of expense only by the maintenance of the most rigid economy at every point, and it will be unable wholly and satisfactorily to meet the demands made upon it unless larger funds are provided.

We desire to respectfully call your attention to the work done by this dispensary since 1886, as recapitulated on the last page of the accompanying printed pamphlet.

It is respectfully requested, therefore, that the usual appropriation of \$1,500 be made to the dispensary, pursuant to the twenty-third subdivision of the twenty-second division of section 230 of the Greater New York Charter.

Respectfully submitted,
LEONARD C. BOND, Treasurer.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—In response to the circular of M. T. DALY, Deputy Comptroller, dated July 22, 1898, the Brooklyn Home for Consumptives has the honor to submit:

That the amount of money which that institution is entitled to receive from the City Treasury of the City of New York for the current year, 1899, is four thousand dollars (\$4,000), which will be payable under the provisions of the Laws of the State of New York for 1892, volume 1, chapter 657.

Respectfully submitted,

BROOKLYN, August 5, 1898.

Mr. M. T. DAIN, Comptroller's Office:

DEAR SIR:—In answer to the request for an estimate of the amount required for the support of the inmates of this institution for the year 1899, which includes also St. Agnes' Home for Destitute Children, we beg to state that an appropriation of twenty-five thousand (\$25,000) dollars would be necessary for the maintenance of those inmates who are committed by magistrates for reformation and education. The two institutions are entirely separate, but have the same managers and a common staff.

Very respectfully,
SISTERS OF THE GOOD SHEPHERD.

BROOKLYN NURSERY AND INFANTS' HOSPITAL,
BROOKLYN NURSERY AND INFANTS' HOSPITAL, No. 395 HENKIDEN STREET,
BOROUGH OF BROOKLYN, NEW YORK CITY.

Supplemental Estimate of Expenditure for the Year 1899.

This estimate is in addition to a previous estimate handed in, bearing date August 18, 1898. The previous estimate had reference to the sum of four thousand dollars (\$4,000) provided to be paid to this institution by section 230, subdivision 22, subsection 23 of the Charter of New York City. This estimate has reference to the amount to be paid to this institution under what is known as "The Destitute Mothers' and Infants' Fund."

1. Under the Laws of 1888, chapter 472, it was provided that in the County of Kings estimates should be made providing for a sum not exceeding \$10,000, to be apportioned and paid per capita for infants and mothers maintained, etc.

2. Under the Charter of New York City, section 230, subdivision 22, subsection 24, it is provided that payments previously made may be continued, etc.

3. No payment was made to this institution by the City of Brooklyn during the year 1897 under that act, as the authorities of the institution omitted to hand in a report to the Comptroller.

4. During the year, from September 1, 1897, to September 1, 1898, infants were cared for to the number of 65. The number of days of support for infants was 10,575.

5. The number of homeless and needy mothers, with nursing infants, who were in the institution during the year, from September 1, 1897, to September 1, 1898, was 53, and the number of months said mothers resided there during the year was 349.

6. Computing these numbers in accordance with the terms of the statute above-mentioned, it would seem that the institution was entitled, during that year, to receive for—

Infants, 10,575, at 38 cents per day.....	\$4,018 30
Mothers, 169, at \$18 per month.....	6,282 00
Total.....	\$10,300 30

—and it is estimated that for the ensuing year at least as many will be taken care of.

7. It is respectfully submitted that the full estimate above made will be needed by the institution.

Dated September 23, 1898.

THE WAYSIDE HOME, BROOKLYN.

THE WAYSIDE HOME, No. 352 BRIDGE STREET,
BROOKLYN, N. Y., August 5, 1898.

Mr. M. T. DAIN, Deputy Comptroller, City of New York:

DEAR SIR:—In compliance with your request that there be sent to the Board of Estimate and Apportionment an estimate of the amount required for the care and support of the inmates of The Wayside Home, No. 352 Bridge Street, Brooklyn, for the year 1899, etc., permit me to say:

Chapter 430 of the Laws of 1892 makes provision for the payment of \$110 per year for board of women committed under the provisions of that act.

The amount which we received for the year 1897 was \$5,855.07. The amounts we are receiving for 1898 do not materially differ.

We have just received a private gift of real estate, which will increase our facilities for receiving committed women, and correspondingly must increase the estimate of the amount required from Board of Estimate. This increase will not exceed one-half of present amount, making our total estimate for 1899, \$8,722.00.

I am very respectfully yours,
EMMA F. PUFFENBELL, President, Wayside Home.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

ESTIMATED AND HONORABLE GENTLEMEN:—In compliance with the circular issued by M. T. Dain, Esq., Deputy Comptroller, regarding the "German Lutheran Hospital Association of New York and Vicinity" to prepare and send to your Honorable Body an estimate required for the care and support of the inmates of our hospital, we most respectfully submit to you such paper.

We therefore request your Honorable Board to again allow us for the year 1899 the sum of five thousand dollars (\$5,000) from the treasury of The City of New York, which sum has been appropriated to us by the Legislature, as shown and set forth in the twenty-third subdivision of the twenty-second division of section 230 of the Greater New York Charter.

As our institution is a hospital and the amount of the expenditures is dependent upon the number of patients, it is very difficult to give a correct estimate for the year 1899. If we have a large number of patients and many free patients our expenditures will run very high, if we have few our expenditures will be less.

Still, in order to give your Honorable Body an outline of our work, we submit to you the expenditures of 1897, as per our printed report of our Lutheran Hospital, a copy of which we enclose and most respectfully submit.

Expenditures for 1897.

1. Salaries.....	\$2,485 31
2. Provisions.....	3,085 26
3. Medicines.....	216 13
4. Burials.....	109 00
5. Wine and whiskey.....	87 38
6. Gas.....	146 03
7. Coal.....	585 00
8. Water tax.....	75 00
9. Small repairs.....	80 63
10. Sundries for housekeeping.....	507 21
11. Printing.....	64 00
12. Plumbing.....	140 35
13. Interest on mortgage of \$4,800.....	290 00
14. Insurance.....	4 80
15. Carpenter-work.....	79 30
16. Sundries.....	274 94
Deficiency at beginning of year.....	8,155 39
Total.....	\$16,679 04

These expenditures would be far greater if the people connected with the work of the hospital would not donate clothing, bedding, provisions, medicines, furniture, wine, etc., to a very large extent. These donations enable us to carry on the work of the hospital without being obliged to pay many dollars more for its maintenance.

We must respectfully submit the foregoing report to your Honorable Body, hoping that also for the coming year we will be able to receive the sum of five thousand dollars to carry on our work.

Respectfully yours,
THE GERMAN LUTHERAN HOSPITAL ASSOCIATION OF NEW YORK AND VICINITY,

[SEAL.]
WM. DICK, Treasurer.

LAW OFFICE OF LAMB & JOHNSON, No. 189 MONTAGUE STREET,
BROOKLYN, N. Y., September 10, 1898.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN:—In accordance with the request received from you, I hereby send you notice that the Homoeopathic Hospital Association of Brooklyn will require for the care and support of the inmates of its institution, for the year 1899, the sum of \$1,300.

I refer you to chapter 528 of the Laws of 1897, found in volume 2 of the Laws of that year as authorizing the payment of said sum.

Yours very truly,
ROBERT P. WILSON, Treasurer.

SHELTERING ARMS NURSERY, BROOKLYN.

SHELTERING ARMS NURSERY,
No. 157 DEAN STREET, BOROUGH OF BROOKLYN,
NEW YORK CITY.

Supplemental Estimate of Expenditure for the Year 1899.

This estimate is in addition to a previous estimate handed in, bearing date August 24, 1898. The previous estimate had reference to the sum of one thousand dollars (\$1,000) provided to be paid to this institution by section 230, subdivision 22, subsection 23 of the Charter of New York City. This estimate has reference to the amount to be paid to this institution under what is known as "The Destitute Mothers' and Infants' Fund."

1. Under the Laws of 1888, chapter 472, it was provided that in the County of Kings estimates should be made providing for a sum not exceeding \$10,000 to be apportioned and paid per capita for infants and mothers maintained, etc.

2. Under the Charter of New York City, section 230, subdivision 22, subsection 24, it is provided that payments previously made may be continued, etc.

3. During the year from September 1, 1897, to September 1, 1898, infants were cared for to the number of 65; the aggregate number of days of support for infants was 6,695.

4. The number of homeless and needy mothers with nursing infants who were in the institution during the year 1897 was 30, and the aggregate number of months said mothers resided there during the year was 105.

5. Computing these numbers in accordance with the terms of the statute above mentioned, it would seem that the institution was entitled during that year to receive

For infants, 6,695, at 38 cents per day.....	\$2,544 30
For mothers 105, at \$18 per month.....	2,970 00
Total.....	\$5,514 30

—and it is estimated that for the ensuing year at least as many will be taken care of.

6. It is respectfully submitted that the full estimate above made will be needed by the institution.

Dated September 23, 1898.

Mr. M. T. DAIN, Deputy Comptroller, City of New York:

DEAR SIR:—In accordance with the request contained in your communication of July 22, 1898, relating to estimates for the year 1899 for certain charitable institutions, I respectfully set forth the estimate of the amount as provided for in the Charter of Greater New York:

For the Brooklyn Homoeopathic Hospital.....	\$4,000 00
For the Brooklyn Homoeopathic Dispensary.....	1,500 00
For the Stone Maternity.....	2,000 00

See Charter, section 230, sub-section 23.

Yours, respectfully,

SOUTHERN DISPENSARY AND HOSPITAL,
BROOKLYN, August 27, 1898.

To the Board of Estimate and Apportionment, New York City:

GENTLEMEN:—In response to a circular letter of the Department of Finance, dated July 22, 1898, received at this dispensary early this month, by which heads of departments, bureaus, officers, boards and commissions are requested to give, on or before September 5, 1898, certain information and estimate for the year 1899, in said letter set forth, the undersigned President and Treasurer of the Southern Dispensary and Hospital respectfully forward the following:

1st. The amount required by this dispensary and hospital from the City Treasury, over and above money from the Excise Fund, is the sum of fifteen hundred dollars, pursuant to the act of the Legislature of the State of New York, chapter 528, Laws of 1897.

2d. The sum of one hundred and fifty dollars in each year is paid to the chief of the medical staff.

The sum of four hundred and eighty dollars in each year is paid to the apothecary.

The sum of forty dollars in each year is paid to the janitor or custodian of the building and grounds.

3d. No other payments for service of any kind are made, except such as are incidental to the daily needs of the dispensary and hospital in caring for the sick poor, as required by the contract between this corporation and the Corporation of The City of New York.

Respectfully submitted,

Board of Estimate and Apportionment, No. 250 Broadway, New York:

GENTLEMEN—Pursuant to a notice received from the Deputy Comptroller of the City of New York, dated July 22, 1898, the Bushwick Hospital of the City of Brooklyn hereby applies for an appropriation of \$4,000 for the year 1899. That is the amount received by the hospital during several years past, but, by some oversight, section 230 of the Greater New York Charter provides only for the payment of the sum of \$1,000.

