### BELLEVUE AND ALLIED HOSPITALS.

An adjourned regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held in the office of Mr. Sachs, 60 Wall st., on Wednesday, September 7, 1910, at 2 o'clock. Present—Mr. Paulding, the Acting President, in the chair, and Messrs. Robbins, Sachs and Stern, Trustees. Excused—Dr. Brauman and Messrs. Farley, O'Keefe and Drummond.

The minutes of the meeting of July 29, a copy of which had been sent to each member, were held as read and approved.

Bills amounting to \$37,355.10 were presented for approval, and it was Resolved, That they, having been duly examined by the Finance Committee, be forwarded to the Comptroller for payment.

Dr. George O'Hanlon, the Acting General Medical Superintendent, reported as follows:

In order that the payroll for August could be passed, it was necessary to ask for the amendment of the salary schedules of the Budget for 1910. The amendment involved no increases of salary and required no additional funds. It chiefly related to the nursing service. Your approval is asked for.

It will be necessary to advertise supplemental contracts for certain items of provisions, medical and surgical supplies, etc., for the remainder of the year 1910. Authority is requested accordingly.

It is recommended that the Board of Promotions, to pass upon the efficiency records of Civil Service employees, be appointed as follows: Dr. W. H. Smith, Dr. George O'Hanlon and Dr. M. L. Fleming; also that the Board of Examiners for positions in the non-competitive class be created as follows: Bellevue Hospital, Dr. W. H. Smith, Dr. George O'Hanlon and Dr. M. L. Fleming; the allied hospitals, Dr. W. H. Smith, Dr. George O'Hanlon and the Supervising Nurse in each instance.

S. Trimmer & Sons were awarded a contract to deliver 300 tons of coal at Harlem Hospital between November 4 and December 31, 1909. Owing to the limited storage facilities at that hospital, it was impossible to receive the full amount of coal contracted for during that period. The Corporation Counsel, in a communication addressed to the Comptroller under date of January 28, advised that the balance of the coal be delivered during the present year, and the cost charged against the 1909 appropriation. This was done, but it is now necessary to grant a formal certificate for the extension of time on the contract. As the contractor was not responsible for the delay in the delivery of the coal, it is recommended that this be done.

The Contract Clerk and Auditor recommends that transfers be made from the appropriation for Fuel to Clothing for Insane Patients and Apparatus, Machinery, Vehicles, Harness, etc., in the sums of \$5,000 and \$500, respectively. It is recommended that this be done.

The appointment of Special Nurses reported by the Acting General Medical Superintendent was approved.

On motion, duly seconded and carried, the amendment of the salary schedules of the Budget for 1910, prepared by the Acting General Medical Superintendent, was approved.

Resolved, To advertise for bids for supplemental contracts for certain items of provisions and medical and surgical supplies for the remainder of the year 1910.

On motion, the Board of Promotions and the Board of Examiners were appointed as recommended.

Resolved, To grant S. Trimmer & Sons an extension of time on their contract until the date of the completion of the same.

Resolved, To request the transfer of funds within the appropriations, as recommended by the Contract Clerk and Auditor.

The Acting General Medical Superintendent presented lists of changes in the help at Bellevue Hospital for the three weeks ending July 30, August 6 and 13, and as these had already been reviewed by the Committee on Officers and Employees, it was

Resolved, upon the recommendation of that Committee, That they be approved as follows:

#### Special Orders.

Consideration was given to the question of the fire alarm system provided for in the specifications for Pavilions L and M. On motion, it was Resolved, To request the architects to furnish a report thereon.

#### Reports of Committees.

The Acting President reported that he had received a letter from Dr. Brannan, recommending against the installation of artificial ventilation in the wards of Pavilions L and M. Dr. Brannan was prompted in this recommendation by a resolution which had been adopted by the International Congress on School Hygiene. Mr. Paulding stated that after consultation with Dr. Goldwater and the General Medical Superintendent, he had instructed the architects to omit all fans in connection with the ventilation system in the wards, but to install the ducts. This had evidently been the decision of the Building Committee at a meeting which had been held in the architects' office. The architects, however, forwarded a communication under date of September 2, with a report from the consulting Engineers, stating that if the artificial ventilation of the wards is omitted, considerable increase will have to be made in the radiating surfaces, in order to supply sufficient heat to the wards. On motion, it was

Resolved, To refer all papers and reports to Dr. Goldwater, and to request his recommendations in the premises.

