### MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 979.

Resolved, That permission be and the same is hereby given to Howard Starret's Pony and Dog Circus to parade through the streets and thoroughfares of the Borough of Brooklyn, under the supervision of the Police Department. Such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

City of New York, Office of the Mayor, May 13, 1912.

To the Honorable the Board of Aldermen:

Sirs—I return herewith disapproved proposed resolution No. 979, entitled:

"Resolution to permit Starrett's Pony and Dog Circus to parade."

This resolution would allow this pony and dog circus to parade through the streets of Brooklyn for thirty days. These people would feel impelled to walk their parade through the busiest parts of Brooklyn so as to attract attention. We should not allow this. Very truly yours,

W. J. GAYNOR, Mayor.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

### PETITIONS AND COMMUNICATIONS.

No. 1072.

Being a number of communications relative to proposed motion picture theatre ordinance.

Which were ordered on file.

No. 1073.

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau St., New York, May 9, 1912.

P. J. SCULLY, Esq., Clerk to the Board of Aldermen, City Hall, New York City:

Dear Sir—This office received from you, on April 27, a copy of a resolution adopted by the Board of Aldermen on April 23, 1912, requesting the Public Service Commission to investigate the dangerous conditions existing under the elevated station and structure of the New York Central and Hudson River Railroad Company at 125th st. and Park ave., with a view to compelling that company to install an improved system of illumination.

An investigation, including a careful examination of the laws and contracts affecting the matter, discloses no obligation on the part of the New York Central and Hudson River Railroad Company to keep the street lighted at that point. There is apparently no ground upon which the company can be compelled to furnish lights, and it is therefore presumed that it is strictly a matter for the attention of the City Department of Water Supply, Gas and Electricity. Very truly yours,

TRAVIS H. WHITNEY, Secretary.

Which was ordered on file.

No. 1074.

Being a communication in relation to the removal of wastes by the City authorities.

Which was referred to the Committee on Street Cleaning.

No. 1075.

May 11, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—We urge upon your honorable body that under the powers conferred upon the Board of Aldermen by section 54 of the Greater New York Charter, an investigation be made of the appointments in the Bureau of Fire Prevention and the character of work performed by that Bureau.

The correspondence between the Mayor and the Civil Service Reform Association has disclosed sufficient facts, in our opinion, to make it the plain duty of the Board of Aldermen to investigate. Without such an official inquiry the full facts cannot be brought out. Very truly yours,

JOHN A. KINGSBURY, Acting Chairman, Committee on Safety; ALLAN ROBINSON, President, Allied Real Estate Interests; WM. JAY SCHIEFFELIN, Chairman, Citizens' Union of The City of New York.

Which was referred to the Committee on Rules.

No. 1076.

Being a communication in relation to placing names of owners on buildings.

Which was referred to the Committee on Laws and Legislation.

No. 1077.

Being a communication in relation to the collection of ashes and garbage.

Which was referred to the Committee on Street Cleaning.

No. 1078.

Being a communication in relation to stands within stoop lines.

Which were severally referred to the Committee on Laws and Legislation.

No. 1079.

Board of Health, Village of North Pelham, County of Westchester, N. Y., May 6, 1912.

Honorable President, Board of Aldermen, New York City:

Dear Sir—We are advised that in the past efforts have been made by the Park Commissioner of the Borough of The Bronx and by the Health Department of The City of New York to obtain from the Board of Aldermen an appropriation to drain the salt marsh meadows forming part of Pelham Bay Park in the Borough of The Bronx, which meadows lie southwest of the village of North Pelham. We are not advised whether the matter is before the Board of Aldermen, but presume that it will come before the Board again, and we desire to complain to you and through you to the Board of Aldermen of the nuisance created by the presence of this undrained meadow land. It constitutes the principal breeding place for the mosquitoes that infest North Pelham and adjacent territory in swarms and make it impossible for us to make substantial headway against the mosquito in our territory. Thus the health and comfort of the residents of North Pelham is to a very great extent dependent upon the action of your Board in this matter, and we feel that The City of New York ought not to maintain such a nuisance upon their property as would not be tolerated upon the land of a private owner.

We therefore, on the part of the residents of North Pelham, earnestly request

the Board of Aldermen to pass whatever reasonable appropriation may be asked by the Park Commissioner of The Bronx for this purpose. Respectfully,  
P. VANDER ROEST, Secretary.

No. 1080.

May 6, 1912.

The Board of Aldermen, New York City:

Gentlemen—I have the honor to enclose herewith copies of report and certain resolutions adopted by the Parks Advisory Committee at its meeting on May 2, and to which I respectfully invite your attention. Very truly yours,  
A. H. SPENCER, Chairman, Parks Advisory Committee.

Subcommittee on Landscape Development of the Parks Advisory Committee, New York, March 21, 1912.

Mr. A. H. SPENCER, Chairman of the Parks Advisory Committee:

Dear Mr. Spencer—In behalf of the Subcommittee on Landscape Development, we beg to report the fact that throughout the twenty-eight years that Van Cortlandt Park—a tract embracing 1,400 acres—has been in the possession of The City of New York, no general plan for the development of that area ever has been prepared. Owing to circumstances beyond the control of the Park Department of the Borough of The Bronx—partly due to important new operations along the line of the City Aqueduct, but chiefly due to lack of available funds—no planting operations on any extensive scale, other than the beautiful Dutch Garden near the Van Cortlandt Mansion, have yet been undertaken in that park. To a very great extent—excepting for the making of roads, the improvement of the golf links, parade ground, and the formal garden referred to above—Van Cortlandt Park is practically in the same condition to-day as when it was acquired by the City in 1884, so far as planting is concerned.

To all persons interested in the landscape development of public parks, it is clearly evident that some very extensive planting operations are necessary in Van Cortlandt Park, and that the beginning of those operations should no longer be delayed. It is safe to say that there is no park in The City of New York in which so great an amount of border plantations and arboreal screens are called for as in Van Cortlandt. This condition is rendered necessary by the unplanted western frontage extending along Broadway, the unscreened condition of a large portion of the Putnam Railway lines, and also the planting that will be necessary in the near future along the aqueduct embankment.

The proposition that the time has come for the preparation of an aqueduct development plan, embracing all necessary planting operations for Van Cortlandt, is one which is hardly open to argument. In view of the slow growth of trees, it is also very evident that the sooner planting operations are begun, the sooner will satisfactory results be attained. In all probability, few of the citizens of New York are aware of the splendid opportunities that exist in Van Cortlandt Park awaiting development. This subcommittee strongly recommends that this work should immediately be undertaken by the Park Department of the Borough of The Bronx, and supported, from year to year, by adequate appropriations.

We respectfully point out the fact that the greatest urgency exists for the planting of arboreal screens along 15,150 linear feet of the frontage of the park on the main line of the Putnam Railway, and the Yonkers Branch. The existing conditions are as follows:

Along the eastern side of the main line, for practically the entire course of the railway, from the southern boundary of the park to the northern boundary no arboreal screen of any extent worth mentioning now exists. The total length of screen planting required on the eastern side of the main line is 8,700 feet.

On the western side, no arboreal screen exists from the southern boundary until Moshulu road is reached, on the Yonkers Branch. This distance measures on the map 6,450 linear feet.

Leaving entirely out of the question for the present the necessity or lack of necessity for border plantation screens along the foot of the high hill situated between the two branches of the Putnam road, we have a total of more than two and four-fifths miles of exposed railway, which is a very great disfigurement to the park, and which should be heavily planted at once with quick-growing deciduous trees next to the track, banked in front with a judicious planting of coniferous trees and shrubs.

On the latest occasion, when the Chairman of this Committee made a count of the trains passing through Van Cortlandt Park, he found that 72 trains daily traverse that preserve. There is no reason why the railroad should not be so completely screened that its existence should be known only by sound and the presence of smoke from its engines.

In order to bring the necessities of Van Cortlandt Park before the Mayor, the Board of Estimate and Apportionment and the Board of Aldermen, we have the honor to submit herewith a preamble and two resolutions for the consideration of the General Parks Advisory Committee, and in the hope that they will be adopted and by you transmitted to the Government of The City of New York. Respectfully,  
CHARLES N. LOWRIE, W. T. HORNADAY, GEO. F. KUNZ, Subcommittee on Landscape Development.

Resolutions Regarding the Development and Planting of Van Cortlandt Park, Submitted by the Sub-Committee on Landscape Development of the Parks Advisory Committee, March 21, 1912.

Whereas, It appears that up to this time there never has existed a general plan for the landscape development and planting of Van Cortlandt Park, the second largest park in the Borough of The Bronx and now worth several millions of dollars; and

Whereas, No planting ever has been done to screen from view the two railway lines running through that park; be it now

Resolved, That the Parks Advisory Committee hereby recommends that the City Landscape Architect be requested by the Board of Parks to prepare a general plan for the landscape development and planting of Van Cortlandt Park, which shall include adequate plantation screens of deciduous and coniferous trees to hide all the exposed portions of the Putnam Railway within the park; and be it further

Resolved, That his Honor the Mayor, the Board of Estimate and Apportionment and the Board of Aldermen be requested to provide as soon as possible a special initial improvement fund of \$20,000, of which \$3,000, or as much thereof as may be necessary, shall be used in defraying the cost of the preparation of a general plan of development, the remainder of the fund be made available for the planting of screen plantations along the lines of the Putnam Railway within Van Cortlandt Park.

The President laid before the Board the following communication from the President of the Borough of Manhattan:

No. 1083.  
City of New York, Office of the President of the Borough of Manhattan, City Hall, May 8, 1912.

To the Honorable Board of Aldermen, New York City:  
Gentlemen—Request is hereby made to your Honorable Board, pursuant to section 419 of the Greater New York Charter, for permission to purchase, without public letting, one Sieben Sewer Cleaning Machine, at a cost not to exceed \$2,000.

This Department has been experimenting for some time past with sewer cleaning machines and devices, and we find that the most efficient and economical machine of any that has been offered is the one made by the Sieben System of Sanitation Company.