We would respectfully request that, if possible, the former amount be allowed in this institution.

Respectfully,

NO. 194 SOUTH THIRD STREET,
BROOKLYN, E. D., August 15, 1898.

To the Board of Estimate and Apportionment:

That the expenditures of the institution, during its current fiscal year, for wages, fuel and light, medicines, repairs, surgical supplies and incidentals, will reach..... \$9,464 00
That the current expenses for the next ensuing year will be increased about..... 535 91

That the cost of maintenance of the hospital department, over receipts from pay patients, will be estimated at..... \$3,000 00

Amount to be raised..... \$3,800 00
During the present year the institution received from the City, as provided by Charter..... \$1,500 00
And from the Excise Fund distribution..... 821 00
And from private individuals..... 1,300 00

As per report attached hereto we cared for 7,685 different persons of the poor of the City, to whom were given 24,335 prescriptions, as ordered by our medical staff of 21 physicians. Wages are paid to 3 nurses, 1 apothecary, 1 janitor, 1 janitress, 1 laundress, 1 daily attending physician.

The City Charter (Greater New York), section 230, provides for the payment to the institution of the sum of fifteen hundred dollars annually, and we hereby respectfully apply for that amount for the year 1899.

WILLIAMSBURG HOSPITAL.

THE NASSAU TRUST COMPANY, NO. 101 BROADWAY,
BROOKLYN, N. Y., August 2, 1898.

Hon. M. T. DALY, Deputy Comptroller:

DEAR SIR—In response to your request of July 22, The Williamshburgh Hospital receives from the City a yearly appropriation of \$4,000, and the amount of excise money allotted to them in March, 1898, was \$456.

The name of the institution prior to April 22, 1898, was "The Brooklyn Throat Hospital." This name was changed by the Legislature to "The Williamshburgh Hospital," and a copy of the act authorizing such change I have enclosed.

Upon application for our appropriation, in June, it was found that the name of the institution had been incorrectly listed as the Bedford Throat Hospital. This error we supposed was corrected by Mr. John A. Quintard and Mr. McKinney, Deputy Auditors of Brooklyn, when the receipt for the money was given, but your letter is still addressed to us under the wrong name.

Kindly make the necessary change upon the books of your office and thereby save in the future any dispute that might arise over such.

Yours respectfully,
H. B. VINCENT, Treasurer.

CHAPTER 503.

An Act to change the name of the "Brooklyn Throat Hospital" became a law April 22 1898, with the approval of the Governor. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The name of the Brooklyn Throat Hospital, a charitable corporation, organized under chapter three hundred and nineteen of the laws of eighteen hundred and forty-eight, entitled "An act for the incorporation of benevolent, charitable, scientific and missionary societies," and the acts amendatory thereof, the certificate of incorporation of which was filed in the office of the secretary of state on the twenty-sixth day of April, eighteen hundred and eighty-nine, is hereby changed to the "Williamshburgh Hospital," and, as such, shall enjoy and exercise all the rights and powers that it has heretofore possessed and be subject to the same liabilities, obligations and duties as if this act had not been passed, including the rights and powers, liabilities, obligations

and duties appertaining to said Brooklyn Throat Hospital, under the provisions of chapter three hundred and seventy-eight, laws of eighteen hundred and ninety-seven, being the Greater New York Charter. In addition to the powers already possessed by such corporation, it may furnish medical and surgical treatment for all diseases.

Sec. 2. This act shall take effect immediately.

State of New York, Office of the Secretary of State, &c.

I have compared the preceding with the original law on file in this office, and do hereby certify that the same is a correct transcript therefrom and of the whole of said original law.

THE BROOKLYN E. D. DISPENSARY AND HOSPITAL,
Nos. 106 TO 112 SOUTH THIRD STREET,
BROOKLYN, N. Y., September 2, 1898.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Trustees of the Brooklyn Eastern District Dispensary and Hospital respectfully request your Honorable Board to include in your annual statements and estimates for the year 1899 the sum of five thousand dollars (\$5,000) for the above-mentioned institution, pursuant to the provisions of subdivision 23, section 230, of the Charter of The City of New York, being chapter 378 of the Laws of 1897.

This institution was incorporated in the year 1851, as the Williamshburgh Dispensary, and has been in continuous operation since then until the present time. Its corporate name was changed by act of the Legislature to the name above given. It ministers annually to all classes of cases and treats between 15,000 and 20,000 patients. The monies received from the City enable the institution to pay about one-half of its running expenses, the balance coming from donations, contributions and voluntary subscriptions.

Very respectfully,
BROOKLYN E. D. DISPENSARY AND HOSPITAL,
OTTO F. ZWISSE, Treasurer.

JAMAICA HOSPITAL.

JAMAICA HOSPITAL,
JAMAICA, L. I., August 31, 1898.

Mr. M. T. DALY, Comptroller:

DEAR SIR—Inclosed please find estimate of Jamaica Hospital for the year 1899. Absence from the City of a number of the trustees must be my excuse of delay in forwarding. Very respectfully yours,
MARY R. GALE, President.

To the Honorable Board of Estimate of Greater New York:

GENTLEMEN—We respectfully herewith submit estimate for the care of those of the sick and injured unable to pay at the Jamaica Hospital, Jamaica, Queens Borough, for the year 1899. We believe fifteen hundred (\$1,500) dollars will suffice for that purpose.

Up to time last we were unable to accommodate more than four patients at one time in a leased building. Since then we have removed to our own building, where we can accommodate more than thirty, and where will be found everything complete for the medical care and comfort of the patient.

Very respectfully yours,
MARY R. GALE, President.

ST. JOHN'S HOSPITAL, BOROUGH OF QUEENS.

ST. JOHN'S HOSPITAL,
CITY OF NEW YORK—BOROUGH OF QUEENS,
August 22, 1898.

Hon. Board of Estimate and Apportionment, City of New York:

GENTLEMEN—I hereby make application on behalf of St. John's Hospital of Borough of Queens (Long Island City) for the sum of \$16,200 for the year 1899.

To be apportioned as follows:
For the hospital service (ambulance)..... \$1,200 00
Proper care of the pauper sick of the Borough of Queens for 1899..... 15,000 00

\$16,200 00

In making this request, which is \$5,000 in excess of the amount granted by your Board for the year 1898, I desire to say that in replying to the request of the Comptroller to state the amount of money received by us from Long Island City for the year 1897, I made a serious mistake by giving only the amount received and made no mention of the amount owing us for the same year. The total amount received for 1897 was \$9,930, which was only payment for eight months, the City at the same time owing this hospital \$5,364.60 for four months (manner of payment has been \$1 per day for surgical cases, and 70 cents per day for medical patients).

Adding the amount received to the amount owing would for 1897 make a total of \$15,394.60; this would naturally prove that the sum of \$11,200 is not sufficient to meet the wants of this hospital.

The bills for the fore part of this year would have been very much larger but for the reason that for four months the patients which we should have received were sent to Flatbush instead, because of the reason given by Commissioner Sims (that he had no funds from which to pay us).

However, since receiving the appropriation of \$11,200 for 1898 patients have been received in abundance, and as a proof that our bills are on the increase I would quote the amount for the month of July, which is \$1,392.60. If this average continues, the sum of \$15,000 will be fully required for the coming year.

Trusting that your Honorable Board will grant the amounts requested in full, we remain,
Yours respectfully,
ST. JOHN'S HOSPITAL.

Amount granted for 1898—
Ambulance service..... \$1,200 00
Care of sick..... 10,000 00

\$11,200 00

Amount required for 1899—
Ambulance service..... \$1,200 00
Care of sick..... 15,000 00

\$16,200 00

Excess over 1898, \$5,000.

To BIRD S. COLER, Comptroller of City of New York:

SIR—I, Julia A. BROOKLYN ECLECTIC DISPENSARY,

BIRD S. COLER, Esq.:

DEAR SIR—Our Treasurer, Dr. H. B. Smith, has been out of the city on his vacation, hence the delay in sending in our estimate. In fact, you have not sent us any blanks for that purpose.

In the absence of blanks we can only say that our expenses have exceeded \$2,000 per annum ever since our incorporation (in 1869), \$1,500 of which is our annual City appropriation. Our expenses will certainly be as much this year as heretofore, as we have always conducted our institution with the utmost economy and they cannot be curtailed.

I inclose some of our annual reports for reference.

Yours respectfully,

THE BROOKLYN SOCIETY FOR THE PREVENTION OF CRUELTY TO CHILDREN.

THE BROOKLYN SOCIETY FOR THE PREVENTION OF CRUELTY TO CHILDREN,
No. 105 SCHERMERHORN STREET,
BROOKLYN, N. Y., July 27, 1898.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Your attention is respectfully called to this society and its work in the Boroughs of Brooklyn and Queens, in The City of New York.

Paragraph 23 of subdivision 22 of section 230 of the Charter empowers your Board to include in your Annual Statement the sum of four thousand dollars for this society.

The work of this society, and kindred societies in The City of New York, is so well known, that we feel that any argument regarding the necessity for it would be useless to your Board.

During the past year over two thousand complaints were received and investigated of cruelty to children. Over eight hundred children were received and cared for in our shelter and a large amount of other public work was performed.

In the Boroughs of Brooklyn and Queens, in addition to all other children that are sent to the society, this society cares for all lost children and, consequently, its work is largely of a public character.

Four thousand dollars for the last two years was allowed the society by the officials of the City of Brooklyn and, consequently, as the work is not diminishing, but has with the consolidation of the greater city been increased, we respectfully ask that the same sum be allowed the society for the year 1899.

Should your Board desire any further information thereon, we shall be glad to present same either by letter or in person, and beg to remain,

With great respect,

ROBERT J. WILKIN, Superintendent and Attorney.

BROOKLYN DIET DISPENSARY.

No. 13 GATES AVENUE,
BROOKLYN, September 23, 1898.

Hon. BIRD S. COLER, Comptroller, City of New York:

SIR—Your favor of 17th instant received. We were entirely unaware that you expected us to estimate our expenses for year 1899, and we shall be greatly obliged if you will send us copy of law or regulation bearing on this point so in future we may report promptly.

We estimate that we will not require for 1899 the amount received from City this year, that one thousand dollars (\$1,000) will be sufficient to cover expenses for year 1899, and respectfully ask an appropriation of that amount.

Respectfully,

GATES AVENUE HOMOEOPATHIC DISPENSARY.

September 21, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—In response to a notice received by this institution, bearing date July 22, 1898, requesting that it should prepare and send to the Board of Estimate and Apportionment an estimate of the amount required for the care and support of the inmates of said institution in and for the year 1899, it is respectfully submitted that there will be necessary for that purpose the entire amount authorized to be paid to said institution by subdivision 23 of division 22 of section 230 of the Greater New York Charter, to wit, the sum of two thousand dollars.