#### Communications.

A communication dated August 22 was received from Dr. Goldwater, stating that he had examined the specifications for Pavilions L and M, and recommended their adoption. On motion, it was

Resolved, Subject to any slight modification which may be suggested to the architects by Dr. Goldwater, to approve these specifications, with the exception of the parts relating to the ventilation of the wards and the fire alarm system.

A communication was presented from the Republic Construction Company, requesting the temporary use of the pier at the foot of E. 28th st., for the purpose of shipping paving blocks and sand in connection with the contract which that firm has received for the repaving with creosote wooden blocks, 1st ave., between 25th and 29th sts., and offering to pay five cents per ton for all material that goes over this dock for the privilege. The Acting President reported that as prompt action was necessary, and as it is desirable to have the street in front of the hospital repaved as soon as possible, he had granted the request. On motion, the action of the Acting President was approved.

Mr. Robbins, Chairman of the Building Committee, presented a communication from Dr. Goldwater relative to the plans and specifications for machinery and equipment proposed to be installed in the new laundry building, and in accordance therewith recommended that only such machinery be installed as will provide for the needs of the hospital during the next ensuing years, and that space be reserved for the installation of additional machinery at some future time. On motion, this recommendation was approved.

A communication dated August 22 was received from the Department of Water Supply, Gas and Electricity in reference to the electric wiring at Gouverneur Hospital, and stating that plans are being prepared, together with working specifications, and will be forwarded shortly. This communication was placed on file.

A communication dated August 25 was received from the Department of Finance, approving the amended specifications for painting the Pathological Department and men's dormitory. It was reported that the architects had protested against some of the changes made by the Department of Finance, but inasmuch as the Engineers of the Department of Finance had ordered the change, on motion, it was

Resolved, To print the specifications and to advertise for bids for the execution of the work.

A communication dated August 31 was received from Mr. R. F. Almirall, stating that the work of A. L. Alldridge & Co. had been properly completed. The Acting President reported that upon receipt of this letter, he had granted the contractors an extension of time in accordance with the resolution adopted on July 29. This communication was placed on file.

A communication dated August 31 was received from the Department of Finance, relative to the request for the approval of the specifications for the installation of a temporary water supply in the Pathological Department and men's dormitory building, and suggesting an alternate scheme which appears to have some advantage in cost as well as in simplicity and reliability. The Acting President reported that in view of the great need for water, he had referred this report to the architects on its receipt, with the request that they return it with their recommendations, together with

bids for the execution of the work. On motion, duly seconded and carried, this action was approved.

A communication dated August 27 was received from the Commissioners of the Sinking Fund, transmitting amended resolution adopted by that Commission, authorizing the lease of the premises at 58 W. 11th st., for use as a residence for the General Medical Superintendent. This communication was placed on file.

The minutes of the meeting of the Medical Board of Bellevue Hospital, held on September 1, were presented. As there were no matters therein requiring action on the part of the Trustees, it was

Resolved, To place them on file.

A communication dated August 17 was received from the Police Department, promising special police protection for the Pathological Department and men's dormitory building. This communication was placed on file.

Unfinished Business.

The Acting President reported that the Department of Public Charities had declined to receive the two old horses at Fordham Hospital, and in accordance with the suggestion of the Commissioners of the Sinking Fund, they had been offered to the Department of Health for antitoxin purposes. A communication dated September 3 was presented from the Department of Health, offering to receive the two horses, and, on motion, it was

Resolved, To inform the Sinking Fund Commissioners that it is desired to relinquish these animals in order that they may be transferred to the Department of Health.

New Business.

The Acting President referred to the death of Mr. John J. Barry, a former Trustee, and, on motion, a resolution was adopted as follows:

Whereas, The Board of Trustees of Bellevue and Allied Hospitals has learned with profound regret of the death of John J. Barry, a former Trustee; be it

Resolved, That the Board, in recalling his useful and valuable service to the City as Chairman of the Building Committee of the Board of Trustees, as well as the uniform kindness and courtesy of his demeanor in all his official relations, place on record its high appreciation of his merits as a man and a citizen; and be it further

Resolved, That these resolutions be spread upon the minutes of the Board, and that a copy be sent to his widow, together with the sincere condolence of the individual Trustees.

Meeting adjourned.

A. M. ROBBINS, Acting Secretary.

**TERMS AND CONDITIONS.**

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Commissioner of Water Supply, Gas and Electricity, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy or cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of any kind, extending down to the level of the cellar bottom, shall be removed from the premises or torn down. None of the dirt, debris or waste resulting from removal or demolition shall be allowed to remain on the premises. All of the foundation walls of all classes shall be taken down and removed.