Several operations of one of these machines, which were made in various size pipe and brick sewers, has demonstrated the fact that sewers can be cleaned much more thoroughly and at a much lower cost to the City than by the present method.

Your early consideration is respectfully requested. Yours respectfully,  
GEORGE MCANENY, President, Borough of Manhattan.

Which was referred to the Committee on Public Letting.  
The President laid before the Board the following communication from the Board of Health:

No. 1084.  
Department of Health, City of New York, Corner Centre and Walker Streets, Borough of Manhattan, Office of the Secretary, New York, May 10, 1912.

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Sir—Enclosed herewith is a copy of resolution adopted by the Board of Health May 7, 1912, requesting the Board of Aldermen to authorize an issue of special revenue bonds under the provisions of subdivision 8 of section 188 of the Greater New York Charter, in the sum of \$2,000, the proceeds whereof to be used by the Department of Health to reimburse the Department of Docks and Ferries for labor and materials the said Department of Docks and Ferries is willing to furnish in making temporary repairs to the offal dock at the foot of West 39th street, Borough of Manhattan, which is submitted for consideration.

The contractor for the removal of nightsoil, offal and dead animals from The City of New York, has notified this Department on several occasions that the dock referred to in the above-mentioned resolution is in a dangerous condition and that unless it is repaired without delay, it will be almost impossible for the contractor to perform the work of collecting and removing dead animals during the summer months.

The Commissioner of Docks and Ferries has lately caused a careful examination of the dock to be made and he finds that it will necessitate an expenditure of from \$7,500 to \$8,000 to place the area in absolutely first-class condition.

It is of course a very difficult matter to make an accurate estimate as to the cost of repairs in a case of this character for the reason that the extent of rot and other defects can only be ascertained absolutely by uncovering the pier. Provisions for an appropriation of from \$7,500 to \$8,000 will be embodied in the estimates of the Department for the Budget for the year 1913.

In the meantime, temporary repairs can be made at an expense estimated at \$1,000 for labor and \$1,000 for material, a total of \$2,000, and this temporary work will be undertaken by the Department of Docks and Ferries provided the necessary appropriation is made. A bill for the actual amount of the temporary repairs will be submitted by the Commissioner of Docks and Ferries to the Department of Health.

Very truly yours,  
EUGENE W. SCHEFFER, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 18, 1911, the Commissioner of Water Supply, Gas and Electricity requested an authorization of corporate stock in the sum of \$200,000, pursuant to the provisions of section 178 of the Greater New York Charter, to provide for remodelling and repairing the old Croton Aqueduct. In connection therewith we report as follows:

An appropriation for repairs to the old Croton Aqueduct was requested in the Departmental Estimate for 1912, but was not approved by the Budget Committee for the reason that the proposed work was considered to be a permanent betterment and properly chargeable to corporate stock. The Committee therefore suggested an application for short term bonds.

The Commissioner states the following:

This work can best be done in the early spring, as at that season the consumption is usually at a minimum and there would be less interference with the supply. At present the condition of the old Aqueduct is such that not more than one-half its normal capacity is available, and it would be decidedly unsafe to attempt, in its present condition, to increase the quantity of water it now carries. The request is based on the following estimate:

For rebuilding about 5,700 feet of the Aqueduct by contract .....	\$145,000 00
For repairing approximately 27,000 feet:	
For material .....	\$20,000 00
For labor .....	35,000 00
	55,000 00

Total..... \$200,000 00

The Departmental Engineers have submitted detailed estimates covering the proposed improvement. They have also submitted the following memorandum:

The old Croton Aqueduct is mainly of cut-and-cover type; that is to say, excavation is made through the ground at approximately the elevation of the water level in the aqueduct and the aqueduct constructed with normally 4 feet of earth cover for protection. Where the line of the aqueduct crosses a valley, the usual type of construction adopted is dry rubble walls for the support of the sides of the aqueduct with loose rock fill between. During the 70 years that have elapsed since the aqueduct was constructed several of the embank-

ment sections have settled and weakened the aqueduct to such an extent that it cannot now carry more than about 40 million gallons daily, whereas the normal capacity is over 80 million gallons daily.

It is proposed to reconstruct these sections by taking off the crown of the Aqueduct, rebuilding and reinforcing. In other sections where there are only a few cracks in the invert or bottom of the Aqueduct, it is proposed to point up or plaster the same.

The detailed estimate for the part of the work to be done by contract shows a total of \$143,839.50. An allowance of \$144,000 for this item would therefore appear to be ample. The estimate for plant, tools, materials and supplies calls for \$19,400. The schedule of wages, as now revised, shows a total of \$34,237. The three amounts which are stated to be ample would give a total of \$197,637. The employees requested should be added to the present schedule for Personal Service, Water Supply, Collection and Storage, Wages, Temporary Employees, Corporate Stock Force, making the total of the schedule \$34,267.

In view of the foregoing, compliance with the Commissioner's request would appear to be proper.

We therefore recommend the adoption of the attached resolutions approving the request to the extent of \$197,637, and making the necessary schedule modification.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Public Charities:

No. 1089.

Department of Public Charities of The City of New York, Foot of E. 26th St., May 13, 1912.

To the Honorable the Board of Aldermen—

Gentlemen—On Wednesday, May 15, we will open bids for the following quantities of coal for this Department:

Boroughs of Manhattan and The Bronx—1,415 tons of egg coal; 5,300 tons buckwheat coal; 300 tons of pea coal; 700 tons of stove coal; 5,300 tons bituminous coal; 200 tons of gas coal.

Boroughs of Brooklyn and Queens—6,800 tons of pea coal; 800 tons of stove coal.

Borough of Richmond—680 tons of egg coal.

Anticipating that the prices will be excessive by reason of the continued unsettled coal conditions, we would respectfully request permission to buy in the open market, without advertising, approximately the following quantities of coal, at a total sum not exceeding \$20,000:

Manhattan—500 tons of egg coal; 1,000 tons of buckwheat coal; 100 tons of pea coal; 250 tons of stove coal.

Brooklyn—1,000 tons of pea coal; 150 tons of stove coal.

On March 29 we made a similar request to your Honorable Board and stated that the prices we had received on March 22 at the open competitive bidding were excessive, and that we had been offered, in the open market, coal at a lower price than those received at said opening. Our request of March 29 was granted, and we bought coal in the open market at lower figures, thus saving the City several thousand dollars.

This request is made only in anticipation that the prices will be excessive, and because money can be saved by buying in the open market. If we wait until after the bids are received on Wednesday to make application to your Honorable Body, we cannot obtain the permission to buy in the open market until Tuesday, May 21, and by that time some of our institutions will be entirely out of coal.

Trusting that this matter will have prompt and favorable consideration, and that a resolution in the enclosed form, or some other suitable form, will be passed by the Board at this meeting, I beg to remain, respectfully yours,

M. J. DRUMMOND, Commissioner.

Resolved, That, pursuant to section 419 of the Greater New York Charter, the Commissioner of the Department of Public Charities be and he is hereby authorized to purchase, without public letting, for the use of said Department, approximately the following quantities:

For Manhattan—500 tons of egg coal; 1,000 tons of buckwheat coal; 100 tons of pea coal; 250 tons of stove coal.

For Brooklyn—1,000 tons of pea coal; 150 tons of stove coal.

—the total expense of which shall not exceed the sum of \$20,000.

The Vice-Chairman moved the adoption of this resolution:

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

The President laid before the Board the following communication from the Commissioner of Public Charities:

No. 1091.

Department of Public Charities of The City of New York, Foot of E. 26th St., May 14, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—We would respectfully request that special revenue bonds to the amount of one thousand seven hundred and fifty dollars (\$1,750) be issued, in order that two (2) Inspectors of Buildings, at the rate of \$1,500 per annum each, may be employed by this Department for seven (7) months, beginning June 1, 1912.

This position has been created for this Department in accordance with section 56 of the Greater New York Charter, after a full investigation as to the needs of such position. There is, therefore, no necessity for me to state in this communication the reason why this money is needed to employ these people.

Trusting this request may be approved at the earliest possible date, as I am anxious to appoint these men to supervise construction work and repair work in this Department, I am, respectfully yours,

To the Board of Education:

The Committee on Sites respectfully reports that at the meeting of the Board

of Education held on March 27, 1912 (see Journal, page 471), the following preamble and resolution, adopted by the Board of Aldermen on March 19, 1912, was referred to the Committee on Buildings and The Committee on Sites:

At a meeting held on April 1, 1912, the Committee on Buildings had said preamble and resolution under consideration and referred the matter to the Committee on Sites, with the request that a site be acquired in the neighborhood mentioned. In addition, requests and recommendations for the acquisition of a site as indicated have been received from the Local School Boards of Districts Nos. 24 and 25, the Board of Superintendents and the Highbridge Taxpayers' Alliance.

Your Committee is of the opinion that a new school building is needed in the locality referred to, and has made provision for a site therefor in the vicinity of Woodycrest ave. and 165th st., Highbridge, in its corporate stock estimate presented to the Board of Education on April 24, 1912 (see Journal, pages 000-00).

"Whereas, Owing to the limited capacities of the kitchen and shop now in use in said school building it is impossible for each student to have assigned to him or her the necessary utensils, tools, benches and other accessories to make a proper study of the subjects sought to be taught therein, and

"Whereas, It is possible to relocate said kitchen and shop in other parts of said school building, whereby it will be rendered practicable and possible for the students to properly pursue their prescribed course of study; therefore be it

"Resolved, That the Board of Education, through its appropriate committee, be and it is hereby requested to take the necessary steps and do all things proper to remedy said conditions now existing in said Public School No. 44 in the Borough of Brooklyn, to the end that said school may be provided with a more spacious kitchen and a more spacious shop."