Submitted herewith is a copy of our Annual Report, which will convey full information as to the work done last year. This year our work has grown to larger proportions.

If necessary or advisable, a representative of our institution will willingly appear before your Honorable Body to give such further information as may be deemed proper.

Very respectfully yours,

RACHEL B. TAYLOR, President.

CHRISTIAN RESERVE TEMPERANCE UNION, BROOKLYN.

BOROUGH OF BROOKLYN, August 16, 1898.

To Board of Estimate, Borough of Manhattan, Greater New York:

GENTLEMEN—The Christian Reserve Temperance Union of South Brooklyn, a well-known charitable society, most earnestly petitions your Honorable Board to appropriate annually for its support the sum of one thousand dollars. For the past eighteen years this Union has aided hundreds of families annually, laboring without reward to relieve the poor of all classes, regardless of creed or nationality. From the Excise funds the sum of eight hundred dollars is the largest amount it has ever received as an appropriation.

Each year its field of usefulness is broadening and its needs become greater. It is a haven of refuge for hundreds who need a helping hand in times of distress.

The amount, if granted, will enable the Society to greatly increase its usefulness among the worthy poor of South Brooklyn.

Very respectfully,

MRS. J. DUER, Superintendent.

THE NORMAL COLLEGE.

To the Board of Trustees of the Normal College:

The Executive Committee for the care, government and management of the Normal College respectfully reports that there will be required for the support and maintenance of the College during the year 1899 the sum of one hundred and fifty thousand dollars (\$150,000).

The Committee further reports, in conformity with the resolution adopted by the Board of Trustees on May 17, 1898 (Minutes, page 9 and 10), that, in addition to said sum of \$150,000, there will be required, during the year 1899, for the accommodation and instruction of the rapidly increasing number of students, the sum of \$25,000.

The Committee recommends that the following report and resolution be submitted to the Board of Estimate and Apportionment and to the Municipal Assembly:

To the Board of Estimate and Apportionment and the Municipal Assembly:

Pursuant to the provisions of section 1142 of the Greater New York Charter, the Trustees of the Normal College hereby report that there will be required for the payment of salaries of the professors and officers of the said College, for the obtaining and furnishing of scientific apparatus, books for the students and all other necessary supplies, for repairing and altering the College buildings, and for the support, maintenance and general expenses of the said College during the year 1899, the sum of one hundred and fifty thousand dollars (\$150,000).

The Trustees further report that, in addition to the above-mentioned sum of \$150,000, there will be required during the year 1899, for the accommodation and instruction of the rapidly increasing number of students, the sum of twenty-five thousand dollars (\$25,000).

Resolved, That the foregoing estimate, duly authenticated by the signatures of the Chairman and the Secretary of the Board of Trustees, be transmitted to the Board of Estimate and Apportionment and to the Municipal Assembly.

A true copy of report and resolution adopted by the Board of Trustees of the Normal College at a meeting held on September 28, 1898.

(2) SPECIAL SCHOOL FUND—LIBRARIES (FOR PUBLIC SCHOOLS).

The amount allowed by the State per chapter 336, Laws of 1894, Title 13, for 1898, is.....

Boroughs of Manhattan and The Bronx.....	\$12,566 23
Borough of Brooklyn.....	6,871 32
Borough of Queens.....	682 75
Borough of Richmond.....	369 42
	\$20,489 72

The figures submitted represent the amount appropriated by the State, and apportioned by the State Superintendent of Public Instruction to the entire City of New York for the year 1898, in order to take advantage of which the laws require that the City should appropriate in addition a similar sum. The apportionment by the State Superintendent of Public Instruction of State Library moneys applicable to the year 1899 will not be made for some time yet. It is therefore impossible to anticipate the exact sum which it is necessary to appropriate under the circumstances. The figures for 1898 are therefore submitted in the belief that they will nearly equal the probable apportionment by the State Superintendent of Public Instruction. If such be the case, it will be necessary to request a small transfer in order that the City shall receive the full benefit of the State apportionment.

(3) SPECIAL SCHOOL FUND—LIBRARIES AND APPARATUS (REGENTS' SCHOOLS.)

Boroughs of Manhattan and The Bronx.....	\$1,500 00
Borough of Brooklyn.....	2,000 00
Borough of Queens.....	2,500 00
Borough of Richmond.....	1,500 00
	\$7,500 00

These items are practically new, and are inserted in order that the City may avail itself of the grants of money made by the Regents of the University of the State of New York. These grants are similar in character and principle to those made through the State Superintendent of Public Instruction for public school libraries, and may be said to bear the same relation to the High Schools as the apportionment of State moneys does to the elementary schools. Manhattan and The Bronx has three High Schools, Brooklyn has four, Queens has eleven schools and classes, and Richmond has some schools and classes which are registered by the Regents.

SPECIAL SCHOOL FUND—FURNITURE AND REPAIRS OF—SUMMARY.				
BOROUGH.	APPROPRIATION, 1898.	ESTIMATE, 1899.	INCREASE.	DECREASE.
Manhattan and The Bronx.....	\$48,445 00	\$51,245 00	\$2,800 00	
Brooklyn.....	20,373 00	27,625 00	7,252 00	
Queens.....	17,650 00	21,300 00	3,650 00

	\$117,468 00	\$119,422 00	\$1,954 00	\$5,748 00
Increase.....	1,954 00		5,748 00	
	\$119,422 00		\$1,954 00	

The aggregate increase is only \$1,954 over the amount allowed for the year 1898. The figures represent the actual requirements of each borough. The amount inserted for Manhattan and The Bronx would be less than the allowance for last year but for one item, viz., the equipment of three Annexes to High Schools already established. In the Borough of Queens a special amount has been included to cover the cost of 7,200 additional sittings, to be contained in buildings for which provision is also asked in the budget; otherwise this item of appropriation would be noticeably small, the furniture in the borough being in fair condition.

The items for Manhattan and The Bronx are the same as last year, and for Brooklyn there is a large decrease, which, however, is more than offset by the increases in Queens and Richmond, where the instruments are badly worn and unserviceable. Renewals in many instances are absolutely necessary.

Decrease.....			\$8,100 00

The decrease as noted above is only apparent, for the reason that it has been found necessary to request a transfer of \$5,000 to the insurance fund for 1898 of the Borough of Queens; the true increase would therefore be \$6,100. In view of the fact that the Comptroller and Corporation Counsel have considered it necessary that school property in these boroughs be insured, the risks have been covered. The Committee on Buildings is now considering the advisability of insuring on the "schedule" plan, which will probably effect a considerable saving in rates. The whole matter is in process of revision and re-arrangement.

Total accommodation, 7,200 pupils.

These buildings will accommodate the school children for 1899, and do away with the annexes, which are unsuitable for school purposes, and without wasteful from every point of view. The Superintendent estimates that there are at least, with all the annexes, at present 3,000 children without school accommodation in Long Island City alone, and no buildings suitable for annexes; those now in use are very unsatisfactory.

The fact that the City's bonded indebtedness appears to have reached its limit at this time precludes the issue of any School-house Bonds heretofore authorized by special acts of the Legislature. The necessity for additional school-house accommodations is apparent to a greater or less extent throughout each of the boroughs contained within The City of New York; therefore it has been deemed expedient to include, as one of the items of the Special School Fund, the amount of \$9,473,640, representing the immediate needs of the City.

Under the provisions of sections 1059 and 1060 of the Charter, it appears to be proper to present this item to the Board of Estimate and Apportionment, and Municipal Assembly, to be included in the tax levy of 1899. In connection with this matter, the Committee desires to call attention to the fact that the existing conditions in relation to the City's bonded indebtedness are similar to the conditions prevailing some fourteen or fifteen years ago. At that time the difficulty was overcome in the case of School-house Bonds by including in the tax budget an amount sufficient for the necessities for school accommodations existing at that time. Subsequently the matter of the City's bonded indebtedness was elucidated, and the City Treasury was reimbursed by the sale of School-house Bonds to the extent of what had been paid out on account of the tax levy.

In view of the fact that it is believed that the present difficulty in relation to the issuing of bonds will be settled or overcome by the middle of the year 1899, the Committee deems it proper to call attention to the precedent which occurred in the past, with the hope that it may be of some use and assistance in obtaining money for the purpose of providing school accommodations for the waiting masses.

In the schedule submitted in relation to the Boroughs of Manhattan and The Bronx relative to accommodation for elementary schools, particular attention is called to the fact that the buildings and improvements contemplated therein are confined to sites and school premises at this time in possession of the Board of Education and awaiting development. In several instances bids have been invited and already accepted, and if provision be made, work could be commenced at the beginning of next year. Schedules are also submitted showing the actual requirements for additional school accommodations in the Borough of Queens. In the case of the Borough of Richmond an item of \$150,000 has been inserted tentatively, though actual locations and descriptions cannot be given at this time. In regard to the matter of High Schools in the Boroughs of Manhattan and The Bronx, the Legislature authorized by special act the issue of \$2,500,000 of bonds for the establishment of four High Schools. Sites have been chosen, condemnation proceedings instituted and plans and specifications prepared for the buildings, all of which matters are now in abeyance, while the demand for this form of education still increases.

		\$277,566 75				

The increase requested is slight, and is mainly due to the fact that the contracts for fuel have been let in bulk, covering all boroughs, by which method considerable saving has been effected. The increase in Manhattan and The Bronx is for extra weights and moving scales, in view of the increased distances to be covered, owing to recent annexation of territory north of the Harlem. The increase of \$2,000 in Brooklyn is intended to cover the purchase of coal scales and the cost of moving them from place to place; also, repairs, etc. The system of weighing coal outside the school-house doors, in vogue in the former City of New York, is found to be beneficial, and is, therefore, extended to Brooklyn.

Total Estimate for 1899.....			\$18,950 00	

The increase over the appropriation for 1898 is \$70,710, and may be accounted for by stating that the sum allowed for 1898 was intended to cover the cost of administrative expenses for the last half of the year. Owing to the fact that the practical organization of the several bureaus of the Department did not occur until July 1, 1898, and also the fact of the inadequate facilities for conducting business, occasioned by the very limited available space at the Hall of the Board of Education, many appointments have remained in abeyance, through sheer lack of room in which to place the necessary employees. This fact has involved extra labor on the part of many, in order that delay should not occur in the regular matters of business routine. The increase over 1898 salaries of \$26,930, referred to in the foregoing schedule is, therefore, in part only apparent, by reason of the fact that the appropriation for the present year has not been wholly used, for the reasons hereinbefore stated. Arrangements in regard to additional space are now in progress, whereby it will be possible to employ the necessary additional assistance. On the basis of the appropriation of \$62,520.26 for six months of 1898, the annual rate would necessarily be \$125,040.52; and, deducting the last-mentioned sum from \$142,240 (the amount of the estimate for 1899), the true increase will be found to be \$17,199.48, which amount is intended to cover the cost of additional help to be employed in the year 1899, and for some small increases to the salaries of a few worthy employees.

