Section 1. The Board of Estimate and Apportionment of The City of New York hereby grants to the Atlantic Telephone Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to lay, erect, construct and maintain suitable wires or other conductors with the necessary poles, pipes, conduits and appliances in or over, across and under the streets, avenues, highways, parks and public places within the territory comprised in the Borough of Manhattan, the Borough of The Bronx, the Borough of Brooklyn, the Borough of Queens and the Borough of Richmond, and each of them as now constituted (or within the limits of The City of New York), for the following objects or purposes, to wit, for conducting and distributing electricity in the operation of telephone, telegraph and tautograph lines within the territory bounded as aforesaid.

Sec. 2. The grant of this franchise is subject to the following terms and conditions:

First—The right, privilege and franchise herein granted shall be held and enjoyed by said Atlantic Telephone Company, its lessees, successors or assigns, for a term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant or franchise for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise. Such revaluation shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Atlantic Telephone Company, its successors or assigns; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation without the presence of either party. They shall have the right to examine the books of the Atlantic Telephone Company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties.

Second—The Atlantic Telephone Company shall not make a charge for telephone service within the Borough of Manhattan, in The City of New York, in excess of the following rates, namely: (a) Five cents per call where there is no guarantee by a subscriber to pay a fixed sum per annum.

The aforesaid sum shall be paid into the Treasury of The City of New York on November 1 in each year; provided, however, that the first payment shall only be made for that portion of the above sum as the time from the signing of this ordinance by the Mayor to September 30 next preceding shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment.

Fourth—The said Atlantic Telephone Company, its successors or assigns, shall maintain the business for which it was incorporated, and construct, maintain and operate its wires, conductors, poles, pipes, conduits and appliances in, on, over, across and under the streets, avenues, public parks and places within the territory above described, under the supervision and control of all of the authorities of The City of New York who have jurisdiction in such matters under the Charter of said City.

Fifth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel of said City at the request of the Board of Estimate and Apportionment.

Sec. 3. This grant shall not become operative until said Atlantic Telephone Company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within ten days after the adoption of this ordinance.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