In connection with the foregoing a report was submitted by Associate City Superintendent Meloney, who is assigned to the division in which Public School 44 is located, as follows:

"The communication calling the attention of the Board of Education to the matter of better facilities for shopwork and cooking in Public School 44, Brooklyn, has been under consideration by District Superintendent Griffin and myself, to ascertain whether a recommendation should be made that an addition to the building be erected in which a larger shop and kitchen could be provided.

"We are agreed that while the facilities are not as ample as provided in the new buildings, they are equal to and in some respects more commodious than have been provided in other schools in the City. The shopwork for boys and the cooking for girls have been conducted with excellent results and in a satisfactory manner. At present it would be impossible to provide any additional room or to enlarge the present rooms in that building.

"It does not seem advisable to recommend an addition to Public School 44 at the present time, for the reason that the school is located in a district where there is no congestion, and it is thought that the Board of Education would not be justified in asking for additional facilities for that school when so many other parts of the City need better accommodations."

Your Committee concurs in the views set forth in the above-quoted report, and submits the following resolution for adoption:

Resolved, That a copy of the foregoing report be transmitted to the Board of Aldermen.

A true copy of a report and resolution adopted by the Board of Education on May 8, 1912.

A. E. PALMER, Secretary, Board of Education.

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communication from the Police Commissioner:

No. 1094.

Police Department of The City of New York, Office of the Commissioner, May 7, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Sir—In compliance with resolution of the Board of Aldermen I have the honor to inform the Honorable Board that the reason why more men cannot be assigned to the 79th Precinct is that the Department has not sufficient men to comply with the request. An application for an increase of one hundred and fifty men is now before the Board of Estimate and Apportionment. As soon as granted a portion of this quota will be sent to The Bronx. Very respectfully,

R. WALDO, Police Commissioner.

Which was ordered on file.

REPORTS:

That it is of the opinion that these matters should not be given favorable consideration, and it therefore recommends that the said papers be placed on file.

Which report was accepted.

No. 735—(S. O. No. 87).

The Committee on Finance to which was referred on April 2, 1912 (Minutes, page 29), a communication from the Park Commissioner, Manhattan and Richmond, asking for \$10,000 special revenue bonds for repairs to the Museum of Natural History, respectfully

REPORTS:

That the details of these repairs are shown on the statement hereto attached. As is shown by the letter of application and the correspondence also submitted herewith a corresponding reduction is to be made in the corporate stock Budget.

The Committee recommends that the attached resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used by the Department of Parks, Manhattan and Richmond, for the purpose of making

necessary repairs to the American Museum of Natural History, all obligations incurred hereunder to be contracted for before December 31, 1912.

HENRY H. CURRAN, JOHN S. GAYNOR, JOHN DIEMER, JAMES HAMILTON, C. AUGUSTUS POST, ROBERT F. DOWNING, Committee on Finance.

The City of New York, Department of Parks, Arsenal, Central Park, April 1, 1912.

To the Honorable The Board of Aldermen, The City of New York:

Gentlemen—I respectfully request that you recommend to the Board of Estimate and Apportionment an authorization of special revenue bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used for the purpose of making necessary repairs to the American Museum of Natural History under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond.

In the Corporate Stock Budget for the year 1911 an appropriation of \$75,000 was included in the account entitled C. D. P.—3C, Equipment and Construction of Permanent Improvements. It was intended to charge the necessary repairs to this account, in fact, the allowance of \$75,000 made included an estimated amount for same. An examination of the class of work to be done, however, discloses the fact that no part of same should be charged to the corporate stock account for the reason that they are not permanent improvements.

A conference was held with the Director of the Museum, terminating in this request for an issue of special revenue bonds, with the understanding that \$10,000 of the corporate stock account would be rescinded and returned to the general fund.

I transmit herewith a copy of a communication received from Henry Fairfield Osborn, President of the Museum, which includes a list of the necessary repairs to be made, and the estimated cost of each.

In view of the fact that the request means only a change from corporate stock to revenue bonds entailing no additional cost to the City, I request that you give the matter your immediate consideration so that the work may be started at the earliest possible moment. Respectfully,

CHARLES B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

American Museum of Natural History, Office of the President, New York, March 29, 1912.

Dear Sir—Owing to the fact that for many years the appropriations by the City have been insufficient to defray the entire cost of maintenance of the American Museum of Natural History, we have been obliged to defer many pieces of work necessary for the proper up-keep of the building. The point has now been reached, however, where many of these repairs can be deferred no longer without very serious detriment to the building.

The first section of the building to be constructed, namely, the north wing, was completed in 1877, more than thirty years ago, and many parts of this section are in need of repair or renewal.

This is especially true of the window sashes, which are weather worn and decayed and must be replaced. This is estimated to cost.....	\$3,100 00
The old iron smokestack in this wing, now unused, is in such a dangerous condition that it must be removed. This will cost at least.....	400 00
The renewal of the steam pipes and plumbing will cost.....	1,000 00
To prevent further deterioration, the fire escapes and other exposed iron work on the exterior of the building are badly in need of painting. This will cost .....	1,000 00
The roof, particularly in the older parts of the building, is leaky and requires prompt attention. The amount needed for this purpose is.....	2,000 00
The brick and stone work of nearly all of the sections of the building is in need of "pointing up." This will require the expenditure of.....	2,500 00
For repainting the exhibition halls and miscellaneous repairs, we require a further sum of.....	2,000 00

The contract between the Museum and the Department of Parks, dated February 12, 1877, in addition to providing for the maintenance of the Museum, also states (see paragraph marked "Secondly") that "the said party of the first part (Department of Parks) will keep said building, from time to time, in repair." In view of the terms of this contract and the necessity of attending to the urgent repairs to the building, we would respectfully request the issue of special revenue bonds to the amount of \$10,000, to be applied to this purpose. If the City will make this appropriation we will be willing to request the Board of Estimate and Apportionment to cancel \$10,000 of our corporate stock appropriation, C. D. P.—3C. Very respectfully yours,

HENRY FAIRFIELD OSBORN, President.

April 11, 1912.

Hon. CHARLES B. STOVER, Commissioner of Parks, Arsenal, Central Park, New York:

My dear Commissioner—Relative to your application for special revenue bonds in the amount of \$10,000 for repairs to the American Museum of Natural History, I note the following sentence, concluding the letter from Mr. Osborn:

"If the City will make this appropriation, we will be willing to request the Board of Estimate and Apportionment to cancel \$10,000 of our corporate stock appropriation, C. D. P.—3C."

It occurs to me that this request might well be made prior to action by the Board of Aldermen on the special revenue bond issue. I write to ask if this will be done and, if so, if I may be informed when it has been done, in order that the Committee on Finance may then act? Very truly yours,

HENRY H. CURRAN.

The City of New York, Department of Parks, Arsenal, Central Park, April 13, 1912.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, City of New York:

Dear Sir—In reply to your communication dated April 11, 1912, relative to my request for \$10,000 in special revenue bonds for necessary repairs to the American Museum of Natural History, I beg to state that I have this day addressed a communication to the Board of Estimate and Apportionment, requesting the rescindment of \$10,000 from the account entitled, C. D. P.—3C, Equipment and Construction of Permanent Improvements, as you suggested.

I earnestly hope that you will act favorably upon my request for revenue bonds, so that these improvements may be commenced at once. Respectfully yours,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

American Museum of Natural History, New York, May 14, 1912.

Hon. HENRY H. CURRAN, Chairman of the Finance Committee of the Board of Aldermen, City Hall, New York City:

Dear Sir—In accordance with your request I take pleasure in transmitting, on behalf of President Osborn, the enclosed memoranda in regard to the status of the employees of the American Museum of Natural History. Very respectfully yours,

GEO. H. SHERWOOD, Assistant Secretary.

Memoranda in re Status of the Employees of the American Museum of Natural History, May 13, 1912.

1. Extracts from a letter dated January 18, 1909, from Honorable Joseph H. Choate to President Osborn:

In 1897 the question was raised as to whether men employed by the Zoological Society, which did not differ in this respect in its relations to the City from the Museum, were subject to the Civil Service Rules, and in answering the same question, under date of February 16, 1897, Judge Francis M. Scott, who was then Counsel to the Corporation, advised the Comptroller that the employees of the Museum were not subject to the Civil Service Rules, and I have been favored by the Comptroller with a copy of that opinion:

"Hon. ASHBEL P. FITCH, Comptroller:

"Sir—I have your letter of February 15 inquiring whether in my opinion the employees of the Metropolitan Museum of Art, under the provisions of chapter 139, Laws of 1876, are appointed and controlled by the Trustees of the respective museums, under their contracts with the Department of Public Parks, are within the requirements of article 5, section 9 of the Revised Constitution of the State of New York, requiring classification by the Civil Service Board.

"Both of the institutions named by you are incorporated bodies controlled by Boards of Trustees and are in no sense public institutions, nor are their employees in the public service. Their only relation with the public at all is that the City makes contributions to their support, as it does to many other institutions.

"In my opinion, therefore, the employees of those museums are not within the purview of article 5 of section 9 of the Constitution referred to by you.

"Yours very truly, FRANCIS M. SCOTT, Counsel to the Corporation."

Again, in 1905, the question came up in another form in the case where the New York Zoological Society, which received annual sums for maintenance under a similar act, and Mr. G. L. Sterling, then Acting Corporation Counsel, gave an opinion to the Comptroller, the Hon. Edward M. Grout, in which he quoted with approval the opinion of Judge Scott of 1897, and added: "This opinion has been followed, I think, in every other case since, and I see no reason to question its correctness or application to the New York Zoological Society."

In view of the tenor of the contracts and of the long established and settled practice under them, and of the relations established between the Museum and the City by the various enactments referred to, and considering these successive opinions of the Corporation Counsels from time to time, I think that any claim now made that the employees of the Museum are public officials, subject to be interfered with in any manner by the City, or that the purchases of supplies made by them are subject to the peculiar laws regulating purchases by the Departments of the City, cannot be seriously pressed.

2. Circular letter dated January 12, 1911, from David Ferguson, Supervisor of the City Record, addressed to the Museum:

Requests list of employees for publication in the Civil List.