Annual Rental

The fact that three boroughs show a decrease indicates that progress has been made to house the school population in permanent structures, in place of hired accommodations. The ever increasing number of scholars renders it necessary to continue the majority of the rented buildings, and also to obtain further accommodations in districts where congested conditions prevail. It has therefore been deemed expedient to include the sum of \$10,000 for contingencies in Manhattan and The Bronx, and a similar sum in Brooklyn; also the sum of \$3,000 in the last-named borough for the building of temporary premises at Barren Island. The increase of \$4,045 in the estimate of the Board of Education is incidental to the fact that the appropriation for 1898 only covered a half year, and a small item of \$28 per month has been added for the office of a Deputy Superintendent of School Buildings. While the rented buildings in Richmond are now nearly all abandoned, some districts in other parts of the borough are congested, so that \$4,000 is asked to cover contingencies.

The following statement shows the totals of the estimates or items comprising the General School Fund, comparisons being made with the appropriations for the year 1898, and increases and decreases being noted. Following said statement, schedules will be found containing the details of the several items of expenditure, comprising the General School Fund, as submitted by the School boards of the several boroughs:

(26) GENERAL SCHOOL FUND.—LECTURES.

BOROUGH OF MANHATTAN AND THE BRONX.

	Estimate for 1899.
For lectures in forty-one locations during the year 1899, about 1,384 lectures, at an average cost of, say, 53¢ per lecture, to include all expenses.....	\$60,200 00
This includes salaries of the Supervisor and Clerks, Lecturers' fees, Local Superintendents' fees, Janitors' fees, rent of halls, illustration, etc.	
Appropriation for 1898, \$60,200.	
No increase.	

* NOTE.—Will be required as soon as the teachers necessary to take charge of the classes to be formed in new schools, annexes, etc., are appointed.

SUPPLEMENT.

Of this increase of \$13,024,374 on all but \$2,084,474.65 is attributable to the abnormal conditions resulting from consolidations, which will not occur again in the future, shown as follows:	
For deficiencies in the budgets of the several municipal corporations consolidated	
Into The City of New York, available for the Budget of 1898.....	\$7,175,850 88
For extraordinary deficiency in the Fund for Street and Park Openings.....	3,664,248 89
	<u>\$10,840,099 77</u>

The remaining increase of \$2,184,473.63, while it results from conditions which cannot be called abnormal if compared with similar conditions likely to prevail in future budgets, is, nevertheless, due to causes wholly beyond the control of the present financial officers of the city as shown by the following statement:

Increase on amount required for interest on Revenue Bonds due to the fact that next year such bonds will have to be issued in anticipation of the tax levy of the new city, instead of being based on the tax levy of the City of New York as formerly contemplated.	\$350,000 00
Increase on amount required to be raised for interest on bonds to be issued before January 1, 1900, due to the necessity for paying for a number of parks which have been in process of condemnation for the past four years, for issuing bonds to liquidate contract liabilities incurred prior to January 1, 1898, and for providing for work on the new East River Bridge, and for new school houses.	945,768 70
For two new annual Sinking Fund installments required by the Charter.	364,684 83
For increase in Sinking Fund installments of the City of Brooklyn, due to an provision having been made for bonds issued in 1897 after the passage of the Budget for 1898.	29,886 70
For interest and principal of a portion of the debt of the County of Queens which did not have to be provided for in the Budget of 1898.	101,558 94
For increase in the amount required for the Fund for Street and Park Openings (other than for streeted items as stated above), being wholly for pavements included prior to January 1, 1898.	49,695 81
For excess of amounts required for interest on the city debt (other than as stated above) being what may be called normal increase, and representing the excess of the amount required for interest on bonds issued during the current year over and above the amount no longer required for interest on bonds that have been redeemed during the current year.	385,710 00

Excess of the amounts required for redemption purposes in 1898 over amounts so required in 1899 (other than as stated above).....	72,840 40
	<u>\$2,154,473 67</u>

I also present recommendations from the State Comptroller showing that the amounts necessary to be inserted in the Budget for 1999 for state taxes are as follows:	
New York County.....	\$4,737,166 39
Kings County.....	1,309,675 85
Queens County.....	158,154 11
Richmond County.....	60,338 80
Total.....	\$6,265,335 05

Also present a statement of premises leased by the City, the rental whereof are not chargeable against rent appropriations made to the several departments of the City Government, and which should be provided for under an appropriation in the Budget of 1899, entitled "Rents," the aggregate amount thereof being \$291,791.45.

INTEREST OF THE CITY BOARD,
THE CITY OF NEW YORK.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
October 25, 1868.

GOVERNORS.—I submit herewith statements showing in detail the amounts necessary to be included in the Budget for 1899, for interest on the city debt, for the redemption of the city debt and for sinking fund instalments payable in 1899.

Total interest	\$10,436,778.74
For redemption of the city debt	9,412,950.00
For Sinking Fund Instalment payable in 1869	2,023,110.74

The item of \$9,412,950.60 for redemption of the city debt includes the redemption of Special Revenue Bonds to the amount of \$7,175,850.88, for deficiencies in the tax levies of the several municipal corporations consolidated into the present City of New York available for the Budget of 1898. This is an unusual item, due to the financial scheme of the Greater New York Charter, and will not appear in any future budget.

I have not included in the item for the redemption of the city debt the amounts necessary to redeem \$2,715,000 Six Per Cent. Water Bonds of the City of Brooklyn maturing July 1, 1899, nor \$500,000 Special Assessment Bonds of the City of New York for the Park Avenue improvement maturing November 1, 1899. Neither of these issues is redeemable from taxation. The water bonds of the City of Brooklyn are payable from the Brooklyn Water Sinking Fund, which will not, however, possess sufficient cash to redeem the same. These bonds will, therefore, have to be refunded pursuant to the provisions of section 245 of the Charter.

The Fourth Avenue Improvement Bonds of The City of New York are payable from assessments to be levied for said improvement. No assessment has been levied for this purpose, however, and these bonds will have to be refunded as was done in 1897, pursuant to the advice of the Corporation Counsel.

I also present a statement showing the amount necessary to be raised for account of the Fund for Street and Park Openings, the aggregate amount thereof being \$7,145,062.00.

This exceptionally large amount is due to the liability of the City to issue lawfully, within constitutional limitations, bonds for the payment of awards chargeable against the Fund for Street and Park Openings. The figure above stated includes awards in the Elm street proceeding which, with interest, amount to \$5,088,521.58, and awards in the fourth section of the Grand Boulevard and Concourse, amounting to \$323,034.39, three-quarters of which, or \$392,275.81, would ordinarily have been paid for by the issue of funded obligations.

From the total deficiency balance of the Fund for Street and Park Openings of \$7,145,062.06 mentioned above, however, it will be possible to deduct the sum of \$2,696,548.50 being the amount of Corporate Stock authorized to be issued for the payment of that portion of the Elm street widening assessment levied against the city. It will be possible before the end of the year to invest this amount of surplus revenues of the Sinking Fund in these bonds. This leaves as the net amount to be included in the Budget for the Fund for Street and Park Openings, \$4,448,513.56, of which \$3,664,248.89 is of an extraordinary character, and of which at least \$2,700,688.50 will be hereafter returned to the City Treasury by assessments to be collected.

The amounts to be inserted in the Budget on account of the foregoing items, viz.: interest, redemption and instalments of the city debt, and the Fund for Street and Park Openings aggregate \$27,925,353.64, which is \$13,024,573.40 in excess of the aggregate of the corresponding items in the last Budget.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION, COUNSEL,
NEW YORK, October 17, 1898

To the Board of Estimate and Apportionment.

Sir—I am in receipt of a communication from Charles V. Adoo, Esq., Clerk to your Board, inclosing a copy of a resolution adopted by you on September 22, 1868, and which is as follows:

"Whereas, It is provided by section 902 of the Greater New York Charter, that the salaries of county officers and other county charges and expenses, to the several counties wholly or partly included within The City of New York, shall be provided for by the levying of taxes upon each of said counties, to the end that they shall separately levy and pay all expenses necessary to be incurred within the county or part of county for county or discontinued from city purposes, thereby making it necessary that all county charges shall be stated separately in the budget for 1899; and

* Whereas, For many years prior to January 1, 1898, county expenses in the County of New York were not separated from the expenses of The City of New York, and in many cases doubt exists as to whether expenses to be provided for in the budget for 1899 shall be classified as city or county expenses;

4. Resolved, That the Corporation Counsel be and is hereby requested to report to the Board of Estimate and Apportionment at his earliest convenience, in regard to such of the items contained in the Departmental Estimates for 1899, stating which shall be regarded as city and which as county charges, to the end that the Board of Estimate and Apportionment may properly and lawfully classify the same in the estimate for the year 1899.

If it were necessary to comply with your request by following its exact terms, I fear it would be impossible for me to give you the information sought for before your Board has chosen its factors upon the budget.

But I think that I can answer your communication by dividing the items of the budget into general classes, without the necessity of separating each item and marking it as city or county charge.

The difference between city and county charges has, under the administration of the laws relating to the former City and County of New York, been one of great difficulty, and it has been, as stated in your resolution, at times very difficult to determine whether a debt was a charge upon the city or upon the county.

The difficulty was not always solved by ascertaining whether the item in question was originally a county charge, because there have been changes of administration which have made many county charges a charge upon the city, and also there have been in the former city, as there are in the present city, a number of charges upon the city which in other portions of the State are county charges.

To comply with your request I have examined the estimates of the departments considered by you and have divided them into schedules, as appears in the papers annexed to this communication.

I have placed in Schedule "A," under the heading of the various counties, all the items contained in the estimates mentioned which I think are county charges.

I have placed in Schedule "B" the charges upon the city by stating that all items not contained in Schedule "A" are charges upon the city, and I have mentioned a few of these which require some explanation of my reasons for placing them in the city and not in the county budget.

I will, therefore, ask you to use the schedules in question as an answer to your communication, and I will now consider some items in the two schedules as to which I desire to state my reasons for arriving at the conclusion reached by me.

Commissioner of Taxes for the Boroughs of Manhattan and The Bronx.

I have placed this item among the county charges of New York County, for although it is in form a provision for the expense of a borough office, yet the office is a local one, having no reference whatever to the government or administration of the city or the borough in question. It was originally classed as a county charge, and I do not think it would be fair to compel the other counties to bear the burden of a charge which is entirely for the benefit of the County of New York.

And I lay special stress upon the nature of the duties of the office in determining whether or not it is a city or a county one.

Court of General Sessions.

The Court of General Sessions is a purely local court, with a county jurisdiction, it being in fact the Criminal Court of the county.