3. Letter dated March 15, 1911, from the Commissioner of Parks to the Museum:

Requests a list of the employees of the Museum for publication in the Civil List, stating that "this is pursuant to a request which has been received from the Mayor."

4. Letter dated March 20, 1911, from the Assistant Secretary of the Museum to the Park Commissioner:

Acknowledges receipt of Commissioner Stover's letter of March 15, 1911, and states that we are awaiting instructions from the President of the Museum, who has been absent for some weeks.

5. Letter dated March 27, 1911, from President Osborn to Commissioner Stover:

In view of opinions of Corporation Counsel, Trustees cannot lawfully furnish names of employees for publication in the Civil List.

6. Letter dated April 11, 1911, from the Mayor, through his Secretary, to President Osborn:

Requests list of employees to be published in the semi-annual Civil List.

7. Letter dated April 12, 1911, from President Osborn to Mr. Adamson, Secretary to the Mayor:

Replies to the Mayor's request for list by citing section 613 of the New York Charter relative to the duties of Commissioners for maintaining the Museum; the contract between the Trustees of the Museum and The City of New York relative to the control of employees, and from a letter dated January 10, 1911, from David Ferguson, Supervisor of the City Record, to Mr. de Forest, Secretary of the Metropolitan Museum of Art, stating that the Corporation Counsel advises that it is not necessary for the Museum to furnish such a list.

8. Letter dated April 25, 1911, from President Osborn to Mayor Gaynor:

Refers to previous requests for a list of the employees; rehearses the terms of the contract between the Museum and the City; refers to the opinions of Corporation Counsel and gives the position of the Executive Committee of the Museum in this matter.

9. Circular dated June 24, 1911, from David Ferguson, Supervisor of the City Record:

Request for list of officers and employees.

10. Letter dated June 27, 1911, from Director Lucas to Supervisor of the City Record:

Acknowledges receipt of circular and states that it has been transmitted to President Osborn.

11. Circular dated December 23, 1911:

Request from Mr. David Ferguson, Supervisor of the City Record, for list of employees.

12. Letter dated December 28, 1911, from Director Lucas to the Supervisor of the City Record:

Calls attention to President Osborn's letter to Mayor Gaynor and to the opinions of Corporation Counsel.

13. Letter dated April 22, 1912, from Commissioner Stover to President Osborn:

In response to a request from Honorable Henry H. Curran, Chairman of the Finance Committee of the Board of Aldermen, requests a list of the employees for publication in the Civil List.

14. Letter dated April 24, 1912, from President Osborn to Commissioner Stover:

States the position of the Trustees and encloses extracts of laws pertaining to the relation of the Museum employees to the City.

15. On Thursday, May 9, President Osborn had a personal interview with the Honorable Henry H. Curran, Chairman of the Finance Committee of the Board of Aldermen, in which the history of the contract and charter and successive opinions of Corporation Counsels were cited, together with reasons which made it inexpedient to publish the names and addresses of employees of the Museum in the CITY RECORD. The Chairman of the Finance Committee expressed himself as satisfied that these reasons were valid and stated that he would so present the matter to the Finance Committee.

Legal Opinions Affecting the Relation of Employees of the Museum to the City.

On February 16, 1897, in a communication to the Comptroller, Judge Francis M. Scott, Corporation Counsel, advised that the employees of the Museum were not subject to the Civil Service Rules.

In 1902 Honorable George L. Rives, Corporation Counsel, gave it as his opinion that "the maintenance of the buildings and institutions \* \* \* shall be subject to their respective acts of incorporation."

In 1905, in connection with the employees of the New York Zoological Society, Honorable G. L. Sterling, then Acting Corporation Counsel, in a communication to Comptroller Grout, confirmed the opinion of Judge Scott, rendered in 1897.

Honorable Joseph H. Choate, Counsel of the Museum, on January 18, 1911, maintained that those engaged in the service of the Museum are not employees of the City.

Lastly, the present Corporation Counsel rendered an opinion about January 18, 1911, to the Honorable David Ferguson, Supervisor of the City Record, that it would be illegal to print in the Civil List the names and salaries of the employees of the Museums of The City of New York.

The above memoranda transmitted to the Honorable Henry H. Curran, Chairman of the Finance Committee of the Board of Aldermen at his request on May 14, 1912.

No. 827—(S. O. No. 88).

The Committee on Finance, to which was referred on April 16, 1912 (Minutes, page 103), the annexed request from the Commissioner of Street Cleaning for \$12,978 special revenue bonds for rental of motor trucks for collection of wastes, respectfully

#### REPORTS:

That the details of this application are given in the letter of request. The Committee believes that this proposed test should be made, and that the method proposed is the most feasible. The amount, however, should be reduced to correspond with the period to be covered. It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of nine thousand seven hundred and thirty-three dollars and fifty cents (\$9,733.50), the proceeds whereof to be used by the Department of Street Cleaning for the purpose of making tests of the availability of motor trucks for use in the collection of wastes, said funds to be used and tests to be made between July 1 and December 31, 1912.

HENRY H. CURRAN, JOHN S. GAYNOR, JOHN DIEMER, C. AUGUSTUS POST, ROBERT F. DOWNING, FRANK L. DOWLING, Committee on Finance.

Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, April 11, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, The City of New York:

Sir—I desire to make a test of the availability of motor trucks for use in making the collections of the wastes by the force of this Department. I have investigated this matter and believe that there are types of trucks of three-ton and five-ton capacity which could be used in this work with great efficiency and economy.

I have taken the matter up with the manufacturers of the various trucks and

find that they are willing to construct the bodies to conform to our requirements and permit us to make a long time test if we will pay the cost of operation. I estimate the cost of this test, allowing for the use of six trucks from the 1st of May for the remainder of the year, would be \$61.80 per day or \$12,978. The items of this expense are as follows:

Wages (per day).....	\$4 00
Garage (per day).....	80
Maintenance (per day).....	1 60
Tires (per day).....	2 40
Gasoline (per day).....	1 20
Lubrication (per day).....	30

Per truck, \$10.30 (6 trucks)..... \$61 80

I estimate that each of these cars should carry 45 tons per day, which will make the cost 23 cents per ton. As the present carting cost is approximately 75 cents per ton, I believe that this test will prove of value in the City service.

I therefore request that your honorable body authorize the issue of special revenue bonds to cover the cost of this proposed test. Respectfully,

WM. H. EDWARDS, Commissioner.  
April 18, 1912.

Hon. WILLIAM H. EDWARDS, Commissioner of Street Cleaning, 21 Park Row, New York:

My dear Commissioner—Relative to your application for special revenue bonds in the amount of \$12,978, for motor truck testing, I note that the first item is for wages, at \$4 per day. I assume that this is to pay the chauffeurs but I understand that the proper grades therefor have not yet been established. In the absence of such establishment, the money could not be so used. Without a chauffeur, it seems as though this might make the whole matter premature until the grade is established. Can you conveniently let me have for the Committee, by mail this week, a statement as to this?

Very truly yours,  
Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, April 19, 1912.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen:

My dear Mr. Chairman—I am in receipt of your favor of the 18th inst., regarding my application for special revenue bonds for testing motor trucks. My idea was to pay to the companies furnishing trucks for this test \$10.50 per day in the shape of a rental, to cover the reasonable expense of the operation of these trucks during the test. This would avoid any matter of the City employing chauffeurs. It seemed to me that this would be the easiest way to obtain the information we desire and we have a precedent in the payment of rental for flushing machines during a test made in 1909. Respectfully,

WM. H. EDWARDS, Commissioner.  
No. 970—(S. O. No. 89).

The Committee on Finance, to which was referred on April 30, 1912 (Minutes, page 327), a recommendation from the Board of Estimate and Apportionment for \$1,000 special revenue bonds for salary of an additional Draftsman, in office of the Chief Engineer, respectfully

REPORTS:

That having examined the subject, it believes the proposed position to be necessary so that the office may more successfully cope with the additional work thrown upon it by the natural growth of the volume of improvements. The funds cannot be made available until July 1, so the recommended amount is reduced. It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven hundred and fifty dollars (\$750), the proceeds whereof to be used by the Board of Estimate and Apportionment for the purpose of paying the salary of a Draftsman from July 1 to December 31, 1912, at the rate of \$1,500 per annum.

The Committee on Finance, to which was referred on May 7, 1912 (Minutes, page 394), the annexed request from the Commissioner of Parks, Manhattan and Richmond, for \$2,100 special revenue bonds for purchase of horses, respectfully,

REPORTS:

That the details hereof are set forth in the letter of application. The Committee believes that these horses are necessary to keep up with the work of the Department. It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand one hundred dollars (\$2,100), the proceeds whereof to be used by the Department of Parks, Manhattan and Richmond, for the purpose of purchasing horses during the year 1912, as follows: Three teams (pairs), and two singles.

HENRY H. CURRAN, JOHN S. GAYNOR, JOHN DIEMER, C. AUGUSTUS POST, ROBERT F. DOWNING, FRANK L. DOWLING, Committee on Finance.

The City of New York, Department of Parks, Arsenal, Central Park, April 30, 1912.

To the Honorable the Board of Aldermen, The City of New York:

Gentlemen—I respectfully request that you recommend to the Board of Estimate and Apportionment an issue of revenue bonds in the amount of twenty-one hundred dollars (\$2,100), the proceeds whereof to be used for the purchase of horses for this Department.

My reasons for making this request are as follows:

In my estimate for the Budget for 1912, I included an amount of \$2,000 for the purchase of horses, and \$5,000 for the purchase of an auto truck. When the advisability of making these appropriations was taken up by the Budget Committee, it was decided, after a conference between the members of that Committee and myself, to eliminate my request for the purchase of horses, in view of the fact that they provided an amount of \$5,000 for the purchase of an auto truck, as I figured that the work of five teams could easily be done with a truck.