It exists only in the County of New York and has no connection with any other court existing in any other part of the city.

The following expenses: Fees of Grand and Petit Jurors, and Expenses of Jurors; Fees of Stenographers; Fees of Witnesses on behalf of the People; Office Contingencies and Rent of Telephones; Disbursements and Fees of Commissions (section 658, Code of Civil Procedure), and Library Funds, form a part of the expenses of the Court and, as given on page 633 of the "Estimates," should be allowed as a county charge at such sum as may seem necessary to your Board.

Armories, First Naval Battalion.

While it is perfectly easy to decide, under the Military Code, that the expenses of the armories are a County charge, yet the Armory of the First Naval Battalion presents a somewhat difficult question.

As I understand it, the headquarters of the Battalion are on board the New Hampshire, which lies within waters which form part of the County of New York, and under the Military Code this ship is considered as the Armory of the Battalion (Military Code, section 142).

Syracuse State Institution for Feeble-minded Children (Laws 1867, chapter 739). *Institution for the Improved Instruction of Deaf Mutes*. *New York Institution for the Instruction of the Deaf and Dumb*. *St. Joseph's Institution for the Improved Instruction of Deaf Mutes*. *Mattawaun State Hospital*.

These institutions have been and still are dealt with by the counties and not by the cities, and there exists in each case under the laws governing them some reason why they should still continue to be a county and not a city change.

I have, therefore, placed these items under the heading of county charges in each county.

Lorenzo Criscollo, Interpreter in Courts of Record in Kings County.

I have held, in accordance with the undoubted fact, that the Supreme Court expenses form a charge of each county, and as this person's duty seems to relate to the Supreme Court or the Grand Jury of the County of Kings, I think he is fairly placed among the charges upon the County.

County Treasurer of Kings County.

I do not know whether the omission of this official was intentional, but think it well to call your attention to the fact that it is not contained in the estimates.

If inserted, the charge for his services is, of course, a county charge of Kings County.

College of the City of New York and Normal College.

These institutions have been placed among the city charges because the citizens of the present city have an undoubted right to make use of their advantages, as will be seen by an examination of the sections of the Charter relating to them.

The City Court of New York.

This court never was a county court and never had any relation to the county organization; it was distinctively a part of the city and not county system.

The Inferior Local Courts.

The civil and criminal courts of inferior jurisdiction, namely, the Municipal Courts, the Courts of Special Sessions and the City Magistrates' Courts are, I think, clearly to be classed among the charges upon the city.

While in each case the jurisdiction of a particular court may not extend to the whole city, yet these courts form part of one system covering the entire city and having no relation whatever to any county organization.

The fact that a particular court has jurisdiction in one part of the city and not in another does not make it a part of the county system any more than the fact that the city departments are in some cases divided as to jurisdiction in the different boroughs, so that the Park Commissioner in one borough has no jurisdiction in another. And what may be taken as a fairly reliable test, these courts are mentioned in the Charter, for it will be found that almost every department, or board, or organized body exercising jurisdiction of whatsoever nature within the city, mentioned in the Charter, is distinctly within the city, and not within any county organization.

Free Libraries.

There are in the estimates before your Board a great number of free libraries making an appropriation.

I do not think that the appropriations to these institutions can be said to be county charges.

While the libraries in question are situated in different counties, yet they are free to the use of any of the citizens of the city, irrespective of the particular county in which he resides, and it would be, I think, not only bad law but bad policy to class these institutions among the county charges.

Charitable Institutions.

A question of very great importance is that connected with charitable institutions receiving aid from the city.

In all the counties of the State, except those embraced within The City of New York, assistance rendered to the poor is distinctly a county charge.

But, in the present city, a department of the City Government is charged with the special duty of extending public charity, and the head of that department, the Commissioners of Public Charities, are most distinctly City officials.

As the charitable system of the city is a city and not a county charge, there exists logically no reason why the appropriations to special institutions should be left as a charge upon the counties.

There are, as I have already pointed out, certain charitable institutions which form an exception to the rule here laid down, and which are, I think, county charges.

These have all been enumerated in this opinion.

I believe that the foregoing answers the request received from your Board, but if it does not, I will be glad to consider such other matters as you may present to me.

You will, of course, understand that the enumerations of county and city charges given in the annexed schedules, only embrace those contained in the "Estimates" of the departments above referred to.

There are doubtless other charges which must be inserted by your Board in the Budget, but they are not embraced within the question asked by you.

Yours,

JOHN WHALEN, Corporation Counsel.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 20, 1898.

Hon. BIRD S. COLE, Comptroller:

SIR—I am in receipt of your communication bearing date 19 October, in which you state that my communication of the 17th instant, addressed to the Board of Estimate and Apportionment relative to the question of what should constitute county, as distinguished from city charges in the Budget, has been referred to you.

You further state that as I pointed out in that communication there are a number of items which appear in the Budget which have not been placed in the Book of Departmental Estimates, and concerning these you have to request my further advice.

The items in question are ten in number and I will enumerate them in connection with the answers to your questions in regard thereto.

1. Costs of Commitments of Insane Persons (not criminals) chapter 543, Laws of 1890. The statute referred to is the Insanity Law.

The provisions of that statute which control are those contained in sections 64, 66 and 67 with which we read section 671 of the Charter, and the Insanity Law should, of course, be construed in connection with chapter 13 of the Charter with reference to the Department of Public Charities.

Without elaborating my answer to this question, as you have requested me to render an opinion as soon as possible, I will state that having regard to the provisions of the Insanity Law and of the Charter, I think that these costs are a city and not a county charge.

2. Fees of Clerk of Court of General Sessions.

Under the reasoning of my opinion cited by you these are county charges.

3. Corporation advertising. Section 1526, Charter.

This is a city and not a county charge.

While the provision of the section in relation to corporation advertising refers only to the Borough of Brooklyn and is for the benefit solely of certain newspapers therein, the advertisements in question are in connection with the administration of the city and not of the county, and are, therefore, city charges.

4. Allowances to veteran associations for Decoration Day observances. Chapter 13, Laws of 1897.

5. Observance of Memorial Day, Kings County. Chapter 538, Laws 1895.

6. Observance of Memorial Day, New York County.

7. Kings County Volunteer Firemen's Association. Chapter 658, Laws 1895.

I think that items 4 to 7, inclusive, are all city charges, and I draw this conclusion from the terms of the acts under which they are authorized in relation to items 8, 5 and 6, and as item 7 is of the same character as the ones just mentioned, it should also be placed as a city charge.

8. Offices of the Registers of New York and Kings Counties.

These are clearly County offices.

9. Expenditures made necessary for the preparation of public records under chapter 467 of the Laws of 1890.

Under my former opinion these are county charges.

10. In accordance with the decision of the Board of Estimate and Apportionment provision will be made for supplying the Supreme Court, and county courts and officers in the several counties with printing, stationery and blank books, through the medium of the Board of City Record, the appropriations for each county to be kept separate.

Under this last question you request to be advised whether the fact that the Board of City Record is a branch of the City Government will prevent these charges as being classed as county charges.

The answer to this question must be that the fact that the instrumentality through which provision is made for supplies that are essentially county charges is a branch of the City Government does not in any way change the character of the items or make them city charges.

The items in question, therefore, remain county charges.

I would also call your attention in connection with your communication to the provisions of chapter 439 of the Laws of 1892, "An Act for the Care and Reformation of Females and Concerning the Public Interests in the City of Brooklyn and County of Kings."

This act provides for certain appropriations to the Wayside Home, No. 352 Bridge street, and the Roman Catholic House of Good Shepherd at Rockaway and Hopkinton avenues in the former City of Brooklyn, County of Kings.

I would advise you that the expenses of carrying out the provisions of this act are county charges upon the County of Kings.

I think the foregoing answers the questions asked in your communication.

Yours,

JOHN WHALEN, Corporation Counsel.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 25, 1898.

Hon. BIRD S. COLE, Comptroller:

SIR—I am in receipt of your communication bearing date October 23, in which you state that, relating to my recent opinion in regard to what constitute city and county charges in the Budget, you find there is still one item that has not been presented for my consideration, namely, the Widows and Orphans' Fund of \$5,000, authorized to be paid to certain volunteer fire departments in the Borough of Brooklyn, under the provisions of chapter 86 of the Laws of 1890.

You request my advice, at my earliest convenience, whether this should be classed as a city or a county charge.

In answer to this communication I have to say that, under chapter 86 of the Laws of 1890, which is an amendment to Title 2 by inserting a new section therein of the Brooklyn Charter, it appears that the estimate in question is clearly a city and not a county charge.

Yours,

JOHN WHALEN, Corporation Counsel.

LAW DEPARTMENT,

Hon. BIRD S. COLE, Comptroller:

SIR—I am in receipt of your communication bearing date October 22, calling my attention to the estimate of the New York Institution for the Blind, on page 693 of the Book of Departmental Estimates for the year 1899.

You request my opinion as to whether the expenses of this institution chargeable against The City of New York, should be regarded as city or county charges, and in this connection you call my attention to the provisions of chapter 166 of the Laws of 1870.

In reply to your communication I have to say that, from chapter 166 of the Laws of 1870, it clearly appears that the estimate of the New York Institution for the Blind is a county and not a city charge.

Yours,

JOHN WHALEN, Corporation Counsel.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 27, 1898.

Hon. BIRD S. COLER, Comptroller.

SIR—I am in receipt of your communication, bearing date October 26, in which you call my attention to sections 224, 244, 245, 1348 and 1353 of The Greater New York Charter, and request my opinion upon the following points:

1. Has the Board of Estimate and Apportionment the power to make, and should that Board make, a Budget of county expenses for the year 1899, as well as of city expenses?
2. If that Board should make in one Budget estimates for county, as well as city expenses, do I advise a classification thereof, which will show the items relating to each county separately under a general heading, such as "County of Kings," with separate footings for the totals of each county, and one grand total for the whole Budget?
3. I am requested to draft a form of resolution, to be used in passing the Budget.

The questions suggested in your communication are of the very greatest importance, but in view of the necessity for an immediate answer, I must state my conclusions somewhat briefly.

The answer to your first question must, I think, be in the affirmative.

It cannot be contended that the provisions of the Charter upon the subject clearly and definitely point out the procedure to be followed by the Board of Estimate and Apportionment, regarding its action as to county charges.

It would be possible, from the provisions of the Charter, to spell out two different theories.

Under the first theory, and the one which I think is the correct one, the Board of Estimate and Apportionment includes in its Budget for the expenses of the year the county charges to be raised by taxation.

It acts in the first instance, as regards these charges, as it acts in relation to the charges upon the City itself, making reasonable provision for county expenses, where there is no statute fixing the amount thereof, and where there is a statute fixing the amount, it fixes the estimate, and the Board of Estimate and Apportionment includes in its Budget for the expenses of the year the county charges to be raised by taxation.