When the Budget adopted by the Board of Estimate and Apportionment was referred to the previous Board of Aldermen for concurrence they eliminated the allowance of \$5,000 for a truck, but failed to restore the amount of \$2,000 for the purchase of horses.

During the last two months of 1911, we lost, through sickness, four of our horses, and were at that time running the Department with eight horses less than we ordinarily have for a full equipment. At the present time we lack fourteen horses, two having died since January 1 of this year.

The work in the Department at the present time is very heavy, and will continue so for the next eight months, and I earnestly request that you give this matter your favorable consideration to enable me to carry on some very necessary work. The amount of money requested will only provide three teams.

Respectfully yours,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

No. 1023—(S. O. No. 91).

The Committee on Finance, to which was referred on May 7, 1912 (Minutes, page 395), the annexed request from the President of the Borough of Manhattan for \$10,000 special revenue bonds to replenish fund for repair of street pavements within railroad area, respectfully

REPORTS:

That the original fund for this purpose was \$10,000, granted in 1909. This original allowance having been exhausted, and no collections having been made, it now becomes necessary to make this additional appropriation because of the many defects existing in pavements between the tracks of certain street railroads. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of replenishing fund for repairs of street pavements within railroad area upon various streets where car tracks exist, and where the railroad companies fail to keep such pavements in repair.

HENRY H. CURRAN, JOHN S. GAYNOR, JOHN DIEMER, JAMES HAMILTON, C. AUGUSTUS POST, ROBERT F. DOWNING, Committee on Finance.  
City of New York, Office of the President of the Borough of Manhattan, City Hall, May 2, 1912.

The Honorable the Board of Aldermen, New York City:

Gentlemen—I have the honor to request your authority for an issue of special revenue bonds in the amount of ten thousand dollars (\$10,000) for the purpose of replenishing the fund established several years ago for the repair of pavements within the railroad area upon various streets where car tracks exist and where the railroad companies fail to keep them in repair.

This fund was established in June, 1909, and is now practically exhausted, the money having been expended in repairs for which the various railroad companies are responsible.

The Corporation Counsel has instituted proceedings to recover the amounts due from the railroad companies, and in the meantime many additional repairs have become necessary, for which an issue of special revenue bonds is respectfully requested.

Very truly yours, GEORGE McANENY, President, Borough of Manhattan.

No. 1027—(S. O. No. 92).

The Committee on Finance, to which was referred on May 7, 1912 (Minutes, page 398), the annexed request from the President of the Borough of The Bronx for \$2,500 special revenue bonds to purchase street signs and sign posts, respectfully

REPORTS:

That the details hereof are set forth in the letter of request. These signs are vitally necessary in this rapidly growing Borough, where new streets are being constantly opened. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand five hundred dollars (\$2,500), the proceeds whereof to be used by the President of the Borough of The Bronx for the purpose of purchasing street signs and sign posts, all obligations contracted for hereunder to be incurred before December 31, 1912.

HENRY H. CURRAN, JOHN S. GAYNOR, JOHN DIEMER, JAMES HAMILTON, C. AUGUSTUS POST, ROBERT F. DOWNING Committee on Finance.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, May 2, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—Request is respectfully made that a resolution be adopted by your honorable Board, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the extent of \$2,500, the proceeds thereof to be used for the purchase of street signs and sign posts, which are to replace such as are damaged or missing, at the various street intersections in this Borough.

After a careful inspection, it is estimated that the material required for the purpose will be as follows:

2,690 enameled iron, lettered signs, at 21 cents.....	\$564 90
886 stenciled iron, cut lettered signs, at 42 cents.....	372 12
392 iron posts in sections.....	1,600 00

\$2,537 02

The cost as above estimated is based on the prices paid for said material on previous contracts. The labor in connection with the work will be performed by the Highway-Maintenance force of this Department, and the cost paid on payrolls chargeable to budgetary appropriation, viz.: Code 1863.

The appropriation account to which the above supplies would ordinarily be charged, viz.: "Repairs and Replacements by Contract or Open Market Order." Code 1886, is insufficient for the purpose, as the unencumbered balance of said appropriation at this date is about \$8,000, from which must be deducted the sum of \$6,000, which is required for emergency repairs to the iron work of the Melrose Avenue Viaduct (including painting), which would leave about \$2,000 for the regular requirements for all purposes in the line of repairs, for the remaining eight months of the year.

These street signs are guide posts, and are of great importance to the public, particularly to strangers seeking locations of streets and avenues in the Borough, the absence of which causes much confusion to one unacquainted with the territory.

Respectfully, CYRUS C. MILLER, President, Borough of The Bronx.

Which were severally laid over under the rule.

The Committee on Finance, to which was referred on April 2, 1912 (Minutes, page 14), the annexed resolution in favor of amending issue of \$8,500 corporate stock for construction of storage houses for Bureau of Highways, Richmond, respectfully

REPORTS:

That this amount is now presented in this amended form of resolution so that the cost of the site may be included. The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held March 21, 1912:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment June 3, 1910, and concurred in by the Board of Aldermen on June 28, 1910, which reads as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding eight thousand five hundred dollars (\$8,500), to provide means for the construction of storage houses and the improvement of a storage yard in connection with the Bureau of Highways, in the Borough of Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eight thousand five hundred dollars (\$8,500), the proceeds whereof to be applied to the purposes aforesaid.

No. 1025—(G. O. No. 199).

The Committee on Finance, to which was referred on May 7, 1912 (Minutes, page 396), the annexed resolution in favor of an issue of \$85,000 corporate stock, being in addition to \$150,000 heretofore appropriated for the erection of a building for the Children's Court, First Division, respectfully

REPORTS:

That this allowance is in addition to one of \$150,000, made in 1911, before a site had been agreed upon at which time the Board of Aldermen rejected a separate appropriation for \$165,000 for a site then recommended. Since then a site has been secured on unused City property. The site, being larger, is fitted to support a more commodious and suitable building, and consequently this added sum is necessary.

The Committee recommends that the accompanying ordinance be adopted.  
AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of eighty-five thousand dollars (\$85,000), to provide means for the erection of a new building for Children's Court, First Division, including architects' fees, Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment May 2, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding eighty-five thousand dollars (\$85,000), in addition to the amount heretofore authorized, to provide means for the erection of a new building for Children's Court, First Division, including architects' fees, Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be

and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, May 6, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment May 2, 1912, authorizing the issue of \$85,000 corporate stock for the erection of a new building for the Children's Court, First Division (including architect's fees), in the Borough of Manhattan.

I also enclose herewith copy of report of the Corporate Stock Budget Committee relative thereto. Yours very truly,  
JOSEPH HAAG, Secretary.  
April 27, 1912.

To the Honorable Board of Estimate and Apportionment, New York City:

Dear Sirs—At the meeting of your honorable Board held on April 25, a communication from the President of the Borough of Manhattan, asking for an additional appropriation of \$85,000 for the proposed Children's Court Building was referred to this Committee.

In July, 1911, the amount of \$150,000 was authorized for the purpose of erecting a Children's Court Building upon a site at that time not as yet acquired, and for the purpose whose purchase the amount of \$165,000 was recommended to the Board of Aldermen. The appropriation of this \$165,000 for a site was not concurred in by the Board of Aldermen, as the site then contemplated did not meet with its approval. The \$150,000 asked for at that time to cover the cost of the building was necessarily but roughly approximated, as the site had not been determined on, and it was difficult to figure the exact cost of a building of unknown dimensions. Within the past two months, by arrangement with the College of The City of New York, a plot of land 100 feet by 75 feet on the north side of 22d st., between Lexington and 3d aves., has been acquired for the purpose of the Children's Court Building, and the Architect, in consultation with the Justices and the Borough President's office, has designed a building which will answer the purposes of the court. It was found necessary, in order to accommodate Probation Officers and other necessary adjuncts of a Children's Court, to put on one additional story. After eliminating all unnecessary accommodations and designing a building which will be fitted for its particular purpose and combine in its exterior the simplicity and dignity which ought not to be lacking in a building devoted to the administration of justice, it was found that the total cost would be \$235,000, thus necessitating the issuance of an additional amount of \$85,000 of corporate stock bonds.

Your Committee recommends that this amount be authorized and attaches hereto a resolution embodying the recommendations of this Committee.

Respectfully submitted,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The Committee on Finance, to which was referred on May 7, 1912 (Minutes, page 399), a request from the Coroner of the Borough of Richmond for authority to draw \$50 at a time from contingency account, respectfully

REPORTS:

That this permission has been customarily granted to such Departments as apply for same. The Committee recommends that the accompanying resolution be adopted.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the Coroner of the Borough of Richmond, the said Coroner may, by requisition, draw upon the Comptroller for a sum not exceeding fifty dollars (\$50), and may, in like manner, renew the draft as often as may be deemed necessary to the extent of the appropriation set apart for contingencies in his office during the year 1912, but no such renewal shall be made until the money paid on the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the said Coroner, covering the expenditures of the money paid thereon.

Report of Committee on Rules—

No. 1030.

The Committee on Rules, to which was referred on May 7, 1912 (Minutes, page 399), the annexed resolution in favor of appointing a Special Committee to visit Washington, D. C., on Tuesday, May 21, 1912, to recommend the removal of the Federal Building from the lower end of City Hall Park, respectfully

REPORTS:

That it believes this to be a matter in which the City is vitally interested, and it appoints as such Committee the following members of this Board: Henry H. Curran, Joseph M. Hannon, Nathan Lieberman, to make such trip without expense to the city.