Under the other theory, it is that no action is required by the Board of Estimate and Apportionment in regard to county charges, while it is making up the Budget, and that these charges are to be determined by the Comptroller and sent by him to the Municipal Assembly for its action.

Clearly what action can be taken by the Municipal Assembly if this theory is followed, is a question upon which I have no means clear.

The practical effect, however, of such a course would be most unfortunate for the City's financial interests. For, under this theory, the only action of the Board of Estimate and Apportionment in relation to the county charges would be to fix the estimate, and to send it to the Municipal Assembly for its action.

As some of these items are made county charges by statute which fix their amounts, it is to be feared that the second theory, if carried into practice, would open the door to very grave abuses, which need not be more particularly pointed out in this place.

Coming from these general considerations to an examination of the Charter provisions, I will attempt to explain why I think the first theory above set forth is the correct one.

In the first place, it is to be noted that the action of the Board of Estimate and Apportionment is clearly called for, in relation to any expense which is payable out of the City Treasury, except in special cases otherwise provided for.

Section 1348 of the Charter is as follows:

"Section 1348. It shall be the duty of the Board of Estimate and Apportionment of said city, and of all boards and commissions created with the duty of expending or disbursing public moneys out of the treasury raised by tax in said city, to regulate such expenditures for any purpose or object, that the same shall not in any one year, exceed the amount appropriated by the Board of Estimate and Apportionment for such purpose or object, and no charge, claim or liability shall be valid or enforceable against said city for any sum or sums of money, until the amount appropriated for the several purposes."

Under the provisions of this section, I think county charges are included in the "all charges payable out of the treasury raised by tax in said city," and that by the enactment of this section, as part of the Charter, to prevent any person or persons from the Comptroller's Act, has been intended so as to include all charges of every character payable out of the City Treasury.

I think, therefore, that such an interpretation of the section, and every presumption is in favor of such an interpretation.

While sections 224 and 245 are not very strictly avoided, I do not think that the conclusion must flow from these provisions that the estimate to be submitted by the Comptroller to the Municipal Assembly prevents the inclusion of county charges in the annual Budget, or an examination of the section shows that the Comptroller's statement embraces considerably more than the Budget itself, including an estimate of the probable amount of receipts, etc.

I am not prepared to say that in case of the omission or refusal of the Board of Estimate and Apportionment to include the county charges in the Annual Budget, that the Comptroller would not be legally justified in sending such a statement and sending to the Municipal Assembly a separate statement of the county charges, but that such is his duty in any event, and without regard to the action of the Municipal Assembly, I should be very unwilling to hold, unless the provisions of the Charter were much more explicit than they are on the subject.

I am fortified in my conclusion by an examination of section 1353 of the Charter, which is as follows:

"Sec. 1353. The salaries of all county officers in the counties of New York, Kings and Richmond shall, unless otherwise provided by law, be fixed by the Board of Estimate and Apportionment, subject to approval by the Municipal Assembly, and all county charges and expenses and salaries of county officers in said counties and each of them shall be raised by the Board of Estimate and Apportionment, and shall be paid by the City of New York, in the same manner as the salaries of city officers and city charges are paid; but nothing in this section contained shall be construed as in any way changing or modifying the provision contained in section 224 of this act, to the effect that the same necessary to carry the salaries of county officers and to pay county charges and expenses in said counties shall be levied and assessed upon the property of said three counties, respectively, so that each shall ultimately bear and pay all its own county charges."

I think that under this section, he under the ones I have already referred to, the proper conclusion is that it is the duty of the Board of Estimate and Apportionment to make the county charges part of its Budget.

The second question in your communication is as to the form of the Budget.

I think that it is preferable to make a classification, which will show separately the items and totals chargeable to each county, so, while from both city and county, form part of the general estimate made by the Board of Estimate and Apportionment, they do not stand upon the same footing, and they are paid in different ways.

I think, therefore, that clearness would be promoted by separating the county from the city charges, under a form of resolution which I give herewith.

Your third request is to draft a form of resolution to be used in passing the Budget.

I think the resolution should be in the following form:

"Resolved, That, pursuant to the provisions of section 226 of the Greater New York Charter, the Board of Estimate and Apportionment, by the affirmative vote of all the members thereof hereby makes this the Budget of the City of New York for the year one thousand eight hundred and ninety-nine, being, first, the amount estimated to be required to pay the expenses of conducting the public business of said City for the said year; and, secondly, the amount estimated to be required to pay the State taxes and charges and expenses of the Counties of New York, Kings, Queens and Richmond for the said year, amounting in the aggregate to the sum of ninety-three million five hundred and six thousand seven hundred and fifty-seven dollars and ninety-eight cents (\$93,506,757.98) as follows:

As you will see from an examination of the proposed resolution, it makes the county charges a part of the Budget to be raised by taxation, but prevents any confusion between the city and county items.

It seems to me that under this form of resolution, it would be perfectly safe and much more preferable to separate the county from the City charges in the Budget.

As I have already said, I am forced to be very brief in my answer to your communication, as you inform me that immediate action by the Board is necessary.

Yours,
JOHN W. WALKER, Corporation Counsel.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 27, 1898.

Hon. BIRD S. COLER, Comptroller.

SIR—I am in receipt of your communication, bearing date October 25, transmitting a statement which you have received from the State Comptroller, certifying the amount which should be included in the Budget for 1899, on account of the county expenses of Queens County, as required by section 1353 of the Charter, in the sum of \$235,392.91.

You also transmit, for my information, a report made to you by one of the expert accountants, in which is incorporated the budget of the Board of Supervisors of the County of Queens.

In view of the provisions of law included in the Act of 1898, creating the new County of Nassau, you request me to advise you whether the county, as certified by the Comptroller, should be included in the Budget for 1899.

You further request an immediate answer to your communication.

In view of this request for an immediate answer, I cannot avoid with saying that I do not think the Act of 1898, creating the new County of Nassau, should prevent the inclusion in the Budget for 1899 of the county expenses of Queens County, as certified by the State Comptroller, and I think the county expenses in question should be included in the Budget for 1899.

Yours,
JOHN W. WALKER, Corporation Counsel.

ALBANY, October 22, 1898.

Hon. BIRD S. COLER, Comptroller, New York City.

DEAR SIR—In accordance with the provisions of section 1353, chapter 375, Laws of 1895, I have determined the amount of county charges and expenses which should be equitably borne by that part of the County of Queens situated within The City of New York at the sum of \$235,392.91, which amount does not include the interest on Queens County bonds or interest on certificate of Queens County Court Fund Loan.

Very truly yours,
JAMES A. ROBERTS, Comptroller.

IN THE MATTER OF THE QUEENS COUNTY BUDGET.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
JANUARY, 1899.

Hon. BIRD S. COLER, Comptroller, City of New York.

DEAR SIR—At the meeting of the Board of Supervisors of the County of Queens, held on Monday, October 3, current, it was

Resolved, That the following amounts be raised by assessment and tax for and in the County of Queens to be apportioned between that portion of Queens County lying within The City of New York, and that portion of the said county lying without the said city, as provided by chapter 375 of the Laws of 1897:

For State Tax	\$201,240.00
For Audited Bills, 1898	76,760.01
For Interest on Queens County Bonds (Falling Due in 1899)	102,320.00
For Interest on Certificate of Queens County Court Fund Loan (\$15,795.57, 5 Per Cent, off—\$609.98)	609.98
For Contingent Fund	100,000.00
For Salary Fund	47,400.00
For District Attorney's Fund	1,500.00
For Court Expense Fund	16,000.00
	\$645,020.79

It was also

Resolved, That the following amounts be certified by the Clerk of this Board to the Comptroller of the State of New York as the amount of money to be raised by assessment and taxation in and for the County of Queens, for the county charges thereon as for said county will be contained on January 1, 1899, the said sums as herein set forth being for the anticipated current expenses of the said county as estimated January 1, 1899:

For Contingent Fund	\$100,000.00
For Salary Fund	47,400.00
For District Attorney's Fund	1,500.00
For Court Expense Fund	16,000.00
Total	\$174,900.00

That the said sum of \$174,900 be certified to the said Comptroller of the State of New York as the amount of the county charges and expenses for the year 1899, which should be equitably borne by that part of the County of Queens situated within The City of New York and that he be requested to report the said amount to the Comptroller of said City.

It was further

Resolved, That the following amounts be certified by the Clerk of this Board to the Comptroller of the State of New York, as the amount of money to be raised by assessment and taxation in the County of Queens as at present constituted for its proportion of the State tax for the current year (for its county charges and expenses during 1898, as audited and allowed by the Board of Supervisors thereat at the annual audit of 1898), for the amount of the interest on Queens County Bonds growing due in 1899, and for the interest on certificate of Queens County Court Fund Loan, respectively, as follows:

For State Tax	\$201,240.00
For Audited Bills, 1898	76,760.01
For Interest on Queens County Bonds	102,320.00
For Interest on Certificate of Queens County Court Fund Loan	609.98
	\$471,020.79

That the said sum of four hundred and seventy-one thousand and thirty-eight dollars and seventy-nine cents be certified to said Comptroller of the State of New York, in order that he may apportion the same and determine the amount of tax for city purposes which should be paid by that part of the County of Queens included in The City of New York, and transmit his statement of such amount to the Comptroller of the City of New York, for levy and collection by said city; and the amount of the county charges and expenses aforesaid which should be equitably borne by that part of the County of Queens situated within The City of New York, and report the amount thereof to the said Comptroller of the City of New York, to be levied and assessed by the municipal assembly of said city upon that part of the County of Queens included within said city to be collected by said city."

It was also

Resolved, That certified copies of the three foregoing resolutions be forwarded to counsel and to the Comptroller of the State by the Clerk of this Board.

In pursuance of section 1353 of chapter 375 of the Laws of 1897, no tax was decided on by the Board of Supervisors to be levied for the purpose of providing the foregoing items of appropriation, and section 1353 of the said chapter provides that:

"The comptroller of the state shall have power and he is hereby authorized to determine on or before the first day of October in each year the amount of the county charges and expenses which should be equitably borne by that part of the county of Queens situated within the city of New York as hereby constituted, and to report the amount thereof to the comptroller of the said city. The amount as determined by the comptroller of the state shall be levied and assessed by the municipal assembly of said city upon that part of the county of Queens included within said city."

Section 1354 further provides that—

"It shall be the duty of the comptroller of the state, on or before the first day of October in each year, to compute and apportion the amount of tax for city purposes which should be paid by that part of the county of Queens by this act included in The City of New York, and to transmit a statement of such amount to the comptroller of The City of New York for levy and collection for the said city."

It will be noted that the sum total appropriated to provide for the expenses of the County of Queens for the year 1899, and which said amount is to be wholly charged against the Borough of Queens, amounts to \$174,900, and the sum total to be apportioned by the State Comptroller between the Borough of Queens and that part of the County of Queens situated without the corporate limits of The City of New York is \$471,020.79. In this latter is included an item of \$102,320, for interest on Queens County bonds, and I desire to call attention to the fact that no provision has been made for the retirement of \$15,000 Queens County Funding Bonds of issue July 1, 1892, and in which said amount the principal on these bonds becomes payable on July 1, 1899. From information gathered I understand that the said principal maturing on July 1, 1899, was called to the attention of the Board of Supervisors, who, however, failed to place it in the budget, but said, if no other way was found it could be taken from the Contingent Fund. The Contingent Fund appropriation of \$100,000, to provide for anticipated expenses of 1899, is wholly chargeable against the Borough of Queens. While the principal of any issue of Queens County bonds maturing and to be retired should be apportioned as is the interest against the Borough of Queens, as now constituted, and that part of the county lying without the corporate limits of The City of New York, the Supervisors in the Budget appropriations made no provision whatever for the retirement of \$15,000 and \$9,000, principal maturing on July 1, 1899, respectively, of the Jericho Turnpike Improvement Bonds and Flushing Highway Improvement Bonds.

Exhibit "A" herewith appended and forming part of this report, gives copies of sections from the resolutions authorizing the issue of these Bonds and clearly indicate that beginning with July 1, 1897, \$102,320 should have been retired annually of the Jericho Turnpike Improvement Bonds and \$9,000 annually of the Flushing Highway Improvement Bonds. No provision whatever has been made for the retirement on July 1, 1899, of these bonds.

Exhibit "B" which is also submitted herewith and forming part of this report, sets forth in detail the interest accruing during 1899 on the several issues of Queens County Bonds, the sum total of which, viz: \$102,320 agrees with the amount placed in the budget by the Board of Supervisors.

The apportionment of the expenses to be borne by the Borough of Queens and the towns situated without the Borough, according to the statement of the Clerk to the Board of Supervisors, has not yet been received from the State Comptroller.

I understand that a meeting of the Board of Supervisors will be held on Tuesday or Wednesday of this week and I will then ascertain as to whether said apportionment has then been received and, if so, report accordingly.

Yours respectfully,
DUNCAN MACINNIS.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,

IN THE MATTER OF THE CONSTRUCTION OF SECTION 501, CHAPTER 378 OF THE LAWS OF 1897.

Hon. BIRD S. COLER, Comptroller.

SIR—I acknowledge the receipt of your letter of September 25, 1898.

I understand that you wish to be informed whether the construction of section 501 of chapter 378 of the Laws of 1897, providing against double taxation in the year 1898, in the Boroughs of Brooklyn, Queens and Richmond, but making provision in the same section for the equalization of taxation in the year 1899, in the event that the amount levied or collected from any borough, outside of what, at the date of the passage of the act in question, constituted The City of New York, and available to the uses of the Greater New York, as created by the Charter, should be more or less than its due proportion of the expenses for the year 1898 of the Greater New York, is to be construed so as to require the Municipal Assembly to equalize, by boroughs, or by cities, towns, villages and school districts within the limits of the municipal and public corporations included within the territorial limits of the Boroughs of Brooklyn, Queens and Richmond.

Section 501 reads as follows:

"Sec. 501. Inasmuch as the amounts due in the way of taxes for state and municipal purposes for the year eighteen hundred and ninety-eight will have been levied in the boroughs of Brooklyn, Queens and Richmond prior to the first day of January, eighteen hundred and ninety-eight, but not in the city of New York, now, in order to prevent double taxation of property outside of the limits of the present city of New York for the year eighteen hundred and ninety-eight, it is hereby provided that in said year eighteen hundred and ninety-eight, the balance so caused to be raised by tax shall be raised exclusively from property within the limits of the corporation heretofore known as the mayor, aldermen and commonalty of the city of New York; but it is further provided that in case it shall transpire that the amount levied or collected from any borough outside of the present city of New York and available to the uses of the city as constituted by this act, for the year eighteen hundred and ninety-eight, shall be more or less than its due proportion of the expenses for the year eighteen hundred and ninety-eight of the city as constituted by this act, such excess or deficit shall be equalized and adjusted in the budget of the following year, to the end that each borough shall bear its fair proportion of the expenditures of the city for the year eighteen hundred and ninety-eight. The municipal assembly shall have full power, by appropriate ordinances, to enforce this provision, and is hereby invested with power to make such equalization and adjustment by different rates of taxation or otherwise in the several boroughs, to the end that, taking the years eighteen hundred and ninety-eight and eighteen hundred and ninety-nine together, each borough shall pay its proper proportion of the general expenses of the city for both years."

I think it entirely clear that it was the purpose of this section to have the tax procedure applied by borough divisions and not otherwise.

In reply to your request for advice, I advise you that the Municipal Assembly is required to equalize any excess or deficit and adjust such excess or deficit in the budget by boroughs, and not by other territorial or corporate limits.

You will observe that by the provisions of section 501, the Municipal Assembly is invested with full power to make such equalization and adjustment by any procedure that it may deem most prudent and fitted to the ends in view.

I call your attention to this provision, because I do not feel called upon to advise you whether, as suggested in your letter of this date, the Municipal Assembly is required to fix one rate of taxation for each borough, or fix one rate of taxation for the whole of the Greater New York, with supplementary rates for purposes of equalization and adjustment for the Boroughs of Brooklyn, Queens and Richmond, or proceed by any other particular method.

Very respectfully,

JOHN WHALEN, Corporation Counsel.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 15, 1898.

The Honorable the Board of Estimate and Apportionment.

I am in receipt of a communication from the Clerk of your Board, dated October 7, 1898, requesting an opinion as to the power of the Board to make an appropriation for the Botanical Gardens, the same having been included in the Departmental Estimate for 1899 by the Department of Parks.

Chapter 285, Laws of 1891 created the corporation known as the New York Botanical Garden. Section 5 of said act provided that when a certain sum of money was raised by the said corporation, the Commissioners of the Department of Public Parks were authorized and directed to erect a suitable building for a Botanical Museum and Herbarium. The funds necessary for this purpose were to be provided by the Comptroller on the request of the Commissioners of Public Parks, the Board of Estimate and Apportionment having authorized the expenditure.

Section 6 of the said act which has not been repealed reads as follows:

"The grounds set apart as above provided shall be used for no other purposes than authorized by this act; for police purposes and for the maintenance of proper roads and walks, the said ground shall remain subject at all times to the control of the said board of the department of parks; but otherwise, after the suitable laying out of the same, and the construction of proper roads and walks therein by the department of parks, the said grounds and buildings shall be under the management and control of the said corporation."

Section 5 was amended by chapter 103, Laws of 1894, and this last act was subsequently amended by chapter 717, Laws of 1896, which provides as follows:

"And the said board of commissioners (department of public parks) is hereby authorized and directed to construct and equip within the said grounds so allotted, according to plans approved by them and the said board of managers a suitable fireproof building for such botanical museum and herbarium, with lecture rooms and laboratories for instruction, together with other suitable buildings for the care and culture of tender or other plants, indigenous or exotic, at an aggregate cost not exceeding the funds hereinafter authorized to be issued by the city of New York; the use of said buildings upon completion to be transferred to said corporation for the purposes stated in this act. And for the purpose of providing means therefor, it shall be the duty of the comptroller of the city of New York, upon being thereto requested by said commissioners, and upon being authorized thereto by the board of estimate and apportionment, to issue and sell at not less than their par value bonds or stock of the mayor, aldermen and commonalty of the city of New York, in the manner now provided by law, payable from taxation, aggregating the sum of \$500,000, bearing interest at a rate not exceeding three and one-half per centum per annum, and to be redeemed within a period of time not longer than thirty years from the date of their issue."

Section 613 of the Greater New York Charter provides:

"It shall be the duty of the commissioner of the Borough of The Bronx to maintain the New York Botanical Garden and the buildings appurtenant thereto."

Out of the moneys annually appropriated for the maintenance of parks, each commissioner may apply such sum as shall be fixed by the board of estimate and apportionment for the keeping, preservation and exhibition of the collections placed or contained in buildings or institutions now situated or hereafter erected in the parks, squares or public places under the jurisdiction of such commissioner."

I am not sure that I understand the precise question presented by the request of Mr. Ades, but I assume it is as to whether the Board of Estimate and Apportionment should make an appropriation directly to the New York Botanical Garden or simply include a sufficient amount therefor to the Park Department.

The item which appears in the estimate of the Commissioner of the Borough of The Bronx is "For Maintenance Botanical Garden as per section 613, chapter 378, Laws of 1897, for six months, \$30,000."

This item is based upon the detailed figures given at page 230 of the "Estimates of the Departments," etc., contained in a communication from N. L. Britton, Esq., Director-in-Chief of the New York Botanical Garden.

It is evident, from an examination of these papers, that the duty of your Board is confined to making an allowance for such sum as it deems necessary to the Department of Parks (Borough of The Bronx) for the maintenance of the New York Botanical Garden, the request of the Commissioner and of Mr. Britton being the same, namely, that the amount shall be allowed to the Department of Parks.

Yours,

JOHN WHALEN, Corporation Counsel.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 15, 1898.

To the Board of Estimate and Apportionment.

SIR—I am in receipt of a communication from Mr. Charles V. Ades, Clerk of your Board, stating that he is directed by you to request my opinion in regard to the estimate of the Commissioner of Street Cleaning for the year 1899, in regard to the following point:

Whether the Charter requires the system of cleaning streets by the departmental force heretofore adopted by The City of New York to be extended to the boroughs of the city, other than the Boroughs of Manhattan and The Bronx, upon the expiration of contracts for cleaning the same in force on January 1, 1898.

The contract for cleaning the city of Brooklyn expires in March, 1899, and the Commissioner has divided his estimate on the basis of cleaning the streets by contract for a quarter of the year, and by the department force for the other three quarters.

In view of the necessity of an immediate reply to this communication, I state my conclusions briefly, without elaboration, and these are, that in view of the sweeping provisions of section 539 of the Charter, the theory adopted by the Commissioner of Street Cleaning is correct, and by virtue of the section cited the system of cleaning streets by the force of the department heretofore adopted

by The City of New York, must be extended to the boroughs of the city, other than the Boroughs of Manhattan and The Bronx, upon the expiration of contracts for cleaning the same in force on January 1, 1898.

Yours,

JOHN WHALEN, Corporation Counsel.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October, 1898.

To the Board of Estimate and Apportionment.

SIR—I am in receipt of a communication from Mr. Charles V. Ades, Clerk of your Board, dated October 12, 1898, stating that at an executive session thereof held on that day, the following resolution was adopted:

"Resolved, That the Clerk of this Board be directed to request the Corporation Counsel to report at his earliest convenience in regard to the application of the County Clerk of Kings County, stating whether the moneys therein included should be allowed by this Board."