Whereas, The City of New York, through its rapid growth to a population of some 5,000,000 souls, has in recent years, particularly in the Borough of Manhattan—the oldest and most densely populated of the five boroughs that make up the City—been confronted more and more acutely with the imperative necessity of providing more and better distributed park spaces for the health of this teeming population, and it is now recognized that the task of providing such breathing spaces and of conserving those which already exist has emerged from the field of measures of humane wisdom into that of a pressing and purely municipal function and task; and

Whereas, City Hall Square, one of the oldest and most impressively historic park spaces in the City, containing as it does the beautiful century-old City Hall, is now so completely surrounded by office buildings, towering from 22 to 50 stories high, that this little spot of green, with the classic City Hall situated in its middle, resembles more the foot of a deep well than anything else; and

Whereas, The City Government has recognized this by recently making provision for removing the Court House in the northern part of the square and erecting a new Court House well to the northeast thereof, as a nucleus for a universally desired civic centre; and

Whereas, Ever since the year 1869 this park has been burdened with the cumbrous and unsightly Federal Building, which with deplorable lack of foresight was allowed to settle itself upon the apex of this triangular park, thus destroying its symmetry and entirely effacing the vista to the south, toward old St. Paul's in the foreground, and taking up a large portion of valuable park space; and

Whereas, Senator O'Gorman has introduced in the United States Senate a bill providing for the erection of a Federal Building in The City of New York; now therefore be it

Resolved, That it is the sense of the Board of Aldermen of The City of New York, whose members, as is well known, are in closer touch with the City's inhabitants than any other members of the City Government, that the old Federal Building should be taken away from this park, in order that the ground may be restored to its original park purposes, and that the new Federal Building should be located primarily somewhere else and secondarily in the vicinity of the proposed civic centre; and be it further

Resolved, That the Committee on Rules appoint a Committee of this Board for the purpose of attending the hearing on the aforesaid bill introduced in the United States Senate by Senator O'Gorman.

No. 814.

The Committee on Laws and Legislation, to whom was referred on April 16, 1912 (Minutes, page 96), the annexed communication from the Women's Christian Temperance Union of the State of New York, in reference to the sale of intoxicating beverages in public buildings, respectfully

REPORT:

That having examined the subject, and finding the same needs no further consideration, it therefore recommended that the said communication be placed on file.

Woman's Christian Temperance Union of the State of New York, Office of the President, 1429 Avenue H, Brooklyn, N. Y., April 15, 1912.

To the Board of Aldermen, City of New York:

Sirs—We hereby petition your honorable body to pass an ordinance forbidding the sale of alcoholic liquors for any purpose in any municipal or public building, or in any park owned by The City of New York.

Such an ordinance would follow the precedent set by the Federal Government and by many owners of private property; it would be constitutional, would promote efficiency in City Departments, and would protect the parks from drunkenness, disorder and immorality.

This petition was inaugurated by the Woman's Christian Temperance Union, but is endorsed by the City Federation of Women's Clubs, by forty individual women's clubs and societies, among them the City Playground League, the Jewish Women's Relief Association, the West Side Woman's Republican Club, the Legislative League, and by the congregations of one hundred and five churches. We ask for our petition careful consideration, and that a hearing may be granted.

Respectfully,

ELLA A. BOOLE.

SPECIAL ORDERS.

No. 84—(Int. No. 737).

The Committee on Finance, to which was referred on April 2, 1912 (Minutes, page 31), a request from the Register of Kings County for \$28,400 special revenue bonds for alterations, additional book racks, etc., respectfully

REPORTS:

That this matter has been very thoroughly looked into and a report requested and received from the Superintendent of Buildings of the Borough of Brooklyn giving an itemized list of the work deemed by him to be imperatively necessary and urgent, which report is hereto attached. The Chairman of the Committee has personally investigated the needs of this office, and with the exception of two sets of wooden book racks, the Committee believes these repairs and supplies to be necessary, and recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty-four thousand one hundred dollars (\$24,100), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of making alterations and providing for additional book racks in the office of the Register of Kings County, all obligations incurred hereunder to be contracted for before December 31, 1912.

HENRY H. CURRAN, JOHN DIEMER, FRANCIS P. KENNEY, THOS. J. MULLIGAN, C. AUGUSTUS POST, HENRY F. GRIMM, Committee on Finance.  
April 20, 1912.

Hon. ALFRED T. HOBLEY, Deputy Register of Kings County, Hall of Records, Brooklyn, N. Y.:

My Dear Register—I have your favor of April 16 enclosing a letter from the Commissioner of Records, under date of January 2, 1911. I assume that the figures "1911" were inadvertently inserted instead of the figures "1912," the letter apparently having been written on January 2, 1912. This letter estimates that 100 books would be without proper filing place before the end of the year 1912, in the absence of further facilities.

The limitation upon our special revenue bonds has become so pressing that I wish to ask if you could kindly let me have, for the Committee, statement of the minimum amount with which you could get along to the end of the present year. With the beginning of 1913, the 1913 Budget will be in operation, and I would think that facilities for the book increase of 1913 should be taken care of by the Budget. I judge that the \$28,400 asked for is expected to cover in advance for a long period of time. May I ask further if you have inquired as to whether the steel gallery is an improvement of such a permanent nature that it should preferably be cared for by corporate stock rather than as a current expense? I should appreciate your courtesy in assisting us along these lines.

With thanks for your co-operation, I am, very truly yours,

HENRY H. CURRAN.

Office of the Register of Kings County, Hall of Records, Borough of Brooklyn, New York City, April 16, 1912.

Hon. HENRY E. CURRAN, Chairman, Finance Committee, Board of Aldermen, City of New York.

Dear Sir—In accordance with your request at the hearing before your Committee on the 15th inst., I respectfully enclose a copy of the letter sent by the Commissioner of Records to the Register of Kings County, on January 2 last.

If there is any additional information or data that you or your Committee should like to be in possession of, I shall be pleased to furnish the same at your request.

Trusting that your Committee will give this matter your favorable consideration, I remain, yours very truly,

A. T. HOBLEY, Deputy Register.

Office of the Commissioner of Records of the County of Kings, Hall of Records, Borough of Brooklyn, City of New York, January 2, 1911.

Hon. EDWARD T. O'LOUGHLIN, Register of Kings County, Brooklyn, N. Y.:

Dear Sir—Some time since I called the attention of your predecessor in office to the fact that by utilizing every rack in the Register's Office, there were on September 30, 1911, 139 vacant spaces for the storage of books. At the present time, I find that there are less than 100 spaces. It is estimated that 192 spaces will be required for books during the present year, so that unless additional space is supplied by December 31, 1912, there will be about 100 books without proper filing places.

This condition was recognized by your predecessor in office and I am informed that he requested the Department of Public Buildings and Offices to construct a gallery in the front record room which would provide space for at least 860 books. I believe no action has been taken on this request.

This is a matter that should receive your early attention. I should be pleased to confer with you thereon at your convenience. Yours respectfully,

CHAS. H. GRAFF, Commissioner of Records of the County of Kings.

Office of the Register of Kings County, Hall of Records, Borough of Brooklyn, New York City, April 23, 1912.

Hon. HENRY H. CURRAN, Chairman, Committee of Finance, Board of Aldermen, New York City:

My Dear Alderman—Your very kind favor of the 20th inst. received and contents noted.

I realize the position that you and your associates are placed in through the numerous requests that are made upon your Committee, for the issuing of special revenue bonds, and the Register desires to help you as far as he possibly can, within the limits of reason.

In order that you might get a correct idea of the situation in this office the Register would be pleased to have you pay him a visit. That would give us an opportunity to talk this matter over.

Would be pleased to have you call any day, or any time during business hours, that will suit your convenience. Yours very truly,

A. T. HOBLEY, Deputy Register.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, May 6, 1912.

Alderman CURRAN, Chairman, Finance Committee, Board of Aldermen:

Dear Sir—In accordance with conversation had with you a few days ago looking towards a possible reduction in the items required by the Register of Kings County, I called in there and, not finding the Register, I interviewed his deputy, and he says that they are unwilling to cut anything out of the specification as originally laid down. I am of the opinion, however, that the furnishing of the two steel floor cases in the abstract room might be omitted this time.

I send you herewith an itemized statement of their needs, with figures showing how the total is arrived at, and it shows a total of \$27,300, and leaving out the two steel filing cases in the abstract room, will further reduce the figure to \$24,100. Of course, you understand these figures are only approximate.

Trusting this information will be of help to you in arriving at a conclusion in this matter, I am, yours very truly,

H. L. WOODY, Superintendent, Public Buildings and Offices.

The Committee on Finance, to which was referred on April 30, 1912 (Minutes, page 318), the annexed request of the Commissioner of Public Charities for \$7,900 special revenue bonds for salaries in the Bureau of Domestic Relations, respectfully

REPORTS:

That in addition to the statements made in the letter of request, Dr. Fitzgerald and Mr. Thorne appeared before the Committee and explained in detail the necessity for this increase in force. It appears that prior to the enactment of the new law the Bureau of Domestic Relations made investigations in as many cases as it could handle with the force at its command; for instance, in 1911, of 3,883 cases the Bureau, owing to its inadequate force, made no investigations in 2,250. At the same time it was enabled to settle 1,431 cases after investigation. The increase in the amount of work for the first six months of 1911 over the same period in 1910 was 116 per cent., and for the first quarter of 1912 over the first quarter of 1911 was 70 per cent. Under the new law a complete investigation must be made of each case by the Department, and the facts ascertained through such investigation must be presented to the court. With the present force it will be physically impossible to comply with the law.

The Committee believes that the additional employees asked for are absolutely essential to comply with the new law, but inasmuch as the bonds cannot be authorized, under the regular procedure, until about July 1, 1912, it has cut the amount to cover the six months commencing on that date, and recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five thousand nine hundred and twenty-five dollars (\$5,925), the proceeds whereof to be used by the Department of Public Charities for the purpose of paying salaries of the following additional employees in the Bureau of Domestic Relations in said Department from July 1 to December 31, 1912:

Bureau of Dependent Adults, Manhattan.

6 Examiners of Charitable Institutions, at \$1,200 per annum.....	\$3,600 00
Bureau of Dependent Adults, Brooklyn (Central Office).	
1 Stenographer and Typewriter, at \$1,050 per annum.....	525 00
3 Examiners of Charitable Institutions, at \$1,200 per annum.....	1,800 00

Department of Public Charities of The City of New York, Foot of E. 26th St., April 26, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—We would respectfully request that special revenue bonds to the amount of \$7,900 be issued in order that persons may be employed to fill the following positions in the Department of Public Charities, Bureau of Domestic Relations, Brooklyn and Manhattan, for the balance of the year 1912.

Bureau Dependent Adults, Manhattan.

6 Examiners of Charitable Institutions, at \$1,200.....	\$7,200 00
Bureau Dependent Adults, Brooklyn (Central Office).	
1 Stenographer and Typewriter.....	1,050 00
3 Examiners of Charitable Institutions, at \$1,200.....	3,600 00

\$11,850 00

Amount required for 8 months, \$7,900.

These positions are necessary owing to the amendment to the Charter in relation to abandonment cases, recently signed by Governor Dix, which requires the Commissioner of Public Charities of The City of New York to make investigations of all applications in abandonment cases before they are heard by the court. This will often prevent a woman from taking her husband to the Court of Domestic Relations when, as a matter of fact, she has no legal case against him.

Under the old law a wife would have two or three of her children committed when she had been abandoned by her husband and his whereabouts unknown. Subsequently learning of his whereabouts, she would go to court and have him placed under an order to pay her a certain amount each week. This Department would have no knowledge of the court order and would continue to pay for the children committed to an institution. This will be impossible under the new law.

Hitherto there has been no examination of these cases before presentation in court. By the Department making a full investigation of the homes and the neighborhood of the parties connected with the various cases coming before these courts, and the result of such investigations being presented to the court at the time of the hearing, greatly facilitates the action of the court. At the same time it increases the work of this Department to such an extent that this additional help is necessary if we are to do the work properly.

The Stenographer for the Bureau of Domestic Relations is needed in order that an accurate record may be kept of all cases coming under the jurisdiction of the Brooklyn Bureau of Domestic Relations of this Department, the same as is done in the Bureau of Domestic Relations, Borough of Manhattan. This Stenographer and Typewriter remains in the Domestic Relations Court (created in 1910) and gets the decisions of cases together with an outline of the testimony. Respectfully yours,

MICHAEL J. DRUMMOND, Commissioner.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

No. 197—(Int. Nos. 87, 88 and 89).  
The Committee on Laws and Legislation, to which was referred, on the 9th day of January, 1912, introductory numbers 87, 88 and 89, composing the proposed motion picture ordinance prepared by a committee of citizens appointed by his Honor William J. Gaynor, Mayor of The City of New York, introduced by Alderman Folks, respectfully

REPORTS:  
That it has held a public hearing on these ordinances, at which public hearing slight changes in the grammar and punctuation of the ordinances was suggested; that it has also received suggestions from the Mayor's committee who prepared the ordinances, which suggestions are also in the line of slight corrections to the wording and grammar and making the operation of the ordinances less onerous without impairing the efficiency of same.

That it has redrafted the ordinance incorporating these suggestions, has renumbered and rearranged the same in accordance with the practice of the Board of Aldermen and has prepared duplicate drafts of the ordinances as so corrected. That the principal changes made in the ordinances apart from the grammatical corrections previously referred to and the renumbering of the same, are as follows:

Subsection d (in the redraft section 352d), paragraph 7, has, at the suggestion of the Mayor's committee and of the Iron Workers' Association, made at the public hearing, eliminated the following words from the ordinance: "Provided, however, that no booth or enclosure constructed wholly of iron shall be permitted and." This correction is made because of chapter 756 of the State Laws of 1911, which sufficiently covers this point.

Subsection L (now known as section 352 L) has been amended so as to read as follows:

"Only subsections 'a,' 'b,' 'c,' 'd,' 'e,' paragraphs 7 and 13, and 'g,' 'j' and 'k' of this ordinance shall apply to open air motion picture theatres."

The result of this change is to include in the provisions applying to open air motion picture theatres the right of the License Bureau to inspect the same for violations of the laws against morality, decency or public welfare.

With the exception of the above matters, no important change has been made in the ordinances. That the following named organizations have formally endorsed these proposed ordinances, to wit:

The Brooklyn Association of Neighborhood Workers.  
The People's Institute (Recreation Committee).  
The East Side Local Needs Association.

And in addition many individuals of prominence in philanthropic work in all the Boroughs of the City.

That it believes these ordinances are a carefully thought out and comprehensive scheme for the regulation and control by the City authorities of the motion picture business and that they will put the business on a better, safer and more satisfactory basis to the patrons of the theatres and to the people of The City of New York. These ordinances have the approval of the Mayor of The City of New York and that of the Hon. James J. Wallace, Chief of the Mayor's Bureau of Licenses and the officials responsible for their enforcement. ##### 352d.

1. Plans—Before the erection, construction or alteration of a building, or part thereof, to be used as a motion picture theatre, there must be filed with the Superintendent of Buildings complete plans and detailed statement as set forth in section 4 of the Building Code. The plans must show clearly and fully the location and

width of all exits, passageways, stairs, fire escapes, aisles, etc.; arrangement of seats, size of floor beams, walls, supports, etc.; the location and construction of the inclosure for the motion picture light and machinery, and for other similar apparatus; a diagram of the lot or plot, showing outlets from all exits, and also such other statements, plans or details as may be required by the Superintendent of Buildings.

2. Prohibition—Motion picture theatres shall not be constructed in frame buildings within the fire limits nor in hotels, tenement houses or lodging houses; nor in factories or workshops, except where the theatre is separated from the rest of the building by unpierced fireproof walls and floors; and in no case shall they be constructed or operated above or below the ground floor of any building.

3. Exits and Courts—All such buildings must be provided on the main floor of the theatre with at least two separate exits, one of which shall be in the front and the other in the rear, both leading to unobstructed outlets on the street. Where the main floor of the theatre accommodates more than 300 people there shall be at least 3 sets of exits. The aggregate width in feet of such exits shall not be less than one-twentieth of the number of persons to be accommodated thereby. No exits shall be less than 5 feet in width and there shall be a main exit not less than 10 feet in total width.

In all such buildings to be erected or to be altered so as to be used for a motion picture theatre, if unobstructed exit to a street cannot be provided at the rear of such buildings, as herein specified, either an open court or a fireproof passage or corridor must be provided from rear exit to the street front, of at least the following width: 4 feet in the clear for theatres accommodating 100 persons or less, for every 100 persons the width to be increased 8 inches. Such passage must be constructed of fireproof material and must be at least 10 feet high in the clear. The walls forming such passage must be at least 8 inches thick, of brick or other approved fireproof material, and if there be a basement the wall on the auditorium side should either run 1 foot below the cellar bottom or may be carried in the cellar on iron columns and girders properly fireproofed according to sections 106 and 107 of the Building Code.

The ceiling of said passage, and if there be a basement, the flooring must be constructed according to section 106 of the Building Code.

If unobstructed rear exit or exits to a street are provided the said exit or exits must be of the same total width required for the court or passage above mentioned.

Said passages and exits to the street, as above, must be used for no other purposes except for exit and entrance and must be kept free and clear.

The level of the open court or passage at the front of building shall not be greater than one step above the level of the sidewalk, and the grade shall not be more than 1 foot in 10, with no perpendicular rises.

All exit doors must be unlocked when building is open to the public. They must be fireproof and made to open outwardly, and so arranged as not to obstruct the required width of exit or court when opened. All doors leading to fire escapes must be not less than 40 inches wide in the clear, and shall be located at the opposite side or end of the gallery from other exit doors.

4. Galleries and Stairs—A gallery may be permitted, but it shall not include more than 25 per cent. of the total seating capacity of the theatre. Entrance to and exit from said gallery shall in no case lead to the main floor of the theatre, and the gallery shall be provided with a stair or stairs equipped with handrails on both sides. Stairs over 7 feet wide shall be provided with centre handrail. The risers of the stairs shall not exceed 7¾ inches, and the treads, excluding nosings, shall be not less than 9½ inches. There shall be no circular or winding staircases.

The total width of the stairs shall not be less than 8 feet in the clear, where the gallery accommodates 150 people; for every 50 people less than 150 which the gallery accommodates said width may be reduced 1 foot.

Stairs shall be constructed of fireproof material, and such material and the bearing capacity of such stairs shall be approved by the Bureau of Buildings.

Galleries must also be provided with at least one line of fire escapes leading to an open court, fireproof passage or street without re-entering the same or any other building.

If the fire escape leads to a point in the court nearer the street than any exit, there must be a width of not less than 4 feet in the clear between the outer edge of the fire escape and the outer wall of the court.

5. Fire Escapes—All fire escapes must have balconies not less than 3 feet 4 inches in width in the clear, and not less than 4 feet 6 inches long, and from said balconies there shall be staircases extending to the ground level with a rise of not over 7¾ inches, and a step of not less than 9½ inches, and the width of stairs must not be less than 3 feet 4 inches.

6. Auditorium and Other Rooms—If the walls of the auditorium contain wood studs, they shall be covered with either expanded metal lath or wire mesh and plastered with three coats of first-class plaster, or may be covered with metal on one-half inch plaster boards. The joints shall be properly filled with mortar.

The ceilings of all such rooms shall be plastered with three coats of first-class plaster on wire mesh or metal lath, or covered with one-half inch plaster boards and plastered or covered with metal.

If there be a basement or cellar, the ceiling under the auditorium floor must be plastered with three coats of first-class plaster on wire mesh or expanded metal lath, or may be covered with metal on one-half inch plaster boards.

The basement or cellar under the auditorium shall be kept free and clear except the space used for the heating apparatus, for machinery connected with the theatre, and for coal.

7. Construction of Booths—Apparatus for projecting motion pictures shall be enclosed in a booth or enclosure constructed so as to be fireproof, in accordance with the specifications of chapter 756 of the Laws of 1911. The booth shall be equipped with a vent flue, as prescribed in section 352F, paragraph 3, of this ordinance. Booths shall contain an approved fireproof box for the storage of films not on the projecting machine. Films shall not be stored in any other place on the premises; they shall be rewound and repaired either in the booth or in some other approved fireproof enclosure.