No inclosure is sent in this communication, but I understand that it refers to the estimate of the County Clerk of Kings County, which appears on page 625 of "Estimates of the Departments," etc., which is now before your Board.

Upon an examination of that estimate, I find that the items are in themselves properly allowable to the County Clerk, but I have no knowledge of facts from which I can ascertain whether or not the amounts asked for are proper.

I assume that the charge "For Expert, \$4,000" refers to the person appointed under chapter 502 of the Laws of 1895, in reference to whose appointment you consulted me some time ago.

I then suggested that the appointment of this clerk to perform wholly unnecessary duties, while undoubtedly legal, was a most reprehensible act on the part of the Legislature, and I see no reason to change my opinion.

However, as the creation of the office is legal, a salary will have to be provided for its occupant, in connection with which you may think it worth while to consider the provisions of section 5 of the act in question, which are as follows:

"Section 5. The salary of such clerk shall be a county charge and shall be fixed by the board of supervisors or such other body as is vested with authority to appropriate money for such purpose."

The next item of the County Clerk's estimate, "For Postage for Expert, \$100" seems to me should be a subject for investigation, inasmuch as it assumes that the alleged expert has to write five thousand letters a year, which I very much doubt.

Yours,

JOHN WHALEN, Corporation Counsel.

Ordered on file.

The Comptroller offered the following resolution and Budget for the year 1899:

Resolved, That, pursuant to the provisions of section 226 of the Greater New York Charter, the Board of Estimate and Apportionment by the affirmative vote of all the members thereof, makes this the budget of The City of New York for the year one thousand eight hundred and ninety-nine, being, first, the amounts estimated to be required to pay the expenses of conducting the public business of said city for the said year, and secondly, the amounts estimated to be required to pay the State Taxes and charges and expenses of the Counties of New York, Kings, Queens and Richmond, for the said year, amounting in the aggregate to the sum of ninety-three million five hundred and twenty thousand and eighty-two dollars and three cents (\$93,520,082.03), as follows:

BOARDS OF LOCAL IMPROVEMENTS.

SIXTH DISTRICT, BOROUGH OF BROOKLYN.

Meeting in Room 1, Borough Hall, Friday, November 15, 1898, at 4:30 P. M.

The roll was called and the following members answered in their names:
Edward M. Groat (President), in the chair, and Councilman Ebers and Aldermen Hyne and Looley.

The President submitted the following:

(No. 35.)

Petition of Richard Chilverick, for grading vacant lot on the south side of Thirtieth street, between Seventh and Eighth avenues, known as Lot No. 50, Block 151, Twenty-second Ward Map. Report from the Department of Highways as follows:

CITY OF NEW YORK—BOROUGH OF BROOKLYN,
DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, October 24, 1898.

Hon. THOS. R. FARRELL, Deputy Commissioner of Highways:

DEAR SIR—In accordance with the letter of President Groat of October 5, and after an inspection of the premises, I find that the vacant lot on the south side of Thirtieth street, between Seventh and Eighth avenues, known as Lot No. 50, Block 151, Twenty-second Ward Map, is about five feet above the grade of the street, and should be dug down to grade a nuisance. Estimated cost, \$230. Assessed value of lot, \$600.

Respectfully,

(Signed) N. P. LEWIS, Engineer of Highways.

The following resolution was adopted:

Resolved, That the Local Board of the Sixth District, Borough of Brooklyn, hereby directs that the lot lying on the south side of Thirtieth street, between Seventh and Eighth avenues, known as Lot No. 50, Block 151, Twenty-second Ward Map, be graded to the grade of the adjoining street, at the expense of the owner or owners of the said lot.

Resolved, That this resolution be forwarded to the Board of Public Improvements for its approval.

(No. 36.)

Petition of James F. Francis for the following:

Hamilton avenue—Fencing vacant lots on the east side of Hamilton avenue, between Fourteenth and Fifteenth streets, known as Lots Nos. 13 to 26 inclusive, Block 73, Twenty-second Ward Map.

Hamilton avenue—Flagging sidewalk on the east side of Hamilton avenue, between Fifteenth street and Second avenue, in front of lots known as Nos. 1, 2 and 3, Block 72, Twenty-second Ward Map.

Hamilton avenue—Flagging sidewalk on the east side of Hamilton avenue, between Fourteenth and Fifteenth streets, in front of Lots Nos. 13 to 26 inclusive, Block 73, Twenty-second Ward Map.

Hamilton avenue—Flagging sidewalk on the west side of Hamilton avenue, between Prospect avenue and Gowanus Canal, in front of lots known as Nos. 14 and 91 to 101 inclusive, also 25 to 36 inclusive, Block 71, Twenty-second Ward Map.

Reports from the Department of Highways. (See Minutes of June 24, 1898.)

Following opinion from the Corporation Counsel:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
New York, October 27, 1898.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn:

SIR—I have received your communication, which reads as follows:

"Petitions have been received here to compel the flagging of sidewalks on Hamilton avenue, in this borough, opposite the property owned by the House of the Good Shepherd. Under title 22, section 32, page 353 of the Charter of the City of Brooklyn, 1895, the owner of this property claims exemption from assessments (chapter 563, Laws of 1888). I find that section 905 of the Charter of the present City of New York (chapter 375, Laws of 1897), continues existing and valid exemption from taxation.

"I shall be obliged if you will advise me whether or not the House of the Good Shepherd is now exempt from assessments for local improvements, such as the flagging of sidewalks opposite its property. The note 'D' to section 950 of the present Charter seems to indicate that it is not."

In reply thereto, I would say that on February 11 last I rendered an opinion to Hon. James Moffatt, Deputy Commissioner of Water Supply, Borough of Brooklyn, in which I held that it was the general intent of the Charter to continue the immunity from taxation secured by the Charter of the City of Brooklyn to such institutions as were granted that immunity prior to consolidation. This opinion specifically applied to water rates. And I further held that such charges were taxes within the meaning of section 905 of the new Charter. This section reads as follows:

"905. Nothing in this chapter shall affect any existing and valid exemptions from taxation heretofore created by law respecting any property, real or personal, within the limits of The City of New York as constituted by this act."

Your inquiry relates to an assessment for flagging sidewalks. By section 32, title 22 of the Charter of the City of Brooklyn, it is provided that "The real property situate in the county of Kings, now owned or which may hereafter be owned by any hospital, orphan asylum, house of industry or other charitable corporation, society or institution, which has for its object the reformation of offenders, the care, support or education of the sick, the infirm, the destitute, the deaf, the dumb or the blind, shall be and hereby is declared discharged and exempt from all taxes and from all assessments laid or made for local improvements, and sales thereunder, and from all such assessments hereafter, so long as the same shall be owned by any such corporation, society or institution aforesaid." "The ratable amount of any assessment which shall be laid or made hereafter for any local improvement which would have affected any real property exempted under this section, if such exemption had not been made, shall be a charge upon the city of Brooklyn and be paid out of the assessment fund of said city." Under the opinion above cited it is clear that an assessment for local improvement is included under the word "taxation" as used in the new Charter. It is also clear that the House of the Good Shepherd is included in the class of institutions so exempted.

The note to which you refer (Note "D," section 950) would not seem to apply to this case, because assessments for local improvements are specifically mentioned in section 32 above cited.

I advise you, therefore, that the House of the Good Shepherd is now exempt from assessment for local improvements, and therefore from an assessment for flagging of sidewalks, which is a local improvement. The ratable amount of any such assessment which could lawfully be laid against the property of such institution if it were not for the exemption granted, should be ascertained and the amount thereof paid by The City of New York.

Very respectfully yours,

(Signed) JOHN WHALEN, Corporation Counsel.

Laid over.

Following report from the Department of Highways:

CITY OF NEW YORK—BOROUGH OF BROOKLYN,
DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, October 1, 1898.

Hon. THOS. R. FARRELL, Deputy Commissioner of Highways:

DEAR SIR—In accordance with the communication from President Groat of September 26, and after an inspection of the premises, I would recommend that the sidewalk on the south side of Twentieth street, between Sixth and Seventh avenues, in front of Lots Nos. 49 to 52 inclusive, Block 113, Twenty-second Ward Map, be flagged with bluestone flagging 5 feet in width. Estimated cost, \$115. Assessed value of lots, \$1,600.

Also, that the sidewalk on the north side of Twenty-first street, between Sixth and Seventh avenues, in front of Lots Nos. 9 to 18 inclusive, Nos. 28, 29, 70 to 79 inclusive, Nos. 84 and 86, Block 113, Twenty-second Ward Map, be flagged with bluestone flagging 5 feet in width. Estimated cost, \$400. Assessed value of lots, \$20,600.

Respectfully,

(Signed) N. P. LEWIS, Engineer of Highways, Borough of Brooklyn.

The following resolutions were adopted:

Resolved, That the Local Board of the Sixth District, Borough of Brooklyn, hereby directs that the sidewalks opposite the lots lying on the south side of Twentieth street, between Sixth and Seventh avenues, known as Lot Nos. 49 to 52 inclusive, Block 113, Twenty-second Ward Map, be flagged with bluestone flagging five feet in width, at the expense of the owner or owners of the said lots.

Resolved, That this resolution be forwarded to the Board of Public Improvements for its approval.

Resolved, That the Local Board of the Sixth District, Borough of Brooklyn, hereby directs that the sidewalks opposite the lots lying on the north side of Twenty-first street, between Sixth and Seventh avenues, known as Lot Nos. 9 to 18 inclusive, Nos. 28, 29, 70 to 79 inclusive, Nos. 84 and 86, Block 113, Twenty-second Ward Map, be flagged with bluestone flagging five feet in width, at the expense of the owner or owners of the said lots.

Resolved, That this resolution be forwarded to the Board of Public Improvements for its approval.

Petition of T. F. Martin and others for grading Lots Nos. 53, 55, 57 and 59, Block 160, Twenty-second Ward Map, located on the block bounded by Eleventh and Twelfth streets, Eighth avenue and Prospect Park, West.

Following report from the Department of Highways:

CITY OF NEW YORK—BOROUGH OF BROOKLYN,
DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, October 1, 1898.

Hon. THOS. R. FARRELL, Deputy Commissioner of Highways:

DEAR SIR—In accordance with the communication from President Groat of September 26, and after an inspection of the premises, I find that Lots Nos. 53, 55, 57 and 59, Block 160, Twenty-second Ward Map, which are located on the block bounded by Eleventh and Twelfth streets, Eighth avenue and Prospect Park, West, are interior lots, having no frontage on either street. It is a question in my mind, therefore, whether the City has the right to institute proceedings to grade lots having no frontage on the street, or whether this matter should not be settled between the owners of the adjoining lots. Lots Nos. 16 to 19 in the same block, fronting on Twelfth street, are reported to be on grade.

Respectfully,

(Signed) N. P. LEWIS, Engineer of Highways, Borough of Brooklyn.