Where miniature motion picture machines are employed in connection with private exhibitions, the requirements of the above paragraph may be so modified as to permit instead of the regulation booth an approved fireproof box, unventilated, and of a size only sufficient to properly enclose the machine.

8. Gradients—To overcome any difference of level in and between corridors, lobbies and aisles, gradients of not over one foot in ten feet, or steps having a rise not over eight inches and a width of not less than ten inches must be used.

9. Aisles—All aisles in the auditorium and gallery must not be less than 3 feet wide in the clear. No aisle, passageway or space in the rear of the auditorium shall be obstructed by any camp stool, chair, sofa or settee, nor shall any person be permitted to stand or sit therein.

10. Chairs—All chairs in the auditorium, except those contained in the boxes, must not be less than 32 inches from back to back, and must be firmly secured to the floor. No seat in the auditorium shall have more than seven seats intervening between it and an aisle. The space occupied by each person shall be separated from the adjoining space by means of an arm or other suitable device.

11. Signs Over Exits—Over every exit there must be painted on the inside in letters not less than 6 inches high, the word "Exit" in legible type, and one red light or illuminated sign must be placed inside over each exit, and illuminated while the audience is present.

12. Floor Loads—The flooring of that portion of the building devoted to the uses or accommodation of the public must be of sufficient strength to bear safely a live load of 90 pounds per square foot.

13. Toilets—Toilets separate for sexes must be provided.

14. Fire Apparatus—Portable fire apparatus shall be provided of the following kind and number: Ten-quart capacity buckets, painted red, with the word "Fire" in black, and letters 4 inches high, to the number of 6, for places seating less than 300 without a gallery, and two additional if there be a gallery; to the number of 10 in places seating over 300 persons, and 4 additional if there be a gallery. There shall be two buckets containing dry sand kept in the operating booth; approved fire extinguishers of 2½ gallon capacity of the regulation Fire Department pattern, of which 2 shall be on the main floor and 2 in the gallery, if there be one, and 1 in the operating booth; 4-pound flat head axes, 2 of which shall be on the main floor and 2 in the gallery, if there be one.

##### 352e.

1. Lighting—Every portion of a moving picture theatre, including exits, courts and corridors, devoted to the uses or accommodation of the public, shall be so lighted by electric light during all exhibitions and until the entire audience has left the

premises, that a person with normal eyesight should be able to read the Snellen standard test type 40 at a distance of 20 feet, and type 30 at a distance of 10 feet; normal eyesight meaning ability to read type 20 at a distance of 20 feet in daylight. Cards showing types 20, 30 and 40 shall be displayed on the side walls, together with a copy of this paragraph of the ordinance.

If gas stoves, oil stoves or other apparatus throwing off products of combustion are used to heat motion picture theatres, said products of combustion must be carried to the outside air by means of a fireproof flue or flues.

No radiator shall be placed in the aisles so as to lessen the width below the minimum requirement.

3. Ventilation—Motion picture theatres having less than 200 cubic feet of air space for each person, or motion picture theatres in which the outside window and door area is less than one-eighth of the floor area, shall be provided with artificial means of ventilation which shall supply during the time the audience is present at least 500 cubic feet of fresh air per hour for each person.

Motion picture theatres having more than 200 cubic feet of air space for each person, or which have outside windows and doors, the area of which is equal to at least one-eighth of the floor area, shall be provided with artificial means of ventilation, which shall be in operation when the outside temperature requires the windows to be kept closed, and which shall supply during the time the audience is present, at least 500 cubic feet of fresh air per hour for each person. When the artificial ventilation is not in operation ventilation by means of open doors and windows shall be sufficient to provide each person with 500 cubic feet of fresh air per hour.

Motion picture theatres having more than 1,000 cubic feet of air space for each person and having outside windows and doors, the area of which is equal to at least one-eighth of the total floor area, shall not be required to have artificial means of ventilation, provided the air is thoroughly changed by freely opening doors and windows immediately before the admission of the audience, and at least every 4 hours thereafter.

No part of the fresh air supply required by any of the above paragraphs of this section shall be taken from any source containing vitiated air.

The area of outside doors and windows shall mean the area capable of being freely opened to the outside air for ventilation purposes.

When fresh air is supplied by means of ventilating openings, at least one inlet shall be situated at one end of the room, and at least one outlet at the other end of the room. Where exhaust or inlet fans are necessary, at least one of such fans shall be placed in an outlet opening. The inlet opening or openings shall be placed in the floor or within 2 feet from the floor, and the outlet opening or openings in the ceiling or within 2 feet of the ceiling. The inlet openings and their surroundings shall be kept free from dust so that the incoming air shall not convey dust nor stir up dust as it enters.

During the time the audience is present the air in the theatre shall be kept continuously in motion by means of fans to the number of at least 1 to every 150 persons. Such fans shall be placed in positions remote from the inlet and outlet openings. No person shall be exposed to any direct draft from any air inlet.

The booth in which the picture machine is operated shall be provided with an opening in its roof or upper part of its side walls, leading to the outdoor air. The vent flue shall have a minimum cross sectional area of 50 square inches and shall be fireproof. When the booth is in use there shall be a constant current of air passing outward through said opening or vent flue at the rate of not less than 30 cubic feet per minute.

The specifications of the above paragraph shall apply to portable booths and booths in open air theatres.

352h.

All the provisions contained in this ordinance shall apply to existing places of entertainment where motion pictures are exhibited under a common show license, except those provisions of subsection "d" designated as Nos. 1, 2, 3, 4, 5 and 6, but the Bureau of Licenses shall have power in its discretion to enforce the provisions of said paragraph 3 of section "d" as to exits and courts.

352i.

Existing places of entertainment seating 300 persons or less, where motion pictures are exhibited in conjunction with any other form of entertainment, must comply, before a reissuance of its license, with the provisions of section 109 of the Building Code, covering theatres seating more than 300 persons. ## COMMISSIONERS OF SINKING FUND.

NOTICE IS HEREBY GIVEN THAT THE public hearing given by the Commissioners of the Sinking Fund at 11 o'clock in the forenoon, on Wednesday, May 8, 1912, in Room 16, City Hall, Borough of Manhattan, in the matter of the modified plan for the improvement of the waterfront in the vicinity of West Washington Market, between Jane street and West 13th street, North River, in the Borough of Manhattan, made and adopted by the Commissioner of Docks in accordance with law February 20, 1912, and submitted to the Commissioners of the Sinking Fund for approval, will be continued at the same place at 11 o'clock in the forenoon, on Wednesday, May 22, 1912. This modified plan differs from the plan heretofore submitted in that it provides a basin for pier length of 900 feet instead of 1,000 feet; and the marginal street, wharf, or place is made narrower, thus eliminating the necessity for the acquisition of any privately owned upland property. The modified plan also renders unnecessary the removal or alteration of the City's pumping station. The plan as modified is open to the inspection of any citizen at the office of the Comptroller of the City of New York at all times during business hours until the day of the hearing.

*Technical Description of Proposed Amendments to the Amended New Plan in the Vicinity of the New West Washington Market, Between Gansevoort Street and Little West 12th Street, North River, Borough of Manhattan.*

The proposed amendments to the amended New Plan consists in the establishment of two piers, each 80 feet in width, one adjacent to the southerly side of Pier 53, North River (Little West 12th street), 900 feet long on the southerly side, the other adjacent to the northerly side of Pier 52, North River (Gansevoort street), and 860 feet long on its northerly side.

The establishment of a bulkhead line beginning at the intersection of the present established bulkhead line north of the New West Washington Market, adopted by the Commissioners of the Sinking Fund April 29, 1904, with the southerly side of Pier 53, North River; thence easterly in a continuation of the southerly side of Pier 53 to a point 900 feet easterly from the established pierhead line; thence southerly and parallel with the established pierhead line to a point distant 60 feet north of the northerly side of the proposed pier adjacent to the northerly side of Pier 52, measured along the southerly prolongation of the proposed bulkhead line, from a point in the northerly line of the proposed pier distant 900 feet easterly from the established pierhead line measured along the northerly line of said proposed pier; thence southerly to a point in the northerly line of the proposed pier distant 860 feet easterly from the established pierhead line measured along the northerly side of said pier; thence westerly along the northerly line of the proposed pier to an intersection with the northerly prolongation of the established bulkhead line adopted by the Commissioners of the Sinking Fund June 14, 1897; thence southerly along the northerly prolongation of said bulkhead line to its intersection with the northerly side of Pier 52.

Also the establishment of a marginal street, wharf or place, bounded and described as follows: Beginning at the intersection of the southerly side of Pier 53 with the bulkhead line northerly of the New West Washington Market adopted by the Commissioners of the Sinking Fund April 29, 1904; thence northeasterly to the intersection of the northerly line of Little West 12th street with the easterly line of the marginal street, wharf or place, northerly of the New West Washington Market adopted by the Commissioners of the Sinking Fund April 29, 1904; thence southerly and in the southerly prolongation of the above-described marginal street, wharf or place to an intersection with the easterly prolongation of the northerly side of the high pressure pumping station; thence westerly and along the easterly prolongation of the northerly side and the northerly side of the high pressure pumping station to the westerly side of said station; thence southerly and along its westerly side and its southerly prolongation to the southerly line of Gansevoort street; thence westerly along the southerly line of Gansevoort street to the easterly line of West street; thence southerly along the easterly line of West street to the easterly prolongation of the northerly side of Pier 52; thence westerly along the easterly prolongation of the northerly side of Pier 52 to a point in the easterly prolongation of the northerly side of Pier 52 distant 860 feet easterly from the established pierhead line measured along the northerly side of Pier 52; thence northerly and parallel with the established pierhead line to its intersection with the proposed bulkhead line at a point 860 feet easterly from the established pierhead line measured along the

northerly line of the proposed pier adjacent to the northerly side of Pier 52; thence northeasterly, northerly and westerly along the proposed bulkhead line to the point or place of beginning.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
